New Owners Take Over Country Roads Refinishing

Patsy and Mark Vechart

By S. Callaway Roznik

Country Road Refinishing, located behind the General Store Antique Mall, has changed hands and the new owners are Mark and Patsy Vechart of 431 Forest Ave., Kewaskum.

Originally from Omro, Wisconsin the couple moved to Kewaskum in April of 1987. Patsy began working at Kewaskum Frozen Foods, where she learned a great deal about pleasing customers, sales and operating a small business efficiently. Mark commutes to Milwaukee as a Territorial Manager for Eco-Lab, a manufacturer of industrial chemicals.

The couple began refinishing furniture as a hobby 20 years ago, setting up shop in the basement of their home. A love of natural woods promoted them to completely redo all the

woodwork and hardwood floors in their home.

With the dream of always wanting to open their own business, they purchased Country Road Refinishing from Bob Schroeder, who established the store six months previous. Patsy works full-time there, and Mark will be pitching in after hours and weekends as he continues to work in Milwaukee.

The Vecharts offer stripping, refinishing and repairing of all wood furniture, any type of wood, specializing in antiques. They can completely restore a piece of furniture or just strip it, allowing the customer to refinish it as they choose.

Stripping costs vary according to sizes; an average chair runs \$15 to \$20, all the way up to \$100 for a large dresser.

In the future, the business

plans to offer resilvering of mirrors, and caning. Country Road Refinishing is open 10 a.m. to 4 p.m., Monday through Saturday, and 12 noon to 4 p.m. on Sundays.

Mark and Patsy have three girls: Jennifer (14), Andrea (12), and Elizabeth (11).

Kewaskum School District Policy For Emergency School Closings

District Administrator Dr. David Heather has released for publication the current policy to be utilized when school is to be called off.

As in past years, radio stations WBKV (West Bend), KFIZ (Fond du Lac), WHBL (Sheboygan), and WTMJ (Milwaukee) will be used to announce school closings because of bad weather or other emergency situations.

When school is being called off in the morning, the announcement will be on the air as early as possible. When school has begun but weather is bad or turns bad, it is advised that parents, guardians and other responsible parties listen to one of the radio stations

during the day for possible school closing announcements. The district is **VERY** hesitant about closing school during the day because we are concerned that parents or others may not be home when children arrive. Sometimes, however, this becomes necessary to avoid excessive problems with getting students home on busses at a later time of the day. Every effort will be made to announce school closings during the day - at least an hour before we dismiss the students.

It is important to remember that if school has been cancelled it means that **ALL** activities for that day will be cancelled and rescheduled as necessary.

Rules Governing the National Flag

The display of our National Flag is governed by law to insure that it will be treated with the respect due the flag of a great nation. Public law 829, enacted by the 77th Congress, sets forth rules for the display and care of the stars and stripes and prescribes penalties for violations.

If the flag is displayed from a staff projecting from a building, the union should be at the peak, unless flown at half mast. This means the flag should be hoisted union first from the building.

When suspended over a street, the union should point either to the North or the East. When carried in a procession with other flags, the National Flag should be on the marching right. If there is a line of other flags, it should be front center of that line. The U.S. Flag should always be staffed when carried on a float.

When displayed among a group radiating from a central staff, the National Flag shall be centered and highest.

When shown in a row of flags, the National Flag will be at the right of the line, that is the viewer's left.

If the flag is displayed flat on a speaker's platform, it should be placed behind and above the speaker with the union to his right.

When flown from a staff in a church chancel or speaker's platform, the flag should be placed on the speaker's right. If placed elsewhere than on the platform, it should be on the right of the audience as they face the platform.

It should never be displayed with the union down except as a signal of dire distress.

Art Show, Auction To Help Benefit UW Scholarships

WEST BEND - Scholarships to the University of Wisconsin - Madison will be benefited here on Sunday, Nov. 13, during an art show and silent art auction at the Paradise Mall.

About 30 area artists will display their work during the event, which is sponsored by the Washington County Chapter of the UW-Madison Alumni.

Karen Christianson of West Bend, president of the chapter, said the group raises half of the \$4,000 provided annually for UW-Madison scholarships in the county. One scholarship is awarded to a UWWC student; two to high school students.

This is the chapter's third annual show and auction. The show will be open during the mall's regular Sunday hours. Admission is free.

Auction items will be on display with a minimum price listed. Bidders will place their offer in sealed envelopes to be opened at the end of the show.

Christianson said that ceramics, watercolors, oil paintings and stained-glass work will be featured at the show.

According to Christianson, about 2,500 UW-Madison graduates live in Washington County. Active chapter participants come from the Germantown, Hartford, Jackson, Kewaskum, Slinger and West Bend areas, she said.

A second fund-raiser, the annual Founders Day Dinner, is held each spring. Last spring about 150 persons attended, Christianson said.

Way, and to the Kewaskum High School Student Council who made \$75 for United Way during Homecoming Week.

Thanks to all these volunteers - IT WORKS - FOR ALL OF US - THE UNITED WAY!

As the Kewaskum Area United Way campaign winds down to its last few weeks, residents watch the thermometers around town fill up with red. The actual figures are not reflected in our thermometers because we've been so busy tallying contributions, we haven't had time to paint in the figures.

The last two volunteer to be profiled here are responsible for a big percentage of those contributions.

Ms. Carol Dreher, an employee of Regal Ware in Personnel, has most capably run the campaign in the Regal Ware plant and office since Kewaskum Area United Way started. Thanks to her efforts and ingenuity, Regal Ware employees have increased their "fair share" nearly every year.

Dave Wietor, new to Kewaskum Area United Way this year, is Captain of the Industrial Sector. Dave is also employed at Regal Ware, but is probably better known for his years as teacher, coach and guidance counselor in the Kewaskum Schools. Dave knows a commitment to community is an important role of industry.

A special thanks should go to the students who helped put together the mailing for United

Student Council President To Promote Positiveness

Senior and student council president Bobby Castro was home only four weeks this summer, spending the rest of his time at various camps and workshops dealing with student council and leadership.

Sponsored by the Kewaskum Student Council, Bobby attended the Wisconsin Association Student Council Camp in Stevens Point. There he was put with a group of students he never knew before and discussed leadership, how to make student council better, and many other aspects of student government and student life.

Bobby gained insight on developing the "positive" in people and is using some of his newly learned techniques at the high school. One of the things he did was put up "positive" sayings throughout the halls before the opening of school. An example would be "A smile is a frown that can set things straight." He, along with other council members also recently organized a dance after the home football game so kids would have a place to go after the game.

Another place Bobby went to was Estes Park, Colorado where he attended the "National Leadership Training Center" camp. Here Bobby sponsored himself saying "I wanted to give something back to the school since they sent me to WASC in Stevens Point. I felt this would be good for me and worthwhile for our student government."

While in Colorado, Bobby

participated in various activities including "sectionals" which were picked by him. Some of the topics discussed included "Empathy," "Invisible Children," and "Improving Organizational Skills." He also enjoyed the true Colorado atmosphere by being 9000 feet above sea level and sleeping in a log cabin. The highpoints of this trip included mountain climbing, hiking, a songfest, and the junior olympics.

Camps like these according to Bobby, end up being... "really special, something you always keep with you. You really learn how to communicate with people and find yourself."

Bobby was also selected to attend the Hugh O'Brien Scholarship seminar, he was a junior counselor at the middle school student council camp, (with the highest recommendation given to come back next year) and was recently invited to a West Bend Student Council workshop called "Voice."

The many experiences Bobby participated in will be used to make this year's student council the best ever. He spoke on opening day of school to all Kewaskum High School students challenging them to "make this the best year ever... make it a year to remember."

Bobby knows his job is to help make that dream come true as he lives by a saying he inherited from one of his workshops, "If it is to be, its up to me." With the help of student council, this school year should be one of positive growth and excellent memories.

The American Legion Serving the Public

I would like to take this time to explain to you, the public, what the American Legion is all about.

It is a group of veterans who feel they were fortunate enough to have survived serving our Country during a time of war, that banded together to form the American Legion, to help the less fortunate veteran and their families.

The American Legion gets no monies from state or federal governments or any branch or any source other than from its membership. All monies raised by a post is used for veterans and veterans families, hospitalized veterans and community projects.

We celebrate Memorial Day and Veterans Day in honor of those who gave their lives for our country. These ceremonies commemorate their "supreme sacrifice" for their country.

Our preamble in part states, "to serve the public, for God and Country" and "for the community, state and nation." We have long tried to live up to that by community projects such as U.S. flags to the schools - churches, public buildings, boy scouts, girl scouts and 4-H, camp American Legion plus many other civic

projects.

Our memberships is open to all who have served honorably in our armed services during a time when our country was engaged in war.

Eligibility dates are: WWI, April 6, 1917 - Nov. 11, 1918 - WWII, Dec. 7, 1941 - Dec. 31, 1946, Korean War June 25, 1950 - Jan. 31, 1955 and Vietnam War Dec. 22, 1961 - May 7, 1975 all dates inclusive: Allen Dreher, Commander, Robert G. Romaine Post 384, American Legion, 626-2775.

The conference closed with committee reports and an invitation to the delegates to stay awhile and shop in Kewaskum before they returned to their homes.

Balloons for Homecoming Sold By United Way

The United Way held a special fund-raiser this year by selling yellow, green, and white balloons at the Kewaskum High School's Homecoming '88. The helium filled balloons were sold two for a dollar on the parade route by the cheerleaders and at

the game by both the cheerleaders and student government volunteers. The balloons were then let loose with Kewaskum's first touchdown. In all, \$75.00 was raised for the United Way.

Said Jerry Gosa, United Way Balloon Sales chairman, "It was a new idea but I felt a real good turn-out... we're hoping next year even more people get into the spirit of Homecoming and United Way."

HAND PAINTED WOOD ITEMS, hand stitched pillows, stuffed loons and Christmas items are a few of the craft items that will be available at Margaret Yogerst's booth at the Kewaskum Junior Woman's Club Annual "Kettle Country Christmas." Flea Markets

Now, who would get up at 4:00 a.m. on a Sunday morning and drive 25 miles, just to attend a flea market? Well, that's just what I did a couple weeks ago, to go to Cedarburg's Maxwell Street - as a buyer, not a seller.

There are at least 1000 vendors set up in their particular spot, acquired ahead of time. This was the last of four markets held throughout the summer. Mind you, it was pitch dark at that time, but that did not deter eager beavers looking around for that special bargain with their flash lights.

Parking attendants direct us to a place in the parking lot in orderly rows for a \$1.00 fee. There are two lighted buildings where you can browse until it's light outside. It was a nice October day, and many wild geese were flying overhead, presumably going to the nearby Milwaukee River, or plundering a farmer's corn field.

There goes my neighbor lady, she got up as early as I did! Another young couple from Kewaskum are busily shopping - and yet another have set up a stand with beer items, and other collectibles. My friend from Mayville is in his usual

spot, with merchandise that might have come from Paul's Auction house. Friends from Fond du Lac with fancy dishes, hardware, linens and greeting cards are doing a brisk business.

Down the line is a nice old lady selling squares of apple kuchen and big fat dill pickles. A friend, Ralph, has an assortment of dishes and a reed basket with a rounded bottom that he purchased out East (It was sold while I was there). There are Bing and Grondahl Christmas plates; a man is selling sausage and cheese, and offering samples to passersby.

What amused me was a portable tin bath tub, with a wooden rim all around, like we used to carry in on a Saturday night for the weekly bath (before bathrooms were common place). Asking price, \$135.00.

In a lighted building are friends from Eden and Oshkosh. There are collectible tools, license plates, cards, old advertising, lamps and crockery, calendar plates, jewelry, salt and pepper sets, furniture and fancy pillows. There are apples, fresh fruits and vegetables, nuts and candy, books and paper products. You name it, it's here.

Hot coffee and doughnuts are

available. Soon the aroma of brats fill the air.

Outside in orderly rows are friends from Mequon with their depression glass collection. There are people from West Bend, Milwaukee, Germantown, Newburg, Ashford, Hartford, Kiel, Howard's Grove, Sheboygan, Princeton, Green Lake, and Horicon, and Lord knows where.

If you've never attended a flea market, you have a treat in store. It takes a lot of walking, but you can sit and visit occasionally. Bargains can be had, if you are willing to look. When it starts to get crowded, I'm ready to leave.

Memories of this flea market will carry me through the winter months, until the next one is held again in May.

West Bend Gallery Brings Art Awareness to Holy Trinity Students

The West Bend Gallery of Fine Arts is extending their Art Aware Program to Holy Trinity this year.

Mrs. Joan Albers was instrumental in getting this program started at Holy Trinity. She got help from volunteer parents to present art history

and art appreciation to our students with the use of art reproduction from the Art Gallery.

The parent volunteers are: Lori Schoofs, Isabelle Straub, Meri Lou Chambers, and Joan Albers herself.

The goal of this program is to

make children culturally aware, exchange the school art program, and develop aesthetic appreciation. The prints will hang in the upper hallway walls and in the library. The first artist discussed was Pierre Renoir.

CUB SCOUT PACK 3744

On September 17, 1988, the Webelo Scouts had an overnight camping experience. They went hiking and learned about six different plants that were growing along the trail. They learned five different knots: squareknot, bowline, clove-hitch, two half hitches and the taut line hitch.

The scouts cooked their own supper over a campfire which was a foil dinner. They also learned outdoor fire safety.

Before turning in for the night they told the traditional campfire stories.

They had to break camp early because of a storm, which they will soon learn seems to come up whenever they camp, so rain gear is always a necessity.

LETTERS TO THE EDITOR

Dear Concerned Citizen:

Campbellsport High School would like to offer an open invitation to all the staff of surrounding schools, the staff of Campbellsport High School, the administrative team, C.H.S. support staff, the Clergy, members of local civic organizations, S.A.P. leaders, area merchants, area professionals, school board members, and the general public, to attend the Lyceum Program entitled, "Nothing To Lose."

Date: November 4, 1988;
Place: C.H.S. (New Gym);
Time: 1:25 P.M.

Parents and Teachers can preach to teenagers about the dangers of drinking and driving, but it usually goes in one ear and out the other. It usually takes a tragedy to realize the reality of what has been said.

"Nothing To Lose" is a fast paced, multi-image slide presentation utilizing nine synchronized slide projectors which will project over seven hundred images and a HiFi stereo. It's exciting and geared for the high school age group. There will be a background of rock music, partying, and beer, in contrast to the scenes of an officer on duty and a hospital emergency room that ultimately all come together in a tragedy. "Nothing To Lose" will be introduced by a member of the

state patrol, a driver's license examiner, or a local law enforcement official. Additional time will be provided in order to ask/answer questions. The entire program is designed to last about 50 minutes.

For those that may wish to have this program presented at your school or organization you can contact: David Tallman at 608-266-0551. The program is put on by the Department of Transportation and there is no charge.

Please check your calendar and note the above date and time for this excellent program.

Thank you for your time and hope to see you there.

Sincerely,

Tim Hodko

Eighteen UWWC Students Inducted Into Phi Theta Kappa

Eighteen students at the University of Wisconsin Center - Washington County were honored here Oct. 11 for their academic achievements by induction into the Phi Theta Kappa national honors society.

Founded in 1918, Phi Theta Kappa has grown to include more than 800 chapters on two-year college campuses across the country. Members must achieve a 3.3 grade point average in their previous semester to join the fraternity and must maintain a 3.0 or B-average, to remain in the group.

UWWC Dean Robert O. Thompson, in congratulating the new inductees, challenged the students to keep their minds open to new ideas as they continue their education.

"Resist the temptation to hang on to what you already value and what you know," Thompson said. "No matter how much you achieve, you have to stay open to new ideas and to the future. Always keep the adventure of learning alive."

Dion Kempthorne, professor of English at UWWC, used the words of American writers Ralph Waldo Emerson, Henry David Thoreau and Walt Whitman to remind the students to strive to be individuals and idealists.

An informal social hour with current Phi Theta Kappa members and other UWWC faculty and staff was held following the initiation ceremony.

Jan Ford, associate director of student services at UWWC, said one of the goals of the UWWC chapter is to raise

money for scholarships. Scholarships ranging from \$250 to \$300 each are awarded at the annual Honors Convocation in May.

New inductees at UWWC (and their hometowns) are as follows: Campbellsport: Sandra Vorpahl; Germantown: Mike Semerad; GRAFTON: Rayanne Dahlke; JACKSON: Pam Nunez and Brian Weninger; KEWASKUM: Vicki Bindrich; NEWBURG: Deb Gerner; RICHFIELD: Sandy Osier; SLINGER: Brian Dhein; WEST BEND: Kathie Bardel, Patti Crass, Jeff Faber, Janet Fechter, Kathy Lauters, Dorothy Massie, Mark Sondrol, Michael Tennier and Mary Weis.

Good News With Community Church

The old devil has many tricks but the Lord God has many treats.

The devil says, "Don't believe in God." But the Bible says, "The fool has said in his heart, 'There is no God'" Psalm 14:1.

The devil says, "Wait until later to become a Christian." But the Bible says, "Behold,

now is the accepted time, now is the day of salvation" 2 Corinthians 6:2.

The devil says, "Christians can't have any fun." But the Bible says, "I (Christ) am come that they might have life, and that they might have it more abundantly" John 10:10.

The devil says, "All good roads lead to Heaven." But the Bible says, "I (Christ) am the way the truth, and the life: no man cometh unto the Father, but by me" John 14:6.

The devil says, "God is too good to send anyone to hell." But the Bible says, "He that believeth not is condemned already, because he has not believed in the name of the only begotten Son of God" John 3:18.

The devil says, "You are good enough without being a Christian." BUT, HAS HE PULLED A TRICK ON YOU? The Bible says, "But as many as received Him, to them He gave power to become the sons of God, even to them that believe on His name" John 1:12.

Parish Mission Held at Holy Trinity

Father Allan Weinert C.S.S.R. and Holy Trinity students participate in Mass during the Holy Trinity Parish Mission Week. Father Weinert is a Kewaskum native.

The theme of the Parish Mission held last week at Holy Trinity Church in Kewaskum was "Lord, That We May See."

The week long mission was led by Redemptorist Fathers Allan Weinert and Robert Miller.

Symbol, ceremony and song were used to achieve the goal of each evening's presentation.

On Thursday evening the Mission was concluded with the Celebration of the Eucharist. All four symbols — the bible, the

crucifix, the Easter candle and the bread were displayed before the altar.

Fathers Weinert, Berghammer and Miller celebrated the Mass to close the Parish Mission.

Father Robert Miller C.S.S.R. explains the symbolism of Jesus — the bread of life, to primary students during the recent Holy Trinity Parish Mission. The primary students had their own mission meetings during the school day.

Kewaskum School District Receives State Family-Strengthening Grant

MADISON — State Superintendent Herbert J. Grover has announced the names of eight school districts, one cooperative educational service agency (CESA) and four counties that will share \$25,000 in family-strengthening grants.

The state Legislature, under Wisconsin Act 27, made the money available to school districts and local governmental units for special projects to strengthen family life. The Department of Public Instruction administers the

grant program as part of its Family Involvement in Education project. Included in the grant recipients is the Kewaskum School District — \$551.

"The proposals clearly indicate that families want help in parenting," Grover said. "This funding, while modest, helps educators and family specialists respond to those needs."

The Kewaskum School District will present a drug prevention program for parents of middle school students.

This village experienced the first blizzard of the season last Monday afternoon. The storm broke out late in the afternoon and continued throughout the night. Although not much snow fell, it was very disagreeable. The wind, which came from the north, was very strong and affected the thermometer so as to make the mercury drop below the freezing point. Overcoats, even fur coats were donned by the people and the sizzling of the radiators and the glare of the coal stoves could be heard and seen in the various buildings.

Spread Some Smiles With Christmas Mail for the Military

Sailors enjoy Christmas mail call

COLUMBUS, GA (Home of Ft. Benning and the Infantry) — The 1988 Christmas Mail Call Is Now Underway! Smiles were the order of the day last year as Christmas greetings arrived from school children, high school and college students, retirees, veterans auxiliaries, churches...from Americans of just about every walk of life. Though the mail came from every part of the country, "Mail Call" was the common denominator. The cards and letters were sent to hundreds of military units and activities all across the U.S. and around the world by the Christmas Mail Call program of Military Mail Call, a nonprofit activity now headquartered in Columbus, helping to put a smile on the Christmas Season for more than 100,000 of our servicemen/women.

Letters from a couple of Air Force chaplains portray the good results: From a base in the U.S., "Received...letters from

your organization (and) took them to a security police squadron that had to pull guard duty on Christmas Eve and Christmas Day. I also took apples, oranges, cookies and hot apple cider. The troops went for the mail before the food." After reading an article in the Air Force Times, a chaplain overseas requested mail for his command. He later wrote, "I would like to express our gratitude...for spreading so much Christmas joy. When I wrote to you last November I did not know what I could expect. You more than surpassed my hopes and desires. The people who participated in your program brought much happiness to the Air Force and Army personnel stationed here. You helped to bring a little piece of home... You will be in our prayers for the work that you have done..."

Mail Call is an exciting project for individuals, families, groups, churches, and schools

from kindergarten through college... for just about everybody who supports a strong U.S. defense! (Morale is an important factor, and Mail Call is a proven morale-booster which does not require millions or billions in taxes). For detailed information, please send a first-class postage stamp (not a self-addressed, stamped envelope — just a stamp) to: MILITARY MAIL CALL, BOX 2530, FT. BENNING, GA 31905-1130, and mention how you learned of Mail Call. Thank you!

Coalition Kicks Off Campaign To Reform State Liability Law

"Liability law reform has nothing to do with us."

WRONG!

Welcome to the "sue you" society. If you don't think Wisconsin's outdated liability laws affect you, look a little closer. Under Wisconsin law you could be judged only 5% responsible for an accidental injury, yet pay 100% of the award because the other defendants are uninsured or unable to pay. Yes, it's true! As unfair as it may seem, even if you manage to avoid such a suit, you can still be a victim of these laws. Because if your employer

incurs such a suit, or simply can't afford the insurance to protect against such actions, you might find yourself out of work. And the perverse part of it all is the injured parties usually get only a portion of the awards. So why don't we reform these outdated laws? After all, nine out of 10 Wisconsin residents favor reform. And 25 other states have already reformed their liability laws, while many others are in the process. But not Wisconsin!

Maybe we just haven't become enraged enough to demand that our legislators get with it. It's time to end this madness. Speak up... call or write your state legislators and local editors. Tell them it would be a shame if a progressive state like Wisconsin were the last to reform unfair liability laws. **Paid for by The Coalition for Civil Justice, P. Maurice Bishea, Executive Director, 2 E. Mifflin Street, Madison, WI 53705.**

Help reform Wisconsin's unfair liability laws now! Call 1-800-444-2161 for more information.

MADISON, Wis. — The Coalition for Civil Justice has launched an advertising campaign to open its drive for liability-law reform during the 1989-90 biennium of the Wisconsin legislature, which starts in January. "We're starting early, and we intend to win," said P. Maurice Bishea, executive director of the three-year-old

coalition of more than 100 state organizations. "We think most citizens are fed up with the 'sue you' climate that has settled in our state, yet they have felt powerless to do anything about it. The ad campaign is designed to let them know they don't have to stand for it and that they can have a direct role with us in effecting change if they

choose." The campaign, which began in four major Wisconsin markets Sunday, includes a toll-free number, 1-800-444-2161, by which citizens can voice their opinions, receive additional information or describe their personal experiences with Wisconsin liability law. Bishea said, "There is something wrong when parents have to think twice before putting up a swingset in their own backyard, lest they be sued because someone else's child gets hurt on it. But this is the climate that has steadily enveloped us. It influences our thinking. It subtly influences our decisions. And it hits us consumers and taxpayers in the pocketbooks in every con-

ceivable way. "Somehow, we've let the word 'accident' be taken out of our vocabulary. Today, someone who slips on a neighbor's icy sidewalk does not blame himself or curse the weather. We may be upset but we're no longer surprised when we read that he or she is suing the municipality, the contractor who installed the sidewalk and the owner of the home in front of which the accident occurred — provided, of course, the homeowner hadn't posted signs warning that Wisconsin winters can make sidewalks slippery. "If that isn't absurd enough, the plaintiff's spouse can sue for loss of companionship, and they're both likely to sue for punitive damages. And we all pay, because most of the time it's less costly to settle than to fight, and guess who all those costs get passed along to? "We're tired of it. And we think plenty of others are, too." Bishea characterized the campaign as just the first step in the plans of a revitalized coalition, which has in the last six months hired Bishea as its first full-time executive director and also a lobbyist specifically for this cause. Bishea did not disclose the duration or scope of the campaign, nor did he disclose details of additional plans. "We will just say that in the upcoming session we intend to go to the heart of the opposition's arguments that this absurdity is the only way of fairly compensating victims of tragedies clearly caused by others' negligence. This is simply not true. There are legitimate claims, and then

there is the absurd. We need to protect the former and stop the latter. We need to remove the incentives that cause people to sue for profit and not just compensation. This is our mission. "Forty states have reformed their tort laws in an attempt to restore fairness and reason to a system gone haywire," Bishea said. "Why should Wisconsin be the last?"

State Apple Crop Weathers Drought

This summer's drought hasn't taken as big a bite out of the apple harvest as previously thought. Although the drought has lowered the total number of apples harvested, Wisconsin growers are picking an adequate supply this fall, says University of Wisconsin - Madison extension horticulturist Teryl Roper. "The fruit may be smaller and lack color," Roper says, "but the flavor and sweetness are as good as ever." Even though the apples aren't as red this year, there is a reliable way to tell if an apple is mature. The skin in the indentation around the apple stem should be yellow-green, Roper says. If it is green, the apple is immature. If the indentation is yellow, the apple is overripe. Roper says apples may not store well this year. He advises buying apples in smaller quantities and keeping them in a plastic bag in your refrigerator crisper.

Children's Hospital of Wisconsin Offers Halloween Safety Advice

Halloween can be both safe and fun when parents follow basic safety guidelines, according to Children's Hospital of Wisconsin and the Safe Kids Coalition.

"A little advance planning is all it takes to assure Halloween will be fun for everyone," said Jon E. Vice, president of Children's Hospital.

Children's Hospital and the Safe Kids Coalition advises parents to follow these guidelines:

- Encourage your children to attend community or home Halloween parties in place of traditional door-to-door trick or treating.
- Young children who do go door-to-door should be accompanied by an adult. Older children should trick or treat in groups and should only go to homes of people known by their parents. Children should never trick or treat in strange neighborhoods.
- Remind children that they must never enter a home or apartment.
- All trick or treating should be done on the day and during the times established by your local community. (Village of Kewaskum trick or treating will be Sunday, Oct. 30, from 1 - 4 p.m.). Do not allow children to trick or treat after dark.
- Tell your children not to eat any treat before returning home. Parents should carefully examine all treats, disposing those that are not sealed or appear to have been tampered with in some way. If there is any doubt, throw it away.
- Make certain your child's costume fits properly. Avoid baggy clothing and billowing skirts. Do not allow children to wear adult shoes or boots. Costumes should be short enough so as not to cause a child to trip.
- Costumes, wigs, beards and other apparel should be labeled: FLAME RESISTANT. This label indicates the item will resist burning and should extinguish quickly if it comes into contact with fire.
- Avoid costume accessories that are sharp, pointed, hard or breakable. Such items can lead to injuries.
- Use facial paints and cosmetics in place of masks. If a mask is used, make certain that eye and nose openings do not restrict breathing or vision.
- Use discretion when deciding which events to attend. For example, children 5 years of age and younger should not be taken to haunted houses. If your child should become frightened while attending an event or trick or treating, reassure the child and return home. There is always next year.

In addition, parents should make certain trick or treaters stay on sidewalks and cross streets at intersections. Motorists should be on the alert for trick or treaters. Those receiving trick or treaters should make certain walks and steps are clear of obstacles.

There's a difference between a strain and a sprain. A sprain occurs in a ligament, while a strain is in a muscle.

Village Board Minutes

Mid-Monthly Meeting
October 17, 1988
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Paul Blumer presided. All Trustee members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the minutes of the October 3, 1988 meeting were approved as printed.

President Paul Blumer opened the sealed bids received for the Canopy Crew Cab Modifications - 1976 Pierce Tele-Squirt, bids were as follows:

Bendlin Fire Equipment Co., Inc.
(Pierce Mfg.) Milwaukee, WI
\$22,221.00

On a motion by Trustee Howard Laubenstein, seconded by Trustee Charles Boegel and unanimously carried by voice vote, the Board turned the bids over to the Kewaskum Fire Department Equipment Committee for review.

Public Works Superintendent Augie Bilgo reported to the Board on the Dam Safety meeting he attended. Two points were made the first being the Village should continue to budget for the tuck pointing and general repair of the Dam. The second being the placement of warning type signs around the Dam/Area.

Administrator Daniel Schmidt reviewed some miscellaneous correspondence with the Board.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Kenneth Bonlender and unanimously carried by voice vote, the Board accepted the Administrative Committee's recommendation to hire Laura Waehler of rural Campbellsport, WI, as Secretary/Police Clerk. It was noted 37 applications were received with 10 scheduled for testing and 4 scheduled for personal interviews. The starting pay is established at \$5.74 per hour.

Trustee Howard Laubenstein reported that a Plan Commission meeting is scheduled for October 25, 1988 with one item on the agenda. That is the review of the Erosion Control Ordinance for inclusion with the Zoning Ordinance.

It was noted the Capital Improvement Sidewalk Extension project is progressing

well and hopefully will be completed later this week.

It was also noted the Capital Improvement Sidewalk Extension project is progressing well and hopefully will be completed later this week.

It was also noted the Capital Improvement Sewer & Water Projects have begun and are progressing well.

Administrator Daniel Schmidt reviewed the Preliminary Fire Department budget which reflects approximately a 3.2 percent increase over last year. The relating fire information was reviewed along with the proposed formulated contract amounts. The Preliminary Police Department Budget was reviewed with the Board which reflects approximately a 3.2 percent increase over last year.

On a motion by Trustee Kenneth Bonlender, seconded by Trustee Richard Schlice and unanimously carried by voice vote, the Board approved the Snowmobile Route for the 1988/1989 season. The route is identical to the 1987/1988 route.

Resolution No. 88-17 was held over until the November 7, 1988 meeting.

Discussion was held on the establishment of the public hearing date on the 1989 Budget. The Board suggested having the public hearing on November 28, 1988, if all falls into place regarding budget figures. The Administrator was directed to use his judgement on monitoring the budget on setting the best public hearing date.

The Board reviewed the Fire Department budget and contract prices as prepared annually. It was noted the results of the proposed budget reflected to the fire contracts for the Village of Kewaskum, Town of Kewaskum and Town of Auburn. The proposed budget reflects a 3.2 percent increase of \$2,687.00 more. It was noted the Village's share of the budget will go down approximately 3.9 percent (\$2,233) the Town of Kewaskum's will go up approximately 11.6 percent (\$2,772) and the Town of Auburn's will go up approximately 0.6 percent (\$151).

Administrator Daniel Schmidt informed the Board that the proposed budget is similar to last year with the formula reflecting the same 1/2 of the water usage charge and other dollar amounts constant. The main shift in percentages was caused by the number of fires responded to over the three year period.

On a motion by Trustee Mary Krueger, seconded by Trustee Charles Boegel and unanimously carried by voice vote, the Board approved the Fire Department budget pending public hearing and authorized the Administrator to send the tentatively approved Fire Department budget and contracts to the Townships. Trustee Charles Boegel reported he has

begun checking into the Library's purchase of a computer, but needs more time.

President Paul Blumer reported to the Board that he had signed a Proclamation for the Junior Womens Volunteerism as attached hereto:

On a motion by Trustee Charles Boegel, seconded by Trustee Howard Laubenstein to adjourn to closed session under Chapter 19.85 (1)(c) and 19.85 (1)(e) of the statutes to consider employment, compensation and performance of public employees over which the governmental body has jurisdiction and to deliberate and negotiate the disposition of public lands. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent." The motion was carried unanimously.

Missionary to Be Guest Speaker at Alliance Church Missions Festival

Miss Judi Brodeen is the speaker for the annual Missions Festival to be held November 3, 4 and 6 at Campbellsport Alliance Church. She will be reporting on her work and showing slides.

Judi Brodeen is a professional missionary serving with The Christian and Missionary Alliance (C&MA) in Mali, West Africa. Brodeen began her ministry in 1981 among the Dogon tribe.

Brodeen's major areas of responsibility include teaching, spending time visiting the villages, witnessing to unbelievers and encouraging those who put their trust in Jesus Christ. After successfully completing her final examination in the Dogon language, she was appointed as literature distribution director there.

"Looking back over this term, I am amazed and awed at how the Lord has cared for me and shown His love for me in all the 'little things' of life. I have spent much time 'alone' as the only missionary in a remote bush station and yet have not had a moment of loneliness. God has taken such good care of me..."

Both a Protestant denomination in the evangelical tradition and a missionary society majoring in world evangelization, The Christian and Missionary Alliance (C&MA) has entered its second century of world-wide ministry, which

Boat Titling Required in '89

MADISON, WI — Owners of motor 16 feet or longer will be required to title those boats in 1989, according to Department of Natural Resources boat registration specialist Dick Royston.

"New state legislation approved in May of this year required boat titling beginning February 1, 1989, for all boats 16 feet or longer that require registration, including sailboats and canoes," said Royston.

After February 1, 1989, a boat Certificate of Title will be required to transfer ownership in Wisconsin.

"It's a good idea to check your boat now, before you store it for the winter, to verify the manufacturer's hull identification number. You'll need that number to get a boat Certificate of Title," said Royston. "Our usual fee to renew boat registrations will continue."

"We'll try to contact all owners of boats that require titling by mail during January and February of 1989. Those people with boat registrations that expire in 1989 will be receiving both a renewal notice and a notice for additional information for titling. Owners whose registrations expire in 1990 will be asked to send us information for titling purposes only."

Brian Stockinger, Kelly Schneider and Marie Herther prepare their bows during their archery class.

Along with these academic classes taught, the students participated in a number of hikes, recreational activities, reflection time, campfire singing and cabin time.

A follow up student survey was filled out by all sixth graders and the general consensus was "Camp was GREAT!"

To remove odors from smelly bottles, pour a little hot water with a generous pinch of mustard powder. Shake and let stand overnight. Then rinse with hot water.

Paul Reis (left) and Jamie Christian (right) wait patiently for their instructor, Mrs. Bastable, to give more directions for outdoor cooking in a box.

On October 6th and 7th, the sixth graders of Kewaskum Middle School participated in the school district's first overnight outdoor education experience.

Approximately 110 students traveled to Camp Whitcomb. The camp is 284 acres of forest, lakes, marsh, ponds, open fields, cabins and lodges located in the Kettle Moraine area near Hartland.

The purpose was to take the students out of the classroom to develop their awareness and appreciation of our natural resources.

The Middle School had some eager staff members take part

Ice Age Trail Hike-A-Thon Held

The 2nd annual Ice Age Trail Hike-A-Thon was held October 1st, 1988. It was a rainy but beautiful day in the northern Kettle Moraine where the local hike was held. Just under 1000 hikers came to the hike at 13 different hike locations throughout the state.

91 hikers hiked the trail near New Fane, considering the all day rain, we felt the turn out was great. 4 or 5 hikes were held in the rain that day. Spirits were high among those who came. One hiker said the autumn colors are much more vivid when they are wet, we should feel privileged to be able to enjoy them in the rain! Hikers ranged from 1 year old to in the 70's. Young and old really enjoy this marvelous trail.

The Ice Age Trail is to be a 1000 mile continuous foot path across Wisconsin. It follows the edge of the last glacier. Last year over \$32,000.00 was raised with our first hike-a-thon. This year's totals are not in yet but look even better than last year. Both private and public donations are needed to purchase land easements to guarantee the continuation of the trail for the complete 1000 mile route.

The trail is both a Wisconsin Scenic Trail and a National Scenic Trail. Governor Thompson declared a match grant program last year as a result of hiking with us at the hike-a-thon. Seeing the need to preserve this land and share its beauty with future generations, Governor Thompson said for every \$2.00 we raise, the state will give \$1.00 toward purchasing land easements. This will help to speed up the process, but we need donations from people and businesses in order to receive the matched funds from the state. If you are interested in contributing, contact Kathy Vorpapel at 377-8456.

The Wash/Oz Chapter of the Ice Age Trail would like to thank those people who helped at the hike, and also those who hiked. We would also like to thank the following for their donations: West Bend Royale Hotel, Kemps Foods (Kewaskum), Pick N Save (West Bend - South), Sentry Foods (West Bend), Barthel Fruit Farm (Mequon), House of Prime Meats (Thiensville), Ott's Sausage (Men. Falls), Franks Meat Market (West Bend), and Gundrums Meats (Slinger).

KHS Football Team Closes Out Season

Two bus loads of fans and the Kewaskum Indians football team traveled to Chilton for its final game of the season that ended in a 6-0 loss. Due to rain and cold weather, the ball was hard to handle making fumbles many and scoring meager.

Kewaskum's quarterback duties were given to senior Paul Budiac with junior Brian Lietheiser playing just one series. Although Kewaskum was able to move the ball downfield, the Indians just couldn't get the ball into the end zone.

Chilton didn't have any better luck for most of the game but did manage to score in the second quarter on a one yard run by Mike Sell. The extra point kick was blocked by two-way Indian Mike Ciriacks who had an excellent all-around game offensively and defensively. Other key defensive players were Chris Charland, Mark Hartmann, and Mike

Kawczynski.

The only other action of the game came in the third quarter when Chilton head coach Steve Stubbe didn't agree with the referee call of roughing the kicker. After a brief side line confrontation, he was kicked out of the game to the delight of the cold, wet Kewaskum fans. Kewaskum was in Tiger territory with 1st and ten, but then Budiac threw up an interception to end the drive.

The Indians end their 1988-89 season with a 2-7 record. Seniors for the team this year were Dennis Aupperle, Paul Budiac, Chris Charland, Mike Ciriacks, Ryan Degnitz, Mark Hartmann, Mike Heberer, Mike Johann, Mike Kawczynski, Corey Oppermann, Marty Schulteis, Joel Serwe, and Jeff Verch. We wish them well.

Team and individual statistics will appear in next week's Kewaskum Statesman.

Hunter's Choice Deer Permits to Be Mailed In Early November

MADISON, WI — Applicants for Hunter's Choice permits for Wisconsin's 1988 gun deer season should begin receiving their permits during the first week of November, according to Dick Royston of the Department of Natural Resources licensing section.

The Hunter's Choice deer hunting permit allows a hunter to kill a deer of either sex in a specified deer management area. Royston estimated that the department has received over 400,000 applicants for the 295,000 permits available this year.

"We'll start mailing Hunter's Choice permits out to successful applicants on October 31," said Royston. "We hope to have them all in the mail by November 8."

The total number of Hunter's Choice permits available this year is up from the 257,465 permits issued in 1987. First preference for the permits is given to resident landowners, with 30 percent of the available permits in a deer management unit reserved for them. Second preference is given to all other residents who applied for but did not receive a permit the previous year. Third preference is given all other residents. If more permits remain, non-residents are then considered.

Wisconsin's 1988 gun deer hunting season runs Saturday, Nov. 19 through Sunday, Nov. 27. Deer hunting licenses for residents (\$15.35) and non-residents (\$106.60) are available for purchase, but must be obtained before the gun deer season begins. Wisconsin sold 660,401 gun deer hunting licenses in 1987.

Vogt Takes First at Cross Country Sectional

At the sectional cross country meet held last Saturday, the Kewaskum fans had a pleasant surprise as Laurie Vogt won the meet with a time of 12:35.

Laurie was expected to qualify for state in the top six competitors, but surprised everyone by winning the meet. Laurie and the runner from Random Lake kept exchanging positions between first and second place, but when the last quarter mile came up, Laurie took the lead and did not relinquish it. She went on to beat her opponent by at least 20 yards.

Runners from both Random Lake and Sheboygan Falls have beaten Laurie in the past, but she poured on "the right stuff" when it really counted.

On Saturday, Laurie travels to Wisconsin Rapids for the State Meet. She should be starting

around 12 noon. Coach Drexler feels if Vogt runs a competitive race she should place well in the top.
