Former Kewaskum Resident's Phy-Ed Kindergarten Students Selected Tops in State Registration

Darcell [Schmidt] Salm

Darcell Schmidt-Salm, Physical Education teacher for the third through eighth grades at St. Mary and Joseph School, Fond du Lac, has been notified that her students have been selected to receive the 1989-90 State Champion Award from the President's Council on Physical Fitness.

Salm, the daughter of Mr. and Mrs. Lewis (Bud) Schmidt, 200 Highway DD, Kewaskum, graduated from Kewaskum High School in 1981 and from the University of Wisconsin - La Crosse, in 1985, with a degree in physical education.

The President's Award is presented to only one per cent of the nation's schools. The Fond du Lac school was chosen because it had a higher percentage of students pass the testing than any other school in Wisconsin.

The honor is achieved by performing in the top 85 percentile in all five of the physical fitness tests. The tests include curl-ups, a shuttle run, one-mile walk/run, pull-ups and V-sit and reaches.

Salm said her students performed well in the tests because they had been working on fitness all along. "That's the secret to our program, the fact that it is based on fitness rather than sports and competition," said Salm. "Sports won't necessarily get you fit. We spend twenty minutes of every class working on fitness. We try to make it fun, we don't call it exercise but activities."

Salm said she had the support of the school's principal Wayne Gracyk, in organizing the program which is based on getting in shape. "We try to emphasize personal fitness. Sports are wonderful but fitness will always be there. If you learn to do it now, you never forget it."

Prior to teaching in Fond du Lac, Salm was a phy-ed instructor in Hartford where her students also won fitness awards.

This year's annual "round-up" for the parents/guardians of all prospective kindergarten pupils in the Kewaskum School District will be held on Monday, February 5th from 8:00 a.m. to 4:00 p.m. and also 4:30 p.m. to 7:30 p.m. to accommodate those unable to come during the day. Registration will again be held on Tuesday, February 6th from 8:00 a.m. to 4:00 p.m. only.

All registrations will take place in the Farmington, Kewaskum, and Wayne school offices. Please register your child at the school in your area on one of the above days. It is not necessary to bring the child while registering.

To be eligible for enrollment in kindergarten, children must have attained their fifth birthday on or before September 1, 1990. Evidence to date of birth, either a birth certificate or a baptismal certificate, must be brought to the office at the time of enrolling.

Parents/guardian of bus pupils will also need their section number and fire number and fill out bussing forms.

Those registering children for next year's term will also receive the necessary health forms. If you know of any new families in the district, please pass this information on to them.

Second Graders Take Next Step Toward Smoke-Free 2000

Up to 48,000 Wisconsin second graders are moving a little closer to their goal of graduating from high school as the "Smoke-Free Class of 2000" (SFC-2000). These youngsters are students at one of 1,300 state schools expected to participate in the second year of the national smoking prevention campaign.

Area schools participating in the program include Kewaskum Elementary School, Farmington Elementary School, Wayne Elementary School, St. Lucas Lutheran School and Holy Trinity Catholic School.

The second graders will take part in a variety of anti-smoking learning activities using a special classroom kit designed for the program by Disney Educational Productions. The kit, featuring Gregory the Dragon and friends, contains a special play, song and other activities which help the children to learn about being smoke-free.

The Smoke-Free Class of 2000 project was developed in response to former Surgeon

General C. Everett Koop's call in 1984 for a smoke-free young America by the year 2000. Sponsored by the Tri-Agency Coalition on Smoking or Health — The American Lung Association, American Heart Association and American Cancer Society — the 12-year nationwide program is designed to give children the information and skills they need to make their own decision to be smoke-free.

"The children are taught to recognize the no-smoking symbol so they know that nonsmokers are protected and can make the choice to be in a smoke-free environment," said American Lung Association of Wisconsin Program Specialist Amy Kinosian, state coordinator of the project.

The program has been endorsed by 14 education and health organizations in Wisconsin, including the Wisconsin Association of School Boards, the Wisconsin Federation of Teachers, the Wisconsin PTA and the State

Medical Society.

A limited number of 1990 classroom kits are still available for Wisconsin schools. Principals who have requested kits should call the American Lung Association of Wisconsin at (800) 242-5160 or (414) 258-9100 in Milwaukee.

County Police Chiefs Will Seek Criminal Charges for Use, Possession or Sale of Controlled Substances

Chief Frank J. Riemer, President of the Washington County Chiefs of Police Association, announced that having recognized the increase, use, and sale of drugs in Washington County, all of the law enforcement agencies, in cooperation with the District Attorney's Office, will be seeking criminal charges instead of the municipal citations for use and possession, or sale of controlled substances.

In this manner, Judges may require jail time as a penalty, instead of only a monetary fine.

In addition, the Chiefs Association is preparing a Countywide Ordinance regarding the sale of drug paraphernalia.

All of the Washington County Chiefs support Sheriff Schulteis in his efforts as coordinator for the MJG (Multi-Jurisdictional Group) Drug Unit, which has served all of our individual communities and intensified drug investigations.

A TAX REBATE IS ON THE WAY

By Tommy G. Thompson

Wisconsin's economy is performing with excellent strength. We've kept state government expenditures in line. Our people are at work with unemployment below the national average for the twenty-second consecutive month. And, as a result, more revenues have come into the treasury that we expected.

This means that we will be able to give Wisconsin taxpayers a well-deserved "dividend" in the form of a tax rebate check this Spring.

I have just asked the Legislature to take immediate steps to enact legislation that will return \$280 million to Wisconsin taxpayers this Spring.

These dollars will be mailed to property taxpayers and renters who filed a claim, for the school property tax rent credit, on income tax returns for the years 1987 or 1988. The maximum check would be \$410, and we expect the average rebate to be approximately \$219.

These dollars are in addition to the state property tax relief, already deducted from the bill given you by your city, village or town.

I am also asking the Legislature for an additional \$92 million which will be taken from state lottery proceeds and made available as property tax relief directly on your December 1990 bill. This portion will represent a permanent change. Property taxpayers, who don't pay state income taxes will benefit from this new state aid, along with the improved Homestead Credit Program that provides substantial tax relief.

I have also recommended \$26 million in additional farmland tax relief be provided to Wisconsin farmers. Wisconsin, at present, provides a special property tax credit on farmland, and these additional dollars will extend this 10% credit to farm improvements.

Because many communities face the challenge of replacing outdated schools, I have proposed \$33 million be provided to school districts across Wisconsin, to assist them in repairing and replacing

aging school buildings. This will ease the pressure on local property tax bills for school purposes, and result in direct property tax savings.

Another \$4 million has been earmarked for the state's levy restraint program. Communities who hold local tax levy increases under 4% are eligible to share these dollars; it's an incentive to budget wisely.

I feel very strongly that these dollars — generated because of Wisconsin economic strength — should be paid to Wisconsin taxpayers and not spent. The productivity of our people has made the accumulation of these revenues possible and property taxpayers deserve to share in the dividends.

I have asked state legislators to give this proposal immediate action when they reconvene this month. It's important they act quickly so the April checks may be calculated and prepared for mailing. It's equally important, you let your elected representatives in the Legislature know how you feel. History has shown, if state

dollars are not returned to the people, they will be spent on new or existing programs!

This is a dividend Wisconsin property taxpayers deserve, and I am hopeful the Legislature will promptly approve the proposal.

Holy Trinity Teachers, Principal Share Their Thoughts on Catholic Schools Week

Catholic Schools can make a difference for the world we build tomorrow. As we celebrate Catholic Schools Week at Holy Trinity Catholic School and as we begin the decade of the 90's we as educators need to have our goals clearly in focus. We see our responsibility as preparing our students for living well in the Church, in society, and in the job market.

Foremost we believe that we need to train students to be respectful, self-actuated, life-long learners. Quoting from some of our faculty members, they say: "I'd like to see every child with an intrinsic desire to learn as much as he/she could," says Mrs. Mary Breuer, Grade 4. Mrs. Jo Anne Schacht wants to be "a facilitator of what I teach." Mrs. Betsy Schill, Grade 2 states, "I believe that every child can learn and be kept enthused." Miss Kristen Karpf, Grade 6, summarizes what is most important to her, namely, "that the students and adults all can work, explore, and learn together and have fun doing it." Commenting about teaching children "how to" learn Mrs. Ellen Coutts, Grade 7 says, "In this way they can become independent and continue the learning process long after their formal

education is completed."

Teachers work to develop independent learners. Mrs. Breuer says that, "I try to provide 'hands on' types of activities where students can be actively involved in their learning process." Moving it one step further, Miss Karpf believes "the future adults of our society must be caring, responsible, able to solve problems and make wise decisions and I stress these characteristics in my classroom."

As a school we believe Religion is an important part of our students' lives ... a guide for how to live. According to Mrs. Mary Breuer, we need to "achieve a continuity between the religious and academic areas." They must "learn to put God first and care for and respect each other," comments Mrs. Diane Gremminger, Grade 3. This is the kind of school environment we strive to build at Holy Trinity School.

Subject areas that will receive emphasis in this next decade are the reading - writing connection, environmental education, computer education, and the meeting of new Math guidelines. In the area of reading - writing Sister Janet, Grade 5 believes that we need to "teach children, not books." Mrs. Betsy Schill has the

children do frequent written tasks, both in writing stories and in the regular subject areas. Mr. Joe Kowalski, Grade 8 has as his goal that students "become less dependent on teachers for information, relying more on teamwork and individual research skills such as library use and computer databases." As a teacher new to the school this year, he went on to make this observation. "Most Holy Trinity students are eager readers and almost all are excellent spellers."

Science education is directing attention toward the environment and it is the goal of the Science program in Grade 5 to 8 to raise an environmental awareness amongst the students causing them to take action to make the world a cleaner and more resourceful place to live.

Computers are becoming an important tool in our lives. Miss Brenda Bauer, our computer teacher, has set these goals for her students; namely, that they become computer literate, be able to find something about the computer work that they each enjoyed and to teach them how to unlock learning for themselves.

We will continue to develop the areas of Music, Physical Education and Art because we believe these are important in

people's lives so that they may live fully and may select enriching and meaningful career choices and leisure activities. Mrs. Ellen Schmid our music teacher, feels it's important that each student is touched with a sense of pride and accomplishment. She believes that "all children should have the opportunity to appreciate music, either by singing or playing an instrument, or dancing or just knowing how to listen to music" ... also by making music an integral part of our school liturgical celebrations.

Holy Trinity School's Physical Education program is organized to teach students the importance of being physically fit and ways of accomplishing and maintaining good physical fitness. Mrs. Gail Filzen, our teacher of P.E. tries to introduce the students to many activities that require physical participation, so that they may choose later in life, activities they enjoy and will actually continue to maintain their physical fitness."

In all education we recognize the importance of parents in the education of their children. Mrs. JoAnne Schacht believes the home environment plays an important part in faith, emotional and social develop-

ment and a child's readiness for learning. Mrs. Mary Breuer reiterates this belief when she says that "Parents play the most important role in their children's education and faith development. If a child sees his/her parents reading, etc. and places a lot of importance on school activities, etc. then that child will have a positive attitude toward school."

So in celebrating Catholic education and affirming Holy Trinity School, we have beliefs, goals and dreams that can make a difference in the way our students live their lives TOMORROW.

Promotions Highlighted at WMMB Regional Meetings

Increased sales. New technologies. Better-informed consumers. These, and more, are the results of farmer-funded dairy promotion programs, according to Sylvia Hemauer, Plymouth dairy farmer and Wisconsin Milk Marketing Board (WMMB) director.

She represents dairy farmers in Kenosha, Milwaukee, Ozaukee, Racine, Sheboygan, Washington and Waukesha counties.

Specific results include:

* Taco Bell, Tombstone Pizza, Hardee's Area VII and other national food companies are now using "REAL" Wisconsin cheese exclusively, and are advertising this fact to their customers.

* Millions of additional pounds of Wisconsin cheese, milk and other products were sold nationwide through promotions at retail grocery store chains such as Kroger, Winn Dixie and Publix.

* Research is seeking new, value-added uses for milk and its components, including milkfat and whey proteins.

* School children across Wisconsin and northern Illinois are learning how to make wiser food choices that include dairy products through the Dairy Council of Wisconsin nutrition education programs.

"Wisconsin dairy farmers, through WMMB, have some of the country's most effective marketing, research and education programs," says Hemauer. "But more importantly, these programs deliver the kind of results we need to help ensure that Wisconsin remains America's Dairyland." She invites fellow dairy producers to hear more about their promotion results, as well as the challenges on the horizon, at a series of 10 regional information meetings sponsored by WMMB.

During each meeting, WMMB's farmer-director will highlight the progress of Wisconsin marketing efforts, and Will Dahl, WMMB general manager, will discuss how Wisconsin's dairy industry can keep pace with food industry trends consumers' changing needs.

One of the organization's market development experts will also explain how WMMB's regional marketing managers help increase sales of Wisconsin dairy products in major metropolitan areas nationwide. A panel discussion concludes

the day.

All meetings will begin at 10:30 a.m. with registration and conclude around 2:30 p.m. The date and location is:

Feb. 6 - Kewaskum, Amerahn Ballroom, 9480 Hwy. 45 North.

Lunch is provided, so reservations are required. Producers planning to attend who have not returned the registration form printed in the DAIRY UPDATE newsletter, should call WMMB at 1-800-747-9662 at least one week before the meeting.

Today, the Agency is supporting 87 matches and there are a number of potential matches being arranged.

Anyone interested in becoming a Big Brother or Big Sister, is asked to call the Agency office at 334-7896, or stop in at our new office for further information. This is a unique opportunity to volunteer to help a child get the right direction in his or her life.

Pike Lake State Park To Host Candlelight Ski/Hiking Evening

Pike Lake State Park will be hosting its second annual candlelight ski/hiking evening on Saturday, February 3, from 6 p.m. to 10 p.m. The candlelight skiing concept was initially formulated by the staff at Mirror Lake State Park located near Wisconsin Dells.

The crew assembled several hundred candles out of plastic cups and canning wax. Just prior to the 6 p.m. starting time, the crew groomed and tracks the trail surface and simultaneously lights and places the candles at 30 - 40 foot intervals on the right side of the trail.

The park rangers patrol the trail on skis during the evening for problems and to relight blown out candles. Pike Lake State Park has a warming shelter available with refreshments, a fireplace, and electricity so skiers are encouraged to bring cookout items and spend the evening picnicking and skiing/hiking.

A state parks admission sticker is required for each vehicle entering the park and will be available at the entrance gate.

For further information call Pike Lake State Park at 1-644-5248 during regular business hours of 8 a.m. to 4:30 p.m.

Area digs out after three snowstorms. Weekend storm leaves eleven inches as mercury plunges to 20 below. The grass was visible and there was very little snow covering the ground so far this winter until this area really got clobbered by three snowstorms the past week. The storms came like Papa Bear, Mama Bear and Baby Bear - huge, smaller and small. Papa Bear came Friday and Saturday and left close to 11 inches of snow on the level ground. It was one of the biggest storms since 1962. The storm was preceded by rain and sleet, making it very slippery underneath and freezing windshields. Not to be outdone, Mama Bear came along Monday night and left three more inches of snow on top of the heavy blanket of the weekend. Then Baby Bear had to get its two cents worth in Wednesday night with another snowfall of about one inch which blew around enough to make more shoveling and plowing necessary. To add frosting to the cake subzero weather followed the storms on Thursday and Friday. It was bitterly cold, with the thermometer plunging to 20 degrees below zero Friday morning for a near record.

In memory of LILA LARSON who passed away 20 years ago, Feb. 4, 1970.

Do not stand at my grave and weep.

I am not there, I do not sleep. I am a thousand winds that blow.

I am the diamond glints of snow.

I am the sunlight on ripened grain.

I am the gentle autumn rain. When you awaken in the morning's hush,

UWWC Students Being Trained by IRS to Assist County Residents

Nine students at the University of Wisconsin Center - Washington County are being trained by the Internal Revenue Service to help Washington County residents fill out their tax forms.

All of the students are business majors and have had one or two accounting courses. Jeff Walters of the IRS is training them at two all-day Saturday sessions to become part of the Volunteer Income Tax Assistance (VITA) program.

Following the completion of the training on Feb. 3, the volunteers will staff a once-a-week information center at the West Bend Memorial Community Library. Center hours are 6:30 to 8:30 p.m., Thursdays, from Feb. 15 through April 15.

VITA was established by the IRS to provide assistance to taxpayers who cannot afford professional tax assistance. The program also has proved helpful to the elderly, handicapped and non-English speaking groups.

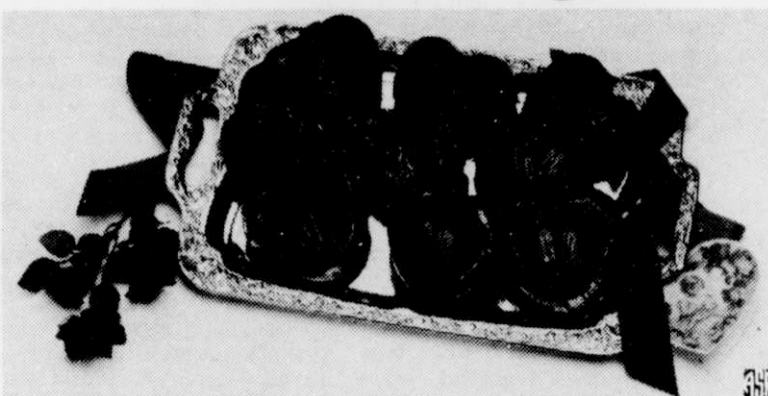

Volunteers will focus on filling out basic Forms 1040, 1040A, and 1040EZ.

According to the IRS, taxpayers visiting a VITA site should bring along this year's tax package, wage and earnings statements (Form W-2) from all employers, interest statements from banks (Forms 1099), a

Valentine's Delight

Valentine's Day and chocolate - a natural combination. So, if you're looking for a special way to say "Happy Valentine's Day," say it with something homemade - and chocolate! Heart-shaped brownies are perfect.

Thanks to Wilton, baking individual serving heart-shaped brownies and cakes is easy. The heart minicake pan bakes six heart-shaped brownies or cakes at once.

Use a packaged mix or your favorite from-scratch recipe, and splurge. Add chopped toasted pecans or almonds to the batter before baking. For best results, fill the pans, which have been coated with nonstick vegetable spray or solid vegetable shortening, about 2/3 full with batter. Allow brownies to cool about 10 minutes before removing from the pan.

For a dazzling presentation, drizzle the brownie hearts with melted chocolate and garnish with a chocolate rose or small chocolate leaves. Whole pecans or other nuts will also add a festive touch.

To serve, arrange the hearts on a pretty tray, accompanied by whipped cream-topped coffee or a glass of champagne. Your "special Valentine" will be impressed.

The heart minicake pan retails for about \$8.99. Look for it wherever cake decorating supplies are sold. Pan may also be ordered directly from Wilton, Woodridge, Illinois, 60517, or call toll-free 1-800-772-7111.

Election is coming up in the near future. Some of the same people that were on our County Board are running for office again. They talk about saving money for tax payers. Let me tell you that instead of paying a good Pharmacist a bit more money and keep him here they decided to have a Pharmaceutical Service from Milwaukee bring drugs out here to Samaritan Home. So the home had to have new medicine carts to the sum of about \$2,000.00 each, three on each floor, new cupboards built in Nurses station so for the same meds my price was \$103.00 more for a month and mostly generic pills. Does it make sense to you? My husband's family and my own family and my husband and I paid taxes in Washington County all our lives. Thank God I could take care of my husband at home for two and a half years. A County nurse stopped by once a week and a doctor came to the house. It will be thirteen years in April that he passed away. Am still friends with two of the nurses after all these years. My doctor wouldn't let me live alone and I had no choice so am here at the Samaritan Home one and a half years. I thank God I'm able to take care of myself except when I need oxygen, and the nurse gives meds.

The nurses and nurses aides work very hard and they don't get any raise. But the County Board increased their own wages. I can see what goes on even tho' I'm in my room 99% of the time. They've all been very good to me, but it hurts me to see how hard they have to work. If I could only help them.

Weekends, and holidays, they are so short of help. Why? Because they won't hire for 40 hours or more so they don't have to pay insurance benefits.

I guess I've said enough. So far I still am able to pay bills but my savings and money I got for my home will all be gone and I'll be on Title 19 like most of the

people are.

The man who is the head of Samaritan Home Committee (I don't know how he got the job, I'm told he's not elected) but he is the one who won't budge an inch to give all the hard workers here a raise. Nurses, nurses aides, cleaning ladies, cooks, etc. But he sees to it that he gets a raise. I wish him no harm but what he sends into the lives of others, come back into his own.

RURAL CARRIER

The Rural Carrier register is used to fill Rural Carrier Associate (RCA) vacancies. An RCA employee is entitled to employment and compensation only in the absence of a career regular rural carrier. This could involve working one day each week, one day each two weeks or only filling in for the regular Rural Carrier when that carrier is on leave, depending on the classification of the route. The hourly rate of pay for RCAs is \$10.77. RCAs are not eligible for health or life insurance or the Federal Employees Retirement System (FERS). RCAs with service in excess of one year as an RCA will be eligible to bid on full-time Rural Carrier vacancies at the offices where they are employed and for vacancies posted within the Management Sectional Center.

Position requires ability to sort mail into delivery sequence, load mail into vehicles, including parcels weighing up to 70 pounds and delivery of all mail and parcels to the designated addresses. It requires the recording of information and changes of address, maintenance of reports and forwarding of mail where required. Carriers must have a valid state driver's license and must demonstrate a safe driving record and pass the Postal Service Road Test to obtain the required type of Government Motor Vehicle Operator's Identification Card. They must furnish and maintain at their own expense vehicle equipment necessary for the prompt handling of the mails, but are given an equipment maintenance allowance based

on the daily mileage scheduled, or a minimum allowance per day, whichever is greater.

Eligibility for this examination is limited to two years unless after eighteen months, applicants request to have their eligibility extended for an additional year. Applicants whose eligibility has expired must reapply to compete for a standing on the new register.

"I do not want to give the impression that we will be hiring great numbers of people in the coming months," the postmaster said. "I anticipate approximately three vacancies will occur in the next two years that will be filled by hiring people from the Rural Carrier register. We need qualified people who will be willing to accept employment, and we want to offer people in the local community the chance to compete for these openings by signing up for and taking this examination."

Postmaster Beesten explained that those wishing to take the examination could apply by completing an application card at the Kewaskum Post Office, Kewaskum, WI, beginning Monday, January 29, 1990.

The postmaster further explained that applicants need only apply at one office within an AREA as the exam may be taken only ONCE per area.

West Bend Savings Posts Record Year

West Bend Savings reported excellent 4th quarter earnings and a record fiscal year which ended December 31, 1989. Richard A. Larson, president and chief executive officer said that despite the fact that banks and thrifts in many parts of the country are reporting lower earnings, West Bend Savings' assets, earnings, deposits and reserves all reached new record levels. Larson added that the Association was proud to continue their leadership position in residential home lending while noticing only negligible loan delinquencies.

The Association's 4th quarter earnings before taxes were \$312,339 and 1989 annual pre-tax earnings were \$958,573. The association paid taxes of \$277,575 for net 1989 earnings of \$680,998. West Bend Savings increased its reserves to \$7,356,219 or 6.1% of assets and over 10.4% of risk-based assets. Larson indicated that both reserve totals were well above state and federal requirements.

Larson added that the Association has followed a conservative, locally oriented investment policy throughout

the years, stressing safety and sound earnings over rapid growth. Despite a conservative growth policy, the 63 year old institution increased its assets to a record \$121,400,441. Service Corporation income from affiliates and subsidiaries accounted for 16% of the Association's 1989 income.

Panzer Changes Capitol Offices

Late last week Representative Mary Panzer's (R-West Bend) office and staff moved to a new location in the State Capitol. Due to the extensive renovations which will take place at the Capitol this year, all legislators occupying offices in the North Wing were asked to move to other locations. Panzer can now be found in Room 131 South of

the State Capitol. Her mailing address remains P.O. Box 8953, Madison, WI 53708.

With the commotion of moving, goes the cumbersome task of transferring every office phone line. Unfortunately, Panzer's office was left without phone service for several days during this process. If you placed a call to her office which has not yet been returned, please call again. Her phone number in Madison is still (608) 266-8551.

Minutes of Village Board Meeting

At 7:55 p.m. the candidates for Village Trustee to be elected at the Spring Election in April drew for ballot position. 1) Joseph D. Gitter 2) Thomas McElhatton 3) Gary Gavin 4) Larry Williams.

Mid-Monthly Meeting
January 22, 1990
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Paul Blumer presided. Trustee Kenneth Bonlender asked to be excused and was absent, all other Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee Larry Williams, seconded by Trustee Richard Schlice and unanimously carried by voice vote, the minutes of the January 8, 11 and 18, 1990 meetings were approved as printed.

Mr. Elmer Hallen and Mr. Lee Kempf from the Robert G. Romaine Legion Post were present along with 16 members of the Kewaskum XYZ Club to request the Village Board for a donation/contribution of \$20.00 per week to provide housing at the legion club house. The Board discussed three options: 1) Contribute the \$20.00 per week or \$1,040.00 annually. 2) Make arrangements for the senior citizens to utilize the community room and possibly the council room. 3) Check into the possibility of allowing the senior citizens the use of the meeting room at the fire house. The consensus of the Board was to allow them to use the community room and to check into the possible use of the fire house. The administrator and senior citizen representative are to work out the details.

Dennis Thornton addressed the Board regarding the upcoming Spring Primary.

Chief of Police, Richard L. Knoebel informed the Board that the police department will begin a Liaison Program at the high school to promote community and public relations.

Administrator Daniel S. Schmidt reviewed a variety of correspondence with the Board as follows:

1. The Trustee advertisement.
2. Property tax relief and use of lottery money.
3. Review of some brief correspondence.

On a motion by Trustee Richard Schlice, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the Board approved the application for an operator's (bartender's) license upon proper payment of fees and authorized the office to issue said license as follows:

Bernard Strobel, Kewaskum, WI

Note: The Police Department had no objection to the application.

It was noted that in spring a flyer may be mailed out regarding recycling. A notice will be placed in the paper advising village residents that the village encourages everyone to save their newspapers for collection by the Lion's Club the third Saturday versus bringing them to the recycling center.

On a motion by Trustee Mary Krueger, seconded by Trustee Larry Williams and unanimously carried by voice vote, the Board authorized signing the contract with A-1 Service Company, Inc. to provide one portable toilet at River Hill Park, at a cost of \$49.25 per month. This is per the recommendation of the Park and Recreation Committee and was the low proposal.

Administrator Daniel S. Schmidt informed the Board that the preliminary resolutions for Bonnie Lane and northern Fond du Lac avenue Water and sewer proposed projects will hopefully come to the Board in February. Also that the 1990 sidewalk preliminary resolution will come to the Board in March.

On a motion by Trustee Richard Schlice, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote, the Board authorized the signing of the Town of Kewaskum Fire Service contract for 1990.

On a motion by Trustee Mary Krueger, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote, the Board approved the "Estimates Policy."

On a motion by Trustee Richard Schlice, seconded by Trustee Larry Williams and unanimously carried by voice vote, the Board approved the "Special Assessment Policy."

It was reported that the Park and Recreation Committee and the Village Board have both been following the River

Hill Park sledding accidents. Action has occurred regarding the removal of the snow jump as in the past. The area used by sledders is clear of obstacles contrary to some reports. Review of a number of alternative actions is being looked at, but no fault was found, so the situation will continue to be monitored at this time.

On a motion by Trustee Mary Krueger, seconded by Trustee Richard Schlice and carried by the majority roll call vote the Board adjourned the meeting. Roll call vote was 5 "Aye," 0 "Nay," 1 "Absent."

VOTING BY ABSENTEE BALLOT

Any qualified elector, unable to get to the polling place on election day for any reason, may ask to vote by absentee ballot. A qualified elector is a person who is a U.S. citizen, who will be 18 years of age or older on election day, who has resided in the ward or municipality where the person wishes to vote at least 10 days before the election. If the voter resides in a municipality which requires voter registration, then registration is also required for the voter to receive an absentee ballot.

To obtain an absentee ballot, the voter should contact the clerk of the city, village or town in which the voter resides. A written request must be made by the voter for the absentee ballot. If the voter contacts the clerk by telephone the clerk will send the application form to the voter. If the voter requests an absentee ballot by mail, a written request, signed by the voter which indicates that the voter resides within the municipality, will be honored. Written requests may be made beginning six months before the primary election. The deadline for receipt of the written request by mail is 5:00 p.m. on the Friday before the election. If the voter goes to the clerk's office to complete a written request, the request must be made no later than 5:00 p.m. on the day before the election.

If the absentee voter resides in a nursing home, the absentee ballot will be delivered to the nursing home by two special voting deputies appointed by the municipal clerk. The special voting deputies will present the absentee ballot to the voter and provide assistance in marking or punching the ballot if necessary. At the request of an absentee voter a relative may provide the assistance. After voting in the nursing home is completed, the special voting deputies will return the absentee ballot to the municipal clerk.

With two exceptions, the voter who wants to cast an absentee ballot, must make a separate written request before each election. If a voter is indefinitely confined to his or her home or a care facility because of illness, age, or disability, the voter need not make a request before each election. There is a special statement on the application form which is provided by the municipal clerk which can be completed asking that an absentee ballot be automatically mailed to the indefinitely confined or military voter before each election. If the voter fails to vote and return the ballot sent to the voter, a separate written request for the next election must be made before the voter can obtain a ballot.

A voter who is hospitalized on election day may obtain an absentee ballot by designating another person as the agent for the voter. There is a statement on the application form for this purpose. An application by agent for a hospitalized elector may be made in person at the municipal clerk's office no earlier than 7 days before the election and no later than 5:00 p.m. on the day of the election.

If a voter requests an absentee ballot stating the reason that he or she is a sequestered juror the application can be made no earlier than 7 days before the election, and no later than 5:00 p.m. on the day of the election. If the application from a sequestered juror is received by the municipal clerk after 5:00 p.m. on the Friday immediately preceding the election, the municipal clerk or the clerk's agent will deliver the absentee ballot to the court and the judge will call a recess to allow the voter to cast his or her vote.

The municipal clerk will send the absentee ballot to the voter once the request is received and the ballots are prepared. Absentee ballots are available twenty-one (21) days before the spring primary and spring election. The municipal clerk keeps a public record of all individuals requesting an absentee ballot indicating when the ballot is requested, sent, and returned to the municipal clerk.

An absentee ballot can be voted at home any time after it is received in the mail. An absentee ballot can also be voted in the clerk's office if the voter appears in person and fills out the written request. The voter should make sure that the certificate-affidavit is properly completed and witnessed by two persons. The voter and the witnesses must sign the certificate on the absentee ballot carrier envelope. If the absentee elector receives assistance in marking the ballot, the person providing the assistance must sign the statement on the back of the ballot which provides that the person giving assistance marked the ballot as directed by the absentee voter. The municipal clerk will make sure that the certificate-affidavit is properly completed by the voter when the absentee ballot is voted in the clerk's office.

The completed absentee ballot must be in the possession of the issuing municipal clerk in time for the clerk to deliver the ballot before the polls close on election day. Voted absentee ballots may be delivered in person to the municipal clerk. Any absentee ballot received after the polls close or any absentee ballot where the certificate-affidavit is not properly completed cannot be counted.

To obtain an absentee ballot send a written request to:

Hunter Education Course Offered

Make hunter education a family affair. Ken Stuart, Bill Prost, and Rick Heisler, Wisconsin DNR certified hunter safety instructors, invite all people interested in hunting and recreational shooting to enroll in a Wisconsin Hunter Education Course.

The course will be held each Wednesday at 6:30 at the Sportsman Clubhouse in Elmore, and is sponsored by the Campbellsport Sportsman's Club, assisted by DNR Warden Doug Bilgo.

Students must be 12 years old to enroll (or reach 12 prior to fall hunting season). There is no maximum age, and parents are also encouraged to enroll and participate.

Advance registrations are requested. Please contact Ken Stuart at 533-8470, or Bill Prost at 626-4686, or Rick Heisler at 533-4955 for details. The course fee is \$5.00, and covers all necessary materials. Students must be accompanied by one parent on the first night of the course.

Persons successfully completing the course will receive a distinctive embroidered emblem and a hunter safety graduate certificate. The certificate is valid in lieu of a small game hunting license for one season, and is a lifetime certificate required for hunting in many states and provinces.

Young students certified will also be able to hunt and use firearms without a parent or guardian present at the age of fourteen instead of age sixteen.

Classes will cover responsibilities of hunters, firearms safety in the home and afield, knowledge of firearms and hunting equipment, wildlife identification and management, marksmanship and outdoor skills.

Dr. Anthony Schlaefler of Campbellsport will conduct hunter vision screening tests for all students as a public service. The first class begins Wednesday, Feb. 14.

Turkey Permits Are In the Mail

Those of you who applied for Spring Turkey Permits and were successful should be receiving them any day now. Unsuccessful applicants will not be notified. A one year preference law for unsuccessful applicants was in effect for this year's drawing. Applicants that applied for, but did not receive a spring permit last year were given preference for permits this spring. Spring and fall will be considered separate seasons and the one year preference record for spring applicants will be kept separate from the one year preference record for fall applicants.

Unit 30, the turkey management unit in our area, had 1670 applicants apply for 450 permits or 75 per the six time periods. Thirty percent of the permits are also set aside for landowners which qualify. There were a total of 1220 losers in Unit 30.

Registration stations for the turkey season will be at Din's Garage and Mini Mart, Hwy. 67, in Dundee, and Behr's Bait Barn in Plymouth.

Successful applicants will also receive a list of turkey hunting clinics to be held in the area. These clinics are open to anyone interested. Those in our area include:

Port Lakers Sink Kewaskum

KEWASKUM — The Port Washington Lakers handed Kewaskum its fifth consecutive defeat, 136-112, in Land O' Lakes action here Sunday night. Port's first win enabled them to climb out of the basement and into a tie with Menomonee Falls for fifth place at 1-4.

The Lakers held a slim 35-31 lead after the first quarter and then dunked Kewaskum in the second quarter to lead 68-53 at halftime. Kewaskum made a modest comeback in the third quarter, closing to within 93-80, before the Lakers poured it on in the fourth quarter to win going away.

The Lakers hit 16 of 21 free throws for 76.2 percent, while Kewaskum was 17 of 22 for 77.3 percent.

Keith Salisbury staked out 47 points to lead Port's attack, while Rollie Kitt added 24 and Jack Cattel 18. Brian Earnest led Kewaskum with 38 points, Tony Pirozzoli added 37 and Steve Johnson 15.

Indians Blow Big Lead, Fall to Plymouth, 72-64

PLYMOUTH — If somebody would have given Kewaskum boys' head coach Jim Westphal the opportunity to be leading Plymouth by 17 points at halftime, on the road, and to be able to hold just three Panthers to the majority of the team's scoring for the game, he would have seized the chance in a moment.

But that opportunity would have backfired here, last Saturday, as Westphal's Indians blew a big halftime lead, and eventually lost to the Panthers, 72-64.

The Indians jumped out in a big way, early in this game, exploding for 41 points in the first half, while limiting Plymouth to just 24.

The Kewaskum trio of Steve Gerhartz, Rich Radtke and Mark Felix powered the Indians to the big lead at intermission, scoring 13, 11 and 10 points, respectively, in the first half. But it was to be Plymouth's threesome of Gabe Miller, Chris Hein and Chris Jacquat who would be the deciding factor in this game.

Things looked even better from the Indians' perspective when Hein, who lit up the Indians for 29 points in the teams' first encounter, picked up a pair of quick fouls early in the second half, forcing him to pick up quite a bit of pinetime in the third quarter.

This didn't faze the Panthers, though, as they matched their point production of the entire first half in outscoring Kewaskum, 24-13, in the quarter to pull within six, at 54-48.

The game was basically

decided, however, at the beginning of the final period. With both Hein and Miller in the lineup, Plymouth went wild, scoring the first twelve points of the quarter to change the six-point deficit into a six-point lead. Miller scored 11 points in the quarter, while Hein added 9 to hold off the Indians late.

It was pretty simple to see why the Indians came up short in this one, as the scorebook showed the threesome of Miller, Hein and Jacquat scoring 62 of Plymouth's points. With Miller leading the way with 28 points, Hein having 22, and Jacquat an even dozen, all Plymouth had to do was come up with just three points from the rest of the team, which they did with some to spare.

Gerhartz once again had another fine outing as he led the Indian offense with 23 points, many coming off of second shot opportunities that he had from his 13 rebounds.

Kewaskum went 0-3 against the Panthers on this night, as both the freshman and JV teams lost to the hosts in preliminary contests.

The freshman team was trounced by their Plymouth counterparts, 74-42. Kewaskum, 0-7 in conference, 3-7 overall, was led by Jim Marx and Brian Bruendl who scored 10 and 8 points, respectively.

The Indian JV's, 1-6 and 5-8, were outscored 24-8 in the second period, leading to a 62-53 loss. Joel Fleischman led Kewaskum with 14 points.

Indian Girls Lose Another Thriller in Double Overtime

KEWASKUM — you would think that for the Kewaskum girls' basketball team, a thrilling overtime game must be getting to be old hat. Now if they could only get the final result in their favor.

Just two weeks after an overtime loss to New Holstein in which they held a six point lead late in the game, the Indian girls blew a 12-point third quarter lead, and eventually wound up losing, in double-overtime, to Chilton, 65-62.

Kewaskum struggled to a 25-22 halftime lead and then went on a 10-1 run to open the second half, opening the lead to twelve, at 35-23.

But the Tiger girls clawed their way back into the game, outscoring Kewaskum 13-5 the rest of the quarter to pull within four at 40-36 heading into the fourth.

Chilton fought back to eventually tie the game at 54, and send it into overtime. In the first extra period, Chilton could only manage to score a total of three points, but meanwhile, they held the Indians scoreless. That was until just :04 remained when Indian center Pam Osterbrink connected on a three-point shot to knot things up at 57 and force a second overtime.

Missed free throws finally caught up with the Indians in the second extra period, however. Kewaskum, who finished the game with 17-of-32 shooting from the line, made just 3-of-8 opportunities from the charity stripe in the second

overtime.

Chilton, meanwhile, hit three out of four free throws in the final :30, to put the game on ice for the Tigers. Sophomore Tracy Winkler led the way for the young Chilton squad with 20 points. Denise Crittler, the only senior on the team, added 11. Chilton, whose girls' basketball program has been weak, to say the least, over the years, improved their record to 4-4 in Eastern Wisconsin action.

Kewaskum 2-5 in conference, was led by Osterbrink, who led all scorers with 27 points. Kristi Lubahn and Amy Chesak also chipped in with 11 and 7 points, respectively.

Freshman Girls Undefeated

The Kewaskum freshman girls basketball team remained undefeated this season as they posted a 48-28 victory against Chilton.

The Indians, now 8-0, 7-0 in conference, jumped out to a 26-10 lead by halftime and were never headed. Kim Sabish led Kewaskum with 14 points, including 10 in the first half, while Robin Winninghoff added 10.

The Kewaskum JV's came up short once again, this time a 44-36 loss to the Tigers.

Sherry Haas and Terri Vogt paced Kewaskum, 3-12, 1-6 in conference, with 10 and 6 six points, respectively.
