## County Incinerator Possible by 1993

By GERRY MUELLER  
Statesman Staff Writer

A plan to construct a county incinerator is feasible and its operation could be successful. That's what trustee Mary Krueger told her fellow members at Monday night's Kewaskum Village Board meeting.

According to a report presented by R.W. Beck and Associates at the Joint Incineration Committee's meeting last month, enough waste is generated in Washington County to make the

plant a success.

Krueger, who represents the village on that committee, noted however that figures in the report also include the City of Hartford which has, in the past, indicated it is not interested in being a partner in the plan or hauling its waste to West Bend. Even without Hartford, it is felt the plant could operate effectively.

Kewaskum, along with its neighboring communities, is facing the ever-increasing problem of what to do with its waste and the situation is

becoming more critical as the Department of Natural Resources continues to shut down public and private landfills.

The committee is looking at two options, one unit could handle 90 tons of waste per day, or a larger unit which would burn 110 tons per day. The 90T/day unit would cost approximately \$8 million with a per household cost of \$68.65 per year. The 110T/day incinerator would cost about \$10 million, at a per household cost of \$81.89 annually. "Let's face it," said Krueger, "that's not cheap, but we've got to realize it is not going to get cheaper, only more costly to get rid of our waste."

Krueger said the report is considering that each person generates 3.5 pounds of burnable garbage every day, with 2.5 people per household, 75% residential waste and 25% industrial and commercial waste. She stressed that to be efficient, the plant must operate 24 hours a day and needed to receive the commercial waste too.

She said it still would be each municipality's own responsibility to get rid of its recyclable materials which include newspaper, glass, aluminum and steel cans. Krueger said the facility would accept plastic because it burns relatively cleanly and produces the high heat needed to burn the other materials.

Krueger said she was surprised to learn that newspapers would not be accepted because they produce the most ash and toxic pollutants as a result of the paper now being bleached during manufacturing.

If a community wants to bring its separated recyclables to the

## Board Okays Three-Year Pact With Police Union

By GERRY MUELLER  
Statesman Staff Writer

It was a first for the Village of Kewaskum Monday night when the trustees unanimously voted to approve a three-year contract with the Kewaskum Police Union. In the past the two groups had negotiated either one or two year pacts.

In the first year of the contract patrolmen will receive a 2.5% increase in wages effective January 1, 1989. For the second year of the contract, patrolmen will receive a 3.0% increase in wages effective

January 1, 1990. In the third year of the contract, patrolmen will receive a 3.9% raise effective January 1, 1991.

Raises for other full and part time village employees were also approved at the meeting. Based on sixteen regular full time village employees, the average increase was 3.18%. On an individual basis the raises were as follows: Administrator 3.9% to \$32,933, Public Works Superintendent 3.2% to \$30,330, Chief of Police 3.2% to \$27,644, Water Pollution

## Tree Lighting Ceremony Draws Good Crowd In Spite of Weather

Norman Kempf (center), president of Aid Association for Lutherans Branch 26, and Kewaskum Village Board president Paul Blumer, jointly lit the lights on the village's Christmas tree. The live tree was donated by Regal Ware.

Almost 250 people were on hand Monday night to participate in, what is hoped to be an annual event, the lighting of the Village of Kewaskum's Christmas tree.

An annual Christmas tree lighting was the idea of Kewaskum's Branch 26 of Aid Association for Lutherans, headed by Norman Kempf and the branch's other officers.

The group put in many hours organizing the program which included securing the tree, putting on the lights and inviting area musicians and singers to participate in the ceremony.

Regal Ware, Incorporated graciously donated the live tree, which will be enjoyed not only

at Christmas, but all year around. AAL Branch 26 took care of transplanting the large tree on the Municipal Building grounds, just west of the flag pole.

Carols were played and sung by six groups which included the Kewaskum High School Swing Band and Swing Choir, St. Lucas Lutheran Church Junior and Senior Choirs, Peace Lutheran Church Choir and Holy Trinity Catholic Church Choir.

Following the carols, Village Board President Paul Blumer and Norman Kempf, representing Branch 26, switched on the lights.

A sing-along followed, concluding the ceremony were warm-up refreshments provided by the AAL.

## Candidates Take Out Papers

By GERRY MUELLER  
Statesman Staff Writer

With the deadline approximately three weeks away, candidates for both the Kewaskum Board of Education and the Kewaskum Village Board have taken out nomination papers but none, as yet, have returned them.

For School Board, both incumbents, Clara Trapp and Ralph Horner, have taken out papers. A third candidate, Paul Seymour, of 7451 Midland Drive, Allenton, has also gotten nomination papers from the district Administration Office.

Up for re-election to the Kewaskum Village Board are

incumbents Board President Paul Blumer and Trustees Mary Krueger, Charles Boegel and Kenneth Bonlender. Village Administrator Dan Schmidt said so far Blumer and Krueger have taken out papers as has a newcomer, former Kewaskum Police Chief Donald Hlavaty who has taken out nomination papers to run for the post of board president.

Schmidt also noted that, to date, none of the papers have been returned to his office. The deadline for submitting nomination papers for either election is 5:00 p.m., Tuesday, January 3rd.

## Kewaskum Sno-Chiefs Torch Run January 8

Wausau corporate leaders, Bombardier (Ski-Doo Snowmobiles) and GTE, will sponsor a Badger State Winter Games Torch Run. The Run will be modeled after the unique Bombardier-sponsored 1988 Calgary Winter Olympics Torch Run which utilized snowmobiles equipped with wheels to carry the Olympic Torch. At least 25 Wisconsin communities will be involved in the Winter Games Torch Run.

Included will be the Kewaskum Sno-Chiefs. The torch run will begin at Amerahn on Sunday, Jan. 8, with a brunch at 9:00 a.m. The snowmobile with wheels, carrying the torch will be escorted by law enforcement personnel leaving Amerahn at 11:00 a.m. and arriving at Plymouth at 1:00 p.m. Everyone is invited to attend the brunch and take part in sending off the torch for the Badger State Winter Games.

The Wausau area will host

the first Badger State Winter Games, Feb. 3, 4, 5, 1989.

The inaugural Winter Games will include four sports: curling, cross country skiing, downhill skiing and hockey. Figure skating will be featured as an exhibition sport in 1989.

## Christmas Music at KHS On Wednesday

On December 21, 1988, the Kewaskum High School Music Department will be presenting their annual Christmas Concert. This evening of traditional and contemporary Christmas music will begin at 7:30 p.m. The Symphonic and Concert Bands, directed by Larry Ammel, and the Treble and Concert Choirs, directed by David Bertelsen have been working hard for this program and hope to see you there. Until then, Merry Christmas from the KHS musicians!

## Village Receives 'Smart Money' Rebate

Pictured left to right, Charles Simpson, Customer Service Supervisor and Ellen Decent, Energy Specialist from Wisconsin Electric Power Company, presented Village Administrator Dan Schmidt with a Smart Money rebate check of \$1,629 for the village's participation in the company's energy conservation program.

By GERRY MUELLER  
Statesman Staff Writer

District Administrator Dan Schmidt announced last week that the Village of Kewaskum received a check for \$1,629 from Wisconsin Electric Company.

The check is a rebate for the village's participation in the company's Smart Money

Energy Conservation Program. The program's purpose is to assist and encourage both private and commercial customers of Wisconsin Electric to update and more efficiently use electricity. By replacing appliances and lighting fixtures etc., with more energy-efficient units the company hopes enough energy can be saved to eliminate the need to build new power plants to provide service

to new customers.

Schmidt said the village had updated 70 street fixtures at a cost of \$9,300 for labor and materials. The new sodium lights, which provide more lumens of light than the old mercury vapor lights, are expected to reduce the village's annual energy consumption.

The lights are expected to pay back their cost in savings in four years.

### CHAIR CANING IS AVAILABLE AT CEDAR LAKE HOME TRI-CAMPUS

#### CHOLESTEROL CONTROL

To reduce the risk of heart attack and strokes, dietary changes and drug therapy to lower blood levels of cholesterol must be considered lifetime commitments. Stay with a cholesterol-lowering diet at least 6 months before deciding if it is effective - and if not, then consider medication. Eating an oat-bran cereal for breakfast each morning and eating fish 3 times a week are part of a cholesterol-lowering diet.

# Incinerator Village

[Continued from Page 1]

site, the facility would take and resell them and credit the money towards the community's shared cost of the incinerator's operation.

The facility will not accept appliances, brush or yard waste. Village Administrator Dan Schmidt interjected that composting of yard waste will be mandatory by 1991.

Krueger told the board the committee wants the incinerator to be in place and operating by 1993. "That means we're going to have to have compulsory recycling and we can't wait until 1992 to start it," stated Krueger.

Public Works Superintendent Augie Bilgo stated, "It's going to take a lot of training." He noted with the new village regulations, people still try to leave tires for trash pick-up or try to mix grass clippings in with their garbage. He said the village would probably have to go to clear plastic bags like West Bend uses to make sure residents aren't mixing garbage and recyclables.

Representatives from the Towns of Barton, Trenton and Kewaskum and Villages of Kewaskum, Jackson and Newburg attended the Joint Incineration Committee meeting. Krueger said the Town of Kewaskum has officially joined the group.

The Towns of Farmington and West Bend, while not represented at the county meeting, are still expressing an interest in joining the partnership.

A public hearing is being scheduled for mid-January to get input from area residents.

[Continued from Page 1]

Control Superintendent 3.2% to \$27,346, Patrolman 2.5% to \$25,229, \$21,403 and \$20,056, Public Works and Water Pollution Control crews 3.2% to \$21,773, Bookkeeper/RC 5.0% to \$16,539, Head Librarian 3.2% to \$10,514, Secretary 3.2% to \$12,640/\$13,041, and Assistant Librarian 3.2% to \$7,353.

For part time village employes including crossing guards, patrolmen, custodian, public works, zoning administrator and building inspector, the average increase was 2.75%.

In other action the board approved the 1989 budgets for the Water and Sewage Departments. The Water Department budget of \$202,250 represents a 2.5% increase over 1988, which includes approximately \$27,000 towards the construction of the replacement #1 well. Bids for its construction are expected to be let about February, 1989. The new well is expected to cost about \$50,000 - \$60,000.

The Sewage Department budget of \$327,068, represents a 13.4% hike. The reason for the large increase is directly related to the sewer extension program now under way on the northern end of the village. That work includes sewer line extensions as well as a new lift station. Despite the large increase in the budget, Administrator Dan Schmidt did not anticipate any rate increase for 1989.

The board also approved a revised zoning ordinance for the village along with a new chapter for the ordinance book which

covers Construction Site Erosion Control.

Schmidt also reviewed four new proposed ordinances which will have public hearings on January 3.

Schmidt advised the board that the annual tax bills have gone out and several have already been paid by the property owners.

## WILDLIFE DAMAGE CLAIMS DEADLINE

December 21st is the deadline for Fond du Lac County landowners to file wildlife damage claims. No claims will be accepted after that date.

## Christmas Bird Count Sunday

On December 18, Sunday, volunteers will take part in the annual Christmas Bird Count sponsored by the Kettle Moraine Audubon Society in Washington County. Within a fifteen-mile diameter circle covering the southwestern part of Washington County, the survey area is divided into

smaller areas for each group of volunteers to cover. Starting at 8 a.m. and ending at 4 p.m., volunteers will observe by either driving or hiking through their assigned area or by observing in their own backyard bird-feeders.

This bird count is part of an annual nation-wide effort by scientists to determine changes in number of species, migration patterns, and populations of

birds.

Anyone who would like to participate or anyone wishing more information should contact Karen Wolf at 338-2704.

## 'BABES' Program to Be Introduced At Kewaskum Elementary Schools

District Social Worker and SAP coordinator Jackie Schoenig proudly announces a new assistance program called BABES - (Beginning Alcohol and Addictions Basic Education Studies) which will be initiated into the three Elementary Schools (Wayne, Farmington, and Kewaskum) beginning January, 1989. The program for kindergarten through second graders is designed to assist young children in developing positive living skills. BABES accomplishes this goal by providing the children with accurate, non-judgemental information to use for their personal growth.

The certified BABES program instructors are Marty Ison-Kocus and Sandy Gunderson with the Council of Alcohol and other Drug Abuse of Washington County. The teachers will be using believable, cuddly, puppets to

tell seven different stories on decision making, peer pressure, coping, alcohol/drug information and asking for help. By providing these students with information in a non-threatening environment, the children are not only receptive to the information but remember it as well.

Schoenig is excited to get the BABES program off the ground because it adds yet another dimension to the SAP program that is definitely needed. "Students at all age levels need to be aware of what's going on around them. Even the young kids are subject to different kinds of pressure or abuse. They need to know and understand what's going on around them."

For more information, contact the SAP coordinator Jackie Schoenig or building principals, Mr. Zarling or Mr. Larsen.

## A Special Christmas Project

The School District of Kewaskum "adopted" a very special project this holiday season, that of making a little boy in Florida's "last wish" come true. The little boy is dying of Leukemia and his last wish is to be in the "Guinness Book of World Records" for receiving the most Christmas cards. All the schools in the Kewaskum district are united in an effort to make this little boy's wish come true.

Said Lori Telschow, Public Relations Specialist, "Kids of all ages like to do something special for others especially during the holidays...this project gives students the chance to share in the true

meaning of Christmas."

We would like to see the community get involved too. If you'd like to help fulfill the dream of this dying boy, send your Christmas cards and

## New Video Available to Educate Parents About Teen Drug Abuse

Parents who want to learn to recognize illegal drugs and the symptoms of drug abuse in their children can obtain a basic education from a new video cassette available from the Kewaskum Police Department.

Chief Richard Knoebel announced today that parents, teachers and community groups can borrow the video, free of charge, from his office.

The 23-minute video features Michael Gross, star of the television show "Family Ties," and includes a brief message from Wisconsin Attorney General Don Hanaway.

Chief Knoebel said that making the video available to all parents, teachers and community groups is a cooperative effort between his department and Hanaway's Wisconsin Department of Justice.

"This film is one of the best available for teaching parents to recognize illegal drugs, drug paraphernalia and the

symptoms of drug abuse in their children," said Chief Knoebel. "I consider it required viewing for every school teacher and every parent."

"The best defense against drug abuse and drug-related crime in our community is for every parent to become informed," Chief Knoebel said. "Parents who have educated themselves about drugs have the best chance to stop abuse before it begins, or to catch it early."

The video, available in the VHS format for home use, is being circulated statewide by Hanaway's office as part of his effort to encourage drug prevention efforts in every Wisconsin community.

"We now must assume that every one of our children has access to drugs, and every one of our children comes under peer pressure to experiment with them," Hanaway said. "Our kids are often far better

educated than we adults are about the drugs in our society."

"It's time for that to change. Parents must educate themselves about what these substances look like, how they are used, and how we can tell if our children are using them."

"That's what this video tells us. I hope every parent and every teacher in Wisconsin will take the time to borrow this video and to watch it carefully. All of us must become involved in recognizing and preventing drug abuse."

Parents, educators or community groups can obtain the video from the Kewaskum Police Department at 204 First Street, Kewaskum, WI 53040. Those who wish to reserve the video can do so by calling 626-2323 or writing to the above address.

Educational costs are accelerating rapidly. Scholarships help defray these costs. Donate today to KEYS INC. P O BOX 124, Kewaskum, WI 53040. Help determined and capable youth of Kewaskum on their continued education.

# KEA Supports Curriculum Coordinator Post

By GERRY MUELLER  
Statesman Staff Writer

The issue of a curriculum coordinator again came up before the Kewaskum Board of Education, this time in a written statement of support from George Allmann, president of the Kewaskum Education Association.

In his memorandum Allmann said the association wanted to express its concern over the board's reluctance to fill the vacant position. Stating absence of an individual in the post was causing serious delays for several committees, Allmann noted that some of the coordinator's seventeen policy listed responsibilities were being delegated to the District Administrator, building principals or teaching staff causing backlogs and delays.

Allmann's letter also cited areas and programs which had been directed under the leadership of the former director of instruction. "As an Association, we strongly support hiring someone to fill the position of curriculum coordinator on a permanent basis."

In responding to the memorandum, board member Ruth Schmitt told members of the KEA who were present, "We desperately need a curriculum coordinator but I think we were hoping to cut back at the administrative level, that's the only place we have left."

Schmitt indicated she was reluctant to add another new position to the administrative payroll. Mary Ann Wagner, spokesperson for the KEA, said the association did not consider the position "new" since the duties has been handled by the director of instruction and a job description had been written for the position.

Board member Neal Weare voiced his irritation over the fact that the issue was again being re-hashed by the board. "Let's put it (the coordinator position) on an agenda within the next thirty to sixty days so we can take some decisive action at that time or lay it to rest," stated Weare. With that comment, he asked that the item be placed on the January agenda.

Another item that disturbed Weare was a proposed new

policy 9369, which would allow the erasing of meeting tapes 90 days after board approval of the minutes. He questioned whether the policy was a good idea "given the board's past track record." Within the last year situations arose which caused individuals to go back and listen to tapes which were more than six months old.

In responding, Schmitt, chairman of the Policy Committee, stated, "I don't believe a tape would be admissible in court."

Weare also felt the proposed policy conflicted with a similar policy already on the books. He asked that the new policy go back to committee for further review with the present policy governing minutes.

Dr. David Heather addressed the issue of goals he has set for himself as district administrator. Heather told the board there appeared to be some feeling that his goals were subjective rather than objective. He listed six goals. First, Know the community. Heather said he planned to accomplish this through a survey he planned to take later on in the winter. Two, Know board members and minimize external board disharmony. "By that," Heather told the board, "I plan to learn what trips your trigger, your likes and dislikes." Three, Develop knowledge of the Kewaskum education system. Four, Improved public perception of the district image. "I think we're making some progress," said Heather. Five, Establish good working relationships with the KEA and KAP. Six, Improve employee morale. "So far what I hear is this is the best year we've had so far."

"Maybe they (the goals) are subjective for this year," noted Heather, "but I plan to follow through on them."

Board member Perry Anker-son acknowledged that he was the one who questioned the goals. "Whether you

accomplish them will be seen later, that you say they are what you are going to do is objective and that's admirable," said Anker-son. "My position is that the school board had very few goals," said Anker-son. He asked Heather to work with the board in setting goals for itself.

Another item which will come up for discussion in January is the possible sale of the Beechwood Elementary School. That item was put on next month's agenda by Anker-son.

Last month Anker-son asked Heather to look into the legal details and laws concerning sale of a school. A reply to Heather's inquiry was received from the district's legal advisors Quarles and Brady. Anker-son noted Monday night he was not opposed to having the issue placed on the spring ballot as a referendum item.

In other business the board approved two maternity leaves and one resignation.

Stephen King, Kewaskum Middle School principal, gave a report on the sixth grade overnight campout which included a wide variety of seminar-type classes. In a survey of both the students and teachers the response was enthusiastic and very positive. Comments from both groups indicated the experience had been considered a success by everyone.

## 'Christmas in Hawaii' UWWC to Hold Dance Friday

Christmas week activities planned by the Student Government Association of the University of Wisconsin Center - Washington County during the week of Dec. 12-16, are designed to benefit needy area families as well as get students into the holiday spirit.

UWWC students and guests who attend the Christmas dance on Friday, Dec. 16, from 8 p.m. to midnight, will receive \$1 off of their tickets if they bring a non-perishable food item to donate to the West Bend Food Pantry.

The theme of this year's dance is "Christmas in Hawaii," and students are encouraged to dress in their hottest Hawaiian shirts and shorts for the dance. Decorations will include palm trees decorated with tiny white lights along with lots of festive garland and colored bulbs.

A disc jockey will add to the tropical theme by playing music from the Beach Boys, Jan and Dean and other "hot" songs from the Fifties and Sixties. Refreshments will be available.

Tickets cost \$2 for UWWC students with ID's and \$4 for guests and students without ID's. A canned goods donation at the door results in the discount.

During the week leading up to the dance, the members of the UWWC Student

Government Association sold candy canes and Christmas cookies in the Union, while members of the UWWC music department caroled in the halls.

UWWC took on a festive look earlier this week, as students decorated the main entrance and the rathskeller with live Christmas trees.

The union area is decorated with lighted palm trees to get students into the Hawaiian theme in preparation for the dance, which ends the Christmas activities.

Holy Trinity Catholic Church's Choir joined five other groups in the musical portion of the village's tree lighting ceremony.

### Love Light Tree for Children's Hospital Hospice Program Seeks More Gifts

There is still time to brighten a child's life by donating to the Children's Hospital of Wisconsin's Love Light Tree in front of the new hospital at 9000 W. Wisconsin Ave., Milwaukee.

Decorated with more and more lights since December 3, the Love Light Tree represents your commitment to children by benefiting Children's Hospital's Hospice Program.

For a penny, a dime or a dollar a day for one year, you can become a visible part of the lights of love reaching out to help children.

Children's Hospital's Hospice Program is the only one in the state designed solely for the care of terminally ill children and their families. The program provides pain and symptom control for children and support for their families at home or in an inpatient setting.

Brochures describing how to participate in the Love Light Tree are available from Stein Garden & Gifts, co-sponsor of the program; selected retailers, area libraries and by calling the Children's Hospital Special

Events office at 931-1140.

Children's Hospital of Wisconsin is a private, independent, not-for-profit regional pediatric medical center serving Wisconsin and Michigan's Upper Peninsula.

**NEWS EXTRA...**

**Be Cautious Before Giving Credit Card Number**

"Know the business or individual you're dealing with before you give out your credit card number." That's the advice of Jane Jansen, consumer protection director with the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP). "We recommend you never give out your credit card number to any firm that contacts you by mail or telephone," says Jansen. A recent ploy being used by telemarketers involves telling you that the caller is connected with a credit card company's buyers club or some other legitimate sounding name. The person on the phone will give you the first number of your card and then ask for the remaining numbers in order to "verify their records." "Promises of expensive prizes or huge savings may overpower a person's usual cautious approach," Jansen said, "and unwise disclosure of your credit card number can have expensive consequences." Telephone presentations are usually made by experienced telephone solicitors. Their smooth delivery and the usual urgency of "sign up now for this great opportunity" can overcome a person's good judgement. Jansen recommends only divulging your credit card number to those companies where you have initiated contact. If you have questions, call DATCP's consumer hotline, 800-362-3020.

**St. Matthias Mission Listed in National Register of Historic Places**

The National Park Service has announced the inclusion of ten Wisconsin properties in the National Register of Historic Places.

The entries bring the list of designated historic properties in the state to 1,294. The newly listed properties are located in Ashland, Dane, Fond du Lac, Forest, Iowa, La Crosse, Rock, Sauk and Waushara counties. Included are a bridge, a campground, a depot, two churches, two homes, an apartment building and an archeological site.

Included in the list is St. Matthias Mission, 1081 County Trunk S, Town of Auburn, Fond du Lac County. Built in 1861, this rural Gothic Revival-style church is significant as the first church building associated with

the Catholic German heritages of the area and represents an important historical remnant of the 24 German Catholic families from the Prussian village of Bengel who settled in the area.

**AN ITCHY DISH**

Anyone who spends time outdoors knows to steer clear of poison ivy. A brush with this plant can keep you scratching for days. But International Wildlife magazine reports that for many animals, poison ivy is not an irritant but a nutrient. Dozens of birds like pheasant and grouse feast on the seed clusters. Bears, muskrats and cottontail rabbits prefer the plant's foliage and buds.

### Kewaskum School District Awarded Grant

The Kewaskum School district has been awarded part of a \$25,000, grant to strengthen family life programming, State Superintendent Herbert J. Grover announced the eight school districts, 1 CESA and 4 counties that will share the \$25,000, in family strengthening grants and Kewaskum was selected as one of them. The state legislature, under Wisconsin Act 27 made the money available to school districts and local governmental units for special projects to strengthen family life. D.P.I. administered this grant program as part of its "Family Involvement in Education" project to various schools

expressing a need.

For the Kewaskum school district, this grant will allow the purchase of "Active Parenting"; a video based discussion package involving six, two hour sessions on the following: The Active Parent, Understanding Your Child, Instilling Courage, Developing Responsibility, Winning Cooperation, and the Cooperative Family in Action. A number of parents have expressed an interest in a parent support group and through this program, it's hoped that the Kewaskum School District will form a parent network for these concerned parents.

Parenting isn't the only

influence on a child's development but it's the one we can do the most about. According to Jackie Schoenig SAP coordinator, "There is nothing more encouraging to loving parents than discovering methods that enable them to positively influence their children."

Schoenig hopes to have the first series of the "Active Parenting" program available shortly after the holidays. For more information on the program please contact Jackie Schoenig at 626-2166 (Kewaskum High School) or 626-8427 and leave a message with Karen.

### Kewaskum Residents Among Cedar Lake Home Campus Staff Honored

Cedar Lake Home Tri-Campus staff members were thanked for their dedicated service at the Staff appreciation Nights, held December 6 and 7. # 'Art Awareness' Program Opens Doors for Students

Bonnie Paruch of West Bend, a watercolor artist, recently visited Holy Trinity grade school. She demonstrated techniques and explained the medium of watercolor. Paruch's visit was sponsored by the West Bend Art Gallery's "Art Awareness" program.

Volunteers and artists from the West Bend Art Gallery make frequent visits to area schools as part of the gallery's "Art Awareness" program.

The program is designed to open doors to the world of art for young people. Each time a presentation and demonstration is given children learn a little more about the wonderful world of art, from how to look at and

access a painting to learning about the multitude of techniques and types of painting. From pastels or chalk drawings to oils, each form of art has its own personality and challenge.

Students at Holy Trinity grade school recently had the opportunity to learn about the medium of watercolor. Guest artist Bonnie Paruch of West Bend and volunteer Joan Albers of Kewaskum visited the school. Albers told students that,

while watercolor looks like the simplest and easiest form of painting, it is in fact, the most difficult form to master. You cannot paint over your mistakes like you can with acrylics or oils, said Albers.

Paruch, who is also a registered nurse, teaches classes in watercolor to adults and children at the West Bend Gallery. She will soon be expanding her art career to include a framing shop in her home.

## In the Service

Airman Heather J. Seider, daughter of Gerald A. and Vera A. Seider of 110 Highland St., Adell, has graduated from Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credit toward an associate degree through the community college of the Air Force.

She is a 1988 graduate of Random Lake High School.

PFC Clifton Hackbarth, the son of Harold and Helen Hackbarth of 55 Grand Ave. Hartford, is a proud member of the United States Marine Corps!!

During recruit training Marines receive instruction on Marine Corps history and traditions, first aid, military justice system, marksmanship,

close order drill, self defense, and physical fitness. PFC Hackbarth completed his recruit training at Marine Corps Recruit Depot, San Diego, California, on Dec. 2, 1988.

PFC Hackbarth will be stationed at a Marine Corps Service Support School for further instruction and training in one of over 500 Military Occupational Specialties the Marine Corps offers. PFC Hackbarth is a graduate of Hartford Union High School, "Class of 1988." He joined the Marine Corps in November 1987. PFC Hackbarth is the second member of the Hackbarth family to enlist into the Marine Corps, the proud tradition will carry on.

Tyler Hackbarth recently enlisted into the United States Marine Corps' Delayed Entry Program (DEP). Tyler, the son of Harold and Helen Hackbarth, of Hartford, Wisconsin, will attend recruit training at Marine Corps Recruit Depot, San Diego, California during August 1989. Tyler is the third member of the Hackbarths' to enlist in the Marine Corps.

Following recruit training, Tyler will be reassigned to a Marine Corps Service Support School where he will receive his initial skills training. Tyler is a senior at Hartford Union High School, Class of 1989.

Navy Petty Officer 2nd Class Teresa M. Sawyer, daughter of Robert R. and Dorothy M. Sawyer of 1302 E. Decorah Road, West Bend, recently reported for duty at Naval Station, Guantanamo Bay, Cuba.

A 1981 graduate of West Bend West High School, she joined the Navy in July 1986.

## Nickle Visits KHS Social Problems Class 25 Years Ago

Waupun Correctional Institute speaker Tom Nickle, left, spoke recently at Kewaskum High School to the "Social Problems" classes. He made teacher Dave Rohde an honorary corrections officer.

After spending nearly eight weeks in a criminal justice unit discussing everything from jay-walking to capital punishment, Mr. Dave Rohde's social problems classes had the unique opportunity of learning how justice is served first hand. Tom Nickle, Chief Security Officer of the Waupun Correctional Institute talked to the students for two days explaining to them all the aspects of what goes into being a security officer at a bigger prison like Waupun. Nickle explained to the students how the state of Wisconsin holds citizens accountable for their actions, what happens when the law is broken, and what happens when they're found guilty and end up in jail. He went through the daily routine of institutionalization and stressed to the students, once you go into the system, its likely you'll stay there...so stay out in the first place!

Displayed on the picture above is various contrabands taken during actual administrative "shake downs." Among the articles taken away from the prisoners include home-made guns, pot pipes, knives and different types of drugs.

Nickle is in charge of every move prisoners make in and out of jail. If a prisoner needs to get out of jail for an emergency, such as a death in the family,

Nickle makes the final decision if the prisoner can indeed go. He also assigns guards to go with the prisoner and proper restraints are used.

Although Nickle pointed out that he enjoyed his job, he related a story in which he almost lost his life when the segregation area of the jail caught on fire. He ended up being hospitalized but went back to his work as soon as he was able.

The State of Wisconsin is currently in the process of building more prisons to house more inmates. Because of the rising crime rates, being a security officer is a good job with good benefits and job "security." Nickle urged the students to think about the job as a career choice as it is definitely a job that will offer no lay-offs with its future.

Nickle held a little ceremony on his second class presentation day and appointed Mr. Rohde as an "honorary Corrections officer" for his many years of working with W.C.I. and high school kids. He was awarded an official prison guard hat in the ceremony in which he exclaimed "I'll wear it proudly!"

The students learned much from his two day experience and it was a very effective way to wind down their criminal justice unit."

## Santa Brunch Held At Beechwood for Area Children

Santa Claus came to have brunch in Beechwood with many of the area children on December 3rd at Rammer's Hall. Four of his helpers - Misty Luedtke, Stephanie Heberer, Julie Ruplinger and Becky Braun aided mothers and cleared tables. Other contributors included the Beechwood Cheese factory with a donation of cheese curds and Kerry's Korner with a donation of candy.

Attendance prizes went to: Bradley Bemis - Preschool; Chandra De Husson - Preschool; Lori Petushek - Kindergarten; Joshua Mueller - Kindergarten; Eric Backhaus - Grade 1; Jordan Schmidt - Grade 1; Peter Petushek - Grade 2; Allyson Link - Grade 2; Nicole Vetter - Grade 3; Travis Luedtke - Grade 3.

The pancake brunch and bakesale were sponsored by the Beechwood Firemen's Auxiliary.

Dec. 13, 1963

This community was shocked the past week by the unexpected deaths of two prominent residents, Kewaskum Superintendent of Schools Clifford M. Rose, 63, and his brother Leland M. Rose, 61, a former teacher in the school system, which occurred only four days apart.

Leland Martin Rose died early Saturday morning, Dec. 7th, of a heart attack at the home of Mr. and Mrs. Paul Albrecht, 1217 Fond du Lac Avenue, where he stayed.

Clifford M. Rose, who resided at 114 Clinton St., passed away at Madison General Hospital at about 12:30 p.m. on Wednesday, Dec. 11. He and Mrs. Rose were on their way back from Platteville where they had attended burial services for his brother Leland Tuesday afternoon. They stayed overnight with friends in Madison. Mr. Rose became ill and was taken to Madison General Hospital where everything possible was done to save his life but to no avail and he passed away early in the afternoon.

A daughter was born to Mr. and Mrs. Roger Kudek, 336A Kilbourn Ave., West Bend, Friday, Dec. 6.

Sons were born to Mr. and Mrs. Bruce Muckerheide, 316 Roosevelt Drive, West Bend, Dec. 11 and to Mr. and Mrs. David Jung, R. 1, Kewaskum, Dec. 8.

Lester Kohn, Kewaskum, is a patient since Wednesday at the Milwaukee Hospital, where he submitted to surgery.

## 50 Years Ago

Dec. 16, 1938

Otto F. Perschbacher, 77, of 2004 N. 35th Street, Milwaukee, brother of A.A. Perschbacher of this village and a native of Kewaskum, died Saturday, Dec. 10, at County Emergency Hospital, Milwaukee, of injuries suffered Friday when he was struck by an automobile at N. Tenth and Clybourn streets in that city.

Mrs. George Heisler, 64, nee Helen Seidl, a beloved resident of Hartford, who was born and raised in Kewaskum, passed away at St. Joseph's Hospital, Hartford, Dec. 9, following a short illness of only a few days with appendicitis and embolism.

William Dreikosen, 71, Town

of Ashford, passed away at St. Agnes Hospital, Fond du Lac. Monday, Dec. 12, after a lingering illness.

Charles F. Doms, 74, Christian Science practitioner and former Kewaskum and Wayne resident, died at his home in Fond du Lac.

Forty-four sportsmen met at the Kewaskum High School Monday evening, Dec. 12th, for the purpose of organizing a Kewaskum Rod and Gun Club and swelling their ranks to over 200 members. Myron Perschbacher was elected president and Paul Landmann, secretary and treasurer.

Application for a marriage license has been made with Fond du Lac County Clerk A. J. Kremer by Marvin Martin of Kewaskum and Miss Minerva Sommerfeld, Fond du Lac. The couple will be married on Monday, Dec. 26.

Art Klein, Beechwood, had a butchering bee on Tuesday.

On Tuesday noon the students of the Kewaskum High School gave a snake dance in order to arouse more enthusiasm for the big basketball game between West Bend and Kewaskum. The dancers gave cheers and sang songs as they paraded up and down Main Street, going through many of the business places on the way. Everyone who participated in the snake dance showed they had real school spirit.

## 75 Years Ago

Dec. 20, 1913

Dr. W.H. Drissen had a miraculous escape from a horrible and sudden death early Thursday morning. He was returning from a sick call and was crossing the railroad track at Grand Avenue when a northbound passenger train took his automobile on the broadside. Fortunately the machine was struck in such manner that the cow-catcher wedged itself firmly into the sheet metal body of the car and in this manner it was carried along the track with the doctor still occupying the car for a distance of about 150 feet before the train could be brought to a standstill. When it stopped the doctor calmly stepped out of the wrecked auto and carrying his bag went on homeward, leaving the damaged auto where it lay.

Leo Uelmen of New Prospect was accidentally shot and seriously injured last Sunday morning while hunting with two other companions about 1/2 mile from the Wm. Jandrae farm. Leo together with Aug. Jandrae

## Pre-Schoolers Attend KHS

"Circle Time" in which the leaders teach a new game — Heidi Martin, Rachelle Jaromin, Shari Berger, Terianne Knoeck, Traci Knoeck, Erica Pennington and Katie Fechter.

During circle time, playing the game "Policeman, Policeman" are left to right, Austin Doherty, Zachary Telschow, Jessica Schmidt, Carol Martin - Child Development Coordinator, Ty Wietor, Andy Lickel and Scott Goschey.

Gathering around the Nursery School Christmas tree are Erica Pennington, Paulette Birkholz, Becky Kober, Alissa Donath, Jessie Krahn, Candi Heberer, Lanaya Martin and Mardi Will.

On the average, a city dog lives longer than a country dog—eleven years compared to eight.

Who are those little kids walking around the high school? New freshmen? Santa's elves? No! They're the twenty-six 3 to 5 year olds involved in the Nursery School Program put on by Mrs. Carol Martin's Child Development class.

To prepare for the Nursery School program, the nurses spent approximately two weeks getting things ready. The band room was cleared out and cleaned, decorations were made and put up, and stories, games, and snacks for each day were planned.

A typical "school day" in the Nursery is as follows: 10:15 - 10:20 arrival time/put on name tags, 10:20 - 10:25 storytime, 10:25 - 10:35 circle time, 10:35 - 10:45 music, 10:45 - 10:50 snacktime, 10:50 - 11:10 free play time, 11:10 - 11:15 storytime, 11:15 - 11:30 circle time, 11:30 - 11:40 art, with the preschoolers departing in time for lunch. There were many various art projects being worked on. One day Rudolph the Red Nosed Reindeer puppets were made, another day they cut-out Christmas trees complete with stars on the top of the tree.

Preschool ran from Dec. 6 through Dec. 15th with 4th and 5th hour Child Development classes teaching as well as entertaining their little students. Said Mrs. Martin, the program coordinator, "Everything ran so smoothly. The kids were very well behaved and once Mom left, the little students were just fine."

## Former School Superintendent Floyd Brenholt to Retire

By GERRY MUELLER  
Statesman Staff Writer

Floyd Brenholt, a former superintendent of the Kewaskum School District, recently announced his decision to retire from the academic field.

Brenholt left the Kewaskum School District seven years ago to take the post of District Administrator with the Hartford School District from which he will be retiring next year. His resignation will take effect June 30th.

Brenholt, 57, served as Kewaskum District Administrator for eleven years and was succeeded by former District Administrator John Long. Prior to his association with Kewaskum, Brenholt headed the Johnson Creek School District. He was a teacher at various schools in Wisconsin and California.

Brenholt indicated he had no immediate plans except to take it easy and possibly look for part time work.

### WOKY 'STORMWATCH'

WOKY AM Stereo 920 will once again be the eyes and ears of Metropolitan Milwaukee this winter with "Stormwatch."

In the event of a major snowstorm, WOKY will switch from its regular programming to continuous "Stormwatch" coverage. A team of over 25 staffers will be working around the clock to present the latest information on closings, emergency government, plowing and traffic, as well as weather forecasts from TV 6 Meteorologists Bart Adrian, Vince Condella and Jack Boston, News and the latest from General Mitchell Field. Closings will be updated twice each hour beginning at 20 and 50 after the hour.

For the most complete information, it's "Stormwatch" on WOKY AM Stereo 920!

### MARIAN COLLEGE SEARCHES FOR ALUMNI

Marian College of Fond du Lac is conducting a Midwest search for all alumni, and former basketball players in particular. Basketball alumni are being invited to play with their former teammates in games on Saturday afternoon, Jan. 28, followed by a buffet supper and attendance at a men's women's basketball doubleheader against Lakeland College that evening.

All former basketball players who attend the reunion will receive a free T-shirt, recognition in the game program, and a lifetime pass to all Marian College home athletic events.

For more information, or to make a reservation for the buffet supper, please call (414) 923-8107.

# Riveredge Launches \$2.5 Million Fund Drive

Riveredge Nature Center has announced plans to raise \$2.5 million for the construction of a new environmental education building.

To date \$1,562,000 or 62% of the "Riveredge: A Natural Investment" capital program has been raised. This is the first capital fund drive in Riveredge's 20 year history.

The environmental education building will cost \$1,458,000 and will provide indoor classroom space, an educational display area, visitor reception and sales, and an expanded space for Riveredge's environmental library. The 1890's barn will also be renovated to be more energy efficient and provide kitchen facilities for larger groups and the Center's special events.

"Currently an old farmhouse serves as a visitor area, offices, bookstore, library and storage space," commented Andy Larsen, Executive Director. "Quite simply, to continue providing environmental educational classes for the more than 8,000 greater Milwaukee school children, adequate space and laboratory facilities are necessary to keep pace with the demands for more sophisticated classes." This year, over 55 classes were turned away because of lack of space.

"The demand for more information on our environment has steadily grown these past several years as our concern has increased over the cutting of the tropical rain forests, the acid precipitation and water quality problems," continued Larsen. "We want to answer the public's demands for more and better environmental programs and classes. We need to educate today in order to preserve our tomorrows."

Leading the capital program

are Jane Pettit and Jack Puelicher, Honorary Chairs. Assisting them as the Campaign Chairs are Harold H. Emch, Jr. and Lynde B. Uihlein.

Kathy Paulsen, President of Riveredge's Board of Directors, commented that the capital program also includes \$512,000 for the establishment of the Preservation Fund which is an endowment to cover the costs of operating and maintaining the building. The remaining \$530,000 will be applied to the programs and services for 1989 and 1990.

Assisting the campaign leadership is the Advisory Council whose members include George M. Chester, Patrick W. Cotter, James E. Grootemaat, John H. Hendee, Jr., G. Frederick Kasten, Jr., Charles S. McNeer, Louis J. Rutigliano, Donald J. Schuenke, Joy G. Teschner and Stuart W. Tisdale. Prior to his death last month, William H. Brady also served as an Advisor.

Riveredge is a nonprofit, 351 acre natural sanctuary and environmental education center. Celebrating its 20th anniversary this year, it is the oldest and largest center in Southeastern Wisconsin. Riveredge is the only nature center not supported by tax dollars or national affiliations. It is located north of Newburg on Highway Y.

# Cub Scout News

Another month of hard work and fun for the Webelo Scouts.

Dens 1 & 3 worked on their Citizen badges. They talked about history of the flag and how to respect the flag. They also learned the meaning of the Pledge of Allegiance. They talked about the rights and duties of a citizen of the United States.

Den 1 & 2 worked on their Fitness Badge. The scouts learned what drugs can do to your body and the bad effects of drinking and smoking. They also kept track of what they ate for three days and broke it into the four good groups.

They also played games and had time for treats at some of their meetings.

### Town of Kewaskum Plan Commission, Board Meeting

The Kewaskum Plan Commission will meet Monday, Dec. 19, 1988, at 7:30 p.m., at the Labor Hall, 1230 Fond du Lac Avenue, Kewaskum, WI.

A public hearing will be held for a petition from Edward Volm for a Conditional Use Permit to allow a three-acre split with a residence and farm building in an exclusive agriculture zone.

A second public hearing will follow to hear a petition from Edward Schneider to rezone +10 acres from exclusive agriculture to agriculture.

The Town Board Meeting will follow the public hearings. The agenda follows:

The company executive arrived home in a rotten mood, slammed the garage door and yelled at the dog. His wife observed all this from the kitchen and asked, "What's wrong honey?" "Oh, I took the company's IQ test this afternoon," came the reply. "Well," she said, "what did it show?" "It showed," he snapped, "that such tests aren't worth a damn, that's what!" *Frank Eames, Elkhorn Independent*

## 4h news.....

### 4-H NEWS

The Kewaskum 4-H meeting was called to order by Michelle Etta at Kewaskum Middle School, December 8, 1988 at 7:00. The Pledge of Allegiance was read by Jason Liegl and the 4-H Pledge was read by Christine Schmidt. The Secretaries report was read by Willa Marshall and approved by Brian Liegl and Marlo Deshotels. The Treasurer's report was read by Jenny Liegl and approved by Christine Schmidt and Dawn Pomeroy.

For old business we talked about the candy bar money being due. If you can sell any more candy bars please pick some up at Lemke's house, but please call first at 626-4829.

For new business Sara Lemke reported about music and drama. She asks if you want to go out for it please sign up. Also we gave Mrs. Gladys Ramel an award for being a great Project leader for 32 years.

On Monday, Dec. 12 at 6:30 p.m. the 4-H caroled at the community center for tree lighting. Also on December 27 at 1:30 p.m. the 4-H will be caroling at the hospital in West Bend.

We will be meeting in a new place for now on. That will be starting next meeting.

It will be at the community center and it will be the 1st Thursday of the month. If you have any questions please call Diane Lemke at 626-4829 or Diane Liegl at 626-4568.

The meeting was adjourned by Sara Lemke. After the meeting Santa came

and helped exchange the Christmas gifts. A number of Senior Citizens came and enjoyed our gifts that the 4-H gave them.

Remember the meeting will be the 1st Thursday of the month. Plus the meeting will be at the Community Center. The next meeting is January 5, at 7:00 p.m. See you then!

Reporter, Joanne Lemke

## In the Service

Navy Seaman Recruit Michael R. Gurrath, son of Robert C. and Judith A. Gurrath of 773 Birchwood Lane, Campbellsport, has completed recruit training at Recruit Training Command, San Diego.

During Gurrath's eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic fields.

Gurrath's studies included seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in Physical Education and Hygiene.

He is a 1988 graduate of Campbellsport High School.

## CARL VOLM

Carl M. Volm, 64, of 4630 Highway H, Kewaskum, died Thursday, Dec. 8, 1988, at his home.

He was born May 17, 1924, at the family homestead in Kewaskum, a son of Mathias and Mary Mueller Volm. On Feb. 27, 1946, he married Marie Kahut at St. Martin's Catholic Church, Ashford.

He lived and farmed on the homestead, and while farming he also spent 12 years working at Regal Ware, Kewaskum, and 14 years working with C.W. Haug and Sons Roofing.

He was a member of St. Bridget's Catholic Church, Town of Wayne, the Ashford Sportsman's Club and the Dundee Sportsman's Club.

Survivors include his wife; four children, Sharon (Ray) Beal, Donna (Thomas) Weiss and Steve (Susan), all of Kewaskum, and Dawn (Robert) Bastian of Boltonville; five grandchildren; two sisters, Anna (Gregory) Ullrich of Campbellsport and Marie (Roman) Langenecker of Allenton; a brother, Sylvester of Long Lake, and other relatives and friends.

Preceding him in death were a son, Gary, and a granddaughter, Michelle Volm.

Funeral services were Monday, Dec. 12, at 9:45 a.m. from the Myrhum Funeral Home, West Bend, with a Mass of Christian Burial at 10:30 a.m. at St. Bridget's Catholic Church Town of Wayne. Rev. Robert Berghammer was the celebrant, and burial was in Holy Trinity Cemetery, Kewaskum.

Visitation at the funeral home was Sunday, Dec. 11, after 4 p.m., with a prayer vigil at 7:30 p.m.

## MRS. JULIA BROECKER

Julia E. Broecker, 66, of 8293 Sandy Ridge Road, Kewaskum, passed away on Sunday, Dec. 11, 1988, at St. Joseph's Community Hospital in West Bend.

She was born on March 4, 1922 in Campbellsport, the daughter of the late John and Eleanor (Gremminger) Miller. On October 17, 1942, she was united in marriage to Norbert Broecker at St. Mary's Immaculate Conception Catholic Church in West Bend.

Mrs. Broecker had been employed by Regal Ware for over 37 years retiring in May of 1988, and was the Union Steward and Union's Recording Secretary at Regal Ware. She was a member Holy Trinity Catholic Church, Kewaskum, and the 25 year club at Regal Ware.

Survivors include her husband Norbert, three sons, N. Allen (Kathy) and Wayne both of Kewaskum, and Jeffrey (Carol) of Fond du Lac; two daughters, Kay (James) Klahn of Campbellsport and Donna Mae Broecker of West Bend; two brothers, Benno (Mary Ann) Miller of Campbellsport and Francis Miller of Baraboo; two sisters, Florence (Linus) Simon of Campbellsport and Rita (Eugene) Zehren of Kewaskum and eight grandchildren.

In addition to her parents she was preceded in death by a

brother George and a sister, Agnes Schenk.

Funeral services were held at Miller Funeral Home, Kewaskum, at 9:30 and at Holy Trinity Catholic Church, Kewaskum, at 10:00 a.m. on Wednesday, December 14, 1988 with Father John Simon and Father Robert Berghammer officiating. Burial was in the parish cemetery. Friends called after 4:00 p.m. on Tuesday, December 13, at the Miller Funeral Home where a prayer vigil will be at 7:30 p.m.

## ELMER E. KLUG

Elmer E. Klug, 92, of Kewaskum, passed away on Tuesday, Dec. 13, 1988, at Samaritan Nursing Home in West Bend. He was born on April 17, 1896, in West Bend, the son of the late Gustave and Katherine (Weber) Klug. Mr. Klug was a member of the Peace United Church of Christ in Kewaskum.

Survivors include three nephews and a niece.

He was preceded in death by five sisters and a brother.

Funeral services will be held at Miller Funeral Home, Kewaskum, at 8:00 p.m. on Friday, Dec. 16, 1988, with Rev. James Bettin officiating. Burial will be in the Peace U.C.C. Cemetery in Kewaskum.

Friends may call from 6:00 p.m. until time of services on Friday at the funeral home.

## BERNARD SUKAWATY

Bernard J. Sukawaty, of Slinger, died Monday, Dec. 12, at his residence, at the age of 64.

He was born April 1, 1924, in Campbellsport, and married Eileen May Condon on Oct. 23, 1948, at St. Peter's Catholic Church, Slinger.

He was born and raised in Campbellsport and moved to Allenton at an early age, where he was a dairy farmer until 1948. In the late 1950s the couple moved to Slinger, and he was employed by the Washington County Highway Department, retiring in 1982.

Survivors include his wife; four children, Michael of Hartland, Patricia (Patrick) McIntee of West Bend, David of Slinger and Steven of Racine; two grandchildren, Terri and Chris McIntee of West Bend, and other relatives and friends.

He was a member of St.

Peter's Catholic Church, its Holy Name Society and the Teamsters Local 200 Washington County Highway Department.

Funeral services were Wednesday, Dec. 14, at 10 a.m. at the Rothenbach-Phillip Funeral Home, Slinger, with Mass of Christian Burial at St. Peter's Catholic Church at 10:30 a.m. Fr. Robert Bales officiated and burial was in old St. Peter's Cemetery.

Visitation at the funeral home was Tuesday from 4 to 9 p.m., with a prayer vigil at 6:30 p.m.

## IN MEMORY

In loving memory of our mother, mother-in-law and grandmother, Johanna Rohlinger, who passed away twelve years ago, December 11, 1976:

You left a beautiful memory,  
A sorrow too great to be told.  
But to us who loved and lost  
you,

Your memory will never grow  
old.

There is always a silent  
heartache,  
Many a silent tear.

But always beautiful memories,  
of one we loved so dear.

Sadly missed by the family.

## CARD OF THANKS

A warm and sincere thank you to our relatives, neighbors and friends, who shared in our loss of my beloved husband, dear father and grandfather Thomas F. Fay.

A special thank you to Father Berghammer and Father Joe, and donors of flowers, memorial tributes, food, pallbearers, organist, Miller's and to anyone who showed their respect and helped us in any way. They will long be remembered.

Wife, children  
and grandchildren

## CARD OF THANKS

I would like to thank Dr. Castro, Dr. Fahey, Dr. Sison, the ICU nurses, and the nurses on the 2nd floor west, of St. Joseph's Hospital. Thanks to my wife, my family, and to Al for their visits at the hospital. Also, thank you for the phone calls at the hospital and at home from my friends.

Special thanks to Father Berghammer for his visit and prayers.

Eugene Zehren

WASHINGTON COUNTY  
Association of Snowmobile  
Clubs.

## Washington County Snowmobile Trail Maps

The Washington County Association of Snowmobile Clubs produces a snowmobile trail map as a service to all snowmobilers that ride in our county. They help to promote business to area businesses and help aid the snowmobiler in staying on trails provided in our county and his safety in our county.

As a county association, our membership of clubs makes this a team effort. Each club goes out and sells advertising to local business to defray the cost of printing. At the County meeting, held each month, the members bring their ads in for the area in which their club functions.

At an early-fall meeting, the clubs map out their trails on a large map to be as accurate as possible. We have a network of both Club and County trails. The starting point is the Southeast corner of the county. The trails extend North to Fond du Lac then Southwest to Waukesha county. This county trail loop is about 120 miles of self-funded trail. This does not include privately funded club trails.

After many hours of organizing the ads and marking them with numbers to correspond with the location of their ad on the map itself, the map is ready to be drafted by the printers. He runs a proof which we check over carefully for any omissions or errors. When all is proof-read by us, the okay is given to print. After printing, the maps are distributed to club representatives at the county meeting. Each representative then sees that the maps are taken to the advertisers to pass out to

customers, etc. and the clubs also make them available to snowmobilers.

To receive a map, call your local club. They are also available at the advertisers and snowmobile dealers in the county.

## Girls Basketball Victory Attempts Are Unsuccessful

The girls basketball teams continued their season with a non-conference game against Kettle Moraine Lutheran at Kewaskum. Both the Jayvee and Varsity teams exhibited a fine effort but defeat was the result.

The varsity girls played a tough first half, closing the gap to 8 points by half-time 24-16. (This was the closest the Indians were all 1st half). In the third quarter, our Indians came out fighting and by mid-way into the quarter tightened the score to 27-29. Then came the KML attack with nine unanswered points. By the end of the third quarter, the chargers again opened up the game and led 38-27.

A pep talk by Coach Dickinsen and the Indians were back to fighting. With 4:44 left in the 4th quarter, the score was 32-38 and Kewaskum was closing in once more. Pam Osterbrink gets fouled and is on the line shooting the bonus. She makes one of two and its 33-38. KML chargers Dawn Zarling pops in a quick basket and is fouled on the shot and its 41-33. From then on, Kewaskum just never catches up. Kewaskum ended the night with two scores in double figures, Osterbrink with 15 points and Jenny Schneider with 10. Both Amy Chesak and Osterbrink had three steals. KML Zarling ended the night with 13 pts. while teammate Amy Fisher added 10.

The assistant Indian coach attributed the loss to "our slow start and those nine unanswered points during the third quarter." Starters Deb Donath and Debbie Rimmel were also unavailable for play which hurt the team.

Next home game is Friday in which our Indians host Two Rivers. Game time is at 7:45.

The J.V. team also tried to defeat a very competitive team. The results were Kettle Moraine taking it 25-47. The high scorers were Kelly

Rohlinger with 7 points, Brenda Falk with 6, and Tracey Steinert with 4 points. Great steals took place throughout the game with Kelly Rohlinger five and Brenda Falk four, leading them. Brenda also led with three assists.

## Lake Maps for Ice Fishermen Available

**MADISON** — Ice Fishermen! No more cutting through a foot of ice to find 6 inches of water underneath. An index of over 2500 Wisconsin Mapped Lakes will help many Ice Fishermen enter the charmed circle of experts.

A lake map is actually a hydrographic chart. So what's a hydrographic chart? A hydrographic chart is simply a high-faluting term for a map showing the various depths of a lake along with other information that is so desirable to have for fishing...such as kind of lake bottom (sand, mud, gravel, etc.)

Suppose you want to fish for perch. You know his feeding habits and at what depths and over what kind of bottom he would be. With a Wisconsin Hydrographic Chart you can see at a glance the general contour of the lake bottom and the exact depth of any given place along with the kind of condition of the bottom.

The index is available at no charge by sending a self-addressed, stamped (45c) No. 10 business envelope to: Wisconsin Ice Fishing, Box 5096, Madison, Wisconsin 53705-0096.

## Indian Matmen Lose to Plymouth

The Indian grapplers opened the Eastern Wisconsin conference action against the Panthers from Plymouth. The Panthers out-wrestled the Indian matmen which led to a defeat. The Indians looked unprepared to meet their opponents and it showed in the loss received by the Indians.

The first win for the Indians came at the weight of 119 with Bobby Castro pinning his opponent. Kewaskum did not win another match until Noel Stradtman, who wrestles at 145, decided his opponent 4-0. Chris Charland then followed at 152 by winning 5-2. Chad Schmidt who wrestled varsity for the first time this season, won at 171 with a technical fall. Dennis Aupperle was the last Indian matman to win with a 9 second pin at the heavy weight decision.

## Lakes Team Edges Port In Overtime

PORT WASHINGTON — The Kewaskum Lakes team staged a fourth quarter rally to tie it up in regulation and then eked out a 141-137 overtime win over the Port Washington Lakers here Sunday night. The win puts Kewaskum in fourth place with a 1-2 record while Port is tied for the cellar with 0-3.

The Lakers jumped to a 39-27 at the quarter, but Kewaskum cut that to 72-65 at the half. Port widened the margin slightly to 115-106 after three quarters. Kewaskum came alive in the fourth quarter, outscoring the Lakers 23-14 to tie it up. Kewaskum, which had trailed the entire game, finally caught Port 129-129 with 1:04 left. The Lakers held the ball for a final shot which was missed. Kewaskum then outscored the Lakers 12-8 in overtime, including nine free throws, for the win.

Tony Pirozzoli led Kewaskum's balanced attack with 40 points followed by Randy Tennes with 33 and Tim Rondorf with 20. Keith Salisbury led Port with 30 points, while Tim Greisch had 19 and Dave Ross 17.

Kewaskum travels to Thiensville-Mequon Sunday to take on the Ferrantes in the last game before the holidays.

# What is a Contractor?

A man in any field develops his own special traits and your local contractor is no exception. A contractor is found; lining up, putting on, measuring from, connecting to, leveling with and adjusting for. His wife tolerates him, little boys follow him, but it takes Heaven to stop Him.

A contractor is a paradox . . . he designs multi-thousand dollar complexes in an office often too small and stuffy for his daughter to do homework . . . can't remember his wife's birthday but can tell you how many bundles of shingles were used on John Smith's house. He manages more capital than most of the men in town, but can't help his wife balance the food budget.

He's an organizer who files by pile . . . a construction boss who can't manage his kids . . . a crusader with a passion for Playboy . . . a psychology expert with a few strange traits of his own. He likes sunshine, new trucks, good food, "hard workers", satisfied customers, short cuts, long days and above all a customer who wants quality instead of a bargain.

He's not much for sick crew members, rain in the heart of the day, lumber that is not straight, 8 hour days, cleaning up his desk or throwing out blueprints. Nobody else is so close to God or so far from a telephone. You can reduce his potential, but you can't reduce his ambition.

Campbellsport Building Supply hopes you support your local contractor . . . he is your friend, your competitor, your customer, your confidant, your source of new ideas for a better way of life. He is your countryman . . . a denim dressed, business-wise, fast growing statesman of stature. And when he comes home in the evening, having spent the energy of his hopes and dreams, he can be recharged anew with a telephone call — "start building anytime, our loan has been approved."

Campbellsport Building Supply has a large list of area contractors who supported us, as well as the community, during the past year . . . we hope you will choose to support one of your local contractors in the upcoming year.
