School Board to Recommend \$9.3 Million Budget for '90-91

By GERRY MUELLER
Statesman Staff Writer

After bantying about numbers and "what-ifs" for almost two hours, the Kewaskum Board of Education finally adopted a budget to present to the electors at the school district's Annual Meeting set for July 23rd.

The \$9.3 million budget proposed for the 1990-91 school year includes an additional \$200,000, which covers a variety of so-called Capital Improvements which range from building repairs and improvements to equipment replacement and purchases. That \$9,308,045 budget represents a 13% increase over the 1989-90 budget of \$8,268,513.

The \$200,000 was added to the proposed budget after the board, at an earlier meeting, voted down District Administrator David Heather's recommendation that the district acquire a \$200,000 loan.

Heather felt the loan, possibly through the State Trust Fund, would be less of a burden to the taxpayers than increasing the tax levy by that much.

The proposed budget was approved on a 5-2 vote, with board members Perry Ankerson and Ruth Schmitt casting the dissenting votes.

Ankerson again stated his position that the board had not done enough to reduce spending. He read a portion of an article written last May, by Representative Mary Panzer, in which she stated there has been no correlation between the amount of money spent and the increased quality of education. Ankerson noted that the district's increased spending had not resulted in any significant improvement in student test scores over the last few years.

"The often heard comment that 85% of the budget is fixed cost is a 'cop-out'," said Ankerson. "Seven members on

this board are responsible for this budget and no one else, and we should not blame it on the state for its mandates or anyone else." Ankerson noted, it's up to us (the board), if we truly believe in the budget we should support it and if we don't, then it is up to us to vote it down.

Schmitt said she had no big problem with the budget other than the fact she felt strongly that the \$200,000 should be a loan, rather than added to the budget.

Board member Ron Beimborn asked Heather, "If we say cut the budget, where in the vaguest terms would you recommend we cut?" Heather said, "Number one, you could cut the new language art books, that would represent \$70,000. You could also cut all extra curricular activities including all sports, Odyssey of the Mind, choir and band, etc., that's \$167,000. And you could cut teachers overloads, that's another \$70,000. You could," said Heather, "but I wouldn't recommend it and I don't think you would really want to do it."

Along with the budget figures were four sheets of information on the tax levy itself. The total levy for the proposed budget, including the additional \$200,000 and the debt service levy of \$116,112, comes to \$4,740,677.

The levy can and will be affected by a variety of factors, such as, will there or will there not be an increase in equalized valuation and if so, how much? Will the \$200,000 be left in the budget or removed and approved separately in the loan format? And lastly, will the electors even approve the additional \$200,000, or turn it down completely?

With all those variables involved, the levy could present an increase anywhere from 7.35% or \$1.13 per \$1,000 to 15.56% or \$2.39 per \$1,000 of valuation.

The low hike would see the tax rate increase from the 1989-90 figure of \$15.36 per \$1,000 to \$16.49 while on the high end, that increase could go up to \$17.75 per \$1,000.

On a \$70,000 home, that could represent an increase anywhere from \$79 to \$168, depending upon which levy rate is finally adopted. Since he has not received any information on the district's equalized valuation as yet, Heather said he could only speculate as to what the levy rate will be. Right now, it looks like we will be in the 12-14% range, he noted.

Huge Parade Sunday at Noon

Annual Firemen-Legion Picnic Here July 6, 7, 8

Kewaskum's annual Firemen-Legion picnic will take place in River Hill Park Friday and Saturday evenings and Sunday, July 6, 7 and 8.

This year the festivities begin on Friday night with the Larrys playing in the beer garden from 8 to midnight. Saturday night will feature Class of '62/Surf Boys from 8 to midnight in the beer garden. All rides, refreshments and games will be in operation.

Waterfights will begin at 5:30 Saturday evening with many neighboring fire departments competing for the championship trophy.

On Sunday the mammoth parade will get underway at 12 noon led by the Kewaskum High School Band. This legendary event features the Milwaukee Civic Riders Motorcycle Club, Tripoli Drum and Bugle Corps of Milwaukee, Marquis Drum and Bugle Corps of Fond du Lac, the Hartford City Band, and other musical units as well as the Princettes Baton Group of Kewaskum and the Middle School Color Guard.

The firemen and legion are asking parade participants to please refrain from throwing candy from the trucks or vehicles, due to the danger involved with the little children running out on the road to pick it up. If you wish to give candy to the children please have someone walk beside the float and hand the candy out to the children.

The mammoth parade will again feature many beautiful floats, dance bands, baton twirlers, novelty and military units, drill teams, children's specialties, comic and clown entries, clubs and organizations, visiting fire departments, Legionnaires, antique cars, horses and riders, and much much more.

This year's parade theme is: "The Gay Nineties." The parade will originate from the High School campus area and adjacent streets, and proceed from there to River Hill Park. All participants should be ready to line up no later than 11:30 a.m. Many great prizes will be awarded for the best floats and children's specialties.

Sunday afternoon entertain-

ment will feature continuous music from 1 to 6 by Spid Pieper and Hickory Wind in the beer garden and Ralph Buchel with Joey Klass in the north beer stand from 1 to 5.

Purchase tickets for numerous cash and merchandise prizes and be a winner. They will be on sale in the park, at some area businesses, and through any Fire Department or Legion member.

Anyone interested in sponsoring units or bands, or donating money towards sponsoring units, please contact Bob Stoltzmann at 626-4503 or Bob Staehler at 626-2329.

Attend the Kewaskum picnic and enjoy a weekend of good food, games, and rides, live entertainment, and lots of good family fun.

Pastor Eckert Installed at St. John's Lutheran Church

Pastor Mark Eckert

On Sunday, June 24th, 1990, St. John's Lutheran Church, New Fane, held a special installation service for its new pastor, Mark Eckert.

Pastor Mark Eckert was born and raised in Racine, Wisconsin. After graduating from Racine Lutheran High School in 1978, he attended Concordia College in Ann Arbor, Michigan, enrolled in the pre-ministerial program. During the summer of 1981, he and Luanne, also of Racine, were married. Earning a Bachelor of Arts degree in 1982, it was then off to the seminary for the Eckerts. Pastor Eckert attended Concordia Theological Seminary in Fort Wayne,

Indiana for two years before being assigned to a vicarage at a vacant congregation just south of Fresno, California. Completing the requirements for his Master of Divinity degree, Pastor Eckert was accepted as a candidate and ordained into the public ministry in 1986. He has served in the metropolitan Detroit area until accepting the call to St. John's, New Fane. The Eckerts have been blessed with four children: Daniel (age 7), Steven (turning 6 in July), Sandra (age 4), and Alan (age 2).

A reception followed the service at the church school next door.

AFS Student Says Goodbye

Satoko Kamimura

Thank you very much. I had a great year. You are kind. I learned many things from you. In my first school day, I was surprised that student's clothes. Some students put on short pants and accessories. In my Japanese high school, we can't put on these. I had known about American student style, but when I saw them, I was shocked little. Then now, I put on earrings, rings and short pants.

I also think my opinion was changed. I am able to say myself, I like it here very much.

Thank you, my friends, teachers, 4-H, and my U.S.A. family. I will never forget you.

Satoko Kamimura

Cook Pitches Indians to Victory

TWO RIVERS — When your starting pitcher gives up the same number of hits in seven innings that your leadoff hitter collected in the same game, a team's prospects of winning are pretty great.

Although it wasn't a blowout by any means, the Kewaskum baseball team will definitely take its 2-1 victory over Two Rivers here, last Monday.

There was no question who the stars of this contest were, on either side for that matter. For the Indians, sophomore Chad Cook threw a three-hitter and struck out eight Two Rivers batters to record his third conference victory of the year, while senior Dan Heisdorf continued to tear up the league, rapping out three hits, including the game-winner in the top of the seventh inning.

Heisdorf, along with junior Chris Donath collected five of the seven hits that the Indians got off of the Raiders' starting pitcher, Miller. Donath figured a prominent role in each of the Indians' run-scoring innings.

Miller, meanwhile, was the one-man show for the hosts, singlehandedly keeping his team in the ballgame. Miller struck out ten Indian batters, while only allowing the seven base hits. Miller also made his presence felt at the plate, slugging a solo home run for the Raiders in the bottom of the fourth, but that was the only run Two Rivers could muster off the

southpaw Cook.

The Indians got on the board first, as they tallied a single run in the top of the fourth, with everything coming after there were two outs. Senior Chris Weddig opened things up by reaching on a Raider miscue. Donath then singled to rightfield, and when the rightfielder's throw to try and cut down Weddig at third was wild, Weddig scampered home with the game's first run.

Miller socked his homer in the bottom of the inning to tie things at one, and that's the way things stayed until the seventh, as both Cook and Miller showed no signs of letting up.

The Indians finally got to Miller in the seventh, though. With one out, Donath got his second hit of the game, a single, and moved to second when Brian Leitheiser walked. Heisdorf then came through with his third hit, a single which scored Donath and put the Indians out in front 2-1.

In the bottom of the seventh, things got a bit hairy when Cook walked the first batter of the inning. But Cook quickly rectified himself as he got the next batter to ground into a double play, and then struck out the ensuing Raider to end the ballgame.

The win moved the Indians back above the .500 mark, as they improved to 8-7 overall, including 5-4 in the Eastern Wisconsin Conference.

Indians Lose to First Place Kiel

KIEL — The Kewaskum baseball team had an ideal opportunity to really tighten things up in the Eastern Wisconsin Conference baseball race when it took on first-place Kiel here, last Thursday.

Things looked good for the Indians, leading the hosts 2-1 with sophomore lefty Chad Cook cruising along on the mound, pitching a four-hitter.

But things fell apart for Cook and the Indians in the bottom of the fifth, as a pair of Raider home runs in the inning was more than enough for Raider pitchers Chris Held and Mike Lepisto to work with, and the result was a 5-2 Kiel victory, dropping the Indians conference record to 6-5, while Kiel moved to 8-3.

Just as Cook had outpitched a fine Two Rivers pitcher just three days earlier, the same was done unto him by Held and Lepisto. Held gave up a pair of Indian hits in the top of the first when the Indians scored a couple of runs, but did not allow another base hit up until he was replaced by Lepisto in the fifth. Lepisto in turn held the Indians hitless the rest of the way.

In the opening inning, Chris Weddig started things off by reaching on an error with two outs. Rich Radtke followed with a single, and when the Raider outfield misplayed the ball, it was off to the races for Weddig, who eventually scored on the play. Mark Felix then followed with a single to score Radtke, giving the Indians a 2-0 lead.

But that was the extent of the Indian offensive attack for the game, and while Cook didn't pitch badly either (seven hits), one bad inning cost him dearly.

Kiel got one run back in the bottom of the fourth. Dean Meyer got things started with a single, and he advanced to third on Craig Neils' double. Jay Binversie followed with a single, scoring Meyer and moving Neils to third. Cook survived any further damage by enticing Brian Neils to hit into an inning-ending double play, but an inning later, Cook's luck ran out.

A single and a fielder's choice left runners on first and second with two out in the fifth for the Raiders. Just when it looked as if the soph lefty would get out of the jam, the next batter, Meyer, connected for a three-run blast over the fence, giving the hosts their first lead of the game, 4-2. Neils followed and promptly delivered another Cook offering over the fence in right to extend the Kiel lead to 5-2.

Indians head coach Tom Bartelt replaced Cook with junior Ken Krause, who made his return last week after being hit in the eye with the ball on a play earlier this year, and Krause finished up, retiring all four Raiders he faced.

But the damage had already been done as far as the Indians were concerned, as they slipped back to just a game over the .500 mark, at 9-8 overall.

ABC CLUB SKAT RESULTS

The winners at skat played by the ABC Senior Citizens at Beechwood Hall on Tuesday, June 19, were: Joe Butschlick 23-4-19 net; Francis Gilboy 14-1-13 net; Willy Blecher 14-2-12 net; Elroy Egerer 18-7-11 net.

HON-E-KOR LADIES ASSOCIATION

On Wednesday, June 20, Shirley O'Connor won the Day Event, "Low Net Minus Putts with a score of 15.

The Class Event was "3 Club Tournament." These winners were: Class A - Judy Moede, 54; Class B - Shirley O'Connor 56; Class C - Sue Kreiger 60; Class D - Ada Kannenberg 64.

The 18 hole winner was Judy Moede with 78. Shirley O'Connor had a chip in on #5. Bridge winners were Eleanor Marx and Corliss Fassbinder.

Carole Timblin, Publicity

Heisdorf, Schneider Lead Indians Past Sheboygan Falls

SHEBOYGAN FALLS — Even though it came against a winless and last-place Sheboygan Falls team, Kewaskum's 7-2 victory here, last Tuesday night showed once again that the Indians have what it takes to win a big game.

Timely hitting and strong pitching have been the keys for Indian victories thus far this summer, and the same was the case again Tuesday.

Dan Heisdorf continued his onslaught of opposing pitchers as he went and collected another three hits, his second three-hit game in as many days, with driving in four runs to pace the Indians offensively.

Meanwhile on the mound, Shawn Schneider was strong once again, going the full seven innings while only giving up four hits. Schneider, who was rocked by West Bend East in his first start of the year, but has come back to pitch brilliantly since, struck out five and walked three.

For a while it looked as if the host Falcons might break into the win column in conference action, as Falls held a 2-1 lead after three innings.

The Indians got on the board first, as they used a Jason Krahn single, a sacrifice and Heisdorf's first hit of the game to drive in Krahn and take a 1-0 lead. But Falls quickly answered in the bottom half of the inning with a run, and then took the lead with another tally in the third.

But Schneider then bore down and didn't allow another hit the rest of the way, and with the way the Indians defense has been playing recently (one error in the past three games), it would be up to the offense to

come through against the last-place Falcons.

The offense did just that as it picked up a pair of runs in the fourth. Ken Krause and Shawn Schneider reached base with one out, and Heisdorf again came through, ripping a single, but Krause was thrown out at the plate trying to score on the play.

Bruce Waechter followed with a walk, and when Chris Weddig did likewise, Schneider came into score. A passed ball allowed Heisdorf to come across the plate, and the Indians were ahead 3-2.

After adding another run in the sixth, Heisdorf put the game away in the top of the seventh. With the bases loaded, the senior slugger ripped a triple to clear the bases and put his team out in front 7-2.

The win gave the Indians a 6-4 mark in the Eastern Wisconsin Conference, while they improved to 9-7 overall.

Area Athletes Victorious At Badger State Games

The Kewaskum area was well represented at the Badger State Games held in Madison over the weekend.

In Saturday's wrestling competition held at the University of Wisconsin Fieldhouse, Kewaskum's Bobby Castro won a third place bronze medal in the 125.5 pound weight class.

Another Kewaskum athlete, Rich Straub a junior at UW Whitewater, made a clean sweep of his competition winning all six of his matches in the 149.5 pound Open Division (collegiate). Four of his matches came by way of pins. A fifth match was a 9-4 decision over Kevin Kopa.

Straub qualified for the finals

by defeating opponent Ken Johnson of Racine. A knee injury to Straub's last opponent gave him the match by default.

Bruce Torson of Slinger won the heavy-weight title in the Masters Division.

Ken Schmidt of Campbellsport brought home top honors in the fifth and sixth grade divisions at 65 pounds.

Matt Oswald of West Bend took third place in the Masters Division.

Chris Berglin of West Bend wrestling at 136 pounds, lost his first match, won his second and then was knocked out of competition by an injury.

Tom Williams of Slinger took two matches in the Open Division heavyweight class.

Kewaskum Jaycees Youth Softball SCHEDULE

JULY 11th
6 p.m. - Dukes (home) vs. Const. Crew. (away); Panthers (home) vs. Gems (away).

School Board to Recommend \$9.3 Million Budget for '90-91

By GERRY MUELLER
Statesman Staff Writer

After bantying about numbers and "what-ifs" for almost two hours, the Kewaskum Board of Education finally adopted a budget to present to the electors at the school district's Annual Meeting set for July 23rd.

The \$9.3 million budget proposed for the 1990-91 school year includes an additional \$200,000, which covers a variety of so-called Capital Improvements which range from building repairs and improvements to equipment replacement and purchases. That \$9,308,045 budget represents a 13% increase over the 1989-90 budget of \$8,268,513.

The \$200,000 was added to the proposed budget after the board, at an earlier meeting, voted down District Administrator David Heather's recommendation that the district acquire a \$200,000 loan.

Heather felt the loan, possibly through the State Trust Fund, would be less of a burden to the taxpayers than increasing the tax levy by that much.

The proposed budget was approved on a 5-2 vote, with board members Perry Ankerson and Ruth Schmitt casting the dissenting votes.

Ankerson again stated his position that the board had not done enough to reduce spending. He read a portion of an article written last May, by Representative Mary Panzer, in which she stated there has been no correlation between the amount of money spent and the increased quality of education. Ankerson noted that the district's increased spending had not resulted in any significant improvement in student test scores over the last few years.

"The often heard comment that 85% of the budget is fixed cost is a 'cop-out'," said Ankerson. "Seven members on

this board are responsible for this budget and no one else, and we should not blame it on the state for its mandates or anyone else." Ankerson noted, it's up to us (the board), if we truly believe in the budget we should support it and if we don't, then it is up to us to vote it down.

Schmitt said she had no big problem with the budget other than the fact she felt strongly that the \$200,000 should be a loan, rather than added to the budget.

Board member Ron Beimborn asked Heather, "If we say cut the budget, where in the vaguest terms would you recommend we cut?" Heather said, "Number one, you could cut the new language art books, that would represent \$70,000. You could also cut all extra curricular activities including all sports, Odyssey of the Mind, choir and band, etc., that's \$167,000. And you could cut teachers overloads, that's another \$70,000. You could," said Heather, "but I wouldn't recommend it and I don't think you would really want to do it."

Along with the budget figures were four sheets of information on the tax levy itself. The total levy for the proposed budget, including the additional \$200,000 and the debt service levy of \$116,112, comes to \$4,740,677.

The levy can and will be affected by a variety of factors, such as, will there or will there not be an increase in equalized valuation and if so, how much? Will the \$200,000 be left in the budget or removed and approved separately in the loan format? And lastly, will the electors even approve the additional \$200,000, or turn it down completely?

With all those variables involved, the levy could present an increase anywhere from 7.35% or \$1.13 per \$1,000 to 15.56% or \$2.39 per \$1,000 of valuation.

The low hike would see the tax rate increase from the 1989-90 figure of \$15.36 per \$1,000 to \$16.49 while on the high end, that increase could go up to \$17.75 per \$1,000.

On a \$70,000 home, that could represent an increase anywhere from \$79 to \$168, depending upon which levy rate is finally adopted. Since he has not received any information on the district's equalized valuation as yet, Heather said he could only speculate as to what the levy rate will be. Right now, it looks like we will be in the 12-14% range, he noted.

Rotary Summer Youth Exchange Student

Jennifer Kissinger

Jennifer Kissinger, daughter of Karen and Thomas Kissinger, 369 Braatz Drive, Kewaskum, is one of approximately 50 students,

ages 15 to 19, from Wisconsin and Upper Michigan participating in this year's Rotary International Summer Youth Exchange Program with eight European countries.

Jennifer left for England on June 20, where she will be hosted in four homes in the central and northern regions of that country. She will return on July 19 with one of her "host sisters," Victoria Williams, of Stickney, England. Victoria will be spending the first portion of her four-week stay with the Kissinger family and the last part on tours with the Rotary Club.

The Kissingers would like to say a special "Thank You" to the West Bend Rotary Club/District 627 for providing this fantastic opportunity to their daughter.

For more information on the Student Exchange Program, please contact your local Rotary Club.

Pictured above is the Skoal Bandit Monster Truck which paid a visit to Shefond Mobil Mart in Kewaskum on Monday, June 18. Adults and youngsters alike delighted in checking out all the features of this giant pickup truck.

If a kernel of popcorn were dropped on a neutron star, it would produce as much energy as a World War II atomic bomb.

Hwy. 41 Designated Major Project

The Wisconsin Department of Transportation is recommending that Highway 41 be treated as a major project and that the entire corridor, from Milwaukee to Abrams, be evaluated for the statewide ranking determining the level of funding, according to Sen. Carol Buettner (Oshkosh).

The recommendation that the 129 miles become a freeway conversion was made recently to the Transportation Projects Commission. The plan remains the same, but the difference is the source of funding.

"A major project designation places Hwy. 41 in the spotlight as it comes under close scrutiny at public hearings before the commission. The level of public support or opposition will influence the governor and the legislature who will determine a level of funding following a department recommendation," Buettner said.

Major projects are long-term solutions to the most serious needs on highly traveled segments of Wisconsin's highway system. All projects are thoroughly reviewed and ranked with other state highway improvement projects.

"One of the reasons the department is recommending this designation is because the Fox Valley is experiencing a surge of economic development activity," Buettner said.

Highway 41 is included in the network of superior economic development highways contained in Corridors 2020, a strategic investment plan for the state transportation system. The proposed timetable for freeway conversion, if approved by the Legislature, would occur between 1992 and 2000.

The Transportation Projects Commission has 15 members including the Governor, three citizens appointed by the Gover-

nor, five Senators and five Representatives appointed by the Legislature, and the Wisconsin Department of Transportation Secretary as a non-voting member.

LEITHEISER — A son to Sandra and Tim Leitheiser, 2300 W. Chestnut St., Apt. 1, West Bend, on June 28.

BOHLMAN — A daughter to Chris and Dean Bohlman, Route 1, Campbellsport. Grandparents are Larry and Dorothy Bohlman of Eden and Cyril and Pat Serwe of Campbellsport. Great-grandparents are Eola Bohlman of Fond du Lac and Roland and Dorothy Comins of Campbellsport.

Habitat for Humanity Work Begins for Peace Church Members

Twenty-one members of Peace United Church of Christ in Kewaskum were commissioned on Sunday, July 1, for the fourth annual Habitat Work Week of the local church.

The group will be building a new house for Habitat for Humanity in Lexington, Kentucky, during the week of July 9-13. The group will leave Kewaskum at 5:00 a.m. Saturday, July 7 and return July 14 by truck and vans.

At the commissioning dedication during the 9:30 a.m. church service, Rev. James Bettin noted the years of service volunteered by members of this year's group. Richard Zarling, Brett Rauch, Marion Erdmann, Betty Bettin, and the pastor are all on their fourth year of work. Willard Gruhle, Robert Schreffler, Pat and Patrick McFadden, Mitchell Ogi, Jennifer Stelter, and Karen Kletti are three year volunteers. Ogi is Peace Church president at present. Mary Lou Stelter, Darlene and Wayland Tessar, Howard Zemlicka and Susan McFadden are two year veterans. Kim and Charles Petrie and Brett and Clark Pearson join the Kentucky trip for their first year of work. The "repeaters" are an example of what Millard and Linda Fuller refer to in their 1990 book, *The Excitement is Building*, as "infectious Habitis".

The entire Peace Church congregation supports this venture with Lenten offerings, individual monetary sponsorships, and encouraging love and prayers. The 1987 work project was new construction in Nashville, Tennessee, 1988 and 1989 marked more rehabilitation in Zanesville, Ohio. Rev. Bettin coordinates these ventures. Housing is arranged by the host work site Habitat committee. This year the Peace Church group will reside at Koinania House on the University of Kentucky campus at Lexington. The local group cooks and provides its own meals.

A monetary gift for building supplies will also be donated to the Lexington Habitat project

by Peace Church, and a tithe of this gift will be used for overseas Habitat building.

This sharing project is part of the program began in 1976 by Millard Fuller, Habitat for Humanity International founder. Fuller presented a speaking program at Peace Church in November, 1986. Together with Holy Trinity Catholic Church, Peace is also part of the Washington County Habitat project for Milwaukee rehabilitation work from Kewaskum. This program involves day work assignments on a commuter basis by parish members.

Peace Church to Hold Vacation Bible School

"Journeys with Jesus" is the theme of Vacation Bible School at Peace United Church of Christ in Kewaskum. The community is invited to attend the classes for four-year-olds through 6th grade on July 23 - 27. Vacation Bible School is in session from 9:30 a.m. to 12:00 p.m. each day. The church is located at 343 1st Street.

Students will participate in Bible stories, art activities, music, service projects, recreation, and worship - all centered on five themes: "Journey with Jesus at the Synagogue - Sharing the Good News," "Journey with Jesus to the City - Responding in Faith," "Journey with Jesus by the Sea - Trusting in God," "Journey with Jesus on the Road - Serving God and Others," and "Journey with Jesus in the Country - Witnessing in New Places." A special feature of the program is the Mission Expedition all-school center. This learning center offers many opportunities to explore other cultures and discover the work of Christians in many lands.

Journeys with Jesus is an exciting and important learning opportunity for children. It aims to provide a learner-centered,

fun-filled, and happy occasion for all who participate.

Registration for Vacation Bible School is now in progress. You can register or obtain additional information by visiting the church office between the hours of 8:30 a.m. and 12:00 p.m. or by calling 626-4011.

Kewaskum Lottery Winner Listed

MADISON...The following area resident has recently claimed high-tier prize from the Wisconsin Lottery.

He is Erwin A. Kamrath, Kewaskum, who won \$1,327.

The fellow on the crowded bus could stand it no longer. "Madam," he began politely, "you are standing on my foot." Put your stupid foot where it belongs," snapped the woman. "Don't tempt me," murmured the man, "don't tempt me!"

AREA HIGH SCHOOL STUDENTS AWARDED

Area high school students were among those from throughout the state selected by the University of Wisconsin - Whitewater to receive 1990 Awards for Excellence in Language Study. They included:

Kewaskum High: Michelle Lee Marx, German; Chris Ramthun, Spanish.

Each year, the UW-Whitewater Foreign Language Department honors outstanding foreign language students from various state high schools. Each student receives a certificate indicating the honor.

This award program was established by UW-Whitewater to recognize the importance of foreign language studies, as well as to honor those who excel in their respective language.

Luxury is something you ought to get along without, but don't. Necessity is something you cannot get along without, but do.

No Simple Explanations for Erratic Weather, Says Expert

Record low temperatures in December, spring-like weather in January, and snow in May — the crazy weather may have many Wisconsinites wondering whether it's nature's idea of a practical joke or signs of global climate changes.

The answer to what's causing this weather is not a simple one, says University of Wisconsin - Extension climatologist Pamela Naber, and it may be a while before we know for sure.

"Wisconsin's climate is extremely variable," says Naber. Part of the reason the erratic weather seems so extreme is because most people compare it to the nice weather that we've experienced in recent history, she says.

"Most people forget that the climate has been abnormal in that it's been relatively constant since 1958," says Naber. "They don't look back to the 1930s when we had many years of drought and also the wettest year on record."

While it's unusual to have snowfall in May and record hot weather in the summer, it's still within the realm of Wisconsin's weather variability. It may be a while before we know for sure whether these extremes are caused by factors such as the greenhouse effect, she says.

"By the turn of the century we should have a much better feel for whether this is a trend that's going to continue or if it's just an aberration," says Naber. She warns that it's deceptive to draw conclusions from weather in a small geographical region or span of time.

"When you look at climate, you have to look globally," explains Naber. "It's not enough to look at just one place."

Distant factors affect the weather in Wisconsin. For example, a warm ocean current that reaches the coast of Peru every three to five years sets off a chain reaction that sometimes makes Wisconsin weather warmer. Lots of volcanic activity causes the weather to be cooler because the soot and sulfuric acid droplets in the atmosphere reflect the sunlight back into space. Sunspot activity, which peaks in 11- or 22-year cycles, could cause climate to change because of the variable

radiation output. Variations in the Earth's orbit also affect how much sunlight we receive.

In general, however, many scientists believe that global warming is taking place and that it may increase average global temperatures four degrees Fahrenheit within the next 100 years, according to Naber. The question is whether those changes have already started.

"I don't think anyone can definitely say this is the greenhouse effect," says Naber. "We only have 100 years of records to compare (the recent weather) to, and climate can vary on a much longer scale than that."

In the Service

Airman Tony L. Carter has graduated from the U.S. Air Force inventory management course at Lowry Air Force Base, Colo.

During the course, students were taught property accounting, customer support, stock control and equipment management for a base supply system. They also were taught to inventory supplies using electronic data processing machines. The graduates earned credits toward an associate degree through the Community College of the Air Force.

Carter is the son of Mr. and Mrs. Norbert Carter of 5546 Highway M, West Bend.

The airman is a 1989 graduate of West Bend West High School.

David R. Bilgo Honored by Vietnam Veterans of America

The Wisconsin State Council of Vietnam Veterans of America today announced that David R. Bilgo of West Bend has been named a recipient of the 1990 "Outstanding achievement Award. Mr. Bilgo is a former Army Sgt. who served in Vietnam in 1969 and 1970. He has been the Executive Director of two different Big Brother/Big Sister agencies in Wisconsin, and has personally served as a Big Brother to five different boys. He has been active JayCee member, and a member of the Oshkosh Exchange Club for Civic service, as well as establishing a little league team for father-absent boys. He has served as a Volunteer in Prevention program for youth already a part of the Juvenile Justice System, and has been a guest lecturer at the

UW-Oshkosh in the areas of juvenile delinquency and self esteem as well as training student interns in social work and human services.

David Bilgo continues the tradition of service to nation and community that so many Vietnam Veterans take pride in.

The Wisconsin State Council of Vietnam Veterans of America initiated the Outstanding Achievement Award for Vietnam Veterans in 1987 to recognize the many contributions of Vietnam Veterans to their communities. Each year there are ten recipients of the Achievement Awards, with one of those selected at Vietnam Veteran of the Year. John Margowski of Waukesha is this year's Veteran of the Year.

Living Will, Power Of Attorney Health Care Forms Available

Living Will and Power of Attorney for Health Care forms are available free of charge to persons who send self-addressed stamped business size envelopes to the following address: Living Will, Division of Health, P.O. Box 309, Madison, WI 53701-0309. Power of Attorney, Division of Health, P.O. Box 309, Madison, WI 53701-0309.

Persons requesting forms may receive four copies of the Living Will or two copies of the Power of Attorney for Health Care. No telephone requests are accepted for these forms.

The Living Will, also known as the "Declaration to Physicians," is a form a person fills out to inform their doctor that in the event of a terminal illness or injury, life-sustaining procedures should be withheld or withdrawn so the person may be permitted to die naturally.

The Power of Attorney for Health Care is a form a person uses to assign a health care agent who would make decisions concerning health care should the person become physically or mentally incapacitated.

The largest painting now in existence is probably The Battle of Gettysburg, completed in 1883, after two and a half years of work, by Paul Philip teaux and 16 assistants. The painting is 410 feet long, 70 feet high and weighs 11, 792 pounds.

Of the five great lakes, only Lake Michigan is wholly in the U.S. The others are partly in Canada.

Robinson - Berg

Elizabeth Robinson and Mark Berg were united in marriage on June 2, 1990 at Immanuel Lutheran Church in the Town of Scott during a 1:30 p.m. ceremony. The Rev. William Robinson officiated.

Parents of the couple are Rev. and Mrs. William Robinson, W8497 Brazelton Dr., Random Lake, and Mr. and Mrs. Gerald Berg, 9205 NE 11th St., Vancouver, WA.

Music was provided by organist Dr. John A. Behnke, violist Marie Buss, oboist Jeff Wilde, and soloists Jeff and Barb Wilde.

The bride chose Marlene Goedde of St. Cloud, MN, as her maid of honor and Sandra Sramek - Weyker of Waukesha

as her matron of honor. Bridesmaids in attendance were Cammy Anderson of Richfield, MN and Judy Berg of Vancouver, WA, both sisters of the groom. Junior bridesmaid was Sarah Oelrich of Marshfield, cousin of the bride.

The bride's brother, Paul Robinson of St. Louis, MO, served as best man. Groomsmen included Jerry Berg of Huntington Beach, CA; Jeff Berg of Washougal, WA; and Tim Berg of WA; all brothers of the groom.

Ushering duties were shared by Joel Boyer of Fort Wayne, IN and Phil Ebert of Lebanon, IL.

A reception followed the service in the church basement and a wedding dinner was held

at Boder's on the River, Mequon.

The bride is a 1984 graduate of Random Lake High, and an '88 graduate of Concordia College, Mequon. She is employed as a teacher.

The groom is a 1979 graduate of Armstrong High School in Plymouth, MN; an '86 graduate of Concordia College in Portland, OR; and a 1990 graduate of Concordia Theological Seminary. He works as a minister.

The couple enjoyed a honeymoon trip to Door County and are now residing at 2002D Redford Crt., Crawfordsville, IN.

Backhaus - Griggs

The marriage vows of Marjean Backhaus and Andrew Robert Griggs were exchanged during a 2:00 p.m. ceremony on March 24, 1990 at St. Lucas Lutheran Church, Kewaskum. Pastor Edwin Fredrich officiated.

The bride is the daughter of Eugene and Marilyn Backhaus, Kewaskum. She was presented in marriage by her father to the son of Philip and Cynthia Griggs, Collinsville, Connecticut.

The maid of honor was Mary Ellen Regan of Rhode Island, friend of the bride, and the matron of honor was Debra Backhaus, Kewaskum, sister-in-law of the bride. Bridesmaids included Michelle Dale, Milwaukee, friend of the bride, Alisa Griggs, Collinsville, CT, and Carolyn Griggs, W. Hartford, CT, both sisters of the groom. Tiffany Laubach, Kewaskum, godchild of the bride was the junior bridesmaid.

Mark Lynch of Miami Lakes, FL, friend of the groom, served as the best man. Groomsmen included Dennis Backhaus, Kewaskum, brother of the bride, Daniel Blank, Superior, WI, Russel London, Wethersfield, CT, and Charles Baldwin, Boston, MA, all friends of the groom.

Ushering duties were shared

by Edward Griggs, brother of the groom, and Charles Griggs, cousin of the groom.

Following the ceremony, a reception, dinner and dance was held at The West Bend Hotel, West Bend.

The bride is a graduate of Kewaskum High School and UW-LaCrosse. She is currently attending UW-Milwaukee pursuing a Master's in Health Service Administration and is the Director of Activities at Beverly Terrace Nursing Home, Watertown, WI.

The groom is an attorney with Niemann, Ullsvik, Neuberger & Lorenz of Watertown. He is a graduate of Avon Old Farms School, Avon, CT, Bates College, Lewiston, Maine and Marquette University Law School.

After a honeymoon in Hawaii, the couple is residing in Watertown, WI.

WASHINGTON COUNTY

VETERANS' SERVICE OFFICE

RICHARD W. BAKER SERVICE OFFICER

Veterans Can Qualify for WDVA Loans

Beginning July 1, eligible veterans and their spouses may have a combined annual income of up to \$39,000.00 and still qualify for Wisconsin Department of Veterans Affairs' (WDVA) home loans with an 8.25 percent interest rate.

Previously, to be eligible for WDVA home loans, the combined, regular annual income of the veterans and spouse could not exceed \$36,500.00.

WDVA housing loans can be used for purchasing an existing home, building a new home or making home improvements.

This loan program has many advantages including an 8.25 percent interest rate, no

requirement for private mortgage insurance or loan guarantee, no discount points, no prepayment penalty, no limit on assets retained.

WDVA also offers a home improvement loan. Veterans may borrow from \$3,000.00 to \$15,000.00 with a repayment term of 15 years. The home improvement loan can be used for alterations, repairs or improvements that increase the livability or energy efficiency of the veteran's principal residence.

Down payments for WDVA mortgages to purchase or build homes are 5 percent of the total cost. For a home improvement loan, the owner's equity, if it's at least 10 percent, may be

substituted for the down payment.

There are no limits on the maximum down payment for primary mortgage loans and home improvement loans.

For more information or to get a WDVA certificate of eligibility, contact Richard W. Baker, County Veterans' Service Officer at the Courthouse, phone 338-4457.

Marriage Licenses

Mary B. Tibbs, Kewaskum, and Dennis L. Westerman, Kewaskum. Wedding June 29.

Judy A. Markiewicz, Town of Farmington, and Paul C. Secker, Town of Farmington. Wedding June 27.

Sandra A. Schilk, Kewaskum, and John W. Rimmel, Kewaskum. Wedding July 7.

On Saturday, June 9, members of the Kewaskum Historical Society went to visit the Waupun Historical Society. After a tour of the museum, they were treated to desserts and punch. A great time was had by all. Hosts for the day were Mrs. Nagel, Mrs. Drummy, Maxine White and Mable Carlson.

The Alzheimer's and Related Disorders Support Group will hold its next meeting on Wednesday, July 11 from 1:00 - 3:00 p.m. at the Cedar Lake Home Campus, 5595 Hwy. Z, West Bend.

This meeting is the Support Group's annual picnic when participants have a fun and relaxing time at the beautiful

Cedar Lake Home Campus and enjoy the beauty of Big Cedar Lake.

The support group invites community caregivers and other interested individuals to participate in its monthly meetings. It meets the second Wednesday of the month.

The support group strives to better understand the nature of Alzheimer's Disease and

related disorders through sharing of concerns, educational programs and learning to care for the caregiver. Topics are of interest for anyone who knows someone who is becoming more forgetful or disoriented.

Advance registration is not required. For more information, call the Cedar Lake Home Campus at 334-9487.

Badger Cash Game Unveiled at Summerfest

MILWAUKEE — Wisconsin Lottery Executive Director William F. Flynn, Jr. introduced the Lottery's third pull-tab game, BADGER CASH at a news conference at Milwaukee's Summerfest Monday, July 2.

BADGER CASH is the first Wisconsin Lottery game to use winning combinations of state symbols to pay prizes ranging from \$25 to 50 cents.

BADGER CASH, being delivered to nearly 2,000 Wisconsin Lottery retailer locations this week, joins WISCONSIN RED and the RED, WHITE & BLUE game as games for Wisconsin Lottery pull-tab players.

"BADGER CASH is going to be a strong seller. The Wisconsin Lottery sells more pull-tab tickets per year than any other Lottery in the nation and has sold about 100 million pull-tab tickets since we first put them on sale in 1988.

"Players will have fun trying to match state symbols such as badgers, holstein cows, muskies, robins, and violets to win prizes.

"Not only do Wisconsin residents love the Badger State, tourists from Illinois, Iowa, Minnesota, Michigan, and the rest of the country love Wisconsin as well. I think this game will really be popular with the millions of tourists we welcome each year, because, in some cases, I expect these tickets will be kept as souvenirs!" Flynn said.

Campus Notes

OSHKOSH — University of Wisconsin - Oshkosh officials have announced the names of students who qualified for the university's Dean's List and Honor Roll in the 1989-90 spring semester.

To qualify for the Honor Roll, students must take at least 12 credits and earn a grade point average of at least 3.3 (out of a possible 4.0, or "straight A").

Those with a grade point average of 3.75 or higher qualify for the Dean's List.

Area students included:
 KEWASKUM — Denise M. Gruber, 227 2 St. Box 348, (Dean's List — straight 'A'); John S. Markus, 8343 Kettleview Dr., (Dean's List - Straight 'A'); Timothy J. Rohlinger, 1255 Brooklane Dr., (Dean's List - Straight 'A'); Christine A. Bodden, 1246 Meadow Ln.; Michele Stoffel, 4595 Hwy. 28W.

CAMPBELLSPORT — Jeanie K. Benson, 411 Lakeview Rd., (Dean's List — Straight 'A'); Joann Giese, 325 N. Railroad St., (Dean's List - Straight 'A'); Jim K. Kertscher, 2049 Vista Dr., (Dean's List - Straight 'A'); Carol J. Lackas, 272 Forest St., (Dean's List — Straight 'A'); Kristine A. Flood, 2738 Scenic Rd., (Dean's List); Jeanne M. Koenig, 2579 Hwy. Holland Festival At Cedar Grove

Since its 100th birthday in 1947, the Dutch Village of Cedar Grove has celebrated its heritage with a Holland Festival at the end of July, complete with costumed dancers, wooden shoes and street scrubbing.

Colorful dancers from the "Kinder Klossers" to the older "Stage and Street Dancers" perform after the street scrubbing event held on both days. The Festival is then declared open by the Burgemeester and the Town Crier.

On Friday, several events have been planned to highlight the day, starting with bus tours in the morning. You can feast on the World's Largest Worstebroodje; enjoy several musical groups performing at the bandshell in the park or see the "Reflections of Holland," a slide show presentation.

For four evenings, starting on Wednesday, July 25, the musical "Fiddler on the Roof" will be presented by the Holland Festival Players. The play will begin at 7 p.m. Wednesday through Friday and at 5 p.m. on Saturday.

On Saturday the day will begin with the Holland Festival Run and Walk held at Independence Park. The run features a 2 and 6.2 mile race starting at 8:30 a.m. There will be the Holland Festival "Art Fair on the Green" which features talented artists and craftsmen from Wisconsin and the Midwest. The Art show begins at 9 a.m. adjacent to Memorial Park. There will also be a flea market located adjacent to the park. Saturday afternoon will feature a large parade, preceded by street scrubbing and dancing.

A variety of ethnic foods will be available while musicians and bands perform throughout the day and evening in Memorial Park. While enjoying the music you can watch the Klopenhouwer carve a pair of wooden shoes or walk a block to the "Het Museum" and step into the past by seeing a collection of memorabilia and early household and commercial artifacts.

Pressure Canning Testing Clinics

The canning season is again upon us here in Washington County, and whether you are an avid canner or a beginner, the time is now to check your gauge for safety and accuracy. Quality of the finished product (low-acid fruits, meats, vegetables, poultry, fish and other non-acid foods) depends on the condition of the pressure canner used for processing.

Pressure canner dial gauges should be checked each year. However, canners should be tested more if (1) you do a lot of canning, (2) the lid has been dropped or submerged in water, (3) the gauge glass is cracked, or (4) if any parts are rusty. In addition, gauges should be replaced if they are more than 3-4 pounds "off."

Replacement of rubber or combination gasket seals may be necessary if they have dried or shrunk. This causes an incomplete seal and allows steam to escape. Metal-to-Metal seals should be kept free or rust and corrosion by polishing with a non-abrasive cleaner and coating with a thin layer of petroleum jelly. Lime deposits can be removed from safety valves by using a pipe cleaner and vinegar. These areas, kept clean and dry, will enhance the performance of the canner and maintain the safety of the product.

The Washington County Extension Office is offering **Pressure Canner Testing and Inspection** to ensure safety and performance for hours of healthful canning this summer. Melanie Yager, Summer Home Economist, will be available at the following times to test gauges and answer questions. Bring your canner lid and gauge to one of the three locations.

Friday, July 13 - 9:00 a.m. - 11:45 a.m. - UW Extension Office, Room 235, 432 E. Washington St., West Bend, WI.

Saturday, July 14, 9:30 a.m. - 11:30 a.m. - Schmidt True Value Hardware, 2945 Hwy. 83, Hartford, WI.

Thursday, July 19, 9:30 a.m. - 11:30 a.m. - Rooney's Jack & Jill's Supermarket, N112 W15800 Mequon Rd.,

Germantown, WI.

If these dates and times are not convenient, pressure canner gauges can be tested at the UW-Extension Office. Bring your canner in one day and pick it up the following day after 1:00 p.m.

If you have any questions or would like information on pressure canning or canners, call 338-4479, 644-5204, or 342-2929.

Participating in Children's Theatre Workshop at UWWC

Twenty-one children, ages 7 through 12, are participating in the fifth annual Children's Theatre Workshop at the University of Wisconsin Center - Washington County, West Bend.

Workshop activities began May 12 and run through July 12. Participants are currently working on three summer productions during Monday through Thursday morning sessions.

Climax of the children's season will be 2:30 p.m. matinees, on Saturday July 14 and July 21. Every child will be involved in the productions. This summer's productions include a presentation-style musical, "Kiddledywinks," which deals with the trials of childhood. Also included is a rip-roaring Western melodrama, "Cactus Wildcat" and a children's play "How the Camel Got His Hump," based on a story by Richard Kipling.

Matinee tickets cost \$2 and may be purchased at the door or in advance at UWWC, 335-5208. The public is invited. The workshop is co-sponsored by Theatre on the Hill and the UW Extension continuing education program at UWWC.

Workshop members, by communities are: Cedarburg - Janet Swanson; Hartford - Jenny Bodien; Kewaskum - Katie Survis; Newburg - Graham Killeen; West Bend - Adam Berndes, Brenna Biron, Lauren Daley, Kenny Dickmann, Carrie Haug, Christopher Haug, Bob Hemauer, Elizabeth Kelln, Jenny Klahn, Jill Pintens,

Megan Pintens, Heather Reineck, Grant Rondorf, Mary Sheehy, Anna Stellmacher, Katie Weichsel and Katherine Yahr.

Stern Family Reunion July 15

The 6th reunion of the Stern family will be held at River Hills Park in Kewaskum on Sunday, July 15th. The event will begin with a picnic type luncheon at 12:00 noon.

All descendants of Gottlieb and Fredricke Stern are invited and urged to attend.

The noon meal will be followed by an afternoon of live music, games for young and old, as well as a time for visiting, reminiscing and looking over any old photos you care to share with us.

Those planning to attend are asked to bring their own dinnerware, sandwiches and refreshments as well as a dish or dessert to pass. Coffee will be provided.

Additional information may be obtained by contacting any committee member. Members are: Dolores Petry 251-1590, Leona Stanowsky 377-5228, Grace Maciejewski 677-3230, Gerald Stern 893-8783, Iona Ebert 533-4953.

Two years have passed since last we've met. Let's make this reunion our greatest yet!

Jaeger Family Reunion in August

The Jaeger Family Reunion will be held at the Ashford Town Hall on Hwy. 67, on Sunday, Aug. 19th.

It is the descendants of Bartholomew Jaeger who settled in the town of Ashford in 1850.

Registration is at noon. Plan on eating around 1:30 p.m. Please bring a dish to pass, your own plates, utensils, cups and lawn chair. Bring any family memorabilia you would like to share.

If coming please call 533-4470 after 4:30.

An average of 150 tornados hit the United States each year.

Announce KHS Honor Roll

The Kewaskum Community High School honor roll for the fourth quarter, 1989-1990 school year has been announced.

Honor roll 3.001 to 4.000 grade point average.

4.000 Students

FRESHMEN — Nicole Cayner, Carrie Fellenz, Julie Mertz, Daniel Schulteis, Jenefer Van Assche.

SOPHOMORES — Teresa Anderson, Rachel Gosa, Stacey Pamperin, Jennifer Schinker, Tamara Schmidt.

JUNIORS — Brenda Behling, Amy Chesak, Nicole Gaffke, Stacy Kode, Matthew Kuehn, Melissa Miller, Amy Redig, Kelly Sarauer, Joseph Steier, Tammy Troeller, Laura Vogt, Christian Wunsch.

SENIORS — Sandra Harmon, Vicki Kurth, Michelle Marx, Christine Ramthun, Kristina Schinker, Brian Sharpee, Tina Weddig, April Wulff.

3.500 - 3.999

FRESHMEN — Kate Berres, Karyn Dossinger, Amy Justman, Shiela Martin, Andrea Pascavis, Jennifer Pesch, Andrew Reichert, Aaron Rettler, James Rix, Marty Schlice, Yvonne Schlice.

SOPHOMORES — Ryan Amerling, Jennifer Beimborn, Jennifer Brigham, Shawn Erdmann, Karen Junk, Melissa Kuechler, Kim Marx, Nancy Neumann, Kimberly Petrie, Adam Pilachowski, Jessica Rohrer, Tracy Ruplinger, Angela Schiller, Tricia Schultz, Dan Staehler, Theresa Vogt.

JUNIORS — Patti Aupperle, Stacey Betts, Steven Bodden, Angela Brath, James Dionne, Brian Dobke, Nicole Doherty, Brenda Falk, Pamela Gauger, Scott Hass, Erin Hein, Traci Hoerig, Gregory Holl, Kari Krueger, Heather Kulcinski, Jeffrey Landvatter, Kelly Rohlinger, John Schmidt, Ira Sison, Laura Strancke, Jason Thull, Rachelle Zuehlke.

SENIORS — James Coulter, Karen Felix, Steven Gerhart, Bernd Gusinde, John Hazlewood, Shelly Hug, Dawn Jandre, Pam Johann, Satoko Kamimura, Shelley Kasseckert, David Kuphal, Carla Lemke, Becky Manthei, Willa Marshall, Dana Neuser, Amy Quinlan, Donald Ritchie, Judith Schlupe, Christopher Schmid, Jessica Schmidt, Michelle Schuster, Jodi Struck, Melissa Webber, Leeann Winninghoff.

3.001 - 3.499

FRESHMEN — Jennifer Gundrum, Chad Harlow, Rachel Howell, Beth Kempf, Timothy Lettow, Patrick McFadden, Staci Petushek, Kerry Resch, Kim Sabish, Chris Schmidt, Lynn Seil, Debra Steger, Jennifer Thull, Jean Turner, Shelly Wenninger.

SOPHOMORES — Scott Backhaus, Tina Bath, James Becker, Keith Butschlick, Leila Byers, Jennifer Campbell, Kevin Gundrum, Sherry Hass, Stacey Heberer, Dina Heckel, Jason Jagielski, Amie Kirmse, Thadeus Koontz, Aimee Marshall, Garrett Mielkie, Dean Moebius, Jason Noren, Sara Nysse, Sheldon Oppermann, Scott Paulson, Stephanie Reindl, Brian Staehler, Michael Stopar, Christopher Trapp, Andrea Waala, Scott Wiesner.

JUNIORS — Curtis Ammel, Ingrid Ankersen, Amy Baron, Kelly Berres, Traci Bindrich, Brent Boegel, Angie Clements, Jenny Degnitz, Melissa Ebert, Janel Flynn, Tania Friedel, Terri Grahl, Rebecca Hammes, Wanda Jacobs, Lynn Johann, Brenda Klahn, Phillip Lettow, Stacey Port, Rebecca Reysen, Tracey Steinert, Marlene Wodsedalek.

SENIORS — Curtis Arndt, Kevin Bartelt, Paul Becker, Timothy Butschlick, Andrea Fliess, Kenneth Krause, Laura Landvatter, Kristi Lubahn, Dale Mauritz, Michael Melzer, Eva Nowak, Timothy Oelhafen, Jenny Oneska, Cornia Oresnik, Michael Pascavis, Jill Peterson, Debra Rimmel, Randy Romaine, Michael Ruplinger, Rebecca Schlosser, Stacey Schmitt, David Schulz, Tricia Schwartz, Nathalie Stercq, Kimberly Stielow, Bruce Theusch.

KMLHS Announces Honor Roll

Kettle Moraine Lutheran High School, Jackson, announces its honor roll for the fourth quarter and second semester of the 1989-90 school year.

SECOND SEMESTER High Honors (3.6 - 4.0)

GRADE 12

Ruth Biedenbender, Daniel Egelseer, Michael Gehl, Michael Hinds, Jason Jobs, Ramona Johne, Scott Mund, Kimberly Pruess, Rachel Schmidt, Carrie Schmiede, Dawn Zarling.

GRADE 11

Travis Breitkreutz, Ginger Egelseer, Jeremy Ferch, Kevin Hahm, Todd Oestreich, Jennifer Piippo, Kellane Robinson, Ted Schmidt, Gretchen Thiesfeldt.

GRADE 10

Robin Bechler, Lori Francis, Kristin Hahm, Debra Keller, Mark Pieper, Rachel Schmiede, Jennifer Schramm, Tracy Siikarla, Jon Wirkkula.

GRADE 9

Joel Heckendorf, Kristen Kieselhorst, Scott Lisko, Uriah Monday, Michelle Oestreich, Lisa Scheunemann, Stephanie Traska, Rebecca Walther.

Honors (3.3 - 3.59)

GRADE 12

Jana Bechler, Tamara Behling, Danielle

Braze, Paul Haferman, Jeremy Juern, Kimberly Kurth, Amy Neuwirth, John Pamperin, Michael Schulz, John Tharman, Beth Winkelmann, Melissa Ziebell.

Christin Oppermann, Wendy Oppitz, Rebecca Przybyla, Janette Schramm, Johnold Strey, Benjamin Washburn.

No, I'm not looking for work, but I would like a job!

BUNKELMAN INFANT BAPTIZED SUNDAY

The infant son of Lowell and Lisa Bunkelman was baptized Sunday afternoon, July 1 at Holy Trinity Church, Kewaskum by Father Tom Veene. He received the name Michael Lowe and his sponsors were Jane Halfmann proxy for Richard Halfmann of Campbellsport and Jan Bartelt of Kewaskum. The guests were entertained at the Bunkelman home for the occasion.

Smart Money rebates
are back on again.

At Wisconsin Electric, we don't take saving energy lightly. From April 1 through December 31, 1990, we'll help lighten your load when you pay your electric bill.

We'll give you up to \$650 in rebates when you buy a new energy-efficient refrigerator, freezer, electric water heater or home lighting.

See your dealer for qualifying models, or call the Smart Money Energy Line at 221-4800. Outside the Milwaukee area, call toll-free at 1-800-922-6253.

You'll agree. The prospects for savings have never been brighter.

Call 221-4800. Outside Milwaukee, 1-800-922-6253.

You can also save with Smart Money for Business.

HERE COMES THE SUN: With Sunscreen, It's All Right

By Marc Kennedy, UW-Madison Center for Health Sciences

It's summer. Time to relax, go to the pool or beach and catch some rays. And to achieve the desired bronze hue as soon as possible, many sun-worshippers will baste themselves with tanning oil and skip the sunscreen, an oversight that is not only unnecessary, but also potentially deadly.

"There's a common fallacy that you won't tan if you wear a sunscreen. This just is not true," says Dr. Derek Cripps, a dermatologist at the University of Wisconsin Hospital and Clinics and a UW Medical School professor of dermatology. "Sunscreen blocks out the 'ultraviolet B' rays of the sun, those that cause skin cancer. You'll still tan; it will just take longer — a week or so rather than a few days. But this is a small sacrifice considering what's at stake."

Dermatologists directly relate the steady increase in skin cancer during the last half century to increased outdoor leisure activity by Americans, including sunbathing. Also during these years, swimwear has shrunk, causing cases of skin cancer in areas rarely exposed to the sun before the advent of string bikinis and racing suits. There is also some evidence that a depleted ozone layer may be allowing more ultraviolet rays to reach the earth.

"Using sunblock with a sun protection factor (SPF) no lower than 15, most people will tan without burning or increasing risk of developing skin cancer," says Cripps, who developed the SPF rating system for the Food and Drug Administration.

Nonetheless, Cripps admits it's difficult sometimes to convince people to use sunblock, as evidenced by statistics showing that all types of skin cancer — including malignant melanoma, its deadliest form — are rising. In the 1960s, the chances of developing skin cancer were one in 180. Today, the risk is one in 135, and it's projected to increase to one in 100 by the year 2000.

Since sun exposure is the leading cause of skin cancer, the American Academy of Dermatologists is urging people who play, swim or work outdoors to properly protect themselves from skin damage. Guidelines include:

- *Avoid the sun's rays during midday when they're strongest;
- *Cover up with lightweight clothing, such as long-sleeved shirts and pants, and wear a brimmed hat to protect your face and ears;

- *Wear sunscreen, even on cloudy days, and reapply it often, especially when in the water or perspiring.

"People with dark hair, eyes and skin can use SPF 15, but those with a lighter complexion

should use at least SPF 20," explains Cripps. "Blonds and redheads should use at least a 30. Some light-skinned people will never tan well; it's a fact of life that can't be changed.

"It's another fact that your skin is like a bank account with a memory: it never forgets sunlight to which it's been exposed. Unless you protect your skin, there will come a time when it can no longer accept any more sun damage, leading to wrinkling, cracking and probably cancer," he adds.

Dark-skinned people are not immune to the sun's rays either, he says. "Blacks and Hispanics can still burn, and they run the risk of developing skin cancer if they don't take precautions as well."

Cripps also warns against trying to cram a lot of tanning or time in the sun into one or two days. "These 'weekend warriors' who work inside all week and want to 'catch up' on Saturday and Sunday can seriously damage their skin without the proper protection. Cases of people developing cancer from a single serious sunburn have been documented, so it isn't always a result of years and years of exposure to the sun."

And what of the young immortals who shrug off warnings as they drip with tanning butter in the sun?

"No tan is worth dying for," says Cripps. "Avoiding sunburn is easy: stay out of the sun when it's hottest, wear a hat and protective clothing, and use sunblock if you want to get a tan. It's easy to use, avoids the pain and discomfort of burning, and reduces the risk of developing skin cancer."

The most successful method of treating skin cancer today was developed at the UW Medical School in the 1930s by Dr. Frederick Mohs, now emeritus professor of surgery. The technique, known as Mohs surgery or chemosurgery, involves removing and analyzing skin layer by layer until all cancer cells are gone.

Free Blood Pressure Screenings Offered

The Community Health Nursing Service Cardiovascular Risk Reduction Program is offering free blood pressure screening at the following sites during the month of July.

July 14th — West Bend Fire Department, 320 N. 7th Avenue, 1 p.m. - 4 p.m.

July 28th — West Bend Fire Department, 320 N. 7th Avenue, 1 p.m. - 4 p.m.

Questions about the program may be directed to Doris Dauer, Coordinator, at 338-5274, 644-5204 or 342-2929 (toll free, ext. 4707).

Excerpt from 'Menagerie'

QUIET AS A MOUSE

I always wanted to be loud; maybe not a hollering big mouth, but just a little louder. Every time I try to state my opinion to a class or even just a friend, my tongue gets twisted, my hands clam -up, and I begin to feel very tense. It seems that I can write anything down on paper. My hand just seems to move. If I could be more that way with my mouth and less with the pen, I feel I would have accomplished one of my highest goals. I don't know how to be open with people. Maybe, if I were more open, people would realize I'm not a snob. I'm just too shy to speak up! I really want to take a few steps toward achieving this goal, but I just never have.

I remember in seventh grade, we had to memorize a three - minute speech and say it out loud to the class! That was the scariest and most dreadful thing I have ever done! Now, I realize that, that speech I made on the handicapped was not that hard. I thought many times about trying forensics, but I always seemed to have last - minute decisions.

Just like George in the story, "A Summer's Reading," I have a problem taking a first step!

Carrie Fellenz

Kewaskum High School

Immunization Clinics Slated

All recommended immunizations are available to children and adults of Washington County at the immunization clinics offered by Washington County Community Health Service. JULY clinics are:

July 3, 2-5:00 p.m. — Community Health Nursing Service, Courthouse, Room 119, 432 E. Washington St., West Bend.

July 10, 2-5:00 p.m. — Germantown Senior Citizen Center, W162 N11960 Park Avenue, Germantown.

July 17, 9-12:00 p.m. — Hartford City Hall, 109 N. Main Street, Hartford.

July 24, 9-12:00 p.m. — Community Health Nursing Service, Courthouse, Lower Level, Room 119, 432 E. Washington St., West Bend.

Parents must bring their records of each child's past immunizations to clinics. Immunizations will not be given without a record card.

For further information, call 338-4462, 644-5204, or 342-2929.

Regal Names Dilling Manager-Corporate Systems, Procedures Budgets

Steven Dilling

KEWASKUM, Wis. — Regal Ware, Inc. has named Steven Dilling to the position of Manager - Corporate Systems, Procedures Budgets. In this position he will be responsible for the installation of new systems and procedures, coordination of training and the review and update of policies and systems.

Dilling comes to Regal with a bachelor's degree in Business Administration from UW-Oshkosh and four years of accounting experience.

Regal Ware, Inc. is a major manufacturer of cookware, kitchen electrics and microwave ovenware headquartered in Kewaskum.

Season's Best Strawberry Shortcake

- BERRIES**
1/3 cup honey
2 tablespoons lemon juice
3 pints strawberries, sliced
- SHORTCAKE**
2 cups flour
2 tablespoons sugar
3 1/2 teaspoons baking powder
1/2 cup butter, chilled
1/4 cup dairy sour cream
1/4 to 1/2 cup milk
- CREAM**
1 cup whipping cream
1/3 cup sifted powdered sugar
1 teaspoon vanilla
1/2 cup dairy sour cream

Combine honey and lemon juice in medium bowl. Stir in strawberries. Chill.

Combine flour, sugar, and baking powder; cut in butter until mixture resembles fine crumbs. Add sour cream; mix in lightly with fork. With fork, stir in just enough milk to form soft dough. On lightly floured surface, roll dough to 1/2-inch thickness. Cut with 3-inch biscuit cutter. Roll dough as necessary to make six shortcakes. Place on ungreased cookie sheet. Bake at 425°, 15 minutes or until golden brown.

Beat cream until soft peaks form. Add sugar and vanilla; continue beating until stiff peaks form. Fold in sour cream. Chill.

When ready to serve, split shortcakes in half. Place bottom half on serving plates. Top with half of strawberries and half of cream; repeat layers.

THE HENRY S. REUSS ICE AGE VISITOR CENTER

The Center is administered by the Wisconsin Department of Natural Resources under review of the National Park Service. It opened in January of 1981 for the purpose of introducing and orienting visitors to the Ice Age National Scientific Reserve, whose goal in turn is "to assure protection, preservation and interpretation of the nationally significant values of Wisconsin's continental glaciation." The Center is not and should not be considered a museum. The museum is the 40,000 glacial landscaped acres constituting the nine individual units comprising the Reserve.

Upon entering the Center, one's attention is quickly drawn to a large mural depicting an artist's interpretation of a scene of the area 10,000 to 12,000 years ago when the last major advance of ice was melting. It is suggested before viewing the exhibits, to watch the excellent interpretive film "Night of the Sun" (20 minutes in length) shown every hour and half-hour. The exhibit area presents some interesting facts and concepts about the Ice Age, while the view from the deck interprets several visible landscape formations.

This area is internationally known for its famous glacial features and interesting array of plants and animals. You are invited to learn more about this important part of our heritage by visiting the Henry S. Reuss Ice Age Visitor Center and participating in the Naturalist Program.

During the summer the naturalist program offers nature walks, talks, auto tours, evening programs, visiting guest speakers, etc. These events offered at the Center or the Mauthe Lake and Long Lake Recreational Areas are easy and enjoyable ways to learn more about the area. During the remainder of the year group interpretive programs are available upon request.

The Center is located one mile south of the Village of Dundee on State Hwy. 67 in the Northern Kettle Moraine State Forest, about 55 miles north of Milwaukee, Wisconsin.

A self-guided 40 mile geology tour and a short self-guiding nature trail "The Moraine Ridge Trail" originate at the Center. Guidebooks for both are available in the Center. There are also two other self-guiding nature trails within the forest.

The Center is open year-round (except for major holidays) Monday thru Friday (8:30 a.m. to 4 p.m.) and Saturday and Sunday (9:30 a.m. to 5 p.m.). The mailing address is Box 410, Campbellsport, Wisconsin 53010. Telephone number 414-533-8322. Although no admission is required to visit the Center, vehicle park stickers are required on the visitor's vehicle.

KETTLE MORAIN STATE FOREST NU NATURALIST PROGRAM

July 11-14th

WEDNESDAY, JULY 11, 9:30 a.m. - "THE LAND THE GLACIERS CREATED" - Glacial geology is the topic of this walk to a high ridge above Long Lake. Originates at the NORTH BEACH at Long Lake. **1:30 p.m.** - "AN INTRODUCTION TO ORIENTEERING" - Learn to use a compass in this activity for the adventuresome. Meet at the ICE AGE CENTER.

THURSDAY, JULY 12, 9:30 a.m. - "THE SPRUCE LAKE BOG" - This short walk into a fascinating world originates at the ICE AGE CENTER and then requires a 5-mile drive to the bog. **1:30 p.m.** - "INCREDIBLE EDIBLES" - This fascinating world of "wild vittles" will be the focus. Meet at the LONG LAKE NATURE TRAIL at Long Lake.

FRIDAY, JULY 13, 1:30 p.m. - "THE PRAIRIE" - A look at a community of plants that at one time covered 6 percent of Wisconsin's land area. Meet at the intersections of County "G" and "SS" just west of New Prospect.

SATURDAY, JULY 14, 1:30 p.m. - "KAMES, KETTLES & ESKERS" - Auto Tour. This auto tour originates at the Ice Age Center and is a fine opportunity to see first hand and learn more about the geology of this area. Tour lasts two hours and covers 25 miles.

*****EVENING PROGRAMS*****

FRIDAY, JULY 13, 7:30 p.m. - "POISONOUS PLANT OF WISCONSIN" - A slide program presented by Mr. Roger Reif, Naturalist. From mild dermatitis to sudden death, positive identification has no substitute. Join Roger at the ICE AGE CENTER Auditorium.

SATURDAY, JULY 14 - 7:30 p.m. - "CRITTER CARE" - Injured wild animals, as well as all nature lovers are fortunate to have rehabilitators like Jeannie Lord. Join Jeanie and some of her live patients at the ICE AGE CENTER Auditorium.

mation or to sign up for this fun activity, contact the Center at 675-6888.

FRIDAY, JULY 6
SATURDAY, JULY 7
SUNDAY, JULY 8

The Annual Kewaskum Firemen and Legion Picnic will be held at Riverhill Park in Kewaskum. There will be live music on Friday and Saturday nights and Sunday afternoon, waterfights on Saturday at 5:30 p.m. and a mammoth parade will be held on Sunday at 12 noon. There will also be rides, games, food, refreshments, fun and a chance to meet up with old friends. Don't miss it.

SUNDAY, JULY 8

"A Day In The Park" will be the theme for the 19th annual arts and crafts fair sponsored by the Women's Affiliate of the Beaver Dam Chamber of Commerce which will be held from 10 a.m. to 5 p.m. at Swan City Park in Beaver Dam. On display will be a wide variety of arts and crafts items, with sandwiches, ice cream sundaes, root beer floats and snow cones served on the grounds.

SUNDAY, JULY 15

Annual St. Kilian Parish Picnic will start at noon on the church grounds. There will be a charcoal broiled chicken dinner served from 3 to 6 p.m. with carryouts available. There will also be a couples volleyball tournament, games, food, refreshments and live music.

SATURDAY, JULY 21

The 26th annual celebration of Fish Day will be held in Port Washington. Attractions for the all-day family event will include a spectacular 2-hour parade beginning at 11 a.m., an 8K run/2 mile walk, live entertainment, a petting zoo, antique car show, helicopter and carnival rides, fire department demonstrations and fireworks at 9:30 p.m. Free shuttle bus service from specially marked Fish Day parking lots will be available to transport festival-goers to Port Washington's lakefront.

SUNGLASSES: Be Comfortable and Stylish, Too

By Judy Kay Moore, UW-Madison Center for Health Sciences

MADISON, Wis. — While many people see sunglasses as little more than a fashion accessory, this time of year the right pair of sunglasses can also be a welcome source of comfort and relief from the bright glare of the summer sun.

Experts at University of Wisconsin Hospital and Clinics advise that sunglasses can help control the amount of light let into the eyes, thereby diminishing reflective glare, a common problem around water, snow and paved roads. Sunglasses also can help those whose eyes are sensitive to dust and may help prevent skin cancer from developing around the eyes by shielding them from the sun's harmful rays.

Doug Bredeson, an optician who serves patients at University of Wisconsin Hospital and Clinics, advises consumers to look for lenses that block 80 percent of the light. These will provide relief from the sun's brightness without adversely affecting vision.

While sunglasses are available in a variety of lens tints, gray is a favorite for sun protection because it is the best shade for distinguishing between colors. Gray lenses transmit light evenly through the entire visible spectrum, allowing colors to be seen naturally. Dark green lenses also minimize color distortion.

In addition to color, lenses also vary in size, shape and in their ability to absorb light. Polarized lenses, which reduce reflection and glare, are especially useful around water or snow. Photochromic lenses become darker in bright light and lighter in its absence.

When shopping, look for comfortable sunglasses with distortion-free and scratch-resistant lenses. Eye doctors

recommend these shopping tips:

- * Check for distortion. Hold the glasses at arm's length and look through the lenses, moving the glasses slowly back and forth while watching for image distortion.

- * Check the tint. Be sure the lens color is evenly applied, not darker in one area and lighter in another. Some lenses are designed to be darker on top,

but make sure the change is gradual.

- * Be aware of the lens material. Lenses made of glass break more easily than plastic lenses, but plastic lenses are more susceptible to scratches.

- * Choose a style that suits you best. People whose eyes are especially sensitive to light may prefer darker lenses that wrap around the eyes to further reduce light entering the eyes.

More Than 1,100 Enroll In Moraine Park's Summer School

A total of 1,161 students have enrolled in summer classes at Moraine Park Technical College's three campuses and 16 instructional centers.

According to Moraine Park's Registrar's office, 113 students are enrolled at the Beaver Dam campus, 544 at the Fond du Lac campus, 288 at the West Bend campus and 216 at the various instructional centers located throughout the Moraine Park Vocational, Technical and Adult Education District.

Summer school classes began June 11 at Moraine Park.

"We are pleased," said Betty Brunelle, vice president for instruction at Moraine Park. "The numbers are about where we had hoped they would be for summer enrollment."

Curtailed in 1987 because of a budget crunch, summer school was reestablished at Moraine Park this year with a greatly expanded number of day and evening classes offered at all three campuses. In 1989, Moraine Park offered only a handful of morning-only classes for all three campuses.

Moraine Park considers this year's summer school schedule an experiment, Brunelle explained. The expanded schedule is being used to

determine what students served by the college are looking for as far as summer school course subjects and scheduled times, she said.

"We still sit back and analyze these summer school enrollment figures to determine what we will do for next year," Brunelle said. "I'm sure we'll have to make some adjustments in what courses we offer and what time of day we offer them, but overall I could call this summer school schedule a success."

For a week in August Moraine Park will offer Concerning Learning, a study skills improvement course. Offered at all three campuses, Concerning Learning is designed to help students focus on study habits, test-taking skills and other learning fundamentals while acquainting them with various resources available at Moraine Park.

Moraine Park's instructional centers are located at Berlin, Campbellsport, Green Lake, Hartford, Horicon, Hustisford, Juneau, Kewaskum, Lomira, Markesan, Mayville, New Holstein, Princeton, Ripon, Slinger/Allenton and Waupun/Fox Lake.

JULY COMMUNITY CALENDAR

Coming events will be listed only if they are submitted to the Statesman and are of area interest. We will be happy to list meetings of your non-profit organization only if they are sent in to us each month. We can no longer be responsible for keeping a running file of meetings for the entire year. Please submit your meeting notice for publication the week before it is to be published. Bear in mind, if your coming event, is designed to make money for your organization, it should be considered advertising.

The Community Calendar column is run a TIME AND SPACE AVAILABLE BASIS ONLY

FRIDAY, JULY 6

The Washington County Separated and Divorced Men and Women Group will meet at Sacred Heart Church in Allenton from 7:30 to 9:30 p.m. The program will include a small group discussion on "What's On Your Mind?"

SATURDAY, JULY 7

Third Annual Butterfly Count at Riveredge Nature Center located in Newburg. As part of a continuous effort to assess butterfly populations, the count will be conducted from 9 a.m. to 5 p.m. There is a need for those who can identify as well as catch butterflies. For additional infor-

In the Service

Marine Pvt. Ross A. Krueger, son of Gene Krueger of Route 4, Campbellsport, WI, has completed recruit training at Marine Corps Recruit Depot, San Diego.

During the 13-week training cycle, Krueger was taught the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

A 1989 graduate of Nathen Hale High School, West Allis, he joined the Marine Corps in February 1990.

EMALYN B. HERMANSON

Emalyn B. Hermanson, nee Vislifel-Whiting, of 1119 Roseland Drive, Kewaskum, died Tuesday, June 26, 1990 at the Samaritan Home, West Bend, at the age of 92.

She was born Dec. 17, 1897, in Pisek, N.D. and married Leonard Whiting July 19, 1923, in Beaulue, Minn. He passed away June 8, 1964. She then married John S. Hermanson, on July 3, 1969, in Two Harbors, Minn. He preceded her in death Sept. 11, 1985.

She was a member of St. Matthew's Catholic Church, Campbellsport.

Survivors include a son, Neil (Catherine) Whiting of Aberdeen, S.D.; two daughters, Mary (Alvin) Vorderbruggen of Kewaskum and Shirley Wynne of Carlsbad, Calif; six grandchildren; nine great-grandchildren, and other relatives and friends.

Preceding her in death were five brothers, six sisters, a grandson and a son-in-law.

Funeral services were Friday, June 29, at 11 a.m. at St. Matthew's Catholic Church, Campbellsport. Rev. Michael Moran officiated and burial was in the parish cemetery.

Visitation at the Twohig Funeral Home, Campbellsport, was Friday from 9 to 10:30 a.m.

CHRISTOPHER A. KIRSCH

Christopher A. Kirsch, 18, of Kewaskum, died Sunday, June 24, 1990.

Survivors include his parents, Lona Schowalter and Rodney Kirsch, a brother Brian, grandparents, aunts, uncles, other relatives and friends.

Funeral services were Thursday evening, June 28, at 8 p.m. at the Funeral Home. Interment was in Union Cemetery, Port Washington, and visitation was Thursday, from 4 to 8 p.m.

Memorials are appreciated. The Eernisse Funeral Home is serving the family.

IN MEMORY

In loving memory of LUELLA MARQUARDT, two years ago, July 6th, 1988:

God stood that morn beside your bed
These are the words He must have said:

"You have suffered more than you can stand.
Come with Me — just take My hand."

It broke our hearts to lose you,
But you did not go alone,
For part of us went with you,
The day God called you home.

Loved and remembered by her children and grandchildren.

IN MEMORY

In loving memory of Viola A. Spoerl who entered her Heavenly Home one year ago, July 6, 1989:

In life we loved you dearly
In death we love you still
In our hearts you hold a special place,
No one else can ever fill.

It broke our hearts to lose you
But you didn't go alone
For part of us went with you,
The day God called you home.

Sadly missed by her husband Fred, children and grandchildren and great-grandchild.

25 Years Ago

July 2, 1965

The annual spectacular Fourth of July holiday fireworks display sponsored by the village of Kewaskum under the supervision of the Kewaskum Fire Department will be held in the village park on the night of Saturday, July 3. Hundreds of dollars worth of fireworks have been purchased and this year's display will be bigger and better than ever.

Funeral services were held Monday, June 28, for John P. Van Blarcom, 63, of this village, who passed away Thursday, June 24, after suffering an attack at his home. He had been ailing with asthma for several years. Mr. Van Blarcom was born Dec. 13, 1901, at Boltonville. He was married to the former Frances Raether and lived most of his life in Beechwood and Kewaskum. He was in the plumbing and heating business in Kewaskum and also operated the Gambles store for several years before becoming a rural mail carrier, which position he held at the time of his death.

Three Kewaskum youths injured at 1:30 a.m. Sunday when a car driven by Robert J. Miller, 18, of 215 Main St., Kewaskum, left Hwy. D, about three miles east of New Fane and struck a tree. Miller suffered a cut left cheek, his brother Michael, 16, sustained bruises and another passenger in the car, 16-year-old Christie L. Heberer of R.1, Kewaskum, suffered a fractured jaw, tongue and head injuries. The three were reported on their way home after already taking a fourth passenger, Bernadine Fellenz, to her home about a mile east of the scene of the mishap. Miller was proceeding west when the car he was driving, owned by his uncle, Joe Schmitt, left the road, struck the tree and came to rest in a ditch facing the opposite direction. The right side of the auto was demolished.

Birth — A daughter to Mr. and Mrs. Carl Steiner, 221A Main St., Kewaskum, Wednesday, June 25.

50 Years Ago

July 2, 1940

The Kewaskum Sportsmans Club has received 300 more day-old Pheasant chicks from the Wisconsin Conservation Commission, which were hatched at the state game farm at Poynette. Another order of 4-week old chicks is expected to be received by the club from Poynette in the next couple of months. The chicks are being housed on the Dr. R.G. Edwards property near the south village limits. The club has erected an addition onto the feed room of the brooder house at their farm and now have the facilities to care for all the birds very satisfactorily. Last Saturday club members released 30 full grown birds in the vicinity.

Jacob Haug, 64, widely known Town of Auburn farm resident and brother of P.J. Haug of this village, died unexpectedly, Thursday, July 4, at his home near Five Corners of injuries sustained a week before in a fall at his farm. Mr. Haug suffered a broken collar bone and internal injuries when he fell from a wagon load of hay while hauling some at his farm.

The little daughter of Mr. and Mrs. Harold Marx of this village was baptized last Sunday in Holy Trinity Church by the Rev. Philip Vogt. She received the name Judith Mary. Sponsors were Sylvester Marx of Milwaukee and Miss Pearl Hron.

Miss Ruth Runte is attending the LeClaire School of Beauty in Milwaukee. She left for that city last Friday evening. Ruth graduated from the local high school this year.

Special, delicious fresh fish liver, something different in a lunch, will be served at Heisler's Tavern Saturday evening, July 6. Stop in for this treat. Visit Pete's tavern, Kewaskum, for a bowl of turtle soup, to be served special for Saturday evening. You'll enjoy a fine treat.

Martin Wietor of this village, employed with the Jos. Guldman mason crew, had the misfortune to fracture his right leg above the ankle Monday morning while at work on the John Foerster farm near St. Kilian. Dr. Hoffman of Campbellsport was immediately summoned and the fracture set. He was removed to his home and is doing nicely.

Jos. Rosenheimer of Schleisingerville has sold his machinery - business to Wm. E. Langenecker of Allenton, who took possession this week. The new owner contemplates erecting a large warehouse.

Last Monday morning as Mrs. Albert Ogenorth was doing her washing, she placed a bottle of gasoline on the wash bench while she went into the house to get her husband's breakfast. In the meantime, her youngest son Sylvester got a hold of the bottle and drank some of the contents. The child was at once hurried to Dr. Driessel where everything possible was done for him. At present the child is getting along nicely but the doctor states that if the boy had drank much more it would have killed him.

While unloading hay in his barn Wednesday afternoon, Aug. Bilgo, Sr. received a severe cut on the back of his head. A rope which Mr. Bilgo was pulling in trying to change the hay carrier, tore and the pulley attached to same fell striking him on the head and inflicting a gash of about three inches. With the assistance of neighbors, the flow of blood was stopped and medical aid

summoned, but as neither Dr. Driessel nor Dr. Hausmann of here were home at the time, Dr. Sylvester Driessel of Barton was summoned. The latter arrived in a short time. It required a number of stitches to sew the cut.

A barnraising bee was held at Richard Friedemann's Kohlsville on Wednesday.

IN MEMORY

In loving memory of EVELYN LUDWIG, who passed away ten years ago, July 10th, 1980:

God saw she was getting tired
And a cure was not to be.
So he put His arms around her,
And whispered "Come with Me."

With tearful eyes we watched her suffer.

And saw her fade away,
Although we loved her dearly,
We could not make her stay.
A golden heart stopped beating,
Hard working hands to rest
God broke our hearts to prove to us,

He only takes the best.

Mr. and Mrs. Elton Ludwig
Mr. and Mrs. Lloyd Gatzke
Mr. and Mrs. Dave Arndt
and grandchildren

KHS Announces Names of Perfect Attendance Students

According to our records the following students have had an excellent attendance record during the 1989-1990 school year. This is a commendable accomplishment for developing the correct attitude about being in school as being very important. There is a direct relationship between good attendance and grades as well as an interest in school. This also carries over into the world of work. Industry is concerned about unusual absenteeism and when employers call the school their first question often concerns attendance records.

There may be situations when a student is needed at home or if a student is sick he/she should not be in school. The attitude of the parents towards attendance in school and later in life on the job is reflected in their children. Truancy tends to be a warning that the student is potential drop-out and in many cases headed for other problems.

As we prepare for the 90-91 school year, we again ask for parents cooperation in encouraging their students to be in school.

We congratulate the following students:

PERFECT ATTENDANCE

Scott Backhaus, Jenny Bauer, Jenny Beimborn (2), Steve Bodden (3), Brian Breundl, Keith Butschlick (2), Jeff Dirmeier, Carrie Fellenz, Don Harmon, Sandy Harmon (2), Sherry Hass, Brian Heller, Lynn Johann, Heather Koch, Kristen Krebs, Melissa Kuechler (2), Adam Laatsch, Jeff Landvatter, Carla Lemke (3), Phillip Letow.

SOCIAL SECURITY NEWS

Applying for Survivors Benefits

By David W. Becker
Branch Manager

If you believe that you may be eligible for Social Security survivors benefits, you should apply for them as soon as possible after the worker's death. You can apply at any Social Security office. In some cases, benefits are not payable for any month before the month you apply.

The application process can be quicker if you have needed evidence when you apply. However, do not delay simply because all the proofs are not readily available. The people at the Social Security office can start the application process and advise you about submitting additional evidence.

Some of the evidence you will need when applying for survivors benefits includes:

- * The applicant's and the deceased worker's Social Security numbers.

- * Proof of the applicant's age.

- * Proof of marriage, if the person is applying for widow's or widower's benefits.

- * Proof of the worker's death.

- * Children's birth certificates if they are applying for benefits.

- * The deceased worker's W-2 form (or Federal tax return, if self-employed) for the most recent tax year.

Other evidence may also be required depending on the kind of survivors benefits you are filing for.

Call Social Security at 1-800-234-5772 to set up an appointment to file for benefits.

Serigraph Receives TRW Quality Award

TRW Canada Ltd. is honoring Serigraph Inc. with an "Excellence in Quality" award, one of only two presented by the automotive supplier since 1985.

Serigraph is being cited for the overall quality of products and services to TRW, a major supplier to the auto industry. Serigraph, one of the nation's largest screen printing companies, makes appliques for controls such as defroster switches for TRW.

The Transportation Electronics Division of TRW Canada has more than 60 suppliers. The only other supplier to win the award was Maverick Spring Co. in 1985. Serigraph has been a supplier to TRW since 1986.

Serigraph, with three plants in West Bend, is a national supplier of graphics products to the automotive, appliance / electronics, marine and consumer markets.

Cholesterol, Blood Pressure Screening

Cholesterol screening and blood pressure measurement will be offered to West Bend area residents by the Community Health Nursing Service Cardiovascular Risk Reduction Program. Screening tests will be available once a month at the WASHINGTON COUNTY COURT HOUSE, 432 E. Washington.

Screening schedule: July 26th beginning at 4:30 p.m. in room 119, (lower level of court house).

Blood Pressure and Cholesterol screenings will be done BY APPOINTMENT ONLY. Cholesterol screening will be done for a charge of \$5.00.

To schedule an appointment for cholesterol and/or blood pressure screening, call 338-4707 or 644-5204 or 342-2929 (toll free, ext. 4707).

Flag Burning Laws Defensible

By Senator Don Stitt

This week the U.S. Supreme Court struck down a federal law against desecrating the U.S. flag. This is the second time in a year that the high court has declared such laws as unconstitutional.

Last summer the Supreme Court also invalidated a Texas statute that would have held people accountable for burning U.S. flags.

In their 5 to 4 decision, the Supreme Court maintained that the federal law, like the Texas statute, was a violation of the First Amendment's guarantee of freedom of speech.

While I understand the free speech arguments employed by the Supreme Court, I believe that any desecration of the U.S. flag, which is a symbol of our freedom and democracy, is a shameful act.

The high court's decision is unfortunate in the sense that I believe each state in the nation ought to have the right to enact flag burning statutes.

Fortunately, Congress is in the process of considering a constitutional amendment that would empower the states to do this.

The twenty words of the proposed amendment are as follows: "The Congress and the States shall have power to prohibit the physical desecration of the flag of the United States."

From all indications, a floor vote on this constitutional amendment, or a similar variation of this amendment, is due soon.

If passed, Wisconsin should be among the first states in the nation to draft and pass a flag

burning law.

Many proponents of free speech are now taking it upon themselves to conduct public displays of flag burning as a symbolic measure of their right to desecrate the flag.

This is an astonishing abuse of one symbol, our flag, in order to exercise a symbolic expression of free speech. Regardless of the Supreme Court's ruling, burning our country's flag is vulgar defamation.

All you have to do is turn on your television set and watch what kind of people burn flags in other countries. Lately, it's been freedom seekers who, in liberation against communism and socialism, are burning flags in public squares to show their solidarity against tyranny.

According to First Amendment advocates, that is not what American citizens are doing when they burn our flags. Rather, they are exercising a guaranteed right — and providing to the rest of the world that American democracy, of all things, is tolerant.

Tolerance is fine, but abuse of a flag that symbolizes the very roots of this tolerance is wrong and disrespectful.

For others who burn the flag out of frustration about United States government — well, go ahead and do it. However, these flag desecrators should be penalized for their actions.

Our democracy has a number of outlets for dissident opinions. Burning the flag is an ineffective and useless expression of an individual's desire to change things in this country.

Moraine Park Has Lowest Student Loan Default Rate

Moraine Park Technical College has the lowest student loan default rate among Wisconsin Vocational, Technical and Adult Education districts for the second year in a row.

The Department of Education recently informed Moraine Park that the college loan default rate for fiscal year 1988-89 was 4.8 percent. That means that of the 330 student borrowers from Moraine Park repaying loans for that year, 16 defaulted. Of the \$709,402 in repayment for 1988, the 16 defaulted borrowers owe \$28,639 — an average of \$1,800 per student.

Numerous efforts to advise students of the consequences of debt and how to manage debt seems to have paid off for Moraine Park according to Katie Soles, vice president of student services. She pointed out that Moraine Park's default rate of 4.8 percent is well below the national average of 15.6 percent as determined by the United States Department of Education.

Before Moraine Park students take out a student loan they are required to view a videotape on the loan process and participate in an entrance loan counseling session, Soles said. Before leaving school, students are required to attend a debt management counseling session or receive a packet of information relative to loan repayment, or both.

Moraine Park also sends a letter to students who have been referred to the guarantee agency for collection assistance urging them to contact their lending institutions before they reach default status, Soles explained.

As a last resort, Moraine Park withholds records of students when notified that the students are defaulting on their loans. These students are assisted in contacting the guarantee agency to arrange for repayment, Soles said.

An informal study by Moraine Park's Financial Aid Office reveals that, typically, it

is students who do not graduate who default on their student loans. "Most students who complete their courses of study at Moraine Park are very responsible about repaying loans," Soles said.

Moraine Park has three campuses located in Beaver Dam, Fond du Lac and West Bend, as well as 16 instructional centers. The Moraine Park Vocational, Technical and Adult Education district includes all of Fond du Lac and Green Lake counties; most of Dodge and Washington counties; and portions of Calumet, Columbia, Marquette, Sheboygan, Waushara and Winnebago counties.

Prevention of Food Poisoning

It's picnic season! How can you be sure your foods are safe to eat in hot, summer weather? Here are three ways to prevent food poisoning by handling food properly.

A basic rule is to KEEP HOT FOOD HOT and COLD FOOD COLD. Germs multiply very quickly at in-between temperatures, and they can cause food poisoning.

Foods which must be kept on ice include dairy foods, eggs, and salads with creamy dressings. A good tip for hotdogs or sandwich meat is to freeze them ahead; they will thaw on the way to the picnic. They will still be plenty cold when you are ready to use them. For sandwiches, pack the meat separately from other sandwich makings. Then, put the whole sandwich together minutes before you eat. The lettuce will be crisp, and the bread will not be soggy, and the mayonnaise can also be kept cold so all the sandwich makings will be safe to eat.

Those who like to grill chicken or ribs away from home would be wise to precook the meat. Meats should be well chilled on ice and packed separately from other foods so that meat juices will not contaminate other foods. Precooking can also insure that food is thoroughly cooked. Just

because the outside is well done does not mean the center is adequately cooked. Keep extra meats warm on the edge of the grill rather than let them sit out at air temperature. Char-broiling or adding barbecue sauce on the grill will add flavor and color to the precooked meats.

A second basic rule is to keep foods as germ-free as possible. Pack plenty of utensils for serving. If a serving spoon is passed from one dish to the next, germs will also be spread. Each dish should have its own utensil.

Children love to help prepare and serve foods. Double check that their hands are clean. Also remind them not to put their "used" utensils into a serving dish!

Keep items such as relish trays and salads covered until serving time, and recover them right away when people are not being served. Bugs enjoys picnics too!

Finally, throw out any foods that have been sitting out at room or air temperature. For foods that spoil easily, bring only the amount of food you think can be eaten when fresh rather than a large amount. Bring plenty of foods that do not spoil, like popcorn, pretzels, peanutbutter and bread, cookies or cake. Any food that can spoil easily and has been at air temperature for even half an hour may have enough germs to give you food poisoning.

Keep your family's food safe this summer!

For further information on food safety, contact Melanie Yager, Washington County Summer Home Economist, P.O. Box 1986, West Bend 53095.

Ten-Year Stewardship Program For Land Conservation Begun

MADISON, WI — The Stewardship Program, a 10-year, \$250 million conservation land acquisition program administered by the Department of Natural Resources, began July 1, 1990.

The Stewardship Program was created by the 1989 Wisconsin Legislature and earmarks \$25 million each year through the 1990s to purchase land, provide recreation opportunities, restore and preserve wildlife habitat, and protect water quality statewide.

The \$25 million available for Stewardship each year will be divided among 11 programs, providing for a variety of land acquisition and conservation efforts. The 11 programs and their yearly funding are as follows:

* General Land Acquisition — \$8.9 million for unspecified land acquisition, with an emphasis on lands located within department project boundaries.

* Property Development — \$3.5 million for recreational development in public use areas, with an emphasis on bringing existing facilities up to standard.

* Wildlife Habitat Restoration Areas — \$1.5 million to enhance wildlife-based recreation, including hunting, fishing, nature appreciation and wildlife watching. Emphasis will be on wetland and grassland restoration.

* Local Park Aids — \$2.25 million for the existing Local Park Aid program (the 1989-90 funding was \$830,000) to provide local units of government with money for park acquisition and development.

* Urban Green Spaces — \$750,000 for grants to local governments and nonprofit organizations to provide open natural space near urban areas, protect natural features having scenic or ecological value, or to provide space for non-commercial gardening.

* Lower Wisconsin State Riverway — \$2 million to acquire lands in accordance with the Master Plan developed for the riverway.

* State Trails — \$1 million to develop trails on existing DNR lands and to provide grants to nonprofit conservation organizations to acquire lands for trails.

* Ice Age Trail — \$500,000 to acquire or develop the Ice Age Trail and to provide match grants to nonprofit organizations to acquire land for the trail.

* Stream Bank Easements — \$1 million to acquire

streambank easements to protect water quality and fish habitat, with emphasis on streams where water quality is affected by urban and agricultural runoff.

* Natural Areas Acquisition — \$1.5 million to continue land acquisition under the existing Natural Areas program and provide grants to nonprofit conservation organizations to acquire lands.

* Natural Areas Heritage Program — \$500,000 to the existing Heritage Program. When land or money is donated to the Natural Areas program, an equal amount of money is released from the Heritage allocation for the DNR to purchase additional lands for Natural Areas.

Also through the Stewardship Program, nonprofit organizations have an opportunity to share land stewardship responsibility with the DNR. The Stewardship Program includes a grant program that provides up to a total \$9 million each year in 50 percent match grants to qualifying nonprofit conservation organizations.

Nonprofit conservation groups will be able to apply for grants in five Stewardship programs: wildlife habitat restoration, stream bank protection, trails, natural areas and urban green space. The first grants are anticipated to be made early in 1991.

The Stewardship Program is funded through the sale of general obligation bonds.

For more information contact: Bureau of Property Management - 608-266-2135.

Priority Watersheds And Soil Erosion

In the Milwaukee River, Sheboygan River, and Winnebago East Shore Watersheds fields may be eligible for cost sharing of conservation practices. Cost sharing is not based on the amount of soil eroding from a field, but on the amount of sediment and pollutants which actually enters a watercourse. Present and potential water quality has been assessed in these watersheds. Based on this assessment, reasonable water quality goals from reduction of this sediment are set. To reach these goals, the fields delivering the highest amounts of sediment are eligible for cost sharing of conservation practices.

One conservation practice

TODAY'S AGRICULTURE

By Jack Trzebiatowski, Extension Agriculture Agent

Barn and Silo Fires

A number of Farm and Silo fires occur each year in Wisconsin due to spontaneous ignition. This is a real concern when hay is stored at wetter than normal temperatures in barns or dryer than normal temperatures in silos.

Weather conditions for making dry hay have not been very favorable this season, frequent rain falls have made it difficult for farmers to get hay to dry down properly for storage in barns.

Hay that has a moisture content of 30 percent or greater is a potential fire hazard. Whether the hay starts to burn or not depends mainly on the size of the pile and the materials surrounding it. If the pile cools as fast as heat is generated, it turns brown and possibly moldy. If there is enough of a pile around the hot spot to prevent the escape of heat a fire can occur.

Hay with higher moisture content can be stored in a barn if preservatives are used. These preservatives can reduce the growth of mold and keep temperatures from getting high enough to develop into a fire.

Many times people recognize that a mow of hay is heating up

and wonder whether or not there is a need to take action to prevent fire from developing.

One way of monitoring the situation is to use a temperature probe and measure changes in temperature. This should be approached carefully as there is danger in walking on a stack of hot hay without taking proper precaution.

If temperatures of 130 degrees or higher are measured the hay should be watched carefully for changes in temperature. If the temperature climbs to a 160 degrees Fahrenheit it should be rechecked every 2 to 3 hours. If temperatures reach 190 degrees Fahrenheit local Fire Department officials should be notified and arrangements made to remove the hay from the building.

If a temperature hay probe is not available an iron rod may be driven into the material and left for 15-20 minutes. If after withdrawing the rod it is hot to hold in your hand the situation is critical.

Individuals interested in more information can contact the County Extension Office for Publication A2805 "Prevent Hay Mow and Silo Fires."

What You Don't Know Can Hurt You

MILWAUKEE — What you DON'T know CAN hurt you when working around electric power lines.

Before clearing the way for a new swimming pool or performing major garden surgery, Wisconsin Electric Power Co. customers should be sure to call the Diggers Hotline or MISS DIG for information about electric lines.

"With warmer weather upon us and everyone working outdoors, the chances of contacting underground lines are much greater than during winter. We need to be sure that our customers all are aware of the potential hazards, even in their own backyards," said Bob Steinhart, WE coordinator of construction.

"It's just as important to look up and look out for overhead lines," he said. "Any contact risks injury or even death."

Steinhart said that most contacts occur between overhead lines and dump trucks or tandem trucks that move with their boxes raised, but there also is a risk of contacting underground lines during a digging project.

Customers should contact the Diggers Hotline (259-1181 in the Milwaukee metropolitan area or 1-800-242-8511 elsewhere in Wisconsin) or MISS DIG (1-800-482-7171 in Michigan) to have underground utility lines located and marked before beginning a digging project.

eligible for cost sharing is conservation tillage. The cost share rate is a one time payment of \$15.00 per acre for fields with a rotation involving hay, and \$45.00 per acre, divided over a three year period, for continuous row crop fields. Conservation tillage is the practice of leaving crop residue on the soil surface after planting the next years crop. It gives farmers the opportunity to cut production expenses while reducing soil erosion losses. Conservation tillage systems also offer good field and rotation flexibility, time savings, better use of available moisture, and usually requires few equipment changes.

Farmers can select from a range of conservation tillage systems. Chisel plows, discs, and other implements can be used to leave crop residue. Tillage systems should be matched to the soil and growing conditions. On many farms a combination of tillage systems may work best. Further information on conservation tillage systems and other conservation practices can be obtained at the Fond du Lac County Land Conservation Office at 923-3033.

If you could harness the energy in an average lightning bolt, you could heat or cool your home for about two months.

NOTICE TO THE PUBLIC

NOTICE IS HEREBY GIVEN by the Wisconsin Employment Relations Commission that, on June 25, 1990 pursuant to the provisions of Sec. 111.70 (4) (cm) of the Municipal Employment Relations Act, the Commission appointed an arbitrator to resolve a deadlock in negotiation between:

Kewaskum School District
and
Kewaskum Auxiliary Personnel

The collective bargaining unit involved consists of:

all regular full-time and regular part-time educational support staff; Said deadlock concerns wages, hours and conditions of employment to be included in a new collective bargaining agreement by the issuance of a final and binding arbitration award based on the final offers of the parties. The name and address of the appointed arbitrator is as follows:

Mr. David B. Johnson, Professor
Department of Economics
University of Wisconsin
Madison, WI 53706

ANY PERSON who desires a copy of the final offers of the parties and cannot otherwise obtain same, may obtain copies by requesting same, in writing, from the Wisconsin Employment Relations Commission, P.O. Box 7870, Madison, Wisconsin 53707-7870, and paying the cost of reproduction plus postage.

YOU ARE FURTHER ADVISED that pursuant to the provisions of Sec. 111.70 (4) (cm)6.b. any five citizens of the jurisdiction served by the above-named Municipal Employer may file a petition, within ten days of the appointment of the arbitrator, with the Wisconsin Employment Relations Commission, P.O. Box 7870, Madison, Wisconsin 53707-7870, requesting that a public hearing be scheduled by the arbitrator for the purpose of providing the opportunity to both parties to explain or present supporting arguments for their respective positions and to members of the public to offer their comments and suggestions. A copy of such petition shall be served on the parties and the arbitrator.

SUCH PETITION MUST BE RECEIVED BY THE COMMISSION ON OR BEFORE JULY 5, 1990.

Minutes of Village Board Meeting

Regular Meeting
June 18, 1990
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Paul Blumer presided. Trustee Larry Williams was absent, all other Trustee members were present. A quorum was present.

The meeting was opened with a moment of silence and Pledge of Allegiance.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Robert Beisbier and unanimously carried by voice vote, the minutes of June 4, 1990 were approved as printed.

A public hearing was held on the special assessments for municipal improvements (repair and replacement of curb/gutter and sidewalks) as noticed. Two property owners were in attendance and directed various questions to the Board and the Village Engineer Kenneth Ward.

On a motion by Robert Beisbier, seconded by Trustee Gary Gavin and carried by majority roll vote, the Board closed the public hearing for the repair and replacement of curb/gutter and sidewalks as noticed. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent."

On a motion by Trustee Gary Gavin, seconded by Trustee Mary Krueger and carried by majority roll call vote, the Board suspended the rules to consider IX. B. & VIII. A., a final resolution regarding sidewalk repair/replacement/improvements and engineers recommendation on the awarding of the capital improvements sidewalk rehabilitation contract. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent."

Action was taken on Resolution No. 90-17, a Final Resolution Regarding Sidewalk Repair/Replacement/Improvements and Levying Special Assessments Against Benefited Property as heard at public hearing and as attached hereto:

On a motion by Trustee Thomas McElhatton, seconded by Kenneth Bonlender and unanimously carried by majority roll call vote, the Board approved the awarding of the contract for the aforementioned municipal improvements bid on May 24, 1990. Engineer Kenneth Ward recommended awarding the contract to Quality Concrete, Manawa, WI the low bidder at a cost of \$55,799.37. The Village Administrator/Clerk and Village President were authorized to sign that contract.

A public hearing was conducted on the applications for two Combination Class "B" Fermented Melt Beverage and Intoxicating Liquor Licenses renewals. There were no objections from the floor to any of the applications as publicly noticed and read. The Police Department had no objections to either of the applications at this time. On a motion by Trustee Kenneth Bonlender, seconded by Trustee Robert Beisbier to close the public hearing. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent."

Chief of Police Richard Knoebel informed the Board that the Village may be mandated in the near future to offer hepatitis B shots to its Fire/Police/DPW personnel. The projected cost would be \$110.00 per employee for a series of three shots. The office was instructed to check into the possibility of our insurance car-

riers coverage in this instance.

The Chief also brought up the problem being experienced in the Kiwanis Park regarding vehicular traffic in and around the baseball diamonds and concession stands. It was the consensus of the Board that only one vehicle be allowed per concession stand for loading or unloading purposes. Any other vehicles or traffic may be subject to citations from the police department.

Superintendent of Public Works Augie Bilgo informed the Board that the Bonnie kLane water/sewer installation was proceeding as planned until today, due to a strike by heavy equipment operators. It is not anticipated the strike situation will be long standing.

On a motion by Gary Gavin, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote, the Board approved the applications for Operator's Licenses upon proper payment of fees and authorized the office to issue said licenses for 90/91 as follows:

Backhaus, Victor - Kewaskum, WI
Capelle, Shalamar T. - Campbellsport, WI

*Gross, Judy M. - Kewaskum, WI
Kempf, Leander F. - Kewaskum, WI
Koch, Harry E. - Kewaskum, WI
Marchant, Jeanne A. - Kewaskum, WI
Roecker, Harry E. - Kewaskum, WI
Roecker, Lori A. - Kewaskum, WI
Rohlinger, Beverly M. - Kewaskum, WI

Rohlinger, Kathy M. - Kewaskum, WI
Rohlinger, Timothy J. - Kewaskum, WI
Schneider, Diane M. - Kewaskum, WI
Strobel, Bernard - Kewaskum, WI

**Struebing, Joan M. - Campbellsport, WI

* Indicates a New Operator License
**Indicates a Temporary Operator License (7/30/90 - 8/13/90)

The balance of above applicants are renewal licenses.

Note: The Police Department had no objection to the applications.

A lengthy discussion came up under Park and Recreation regarding the situation at the Kiwanis Park concerning the Athletic Association Concession Stand. On a motion by Trustee Gary Gavin, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the Board authorized the office to send a letter to the Athletic Association c/o Harry Roecker, that the concession building must be brought up to code by Monday, June 25, 1990, or the Board would take action to close its operation.

On a motion by Trustee Thomas McElhatton, seconded by Gary Gavin and carried by majority roll call vote, the Board approved the following applications for Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor Licenses for a period commencing July 1, 1990 and ending June 30, 1991 upon proper payment of fees. The Police Department had no objection to the issuance of any license at this time and the Board authorized the office to issue said licenses. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent."

Town of Kewaskum NOTICE OF PUBLIC HEARING ZONING BOARD OF APPEALS

NOTICE IS HEREBY GIVEN that the Town of Kewaskum Zoning Board of Appeals will conduct a hearing on the application for appeal filed by Eugene Ebert. The hearing will be held at 7:00 P.M. on July 16, 1990 at the Labor Hall located at 1230 Fond du Lac Avenue, Kewaskum, WI 53040.

The applicant's property is located at 9143 S. Mill Road, Section 11, Town of Kewaskum.

The appeal seeks a variance from the requirements of the Zoning Ordinance and if granted will permit the applicant to construct a garage in the front yard.

All interested persons wishing to comment on the appeal should appear at the hearing.

Dated June 25, 1990

Barbara Hinz, Zoning Secretary

West Bend Rugby Club Competes in State Games

The West Bend Rugby Club competed in the rugby tens tournament at the Badger State Games in Madison, Saturday, June 23.

West Bend lost the first round game to the eventual division winner Oconomowoc by a lopsided 20-0 margin. The second round saw some improvement as the "Blues" lost to the "Black and Blues" from Milwaukee 20-10. The team continued to improve, losing to a highly experienced Madison team 12-6. The fourth time was the charm as West Bend notched a win over the Milwaukee 11 team by a 12-9 score.

The ten-team field was divided into two groups of five. The teams competed in a round robin format playing each of the teams in its division once. Division leaders met in the finals. Milwaukee I defeated Oconomowoc for the title.

The West Bend tournament roster included: Dale Klitzke, Andrew Buchert, Jeff Brodzeller, Kevin Chambers, Brian Johnston, Jerry Vetter, Tony Miller, Chuck Keller, John Torinus, Rob Oreet, Kent Dalsing, Curt Meinders, and Thomas Atwell.

XYZ CLUB SKAT RESULTS

The winners on Wednesday, June 27 played by the Senior Citizens XYZ Club at the Municipal Building in Kewaskum were: Francis Gilboy 24-1-23 net; Frank Sell 26-5-21 net; Elroy Egerer 20-2-18 net; Allen Reindl 14-1-13 net; Francis Gilboy Heart Solo vs 4.

West Bend Rugby Spring Season Ends

The West Bend Rugby Club posted a respectable 3-1-1 record for the spring portion of the 1990 season.

Kewaskum area athletes participating on the West Bend Rugby Club included: Dave Pesch (hooker), Jerry Vetter (wing) and Kevin Chambers (prop).

The season opened with a 6-6 tie against Ripon College March 31. The Blues put one in the win column by defeating Oconomowoc 8-6 in a road game April 7. Two weeks later, Racine drubbed West Bend 24-4 at Racine. The final two games saw West Bend hand out the defeats as both Green Bay and UW Milwaukee fell by identical 20-8 tallies.

The team is now competing in an informal summer schedule which features tournaments at Racine, Madison, Milwaukee, and Appleton. Madison was a ten-man team tournament as part of the Badger State Games. Racine, Milwaukee, and Appleton are hosting seven-man teams.

Practice for the fall season will begin in mid-August. If interested in finding out more about the team, call club president Mark Van Lieshout at 338-2287.

SHEEPSHEAD WINNER'S

5 handed winner's on Thursday, June 28th were: Delores Mielke 65-6-59, 19-3-16; Ed Hartman 51-6-45, 15-4-11; Fred Mielke 55-9-44, 21-6-15; Harry Heinicke 51-9-42, 18-6-12.

The next 5 handed will be Thursday, July 12th and Wednesday, July 18th at 8:00 p.m. Schmitt's Never Inn.

Kohl Pleased as Senate Approves Bill Giving West Bend Company a Break

WASHINGTON — In a 92-to-zero, vote the U.S. Senate recently adopted a bill making technical changes to various trade laws, including legislation introduced by Sen. Herb Kohl to reduce the tariffs on timers used by the West Bend Company. Kohl voted for the bill.

"This legislation will save West Bend hundreds of

thousands of dollars a year," Kohl said. "I simply corrects a mistake made when tariff rates were converted in 1988."

The tariff rate on the timers used by West Bend now stands at 25 percent; Kohl's measure reduces it to four percent.

The Miscellaneous Tariff Bill contains provisions covering temporary duty suspensions, duty-free changes and technical errors made when the United States converted to a new harmonized tariff schedule. It also permanently extends the Caribbean Basin Economic Recovery Act, which gives duty-free status to certain imports from Caribbean Basin Initiative (CBI) beneficiary countries.

In a move that will benefit LaCrosse Footwear, Inc., the Senate rejected 63 to 33 an amendment to cut in half the duty rate on rubber-soled/fabric-upper tennis shoes imported from CBI countries. This type of tennis shoe is manufactured by LaCrosse Footwear as well as factories in North Carolina, Pennsylvania and Maine.

Kohl said the measure would have posed a considerable threat to jobs in the U.S. footwear industry, including jobs at the LaCrosse plant.

"This amendment would have put Wisconsin jobs at risk," Kohl said. "While I appreciate the need to help the economies of Caribbean Basin countries, I am not willing to do this at the expense of Wisconsin jobs."

"Footwear is a tremendously import-sensitive product — which is why it was specifically excluded from the original CBI legislation."

"Reducing the duty on an import-sensitive product simply encourages domestic manufacturers to move abroad. In this case, we would have encouraged the flight of footwear manufacturers — and U.S. jobs — to the Caribbean Basin. I can't support that."

The bill includes an amendment offered by Sen. Bob Packwood (R-Oreg.) to prohibit the export of logs from federal lands west of the 100th meridian. The measure, which was supported by a coalition of environmental, labor and timber organizations, was adopted on a 81-to-17 vote. Kohl voted for it.

If you're afraid of lightning, stay out of Florida, Texas and North Carolina. They are the three states with the greatest number of deaths due to lightning.
