Board OKs Hiring of Four New Part-Time Police Officers Permit Approved for 24-Unit Apartment

Preliminary work has begun on a 24-unit apartment complex being built by Tom Timblin of Kewaskum. The building will be erected north of the Kewaskum Shopping Mall, behind KL Home and Hardware.

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum Village Board, Monday-evening, gave formal approval for a building permit covering construction of a 24-unit apartment building on Timblin Drive, just north of the Kewaskum Shopping Mall.

At its meeting last month, developer Tom Timblin had received a permit for construction of the footings and foundation. That work has now been completed.

The board made one stipulation, before actual construction of the project can begin, Timblin must complete some storm sewer work in the area.

In other business, bids were opened for the construction of improvements to four lots on Edgewood Road. The village received two bids for the construction of sewer, water-main, curb and gutter and related facilities. One bid was from Wondra Excavators of Mayville at \$52,898.25 and the second from Mueller Excavators of Campbellsport, at \$43,738.20.

The estimated cost per lot, for the improvements could run between \$10,000 and \$13,225, depending upon which bid the village's engineers recommend after reviewing them.

In other action the board approved Resolution 89-15, which accepts the annexation petition of Town of Kewaskum residents living along Bonnie Lane on the southern edge of the village limits.

Administrator Dan Schmidt advised the board that approval

of the petition merely meant the village was accepting the petition. The next step will be the setting of temporary zoning for the area. A recommendation would then be sent to the board from the Plan Commission for action, possibly in time for its August 7th meeting.

Schmidt informed the board that Zahn's General Hauling will increase its dumping charge effective August 1st. Beginning next month, the village's cost to take its garbage to Zahn's will go from \$9.00 to \$9.60 a yard.

Schmidt also advised the trustee that Lynn's Waste Paper of West Bend is no longer paying for newspaper. In fact, it has now begun charging to take it off people's hands. He suggested the village reimburse the Lions Club for picking up and taking the paper to Lynn's "They do it as a fundraiser," said Schmidt, adding that it would be cheaper to pay the Lions than it would be hauling the paper to Zahn's.

In discussing landfills further, Trustee Mary Krueger told her fellow board members that the cities and towns of Germantown and Hartford are now showing an active interest in becoming part of the county incineration project. Problems with the Omega Hills Landfill and the construction of a medical incinerator in the area is making Germantown look at other options for refuse disposal.

"We're still hoping the county will again take over the project," said Krueger, "but it's the consensus of the

committee that if the county turns it down, the people involved will go ahead with it."

In departmental business, Police Chief Richard Knoebel asked for and received permission to hire four new part-time officers contingent upon their passing physicals.

Of the eight applicants interviewed by the Police and Fire Commission, Knoebel recommended the hiring of Kevin Mass, Paul Klahn, Craig Czarnecki and Troy Ellis.

Czarnecki, from Richfield, is a student at UW-Milwaukee, studying criminal justice. Ellis, of Kewaskum, was a member of the military police while in service and was a member of Kewaskum's Auxiliary Police. Klahn, from West Bend, works on special duties for the Washington County Sheriff's Department. Mass, a Jackson resident, is a part-time dispatcher in Hartford.

At previous meetings Knoebel had told the board replacements were needed to fill positions which had become vacant due to the resignation of several part-time patrolmen in recent months. Knoebel noted the part-time staff was down to two individuals who are readily on call.

The biggest need for the part-time officers arises during the summer to cover vacations as well as sick leave throughout the year.

When Knoebel originally presented his request to the board he had requested the hiring of at least one more full-time officer but the trustees turned down that recommendation opting, instead, to go with part-time patrolmen. The new officers' beginning salary will be \$6.20 per hour.

The Library Board also received permission to hire two new assistant librarians. The Library had originally planned to hire only one individual, however, the receipt of another resignation necessitated the filling of the existing, as well as the new assistant librarian position.

Schmidt advised the trustees that bids for the village's sidewalk repair work had been drafted for publication. They are expected to be opened on August 3rd, and awarded after the public hearing on August

(Continued on Page 3)

Kilian A. Honeck Dies

Kilian A. "Killy" Honeck, 70, of rural Kewaskum, owner of Honeck Chevrolet, Inc. in Kewaskum, died Wednesday, July 19, 1989, at St. Joseph's Hospital, Milwaukee.

He was born November 27, 1918.

Funeral services are scheduled

for 3 p.m. on Saturday, July 22, at St. Lucas Lutheran Church, Kewaskum. There will be no visitation.

For more information, please call Miller's Funeral Home, Kewaskum, at 626-2185.

A complete obituary will be published in next week's paper.

Only a 'Facelift' for The Main Street Bridge

By GERRY MUELLER
Statesman Staff Writer

Despite earlier indications that the Main Street bridge over the Milwaukee River would undergo extensive reconstruction, it now appears work will be little more than a minimal repair job.

At the Village Board meeting Monday night, Public Works Superintendent Augie Bilgo said he had talked to two engineers whose company will be doing the work. "There isn't going to be too much done," said Bilgo. According to their comments, he noted, repairs will consist only of removing the existing blacktop, replacing it with a new surface, some concrete repair on the cement railing, a new sidewalk and that's about it. They're not going down to the concrete roadbed because they feel it's still in good condition.

Originally it had been implied

that the bridge would be extensively reconstructed including widening of the roadway and a new concrete railing. "The road isn't going to be widened," stated Bilgo.

The village had also expected the metal railing at the end of the bridge to be repaired or replaced. There seems to be some question as to who that part belongs to, the village or the state, said Bilgo. "It's their bridge (the state's) so it's their railing," said Trustee Tom McElhatton.

Bilgo said he also questioned the engineers about repairing the flaking concrete on the south side. He said according to the men, there was nothing in the project covering repairs to either the metal railing or the flaking. They said all they could do was to make a note on the plans for a further check.

Work on the bridge is expected to begin shortly.

Jennifer Liegl to Spend School Year In Germany As Exchange Student

Jennifer Liegl

Jennifer Liegl 17, daughter of Steven and Diane Liegl, 1170 Hillside Drive, Kewaskum, will be spending the 1989-90 school year as an exchange student through the A.I.S.E. (American Intercultural Student Exchange) organization.

She will be leaving August 1 to live with the Dieter Seitz family in Fulda, West Germany.

Attend Your Annual School Board Meeting Monday, July 24

Rosenthal Family Reunion July 29

A reunion of the descendants of Heinrich 'Christoph' Rosenthal will be held at Allenton Park, on Saturday, July 29, beginning at 11 o'clock a.m.

Christoph Rosenthal was born in Dartungen-Konigrich, Prussia, on October 25, 1789. He married Caroline Juliane Bauer on April 4, 1816 in Germany. They immigrated to America in 1847 and settled in the Township of Addison,

Washington County, Wisconsin. Caroline expired on August 21, 1866 and Christoph on November 24, 1878. Both are buried in St. Peter's Evangelical Lutheran Church Cemetery.

They were blessed with the following eight children:

Gottlieb (1816-1891); Gottfried (1819-1910); Charlotte (1821-1873 - M. Heinrich Heiland); Ernst (1824-1917); Frederick (1825-1916); Christoph (1827-1828); August (1829-1916); Christiane (1832-1911 - M. Jacob Rilling).

We urge members of these families to please join us for a

pot-luck dinner at noon and become acquainted with your relatives.

There will be pictures, histories, and displays, etc. At one o'clock the River City Irregulars band will entertain with German music. For details please call - 692-2269.

County Students Enrolled in Band, Choral Camp

GREEN BAY - Twenty-seven Washington County residents are among the

young musicians enrolled in the Junior High Band and Choral Camp July 16 through 22 at the University of Wisconsin - Green Bay. Area students taking part include: Lowell K. Peterson, 202 Forest Ave., Kewaskum; Suzy L. Schinker 1619 Hwy. A, West Bend, and Rachel L. Wilz, 2180 E. Newark Dr., West Bend.

More than 520 junior high and middle school students from Wisconsin, Michigan and Illinois will attend the camp, which is intended to supplement music instruction during the regular academic year. Students work with

Kewaskum Statesman,

Friday, July 21, 1989, Page 2

UW-Green Bay faculty members and music educators and performers from across the state who serve as camp instructors.

The daily schedule for camp participants includes more than six hours of rehearsals, sectionals and master classes, along with instruction in music theory and appreciation. Students also take part in sports activities, social events and evening recreation on and off the campus.

Celebrate 50th Anniversary

Frank and Helen Felix celebrated the 50th anniversary of their marriage on Saturday, July 15. A Mass was read in their honor at Holy Trinity Catholic Church, Kewaskum, by the Pastor, Father Robert Berghammer. This was followed by a dinner at the Glacier Inn, Kewaskum. The Glacier Inn is the same place they had their wedding dinner on the day of their marriage. It was then called the Republican Hotel.

Frank and Helen were married July 15, 1939, at Holy Trinity Church, Kewaskum, by the late Rev. Philip Vogt. The attendants at their wedding are mentioned in the Memories picture of this week's Statesman. Frank and Helen are the parents of two daughters, Jeanne (Jerry) Neath of Oregon, WI, and Mary Felix of Union Grove. They have one granddaughter, Jennifer Davenport of Madison.

Alcohol, Drug Abuse Workshop Sept. 24

Members of AAL Branch 2557 in Random Lake, Town Scott are helping parents fight the nationwide problem of alcohol and drug abuse among youth.

The branch is sponsoring an AAL program, called "Get Involved Before Your Kids Do." The two-and-a-half hour workshop will be held at 7:30 p.m. Sunday, September 24th at Immanuel Lutheran Church, Town Scott, Hwy. HH, Random Lake.

All area residents are invited to attend. The program is targeted to parents of children ages 9 to 14. However, parents of older and younger children will also find the program helpful.

The "Get Involved" branch program was developed, in part, in response to a personal request by President Reagan that AAL become involved in the fight against drugs.

The AAL workshop includes a videotape presentation, group discussion and take-home activities for parents to use with their children. The videotape, "Drug Free Kids," is hosted by actor Ken Howard and features some of television's most popular actors and actresses role-playing family scenes.

Each scene demonstrates parenting techniques necessary to help children stay away from alcohol and other drugs.

It is expected that a majority of AAL's 6,600 nationwide branches will sponsor this program in their local communities within the next year, educating thousands of parents about how to combat the problems of alcohol and other drug abuse among youth.

Please call Debbie Ramel at 994-9290 by August 10, so we can order the necessary material to present this program.

71st Infantry Division World War II Reunion

Forty-five years ago Gen. Willard Wyman led an infantry division ashore on D-Day, then he returned home, took command of the 71st Infantry Division, and led it to become the farthest east unit of the US Army in Europe on V-E Day.

A Division reunion is planned for September 22-24, 1989 at the Hyatt Regency Hotel in Louisville, Kentucky. For complete information write to 71st Division Association, 14801 Grapeland Avenue, Cleveland, OH 44111.

Everyone, man or mule, who served with the Division at Camp Carson, Hunter Liggett Military Reservation, Fort Benning, or in Europe is invited to the reunion.

Units of the Division included:
5th, 14th, and 66th Infantry Regiments
607th, 608th, 609th and 564th Field Artillery Battalions
71st Division Headquarters and Headquarters Company
71st Cavalry Recon Troop
251st Quartermaster Company
271st Engineer Battalion
371st Medical Battalion
571st Signal Company
581st Anti-Tank Battery
731st AAAMG Battalion
771st Ordnance Company

For questions about this news release, please contact: R. J. LAPINE, 835 Gardner Rd., Flossmoor, IL 60422-1359.

In the Service

Navy Petty Officer 1st Class Patrick T. Murphy, son of Mr. and Mrs. Ambrose B. Murphy of Route 1, Campbelsport, recently completed Naval Gunfire Support Training in the Caribbean Sea while serving aboard the battleship USS Wisconsin, homeported in Norfolk, Va. He also visited St. Thomas, Virgin Islands.

He is a 1966 graduate of Campbelsport High School.

Nehrbass Circulating Petitions Efforts Underway in County To Reverse Flag Decision

Washington County Republican Party Chairman George F. Nehrbass, 3063 Western Avenue, Jackson, has announced he will be circulating petitions encouraging state and federal lawmakers to approve a constitutional amendment that prohibits desecration of the U.S. flag.

The United States Supreme Court recently handed down a decision that enables individuals to desecrate the flag without fear of prosecution.

The petition states, "The Flag of the United States of America is a symbol representing all people of our nation, regardless of politics, and should stand above all divisiveness and partisanship... Legislation must be sponsored to provide appropriate penalties under law for those who desecrate and/or destroy our Flag for purely political or other purposes."

A constitutional amendment requires approval of both Houses of Congress by a two-

thirds vote. It then would require the ratification of at least three fourths of the state legislatures in the U.S. within seven years.

The petitions will be forwarded to the Republican Party of Wisconsin for distribution to state and federal lawmakers.

Contact George F. Nehrbass at 677-2303 for petitions or more information.

Village

Continued from Page 1

7th. After approval of Ordinance 89-13, a new street became part of the village. The road leading into the former industrial park land has officially been designated "Wildlife Drive." Prior to its official naming, it had been referred to as the Extension Road.

The board then adjourned to closed session.

Michael Yahr Wins Scholarship

Michael Yahr has been awarded the Short Course Centennial Scholarship for the 1989-90 academic year, according to Richard H. Daluge, director of the Farm and Industry Short Course and assistant dean in the College of Agricultural and Life Sciences, University of Wisconsin - Madison. Michael is a first year student in the Short Course program.

The Short Course Centennial Scholarship is derived from funds provided by alumni of the Farm and Industry Short Course in recognition of the 1985 centennial year of the Short Course program. Over 1,000 Short Course alumni have contributed funds in honor of the Short Course Centennial.

Daluge indicates that students may still apply to the Farm and Industry Short Course program until October 1, 1989 for the 1989-90 program. The Short Course program consists of two six-week and one three-week term, beginning November 13, 1989 and concluding March 16, 1990. Application forms are available by writing to 105 Ag Hall, Madison, WI 53706 or by phoning (608)263-3918.

The above wedding photo was taken fifty years ago on July 15, 1939. The bride and groom (center) are Frank Felix and Helen Harbeck. Attendants from left are Kilian Felix, brother of the groom (deceased June 9, 1955), Bill Harbeck, brother of the bride (deceased August 10, 1988), Marcie

(Heisler) Harbeck, sister-in-law of the bride, Catherine (Hawig) Felix, sister of the groom and twin sister of Kilian. In the front is ringbearer Bobby Felix, nephew of the groom (deceased Sept. 2, 1974).

Fire Damages Garage

By Gerry Mueller

A large garage and storage building at the Allen Holtz residence, 8210 Kettlevue Drive, Kewaskum, suffered extensive damage in a blaze early Monday evening. The Kewaskum Fire Department was called to the fire about 7:30 p.m. and remained on the scene for about 2½ hours. The fire burned several holes through the structure's roof. The cause of the fire was blamed on a rubbish burner inside the garage which was being used to burn trash. No damage estimate was available.

Kewaskum and Its Neighbors Without Phone Service Monday

By GERRY MUELLER
Statesman Staff Writer

If you didn't want to talk to anyone but your neighbors Monday, you probably didn't notice that phone service for Kewaskum as well as Eden, Campbellsport, Theresa, Lomira and part of West Bend, was literally "cut off" till about

noon. Construction crews working at a project on Salisbury Road, north of West Bend, cut through a Wisconsin Bell underground cable disrupting service throughout the area for several hours. By afternoon repairs had been made and all the lines were operational.

4-H'ers Demonstrate Talents at Food Revue

Eleven participants were involved in this year's "Favorite Foods Revue" held at Paradise Mall on Wednesday, June 28. Included in the Revue were 4-H'ers from around the community who participated in two age groups, 9-11 and 12-17. Judge Mary Koch from West Bend was on hand to give individual and group comments at the end of the evening.

Participants were required to prepare a dish from one of eleven categories, arrange the table setting suitable for the recipe prepared, and be able to serve the food and answer questions about nutrition.

Blue ribbon winners from the younger group were Michelle Rofritz, Mary Ann Feutz, Jennifer Walther, Amanda Bezold, and Carrie Stoffel. Cassandre Bezold, Marlo Deshotels, Stacey Darmody, Maureen Miller, Melody Miller, and Rebecca Walther received top honors for their age group. In addition, two merit award winners were chosen by the judge for outstanding achievement. Jennifer Walther and Marlo Deshotels were recipients of these awards for their menu selections from "Children's Birthday Party" and "Slumber Party."

Foods displays and demonstrations help to enhance 4-H'ers' knowledge and awareness of the various possibilities among the Basic Four food groups. The opportunity to display food and be evaluated by the judge also builds confidence and self-assurance. 4-H is a great way to put hidden talents to good use. Diana Buckmann participated in the new category, entitled "Mini Demonstrations." This consists of a 3-5 minute demonstration on an element of food. Diana received a prize for her efforts with her entry, Garnishes Galore.

Senior Citizen IDs to Be Issued

Are you 60 years old or older? Washington County Senior Citizen Identification and Discount cards will be issued on Thursday, July 27, from 3:00 p.m. to 5:00 p.m. at the Washington County Senior Center, 401 East Washington Street, West Bend.

Information needed: Social Security number, person to contact in case of an emergency and their phone number, and your doctor's name and phone number. Your picture will be taken. The cost for each card is \$1.00.

LETTERS TO THE EDITOR...

July 17, 1989

Kewaskum Statesman,

I would like to take this opportunity to thank some Kewaskum High School band members.

As I look back on the completion of the band's marching schedule I notice that twenty two students had perfect parade attendance. These students are Tricia Schwartz, Tina and Chris Weddig, Sheila Paulson, Curt Ammel, Aaron Miller, Chad Schmidt, Nicole Fellenz, Kelly Korth, Nicole Oppermann, Stacey Pamperin, Angela Brath, Kim Petrie, Tricia Schultz, Tammy Troeller, Heidi Gruhle, Shawn Erdmann, Joe Steier, Tina Bath, Jim Becker, Julie Yahr and Shane Oppermann.

I really appreciate their efforts and dedication and personally wish to thank them.

Summertime is a difficult time to get the students together, with jobs, vacation and other things going on, but these students and others did show responsibility and helped in their way to make your parades a little better.

So again I thank the fifty percent who did march at the parades. For the fifty percent who didn't I can only hope that you will find a way to march with us next summer. The band needs everyone to do its best at all times.

Also a thank you to Miller's Furniture for sponsoring the Kewaskum Band at the Kewaskum Firemen's Picnic.

Sincerely,
Larry Ammel
Band Director
Kewaskum High School

...

LETTER TO THE EDITOR:

Letter to the Editor And Taxpayers:

Looking at the enrollment chart, please note:

In 10 years the Kewaskum School District's enrollment has declined by 404 students. 2165-1722

In 10 years the high school has declined 227 in student enrollment. 827-600

This year the middle school (with 6th, 7th and 8th) projected only 28 students, above the highest enrollment in 1982-83, (7th and 8th only).

In 10 years Kewaskum Elementary School has declined 81 students. 441-360. (Note: year, 1976-77)

In 10 years Wayne Elementary School has declined 64 students. 182-118.

Elementary totals have declined 244 over a 10 year

period.

Over-all the facilities that are being used for educational purposes in the Kewaskum School District are maintained very well. But, they could be properly utilized if there was better distribution of students. (Potentials at Wayne to increase enrollment). There are, of course, factors involved, of which I'm sure most of you are know. However, the facts remain, our enrollment has declined, and our budgets have increased greatly.

A trip to the Annual School District Meeting and Budget Meeting on July 24th, this Monday at 8:00 p.m. in the Kewaskum High School Multipurpose room will be very informational and one could learn how our tax dollars are being spent.

Thank you,
Jeanne Goeden

The hummingbird's heart beats 615 times a minute.

July 11, 1989

To the Editor:

I was surprised to learn about the resignation of Mr. Fran Charland as teacher and coach at Kewaskum High School. While I commend Mr. Charland on what was undoubtedly a well thought out decision, I can't help but feel that K.H.S. is experiencing a great loss.

I was fortunate enough to have been coached by Mr. Charland in wrestling, football and track and was a student in his history class. Without question, my high school years were made more enjoyable and fulfilling because of my association with him. Mr. Charland was a great motivator in the classroom, on the playing field, and most importantly, in helping one to become a better person. His hard work and dedication to his profession were evident as he was always willing to give extra time and attention to a student in need.

As a product of the Kewaskum school system I was given a solid education and preparation for life beyond high school. Thanks to people like Fran Charland, I can say without reservation that the quality of education at Kewaskum was, and still is, first rate.

Good luck to an outstanding coach, teacher and friend, who will be greatly missed by his profession.

Two Area Students Chosen for Volunteer Youth Force Conference

Two high school students have been selected to attend the "Young Leaders Conference," Bloomington, Indiana, from August 12-16, 1989.

Rachel Gosa, a sophomore at Kewaskum High School, and Monica Martin, a junior at West Bend West High School were selected from area high school students who applied. This program is jointly administered by the Volunteer Center and United Way of Washington County.

Gosa, age 14, is active in Girl Scouting, church choir, Key Club, Al's Run, the Uecker ride, and other civic organizations. At Kewaskum High School, she is a cheerleader, in basketball and track, forensics, FHA, German Club and is on the newspaper staff.

At 16, Martin is also active in her school and community. Her activities include CROP Walk, high school blood drive, forensics, peer listening, newspaper staff, and student school board representative.

Held on the Indiana University campus, the conference will focus on strengthening skills for planning, implementing, and managing volunteer projects; exchanging information on how youth can put their caring to work, and issue forms on national problems.

In making the announcement, Mary Liebetau of the Volunteer Center stated, "Both girls are extremely talented and share their time and skills within their schools and communities."

Gosa and Martin will serve as student leaders of the Volunteer Youth Task Force which will design a 1989-90 program to

encourage volunteerism among youth of Washington County. This is the second year United Way has sponsored two youths to this conference.

Area Gifted Students Attend GOAL Program

OSHKOSH - More than 220 academically gifted fourth, fifth, sixth and seventh graders from throughout Wisconsin participated in the 1989 summer Gifted Opportunities for Accelerated Learners (GOAL) program at the University of Wisconsin-Oshkosh.

The courses in the two-week program were puppetry, cartooning, chemistry, leadership skills, Wisconsin wildlife, oral dramatics, chemistry and physics, astronomy, microcomputers, geology, creative writing, watercolors, French, German, conversational Spanish, photography, music composition and print making.

Classes challenged the gifted students by allowing them to conduct experiments, use computers, write, draw, perform and create in a fun, fast-paced atmosphere.

Instructors were UW-Oshkosh faculty and others with a special interest in working with accelerated learners.

GOAL participants from the area included Maggie Mantyh, Route 1, Box 300, Adell; Gregg Serwe, 5695 St. Kilian Dr., Campbellsport; David Horner, 2307 Scenic Dr., Kewaskum; Mandy Stout, 2075 Co. Trk. SS, Random Lake and Nathan Bodensteiner, 5990 Golf Court, West Bend.

Smiling faces of children last Friday indicated an end to Summer School classes at the Kewaskum Middle School for this year. Most children were overheard though, already discussing "next summer," and which classes they were going to take. All in all the children enjoyed the classes immensely and didn't really think of them as "school." In the above photo are the members of the First Session Arts and Crafts Class. The below photo shows two of the rocking chairs made by the Second Session Arts and Crafts Class. The classes were taught by Mrs. Mertz and Miss Diels. Parents and relatives were invited to an Open House on Friday at the Middle School where the children proudly decorated the hall with all their best efforts. Salutations go out to Mrs. Mertz, Miss Diels and all the other summer school teachers, for the excellent job they did teaching the children.

JULY COMMUNITY CALENDAR

Coming events will be listed only if they are submitted to the Statesman and are of area interest. We will be happy to list meetings of your non-profit organization only if they are sent in to us each month. We can no longer be responsible for keep a running file of meetings for the entire year. Please submit your meeting notice for publication the week before it is to be published. Bear in mind, if your coming event, is designed to make money for your organization, it should be considered advertising.

SATURDAY, JULY 22

SUNDAY, JULY 23

The 2nd Annual State Horseshoe Tournament will be held at Kewaskum Kiwanis Community Park. Over 100 entries have been received. Brats, burgers, BBQ, beer and soda will be available throughout the day.

MONDAY, JULY 24

Plan on attending your Annual School Board Meeting at 8 p.m. in the Kewaskum High School Multi-Purpose Room.

TUESDAY, JULY 25

Big Brothers and Big Sisters of Washington County will be holding an informational meeting at 7 p.m. at 129A South 7th Avenue, West Bend. Please call (414) 334-7896 for additional information. "Take a little time to make a little friend."

WEDNESDAY, JULY 26

THURSDAY, JULY 27

FRIDAY, JULY 28

SATURDAY, JULY 29

SUNDAY, JULY 30

Come one, come all to the Annual Washington County Fair being held in Slinger. Something for everyone to enjoy, plus lots of food, fun, refreshments and live music.

Free Pony Rides At County Fair

West Bend Elevator will be sponsoring two hours of free pony wagon rides at the Washington County Junior Fair on Friday, July 28. Paul Ritger will be driving his pony wagon from 3:00 to 5:00 p.m. in the show ring. Children are invited to be guests of West Bend Elevator and go for a ride.

In addition to the free rides, the ponies and cart will be in the Children's Parade on Wednesday evening, July 26 at 6:00 p.m. Bev Schultz, 1989 Fairest of the Fair will ride on the wagon in the parade.

Plan to attend the 1989 Washington County Junior Fair.

WEATHER CLASSES

The Kettle Moraine Audubon Society is holding classes on weather at Glacier Hills County Park near Hubertus.

On Wednesday, July 19, from 9 a.m. to 11 a.m., a naturalist will teach children, ages 8 to 11 years. On Saturday, July 22, from 9 a.m. to 11 a.m., she will teach adults and older children.

The park is on Friess Lake Rd. just south of Hwy. 167 and east of Holy Hill.

Open to the public, registration is \$1.50 to cover the cost of materials. Call Jeanette Paul at 567-5423 for reservations.

For more information contact Bernice B. Popelka, Education Committee, 845 S. Silverbrook Dr., West Bend, WI 53095, 338-8509.

Regal Ware Announces Promotions Parents Can Help Prevent Choking Accidents

Shirley Bartelt

Jim Heisdorf

Dick Wietor

Pat Twohig Jr.

Regal Ware, Inc. has elevated Shirley Bartelt, Jim Heisdorf, Dick Wietor and Pat Twohig Jr. to new positions.

Shirley Bartelt has been promoted to Assistant Chief Inspector in the Quality Assurance Department. In her new capacity, she will be responsible for maintaining the quality standards of the second shift production. She will supervise hourly employees as to quality levels, evaluate procedures and maintain records.

A Regal employee since 1975, she has worked in various production jobs, most recently as a quality auditor. She and her husband, Randy, and their two children live in Campbellsport.

Jim Heisdorf has been advanced to Shipping Supervisor in the Manufacturing Department. He is responsible for the shipment and warehousing of finished goods, and supervises the activities of employees in his area.

A 28-year Regal veteran, Heisdorf has worked in various production spots, most recently as a shipper. He lives in Kewaskum with his wife,

Susan, and their three children.

Dick Wietor has been elevated to Tool and Die Supervisor in the Engineering Department. In this new spot he is responsible for the design, construction and maintenance of all production tooling and any outside sourcing of tool work.

He has worked as a tool and die person since joining Regal in 1971. The Campbellsport native and his wife, Gail, have two children.

Pat Twohig Jr. has been promoted to Programmer Senior in the Data Processing Department. In his new capacity, he will execute programming tasks that involve coding, testing and documentation of new and existing programs.

He joined Regal in 1987 as a programmer in data processing. He is a graduate of the University of Wisconsin-Madison with a bachelor's in computer science. Twohig lives in Campbellsport.

Regal Ware, Inc. is a multi-plant manufacturer of cookware, portable electrics and microwave ovenware headquartered in Kewaskum.

MILWAUKEE (7-12-89) — Choking and swallowing accidents among infants and toddlers are common, but often are preventable, according to Children's Hospital of Wisconsin.

The hospital's Emergency Department/Trauma Center (ED/TC) treats an average of one child each week for aspirating - or inhaling - food or objects into the windpipe, said Christine Walsh-Kelly, director of the ED/TC. Large pieces of food or small objects that become lodged in a child's airway can cut off oxygen to the body and may result in permanent injury or death.

"The peak ages for aspirating food or objects are between 6 months and 3 years of age," said Dr. Walsh-Kelly. This is the period when parents need to be especially careful about the types of food they give their children, she said. Parents also need to carefully watch infants as they begin to explore by putting objects in their mouth.

"A child's age is not necessarily a guideline for introducing solid foods," said Dr. Walsh-Kelly. "Parents need to be aware of their child's ability to swallow and chew before introducing certain foods." She recommends consulting the child's pediatrician for advice on the proper time to introduce various solid foods.

Among the foods that most commonly become lodged in a child's windpipe are pieces of hot dog, popcorn, peanuts, grapes, nuts, gum and hard candies. These should not be given to younger children. "Don't give a child anything he or she isn't able to chew or that cannot be cut into minute pieces."

She also recommended feeding infants in an upright position once they have started on solid food. Older children should always be seated when eating.

"Children can choke on anything if they put too much of

it in their mouth," said Marian Benz, nutritional services manager at Children's Hospital. Parents need to always supervise their child's eating, she said, especially when the child eats bulky foods such as peanut butter. "Too much peanut butter in the mouth can stick inside a child's throat," she said.

Benz also recommends instructing children not to play, walk, run or jump when eating. Children also should be encouraged to eat slowly. When a young child is not with the parents, they should be told not to eat anything unless an adult is with them.

Some children may actually have a developmental problem that inhibits their ability to feed, said Benz. They may not be chewing or swallowing at a level appropriate for their age and may need medical attention or therapy. Your pediatrician can check your child's chewing and swallowing development.

Even more children are seen in the ED/TC because they have swallowed a foreign object or an object has become lodged in the esophagus. Younger children are especially prone to putting objects in their mouth as they explore. Although any small object could be swallowed those most often appealing to young children are coins, deflated balloons, buttons, beads, small toys, pins and pet foods.

If the object is swallowed and enters the stomach, the child will probably show no symptoms or having swallowed something. "This usually will pass out of the child," said Dr. Walsh-Kelly.

However, if the object becomes lodged in the esophagus, the child may gag, wretch, drool, complain of pain and not want to swallow.

"If you see the object in the mouth, make one attempt to get it out," said Dr. Walsh-Kelly. "If you don't see it, don't blindly reach in the child's throat. The object could go in even further." If the object cannot be retrieved, parents should call a paramedic or an ambulance or take the child to the nearest emergency room.

Signs of an object lodged in the windpipe include a repeated cough, wheezing, difficulty breathing and turning blue. Immediate action is required. Parents should call a paramedic or an ambulance or take the child to the nearest emergency room.

Every family should know who provides emergency

medical transportation in their community and post emergency phone numbers near all telephones. Parents also may want to enroll in an infant/child cardiopulmonary resuscitation (CRP) class to learn techniques for dislodging objects from the throat of a child.

In southeast Wisconsin, Children's Hospital's Educational Services Department offers "Lifesaver: Baby" and "Lifesaver: Child" CPR classes. Area residents may call 414/266-2200 for information on class schedules. Hospitals in other parts of the state also may offer the Children's Hospital CPR program or other CPR class.

Children's Hospital of Wisconsin is a private, not-for-profit, regional pediatric medical center serving children from Wisconsin and the upper Peninsula of Michigan.

Pour vanilla on a bit of cotton and put it in the refrigerator to eliminate unpleasant odors there.

GUEST EDITORIAL

State Must Help Local School Districts Provide Safe Facilities

by Herbert J. Grover, State Superintendent

There is a critical need for the state to assume its obligation to help school districts provide safe and educationally adequate school buildings.

Wisconsin has 58 school buildings that were built before the turn of this century. An additional 393 buildings are at least 60 years old. Many of these buildings are woefully inadequate — both physically and educationally. The fact of the matter is that school boards are having difficulty getting approval for referendums to repair and replace out-moded and unsafe facilities. Considering the heavy reliance schools have on the property tax, it is only fair and right that the state assist the districts in funding their buildings at the same rate schools are reimbursed for operating costs. The cost of providing this help to the schools is estimated to be \$43 million.

To say we cannot afford this expenditure is a sad commentary on our priorities. We pay the highest gasoline taxes in the nation to support a \$2 billion highway construction program. The \$167 million major highway development program recommended by the Governor represents an increase of 47 percent over the next two years. This cost added to the costs of other highway improvement programs brings the governor's proposed state funded construction budget to \$366 million in 1989-90 and \$392.6 million in 1990-91.

When the new prison at Sturtevant is finished, we will have spent almost \$135 million since 1984 on new construction to house approximately 1500 prisoners. In comparison, 200,000 of our 770,000 public school children are forced to attend school in very substandard, unsafe, and educationally inadequate physical plant. The fact is that in the last five years, only 29 public school buildings have been built at a cost of \$66.9 million. Wisconsin has a total of 2,002 school buildings.

The prison-school comparison is of interest because too often prisoners are the failures of our educational system. Take a look at what we spend to construct adequate housing for the two populations: \$82,845 per prison inmate versus \$4,756 per public school student.

Out of financial necessity, revitalizing our school buildings can no longer be solely a local issue. The state should provide direction and funding to support this massive rebuilding effort. But once again, we are plagued by the lack of state support for public elementary and secondary education. According to the latest U.S. Department of Education findings, during the last five years Wisconsin slipped from 40th to 44th among the 50 states in our state-level financial support for public education, and that's why your property taxes are so high.

During current State Budget deliberations, we are trying to get a \$43 million state appropriation to help school districts throughout the state to improve aging school facilities.

While the media surely deserve great credit for bringing these conditions to the public's attention, for some reason the sense of urgency needed to correct the problem has not been generated. In our state we have the most modern vocational, technical and adult education and university buildings that money can buy. We have new highways, waste water plants, jails and prisons — all constructed without permission of a public referendum — while our obsolete and unsafe public elementary and secondary school buildings remain gridlocked around the issues of property taxes and insufficient state financial aids. To allow this situation to continue is a powerful indictment of how children fit into our priorities.

Fire Safety Programs At County Fair

By Joyce Albrecht,
Fair Secretary

The Washington County Fire Chiefs Association is proud to participate in the Washington County Junior Fair.

Several fire departments will be putting on demonstrations at the Fair.

The demonstrations are to help the public understand and learn what to do in emergency situations.

To start with, Friday evening at 5:00 p.m. to 6:00 p.m. on the Main Stage for children and preschool children, a Sesame Street Muppet puppet fire prevention safety program put on by the Fillmore Fire Department and the West Bend Lioness.

At 6:00 p.m. the Hartford Fire Department will present a program on learning how to escape from your home in case of a fire, for children and adults too. This will be a fun-filled and learning experience, especially for the children going through a smoke trailer.

Saturday nights demonstrations will start at 5:00 p.m. with Germantown Fire Department

putting on a fire extinguishing demonstration. This will include live fire extinguishment, proper use, care, placement, and selection of a fire extinguisher.

Following that the Richfield Fire Department will put on a motor vehicle accident extraction demonstration with their E.M.S. technicians. This will show you what is done at an auto accident scene, like putting on neck braces, back boards, and their functions. They will also explain how and why prying open doors and roofs are done to remove victims to safety.

The Allenton Fire Department at the same time will provide and demonstrate fire engine company operations at a vehicle accident; like providing fire protection with hand lines, cable cutting and assisting emergency medical people.

Other County departments will be handing out literature and answering questions from people in the audience.

Baking soda mixed with water can remove coffee and tea stains from china and plastic dishes.

Breakfast at the Fair

Come to the fair at 6:00 a.m.!! Plan to bring your appetite and come to the fairgrounds for breakfast on Saturday, July 29 from 6:00 a.m. to 9:00 a.m.

The Washington County Farm Bureau Women and the Washington County Fair will be co-sponsoring the 15th annual Beef Pancake Breakfast.

The menu for the breakfast includes fluffy pancakes, butter and syrup, sausages, juice, hot coffee and cold milk. Louis Scheunemann and Clover Valley Playmates will be playing for your listening enjoyment and dancing if you wish! WTKM Radio will be broadcasting live from the breakfast.

Tickets are \$2.50 in advance and \$3.00 at the door for adults and \$1.00 for children under 10 years of age. Tickets can be purchased from Farm Bureau members or from the County Fair Office.

County Homemakers to Participate in the Fair

Washington County Extension Homemakers are preparing for their participation in the Washington County Junior Fair.

1. They will be serving the Chuck Wagon Dinner on July 26th. Advance tickets are necessary.

2. Water testing for nitrates and iron will be available at the County Fair on Wednesday, Friday and Saturday from 4 to 8 p.m. and on Sunday from 1 to 3 p.m. Bring a sample of your water in a clean container.

3. A hand-crafted quilt, plus a wall hanging, tote bag and pillow will be raffled. These items have been on display at various business locations for several months. The raffle will be held on Sunday, July 30th, at 3 p.m. Tickets are available at the Extension office,

and will also be available at the Homemakers' booth at the County Fair.

4. Help the needy of Washington County. Extension Homemakers are sponsoring a food drive at the County Fair. Containers will be placed near the Exhibit Building for deposit of your non-perishable donations. These contributions will be distributed throughout the county.

ABC CLUB SKAT RESULTS

The winners at skat played by the ABC Senior Center Citizens at Beechwood Hall on Tuesday, July 11 were: Elmer Fabian, 16-0-16 net; Joe Miller, 18-2-16 net.

The beaver is one of the larger members of the rodent species.

Kathleen Walker Promoted to Ass't. Treasurer of Construction Forms, Inc.

Kathleen M. Walker

Construction Forms, Inc. in Cedarburg has announced the promotion of Kathleen M. Walker. Walker, a Grafton resident has been named Assistant Treasurer of the manufacturing firm. She previously served as senior accountant.

Kathy joined CF in 1974 and has held a variety of accounting and administrative positions in her fifteen year tenure. She received her accounting background at UW-Milwaukee and is currently completing a degree in business manage-

ment at Cardinal Stritch College.

Construction Forms is a manufacturer of concrete placing line and concrete pumping accessories, serving a national and worldwide market. CF has branch operations in California, New Jersey and Texas, while Cedarburg is the corporate headquarters.

Walker resides in Grafton with her husband David. She is the daughter of Mr. and Mrs. Cyrus Campbell, 7981 Kettle View Drive, Kewaskum and daughter-in-law of Mr. and Mrs. Donald Walker of West Bend.

In the Service

MILWAUKEE — Thomas W. Davis, Milwaukee School of Engineering (MSOE) vice president of academics, announced today that a total of 503 students comprised the college's 1989 spring quarter Dean's List.

Kewaskum — Mitchell Joseph Gebheim, Electrical Engineering; Randy R. Schickert, Mechanical Engineering Technology.

West Bend — Anthony Gonzalez, Mechanical Engineering; Michael Thomas Loomans, Electrical Engineering Technology.

West Bend — Kevin Richard Dalin, Mechanical Engineering.

Campbellsport — Bernadette J. Griesemer, Business and Computer Systems; Samuel W. Gudex, Mechanical Engineering.

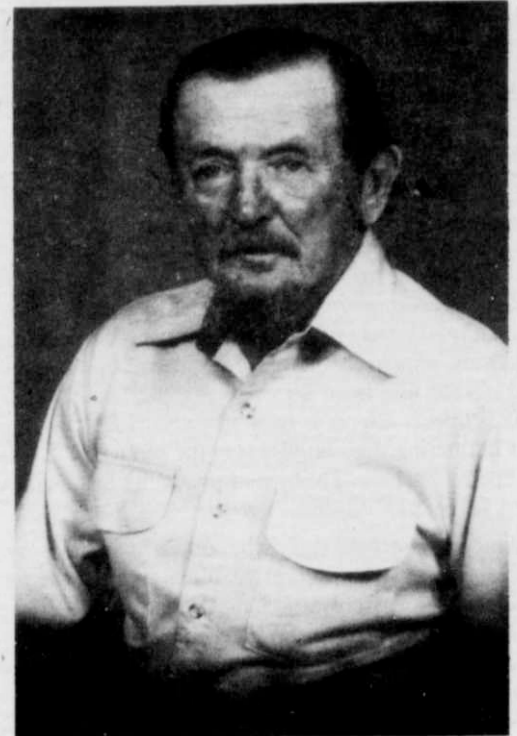

...

Marine Cpl. Keith A. Rowe, a 1980 graduate of Campbellsport High School of Campbellsport, WI, recently returned with Marine Corps Security Force Battalion, Vallejo, Calif., from a deployment to Bremerton, Wash.

During the deployment Rowe assisted in providing special guard and reaction forces in support of Pacific Fleet operations.

He joined the Marine Corps in October 1986.

82 Years Young

Philip [Bones] McLaughlin

On June 25th the family of Philip (Bones) McLaughlin helped to celebrate his 82nd birthday. They met a Philip and Viola's home in Poynette, Wis.

The family and birthday "boy" then gathered at The Blankenhaus Supper Club in Portage, Wis. where a delicious

dinner and good conversation were enjoyed by all.

Philip (Bones) McLaughlin is a previous long time resident of Kewaskum. He owned and operated McLaughlin's Meat Market on Main Street which is now known as Kewaskum, Floral.

A person traveling the 93 million miles to the sun would take 193 years if driving at 55 miles per hour.

FOOD FOR FAMILY BARREL

Bring a non-perishable food item to the Washington County Junior Fair. The Washington County Extension Homemakers will be collecting food donations at the fair and distributing to the Food Pantries in Washington County.

A large barrel will be located in the Extension Homemaker Booth, located in the Main Exhibit Building. Plan to have each member of your family bring a can for the "Food For Family Barrel." Let's fill the barrel and help needy families.

Weekly
Health
Tip

From Tom Kennelly

HYPERACTIVITY

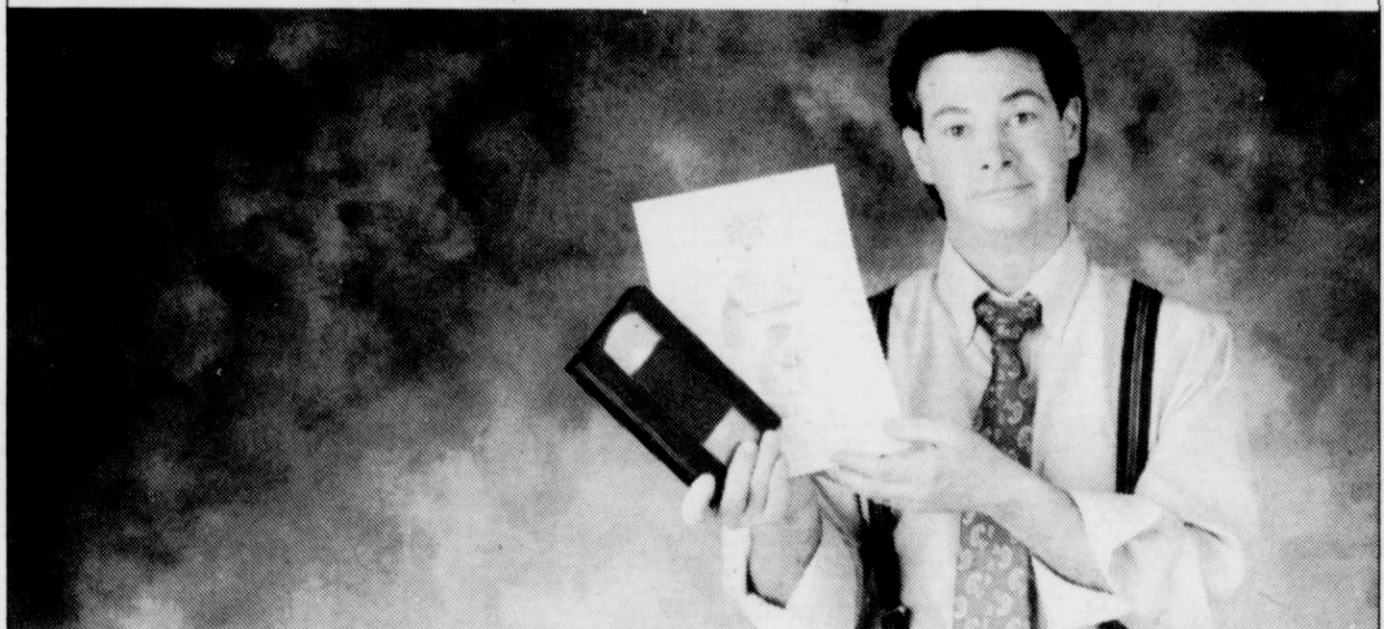

Hyperactivity in children has often been blamed on a diet high in sugar. However, recent studies indicate that sugar actually causes a sleepy, not overactive, reaction. Other researchers suggest that additives from highly processed foods may be causing an allergic reaction in hyperactive children. Many parents report great success by putting the child on a natural diet of unprocessed foods that are prepared simply. It is worth a try.

Filling your prescription is our most important work.

West Bend Savings Posts Record Second Quarter Earnings

Following an excellent first quarter, West Bend Savings and its Financial Resource Group posted record second quarter earnings as well and ended the first six months of 1989 with excellent results.

Richard A. Larson, West Bend Savings' Chairman, indicated net income before taxes for the six month period ending June 30th was \$415,179 compared to \$332,268 for the same period in 1988. Larson said, this 25% increase was despite the rise in interest rates and the additional FSLIC premium costs being assessed

against all thrifts.

Over 19% of the net profit was from the Association's affiliates, each of which posted very good results. Citizens/-Weis Corp. reported record land sales and consulting income, Realty World West Grove Realty, Inc. finished a strong six months of real estate brokerage activity and A.C. Larson & Co. Insurance completed a record six months. Citizens Homes, the Association's newest affiliate organized to build and develop affordable housing, posted a profit and Larson said the

company had been in the black since its organization in the fall of 1988.

West Bend Savings reported substantial savings increases contrary to the national trend of lower savings volume. Larson stated that in June alone the Association's savings gains exceeded two million dollars and on an annualized basis, mortgage loan originations will exceed twenty five million dollars in 1989. As in 1988 West Bend Savings continues to be the leading county lender based on the number of mortgage loans.

The Association also reported the lowest dollar amount of delinquency on loans since 1978 and the total was less than \$200,000 as measured by regulatory standards.

THANKS EXPRESSED

We wish to express our thanks to the Kewaskum Fire Department for their hurried response and service in answering our fire call Monday night and to neighbors and friends for their help and concern.

Allen Holtz
and Family

XYZ CLUB SKAT RESULTS

The winners on Wednesday, July 12, played by the Senior Citizens XYZ Club at the Legion Hall in Kewaskum were: Harold Eggert, 18-3-15 net; Francis Gilboy, 19-4-15 net; Frank Sell, 15-4-11 net; Allen Reindl, Spade Solo vs 4; Frank Sell, Spade Solo vs 4; Francis Gilboy, Heart Solo vs 4.

Kewaskum Statesman,

Friday, July 21, 1989, Page 11

THANK YOU

I sincerely thank all the people who showed concern while I was a patient at the Hartford Memorial Hospital. Special thanks to all the doctors and nurses, Pastors Fredrich, Meyer, Costello, Wesendorf and Vicar Nuss. All your cards, phone calls and personal visits were greatly appreciated.

Harold Boettcher

The ceremony to marry an Amish couple usually lasts about 3 hours 30 minutes.

ST. JOSEPH'S IS YOUR LIFELINE[®] FOR EMERGENCY HEALTH CARE.

St. Joseph's Community Hospital offers Lifeline — a hospital-based personal emergency response system which provides 24 Hour emergency help for anyone who is home alone and needs immediate medical care.

The subscriber wears a small, wireless HELP button around her

neck. If an emergency should develop, the wearer merely presses the button, and St. Joseph's Emergency Response Center moves into action.

The heart of the Lifeline system is a special electronic unit connected to the telephone. It is specifically designed to operate even if the

phone is off the hook, or there is a power failure.

The cost for the use of Lifeline is only \$15 a month, plus a nominal installation fee. If you would like more information about Lifeline, call St. Joseph's Lifeline Coordinator at 334-8365 or 334-5533.

1989 Outstanding Disabled Vet of the Year
Triple Amputee Believes Ability
Is No More Than Opportunity

Johnny Thomas "Tommy" Clack
Outstanding Disabled Veteran
of the Year — 1989
Disabled American Veterans

Johnny Thomas (Tommy) Clack, who lost both legs and his right arm during a firefight in Vietnam in 1969, believes that ability is no more than opportunity.

"God left me with a good mind, a gift of gab, and a strong heart, and I try to make the best use of these every day," he says.

Although confined to a wheelchair, Clack has traveled to all 50 states as a speaker and lecturer; has organized and coordinated political campaigns for local, state, and national candidates; has been the staff assistant to the director of the Atlanta VA Medical Center for the past 10 years; and along the way has worked on a voluntary basis to spearhead programs at the state and local levels that have benefited Vietnam veterans.

These are some of the reasons why the 42-year-old resident of Stone Mountain, GA, has been selected as the Outstanding Disabled Veteran for 1989 by the million-member Disabled American Veterans (DAV). Clack will receive the DAV's top award from National Commander Billy E. Kirby at the opening session of the DAV National Convention in Las Vegas, NV, on Sunday afternoon, July 30.

As a forward observer with units of the 25th Infantry Division, Clack was struck by an exploding shell on May 29, 1969, which blew off both legs above the knee and his right arm at the shoulder.

"I didn't know what hit me," he said. "I was conscious, but did not have an awareness of time. It seemed like only 10 or 15 minutes later I was being lifted out by helicopter."

Clack spent the next 21 months in hospitals and underwent more than 30 operations. He finally ended up at the Atlanta VA Medical Center, after being medically retired from the Army as a captain. He was released from the hospital in March 1971.

Clack says he was able to keep a positive attitude while in the hospital, "because I was always around people who were worse off than I was. I felt lucky I had what I had left."

He give credit for his life being spared to several factors: the quick arrival of the evacuation helicopter,

life-saving emergency medical treatment by the doctors at the 12th Evac Hospital in Vietnam and the 106th Army Hospital in Japan, and the "dedicated VA medical personnel who have given me excellent care for 20 years."

Clack was among some 200 Vietnam veterans who had lost limbs in combat and were taken to the Atlanta VA Medical Center for treatment in 1969.

"We were treated like their sons," he says of the VA personnel who had a part in the treatment and rehabilitation. "Many of them came to the wards after duty hours to visit and offer advice and help," he said.

Of the more than 200 amputees in this group receiving treatment at the Atlanta VA Medical Center, "all now have jobs, families, and are a productive part of the communities in which they live," Clack said.

"I keep in touch with each one, and we're planning to have a reunion in May 1990. We're all average American citizens. I believe we are a positive by-product of the world's largest and best medical system in the world — the VA," Clack says.

Although he has more surgery scheduled for the future, he considers himself "a very healthy person." He exercises regularly, and is careful to eat healthy foods. "I don't buy the theory that amputees don't live long lives," he says.

But, it has been Clack's positive attitude and extreme zeal to put more into life than to take from life that has inspired him to accomplish unusual feats.

He graduated from Decatur High School, just outside Atlanta, in 1965, where he was an honors student and outstanding track athlete. He attended the University of Houston on an athletic scholarship, and entered the U.S. Army in August, 1966, where he was an honor graduate of Basic, Advanced, Officer Candidates School, Ranger, Jungle Survival, and Instructor Schools.

He taught artillery in the Officer Candidates School at Fort Sill, OK, and while there ran with the track team and was on the Pentathlon Team. He then served as a forward observer with the 25th Division's Company C, 2nd Battalion, 27th

Brigade. He was awarded the Silver Star, Bronze Star, Army Commendation, Purple Heart, and various Vietnam medals.

After his release from the hospital in 1971, Tommy began to put into practice his beliefs about abilities and a positive attitude. He travelled widely as a speaker, and volunteered his organizational skills for political campaigns and veterans' projects.

He represented the state of Georgia on the U.S. Senate Advisory Committee to the Senate Veterans Affairs Committee from 1975 to 1978. He was appointed by Gov. Jimmy Carter to the State Board of the Georgia Department of Veterans Services in 1972, re-appointed by Gov. George Busbee in 1979, and by Gov. Joe Frank Harris in 1986, serving as chairman 1981-83 and currently as secretary. He served in nearly all posts of the Jaycees from 1970-82, including Georgia Jaycee president, chairman of the board, and U.S. Jaycees Act Team member.

Tommy has been staff assistant to the Atlanta VA Medical Center Director as his health system specialist since 1979. He directs the Affirmative Action Program, Employee Transportation, Community Relations, and Special Events and Projects. Tommy has served as president of the Employees' Association (a staff volunteer group) since 1980. He also represents the VA on several DeKalb County and Metro Atlanta committees.

"I believe in community service and volunteer efforts," Tommy says. "The more people we interact with makes us a better person."

In this regard, Tommy has been extremely active. He has been president of Operation Buddy, Inc., a sheltered workshop for veterans since 1974; on the board of directors of the Samuel L. Jones Boys Club since 1971; the Metro Atlanta Task Committee on the Handicapped (MATCH) since 1978; the Metro Atlanta Council on the Handicapped since 1981; and the Red Cross Advisory Committee with the DeKalb/Rockdale County Service Center.

One of his pet projects has been the Georgia Veterans Leadership Program (GVLP), which he helped to organize in 1983. He currently serves as chairman/president. This program works to increase job opportunities and improve job skills for veterans, help veterans with small business ventures, and other activities involving veterans.

The program has helped some 420 veterans secure \$84 million in Small Business Administration (SBA) loans since 1983. Clack and Ron Miller, GVLP executive director, were co-chairmen last year of the committee to erect Georgia's State Vietnam Veterans Memorial at the State Capitol Complex.

He's been honored by many organizations for his outstanding contributions to humanity and his many volunteer efforts, and in 1981 was recognized as one of three "Outstanding Handicapped Employees" in the VA nationwide.

Tommy's whirlwind activities of the 1970s seemed to leave little room for romance. However, he became friends in the early 1980s with one of the secretaries at the VA Medical Center, and this friendship blossomed into love. Tommy and Cheryl Lynn were married on Sept. 3, 1983. They now have a son, Adam, who is 3½ years old, and a daughter, who is 21 months.

Tommy learned to shoot and hunt when he was a boy, a sport he still enjoys. He hunts deer and ducks each Fall from his

wheelchair, and always gets his deer. He also enjoys trap and skeet shooting when time allows. He uses a 20-gauge shotgun, because he says "It's easier on my shoulder."

As a man on the go, Tommy says he tries to live up to what American essayist Ruskin has said: "Man's greatest reward for his toil is not what he gets for it, but what he becomes by it."

Free Year-Round Tax Information Now Available on Cable

Cable television viewers can now "tune in" to free, year-round tax information. On June 6, 1989, the Internal Revenue Service began beaming a one-hour, weekly tax information program to cable television viewers by satellite.

The satellite program is available through participating cable operators for one hour each Tuesday from 1 p.m. to 2 p.m., Central Time, and is also directly available to people who own a satellite dish. Each program features several topics on a variety of tax issues. Topics covered range from tax information geared to specialized audiences such as children with income, people with second jobs, and tax exempt organizations, to more general topics such as documentaries which show what happens when a tax return is examined or audited.

Programs scheduled for July broadcasting include "Farmers," "Starting a Business," and "Tip Income Recipients." Future programming includes tax information for day care providers, clergymen, and tax rules on income from investments. Some programs feature tax information broadcast in Spanish.

The one-hour program is being transmitted on Westar IV, Transponder 6D (audio frequency 6.2 and 6.8). It has been targeted to Multiple System Operators (MSOs) and single systems for their broadcast use, so cable viewers should check with their local cable company to see if they offer it.

For more information and a

monthly schedule highlighting each week's programming, contact the Internal Revenue Service Public Affairs Office at 414-291-3386, or write to Internal Revenue Service, Public Affairs Office, 310 W. Wisconsin Avenue, Room 1260, Milwaukee, WI 53203.

This satellite program service is part of the Internal Revenue Service's continuing effort to "make taxes less taxing" for taxpayers.

To Celebrate County CA Week July 23-29

Citizen Advocacy of Washington County will be celebrating CA Week from July 23-29. We celebrate at this time not only to familiarize residents of Washington County with the program, but also to coincide with the individual mailing of our CA 400 fund raising effort.

West Bend Community Cable TV will air two Citizen Advocacy programs next week: July 25 at 4:00, and after the fairest of the Fair program in the evening; and on July 27 at 5:00.

Citizen Advocacy has been a part of the Washington County community since 1978. It is a non-profit agency, partially funded by United Way. The work of Citizen Advocacy involves concerned community volunteers in the lives of people who happen to have mental or physical disabilities. These volunteers from the community serve as a link to community life for people who otherwise may not have the opportunity to feel a part of life here in Washington County. A variety of responsible relationships are paired by Citizen Advocacy; they perhaps start as a one-to-one relationship to reach a goal for the person who happens to have a disability; often, that relationship blooms into a friendship that lasts a lifetime.

Please take a look at Citizen Advocacy; see if perhaps there is room for this type of community spirit in your life. The office phone number is 334-3384.

Obituaries

WILSON F. OPPERMANN

Wilson F. Oppermann, 78, of the Town of Auburn, passed away on Thursday July 13, 1989, at St. Joseph's Community Hospital in West Bend.

He was born on February 21, 1911 in the Town of Auburn, the son of the late John and Emilia (Bartelt) Oppermann. On May 25, 1940 he was united in marriage to Evelyn Butzke at St. John's Lutheran Church in New Fane. Mr. Oppermann was a member of the St. John's Lutheran Church in New Fane.

Survivors include his wife Evelyn, four sons: Wayne (Carol), Dennis (Joan), Mark (Gail) and Alan all of Campbellsport; a daughter Mrs. Sharon (James) Sabish of Elkhart Lake; two sisters: Mrs. Flossie (Marvin) Garbish of Kewaskum and Mrs. Emily (Paul) Sprenger of Oconomowoc, seven grandchildren and three great-grandchildren.

In addition to his parents he was preceded in death by a son Myron, a granddaughter Michelle, eight brothers and a sister.

Funeral services were held at St. John's Lutheran Church, New Fane at 7:00 p.m. on Sunday, July 16, 1989, with Rev. Charles Reehl officiating. Burial was at the church cemetery on Monday. Friends called after 3:00 p.m. until time of services at the church on Sunday.

The Miller Funeral Home Kewaskum served the family.

FATHER HERBERT A. WALDKIRCH

Father Herbert A. Waldkirch, former resident of Kewaskum, passed away July 14, at the age of 88, at Sun Prairie, WI.

He was born in Chicago, IL. on Jan. 5, 1901, and ordained to the Priesthood Feb. 2, 1929 in Milwaukee.

Survivors include three sisters, Martha Barth of West Bend, Cecelia (David) Costello of Fort Collins, Colorado, Margaret Maronek of Milwaukee; and two brothers Dr. Raymond (Vicky) Waldkirch and Dr. Bernard (Louise) Waldkirch of DePere, nieces, nephews, relatives, friends and his housekeepers for many years Pauline and Anna Karls.

He was preceded in death by his parents August and Barbara Waldkirch, a sister Florence Wollner and a brother Lawrence.

A Mass of Christian Burial was held Wednesday, July 19 at 11:00 a.m. in Sun Prairie and Thursday, July 20, at 7:00 p.m. at Holy Trinity Church,

Kewaskum. Father Berghammer was the celebrant. Visitation was at Holy Trinity Church from 6:00 - 7:00 p.m. Burial was Friday, July 21 at 10:00 a.m. in St. Catherine Cemetery, 8661 N. 76 St., Milwaukee.

JOSEPH E. SCHILTZ

Joseph E. Schiltz, a resident of the Tri-Manor Rest Home, West Bend, died Monday, July 17, 1989, at St. Joseph's Community Hospital, West Bend, at the age of 89.

He was born Nov. 19, 1899, in the Town of Auburn, Fond du Lac County, and married Erma Klug at St. Mathias Church, Town of Auburn on Sept. 30, 1924.

After their marriage they settled on the Schiltz Family Homestead which he farmed for 40 years. Since 1973 he has lived in West Bend.

He served as a trustee and treasurer at St. Mathias Church in the Town of Auburn for many years, and also served as the Town of Auburn treasurer for 20 years.

Survivors include his wife; nieces; nephews, and other relatives and friends.

Five sisters and three brothers predeceased.

Funeral services were Wednesday, July 19, at 11 a.m. at Holy Angels Church, West Bend, and burial was in Holy Trinity Cemetery, Kewaskum.

Visitation at the church only was Wednesday from 9:30 a.m. until the time of services.

The Schmidt Funeral Home, West Bend, served the family.

BURTON R. KRUEGER

Burton R. Krueger, of West Bend, died Monday, July 17, 1989, at the Samaritan Home, West Bend, at the age of 72.

He was born Feb. 18, 1917, in Hilbert, Wis.

After his marriage to Hattie W. Pagel at St. Lucas Ev. Lutheran Church, Kewaskum, on Aug. 7, 1943, they settled in West Bend, where he was employed at The West Bend Company for 37 years, retiring in 1979.

Survivors include his wife; a brother, Milton of Fond du Lac; sisters-in-law; brothers-in-law, and other relatives and friends.

He was a member of the 25-Year-Club of The West Bend Company.

Funeral services will be Thursday, July 20, at 7:30 p.m. at the Schmidt Funeral Home, West Bend. Rev. Victor Hackbarth will officiate, and burial will be in Wisconsin Memorial Park, Brookfield.

Visitation at the funeral home

will be Thursday from 4 p.m. until the time of services.

Memorials to the American Heart Association are suggested.

IN MEMORY

In memory of Alfred "Buddy" Holzmann who passed away three years ago, July 29, 1986:

It's been three years since he went away
We miss him more with each passing day.

He was the gentlest man, you know
With all our hearts we love him so.

Sadly missed by his wife Eleanor, daughters Linda and Patricia, Son-in-laws Bruce and Jeff, grandchildren Michael, Alana, Brian & Katie

IN MEMORY

In loving memory of Howard Backhaus who passed away, July 13, 1972:

A "heart of gold" stopped beating,

Working hands at rest
God broke our hearts to show us
He only takes "THE BEST."

We cannot bring the good times back.

His hands we cannot touch.
But we still have the memories
Of one we loved so much.

Our family chains have broken
And nothing is the same.
But as God calls us, one by one,
The chain will link again.

New Developments In Agent Orange Issue for Victims

New developments in the Agent Orange issue could have a dramatic impact on tens of thousands of Vietnam veterans nationwide, including many veterans in our area.

A recent court ruling forcing the government to rewrite its Agent Orange regulations could result in disability compensation benefits finally being paid to Agent Orange victims after a ten year struggle.

Vietnam veterans of America believes your listeners and viewers would like to learn more about these developments, and we wish to offer our assistance to you in getting more information.

For a book that Vietnam Veterans of America print write: Vietnam Veterans of America, Box 1000, Washington, DC 20013

HILGENDORF MEMORIALS

25 E. Washington St.
(Hwy. 33), West Bend
1/2 block east of the railroad tracks
Parking in rear of building

25 Years Ago

July 14, 1964

Despite cool, windy and at times threatening weather, the annual firemen's picnic held in the village park attracted one of the largest crowds and was one of the most successful ever held. Winning floats in the parade were: 1. Glacier Inn, \$50; 2. Honeck Chevrolet, \$35; 3. Jacobs Barber Shop, \$20; 4. Kewaskum Liquor \$10.

The Kewaskum Chapter of the American Field Service is happy to announce that Miss Marion Evans of Gisborne, New Zealand, will arrive here around the first part of August. She will live with the Marvin Martin family.

Roman (Jimmy) Miller, 53, widely known Kewaskum tavern keeper at 215 Main St., passed away unexpectedly at his home Monday morning, July 13, of a coronary occlusion. He was born in West Bend on July 27, 1911 and married the former Rose E. Schmitt on July 24, 1946.

Ralph and Betty Ann Butz, children of Mr. and Mrs. Vernon Butz, had their tonsils and adenoids removed at St. Joseph's Hospital, West Bend, Tuesday.

Miss Judith Swanson was married Saturday, July 11, at Seattle, Wash., to Charles Schaefer of San Francisco, Calif. Mr. Schaefer is the son of Mr. and Mrs. Carl F. Schaefer of Kewaskum.

Miss Janet Bunkelman, daughter of Mr. and Mrs. Byron Bunkelman, Kewaskum, spent a week at the Lions Camp for the Visually Handicapped near Rosholt, Wis. She was sponsored this year by the Campbellsport Lions Club.

A son was born to Mr. and Mrs. David Brown, 1118 Fond du Lac Avenue, Kewaskum, on July 8.

dragged approximately 1,000 feet before the team came to a halt. He was dragged across the field he was working through a barbed wire fence into another field with the binder. Mr. Gatzke's son Walter and wife rushed to his aid and freed him from the machinery. A physician was summoned immediately but Mr. Gatzke was found dead when he arrived.

At about 10:30 a.m. Wednesday, fire of undetermined origin completely destroyed the farm residence of Chas. Bandle, located south of St. Michaels. The loss to the 12-room house will run into several thousand dollars, only a small part of which is covered by insurance.

Howard Schmidt, son of Mr. and Mrs. George Schmidt of Kewaskum, was appointed operator of the new Washington County police radio system which is expected to go into operation soon. Howard received his appointment July 12.

White gladioli and lilies decorated the altar at Holy Trinity Church for the marriage of Miss Helen Harbeck, daughter of Mr. and Mrs. Don Harbeck, Kewaskum and Frank J. Felix, son of Mrs. Anna Felix of St. Kilian, at 9:30 a.m. Saturday, July 15. Mrs. William Harbeck, sister-in-law of the

bride served as matron of honor, Miss Catherine Felix, sister of the groom served as bridesmaid, the ringbearer was Bobby Felix, nephew of the groom. William Harbeck, brother of the bride, attended the bridegroom as best man. Kilian Felix, brother of the groom, was groomsman.

75 Years Ago

July 18, 1914

An unknown woman, believed to be of Syrian or Italian nationality, about 55 years of age, was killed by a passenger train, #216, on the North Western road one mile north of the village of Campbellsport, Monday evening at 6 o'clock. The woman who was poorly dressed was walking south along the rails when the speeding train bore down upon her. The engineer declares that the woman, hearing the whistle, stepped from between the rails, but evidently becoming confused, stepped back again in time to be hit.

A great deal of interest is being manifested at the present time in promoting the ideas of improving the St. Michaels Road leading from this village. At the regular meeting of the

Kewaskum Advancement Association last week it was decided that progress should be made with the promoting and that a subscription list be circulated in order to raise an amount to be expended on this piece of road. The association is to head this list with \$300.

In Cedar Lawn hoodlumism was on a rampage a few nights ago when fruit trees were destroyed by cutting off all of the limbs, leaving nothing but a stub of the body of the trees.

Born to Mr. and Mrs. Eugene

Haessly, last Monday a baby boy.

Grandma Bleck visited Sunday and Monday with Mr. and Mrs. Louis Backhaus and family.

Mr. and Mrs. Fred Klein, New Fane, are the proud parents of a bright baby girl since Monday.

John L. Gudex, of the Town of Auburn, has announced himself as a Democratic candidate for governor. He will run as a farmer candidate.

50 Years Ago

July 21, 1939

John C. Gatzke, 66, widely known town of Auburn resident was killed suddenly on his farm located two miles east of Campbellsport at about 4:30 p.m. Thursday, July 20, while cutting grain in the field when the horses hitched to the binder became unruly and ran away. Mr. Gatzke had removed the bridle from one of the horses and was watering it when for some reason, the animal bolted and became unruly. Two other horses hitched to the reaper followed suit and became unmanageable. Mr. Gatzke got in front of the horses in an attempt to quiet them but was thrown aside as they began to run away. He was thrown into the machine, his legs became caught in the knives and he was

School Board Meeting Minutes

June 12, 1989

School District of Kewaskum
Kewaskum, Wisconsin 53040-0037

The meeting was called to order at 7:05 p.m. by President Neal Weare.

Board members present: Perry Ankerson, Ruth Schmitt, John Schulte, Neal Weare, Don Nowak, Ron Beimbom, Paul Seymour.

Absent: none.

Clerk Schmitt led the Pledge of Allegiance.

Ankerson/Schmitt motion to approve the agenda. Motion passed 7-0.

Audience to visitors: receiving of delegations: A group of people representing the Wayne School attendance area was present to request reconsideration of the moving of the Wayne 5th grade class to Kewaskum Elementary School for the 1989-90 school year. After their comments President Neal Weare stated that no action could be taken to reverse the decision unless one of the board members who voted for the move would request that the motion be rescinded. Dr. Heather assured the parents that the Wayne 5th graders would be kept together in one class at Kewaskum Elementary.

Schmitt/Nowak motion to approve the minutes of the Regular Meeting held May 8, 1989. Motion passed 7-0.

Schmitt/Ankerson motion to approve the open session minutes of the Special Meeting held May 15, 1989. Motion passed 7-0.

Ankerson/Nowak motion to approve the closed session minutes of the Special Meeting held May 15, 1989. Motion passed 7-0.

The next Policy-Legislation-Bylaw Committee meeting will be held June 19, 1989 at 6:30 p.m. at the Kewaskum Middle School.

The following policies were presented for their first reading and will come back for approval at the July 10th regular meeting: #2330-Teacher-in-Charge Job Description; #2701-Curriculum Coordinator Job Description; #3451-Returned Checks; #3541.31-Transportation; #6112-School Day Schedule; #6171.2-Children at Risk.

Policy #4116.35-Social Worker Job Description will be taken back to the Policy Committee for possible revision.

The Negotiations-Personnel Committee will meet on June 14, 1989 with the KEA at 6:30 p.m. at Kewaskum Middle School.

The KAP meeting with the Negotiations-Personnel Committee is scheduled for June 20, 1989 at 6:30 p.m. at Kewaskum Middle School.

Nowak/Schmitt motion to approve the expenditure of approximately \$20,680 for EEN remodeling at Kewaskum Elementary School. Motion passed 7-0.

Nowak/Seymour motion to spend approximately \$22,520 for life-safety improvements in the older part of KES. Motion passed 7-0.

Nowak/Schmitt motion to borrow \$200,000.00 long term to be used for capital improvement with items to be

chosen by the Board. After a lengthy discussion the motion and second were withdrawn and it was decided to take this issue to the Annual Meeting.

Dr. Heather informed the board that the district has been chosen for a Twenty Standards Audit for the 1989-90 school year.

Ankerson/Seymour motion to approve the payroll and accounts payable in the amount of \$1,338,833.80. Motion passed 7-0.

Perry Ankerson requested the board's approval to remain an active member of the school board during his temporary residence in a different school district while his new home is being built in the Kewaskum School District. A legal opinion from Attorney Spector of Quarles and Brady stated that upon Mr. Ankerson's announced intent to live in the district on a full-time basis as soon as possible, he retains his residency in the Kewaskum School District for the purpose of Section 17.03(4) and may retain his position on the board. Schmitt/Nowak motion to approve Mr. Ankerson's request to retain his seat on the board during his temporary out-of-district living arrangement. Motion passed 5-1 with Ron Beimbom voting no and Perry Ankerson abstaining.

Schmitt/Beimbom motion to allow Perry Ankerson's children to attend the Kewaskum Schools during their temporary residence outside of the district. Motion passed 7-0.

Ankerson/Nowak motion to add an item to the Annual Meeting agenda which discusses and asks the electorate to give the board permission to either sell or lease the Beechwood Elementary School and property. Considerable discussion ensued. It was decided to amend the motion and second to adding three resolutions to the Annual Meeting: 1) continue a public library in a building which we presently own and the taxpayers are supporting; 2) lease the Beechwood property; 3) sell the Beechwood property. Motion passed 5-2 with John Schulte and Ron Beimbom voting no.

Seymour/Beimbom motion to approve a Spring 1991 band trip. Motion passed 7-0.

Schmitt/Schulte motion to pay the WASB membership dues for 89-90 in the amount of \$2242. Motion passed 7-0.

Ankerson/Nowak motion to allow the district administrator to carry over one week of vacation into 89-90. Motion passed 7-0.

Ankerson/Schulte motion to approve the insurance renewal from Wausau and Kettle Moraine Agency. Motion passed 7-0.

Schulte/Weare motion to approve the purchase of extra insurance coverage in the amount of \$692 which would offset rental or moving costs if one of our buildings were damaged. Motion passed 4-3 with Perry Ankerson, Don Nowak and Paul Seymour voting no.

Nowak/Schmitt motion that the 1989-90 graduation be held Friday, June 1, 1990 at 8:00 P.M. Motion passed 7-0.

Schmitt/Seymour motion to approve Lori Ferguson's resignation. Motion passed 7-0.

Ankerson/Schmitt motion to call back from layoff Mrs. Karen Duren to fill the 50% kindergarten position which was created when Mrs. Korth-Lloyd was assigned to the full-time Early Childhood program for next

year. Motion passed 7-0.

Schmitt/Nowak motion to approve the summer school contracts. Motion passed 7-0.

Schmitt/Schulte motion to approve a resolution related to the Common School Fund which helps to supply books and audio-visual materials to school districts. Motion passed 7-0.

Schmitt/Nowak motion to approve a resolution related to the state equalization aid requesting that more money be placed in the equalization aid formula. Motion passed 6-1 with Paul Seymour voting no.

Nowak/Ankerson motion to approve the hiring of a full-time EEN aide for the 89-90 year. Motion passed 7-0.

Schmitt/Seymour motion to approve the issuance of a diploma to two adult students. Motion passed 7-0.

Ankerson/Seymour motion to accept Perry Koth's resignation as assistant football coach pending the finding of a suitable replacement. Motion passed 7-0.

Business Manager Cherna Gorder presented the third draft of the 1989-90 budget. Schmitt/Weare motion to accept the budget as presented and take it to the Annual Meeting. Motion failed 3-4 with Perry Ankerson, John Schulte, Don Nowak and Ron Beimbom voting no.

No Annual Meeting date was set.

Schmitt/Schulte motion to approve a pupil services contract with CESA #6 for the 89-90 school year in the amount of \$19,000 for a 50% Social Worker. Motion passed 4-3 with Perry Ankerson, Don Nowak and Paul Seymour voting no.

Discussion was held regarding Ron Beimbom's request for an explanation of the increase in electrical utility expense over the budgeted amount. Business Manager Gorder and Supervisor of Buildings and Grounds Fred Boehlke attributed the costs to increased building usage and the addition of the welders and other electrical equipment.

Mr. Beimbom stated that three present board members campaigned to cut down on administrative personnel. Since no one else brought the issue before the board, Mr. Beimbom asked that it be put on the agenda. Beimbom/Schulte motion to eliminate three administrative positions, those being 1) Business Manager; 2) Supervisor of Buildings and Grounds; and 3) Food Services Supervisor. Discussion followed. Motion failed 1-6 with Perry Ankerson, Ruth Schmitt, John Schulte, Neal Weare, Don Nowak and Paul Seymour voting no.

Because the above motion was defeated the addition of three non-administrative positions was not discussed.

Dr. Heather informed the board that the administration is working on get-

ting a program put together to discuss self-funding insurance with other school districts.

With regard to the defeated proposed budget, Dr. Heather asked for the board's direction in areas to cut the budget to the board's satisfaction. He asked that those persons who voted the budget down relate their reasons for doing so.

Perry Ankerson said that his feelings remained constant in that savings could be found in self-funding insurance, eliminating the social worker position, and disposing of the Beechwood School.

Don Nowak requested that \$150,000.00 be taken from fund equity.

Ron Beimbom feels the district has too many highly paid administrators.

John Schulte voted no because he feels a 4% increase is not adequate.

Business Manager Gorder related her strong belief that fund equity should not be used to decrease the budget. She reminded the board that the budget could be taken to the Annual Meeting without the board's approval.

Perry Ankerson stated that he was not in favor of being irresponsible and was willing to reconsider. Ruth Schmitt suggested that another vote be taken.

Nowak/Ankerson motion to reconsider the motion given earlier to present the budget to the Annual Meeting. Motion passed 7-0.

Nowak/Ankerson motion to reduce the tax levy by decreasing fund equity by \$100,000.00. Motion failed 3-4 with Ruth Schmitt, John Schulte, Paul Seymour and Neal Weare voting no.

Schmitt/Weare motion to accept the budget as presented. Motion failed 3-4 with Perry Ankerson, John Schulte, Don Nowak and Ron Beimbom voting no.

Schmitt/Beimbom motion to accept the budget as presented but take \$50,000 out of fund equity and apply it to the budget. Motion passed 5-2 with John Schulte and Paul Seymour voting no.

Nowak/Schulte motion to set the Annual Meeting date for July 24, 1989. Motion passed 7-0.

Ankerson/Nowak motion to adjourn. Motion passed 7-0. The meeting adjourned at 10:30 p.m.

Perry Ankerson, Paul Seymour, Ronald Beimbom, Donald Nowak, Ruth Schmitt.

Member absent: John Schulte.

Also in attendance: Dr. Heather and LeRoy Kopecky.

A letter of resignation from Fran Charland stating, "I hereby resign my employment with the Kewaskum School District effective immediately. Signed at Kewaskum, Wisconsin this 21st day of June 1989" was accepted 6-0 following an Ankerson/Beimbom motion.

The Ankerson/Nowak motion to adjourn passed 6-0. The meeting ended at 7:50 p.m.

Dairyland Seed Hires Plant Breeder

Dr. Rusty Smith

Vice-President of Research, Dr. Paul Sun recently announced that Dr. Rusty Smith is joining Dairyland Seed at its Corn Belt Research facility in Gibson City, Illinois in the position of Soybean Plant Breeder. Dr. Smit. has worked in soybean breeding for eight years and has experience in soybean plant pathology.

Some of the pathogens Dr. Smith will be working to screen against include soybean cyst nematode, brown stem rot, and phytophthora root rot, among others.

Dr. Smith received his Ph.D from the University of Illinois. While attaining his Ph.D., Dr. Smith assisted U.S.D.A. research geneticists in the evaluation and maintenance of the U.S.D.A. soybean germ plasm collection.

Dr. Smith is a member of the American Society of Agronomy and the American Phytopathological Society.

Dairyland Seed is a third generation family seed company, headquartered in West Bend, Wisconsin. Dairyland presently has research facilities located in Clinton, Wisconsin, Sloughhouse, California, and Gibson City, Illinois. Dairyland's major research thrust focuses on hybrid corn, soybeans, and alfalfa.

Landowners Can Speed Up Time In CRP Signup

Landowners and/or operators wishing to enroll land in the Conservation Reserve Program between July 17 and Aug. 4, can save a lot of running to and from their local ASCS offices by taking some key documentation with them.

Here are some of the items needed:

1. Evidence of cropping history if landowner did not report crop acreage planted for the years 1981-1985. "Evidence" required is at least two of the following:

- A signed statement from the person who planted or harvested the crops.
- Certification by a neighboring producer on the back of each year's aerial photography that the acreages reported by the CRP applicant, and the crop uses are as reported.

- A signed statement from a reliable person who has knowledge that the crops such as soybeans, vegetables and program crops were actually planted on the farm.
- Seed and fertilizer receipts or elevator summary sheets.

2. Completed conservation plan prepared with assistance by the Soil Conservation Service, if applicant has one.

3. Documentation of ownership if land changed hands in last three years. Land owned less than three years can

only be enrolled in the CRP if it was acquired through will or succession as a result of death of previous owner, or if new owner wishes to enroll land with evidence of scour erosion or eligible wetlands.

Also, ASCS must know who operated that land prior to the new ownership. By regulation, an owner must include the operator in the contract unless the operator willingly removes himself from participation.

4. If operator is enrolling land in the CRP, a signed 10-year lease agreement between owner and operator for the designated acres offered for CRP.

CRP is an erosion control program that emphasizes protecting the nation's natural resource base by removing highly erodible cropland, or cropland that poses a threat to water quality, from crop production. Successful applicants receive annual rental payments during the 10-year term of the contract on all land accepted into the program.

Persons interested in enrolling in the Conservation Reserve Program should visit their local ASCS office during the next signup period which opened July 17 and runs through Aug. 4.

A snake has no ears. However, its tongue is extremely sensitive to sound vibrations.

East Central/Select Sires Honors Bohlman

Larry Bohlman, Eden, was recently honored as runner up to the prestigious East Central/Select Sires Direct Herd Representative of the Year award.

Bohlman earned these honors for having high semen sales volume and sales increases direct service members. This past year, Bohlman sold over 20,800 units and increased sales in his area by 1,175 units. Director of Marketing Alan Deming praised Bohlman's achievements commending him for his tremendous people skills and commitment to his customers.

A twenty year EC/SS veteran, Bohlman bred over 150,000 first services cows as a technician in the Oakfield/Brownsville area. He later became a direct herd salesman

providing semen and service to dairy and livestock producers in Washington, Ozaukee, Dodge and Jefferson counties.

East Central/Select Sires is a professional, artificial breeding cooperative serving dairy and livestock breeders in southern Wisconsin. As a member of Select Sires, they help make up the largest A.I. cooperative in the world.

Campus Notes

The following have been named to the Dean's List of the University of Wisconsin - La Crosse for the second semester of the 1988-89 academic year.

Qualification for the Dean's List is based on outstanding academic achievement.

Julie L. Sauter, a senior, majoring in Mass Communications, whose home address is: 8373 Trails End Ln, Kewaskum.

Michael J. Tischendorf, a junior, majoring in Physical Education, whose home address is: 2411 Rustic Drive, Campbellsport.

Robin R. Kempf, a freshman, majoring in Computer Science, whose home address is: 1761 Hwy. A, Kewaskum.

Candace K. Kirchner, a senior, majoring in Therapeutic Recreation, whose home address is: 2040 N. Main Street, West Bend.

Susan M. Knoll, a junior, majoring in Pre-Physical Therapy, whose home address is: 2285 Granville Rd., West Bend.

Diane L. Meulemans, a senior, majoring in Political Science, whose home address is: 3929 Victoria Drive, West Bend.

Laurie A. Meulemans, a sophomore, majoring in Sociology, whose home address is: 3929 Victoria Drive, West Bend.

Janet M. Mueller, a senior, majoring in Therapeutic Recreation, whose home address is: 7747 Forest View Rd., West Bend.

Suzanne Murawsky, a sophomore, majoring in Pre-Physical Therapy, whose home address is: 6378 Pleasant Hill, West Bend.

Trista J. Surprenant, a sophomore, majoring in Cur B: Elementary Education Model, whose home address is: 630 Arthur Place, West Bend.

Rebecca S. Stolper, a freshman, majoring in Undeclared Major - Sec., whose home address is: Box 73, Adell.

...

Chancellor Bruce Poulton has announced those students who earned Dean's List honors during the spring semester just completed at North Carolina State University at Raleigh, NC.

Included among those who achieved this honor was Anne Marie Kuehl, daughter of Robert and Karen Kuehl of Forest City, NC. Anne is a

sophomore in the College of Physical and Mathematical Sciences at NCSU.

Anne Marie is the granddaughter of Vincent and Bernice Groh of Kewaskum and Darlene Kuehl of Campbellsport.

...

The University of Wisconsin-River Falls Spring Quarter Dean's List honoring 623 students has been announced by Registrar Melvin Germanson.

To be named to the Dean's List, a full time student must earn a grade point average of at least 3.5 on a scale of 4.0, or midway between an "A" and "B" average. A total of 185 students earned a grade point average of 4.0, or straight "A" average, for spring quarter.

Included on the Dean's List is

Eric Pearson, 2705 E. Moraine Dr., Kewaskum.

.....

Brian Sedgwick has been named to the dean's high honor list for the second semester, School of Engineering, University of Wisconsin, Madison. Brian is a senior student there, in Geological Engineering and a 1986 graduate of Kewaskum High School.

Scout News

On a hot Sunday afternoon in June, the boy scouts of troop 744, Kewaskum had their first annual picnic at River Hill Park. The boys and their families had plenty to eat with assistant scoutmasters Dennis Trecinski and Fritz Lettow hot at the grill

frying brats, plus all the delicious dishes the families brought to pass.

The boys held competition in canoe water polo and tug of war and the tin man event which consisted of running, canoeing and an obstacle course. Prizes were given to the winners in each event. Emphasis was on teamwork in all the events.

Troop 744 will be at Camp Gardener Dame near Whitelake, Wis. the week of July 16-22 for summer camp. The boys will be earning merit badges and skill awards while enjoying this beautiful camp.

Leaders attending camp with the boys are Fritz Lettow, Tom

Kissinger and Jerry Gosa.

The troop will be heading for the National Boy Scout Jamboree at Fort A.P. Hill, Virginia on July 29. During the week they will also be touring Washington D.C. and visiting the Statue of Liberty.

Scoutmaster
Dennis Giese

Jacksonville, Florida has the largest total area of any city in the U.S. It takes in 460 square miles.

4-H Youth Attend State Congress

Front row, left to right: Julie Schulz, Rachel Heidtke, Michelle Schaub and Sara Lemke. Back row: Tim Herman, Marie Ritger, Chaperone; Kelly Bahr, Lori Schacht, Brenda Kufahl and Scott Schmidt.

Picture this: over one thousand 4-H'ers gathered in one place for four days. Each one was there expecting something different from the experience of State 4-H Congress.

The 69th annual congress was held at the University of Wisconsin Campus in Madison June 12-15. All in attendance shared new ideas and learned new concepts by participating in many activities.

All of the delegates attended a World Session which featured the "Big Map," the largest topographic map in the world. Some selected 4-H'ers actually sat on the map and governed

certain countries. By the process of simulation, the fate of the world was in their hands. This was followed by two discussions where world and local problems were presented and solutions were recognized.

The participants also met many new friends from all over the state. There were many social activities and the nights filled with presentations from the Peddlers of Progress, the State 4-H Drama Company, and the Showcase Singers. There was also a State 4-H Art Show. Brenda Beder, St. Lawrence Eager Beavers 4-H Club and Mark Hautamaki, Badger Boosters 4-H Club represented

Washington County on the State 4-H Art Team; and Becky Schwoch, Badger Boosters 4-H Club was a State 4-H Drama Company delegate.

The trip was made possible by funding from the Washington County 4-H Leader's Association, the Washington County Bankers Association, and the West Bend Kiwanis. The following delegates were from Washington County: Kelly Bahr, Rachel Heidtke, Tim Herman, Brenda Kufahl, Sara Lemke, Lori Schacht, Michelle Schaub, Scott Schmidt, and Julie Schulz.

Making Good Use of Lawn and Garden Waste

CHAPTER 3: Harold and George Become Neighborhood Composters

by Holly Kuusinen

MADISON, WI — It was the Saturday morning after the Town Council meeting. Traditionally by 10 a.m. the air would be filled with the hum of the neighborhood's lawn-movers, but today only a few could be heard. The neighborhood was "pensive."

Harold opened his garage door, started up his riding lawnmower with the bagger attachment and shyly moved it out on the driveway. He shut it off, checked the oil, filled it with gas and cleaned the bagger tube.

"Gonna be a hot one," hollered a voice from across the lawn. It was George.

"Yeah," replied Harold, still staring at his mower.

George walked over and peered quizzically at the machine that dwarfed his a few times over. "makes mine look like an electric scissors," he said.

Harold laughed, "Well, I guess it is a lot of mower for the yard...but remember, it's a snowblower too."

"Bagger busted?" asked George, noticing it was still disconnected.

"Oh no," said Harold hesitatingly.

This was George's big chance. "You know," he said, "I've decided to build a better compost bin in the corner of my yard, and if you want, you can dump your grass clippings in it. I could use the grass — my yard

waste is mostly leaves and other stuff."

Harold maintained his poker face, but inside he was delighted. His yard waste problem might be solved. It wouldn't cost him anything and he wouldn't have to do any of the work.

But what kind of bin was going to end up in that corner? Harold could see the corner from his dining room window. "Well, that's an awful lot of grass. You gonna have enough room?" he asked, waiting to hear how large an eyesore was going to end up in their mutual corner.

"Oh, sure, there'll be lots of room. I'll build it about five feet square — out of wire fencing, nothing fancy," he said gesticulating — George always talked with his hands. "And when it comes time to turn it, I'll just take it apart and move it over and fork the stuff back again. Gotta aerate that stuff, you know."

All the conversation and gestures captured the attention of the two nextdoor neighbors, who were also out surveying their suburban kingdoms.

"Mornin' George. Mornin' Harold," said Steve, a lanky young father of a mischievous little boy who served as a perpetual concern to Harold.

"Anything going on?" asked Steve.

"Well, I'm just telling Harold about the compost bin I'm going to build there," George replied

pointing to the corner spot. And he proceeded to share the details with Steve and the other neighbor, Bill.

All four neighbors shared a common corner and it wasn't long before Steve turned, jogged back to the house and returned with a brochure.

"Remember this? It's the composting brochure from the DNR guy. It says we can make really great compost for mulch in a real short time if we have a series of three or more bins," he said.

"What's this we business?" mumbled Harold as everyone crowded around to look at the diagrams.

"You know," said Bill, "If each of us had a bin in the corner, we could cycle the stuff through really fast. I would be interested in having some of the mulch to put around the landscaping — it'd save me a fortune in those little cocoa bean shells I've been buying. And with four bins they could be smaller and less noticeable."

That got Harold's attention. "Maybe," said Harold. "But look at all the layers of stuff we're to have." He pointed to the brochure and Steve read aloud:

"Three to four inches of chopped brush at the base for air circulation; six to eight inches of leaves, grass clippings, sawdust, even kitchen scraps — no meat though."

Harold's son-in-law Rod

arrived and silently joined the group.

"A sprinkling of soil; two to three inches of manure..."

"But what about the smell? I'd rather use plain old Fertilizer," said Bill.

"What could be plainer than manure?" chided George.

"If it's the nitrogen we need, maybe we can use some of the extra chemical fertilizer I have," suggested Harold.

"Well, okay. Then what?" asked Bill.

"Then, add a four- to six-inch layer of straw, scoop out a basin for rainwater, wet it down and wait about three weeks. If the compost pile is working right, the heap will heat up to between 140 and 160 degrees in about a week and begin to settle. The volume will shrink by half. It says then we need to turn it and thoroughly mix the pile to add more oxygen," read Steve.

"I didn't think it was so complicated," said George. There was a distinct feeling of disappointment in the group.

"Sounds like a lot of work to me," said Bill.

"I've just been dumping sticks, leaves, grass and weeds in the pile and letting the rain keep it wet," said George.

"That works too," said Rod. "All you really need is a 50-50 mixture of grass and leaves."

He went on to explain that the pile only needs to be damp and that if you turn it every month or so, it will naturally heat up. Then the microorganisms will do their job and in three to four months you'll have the greatest, cheapest compost for mulch and soil enrichers you'd ever want to see.

"My mom's been doing it for years for her garden because there's so much clay in the soil. She just mixes it with the garden soil and you should see the flowers and vegetables now! It's really very easy," said Rod. "Or you can build a state-of-the-art compost pile as the brochure describes — the decomposition is just much faster."

"Can we use a chemical fertilizer?" asked Bill, recognizing Rod's apparent expertise and still worried about using manure.

"Sure, 10-10-10 fertilizer or bloodmeal will provide the nitrogen needed to speed up the decomposition process. But make sure the brand you choose doesn't have a herbicide in it. And you can use manure. If you turn the compost the manure won't smell."

"Well, what do you think?" asked George. "If we all work on this together we'll solve our own yard waste problem and end up with some good compost for all kinds of things. I'm willing."

"I'll help you build four small bins," said Bill.

"I'll help too," said Steve.

"Well, I guess it sounds like a good idea," said Harold. "Count me in — for now. But it better not smell, or draw rodents, or look messy."

"Don't worry, it won't," replied Rod. "You'll see."

George and Bill headed off to the hardware store to get supplies. Steve started trimming the dead branches from his highbush cranberry bush, and Harold started cutting his grass on his riding lawnmower — with the bagger attachment attached.

IN TWO WEEKS, CHAPTER 4: "Plenty of mulch for everyone." — Harold and George get ready for winter.

Kewaskum Statesman, Friday, July 21, 1989, Page 19

Boaters Can Help Prevent Spread Of Lake Weeds

With the 4th of July weekend fast approaching and the boating season well under way, I thought I would take this opportunity to re-emphasize safe boat operation.

Each year boating accidents claim over 1000 lives and injure thousands more. Most boating accidents occur on the weekend between 7:00 p.m. and 8:00 p.m. during the month of July. Many of the accidents involve alcohol. It is not against the law to drink while boating, but it is illegal to operate a motorboat if you are intoxicated or impaired.

A common violation while boating is riding on the gunwales or the seat backs while the boat is under way. If you are operating a motorboat, don't allow the passengers to ride or sit on the seat backs or gunwales unless there are railings or guards to prevent passengers from falling overboard. The operator of the boat is responsible for the safety of the boat, the passengers, and any damage the boat or its wake may cause.

Wisconsin waters are shared by boaters, swimmers, water skiers, skin divers, and fishermen. Boats and water skiers must stay at least 100 feet away from a skin diver's flag or any swimmer unless the boat is part of the skin diving operation or is accompanying the swimmer. Motorboats pulling water skiers are required to stay at least 100 feet from any occupied anchored boat or marked swim area on any lake. Remember, you must have a second competent person in the tow boat to observe the water skier and relay signals to the operator.

Another common violation is operating a motorboat within 100 feet of a dock, raft, pier, or buoyed restricted area on a lake at a speed greater than Slow-No-Wake. Slow-No-Wake means the slowest possible speed you can operate your boat and still maintain steering control.

These are just a few reminders to help you have a safe boating experience. If you have questions about boating or boat laws, contact Conservation Warden Doug Bilgo at 533-5041 or 626-2116, or a Department of Natural Resources Office in your area.

Judi Nigbor
Conservation Warden
Trainee

At a golf club in New Mexico, a member returned unexpectedly to his suite to find his wife in the arms of the club's manager, Señor Juan. The outraged husband promptly pulled out a revolver and shot the intruder. The club's golf pro heard the shot and rushed into the room. Taking in the situation at a glance he clapped the husband on the back and enthused: "Bully for you, sir! At last someone around here has made a hole in Juan!"

Local Drivers Compete In the Fast Lane

Bill Walta next to his racey '86 Camaro

Al Varga poses with his '88 Dodge Daytona

Two of the sportsman drivers from this area that compete regularly at the Sheboygan County Fair Grounds in Plymouth are: Bill Walta and Al Varga.

Bill Walta, 38, and his wife, Sue, have three children, Brian 13, Jennie 11, and Steven 9, and reside in Campbellsport.

The good-looking Rander-car chassis which sports a 1986 Camaro body is powered by a Chevy motor. With only four years of experience in the sportsman division, Bill has two notable sponsors on his very distinguishably painted car. They are, Dins Mini-Mart and Garage in Dundee and Pichart's Radiator Service in Fond du Lac. Helping Bill to keep this car race ready are, Ivin Thompson, Dave Dins, Bob Walta, Paul Walta, and Sue Walta.

When he's not racing or working as a systems analyst at Mercury Marine of Fond du Lac, Bill enjoys coaching little league baseball and just spending extra time with his family.

Another sportsman car that stands out among the field of over 60 cars with it's unique body and design is the car

owned and driven by Al Varga of rural Kewaskum.

The car is a 3rd design-Howe chassis with a 1988 Dodge Daytona body. The 42 year old tool and die maker at A.O. Smith in Milwaukee has three years of experience in the sportsman division. Eric Schladweiler and Brian Jung serve on Al's pit crew. The sponsors on this "cute-little-bug" are: Fast Eddie's on Barton Ave., West Bend, and Schladweiler Farms of Kewaskum.

Along with his wife Sharon, and son, Tony (6), Al enjoys having a hobby farm and doing some fishing when time permits.

Take a Saturday night off from your busy schedule and come to the races in Plymouth to see these and over 140 other cars and drivers as they compete on the quarter mile clay oval track.

You will see a full card of modified, sportsman and hobby stock races, plus different special events planned after the regular program. On July 22nd a demolition derby will be held. All racing events must be completed by 11:00 p.m.

LR Trophy & Sportswear 3rd Annual Softball Tourney Held

Teams from Fond du Lac, Hartford, Beaver Dam, Allenton, Milwaukee and Chicago as well as local teams gathered at Kewaskum's Kiwanis Community Park to compete in the 3rd Annual LR Trophy and Sportswear Softball Tournament this past weekend, July 15 and 16.

The largest Tourney held in Kewaskum drew 17 men's and six women's teams, playing over 50 games on two diamonds in contention for the championship title.

Maxwell's of Cedarburg took the men's title with a 5-1 record defeating Heidelberg's of Jackson in the championship game, 3-2. The Nifty Fifty's - Newburg placed third and Jackson Hair - Jackson was fourth.

In the women's division, Drillmaster of Slinger went home with the championship title, and an undefeated 5-0 record. West Bend's House of Heilemann came in second.

Harry Roecker, owner of LR Trophy, received many favorable comments from many of the players and their families. The two concession stands were busy all day pumping out lots of food and refreshments for the large crowd, and families enjoyed using the pool, picnic areas and playground. The few sprinkles of rain Saturday did nothing to deter the players and fans, and plans are in the making for an even bigger tournament next year.

Jayvees Split Four Games, But Remain in First Place

By Dennis Butz

In the past two weeks the JV's split four games, but still managed to stay tied for the conference lead with an 8-1 record (9-2 overall).

In a non-conference game, Campbellsport handed the Indians their first loss, 10-9. The Indians started out hot, taking a 9-0 lead before the Cougar bats came alive to score ten runs in three innings. Chad Cook and Dave Powers led the Indians with three hits each.

The Indians' second loss came from Howards Grove by a score of 4-2. The JV's usually hot bats went dead as they managed only four hits. Chad Cook and Shawn Schneider combined to throw a four hitter, but Indian errors gave way to three unearned Howards Grove runs.

The JV's managed to get back on track with a 10-4 win over Fredonia. Chad Cook had a big night at the plate going four for four. Shawn Schneider, who pitched a four hitter for the Indians, also had a good game at the plate going two for four with a triple and two rbi's.

On Monday, the JV's played their biggest game of the year against second place Plymouth and managed a big 7-6, 11 inning win.

After seven innings both teams were deadlocked at 4-4. Plymouth managed to score a run in the tenth, but the JV's refused to lose and managed to score a run after two outs. Plymouth scored another run in the eleventh but the fun was just starting. Brian Dobke led off the inning with a walk and stole second. After a strikeout, Rob Kertscher hit a towering 380 foot triple to center. One pitch later Russ Bielaga laced a double to left to score Kertscher and end the game. The Indian

pitching trio of Cook, Schneider and Dave Powers managed to keep a hot-hitting Plymouth team off-guard all night. Jason Krahn had a good night at the plate going three for six.

On Wednesday, July 19, the JV's travel to Random Lake to play the co-leading Rams. The Indians last game is a make-up on Thursday, July 27, at home in what could decide the conference championship. Hope to see you there!!

2nd Annual State Horseshoe Tournament to Be Held Here

The 2nd Annual State Horseshoe Tournament will be held in Kewaskum July 22 and 23 at Kewaskum Kiwanis Community Park, sponsored by the Kewaskum Monday Night Couples League and the Men's Wednesday Night League. Over 100 entries have been received from throughout the state.

This weekend event will be open to the public, Saturday and Sunday, 8 a.m. to 8 p.m. There will be an information booth located at the horseshoe pits. Coffee and donuts will be available in the morning, with

HON-E-KOR LADIES ASSOCIATION

On Wednesday, July 12, Judy Moede won the Day Event, which was the "longest putt on #10."

The Class Event was "two ladies best ball." The winning team of Jan Leverenz and Joyce Meinberg came in with 28. Shirley Lemler was the 18 hole winner with 67. Fran Rohlinger and Corliss Fassbinder won at bridge.

Carole Timblin, Publicity

brats, hamburgers, BBQ, beer and soda served throughout the day.

For out of town entries, camping is available at Timber Trail, Mauthe Lake and Long Lake.

The Tournament would appreciate volunteer scorekeepers. They will be paid 50c a game. For information contact Rob Struebing at 626-2018.
