## Board Refuses to Terminate Teacher

By GERRY MUELLER  
Statesman Staff Writer

Despite a directive from the State Department of Public Instruction to do so, the Kewaskum Board of Education, Monday night, voted against terminating the contract of Robin Foerster as the Kewaskum Middle School's sixth grade teacher.

Foerster had been hired as a one-year long term substitute to temporarily replace Mrs. Marlene Domasky, who is on medical leave. Since Foerster had teaching certification in the music area, the district had to apply to the DPI for a temporary emergency teaching certificate.

District Administrator Dr. David Heather told the board, "we thought we would get a temporary certificate for one year which has been the normal practice, but for some reason, the DPI decided to issue it for only one semester." Because of the expiration of that certificate, we are required to terminate Mrs. Foerster's contract.

Board member Perry Ankerson was the first to address the issue when it came up for discussion and a vote. He indicated he was adamantly opposed to the termination of Foerster's contract. During his

comments Ankerson said the DPI and its representatives appeared more concerned with whether the district's teachers' certificates were in order rather than what kind of job they were doing in the classroom. "I wish they would instead check in the classroom to see how well they (the teachers) are dispensing the product."

"We've identified an outstanding teacher," stated Ankerson. "I think we have a higher principle here. I think it is a disgrace to let central government tell local government what they can or cannot do."

Ankerson told fellow board members the DPI is only going by certification while the district is the body which knows what kind of job is being done in the classroom. "I'm going to vote against this motion, not regrettably, but with pride," said Ankerson.

When KMS principal David Jones was asked for his comments he stated, "When you hire somebody, you hire the best person and she (Mrs. Foerster) is definitely the best person."

Jones told the board, "Mrs. Foerster has chosen to stay home and raise her children

rather than return to school for a second certificate and that is what it is a second certificate. I laude her for that." He said that Foerster is quite qualified to handle the position, she simply does not have that second certificate.

Heather added that Mrs. Foerster has worked in the district for several years as a substitute and there had never been any question on the quality of her performance.

Heather was asked if there were still some way to maintain Foerster on staff. He said he had several verbal and written communications with the DPI with no success, however, he felt there may be another option left and he would follow up on it.

Board member Ron Beimborn asked if this would affect upcoming negotiations with the teachers' union (KEA). "The union will probably file a grievance," said Heather and then again, they may not since they also realize Mrs. Foerster is an excellent teacher."

Ankerson told his fellow board members, "The courage of this board is increasing and I hope it will continue with this issue." "I think we're on a small roll."

Osterbrink to Play in Milwaukee Tuesday

## Fish Fry and Tie Night Friday at High School

By Statesman Sports Writer

KEWASKUM — The first annual 'Fish Fry and Tie Night' will be held this Friday night, in conjunction with several other activities associated with this week's Snowball Dance and Pep Week.

A Friday night fish fry will be held prior to the Indians' girls basketball contest Friday evening with Two Rivers. The meal, which will consist of fish, cole slaw, French fries, bread, beverage and dessert, will be from 5:00 - 6:30 p.m. in the high school cafeteria. A meal ticket will be \$3.50, with proceeds going to the girls basketball team fund.

After the meal, the Indians will play host to the Two Rivers Purple Raiders, the number one rated girls Division 2 basketball team in the state. Anyone wearing a fish tie, a la Don Nelson, former coach of the Milwaukee Bucks, will be admitted at half price for the game. JV and freshman action gets underway at 6:15, with the varsity to follow at 7:45.

On Tuesday, Jan. 22, former Kewaskum standout Pam Osterbrink and the Northwestern Illinois University basketball team will visit Milwaukee and take on the UWM Panthers at the Klotsche Center in Milwaukee.

Kewaskum girls basketball coach Glenn Eichstedt has announced that the school will be sending a bus down to Milwaukee and anyone

interested in attending the game should call the high school at 626-2166. Tickets for the bus ride and game will be \$5.00 for adults, \$2.00 for students. The bus will leave at approximately 5:45 p.m. Tuesday for the 7:30 game. Return time is expected to be around 10:30 - 11:00 p.m.

Osterbrink is currently a starter on the Northeastern Illinois squad, averaging over 11 points and 13 rebounds a game. She was recently named to the all-tournament team in a Holiday Tournament in Florida over the Christmas break. Anyone wishing to show support for Osterbrink, the second alltime leading scorer in school history, is encouraged to attend.

Eichstedt also announced that Thursday, Jan. 24 will be the annual Parent's Night. The Indians will host Plymouth in an Eastern Wisconsin matchup, with parents to be honored before the game, and also afterward with a reception in the cafeteria.

The Indians girls basketball team will also be traveling to Madison on Saturday, Jan. 27 to watch the Wisconsin Badger women's team take on Purdue in a Big Ten tilt. The game is billed as the annual high school day contest, with the Badgers available after the game to meet with the high school players in an informal setting. Game time is 1:30 p.m. and tickets are just \$1.00.

## School District to Self-Fund Dental Insurance

By GERRY MUELLER  
Statesman Staff Writer

The Kewaskum Board of Education voted Monday night, to proceed with plans to self-fund its employees dental insurance program rather than purchase its coverage through the Wisconsin Education Association (WEA) program.

District Administrator David Heather told board members that self funding dental insurance is the least risky of the two major insurances (the other being health). He felt the district could realize substantial cost savings while providing the identical employee coverage presently in effect.

Board member Perry Ankerson voiced his support for the move noting he had, in the past, asked the board to look into self-funding its health insurance program.

Based on the two presentations heard at a special meeting last week, Heather recommended the district go with the plan which would use a third party administrator. He felt that, even with a third party handling the claims processing the district would still be able to save money.

Speaking on behalf of the teachers' union, Clark Pearson,

chief negotiator, told the board, "we're concerned that you have the correct figures and you are actually going to save money and not be pennywise and pound foolish."

Ankerson moved the district institute a self-funded dental insurance program beginning no later than May 1st. The motion passed 5-1-1, with Janet Wolfenberg voting no and Neal Weare absent. Wolfenberg voted against the motion because she said she had talked to other insurance agencies and felt the district could save money by switching to another company rather than going to the self-funding plan.

In other action the board accepted the resignations of two teachers, Mr. Dan Wangerin and Ms. Lucy Frembgen. Wangerin was at the meeting and asked that the board reduce or completely waive the \$300 liquidated damages fee an employe is required to pay for breaking a contract.

Wangerin tried to justify his request by saying the administration had been aware of his intention to quit and had indicated he would remain on staff until the end of the month rather than quitting on January 3rd.

Heather and the board felt the \$300 fee was still justified to cover the cost of finding a replacement for the individual, from in-house, who had vacated his position to take Wangerin's job. In the past, employees who terminated their contracts have been required to pay the fee.

When the board indicated it would not waive the damages fee Wangerin asked Heather if, in that case, he should resign effective immediately. Heather said he could leave immediately or at the end of the month but that comment would not change any minds about the damages fee.

Frembgen, the high school phy ed teacher who resigned, submitted both her resignation and the \$300 termination fee.

In other business the board approved the administration's request to hire an instructional aide on a 50% position to work with the two first grade classes at KES. The aide's time will be shared by the two classes. This is the last aide position available to Heather as authorized by the board in the budget.

Also approved was the hiring of a half-time LD teacher for KES. Principal Richard Zarling

## Write-In Candidates for Village Board Announce Intentions

By GERRY MUELLER  
Statesman Staff Writer

Village Administrator Dan Schmidt confirmed, this week, that two more candidates have announced their candidacy in the spring village board election.

The two men are both newcomers to the village's political arena. They are Brian Petermann, 361 Clinton Street and Robert Wagner, 819 Pleasantwood Drive. Both men have grown up in the Kewaskum area and have lived in the village itself for about 1½ years.

Petermann is employed by Wisconsin Electric and Wagner works for the Graham Company of Milwaukee.

Since both men missed the January 2nd filing deadline,

their names will not appear on the ballot. Votes for either man will have to be cast by writing their names on the ballot.

The addition of the new candidates now adds a little competition to the village board's election with four candidates, incumbent Bob Beisbier and newcomers Mark Vechart, Petermann and Wagner now vying for the three expiring trusteeships.

At Monday night's Board of Education meeting, District Administrator Dr. David Heather indicated there may also be a write-in candidate for that election, although he declined to mention any names. So far incumbent Neal Weare is the only announced candidate in that election.

## Farmington Spa Plans on Hold Again

By GERRY MUELLER  
Statesman Staff Writer

Controversy, rumors and petitions against a multi-million dollar plan to construct a private luxury spa in the Town of Farmington have again put the project on indefinite hold.

A public hearing for a conditional use permit scheduled for last Wednesday was cancelled and indefinitely postponed.

In a telephone conversation last Wednesday night, Town Board Chairman Jack Theusch expressed his anger and annoyance with a small group of Farmington residents who are

trying to block the project.

These people keep saying they don't want the permit issued to allow rezoning of the property, said Theusch. The conditional use permit has nothing to do with re-zoning, it is already zoned residential.

The conditional use permit is exactly what it says, it sets down the conditions which must be met by the applicant. "If they violate even one condition of the permit, they're out of business," said Theusch. In issuing the permit we control what they can and cannot build on that land, he noted. As for

the rumors of a casino, everyone knows gambling is illegal in Wisconsin.

Theusch said representatives of the Rosebush Trust had been working with the board and all were willing to accept the conditions set forth.

Construction of the spa reportedly could generate well over \$120,000 in tax income, with no service demands on the township.

If the land is developed as individual residences, the township then could see an increased demand in services including road maintenance and

school costs.

Theusch noted a lack of knowledge about the project is one of the reasons for the opposition.

"If some of the residents are worried about more traffic and a change in the rural atmosphere, they should consider what the area will be like if a large subdivision is developed. That will mean not only more cars but school buses and what have you, and our school tax is already high enough," said one township resident.

The Town Board is expected to take up the issue at its next

regular meeting January 23rd.

## School

(Continued from Page 1)

advised the board that the number of students in the program had increased over the maximum size limit since the beginning of the school year. "We were actually above the limit at the start of the year but the DPI gave us class approval because we also had an aide for the class, but now the class has surpassed the limit for even a teacher with an aide." The state will pick up 58% of the cost to add the half-time teacher.

Board approval was also give for the Competency Based Testing programs for grades 3, 7 and 10, which will be used in the "Twenty Standards" program mandated by the DPI.

Dr. Heather advised the board of the contract settlement between the district and the KAP union (Kewaskum Auxiliary Personnel). He noted the arbitrator had chosen the union's proposal and checks for back pay were being processed.

The board tabled action on expanding the Gifted and Talented co-ordinator's position to full time for the 1991-92 school year until the March meeting.

In non-action discussion, KES principal Zarling told the board he would like to give recognition to the school's PTO. It's an organization that is not officially an organization said Zarling. They are a very loosely knit group of incredible people who refuse to have or hold offices but manage to get things done in their own way.

Through book fairs and other fundraisers they have managed to raise \$30,000 which was all spent on the school. They have redecorated the lounge, put carpeting in my office and, this Christmas they gave each teacher a \$100 Christmas Bonus. "We thought those bonuses were just a joke," said Zarling, "but they were actually worth \$100 to be used by the recipients to purchase up to \$100 in school supplies and materials for their classes." The teacher could purchase materials and charge it to the PTO or purchase the materials themselves and be reimbursed. "We thought that was a really neat thing to do," stated Zarling. "They do everything so quietly and so well I just felt they should receive some recognition for their work."

In other non-action business, Buildings Superintendent Fred Boehlke advised the board that the ceiling remodeling at KES is basically complete except for a few finishing touches and everyone is well satisfied with the results.

## I WAS THERE!

*I was there at the dawn's early light. I was there at the twilight's last gleaming. I was there with the bombs bursting in air, torn and tattered, what so proudly you hailed.*

*I was there, in Germany, France, Italy, Pearl Harbor, Korea, Vietnam and countless other places. I flew proud and honored. What have I done that I'm allowed to be burned, trampled and treated with disrespect?*

*Why are so few allowed to desecrate what so many died to protect? For 214 years I've flown to represent this country and its people. Who will be there for me when the next call to arms is made? Will I burn on foreign soil as I do on my own? Who will be there for all of us?*

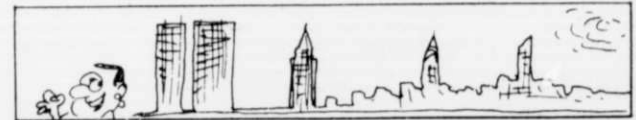

*It's time to let the government know we will not stand for the burning or desecration of the symbol which stands for this country and its people.*

*Anyone who feels he has that right should visit Arlington Cemetery, Pearl Harbor or any one of the cemeteries where our war dead lie in honored respect.*

*There are enough of them.*

*Tell them about the right to burn their flag. If they say it's OK, do what your conscience tells you to. But not in front of me because I was There.... WERE YOU?*

## JUST THINKIN'

Somebody forgot to tell me  
 Exactly where I came from  
 Mayflower, Pinta or Maria  
 I was born and bred in Missouri  
 Land and heart of the free  
 Can't say we fought for freedom, nobody bothered to say  
 Great-grandpa fought for State's rights  
 This fact I'm still proud of today  
 Border wars he fought in, too  
 Just couldn't get along with the boys in blue  
 You see Jesse James and railroad trains  
 Just seem'd like the thing to do  
 He married up with a pretty little gal  
 And his carousing days were through  
 The children he had did all that they should  
 Up a place called San Juan Hill  
 And through Belleau Wood  
 The second war took a kin of ours,  
 Down in the ocean deep - Messersmitt vs. 50 Cal  
 They all went down in the English Canal  
 Then on a place called Chosen  
 One five five, feet and M I frozen  
 We took the best they had  
 Six divisions around us that day  
 Hell, just attack in another way  
 It wasn't a war?  
 You'll never convince my Dad!  
 The cold war was hard to take  
 First came Get'mo, then the Punge Stake  
 Danang, Ka San, a town called Hue  
 A lot of good men aren't with us today  
 Places like Granada, the Gulf and Lebanon  
 We ask them to go, they saddled up and were gone  
 The blood was too real, glory too seldom seen  
 I guess it was just another day for a U.S. Marine  
 And now my Country I'm giving to you  
 My own two sons for the red, white and blue  
 And in later years, if they're home, missing or gone  
 On some black stone or in Arlington  
 I hope, America, you'll remember them, too  
 Because they went as Marines... the proud, the brave, the few

The scholarship is provided by Laacke & Joys, a Milwaukee sporting goods retailer.

Second and third place winners will receive engraved plaques, as will seven honorable mention winners. All 10 winners will have their designs displayed at the Milwaukee Sentinel Sports Show.

## PERSIAN GULF DEBATE: Too Little Too Late

(Washington, D.C.) — In the past few days, Congress undertook what may be the most important debate of any Congress in recent history. Unfortunately, this debate of U.S. policy in the Persian Gulf is taking place in the 11th hour 59th minute.

The time to debate this policy was back either in August, when the first U.S. troops were sent over, or in November, following passage of U.N. Resolution #678 authorizing the use of force after January 15th. Rather than debate this issue to arrive at a national consensus at those times, the Democratic leadership decided to send Congress on vacation. Our adjournment resolution contained a clause allowing us to be called back to Washington, but it was never acted upon. I, and other members requested a special session in December, but again the leadership did nothing. This is simply an example of what I call the Congressional "wimp

factor" - or the fear of facing politically tough issues.

Congress should have a say in this matter, but at this point we simply don't have much of a choice but to back President Bush and our troops in Saudi Arabia. Such widespread dissension by Members of Congress is sending a mixed message to Baghdad. Support for the President sends a strong message of support to our troops stationed in Saudi Arabia and also a strong warning to Saddam Hussein. The only reliable solution is the presence and message of a credible threat.

I hope and pray that the diplomatic channels succeed in bringing about a peaceful resolution, but we also must be prepared to exercise force if it is necessary. Appeasement of Hussein's annexation of Kuwait will make him the victor and set a dangerous precedent to aggressors in other parts of the world.

# Letters to The Editor

To the Editor: January 11, 1991

We, the 6th grade class at Kewaskum Middle School, are losing one of our teachers at the end of this semester. Her name is Mrs. Foerster. She has to go because she was trained to be a music teacher so she's not supposed to teach 6th grade.

Mrs. Foerster has been teaching us Science, Reading, and Language. As part of her job, she gives special help during 4th hour. She also volunteers her time to tutor us during her lunch hour and at 7th hour. Most of us think she is the best teacher we ever had! Mrs. Foerster explains things so well! She is pretty, kind, intelligent, and she cares about us very much. She has made friends with us.

We understand that a neighboring newspaper started all this trouble for Mrs. Foerster by criticizing our school district for hiring her. We think the readers should know that we, the students of Mrs. Foerster, are very grateful that the school district hired her and we are very disappointed that they are making her leave. We are losing Mrs. Foerster because of a technicality. This problem should have been solved by asking the most important question... Is Mrs. Foerster a good 6th grade teacher? If any one cares, we, the students, think she's the greatest! She showed us how to love learning and how to be proud of ourselves. We will miss her a lot.

# UWWC Women Improve Record

By Statesman Sports Writer

WAUSAU - The UWWC women's basketball team proved that they are definitely road warriors last week, as the Wildcats won both of their games on an abbreviated road trip, to improve their overall record to 10-2.

On Thursday night, the Wildcats defeated UW-Marshfield by "about 10 points," according to UWWC coach Tom Brigham. He didn't know the exact score of the game due to the fact that one of the Wildcat players, guard Rocky Justmann, was injured during the game, and because he was busy taping the UWWC men's squad (Brigham coached both the men's and women's teams on the trip), he didn't get the final boxscore.

UWWC, who blew out Marshfield by some 30 points earlier in the year, was a bit sluggish in the early going, possibly a tad tired from the three hour ride earlier in the day. That fact was not overlooked by Brigham.

"I thought we played like a team that just came off of a long ride," Brigham said, regarding the Wildcats play in the first half, in which they held a slim lead at halftime. "We were rather lethargic."

But UWWC stepped up their game in the second half, until Justmann took an elbow to the mouth, which halted the game for a substantial time with approximately nine minutes to play.

"She cracked her tooth and suffered a slight concussion," Brigham reported, noting she was taken to the emergency room at the Marshfield hospital by assistant coach Debbie Butschlick. "She is the key to my offense, so I was concerned both for her and for the team."

But as it turned out, Justmann returned the next night, and her replacement against Marshfield, Lisa Gardapee, "stepped in and did a really nice job," according to Brigham.

Not counting free throws, of which the stats were unavailable, Justmann, along with Jenny Meyer, led the Wildcats in scoring with 18 points apiece. Julie Best also reached double figures, as she chipped in 10.

On Friday, the Wildcats took on UW-Marathon for the first time this season, and beat the Huskies 75-59. Brigham said

that the Wildcat full-court pressure was the difference in the game.

"We were very effective with that," Brigham said of the pressure. "They just couldn't handle it. We took it off periodically, and when we put it back on, it caused some problems for them."

The Wildcats jumped out to a 34-25 halftime lead, despite having some real foul problems in the first half. Three UWWC starters collected three fouls in the first half, and another two had two personals, something that worried Brigham.

"They were trying to reach in and steal the ball," Brigham said of the Wildcats foul difficulties. "A strong defense is played with the feet. We drilled that into them at halftime."

The pep talk worked, as the Wildcats gradually pulled away from the stubborn Huskies. Jenny Meyer led the Wildcats offensive with 20 points, followed by Justmann's 19 and Heidi Wagner's 17.

"We were watching her real closely," Brigham said of Justmann, who although not getting much sleep the night before, played her usual steady game, coming up with numerous steals. "We wanted to make sure she got enough breathers, so we kept a close eye on her throughout the game."

## IN MEMORY

In memory of FRANK HERRIGES, who passed away ten years ago, Jan. 20, 1981:

God saw he was getting tired  
And a cure was not to be.  
So He put His arms around him,  
And whispered, "Come with Me."  
With tearful eyes we watched him suffer,  
And saw him fade away,  
Although we loved him dearly,  
We could not make him stay.  
A golden heart stopped beating,  
Hard working hands to rest.  
God broke our hearts to prove to us,  
He only takes the best.

Sadly missed and loved by his wife and family.

## IN MEMORY

In loving memory of Hyman Horwitz, who passed away 15 years ago, January 18, 1976:

Though his smile is gone forever  
And his hand we cannot touch,  
Still we have so many memories  
Of the one we loved so much.  
His memory is our keepsake  
With which we'll never part.  
God has him in his keeping,  
We have him in our heart.

Sadly missed by his wife Helen, daughters Gerry, Kathy and their families.

## IN MEMORY

In loving memory of Herbert and Lucille Justman, who passed away 25 years ago.

More and more each day we miss you,  
Friends may think the wound is healed.

But they little know the sorrow,  
That is in our hearts concealed.  
There is many a lonely heartache,  
There is many a silent tear,

God only knows how much we miss you

At the end of this 25th year.

Sadly missed by their family.

# Planning for the 1990s

By Jack Trzebiatowski, Extension Agriculture Agent

There is a great deal of uncertainty about the future of agriculture in the 1990's. Producers are not as optimistic as they were just a few months ago. This is causing more concern in the agricultural community.

Some of the reasons for this concern include: Lower prices for milk and other farm products; less government support for prices; stalled trade negotiations; uncertain economic conditions in the U.S.; and the uncertainty in the Middle East.

This uncertainty means that farm businesses should give some careful thought about where their business is headed in the 1990's. Making plans and looking at alternatives will make it easier to be a survivor of these uncertain times.

The Washington County U.W. Extension Office is having a program titled: Certainty In An Uncertain Future, Planning For The 1990's. The program will be held on Thursday, February 24, 1991 starting at 1:00 p.m. It will be in room 119 of the Washington County Courthouse in West Bend.

The program is targeted at farm families and will give information useful to individual and families to address the uncertainties of the 1990's. Some of the topics and presenters include:

Farm Transfer Techniques and Estate Planning - Attorney James A. Spella; Financial Planning To Save The Farm - Rudy Zarling Jr.; Family - Family Risk Management - Joyce Albrecht; Budgeting and Cash Flow Planning - Jack Trzebiatowski;

Persons planning to attend should register by January 20th. Registration cost is \$3.00 per family unit to cover the cost of educational materials provided. Registration is limited to the first 75 persons.

Registration information about this and other programs is being sent to farm families in Washington County. To register or for more information, contact the Washington County U.W. Extension Office at 335-4477, 644-5204 or 342-2929.

Jan. 14, 1966

A Willys Jeep with attached snowplow, owned and driven by Wally Cudnohoske of Wally's Mobil Station, broke through the ice on the river Saturday afternoon while clearing snow off of the ice skating rink in the village park. The jeep sank into about six feet of water after breaking through five or six inches of ice. Fortunately the vehicle did not sink through the ice real suddenly and the driver, his son and another youth who were passengers were able to jump clear of the cab before it went under. With the temperature at about five degrees above zero, the water froze around the jeep. When chopped loose, the vehicle settled down farther with only the tip of the cab still protruding out of the water. With the aid of a wrecker cable and chains and lots of volunteers, it took Wally and his crew about two hours to remove the jeep. Wally's is the only service in town that plows both over and under the ice.

William A. Becker, 66, well known farm resident of R. 2, Kewaskum, passed away early Tuesday, Jan. 11, at St. Joseph's Community Hospital, West Bend. His death occurred unexpectedly after he had been rushed to the hospital. Mr. Becker served several terms as a supervisor on the town board of the Town of Kewaskum and was a former school board member.

In the big battle for first place, Kewaskum lost at Grafton Friday night and quite decisively 81-63. The win was the first fifth straight for the unbeaten Blackhawks, defending champs and gave them sole possession of the lead. The defeat was the first for the Indians and dropped them into second place with a 4-1 record.

Another special referendum on the borrowing of \$646,500 for construction of an addition and improvement of the Kewaskum Community High School has been called for Tuesday, Jan. 18, in the high school gym. Voting hours will be from 7 a.m. to 8 p.m.

Birth - A son to Mr. and Mrs. Ronald Kumrow, R.1, Random Lake, Friday, Jan. 7.

Charles Weddig, 73, widely known resident of the Town of Kewaskum, passed away at his farm home south of this village on Tuesday, Jan. 14, after a three months' illness with carcinoma. He had been seriously ill only the last few days before his death.

Children and grandchildren and their families gathered at the home of William Seefeldt in the Town of Kewaskum Sunday to help the venerable man celebrate his 91st birthday. An enjoyable day was spent in honor of the occasion.

Town Clerk and Mrs. Alfred H. Seefeldt of the Town of Kewaskum, are the parents of a 10½ pound son, born on Tuesday, Jan. 14. The baby is a second child.

## Salvation Army Severely Short of Statewide Goal

Stuart Merritt, The Salvation Army's Service Extension Director, reported this morning that the statewide goal in Wisconsin and Upper Michigan is substantially behind. Currently, only \$369,398 has been raised towards the anticipated goal of \$575,000. The Service Extension Department services the rural communities in Wisconsin and Upper Michigan.

"It's of great concern that our donations through the mail are 29% less this year than last year, while our goal is 5% higher. I am at a loss to explain it," said Merritt.

"The Salvation Army's success in this campaign will determine, to a large degree, our level of service in 1991, a year that is figured to see a dramatic increase in requests for services.

During the month of December (1989) and January (1990), The Salvation Army's Service Extension Department spent over \$394,800 to assist over 18,000 people of all ages.

In addition to the regular emergency assistance

programs, prison and nursing home visits were made, community Christmas dinners were provided and several gift and toy projects were undertaken.

"We are seeing the need to be about 8% greater so far this Christmas season. As the news of the recession hit, requests seemed to boom. There are just not enough dollars available to sustain our desired level of service year round," said Merritt.

"The Salvation Army is dependent of your support. If you have not given, please make your donations payable to The Salvation Army and drop them off at your local Salvation Army volunteer, or mail them to our statewide office at: The Salvation Army, Service Extension Department, 4757 N. 76th Street, Milwaukee, WI 53218.

"The ending date for our campaign is January 15, 1991."

## UWWC Wildcat Men Drop Pair

By Statesman Sports Writer

WAUSAU — The UWWC men's basketball team showed marked improvement in their road trip last week. But the better play unfortunately didn't turn in to any 'W's,' as the Wildcats dropped both of their road contests.

On Thursday, UWWC played a near-flawless first 18 minutes against Marshfield, only to falter near the end of the first half, and eventually lost to the Marauders, 83-64.

The Wildcats, who lost to the Marauders by over 40 points at home in the two teams' first meeting, could do no wrong in the first half Thursday, and led by as many as five points against the more quick and talented Marauders.

"We knew the key was that we had to get back on defense and not let them beat us down court," said UWWC coach Tom Brigham, who handled the chores of coaching both the men and women on the trip. "It was important for us to try and control the tempo of the game."

And UWWC did just that, until the final minute and a half of the first half. That's when Marshfield made a brief run to overtake the Wildcats, and open a 32-27 halftime lead.

Marshfield then opened the second half in a full-court press, which seemed to faze UWWC, as the Wildcats committed a couple of turnovers to allow Marshfield to open a big lead. Dave MacArthur hit four three-pointers in a row, as Marshfield seized control of the contest.

"I was pleased with the way we played," Brigham said of the Wildcats efforts. UWWC shot 50 percent for the game from the field, but hit just three of 10 shots from the line. "That really hurt us," he said.

Karl Klosowski led the Wildcats with 19 points, while Terry Howell chipped in 17, and newcomer Darrin Schlenvogt added 13. MacArthur paced Marshfield with 30.

On Friday, the Wildcats took on UW-Marathon for the first time this season, and the Huskies came out on top, holding off a furious comeback by the Wildcats in the second half to win 71-65.

UWWC seemed a bit sluggish in the early going, falling behind by as many as 12 points in the first half. But the Wildcats switched to a full-court diamond press, and the results were encouraging, as UWWC

forced some Marathon turnovers to take a 34-33 halftime lead.

"I felt that we could play with them," Brigham said, noting the two teams' similarities. "We were really pumped up at halftime."

But that enthusiasm turned sour in the second half, as UWWC couldn't find the range in the first ten minutes of the second half, and were outscored 26-4 in that span.

"It's not that they weren't hustling," Brigham said of the cold spell. "We just couldn't get the ball to drop. Nothing dropped at all."

Down by 21, the Wildcats resorted back to their full-court press, and UWWC went on a big run. The Wildcats battled back, and cut the deficit to just two with about two minutes to play.

But the Wildcats couldn't get over the hump, as Marathon made their free throws down the stretch to pull out the homecourt win.

"If the cover would have come off the basket at the start of the second half, it would have been a whole different ballgame," Brigham said, adding that he "went out of there with a great deal of admiration," for the Wildcats for their comeback attempt.

Klosowski once again led the Wildcats with 26 points, while Howell chipped in 14, and Jay Leberecht 12. The loss dropped UWWC's record to 1-11, as the Wildcats get back in action this Saturday at Marinette.

## NOTICE OF ELECTION

### TO: ELECTORS OF MORAINE PARK VOCATIONAL, TECHNICAL AND ADULT EDUCATION DISTRICT

TAKE NOTICE that a referendum election will be held on February 19, 1991 in Moraine Park Vocational, Technical and Adult Education District for the purpose of approving or rejecting an Initial Resolution authorizing general obligation bonds or promissory notes of the District in an amount not to exceed \$11,300,000 adopted by the District Board on January 7, 1991, and the capital expenditure projects described in the Initial Resolution and in an Intent Resolution adopted by the District Board on December 20, 1990.

The referendum question reads as follows:

"Shall Moraine Park Vocational, Technical and Adult Education District, Wisconsin, be authorized to issue, pursuant to Chapter 67, Wisconsin Statutes, general obligation bonds or promissory notes in an amount not to exceed \$11,300,000 for the public purpose of paying the cost of a building program, consisting of constructing buildings and building additions and enlargements and remodeling and equipping facilities at the District's Beaver Dam, West Bend and Fond du Lac campuses?"

District electors must vote on the referendum question at the times and places at which they cast their ballots in the regularly scheduled elections.

Copies of the resolution directing submission of the question set forth above to the electorate and information concerning District boundaries may be obtained at the Moraine Park Vocational, Technical and Adult Education District offices located at 235 North National Avenue, Fond du Lac, Wisconsin 54935.

Any qualified elector, unable to get to the polling place on election day for any reason, may ask to vote by absentee ballot. A qualified elector is a person who is a U.S. citizen, who will be 18 years of age or older on election day and who has resided in the ward or municipality where the person wishes to vote at least 10 days before the election. If the voter resides in a municipality which requires voter registration, then registration is also required for the voter to receive an absentee ballot.

To obtain an absentee ballot, the voter should contact the clerk of the city, village or town in which the voter resides. A written request must be made by the voter for the absentee ballot. If the voter contacts the clerk by telephone, the clerk will send the application form to the voter. If the voter requests an absentee ballot by mail, a written request, signed by the voter which indicates that the voter resides within the municipality will be honored. Written requests may be made beginning six months before the election. The deadline for receipt of the written request by mail is 5:00 p.m. on the Friday before the election. If the voter goes to the clerk's office to complete a written request, the request must be made no later than 5:00 p.m. on the day before the election.

If the absentee voter resides in a nursing home, the absentee ballot will be delivered to the nursing home by two special voting deputies appointed by the municipal clerk. The special voting deputies will present the absentee ballot to the voter and provide assistance in marking or punching the ballot if necessary. At the request of an absentee voter a relative may provide the assistance. After voting at the nursing home is completed, the special voting deputies will return the absentee ballot to the municipal clerk.

With two exceptions, the voter who wants to cast an absentee ballot must make a separate written request before each election. If a voter is indefinitely confined to his or her home or a care facility because of illness, age or disability or if the voter is in the military, the voter need not make a request before each election. There is a special statement on the application form which is provided by the municipal clerk which can be completed asking that an absentee ballot be automatically mailed to the indefinitely confined or military voter before each election. If the voter fails to vote and return the ballot sent to the voter, a separate written request for the next election must be made before the voter can obtain a ballot.

A voter who is hospitalized on election day may obtain an absentee ballot by designating another person as the agent for the voter. There is a statement on the application form for this purpose. An application by agent for a hospitalized elector may be made in person at the municipal clerk's office no earlier than 7 days before the election and no later than 5:00 p.m. on the day of the election.

If a voter requests an absentee ballot and the reason is that he or she is a sequestered juror, the application can be made no earlier than 7 days before the election, and no later than 5:00 p.m. on the day of the election. If the application from a sequestered juror is received by the municipal clerk, after 5:00 p.m. on the Friday immediately preceding the election, the municipal clerk or the clerk's agent will deliver the absentee ballot to the court and the judge will call a recess to allow the voter to cast his or her vote.

The municipal clerk will send the absentee ballot to the voter once the request is received and the ballots are prepared. Absentee ballots are available 21 days before a special election such as the bond referendum. The municipal clerk keeps a public record of all individuals requesting an absentee ballot indicating when the ballot is requested, sent, and returned to the municipal clerk.

An absentee ballot can be voted at home any time after it is received in the mail. An absentee ballot can also be voted in the clerk's office if the voter appears in person and fills out the written request. The voter should make sure that the certificate affidavit is properly completed and witnessed by two persons. The voter and the witnesses must sign the certificate on the absentee ballot carrier envelope. If the absentee elector receives assistance in marking the ballot, the person providing the assistance must sign the statement on the back of the ballot which provides that the person giving the assistance marked the ballot as directed by the absentee voter. The municipal clerk will make sure that the certificate-affidavit is properly completed by the voter when the absentee ballot is voted in the municipal clerk's office.

The completed absentee ballot must be in the possession of the issuing municipal clerk in time for the clerk to deliver the ballot before the polls close on election day. Voted absentee ballots may be delivered in person to the municipal clerk. Any absentee ballot received after the polls close or any absentee ballot where the certificate-affidavit is not properly completed cannot be counted.

Persons with questions regarding the referendum election should contact John Willis, Vice President, Business and Finance, of the District.

# Rate Increase for Wisconsin Electric

MILWAUKEE — A 3.34 percent overall rate increase, the first in three years, went into effect Jan. 4 for Wisconsin Electric Power Co. customers.

In its rate order, the Public Service Commission of Wisconsin (PSCW) included a \$35 million increase in rates and the elimination of the fuel credit which had been in effect since Nov. 28.

"We're achieving our goal to keep rate changes below increases in the rate of inflation," WE Senior Vice President Dave Porter said. "Even with this increase, our rates today are about 12 percent below 1983 levels."

In 1991, a residential customer who uses 500 kilowatt-hours of electricity a month will pay about \$1.40 more per month than in 1990.

"The increased revenue will help pay for higher operating costs, principally higher prices for fuel and purchased power, and the loss of revenue associated with a one-time tax refund in 1990," Porter said.

The PSCW also approved a 1.61 percent (\$216,000) rate increase for WE's approximately 500 steam service customers in downtown Milwaukee.

## Express Delivers Win Over Kewaskum Team In Lakes Game

KEWASKUM — The league-leading Oconomowoc Express remained unbeaten by throttling Kewaskum, 125-98, here Sunday night, as Joe Neuberger led the way with 25 points. The loss drops Kewaskum into the Lakes cellar at 0-3.

Kewaskum gave the Express a good ballgame before fading in the final quarter. The Express led 26-24 after the first quarter and 62-52 at halftime. The lead crept to 90-77 after three quarters before the Express blew 'em away with a big 35-21 fourth quarter.

Neither team shot well from the free throw line. The Express converted only seven of 13 for 53.8 percent, while Kewaskum was 13 of 24 for 54.2 percent.

The Express had six men in double figures. Andy Wolters added 22 points and Cole Braun and Craig Marshall had 18 each. For Kewaskum, Tony Pirozzoli again led with 27 points. Dan Pace added 25, Dan Gibbon 19, and Troy Engstrom 17.

Kewaskum will try to put a win on the board when it travels to Menomonee-Falls to take on the Hebbring Hotel this Sunday at Falls North Middle School.

## Indians Outplayed by New Holstein

By Statesman Sports Writer

KEWASKUM — Kewaskum girls basketball coach Glenn Eichstedt made it very clear that he was not happy with his team's performance against New Holstein here, last Tuesday night.

"I was very disappointed in the quality of the effort we made," Eichstedt said of his squad's 36-29 loss to the Huskies. "It was not the type of physical effort that we need to be successful at this level." In addition to the effort, Eichstedt was assuredly not pleased with his team's continued problems from the field. Once again, the Indians struggled, hitting just 24 percent of their tries for the game.

"We came down and did not take good, fundamental shots," the Indians boss said, regarding the poor shooting percentage. "We're not shooting with good form. Thankfully, New Holstein wasn't shooting much better." This is true, seeing as the Huskies were only able to capitalize on 20 percent of their tries from the field. The combined poor shooting made for an ugly, yet still a close game.

The Indians hit rock bottom in the opening period of play, hitting just 1 of their 12 shots, while falling behind 5-2. In fact, neither team scored for the first three minutes of the game, and the Indians didn't get on the board until Kelly Rohlinger made a shot with under a minute to play.

The Indians improved a bit in the second quarter, shooting three-for-12, as they cut the deficit to just 13-12 at halftime. Despite his team's poor performance in the first half, Eichstedt still felt good going into the final 16 minutes of play.

"Having not played a very good offensive game to that point, I felt optimistic," Eichstedt said. But his optimism turned sour in the third period, as the Huskies outscored the

Indians 13-6 to open up a 26-18 lead heading into the final stanza.

The Indians never got the margin to below seven points, as Husky guard Ann Lautenschlaeger always seemed to have an answer for any Indian run.

"She was the one who kept us at bay," Eichstedt said of the Husky point guard, who ended up with 16 on the night. "She just did a super job for them."

As for the Indians, Terry Vogt "did a really nice job for us," according to Eichstedt. Amy Chesak led the Indians in scoring with 10 points. Nicole Doherty, who was the Indians leading scorer coming into the ballgame, spent the entire game in foul trouble and managed just 2 points.

"It's real easy to see that was a big factor," the Indians mentor said. "Her absence certainly had a big effect on the game."

"In general, we played well defensively," he went on. "When you hold a team to 36 points, you should be winning the game. But you have to give New Holstein some credit."

The loss dropped the Indian record to 1-4, and 4-8 overall.

## Sabish and Kurtz First At Waupun Invitational

Kewaskum Junior Kevin Kapp tries to put Ryan McNulty of Sheboygan Falls to his back. Kevin wins the match by major decision 13-4.

In the second round at the Waupun Tournament, Kewaskum's Mark Dziedzic tries to break the hold of Chris Marks, Winneconne, to get an escape. Mark won the match 12-3 to advance to the championship round.

Placing third as a team with 124 points, just behind Markesan and Waupun, who each had 137 and 148.5 respectively, the Indians proved to be successful at the Waupun invite Saturday.

With five of the eight Indians advancing to the finals, two of the five Indians captured the first place title and three placed second in the tourney.

As expected to do well, sophomore Josh Kurtz and senior Jeff Sabish both carried the gold home. Kurtz advanced to the semi-finals to wrestle first seeded Dave Bennet of Hortonville. With an easy victory over Bennet, Kurtz defeated Chuck Floeter of Markesan to win the first place title 4-2.

Sabish did an excellent job as he carried himself to the championship match with determination to win the tournament as he defeated each opponent with pins. In the quarter finals, Sabish stuck Andy Glewen of Waupun in 4:37 and then went on to pin Markesan's Ben Schattschneider in 5:48. The championship match against Craig Gerrets of Kimberly was won in 5:41.

Placing second for the Indians were sophomore hopefuls Mark Dziedzic, Mark

Morell and junior Kevin Kapp. Second-seeded Dziedzic wrestled Mark Ahrens of Kimberly for the championship in which he won by 7-4 decision and Kapp lost to a hard match in the finals against Pete McFarland of Columbus. Mark Morell lost 5-1 to Winneconne's Rob Hart.

Other Indians placing were Todd Muckerheide and Chad Bindrich in fourth and Chad Muckerheide in sixth place.

Saturday the Indians will break as the conference meet follows on February 2 at Kewaskum at 10:00 a.m.

Gymnasts Lose to Fall River, Hartford

## Ankerson Sets Gymnastic Record

By Statesman Sports Writer

FALL RIVER — Although the Kewaskum gymnastic squad hasn't come away with any team victories thus far this season, there have been many fine individual efforts put forth by Indian gymnasts. None was more impressive than Ingrid Ankerson's last Monday.

Ankerson, a senior who is coming off of a injury-plagued junior year, set a Kewaskum school record by recording a 8.65 in the floor exercise in the Indians meet against Fall River.

Ankerson's heroics weren't enough, however, as the Pirates, the defending state champions in the sport, held off the Indians best performance of the year and won 91.3 - 86.6.

Ankerson performed a near flawless routine, and was awarded a 8.6 by one judge and an 8.7 by the other. Her mark bettered the previous school record of 8.6 by Chris Ramthun, the Indians only state qualifier in history, accomplished last season.

Ankerson had a good night

all-around, as she also contributed a second place finish on the balance beam, scoring a 7.4. Stephanie Reindl joined Ankerson in the top three on the beam as Reindl came away with a 6.6, which was good enough for third.

The Indians got another second from Stacey Heberer, who came up with a 7.75 in the floor exercise to give the Indians a 1-2 sweep in the event. Jessica Rohrer added a third on the uneven bars, as she came through with a 5.8.

Wendy Fideler was the top Indians all-around performer, as she averaged a 6.3 mark.

On Thursday, the Indians hosted Hartford in a dual meet, and the results weren't as encouraging as against Fall River, with the Indians dropping a 88.6 - 79.9 decision to the Orioles.

The lone Indian first place finisher was Reindl, whose 8.1 on the balance beam outdistanced the rest of the field by a whopping .7. The mark was just .1 off the school record,

which she already holds.

The next best finish the Indians could manage against the talented Orioles was a third in the floor exercise by Fideler (7.6). Fideler added a fifth on the uneven parallel bars (4.2) and was the top all-around performer for the Indians as well, averaging a 5.8 mark.

Ankerson, coming off of her record-breaking performance on Monday, took fourth in the floor exercise, as she came away with a 7.5 mark. Heberer also added a fourth in the vaulting competition with a score of 7.2.

## KMS Wrestling Season Wrapup

The Kewaskum Middle School wrestling team finished another season with much success. In dual meet competition the Kewaskum grapplers went undefeated (5-0) in conference, displaying fine individual and team efforts.

At the seminar, held in Germantown, the Indian wrestlers pinned down six first places attained by: Erik Rahlf, Matt Wiedmeyer, Jake Grundrum, Mike Schmidt, Rich Farchione and Mike Harycki.

Second place honors were gained by Ryan Herman, Tim Gundrum, Paul Reis, Chad Trzeciński, Cory Rammer and Jason Schmidt.

There were also seven third and eight fourth place finishes among the squad.

Many boys will be returning next year working for spots at the high school level while others will be striving to keep the Middle School win string intact. Great job, boys!

Coaches are Steve Ruplinger and Len Soller.

There he won on a default after Lawrence College's Steve Kools injured his ankle. That sent Aupperle into the finals, where he took care of another Lawrence wrestler, Dave Munoz, beating him 7-0.

Aupperle now sets his sights on his Stevens Point teammate Brian Suchocki, whom he must face in a wrestleoff this week in order to take part in this weekend's Elmhurst, Ill. tournament, featuring various teams from the midwest.

## Aupperle Takes First in Madison Tournament

By Statesman Sports Writer

MADISON — Former Kewaskum high standout wrestler Dennis Aupperle, wrestling for the University of Wisconsin - Stevens Point, took first place in a wrestling tournament held at the Madison Area Technical College here, last Saturday.

Aupperle got his weekend off to a good start on Friday night as well, as he pinned his opponent from UW-LaCrosse in the second period of their Wisconsin State University Conference matchup. Aupperle's win put the finishing touches on a 28-11 Pointer victory.

Aupperle, wrestling in the heavyweight division, destroyed his four opponents on Saturday to take home a first place trophy. He had the option of wrestling in the Pointers' meet against Purdue University Saturday night or wrestling in the tournament, and he chose to take part in the tournament in order to get in more matches.

The choice was a good one as far as his teammates were concerned, as the Pointers wound up taking second place in the meet, behind only Anoka - Ramsey, a two-year school from Minnesota.

# Cold-Shooting Indians Lose to Sheboygan Falls

By Statesman Sports Writer

**SHEBOYGAN FALLS** — Kewaskum boys basketball coach Jim Westphal said that he had second thoughts about making the trip on the team bus for his team's ride to Sheboygan Falls Friday night.

"If I had to do it over again, I'm not so sure I'd get on that bus," Westphal said, referring to the blizzard that hit the area on Friday, making the ride a treacherous one. Perhaps another reason he wouldn't consider taking the journey once again is because his Indians were as cold from the field as the temperature read outside, resulting in 82-68 loss to the Falcons.

"The ball just wasn't going in," Westphal said, regarding his team's woes from the field, which limited them to just 31 percent shooting on the night. "They weren't bad shots either. They just wouldn't drop."

The Indians shooting problems, in addition to their woes in keeping a handle on the ball, sent the Indians to their third loss of the season in conference. The loss hurt even more when it was learned that first-place Two Rivers had lost once again, leaving each team in the Eastern Wisconsin with at least two losses midway through the season.

"We could have been in a tie for first place," Westphal said dejectedly. "But we had a lot of unforced turnovers and sloppy play. And it wasn't a matter of them playing real tough defense either. We had lots of opportunities."

The Indians fell behind early in the contest, and trailed by four, at 21-17 after one quarter of play. A big opportunity presented itself in the second period, as one Falcon starter collected his fourth personal foul, and another two players, Paul Van Egen and Tom Kuplic, each had three personals.

"We had them in foul trouble in the second quarter," Westphal said. "We had things going our way."

But the Indians were unable to seize the opportunity, as they scored just 12 points in the quarter, while missing several bonus free throw chances, and Sheboygan Falls' lead had opened to 14, at 43-29 by halftime. Still, Westphal felt good about his team's chances.

"I really thought we'd come back in the third," the Indian boss said. "Even though we were down by 14, I thought that things were going our way, and that we could make a comeback."

But the Indians continued to draw iron on their shots, and the Falcons once again outscored the Indians by 10 in the quarter, and the Indians faced a 65-41 deficit going into the final quarter.

That's where the Indians' Mark Felix took over, although it turned out to be too little too late. Felix scored 17 of the Indians' 27 points in the quarter, as the Indians managed to make the final tally a bit more respectable. Included in Felix's total was a dunk, his first of the season.

"He finally got one," Westphal said of Felix, who wound up with a game-high 33 points, and also added 12

rebounds to his totals. "He had a real good night's work."

Also getting a good night's work was the Falcons' 1-2 punch of Van Egen and Kuplic. Van Egen scored 16 of his 19 points in the second quarter, while Kuplic tallied 13 of his 15 in the third quarter, to help offset the foul difficulties facing the Falcons.

"I don't think he shot from more than four feet away from the basket," Westphal said of Van Egen. "Most of his points came off of offensive rebounds and garbage shots. He's a real strong kid."

As for Kuplic, a 6-3 point guard, "He just went crazy in the second half," according to Westphal. "We knew he was going to cause us some problems as far as matchups were concerned, because we don't have any real big guards. Everything he threw up in the second half went in."

That was not the case for the Indians' leading scorer coming into the game, Joel Fleischman. "He just had a tough night," Westphal said of the 6-1 junior, who came into the game averaging over 20 points a game, but collected just one Friday. "They just did a real good job on him."

Matt Seiser and Chad Cook also reached double figures for the Indians, scoring 12 and 10 points, respectively. But it wasn't enough in the long run to take home their second straight road win.

"It was a strange game, I thought we had it going our way," Westphal added. "I don't want to take anything away from Sheboygan Falls, though. They played very well."

The Indians will conclude the first half of play in the Eastern Wisconsin on Thursday, when they host New Holstein.

The record for the most gold medals for Olympic swimming is held by American Mark Spitz. He won a record seven in 1972 as well as two in 1968 and of these, eight were won in record time. He also holds a silver and a bronze from 1968.

# Indian Girls Ice Cold in Loss to Panthers

By Statesman Sports Writer

**PLYMOUTH** — The story of the Kewaskum girls basketball team's season - poor shooting - got another chapter longer last Thursday night.

The Indians continued their struggle to connect from the field, as they shot a paltry 21 percent en route to a surprisingly close 40-32 loss to a powerful Plymouth squad.

"Overall, we had a much more determined effort," Indian coach Glenn Eichstedt said of his team's performance. "We played much better as a team. We just weren't hitting very well from the outside and they were."

Actually, the Panthers were hitting from both the outside and inside, as they used the one-two punch of Heather Kulow and Kristin Mikolyzk to knock out the Indians.

Kulow, who "may be the best player in the league," according to Eichstedt, scored eight points in the first quarter, as Plymouth jumped out to a 10-8 lead. Kulow ended the first half with 11 points, as the Panthers extended their lead to 19-15 by intermission.

"We knew we had to try and contain her," Eichstedt said of the senior star, who helped lead the Panthers into the state tournament last season. But it was Mikolyzk who was the thorn in the Indians' side in the third period.

Mikolyzk, whom Eichstedt referred to as a "streak shooter," found the mark in the third, as she connected on four straight shots to help the Panthers open up a commanding 31-22 lead heading into the final period.

"Those two just really killed us," Eichstedt said of Kulow and Mikolyzk. "They ended up scoring 35 of their 40 points."

The Indians fell behind by as many as 12 in the final period before eventually cutting it to eight as time expired. Plymouth's hot shooting in the second half didn't help matters for the Indians. The Panthers shot a fine 45 percent (10 of 22) in the second half.

Another factor was turnovers, of which the Indians had 31 for the game, including 20 in the first half alone, when the Panther press was highly effective in neutralizing the Indian offense.

The Indians did a little better at the charity stripe, hitting 14

of their 23 tries, compared to Plymouth's 8 of 19. "We made up some points there," Eichstedt said. "We just didn't shoot well from the field. We also could have done a better job against their press."

For the Indians, Nicole Doherty led the way, scoring 12 points and grabbing 10 rebounds. "She did a real nice job," Eichstedt said, also applauding the efforts of Wanda Jacobs and Carrie Krause, who "did a good job battling for rebounds. They both played a real strong inside game, as far as defense is concerned."

Laurie Vogt also drew rave reviews from Eichstedt for her defense on Kulow. "She played outstanding in the middle," he said. "She did just a super job on her," Kelly Rohlinger was "all over the court as well," according to Eichstedt. "She just gave us a super physical effort."

"They got hot in the second half," Eichstedt said, in analyzing the matchup. "I think this was easily the most physical game we've played in this year. That made it very difficult to shoot inside."

And with the Indians outside game not coming through, the Indians fell to 1-5 in the Eastern Wisconsin, 4-9 overall.

# Indian Frosh, JV Girls Win Pair

**KEWASKUM** — Both the Kewaskum girls JV and freshman basketball teams posted a pair of victories last week, as the JVs improved to 10-3 on the season (5-1 in the EW) and the freshman remained undefeated (9-0 on the year).

On Tuesday, the JV's used a good effort from the free throw line to down New Holstein, 42-35, while on Thursday, they "picked up the pace," in the second half, according to coach Keith Amundson, to post a 23-31 win over Plymouth.

Robyn Winninghoff and Bonnie Schlice shared the Indians scoring duties in the two games, as they collected 13 and 12 points against New Holstein, and 11 and 5 points against Plymouth. Kim Sabish also chipped in six points in the New Holstein game.

"We were down 13-7 at half," against the Panthers, Amundson explained. But the JV boss added that he got "a great team effort in the second half," to help outscore Plymouth 16-8 in that span to post the win.

The freshman, meanwhile, used a little diversity to remain perfect on the year with a 40-37 thriller over New Holstein and a 47-30 win over Plymouth, getting different high scorers in each contest.

Against the Huskies, it was Cheryl Ramthun leading the way with eight points, while Erin Fliess chipped in seven. Against the Panthers, meanwhile, ten different Indians scored, as the Indians outscored Plymouth in every quarter to post the easy win. Christa Fleischman led the way with 12 points, while Ginger Wiesner chipped in 10.
