The Kewaskum Woman's Club marked a milestone in its history as it celebrated its 75th birthday with a banquet held last Saturday evening at Thee Avenue Restaurant. Approximately 80 members and guests attended the festivities.

The club came into existence on January 14, 1913, when Mrs. David Rosenheimer invited a

group of ladies to her home for the purpose of organizing a woman's club.

The major concerns of the group at that time were public education and health. Soon after its founding, the club started the Kewaskum Public Library which, to this day, has continued to be the group's primary service project. Through the years the club women staffed the library, as well as cleaned it and held

fundraisers to purchase books and other library materials and furnishings.

Through the years when the United States became involved in World Wars One, Two, the Korean Conflict and Viet Nam, the club went to work. They made bandages, baked and mailed cookies, wrote letters to Kewaskum servicemen, adopted a war orphan, sent canned goods for European

## Board Turns Down Request For Payment of Legal Fees

By GERRY MUELLER  
Statesman Staff Writer

The issue of paying \$1,900 in legal fees incurred by District Administrator Penny Kleinhans as a result of the Trapp lawsuit prior to Wausau Insurance's taking over her case, again became an issue at last Thursday's school board meeting.

Despite board member Perry Ankerson's almost pleading with fellow members to make a commitment to stand behind its administrator, the board turned down his motion to pay those fees.

"I move we stand behind our

administration and pay the legal fees and continue to pursue reimbursement of those fees from our insurance company," said Ankerson. He admitted that taking such action might mean losing a bargaining chip but he felt it was unforgivable for the board to stand idly by and wait for other people to make a decision for it. "The School Board should take a stand relative to how they feel about their employees" said Ankerson. He told his fellow board members, "If not, then we are not an employer but a group that just gets together every two weeks to discuss

minor issues."

Michael Spector, the district's legal counsel who was at the meeting, suggested the motion be tabled because he was looking into the matter and had been in contact with the insurance company's representative. "I recommend you wait and see what response we get," he said.

Several of the board members went along with Spector's comments. Ankerson, however, could see no logic in incurring more legal costs to pursue a matter which the district should have been able to follow

## Village Again Says 'No' To DNR Canoe Launch Plan

By GERRY MUELLER  
Statesman Staff Writer

After some brief, active discussion, the Kewaskum Village Board voted again not to accept the Department of Natural Resources plan to install a canoe launch and landing site on the Milwaukee River in River Hill Park.

The plan, which has been bantered back and forth between the village and DNR came up at Monday night's meeting as the DNR again asked the village to sign its application for the installation.

When the DNR originally presented the plan over a year ago, it had indicated it would provide the village with sufficient funding to improve and develop the site including construction of toilet and water facilities.

The funding was supposed to have been awarded to the village as part of a river fishkill settlement. Original implications were that the village would receive approximately \$20,000 in the settlement. However, as proposals and plans were discussed and exchanged, the DNR began to back down on the funding. Gradually it dropped to \$11,000, then again to approximately \$5,000 and now the latest figure of \$2,000, which would basically cover the cost of the DNR's installation of concrete planks and gravel paths.

Village Administrator Dan Schmidt was asked who would assume the responsibility for upkeep, repair and liability once the launch was installed. He said, the village.

Trustee Richard Schmidt expressed his opposition to the plan. Public Works Superintendent Augie Bilgo said he was against the plan noting the concrete planks would eventually become algae covered and slippery. "We'd have to install railings and what have you, and if someone fell that could open the village up to injury claims.

The trustees agreed the small amount of canoe traffic did not warrant the launch or the village's responsibility which would come with it.

One trustee noted paths already led down to the river and Bilgo said one site is so shallow canoeists can walk right in to launch their boats without a landing.

On a unanimous vote, the board refused to sign the application. "Tell them (the DNR) we'll take the \$2,000 in fish for the river instead," said

Trustee Tom McElhatton.

In other action the board approved a Water Pollution Control Department request to advertise for bids on a replacement pickup truck. Schmidt said money had been placed in the department's budget for the purchase.

The board also approved the library's request to hire a high school student to work as a part time helper with the staff.

Administrator Schmidt presented the board with a fact finding report on the village's new industrial park. He indicated two prospects have already expressed an interest in moving into the park.

Schmidt said he hoped the water and sewer work for the park could be completed by August. If that were the case, it is possible one business could begin construction in fall.

The park will make 26 acres of land available for industrial and commercial development. Construction of the sewer line will also open a second area of the village for housing development, as well as correct an ongoing problem in an existing sewer line.

Bilgo also asked the board to contact the school district regarding finding solutions to alleviate street parking problems in the Kewaskum Elementary School area. He noted students and staff are causing problems along both First and Third Streets. "We don't want to put up 'no parking' signs," said Bilgo. He felt there should be other alternatives but thought the district should be made aware of the problem and its aid enlisted in coming up with a solution.

Schmidt advised the board that candidates have drawn numbers for positions on the Village Board spring election ballot. The sequence will be, Richard Schlice, Howard Laubenstein, Tom McElhatton, and Richard Schmidt.

In final action the board approved a proclamation recognizing the week of February 7-13, as Vocational Education Week.

through with on its own. According to comments made by Spector, he has already spent a considerable amount of time looking into the matter.

While Spector would not specifically admit it, the advice he gave to the board may have been part of the cause for Kleinhans' case not being submitted to Wausau Insurance immediately. "To the fact that I took some delay, I take some of the responsibility," said Spector. He told the board, "This is a most unusual lawsuit to say the least." The nature of the thing caused a slight delay.

Spector noted that when he advised the board not to get involved, he did not know they would take him so literally. "I think there was a misunderstanding as to what 'not getting involved' meant. I felt the board should not discuss any individual or say anything which could later be considered slanderous or defamatory against anyone." "This was just an unfortunate sequence of events," said Spector.

Despite Ankerson's protests, the board directed Spector to continue pursuing the matter. "If I am unsuccessful," said Spector, "I will come back with the motion Perry is asking for."

In ending the discussion, Ankerson said, "I can't believe this board is willing to pay \$100

an hour to secure \$1,900."

The board again discussed the issue of approving the December 14th closed meeting minutes. Board Clerk Ruth Schmitt again stated that before the minutes were approved there were corrections which she wanted made.

There was some question as to how specific the minutes of a closed meeting should be. Spector told the board that normally such minutes are very brief and reflect only the motions that are made.

The minutes of that meeting reflect discussion regarding the administrator's contract, and were in fact, taken by the administrator herself as her own personal notes. While several of the board members felt the minutes should be discussed in closed session, Kleinhans said she had no objections to the information being discussed in an open meeting.

By law it is the official duty of the board clerk, Ruth Schmitt, to take any minutes, especially during a closed session. However, on several occasions Schmitt has indicated her reluctance to do so. During open board meetings the minutes are being taken by the administration office's secretary. Kleinhans advised Schmitt of her legal responsibility. "If you want to delegate someone to take them (the minutes) then this should be considered," stated Kleinhans. At past committee meetings it

has almost become a practice that, whoever was willing, usually ended up taking the minutes.

The board then moved on to member Don Nowak's request to consider replacing the district's legal firm. Nowak said his personal feeling was to obtain a local attorney for the district's day-to-day issues and retain Spector's firm of Quarles and Brady only for negotiations and grievances for which they were originally hired.

Spector told the board, "Most of the expenses are for things like we are discussing tonight." "There is a lot of internal discussion which is unusual and much has required research."

Board member Ron Theusch said, "I think these things arise from our internal disputes. I am in favor of smaller bills but I don't think we are going to get them until we change our own procedures."

Nowak then made a motion to hire a different law firm. When board member Clara Trapp asked to have the motion explained, Spector told her, "If you want to keep me Clara, vote no."

In other business the board

## Three Vie for District 11 County Supervisor's Post

By GERRY MUELLER  
Statesman Staff Writer

Washington County's District Eleven, which includes portions of Trenton, Farmington and Boltonville, is the only supervisory post to have a contest in the February 16th primary elections.

Incumbent Hilbert Schuene-mann, 66, of 7617 Highway M, West Bend, will be facing off against Francis Mayer, 46, 8700 Boltonville Road, Kewaskum, and Roy Peterson, 30, 1168 Highway A, West Bend, in an

effort to win one of the two ballots slots for the April election.

Schuene-mann, a semi-retired farmer, won his post in the 1986 election defeating incumbent Norbert Dettmann who had held the county supervisor post since 1963.

Mayer, a carpenter, is an unsuccessful candidate who made his first bid for the job in the '86 election won by Schuene-mann. He presently serves on the Farmington Town Board.

Peterson is self-employed as co-owner of the Stewart-Peterson Advisory Group, a research firm. This is his first bid for a public office.

## Awarded UW Nursing Degree

The University of Wisconsin - Madison School of Nursing awarded bachelor of science degrees to 38 graduating seniors and masters of science degrees to 17 registered nurses in December.

Catherine Lott, Madison, was selected to receive the Outstanding Nursing Student Award for the baccalaureate graduating class. This award, based on academic excellence and service, acknowledges truly outstanding accomplishments in these areas.

A pinning ceremony was held at the Waisman Center for graduating seniors and their families.

Nursing school graduate receiving baccalaureate degrees included Connie Nigh, Kewaskum.

heard reports on the AODA program, dental insurance rates, and audit bids.

Kleinhans advised the board that a candidate who fits the needs of the District's Gifted and Talented program had not been found as yet.

The board also approved the hiring of a temporary part time cook to give the Food Service Supervisor more time to review the district's food service program at the various schools for updating and improvements in the use of equipment and staffing.

# School District Has Policies, But Is Board Following Them?

By GERRY MUELLER  
Statesman Staff Writer

That is a question that has been asked at least twice within the last week and by two different people, at two different meetings. Also being asked, is the School Board setting policies to suit itself and its actions, or the needs of the district.

One issue involves who has the authority to call the district's legal counsel for advise and information. Because of the actions of previous boards and their members, a policy was adopted which now supposedly, allows only the board president and administrator or her designee to make such calls. There is some question as to whether that policy is being adhered to.

A second question raised is on the active participation of the school board president. In checking committee assignments, Mr. Horner serves in no active capacity on any committees. Yet, according to Policy 8130 on standing committees, the board president is required, along with two board members to make up the Negotiations - Grievance - Personnel Committee. Mr. Horner has delegated this duty to another board member.

Neal Weare, a former school board member and former chairman of the Policy Committee, questioned those actions at previous board meetings and again at Monday night's meeting of the Policy Committee.

During that meeting the four-member committee unanimously voted to amend Policy 8130, changing the Negotiations Committee description to completely eliminate the board president from that committee and adding a third board member.

Weare indicated, while he had no objections to policies being amended or revised, it is not done after-the-fact. Weare felt Mr. Horner should have at least served on the committee until the policy was amended to reflect such a change. You don't amend a policy to justify the fact that the policy has not been followed for almost a year, he noted.

During discussion of the policy, committee member Jan Hubbell asked fellow member Ron Beimborn, do you feel the change is necessary because the president already has too many responsibilities? He said yes.

In trying to detail just what it is that Mr. Horner is responsible for, we could only determine that his duties consist of chairing the open and closed sessions of the School Board meetings. Even the setting of the agenda is left to the administration office.

These are just two specific instances where the board's relation to its policies have come under scrutiny. Its action as far as not following set down policies has been questioned time and time again by School Board member Perry Ankerson during past meetings. Several times Ankerson has asked the board, why adopt policies if you are not going to follow them.

During its meeting Monday night, the committee also began discussion on the creation of a

policy to completely ban smoking in the schools. One point of that issue concerns the disciplining of teachers for infractions of the rules. The policy would affect both students and teachers.

District administrator Penny Kleinhans said she would present the proposal at the next Negotiations Committee meeting to get teacher input.

The committee also reviewed Policy 5146 regarding foreign exchange students.

## Legion Post Hits Record 200 Members

The next meeting of The American Legion Robert G. Romaine Post 384 will be held February 8th, at 8:00 p.m.

The post has now hit 200 members, which is an all time high. This allows the post four delegates for the State Convention and other conferences.

New Members:  
Gilbert Seil - Reinstated - Past Post Commander; 5546 Bauers Drive, West Bend.

H. P. Totsky, Box 235, Kewaskum.

Alan Thill, 4656 Hwy. 28 W., Kewaskum.

Three Legionnaires attended the Mid-Winter Conference at Hudson, WI on January 15th through 17th. The high point of the conference was National Commander, Jake Comer, as the main speaker. The main address on Sunday was given by Diane Evans on Vietnam Women's Memorial Project.

The post is sending four teams to the 2nd District Bowling Tournament on February 21st at 12:00 noon at Cascade. We will also be sending two teams to the State Bowling Tournament on March 20th in Platteville.

## Discussion of School Administrator's Contract Questioned by Ankerson

by GERRY MUELLER  
Statesman Staff Writer

Board member Perry Ankerson questioned the reason for "Discussion of the Administrator's contract" being placed in the closed session portion of Thursday night's school board meeting agenda.

Ankerson noted that discussion should not be listed as

administrator contracts when the intent is something entirely different. "If we are going to discuss a piece of paper it should be in open session," said Ankerson, "if it is the administrator, it should be in closed session." Ankerson asked if the purpose was to remove the automatic renewal clause.

"Some of the board's actions have met with disapproval because we did not discuss issues in open meetings," commented Ankerson. He also questioned who had asked to

have the item placed on the agenda. Board member Ruth Schmitt said that she as clerk had placed it. Ankerson still wanted to know who had made the request to Schmitt. Schmitt said she did not mind if her name was the one listed since she was the board clerk. District Administrator Penny Kleinhans said, "It may be important for us to know where the requests are coming from so that we can better facilitate the return of information to those people."

Kleinhans said board member Clara Trapp had been the person who had asked that this be put on the agenda. Schmitt indicated there were other people besides Trapp. Kleinhans noted that Trapp was the only one her office was aware of.

Kleinhans told the board, "There are individuals who want to look at the contract language I bargained two years ago, since there is some feeling it is not legal."

The item remained under the executive session portion of the agenda and was discussed during the closed session which followed.

## County Acquires Equipment to Begin Cholesterol Screening

Washington County Community Health Nursing Service recently announced the acquisition of cholesterol screening equipment and will begin cholesterol screening in the community in early February.

Cholesterol measurement is accomplished by obtaining a small sample of blood from an individual's fingertip, applying the blood to a special plastic strip, and inserting the strip in a machine calibrated to register the individual's cholesterol level. The screening results are available immediately, and a registered nurse will interpret the results and provide individualized information on diet and lifestyle changes. The charge for the screening test and health education is \$5 per test.

**WHY BE CONCERNED ABOUT YOUR CHOLESTEROL?** Elevated blood cholesterol is one of the three main controllable risk factors for coronary heart disease. The other controllable risk factors are high blood pressure and smoking. According to the National Institute of Health, people with a blood cholesterol over 265 mg/dl have a four times greater risk of developing heart disease than those with a level of 190 mg/dl or lower.

**WHAT DETERMINES YOUR BLOOD CHOLESTEROL LEVEL?** Blood cholesterol levels are determined by the

foods you eat and by your individual body chemistry. A diet high in saturated fat and cholesterol, like that eaten by most Americans, raises blood cholesterol. Statistically, a reduction in blood cholesterol reduces the risk of heart attacks. An individual should know his/her personal cholesterol reading and make the necessary lifestyle changes to maintain a normal cholesterol level, thereby reducing his/her risk of heart disease.

**CAN BLOOD CHOLESTEROL BE LOWERED BY DIET CHANGES?** Blood cholesterol can be reduced 10% to 15% or more by dietary changes. For anyone who is overweight, reduction of weight often lowers blood cholesterol. By reducing dietary fat, a loss of weight and a lowering of cholesterol is possible.

Blood cholesterol levels should be checked periodically, and everyone should know his/her own cholesterol level — as well as having good understanding of what he/she can do to keep his/her cholesterol level within normal limits.

The Community Health Nursing Service will be scheduling community clinics, county-wide, offering all residents an opportunity to "know their cholesterol level." The community clinic schedule will be published in all local

newspapers.

For further information, you may call the Washington County Community Health Nursing Service, 338-4462, 644-5204, or 342-2929.

Relief, and money for Korean Relief and Radio Free Europe.

The club still maintained its interest in health and education. In 1949 it conducted the first hearing tests for all school children. In 1957 the club donated money to the new high school's science and library departments.

For many years the women held teas for Kewaskum's senior girls and their mothers.

In addition to continuing its support of the library over the past 75 years, the club also provided support to the Girl Scouts, AFS and other community programs. Its newest project will be to award a Woman's Club scholarship this year.

As part of the evening's program, several ladies were recognized for their years of membership and service to the club. Although she was not able to attend the banquet, Mrs. Maude Rose was recognized for 55 years of continuous membership and faithful service to the organization. Also recognized were Alma Edwards with over 50 years, Agnes Schaefer 42 years, Minerva Martin 41 years, Malinda Seifert 28 years, Pearl Thompson and Reneta Schwind 25 years and Marge Rosenthal 24 years.

On behalf of the Village of Kewaskum, Trustee Howard Laubenstein presented club president Ruth Schmitt with a proclamation recognizing January 30, 1988, as Kewaskum Woman's Club Day. Mrs. Addie Troudt of Ripon, Sixth District president, also presented the club with a certificate of recognition.

Entertainment for the evening was a musical program provided by Kim Poling, Jeff Brigham, and Curt Ayer,

Minerva Martin recalled some of her memories of the Woman's Club during her 41 years as a club member.

members of the Kewaskum High School Swing Choir, and presentation of historical slides gathered by Dan Schmidt.

In thanking all those who attended the banquet, Schmitt said, "Our motto, 'Unity in Diversity,' grows more appropriate each year." "As your president," Schmitt told her fellow club members, "our Kewaskum Woman's Club is alive and well, and we are looking forward to the year 2013 (the club's 100th anniversary)."

To insure preservation of the club's earliest history, Schmitt presented Kewaskum Historical Society president Jake Schmidt with the club's notebooks containing the original minutes for the years 1913, 1914, 1916, and 1917.

Vice president Jeanne Goeden looking over the books and memorabilia covering the Woman's Club 75-year history.

## St. Joseph's Hospital Holds Recognition Day for Auxiliary

Approximately 100 members of the Auxiliary of St. Joseph's Community Hospital, West Bend, were guests of the hospital, represented by Fred Bury, Hospital Administrator, at the annual Recognition Day Brunch, on Tuesday, Jan. 26, at the Dillon Royale, West Bend.

Betty Washa, Membership and Scheduling Chairman, introduced Helen Mueller, an Auxilian who has accumulated over 5,000 service hours to the hospital, who in turn, presented the following members with Recognition Awards:

7500 Hours — Virginia Finch; 5000 Hours — Helen Mueller; 4500 Hours — Lillian Blazel; 2500 Hours — Betty Bowerman and Sue Smithers; 2000 Hours — Marion Kirsch; 1500 Hours — Helen Goring and Sara Alderson; 1000 Hours — Irene Anderson; Betty Baumgartner, Shirley Ehrlich, Irene Foth, Bea Liegl, and Marlene Listwan; 100 Hours — Andi Amundson,

Audrey Bohn, Darlene Indermuehle, Mary Kuester, Elvira Lonergan, Judy Prescott, Mary Renzaglia, Carrie Schucht, Ruth Schultz, Louise Schut and Corey Wuebben.

During 1987, Auxilians donated a total of 12,786 service hours to the hospital, bringing the grand total of hours to 207,968 hours since the Auxiliary's inception. Membership presently consists of 175 active members and 42 associate members.

On behalf of the hospital, Bury also presented those Auxilians who had accumulated 2,000 to 7,500 hours of service, with special gifts for their personal use and enjoyment. The hospital plans to continue honoring those Auxilians in the future.

In addition, formal installation of the new officers and Board for 1988 and 1989 was conducted by Rose Wiesling and Velma Leicht, District Officers for South-

eastern Wisconsin Hospital Association of Auxiliaries. In an impressive candlelighting ceremony, the following were welcomed to the new Board:

President — Sue Myrhum; 1st Vice President — Sharon Ziegler; Secretary — Joan Heying; Treasurer — Audrey Mayer; Directors — Joan Heimsch, Marge Kieckhafer and Jeanne Sander; Past President — Shirley Ehrlich; Committee Chairmen: Dani Dixon, Ann Lee Geiger, Joyce Gruber, Bonnie Koepke, Betty Lieber, Joan Lyons, Betty O'Meara, Marie Pitz, Blanche Schuelke, Sue Smithers, Val Strobel, Betty Washa and Corey Wuebben.

Membership in the Auxiliary is open to all persons (men and women), who are interested in providing service to St. Joseph's Hospital and its patients, through a diversity of channels. For additional information, call 334-7292.

## 25 Years Ago

February 1, 1963

Every year during the month of January, the Kewaskum Woman's Club reserves a meeting date to commemorate the anniversary of the club's founding. A banquet is held for club members and husbands. This year the event had added significance for 1963 marks the 50th anniversary of the club's existence. It was on January 14, 1913 that the club had its beginning when the late Mrs. D. M. Rosenheimer invited a group of women to her home for the purpose of organizing a Woman's Club. At the end of the year the club boasted a membership of the following women: Mmes. D. M. Rosenheimer, A. L. Rosenheimer, Miss Edna Schmidt, Miss Emma Staats, officers, and Mmes. F. E. Colvin, Frank Gottsleben, Karl Hausmann, N. E. Hausmann, O. E. Lay, E. L. Morgenroth, E. M. Romaine, L. P. Rosenheimer, N. W. Rosenheimer, J. F. Schaefer, Jos. Schmidt, W. F. Schultz, August Schnurr, Simon and Misses Adela Gottsleben, Florence McRae and Lillie Schlosser. The scene of this year's Founder's Day dinner on January 26, was the Labor Center on Fond du Lac Avenue, for it was in this same building, then known as the Temperance Hall, that the club's first anniversary was observed in January of 1914.

The faculty of Texas Christian University, Fort Worth, Texas, announces the successful completion of requirements for the Bachelor of Science in Commerce degree with a major in accounting, which was awarded to Harold C. Klein of Kewaskum on January 23, 1963. Harold is a son of Mrs. Rosella M. Klein of Kewaskum.

The Theresa fire department was called to the M & E Restaurant at the junction of Hwys. 41 and 28 in the Town of Wayne on Monday at about 8 a.m. to put out a blaze that got out of hand due to fire in a deep-fryer. Firemen saved the building and most of its contents.

Raymond Schultz, 32, of Route 1 Cascade, son of Otto Schultz and the late Florence Schultz of Kewaskum, died January 31 at Sheboygan Memorial Hospital.

Mrs. Vernon Staeger, 37, of Beechwood, sister-in-law of Mrs. Armin Oppermann of Kewaskum, died on January 24, at her home following a lingering illness.

A daughter, Bonnie Kay, was born to Mr. and Mrs. Leo Nigh, Plymouth, on January 4. Mr. Nigh is a son of the Elmer Nighs of the Town of Auburn. A daughter was also born to Mr. and Mrs. Lloyd Westerman, Kewaskum, on January 29.

## 50 Years Ago

February 4, 1938

Melvin Buche, 35, fell through a trap door to his death in the whirling blades of a hydroelectric generator on February 2, at the West Bend Woolen Mills, a mile

east of West Bend on the Milwaukee River. His body was found near the water wheel more than two hours later by a fire department rescue squad and electric company employees. Buche had been employed as a stationary engineer at the Wisconsin Gas & Electric Co. plant at West Bend for more than 15 years. It was part of his duties to turn off the substation generator nightly.

Miss Jeanette Krautkramer, a daughter of Mr. and Mrs. Ed Krautkramer, of Route 3, Kewaskum, a graduate of Kewaskum High School, class of 1937, and Miss Gertrude Rodenkirch of the Town of Farmington, were among the 41 students who were presented caps at the annual "capping" exercises of the St. Agnes Hospital School of Nursing, Fond du Lac. The exercises were held last Sunday afternoon. The Misses Krautkramer and Rodenkirch were the only two bestowed the honor from Washington County.

This weekend, Feb. 5 and 6, a fox hunt, sponsored by the Campbellsport Sportsmen's Club, will be held in and adjoining the Mauthe Lake (formerly known as Moon Lake), state game refuge several miles northeast of here. It will be under the supervision of Fond du Lac County Game warden Charles H. Schlumpf. A similar hunt was also held last weekend. Permits to participate in the hunt within the confines of the refuge were issued to Harold Haushalter, Dr. F. E. Romaine, Lewis Schwandt, W. S. Hayhoe, Rolland Urban, Chas. Backhaus, Frank Jaeger, Otto Breymann, Victor Haessly and Frank Ketter of Campbellsport.

In a wedding ceremony performed by the Rev. Philip J. Vogt in the mission church at St. Bridgets on January 29, Miss Eunice Margaret Klein, daughter of Mr. and Mrs. Hubert P. Klein of Route 3, Kewaskum, and Joseph Cartus of West Bend, became husband and wife.

Several fine specimens of red fox are reported to have been shot last week by Kewaskum hunters in the Black Hills region, west of Barton.

## 75 Years Ago

February 1, 1913

At the regular meeting of the local branch of the G.U.G.G. last Monday evening at the Temperance Hall, the following officers were elected for the ensuing year: President, Jacob Bruessel; Vice-president, N. J. Mertes;

Secretary and Finance Secretary, Arthur Schaefer; Treasurer, Charles Groeschel; Speaker, Jacob Becker; Fuehrer, August Buss; Guide, Jos. Hoerig; Representative, N. J. Mertes; Alternate, G. H. Fellenz; Trustee for three years, Charles Groeschel; Finance committeeman for three years, John Oeder.

Nicholas Rimmel, proprietor of the Rimmel's Machine Shop and Foundry has taken the agency for the Studebaker line of automobiles in this territory. Anyone in need of car call on Mr. Rimmel.

St. Patrick's Day will not be celebrated March 17 this year for the reason that it will fall within Holy Week, and the Catholic Church has ruled that feasts occurring in that week be not celebrated at all or celebrated at some other time. This will be the last time in the twentieth century when the feast will fall in Holy Week. It did so three times previously since 1800 - 1818, 1845 and 1856.

A baby boy was born to Mr. and Mrs. John F. Schaefer on Wednesday.

## Kewaskum Area Girl Scout News

As a Service project, all troops of the Kewaskum Area Girl Scouts collected food. This food was donated to 5 local area families for Christmas.

The Leaders of the area Girl Scout troops had their annual pot luck Christmas meeting in Dec. It was a time to relax, get to know one another and enjoy their delicious home cooking. We have some great cooks as leaders. They also exchanged an ornament and the good ideas just never end.

Girls may join Girl Scouts anytime during the year so if you just moved into the area or heard of all the things the girls are doing and would like to join, just come to any troop meeting or call 626-4001.

Troop #144 Sr. girls, put on a workshop for several other troops on dental care. Tammy Staehler was in charge and asked Dr. Van Ess to put on a program. He brought his large teeth and a large brush and put on a very informational talk. He also presented each girl present with a new tooth brush. We would like to say in behalf of the girls and Tammy "thank you" to Dr. Van Ess for helping make our badge work easier and more educational to all.

Brownie Troop #277 took a walk at one of their meetings before Christmas to the Kewaskum Floral Shop. They sang carols all the way there and had everyone that could hear them enjoying it.

One of their badges was to see how nature items could be used. We saw many ideas on making decorations using outdoor items. They sang carols for the staff in the shop. Before they left they were each given a beautiful carnation. And on the return to their meeting place they continued to sing. They would like to thank the Kewaskum Floral Shop for their hospitality and flowers. There are some very nice businesses in Kewaskum always willing to do something for Girl Scouts.

## Lettow, Gildersleeve Scout Month Leaders

February 8 will mark the 78th Anniversary of the Boy Scouts of America. The month-long celebration will be observed by Tiger Cubs, Cub Scouts, Boy Scouts, Varsity Scouts and Explorers throughout our nation.

It is the mission of the BSA to serve others by helping to instill values in young people. Values that will help prepare them in making ethical decisions throughout their lives. These values are found in the Cub Scout Promise and Law of the Pack, the Boy Scout Oath and Law, and the Explorer Code.

February 7 has been designated as Scout Sunday and scouts and their leaders will reaffirm their "Duty to God" as they attend the church of their choice.

February 22 is also of special significance as scouts and scouters commemorate the birthdate of Lord Baden-Powell, the founder of Scouting.

David Trehey, District Executive of Glacier Edge District 11 of the Bay-Lakes Council, announced two district activities, the Boy Scout Klondike Derby, February 6, and Cub

Winterfest, February 20. Local Cub Packs will also celebrate with Blue & Gold Banquets and Boy Scout Troops will hold Courts of Honor.

Anyone wishing more information on Boy Scouting may contact the following leaders:

## It's Girl Scout Cookie Time!

Girl Scouts will be ringing doorbells in our town selling Girl Scout cookies — traditional favorites and exciting new varieties. Your purchase supports Girl Scouting in our community. Do something nice for your community and yourself — buy Girl Scout cookies!

for troop projects. And it gives us an opportunity to support a great community cause!

Proceeds from the cookie sale are used to maintain and improve Girl Scout camps. They also help fund field trips for the girls — and service projects for our community.

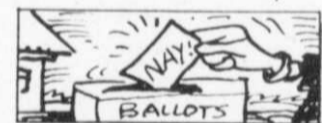

The annual Wau-Bun Girl Scout cookie sale is a special event in our town. So order as many boxes as possible — and refer Girl Scouts to friends who would appreciate a call. Let's give our young girls a taste of success by showing our support.

If you have not been contacted by this time and you would like to order some Girl Scout Cookies you may call Kay Morlen 692-9611, Judy Goetsch 629-9541 or Lois Bartz 626-4555.

## Look What's Cooking In Our Town!

**AREA SKIERS SHOULD PROTECT EQUIPMENT**

Sheriff Clarence A. Schwartz reminds skiers that they should take steps to protect their ski equipment at area ski hills.

"We are receiving complaints of stolen skis and poles from Little Switzerland (Slinger) and Sunburst (Kewaskum)," the Sheriff stated.

The ski hill operators have been concerned about this, the Sheriff said, and have offered lockers with which skiers can secure their equipment while they are warming up inside.

"The problem is that some

skiers just leave the equipment outside. When they return, it's gone. And if they think that their insurance will just pay for new equipment, they may be sadly mistaken. Many policies will not pay the actual replacement cost of the equipment," he said.

The Washington County Sheriff's Department has distributed leaflets at the ski hills, alerting patrons to the problem and urging them to properly secure equipment when not in use.

**Nine Area Airports Scheduled to Get \$18.2 Million in Improvements**

Some \$18.2 million is earmarked for nine southeast Wisconsin airports in the new Six-Year Airport Improvement Program just released by the state Department of Transportation.

An estimated \$143.8 million of federal, state and local monies is anticipated for improvements in 67 airports throughout the state from 1988 through 1993.

Dan Finkelmeyer, planning supervisor for the DOT Bureau of Aeronautics, said that the new program is based on expected increases in Federal Aviation Administration (FAA) funding authorizations.

He said that the actual amount received will depend on final federal appropriations and the relative priority of the state's airport projects compared to airport projects nationally.

Federally-funded projects generally receive 90% federal dollars, and 5% each from the state transportation fund and the airport owner. When federal funds are not available, the state DOT may pay 80% of the cost and the owner 20%.

The new Six-Year Airport Improvement Program stresses preserving existing facilities as well as expansion to meet the needs of business aviation according to Ronald Fiedler, DOT secretary.

"This program is designed to relieve congestion at primary commercial airports and thereby increase air safety," Fiedler said.

"By expanding the capacity of our smaller airports, it will encourage business aircraft to use those airfields instead of the larger airports, where the mix of large and small, fast and slow planes in busy airspace is inefficient and potentially dangerous."

The \$3.3 million earmarked for the Waukesha County Airport in the next three years will enable it to strengthen and lengthen runways and complete other work designed to enable larger corporate aircraft to use the facility.

The program includes removal of a hill, relocation of a highway, installation of an approach system and security fences, and preparation of an airport master plan.

The Hartford Municipal Airport will utilize \$889,100 in 1988 to recycle and overlay pavements, extend a runway and taxiway, and obtain land for a runway extension. It should receive another \$1.4 million in 1990 for land reimbursement and construction of a new runway and taxiway.

In 1988 the Fond du Lac County Airport will receive \$362,000 to extend a runway and install medium intensity runway lights.

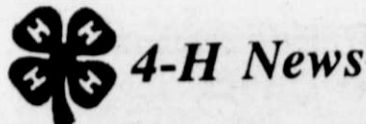

The West Bend Municipal Airport will receive \$243,040 in 1988 for reconstruction of a taxiway, completion of a taxiway and installation of a runway end-identifier light system.

Other airports in southeastern receiving funds are the Racine - Horlick airport, East Troy airport, Kenosha Municipal, Capitol Drive Airport in Brookfield and Burlington Municipal Airport.

**Boy Scout Klondike 88 at Fredonia Feb. 8**

Klondike 88 will be held, Saturday, February 6, at Hawthorne Hills, County Trunk I, in Fredonia. Glacier Edge District 11, of the Bay-Lakes Council of the Boy Scouts of America, will conduct this winter-trail adventure featuring patrol competition in nature, knots, patrol flags and outdoor preparedness. Relay events include log raising, toboggan pulling, bear pit, ball toss and snow shoes. A surprise event will also be featured.

Activities will commence at 9:30 a.m., and Klondike Sledge judging will begin at 12:45 p.m.

Klondike Chairman, Harold Wolk, stated that the noon meal will also be a competitive venture, as troop leaders are judged on the meals they prepare for their scouts. The derby will be held regardless of weather conditions or temperature. Participants are asked to park their vehicles in the lot next to Pioneer Village.

## Honor Roll At UWWC

Sixty-two students made the Dean's List for achieving honor-level grades last fall at the University of Wisconsin Center — Washington County.

One out of every 13 students enrolled for the fall semester had grade point averages (GPAs) of 3.5 (B-plus) or better.

Forty-six full-time students, carrying 12 or more credits, and 16 part-time students made the honor list. Seventeen students earned "highest honors" for achieving perfect 4.0 averages (straight-A's); 12 had "high honors" for GPAs of 3.75 to 3.99; 33 were awarded honors 3.5 to 3.74 GPAs.

Members of the Dean's List come from 18 area communities.

The students names, announced by UWWC Dean Robert O. Thompson, are:

## Tickets on Sale At UWWC for 'The Marriage of Figaro'

Tickets go on sale at UWWC, West Bend, Friday, Feb. 5, for a Feb. 19 production of "The Marriage of Figaro" by the Skylight Comic Opera.

Mozart's opera will be performed at the University of Wisconsin — Washington County as part of the campus Fine Arts Series. Tickets cost \$6 with \$4 rates for students and senior citizens.

Mike Cahill, chairman of the UWWC Fine Arts Committee, advised advance reservations of tickets to "avoid disappointment." Last year's Skylight performance of "The Mikado" was sold out in one day, he said. When a second performance was added, it too was a sellout.

The performance is scheduled 30 minutes later than usual and is being shifted from the theatre to the gym. The reason, Cahill said, is "we're trying to have a pops night format."

Regular seating will be in bleachers or chairs. Optional seating will be provided at tables on the gym floor for up to 150 persons who opt for a limited refreshment package at \$3 per person, Cahill said.

The package, he explained, "entitles you to preferred seating near the stage and either two soft drinks or a glass of wine, along with popcorn and a cheese-and-fruit snack tray."

Cahill added, "People with general admission will be able to buy drinks on an a-la-carte basis."

According to Cahill, group seating for up to eight people is possible upon request for people with the refreshment package.

For further information or to make reservations, call UWWC in West Bend, 338-5208.

## Exemptions From Seat Belt Law Not Available

Persons can be legally exempt from the new mandatory seat belt law if they carry a doctor's written statement that wearing a seat belt would be harmful due to a physical or medical condition.

Under provisions of a Department of Transportation emergency rule now in effect, all persons over 4 years old are eligible for the exemption, according to Joe Maassen, DOT assistant general counsel.

Maassen indicated a separate provision, TRANS 310, provides an exemption for children under the age of 4.

A hearing on the emergency rule was scheduled for 10 a.m. Feb. 1 in room 145B, Hill Farms State Transportation Building, 4802 Sheboygan Ave., Madison.

The statement must be carried with the person in motor vehicles at all times, and must contain the name, address and phone number of the physician. It will be valid for one year unless the physician indicates the condition is permanent. In that case the statement will be valid indefinitely.

The rule also provides an exemption for persons being

transported in an emergency vehicle when the operator determines that seat belt usage is unreasonable because of the person's physical or medical needs.

Wisconsin's new mandatory seat belt law requires the use of seat belts by drivers and passengers, residents and non-residents alike, in front and rear seats of all vehicles. It applies to all vehicles manufactured after Jan. 1, 1972, which came from the factory with seat belts.

"The DOT will not issue any special form to be used for the written statement," said Maynard G. Stoehr, DOT highway safety coordinator. He urged any physician with questions about the emergency rule to contact his office at 608 266-0402.

Parking for persons with disabilities and an accessible entrance are located on the north side of the building. Interpreters for the hearing-impaired and English language translators are available by calling (608) 266-8810 ten days prior to the hearing.

Copies of the rule can be obtained from the DOT Office of General Counsel, P.O. Box 7910, Madison, Wis., 53707.

is sponsored by the Moraine Area Private Teachers Association in cooperation with the UWWC Music Department. Student winners will perform their concertos with the Moraine Symphony Orchestra.

This year's concerto concert is set for March 26 at 7:30 p.m., in the UWWC Union theatre. A highlight of the concert will be the appearance of guest pianist Marylene Dosse with the orchestra, under the direction of Albert J. Asch, associate professor of instrumental music at UWWC.

Dosse will be on campus on March 24 for a rehearsal with the orchestra and March 25 for a piano master class.

In addition to the opportunity to perform, senior division winners will receive a \$100 award and junior division winners, a gift.

Anna J. Asch, head of the sponsoring teachers group, said

that all contestants must live in Washington County, furnish their own accompanist for the auditions and provide a copy of their music for the judge.

In March, the symphony will help launch a second concerto contest, this one for Ozaukee county youth. All ages will compete in two divisions, one for piano and the other for instruments.

The concert for winners will be April 24.

## Farmers Received Better Prices For Most Products in 1987

"Wisconsin farmers generally received better prices for their commodities in 1987 than in the previous year," according to Carrol Spencer of the Wisconsin Agricultural Statistics Service. The monthly prices received index was above 1986 for the first eight months of this year. The increases (and decreases) in the index are caused by changes in the prices of the various commodities which make up the index.

Beef cattle prices were strong in early 1987. They began the year at \$46.10 per hundred-weight (cwt.) \$4 above the previous year and peaked in June at \$53.20, the highest price since June 1982. Prices received for beef cattle remained at high levels during the remaining months, staying above \$50 per cwt.

Calf prices were also high during 1987. In January, prices were \$91.40 per hundred-weight, then fluctuated between \$88 and \$117 until hitting the peak price of \$119 in September and October. This was also the highest price received for calves since February 1980.

Hog prices were above the previous year for the first six months of 1987 and remained close to 1986's high prices. However, at the end of the year hog prices fell sharply. The price from October to November fell \$8.50 per hundredweight to \$38.70, a sharp contrast to the July price of \$58.60 which was '87's high price.

Cash grain prices generally started out low in 1987, then strengthened. Corn prices in January, February, and March averaged \$1.35 per bushel and were at their lowest levels since early 1973. The price did recover but was below the previous year's level until the final quarter of 1987. Prices received for soybeans were weak from January through April, then strengthened. Price per bushel averaged approximately \$5 over the last two-thirds of the year. Barley prices started out in 1987 at \$1.20 per bushel, then rose to \$1.65 in May. After a two-month decline, prices went up again, finishing 1987 above the previous year's low prices. Oats in 1987 were above the previous year's low prices. In 1986, oats prices were among the lowest in 15 years. Prices recovered in 1987, beginning the year at \$1.32 per bushel and finishing around \$1.40 per bushel.

In early 1987, the prices paid index by Wisconsin farmers was 156 percent of its 1977 average. This was six points below the previous year mostly due to lower feed and fuel costs. During the following months, however, prices rose for feeder livestock, fuel and feed. Higher prices for these production inputs influenced the increase in the prices paid index over the last three quarters of 1987. This was in contrast to 1986 where the prices paid index declined throughout the year.

## Select Sires Honor Dairymen At Fall Member Meetings

East Central/Select Sires held Fall Member meetings recognizing dairymen for outstanding production and herd management. Within the 28 counties serviced by EC/SS, 229 herds ranked 15% above Wisconsin state averages for milk and fat. Of these, 176 herds or 76 percent are East Central/Select Sires customers.

Dairymen received gold recognition for having Select sired herds 35% above state milk and fat averages, silver awards to those 25 percent above state average and bronze awards to herds 15% above state averages. Herds must have been on official DHI test.

Area recognition went to: \*Marvin Rusch, Jackson, Silver; David Shumacher, Hartford, Bronze.

\*Program for Genetic Improvement (PGA) Cooperator Herd.

At the East Central/Select Sires Fall Member meetings, coop members elected delegates to the Annual Meeting in July. They also reviewed the cooperative's activity for that past year.

The EC/SS board of directors reported strong growth in a time when other A.I. organizations saw virtually little or no

growth. East Central/Select Sires is the fastest growing member cooperative of Select Sires. A leader in the A.I. industry, they serve dairy and beef farmers in southern Wisconsin.

## Manufacturing Engineers To Meet

The regular business meeting of chapter 45 Society of Manufacturing Engineers will be held on Friday, Feb. 12, at Michiels Inn, 111 E. Kimball St., Appleton, Wis.

The program will be "How To Turn Your C.E.O. Into A Manufacturing Man" and will be presented by K.C. Mosier, Chairman of the board of Mosier Industries, Brookville, Ohio.

The attitude adjustment hour will be 6:00 to 7:00 - dinner will be 7:00 to 8:00 with the meeting and speaker starting at 8:00.

People wishing to attend need not be members of the SME. Those wishing to attend please contact Robert J. Trochil, Dynamic Machine Tool, Inc. phone 414-797-8622 or residence phone 414-733-4304.

## County Artists Invited to Enter Kohler Exhibition

Washington County artists are invited to submit entries for "Six Counties," a major triennial exhibition opening Sunday, March 6, 1988 at the John Michael Kohler Arts Center in downtown Sheboygan. This exhibition will highlight the quality and diversity of the visual arts being produced in Sheboygan, Manitowoc, Calumet, Fond du Lac, Washington, and Ozaukee Counties. The exhibition will continue through May 15.

Any person 18 years and older living in the six-county region is eligible to enter the exhibition. Works may be submitted from the following categories and media: painting, prints and drawings, sculpture, photography, woodworking (including woodcarvings, furniture, and clock making), jewelry and other metalwork, ceramics, fiber (including quilting, embroidery, knitting, crocheting, weaving, applique, batik and printed textiles), glass, dolls, book arts, hand-made paper and other hand-made objects.

Each entrant must submit at least two, but not more than three original works that have not been submitted to a previous JMKAC "Six Counties" exhibition. All works must be hand original. No work made from kits or commercially available objects that have been decorated will be accepted.

Entries must be hand delivered to the Arts Center on Sunday, February 7, 1988, from 12:00 to 5:00 p.m. or Monday, February 8, 1988, from 12:00 to 8:00 p.m.

There is no entry fee for "Six Counties." Registration forms or further information may be obtained by calling 414/458-6144 or writing to or stopping at John Michael Kohler Arts Center, 608 New York Avenue, P.O. Box 589, Sheboygan, Wisconsin 53082-0489.

## Grants Available For Household Waste Disposal

Wisconsin communities may begin applying this month for state grants to set up and operate programs that collect and dispose of household hazardous wastes.

The fund gives communities the means to provide homeowners with a temporary drop-off point for unwanted pesticides, cleaning compounds and other hazardous substances commonly used in the home that shouldn't be thrown out with trash disposed of in landfills not designed to accommodate hazardous wastes.

Department of Natural Resources grant coordinator Robin White said two grant application periods for communities that want to set up "Clean Sweep" sites will be open this year. The first runs from January 15 to February 15 and the second from July 1 to August 2, 1988.

"A bill Governor Thompson signed in November, 1987 made \$100,000 in state funds available for community 'Clean Sweep' programs," White said. "The Department will award \$50,000 in each of the two grant application periods. Successful applicants may receive a maximum of \$15,000."

Awards will be announced by March 1 and September 1, 1988, she said. Completed applications are given priority based on the order the Department receives them. Previous recipients of Wisconsin DNR Clean Sweep grants may reapply, but applicants awarded their first Clean Sweep grant will be given priority.

Applications and more information may be obtained from White at the Department of Natural Resources, Bureau of Solid Waste Management, P.O. Box 7921, Madison, WI 53707, (608) 267-7556.

## Home Landscape Design Course Set in County

"Planning and Designing Your Home Landscape" will be taught by Dan Wilson, UW-Extension Resource Agent, in five workshop sessions in February and March.

The course is directed toward homeowners with new residences or limited existing landscaping who wish to improve the use and appearance of their home landscape. Participants will learn planning and design principles while designing (on paper) their landscape.

"Planning and Designing Your Home Landscape" will be held on five successive Thurs-

day evenings starting February 11, 1988. Registration is required, and the fee is \$5.00 per couple (or individual). The registration deadline is February 8, 1988. The course is limited to 20 participants.

For more information, contact Dan Wilson or Pamela Buchholz at the Washington County UW-Extension office at 338-4480, 644-5204 or 342-2929.

## Calendars Available From Sensenbrenner

(Washington, D.C.) - REP. F. JAMES SENSENBRENNER, JR. (WI-9th District) announced that a very limited number of 1988 calendars are available through his Washington office to 9th District residents on a first come first served basis.

These calendars are produced by the U.S. Capitol Historical Society and include pictures of many of Washington, D.C.'s historical sites, as well as an abundance of historical data.

Person's wishing to receive a calendar should write to:

Congressman Jim Sensenbrenner, 2444 Rayburn Building, Washington, D.C. 20515-4909, Attention: Calendar Requests.

Because of the limited number of calendars, only individual requests can be accepted. The Congressman's office announced that it will not be able to process more than one calendar per request.

## Informational Meeting On Recycling Feb. 10

New rules being contemplated for recycling, new rules for landfills and examples of successful recycling operations will be included in a talk to the Town of Farmington Recycling committee. Liz Duchelle, recycling specialist with the Department of Natural Resources, will address the committee at 7:30 p.m. Feb. 10 at the Town Hall on Highway 144 at Boltonville.

Officials and residents of neighboring towns interested in recycling are invited to attend.

The Town of Farmington recycling committee is examining options for handling waste and recyclable materials when the town landfill is closed.

# Letters to the Editor

February 2, 1988

A warm thank you to all the teachers, secretary, helpers, and Principal Sister Phyllis Wirtz who all made the parents feel so welcome on Parent's Day at Holy Trinity Catholic School today.

A special thank you to all the cooks and their helpers for all their extra efforts in preparing a special delicious lunch that we got to share with our children.

We are very glad we made the decision to send our child to Holy Trinity.

Sincerely,

Dear Editor:

I want to thank you again for your coverage of our drinking age 21 campaign. My reward for our efforts comes in a recently published study by the Wisconsin Department of Transportation. According to Wisconsin DOT, since drinking age 21 was passed in our state, "The drinking-driver accident rate for 19-year-olds who could not legally drink was 48% less than the rate for those 19-year-olds who could drink legally."

I am really glad to know that teenagers are alive and well today who might not be if they were still drinking at age 19. I worry about our teens who continue to drink, because they potentially endanger themselves and the rest of us.

Sincerely,  
Mae Meldgaard  
Chairman

Kewaskum, WI 53040

Letter to the Editor:

School District of Kewaskum residents please take note: Clara Trapp continues to cost our school district money.

I've been to several school board meetings where Mrs. Trapp has criticized expenditures made by the district. At the meeting held this past Thursday, she criticized expenditures for teacher chairs for an amount of approximately \$200.

Granted, Mrs. Trapp has always said that any action she takes is "for the children."

I might ask district residents to ask themselves the following questions:

1. Who cost this district over \$4,000 when a lawsuit was filed in 1984 against the school board regarding the decision to close Beechwood school?  
2. Who was the subject of a

censure by the school board in 1986 and cost this district in excess of \$2,000 to make sure the school board was not liable for her unauthorized and illegal investigation in Deerfield?

3. Who is responsible for the cost incurred by our district administrator in providing defense for a lawsuit filed against her?

4. Who is responsible for the attorney fees of \$1,460 to date for the school attorney's involvement in the lawsuit?

5. Who is responsible for the additional attorney fees incurred when the attorney was present at the meeting this past Thursday because of the lawsuit?

6. Who is responsible for the cost of time and energy spent by school district employees and board members regarding the above?

7. Who is responsible for the rising liability insurance costs of this district due to the above actions?

Your answers to the above questions should all be the same.

And, who has had to pay all of these costs? District taxpayers.

Is this what Mrs. Trapp does to "spend money on the children!" It appears to me that there is no limit on what she expects the school district taxpayers to pay for her continuing vindictive and inappropriate behavior.

To the Editor,

On February 3, 1988 there is a vote scheduled in the U.S. House of Representatives concerning the allocation of aid to the "contras" in Nicaragua. This issue seems far away from Washington County, but in reality, affects each of us and our beliefs in participation and democracy.

Both houses of the Wisconsin State Legislature overwhelmingly passed a resolution opposing further contra aid in October, 1987. This is related to wanting to maintain the sister-state relationship between Wisconsin and Nicaragua and the belief that the Arias peace plan and the people of Central America should determine their own future. The Wisconsin resolution also reflects the history of the United States and our desire to form our own government, free from the intervention of outside forces.

Aid to the contra forces at this time, when Nicaraguan President Daniel Ortega is initiating changes to comply with the Arias peace plan, would completely undermine the efforts to create peace. The vote for this aid also affects each one of us through the cuts

to programs which provide housing, training, education, health care and other needed services to people in our own state.

As concerned citizens of Washington County, involved in Peace Seekers of Washington County, we see the very negative effect that this aid has on the people of Nicaragua and Wisconsin and urge people to contact Rep. Sensenbrenner to let him know that no aid should be voted on for the contras. Rep. Sensenbrenner, at a past town hall meeting, commented that aid to the contras was a "dead issue." We hope that he votes no in order to keep the aid a dead issue and preserve democracy in its true sense.

Dear Editor:

It is probably apparent to most of the Kewaskum School District residents that Clara Trapp definitely has a conflict of interest on the school board with her husband's lawsuit against our school superintendent. But, did you know that four other members of the board, namely, Ralph Horner, Ruth Schmitt, Donald Nowak, and Ronald Beimborn also have a conflict of interest.

At the last school board meeting, the above mentioned four board members refused to approve payment of our superintendent's legal fees. This is in violation of Wisconsin State Statutes 895.46 which says that if an officer or employee is sued while acting within the scope of employment, the political subdivision (school district) is responsible for any costs not covered by insurance.

Maybe these four board members don't know the law or, maybe they are acting as a court. If one of our teacher's aides or one of our teachers were sued because a child got hurt on the playground, it appears that some members of the school board would not stand behind them.

It certainly appears to me that these four board members have taken a side. That is, Clara Trapp's side. This is a conflict of interest.

Seatbelt Freedom of Choice  
P.O. Box 243  
Marshfield, WI 54449

To the editorial department:

Many legislators have grown to believe that every new problem can be solved with another new law. In other words "more government." The trend keeps on expanding until the

legislators of the state become out of touch with the people. 24 of these United States have an INITIATIVE REFERENDUM LAW. Wisconsin also needs such a law.

When the majority of the legislators become out of touch with the people, the people in a state that has an initiative referendum law, can with a "minority," demand a state-wide referendum with which a majority can rescind or repeal an unreasonable law. Many will recall a movement in California several years ago to force the legislators to make a drastic cut in the State's unreasonable spending habits. It was accomplished through their "initiative referendum law."

Wisconsin's new "mandatory seatbelt use law" is a case in point. On October 8th, 1987, the forces against a proposed mandatory seatbelt law, by a vote of 48 to 49 almost defeated the proposed law. After Senate and Assembly debate, it was sent to the Governor to become law. However, a constituent whose mind is changed against his or her will, is of the same opinion still.

Massachusetts and Nebraska have repealed their seatbelt law with the help of their initiative referendum law. Through the encouragement of the concerned citizens group "Wisconsin Citizens for Legal Reform" (WCLR), on May 11th 1987, Assembly Joint resolution #35 was introduced by Representatives Lepak, Goesch, Radtke, Zeuske, Ourada, Welch and Vergeront. The proposal was referred to the Committee on State Affairs.

For citizens who want "Seatbelt Freedom of Choice," a request to their legislators to support a "freedom of choice" referendum vote along with the upcoming April elections would be helpful. Better still, ask your legislators to support an outright repeal of 1987 Act 132.

Sincerely,  
Elmer Frey,

EDITOR:

On Saturday, January 30, there was an Interfaith Gathering of Rural and Urban Churches meeting at St. Mary's Parish in Fond du Lac. About 70 congregations of various denominations were represented by over 400 participants. This was sponsored by the Isidore Interfaith Organizing Board. Last year a group of about 200 convened at St. Boniface Church in Germantown and in 1986 it was initiated at St. Peters Church in Allenton.

Special guests in attendance were Archbishop of Milwaukee Rembert G. Weakland, Rev.

Kenneth Wheeler of the Evangelical Lutheran Church of America, Rev. Robert W. Horst of the Southeast Association Minister, U.C.C., Bishop William Stevens of the Episcopal Diocese of Fond du Lac, and Howard C. Richards, a member of the Governor's Cabinet.

The purpose of the gathering was to find ways in which the problems of rural people and urban dwellers (these problems are interrelated) can be alleviated - not only the symptoms, but the causes as well.

The 400 interested people were separated into 12 discussion groups to talk on the issues. The group in which I was assigned agreed that the immediate cause was political, originating in Washington. I tried to explain a deeper reason, a root cause, for these problems. The prime difficulty is the Federal Reserve's control of the circulation of money and credit in the United States. The Federal Reserve is not a Federal Agency - it is a corporation in which the International Bankers have THE controlling stock. This hasn't changed since 1913 when the Fed was formulated and when the Congress abdicated its power for issuing currency. It is the Fed who manipulates credit policy throughout this country as well as the rest of the world. Because these International Financiers control the money and create DEBT, they can control the U.N., governments, elections, other corporations, education and energy. They haven't quite controlled food because of the independence of the farmer. To control food, the farmer must first be controlled. The noose is being tightened though!

This is how! In the early 1970's real estate speculators bought farms and land at inflated prices. Land prices escalated. Farmers were rich on "paper." They were encouraged to expand, namely, by seeking loans to buy more land, more cows, bigger tractors and machinery and to build higher silos since the equity in the farm was artificially increased. In the early 1980's land prices dropped and so did the farmers' equity in their farms. Even though many farmers were regular with their loan payments, the lending institutions foreclosed because the outstanding loan balance was greater than the value of the farm. The farmers who survived this calamity now face a cost-price squeeze.

As for the urban folks, one man stated that the unions are being destroyed and he now works for \$4.00 per hour without benefits, which is not a

In loving memory of Sylvester Fellenz who passed away fourteen years ago, Feb. 6, 1974:

Behind the smile there's many a tear

For the one I lost and love so dear.

Others are taken yes I know,  
 But he was mine and I loved him so.

The tears I shed I can wipe away,

But the ache is my heart will always stay.

If tear drops could build a stairway & memories were a lane.

I would walk all the way to heaven & bring you back again.

Two suggestions did arise. One was to vote new people into office on the State and Federal level who will do something to solve these problems and not just talk and listen. The other was to educate the people about the origins of these problems, so that the problems can be dealt with honestly, quickly and effectively.

## 'Bowl for Kids '88' Benefit Planned For Big Brothers, Sisters of County

"Bowl for Kids '88", the fund raising benefit for Big Brothers and Big Sisters of Washington Co., is entering its final preparation stages. This year's event will take place on Sat., Feb. 27, at the Lighthouse Lanes, West Bend, and on Sun., Feb. 28, at the Lighthouse and at the Kettle Moraine Bowl in Slinger.

Original plans called for a 2 day event with an anticipated 126 teams participating, but due to the overwhelming response to date, additional times are being made to accommodate up to 144 teams (720 bowlers).

Proceeds from the fun-filled event will go to the Big Brothers and Big Sisters agency to assist in providing continued quality service in the county, and expand these services to the over 80 children on its waiting list awaiting adult volunteers.

According to the event planners, response has been excellent from throughout the county, especially from the

West Bend Educational system where over 40 teams have registered to participate.

Teams will consist of 5 bowlers who are asked to obtain pledges based on their highest game bowled the day of the event. Trophies will be awarded to the top teams in each of 15 divisions. Many prizes will be awarded to individual bowlers in a number of categories as well as the following prizes for the top pledge collectors: 1st prize - A Get-away Weekend for 2 at the Abbey in Lake Geneva; 2nd - Choice of a 20" color TV or VCR; 3rd - Choice of 10 speed Touring or Mountain Bike; 4th - Bowling Ball and Bag; and 3 more qualifiers will receive \$50 gift certificates to 1 of 3 Washington Co. fine dining restaurants.

Anyone interested in participating in this event, or would like to learn more about the Big Brothers and Big Sisters program can contact the Agency Mon. - Fri., between 9 and 12 and 1 and 4, at 334-7896.

## DNR Now Accepting Applications for YCC Summer Employment

The Department of Natural Resources is now accepting applications from young men and women, 15 to 19 years of age, to participate in salaried summer jobs at Youth Conservation Camps. Applications for the Youth Conservation Camp (YCC) program in Wisconsin are available at all Wisconsin high school guidance offices.

The camps, located near Manitowish Waters, Minong, Montello and Campbellsport, are operated by the Department to offer a summer work-learn experience in conservation.

Each camp holds two five-week sessions during the months of June, July and August. Campers are paid \$3.35 per hour. They are scheduled to work 32 hours each week - \$3.35 x 32 hours = \$107.20 salary a week. A room and board charge of \$30.50 per week will be deducted from the salary.

Work activities offered at the summer camps include projects related to forestry, fish management, wildlife and recreational use areas.

These young campers complete a wide variety of forestry, parks, fish and game habitat projects, and perform facility maintenance that otherwise could not be done locally if we relied solely on department employees. The camps provide an educational opportunity for participants because of the experiences and associations each youth will find in group work assignments, educational tours and presentations.

Youths interested in attending one of the YCC summer camps must apply by March 4, through their high school guidance counselor, or by writing directly to the Department of Natural Resources, Youth Conservation Camp Section, P.O. Box 7921, Madison, WI 53707.

Application forms and informational brochures are available at all Wisconsin high schools. The department will notify applicants in April or May whether they have been selected to attend one of the camps. There are 800 positions open at the four camps.

For more information contact: Ray Hendrikse - 608/266-6887.

## More Skis Stolen

A pair of downhill skis, valued at \$130, was stolen about 9:30 p.m. Wednesday, Jan. 27, from the outside of the lodge at Sunburst Ski Hill, Town of Kewaskum. A second pair of skis, worth \$125, was taken at about 6:20 p.m. Saturday from the lodge.

Three pairs of skis were also stolen last Friday at the Sunburst. No one was arrested in connection with the thefts.

## Offer Turkey Hunter Education Clinics

More than 60 Turkey Hunter Education Clinics are scheduled at 51 locations throughout Wisconsin during February and March. The free clinics are jointly sponsored by the Wisconsin Department of Natural Resources and the Wisconsin Wild Turkey Federation.

Hunters who attend the three- to four-hour clinics will learn how to hunt wild turkeys in a safe, ethical and successful manner, and receive a Wisconsin Turkey Hunter Education Guide. Advanced reservations are not required to attend these free clinics.

Turkey hunting in Wisconsin is allowed by permit only. The Department of Natural Resources received more than 20,000 applicants for the 11,140 turkey permits available for the 1988 season, which consists of the four hunting periods April 20-24, April 27 - May 1, May 4-8, and May 11-15.

Following is a list of the clinics' times, locations and dates in our southeastern area of the state:

## Rock River Oldtimers Set Events for 1988

How much activity can an old timer hack in one year?

In the case of Oldtimer Association members of the Rock River Baseball League, the four dates lined up for them in '88 are intended to be enjoyable but not too strenuous.

The 1988 card starts out with the annual business meeting at Dodge Center, Horicon, on Saturday afternoon, April 9, during which another six members will be nominated for the league's Hall of Fame ballot to be circulated in May.

Next, in the first of three fun times, Oldtimer members, their families and friends join in Rock River League Night at Milwaukee County Stadium when the Brewers tackle the Texas Rangers on Friday, July 22.

Late in August or early September, Oldtimers accompanied by wives or companions will be guests at yet another annual clambake, a Rock River League playoff outing.

Finally, their 9th Hall of Fame Dinner for members and families is set for Saturday night, October 1, at Mayville's sporty golf club.

## Three Finalists at Sheboygan North Invite; Castro Champion

Dave Kuphal, Kewaskum, locking in a cradle on his opponent at the Sheboygan North Invitational on Saturday, January 23.

The Kewaskum matmen had three finalists at the Sheboygan North Raider Invitational. The finalists were Ron Leinen at 185, Dennis Aupperle at HWT and the only finalist to finish first, Bob Castro at 112.

Ron Leinen had a bye the first round and pinned his man in the second round, taking him to the finals against Pat Gottsucker of Sheboygan North. Although Leinen lost the bout, 9-4, he managed to get Gottsucker on his back during the second period, almost pinning him.

Dennis Aupperle also had a bye the first round and defeated Chad Summer of Sheboygan North 7-1 sending him to the finals. Aupperle met with John Buhmann of West Allis Central who was 20-0 going into the tournament. Aupperle wined up losing 3-0. However, two of the points were due to penalties.

The last finalist, Bob Castro, pinned his first two opponents within the first period. In the finals Castro defeated Larry Segoriu of Sheboygan North

12-2 to take the tournament at 112.

Other placers were Dan Heisdorf who placed third at 132 who pinned Tim Knecht in the first round, was decisioned 6-3 by Chad Luttrell from West Allis in the second, and won by default in the third.

Dave Kuphal and Noel Stradtman finished fourth, both winning their first match and losing the next two.

The other finishers were Jeff Sabish and Chris Charland both placing sixth.

## Ripon Redmen on Winning Streak

The Ripon College men's basketball extended its winning streak to six games, longest of the season, with a pair of wins last weekend on the road in Iowa. The Redmen edged Coe College 82-75 and blasted Grinnell College 88-61. The two victories raised the Redmen season record to 12-3, 4-1 in conference. With the two wins Ripon moves to a one-half game lead over Beloit College (Wisconsin) in the Midwest Collegiate Athletic Conference northern division.

At Coe on Friday night, January 22, the Redmen streaked to a 22-10 lead on the strength of a hustling defense. Ripon never looked back as they defeated the host Kohawks 82-75. The win at Coe was extremely important for Ripon because the Kohawks were rated as one of the pre-season favorites in the southern division.

Team leaders for the Redmen included Tyrone Kleinahns (Kewaskum), 28 points. According to Ripon head coach Bob Gillespie, "There were three keys to the game: One, the 28 point explosion by Kleinahns. Tyrone scored from the inside, outside, and I think he could have even scored from upside down. Two, freshman center Dan Davis had his best game of the season, scoring 13 points and pulling down nine rebounds. Three, Steve Ortega had another great all-around game."

At Grinnell on Saturday, Jan. 23, the Redmen ran to a 37-27 halftime lead, scored the first seven points of the second half, and coasted to an easy 88-61 lead.

Team leaders for the Redmen

in the game against Grinnell included Kleinahns, 12 points.

Kleinahns is the son of James and Penelope Kleinahns, Kewaskum, and a graduate of Deerfield High School.

## Howes To Join Snowmobile Tour

The MS 500, the only snowmobile tour of its kind, is celebrating its fifth anniversary, and Milton & Linda Howe of West Bend will be in Cable, Wisconsin, to join the party. The tour is sponsored by the Wisconsin National Multiple Sclerosis Society and R.L. Ryerson Company, distributors of Polaris snowmobiles.

The MS 500 is a unique snowmobile tour that combines all the finest aspects of the sport, while giving riders a chance to contribute to a very worthy cause. In 1988 the MS 500 will involve over 200 snowmobilers from throughout the Midwest riding 250 miles in Wisconsin's beautiful Northwoods to help fight multiple sclerosis. Each rider will raise a minimum of \$500 in pledges and top fundraisers will qualify for a variety of awards including 1989 Polaris Indy Trail and Indy Sport snowmobiles.

## Indian Girls Battle Tigers for Victory

by Michele Wiedmeyer

A game at Chilton always seems to be indicative of tough physical play, and although the girls came away with a few bumps and bruises, they also brought home a big 50-18 Kewaskum victory.

The Indians, who dominated the entire game both offensively and defensively, held the Tigers to just 6 of 37 field goals, shooting a low 16 percent. The Indians on the other hand shot well, converting on 48 percent of their attempted 46 shots.

Kewaskum opened up a lead early in the game due in part to good shooting from Brenda Theusch and Pam Osterbrink and tough team defense at the other end of the court. The Indians found themselves with a 16-6 lead after one quarter of action and widened the gap to 26-8 at halftime.

The Tigers came out with two quick baskets in the third quarter, forcing the Indians to call a time out, but Kewaskum regrouped and Chilton faced a 21-point deficit at the end of the third.

Good shooting from Debbie

Rommel and Ann-Marie Horner off the bench helped Kewaskum outscore their opponent 15-4 in the fourth for the final 50-18 win.

Top scorers for Kewaskum included Brenda Theusch with 16 points and Pam Osterbrink with 9. Theusch also added 5 assists and 5 steals and handled the ball well against Chilton's full-court pressure.

Osterbrink led both teams in rebounding with 11, while Debbie Felix pulled down 9. Jenny Schneider, along with 5 steals and 5 assists, was credited for good hustle and scrappy play on defense.

This is Kewaskum's fifth consecutive win and brings their record to 4-3 conference and 9-4 overall.

Coach Amundson's JV team was also victorious due to a good second half from his girls for a 34-30 win over the Tigers. Amundson praised the efforts of Kristi Lubahn, who added 12 points and controlled the ball well. Cindy Donath and Sandy Stollenwerk each added 8 points toward the win.

They move to 3-4 conference, 3-10 overall.

## Kewaskum Girls Fall to Conference-Leading Raiders

by Michele Wiedmeyer

The Two Rivers Raiders remained unbeaten in conference Tuesday night by defeating the Kewaskum girl's basketball team, posting a 53-34 victory. Shooting percentage was the difference between the two teams, with the Raiders hitting on 57 percent of their 46 attempted shots, while the Indians could only convert on 14 of 48 shots for a low 29 percent.

Two Rivers came out strong in the first quarter, jumping out to an early 10-0 lead while holding the Indians to a single basket with good full-court pressure. The Raider's offensive drive was led by Caroline Laurin, who scored four quick baskets to help put the Raiders on top, 14-2, after the first. Kewaskum continued to struggle from the field in the second period, scoring only two field goals while giving up 13 Raider points. Laurin's hot hand continued, hitting three more baskets to give Two Rivers a 27-10 lead at halftime.

Kewaskum came out and played with much more intensity in the third and was able to cut the Raider's lead to 10 points, 25-35, behind the efforts of Jenny Schneider, Brenda Theusch and Pam Osterbrink. The Indians outscored the Raiders 15-12 in

this quarter, but good shooting from the Two Rivers bench in the fourth enabled the Raiders to maintain their sizeable lead.

Brenda Theusch was Kewaskum's top scorer with 10 points, with Jenny Schneider adding eight. Caroline Laurin of the Raiders led both teams with 18.

Other scorers for Kewaskum include Debbie Felix and Pam Osterbrink, both having six points. Felix led both teams in rebounds with six and came up with two steals.

The Indians move to a 4-4 conference mark, 9-5 overall.

The JV team was also defeated by the Raiders, 36-49. Kristi Lubahn led the team with 16 points while Tina Weddig chipped in 10. They fall to 3-5 conference, 3-11 overall.

Although it was a much better effort than their first meeting, the frosh were also beaten by Two Rivers, 35-55. Amy Chesak and Kelly Rohlinger led the team with eight and seven points, respectively. This moves them to a 7-4 overall mark.

# Indian Cagers Improving, But Panthers Overpower Indians, 78-65

## Fall to State-Rated Two Rivers

The Kewaskum Indian boy's basketball team has been showing great improvement as of late, as evidenced in a 91-72 loss to a highly regarded Two Rivers team. Although the 19 point loss may seem like a blowout, this game was closer than the score indicates, and very satisfying to the Indians after having been blown out 112-46, earlier this year by the Raiders, who are ranked 16th in the state for Class A schools.

"We played real well," Coach Dale Schatz said after the game. "They put a run on us in the beginning, but after that, I thought we played them on even terms."

But put on a run, they did. Two Rivers opened the game with a 9-0 run and, after an Indian timeout, added another three-point shot by Cory Jansky to widen the gap to 12-0. The thing that made this run so significant is that the Indians didn't even get off a shot until the score was 12-0. The Two Rivers press was giving the Indians problems bringing the ball up the court. The Indians had a total of 15 turnovers in the game, compared to the Raider's 3.

The Indians, however, did get on track. Rob Baitinger canned three hoops, including a three-pointer, to get his team going. The Indians wound up hitting 6 out of 10 shots in the first period, but still found themselves trailing, 28-15.

In the second quarter the Indians found themselves in an uphill struggle, but began chipping away at the Raider lead. They cut the lead down to 38-30 with about two minutes left in the half. Two Rivers, however, got a couple of steals by Doug Szopinski and some easy baskets to build their lead back to 12. A Jeremy Karmen laying off an offensive rebound, at the buzzer gave the Raiders a 49-35 lead at the half.

"They had a couple of easy shots at the buzzer in both the first and second quarters," Schatz commented. "Those two buckets really hurt us."

Both teams came out hot in the third quarter. Two Rivers hit two three-pointers and another basket to up their lead. But the Indian's big men, Ted Anderson and Joel Fleury went to work in the third quarter, scoring 14 of the Indian's 20 points. The Indians cut the lead down to 10, at 57-47, at one point, but another Raider run upped the Raider lead to 17, at 72-55, at the end of three quarters of play.

The Indian offense seemed to stall in the fourth period, as the Raiders switched to a zone defense. The offense, a new 2-1-2 system, seemed to have helped the Indians as they had their highest scoring output since the Slinger victory early this season. But the Indians couldn't muster up enough

offense to overcome the potent Two Rivers attack. The Raiders substituted freely at the end, as did the Indians.

The Indian's shooting was greatly improved against the Raiders. Kewaskum made 29 out of 56 field goal attempts for a 52 percent field goal percentage, while Two Rivers made 33 out of 79 attempts, for a 41% clip. At the line, Two Rivers was 21 out of 34 for 62%, while the Indians made 10 out of 15 attempts for 67%.

Fleury led the Indians with 18 points and 9 rebounds as he seemed to come out of a personal scoring slump. Baitinger added 17 points to go along with 7 assists. Mike Struebing also played well, scoring 11.

"Mike probably had his best game of the year for us," Schatz added. "He played real well."

For Two Rivers, Steve Stangel led four Raiders in double figures, with 21 points. Karman also added 19, most coming off the offensive boards, where the Indians must improve after getting beat 14-3 on offensive rebounds.

### KEWASKUM LAKES TO HOST CEDARBURG SUNDAY

The Kewaskum Lakes team will resume action this Sunday, hosting first-place Cedarburg at 7:00 p.m. Kewaskum's game at Thiensville-Mequon Saturday was postponed because the Twins couldn't get the gym. It will be played March 20.

In games played this weekend, Cedarburg edged Oconomowoc 139-134, on Saturday, while the Sunday Menomonee Falls downed Port Washington also by a close margin, 137-129.

The Indians found themselves in another tough struggle with a good team last Friday night. The Indians played well, but cold shooting streaks continued to plague them, as they lost to Plymouth by a score of 78-65.

Kewaskum did, however, rid themselves of one old remises of theirs, a slow start. The Indians played even with the Panthers in the first quarter and, although they were still down by six, at 24-18, at the end of the quarter, being that close at the end of the first period is not something that the Indians have been familiar with this season.

"We played well in the first half," Indian head coach Dale Schatz said after the game. "It was a change to have a decent start so I thought we had a good chance to win."

Kewaskum stayed even with the Panthers the rest of the half and only found themselves down by five, 40-35, at halftime. Balanced scoring was one key that helped the Indians stay close, as ten different Indian cagers contributed to the scoring punch.

Plymouth took control of the game in the third period, however. Panther Joel Schumacher sparked his team as he scored 10 points in the frame as Plymouth widened their lead to 61-49 after three quarters of play. The Indians had, in fact, the Panther lead down to 40-38 at one point in the period, but the rest of the quarter belonged to the Panthers as they outscored Kewaskum 21-11 to take a commanding lead.

The Indians switched defenses in the fourth quarter, to a 2-2 zone with one man chasing the ball. Although the chaser forced a couple of turnovers in the period, it was not enough, as the Indian offense struggled and they fell to their 11th straight defeat after opening the season with two victories.

The Indians shot well, except for a few stretches where the shots just wouldn't fall, and wound up 26 of 64 from the field for about 40%, while the Panthers hit on 41% of their shots, making 31 of 75 attempts. Both teams struggled at the line where Plymouth hit only 15 of 30 for 50% and Kewaskum hit just a bit better at 52% on 12 of 23 shooting.

Schumacher led the Panthers, winding up with 22 points and three steals while Andy Nitschke added 14 points and six rebounds. Both teams ended up with 16 defensive rebounds, but Plymouth outboarded Kewaskum 15-6 on the offensive end.

For Kewaskum, Joel Fleury led the way with 16 points and

nine rebounds, and Ted Anderson also added 12 points. Turnovers also played a key part in the game, as the Indians had 19 turnovers compared to 13 by Plymouth.

Kewaskum, now 2-11, 0-9 in conference, travels to New Holstein this Friday, and then to West Bend West, Tuesday. The next home game for the Indians will be Fri., Feb. 12 when they host Kiel.

The play of Ted Anderson has been one of the few bright spots for the Kewaskum Indians this year. Shown here in a game earlier this year, Anderson has worked hard and earned himself a starting spot on the team. A consistent rebounder and hustler, Ted has proved to be one of the most improved players on the team.
