Fire Destroys Town of Auburn Barn

By GERRY MUELLER
Statesman Staff Writer

A fire early Sunday evening destroyed a barn in the Town of Auburn. Neighbors said the structure, located at the intersection of Auburn-Ashford Drive and County Highway G, belongs to Mr. and Mrs. Robert Rudzitis, who were not home at the time of the fire.

According to preliminary information available, the Kewaskum Fire Department received the call at approximately 6:30 p.m., however, the caller gave the wrong road and fire number. The department

was not hampered by the misinformation as smoke, which could be seen from Kewaskum about three miles away, led them to the scene.

Kewaskum received mutual aid from neighboring Beechwood, Boltonville and Campbellsport Fire Departments. The Eden Fire Department was called in to provide standby coverage at Campbellsport while all the departments fought the blaze.

The Fond du Lac Sheriff's Department was also called to handle congestion around the site caused by sightseers flocking to the fire.

The property, which also contains a house trailer, was apparently being used to store and repair cars. Several vehicles, motorcycles, a boat and trailer were also destroyed by the fire.

No cause or damage estimate was available. The Kewaskum Fire Department remained on the scene until approximately 11:30 p.m.

On Monday morning the Kewaskum Fire Department was again called to the scene at 7:00 a.m., when hot spots re-ignited in the charred debris of the 30 x 60 foot barn.

Village Begins Targeting Areas for Sidewalk Repair

By GERRY MUELLER
Statesman Staff Writer

At its meeting Monday night, Administrator Dan Schmidt updated the Kewaskum Village Board on the plans and progress of a program to repair or replace existing damaged sidewalks throughout the village.

"We've looked at Parkview, First Street and a portion of Railroad Street, which equals almost 2,300 feet of sidewalk repairs," said Schmidt. He told the trustees money for between 3,600 and 4,000 feet of repairs had been budgeted for this year. Depending on how the bids come in, he indicated, additional repairs could be done. If that happens, repairs could also be done along Reigle Drive, Second and Third Streets, and Bilgo Lane this year.

Schmidt advised the board that 320 feet of curb have also been marked for repair or replacement, noting that money had also been budgeted for up to 450 feet.

"As for paying the cost of the work" said Schmidt, "this will be a one-time 50% deal with the property owner and village each picking up half the cost." Schmidt told the trustees that because the village has decided to pick up part of the repair cost rather than make owners responsible for the entire 100%, its engineers suggested the village not do any restoration work, only rough grading. The property owners would be responsible to do the remaining landscaping such as seeding, etc.

After the repair program, (which is estimated to take up to five years) is completed throughout the entire village, costs to repair damaged sidewalks will be charged 100% to the property owners.

Schmidt said he and Public Works Superintendent Augie Bilgo had already talked to about 25% of the property owners targeted for this year's phase of the repairs. "They're all looking forward to it," Schmidt stated. A public hearing on the work has been tentatively scheduled for July.

In other action the board approved a resolution to proceed with and assess improvements to four lots on Edgewood Road.

Trustee Kenneth Bonlender advised the board, as representative on the Library Board, that the village's library aide had submitted her resignation.

After some discussion, the board unanimously agreed to

approve advertising for a second part-time assistant librarian rather than an aide. It was felt that such a move would help to take some of the work load off the head librarian position. Bonlender indicated funding from the Countywide Library System could be used to help defray the cost of the second assistant librarian position.

In other business the board approved a request to change the address of the former AMPI milk reload station on the south side of the village from Milan Drive, to 118 Highway H.

The property has been purchased by Heberer Brothers Construction and the firm felt the Highway H address would be easier to locate for delivery people not familiar with the area.

Also acted upon were renewals of all 1989/90 liquor and bartender licenses within the village. Bonlender questioned the status of licenses which were not renewed for the former Thee Avenue Restaurant and J & N Liquor which recently closed.

Schmidt indicated in the event someone wanted the supper club's license, the bank, which now owns the property, would be given first chance to renew and retain it. If they decided not to keep it, it could be issued to another party. However, that applicant would have to have a specific site and address for its use. It was noted that no one could just pick up the license and hold it without using it.

As far as the liquor store license was concerned, that is issued to a business. While it is not a set rule, noted Schmidt, the village's policy over the years has been to limit liquor store licenses to two.

Due to the 4th of July holiday, the board voted to hold only one meeting next month, that will be scheduled for Monday, July 17th.

The board then adjourned to closed session.

Two Youths Driving to Barn Fire Injured in Accident

By GERRY MUELLER
Statesman Staff Writer

Two youths were injured in an accident Sunday night as they were on their way to see the Town of Auburn barn fire.

The accident occurred at 6:45 p.m., on County Line Road, Town of Auburn, just west of Forest View Road.

Injured were Robbie C. Brooks, 18, of 3121 Maple Tree

Road, Kewaskum, and his passenger Anthony J. Adamczyk, 17, of Mesa, Arizona. Brooks suffered leg and trunk injuries and

Sheriff Schulteis Urges Caution During Construction on U.S. 45

Road construction which will result in the Highway 45 Bypass becoming a four lane, divided highway, has begun according to the Wisconsin Department of Transportation. The sheriff's department urges motorists to take note of ramp closures and possible road obstructions during this period, which will continue until the end of October.

While Highway 45 will remain open to two-way traffic, some road hazards and lane constructions may be present in some construction zones.

For about one month at each location, there will be no exit or entrance ramps for southbound traffic at Highway 60, and no entrance ramp for southbound traffic at Paradise. The southbound exit and entrance ramps at Pleasant Valley Road (STH 143) will remain closed for the duration of the project.

There will be considerable rerouting at Highway D. Traffic on the bypass will be routed off of the bypass at that intersection. Traffic can reenter the bypass using marked ramps. Traffic on Highway D will also be able to enter the bypass. The intersection will be controlled by stop signs and marked by direction signs and barricades, and motorists are strongly urged to exercise caution or avoid the area if an alternate route is convenient.

Caution should be used even on alternate routes, since the

increased traffic load on the county and state highways in the vicinity could be considerable.

Accident

(Continued from Page 1)

Adamczyk sustained head and trunk injuries. The injured were transported to St. Joseph's Community Hospital, West Bend and later transferred to the Milwaukee County Medical Complex. The driver of the second vehicle, Alfred C. Voigt, 54, of 8701 Oak Drive, Kewaskum, was not injured.

According to the Fond du Lac County Sheriff's Department report, Voigt, who was driving a loaded dump truck, entered County Line from a driveway when a pickup truck driven by Brooks came over a hill and was unable to stop in time to avoid a collision.

The Sheriff's Department spokesperson said Voigt was issued a citation for driving while his license was suspended.

The Milwaukee County Complex spokesperson said Tuesday afternoon that Brooks is still being kept in the intensive care unit listed in critical condition. She noted however, that his condition is improving following surgery to repair his two broken legs. Adamczyk is listed in satisfactory condition with pulmonary bruises and trauma.

Halt Fall Admissions at UWWC

The acceptance of new applications for admission to the 1989 fall semester are being halted temporarily at the University of Wisconsin Center - Washington County, effective May 19.

Michael Murphy, director of student services at UWWC, announced on May 18 that the move is the result of two factors: an unusually high number of new students and an unexpectedly large fall registration by students currently attending classes.

According to Murphy, 505 new applications have been received compared to 397 on June 1, 1988. During the first three days of a ten-day fall registration for the current student body, which began May 15, 305 students signed up for fall classes. Murphy said only 225 pre-enrolled last spring during the entire ten days.

Last September, UWWC enrolled 856 students, its highest registration ever. Murphy said new student applications did not reach 505 until during the first week of fall classes.

In January 1989, 769 students were enrolled, the highest spring registration since the school opened in 1968. Spring enrollments were cut off two weeks before classes began, the first such move in campus history.

Murphy notified high school counselors of the move in a letter dated May 18. He told counselors, "All applications

received after Friday, May 19, will be put on a waiting list in order of application. No more admission decisions for fall semester will be made until after the first new student registration is completed, from June 19 through 21.

In his letter, Murphy said, "We feel we have a commitment to those who have already been accepted and want to give them the first change to register. Last year we almost did not have the room necessary to accommodate all who had been accepted. This is definitely a situation I do not want to be in..."

"As soon as we get a better handle on the number of applicants who actually plan on attending, we will notify those on the waiting list."

According to Murphy, a new registration deposit, due Aug. 4, "should also help us get a good picture of how many can still be admitted at that time."

Murphy said that if things go similarly to past years, UWWC may be able to accept 50 to 75 more students.

Shelfond to Sell On-Line Lottery Tickets This Summer

MADISON...A total of 1,435 locations will be ready to sell Wisconsin Lottery on-line tickets when sales begin later this summer, according to Lottery Executive Director William F. Flynn, Jr.

"The deadline has passed to add and drop businesses for the start of on-line sales," Flynn said.

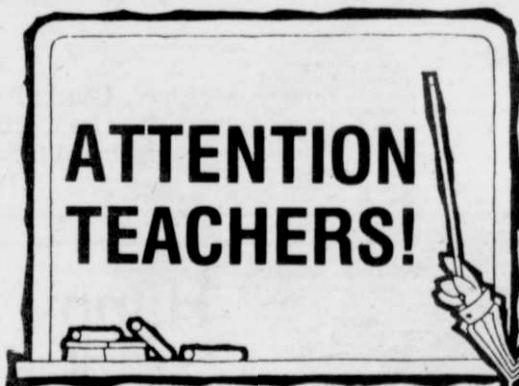

"These retailers will be our sales locations for start-up. In order to get telecommunications data lines installed, terminals connected, and all tests completed to assure everything is ready to go on that first day,

we are not adding any more terminals now. We expect that first day of on-line sales will be later this summer," Flynn remarked.

"More on-line retailers will be added after the first on-line tickets are sold," Flynn added.

Retailers who relocate a business, and had not earlier advised the lottery of the move, may be dropped from the network between now and the first day of sales, Flynn noted.

Kewaskum retailer scheduled to sell on-line tickets at start up include Shelfond Mobil Mart.

KEYS Meets the Regal Challenge

KEYS, Inc., Kewaskum Youth Scholarships, raised enough money during the 1988-89 school year to receive a \$2,500 matching donation from Regal Ware, Inc. This \$2,500 donation was the result of a matching gift program that consisted of Regal Ware's offer to donate \$1 for \$2 raised during the school year with a cap of \$2,500 as the maximum. Keys, Inc. is very thankful to Regal Ware, Inc. for this generous contribution.

This program not only provided additional incentive to the community, area businesses and the alumni of Kewaskum High School to support KEYS, but also challenged the KEYS organization itself to work hard to raise additional funds to collect the maximum donation.

Along with this years matching donation came the announcement from Regal Ware that this same matching program would be continued for the 1989-90 school year!

We hope the community will continue to support KEYS as together we strive to provide additional scholarships to the youth of the Kewaskum area.

Isabelle Muckerheide Wins National Poetry Prize

Isabelle Muckerheide of rural Kewaskum has won a Golden Poet Award for 1989 from the World of Poetry. She entered her poem "A Tribute to Elda" in the Poetry Contest.

Presentation of the awards will take place at the Washington Hilton, in Washington, D.C., on Saturday, Sept. 2, during the Fifth Annual World of Poetry Convention. Celebrities will include Bob Hope, Helen Hayes, Tony Randall, and Willard Scott.

Isabelle's poem follows:

(The recent passing of Mrs. Elda Walvoord, a music teacher in this area for many years, prompted me to write these lines).

A TRIBUTE TO ELDA

The Mighty Maestro's hand has

struck
The melody has waned,
And she who loved its every
beat
Her great reward has claimed.
Her knowledge and her
expertise
Will ever be a part
Of young and old - especially
Each music lover's heart.
One and two, and three and four
And one and two and three,
At first the notes were difficult
They all seemed Greek to me.
But bit by bit the pieces fit
And soon a song was born.
Now a silence fills the air
And her loss we mourn.
As the gavel gently falls.
On all her earthly gains,
To us who will remember
The memory remains.

UWC-FDL Offers College 'Sampler' Scholarship

The University of Wisconsin - Fond du Lac has initiated a new scholarship to be awarded to an area woman. The one-course college "sampler" scholarship is funded by a grant from the Soroptomist Club of Fond du Lac.

The criteria for the award are that the woman must be over the age of 24, has never attended college, and has a sincere interest in bettering her life through attainment of a college education.

The originator of the idea, Bradley Gottfried, the University's Campus Dean, feels that there are many women in the community who have considered college, but for a variety of reasons have never really pursued it. "The Scholarship will allow women to see if college is for them without making a major financial commitment," said Gottfried.

The recipient of the one-course scholarship will not only have her tuition paid, she will also receive counseling on careers and financial aid options. Books for the course and the University's \$10 application fee will be paid by the recipient.

Additional information about the program and application forms can be obtained by contacting the University's Admissions Office at 929-3606 or write to UWC-Fdl, 400 Campus Drive, Fond du Lac, WI 54935.

We graduates of KHS enjoyed a very positive and fun-filled "SENIORS ACTIVITY NIGHT" on May 30th, under the direction of Fran Charland.

Speakers at the dinner at the Amerahn were Tom Poberezny of the E.A.A. Center and Washington County Sheriff Robert Schulteis. From there we went to a private showing of a movie at the West Bend Theater and then to a pool party at the Y.M.C.A.

The entire evening was alcohol and drug free and FUN! Your sponsoring it was greatly appreciated.

BETTER SUNSCREENS

Sunscreen lotions that protect the skin from excessive ultra violet radiation are rated with an SPF [sun protection factor] number. Recently SPF 22 was the strongest available. However, to protect those exceptionally fair-skinned or intolerant of the sun, SPF values up to 35 are offered. Some super sunscreens are "waterproof" as well, and retain their SPF value for 80 minutes in water.

June Dairy Month Chairman

Foods

James DeWees, 1989 June Dairy Month Chairman, joins Andrea Neu, Director of Consumer and Trade Relations for Wisconsin Milk Marketing Board, in toasting Wisconsin dairy products.

MADISON, WIS. — James DeWees, president and chief executive officer of Godfrey Company, Waukesha, has been named 1989 June Dairy Month Chairman by the Wisconsin Milk Marketing Board.

As Chairman, DeWees will act as spokesman to promote Wisconsin's dairy industry and Wisconsin dairy products during June Dairy Month, the largest and longest running promotion of its kind.

According to Lisa Behnke, director of in-state promotions for Wisconsin Milk Marketing Board, the selection of DeWees attests to WMMB's

commitment to retail promotions of Wisconsin cheese.

"This appointment comes during the largest and most successful cheese promotion ever undertaken," said Behnke. The focal point of the promotion is Belle of Wisconsin, a 40,060 - pound Wisconsin Cheddar on a cross-country tour, appearing at retail food stores nationwide to promote the entire Wisconsin dairy industry.

"Jim's selection as June Dairy Month Chairman underscores the important role that retail stores play in

promoting all Wisconsin dairy products," Behnke said. "He is a key player in the Belle promotion through his ties to Fleming Companies, the Oklahoma City-based food distributor that owns Belle." DeWees is a Fleming vice president and is on the company's board of directors.

DeWees played a key role in promoting Wisconsin dairy products at the retail store level long before Belle of Wisconsin was created, however. Sentry and Sun Food Stores, owned by Godfrey Company, have consistently promoted Wisconsin cheese, and have demonstrated that retail food stores can successfully orchestrate Wisconsin - identified dairy promotions.

DeWees, who joined Godfrey Company in 1984 as president and chief operating officer, is a 30-year veteran of the grocery industry. Prior to joining Godfrey, he was executive vice president and director of Roundy's Inc., and president and chief executive officer of United Foods.

He is a past chairman of the Wisconsin Grocers Association and currently serves as a WGA director and executive committee member. He is also a director of the First Bank of Milwaukee, and is a member of the Greater Milwaukee Committee, Marquette University Business Advisory Council, and the Green Bay Packer Hall of Fame's Executive Committee.

"I am honored to be chosen as the 1989 June Dairy Month Chairman," said DeWees, "and I'm proud to represent the retail grocery business in saluting the Wisconsin dairy industry and increasing awareness of the nutritional value and superior quality of real Wisconsin dairy products."

One of DeWees' first activities for 1989 June Dairy Month was to preside over the official kickoff celebration, May 27 at Milwaukee County Zoo. Belle of Wisconsin was an

honored guest at the kickoff, and other festive activities will take place. And that evening, Belle was a special guest at "Moo-Waukee" County Stadium's Dairy Night celebration.

We Salute the Dairy Farmer

Thanks for everything, Dairy Farmers. All year long you work hard to send us delicious, nourishing dairy foods. You contribute so much to our community's economic health, too. Our nation has always been able to rely on dairy farmers

for the highest quality products. We are proud of the example the dairy industry sets for others who serve the public. During June Dairy Month, it's our turn to say: Congratulations, Dairy Farmers, on a job well done!

REGAL WARE, Inc.

We've been coming to America's farms for over 80 years. That's a lot of staying power.

When axle grease helped keep horse-drawn implements rolling, Amoco was there to deliver it. Today, quality Amoco products are still delivered right to the farm. But now they're formulated for modern high-performance machines and implements.

Amoco started serving farmers with tank wagon delivery by Company employees. Now we independent Amoco Oil distributors bring you Amoco gasolines, Amoco Premier diesel fuel, Amoco motor oils, Amoco 1000 hydraulic-transmission fluid, Super Permalube grease, and Amoco heating oils.

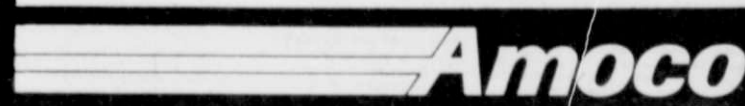

Between us, we've provided America's farmers with services and products since the turn of the century. And with our established source of supply, efficient distribution system and quality products, we're staying with you.

Sensenbrenner Honored by Dairy Farmers

(Washington, D.C.) — Rep. F. James Sensenbrenner, Jr. (R-WI) has received Associated Milk Producers Inc.'s "Honor Roll" award for voting consistently in support of a strong dairy industry, helping both dairy farm families and consumers, during the 1987-1988 session of the U.S. Congress.

"Sensenbrenner has demonstrated understanding of and commitment to the importance of dairy farm families to the nation's well-being," declared AMPI President Irvin Elkin, a dairy farmer from Amery, Wisconsin. "With this type of responsible public policy, dairy farmers can continue to assure consumers of dependable dairy supplies at reasonable prices."

AMPI ranks as the nation's largest dairy farmer cooperative with some 21,000 member farms in 21 states located throughout the midwest, south and southwest. These farms

produced almost 12.5 percent of the nation's milk supply.

The AMPI Honor Roll is awarded every two years to Members of Congress scoring "100 percent favorable" voting records on key dairy issues. Recipients are presented with a statuette depicting a milk can. This the third time Sensenbrenner has received the award.

"Our dairy farmers do an outstanding job of putting milk and wholesome dairy products on the table and deserve our support," concluded Sensenbrenner. "Day-in and day-out U.S. consumers can walk into their favorite grocery store and find the shelves stocked with milk and dairy products — a claim consumers in few other countries can make. Plus, thanks to dairy farmer productivity, prices for dairy products have consistently stayed below both increases in the Consumer Price Index and index of all foods index."

We're proud of our dairy farmer neighbors who help make Wisconsin America's Dairyland. Now during June Dairy Month, we take special pride in honoring you as a dairyman. As your Savings and Loan, it's a pleasure to work with you throughout the year. So, stop in and see us anytime.

Cheddar Lovers Recipes Available from Wisconsin Milk Marketing Board

MADISON, WIS — Cheddar is America's favorite cheese, and more Cheddar is made in Wisconsin than in any other state. Now a variety of delicious ways of cooking and baking with Wisconsin Cheddar are available free from the Wisconsin Milk Marketing Board, in an idea-packed collection of eight recipes.

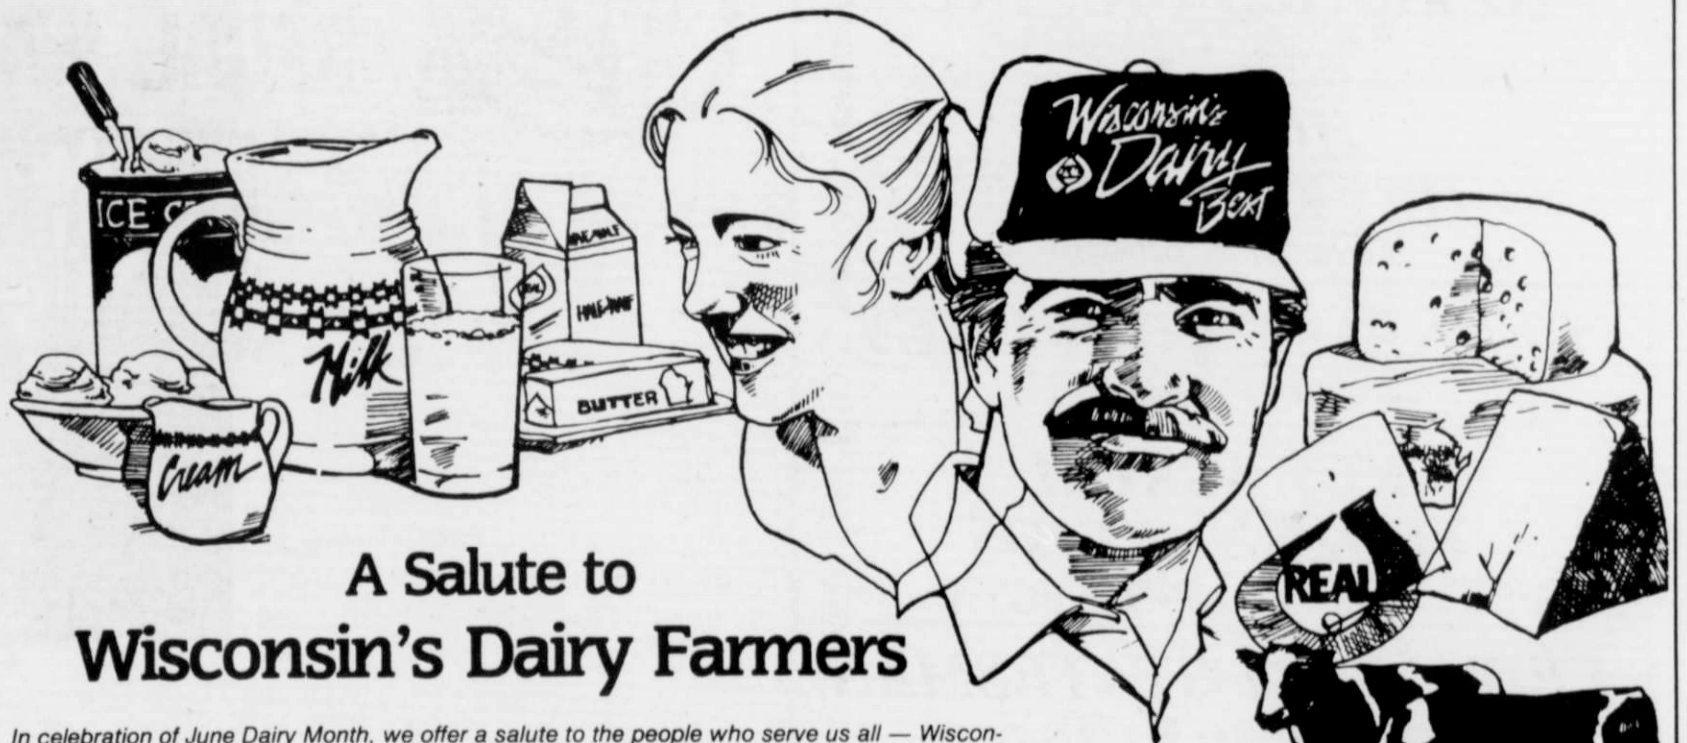

While Cheddar is delicious "as is" — atop a cracker, in a sandwich or on a slice of apple pie — it is also an exceptional cooking and baking cheese. Recipes in the "Cheddar Lovers" collection include:

- Little Cheddar Sausage Biscuits — hearty baked biscuits with Cheddar and sausage baked right in.

- Tex-Mex Chili Cheese Supreme — a zesty casserole accented with Wisconsin Ricotta, Monterey Jack and — of course — Cheddar.

- Apples in Cheddar Pastry — warm-from-the-oven dumplings that encase apples in a delicious, Cheddar pastry.

To obtain a copy of these and five other tempting recipes, write to "Cheddar Lovers Recipes from Wisconsin," Dept. JDM, Wisconsin Milk Marketing Board, 4337 W. Beltline Highway, Madison, WI 53711.

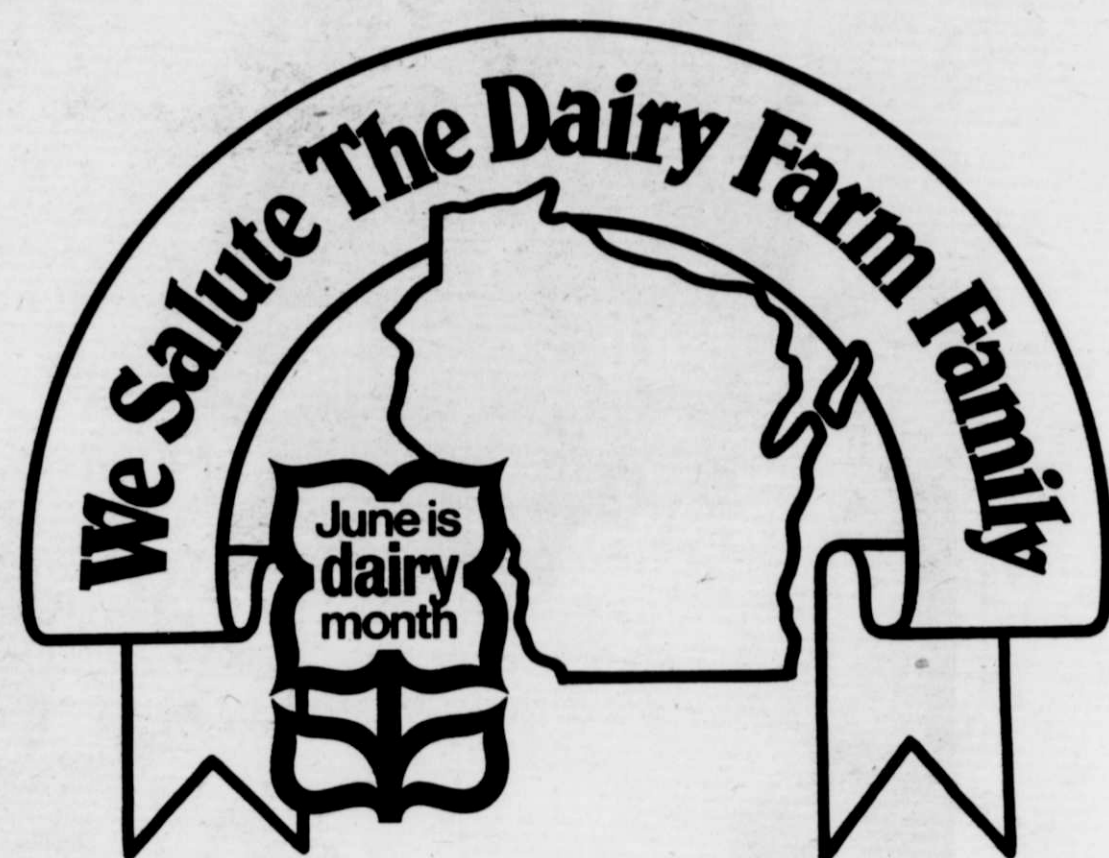

In celebration of June Dairy Month, we offer a salute to the people who serve us all — Wisconsin's dairy farmers. Dairy farming in the United States started in Jamestown when the first settlers brought over dairy cows. Since then, thanks to the dairy industry and to the dedication of those who have become part of it, dairy farming has grown to one of our most important agricultural endeavors. We salute the dairy industry for the important role it plays in Wisconsin's economy.

Cheese... A Friend to Teeth

Saying "Cheese!" may do more than give you a pretty smile for the camera. It may help prevent cavities.

Charles Schachtele, Ph.D., a professor at the University of Minnesota School of Dentistry, says cheese is one of only five foods to make his list of tooth-friendly snacks. Eggs, popcorn, nuts and certain meats are the others.

Schachtele said these five foods make his list because they contain little or no fermentable carbohydrates.

Schachtele spoke to food and health writers at the Eighth Annual Writers Conference in San Antonio, Texas recently. The conference was sponsored by The Dairy Council of Wisconsin.

Fermentable carbohydrates and cavity formation.

Fermentable carbohydrates are sugars which are broken down by bacteria (plaque) on the teeth to form acid. Table sugar or sucrose is not the only fermentable carbohydrate. Maltose, glucose, fructose and lactose also belong in this group.

Because almost all foods contain fermentable carbohydrates, almost all foods cause tooth decay.

When carbohydrates are chewed, bacteria on the teeth break them down, forming acid. The acid attacks the tooth enamel. Once the enamel breaks down, bacteria gain access to the body of the tooth and a cavity results.

Acid attacks last for about three hours after eating

carbohydrates. Every time you eat, your teeth are exposed to an acid attack. If you nibble throughout the day, the acid attack lasts all day. But why do most of us have healthy teeth despite all-day acid attacks? Schachtele believes that during the day saliva washes the acid away, but during sleep saliva production slows, allowing cavities to form.

Schachtele recommends rinsing with baking soda diluted in water before going to bed. Baking soda will neutralize the acid.

The role of cheese in cavity prevention. Schachtele said certain cheeses, such as aged Cheddar, Swiss and Monterey Jack also have antacid properties. Other cheeses such as Gouda, mozzarella, Brie and blue don't affect acid production or increase it only slightly.

The exact mechanism in which the cheeses prevent cavities is unknown. However, Schachtele suggested that calcium and phosphate in cheese may counteract the bacteria or a component of cheese may enhance saliva flow.

Schachtele cautions that dietary recommendations for dental health shouldn't replace the guidelines for overall healthful and nutritious eating.

"You shouldn't eat only the foods on my 'list,'" he said. "Eat a variety of nutritious foods — just remember to brush with flouridated toothpaste, floss, visit the dentist and drink flouridated water."

DATCP Offers Assistance to Farmers

Farmers suffering financial stress may receive help from the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP). According to Secretary Howard Richards, "The Department offers several programs to assist farmers suffering difficulties as a result of the drought or other financial hardships. We have been able to help hundreds of farmers over the last three years and continue to provide assistance."

Specific assistance is provided by the following programs:

* The Farm Assistance Toll Free Hotline (800-362-3030) connects or refers farmers to other people and organizations who will help them with a variety of problems. Callers may reach a hotline operator

from 7:45 a.m. to 4:30 p.m., Monday through Friday, and may leave a recorded message during nonoffice hours.

* The Farm Credit Advisor Program consists of farmers, agribusiness people, and educators who have volunteered to assist financially-stressed farmers at no cost to the farmers. All information is kept confidential.

* The Legal Information Service Program provides free consultation with a staff attorney on general legal questions. The Legal Guide for Wisconsin Farmers and the Farm Lawyer Guide are also available.

* The Tuition Assistance Program is offered to farmers enrolling in VTAE farm management and off-farm employment courses. This program is designed to assist

farmers to improve their skills in farm management and for off-farm job prospects.

* The Wisconsin Farm Mediation and Arbitration Program is a voluntary program available to farmers and creditors throughout the state. Either party may request the assistance of a mediator. There is no fee for mediation.

Farmers can contact the hotline using a toll free number (800-362-3030) or the direct number (608-266-2678) if they need additional information.

Quick Start with Dairy Good Breakfast

The morning bustle of getting household members off to school and work is an all too familiar scene. And cool autumn mornings especially create an urgency to offer some kind of hot nutritious breakfast. However, you may also want to offer something quick and convenient. These nurturing needs can be satisfied when you bring out **Bacon and Cheese Muffins** and **Country Style Scrambled Eggs**. Your microwave provides added convenience in getting these to the table.

Conventional or microwave prepared, **Bacon and Cheese Muffins** and **Country Style Scrambled Eggs** would lack finesse without the cheese. Knowing your family deserves the very best and to be assured that you're getting top value and a quality product look for cheese made in Wisconsin. Skilled Wisconsin cheese makers produce over 200 varieties and provide the nation with more than one-third of its cheese. The consistent quality of Wisconsin cheese stems from the famous milk from America's Dairyland.

You are already familiar with some of these convenient dairy foods commonly served for breakfast:

- * plain or flavored yogurt with a sprinkling of granola
- * a slice of Wisconsin Cheddar or Swiss cheese on toast
- * toasted English muffins spread with cold pack cheese
- * breakfast drink made with yogurt, cut up fresh fruit and a couple of ice cubes
- * ready to eat cereal with fresh fruit topped with wholesome milk

So why not surprise the morning crew with something special.

Tempt the team with aromatic freshly baked muffins. Set your alarm clock 15 minutes earlier than normal to prepare and bake these **Bacon and Cheese Muffins** in the microwave oven or allow more time if you wish to bake them conventionally. Muffins can also be baked and frozen for

another morning. Simply place frozen muffin on paper-towel-lined plate. Microwave at full power (HIGH) for 15 seconds for one muffin. Allow an extra 10 seconds for each additional muffin. If you have never baked bread products in the microwave, you should keep in mind that microwaved breads do not brown. You can enhance their appearance by dipping the baked muffins in melted butter and sprinkling with additional cereal. Remember to add a cool glass of milk for a quick start breakfast.

When Sunday rolls around, the weekday bustle subsides and attention may focus on an extra special breakfast treat for family and friends. Consider **Popover Pears** as an alternate choice to coffee cake. Popover Pears is an easy-on-the-cook treat with a popover-like batter and fruit, served with whipped cream, it makes a perfect, not-too-sweet delicacy. Leftover morsels of Popover Pears can easily be reheated in the microwave for a quick Monday morning breakfast.

This is the conventional version for those slower paced mornings.

COUNTRY STYLE SCRAMBLED EGGS

- 4 eggs
- ¼ cup light cream
- dash salt and pepper
- 1 tablespoon butter
- ½ cup shredded Wisconsin Swiss cheese

In a mixing bowl, beat together the eggs, cream, salt and pepper. Melt butter in a 8-inch skillet; pour in egg mixture. Cook, without stirring, till mixture begins to set on the bottom and around edges. Add cheese. Lift and fold partially cooked eggs so uncooked portion flows underneath. Continue cooking eggs so uncooked portion flows underneath. Continue cooking over medium heat about 4 minutes or till eggs are cooked but still glossy and moist. Remove from heat; keep warm. Garnish with tomato wedges, if

desired. Makes 4 servings.

BACON-CHEESE MUFFINS

- ½ pound bacon (10 to 12 slices)
- Cooking oil
- 1 beaten egg
- ¾ cup milk
- 1¾ cups all-purpose flour
- ¼ cup sugar
- 1 tablespoon baking powder
- 1 cup (4 ozs.) shredded Wisconsin Cheddar cheese
- ½ cup Grape Nuts cereal

In a skillet cook bacon till crisp; drain, reserving drippings. Measure drippings. If necessary, add enough oil to measure ½ cup. Combine the drippings mixture with the egg and milk. Set aside. Crumble bacon; set aside. In a mixing bowl stir together the flour, sugar, and baking powder. Make a well in the center. Add the drippings-egg mixture all at once to flour mixture. Stir just till moistened. Batter should be lumpy. Carefully fold in the crumbled bacon, shredded cheese and cereal.

Fill greased or paper-lined muffin cups about ¾ full. Bake in a 400 oven for 15 to 20 minutes or till golden. Remove from pans; cool on a wire rack. Makes 12 muffins.

MICROWAVE

Layer bacon between paper towels in a microwave dish or place bacon on microwave bacon/roasting rack. Cook on full power (HIGH) 2¾ to 3¼ minutes for 5 slices. Continue preparation as directed.

Spoon batter into 6 paper-lined small custard cups filling ½

full. Arrange in circular pattern in microwave. Cook at Medium-Low power 4 to 5 minutes. Repeat procedure with remaining batter. Let stand, 5 minutes.

POPOVER PEARS

- 3 medium pears, peeled and cored, or one 29-ounce can pear halves
- 3 eggs
- 1¼ cups milk
- ½ cup all-purpose flour
- ½ cup sugar
- 2 teaspoons vanilla
- 1/8 teaspoon salt
- 1/8 teaspoon ground nutmeg
- ¼ teaspoon rum flavoring (optional)
- Whipped cream

If using canned pears, place

pear halves on paper towels to drain thoroughly. Chop fresh or canned pears. Spread the chopped pears evenly in a greased 10-inch quiche dish or pie plate.

In a small mixer bowl beat eggs with an electric mixer on high speed till foamy. Add the milk, flour, sugar, vanilla, salt, ground nutmeg and if desired, the rum flavoring. Beat on low speed till mixture is smooth.

Pour batter over the pears in quiche dish or pie plate. Bake in a 350 oven for 50 to 60 minutes or till a knife inserted near center comes out clean. Let stand 15 minutes. Serve with generous amounts of whipped cream. Makes 8 servings.

Second Installment Of Estimated Tax Payments Due June 15

The Internal Revenue Service reminds people who make estimated tax payments that the second installment for 1989 is due Thursday, June 15.

The payment should be sent to the IRS along with the second quarter payment voucher from Form 1040ES, Estimated Tax for Individuals. To be sure that the payment is properly credited to your account, the IRS asks that you write your social security number and the words, "1989 Form 1040ES" on the check.

If you're not sure whether you should be making these quarterly payments, the IRS suggests first checking your 1988 return. If the return shows a balance due of at least \$500, and if you expect your financial situation to stay pretty much the same during 1989, then you probably should be making these payments. Moonlighters and two-wage-earner households should also consider making estimates. The same goes for people who receive significant income on which no tax is withheld such as business profits, rental income, alimony, interest, dividends, capital gains, and unemployment benefits.

Form 1040ES has a worksheet which can help you figure out whether or not you need to make estimated tax payments and, if so, how much. To get this form, call toll-free 1-800-424-FORM (3676). You can listen to a quick overview of this subject by calling Tele-Tax, the IRS' automated system of prerecorded tax information. Dial 1-800-554-4477 and request tape number 156.

A bulletin just received from Kiwanis International advised the Kiwanis Club of Kewaskum that they have been awarded third honorable mention for club activities in 1963 in White Section of Kiwanis International.

Theodore W. Meilahn, R. 2, Kewaskum, is a candidate for the bachelor of science degree, civil engineering degree at the University of Wisconsin's June commencement at Madison this year.

Richard Oelhafen, Kewaskum, was among 345 seniors who were candidates for baccalaureate degrees at Whitewater on May 31, when Wisconsin State College held its 95th commencement ceremonies.

Oelhafen was awarded a bachelor of science degree in business administration.

Mrs. Grace King, principal of the Beechwood grade school, was guest of honor Wednesday, May 20, at a surprise program held in the new multipurpose room of the school. She has been teaching for the past 32 years in Sheboygan County schools. Friends and relatives gathered for the program honoring Mrs. King at the observance on retiring from teaching. She taught for 16 years at Beechwood, ten years of which she served as principal.

The Kewaskum Indians, baseball co-champions of the Scenic Moraine Conference with Germantown, reached the finals of the district tournament at Cedar Grove before being eliminated by Cedar Grove Thursday, when they were edged 3-2.

A daughter was born to Mr. and Mrs. Lloyd Etta, R. 1, Kewaskum, Wednesday, May 27. Mr. and Mrs. Edward Steger are the proud parents of a son born Sunday, May 31.

George J. Twohig, Armstrong, a student in Marquette University Medical school is spending his vacation at the home of his parents Mr. and Mrs. George Twohig.

John Jr., youngest son of Mr. and Mrs. John Honeck of this village, had the little finger on his right hand amputated at St. Joseph's Community Hospital, West Bend, Thursday. The little lad caught his finger in the lawn mower at his home two weeks ago and unfortunately when the injury failed to respond properly to treatment it was found necessary to amputate the finger to prevent further mishap.

Attend the wedding anniversary dance in honor of Mr. and Mrs. Clarence Bingen at the Kewaskum Opera House June 9. Music by Pat's Westerners. Free beer and lunch. Admission 35c.

Ray Matthies and Alex Kuciaushas of New Prospect and Henry Becker of this village spent Saturday and Sunday on a fishing trip near Wabeno and Townsend.

Philip Werner, employed at the Storck Brewery in Schleisingerville, met with quite a bad accident last Friday. He had been to Diefenbach's Corner to deliver some beer and while getting on the wagon he was taken with a dizzy spell to which he has been subject for some time and fell between the

horses. Becoming frightened, the horses made a sudden spring, but stopped after going a short distance. The front wheel of the wagon passed over Mr. Werner's body causing the fracture of four ribs on the right side. That he was not killed can be considered quite lucky for the wagon weighs over 1,000 pounds.

Last Saturday Louis Guth, who has been operating the American House here for a number of years purchased the Mike Schmidt Saloon property of Allenton. Mr. Guth will take possession of his new place July 1. He will be succeeded here by Edw. Guth whose mother owns the place. On the same day, Marion Gilboy and Clyde Hennings of Dundee leased the Chas. Meinecke saloon on Fond du Lac Avenue for a period of three years. Mr. Gilboy formerly conducted the Ph. Guenther saloon at Campbellsport.

During the electrical storm on Thursday morning, lightning struck the barn of Albert Kocher who lives about a mile south of this village and killed a cow which his wife had just finished milking. Mr. Kocher said there was a flash and report and three balls of fire entered the rear door of the barn and ran along the track of the manure carrier. It was very lucky that Mrs. Kocher had finished milking otherwise she might have been instantly killed.

A baby boy was born to Mr. and Mrs. Marion Tuttle, New Prospect, on May 30th.

Sunday, June 14 - Grand ball in Mrs. Chas. Koch's hall, Beechwood, given for the

benefit of the Beechwood Fire Department.

Congratulations to all for a job well done!

Hwy. 41 Coalition To Meet June 19

The Highway 41 Coalition, a group of state legislators whose districts include sections of Highway 41, in conjunction with local chambers of commerce, are holding a series of meetings next month for the purpose of promoting the expansion and upgrading of the highway to "freeway status." State Senator Carol Buettner and State Representatives Mary Panzer, Michael Lehman and Steve Loucks reported today.

The meetings will be held with representatives of the Department of Transportation at locations along the highway 41 Milwaukee to Green Bay Corridor, and will provide an opportunity for local residents, businesses and industry to demonstrate their support for the highway 41 improvement plans which are part of Governor Thompson's Corridors 2020 Project.

"Not only will this be an opportunity for area residents to show their interest and support for this important project, this will also be an informational meeting, including discussions with DOT officials regarding the timetable for completion, as well as what funding options are available," Buettner said.

The meetings are scheduled for Monday, June 19th and will begin in West Bend at 8:30 a.m. with discussions scheduled in Fond du Lac, Oshkosh, the Fox Cities, and concluding in Green Bay at 7:30 p.m. Exact meeting times and locations will be announced later.

"This highway is the

economic lifeblood of east-central Wisconsin, connecting Milwaukee and Chicago with the Fox Valley and Green Bay," Panzer added. "We need to make a concerted effort to ensure that there is organized public support and legislative commitment to this project, as well as the Corridors 2020 Plan, to see it through to completion."

The project would upgrade

Highway 41, currently classified as an expressway, to freeway status. The reclassification would mean eliminating at-grade intersections to limit direct access to the highway and constructing frontage roads and interchanges. Current DOT estimates project that construction could begin as early as 1991, with completion for the entire project targeted for the year 2,000.

AN ORDINANCE TO AMEND MUNICIPAL
UTILITIES/SEWERAGE SERVICE
IN THE VILLAGE OF
KEWASKUM, WISCONSIN**

The Village Board of the Village of Kewaskum, Wisconsin do ordain as follows:
The Village Board of the Village of Kewaskum, Wisconsin wish to amend portions of Section 13.30 thru 13.62(2)(g) adding two definition and clarifications to many other points of the code.

- 13.36 **DEFINITIONS.** Same
(Amend sub) TOXIC AMOUNT/POLLUTANT, etc.
(New sub) USER. A user is a commercial, industrial, domestic level or residential user as defined in this ordinance.
- 13.41 **USE CHARGE SYSTEM.** Same
(Amend sub)(5)(a) Actual costs incurred for samplings and analysis, irrespective if requested by user or Village.
(Amend sub)(5)(c) Actual costs incurred for special handling not provided for elsewhere in this chapter, including, but not limited to actual cost incurred reviewing, approving and inspecting pretreatment plants and facilities required by Section 13.52.
(New sub)(5)(e) Actual cost incurred by Village as a result of any violation of limitations imposed by Section 13.51.
(New sub)(5)(f) Actual cost incurred by Village to abate the discharge of any toxic pollutant into the conveyance or wastewater treatment facility system, to adequately pay for any increased operation; maintenance or related costs resulting from the discharge.
- 13.42 **WASTEWATER TREATMENT CHARGES.**
(Amend sub)(2) by the insertion of the word *property* as follows: Whenever required by the Village Engineer, the owner of any property serviced by a building sewer shall install a large manhole or sampling chamber in the building sewer in accordance with plans and specifications approved by the Village Engineer and installed and maintained at the *property* owner's expense.
- 13.50 **CONDITION FOR DISCHARGE INTO TREATMENT SYSTEM**
(Amend sub)(6) by the insertion of the word *property* and replacement of the word *operator* with *user* as follows. In case of natural outlet discharges, each *property* owner or *user* shall furnish-etc.
- 13.51 **LIMITATIONS ON DISCHARGE**
New as follows (Amend sub)(2)(k)(1) No person shall allow the discharge of slugs of water or waste to the collection system which may be harmful to the operation of the sewerage system. Where, in the opinion of the Village Engineer, slugging does occur, each property owner producing such a discharge into the collection system shall construct and maintain at the property owner's own expense, a storage reservoir of sufficient capacity with the control equipment to insure an equalized discharge over a 24 hour period.
- 13.52 **PRETREATMENT**
(Amend sub)(2) by replacement of the word *his* with *users* as follows: Where installed, all grease, oil and sand interceptors shall be maintained by the user at *users* expense - etc.
(Amend sub)(3) by replacement of the word *his* with *users* as follows: the Village shall direct the user causing admission of any such material, at *users* own expense- etc.
(Amend sub)(3)(a) by replacement of two numbers to correspond to Section 13.46(2) as follows: (a) Reduce the BOD to 500 mg/l and the suspended solids to 221 mg/l.
(Amend sub)(5) New as follows: In accordance with Wisconsin Administrative Code NR 114, all pretreatment facilities shall be operated by qualified personnel holding a certificate of proper class issued by the Wisconsin Department of Natural Resources.
(Amend sub)(5) Change old (5) to (6)
(Amend sub)(6) Change old (6) to (7)
(Amend sub)(7) Change old (7) to (8)
- 13.54 **SERVICE TO OUTLYING TERRITORY**
(Amend sub)(2) by insertion of the word *property* and *user's* as follows. The meter shall be installed, at the *property* owner's or user's expense; etc.
(Amend sub) (3)(c)(2) by changing - (6 percent per annum until paid), to (12 percent per annum until paid).
- 13.57 **REPORTING CRITERIA FOR NONRESIDENTIAL USERS**
(Amend sub)(1) by the insertion of *or commercial* as follows: The Village reserves the right to require any nonresidential user to submit quarterly to the Village on forms provided by the Village a certified statement of characteristics of its industrial *or commercial* waste- etc.
(Amend sub)(6) Samples shall be taken on a flow proportioned method with timed samples taken only when agreed to by the Village and property owner or user as determined by the Village Engineer and regardless of method properly refrigerated and composited in proportion to the flow for a representative 24 hour sample. Such sampling shall be done as prescribed by the Village Engineer to insure representative quantities and characteristics. The determination of representative quantities and characteristics shall include not less than 7 consecutive calendar days of 24 hour composite samplings taken during periods of normal operation, together with acceptable flow measurements.
- 13.62 **PENALTIES**
(Amend sub)(2)(d) by changing (6 percent interest per quarter upon all unpaid balances.) to (12 percent interest per quarter upon all unpaid balances).

This ordinance shall take effect upon passage and publication as provided by law.

Letter to The Editor...

May 24, 1989

To the editor:

Earlier this month, Republican legislators unveiled a four-part plan to provide relief to Wisconsin's property taxpayers. The plan, which will cost approximately \$210 million over two years, can be paid for without raising taxes. It builds on provisions in Governor Tommy Thompson's budget and it is fair because it is broad-based and it treats all taxpayers equally.

We drew up the plan in response to the message Wisconsin voters gave us this April when they rejected a proposal that was portrayed as major property tax relief.

By that rejection the people of Wisconsin set the standards for any future tax relief proposals. Voters made it clear they want relief that is fair and that recognizes the real reason taxes continue to climb — constantly increasing local government spending, especially school spending.

A primary component of the plan is geared toward controlling the growth of school spending. The school property tax levy assistance program is a voluntary program designed to encourage school boards to moderate spending without imposing mandated spending controls.

For those schools who keep their levy increases below a certain level, we will offer state dollars — in addition to the

already increased state aids proposed by Governor Thompson. That additional money is a credit that must be used to lower the tax levy.

This program is similar to an incentive program proposed by the governor for municipalities. It is needed because school tax levies have not been lowered in 16 years despite a 230 percent increase in state aids during that same period.

If every school district in the state participated, the statewide school property tax levy would go down between one-half of one percent to 2 percent at a total state cost of \$75 million.

An integral aspect of this incentive program are the changes we have proposed to the mediation/arbitration law. Schools cannot control spending unless some changes are made in the way teachers salaries are negotiated.

These changes are not meant to deny any one group a fair increase in wages. Rather, they are a way to encourage unions and management to reach an equitable settlement without the intervention of a third party who may not be sensitive to the needs of local taxpayers.

The reforms include a penalty provision that would be imposed on either party who petitions for arbitration and loses. The penalty is designed to be significant enough to discourage abuses. But it is fair. The party petitioning for arbitration by an outside third party must have the confidence that its final offer is reasonable. Otherwise, it risks not only the prospect of losing the settlement, but also of paying a

penalty as well.

Finally, the Republican property tax plan will expand two tax-credit programs.

We are proposing to further expand the school property tax rent credit as well as farm tax credit created by Governor Thompson in his proposed budget. These programs offer targeted tax relief to taxpayers who do not benefit from other tax relief programs.

The expansion of the school property tax rent credit will benefit 1.2 million taxpayers, 80 percent of whom have incomes less than \$50,000.

The expansion of the governor's farm tax credit is important, too, because farmers often carry an unfair share of the burden when it comes to school property taxes. When fully implemented, the average credit will be \$486 per farmer and the maximum credit will be as much as \$8,000. This program will benefit all Wisconsin farmers.

Our entire tax relief package, if implemented, will meet the criteria set by Wisconsin taxpayers when they defeated the so-called 3 Percent Solution. The plan is fair. It is broad-based and it benefits all Wisconsin taxpayers.

The program will be paid for without raising taxes. It will be funded from revenue growth not anticipated when the governor wrote his budget, from spending cuts already approved by the Joint Committee on Finance and from cost re-estimates for several health and social services programs which indicate that the cost of those programs is less than what Governor Thompson anticipated when he

wrote his budget.

Most importantly, our proposal builds on the governor's budget; it does not tear it apart. The governor invested considerable resources in programs to benefit the environment, our children, the elderly, education and economic development. The Democrats would have scrapped all that to implement their limited relief plan. Our plan will preserve those important initiatives and also provide relief to all Wisconsin's property taxpayers.

We believe our plan is fair and understandable. It does not

require changing constitutional guarantees of fairness in taxation and it does not raise taxes. We encourage Wisconsin's taxpayers to scrutinize our proposal and to contact their legislators to express their support or concerns with the plan.

Citizen input does count. We believe our plan will stand the test of scrutiny by the taxpayers. Look closely at our plan and let your legislators know how you feel.

Sincerely,
Tim Weeden

MADISON, WIS. — The trend is clear: In homes and restaurants coast-to-coast, Americans are seeking the comforting, home-style foods that Mom or Grandma used to make. And of all areas of the U.S., no region is more closely connected to these familiar, friendly foods than the Heartland.

In fact, this culinary movement has come to be known as Heartland Cuisine. It requires the quality ingredients that are found in abundance in the Midwest, prepared simply but enticingly. That's what Midwestern cooks have done for generations — particularly in Wisconsin, where the wealth of wholesome, nutritious dairy products have made their dishes a memorable treat.

June is Dairy Month — a special time to celebrate the rich tradition of Heartland Cuisine with fresh milk, butter, cream, sour cream and other delicious Wisconsin dairy products. And Wisconsin is known best for its quality, prize-winning cheese — available in more than 200 varieties, types and styles.

Celebrate June Dairy Month at your house with a Cheddar Chicken Pot Pie — an ideal entree to serve for the casual yet festive gatherings of friends and family that make spring and summer so special. It's made especially flavorful with Wisconsin's finest — Cheddar, Cream cheese and Parmesan.

Cheddar is America's favorite cheese. More Cheddar is made and consumed on a national basis than any other cheese. And more Cheddar is made in Wisconsin, by a legion of skilled Cheesemakers, than in any other state. (Not only does Wisconsin lead the U.S. in Cheddar production, it is also the home state of the World's Largest Cheddar — Belle of Wisconsin, a 40,060-pound cheese. The 20-foot-long Big Cheese will be listed in the next Guinness Book of World Records.)

June Dairy Month is just the beginning. This savory, dairy-inspired pie can be prepared all summer long to tell your family and guests that the

time-honored Heartland tradition of flavorful, satisfying meals is alive and well in your kitchen.

But on balmy summer days when you want to enjoy precious moments relaxing, not in the kitchen, this dish is a winner — it takes less than an hour of preparation time. The recipe's time-savers include use of a packaged pancake mix instead of pastry for the crust, and Wisconsin cheese that's conveniently available pre-grated and pre-shredded, so you can pop the pie in the oven and be on your way — to the tennis court or the hammock.

This Cheesy Wisconsin Chicken Pot Pie can be served with a fresh-from-the-garden tossed salad, warm bread and a frosty glass of chilled milk for a lunch or dinner that reminds your family and friends of all they love about home and hearth. And that's sure to make you the Big Cheese in your house!

WISCONSIN CHEDDARY CHICKEN POT PIE

- I. 10 3/4-ounce can cream of chicken soup
- 1/2 cup milk
- 1/2 cup chopped onion
- 1 3-ounce package Cream cheese, softened and cut up
- 1/4 cup chopped celery
- 1/4 cup shredded carrot
- 1/4 cup grated Wisconsin Parmesan cheese
- 3 cups cubed cooked chicken
- 1 10-ounce package frozen cut broccoli, cooked and drained
- 1 cup packaged complete buttermilk pancake mix
- 1 cup shredded sharp Wisconsin Cheddar cheese (4 ounces)
- 1 egg, lightly beaten
- 1/2 cup milk
- 1 tablespoon cooking oil
- 1/4 cup sliced almonds

In a large saucepan combine soup, 1/2 cup milk, onion, Cream cheese, celery, carrot, and Parmesan cheese. Cook and stir till mixture is hot and Cream cheese is melted. Stir in chicken and broccoli; heat through. Pour into an ungreased 2-quart casserole.

For topping, in a medium mixing bowl combine the pancake mix and shredded

Cheddar cheese. In a small mixing bowl, stir together the egg, 1/2 cup milk, and oil. Add to pancake mix; stir till well combined. Spoon topping over hot chicken mixture. Sprinkle with nuts. Bake in a 375 degree oven for 20 to 25 minutes or till topping is golden brown and chicken mixture is bubbly around the edges. Makes 6 to 8 servings.

Half Time Staff Person Added to Council on Alcohol, Other Drug Abuse

To meet the growing demands of alcohol and drug intervention services in Washington County schools, the Council on Alcohol and Other Drug Abuse of Washington County has added an additional half time staff person to the Outreach Intervention program. This position is funded through donations to the United Way of Washington County.

Cathy Cirillo will focus on middle school outreach intervention, which will include one on one assessments and group facilitation. Ms. Cirillo joins Larry Smikowski, who has been an interventionist at the Council since 1985. "The need for intervention services was primarily at the high school level, but has grown to include middle schools in recent

years," said Smikowski. "An additional interventionist has been needed for some time." Ms. Cirillo, a resident of Germantown, will soon complete work on a Bachelor of Science degree in Social Welfare at UWM. She serves on the Board of Directors of the Parent Effective Network in Germantown. She has two children.
