## Garbage Collection and Recycling Again Addressed by Village Board

BY GERRY MUELLER  
Statesman Staff Writer

The problem of village residents mixing yard waste with their regular garbage and recyclable materials was again discussed at Monday night's village board meeting.

Public Works Superintendent Augie Bilgo advised the board that residents have begun to clean up their yards and are leaving their bags of leaves and grass to be picked up with the garbage. Its beginning to become a problem and I'm wondering how we should handle it, noted Bilgo. Trustee Tom McElhatton told Bilgo his crews are not to pick up the clippings and leaves. We passed an ordinance requiring people to take their clippings up to the recycling center and you should not be picking up those bags along with the regular trash collection, noted McElhatton.

Bilgo said another problem is that residents are mixing the clippings in with their other garbage. The board agreed that any bags that have a mixture of clippings and garbage should not be picked up. Schmidt was asked if there was anything the village could do as far as citing residents for non-compliance. He said the garbage could be

left and if the resident did not correct the situation by separating the materials and continued to let the bags sit, they could be given a nuisance citation.

Bilgo also said he and his crew were running into situations with people putting bottles of drain oil and antifreeze into the bags with their garbage. "We don't know that stuff is in the trash when we put it in the truck," said Bilgo, "then when the plunger comes down to push the garbage into the hopper, the bottles are crushed shooting their contents all over the workers." He noted that while it is aggravating and a mess, it is also potentially dangerous because many times it flies into the men's faces and there could be serious eye damage. "If people want to dispose of their drain oil," said Bilgo, "they can bring it up to the recycling center where they can dump it into a big drum we have set up or, they can take it to local gas stations who will re-sell it."

"It's a shame the things we pick up that could be recycled," stated Bilgo. Trustee Mary Krueger replied, "the only way you're going to stop it is making recycling mandatory and refuse to pick it up."

## Well Project Goes to Lane-Northwest

By GERRY MUELLER  
Statesman Staff Writer

The Kewaskum Village Board Monday night, approved awarding of a contract to low bidder Lane - Northwest Company to drill the replacement for ailing Well #1. The new well will be dug by the rotary construction method at a cost of \$42,460. Work is expected to begin in mid-May on the new well with completion by the end of May. The project will also include the building of a small shelter to house the new well which will be adjacent to the present Well #1 pump station. Total cost of the project is expected to run about \$90,000.

In other action the board approved the final plat map for the Creekview Estates project. After state approval of the plat is obtained, actual construction can begin.

In the absence of Trustee Howard Laubenstein, Administrator Dan Schmidt presented three other Plan Commission recommendations regarding re-zoning for the board's consideration. They were for the Maureen and

Norman Heberer property on Elm Street, 'Thee Avenue' property on Fond du Lac Avenue and a two-acre parcel of Timblin land north of the Kewaskum Mall.

Public hearings for the Heberer and Timblin requests have been scheduled for April 17th. A public hearing for the 'Avenue' property has been set for May 1st.

Schmidt also informed the board that he had contacted an outside attorney regarding proposed improvements to four undeveloped lots on Edgewood Road. He said the attorney's recommendation to the village was to do the improvements including road, sewer, water, curb and gutter, to all four lots and assess one-fourth of the cost to each lot, rather than have only or two lots improved by the prospective buyer.

The question of improvements to the lots and who would bear the costs was brought up at the March 20th meeting by Mr. and Mrs. David Goeden who are considering purchasing one of the two lots owned by Mr. and Mrs. Joe Harlow. The other two lots in

## Referendum Close Enough for Recount

## Blumer Re-Elected Village President; Schulte, Seymour Win School Board Seats

By GERRY MUELLER  
Statesman Staff Writer

As forecast, Tuesday's Spring Election did not bring out record numbers of voters. For area municipalities, counts ran about average.

In the Village of Kewaskum, 471 votes were cast with incumbent board president Paul Blumer handily defeating challenger, retired police chief, Donald Hlavaty by a 70% margin to retain his post. The unofficial count was Blumer 313, Hlavaty 139.

For village trustee, incumbents Mary Krueger and Kenneth Bonlender were re-elected with Vincent Groh winning the seat vacated by incumbent Charles Boegel who did not seek re-election. The vote was Krueger 410, Bonlender 369, and Groh 329.

On the tax referendum, electors voted 244 no, 148 yes. For Supreme Court Justice, Ralph Adam Fine 249, Shirley Abrahamson 186.

In the School Board election village voters cast 354 votes for John Schulte, 344 for Paul Seymour and 122 for Clara Trapp. For State Superintendent of Instruction, Herbert

Grover 327, and Arlyn Wollenberg 80.

For the Town of Auburn, 194 votes were cast with 93 affecting Kewaskum elections. Incumbents chairman Roger Schleif received 167, treasurer Maureen Heberer 173, clerk Camilla Butzke 171, supervisors Kenneth Jandre 167 and Ervin Seifert 159.

For Kewaskum School Board, Auburn cast 68 votes for Schulte, 60 for Seymour and 37 for Trapp.

The referendum count was 128 no, 47 yes. Supreme Court, Fine 99 and Abrahamson 82. School Superintendent, Grover 135, Wollenberg 43.

The Town of Farmington cast 434 votes. Incumbent chairman John Theusch received 352 votes and there was one write-in for Cecil Schneider. Incumbent clerk Joanne Oneska got 361 votes. Incumbent treasurer Kurt Schmidt defeated challenger Nancy Rodenkirch 211 to 183.

For Kewaskum School Board, Schulte received 297 votes, Seymour 229, Trapp 179, and two write-in votes for Jean Goeden.

Incumbent supervisor Francis Mayer and challenger Richard Schneider won with votes of 221 and 183, while challenger James Degnitz and incumbent supervisor Joseph Sekeres lost with 172 and 170 votes.

Farmington voted 243 no, to 119 yes, for the tax referendum. For Supreme Court, Fine 245, Abrahamson 145. State School Superintendent Grover 261, Wollenberg 95.

The Town of Kewaskum cast 167 votes. Incumbents chairman George Allmann 151, clerk Barbara Hinz 154, treasurer Dolores Prost 154, supervisors David Dorn 140,

and Daniel Stoffel 121.

For School Board, Schulte 114, Seymour 104, Trapp 65. Referendum 87 no, 61 yes. Supreme Court, Fine 88, Abrahamson 68. State School Superintendent Grover 109, Wollenberg 41.

In the Town of Scott a complete election report was not available. For the Kewaskum School Board race, Schulte 137, Trapp 111, Seymour 51.

Referendum 195 no, 78 yes. Supreme Court Fine 144, Abrahamson 129. School Superintendent Grover 177, Wollenberg 68.

The Town of Wayne cast 248 votes. Incumbents chairman Carl Hohlweck 213, clerk Orville Kern 216, treasurer Gerald Schulz 218, Constable, Buck 199, supervisors Mark Strobel 201, Leonard Peter 185.

For School Board, Seymour 177, Schulte 159, Trapp 70. On the state tax referendum, 139 no, 76 yes. Supreme Court Fine 150, Abrahamson 79. State School Superintendent Grover 167, Wollenberg 48.

Unofficial totals for the Kewaskum Board of Education race show Schulte winning with 1,164 votes followed by Seymour with 993 and Trapp losing with 595 votes. Write-ins Jean Goeden 2, Candi Goeden 1.

In Washington County, the tax referendum was defeated 8,211 to 6,319. However, on the state level unofficial totals show only a margin of 81 votes defeating the referendum and it is more than likely there will be a recount on that issue.

Despite the fact that Shirley Abrahamson lost in our local elections, she was a big winner statewide, earning another ten-year term as State Supreme Court judge.

## Band Spectacular At KHS Wednesday

On Wednesday, April 12, the Kewaskum Bands will be presenting a concert. Beginning at 7:30 p.m. in Rose Hall at Kewaskum High School, this program will feature all five bands from the High School and Middle School.

The concert order will be the Sixth Grade Band, Seventh Grade, Eighth Grade, Concert Band and Symphonic Band.

This concert will show the progression in band as the students, play longer and mature in both age and ability. Directors are Mr. Eric Christie, sixth and seventh grade bands, and Mr. Larry Ammel, eighth grade, concert and symphonic band.

Please come and enjoy an evening of music with us.

## Village of Kewaskum NEWS NOTES

The Village Board would again like to remind the residents of the Village that the Village of Kewaskum has established a voluntary recycling program. The guidelines for the recycling program are covered in the Municipal Code, Chapter 14.

**Items Subject to Recycling.** The following items of rubbish and garbage may be delivered to the Recycling Center on condition that the resident or property owner complies with the following preparations:

- (a) Plastic milk jugs, soda bottles, and ice cream containers — remove caps, rinse, flatten if possible.
- (b) Newspapers — separate from magazines and colored advertising, bundle securely.
- (c) Cardboard — flatten cartons.
- (d) Aluminum cans — separate from steel cans, flatten if possible, labels may be left on.
- (e) Steel cans — separate from aluminum cans, flatten if possible, labels may be left on, and rinsed.
- (f) Glass — sort by color (clear, green or brown), labels may be left on, no window glass, light bulbs or ceramics. Please do not crush. Remove all metal neck bands.

**Items Not Picked Up.** The following items will not be picked up by the Village in connection with its regular weekly garbage collection, but will be accepted for disposition by the Village Recycling Center on condition that the following preparations are made by the owner or resident generating such items of waste:

- (a) Miscellaneous metal — sort by content, if possible, remove all metal attached.
- (b) Major appliances — place in the designated area at the center or call for arranged pick-up.
- (c) Waste oil — pour into a tightly closed container.
- (d) Tires — refer to Section 14.09(5)(c). (not accepted).
- (e) Grass clippings, lawn rackings (thatching), and leaves — place in the designated area

Schmidt also told the trustees that the Wisconsin 2020 Corridors Plan included the upgrading of Highway 41, to freeway status by the year 2020. With this in mind, the board through a resolution joined with the Kewaskum and Lomira School Districts in supporting a Highway 28 overpass over Highway 41, to reduce traffic hazards for school busses which have to cross 41.

Schmidt informed the board that he had received a formal appraisal of the land which makes up the former industrial park on the north side of the village. The two parcels of land totaling 19.6 acres, are valued at \$190,000. He asked the board for direction as to putting the land on the market for sale. The trustees instructed him to contact realtors regarding commission rates and present his findings at the next board meeting.

The board also approved the purchase of fireworks at a cost of \$2,235 for the 1989 Fourth of July celebration.

(compost pile).

(f) Nonrecyclable materials (furniture, carpeting, etc.) — check with Recycling Center staff and D.P.W. (Department of Public Works)

(g) Batteries — place in designated area at center.

The Recycling Center, which is located adjacent to the Municipal Garage, 1002 Fond du Lac Avenue, will be open to receive recyclable materials

every Saturday beginning April 1, 1989, 9:30 a.m. to 1:30 p.m. and from May 1, 1989 until further notice every Saturday 9:00 a.m. to 2:00 p.m.

The Kewaskum Village Board encourages everyone to participate in the program and does ask for your cooperation.

## Wisconsin Electric's Smart Money Energy Program Begins Third Year

Customers of Wisconsin Electric Power Co. have another chance to replace those old energy-inefficient appliances. The company's popular Smart Money Energy Program began its third year April 1.

"More than 410,000 residential efficiency measures have been installed during the two years Smart Money has been offered, but we think we've only scratched the surface of the energy-saving potential for our residential customers," said Valerie Clarke, WE superintendent of energy management.

"Energy management is as important to utility customers as it is to the utility," explained Clarke. "By helping our customers save money on their energy bills, we save money by postponing the need for new power plants."

Rebates for energy-efficient appliances and fluorescent

lights were made available to customers beginning April 1 under the company's 1989 Smart Money Energy Program. Rebates for refrigerators and the appliance turn-in service will begin May 1. Customers turning in their inefficient operating room air conditioners will receive a \$50 U.S. Savings Bond. Customers who turn-in inefficient, operating refrigerators and freezers will receive a \$100 savings bond.

In the previous two years, residential customers have purchased more than 58,000 energy-efficient refrigerators and freezers and 60,000 energy-efficient air conditioners. Customers turned in more than 62,000 inefficient refrigerators and freezers and more than 29,000 air conditioning units during that period.

Residential customers have reduced peak electrical demand by about 47 megawatts through

## To: Kewaskum and Kewaskum Area Businesses

The Kewaskum Fire Department expresses sincere gratitude to you for allowing our firefighters and rescue squad members to leave their employment when an emergency arises.

It is the day-to-day activities that we all get caught up in, that sometimes we take it all for granted. That is why we would like to take this opportunity to just say THANKS.

You make it easier for us to give you the best service we can. With your continued dedication, you help maintain a safer community to live in.

As volunteer firefighters, we are proud to be associated with a fire department that provides some of the safest and finest equipment available, but when an emergency arises, it takes many knowledgeable men and women to be available at once, and THAT is where we appreciate your assistance.

Have a safe summer...

## KHS Picnic Table Sale

The Mass Production Class of Mr. David Stradtman took on a very interesting project this quarter; that of mass producing picnic tables and selling them to the public.

Mr. Stradtman gave the students the assignment that they had to "mass produce" something to learn how this type of production works.

The students themselves then decided amongst themselves on the picnic tables. As a group, they then had to buy shares in their corporation which is named D.J. Crast, using each of the student's first initial to make up the name.

Students involved: Robbie Brooks, Thad Downs, Corey Gerlach, Rick Krief, Jeremy Lubahn, Ron Maki, Dale Mauritz, Scott Muckerheide, Trevor Roesel, Tim Schultz, Al Theusch, Ryan Verhunce.

All the materials were bought and the students are now in the process of "mass producing fifteen top quality un-stained picnic tables." After the first fifteen are sold, they will make them as the orders come in. The students priced the picnic tables at \$68.00 with a \$5.00 delivery charge, which is optional, Al Theusch, one of the Mass Production students stated,

"We feel this is a fair competitive price and we just hope we don't lose money."

Mr. Stradtman also pointed out that the main focus of this project isn't to make a profit but to learn the process of Mass Production by doing.

All of the students involved are excited about this project and production seems to be running smoothly.

A sample picnic table is available for inspection in the high school lobby. If you'd be interested in helping out this young growing company, call 626-2166 or fill out the order form below. D.J. CRAST appreciates your support and you'll love your new table!

## Free Arthritis Classes At St. Joseph's Hospital

A series of five, free arthritis self-help classes will be offered at St. Joseph's Community Hospital, 551 Silverbrook, West Bend. The series began April 3 and continue April 10, 17, 24 and May 1 from 7 to 9 p.m.

The series of five classes is co-sponsored by the Arthritis Foundation, Wisconsin Chapter and St. Joseph's Community Hospital of West Bend Inc.

The purpose of the self-help series is to provide an awareness and understanding of arthritis and improve an individual's ability to make better personal decisions regarding the management of their disease.

Class participants will learn in general terms about the medical, physical and psychological methods available for the treatment of arthritis.

April 3 will feature Sharon Miscikowski, RN, and Barb Shier, RN, presenting an introduction to the course. Background of the disease and medications will be presented

by Dr. T. Looze.

The April 10 session will cover surgical procedures and prosthetic devices presented by Dr. M. O'Meara. The film "Living with Osteoarthritis" will be shown.

April 17 will feature Lisa Traughber, physical therapist, covering the issues of exercise and assistive devices. Occupational therapist Vickie Lemke will discuss the issues of self-help devices - making a life a little easier.

Diet and nutritional suggestions will be presented by Lynette Gagnon, Health Promotion coordinator, on April 24. Psychological aspects of the disease will be conducted by Shier.

At the final session on May 1, community resources will be discussed by Dorothy Kleinke, RN, discharge planner and Dave Becker, Social Security Administration representative. The course will be concluded by Miscikowski and Shier.

To register, individuals are encouraged to call Gloria Jean Gambino, Self-Help/Volunteer Coordinator at the Arthritis Foundation, Wisconsin Chapter 1-800-242-9945.

## Celebrate Literacy

W.O.R.C. is proud to participate in the IRA "Celebrate Literacy" program which honors those who are dedicated to the promotion of literacy for all people.

At our council level, we will be offering our thanks and appreciation to nominee, Dorothy Monson of Grafton. Currently she is a part-time librarian at St. Paul Lutheran School in Grafton, but past history reveals her involvement with literacy efforts for most of her life. Quoting from the nomination entry, "It would be impossible to determine how many lives have been touched by Dorothy Monson's devotion to literacy. Watch her enthusiastically impart to children the wonders of the world of reading and you too will agree that she is worthy of recognition."

## Girl Scout News

Troop 39 is pleased to announce the completion of required activities, from each girl, to earn a total of three badges each.

The girls have worked very hard all year and were very excited to receive their badges. Wear them with pride - Congratulations.

At the beginning of the Girl Scout year our goal was to have fun, of course, and to save enough troop funds for a visit to Chuck E. Cheese's Pizza. Our goal is going to become a reality April 29th.

Thanks to our involved grandparents and parents to make our troop a real "team," which includes - Christa Dehler, Joy Fechter, Jamie Gaffke, Holly Gutenkunst, Missy Thull, Julie Thull, April Schrank, Heidi Hussman, Kelli McFarland, Tina Petushek, Marnie Winninghoff and Anna Woodman.

## Big Brothers/Sisters CAN Make a Difference

Ten-year-old Tania likes being matched with a Big Sister. She enjoys her Big Sister, Judy, because she likes doing the same things Tania does. She enjoys going out to visit Judy, who lives north of Kewaskum, in the country. Tania lives in downtown Kewaskum which doesn't allow her the room to run like she has in the country.

Tania's Big Sister is a reality because of a United Way organization, Big Brothers/Big Sisters of Washington County.

The two were matched in December of 1987. Judy wanted a Little Sister by Christmas and the agency was able to match her just in time.

Tania's father, Larry, heard about the program through Milt Dickinsen, who was a guidance counselor at Kewaskum Elementary. The school had decided to refer Tania to Big Brothers/Big Sisters because of her desire to spend time with the female teachers of the school, and that her custodial parent is her father. He has had custody of Tania for five years.

Larry points out the positives of the relationship in that Tania is in need of a special female relationship since contact with her mother is minimal. "It is a special time for Tania and she looks forward to it." There has been a lot of improvement since Tania has been matched, Larry feels. "She seems to feel better about herself now that another adult cares for her. It's just easier for her facing everyday life."

Judy is a sales clerk at the Shoe Rack in West Bend. She feels Tania gets to do things that she usually doesn't do with her father, such as baking cakes, or for instance, she made her Little Sister a Halloween costume. They also planted flowers and have gone clothes shopping for Tania. Judy understands and empathizes with Larry, who is a truck driver and a single parent on top of it. She realizes that Tania and her father have a very special relationship.

Tania loves her Big Sister's pet dog, a Shih-Tzu whose name is Gizmo. Her father can't have pets where they live, so this gives her a chance to play with and take the dog for walks. It's nice for Judy because some of the time they are together can be used for doing things that have to be done while Tania is there.

Judy and Tania also do other things together, like having the Big Sister braid Tania's hair, or playing a lot of card games. Also, Judy has helped her with her school work periodically. The match has attended many of the agency's group activities, such as the annual picnic, the fall outing, a recognition dinner, a trip to an ice show and the Shrine Circus.

Judy got involved in the program because her own children are now 17 and 21, and she missed having a younger child around. She knows that Tania likes the idea of not only having a relationship with her Big Sister and her immediate family, but also Judy's mother and grandmother. Tania loves to stay overnite. "It's nice because it gives Larry a break as a single parent," Judy feels.

Judy stated that it is a two way relationship, and that Tania calls her more than visa versa. Tania is very appreciative of the

things Judy does. The Big Sister recalls when she made the Little Sister an Indian Maiden Halloween costume, and the look of happiness on the Little Sister's face when she received it, along with a "Wow! Do I look cool!". Also, Judy was very glad when her Little Sister invited her to a school program in which Tania sang and danced.

Overall, the relationship is very positive for both parties. Judy stated that "time with Tania seems to go too quickly on certain occasions." Tania feels the same way as there are many times she doesn't want to leave her Big Sister's.

Big Brothers/Big Sisters of Washington County is celebrating it's 20th year in

Washington County. Matches like Judy and Tania's make the agency what it is. We are always looking for Big Brother and Big Sister volunteers, as there are currently five boys and one girl waiting to be matched in the Kewaskum area.

April 9-15 is National Big Brothers, Big Sisters Week.

### XYZ CLUB SKAT RESULTS

## Big Brothers, Sisters to Honor Volunteers, Staff, Board Members on 20th Anniversary

Big Brothers and Big Sisters of Washington County is proud to announce that it has been providing service to Washington County children for 20 years. In honor of this event, the agency will be having a 20th anniversary celebration, honoring big brother and big sister volunteers, staff and board members.

The event will be held Wednesday, April 12, during National Big Brother and Big Sister week. The location is Kettle Moraine Bowl in Slinger, with a social hour at 6:00 p.m. and a dinner at 7:00 p.m., followed by a short program or recognition, featuring Kathy Michelby of Channel 12 news.

Any previous board members, staff, big brothers or

big sisters, or little brothers or little sisters who are now adults, are invited to attend. Reservations are required. For more information or to make reservations, contact the Big Brothers and Big Sisters office at 334-7896 by April 6.

**FRANK J. KELLER**

Frank J. Keller, of 1733 Park Ave., West Bend, died Thursday, March 30, 1989, at St. Joseph's Community Hospital, at the age of 85.

He was born Dec. 12, 1903, in New Fane, where he lived until his marriage to Cecelia Schwind in Armstrong on Sept. 20, 1928. After their marriage they settled in Kewaskum. He was employed at the Pick Mfg. Company in West Bend, until 1945 when he began working at the Kewaskum Malt Company, retiring in 1969.

After his retirement he was employed as a part-time bartender at Rosie's Bar in Kewaskum, and also at Mert's Bar in West Bend.

His wife passed away July 14, 1950. He then married Lucy Juech on Aug. 22, 1970.

She survives along with three children, Eugene (Helen) of Milwaukee, William (Marge) of Roland Heights, Calif. and Daniel (Judy) of West Bend; five grandchildren; two brothers, Alex (Arlene) of Rubicon and Sylvester (Clara) of Kewaskum; a sister, Elizabeth (Ray) Keno of Kewaskum, and other relatives and friends.

A daughter, Lois, predeceased on Feb. 17, 1942. Seven brothers and sisters also preceded him in death.

He was a member of the West Bend Lodge 1398 Loyal Order of Moose.

Funeral services were held Sunday, April 2, at 6:30 p.m. at the Schmidt Funeral Home, West Bend, with a Mass of Christian Burial at 7 p.m. at St. Frances Cabrini Catholic Church. Fr. Leo Lambert was the celebrant, and burial was in Holy Trinity Cemetery.

**HILBERT H. ROELL**

Hilbert H. Roell, of 110 County A, Fredonia, died Saturday, April 1, 1989, at St. Joseph's Community Hospital, West Bend at the age of 86.

He was born May 24, 1902, on the family homestead farm in the Town of Farmington, and married Alma Stern June 18, 1927, at St. Martin's UCC, Fillmore.

Together they farmed in the Town of Farmington until 1948, after which he worked for Union Refrigerator Transit Line in Milwaukee, retiring in 1967.

He was a member of the Fillmore and Waubeka Fire Departments, a long-time clerk for the former Riverside School Board and an active member of St. Martin's UCC.

Survivors include his wife;

**IN MEMORY**

In loving memory of Kathryn (Tudy) Warner who passed away three years ago, April 7, 1986:

Though her smile is gone  
And hands we cannot touch,  
Still we have so many memories  
Of one we loved so much;

Her memory is our keepsake  
With which we'll never part,  
God has her in His keeping  
We have her in our hearts.

Sadly missed by the family.

Kewaskum and West Bend parents of Alaskan residents were informed the past week that their children were safe and survived the severe earthquake which ravaged a good part of Anchorage and the surrounding area on Good Friday evening.

An account of the experiences in the earthquake of the Earl Dreher, Jr. family, were received by Dreher's parents, Mr. and Mrs. Earl Dreher, Sr. of Kewaskum and Mrs. Dreher's folks, Mr. and Mrs. Charles Stowers of West Bend.

Miss Walborg Pettersen, Kewaskum's first AFS student from Norway informed her American parents, Mr. and Mrs. Charles F. Miller, that she was one of twenty Norwegian young men and women accepted in the Norwegian Peace Corps. After completing a special two-month training period she will leave for Uganda, East Africa.

The 9th Wisconsin Youth Conference is being held at Menasha High School on April 2, 3 and 4.

More than 100 Washington County students are attending the session. The following 13 students from Kewaskum High School will be attending:

Freshmen — William Backhaus, John LaMarche, Patrick McCarty. Sophomores — Dorothy Buczek, Patricia Mitchell, Jeanne Reindl. Juniors — Pauline Battaglia, Beth Honeck, Dawn Martin, Patricia Schladweiler and Robert Miller.

Seniors — Daniel Schmidt and Gloria Schwind.

The following births were reported, sons to Mr. and Mrs. Hugo Straub, 1423-A Fond du Lac Ave., Kewaskum on Wednesday, March 25, and to Mr. and Mrs. Stanley Nadolny, R. 2, Kewaskum on Friday, March 27. A daughter was born to Mr. and Mrs. Richard Pierce of Baldwin, Mich., on Wednesday, April 1. Pierce is the son of Mrs. Margaret Pierce, Kewaskum.

A middle aged former WPA worker and a youth of 19 were brought from Milwaukee to West Bend, Thursday to answer charges growing out of the slugging of Carl Degnitz, Town of Wayne farmer, last week Wednesday, March 29.

District Attorney M. L. Meister, of Washington County, notified this office early Friday that full confessions were made Thursday by

**Richard Thiemer Receives Jaycees Lifetime Achievement Award**

Jaycees Recent Past President, Rene Brooks, right, presents the award to Richard Thiemer, left.

At a surprise birthday party, held in his honor, Richard Thiemer was presented a "Lifetime" Recognition Award from the past President of the Kewaskum Jaycee Chapter. Thiemer, a now "exhausted" member of the Jaycee chapter, has served the Kewaskum Jaycees since its beginning in Kewaskum in 1975.

Linda Gavin, Kewaskum Jaycee and organizer of the surprise party, felt Thiemer deserved the recognition due to his lengthy commitment to Jaycees in Kewaskum, and throughout the state of Wisconsin.

Reinhold Fonslow, 51, of 1424 No. 11th Street, Milwaukee and George Joyce, 19, of 2714 W. Kilbourn Ave., that city. In a wild plot to clear the way for Fonslow to "marry money," according to Meister.

They hoped they said, that with Degnitz "out of the way," Fonslow could marry Degnitz' sister according to authorities.

Fonslow, who formerly lived in Washington County, did not know Degnitz or his sister but he was under the impression the farmer was worth \$60,000 to \$70,000.

The Ford automobile owned by E. Skaliskey of this village, stolen from his garage here at night on Feb. 11, was recovered by Fond du Lac officers. The car was found in a field near Calumetville. It was completely stripped of everything possible, including license plates, batteries, wheels, tires and other removable parts. The car was identified only by some literature, a badge and a plate bearing the name of Skaliskey on the rear license plate holder. Miss Florence Gonnering,

## KHS Child Development Class... An Egg-citing Egg-sperience

Proud parents of their newborn eggs include, first row, sitting, left to right: Cindy Wilson, Joy Braun, Mike Struebing, Vicki Kurth, Glenn Neuman. Second row, standing: Amy Frantzen, Denise Bergdorf, Shannon Buending, Jill Peterson, Cindy Donath, Tammy Clements, Roseann Klahn, Mandy Schmidt, Michelle Truog and Cory Oresnik. Third row, standing: Pam Johann, Steve Kaczik, Mark Hartman, Yvonne Amerling, Pam Osterbrink, Jenny Oneska, Trish Repinski, Jim Herriges and Randy Krell.

Senior Randy Krell would like you to meet his egg daughter, Tiffany Marie. It looks like she's eggs-actly what he ordered.

Spring is here and with spring comes yet another nursery of bouncing baby... eggs.

Carol Martin's Child Development class is studying babies...and the responsibility that comes with caring for something/someone constantly.

The tradition of egg babies started ten years ago and although the egg doesn't cry or really need it's diaper changed, it's a unique learning experience to get students used to "parenting."

This year's spring class had 24 proud parents of baby eggs which they picked out of a basket and all but one survived the week long ordeal. Corey Oresnik related her awful egg-death to the other parents, "I was just sitting on the bus when it hit this bump and out rolled my baby...smash." This heart-broken parent learned how to deal with the loss of an egg-baby, while the bus driver calmly shoved the remains out the door.

Martin feels the students have become much more clever over the years with their "kids." They decorate them up, name them, make little cribs for them, send birth announcements, and really get caught up in the joys of parenthood. Mark Hartman's baby even donned a Kewaskum baseball hat and looked ready for the start of baseball season.

All the students were allotted four hours of "free" egg sitting

to attend practices, meetings etc. After this time, they had to "hire" an "egg-sitter" which,

as they found out, can add up fast. If a parent didn't have their egg watched, terrible things happened, as one parent experienced. Her egg was "egg napped" and held for a \$10,000.00 ransom. Rumor was going around KHS that even music teacher Larry Ammel was in on the "egg-napping." The egg did end up being returned un-harmed.

After it was over, Glenn Neumann, who was the father of twin boys, said of his experience, "It was a pain carrying them around all the time but I still plan on having kids some day...just hopefully not twins." Martin expressed that the egg mortality rate in this group was down, which was great and also added, "The students really look forward to this eggs-perience and find it real valuable."

What do the students think?... "it's egg-cellent!"

### Blood Drive Another Success

Kewaskum's recent Blood Drive was once again very successful. Thank you to the Kewaskum High School for the use of their facility; to Holy Trinity Christian Mothers for their delicious lunch served, to the Kewaskum Floral for the beautiful flowers and to the Kewaskum Statesman for the publicity.

The Blood Center gives a pin or key chain to blood donors who have given their 8th, 16th and 32nd pints. Those giving their eighth pint were Erma Markus, Sylvester Keller, Donna Beck and Roger Jacobs. Giving their 16th pint were Barb Gengler and Mark Ruplinger. Helen Schoofs and Jerome

Mayer gave their 32nd pint. This is a wonderful accomplishment and very deserving of our congratulations and special thanks.

A total of 87 people registered to give blood. Thank you to: Barb Breitag, Clayton Stautz, Jerry Marx, David Ruplinger, Mike Kawczynski, Kim Peterson, Louise Marx, James Kudek, Belva Cundy, Marge Zehren, Al Zehren, Nancy Kulas, Larry Martin, Steve Kaczik, Lisa Jones, Jeffrey Verch, Robbie Brooks, Rodney Rabuch, Ben Edwards, Cynthia Melton, Kelly O'Brien, Cheryl Miller, Gina Olmsted, Matthew Gruss, Christopher Charland, Cynthia Wilson, Kathy Broecker.

## Students Win in Culinary Show

Pictured, left to right, are Maria Meyer, Pam Van Derel, Kimberly Thoma and Christine Wolf, students in the hotel and restaurant cookery program at Moraine Park Technical College.

Four students in the hotel and restaurant cookery program at Moraine Park Technical College recently competed in the Culinary Arts Show at Milwaukee's Grand Hotel.

Pam Van Derel of West Bend won a silver medal for her cold seafood appetizer display. The display consisted of a seafood pate wrapped with lox, carved zucchini filled with a seafood mousse and seafood quinelles covered with a choux frouid sauce garnished with jumbo shrimp.

"This was a weekend we will never forget," Van Derel said. "After 29 hours of working on my display and 36 hours without sleep the other women and I became very close - almost family - like. At times our anxiety got the best of us, but we helped each other through."

"We owe a special thanks to our instructor, Chef Erv Loest, he was the force behind our drive. We appreciate the emotional support he gave us."

Kim Thoma of Berlin won a bronze medal for her pork loin with aspic decoration, duchess potatoes, carved carrots with spinach mousse and fruit garnish all displayed on mirrors.

"I worked 29 hours on my piece and lost a lot of sleep," Thoma said. "I feel we learned a lot by viewing other exhibits entered. I'm proud of all of us - we did very well."

Chris Wolf of West Bend received an honorable mention for her hot dish displayed cold under the Class C category. Wolf poached three beef tongues in pickling spices, adding color with a consommé glaze. The tongues were decorated to look like boats. Accompanying the tongues were chateau potatoes garnished with green onion strips to look like a football.

Wolf said she began working on her display on Monday and didn't finish until 7:30 a.m. Saturday. "After applying so many hours to a display, you learn a lot about yourself, others you work with and your capabilities."

Maria Meyer of West Bend also won an honorable mention for her roasted duckling garnished with orange halves filled with sweet potatoes and artichokes on a broccoli mousse.

"Joining the show was a great experience for me,"

Meyer said. "I've given myself the satisfaction of knowing I am capable of doing fine work when I put my mind to it. I was able to see other students' work and it made me realize how beneficial Moraine Park is."

"Chev Erv Loest gave 150 percent of his time to each of us and we thank him for all his help," she continued. "When we had doubts, he pushed us with encouragement. I appreciate his time and devotion."

### West Bend Goodwill Store to Celebrate Grand Opening Apr. 7

West Bend Mayor Michael Miller, Alderperson Hope Nelson, and members of the West Bend Chamber of Commerce are attending a ribbon-cutting ceremony at the Grand Opening celebration for the Goodwill Retail Store, 1437 S. Main Street, West Bend. The event is scheduled for Friday, April 7, at 9:30 a.m.

The store has been opened since March 1 and, according to Margaret Buchner, vice president of operations, "We have gotten an excellent response to the opening of our new store. The West Bend community has been very supportive."

Hourly sales specials, refreshments, free balloons and prizes for the children are some of the activities planned for the two day celebration on Friday, April 7 and Saturday, April 8. The Grand Prize drawing for a microwave oven is scheduled for 3 p.m., Saturday, April 8. Other prizes will also be awarded. Senior citizens receive a 10% discount daily, with 25% off on Mondays.

With this store opening, eight new jobs were created in the West Bend area. Store Manager Miriam Schneider has extensive retail experience and previously worked at the West Bend Marianne Shop and Plus Stores.

A contributrail, parked at the rear of the store, is accepting donations from 10 a.m. to 6 p.m., Tuesday through Sunday.

Regular store hours are: Monday - Friday, 9:30 a.m. to 8 p.m.; Saturday, 9:30 a.m. to 5 p.m.; Sunday, 11 a.m. to 4 p.m.

## Sheriff Schulteis Announces Promotions

Sheriff Robert H. Schulteis has promoted Deputy Michael Milas to the rank of Lieutenant at the Washington County Sheriff's Department. Lt. Milas will act as the shift commander of a platoon of deputies working on the road and in the jail and radio center.

Lt. Milas was appointed as a patrol officer in November of 1983.

Lt. Milas earned his BS degree in Business Administration at Marquette University.

Lt. Milas, wife Paula, and their young son live in the City of West Bend.

Sheriff Robert H. Schulteis has appointed Sgt. Gary Carpenter to the position of Detective at the Washington County Sheriff's Department.

Detective Carpenter was first appointed to the department in 1976 as a patrol officer. In 1985 he was promoted to Sergeant and worked as a supervisor of a platoon of patrol duties. He also had experience in drug enforcement, and as the

department's weapons instructor, armorer, and self-defense instructor.

A native of Hartford, Detective Carpenter lives in the Town of Addison with his wife and two children.

### QUILT SHOW PLANNED

The Germantown Historical Society Quilt Show will be held on Saturday, April 15, 10:00 a.m. to 5:00 p.m.

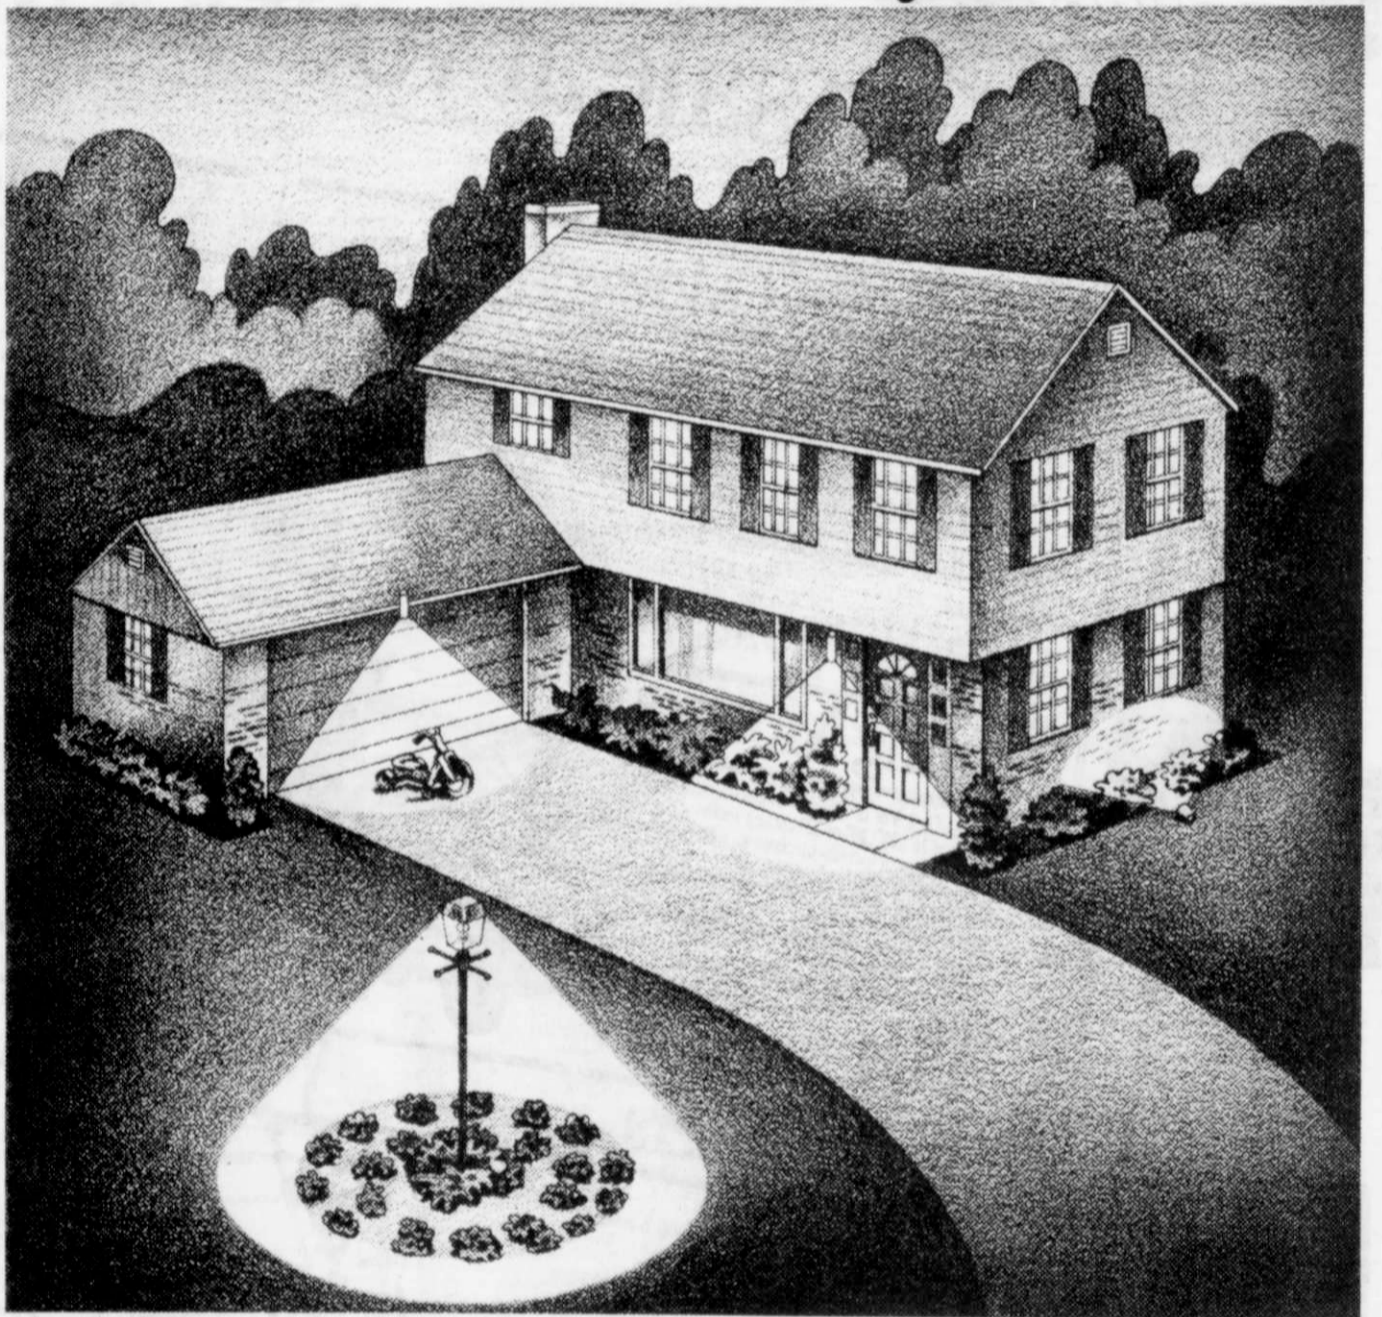

We will be showing both old and new quilts from our area friends and neighbors at our historic Christ Church museum at the intersections of Maple Road, Highway 145 and Holy Hill Road in the Dheinsville District of Germantown.

Proceeds of \$1.00 donation at the door to be used for historic preservation. Coffee and goodies also available.

Any questions call 251-6688.

The museum is listed on the National Register of Historic Places.

## Outdoor Lighting Heightens Your Security.

## Smart Money Lowers Your Cost.

Now you can have the safety and security of outdoor lighting for just pennies a night, thanks to Wisconsin Electric's \$30 and \$40 rebates on high pressure sodium light fixtures.\*

All 35-, 50-, 70-, 100- and 150-watt high-pressure sodium wall and yard light fixtures qualify.

A 35-watt high pressure sodium wall light sheds the same amount of light as a 150-watt standard light, but saves \$160 in energy costs and \$15

in replacement bulb costs over the average six-year life of the lamp.

Combine these savings with our rebates, and you're looking at an investment that can pay for itself in less than a year.

So ask your lighting dealer for details. And get priceless coverage for a price that's less.

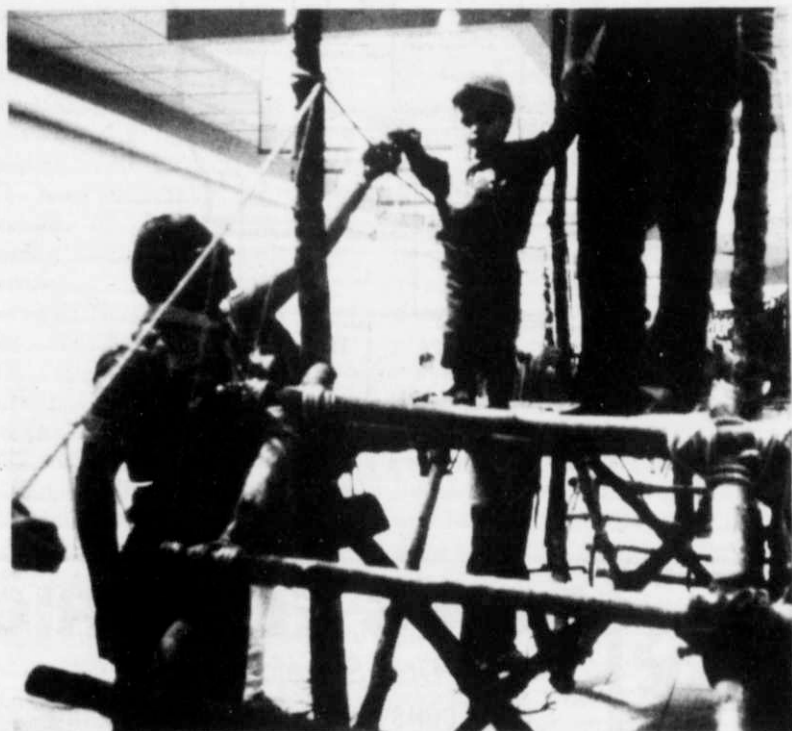

### Smart Money Energy Program

### File Now for Income Tax Extension

Procrastinators, take heart. A special tax form can be of great help in the eleventh hour of the income tax filing season, according to the Internal Revenue Service.

To get an automatic four-month extension of time to file your 1040 or 1040A, fill out and mail in Form 4868 by this year's April 17 tax deadline.

Filing the extension form does not give you extra time for paying taxes that are owed. Payment of any taxes due must be included with the extension form. You will owe interest on any taxes paid after April 17. In some cases, a late payment penalty may also be due. By accurately filling out Form 4868 and mailing it by the deadline, you will get out of the much larger late filing penalty. This penalty can amount to as much as 25% of the unpaid tax, the IRS said.

You can order the extension form by calling the IRS toll-free at 1-800-424-3676. For more details on the extension form, call Tele-Tax, an automated system of prerecorded tax information run by the IRS. Dial 1-800-554-4477 and request tape number 457. Tele-Tax is available 24 hours-a-day, seven days a week.

### COUNTY OFFICIALS TO SPEAK AT REALTORS' MEETING

Hartford Country Club will provide the setting for the Washington Board of Realtors' spring dinner meeting on Wednesday, April 5, at 7:00

p.m. Washington County guest speakers will be Fred Seefeldt, County Treasurer, Mary Ann Sonnenberg, Real Property Lister, John Steilen, Register of Deeds and Herb Wolf, Land Use and Park Department. The focus will be on how realtors and the county can cooperate to provide the best service possible for our county's buyers and sellers.

Weekly Health Tip

From Tom Kennelly

### OBESSE CHILDREN

Researchers estimate there are 11 million overweight children between ages 6 and 17 in the US - a 50% increase in 20 years. One group of obese adolescent girls actually ate several hundred fewer calories a day than a group of slim girls, but participated less in active sports and other strenuous activities. The conclusion: inactivity encourages obesity more than excessive food intake. Healthy children need less of the 'boob tube' and more vigorous activity.

# Tornado Awareness Week April 2 - 8

## TORNADO SAFETY PRECAUTIONS CAN SAVE LIVES, PROPERTY

When a tornado approaches - your immediate action may mean life or death, according to the Wisconsin Division of Emergency Government.

Wisconsin's tornado activity occurs mainly from April through September. The months of June and July have the highest tornado frequency. However, tornadoes have occurred in every month in Wisconsin with the exception of February.

There is little that can be done to avoid the property destruction tornadoes bring; but tornadoes do not have to be killers. You can take precautions when a storm threatens and thereby save lives, reduce threat of injury and lessen property damage.

Tornadoes are the most devastating local storms that occur in the world. On the average, 780 tornadoes occur each year nationally, killing an average of 88 people and causing millions of dollars in damage. Wisconsin has averaged 18 to 20 tornadoes per year over the past 30 years. In 1988, the state reported 35 documented tornadoes, causing four injuries, but no deaths.

The winds in a tornado turn counter-clockwise with speeds that can reach 300 miles an hour. As an illustration of the horrifying power of these killer storms, it's reported a Minnesota tornado carried an 83-ton railroad coach with 117 passengers aboard, 80 feet in the air. While most tornado damage is caused by the violent winds, most injuries and deaths result from flying debris.

Most tornadoes move from southwest to northeast. Generally, tornadoes occur in the spring in the late afternoon

on a hot day. But remember, tornadoes can happen any time.

Easy to recognize. You'll have no trouble recognizing an actual tornado! It is a funnel-shaped cloud extending down from the base of a thunder cloud. As it touches earth, it writhes and twists throwing up debris in all directions. It is usually accompanied by hail, violent thunderstorms and wind. Its noise is so loud it can blot out the sound of crashing buildings and falling trees.

When the skies look threatening listen to the radio. The National Weather Service and the Severe Storm Warning Center track all weather systems with sophisticated radar and are usually able to give adequate advance warning of violent weather conditions. A **TORNADO WATCH** means the atmospheric conditions are such that tornadoes could develop. A **TORNADO WARNING** means an actual funnel has been sighted in your area. Warnings are usually accompanied with a description of the speed and direction of travel of the funnel. Learn the warning signals used in your community.

When a watch is issued, listen to broadcast advisories, and be ready to take cover. It is wise to collect a battery-powered light and radio and have family members within earshot under watch conditions. Also, take your car keys; should a tornado hit your area, your car still may be operable - but keys could be lost in the rubble.

**Immediate Action Saves Lives.** When a tornado threatens, immediate action can save lives.

Stay away from windows,

doors, outside walls and protect your head.

**In Homes or Other Small Buildings** go to the basement or a place in the middle of the house, like a closet, bathroom, or interior walls. Get under something sturdy.

**In School**, be calm and follow the directions of your teacher. Stay away from large, open rooms like auditoriums and gymnasiums and rooms with windows.

**In Shopping Centers or Very Large Buildings**, go to a designated shelter area or to the center of the building on a low level. Stay away from large, open rooms and windows. Never seek shelter in cars in the parking lot.

**In Mobile Homes or Cars**, leave them and find shelter in a safe structure. If there is not shelter nearby, lie down in a low area with your hands covering the back of your head and neck. If you're in a ditch or ravine, be alert for flash floods that often accompany tornadoes.

**AFTER THE STORM... WHAT DO YOU DO?**

If a tornado should hit, remain calm - panic never helps. Most tornadoes are short-lived, lasting only four or five minutes and traveling on the ground for two miles, on the average, according to the Wisconsin Division of Emergency Government.

Closely inspect your property, including automobiles, for damage. Check immediately for electrical problems and gas leaks and report to utilities or the fire department if danger is imminent.

If you have extensive damage, contact insurance

company immediately. In the meantime, secure your property from further damage or theft. Heavy rains often follow a tornado.

Take an inventory of the damage to speed your insurance settlement. Your policy may provide coverage for additional living expenses should you not be able to stay in your home. There is also a policy provision for paying the expense of debris removal.

If you have not suffered damage, be a good neighbor and help those who need it. But, do not telephone directly into or visit a disaster area. Reports will be broadcast, so let the rescue work proceed unhampered by spectators and curiosity seekers.

Do not enter a building damaged by a tornado until you are sure it is safe and will not collapse.

Use only approved or chlorinated supplies of drinking water.

Check food supplies. Food may contain particles of glass or slivers of other debris. Discard canned goods with broken seams.

Get food, clothing, medical care or shelter at Red Cross Stations or from local communities if necessary.

Notify your relatives of your

safety. Local authorities may waste time trying to locate you if you don't send word. Do not tie up phone lines if they are needed for emergency calls.

Cooperate in the general clean-up of debris. You are responsible for cleaning debris from your own property.

During repairs and clean-up wear shoes and gloves. Glass, including fiberglass insulation, can injure unprotected hands and feet.

**WHAT IF YOU ARE A VICTIM?** Do your best to protect yourself, your family and your neighbors from further damage.

Make sure authorities are notified that you are a tornado victim.

Be prepared to cooperate with trained and authorized officers and volunteers who will arrive to give you aid.

Do not sign contracts for repair work, removal of rubble, or new insurance without consulting authorities.

By thinking clearly and calmly and helping one another, we can limit the injury and destruction tornadoes cause.

**Large Lady:** "Little boy, can you tell me if I can get to the park through this gate?"

**Little Boy:** "I guess so, lady. A load of hay just went through."

**UWWC Offering Group Piano Lessons for Adults**

Did you miss out on piano lessons as a child? You'll have a chance to catch up this spring when group piano lessons for adults are offered at the University of Wisconsin Center — Washington County.

The classes began in January with instructor Judith Mitchell. They proved so popular that two extra class sessions were added. Students were so satisfied with the experience that two-thirds of those enrolled have signed up for advanced sessions.

A few openings remain in a ten-week Saturday session for beginners that runs from 10 to 11:15 a.m., starting April 8. Lessons cost \$65 plus the purchase of a music book.

The lessons are offered through the UW Extension Continuing Education program at UWWC.

Instruction will take place in the electronic piano lab in the UWWC music department, where eight students can learn simultaneously at separate keyboards. An earphone arrangement permits Mitchell to work with students individually and as a group.

Mitchell has been teaching piano for nearly 25 years. "I love to teach music," Mitchell said. "Sharing the joy and the purpose that music brings into my life is one of my greatest satisfactions."

Mitchell has been teaching since her college days at UW-Madison where she received her Bachelor of Music degree in 1963 and her Master of Music degree in 1964, both in applied piano.

Since 1978, she has taught in

her own West Bend piano studio, working with about 35 students from age four to adults.

Her teaching has ranged from pre-school music teaching to a four-year stint as an assistant professor of music at UW-Oshkosh. She is experienced in teaching groups of piano students, having served as coordinator of class piano at Oshkosh and as a teaching

assistant in class piano at Arizona State University - Tempe.

During the 1970s, she taught class piano, music theory and music fundamentals for eight years in the California Community Colleges campuses at Los Altos Hills, Cupertino and Saratoga.

Mitchell is the past president and a member of Moraine Area Private Music Teachers

## CESA #6 Grant for KHS Power Lifters

Gov. Tommy Thompson, State Supt. Herbert Grover and Attorney General Donald Hanaway issued a memorandum for an alliance for a drug-free Wisconsin. One of the major principles and objectives of this alliance is emphasizing a coordinating effort. "The progress in the war against alcohol and drug abuse must involve a continuing cooperative effort involving law enforcement and prevention and treatment initiatives. This partnership must take place at both the state and local levels, with citizens, community leaders and agency representatives at all levels working together."

The Department of Public Instruction has launched an initiative known as "Count On Me." This initiative has one goal - "building cooperative, caring partnerships for a drug-free Wisconsin."

The partnership network is a statewide school based partnership between the Department of Public Instruction, Cooperative Educational Service Agencies, school districts, Departments of Health and Social Services, Department of Justice, legislators and other interested parties and agencies.

Local ownership is the critical strengthening component of the network and is developed through county partnerships. The twelve Cooperative Educational Service Agencies (CESA) act as facilitating agents for the organizational models in each county within the CESA boundaries.

The partnership facilitator in each CESA has many duties which include: establishing and facilitating an AOD network for each county in the CESA area. This will include assessing

county wide AOD needs, promoting strong county comprehensive programs and linkages, sharing of state and regional information and promoting local ownership by enabling governance to be determined by county membership on the CESA Partnership Council. CESA#6 comprises the counties of Winnebago, Outagamie, Fond du Lac, Washington, Green Lake and Dodge. Three representatives from each of these counties make up the CESA AOD Partnership Council.

Ginny Betow, of New London, is the Partnership Facilitator for the CESA#6 area. She states that the Partnership Council of this area, as in other CESA's across the state, recently recommended numerous school projects for funding under a mini-grant project as part of the DPI's "Count On Me" initiative.

Under this program mini-grants were made available on a competitive basis for school districts. A committee from the AOD Partnership Council of each CESA read and evaluated the grants submitted. The committee recommended to the DPI funding for some of the projects. State Supt. Grover has announced the schools in the CESA#6 area who have received funding, including Kewaskum High School.

The Kewaskum School District has the goal of emphasizing good health throughout their school and community. This is being done through the Kewaskum Powerlifting Club.

In recognition of the hard work by each of these recipients the AOD Partnership Council of CESA#6 is hosting an awards luncheon for these districts at the Pioneer Inn in Oshkosh on April 17th. Representatives from the DPI, CESA #6

Administrators, AOD partnership council representatives local school district administrators, project leaders and students will be invited.

# Kewaskum's Bruce Bodden 1st Place Winner State Parks Admission Sticker Contest Winners Announced

MADISON, WI - Kewaskum High School senior Bruce Bodden has won first place in the 1990 State Parks and Forests Admission Sticker Design Contest sponsored by the Department of Natural Resources; Laacke and Joys, Inc., of Milwaukee; and the Milwaukee Sentinel.

Bodden's winning design, featuring a setting sun and two swimming Mallard ducks, was chosen from among 75 entries from all over the state. It will be displayed on the windshields of more than 150,000 vehicles that enter state parks and forests in '1990.

Bodden will receive a plaque from the department and a \$500 post-high school scholarship from Laacke and Joys, Inc.

Other Wisconsin high school seniors will receive certificates from the department in recognition of their outstanding efforts:

Thomas Jay Hon, Arlington, second place.

Theresa Scholtz, Delavan, third place.

Jessie L.F. Kempky, Pound, honorable mention.

Eric W. Weckwerth, Richfield, honorable mention.

Wendy Pakenham, Rib Lake, honorable mention.

Jill Bankston, Hudson, honorable mention.

Dawn Swagel, Kewaunee, honorable mention.

Krista Schmidt, Randolph, honorable mention.

Ronnie D. Lockett, Milwaukee, honorable mention.

The design contest was judged March 8 by representatives of the Department of Natural Resources and Madison Area Technical College. The contest is held annually for Wisconsin high school seniors and begins in January.

For additional information contact the Bureau of Parks and Recreation, Wisconsin Department of Natural Resources, P.O. Box 7921, Madison, WI 53707.

# 10th Annual ALS Run at UWWC

Registrations are now being accepted for the tenth annual run against Lou Gehrig's Disease on Saturday, April 22, at the University of Wisconsin Center - Washington County.

Each year nearly 100 men and women, from age 19 into their sixties, participate in the two-, five- and ten-mile runs, sponsored by the UWWC Student Government Association. Proceeds from entry fees are donated to the Amyotrophic Lateral Sclerosis (ALS) Association.

Entry fee for persons registering by April 20 is \$9. The fee is \$10 if paid on the day of the run. Entry fees include a spaghetti lunch and a T-shirt.

ALS, nicknamed for Lou Gehrig - the New York Yankee who died from the disease, is characterized by the degeneration of the motor cells in the spinal cord and the brain. This process leads to paralysis and, eventually, death.

UWWC student volunteers again will plan, staff and organize the runs. The course is laid over park and back roads, most of them paved. All races begin and end on the UWWC athletic field turf.

The 10-mile race begins at 10 a.m.; the two- and five-mile races at 10:30 a.m. Participants compete by divisions, including youth 10 and under and men's and women's divisions for ages 11-13, 14-18, 19-29, 30-39, 40-49 and 50-plus.

Trophies are awarded for first place; medals, for second and third; ribbons for fourth through seventh places.

To obtain more information or a brochure and registration blank, contact A.L.S. Run, UWWC, 400 University Drive, West Bend, Wis., or call Susan Snyder at 414-338-5238.

# Vehicle Inspection Program To Be Expanded in April

Beginning April 3rd, all vehicles will undergo an Emissions Equipment Inspection in addition to having the vehicle's tail pipe emissions checked, according to Department of Transportation vehicle inspection program officials.

During the expanded inspection, vehicles will be checked to insure that their factory-installed catalytic converter, fuel filler restrictor and fuel cap are present. If removed, disabled, altered or not working properly, the equipment will need to be repaired or replaced prior to registration renewal.

"The addition of the Emission Equipment Inspection will increase the program's effectivity in reducing auto-related air pollution," said Donald Dean, chief of the Wisconsin Department of Transportation vehicle inspection program section.

Currently, an emission equipment inspection is only performed when a motorist applies for a one-year waiver. A waiver inspector checks the vehicle to see if the factory installed catalytic converter, fuel filler restrictor, thermostatic air cleaner, air pump system, or positive crankcase ventilation system has been removed or disabled.

The new emission equipment inspection shouldn't lengthen the test process for most motorists since a "fast-pass" procedure was also added. Under the new inspection procedure, most vehicles will no longer be operated on a dynamometer, the roller-like device, that simulates cruising speeds. The cruising simulation will only be used if a vehicle fails the test at idle. The vehicle

will be retested after receiving the pre-conditioning benefits of the dynamometer.

"We found that most vehicles would pass the test without this preconditioning phase on the dynamometer. With the fast-pass procedure, the inspection process should be more convenient for most motorists since they will generally not have to leave their vehicle," said Dean.

Following the emissions test and emission equipment inspection, motorists will receive test results on a computer generated report form. For vehicles which pass both inspections, the motorist completes registration as in the past. Records from the inspection station's computer will be matched with Division of Motor Vehicles registration records to verify that the inspection has taken place.

If the vehicle's emissions exceed the standards or one of the required emission control components was missing, the vehicle will need to be repaired and retested before the motorist renews the vehicle's registration.

Another addition to the vehicle inspection program will be a fourth testing lane at the West Allis facility. The lane will be operational by April 3, 1989 and should reduce the frequency and duration of waiting times at the West Allis station.

The Wisconsin Vehicle Inspection Program began April 2, 1984 and tests approximately 750,000 vehicles annually for excessive hydrocarbon and carbon monoxide exhaust. It has been credited with keeping approximately 40,000 tons of vehicle pollutants from entering the air each year.

# Beginning Golf Offered at UW-Fond du Lac Evenings

Two classes of Beginning Golf will be offered by the University of Wisconsin Center - Fond du Lac office of Community Outreach. One class will be held on Tuesday evening beginning April 18th and a second class will begin on Wednesday, April 19th. Both classes run four weeks and will begin at 6:00 p.m.

Instructions will focus on proper grip, stance and swing with special emphasis being placed on the iron game. The intent of this course is to have students feel comfortable playing regulation courses, enjoying golf without worrying about

slowing up play, and to have an understanding about the basic rules and etiquette associated with the game of golf.

Ken Thomas, Community Outreach Coordinator at the University of Wisconsin Center - Fond du Lac will be the lead instructor. He has a degree in physical education and was golf coach at the campus for eight years. Along with his assistants, they will teach in small group sessions including video taping swings and giving individualized instructions.

This class is open to anyone sixteen years or older. Students are asked to bring a five iron or seven iron to the first class. Eventually they will need to bring a full set of clubs. The fee for the course is \$30.00 and enrollments are limited. For more information or registration, contact the Office of Community Outreach at the UW Center - Fond du Lac, phone 929-3622.

# Rock River's Hall of Fame Closes In On 100

Six new members will be voted into the Rock River Baseball League's Hall of Fame this year.

But first, members of the league's Oldtimer's Association, which sponsors the election, will firm up the ballot of 12 nominees.

Half of them are automatic holdovers, unsuccessful from last year's slate.

The other six will be nominated by Oldtimer members who attend their annual business meeting starting at 1:30 Saturday afternoon, April 8 at Dodge Center, Horicon.

Oldtimers then will ballot by mail in May, with the top six vote-getters to be inducted at the organization's 10th Hall of Fame Dinner on Nov. 4 at the Mayville Golf Club.

They'll join 93 others in the 59-year-old league's Fame Fraternity.

Barring a tie, it brings the total to 99, and a surprise announcement will be made at Saturday's meeting to give the upcoming No. 100 some distinguishing significance.

Other major business is firming up four other group activities for '89: A pair of Milwaukee Brewer game outings, a Rock River championship playoff game gathering and the windup November date.

## Annual Spring Conservation Rule Hearings On April 24

MADISON, WI — Wisconsin citizens are encouraged to attend the annual conservation rules hearings conducted by the Department of Natural Resources on Monday, April 24 at 7:30 p.m. in each county.

The hearings offer the public an opportunity to discuss and vote on fishing and hunting rules changes being considered by the department. Advisory questions from the department and the Wisconsin Conservation Congress will also be discussed and voted on. Department personnel will be at each location to answer questions.

The hearings also provide a forum for the election of county delegates to the Wisconsin Conservation Congress. The Congress serves as a citizens advisory to the state Natural Resources Board. Eligible candidates include any adult county resident who is not employed by the DNR or is not a member of the Natural Resources Board.

Some of the proposed rule changes and advisory questions include:

- \* Changing size and bag limits of trout and salmon on Lake Superior tributary streams;

- \* Establishing daily bag and minimum length limits on rainbow trout in Lake Superior;

- \* Establishing a minimum length limit on smallmouth and largemouth bass in the Mississippi River;

- \* Establishing a minimum length limit on walleye in boundary waters and most inland waters;

- \* Changing size and bag limits on trout in inland waters;

- \* Allowing certain caliber handgun use for bear hunting;

- \* Allowing archers up to three days to register bow-killed deer;

- \* Expanding the area open to

fisher trapping;

- \* Expanding the area open to wild turkey hunting and modifying the season framework;

- \* Establishing uniform hunting hours for small game, turkey and big game;

- \* Obtaining public opinion on establishing a three-day buck plus hunter's choice permit (any deer) season followed by a six-day antlerless deer only season (advisory question).

Conservation rules area hearings will be held in the following locations:

Dodge, City Hall, 404 E. Lake St., Horicon, WI

Fond du Lac, Moraine Park Tech. Institute, 235 N. National Ave., Fond du Lac, WI

Sheboygan, Sheboygan Falls High School Cafeteria, Sheboygan Falls, WI

Washington, University of Wisconsin, West Bend Campus, West Bend, WI

## Threshold Plans 6th Spring Fling Five

The Threshold, Inc., in West Bend announces the sixth annual Spring Fling Five to be held on Saturday, May 13, 1989 at The Threshold, Inc. The Spring Fling Five is a five mile run/two mile run/walk and includes a non-competitive 1/2 mile run for youth 12 years of age and under.

This will be one of the first events of this kind in this community, so area runners/walkers should mark the date and plan to participate to prepare for other runs.

There will be eight age divisions and four separate events including the five mile run, two mile run, two mile walk (non-competitive) and 1/2 mile kids run. There will be trophies, medals and ribbons to be presented as well as drawings for door prizes after each event.

Registration forms are available at M & I First National Bank, Sprint Sportswear, West Bend Library, Kettle Moraine Y.M.C.A., and the West Bend Recreation Department.

For more information on the Spring Fling Five or to request an entry form, contact The Threshold at 338-1188.

The Spring Fling Five is sponsored by M & I First National Bank and Sprint Sportswear of West Bend.
