## Engelhardt to Present Programs On Alcohol, Drug Abuse at Kewaskum

"The way we use alcohol and other drugs in this country takes the edge off excellence - in academics, athletics and personal achievement. The misuse and abuse of these chemicals is counter productive to anyone who wants to get the best out of their body and mind," remarks Chuck Engelhardt, a nationally recognized speaker on the subject of chemical dependency. On Monday, Feb. 15, Engelhardt will spend the day visiting Kewaskum Schools, talking with teachers, students (with a special session for athletes), Student Assistance Program members, parents and the community.

His presentation takes a positive approach to understanding the dynamics of alcohol and other drug abuse,

and will focus on the current status of abuse and how society is being manipulated in an increasingly chemically dependent world.

Speaking to over 100,000 students a year, ranging from elementary school children to college students; Engelhardt talks about making responsible decisions, setting standards for other students and seeking help if they need it. He works closely with schools, businesses, churches, and industry in establishing and promoting Student Assistance Programs (SAP), Employee Assistance Programs (EAP) and check program development and training. He has received numerous community service awards for his work with young people. Chuck has taught for the

University of Wisconsin - Extension on topics in chemical dependency, and served 18 years in industrial supervision prior to his 18-year involvement in the chemical dependency field.

Parents concerned about their teenager's school performance as it relates to PARTYING and PEER PRESSURE, or the high number of traffic fatalities due to alcohol and drugs, or the kind of information their child is receiving about alcohol and other drugs, or the prevalence of chemical use in today's society, should see and hear Chuck Engelhardt speak at the Kewaskum High School, Monday, Feb. 15th at 7 p.m. Sponsored by the Kewaskum

## Primary Election Tuesday Five Vying for New Washington County Judgeship Position

### Three Competing in Supervisory Race

By GERRY MUELLER  
Statesman Staff Writer

Five West Bend area lawyers comprise the field of candidates who are trying to win the newly created Circuit Court judgeship position in Washington County. Of the five running in the February 16th primary, four are public officials.

The new judgeship is one of several created by the State Legislature last year in an effort to ease overcrowded court schedules. The new court will go into operation in August.

The larger field of candidates is the partial result of the fact that it is the first time in several years in the county that a judicial seat has been open without an incumbent running.

Six men originally announced their candidacy, however, after seeing the large field and having difficulty raising campaign funds, Washington County District Attorney David Resheske decided to withdraw from the race.

The candidates include,

Robert Deters, Patrick Faragher, Henry Renard, and Leo Schlaefer of West Bend, and Roland Pieper of Germantown.

Deters is the Washington County Public Defender, Faragher is County Corporation Counsel, Renard is Family Court Commissioner and Pieper is President of the Germantown School Board. Schlaefer has a private law practice.

The Circuit Court Judge's position is a six-year term with an annual salary of \$65,000.

The other competition on the Washington County primary ballot is for the District Eleven supervisor's post of the Washington County Board. Incumbent Hilbert Schuenemann is being challenged by Francis Mayer who made a previous bid for the seat in the 1986 election in which Schuenemann won defeating then incumbent Norbert Dettmann, and newcomer Roy Peterson a newcomer to the political arena.

## Beechwood First Responders Receive Van

The Beechwood Fire Department's First Responders are the recipients of a van donated by GTE Corporation. The van was renovated for the Responder's use with funds donated by the Beechwood Fire Department Auxiliary. Shown, left to right: First Responder Captain Mark Muench, Fire Chief Neal Vetter and Jean Krahn, Auxiliary, were on hand when Auxiliary President Sue Buechel presented BFD President Floyd Klug with a check for \$1,000 to purchase a Scott Air Pak. The auxiliary donated \$2,500 toward the van renovation.

The "Beechwood First Responders" group is the proud owner of its own rescue vehicle. Through the efforts of two GTE employees, Glen Hartmann and James Buechel, GTE Corporation donated a van which has been refurbished and equipped for use by the Responders.

Funds for the van's renovation have been donated by the

Beechwood Fire Department Auxiliary. To date, the auxiliary has donated \$2,500 toward the van's restoration, \$1,250 to the department for the purchase of a Cascade System used to refill air tankers, and \$1,000 to be used for the purchase of a Scott Air Pak.

The money was raised through the auxiliary's various fundraisers including its benefit auction.

On behalf of the Beechwood

Fire Department and the First Responders, the officers wish to thank the auxiliary for their continuous support and donations.

The department is also looking forward to celebrating its 75th anniversary this year. The festivities will include a three-day picnic, June 24, 25, and 26. The theme for their celebration will be "People, Pride, and Progress" which is

## Postal Service to Adjust Window Service Hours Here

After a month long analysis of consumer needs for retail window services at Kewaskum Post Office, postal officials will be adjusting the retail hours to reduce costs as required by the Omnibus Budget Reconciliation Act signed into federal law on December 22, 1987.

The new schedules in Kewaskum will go into effect on Saturday, February 13, and will be posted in the public lobby.

Window service hours at Kewaskum are:

Monday 8:30 - 1:00 and 3:00 - 5:00; Tuesday 8:30 - 1:00 and 3:00 - 5:00; Wednesday 8:30 - 1:00 (Closed in the afternoon); Thursday 8:30 - 1:00 and 3:00 - 5:00; Friday 8:30 - 1:00 and 3:00 - 5:00; Saturday 8:30 - 10:30 a.m. (same); Sunday Closed.

Please call 626-2575 for information on purchasing postage by mail, our on-site meter resetting program, self-service locations and post offices in the area that offer other hours of service.

"The schedule adjustments of window operations will have

no effect on the Monday - through - Saturday delivery of mail," announced Postmaster Frank Beesten of Kewaskum, U.S. Postal Service. "In addition, Express Mail and special delivery will be processed and delivered without impact on present service."

"Within the budget constraints, it is our customer-oriented, corporate goal to adjust hours on the basis of customer needs, not operational conveniences," Beesten said.

The determination to adjust window hours was based on research indicating the type of transaction and the number of postal customers using services available only through a retail window.

Besides customer traffic, geographic location of postal facilities was studied to ensure that customers would not be overly inconvenienced by the new hours.

"We want to remind customers that they can buy postage from self-service stamp

# School Board Sets Guidelines For Next Year's Budget

By GERRY MUELLER  
Statesman Staff Writer

Perry Ankerson told fellow Kewaskum School Board members Monday night he was not proposing a budget but rather that the board take a stand and adhere to it.

Ankerson's recommendation was to set guidelines which would provide some direction for the administration's development of next year's budget. He felt the board should make some decisions as to what levels the district should maintain its Fund Equity and expenditures.

Ankerson, in an effort to establish some reference points, asked Business Manager Cherna Gorder if she could estimate how closely this year's actual figures may be in relation to the 1987-88 budget. She indicated expenditures could be anywhere from \$100,000 more to \$100,000 less, but even that would be just a guess at the present time since contracts with both the teachers and support staff unions have not been settled yet.

District Administrator Penny Kleinhans noted that the board had made it a little more difficult. "In the past I have set some limits for the staff," she said. "This year the board has directed that they want to review each principal's budget building by building." She also noted that if contracts with the two unions had been settled, it would be easier to provide the board with answers to some of the questions Ankerson was asking.

Board member Ruth Schmitt questioned whether there would be any dramatic increases or decreases in funding. Kleinhans indicated that currently the district's student enrollment is down by 34 pupils as compared to last year. Gorder calculated that, at about \$1,707 per student in state aids, it would mean a decrease in state funding of approximately

\$58,000.

Schmitt said she could not see why the board could not set some percentage goal. "I think we're in agreement that everybody has to have some financial framework."

Board member Clara Trapp asked, "If we set a goal and they change things in Madison, then what happens?" "Then we change our goals" said Ankerson.

Ankerson moved that the board set expenditures not to exceed 4% over the 1987-88 budget of \$6,691,000 to \$7,239,440 for 1988-89, and that the district maintain its fund equity level at 16% or \$1,115,000. The motion was unanimously passed 7-0.

In hearing first readings on new policies and revisions, Ankerson questioned why Policy 8130 on standing committees was being amended to exclude the board president from the Negotiations Committee. "My impression was that the reason for the president being on that committee was that it handled the great majority of all people issues concerned with this district." He also noted the president's accessibility to legal advice was also a factor.

"We are continuing to write policies to fit the board" said Ankerson. "I will be turning my policy book in tonight" said Ankerson. His reasoning being that since the board did not choose to follow the procedures set down in it, there was no longer any reason to keep it. After the meeting he handed the book in to the recording secretary.

The board also heard a new policy on banning smoking on and in all school district property. The policy would apply to students as well as all staff and visitors.

After some discussion the feeling seemed to be that the policy had little in the way of teeth to enforce it. Board

member Ron Theusch asked, "Where are the consequences of violating this policy dealt with?"

Board member Ron Beimborn felt the principals could deal with this themselves. "The board has been told so many times, adopt a policy and let the administration carry it out and that's just what we're doing."

Ankerson asked if the teachers and support staff had seen the policy since it would also affect them. Kleinhans said the policy had been posted on notice boards. She said there had also been a staff survey seeking some input, with no response. The policy was also taken to the Negotiations meeting last week. "The teachers have chosen only to talk about it at the negotiations table" said Kleinhans. "Is this considered a negotiable item?" asked Ankerson. "They (the teachers) do, we have made it clear we do not" said Kleinhans.

Schmitt, who chairs the Policy Committee, indicated she welcomed any and all input in adopting a workable policy and that this presentation was at least a starting point.

The board also heard and saw a slide presentation by a representative of the Milwaukee Boys and Girls Clubs Camp Whitcomb near Hartland which runs environmental study programs for schools.

Diane Stangl and Dennis Reha asked the board to approve an outdoor environmental program for sixth grade students beginning next year. The program would consist of a one-day workshop type session with students staying overnight at Camp Whitcomb. The students would participate in seven to eight varied programs revolving around nature and outdoor studies.

The cost would be \$17 per student which includes three meals, use of all the camp's facilities and equipment and the services of the camp's Environmental Education Specialist. The request was approved 6-1, with Trapp voting no.

The board approved the request of Buildings

Superintendent Fred Boehlke to complete a door lock replacement project at Kewaskum Elementary School. The work will go to low bidder R.H. Seifert Company at a cost of \$1,344.

The board also approved a request to replace four outside doors at the school at a cost of \$4,870.

The board approved the purchase of a used Chevrolet station wagon from Honeck Chevrolet at a cost of \$7,700. The vehicle will replace a 1975 station wagon which is in need of extensive repairs.

Boehlke also informed the board about a new EPA asbestos act passed by the federal government last fall. AHERA (the Asbestos Hazard Emergency Response Act) requires all local education agencies to identify asbestos containing materials in their buildings and take appropriate action to control the release of asbestos fibers. School boards are required to appoint a program manager to see that the AHERA requirements are met and adhered to.

Boehlke noted the program is quite involved and could be done by an outside company at a considerable cost. However, he could attend two management and inspections courses to receive certification which would allow him to accomplish the same thing at a considerably smaller cost to the district. He noted Kewaskum, along with other school districts, has been working with CESA 6, to get this program under way.

Kleinhans recommended Boehlke be appointed program manager since he has been working with the district's asbestos program for the past two years. "I think there's a smarter program manager around" said Trapp. Shocked at Trapp's comment, Ankerson said, "I think that is a totally inappropriate statement." He felt such a statement should be censured.

"All I'm doing is coordinating the whole

program" said Boehlke. On a 4-2 vote, the board voted to approve Boehlke's appointment. Trapp and Beimborn voted no.

Kleinhans updated the board on the January student enrollment count. Wayne Elementary has 113 students, down 14 from last year, Kewaskum 348, up 23, Farmington 258 up 5, KMS 377 down 2, and the high school 619 down 22, as compared to last year.

The board approved the hiring of Carol Zoerb as a 50% time Gifted and Talented Program Coordinator and Dennis Reha as Middle School Girls Basketball coach.

## Booster Club Sponsoring Lakeshore Symphonic Band Concert Feb. 14

Give your Sweetheart, or the whole family a musical Valentine. Bring them to Rose Hall for a Lakeshore Symphonic Band Sweetheart Concert on Sunday, February 14, at 2:00 p.m.

The Band, directed by Albert

Asch, is made up of volunteer members from Washington, Ozaukee, and Milwaukee Counties. They will play a variety of 'pops' music to delight Valentines from 8 to 80.

All proceeds from concerts by the band go to the high school band program. Since this will be the Lakeshore Symphonic Band's 4th appearance in Rose Hall, they have raised nearly

\$1,000 for our high school program.

This year all proceeds will go to the Band Uniform Fund. Come and enjoy a great concert and help the uniform fund reach its goal at the same time.

Tickets are \$2 for adults, \$1 for senior citizens and students, and \$5 for a family. Tickets are on sale at the high school, from band members or Booster Club members.

Be a booster and a sweetheart on Sunday, February 14 at 2:00 p.m. in Rose Hall. Goodies will be served.

# National Vocation Education Week at KHS

High School Child Development class working as a day care

Students working in a drafting class

They hold jobs in Wisconsin's offices, retail stores, manufacturing plants and agribusiness companies. They are the 60 percent of high school graduates who go directly into the work force upon or before completion of high school; and directly related to their success in the work world are the vocational programs they receive in high school.

Education for employment is the chief aim of secondary vocational education in Wisconsin, a mission which the state's 4,500 high school vocational teachers are working hard to fulfill. It is based on the concept that every student must prepare to be a wage earner and that development of job skills encompasses not only vocational education courses but proficiency in the basic high school curriculum.

In secondary vocational education, students have an opportunity to participate in an occupational preparation program which includes preparatory courses that often conclude with cooperative work experience in a particular occupation. Of those who complete occupational programs, 31 percent are employed after high school graduation in a field relating to their training, another 27 percent are pursuing additional education, and three percent are not employed.

Kewaskum high school vocational programs are centered around four areas of study. They are:

#### Agribusiness

Current-day high school agricultural classes are not just about cows and plows; instead,

they focus on the importance of sound business management in farming and are organized around agribusiness, agriscience technology, and biotechnology. Research and computers are an integral part of most high school ag programs.

#### Business Education

Students in business education classes are learning much more than typing. Information processing, accounting, record keeping, personal finance and business education are all part of the high school business curriculum. Students have the opportunity to participate in an occupational preparation program which often gives them a chance for on-the-job training in the community.

#### Home Economics

The family is the focus of modern home economics classes with consumer education, which includes units on home rental and buying, credit, banking, insurance and income taxes, an important part of the curriculum. Students learn about the needs of the elderly, handicapped, and the special needs of drug and alcohol abusers in units on family and community services.

#### Technology Education

What used to be known as industrial arts is now called technology education. In communication classes students learn how to change information into messages that can be transmitted such as photography, printing, drafting,

video production, and electronics. Students taking manufacturing classes learn about the properties of plastics, metal, composites, and earth material types and sources of energy and power, while

construction classes often use manufactured goods and materials to build structures on site.

## Moraine Park Celebrates Vocational Education Week

Moraine Park Technical College celebrates National Vocational Education Week Feb. 8-13 with a week-long schedule of events. This year's theme, "The Competitive Edge," highlights the competitive nature of today's technical labor market and the marketable job skills offered in vocational-technical education.

Almost 16 million Americans are enrolled in public vocational education programs. In all, 26,000 educational institutions, both private and public at the secondary and post-secondary levels, prepare 2 million workers each year for the marketplace. More than 6 million vocational students take classes in post-secondary programs such as those at Moraine Park.

On Feb. 8, a breakfast on the Fond du Lac campus kicked off Vocational Education Week. The breakfast and other Voc Ed Week events are sponsored by the Moraine Park Vocational Association.

On Feb. 9, MPVA's parent organization, the Wisconsin Vocational Association (WVA), sponsored its annual Legislative Seminar at the Edgewater Hotel in Madison. This year, the keynote speakers were Nino

Amato, president of Forward Wisconsin, and Carl Weigel, chairman of the VTAE Study Commission. Approximately 30 Moraine Park staff attended the seminar. Earlier that day, they hosted a continental breakfast for Moraine Park VTAE District legislators to discuss issues related to vocational education.

On Feb. 10, MPVA hosted a breakfast at Moraine Park's West Bend campus. That evening, the annual appreciation dinner for the school's advisory committees took place at the Fond du Lac campus. Capping off the week is a Valentine's dinner dance for the staff being held this year at the Colony in Fond du Lac.

We like to receive all your news, but PLEASE send in neat, legible copy. We can't print it if we can't read it.

## Wisconsin Supreme Court Justice Shirley S. Abrahamson to Speak at UWVC Feb. 18

The first and only woman to serve on the Wisconsin Supreme Court will speak here Feb. 18 at the University of Wisconsin Center - Washington County.

Shirley S. Abrahamson, who was appointed to the court in 1976, will talk on Federalism and the First Amendment to the U.S. Constitution. The public is invited to attend her presentation in Main 201. Admission is free.

After being named to the court by Gov. Patrick J. Lucey, to fill the vacancy created by the death of Chief Justice Horace W. Wilkie, Abrahamson was elected to a 10-year term in 1979. She carried every county in Wisconsin except one.

Also in February, she will be part of a symposium on the Constitution convened by four former first ladies: Rosalynn Carter, Betty Ford, Lady Bird Johnson and Pat Nixon. The event is entitled "Women and The Constitution: A Bicentennial Perspective."

Abrahamson has won

recognition in the areas of communication and international justice.

In 1987, she received the National Headliner award by Women in Communications, Inc. That same year, she won the Thomas Jefferson Award from Texas Tech University, the Texas Association of Broadcasters and the Texas Press Association.

The Milwaukee Chapter of the Society of Professional Journalists gave her the Freedom of Information Award in 1982. In 1976, the Madison Press Club dubbed her Newsmaker of 1976 and she was named Woman of Distinction by the Wisconsin State Journal.

On the international scene, Chief Justice William H. Rehnquist of the U.S. Supreme Court has appointed her to a

Kewaskum Statesman, Friday, Feb. 12, 1988, Page 7

committee to plan and conduct the Fifth International Appellate Judges Conference of 1989-90 and also appointed her as one of two U.S. representatives to the 1987 conference.

Abrahamson has been on the faculty of the University of Wisconsin Law School and practiced law in Madison for 14 years. She earned her S.J.D. degree in American legal history from the UW Law School in 1962, a J.D. with high distinction from Indiana University in 1956 and an A.B. magna cum laude from New York University in 1953.

Justice Abrahamson and her husband, Seymour, a professor of zoology and genetics at the UW-Madison, have been married 34 years and have one son, Daniel.

**FACSIMILE BALLOT NOTICE OF  
SPRING PRIMARY ELECTION  
FEBRUARY 16, 1988**

OFFICE OF THE WASHINGTON COUNTY CLERK  
TO THE ELECTORS OF WASHINGTON COUNTY:

Notice is hereby given of a spring primary election to be held in the several wards in the County of Washington, on the 16th day of February, 1988, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office, each in its proper column, together with the questions submitted to a vote, for a county referendum, if any, in the sample ballot below.

**INFORMATION TO ELECTORS**

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth or machine and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

At the nonpartisan primary, the elector shall make a punch or a hole or depress the lever, at the right of the candidate's name for each office for whom he or she intends to vote, or, write in the name of the candidate of his or her choice on the ballot envelope or in the space provided.

On referendum questions, the elector shall make a punch or a hole at the right of "yes," or depress the lever, if in favor of the question, or the elector shall make a punch or a hole at the right of "no," or depress the lever, if opposed to the question.

The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initiated by two inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. Not more than five minutes time shall be allowed inside a voting booth or machine. Unofficial ballots or a memorandum to assist the elector in punching or marking his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

After an official ballot is punched, it shall be inserted in the envelope provided so the punches do not show. After casting his or her vote, the elector shall leave the booth or machine, deposit the envelope containing his or her ballot in the ballot box, or deliver the envelope to an inspector for deposit, and shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.

Two area students are among College of Agricultural and Life Sciences students recognized for outstanding scholastic performance during the past semester at the University of Wisconsin Madison. Only full-time students with "B" or better are eligible for recognition on the "dean's list."  
George Sledge, associate dean and director of academic student affairs, says that last semester some 2,270 undergraduates were enrolled in the college's 22 departments. They selected from five curricular options which stress either business and industry, natural resources, natural science, production and technology, or social science.  
The students are: Mona Marie Anderson, wildlife ecology, 8183 Broadview Lane, Kewaskum.  
Terry Lee Koth, construction administration, 9204 Hwy. 144, Kewaskum.

**Winter Nature Hike  
To Be Held in County**

A winter nature hike will be held for the public at Glacier Hills County Park on Sunday, February 21, at 1:30 p.m. The public is urged to dress appropriately for walking a hilly, snowy terrain.  
Co-sponsored by the cooperative efforts of Kettle Moraine Audubon Society and the Washington County Land Use and Park Department, the hike will be led by naturalists and will begin at the Nature Center Building near the main parking lot and hall.  
To reach Glacier Hills County Park, take Hwy. 167 (Holy Hill Road) west toward Holy Hill until Friess Lake Road, turn south and travel approximately one quarter mile to the park entrance on the east side.

RIPON, WI; February 3 - Three area scholars are among honored students named to the Dean's List of Ripon College for the first semester of the 1987-88 academic year. They are:  
Doreen Jacobs, a senior, the daughter of Roger and Darlin Jacobs, 9585 Townline Road, Kewaskum. She attended Kewaskum High School.

## Quad/Graphics' Expansion To Hartford to Be Finalized

On March 15, 1988 at Zivko's Ballroom in Hartford, WI., Harry V. Quadracci will formalize Quad/Graphics Inc.'s relationship with the Hartford Area Development Corporation and the City of Hartford.

This event, capping over 9 months of work between the not-for-profit Hartford Area Development Corporation, the City of Hartford and Quad/Graphics, will take place at Hartford's Annual Chamber of Commerce Dinner.

Quadracci, HADC President Don Lieven, and Mayor Dean Kirley will sign two documents formalizing Quad/Graphics' expansion to Hartford. The event is open to the public and includes dinner and entertainment.

The event is significant not only to Hartford, but also to the State of Wisconsin. Quad/

Graphic's commitment to Hartford and Wisconsin symbolizes that economic development begins and ends on the local level, with the private and public sectors working together for the mutual benefit of both.

For more information, contact Peter X. Engel, Executive Director at 673-7009 or 673-7002.

## Lomira Church Damaged by Fire

St. Mary's Catholic Church of Lomira was ravaged by fire Monday morning, Feb. 1, which left the interior of the 79 year old brick building heavily damaged. Estimates totaling \$500,000 include replacement of the organ, altar, tabernacle, stained glass windows, pews and renovations.

Fire departments responding to the call included Lomira, Brownsville, Campbellsport, Theresa and Knowles. One firefighter was treated at St. Agnes Hospital, Fond du Lac, for smoke inhalation and later released.

Parishioners, congregations of neighboring churches, and businesses have been generous in offering assistance to St. Mary's. Masses were held for the 375 families of the church on Saturday, Feb. 6 at 5 p.m. and Sunday, Feb. 7 at 8 and 10 a.m. in the basement of the parish school.

"The community has been very helpful and willing to offer and do whatever is necessary," said the Rev. Steve Stradinger, church pastor. "The sooner we get on with the repairs and healing, the better."

The fire is thought to have originated in a corner of the church where the furnace is located. A 14 year old Brownsville youth admitted starting the blaze after drinking, according to Dodge County Sheriff, Edwin Nehls.

## NEWS EXTRA

February is Heart Month

## Best Valentine is to Reduce Our Risk of Heart Disease

The best valentine we can give this year may be to start taking practical steps to reduce our risk of heart disease and stroke - America's number one killer.

Reducing one's cholesterol level is one of the easiest and most important ways of reducing the risk of cardiovascular disease.

Cholesterol is a fat-like substance made by the body and consumed in dairy foods, meat and other animal products. It is needed to make hormones and build cell walls, but high levels can clog blood vessels and lead to a heart attack or stroke.

Each year, about two million Americans suffer heart attacks or strokes, and almost a third die from them.

The National Institutes of Health recently set the "desirable" cholesterol level for adults over age 20 as under 200 milligrams of cholesterol per deciliter of blood.

It urged people in the "borderline high" 200-239 range to lower their cholesterol below 200 by reducing their intake of high-cholesterol foods and saturated fats.

The NIH said people with cholesterol levels of 240 or above are at "high" risk for heart disease and should receive intensive diet therapy and cholesterol-reducing drugs if necessary.

One major study found that for every one percent reduction in blood cholesterol there was a two percent reduction in the risk of heart disease.

The NIH urged all Americans over age 20 to have their total cholesterol measured at least once every five years. Testing for "total cholesterol" includes measurement of two types of cholesterol-bearing "protein packages" in the blood - "bad" low-density lipoproteins (LDL) and "good" high-density lipoproteins (HDL).

The American Heart Association recommends that the measurement and interpretation of blood cholesterol levels be done under the supervision of a physician to assure that proper diagnosis and treatment are provided to those who screen positively.

For a free pamphlet on cholesterol reduction called "The American Heart Association Diet: An Eating Plan for Healthy Adults," write to the American Heart Association of Wisconsin, 795 N. Van Buren St., Milwaukee, WI 53202.

blazing stack apart, getting to the root of the fire and extinguishing it in a short time and preventing what threatened to be a severe loss to other farm buildings.

About 7 p.m. the same evening, lightning also struck the 30 by 50 foot barn on the farm of Mr. and Mrs. Peter Gritzmacher, located about a half mile west of Wayne Center, completely destroying the structure. Along with the barn about 75 bushels of oats and a gasoline engine stored in the building went up in smoke. Upon discovering the fire the Gritzmacher family and neighbors succeeded in driving the cows and horses from the building. The Kohlsville fire department answered an alarm to the scene but the members were unable to save the building. However, they aided neighbors in saving the surrounding property. The loss is estimated at about \$2,000.

One of the outstanding athletic events of February will be the annual Land o' Lakes all star game at the high school gym in Kewaskum on February 15th. This basketball attraction, one of the biggest ever held in the local gym, is brought to Kewaskum for the first time since entering the league several years ago, through the efforts of Lloyd Hron, manager. Players and fans from 11 teams will be welcomed for the evening by A. L. Rosenheimer Jr., mayor of our little city. Harold Marx and Otto "Stein" Stenschke are Kewaskum's contribution to the Lakes team.

Prospects are looking brighter every day for a factory coming to this village. The Kewaskum Advancement Association is in touch with a concern that manufactures gasoline engines, who contemplate locating in this village. If the factory is secured, it will mean that Kewaskum will be booming. The factory will utilize a building 100 x 100 and have to have additional space for more additions. They will employ 50 or more men of skilled labor. The men interested will be in the village within a few days to make the association a proposition.

Principal Simon of the local high school has handed the management of this office a letter from the committee on accredited schools for the University of Wisconsin, which places the local school on the accredited list. The requirements were met at the school board meeting held recently when they took measures to supply the school with the needed wants. This news should be of great interest to the readers and no doubt will place the local high school as one of the leading high schools of the state.

Joseph Smith of the Town of Auburn, living near New Prospect wishes to announce that he has taken the agency for the Petrel Autos.

A. G. Koch, postmaster and general merchant of this village, died unexpectedly after an illness of several weeks.

The Washington House in West Bend, which for a number of years has been the property of F. Day, changed hands last Thursday, Mr. Day disposing of it to Harrison Heinecke of Reedsville for \$26,000 and 1,500 acres of land in

Marinette County. Immediate possession was given to Mr. Heinecke.

Fire caused by a defective stove pipe resulted in a loss of about \$150 at the warehouse of the Knickel-Straub Potato Company in the village of Campbellsport Tuesday morning.

On account of doing some changing in the engine room at the local power plant last Sunday, the village was left in darkness half of the night.

A baby girl was born to Mr. and Mrs. Emil Gessner of New Fane last week Friday.

## Good News With Community Church Remember Your Valentine

Valentine was the name of a young man who lived in Rome, Italy, during the days when Christians were being persecuted. He helped the Christians so was put in prison for it. It was in prison that Valentine accepted the Lord Jesus as his personal savior and it was because of this he was clubbed to death on February 14, 269.

The story goes, while he was in prison, he sent messages to his friends, saying, "Remember your Valentine" and "I love you."

So on February 14th, we celebrate Valentine's Day because he loved and helped others and eventually gave his life for them. The Bible says in John 15:13, "Greater love hath no man than this, that a man lay down his life for his friends."

God demonstrates his own love for others. For it says in John 3:16, "For God so loved the world that He gave His only begotten Son, that whosoever believes in Him should not perish but have everlasting life." It is a sin to reject the love that God offers through Christ who died on the cross to pay for your sins.

In this world full of hate it is good to celebrate a day of love, "Valentine's Day." Jesus says in Mathew 22 "Love the Lord your God with all your heart, with all your soul and with all your mind." This is the first and greatest commandment. And the second is like it, "Love your neighbor as yourself."

Community Church meets every Sunday at 9:30 a.m. at the Silverbrook Middle School, West Bend.

During the freak February weather which brought a severe electrical storm to this vicinity last Friday evening, losses were suffered when lightning struck a strawstack on one farm and burned a barn to the ground on another. On the Henry Opper farm near Five Corners, in the Town of Auburn, lightning struck the strawstack, standing between the barn and several sheds causing fire to break out. Neighbors noticed the flames and immediately responded to the cause. The Kewaskum fire department was called and responded at once through the slush and rain. Upon arriving the local firemen, well equipped, immediately set to work spreading the

## Letter to the Editor:

What's nice about a small town with a newspaper is that one can write letters of all kinds. The ones with that personal touch are the ones I enjoy reading the most. That's why I'm writing this letter and enclosing a message of concern. As most of you readers already know, my husband, Willie and I have been blessed with our first grandchild. A little girl, Danielle. As our families talked about insurance policies, we realized that Danielle will graduate from high school in the year 2006! Think of it..... 2006!!!

The knowledge in electronics and the many new discoveries in the field of technology will be far beyond our comprehension. I plan on continuing to stay informed about the school districts' role in giving our granddaughter and her generation the educational opportunities to succeed in the 21st century.

To the many young parents in this area that are busy raising children, please start thinking of setting a firm foundation for your children's education.

How can you do this? First, as parents, you must get involved, by trying to attend one of our fine P.T.O.'s. If you are a two parent working family, I know it must be hard to get to some of these activities, but do your best and do your children a favor and keep aware of the many new and ever changing curriculum issues that will be a part of your child's education today to be able to succeed tomorrow.

Second, is that positive feeling we must instill in our children. Helping them to improve their self-esteem as they have to learn to adjust to the environment of saying NO to drugs, alcohol, etc. is very important. This guidance can enrich their lives in school or in work. The 13 years that parents should get involved in their child's education is a very short time when one thinks of how many more years that guidance and knowledge will be put to use.

Third, you, as parents and taxpayers must go to the polls and vote. As the majority, you are the backbone of this district, but you must go to vote to prove it and make it count!!!

As one who has enjoyed all the aspects of getting involved, from P.T.O.s, Booster Club, and a school board member, it's a challenge to be a parent today, but it's all worth it when you see your children interested and active in school. Their achievements are your rewards. As a grandparent, the rewards are now the enjoyment of your life.

Although for me at this time, my family and business head my list of priorities, I plan to stay alert...be aware....and keep reading some of the good articles in this paper.

A Proud Grandparent,  
Jeanne Goeden

## Letter to the Editor:

At the last school board meeting, board member Don Nowak said that if he was sued, he was going to quit. Well, Don, maybe you should quit before

it's too late. I don't think that you should be going around the community saying that you have been "threatened" by the school's administrator. This administrator is your employee and has rights. That is, a right to have her attorney's fees paid (not a threat). Perhaps you should not treat this person as a "second-class" employee.

Also, you are looking for someone to blame (such as the school's attorney and business manager) as to why the lawsuit claim was not turned into the insurance company in a timely manner. Maybe you should review the October 26th meeting where Ruth Schmitt and Ron Beimbom made a motion to remove from the agenda the presentation and discussion of the lawsuit. The majority of the board, including Clara Trapp and Ralph Horner, decided not to listen. They removed Mr. Ankerson's agenda item and he therefore had to address the board under the audience to visitor section. It was here that he was permitted to tell the board that they may have some legal responsibility in the matter. But, the majority of the board did not listen.

Many citizens in this community appreciate the work and accomplishments of our school district employees. If I had an employer such as some of the Kewaskum School Board members, I would have quit long ago. My congratulations to Perry Ankerson for speaking up for and backing our employees. Perhaps the "majority members" of the board should do likewise.

## To the Editor:

For the benefit of citizens who like to act and think for themselves and do not want more government oppression, it does seem fitting that the names of legislators who voted for the mandatory use, seatbelt law should be published. That law is in effect a confiscation/-violation of our freedoms and liberties guaranteed to the people by our constitution. It must be repealed in order to set many angry peoples' feelings to rest.

Referendum is not the answer. Our country is not a democracy to be ruled by one man, one vote majority rule! Our Country is a "Republic" wherein the rights of a minority are protected against the unconstitutional oppression of a majority. Our pledge to our flag says! and to the "Republic for which it stands." Accordingly, the existing seatbelt law is simply unconstitutional and should be repealed as soon as possible.

SENATORS, voting in favor of confiscation of our freedoms to think and act in direction of our own choice of safety are as follows. Adelman, Buettner, Chilsen, Chavala, Davis, Feingold, George, Helbach, Jauch, Lee, Nordquist, Plewa, Risser, Strohl, Ulichny, Van Sistine and Weeden.

Representatives voting in favor were; Barrett, Becker,

Bell, Berndt, Black, Bock, Brandemuehl, Beyers, Carpenter, S. Coggs, Deiningus, Farrow, Fergus, Fortis, Grobschmidt, Hauke, Huelsman, Krusick, Kunicki, Ladwig, Margaret Lewis, Magnuson, Medinger, Merkt, Nelsen, Nuebauer, Notestein, Ott, Ourada, Panzer, Potter, Roberts, Robson, Rosenzweig, Schmidt, Schober, Schultz, Seery, Shoemaker, Tesmer, Travis, Turba, Underheim, Vanderperren, Van Drael, Walling, Williams, Wineke, York, Young and the Speaker of the House Loftus.

The Common Council of the City of Marshfield adopted a resolution to oppose enforcement of a mandatory use seatbelt law and the Board of Clark County adopted a resolution to repeal the law. Hopefully, many Town, Village and County Boards and City Common Councils will also adopt repeal resolutions, to serve as an immediate advisory referendum for the current legislature.

Sincerely,  
Leslie Lewis,

Ladies and Gentlemen  
of the news media:

Seatbelt Freedom of Choice consists of concerned persons in a coalition to protest confiscation of our basic freedoms inherent in our United States and Wisconsin Constitutions.

We are citizens who know of cases where persons were killed because they were strapped in a seatbelt, however, may have survived the accident if they had not been wearing a seatbelt.

We also have testimony to demonstrate where persons were mighty glad that they were not strapped in a seatbelt as an auto came in on them from the side as is oftener the case in metropolitan areas.

If a person is killed while wearing a seatbelt of his own willful choosing and not because of a law, then the fault of death lies within decisions of his or her own choosing. However if a person is killed while wearing a seatbelt because he or she preferred not to be arrested and punished, however, may have survived the accident if such person had not been wearing a seatbelt, then that is a wrongful death caused by government.

In fact such a death is a crime of government and such law must be repealed. Furthermore, the state may realistically expect a multi-million dollar suit by the surviving spouse or parent of a wrongful death victim.

This message is an appeal to you as a member of the news media to do what you can to help effect an outright repeal of Act 132, or to bring about a statewide referendum to give the people who ride a chance to decide. In the words of our Wisconsin Constitution, "CONSENT OF THE GOVERNED."

Thank you for all past favors and considerations you have extended to your readership and audiences.

Sincerely,  
Elmer W. J. Frey,  
For Seatbelt Freedom  
of Choice.

## Farm Marketing Programs to Be Held

Farm families in the Washington County area are invited to attend a series of farm marketing programs. The 3 sessions will be held on February 18, February 25, and March 3, 1988, from 8:00 - 9:30 p.m. at the Washington County Courthouse in West Bend. All sessions will be located in the basement meeting room 118.

Marketing skills are becoming more important to farmers. Large and small farmers alike, can reduce their financial risk by understanding how the markets work. Knowing something about marketing alternatives and how to develop marketing plans can increase the profitability of farm businesses.

In the years to come budget cuts will undoubtedly force government programs to be greatly reduced. This will force farmers to become more skilled in the way they buy and sell grain and livestock.

During the course of three sessions participants will learn why marketing is important, what are the alternatives, how options can be used to reduce risks and what will the United States Department of Agriculture Farm Programs offer this year.

Each session will include plenty of opportunity for your questions. The program is being offered at no cost, however, participants are asked to register with the Washington County Extension office by Tuesday, February 16, 1988. Registration can be made by calling the Washington County UW-Extension office at 338-4477, 644-5204, or 342-2929.

This program is being cooperatively sponsored by the Washington County UW-Extension Service, Stewart-Peterson Group, West Bend Elevator, Inc., ADM Investor Services,

## Minutes of School Board Meeting

January 11, 1988

President Ralph Horner called the meeting to order at 7:02 p.m.

Members present: Ruth Schmitt, Ralph Horner, Ron Beimbom, Don Nowak, Ron Theusch.

Member absent: Clara Trapp  
Member tardy: Perry Ankerson  
Clerk Schmitt led the Pledge of Allegiance.

President Horner announced that the meeting was being taped by West Bend Cable TV for broadcast at a later date. He asked Ms. Kleinhaus if the meeting had been noticed as required by the open meeting law. District Administrator Kleinhaus replied that it had been.

Schmitt/Theusch motion to approve the agenda. Motion passed 5-0.

Perry Ankerson arrived at 7:08.  
Student Government representation: reports or questions: none  
Audience to visitors: receiving of delegations: none

Nowak/Theusch motion to approve the November 23, 1987 closed session minutes. Motion passed 5-0-1 with Perry Ankerson abstaining.

Schmitt/Ankerson motion to approve the December 14, 1987 open meeting minutes. Motion passed 6-0.

Ankerson/Theusch motion to approve the December 14, 1987 closed session minutes. Motion failed 2-4 with Ruth Schmitt, Ron Beimbom, Don Nowak and Ralph Horner voting no. President Horner requested District Administrator Kleinhaus to seek legal clarification on the process of discussing closed session minutes for correction and approval purposes.

Schmitt/Beimbom motion to approve Policy #1200 - Communicable Diseases including the consent form. Discussion followed. Questions were asked as to how the policy would be carried out and followed up on. Motion passed 6-0.

Schmitt/Theusch motion to approve Policy #3160 - Tax Levies, Partial Apportionment. Discussion followed. It was the consensus of the Board that the policy should be sent back to the committee to be rewritten in a less specific manner. Motion failed 4-2 with Perry Ankerson, Ruth Schmitt, Ron Beimbom, and Ralph Horner voting no.

The Policy-Legislation-Bylaw Committee will meet Monday, February 1 at 7:00 p.m. at the Administration Office.

The next Finance-Transportation - Buildings and Grounds Committee meeting will be Monday, January 18, 1988 at 7:30 p.m. in the library at KHS.

Chairman Ron Beimbom reported that negotiations are continuing with both the KEA and KAP. Further discussion will be held in closed session. The Negotiations Committee has been meeting with the KEA without the presence of an attorney and progress is being made. The next KAP meeting date is scheduled for February 4th. The next KEA meeting will be set depending on the outcome of the closed session discussion later this evening.

Board goals were discussed. Perry Ankerson requested that the following goals be added to the present list: 1) Fund Equity be set at an amount of 12% - 15% over the total budgeted expenditures; 2) The 1988-89 budget be increased no more than 4% over the 1987-88 budget; 3) A modern up-to-date curriculum be an on-going goal and that a whole meeting be dedicated to the curriculum and what is mandated; and 4) That a contract be in place with all school employees before the start of each year.

Ruth Schmitt suggested that kindergarten children be screened before the start of the second semester of school so that needy children can be placed in a program during the second semester. Ruth also requested the administration to provide start-up costs for a summer school program.

Perry Ankerson noted that \$950 of the November Quarles and Brady bill was related to the Trapp lawsuit. District Administrator Kleinhaus gave the Board a copy of a bill for legal services from Doyle and Ritz in response to the Trapp lawsuit, in the amount of \$1903.61 and requested that the Board approve payment. Business Manager Gordor read a letter from Wausau Insurance Company informing her that they will not pay costs of Attorney James Doyle as the lawsuit was not presented to the insurance company "immediately." Ms. Gordor indicated that the claims representative for Wausau Insurance suggested the Board submit the bill for payment under its "Errors and Omissions" policy (which has a \$1,500 deductible). She is currently gathering the information for that and will

proceed to do so. Attorney James Doyle is no longer involved in the case as there has been an official substitution of attorneys - Attorney Patrick Condon, appointed by Wausau Insurance Company, has taken over for Ms. Kleinhaus' defense. Discussion followed. Don Nowak voiced concerns over the cost of legal fees with Quarles and Brady and asked to have it on a future agenda to seek another local firm. He also asked what would happen if the Board decided not to cover the costs. Business Manager Gordor replied that Administrator Kleinhaus' legal counsel has advised they will file a "notice of injury" and lawsuit against the Board for recovery of costs. No action was taken. It was directed to be put back on the agenda for the January 25, 1988 meeting.

Theusch/Nowak motion to approve the payroll and accounts payable in the amount of \$863,144.13. Motion passed 6-0.

Schmitt/Nowak motion to approve a request from Dan Wangerin and the Ski Club for permission to take a skiing trip to Austria March 31 - April 8. Students will be responsible for the cost (\$865 plus spending money). The District will be required to purchase additional insurance for international coverage. Motion passed 5-1 with Ralph Horner voting no.

Supervisor of Buildings and Grounds Fred Boehlke reported on the repairs and remodeling of the restrooms at KHS which were done over the Christmas break. He also updated the Board on the progress of the Smart Money Energy Program.

Mr. Boehlke explained the Paddington Formula (recommended for use by schools from the DPI) which is used to determine custodial staffing. Ron Beimbom stated that some of the janitor work at Farmington School is being done by cooks. Principal Larsen confirmed this, stating that students used to set down lunch tables and help clean the gym area after lunch but since students can no longer do this due to safety factors, the cooks are doing it. Beimbom/Schmitt motion to give each cook at Farmington School 1/2 hour of extra time at janitor pay level to accommodate and compensate for their extra work. Motion passed 5-1 with Perry Ankerson voting no.

Schmitt/Nowak motion to approve the following wording for the spring advisory referendum: Should the Beechwood Elementary School be reopened? Yes No; Should the sixth grade students leave the Kewaskum Middle School and be returned to the elementary schools? Yes No. Motion passed 6-0.

Director of Instruction Julie Backus informed the Board that R. Zarling, T. Larsen, M.A. Koss, J. Schoening and M. Dickinsen would be attending a Quest program Wednesday, January 13th to gather information about initiating the program at the elementary school level.

Ankerson/Nowak motion to renew the contract with CESA #6 for Chapter I services for 1988-89. Motion passed 6-0.

Ron Theusch made a motion to approve a grant proposal of \$8500 provided from the state and Washington County to totally fund a program designed to keep teen parents in school by providing day care and parenting skills. Motion died due to lack of a second.

Theusch/Ankerson motion to approve John Baitinger as KHS guidance counselor. Motion passed 6-0.

The Board and Administration publicly commended Ms. Linda Bastable for being chosen to receive the Jaycee Outstanding Young Educator award.

District Administrator Kleinhaus informed the Board of an upcoming workshop "Maximize Your Effectiveness as a Board Member" and instructed them to contact Jeanne Jacak at the Administration Office if they are interested in attending.

The WASB publication Connection featured a brief article about the survey published in the Kewaskum Schools Newsletter soliciting input from the community about the schools and their functioning.

School Board members are invited to be the guests of Valley School and Office Suppliers for breakfast at the state convention. Board members are requested to RSVP to Jeanne Jacak if they plan to attend.

Board members were also requested to let Jeanne Jacak know if anyone is interested in attending a legislative forum in Hartford on Monday, January 18th. Topics of discussion will include learnfare, property tax relief, etc.

Principal Tom Larsen reported that one cafeteria table has been ordered and should be delivered in three weeks.

Ron Beimbom questioned whether the proofing oven ordered for Farmington School had been

received. Principal Larsen replied that he would check into the matter.

Perry Ankerson asked whether students have had to purchase band uniforms. Business Manager Gordor said that she and Larry Ammel are looking at the possibility of purchasing band uniforms from the upcoming year's budget.

Supervisor of Buildings and Grounds Boehlke stated that some damage was done to the restroom floors at the high school when the new doors were installed but that the builder will take responsibility and make the necessary repairs.

Ankerson/Nowak motion to adjourn to Executive Session as per State Statute 19.85(1)(c) "Considering employment, promotion, compensation or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility." - KEA and KAP negotiations. Motion passed 6-0.

## Minutes of Village Board Meeting

Regular Meeting  
February 1, 1988  
8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Paul Blumer presided. All Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee Charles Boegel, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the Board approved the minutes of January 18, 1988.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board authorized the advertising for bids on a replacement truck for the WPC Department 1978 half ton pickup. It was noted in the motion that we ask for bids on a 1988 half ton truck with an automatic transmission and the bid should be based on an outright purchase with an alternate to include a trade-in of the 1978.

Administrator Daniel Schmidt reviewed a variety of correspondence with the Board as follows:

1. Reviewed Record of Building Permits issued in 1987 and their classification. The number of permits issued were up by 11%.
2. Balance sheet review for December, 1987, for the General Water and Water Pollution Control Departments were reviewed.
3. Review of some brief correspondence.

On a motion by Trustee Kenneth Bonlender, seconded by Trustee Howard Laubenstein and carried unanimously by voice vote, the Board approved the payment of bills as recommended by the Administrative Committee. The total of all claims as recommended are as follows:

General Fund	\$368,896.42
Sewage Fund	148,750.62
Water Fund	37,895.88
TOTAL	\$555,542.92

General Voucher #8561 thru #8723	
Sewage Voucher #4624 thru #4644	
Water Voucher #5112 thru #5123	

Trustee Kenneth Bonlender reported on the Library Board meeting of February 1, 1988. Also that the Library Board recommended hiring a part-time/temporary High School student as a library helper for an estimated 10 hours per week for a period of three to six months.

On a motion by Trustee Mary Krueger, seconded by Trustee Richard Schmidt and unanimously carried by voice vote, the Board authorized the Library to contact the High School for a student to work part-time on a temporary basis as a library helper as described above.

On a motion by Trustee Mary Krueger, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote, the Board rejected the DNR's request for a signature on an application to install and then maintain a canoe launch in River Hill Park (Milwaukee River). The Administrator was told to inform the DNR the Village was not interested in the canoe launch and any liability related to one.

On a motion by Trustee Richard Schmidt, seconded by Trustee Charles Boegel and unanimously carried by voice vote, the Board approved the Kewaskum Industrial Park "Finding of Facts" as printed.

Action was taken on a Proclamation - Vocational Education Week as

attached hereto:

Discussion was held on the traffic congestion on Reigle Drive, School Street and Third Street in the area of the Elementary School. The consensus of the Board was to have the Administrator draft a letter to the School Administration and Board asking for their assistance in providing off street parking and safer loading and unloading conditions.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Howard Laubenstein to adjourn the meeting. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent." The motion was carried unanimously.

## Girl Scout News

The Girl Scouts will be working on a badge for Pet Care. While working on this badge, they will learn patience and love. As with any other badges done by a scout, the girls learn to handle themselves and mature into a well rounded adult. Working with animals will truly do this!

Each girl will reach her own personal goal — how to do things for themselves and as a team. In dog obedience they must do both. To become and remain a team, you must concentrate completely on your

work and you must get and keep the undivided attention of your dog.

Some simple grooming and care instructions will be given also. Some of the Girl Scout's goals is to have a proud showing of our area Girl Scouts at the Washington County Jr. Fair in July. Either way, all will have lots of fun.

This training will be held with the Wayne Crusaders 4-H Club dog project. Any other 4-Hers and Girl Scouts interested in joining should call Joy Kuhnke of Joy's Dog & Cat Grooming at 626-2506.

Becky Kuhnke, a Girl Scout and 4-H member, won the Grand Champion in Obedience at the 1987 Washington County Jr. Fair Dog Show. This was Becky's first time showing.

The Girl Scouts from the Farmington area, Troops 57 and 268, were busy this year with their participation in West Bend's Christmas parade as well as caroling. The Scouts had to make their own gift boxes and fun was had by all.

## KFIZ's 9th Annual Agri-Business Expo Ripon College Runs Winning Streak to 8

KFIZ is proud to announce the 9th Annual Agri-Business Expo to be held Wednesday, February 17, in the Cow Palace at the Fond du Lac County Fairgrounds.

This annual event will be open to the public from 9 a.m. to 6 p.m. and admission is free.

Many agri-business firms will represent, display and demonstrate their products and equipment pertinent to farming. Wisconsin farm leaders and political figures will be on hand to answer your questions regarding current issues. Door prize drawings will take place throughout the day.

All visitors to the Expo will have the opportunity to enjoy pork patties prepared and served by the Fond du Lac County Pork Producers. In addition, the AMPI Ladies will serve sundaes, milk and coffee. Both organizations are handling this event as fund raisers for their specific group.

Anyone engaged in Agri-Business is encouraged to attend.

For more information, contact Diane Sabel, Promotions Coordinator, KFIZ Radio, (414) 921-3770.

### XYZ CLUB SKAT RESULTS

The winners on Wednesday, Feb. 3, played by the Senior Citizens XYZ Club at the Legion Hall in Kewaskum were: Harold Eggert, 27-3-24 net; Clayton Stautz, 24-5-19 net; Ted Rohlinger, 17-0-17 net; Elmer Stange, 17-1-16 net; Frank Sell, 22-7-15 net.

The Ripon College men's basketball team, currently ranked 20th in NCAA Division III, extended its winning streak to eight games, longest of the season, with a pair of wins at home last weekend. In a battle of the Midwest Collegiate Athletic Conference's (MCAC) division leaders, the Redmen edged Monmouth 82-74 and then blasted Cornell 96-63. The two wins raised Ripon's season record to 14-3 and their MCAC record to 6-1.

Against Monmouth, three players scored 20 or more points to pace the Redmen, who handed the visiting Scots their first conference loss. The Redmen were led by Scott Koepnick, Viroqua, 25 points; and Tyrone Kleinhans, Kewaskum, was third with 20.

Against Cornell Keinhans scored 8 points and had 7 rebounds.

### NEW AEROBIC FITNESS CLASSES SCHEDULED

# Indian Cagers Recede in Loss to New Holstein

## Kewaskum Girls Upset Plymouth, Lose to Huskies

Kewaskum Statesman,  
Friday, Feb. 12, 1988, Page 19

What had been improvement in the Kewaskum Indians' play took a turn for the worse last Friday night in New Holstein. The Indians played disasterous in a 73-47 loss to the Huskies and knowing that the Huskies were a team that the Indians played well against in their first outing this year, the loss left a bitter taste afterwards.

A likely scenario; the Indians falling behind early and not having enough manpower to fight back, was the same case in this one. The Indians played terrible in the first quarter and fell behind 18-6. The second period didn't prove to be much better and Kewaskum found themselves down 35-17 at halftime.

"We shot poorly the entire game, especially in the first quarter," coach Dale Schatz said after the game. "We made only 2 out of 16 shots in the first quarter, so that killed us right off the start."

To show exactly what kind of a game it was for the Indians, what may have been the highlight of the night came at halftime when they learned Andre The Giant defeated Hulk Hogan in their showdown. That was about all the excitement that this game generated for the Indians.

The Indians, however, did their own impersonation of the Hogan-Andre match as tempers flared in the second half on numerous occasions. Obviously frustrated, the Indians let their tempers get the best of them after the outcome was obvious. However, there was some basketball played in the second half also.

New Holstein dominated this portion of the game. They outplayed and outscored the Indians in every quarter and coasted to an easy victory, giving the Parent's Night crowd a reason to go home happy.

Turnovers, as well as the poor shooting led to the Indian downfall. The Indians had 25 turnovers, compared to the Huskies' 14.

"Turnovers were a key factor," Schatz commented. "They played a very physical game, and we're really not a

physical team. That really put us at a disadvantage."

The shooting percentages for the game were disasterous. The Indians made only 17 out of 56 for a meager 30% while New Holstein wasn't much better, hitting on 27 out of 70 shots for 38%. On the free throw line, Kewaskum was 11 for 21, 52% while New Holstein was 15 of 28, 53%.

The weak Indian offense was led by Rob Baitinger, who hit for 11 points. Sophomore, Steve Gerhartz played a strong game and was next with 8. Gerhartz saw his first extensive playing time of the year and looked impressive as he was also a force on the boards.

John Morgan led New Holstein with 16 points and 4 steals. Eric Wenzel, who scored 35 in the two teams first meeting this year, was held to 12 points in this game. Jim Lautenschlagel hit 3 3-pt. shots and was next with 9 points.

The Indians will try and snap their losing streak as they play host to Kiel this Friday for Parent's Night. This should be a good game as Kiel has been struggling of late also. The public is encouraged to attend so come and cheer the Indians on to victory on Parent's Night.

West Bend West 93, Kewaskum 52 (non-conference)

By Michele Wiedmeyer

The Indian girls basketball team put in a solid performance against Plymouth last Thursday night, good enough to upset the second-place Panthers, 52-44, and move Kewaskum up above the .500 mark in conference.

A good inside game along with strong intensity both on offense and defense gave the Indians the edge needed to take an early lead against a tough Panther team and maintain it throughout the entire game. Kewaskum played tough from the start, hitting two quick unanswered baskets to put them out front, 4-0, and was able to hold the lead after the first quarter, 11-8. Good effort from Pam Osterbrink inside and Brenda Theusch outside helped give the Indians a 6-point edge at halftime, 26-20.

Kewaskum's lead opened up to 12 points at the end of the third quarter with baskets from Brenda Theusch, Jenny Schneider and Debbie Felix and good rebounding from Osterbrink and Felix. Plymouth's top rebounder, Kristin Senglaub, was forced to sit most of the third because of foul trouble, opening up the inside for Kewaskum.

The Indians led by as much as 14 points early in the fourth quarter, but play was interrupted when Senglaub was forced to leave the game due to an ankle injury, and Kewaskum's momentum dropped. Plymouth was able to cut the lead to 5 points before the Indians broke out of their slump and were able to bring their lead back up. The Indians only scored two field goals in this quarter, but converted on 7 of 14 free throws for the final 52-44 win.

Brenda Theusch led both teams in scoring with a season high 17 points and also contributed 5 rebounds and 2 assists. Other scorers for Kewaskum included Pam Osterbrink with 10, Debbie Felix with 9, and Jenny Schneider with 8. Osterbrink and Felix also pulled down a combined 22 rebounds. Also playing well for the Indians was Debbie Remmel with 2 assists and 3 steals.

Kewaskum's JV team was

defeated by the Panthers, 31-47, with Kristi Lubahn leading the team with 9 points. Cindy Donath chipped in 6, with Tina Weddig and Keri Ramthun each scoring 5 points.

Good full-court pressure from Kewaskum's freshman team helped them defeat Plymouth, 47-27. Leading the way for the Indians was Amy Chesak with 12 points.

### Kewaskum 35 - New Holstein 41

The girls weren't as successful up in New Holstein Tuesday night as they were defeated by the Huskies, 35-41. The Indians were without the presence of Pam Osterbrink, who was out because of illness, and found themselves lacking on the boards. The Huskies outrebounded the Indians 34-20, giving them several opportunities to score each time down the floor.

New Holstein held the Indians to just two field goals in the first, both by Brenda Theusch, while hitting on seven baskets to give them a 15-6 lead after the first. They increased their lead to 12 points at halftime, 26-14, behind the efforts of sophomore Sherri McNamara, who lead both teams with 16 total points.

The Indians outscored the Huskies in each quarter for the second half with good shooting from Jenny Schneider and Debbie Felix. Schneider and Brenda Theusch each hit on 3-point shots in the final minutes of the game to close the gap to 6 points at the end.

Jenny Schneider led the team with 11 points, while Brenda Theusch and Debbie Felix each had 10. Felix also pulled down 9 rebounds.

The team's record now moves to 5-5 conference and 10-6 overall.

The JV team were also defeated by New Holstein, 29-44, and drop to 3-7 conference. Kristi Lubahn once again led the team with 12 points, followed by Cindy Donath with 7.

The freshman team pulled off a big 57-33 victory after being up by only four points at halftime. Amy Chesak paced the Indians with 16 points, 10 of which came in the first quarter. Brenda Falk scored 8 of her 10 points in the fourth quarter to help push the team to a big win. They stand at 6-2 conference, 9-4 overall.

## Lakes Team Loses To Cedarburg

Kewaskum — The Cedarburg Turners rolled over a short-handed Kewaskum Lakes team here Sunday night, 152-108, to tighten their grip on first place and improve their record to 9-1. Kewaskum suffered their second lopsided loss in a row and saw their record slip to 3-6.

The Turners, who sport an NBA-sized roster as far as numbers are concerned, overpowered Kewaskum, which had to play the whole game with only five men. They outscored them in each quarter, leading 36-18 at the quarter, 68-44 at the half, and 105-66 after three quarters.

Cedarburg had seven players in double figures led by Scott Murray with 28 points, Rick Nisleit with 26, and Rob Sutherland 20. Kewaskum's Leon Laatsch took game scoring honors with 43 points. Manager Bill Backhaus added 32 and Steve Kreklow 17.

Kewaskum will look to get back in the win column this Sunday when they host Port Washington, whom they have beaten twice this year.

# Kewaskum Matmen Take Second Place in EW Conference Tourney

The Kewaskum Ski Team, shown, left to right: Craig Hubbell, Frank Vollermering, Eric Pearson, Jim Piworarczyk, Sonny Sison and Adam Miklas.

The Kewaskum downhill ski team earned enough points, in five races, to qualify for the conference meet February 11 at Sunburst in Kewaskum and the state meet February 28 at Rib Mountain in Wausau.

The Kewaskum ski team is comprised of skiers in the high school ski club. They were selected for their ability to race.

The ski team has used consistency throughout the year to earn the berth to both events. The team practices at Sunburst every Sunday and Monday night.

Sonny Sison earned 32 points to take top honors on the team. Other team members are Adam Miklas, Craig Hubbell, Eric Pearson, Jim Piworarczyk and foreign exchange student Frank Vollermering. The team was coached by Dan Wangerin.

Eastern Wisconsin Conference Champs, Bob Castro at 112 pounds, left, and Jeff Sabish at 98 pounds, right.

Kewaskum Indian matman placed second at the Eastern - Wisconsin Conference Tournament last Saturday. They fell 19 points behind first place Plymouth Panthers and ousted Kiel by one point.

The Indians had five wrestlers in the finals, two of which were Conference Champions.

Sabish pinned his way through the finals. In his finals bout he technical falled Jon Welsh of Plymouth, who previously pinned Sabish twice during the regular season.

The second finalist, Bob Castro, at 112, also pinned his way through the finals. The first two rounds he pinned his men within the first period and technical falled Joe Kirsh of Kiel in the finals, 21-6.

At 126, Steve Kapp got his revenge on C.J. Wiese of Two Rivers. Wiese previously pinned Kapp in a dual, however, Kapp decisioned him 6-3, to send Kapp to the finals.

Kapp wrestled and lost to 3 time conference champion, Doug Brandl, of Plymouth in the finals.

Dan Heisdorf defeated Stewart Anhalt 11-3 in the semifinals to earn a spot in the finals. Heisdorf and Anhalt drew in a previous dual meet. In the finals, Heisdorf was defeated by Jeff Schad of Kiel 12-4.

The last of the finalists was Dennis Aupperle at HWT. Aupperle encountered his sixth meeting with Jim Tikalsky of New Holstein. Before the tournament Aupperle defeated Tikalsky four out of the five times. However, it is unfortunate Aupperle was decided by Tikalsky 3-2 in the finals.

Other place winners were Chris Charland at 138 and Ron Leinen at 185 both taking thirds respectively. While Noel Stradtman ended up in fifth, the consolation champion at 155.
