With the many flocks of geese flying south recently, have you ever wondered why the line of formation on one side is always longer than the other? It's because there are more geese flying on that side.

## KHS Student Council Raises \$500 For Hurricane Hugo Disaster Fund

Jackie Wicklund, left, head of the Red Cross Chapter of Washington County, receives mock check from Tina Keller, center, President of the Student Council, as Dave Dillman, right, looks on.

The student council at KHS didn't only watch the tragic disaster that devastated the nation, they DID something about it. In the aftermath of Hurricane Hugo, the Student Council organized a "disaster relief" fund-raiser in which they raised over \$500.00 which they donated to the Red Cross to help the hurricane victims.

The fund-raiser ran from Nov. 6th - 10th and each class was challenged to see how much they could raise. The only way they could earn points was by turning in pennies which counted as one point. The trick to the fund-raiser was other classes could put nickels, dimes, quarters, or dollars into your class fund which would turn

into the value amount against that class. Student Council Advisor Ken Soerens noted, "It was interesting to watch the classes plot against

each other to try and win. By Friday, some \$5.00 bills were thrown into the leading class funds in hopes

## Kewaskum School District Policy For Emergency School Closings

District Administrator Dr. David Heather has released for publication the current policy to be utilized when school is to be called off.

As in past years, radio stations WBKV (West Bend), KFIZ (Fond du Lac), WHBL (Sheboygan), and WTMJ (Milwaukee) will be used to announce school closings because of bad weather or other emergency situations.

When school is being called off in the morning, the announcement will be on the air as early as possible. When school has begun but weather is bad, or turns bad, it is advised that parents, guardians and other responsible parties listen to one of the radio stations

during the day for possible school closing announcements. The district is very hesitant about closing school during the day because we are concerned that parents or others may not be home when children arrive. Sometimes, however, this becomes necessary to avoid excessive problems with getting students home on busses at a later time of the day. Every effort will be made to announce school closings during the day - at least an hour before we dismiss the students.

It is important to remember that if school has been cancelled it means that all activities for that day will be cancelled and rescheduled as necessary.

## WINTER PARKING

The Winter Parking Restrictions and Snow Emergency Parking Restrictions go into effect on December 1, 1989.

Municipal Code Section 7.04(3) Night Parking Restrictions, reads as follows: Signs have been erected at or reasonably near the corporate limits as provided in Section 349.13, Wisconsin Statutes, no person excepting physicians or licensed emergency vehicles on emergency calls, shall park or stop any vehicle on any public

street or highway within the village between the hours of 2:00 A.M. and 6:00 A.M. from December 1, to April 1, of each year; provided that, notwithstanding such restrictions vehicles may be parked a period of time not longer than 3 minutes for actually loading or unloading of passengers, and provided further that no other regulation restricting parking as to place, time, or manner violated thereby.

## State Land Grassfire Under Investigation

Photo by S. Callaway Roznik

By GERRY MUELLER  
Statesman Staff Writer

A grassfire which burned approximately 90 acres of state-owned land in the Jersey Flats area near New Prospect is still under investigation according to Walt Adams, Superintendent of the Kettle Moraine State Forest, Northern Unit.

Adams stated Tuesday the fire, which began after 6:30 p.m., Sunday night, "was of a suspicious nature." "There were reports that persons in the area heard an explosion shortly before the fire was discovered," said Adams, "however we have found nothing so far to substantiate that may have been the cause."

Adams said the Department of Natural Resources was continuing to investigate the fire which burned a large section of a prairie development. "We were fortunate that natural barriers such as some plowed fields and the river held the fire in check allowing firefighters to put out the fire," said Adams.

Campbellsport Fire Chief Phil Hahn said his department received the initial at 6:40 p.m., and it then called for mutual aid from the Eden and Kewaskum Fire Departments. DNR personnel also assisted in battling the blaze which started along Highway G, about 1/8 of

a mile north of the intersection of Highways G and SS. The fire then began burning its way north through the Jersey Flats.

Hahn said when his department arrived on the scene flames were shooting into the air taller than a barn. "We were lucky the fire dropped down into a low area as it burned," said Hahn, "that cut down the affect of the strong winds and allowed us to get the fire under control." Hahn said his biggest concern was that the fire would get across Highway G, and start burning up into the hills to the west. I received calls that the flames could be seen as far away as Campbellsport, noted Hahn. Several Kewaskum residents said they noticed the bright light in the sky in the north when the fire was at its peak.

After the fire was extinguished firemen searched the area for clues as to what might have started the fire. We thought maybe it was a hunter's discarded cigarette or possibly some grass ignited when a hunter warmed up his car, said Hahn. We didn't find any tracks and it was very dark so the DNR decided to continue the investigation the next day, he noted.

Firefighters were on the scene for approximately 1 1/2 hours.

### Ms. Baenen Makes Return Trip to Talk To KMS Parents

WANTED: Parents of Middle School Kids.  
WHERE: Kewaskum Middle School.

WHEN: Wed., Nov. 29 - 7:30 p.m.

Reward: Every parent attending the talk, given by Judith Baenen, entitled "How To Motivate the Middle School Kid Without Playing the Electrical Guitar," will receive, free of charge, an evening filled with valuable information on how to reach those sometimes "distant" middle school students. If you are a parent of a Middle School kid, this is one evening you won't want to miss! Please join us!

Steve Gerhartz

Steve was inducted into the National Honor Society as a junior. He has been on the basketball and golf team for four years, and the football team for two years. Last year he was voted MVP for basketball. Steve was named "outstanding artist" as a junior and received an award at the conference art show. He was also on both the Homecoming and Prom courts.

### Raise \$500

(Continued from Page 1)

to get them in the negative." The senior class had a unique strategy and saved 6,500 pennies to put into their fund by Friday. Although they didn't win, it was an interesting attempt. In the end, the Junior class won with 2931 points, followed by the Sophomore class with 1304. The Junior class wound up with 950 points while the Freshmen class was in-the-hole with minus 845 points. The sophomores turned in 1,008 pennies to win the fund-raiser.

Said Advisor Soerens of the fund-raiser, "We really wanted to do something for the disaster victims that would get the kids involved... it was great to see such school excitement generated for this humane cause."

Rick Zugel, left, Southeastern Field Sales Manager for Regal Ware, Inc., delivered 50 commercial-size coffee makers to American Red Cross officials in Charleston, South Carolina, for use in relief centers established for those left homeless by Hurricane Hugo recently.

KEWASKUM, Wis. — Regal Ware, Inc. donated 50 commercial-size coffee makers to the American Red Cross. The coffee makers were used at centers and schools housing the Charleston, S.C. area residents left homeless by the destructive passage of Hurricane Hugo.

The electric coffee makers, each capable of brewing 101

cups of coffee at a time, operated on generator power since 15,000 miles of electrical wires were downed.

Because of uncertain trucking schedules and the urgent need, Rick Zugel, Regal's southeastern field sales manager from Tucker, Georgia, personally delivered the coffee makers to the Red Cross distribution center in Charleston. Zugel commented, "Everything I'd read or heard about the damage done in these areas was true. The hot coffee was especially welcome since a cold front followed Hurricane Hugo."

Regal Ware, Inc. is a multi-

plant manufacturer of quality cookware, portable electrics and microwave ovenware headquartered in Kewaskum, Wis.

Gentlemen:

In your issue of November 10, 1989, the picture of the Honor Roll, Village of Kewaskum, should have been captioned as an incomplete list of Kewaskum's World War II servicemen and women.

The name of Alois (Al) Wietor was omitted. He entered the Marine Corps in 1943 from Kewaskum. After an honorable discharge he returned to Kewaskum to re-open his barber shop.

Perhaps there are others who were not listed either.

Very truly yours,

## West Bend Gallery December Exhibition

The holiday season is one of the most enjoyable times of the year to visit the West Bend Gallery of Fine Arts. An annual favorite among our local visitors is the December Washington County and Membership Christmas Exhibit which will be held in the upper galleries from November 29th - December 30th. This popular exhibition displays the non-juried work of Washington County residents and gallery members. On exhibit is a variety of fine and decorative arts created by artists from a wide range of artistic backgrounds. Much of the work exhibited will be available for sale.

Also on exhibit will be the Southeastern Wisconsin Artists Guild in the lower gallery. The Southeastern Wisconsin Artists Guild, commonly referred to as SWAG, is an organization of 25

artists who work in various media. They are professionals and semi-professionals. At the present time, they include oil painters, pen and ink artists, watercolorists and potters. The purposes of the guild are educational, promotional and social. By meeting with other working artists, ideas are exchanged.

A public reception will be held for all artists exhibiting on Sunday, Dec. 3rd from 1:30 - 4:00 p.m.

The gallery is located at 300 South 6th Avenue, West Bend. Open hours are Wednesday, Friday, Saturday and Sunday 1:00 - 4:30 p.m. and Thursday 12:00 noon - 9:30 p.m. There is no admission charge.

Weekly Health Tip

From Tom Kennelly

**HEALTH PROGRESS**

The death rate from stroke has declined from 89 per 100,000 people in 1950, to 34 in 1984 - with an unusual annual decline of 5.7% since 1973. Medical care has improved. But public awareness and better living habits - non-smoking, reduced fat and cholesterol in the diet; more vegetables, fruit and whole grain bread and cereals, also exercise, are responsible for lowered death rates from heart problems, as well as stroke. Cooperate with your medical team by having a healthful lifestyle.

 THANK YOU FOR YOUR CONTRIBUTION

Regal Ware Inc. has agreed once again to establish a matching pledge program for the 1989-90 school year to benefit Kewaskum Youth Scholarships, Inc. The matching pledge will again be that Regal Ware will contribute \$1 for every \$2 raised by KEYS, Inc. during this period with a cap on this donation of no more than \$2,500. Regal Ware and KEYS hope that this matching program will encourage more broad based support from the community and the alumni. In order for KEYS to receive the maximum donation of \$2,500, KEYS needs to raise \$5,000 by this spring. This is where your help is needed. Can we meet this challenge? Can we together raise \$5,000 in order to receive \$2,500 from Regal Ware, Inc.?

KEYS, Inc. is a non-profit organization whose purpose is to raise and invest money and use the interest to provide additional scholarships for Kewaskum High School graduates. All income is used to help provide scholarships. All individuals working for KEYS, Inc. do so on a volunteer basis.

Recently the Board of Directors of KEYS announced that four scholarships totaling \$7,000 will be offered and

presented to this year's graduating Kewaskum High School seniors. Three of the scholarships will be for \$1,000, and the fourth scholarship will be for \$4,000. These scholarships can be used for college or vocational school.

Even with the progress that KEYS has made, the Board of Directors urges continued support. The need for additional and larger scholarships is now more apparent than ever.

All donations to KEYS, Inc. are tax deductible, and all income is used to help provide scholarships. Let's each make a

donation that will assist our youth in their pursuit of continuing their education! Please send donations to KEYS, Inc., P.O. Box 124, Kewaskum, WI 53040.

## Farmington PTO Purchases Playground Equipment

By GERRY MUELLER  
Statesman Staff Writer

Thanks to the hard work and dedication of the Farmington PTO, students at the school are enjoying new playground equipment.

As part of its efforts to get parents, teachers and students working together for the betterment of their school, the PTO took on a major project this year, raising money to purchase \$5,500 worth of new playground equipment.

The PTO held various fundraisers including a recently concluded pizza sale which helped raise funds for the project.

Installation of the equipment, just east of the school building, was completed approximately two weeks ago.

Each year the PTO works on

some type of project which will benefit the students and the school. The playground equipment purchase was one of the largest projects undertaken by the group which FES principal Tom Larsen recently acknowledged as the most active PTO group in the district.

The parade route will begin at the Kewaskum Fire House and continue on Fond du Lac Avenue to the stop lights where it will turn east on Main Street. It will progress on Main Street to Park View Drive, then north on Park View to First Street, west on First Street, and will end at the Kewaskum Municipal Building where the Tree Lighting Ceremony will be held. The theme for this year's parade will be simply "Kristmas in Kewaskum" and everyone, young and old alike, is encouraged to attend both the parade and the tree lighting. There are already over 20 floats tentatively signed up, with various bands, marching units, local celebrities, civic organizations and clubs also participating. The jolly old fellow himself, Santa Claus, will be visiting Kewaskum for the grand finale. This is the first Christmas parade ever being held in Kewaskum. The Chamber of Commerce and the A.A.L. invites everyone to be there and hopefully we can make this an annual event. For more information call Lana Kuehl at 626-2626 days or 626-4518 evenings. ## Christmas Parade In West Bend

West Bend's Christmas Parade Sunday, November 26 promises to be a spectacular event. Floats with sparkling lights in the dusk of the evening will bring to life children's stories and nursery rhymes as the parade celebrates "A Fairytale Christmas." Bands, amplified music, and singing will add to the aura of the season.

Because of the positive reaction of the public to last year's evening parade, the parade will again begin at 6 p.m. One major change is the parade route which begins on South Main Street at Oak Street. It will commence north on Main Street into the downtown area, ending at the Washington House just north of Old Settler's Park. This change was made to avoid crossing busy Highway 33 (Washington Street).

Children of all ages are invited and encouraged to bring parents, relatives, neighbors and friends to the parade. Postal workers will accept letters to Santa along the route. Children will later receive a mailed response from St. Nick.

Santa himself has expressed excitement over being the honored guest at West Bend's parade. He will be on the final float of the hour-long parade. Leading the parade will be Parade Marshal Cap. Paul Hetebrueg who is retiring from the West Bend Police Dept. after 37 years of service to this community.

The parade is sponsored by the West Bend Area Chamber of Commerce.

One of the saddest facts of life is that square meals make round people.

## IN MEMORY

In loving memory of Reuben and Sylvia Schultz.

So many things have happened Since you were called away; So many things you would enjoy.

Had you been here today. So many things to share with you,

Just as we used to do; So many fond, dear memories left,

So many thoughts of you.

Sadly missed by your family.

## IN MEMORY

In remembrance of Judy Gaffke who passed away four years ago, November 24, 1985:

Remembering - dreaming Yesterday we thought of you, And our hearts shed tears. For the memories all but forgotten,

That always were so dear. We wish we could have stopped in time

No room for things to change. We liked them just the way they were,

Now your absence seems so strange.

But really things have not been lost, You're always in our minds.

Someday we'll be a family again,

In a dream of another time.

A Chevrolet owned and driven by William F. Schaefer of this village was quite badly damaged over the weekend as the result of a collision with a tractor being driven by Louis Backhaus of the

Town of Kewaskum. The crash occurred at the east village limits of Kewaskum. The tractor owned by the L. Rosenheimer firm had been used by Mr. Backhaus on his farm during the day. He was returning the machine to its owner early in the evening and was traveling west along the road when the Schaefer car approached in the same direction. Because it was dark at the time Schaefer was unable to see the tractor in time to stop his auto and avoid crashing into it. Luckily neither of the men was seriously hurt.

A crew of men has been employed by August Bilgo the past week erecting the foundation for a large addition to his barn in the village. Jos. Weasler and sons of West Bend are doing the work. The addition, which will be about 39 x 49 feet, is being built onto the rear of the present barn. Mr. Bilgo has purchased a barn in the country, which will be transported here and erected on the foundation.

Mr. and Mrs. John Roden and family attended the birthday party given for Joe Schiltz at his home at East Valley on Sunday evening.

A happy family circle was suddenly filled with grief on Thanksgiving Day Thursday, Nov. 23, when Mrs. Jacob Bruessel, Sr. one of the Town of Kewaskum's most widely known and loved women passed away at St. Agnes Hospital, Fond du Lac, just 12 days after undergoing a major operation for an embolism. Mrs. Bruessel was on the road to recovery when she was stricken with another embolism on Wednesday which resulted in her demise.

Application for a marriage license has been made by Clarence Galabinske, R. 2, Campbellspport, and Mildred Kertscher, R. 2, Kewaskum.

Sometime during Thursday night either a burglar or burglars entered the Rosenheimer store and helped themselves to various articles. Entrance was made through a cellar window. The exit was made through a rear window on the main floor. Of the articles stolen were two revolvers about ten good pipes, two boxes jack knives, several good purses, a plush lined coat, \$6.33 in cash from the cash register and several other items amounting in all to about \$100.

Anton Herriges, son of Mr. and Mrs. Joseph Herriges, St. Michaels, had a narrow escape from being fatally injured last Monday. The young man was working close to a gasoline engine when suddenly the crankshaft of the engine caught in his clothes. It wound up rapidly and finally the young man was swung around the shaft several times. The clothes

were torn off his body, but not until after the young man's head struck the platform of the truck upon which the engine was mounted. The injuries received were a fractured lower jaw in three places, so badly that one piece of bone had to be removed. He also had his collarbone fractured and was badly bruised otherwise.

While Mr. Hiller was threshing clover seed at Mr. Rudolph's at Fillmore last Tuesday a fire started and burned both the barn and machine.

# Indian Boys Win Opener

The Kewaskum Indians Boys' Basketball team used a couple of offensive spurts and some clutch free throw shooting in the second half to hold off a determined Slinger team Friday night, winning their season-opener against the Owls, 63-59.

The Indians jumped out to a quick 11-0 lead, using an intense and scrappy defense which forced a couple of turnovers by the Owls.

Rich Rattke had the hot hand early in the going, hitting a couple of shots, but then picked up his second foul with about 3:00 left in the quarter.

Slinger used his absence to make a run of their own, scoring 11 unanswered points, after the Indians had taken a 14-1 lead to pull with 2, 14-12, at the end of the quarter. Scott Vespalec scored 11 of his game-high 23 points in the quarter to keep the Owls close.

The second quarter was a seesaw affair as Slinger forged ahead for a two-point lead early but that lead was quickly erased by a three-point play by Indian Steve Gerhartz. Gerhartz also got into foul trouble, however, and took a seat on the bench with over 5:00 to play in the half.

Senior reserve center Chris Schmid took Gerhartz's place and rebounded well, blocking a couple of shots and playing good overall defense. The two teams struggled offensively in the final minutes of the half, with neither taking a big lead, and the Indians held a slim 30-28 advantage at the half.

The second half started out as the first ended, sluggish.

Turnovers were at a premium in the third quarter with 16 being overall, 10 by Slinger.

The Indians didn't cash in on the Owls' sloppy play, however, and Slinger snuck out to a 3-point advantage midway through the quarter. Sophomore Chad Cook hit a pair of free throws for the Indians to cut the lead to one, and then Gerhartz and Brian Leitheiser both hit a pair of free throws in the last 12 of the period to give the Indians a 45-42 cushion at the end of three quarters of play.

In the fourth quarter, Leitheiser and junior Mark Felix combined on a four-point play to give Kewaskum a 51-44 advantage. Another jumpshot by Leitheiser gave the Indians a ten-point lead, 55-45, with 4:54 to play.

The cushion wasn't large enough, however, as the Owls' Larry Baugniet keyed a comeback, getting a couple of layups off steals and bringing Slinger back to within 2, at 59-57. Gerhartz answered though, with a jumper to make it 61-57, and after a Slinger miss, Leitheiser was fouled intentionally and sealed the victory with a pair of free throws.

Vespalec finished with a game high 23 points to lead Slinger. Gerhartz led a balanced Indian attack with 19 points, while Rattke added 17 points, including 10 in the first half, and Leitheiser finished with 16 points, many of which came in the fourth quarter stretch that propelled the Indians to their first win of the year.

## Indian Freshmen Win; JVs Lose

The freshman boys' basketball team won their first game of the season with a 64-31 thrashing of Cedar Grove in a non-conference tilt. Jim Marx led the team with 16 points, while Matt Schlosser and Andy Dichert each had 8 points apiece and Adam Laatsch contributed 7 points.

The J.V. basketball team lost a tough one to Slinger Friday night, 76-61. The young Indians were down by only a single point at halftime, 36-35, but Slinger came out and put on a 12-4 run to start the second half, and Kewaskum never could catch up. Matt Seiser played a fine game for the Indians, scoring 22 points, while Shawn Schneider added 17 points in a losing cause.

# 20 years of Memories

## OUR ROOTS RUN DEEP IN THE AUTO INDUSTRY

My father's career began on February 1, 1937, when he went to work for my grandfather at Schwartzburg Nash in Milwaukee, and he's been going strong ever since.

### WE'VE SEEN A LOT OF CHANGES OVER THE YEARS.

Back in '37 cars were more of a luxury item than a necessity. No dealerships stocked a large number of cars to chose from. Instead customers could browse through brochures and sample books with swatches to pick out the car that would be made for their order. Once a customer chose the color and material in their car the rest was easy, after all there was only one engine

and transmission type available.

During World War II no cars were being manufactured because raw materials were being used strictly for the war effort. It was a trying time, but the dealership survived by selling some used models they had on the lot, and by buying from other dealers. Even then it was hard to service the cars because of strict rationing. It was after the war that sales boomed.

In 1950, my grandfather decided to give up the Nash

line in favor of a Chevrolet franchise.

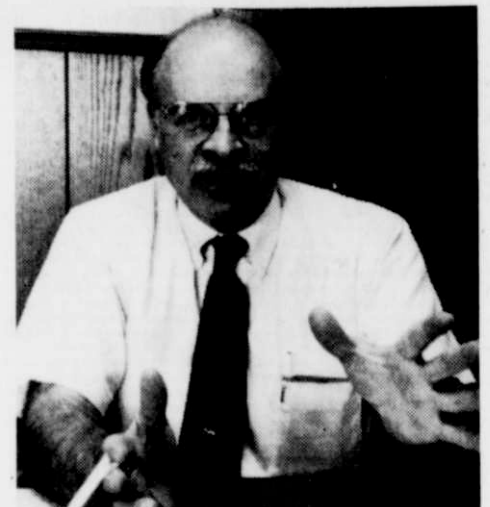

In late 1969, my father and I moved our dealership to West Bend, where we took over the former John Wicklund Oldsmobile dealership at 319 South Main St. In 1984 we moved to our new showroom at 2620 W. Washington St. and added

the full line of Chevrolet cars and trucks. Recently we added the new GEO line to our growing dealership.

Times have changed dramatically in the car dealership business over the years, and we are pleased with the results. Government regulations have taken strict control over manufacturing procedures. Computerized engines, catalytic converters, and most recently the addition of air bags have changed the vehicles dramatically. And due to Japanese influence, American manufacturers have learned to be more competitive with quality and performance.

For Dad & I though, it has always been a business of people, service and committment. We would like to thank all our customers past and future for "Dealing with Schwartzburg".

## Our Sales Staff May Have Changed...

But our philosophy of sales and service has remained the same. We are a neighborhood dealer and we are determined to provide fine quality cars and trucks at a great value. After all, this is where we live, where we work and where we deal, it's our home.

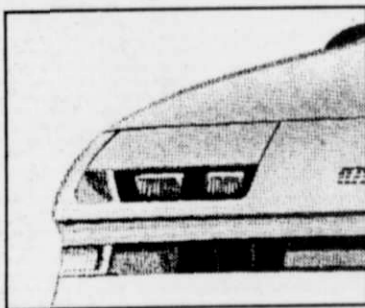

Every time we see a car or truck with our name on it we want to know that a satisfied customer is behind the wheel.

# Service

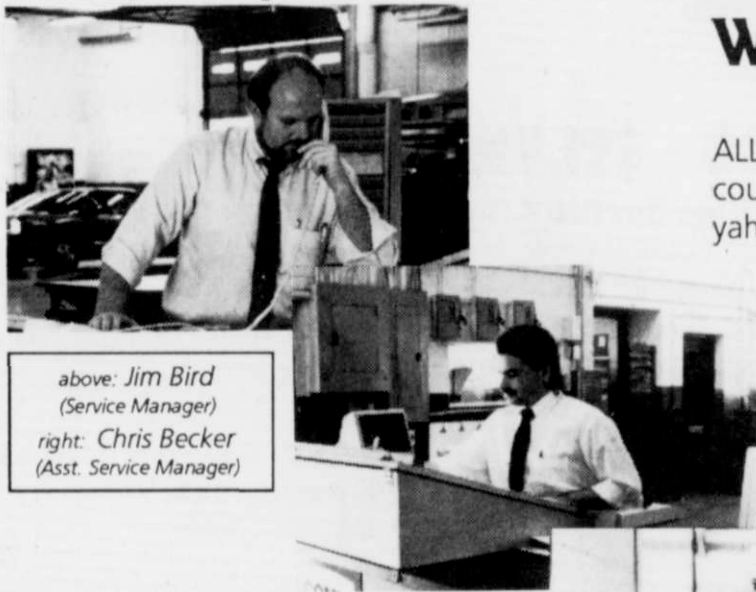

*We have the experience, the tools  
and the parts to keep you running right.*

One of our most important goals at Schwartzburg Chevrolet / Olds / Geo is customer satisfaction. Because of that, our parts and service departments are staffed with highly skilled technicians who take part in an ongoing GM training program.

It only takes one look under your hood to see that automotive technology is changing rapidly. I mean, in some models, it's hard to even find the spark plugs and getting them out and servicing your car or truck has really come to require special tools and yes, even computers.

My technicians spend hundreds of hours a year learning the right way for the newest cars and trucks to be serviced. I'm proud of our service team and proud of our "Mr Goodwrench" certification.

The next time your vehicle needs service consider my team at Schwartzburg.

## With All The Right Parts

Have you ever heard the claim "One Size Fits ALL"? Or have you ever bought a car part where the counterman said something like... "SURE, it'll fit. All yah have ta do is..."

At Schwartzburg's Parts Department you will find only genuine GM parts that are guaranteed to work right and fit exactly.

Cars and trucks today are being engineered to much closer tolerances than they ever have. They have to be, because they're doing much more work. Don't trust the safety of your car to anything less than genuine GM parts.
