## 1991 J. O. Reigle Scholarships Awarded

Patti Aupperle

Kewaskum, Wis. — Regal Ware, Inc. has awarded the 1991 J.O. Reigle Scholarships to Patti Aupperle and Laura Vogt, Seniors at Kewaskum Community High School. The \$10,000 scholarships are offered annually and now provide \$2,500 a year for a four year college program.

Patti Aupperle has a 3.9 grade point average and is ranked number six in her class. She is active in high school sports and participates in basketball, cross country and softball. Outside of school she spends much of her time

running, reading and bicycle riding.

Ms. Aupperle plans to pursue a career in pediatrics. She will attend St. Norbert College in DePere, Wis. and will concentrate her studies on pre-medicine. She is the daughter of Ronald and Darlene Aupperle.

Laura Vogt holds a 3.9 grade point average which ranks her fourth in her class. She is a member of the National Honor Society, Future Business Leaders of America, and the Varsity Club. She has also been a member of the cross country,

Laura Vogt

basketball and track teams.

Ms. Vogt plans to enter the field of business and will attend the University of Wisconsin - Madison. She is the daughter of Mr. and Mrs. Steven Cundy.

Regal's scholarship program was established in 1963 in honor of the housewares firm's founder, the late J.O. Reigle. The award recognizes the outstanding scholastic achievements of one or more graduating seniors at Kewaskum Community High School and is designed to assist the recipients in their pursuit of a meaningful college education.

## Insurance Costs Prime Issue

### School Board, KEA Begin Contract Negotiations

By GERRY MUELLER  
Statesman Staff Writer

The Kewaskum Board of Education and the Kewaskum Education Association began negotiations last Tuesday, on a proposed two-year contract covering the 1991-92 and 1992-93 school years.

In the open, initial, meeting both sides presented their packages covering a variety of items including health care costs, wages and class schedules and sizes.

The item of health care costs may prove to be a major negotiating point as both sides have widely varying views on the specific issue of who will pay premiums and how much.

Presently the KES members are paying 3.5% of their insurance premium, while the school district picks up the remainder. (That represents a monthly cost of \$14.16 for the family plan and \$5.62 a month for the single plan).

In its initial presentation Tuesday night, the school board proposed that, beginning with the 1991-92 school year, teachers will pay 7% of the full cost of monthly health insurance premiums. Beginning with the 1992-93 school year, teachers will pay 10% of the monthly premium costs.

The board's reason for the increase is based on the fact that, over the past four years, the district's health insurance costs have escalated "an average of 22.64% per year." It is felt, by the board, that the upward trend will not end in the foreseeable future.

KEA, on the other hand, is proposing members pay

nothing toward the cost of their health insurance while the district picks up 100% of the premium costs.

Based on the same coverage with an annual 20% increase in costs the district would be looking at increases in annual premiums for the next nine years ranging from \$6,019 in 1991 to \$25,883 by the year 1999, for the family plan.

Based on that same 20% increase, according to the district's proposal, the 1991-92 employe contribution toward the monthly premium would be about \$35.08 for the family plan and \$13.50 for single. The estimated contribution for 1992-93, would be \$60.19 family, and \$23.18 single plan.

The school board stated in its proposal, private business and industry trends appeared to be toward less comprehensive medical plans, with higher deductibles and employes

(Continued on Page 6)

## OM Teams Going to State

Saturday's competition was the culmination of hundreds of hours of work for Kewaskum School District Odyssey of the Mind team members and coaches.

Diligence, dedication, creativity, perseverance and hard work are all words that well describe our students. Parents too, played a large role in supporting their kids' new schedules and in willingness to

provide rides as necessary.

So three cheers for students, coaches and parents. And a special thanks to Regal Ware for the use again this year of their delivery truck.

The first place teams from Farmington Elementary and Kewaskum High School will travel to state OM competition April 20th in Stevens Point.

Pictures on Page 10

## Second Write-In Candidate For School Board Election

A third candidate has announced her intentions to run for a seat on the Kewaskum School Board in the April 2nd spring Kewaskum Board of Education Election.

Jean Goeden, 2478 Hwy. 28; Kewaskum, will be a write-in candidate since her intention to run was filed after the January 2nd deadline.

Jean and her husband Willie, have five grown children. She is

an active member of St. Lucas Lutheran Church, the Kewaskum Women's Club, and is a bookkeeper for Goeden's Auto Body.

Board president Neal Weare is the only candidate whose name will appear on the ballot. Challenger Ray Engelking is also a write-in candidate for the position of school board member.

## Easter Egg Hunt March 30

The Kewaskum American Legion, Robert G. Romaine Post 384, will hold its annual Easter Egg Hunt in River Hill Park at 1:00 p.m. on Saturday, March 30. All children from the Kewaskum area are invited to participate in the hunt.

Kids in the age group from seven to nine years will hunt eggs in that area of the park located on the east side of the river. The age group six and under will meet in the park on the west side of the river.

In case of inclement weather, the Legion Post will be at both sites and pass out eggs and candy in the parking area.

## Petermann Out Of Trustee Race

Brian Petermann, Kewaskum has announced that he will not be a write-in candidate for Village Trustee. The Petermanns are moving out of the area.

## KHS Swing Choir Talent Show

On Saturday, March 23, the Kewaskum High School Swing Choir will sponsor their fourth annual talent show.

The event begins at 7:30 p.m. in Rose Hall at the high school and will feature two barbershop quartets, a faculty rock group, several student solos and duets, and many surprises.

Tickets are \$2.00 for adults and \$1.00 for students and can only be purchased at the door. Proceeds are designated for summer camps and the purchase of new uniforms.

If anyone would care to join the action as a performer, please call Dave Bertelsen at 626-2166.

## Breakfast with The Easter Bunny

On Saturday, March 23, area children will have the opportunity to have breakfast with Mr. and Mrs. Easter Bunny.

A breakfast of pancakes, sausages, applesauce, sweet rolls, orange juice and coffee will be served beginning at 9:00 a.m. at the Kewaskum High School Cafeteria.

Tickets are available at Miller's Furniture, Sentry Food Store and the Kewaskum Statesman at \$3.00 per person.

Moms and Dads bring your camera and snap a picture of your child with Mr. and Mrs. Easter Bunny and friends. Seating is limited so purchase your tickets early! This event is sponsored by GFWC Kewaskum Junior Woman's Club 3-14-2t

## Auditors Again Report Kewaskum Is In Good Financial Condition

By GERRY MUELLER  
Statesman Staff Writer

A review of its 1990 annual audit by Conley, McDonald, Sprague & Company representatives took less than fifteen minutes to show that the Village of Kewaskum is in excellent financial condition. The village's financial picture, in fact, has actually improved, especially over the last three years.

John Knepel, of the accounting firm, drew attention to the fact that the village's total fund equity has shown a steady increase. In 1988 that figure was \$840,000, in 1989 it rose to \$940,000. For 1990, Kewaskum's total fund equity was \$1,084,357. "Your total increased about \$140,000 last year, a very strong position to be in," said Knepel. He noted that data like that is very important to ratings companies and lending institutions.

Knepel also noted that the village's revenues were higher than its expenditures and those same expenditures were \$125,000 lower than projected in the budget. "Those figures show you are on a positive favorable variable for your revenues."

Knepel told the board, "When companies such as Moody's take a look at statements such as this they see a very positive basis for budgeting by the village." "The village is conservative in their revenue estimates and they're conservative in their expenditure estimates." He said all these factors put the village in a very favorable light when it has to approach lending institutions.

Knepel said the only area which needed review by the village is the Water Utilities Department. "The Water Utilities' 3.6% rate of return is almost 2% less than what the Public Service Commission is allowing Kewaskum to charge under current rates," he said. "This is an indication that the village needs to look at whether those revenues are adequate for its operations." "The Sewer Utilities 7.6% rate of return is pretty good," stated Knepel.

"Based on the village's equalized valuation," said Knepel, "it can legally borrow up to \$3.1 million, however, at the end of 1990, the village only had an indebtedness of \$1.788 million or 42% of its allowable borrowing limit, which again is very positive."

"What is interesting to me," said Knepel, "is that in the last five years there has only been a 1% increase in the village's tax levy." "It is to the village's credit that it has maintained this level."

In his closing comments Knepel told the trustees that the village's books were in order and in sound condition.

In other business the board opened bids for the sale of the Police Department's retired 1989 squad car. Six bids were received with high bidder Woodside Motors of Long Island, New York, at \$4,208, followed by Diversafleet of Kansas City \$4,133, Cheky Motors, \$4,087, Belt Line Motors Wausau \$3,857, Duane Fenrick Campbellsport \$3,501 and low bidder Check Motors of

Wauwatosa, \$3,060. The board voted to accept the high bid of Woodside. Police Chief Knoebel noted the squad sold last year went for \$2,787.

Knoebel also advised the board that his department had held two DARE parents nights to demonstrate and explain the new program. Another recently completed project of the department was the fingerprinting of 320 youngsters. The records are all turned over to

the parents for use in emergency situations.

In other department related business, the board approved the recommendation of Chief Knoebel and Protection and Public Safety Committee Chairman Bob Beisbier that stop signs be installed on Braatz Drive at the intersection of Braatz and Western Avenue. Knoebel said a traffic study on March 12th showed a better safety factor placing the signs on Braatz, rather than on Western.

The board also approved two building permits for garages to Gene Stranc and Wayne Kirst.

Parks Committee Chairman Tom McElhatton informed the board that a new association is

being formed for the softball league. He said there is a possibility that the association will try to include the hardball and horseshoe leagues. McElhatton also said that the league will be run separately from the concession stand. "We're working on an agreement where 50% of the stand's profits will go to the village and 50% will go to the association," said McElhatton.

McElhatton advised the board that the village's new street banners are expected to arrive before Memorial Day. He asked that a 'thank you' letter

be sent to the Kewaskum Lions Club for their donation of funds to pay for two of the banners. He stated that one private citizen had also contributed money towards the banners. "If any individual or group would like to contribute to the banners' purchase, they are more than welcome to," McElhatton said, "we think they will be an excellent attraction for the village."

Beisbier told the board that the Chamber of Commerce has also committed \$300 toward the banners.

## KHS STUDENT OF THE MONTH — March 1991 —

Rachel Gosa, left, was recognized as KHS Student of the Month by Assistant High School Principal Jim Connell, center, and Neal Weare, right, president of the Kewaskum School Board.

Rachel Gosa has been selected as the Student of the Month for March. She is the daughter of Mr. and Mrs. Gerald Gosa of Kewaskum.

Rachel was nominated for her dedicated work in organizing and coordinating "Operation Homefront" for Kewaskum High School. Part of this project included obtaining names of alumni serving in the Persian Gulf. The eventual hope would be for a letter exchange with those serving from the Kewaskum area.

Other than this specific

project, Rachel is a very active person. She is a member of VYTOL (Volunteer Youth Team of Leaders) and has served as that organization's president. Additional activities include Peer Listening, choir, National Honor Society, musical, forensics, solo ensemble, Key Club, German Club, AFS, yearbook staff, newspaper staff, cheerleading, basketball and

Girl Scouts. She claims membership as a volunteer of Friends of Abused Families, Big Brothers and Big Sisters and the Riveredge Nature Center.

Her previous honors include the Marion Award, the Hugh O'Brien Leadership Seminar scholarship, and the National United Way Leadership seminar scholarship.

### Location Change for Scout Roundtables

The location of the April 4 Roundtable for adult leaders of Cub Scout Packs and Boy Scout Troops of Glacier Edge District 11, serving Ozaukee County, Washington County and Random Lake, has been changed from John Long Middle School, Grafton, to St. Peter School Cafeteria, 1802 N. Wisconsin Street, Port Washington (next to McDonalds). The joint program will begin with an opening ceremony at 7:30 p.m., followed by District announcements.

Carol Heschke, Manager of the Tandy Leather Company, and several of her instructors will conduct a leather workshop, complete with demonstrations and hands-on training in leather techniques. Participants will each complete a leather project and the requirements for the Boy Scout Leather Working Merit Badge will also be covered.

Members of Chapter 11 Order of the Arrow of the Awase Lodge will also meet at St. Peter School for a pizza party celebration, at 7:30 p.m., in the Shelter Room.

### American Legion Poppy Sale

#### WOMEN'S CLUB MARCH MEETING

The March meeting of the Kewaskum Women's Club will be held Thursday, March 21 in the Community Room of the Municipal Building at 7:30. The Kewaskum Police Dept. will present the Program.

Hostesses are Rita Etta and Elda Kuehl.

If any member is interested in attending the Women's Club 6th Dist. Convention at Hartford on Tuesday April 9 please contact Jeanne Goeden at 334-9549.

The American Legion Robert G. Romaine Post #384, will once again be selling homemade poppies, made by Veterans at Veteran's Hospitals across the country.

They will be available in various places of business from Chamber of Commerce members throughout Kewaskum. Donations will be appreciated and all proceeds go to Veterans programs. Please support our Veterans by buying poppies.

A professional perfume tester is known in the trade as a "nose".

## Backhaus - Soll

Amy Beth Backhaus and Gary Robert Soll are announcing their engagement,

Parents of the couple are Loran C. and Betty Backhaus of Kewaskum and Richard and Mary Soll of Fond du Lac.

The bride to be is a 1984 graduate of Kewaskum High

School, and is employed at the Forest Mall, Fond du Lac.

Her fiance is a 1980 graduate of Goodrich High School, Fond du Lac, and is employed by Searl Construction.

A June 1992 wedding is being planned by the couple.

### It's a Girl!

A daughter, Danielle Rose, was born to Michael and Donna Wenzlaff, Cape Coral, Florida, on Sunday, March 17. Mrs. Wenzlaff is the former Donna Prost.

Paternal grandparents are Ralph and Rita Wenzlaff of West Bend, and maternal grandparents are Merlin and Doris Prost of Kewaskum.

Mrs. Prost has been staying with her daughter and son-in-law since January.

### It's a Boy!

A son, Tyler James, was born to Mary Wilhelmi and James Gough of Mesa, Arizona, on March 12, 1991.

Maternal grandparents are Gordon and Frances Wilhelmi of Mesa, and paternal grandparents are Elaine Gough of Mesa and Leslie Gough of Texas.

The Wilhelmi family are former Kewaskum residents.

## Campus Notes

More than 1,400 students have been honored by the University of Wisconsin-Stevens Point for attaining high grade point averages during the fall semester which ended in December.

Students who earned grade points from 3.9 to 4.0 (4.0 equals straight A) are given the highest honor designation. High honor citations go to those with grade point averages from 3.75 to 3.89, and honor recognition is accorded to those with grade point averages from 3.5 to 3.74.

Just over 16 percent of the approximately 8,800 undergraduates at UW-SP for the semester were recognized for their academic feats.

ALLENTON - Brian K. Ruplinger, honors, 9550 Skyline Drive.

FREDONIA - Douglas E. Hurth, high honors, W3823 Evergreen Road.

KEWASKUM - Lecann Winninghoff, high honors, 8412 Hilltop Lane.

WEST BEND - Christopher J. Albert, highest honors, 3935 Hwy. D; Kara L. Braaksma, highest honors, 1717 Cherry St.; Darren P. Grauden, honors, 5630 Hwy. 144 South; Robin Halberg, honors, 7165 Townline Road; Amy L. Harter, honors, 805 Mulberry Dr. E; Daniel J. Lenz, 4.0 highest honors, 1621 Woodridge Rd.; Steven Rusch, honors, 1023 Sunset Dr.; Sara Salaj, 4.0 highest honors, 4700 Hwy. NN; Marna Sullivan, honors, 807 W. Mulberry Dr.; and Tracey L. Zernia, 4.0 highest honors, 146 Laurel Dr.

## Kudek - Roskopf

Robert and Verna Kudek of 825 Kilbourn Ave., West Bend, and Raymond and Diane Roskopf of 143 N. 16th Ave., West Bend, announce the engagement of their children, Sharon and David.

Sharon is a graduate of the University of North Dakota, Grand Forks. She is employed as a flight attendant with American Airlines, based at Chicago's O'Hare Airport.

Sharon is also a part-time floral designer at Bits 'N' Pieces Floral in West Bend.

David graduated from the University of Wisconsin - Madison with a BBA in finance and management and from UW-Milwaukee with a masters in business administration. He is employed as General Manager at Premier Aluminum in Allenton.

A September 28 wedding is being planned by the couple.

Before about 1800, there were no separately designed shoes for right and left feet.

## Constitutional Referendum on Housing Will Be on April Ballot

On Tuesday, April 2, Wisconsin voters will decide on a proposed constitutional amendment relating to state financial participation in housing programs for persons with low or moderate income, according to the Wisconsin Taxpayers Alliance (WTA), Madison.

The question on the ballot will read:

**QUESTION: "Affordable Housing.** Shall a new provision be created in section 10 of article VIII of the constitution, permitting the state to acquire, improve or construct housing for persons of low or moderate income?"

The WTA, a nonprofit government-research and citizen-education organization, said the original Wisconsin constitution, enacted in 1848, has a general ban on state involvement in "works of internal improvement," which reflected the financial disasters experienced by other states in public financing of canal and railroad projects.

Over the years, the blanket prohibition has been amended 5 times to permit improvements for: highways; forestry work; airports; veterans housing; and port facilities. The proposed amendment on the April ballot would add housing for low-and moderate-income persons to that list of exceptions.

A catalyst for the proposal was a 1987 Wisconsin Supreme Court decision that declared unconstitutional a 1985 state law authorizing the Wisconsin Department of Development to loan money to private real estate developers for constructing private housing projects. The court ruled that a proposed \$1-million revenue bond issue implementing the law violated the internal improvements clause.

The WTA said that the amendment, if approved, is not self-executing. The legislature and governor would have to enact legislation that would define "persons of low or moderate income" and specify the kinds of housing authorized and how the facilities would be financed.

According to the WTA, most current housing-related activities for low- and moderate-income persons and families are administered through the Wisconsin Housing and Economic Development Authority. This entity, which is a quasi-public corporation, was established in 1972 to avoid the constitutional restriction. The authority finances its programs through revenue bonds, which are not a general debt of the state. Interest and repayment of the money are financed mainly by revenues derived from the various projects.

Other state agencies with housing programs include the Department of Development, which administers the federally-funded community development block grant programs. The Department of Veterans Affairs operates the veterans' home local program, which is a direct result from an earlier constitutional amendment. The Department of Administration (Division of Housing) uses general tax money to provide housing assistance to individuals, such as rent assistance. Payments of housing projects currently are

not constitutionally permitted.

Supporters of the amendment argue that:

**Housing programs are important and the needs are not being met.**

Wisconsin is one of only 4 states with a constitutional housing-related ban. Removing it will allow the state to invest directly in affordable housing for low-and moderate-income households.

**Approval of the amendment will permit the state to participate fully in federal housing funds.**

This includes money to be appropriated through the recently enacted Cranston-Gonzalez National Affordable Housing Act of 1990.

Opponents of the amendment argue that:

**1. Current programs are working well.**

Existing programs can utilize the full amount of federal funds available. Increasing the state bureaucracy is not necessary

**2. The provision is potentially very costly.**

This is because of added pressures for housing-related spending applied by special-interest groups through the budget process. The result will be higher taxes or lower appropriations to other agencies or for property tax relief.

## School Board

(Continued from Page 1)

contributing a substantial share of the monthly premiums as opposed to the public sector (teacher associations).

The school district is also proposing an increase in the per prescription co-payment, from \$2.00 to \$5.00. By increasing the co-pay, the board stated the monthly insurance premium would be reduced.

On the issue of salaries, the KEA is proposing the 1991-92 and 1992-93 salary schedules be increased so as to provide an average increase per employee that will place the teachers at comparable levels, with salary schedules provided during the course of negotiations.

It also proposed increases ranging from 3.5% to 4.75% for various advisor assignments and a 2% increase for coaching duties.

The school district proposal presented at the meeting offers a 5.55% increase including salaries and fringes for each year of the two-year contract. That would represent an average per teacher "salary only" increase of \$1,464 for 91-92, \$1,498 for 92-93, and a "salary and fringes" increase of \$2,620, the first year and \$2,765 the second.

For a new teacher, just out of college with a BA, the district's proposal would represent a 2.15% increase on their base pay.

Based on the district's

proposal the average teacher's salary, including benefits, for 1991-92 would be \$49,848. For the second year, 1992-93, that would increase to \$52,613. Those figures are strictly salary and fringes and do not include any additional pay for extra curricular activities such as advisors, coaches, etc. which are over and above their regular wages.

Another item of concern addressed by the board's proposal was its belief that some of the KEA members are misusing their personal leave days. The proposal stated, "Over the years this leave has evolved from personal business days to personal leave days. However, we strongly believe these days are provided and should be used to conduct personal business or affairs that cannot be conducted at any other time of the day. Currently there are members of the association requesting personal leave to be used for golf outings, opening day of baseball season, deer hunting, leaving early to attend out of state football games, etc."

Based on the current pay scale, it is costing the district between \$183 and \$314 per day (including the cost of a substitute teacher) for each person's day used. The proposal also stated "A personal day for personal enjoyment becomes very expensive both in terms of lost instructional time for the students and cost to the district."

In regard to class sizes and assignment, the school board is proposing teachers, grades 9-12 will have seven contact assignments and one preparation period per day. Up to six of the seven contact assignments may be academic while the seventh assignment will be a supervision / tutoring assignment.

The KEA is proposing additional compensation for

teachers considered to have large classes or overloads. Some of the KEA's workload recommendations are; grades K-5, an additional compensation of 2% of the teacher's yearly base salary for each student in excess of 24 per school day, averaged on a semester basis.

Split grades K-5; an additional 2% of the teacher's yearly base salary for each student in excess of 20 per school day. Grades 6-12 including Phy Ed and Art classes; additional compensation of .5% of the teacher's yearly base salary for each student in excess of 125 per school day. Specialists, Art, Phy Ed, and Music K-5; an additional .5% of the teacher's yearly base salary for each student in excess of 24 per class.

The present contract between the Kewaskum School District and KEA expires June 30, 1991.

## Campus Notes

**EAU CLAIRE** — The University of Wisconsin - Eau Claire named 1,875 undergraduate students to the Academic Distinction list for the fall semester, according to Dr. Marjorie Smelstor, vice chancellor.

To be eligible for Academic Distinction, a student must have at least a 3.2 semester gradepoint average (where 4.0 equals A) for 12 or more semester credits of college credit courses. The semester record may not include repeated courses or incompletes. In addition, a student's cumulative gradepoint average must be at least 3.2.

An area student who earned Academic Distinction during the 1990 fall semester includes: Julie Jean Cotter, Adell, sophomore, elementary education.

# Letters to the Editor

**Letter to the Editor:**

**Dear Voters of the Kewaskum School District:**

Tuesday, April 2nd is election day. Being busy makes time pass so quickly and I didn't realize how fast election day was approaching. I'm writing this letter to answer the request of my educational supporters. If you so choose, you may write in my name, JEAN GOEDEN, FOR KEWASKUM SCHOOL BOARD, as a write-in candidate on the ballot. (The name and position must be on the ballot to be valid).

My heart is still in working for you and the children of this school district even though I have joined other clubs and organizations.

I believe that parents and taxpayers must give a progressive education to our students at a reasonable cost, because of the continuous changes in the fields of business, schooling and technology.

I would serve you and the children of the Kewaskum School District to the best of my ability. Please take time to vote this Tuesday, April 2nd.

Sincerely,  
Jean Goeden

**Dear Fellow Citizens and Taxpayers of the Kewaskum School District,**

I just wanted to get in touch with you prior to the upcoming school board elections. Even though I know many of you, I do

not know all of you- and that is not good. In the time prior to April 2 I am going to try to make myself more visible to the community so that I can better get to know you and your views about our children's educational needs. Your opinions are very important to me and our children's educational future.

I will try to stop by as many houses as I possibly can, and will give you some information about myself, and take some feedback from you. If I do not meet you, please call me with any concerns or inquiries that you may have about our schools. My number is 334-5008. If I am not home, please leave a message and I will get back to you as soon as I can.

To date, the support you have given me is very much appreciated. I can assure you that I am listening and share many of your concerns about quality education at reasonable costs. I know that together we can achieve the standards of excellence that you have encouraged me to pursue. As I have observed our school system I have seen many positive activities, such as the recent talk at the Middle School by Michael McGowan on "Surviving the Middle School Years..." and I see the opportunities for other types of community involvement. Please remember though, it is only by your support at the ballot box that we can achieve the success and responsibility that you

desire.

Thank you again for your support, and remember to write-in ENGELKING on your ballot for Kewaskum School Board on April 2. If not, please at least vote, because that is how we keep our freedom.

Sincerely,  
Ray L. Engelking  
Kewaskum

...

**Letter to the Editor:**

I am writing in support of the election of Jeanne Goeden for Write-In Candidate for Kewaskum School Board.

She's always been there when I've had any questions or concerns about the quality of our school system. She has always been concerned with the children first.

Please cast your vote in the right direction!

Thank You!  
Carl & Cindy  
Marquardt  
Kewaskum

....

March 17, 1991 **Births**

Dear Kewaskum Voter:

We would like to express our support for the write-in candidacy of JEAN GOEDEN for Kewaskum School Board on April 2, 1991.

Jean Goeden has always shown a special interest in the quality of the educational process, tempered by a concern to control the costs of education.

Jean Goeden is progressive in her thinking, yet, realistic in her expectations. Jean Goeden will provide the leadership required to set District goals and to continuously improve the educational process in the Kewaskum School District.

Please vote for Jean Goeden on Tuesday, April 2nd. To be a valid ballot, you must write: JEAN GOEDEN Kewaskum School Board.

Thank You  
Jim and Sue Wessing

BEINE — A daughter, Kelsey Kaye, to Gib and Peni Beine, N2124 Highway 67, Campbellsport, March 8.

Allenton

**To the Voters of Kewaskum,**

The 1990s will be a challenge for each of us as well as our village. When I'm elected, I will work hard for our village to keep taxes down while improving the services and lifestyle for each of us.

Two of many items on my agenda are:

✓ To lobby hard to get new industry and business into our village, along with the development of an industrial park. This will bring new jobs to our village and a new source of tax revenue.

✓ The concern over landfills and waste has become a major issue in the past. I will work hard to keep the cost of this down for the taxpayer, while protecting our environment. I will investigate every possible way to get financial help from state and federal government. I will encourage recycling and help to turn it into a source of revenue.

Please vote for me this April and help make this come true.

**ROBERT H. WAGNER**

**Write-In Candidate for Trustee of the Village of Kewaskum**

## Wisconsin Lions Camp for Handicapped Children at Rosholt This Summer

The Wisconsin Lions Camp, which provides handicapped children with summer camping experiences, is now taking 1991 applications. This outdoor, recreational area of 400 acres of lake, forest, trails and wildlife is located in central Wisconsin, at Rosholt. There is no cost for participation.

Although applications are due by March 30th, those interested may apply until the summer camp is filled. For application information, write to: West Bend Lioness Club, P.O. Box 92, West Bend, WI 53095.

Children ages 6-18, are eligible to apply if they are visually impaired, attending special classes, or require special aids. Those with vision in one eye may also be eligible.

Hearing impaired children 6-18, may also apply if they require attendance in a special class or school; or require special aids. The mildly or educable mentally handicapped, ages 8-18, may also apply. There is also a program for adults 19 or older who are hearing impaired or visually handicapped.

Because of limited staff, Lion's Camp is unable to accommodate children with severe emotional, behavioral, physical or mental conditions. Families are encouraged to get applications, and find out if their children are eligible because all applications are carefully reviewed. Camp facilities accommodate 100 campers weekly and provide beautiful surroundings, modern comfortable cabins, qualified counselors, and delicious meals.

Programs of Wisconsin Lion's Camp have been developed to best meet needs and interests of the special campers it serves. A new week-end program for families who have someone in the immediate family who is visually, mentally, physically or hearing disabled, is offered. Minimal fees for this are

charged to cover operating costs.

This information may also interest those looking for summer camp jobs including nurses, counselors, kitchen and maintenance staff and program specialists. Applicants must be 18 years old or older. For job information contact Wisconsin Lions Camp, 46 County Rd. A, Rosholt, WI 54473-9335. Wisconsin Lions Camp is an equal opportunity employer.

### SHEBOYGAN COUNTY AREA SIERRA CLUB TO MEET

The Sheboygan County Area Sierra Club is having a meeting on March 26th, at 7:30 p.m. at the Plymouth Senior Citizen Center.

County Planner Mark Leider will be the guest speaker. For more information please call 892-2104.

### BEER CAN/BREWERIANA BUY/SELL/TRADE AT WOLFS

The Badger Bunch will sponsor a Beer Can/Breweriana Buy/Sell/Trade at Wolf's Bar and Hall, on Main Street in Allenton, on Sunday, March 24, from 10 a.m. to 3 p.m.

Come one, come all. Admission will be charged. For more information call Paul at 608-276-4053.

The hyrax, a small mammal that looks much like a guinea pig, is actually most closely related to elephants.

Record Setting \$574,000 Statewide

## Southeastern State Area Raises \$279,000 in Easter Seals Telethon

Wisconsin television viewers and hundreds of volunteers helped raise a record setting \$574,000 for people with physical disabilities during the 1991 Easter Seal Telethon, March 2 and 3.

In southeastern Wisconsin a record \$279,000 was raised during the 20-hour Telethon which began Saturday evening on WVTM-TV Super 18. Liz Talbot, Len Mattioli, Marlon McGee, and Duane Gay teamed-up as hosts of this 2nd annual fund raiser in the greater Milwaukee area.

Cliff Parker, Easter Seal representative said he was very excited about the good response the telethon received this year. "We never dreamed that people would be this generous. Thank you for your contributions."

Nationally, Easter Seals raised \$43,261,984 in contributions, also a new record.

Easter Seal programs range from providing equipment such as wheelchairs and braces or helping finance wheelchair ramps, to providing recreational opportunities at Holler Park in Milwaukee and Camp Wawbeek and Pioneer Camp near Wisconsin Dells. The Easter Seal Child Development Center, in Milwaukee, provides

education and therapy to Milwaukee County preschoolers.

Four Wisconsin Craftsmen Shops, located in Bayfield, Madison, Waukesha and Milwaukee are retail outlets for crafts made by disabled artisans from throughout the state. The Resource Center for Farmers with Disabilities (RCFD), a new Wisconsin Easter Seal program, provides direct assistance to farm families experiencing a disability. Additionally Easter Seals provides accessibility information, referral services and has disability awareness educational programs for children and adults. In 1990 Easter Seals provided service to nearly 12,000 state residents.

## Spring Story Hour Offered by Juniors

Spring storyhour registration is now open for all three to five year old preschool children. There will be stories, games, fingerplays, songs and much more.

Storyhour will be held at the Kewaskum Municipal Building, in the Community Room. Dates and times are April 3, 10, 17, and 24, from 6:00 to 6:45 p.m.

Call now to enroll your child, and encourage social and educational growth in tomorrow's leaders.

Storyhour is sponsored by the Kewaskum Public Library and the GFWC Kewaskum Junior Woman's Club.

Then there was the rookie who saw three stars on a staff car and walking up to the stern-faced man sitting in back, congratulated him on having three sons in the service.

## County Conducting Survey of Older Adults Returning to Workforce

A survey of the attitudes and interest of older adults to continue working or return to the workforce is being conducted by the Department of Economic Development of Washington County. The survey is in response to the difficulty of area employers in finding the worker skills and abilities necessary to meet the technology demands of today's workforce. As a result of the emerging shortage of workers and skills, the seasoned veteran worker will become critical to overall productivity.

All individuals over age 55

are encouraged to respond to the survey. Distribution will occur March 18-30 through various newsletters and to participants of senior center activities. It is also available at Job Service and Job Center offices. To obtain a survey or for further information, contact the Department of Economic Development at 335-4778.

The Economic Development office is working in cooperation with the Office on Aging, Job Service, Private Industry Council, and other community organizations to complete the survey.

## Library Closed On Good Friday

The Kewaskum Public Library will be closed on Friday, March 29th, but we will be open Saturday morning, March 30th as usual.

The following video tapes will be in our library from March 15th until April 15th: Auntie Mame, Beetlejuice, Better Back, Beverly Cleary's Ramona, Squeakerfoot/good-bye Hello, The Big Sleep, Cooking For Kids (Good Housekeeping), Guide to Italian Cooking, Heart of the Dragon Trading, Importance of Being Donald, Jerusalem: Within These Walls, The Legend of Sleep Hollow, Marjorie Morningstar, Monkey's Paw, Moonstruck, An Occurrence at Creek Bridge, The Pink Panther, Tammy Wynette in Concert, Three Days of the Condor, The Way We Were, American Graffiti, Arte Johnson's Kid Stuff, Baseball: Funny Side Up, Beast of Monsieur Racine and Other Stories, Bye Bye Birdie, Byways of Britain, Dear America: Letters Home From Vietnam, Gandhi, Get The Basics: Car

Care, Joseph Campbell and The Power of Myth, Masks of Eternity: Program 6, Living Planet-The Frozen World, Missing, The Prince's Trust All-Star Rock Concert, Rip Van Winkle, Rocket Gibraltar, The Tale of The Frog Prince, There's No Time For Love, Charlie Brown, Winning Basketball With Larry Bird, Witness.

The following books on tape will be here from March 15th until May 9th: The Best of Edgar Allan Poe, The Bourne Identity, Everybody Loves Oprah, The Lonely Girl, Paper Money, The Shadow (vol. 13), Spock's World (Star Trek), The Three Musketeers, Travels With My Aunt.

## Kitchen Course Emphasizes Kindness to Your Heart

The six-week Culinary Hearts Kitchen course — emphasizing low salt, fat, sugar and calories for a healthy heart — will be offered by the West Bend campus of Moraine Park Technical College starting Friday, April 12.

Developed by the New York Heart Association, this course will be taught by a registered dietitian and a home economist, and includes hands-on preparation and meals.

Sessions will meet at Moraine Park's Annex Q, 1702 E. Washington St., from 10 - 11:50 a.m. on April 12 and May 17, and from 10 a.m. - 12:45 p.m. on April 19 and 26, May 3 and 10.

Men and women are invited to enroll. Cost is \$25.75, which includes food consumed. Cost for persons age 62 or older is \$11.

Advance registration is required. To register, call the West Bend campus of Moraine Park, 334-0909. Use course number 303-433-002 to enroll.

Registration deadline is April 5.

## Wildlife and Wildlife Rehabilitation Program Planned at St. Paul's Church

Defenders of Animals, Inc. is now sponsoring a program on wildlife and wildlife rehabilitation. This program is presented by Jean Lord, a teacher and licensed wildlife rehabilitator.

It will be presented on Thursday, April 4, at St. Paul's Community Church, W4088 Memorial Drive (Cigrand) (Hwy. 84 and Memorial), Waubeka. The public is invited.

A pot luck meal will be shared before the program at 6:00 p.m. in the Fellowship Hall. All are welcome.

Jean has been involved with

rehabilitating injured and abandoned wild animals in Ozaukee and Washington counties for the past eight years. Among the animals she has cared for are great horned owls, kestrels, raccoons, squirrels, rabbits, crows, barred owls, gulls, a fawn and a turkey vulture.

Jean is currently presenting her wildlife program to Wisconsin school children. The presentation includes a 15 minute color slide show, some animals and skeletons.

## JEAN GOEDEN

Write-In Candidate for  
 Kewaskum School Board

Progressive  
 Education at a  
 Reasonable Cost

Authorized and paid for by Jean Goeden, Kewaskum

The first official basketball game was played in 1891.

Milwaukee Mayor John Norquist installs the first bow in Milwaukee's "Avenue of Ribbons." Assisting with the bow installation is Milwaukee Alderman Paul Henningsen and County Supervisor Sheila Aldrich. The "Avenue of Ribbons" extends for two miles (or 22 blocks) from the Catholic Knights building at 11th and Wells to the War Memorial Center on Lake Michigan. The ribbons route across the I-43 bridge on Wells, south on 10th and east on Wisconsin Avenue to the Memorial Center. The orange and yellow ribbons reflect the care and concern, support and prayers of the citizens of Milwaukee for the troops in the Persian Gulf. And now, as the troops come home from the Gulf, these ribbons provide a warm welcome. The "Avenue of Ribbons" is sponsored by Catholic Knights Insurance Society and The Westown Association.

## Second Annual County Focus On Careers March 27 at UWWC

What do — an Environmental Engineer — Word Processing Operator — Floral Designer — Machine Operator — and Police Officer — have in common? All will be represented at the second annual Focus On Careers for Washington County on March 27 at The UW-Washington County Campus.

Over 150 business volunteers will be on site to offer career information and insight to middle and high school students, college students and adult career changers. All of the school districts in Washington County have been preparing students with interest surveys, career labs and other activities that will culminate in personal visits with the career representatives of their choice.

The first countywide career fair held at the Hartford Innovation Center in 1990 was a huge success. Over 3200 students participated and the majority indicated it was a positive experience. The business volunteers also responded favorably to the event indicating:

- "It helped them (students) zero in to the world beyond high school."

- "I think it is wonderful that students can be exposed to so many various careers under the same roof."

Sponsors for this year's event are: CDM Tool & Mfg.; Menasha Color; Regal Ware; Serigraph; Wisconsin Electric Power Co.; Washington County Personnel; Gehl Co.; West Bend Co.; Slinger Business Association; Choices/Friends of Abused Families. It is jointly planned by the Schools' Education for Employment Coordinators, the Economic Development Organizations, MPTC, UW-WC, and Job

Service.

Focus on Careers will be held at the UW-WC Campus, West Bend from 8:30 a.m. - 2:30 p.m. on Wednesday, March 27, 1991. The public is invited to attend.

Focus on Careers Committee members from this area include: Connie Strand, Kewaskum High School, 1510 Bilgo Lane, Kewaskum, WI 53040; Sharon Blank, Kewaskum High School, 1510 Bilgo Lane, Kewaskum, WI 53040; and Darlene Tessar, 1335 Stark St., Kewaskum, WI 53040.

### INFORMATIONAL MEETING FOR BIG BROTHERS, SISTERS

Big Brothers and Big Sisters of Washington County, Inc. has planned an informational meeting to be held on March 27th at 7:00 p.m. in their office located at 1615 Barton Avenue, West Bend. The meeting should take about one hour.

The staff is available by appointment for individual information meetings. Please call 334-7896 for more information.

### HOLIDAY HOURS AT WEST BEND GALLERY

The West Bend Gallery of Fine Arts will be open from 10:00 a.m. - 12:00 p.m. on Good Friday, March 29, and will be closed all day Easter Sunday, March 31.

The West Bend Gallery of Fine Arts is located at 300 South 6th Avenue in downtown West Bend. Normal gallery hours are Wednesday through Saturday 10:00 a.m. - 4:30 p.m. and Sunday 1:00 - 4:30 p.m. For more information call the gallery at 334-9638.

## AFS INTERCULTURAL PROGRAMS

When you open your home to an AFS student, you gain more than a new son or daughter. In addition to developing new family ties that span the globe, your own family will grow immeasurably. Hosting an AFS student offers your family:

\* A unique experience the entire family can share. Explore the world together — without leaving home!

\* The opportunity to establish new friendships around the world and in your own hometown. In addition to getting to know your AFS student, you will meet new people in your community who participate in the AFS program - adults and students alike.

\* A chance to involve your family in a common project. Hosting a student involves everyone and brings your family closer together.

\* An affordable international opportunity. You don't have to be rich to host an AFS student, but you should realistically consider the cost of bed and board. The IRS permits you to deduct \$50 a month during the time your AFS student lives with you.

AFS families come from all walks of life and share a common interest in helping

young people understand a different way of life.

\* Host families vary in age, size, and income, and include two parents with children, single-parent families, young parents, single people and older couples.

\* AFS families vary widely in their income level and occupations. AFS students also come from diverse backgrounds.

Above all, AFS families are open-minded, flexible, curious about others, possess a sense of humor, and are willing to share their lives with a student.

AFS is committed to family-based exchange and backs up that commitment with a system of family support services unmatched by any other organization.

\* AFS pays international

transportation costs of the student to the U.S.

\* medical expenses covered  
\* personal allowance for full-year students provided  
\* orientation/on-going support provided

\* professional staff support your family and student  
\* 24-hour help line for any emergency situation.

If you would like to become part of the AFS family:

\* Contact your local AFS chapter and tell them you are interested; Marlene B. Domasky, 8701 Boltonville Rd., Kewaskum, WI 53040, 692-9523.

"What would I have to give you for just one tiny kiss," asked the suitor. "A general anesthetic," replied the girl.

## Obituaries

### VIRGINIA M. GEIDEL

Virginia M. Geidel, nee Weinreich, of Godfrey, Ill., formerly of West Bend, died Wednesday, March 13, 1991, at St. John's Mercy Hospital, St. Louis, Mo., at the age of 60.

She was born Sept. 24, 1930, in West Bend, to Dewey and Selma (nee Beck) Weinreich and married Louis Geidel Nov. 12, 1951, in Fillmore.

She was a member of Community Congregational Church, Godfrey and the Alton-Godfrey Welcome Wagon.

Survivors include her husband; two sons, Steven of Edwardsville, Ill. and Bryan of Belleville, Ill.; three grandchildren; her mother, Selma Weinreich of Beechwood; a brother, Virgil of Fillmore, and other relatives and friends.

Preceding her in death was her father.

Funeral services were held Sunday, March 17, at 2 p.m. at the Myrhum Funeral Home, West Bend. Burial followed in St. Martin's Fillmore.

Visitation at the Myrhum Funeral Home was on Sunday from noon until the time of services.

There was also visitation Friday from 4 to 8 p.m. at the Elias-Smith Funeral Home, Godfrey, Ill.

### JOSEPH P. METZ

Joseph P. Metz, of West Bend, died Monday, March 11, 1991, at the Samaritan Home, West Bend, at the age of 82.

He was born Dec. 12, 1908, in the Town of Kewaskum, to John and Frances (nee Biersack) Metz.

After his marriage to Ethel Kocher in West Bend on March 2, 1935, they settled in the former Village of Barton. For 45 years he was employed at the former White House Milk Co. in West Bend, retiring when the plant closed.

His wife passed away Feb. 9, 1959. On May 20, 1961, he married Loretta Boden Altschaeffl at Holy Hill.

Survivors include his wife; two daughters, Patricia Metz of West Bend and Joanne (Gerald) Guldan of Saukville; a stepson, Joe (Ruth) Altschaeffl of West Bend; four granddaughters, Beth Guldan of Batavia, Ill., Pam Guldan of Grafton, Debbie Guldan of Milwaukee and Meg Guldan of Saukville; four step-grandchildren; five step-great-grandchildren, and other relatives and friends.

Preceding him in death were his parents; two brothers, John and Peter, and three sisters, Susan Heftner, Kate Miller and

Anna Wallenfelz.

He was a member of the St. Joseph's Society and was an avid fisherman, hunter and gardener.

Funeral services were held on Thursday, March 14, at 7:30 p.m. at the Schmidt Funeral Home, West Bend, with a Mass of Christian Burial at 8 p.m. at St. Mary's Immaculate Conception Church. Rev. Elroy Pesch was the presider, and burial was on Friday morning in St. Mary's Cemetery.

Visitation at the funeral home was Thursday from 4 p.m. until the time of services.

### CARD OF THANKS

The family of Anna M. Batzler, wishes to thank the relatives and friends, for their many kindnesses and prayers. We wish to thank Fr. Victor Kemmer, donors of Mass, memorial, and floral tributes, food, those who served the food, organist, choir, pallbearers, Millers and to anyone who showed their respect.

The Anna M. Batzler Family

## 25 Years Ago

March 18, 1966

Work was begun on Tuesday on the new supper club addition to the Wigwam Restaurant on Fond du Lac Ave., of which William Edwards is proprietor. The supper club will be built at the front of the restaurant which, up to now, was a drive-in for car service and when completed will specialize in dinners and cocktails. Edwards hopes to have the supper club open for business by Memorial Day.

The Kewaskum PTA is completing plans to make vests for the junior band. Members are hoping that they will be finished for the spring concert to be held in April. Both Roger Groeschel and Mrs. Orval Behnke won the February "smarty award." Mr. Zarling and Mr. Squire gave a demonstration on an overhead projector. The PTA voted to purchase another overhead projector for use in the grade school.

The infant daughter of Mr. and Mrs. Bernie Barth, Kewaskum, was baptized Sunday, Feb. 27, at Holy Trinity Church. She received the name Janet Marie and her sponsors were Mrs. James Fechter and Leonard Barth.

Des Smith who had been a patient at St. Luke's Hospital, Milwaukee, was transferred to St. Joseph's Hospital, West Bend on Tuesday of this week.

Births - Twins, a daughter and a son to Mr. and Mrs. Robert Becker, R.2,

Kewaskum, at St. Agnes Hospital, Fond du Lac, Wednesday, March 9.

## 50 Years Ago

March 21, 1941

Leo Wietor of Wayne, president of the Wa-Fon-Do baseball league the past two years handed in his resignation at a meeting of the league last Wednesday night. Vice president Reese of West Bend will be in charge of the loop until the league meets for its spring election of officers. Leo was one of the 29 young men from the county drafted into army military service Tuesday.

Jacob Schlosser, Sr., well known resident of this village observed his 85th birthday anniversary last Friday and in honor of the occasion a celebration was held at his home on Sunday.

Seven candidates filed papers for the office of trustee. Incumbent trustees are Dr. F. E. Nolting, Dr. Leo Brauchle and Edward Weddig. Nolting and Weddig will have their names on the ballot for re-election while Brauchle declined to file papers. The five other trustees aspirants are Herman Belger, Norbert Dogs, K.A. Honeck, Clarence Mertes and Clifford Stautz. The other three trustees, Arnold Martin, Bernard Seil, and John Van Blarcom, hold office for another year.

Mrs. John Schaeffer, Town of Auburn, had the misfortune of breaking her wrist in a fall at her home recently. Miss Blanche Darmody of St. Kilian is employed at the Schaeffer home since Monday.

Mr. and Mrs. Wallace Winninghoff, R. 2, Kewaskum are the parents of a son born at St. Joseph's Hospital, West Bend, Sunday, March 16.

Miss Marie Thull, of St. Michaels, who was injured in an auto collision, Sunday, March 9, in the Town of Mequon, has been removed to the Milwaukee General Hospital where she will be confined for some time although she is recovering quite favorably.

## 75 Years Ago

March 18, 1916

Ben Janssen and Alfred Meinecke of this village, both members of Co. A., 18th Infantry, who have the past two years been stationed at Douglas Arizona, are amongst the soldiers ordered to cross the Mexican border to hunt Villa and his bandits. Mr. Janssen is a son of Mrs. Ivah Janssen of this village and Alfred Meinecke is a son of Mr. and Mrs. Carl

Meinecke, also of this village. Both of the boys enlisted at the time of the first crisis with Mexico about two years ago.

Jacob Schiltz moved his sawmill to Emil Backhaus' place near Kewaskum Saturday.

A little girl made her appearance at the home of Henry Oppermann last Thursday.

Born to Mr. and Mrs. John Pesch a pair of twin girls. They died shortly after birth and were buried Saturday at St. Michaels.

Geo. Foerster of Campbellsport moved his well drilling outfit to Charles Bruessel's place, where he will drill a well.

Born to Mr. and Mrs. Ed. Bowen, Dundee, on March 13, a baby boy.

Frank Hilmes, Campbellsport, has purchased a farm near St. Michaels recently and he and his family will move onto same soon.

**Taste Wisconsin:**

**A Bite of America**

Holy Trinity School, Kewaskum, is recognizing the many contributions of Wisconsin Agriculture by observing Wisconsin Food Products Week March 18-22. This week provides special recognition of the contributions of the food and fiber industries to Wisconsin and hopes to increase the awareness of agriculture's accomplishments and the challenges it faces in continuing to meet the world's food and fiber needs. The week includes National Agriculture Day which is March 20. National Agriculture Day strives to promote unity in the agriculture community and deliver positive and credible messages about the food and fiber industry to the non-farm public.

Wisconsin is in the top ten states producing a diversity of agriculture commodities that appear on school menus. As Wisconsin is referred to as America's Dairyland, it is obvious we are number one in milk production and other food items featured on school menus such as cheese and butter. Wisconsin soil is well suited for the growth of many different vegetables and fruits. Wisconsin is in the top ten states in the production of potatoes, strawberries, tart cherries, cranberries, cabbage and processed vegetables — sweet corn, green peas, carrots, lima beans, snap beans, beets, kraut and cucumbers for pickles. We're also in the top ten producers of maple syrup, honey, beef and oats.

**Tourism Publications Now Available**

**MADISON** — With the spring/summer season soon upon us, the Wisconsin Department of Development now has available the 1991 Auto Tours and the 1991 Spring/Summer Calendar of Events.

"Both publications list various activities and points of interest to see and do in our state," stated Representative Michael Lehman (R-Hartford).

The Auto Tours is a 152 page publication which lists 23 sightseeing tours. Included is a map section of each tour, indicating the route; attractions for each route, including dates, times and location; addresses for all state chamber of commerces; and filled with numerous photos of our beautiful state.

The Calendar of Events lists various events happening in the state from April through the end of September. There are listings for each day of the month; ongoing events; theatre, music and dance; county and district fairs; and a listing of county, community and area tourism contacts.

If you are interested in receiving either or both of these publications, send your request to: Wisconsin Tourism Development, 123 W. Washington Avenue, Madison, WI 53707 or you can call toll-free at 1-800-372-2737.

"The persons involved in putting together these publications have, again, done an excellent job in promoting the fine tourists attractions we have to offer in our state," stated Representative Lehman. "I hope those who take pride in our state and wish to visit the numerous attractions will take advantage of receiving these publications," Lehman stated.

**OFFICE OF THE GOVERNOR**

**A PROCLAMATION**

WHEREAS, Wisconsin has a well-deserved reputation as America's Dairyland, ranking first in the production of many dairy products, producing almost 17 percent of the nation's milk, 34 percent of the cheese, more than one-fifth of the butter, and a large variety of milk by-products; and

WHEREAS, diversity and quality are key elements of the state's agriculture, including 400,000 acres devoted to the growing of processed vegetables—more than any other state producing one-fourth to one-third of the nation's peas, sweet corn, carrots, snap beans and lima beans; and

WHEREAS, in addition to ranking first in the nation in the production of mink pelts, ginseng, special-fed veal calves, cabbage for sauerkraut, Wisconsin is among the top producers of corn for grain, corn for silage, oats, hay, potatoes, tobacco, tart cherries, cranberries, mint for oil, and cucumbers for pickling; and

WHEREAS, more than one-fourth of the state's work force rely on agriculture and agribusiness for their jobs; and

WHEREAS, agriculture is a basic industry that contributes to the economic health and stability of the state's economy through the marketing of agricultural products regionally, nationally and internationally; and

WHEREAS, it is essential for Wisconsin to continue its leadership position as an innovative agricultural state that is dedicated to the safety and quality of food; and

WHEREAS, Wisconsin's agricultural industry is committed to the preservation of the family farm, the preservation of rural communities, and the efficient use of agricultural resources in a quality environment; and

WHEREAS, Wisconsin colleges and universities are recognized worldwide for their contributions to agricultural research and education; university extension services for communicating the latest technology and farming techniques;

THOMAS H. HERRITORE, I, THOMAS G. THOMPSON, Governor of the State of Wisconsin, do hereby PROCLAIM March 21, 1991

**AGRICULTURE DAY**

In the State of Wisconsin, and commend this observance to the people of this state.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Wisconsin to be affixed. Done at the Capitol in the City of Madison this thirtieth day of October in the year one thousand nine hundred ninety one.

# AG WEEK

## Is March 17-23, 1991

Celebrate one of America's most important gifts this month... its agriculture. While taken for granted by many, the U.S. is still the world's most efficient producer of food and fiber. Thursday, March 21, is National Agriculture Day... a chance to recognize farmers' contribution to our economy and well-being.

According to Wisconsin Secretary of Agriculture, Trade and Consumer Protection Alan Tracy, Wisconsin plays a key role in this agricultural excellence. "It's critical to acknowledge the quality and abundance of food provided by Wisconsin's farmers," states Tracy. "Their task is not an easy one."

Wisconsin has always been known for its dairy products... and it still ranks first for many of them. But few people may realize it's also a top producer of many crops. Wisconsin is the number one producer of ginseng, corn for silage, mink, snap beans, green peas, sweet corn and processed vegetables.

National Agriculture Day will be celebrated with a variety of projects organized by local agribusiness organizations, 4-H and FFA Chapters, churches and civic groups. It is organized by the Agriculture Council of America (ACA).

Governor Thompson signed a state proclamation in support of this most basic industry.

## Except for Dairying, Farm Outlook Good

The 1991 U.S. farm outlook is generally favorable, but Wisconsin's farmers won't fare as well as their counterparts in other states, University of Wisconsin - Madison agricultural economists predict in their 1991 "Status of Wisconsin Farming" report.

U.S. farmers as a group enjoyed record net cash income last year and should see their gross receipts rise in 1991. But dairy economist Robert Cropp thinks Wisconsin's gross farm receipts could drop by \$500 to \$700 million - down 10 percent - due to the recent milk price plunge.

Fortunately, dairy farmers are entering the year in stronger financial condition than in the previous two years, having paid down much of their debt and enjoyed a long stretch of high milk prices.

And at least they can expect milk prices to do what they usually do - go down in spring and back up in fall. Last year they climbed from March through May, and plummeted by more than 20 percent August through November. But Cropp says the return to stability comes at a cost: Prices a couple of dollars lower than last year's.

New for other enterprises is bullish. This year will likely bring increased crop and meat production, continued strong hog and poultry prices, and higher cattle prices. The new farm law offers crop producers more leeway in planting decisions, which will probably mean more acres of soybeans and other oilseeds, and fewer in wheat and corn.

Cropp paints this picture for dairying:

**-Lower prices to farmers.** The Minnesota - Wisconsin price - the price paid for milk going into cheese and butter - will likely stay near the federal support price of \$9.90 into spring. A seasonal increase from June to November will bring the average 1991 M-W to around \$10.20 - down more than \$2 from last year's average.

**-Lower retail prices.** Retail prices won't fall as far as farm prices; consumers will pay 1 percent to 4 percent less for milk and other products.

**-Slightly fewer cows.** Despite reduced returns from dairying, milk cow numbers will probably fall by only about 0.5 percent. Farmers have plenty of heifers to replace culled cows and liquidated herds.

**-More milk per cow.** Cows

will produce an average of 2 percent more milk this year than last. This is a continuation of a longstanding trend; the increase would be greater if it weren't for the lower milk price.

**-More milk sold.** Weaker retail dairy prices should offset the weaker economy and inflation to increase commercial use by 2 percent. Cheese sales will rise 4 to 5 percent. Butter and other cream-based products will be up 2 percent.

**-Government buying stable.** Since milk production and use will balance out, government purchases will use up the same amount of milk as last year. Unlike last year, the government will be buying cheese and dry milk - not just butter.

## Johnson, Smith Attend REALTORS Institute

LAKE GENEVA: Lori Johnson and Jim Smith of Coldwell Banker Spectrum Real Estate, West Bend, recently returned from the Wisconsin REALTORS Institute conducted by the Wisconsin REALTORS Association. The Institute was held February 18 -22, 1991 at the Abbey in Lake Geneva with attendance of over 450 REALTORS from across the state.

This professional training program, which is sponsored once a year by the Wisconsin Realtors Association, consists of a comprehensive series of courses covering all facets of real estate. These courses are taught by experienced REALTORS from throughout the country.

Those successfully completing three comprehensive courses and successfully passing an exam after each course, earn the nationally recognized designation, Graduate, REALTORS Institute, (G.R.I.)

## New Rule Limits Atrazine Use Beginning This Year

It won't be business as usual if you plan to use atrazine this year.

The herbicide has been detected in some Wisconsin wells, leading to a new rule which sets limits on atrazine use in the state. Known as Wisconsin Ag 30, the rule also requires those who mix or apply the herbicide to be certified.

The new rule restricts atrazine use to 1 to 2 pounds per acre, depending on soil texture and whether the herbicide was used the previous year. On coarse textured soils - sands, loamy sands, and sandy loams - you can apply no more than 1 pound of active atrazine per acre. The rate is 1 1/2 pounds per acre on medium - and fine-textured soils. If you didn't use atrazine in 1990 you can use an additional 1/2 pound of the herbicide this year.

Wisconsin Ag 30 allows the state to set atrazine management areas with special rules where the groundwater is most susceptible to contamination. The Lower Wisconsin River Valley is the first such atrazine management area in the state. Most farmers in the Lower Wisconsin River Valley can only apply a maximum of 3/4 of a pound of active atrazine per acre. Certain areas of the valley have a total ban on atrazine use.

Wisconsin Ag 30 also limits atrazine use to agriculture crops, and the herbicide can only be applied between April 15 to July 31.

You can no longer apply atrazine through an irrigation system. In addition, Wisconsin Ag 30 bans irrigation on any field for two years after application unless an irrigation scheduling program is used. The Wisconsin Irrigation Scheduling Program minimizes leaching by letting growers know exactly how much water a crop needs.

The new rule applies not only

to AAtrex and atrazine, but to all atrazine-containing premixes. These products include Bicep, Bullet, Extrazine II, Laddok, Lariat, Marksman, Sutazine+, and others listing atrazine as an active ingredient on the label. Most of these premixes contain lower amounts of atrazine, so their rate limits will be less affected by the rule.

"In most cases, use of atrazine premix products at the recommended application rates will not likely exceed the enforcement limits," says University of Wisconsin - Madison extension weed scientist Ron Doersch.

All other requirements of Wisconsin Ag 30 apply to

atrazine premixes as well as straight atrazine, Doersch adds.

For more information on Wisconsin Ag. 30, contact your local dealer or county extension agent.

### TOPSOIL

Loss of topsoil now reminds us, We should build our lands to stay;

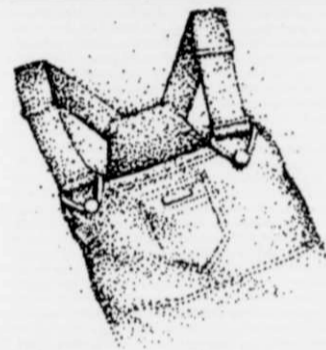

And departing leave behind us, Fields that have not washed away.

When our boys assume the mortgage

On the land that's had our toil, They'll not have to ask the question,

"Dad, here's the farm, but where's the soil?"

## KHS Student Makes Gift for Partner School in Germany

Bob Schreffler, (left), a member of Dave Stradtman's Cabinet-making class made this mirror for the KHS partner school in Langensfeld, Germany. Bob spent about 10 to 15 hours making the mirror. The partnership was obtained

last October through the Department of Public Instruction. Only about 40 schools in Wisconsin were able to join this program. Mr. Jochen Peter of the Kaethe-Kollwitz - Schule in Langensfeld and Therese Rosenthal, German teacher, at

the high school were able to visit each other's schools last October. High School and Middle school students have exchanged pen pal letters and audio tapes. Plans have been made to send a scrapbook and video tape of high school activities.

## Wisconsin Veterans Programs Provide Lasting Benefits

WEST BEND — By creating benefit programs for veterans, the people of Wisconsin have demonstrated their appreciation and support of their fellow citizens who have fought honorably in America's wars. And that tradition will continue when Wisconsinites return from the Persian Gulf War, says Richard Baker, Washington County Veterans Service Officer.

Wisconsin began its tradition of providing benefits for veterans at the end of World War I, according to Baker.

In 1919, Wisconsin veterans received either a cash bonus ranging from \$10.00 to \$50.00, depending on length of service, or an education bonus of \$30.00 per month up to \$1,080.00 maximum while the veteran was in school.

At the end of World War II, instead of awarding bonuses with little lasting value, the Legislature established a series of education and economic assistance programs that would provide veterans and their families with long-term benefits. To administer these programs, the Legislature created the Wisconsin Department of Veterans Affairs (WDVA) in 1945.

Since the end of World War II, Wisconsin veterans have received nearly 548,000 loans and grants totaling more than \$1.84 billion.

Today, wartime veterans who are Wisconsin residents have an array of state benefits that are the most comprehensive in the nation.

The roster of benefits includes subsistence aid and

emergency health care grants to needy veterans, as well as education grants to eligible veterans for part-time or full-time study.

In addition, veterans (and in some instances spouses and dependent children of deceased veterans) may qualify for economic assistance loans for essential purposes such as debt consolidation, education, home repairs and business or farm purchases. As of December 1990, WDVA had provided more than \$140 million in low-interest economic assistance loans.

Eligible veterans also may qualify for low-interest loans for home mortgages and home improvements. As of December 1990, WDVA had provided more than \$1.42 billion in primary mortgage loans and home improvement loans to nearly 43,000 veterans since the housing loan program started in 1973.

WDVA's home mortgage and home improvement loan programs are completely self-supporting and require no state tax funding. These housing loan programs are funded by general obligation bonding proceeds, repayment of WDVA housing loans and interest earnings on investments. Wisconsin, Texas and California currently are the only states that offer veterans housing loan programs that are self-supporting and require no state tax funds.

Since the Civil War, Wisconsin has been a leader in providing care for aging veterans. The Wisconsin Veteran Home in King, founded in 1887 near Waupaca, is now

acknowledged as one of the best facilities of its kind in the nation. With more than 700 resident members and a staff of 550, the Wisconsin Veterans Home provides skilled nursing care and quality retirement options in a picturesque community setting on the shores of Rainbow Lake. In 1993, a new 205-bed skilled nursing care facility, with special features for members with Alzheimer's disease, will be completed.

To ensure that the distinguished history of Wisconsin's veterans is not forgotten, a new 10,000-square-foot Wisconsin Veterans Museum is being constructed on Madison's Capitol Square and will open in 1992.

"Wisconsin's tradition of providing veterans benefits originated from a firm belief that those who endured physical economic and personal hardships in service to the state and nation should be compensated for their sacrifices," said Baker. "As a new generation of veterans emerges from the Persian Gulf War, the people of Wisconsin will undoubtedly continue that tradition."

## Controlling Roof Runoff

Barnyards can cause water pollution by rain flushing animal wastes off of the lot and into lakes and streams. Groundwater pollution could be a problem in areas with a high water table, highly permeable soils or soils shallow to bedrock. When the animal wastes get into our water the nutrients and organic matter can kill fish, cause excessive weeds and algae, and contaminate water for swimming and drinking.

There are several ways to handle runoff problems. The main goals are to reduce the amount of clean water entering the barnyard and clean up the polluted water leaving the barnyard.

The first step which will keep

the clean water off of the lot is a roof runoff system. All of the buildings bordering the lot should have rain gutters installed to catch the water coming off the roof. The downspouts connected to the gutters should take the water away from the lot. This water could also be emptied into an underground tile line which would carry it to a suitable outlet. These steps would limit the amount of water which could flush the animal wastes off of the barnyard.

Roof gutters and all other components of barnyard runoff systems are cost-shared through the three priority watershed projects. The three watersheds are the Milwaukee River, Sheboygan River and Lake Winnebago East Shore. The eligibility of the barnyards for cost-sharing will be determined by Land Conservation staff. All components of barnyard runoff systems are cost-shared at 70% of the total cost.

For further information on barnyard runoff systems or any other conservation practices, call the Land Conservation Department at 923-3033.

## Governor Approves \$200,000 West Bend Airport Project

A project to replace worn out pavement and improve safety at the West Bend Municipal airport has been given the go-ahead by Governor Tommy Thompson and state Secretary of Transportation Ronald Fiedler.

Governor Thompson approved the use of \$160,000 in state transportation fund monies to cover 80% of the \$200,000 estimated cost of reconstructing the taxiway parallel to the northeast/southwest runway, the driveway entrance road, main airport parking lot, and apron adjacent to the parking lot.

"The 20-year old pavement is severely deteriorated," Fiedler said. "Inadequate drainage has caused severe cracking of the asphalt."

He indicated that the city and pilots are concerned because of the cracks, depressions, ruts and loose aggregate on the pavement.

Fiedler said nearly 500 feet of storm sewer will be installed and the parking lot pavement will be shaped to drain to solve the water problem.

Last year the West Bend Airport ranked as the seventh busiest airport among the state's 144 public access facilities. The high level of activity is attributed to the presence of the Army National Guard, glider aircraft operations, and corporate and general aviation.

The contract for the project will be let in April. Construction is expected to begin in early June, with completion scheduled for September.

## New Information Brochure Available for Septic Systems

A new information brochure describing the basics of septic system operation and maintenance has been produced by the Washington County Land Use and Park Department. The brochure is available to County residents free on request.

Several common myths are dispelled and questions are answered. For example, system additives are not recommended. Based on information from the University of Wisconsin, currently offered products have been found to be of very limited value. It is recommended to have the septic tank of the system pumped out by a reputable pumper every two or three years depending on type - they are not maintenance free. Just because the water goes down the drain does not mean the system is operating properly - it may not be treating the effluent - just conveying it out of the house.

For a copy of the brochure drop by Room 150 of the Courthouse or contact the Department at 335-4445 from the West Bend area, 342-2929 ex. 4445 from the Germantown/Metro area or 644-5204 ext. 4445 from the Hartford/Slinger area.

# ORDINANCE NO. 91-3

## AN ORDINANCE TO REPEAL AND RECREATE THE EXISTING SEWER SERVICE ORDINANCE OF THE VILLAGE OF KEWASKUM

WHEREAS, it is deemed expedient and necessary that the Municipal Code of the Village of Kewaskum and more specifically Chapter 13 Municipal Utilities be brought up-to-date; and

WHEREAS, a copy of such amended portion of the Ordinance has been distributed to the Village Board and is on file for public inspection in the office of the Village Clerk/Treasurer;

NOW THEREFORE BE IT RESOLVED, that it be ordained by the Village Board of the Village of Kewaskum, Washington County, Wisconsin, that the existing USER CHARGE AND SEWER USE ORDINANCE FOR THE VILLAGE OF KEWASKUM, STATE OF WISCONSIN pertaining to the Use of the Sewer System per Chapter 13, Sections 13.30 to 13.62 of the Municipal Code of the Village of Kewaskum and any existing agreements which are inconsistent with this Ordinance are hereby repealed and recreated to read as follows:

### BE IT FURTHER RESOLVED, SEWER USER REGULATIONS

13.30	Authority	13.31	Creation
13.32	Purpose and Intent	13.33	Interpretation
13.34	Management	13.35	Application
13.36	Definitions	13.37	Rules and Regulations

13.53	Violations		
13.54	Residential Equivalent Connection Table and Unmetered Flow Assignments		

### 13.30 AUTHORITY

This subchapter is adopted under authority granted by Section 66.035 and Section 66.076, Wisconsin State Statutes and shall be known as, referred to or cited as the "SEWERAGE SERVICE ORDINANCE FOR THE VILLAGE OF KEWASKUM, STATE OF WISCONSIN".

### 13.31 CREATION

The Village Board of the Village of Kewaskum pursuant to the provisions of Section 66.067 of the Wisconsin Statutes does hereby declare that the Sewerage System of the Village of Kewaskum consisting of the collection system (as hereinafter defined), waste collection and disposal operations, sewerage system and all other appurtenances and equipment used for such purposes, or Wastewater Treatment Facility (as hereinafter defined) shall be designated the Sewerage System Utility. This public utility is not a public service subject to regulation by the Wisconsin Public Service Commission for the purposes defined above.

### 13.32 PURPOSE AND INTENT

The purpose of this subchapter is to promote the public health, safety, prosperity, aesthetics and general welfare of the citizens of the Village and is designed to provide the legislative enactments required under Public Law 92-500, as amended, and applicable federal regulations for the acceptance of construction grants to improve the quality of effluent discharges from wastewater treatment works. It is further intended to provide for administration and enforcement of this subchapter and to provide penalties for its violations.

### 13.33 INTERPRETATION

In their interpretation and application, the provisions of this subchapter shall be held to be minimum requirements and shall be liberally construed in favor of the Village and shall not be deemed a limitation or repeal of any other power granted by State Statutes.

### 13.34 MANAGEMENT

- (1) The operation, management and control of the Sewerage System Utility is vested in the Village Board of the Village of Kewaskum acting as the Board of Public Works under the provision of Section 66.066(1) of the Wisconsin Statutes and is hereinafter referred to as the "Approving Authority". All records of the Sewerage System Utility shall be kept by the Village Administrator in the Village Hall or other officially designated place.
- (2) The rules, regulations and rates hereinafter set forth shall be considered part of the regulations applicable to every individual or entity connected to the Sewerage System and all persons discharging wastes to the Sewerage System. Said rules, regulations and rates may be changed from time to time as determined by the Village Board and the right is reserved to make special rates and contracts in all proper cases.
- (3) The Village Board shall cause an annual audit of the books of the Sewerage System Utility made and shall make the books and records relating to the Sewerage System Utility available for inspection during regular business hours.
- (4) A proportionate distribution of operation, maintenance and replacement costs shall be maintained among user classes. Users shall be notified annually of the sewer service charges associated with the sewerage system.

### 13.35 APPLICATION

The application of this subchapter, its rules, regulations and rates shall apply to all individuals, firms, corporations and institutions residing within the corporate limits of the Village of Kewaskum and any person, firm or corporation, by attachment to the Sewerage System or otherwise by contract or agreement coming within the Village of Kewaskum sewer service area subsequent to the effective date hereof and all entities hauling wastes or trucking wastes and discharging to the Sewerage System.

### 13.36 DEFINITION OF TERMS

The meaning of terms used in this Ordinance shall be as follows:

- 1) "Act" shall mean the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.) as amended by the Federal Water Pollution Control Act Amendments of 1972 (Pub.L. 92-500) and Pub.L. 93-243, or as modified by Chapter 147, Statutes of the State of Wisconsin or appropriate sections of the Wisconsin Administrative Code adopted pursuant to Chapter 147.
- 2) "Administrator" shall mean the Village Administrator, the individual employed by the Village to manage the Village records.
- 3) "Approving Authority" shall mean the Village Board of the Village of Kewaskum or its duly authorized deputy, agent or representative.
- 4) "BOD" shall mean the quantity of oxygen expressed in milligrams per liter (mg/l), utilized in the bio-chemical oxidation of organic matter under standard laboratory conditions for five days at a temperature of 20 degrees centigrade. The laboratory determinations shall be made in accordance with procedures set forth in "Standard Methods".
- 5) "Building Sewer", "Lateral" or "Service Pipe" shall mean a sewer which carries only Sewage or Industrial Wastes from the building plumbing to the Public Sanitary Sewer.
- 6) "Collection System" shall mean the system of sewers and appurtenances for the collection, transportation and pumping of domestic wastewater and industrial waste.

- 7) "Connection" shall mean each physical connection to the collection system or private sewer system which connects to the municipal collection system.
- 8) "Facilities Use Charge" shall mean a charge levied on users annually for each equivalent water meter connection associated with the sewer and water system.
- 9) "Debt Retirement" shall mean all annual principal and interest requirements and obligations of the Approving Authority for the Wastewater Treatment Facilities.
- 10) "Discharge Monitoring Station" shall mean a sampling and metering station required to be installed through a Discharge Monitoring Agreement signed by an Industrial User with the Village in order to obtain information on a users discharge to the system and to establish sewer user and debt charges.
- 11) "Domestic Wastewater" shall mean water-borne wastes normally being discharged from the sanitary conveniences of dwellings, apartment houses, hotels, office buildings, factories and institutions, free of industrial wastes and in which the average concentration of suspended solids is established at or below 250 mg/l; the BOD concentration is established at or below 200 mg/l; and the Phosphorous (P) concentration is established at or below 4 mg/l.
- 12) "Flow Proportional Composite Sample" shall mean a sample consisting of portions of waste taken in proportion to the volume of flow of said wastes.
- 13) "Industrial User" shall mean any nongovernmental, nonresidential user of publicly owned Wastewater Works which discharges more than the equivalent of 5,000 gallons per day (GPD) of sanitary wastes and whose activities are identified in the Standard Industrial Classification Manual, 1972, Office of Management and Budget, as amended and supplemented, under the following divisions: 1) Division A, Agriculture, Forestry and Fishing. 2) Division B, Mining. 3) Division D, Manufacturing. 4) Division E, Transportation, Communications, Electric Gas and Sanitary Services. 5) Division L, Services. In determining the amount of a user's discharge for purposes of industrial cost recovery, the Village may exclude domestic wastes or discharges from sanitary conveniences. After applying the sanitary waste exclusion, dischargers in the above divisions that have a volume exceeding 5,000 GPD or the weight of biochemical oxygen demand (BOD) or suspended solids (SS) equivalent to that weight found in 5,000 GPD of sanitary waste are considered industrial users. Sanitary wastes, for purposes of this calculation of equivalency, are the wastes discharged from residential users. Any nongovernmental user of a publicly owned Wastewater Treatment Facilities which discharges wastewater to the Wastewater Treatment Facilities which contains toxic pollutants or poisonous solids, liquids or gases in sufficient quantity either singly or by interaction with other wastes, to contaminate the sludge of any municipal systems, or to injure or to interfere with any sewage treatment process, or which constitutes a hazard to humans or animals, creates a public nuisance, or creates any hazard in or has an adverse effect on the waters receiving any discharge from the Wastewater Treatment Facilities shall be an industrial user, even if it does not discharge the equivalent of 5,000 gallons per day of sanitary wastes.
- 14) "Industrial Waste" shall mean any water-borne solids, liquids or gaseous wastes other than domestic wastewater, resulting from discharging from, flowing from or escaping from any commercial, industrial, manufacturing or food processing operation or process or from the development of any natural resource, or any mixture of these with water or domestic wastewater.
- 15) "Intercepting Sewer" shall mean a sewer constructed to receive the dry weather flow of untreated or inadequately treated sewage from one or more existing sanitary Sewer System terminals other than from a dwelling or building that presently discharges or formerly discharged flow directly into any waters of the state, and convey the flow to a Wastewater Treatment Facility or is to serve in lieu of an existing or proposed Wastewater Treatment Facility.
- 16) "Natural Outlet" shall mean any outlet into a watercourse, pond, ditch, lake or other body of surface or ground water.
- 17) "National Pollutant Discharge Elimination Permit" shall mean a permit issued under the National Pollutant Discharge Elimination Permit System (NPDES) for the discharge of wastewaters to the navigable waters of the United States pursuant to Section 402 of Public Law 92-500, as amended.
- 18) "Normal Sewage" shall mean sanitary sewage in which BOD and Total Suspended Solids concentrations do not exceed normal concentrations of:
  - a) A five-day 20 degree C., BOD of not more than 200 parts per million;
  - b) A Total Suspended Solids concentration of not more than 250 parts per million;
  - c) A Phosphorous (P) concentration of not more than 4 parts per million
- 19) "Operation and Maintenance Cost" shall mean the actual sums spent by the Village in the operation and maintenance of its Sewerage System consisting of but not limited to, each and all of the following purposes:
  - a) Wages and salaries and employees related expenses of operating, maintenance, clerical, laboratory and supervisory personnel, together with fringe benefits and premiums paid on such wages and salaries for the State of Wisconsin Workmen's Compensation coverage.
  - b) Electrical power and other utility services.
  - c) Chemicals, fuel and other operating supplies.
  - d) Repairs to and maintenance of associated equipment.
  - e) Premiums for hazard insurance.
  - f) Premiums for insurance providing coverage against liability for the injury to persons and/or property.
  - g) Rents and leasing costs.
  - h) Operation, licensing and maintenance costs for trucks and heavy equipment.
  - i) Consultant and legal fees.
  - j) Training & Educational Expenses.
- 20) "Persons" shall mean any and all persons, natural or artificial, including any individual, firm, company, municipal or private corporation, association, governmental agency or other entity and agents, servants or employees.
- 21) "Phosphorous" shall mean the Total Phosphorous as determined by procedures set forth in "Standard Methods".
- 22) "pH" shall mean the logarithm (base 10) of the reciprocal of the hydrogen concentration expressed in moles per liter. It shall be determined by one of the procedures outlined in the "Standard Methods".
- 23) "Private Sewer" shall mean a privately owned sewer serving 2 or more buildings and not directly controlled by a public authority.
- 24) "Public Sewer" shall mean a sewer or lateral in a public right-of-way or easement abutting properties and is controlled or owned by the public authority.

- 25) "Replacement Costs" shall mean the expenditures for obtaining and installing equipment, accessories and appurtenances which are necessary during the useful life of the treatment works to maintain the capacity and performance for which such works were designed and constructed.
- 26) "Replacement Fund" shall mean a segregated account to which monies are deposited to be used for the following purposes:
  - a) the purchase of replacement mechanical equipment, or
  - b) the major mechanical repair for the purpose of extending the useful life of equipment.
- 27) "Residential Equivalency Charge" shall mean a charge levied on nonmetered users for Debt Retirement, Operation and Maintenance Costs and the Replacement Fund. The charge shall be based on the average gallons of water used by a residential customer as determined by the Water Utility, and multiplied by the cost per 1000 gallons for operation and maintenance costs, debt and replacement fund.
- 28) "Residential Equivalent Connection" (REC) shall be the wastewater flow and loadings to the system equivalent to that contributed by an average residential family equivalent. An average residential family equivalent shall be calculated yearly by the Village based upon the residential water used divided by the total number of residential customers.
- 29) "Sanitary Sewer" shall mean a sewer that conveys domestic wastewater or industrial waste or a combination of both, and into which storm, surface and ground waters or unpolluted industrial wastewater are not intentionally contributed.
- 30) "Septage" shall mean scum, liquid, sludge or other waste from a septic tank, soil absorption field, holding tank, vault toilet or privy. This does not include the waste from a grease trap.
- 31) "Sewerage System" shall mean all facilities for collecting, transporting, pumping, treating, and disposing of domestic wastewater, industrial wastes and septage. Also may be referred to as sewer system.
- 32) "Slug" shall mean any discharge of water or wastewater which in concentration of any given constituent or in quantity of flow exceeds for any period longer than fifteen (15) minutes more than five (5) times the average twenty-four (24) hour concentration or flows during normal operation and which adversely affects the collection system and/or performance of the Wastewater Treatment Facilities.
- 33) "Standard Methods" shall mean the examination and analytical procedures set forth in the latest edition of "Standard Methods for the Examination of Water and Wastewater" as prepared, approved and published jointly by the American Public Health Association and the Water Pollution Control Federation.
- 34) "Storm Sewer" shall mean a sewer which carries storm and surface drainage but excludes domestic wastewater and industrial wastes.
- 35) "Summer Quarter" shall mean the user's quarter starting in July and ending in September.
- 36) "Superintendent" shall mean the Superintendent of the wastewater treatment and conveyance facilities who shall be in charge of and supervise the operations and functions of the wastewater treatment and conveyance facilities.
- 37) "Surcharge User" shall mean a user of the Sewerage System who discharges wastes which have higher concentrations than Domestic Wastewater and is assessed an additional charge (surcharge) for the constituents higher in concentration than Domestic Wastewater.
- 38) "Total Suspended Solids" shall mean solids that either float on the surface of, or are in suspension in water, sewage or other liquids, and which are removable by a laboratory filtration device. Quantitative determination of total suspended solids shall be made in accordance with procedures set forth in "Standard Methods". Also referred to as Suspended Solids.
- 39) "Unpolluted Water" is water of quality equal to or better than the effluent criteria in effect or water that would not cause violation of receiving water quality standards and would not be benefited by discharging to the sanitary sewers and wastewater treatment facilities provided.
- 40) "User" shall mean any person discharging domestic wastewater or industrial wastes into the collection system or entity discharging septage or other waste hauled or trucked to the sewerage system.
- 41) "Use Factors" shall mean Flow, BOD, Total Suspended Solids, Phosphorous and Infiltration/Inflow or the quantity of these factors as determined by the Village by sampling and monitoring the Wastewater Treatment Facility influent and surcharge users and from the Water Utility Records.
- 42) "User Charge" shall mean a charge levied on users for Operation, Maintenance Costs and Replacement Costs and Capital Costs. The charge shall be based on the total gallons of water used as determined by the Water Utility, and multiplied by the cost per 1000 gallons for operation, maintenance and replacement costs, and capital costs.
- 43) "Village Engineer" shall refer to:
  - a) Superintendent of the Wastewater Treatment Facility. The individual employed by the Village to efficiently and effectively operate the facility within the guidelines of this subchapter and the governmental regulations.
  - b) Village Consulting Engineer. The engineer hired by the Village to assist in the planning and development of the facility, also to assist with the specialized details of the facility as requested by the Village Administrator, Superintendent, and Village Board.
- 44) "Waste" shall mean any solids, liquid or gaseous material or combination thereof discharged from any residences, business buildings, institutions, industrial establishments and septage haulers into the collection system, storm sewer or septage receiving station.
- 45) "Wastewater" shall mean a combination of the water-carried waste discharged into the collection system from residences, business buildings, institutions and industrial establishments, together with such ground surface and storm water as may be present.
- 46) "Wastewater Pumping Station" shall mean a pumping facility utilized to pump wastewater within the collection system.
- 47) "Wastewater Treatment Facilities" shall mean any Village owned facility, devices and structures used for receiving and treating wastewater from the Village collection system.
- 48) "Water Utility" shall mean the Kewaskum Water Utility.

49) "WPDES Permit" shall mean a permit to discharge pollutants obtained under the Wisconsin Pollutant Discharge Elimination System (WPDES) pursuant to Chapter 147 of the State of Wisconsin Statutes.

13.37 RULES AND REGULATIONS

(1) **Declaration of Policy:** The Village Board of the Village of Kewaskum finds and declares that the public health, comfort and safety is preserved and enhanced by the provision of the Sewerage system in the promotion of a clean and healthful environment and that the failure to connect to the Sewerage System is contrary to minimum health standards.

(2) **Connection:**

(a) To assure preservation of public health, comfort and safety, the owner of any house, building, or property used for human occupancy, employment, recreation, or other habitation, situated within the Village and adjacent to a Public Sewer or in a block through which a Public Sewer extends, is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper Public Sewer in accordance with the provisions of this Ordinance, within 90 days after the Public Sewer first becomes operational or if an immediate health hazard exists within 10 days upon receipt of notice from the County Health Officer or the Village Building Inspector.

Such person shall apply for and obtain permission for the installation from the Village Board. A permit fee of \$200 for each living unit contained in such building shall accompany the application for such sanitary sewer connection. In the case of a hotel or motel, each unit shall be considered as a living unit. In the case of a rooming house, guest house, nursing home or other similar structure, each service unit shall be considered as a living unit.

(b) If a person fails to comply with the said notice to connect within the given period of time the Village may, at its option:

1. Cause such connection to be made and bill the property owner for such costs. If such costs are not paid within 30 days, such costs shall be assessed as a special tax lien against the property, unless the owner within 30 days after the completion of the work, files a sworn affidavit with the Village Administrator stating that he cannot pay such amount in one sum and asking that it be levied in not to exceed 5 equal annual installments, and the amount shall be so collected with interest at a rate which is sufficient to recover the Village's costs of borrowed funds or interest lost plus 1 percentage point per annum from the completion of the work, the unpaid balance to be a special tax lien; and
2. Impose a standby charge, for the period of time in excess of 90 days that such failure continues after the date the Public Sewer first becomes operational, after 10 days written notice to any owner failing to make a connection to the Sewerage System, for an amount equal to 150% of the Annual Facilities Charge, payable monthly for the period in which the failure to connect continues. Upon failure to make such payment said charge shall be levied as a tax against the lot or parcel to which sewerage service was furnished.

(3) **Alternative Disposal Prohibited:**

- (a) No person shall construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended to be used for the disposal of domestic wastewater, if a Public Sewer is available.
- (b) No person shall discharge to any Natural Outlet within the Village in any area under the jurisdiction of the Village, sewage or other polluted waters, except where suitable treatment has been provided in accordance with subsequent provisions of this Ordinance.

(4) **Plumbers:** No plumber or other person will be permitted to engage in or work at any plumbing in connection with the Sewerage System without first receiving a license from the State of Wisconsin, Bureau of Plumbing.

(5) **Maintenance of Services:** All sewer services within the limits of the Village at the point of connection to the street main and all street mains, shall be maintained and repaired by the Village without expenses to the property owner, except when they are damaged as a result of negligence on the part of the property owner or occupant, in which case they will be repaired at the expense of the property owner. All Building Sewers and laterals located in the public right of way or easement from the point of connection to the sewer main and all facilities throughout the premises served must be maintained free of defective conditions, by and at the expense of the owner or occupant of the property served.

(6) **Users:**

(a) **Application for Service:** Every person requesting connection to the Sewerage System shall file an application in writing to the Village, in such form as is prescribed for that purpose. Blanks for such applications will be furnished at the office of the Village Administrator. The application must state fully and truly all the use which will be presently made. If any change in use from that set forth in this application is contemplated, the user must obtain further application and permission from the Village Administrator. If the applicant is not the owner of the premises, the written consent of the owner must accompany the application.

In accordance with Section 13.37(2)(a) of this subchapter, a permit fee of \$200 per living unit shall accompany the application for service.

The application may be for service to more than one building, or more than one unit of service through one service connection, and, in such case, charges shall be made accordingly.

If it appears that the service applied for will not provide adequate service for the contemplated use, the Village Engineer may reject the application. If the Village Engineer approves the application, the Village Engineer shall authorize the Building Inspector to issue a permit for services as shown on the application.

All expenses relating to the connection to the Sewerage System shall be paid by the applicant or owner at the time of permit issuance.

(b) **Tap Permits:** After sewer connections have been installed into any building or upon any premises no plumber shall make any alterations, extensions, or attachments, unless the party ordering such tapping or other work shall obtain and exhibit the proper permit for the same from the Village Engineer.

(c) **Users to Keep in Repair:** All users shall keep their own service pipes in good repair and protected from frost, at their own risk and expense, and shall prevent any unnecessary overburdening of the Sewerage System. The user is responsible for their service pipe from the street main through their facility served.

(d) **User Use Only:** No user shall allow other persons to connect to, or permit other uses to be made of, the Sewerage System through his lateral.

(e) **User to Permit Inspection:** Every user shall permit the Village or its duly authorized agent, at all reasonable hours of the day, to enter their premises or building to examine the pipes and fixtures, and the manner in which the drains and sewer connections operate; and they must at all times, frankly and without concealment, answer all questions put to them relative to its use. Should the owner or

occupant of the premises refuse voluntary access to the premise, the Plumbing Inspector is authorized to seek a special inspection warrant under Wisconsin Statute 66.122.

(f) **Responsibility:** No claim shall be made against the Village or its agents or employees by reason of the breaking, clogging, stoppage, or freezing of any service pipe; nor from any damage arising from repairing mains, making connections or extensions or any other work that may be deemed necessary by the Village absent of gross negligence of the Village its agents or employees. The Village may cut off the service at any time for the purpose of repairs or any other necessary purpose, any permit granted or regulation to the contrary notwithstanding. Whenever it shall become necessary to shut off the sewer service within an area of the Village, the Village shall, if practicable, give notice to each affected user.

(7) **Excavations:** Excavation requirements in any easement or public right-of-way shall be as specified and required by the authority having jurisdiction over said easement or right-of-way. In all cases, a permit is required and construction methods shall conform to Chapter 8.04 of the Municipal Code.

(8) **Laterals:**

- (a) All laterals on private property will be installed in accordance with State of Wisconsin Administrative Code as from time to time amended.
- (b) The Building Sewer shall be inspected by the Plumbing Inspector or his designee upon completion of placement of the pipe and before backfilling and tested before and after backfilling. The Plumbing Inspector or his designee may order any building sewer exposed and removed if said building sewer is covered before inspection.

(9) **Tapping the Mains:**

- (a) No persons, except those having special permission from the Village or persons in their service and approved by them, will be permitted under any circumstances to tap the Public Sanitary Sewers. The kind and size of the connection to the Public Sanitary Sewers shall be that specified in the permit or order from the Village. A minimum of 48 hours notice shall be given to the Village prior to tapping any main.
- (b) Pipes should always be tapped at the top, and not within six inches of the joint, or within 24 inches of another lateral connection.
- (c) When any Building Sewer service is to be relaid and there are two or more buildings on such service, each building shall be disconnected from such service and a new Building Sewer shall be installed for each building.

13.38 SEWER SERVICE CHARGES

(1) **Basis for Sewer Service Charges:** The sewer service charge shall be based on the Sewer Use Charge. If any user of the sewer system procures any part or all of his water from sources other than the Water Utility, the user shall furnish, install and maintain at his expense, water meters of a type approved by the Water Utility for the purpose of determining the volume of sewage discharged to the sewer system as described in Section 13.44. At the discretion of the Village a user procuring water from other sources than the Water Utility may be assigned a Residential Equivalent Connection (REC) to be used as a basis for the sewer use charge as determined from Section 13.54. If in the opinion of the Village Administrator, the information in Section 13.54 does not accurately reflect the users wastewater discharge to the sewerage system, then the Village Administrator may assign a REC to the user.

(2) **Sewer User Charge:** A Sewer User Charge is hereby imposed upon all users of the sewer system. The Sewer User Charge shall have a component for recovering the operation, maintenance and replacement costs, a portion for recovering the capital costs, and a portion for income credits of the sewer utility annual budget. On or before the first Village Board meeting in October of every year, the Village Administrator shall compute the Sewer User Charge. The operation, maintenance and replacement portion of the Sewer User Charge shall be computed by allocating the proposed net yearly operation, maintenance and replacement budget to the appropriate use factors. The cost per use factor shall be divided by the Village in conjunction with the use factor to determine the unit cost (\$/1000 gallons, in conjunction with the use factor will be determined by the Village 5/8) per use factor. The flow use factor will be determined by the Village Administrator, considering actual data for the previous 12 month period from the Wastewater Treatment Facility and surcharge user data. The computations for recovering the capital cost portion of the sewer utility budget and for deriving the income credits will be computed in similar manner.

The residential water consumption for sprinkling as determined by the Water Utility and any water credit meters for any refrigeration, air conditioning system or industrial cooling water not entering the sewer system shall not be used in computing the Sewer User Charge.

The metered residential water use shall be adjusted to account for consumptive water use during the summer quarter. The volume used as the basis for the sewer service charge for the shall be the average quarterly water volume read by the Village for previous nine months.

Users with domestic wastewater connected to the sewer system who derive all or part of their water discharged to the sewer system from other sources than the Water Utility and who do not have these other water sources metered will be charged for operation, maintenance and replacement costs based upon their assigned number of residential equivalent connections. The flow per residential equivalent connection will be computed by the Water Utility or the Village Administrator on or before the first Village Board meeting in October of every year and shall equal the water used by residential customer minus sprinkling credits divided by the number of residential water customers.

(3) **Annual Facilities Use Charge:**

(a) An Annual Facilities Use charge is hereby imposed upon each user connected to the collection system including non-domestic and industrial waste dischargers. The Facilities Use Charge recovers the portion of the sewer utility budget associated with Infiltration/Inflow for the operation, maintenance and replacement costs and capital costs. The Annual Facilities Use Charge shall be payable as herein provided and shall be computed on the basis of equivalent water meter connections associated with the sewerage system.

(b) On or before the first Village Board meeting in October of every year the Village Administrator shall compute the equivalent number of water meter connections associated with the sewerage system. At the same time the Village Administrator shall compute the average percentage of Infiltration/Inflow (I/I) to the system for the previous 12 months. The cost assigned to the flow use factor for the operation, maintenance and replacement budget and the capital costs shall be multiplied by the percentage of system I/I. The Facilities Use Charge for the I/I related operation, maintenance, and replacement costs and capital costs will be computed by dividing the appropriate I/I costs by the total number of equivalent water meter connections.

(4) **Industrial and Commercial Charges for Other Than Domestic Wastewater:**

(a) Charges for Wastewater other than Domestic Wastewater shall be based on Flow, BOD, Suspended Solids, and Phosphorous and such other constituents which affect the cost of the collection and treatment. All persons discharging wastes into the Sewerage System are subject to a surcharge, in addition to any other wastewater service charge, if their wastewater has a concentration greater than Domestic Wastewater concentrations. The volume of flow used for computing waste surcharges shall be the metered water consumption, or the actual volume of waste as determined by a sampling and metering manhole or a discharge monitoring station. The sewer user charge shall be computed in accordance with the following formula:

$$TC = (V \times C_v) + 8.34V \times [(BOD \times C_{BOD}) + (TSS \times C_{TSS}) + (P \times C_p)]$$

where:

TC = Total user charge per quarter

V = Volume of wastewater discharged during the quarter in million gallons

C<sub>v</sub> = Unit cost for flow per million gallons

BOD = Concentration of BOD in mg/l

C<sub>BOD</sub> = Unit cost per pound of BOD

TSS = Concentration of TSS in mg/l

C<sub>TSS</sub> = Unit cost per pound of TSS

P = Concentration of Total P in mg/l

C<sub>p</sub> = Unit cost per pound of P

(5) **Ready-to-Serve Charge:**

The owner of each premise to which sewer service has been made available by the Village but not connected to the Sewerage System for sewer service shall pay for the availability thereof a "ready-to-serve charge" provided by Section 13.38(3)(a). Any "ready-to-serve charge" becoming effective during any year shall be charged on a pro rata basis for that year in which such charge becomes effective. This charge shall begin from date of notice by the Village that the facility is ready to use. By Section 13.37(2)(a) of this ordinance connection shall be made to the Public Sewer within 90 days.

(6) **Special Rates:**

It is understood that the approving authority may at any time hereafter, set special rates for any large commercial service, industrial use, extraterritorial areas, contract users, or any other unique user that does not readily fit into other categories of users. Any user discharging any toxic pollutants, wastewater, or other wastes to the sewerage system shall pay for the increased operation, maintenance, and replacement costs caused by their discharge.

13.39 ANNUAL BUDGET AND METHOD OF PAYMENT OF CHARGES

(1) Annually before the first Village Board meeting in October the Village Administrator shall prepare a budget for the following fiscal year which shall be separated into sections, the first for operation, maintenance and replacement, and the second for capital costs. The budget shall then be further divided into infiltration and inflow related costs and use related costs.

(2) Revenues for the operation and maintenance budget shall include any projected year-end balance (excluding replacement funds), operating fund investment income, contract revenues, permit fees, special rates, and sewer user charges.

(3) Expenditures for the operation and maintenance budget shall include all costs defined in Section 13.28(19) plus any projected year end deficit.

(4) The operation and maintenance budget shall balance with the sewer use charge so that projected revenues equal projected expenditures.

(5) Any excess revenues collected from a user class for operation maintenance and replacement costs will be attributable to that class for future charges within two years.

(6) Revenues for the debt service budget can include any projected year-end balances in the special assessments funds, connection charges, and sinking fund interest income.

(7) Expenditures for the capital budget shall include principal, interest, premiums, depreciation, paying agency fees and other expenses related to capital.

(8) Sewer Service charges shall be billed quarterly and shall be payable at the Village Treasurer's office or at any other officially designated location. Statements for such charges and assessments levied and assessed in accordance with this Ordinance shall become due and payable within 30 days from and after the date of the statement. In the event that any such statement or statements are not paid within 30 days of issuance, a charge of 12% per quarter will be added to the current quarterly billing charge. This charge is applicable to all customers.

(10) **Billing:** The property owner is held responsible for all sewer bills on premises that he owns. All sewer bills and notices of any nature, relative to the sewer service, will be addressed to the owner and/or occupant and delivered to the addressee by bulk mail.

(11) **Failure to Receive Bill No Penalty Exemption:** Every reasonable care will be exercised in the proper delivery of sewer bills. Failure to receive a sewer bill, however, shall not relieve any person of the responsibility for payment of sewer rates within the prescribed period, nor exempt any person from any penalty imposed for delinquency in the payment thereof.

(12) **Delinquent Accounts:** Pursuant to the authority granted under Sections 66.06(16)(a) and 66.06(9)(1) of the Wisconsin State Statutes, the following procedure shall apply to the collection of delinquent accounts for sewer service.

(a) **Notice of Payment Due:** On October 15 of each year notice shall be given to the owner or occupant of all lots or parcels of real estate within the Village to which sewer service has been furnished prior to October 1, by the Sewerage System Utility and payment for which is owing and in arrears at the time of giving such notice. The Village Administrator shall furnish the Treasurer with a list of all such lots or parcels of real estate, and a notice shall be given by the Treasurer. Such notice shall be in writing and shall state the amount of such arrears, including any penalty assessed pursuant to the rules of the Sewerage System Utility, that unless the same is paid by November 1 thereafter a penalty of 12% per quarter of the amount of such arrears will be added thereto; unless such arrears, with any such added penalty, shall be paid by November 15 thereafter, the same will be levied as a tax against the lot or parcel of real estate to which water, sewer or electric service was furnished and for which payment is delinquent. Such notice may be served by delivery to either such owner or occupant personally, or by letter addressed to such owner or occupant at the post office addresses of such lot or parcel of real estate.

- (b) **Failure to Pay.** On November 16 the Treasurer shall certify and file with the Administrator a list of all lots or parcels of real estate, giving the legal description thereof, to the owners or occupants of which notice of arrears and payment were given as above specified and which arrears still remain unpaid, and stating the amount of such arrears together with the added penalty thereon as herein provided. Each delinquent amount, including such penalty shall thereupon become a lien upon the lot or parcel of real estate to which the water, sewer or electric service was furnished and payment for which is delinquent, and the Administrator shall insert the same as a tax against such lot or parcel of real estate. All proceedings in relation to the collection of general property taxes and to the return and sale of property for delinquent taxes shall apply to such tax if the same is not paid within the time required by law for payment of taxes upon real estate.
- (c) **Request for Hearing.** The owner or occupant may within 10 days of the date such notice is sent, request a hearing in any charge disputed. Such a request for hearing shall be in writing and shall be filed with the Village Administrator. No such charge shall be placed upon the tax roll if a properly filed request for hearing is pending. All hearings shall be held by the Village Board within 30 days.

**13.40 PROHIBITED DISCHARGES**

- (1) No person shall discharge or cause to be discharged any unpolluted waters such as stormwater, groundwater, roof runoff, subsurface drainage, or cooling water to any sanitary sewer, except stormwater runoff from limited areas, which stormwater may be polluted at times, may be discharged to the sanitary sewer by permission of the Village Administrator.

Stormwater other than that exempted above and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers or to a natural outlet approved by the Village Administrator. Unpolluted industrial cooling water or process water may be discharged upon approval of the Village Administrator to a storm sewer or natural outlet.

- (2) No person shall discharge or cause to be discharged to the collection system either directly or indirectly any of the following described wastes or wastewater:
- Any liquid having a temperature higher than 150 degrees Fahrenheit (65 degrees Centigrade).
  - Any wax, grease, or oil, plastic or any other substance that will solidify or become discernibly viscous at temperatures between 32 degrees to 150 degrees Fahrenheit (0 degrees to 65 degrees Centigrade).
  - Any solids, liquids or gases which by themselves or by interaction with other substances may cause fire, explosion, hazards, create toxic fumes or in any other way be injurious to persons or property involved in the operation or maintenance of the Sewer System.
  - Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewer system such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, ungrounded garbage, whole blood, paunch manure, hair and fleshings, entrails, paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders.
  - Any garbage that has not been properly comminuted or shredded to such a degree that all particles will be carried freely in suspension in the municipal sewers. (100% passing 1/2" screen, 90% passing 1/4" screen).
  - Any noxious or malodorous substance, which either singly or by interaction with other substances is capable of causing odors objectionable to persons of ordinary sensitivity.
  - Any wastes or wastewater having a pH lower than 5.5 or higher than 9.0 or having any corrosive property capable of causing damage or hazards to the Sewerage System.
  - Any wastes or wastewater of such character and quantity that unusual attention or expense is required to handle them in the Sewer System.
  - Any wastewater or wastes containing a toxic or poisonous substance such as plating or heat treating wastes in sufficient quantity to injure or interfere with wastewater treatment process, to constitute a hazard to humans or animals, to create any hazard in the Sewerage System, or which would cause the Village wastewater treatment facilities to discharge any of the following pollutants in quantities in excess of the limitations established:

Aluminum	800.00	mg/l
Arsenic	0.25	mg/l
Barium	2.00	mg/l
Boron	1.00	mg/l
Cadmium	2.00	mg/l
Chromium - Total	21.80	mg/l
Chromium - Hexavalent	3.60	mg/l
Copper	17.60	mg/l
Cyanide	1.20	mg/l
Fluorides	2.50	mg/l
Iron - Total	56.00	mg/l
Lead	1.50	mg/l
Manganese	1.00	mg/l
Mercury	0.0005	mg/l
Nickel	6.70	mg/l
Phenols	0.30	mg/l
Selenium	1.00	mg/l
Silver	0.10	mg/l
Total Dissolved Solids	1500.00	mg/l
Zinc	16.50	mg/l

- Any radioactive wastes greater than allowable releases as specified by the current United States Bureau of Standards Handbooks dealing with the handling and release of radio-activity.
- Free or emulsified oil and grease exceeding on analysis an average of 100 mg/l of either or both of combinations of free or emulsified oil and grease.
- Any cyanides or cyanogen compounds capable of liberating hydrocyanic gas or acidification in excess of one-half (0.5) mg/l by weight as cyanide in the wastes.
- Wastes or wastewater which:
  - Cause unusual concentrations of solids or composition; as for example, in total suspended solids of inert nature (such as Fuller's Earth) and/or in total dissolved solids (such as sodium chloride, or sodium sulfate).
  - Cause excessive discoloration in the wastewater treatment facilities discharge.
  - Has a total BOD or suspended solids loading in excess of the wastewater discharge permit described in Section 13.46.

- Is discharged without application for a wastewater discharge permit or contractual agreement as required under Section 13.46.
- Cause damage to the collection system or impair the treatment process.

- No person shall allow the discharge of slugs of water or wastes to the collection system which may be harmful to the operation of the Sewerage System. Where, in the opinion of the Superintendent, slugging does occur, each person producing such a discharge into the collection system shall construct and maintain at his own expense, a storage reservoir of sufficient capacity with flow control equipment to insure an equalized discharge over a 24-hour period.
- No person shall discharge any waste or wastewater which would cause the wastewater treatment facilities to be in violation of any of the requirements of their WPDES permit.
- No person shall connect to and discharge to the collection system, unless there is capacity available in all downstream components of the Sewerage System as determined by the Village Administrator.

**13.41 ACCIDENTAL DISCHARGES**

Any person who accidentally discharges wastes or wastewater prohibited under Section 13.40 to the sewer system shall immediately report such discharge to the Superintendent.

**13.42 PRETREATMENT FACILITIES**

- The Village may require pretreatment facilities of any person discharging or planning to discharge industrial waste, if the waste or wastewater:
  - Could cause damage to the collection system.
  - Impair the treatment process.
  - Cause the Village to incur treatment costs exceeding those of domestic wastewater.
  - Have any of the characteristics of the "Prohibited Discharges" described in Section 13.40 of this Ordinance.
  - Cause the wastewater treatment facilities to exceed its total design loading for volume BOD, suspended solids or any other pollutant.
  - Cause a particular industry to exceed its design allocation for volume, BOD, suspended solids or any other pollutant.
- Construction, operation and maintenance of pretreatment facilities shall be at the expense of the person discharging the industrial waste.
- Plans, specifications and any other pertinent information relating to proposed pretreatment facilities shall be submitted for review of the Superintendent and Village prior to the start of construction.
- In accordance with Wisconsin Administrative Code NR 114, all pretreatment facilities shall be operated by qualified personnel holding certificate of the proper class issued by the Wisconsin Department of Natural Resources.
- All such preliminary treatment facilities required by this subchapter shall be maintained continuously in satisfactory and effective operating condition by the user or person operating and maintaining the facility served thereby at the user's expense.
- No provision contained in this subchapter shall be construed to prevent or prohibit a separate or special contract or agreement between the Village and any industrial user whereby industrial waste and material of unusual strength, character or composition may be accepted by the Village for treatment, subject to additional payment therefor by the industrial user. Such contract or agreement shall have the prior approval of the Village Board.
- The Village reserves the right to reject admission to the system of any waste harmful to the treatment or collection facilities or the receiving stream.

**13.43 SAND AND GREASE TRAP INSTALLATIONS**

Grease, oil and sand interceptors shall be provided at restaurants, repair garages, gasoline stations, car washes and other industrial or commercial establishments for the proper handling of liquid wastes containing grease in excessive amounts, oil, flammable wastes, sand and other harmful ingredients. All sand and grease trap installations shall be constructed in accordance with the Wisconsin Plumbing Code and shall be located as to be readily and easily accessible for easy cleaning and inspection. All grease, oil and sand interceptors shall be maintained by the owner, at his expense, in continuous, efficient operation at all times.

**13.44 WASTEWATER MEASUREMENT AND SAMPLING**

- Wastewater flows to users who do not obtain their water from the Water Utility shall be assigned a Residential Equivalent Connection as determined from Section 13.54 unless:
  - The Village requires the installation of a meter to measure the water amount.
  - Any lot, parcel of land, building or premises discharging domestic wastewater or industrial waste into the collection system, the owner or occupant of such property shall cause to be installed necessary metering equipment as approved by the Village Administrator to measure the quantity of water pumped or discharged to the collection system. The user charge shall be based on the quantity of water so measured. Whenever the person fails to install such metering equipment, or where it is not practicable to measure the water consumed on any premises by a meter or meters, the Village Administrator shall determine the estimated volume of water discharged into the Sewer System.
  - The Village Administrator may require the installation of devices for metering the volume of waste discharged if those volumes cannot otherwise be determined or if the user discharges over 5,000 gallons on any day. The metering devices shall be owned and maintained by the property owner or user and may not be removed without consent of the Village Administrator.

**13.45 INDUSTRIAL WASTE ANALYSIS, MEASUREMENT, AND SAMPLING**

- Sampling and Metering Manholes.** All persons discharging industrial wastes into the Sewer System shall construct and maintain sampling and metering manholes in suitable and accessible positions on public property or easement to facilitate the observation, measurement and sampling of all wastes or wastewater. These manholes shall be located and constructed in a manner approved by the Village Administrator. Plans shall be submitted to the Village Administrator prior to construction.
- The Village or its designee will monitor flow, collect samples and perform laboratory tests on industrial waste discharges and septage discharges as necessary to verify quantity of flow and/or character and concentration of an industrial waste or septage. The Village test results shall be used to determine the applicable surcharge.
- Waste or wastewater discharge may be sampled manually or by the use of mechanical equipment as necessary to obtain a representative 24-hour composite sample. Samples shall be taken at intervals to be established by contractual agreement under Section 13.46 or at intervals as determined by the Superintendent or the Village Administrator.

- When Wisconsin Administrative Code Sections NR 101 or NR 202 require the submittal of the character, and concentration of wastes, waste volume and production information to the District or Wisconsin Department of Natural Resources (DNR), the user shall have the waste character and concentration determined by a DNR certified testing laboratory. A copy of the test results and DNR reports shall be submitted to the Superintendent and the Village Administrator.
- All measurements and test analysis of the characteristics of industrial wastes shall be determined in accordance with "Standard Methods".

**13.46 WASTEWATER DISCHARGE PERMIT SYSTEM**

- Wastewater Discharge Permit:** A wastewater discharge permit is required under this section if a person's discharge into the Village's Sewerage System has any of the following:
  - A BOD greater than 200 mg/l.
  - A suspended solids concentration greater than 250 mg/l.
  - A phosphorous concentration greater than 4 mg/l.
  - A volume of 5,000 gallons per day or greater is discharged by any user at one or more points of discharge.
  - Any of the characteristics listed under Section 13.40.
  - Any such persons planning to discharge, changing the characteristics of their discharge or whose discharge permit has expired shall make application to the Village within 90 days prior to the discharge. All persons currently discharging shall make application to the Village within 90 days after passage of this Ordinance and must have an executed permit within 90 days of application to discharge or discontinue discharging. A discharge permit will be required for each separate point of discharge into the Village's sewer system. No person shall discharge waste or wastewater into the Village sewer system without a wastewater discharge permit, if required by the section.
  - Commercial and industrial classification codes set forth in the Standard Industrial Classification Manual, 1972 Edition, as amended and supplemented, are adopted by the Village as the basis for the issuance of discharge permits for building connections to a sewer.
- Permit Application:** Users seeking a wastewater discharge permit shall complete and file with the Village an application on the form prescribed by the Village. If requested, the person making application shall also submit such scientific, testing data or other information as may be required by the Village Board. The Village Administrator shall also have, at his discretion, the right to personally inspect the premises, equipment, material, and laboratory testing facilities of the applicant. In support of this application, the user shall submit the following information:
  - Name address and standard industrial classification number of applicant.
  - Average daily volume of wastewater to be discharged.
  - Wastewater constituents and characteristics as determined by a method approved by the Village Administrator.
  - Time and duration of discharge.
  - Average and peak wastewater flow rates, including daily, monthly and seasonal variations, if any.
  - Site plans, floor plans, mechanical and plumbing plans and details to show all sewers and appurtenances by size, location and elevation.
  - Description of activities, facilities and plant processes on the premises including all materials and types of materials which are, or could be, discharged.
  - Each product produced by type, amount and rate of production.
  - Number and type of employees, and hours of work.
  - Any other information as may be deemed by the Village to be necessary to evaluate the permit application.
- Permit Conditions:** Wastewater discharge permits shall be expressly subject to all provisions of this Ordinance and all other regulations, user charges and fees established by the Approving Authority. The conditions of wastewater discharge permits shall be uniformly enforced by the Village in accordance with this Ordinance, and applicable State and Federal regulations. Permit conditions will include the following:
  - The Sewer Use Charge, Schedule for Unit Parameter Charges, and Facility Use Charge for the wastewater to be discharged to the sewer system.
  - The average and maximum wastewater constituents and characteristics.
  - Limits on rate and time of discharge or requirements for flow regulations and equalization.
  - Requirements for installation of sampling and metering manholes or discharging monitoring stations.
  - Pretreatment requirements.
  - Requirements for maintaining plant records relating to wastewater discharges as specified by the Superintendent, and affording the Village access thereto.
  - Average and maximum pollutant concentrations and total daily average and maximum pollutant discharges for all pollutants subject to limitations and prohibitions which are present in the user's wastewater discharge.
  - All persons required to make application for a wastewater discharge permit shall before issuance of the permit, enter into a contractual agreement with the Village. The contractual agreement shall contain the conditions set forth in the discharge permit, requirements for industrial cost recovery charges and other items deemed necessary by the Village.
  - Other conditions as deemed appropriate by the Village to insure compliance with this Ordinance.

- Duration of Permits:** A permit shall be issued for one (1) year and shall be automatically renewed on a year to year basis, thereafter, unless the person is notified by the Village within 60 days prior to the expiration of the permit or any renewal thereof or unless the discharger has signed a discharge monitoring agreement with the Village which specifies a different duration period. After such notification by the Village the permit shall expire on the end of that year. The terms and conditions of the permit shall be subject to modification and change by the Village during the life of the permit, if so required because of any Ordinances, statutes or rules and regulations of the Approving Authority of any applicable state or federal body. The person shall be informed of any proposed changes in his permit at least 60 days prior to the effective date of change. Any changes or new conditions in the permit shall include a reasonable time schedule for compliance.

Kewaskum Statesman, Thursday, March 21, 1991, Page 21

- (5) **Transfer of a Permit:** Wastewater discharge permits are issued to a specific user for a specific operation. A wastewater discharge permit shall not be reassigned or transferred or sold to a new owner, new user, different premises, or a new or changed operation.
- (6) **Revocation of Permit:** Any user who violates any of the conditions of his permit contractual agreement, or this Ordinance, or of applicable State and Federal regulations, is subject to having his permit revoked.
- (7) **Discharge Monitoring Agreement:** The Village may require an industry or any high volume or high strength waste discharger to enter into a Discharge Monitoring Agreement if in the judgement of the Village such an agreement is necessary to properly evaluate the users discharge to the Sewerage System and/or to obtain adequate information to properly assess a surcharge. In the absence of a Discharge Monitoring Agreement, the Village may assign a surcharge to a user which in the Village's judgement is appropriate of the users discharge. The Village may assess a surcharge to a user even though the Village does not require the user to enter into a Discharge Monitoring Agreement. A sample of a Discharge Monitoring Agreement is on file with the Village.

**13.47 REPORTING CRITERIA FOR NONRESIDENTIAL USERS.**

- (1) The Village reserves the right to require any nonresidential user to submit quarterly to the Village on forms provided by the Village a certified statement of the characteristics of its industrial wastes discharged in the sewers and treatment works of the Village or to any sewers connected to its treatment works. This statement shall be filed with the Village Administrator no later than the 10th day of the month following the quarter for which the report is required.
- (2) The waste characteristics to be measured and certified by the user shall be: (Am. #86-10)
  - (a) BOD in milligrams per liter.
  - (b) Suspended solids in milligrams per liter.
  - (c) Total phosphorus in milligrams per liter.
  - (d) Such other constituents of wastewater as directed by the Village Administrator.
- (3) Should there be a difference in understanding between the Village and user as to the characteristics in this section, the Village reserves the right to use the Village results from analyses for purposes of billing.
- (4) Whenever required by the Village in accordance with Section 13.45, the owner of any property serviced by a building sewer carrying nonresidential wastewater and material shall install a large manhole or sampling chamber in the building sewer in accordance with plans and specifications approved by the Village Engineer and installed and maintained at all times at the user's expense. There shall be ample room in each sampling chamber to accurately sample and composite samples for analysis. The chamber shall be safely, easily and independently (of other premises and buildings of user) accessible to authorized representatives of the Village at all times. Where construction of a sampling chamber is not economically or otherwise feasible, alternate arrangements for sampling may be arranged at the discretion of the Village Engineer.
- (6) All measurements, tests, and analysis of the characteristics of waters and wastes to which reference is made in this section shall be determined in accordance with the standard methods specified in Section 13.36(33) of this subchapter or with any other method approved by the Village.
- (7) The Village Administrator may elect at his option to have the metering and sample collection done by the industrial plant personnel and have composite samples delivered to a laboratory as designated by the Village Administrator for analysis. This procedure can also be terminated at any time by the Village Administrator upon reasonable notice.

**13.48 PRIVATE SEWAGE TREATMENT AND DISPOSAL.**

- (1) Where a public sewer is not available as set forth in Section 13.37(1), the building or structure shall be connected to a private sewer and a disposal or treatment system shall be constructed in compliance with the terms and provisions of all applicable Village, County, State and federal laws and regulations.
- (2) Within 90 days after a property served by a private sewer or disposal system as described in this section shall become subject to the terms and provisions of Section 13.37(2)(a), a direct connection shall be made to the public sewer according to the terms and provisions of this chapter, and all private sewers, disposal systems shall be disconnected and abandoned and all openings, tanks or other containers of human wastes, garbage and other wastes shall be permanently filled with granular material.
- (3) The Village shall not be responsible in any way for the operation and maintenance of a private sewer or disposal system or facility.
- (4) No provisions of this subchapter shall be construed to provide lesser requirements for private sewers and disposal systems as are presently or may hereafter be imposed and required by any other local governmental body or the State of federal government.

**13.49 SERVICE TO OUTLYING TERRITORY.**

- (1) The Village, by proper resolution of the Village Board, shall have the right at its discretion, upon payments, terms and conditions as may be mutually agreed upon, to contract in writing for the right to use any sewer serving property located wholly or partly outside the Village corporate limits. A permit fee of \$250 for each sanitary sewer connection shall accompany the application.
- (2) If a contract is made pursuant to sub. (1) above, a user of any sewer serving property wholly or partly outside the Village corporate limits shall be subject to all of the terms and provisions of this subchapter, and in addition to all payments and charges, is required to install a meter for the purpose of flow measurement. The meter shall be installed, at the owner's expense, in accordance with plans and specifications approved by the Village Engineer and maintained at all times at the user's expense. In addition to the quarterly fees determined according to the rates set forth in Section 13.38, a surcharge of 25% shall be assessed on each quarterly statement.
- (3) If any property of a person desirous of becoming a user is situated outside the corporate limits of the Village and not contiguous thereto so that it may not properly be annexed to and become part of the Village corporate limits, the Village, at its discretion, may permit such a connection, provided that a contract providing essentially the following be entered into between the Village and the user:
  - (a) The user may connect buildings situated only on the fully described tract set forth in the agreement and in accordance with all applicable laws, ordinances and regulations of the Village and local, State and federal governments.
  - (c) The user, his successors and assigns shall, in addition to costs noted previously, pay annually an amount equivalent to Village taxes computed in the manner following:
    - 1. The equalized, assessed value of the user's taxable property or of any subdivided part or separate tract thereof, as determined by proper authority of Washington County, Wisconsin, shall be multiplied by the Village's rate of tax upon real estate and personal property situated within its corporate area for the year when the tax rate is determined.

- 2. The amount, when computed by the Village, shall be charged to the user, its successors and assigns, and the statement sent to the user shall be paid within 30 days after the date of sending. Any amount remaining unpaid after due date shall draw interest at the rate of 12% per annum until paid.
- 3. The amount computed for the use shall be prorated from the date of the contract if the sewer system was used for only a partial year.
- 4. If the user, or any successor or assigns thereof, shall fail to pay the amount when due, each tract thereof for which payment is not made shall be disconnected by the owner from any other sewer which was connected under the contract and ultimately attaches to the Village wastewater treatment plant. The user shall have caused or required its sewer system to be constructed within the property in order that separate tracts may be so disconnected, and hereby gave and granted the Village an irrevocable easement for the purpose of going upon the same and disconnecting any such sewer if the producer, its successors or assigns, fails to disconnect promptly when such is required.
- 5. In addition to the right of disconnection, the Village shall have a lien upon the property or subdivided portion of it in the amount of any unpaid charges due therefrom. Upon the filing of notice, the lien shall be deemed perfected, and the lien may be charged and redeemed or foreclosed and the property sold to satisfy the unpaid charges in accordance with the Wisconsin Statutes.
- 6. The Village shall have the additional right to file a civil suit to recover the amount of the lien, the full cost incurred in disconnection, and all its reasonable legal expenses and attorney's fees incurred as a result of the suit.
- 7. All amounts charged under this section are due and shall continue to be due hereunder, whether or not such sewer is disconnected, and no sewer shall be reconnected until the Village is paid in full for all amounts due it, and, in addition, the Village shall be paid a deposit equal to the estimated charge for the next succeeding year. This deposit shall be held by the City in escrow, and will be returned upon satisfactory payments of amounts due the Village for a period of 2 years.
- (d) The Village shall not, without its prior written consent and acceptance, have dedicated to it, or own, any sewer system installed within the property, and the producer, its successors and assigns, shall maintain the same as its own cost. This provision shall not be construed to prohibit the dedication of part or all of such sewer system to another unit of government.
- (e) Upon conveyance by the owner of all or any subdivided portion or tract of such property, the successor in title shall succeed to all rights and liabilities hereunder, and such owner shall have no future liability to the Village in respect to such tract except as shall have accrued as of the date the instrument of conveyance is recorded in the office of the Register of Deeds of Washington County.
- (f) If such property therein described or any subdivided or separate tract thereof shall be annexed to the Village by proper ordinance, the agreement executed under this section shall terminate.
- (g) The agreement executed under this section shall be recorded in the office of the Register of Deeds of Washington County, which recording shall constitute notice to any successor or assign of the owner of its terms and provisions, and to which any subsequent conveyance or assignment of the owner shall be subject.
- (h) If any part or provision of the agreement shall be found or held by a court of competent jurisdiction to be invalid or unenforceable, the entire agreement shall terminate and all sewers of the owner or its successors or assigns shall be promptly disconnected from any such system which ultimately connects to the Village wastewater treatment plant.
- (i) The applicant for treatment service under an agreement pursuant to this section shall agree to assume user charges, industrial waste charges and capital surcharge, if applicable, and to obtain from the Village the proper building permit by which the connection is allowed and the discharge permit, if applicable, which indicates what discharge will be made to this treatment system.

**13.50 SEPTIC AND HOLDING TANK HAULERS**

- (1) Nonindustrial users hauling wastes from a septic tank will not be permitted to discharge into the Village sewer system or wastewater treatment system.
- (2) Haulers of domestic holding tank wastewater will be permitted to discharge into the Village wastewater treatment plant, provided that they:
  - (a) Have a permit to discharge such holding tank wastewater. Permits are required on an annual basis from the Village Administrator for a fee of \$25.
  - (b) A certificate of insurance is provided for general liability, automobile liability and worker's compensation prior to permit issuance in the insurable amount equal to \$300,000 for general liability, \$300,000 for automobile liability and the statutory limit for worker's compensation.
  - (c) Pay a user charge fee for each load of domestic holding tank wastewater at a rate established annually by the Village for each 1,000 gallons or portion thereof.
  - (d) That the normal time frame for discharge of such holding tank wastewater during normal work hours, Monday through Friday, excluding holidays, from 7 a.m. to 11:30 a.m. and 12:30 p.m. to 3 p.m. Time exception only in the case of an emergency as agreed to by the Superintendent of the Wastewater Treatment Facility, also with the hauler's knowledge that a surcharge will be added to the invoice.
- (3) Industrial users hauling liquid wastes to the treatment plant shall be assessed user charges as described in Section 13.38(1) through (2) if this subchapter.
- (4) Liquid wastes hauled to the treatment plant containing concentrations of constituents in excess of the limits set forth in Section 13.40 shall not be accepted.

**13.51 ADMISSION TO PROPERTY**

The Village, its agents and employees shall be permitted to gain access to such properties as may be necessary for the purpose of inspection, observation, measurement, sampling and testing, in accordance with provisions of this Ordinance, pursuant to Section 66.122 through 66.125 of the Wisconsin Statutes.

**13.52 CONFIDENTIALITY OF CRITICAL INFORMATION**

When requested by the user furnishing a report or permit application or questionnaire, the portions of the report, or other document, which might disclose trade secrets or secret processes shall not be made available for use by the Village or any State agency in judicial review or enforcement proceedings involving the person furnishing the report.

**13.53 VIOLATIONS**

- (1) Any person who fails to comply with any of the provisions of this Ordinance or with an order of the Village issued in pursuance of this Ordinance, or shall tamper with metering or sampling, shall be liable to the Village for any expense, loss or damage occasioned by such violation including reasonable attorney's fees and other expenses of litigation and upon conviction of any violation of this Ordinance, shall be fined not less than \$100.00 nor more than \$2,500.00 per violation, plus damages. Each day a condition is allowed to exist which is contrary to all or any part of this Ordinance shall constitute a new violation. Change of ownership or occupancy of premises delinquent under the provisions of this Ordinance shall not be cause for reducing or eliminating charges due and penalties for violations.
- (2) If any user shall discharge a waste or wastewater including septage that is inhibiting to the sewer system or wastewater treatment facility said user shall pay a penalty of up to \$200.00 per violation upon conviction. Each day a violation occurs shall constitute a separate violation. Said penalty shall be added to the monthly or quarterly billing statement, if not paid within 30 days of conviction or such other time as set by the court.
- (3) In addition to the Court proceedings and penalties described in the foregoing sections of this Ordinance, whenever a person violates any provision of this Ordinance or fails to comply with any order of the Village, the Village may order that an action be commenced on behalf of the Village in the Circuit Court for Washington County for the purpose of obtaining an injunction restraining the person violating the Ordinance or failing to comply with the Order, from making any further discharges into the Sewer System of the Village.
- (4) Any licensed disposer discharging to the wastewater treatment facility or to a public sewer, found to be violating a provision of this ordinance or of any conditions of the approval for septage disposal, may have their approval immediately revoked. This revocation shall be done in writing and state the reason for revoking the septage disposal approval.

**13.54 RESIDENTIAL EQUIVALENT CONNECTION TABLE AND UNMETERED WASTEWATER FLOW ASSIGNMENTS**

For unmetered users of the sewerage system the following table shall be used to determine the Residential Equivalent Connection (REC) or estimated gallons of wastewater discharged to the sewerage system except as provided for in Section 13.44.

RESIDENTIAL USERS	REC
Condominium	1.0
Single family home	1.0
Duplex	2.0
Multiple Family (2 bedrooms)	1.0/unit
Multiple Family (1 bedroom or less)	0.75/unit

For unmetered commercial and industrial users of the sewerage system their wastewater flow shall be determined from the following table unless the Village Administrator determines that the information in the tables does not accurately reflect the users wastewater discharge to the sewerage system in which case the Village Administrator will assign a wastewater flow to the user. The REC may be determined by dividing the wastewater flow obtained from the table by the flow of the average residential user. The minimum REC for any account shall not be less than 1.00 REC. Upon completion of the REC computations all REC's will be rounded to the nearest 0.25 REC.

## SCHOOL MENUS

### KEWASKUM COMMUNITY SCHOOLS

Monday, March 25 - Italian spaghetti, French bread w/garlic butter, garden salad w/asst. dressings, fruit cocktail, milk and a choc. chip cookie.

Tuesday, March 26 - Chicken patty/bun, whole kernel corn, chilled pear slices, milk and a cinnamon crispy cookie.

Wednesday, March 27 - Pizza buns, veggies & dip,

chilled peach slices, milk and peanut butter cake. No Salad Bar.

Thursday, March 28 - Wiener winks (2 at H.S. & M.S.) broccoli w/cheese sauce, fresh fruit, applesauce, milk and peanut clusters.

Friday, March 29 - Good Friday - NO SCHOOL.

### HOLY TRINITY SCHOOL

Monday, March 25 - Pizza, lettuce salad w/dressing/cROUTONS, applesauce, milk.

Tuesday, March 26 - Taco/shells/chips, w/lettuce, tomatoe, cheese, golden corn, pineapple cup, cinnamon roll, milk.

Wednesday, March 27 - Oven fried chicken, whipped potatoes, green beans, muffin/butter, milk.

Thursday, March 28 - Hot dog/bun, nacho chips/cheese, baked beans, peach half, cookie, milk.

Friday, March 29 - No School. Good Friday.

## Exhibit A

### 1991 VILLAGE OF KEWASKUM SEWER USER CHARGES AND RATES

#### Section I Sewer User Charges

Flow charge	\$0.727	per 1,000 gallons
BOD charge	\$0.248	per pound BOD
TSS charge	\$0.242	per pound TSS
P charge	\$2.165	per pound P

#### Section II Volumetric Rate

Volumetric rate	\$1.718	per 1,000 gallons
-----------------	---------	-------------------

#### Section III Facilities Charge

Meter Size	Annual Charge	Quarterly Charge
5/8" & 3/4"	\$39.83	\$9.96
1"	\$65.72	\$16.43
1 1/4"	\$104.75	\$26.19
1 1/2"	\$148.57	\$37.14
2"	\$260.89	\$65.22
3"	\$586.70	\$148.68
4"	\$1,042.35	\$260.59
6"	\$2,345.19	\$586.30
8"	\$4,169.01	\$1,042.25

#### Section IV Domestic Wastewater Holding Tank Volumetric Rate

Volumetric rate	\$2.75	per 1,000 gallons
Administrative charge	\$5.00	per 1,000 gallons
Total rate	\$7.75	per 1,000 gallons

## Warmline Provides Advice for Parents

The Family Center of Washington County announces its new telephone "WARM-LINE," for families with children birth to three years old. The "Warmline" will help put you in touch with child development experts who provide sound advice and ideas on handling the normal problems of raising children. In addition, the "Warmline" serves as an information and referral guide for Washington County families looking for services such as; licensed day cares, drug and alcohol counseling or pediatricians.

So, if you have any questions or concerns from breastfeeding to temper tantrums, call the "Warmline" at, 338-9461. The Family Center is open Monday thru Thursday, 9:00 a.m. - 4:30 p.m. Fridays, 9:00 a.m. - noon, and Saturdays, 9:00 a.m. - 11:30 a.m. All calls received after business hours will be recorded on our answering machine and returned promptly.

For more information on the Family Center and our excellent workshops, parent education groups and parent/tot classes... call or stop by at 279 S. 17th Avenue, West Bend (former General Clinic Building). All programs are free of charge, with child care available.

### PUBLIC TESTING OF AUTOMATIC TABULATING EQUIPMENT MARCH 25

Notice is hereby given that the Public Test of the Automatic tabulating equipment to be used at the Spring Election on April 2, 1991, will be conducted in the Washington County Courthouse, Room 128, 432 E. Washington St., West Bend, Wisconsin, on Monday, March 25, 1991 at 3:00 p.m.

This Public Test is open to the general public.

## Campus Notes

Area students have been named to the Dean's List for the first semester at the University of Wisconsin-Platteville.

To be named to the Dean's List in the College of Business, Industry and Communication and the Colleges of Education and Engineering, a student must attain a grade point average of 3.5 or better, based on a 4.0 system, and carry 12 or more credits.

In the College of Agriculture, a student must attain a grade point average of 3.7 or better to be on the Dean's List. The College of Arts and Sciences names the top 10 percent of students to the Dean's List - 3.77 for the first semester.

Area students include:

FREDONIA - Kasper A. Bashynski, 212 Summit Dr., College of Engineering, and Cynthia C. Jungers, daughter of Mr. and Mrs. Peter W. Jungers, N6563 Hwy. I, College of Business, Industry and Communication.

RANDOM LAKE - Bonnie M. Bichler, daughter of Mr. and Mrs. David J. Bichler, W4462 Park Square North, College of Education; Timothy J. Gruenke, son of Mr. and Mrs. Dennis E. Gruenke, 610 Western Ave., College of Arts and Sciences, and Christophe G. Schmit, son of Mr. and Mrs. Gerald Schmit, N685 Park Square East, College of Engineering.

### Auto Service

## ROGER & DAN'S AUTO SERVICE

## Minutes of School Board Meeting

February 11, 1991

The meeting was called to order at 7:05 p.m. by President Weare.

Members present: Ruth Schmitt, Neal Weare, John Schulte, Paul Seymour, Ron Beimborn, Janet Wolfenberg.

Member absent: Perry Ankerson. Clerk Schmitt led the Pledge of Allegiance.

Schmitt/Seymour motion to approve the agenda. Motion passed 6-0.

Audience to visitors; receiving of delegations: none.

Chris Schoofs was awarded the Kewaskum High School Student of the Month award for his dedication and creativity to the art program.

Harry Schneider, second grade teacher at Kewaskum Elementary School informed the board about the stock market game his students are participating in.

Schmitt/Wolfenberg motion to approve the January 14, 1991 Regular Session minutes. Motion passed 5-0-1 with Neal Weare abstaining.

Schmitt/Wolfenberg motion to approve the January 28, 1991 Special Meeting minutes. Motion passed 5-0-1 with Neal Weare abstaining.

The following policies were presented to the board for a first reading: 377.2-Academic Eligibility; 377.3-Rules for Interscholastic Participation; 377.4 and 377.4L - Signature Form; 3541.24 - Responsibilities - Owner and/or Drivers; 453.22-Head Lice; 540.1-Goals; 541.4-Grounds Maintenance Job Description; 461.1-State of Wisconsin Scholarship.

Schmitt/Beimborn motion to amend policy 377.2-Academic Eligibility, and policy 377.3. The second paragraph of policy 377.2 is to read: Academic eligibility will require a 1.5 GPA. Policy 377.3 #4 to read: The minimum academic requirement of 1.5 GPA must be maintained. Motion passed 5-1 with Paul Seymour voting no.

Policy 377.3 will be sent back to the Policy Committee for other possible changes in addition to the change mentioned above. Policy 3541.24-Responsibilities-Owner and/or Driver and policy 453.22-Head Lice will also be reviewed for possible modifications at the next Policy Committee Meeting which will be held Tuesday, March 5, 1991 at 7:00 in the Administration Office.

Seymour/Schmitt motion to approve R.J. Miller to design an improved ventilation system in the scenic room and EMR room at KHS and to draw up plans for bidding and state approval. The cost will be \$1800 - money to come from Capital Improvement funds. Motion passed 6-0.

Seymour/Schmitt motion to approve the purchase of upgraded software for EEN recordkeeping from Matrix/SASI for \$1920. The cost will be split between general and special education funds. Motion passed 6-0.

Seymour/Schmitt motion to approve the purchase of a welding machine for the tech department at a cost of \$1116. Motion passed 4-2 with John Schulte and Ron Beimborn voting no.

The next Finance-Transportation-Buildings and Grounds Meeting is scheduled for March 25, 1991.

Schmitt/Seymour motion to approve the payroll and accounts payable in the amount of \$2,907,520.48. Motion passed 6-0.

Seymour/Schmitt motion to accept, with regret, Perry Ankerson's resignation from the board of education. Motion passed 6-0.

Schmitt/Beimborn motion to approve the appointment of Mary Harju as sixth grade teacher at KMS for the remainder of the

1990-91 school year. Motion passed 4-2 with Paul Seymour and Neal Weare voting no.

Schmitt/Schulte motion to approve the appointment of Robin Foerster as half-time EEN-LD teacher at Kewaskum Elementary for the remainder of the 1990-91 school year. Motion passed 5-1 with Paul Seymour voting no.

Schmitt/Seymour motion to accept the notice of intent to retire from Dean Roe. Motion passed 6-0.

Schmitt/Beimborn motion to approve the appointment of Mary Johnston as secondary PE teacher at KHS for the remainder of the 1990-91 school year. Motion passed 6-0.

Schmitt/Schulte motion to give preliminary notice of non-renewal to Grace Wright for the 1991-92 school year. Motion passed 6-0.

Schmitt/Seymour motion to give preliminary notice of non-renewal to Mary Ann Lira for the 1991-92 school year. Motion passed 6-0.

Schmitt/Schulte motion to serve preliminary notice of intent to Laurie Severson - Curiel that we intend to hold her at the same placement on the salary schedule for the 1991-92 school year as she was for the 1990-91 school year. Motion passed 6-0.

Seymour/Schmitt motion to approve the expense for out of district placement of three EEN students. Motion passed 5-1 with John Schulte voting no.

Schmitt/Schulte motion to approve Hawkins, Ashe, Baptie from Manitowoc to audit the district books for the next three years at a total cost of \$14,400. Motion passed 6-0.

Schmitt/Wolfenberg motion to approve the Chapter I agreement with CESA #6. Motion passed 6-0.

Mrs. Schmitt, WASB board delegate, reported on her attendance at the WASB convention held in Milwaukee in January.

Dr. Heather provided the board with names of the early graduates from KHS.

Mr. Rizzardi was present to provide information to the board and to request approval to institute a girls' fast pitch softball team. The board will take action on his request at the March 11, 1991 board meeting.

Seymour/Schulte motion to approve the appointment of Lisa Donath as assistant volleyball coach at KMS. Motion passed 6-0.

Schmitt/Schulte motion to approve Ralph Schacherl as track coach for KHS. Motion passed 6-0.

Schmitt/Schulte motion to approve Tom Bartelt as head basketball coach and Eric Pearson as assistant baseball coach. Motion passed 6-0.

Dr. Heather reminded the board that the high school is sponsoring a Spanish class trip to Mexico and assured the board that he would continue to monitor the state's recommendation regarding travel out of the country.

Dr. Heather provided the board with a copy of a report entitled **A New Design For Education In Wisconsin**, written by Ody J. Fish, Chairman of the Commission on Schools for the 21st Century. The DPI Summary of the Governor's 1991-93 Biennial Budget Proposals for K-12 Education was also handed out.

Schulte/Beimborn motion to adjourn to Closed Session as per State Statute 19.85(1)(c)(e) "Considering employment, promotion, compensation or performance evaluation data of any public employe over which the governmental body has jurisdiction or exercises responsibility," and "Deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specific public business, whenever competitive or bargaining reasons require a Closed Session." A. Administrative personnel issues; B.

Negotiations strategy for KEA and KAP. The motion passed 6-0. The meeting adjourned at 9:18 p.m.

## Minutes of School Board Special Meeting

Special Meeting

The meeting was called to order at 7:02 p.m. by President Weare.

Members present: Paul Seymour, Ron Beimborn, John Schulte, Neal Weare, Ruth Schmitt.

Member absent: Janet Wolfenberg. Schmitt/Seymour motion to approve the agenda. Motion passed 5-0.

Seymour/Schmitt motion to approve girls' softball as a trial sport during the 1990-91 school year. Motion passed 4-1 with Ron Beimborn voting no.

Schmitt/Schulte motion to approve a part-time special education aide for the remainder of the 1990-91 school year. Motion passed 5-0.

Schmitt/Beimborn motion to approve the purchase of a computer for the KHS guidance department from Golden for \$1504.00. Motion passed 4-1 with Paul Seymour voting no.

Schmitt/Seymour motion to accept Dave Rhode's resignation as football coach pending the finding of a suitable replacement. Motion passed 5-0.

Schmitt/Seymour motion to approve the purchase of a malt machine from West Bend Schools for \$2500. Motion passed 5-0.

Seymour/Schmitt motion to adjourn. The meeting adjourned at 8:01 p.m.

Kewaskum Statesman, Thursday, March 21, 1991, Page 23

## Ten Free Colorado Blue Spruce Trees

Ten free Colorado blue spruce trees will be given to each person who joins The National Arbor Day Foundation during March 1991.

The free trees are part of the nonprofit Foundation's Trees for America campaign.

"Colorado blue spruces were selected for this campaign because of their many uses in the home landscape," John Rosenow, the Foundation's executive director, said. "They lend beauty to their surroundings with their silver blue-green color and compact conical shape. They can

be used as individual ornaments, an energy-saving windbreak, a privacy screen, or as living Christmas trees."

The trees will be shipped postpaid at the right time for planting between March 1 and May 31 with enclosed planting instructions. The six to twelve inch trees are guaranteed to grow, or they will be replaced free of charge.

To become a member of the Foundation and to receive the free trees, send a \$10 membership contribution to TEN BLUE SPRUCES, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by March 31, 1991.

## MAINTENANCE MECHANIC

A leading housewares manufacturer needs a fulltime, experienced Maintenance Mechanic for 3rd shift. Must have completed apprenticeship or equivalent trades training plus several years experience.

We offer excellent working conditions, good pay and generous benefit package.

If you qualify call, write or come see us now:

**CORN IS NOT CEREAL.**

Remember cornmeal mush? Not too long ago, that was the only breakfast cereal available to most people. But today, the supermarket shelves are bulging with dozens of different flakes, pops, nuggets, squares, letters, critters and bite-sized biscuits — all deliciously wholesome, ready to drown in milk and eat. This Ag Day thought is brought to you in appreciation of the people who process, package, transport and distribute the breakfast foods that keep America healthy and growing.

## Town of Wayne NOTICE OF PUBLIC HEARING For Conditional Use Permit

NOTICE IS HEREBY GIVEN that a public hearing will be held before the Town Board at the Town Hall located at 6030 Hwy. H, in the Town of Wayne at 8:00 P.M. on April 17, 1991, to consider the application of Duane Nickel for the issuance of a Conditional Use Permit under the Town Zoning Ordinance.

Granting the permit will allow the applicant to construct a manure pit upon the applicant's property located at 7950 Hwy. D, Theresa, WI 53091 in the SW 1/4 of the NW 1/4 of Section 30 of the Town.

Dated March 13, 1991

Orville Kern  
Town Clerk

3-21-91

## NOTICE TO ALL VILLAGE OF KEWASKUM DOG AND CAT OWNERS

Pursuant to Section 174.052, Wisconsin Statutes, notice is hereby given to all owners of dogs in the Village of Kewaskum that rabies vaccinations and dog licenses are required. The same applies to cat owners under Chapter 12.04 of the Kewaskum Municipal Code.

Vaccination by a veterinarian against rabies is required (Section 95.21 (2)) within 30 days after the dog reaches 5 months of age and revaccinated within one year after the initial vaccination. Older vaccinated pets must be revaccinated when the certificate expires or within three years of the previous vaccination. Certificates of current vaccination must be presented when obtaining licenses.

All dogs/cats, 5 months of age or older, require a license. The minimum dog license of neutered males or spayed females is \$5.00, upon presentation of evidence attesting to the same and \$8.00 for the unneutered male or unspayed female dog. The minimum cat license for neutered males or spayed females is \$2.00, upon presentation of evidence attesting to the same and \$4.00 for the unneutered male or unspayed female cat.

### PENALTIES

A late fee of \$5.00 shall be assessed the owner of each dog 5 months of age or over, who fails to obtain a dog license by **April 1st**.

An owner who fails to have a dog vaccinated against rabies as required by Statute may be required to forfeit no less than \$50.00 nor more than \$100.00.

1991 Dog and Cat licenses can be obtained from the Village Treasurer's office.

Daniel S. Schmidt, Administrator

## NOTICE TO ALL WASHINGTON COUNTY DOG OWNERS

Pursuant to Section 174.052, Wisconsin Statutes, notice is hereby given to all owners of dogs in Washington County that dog licenses and rabies vaccinations are required.

Vaccination by a licensed veterinarian against rabies is required of all dogs (Section 95.21(2)) within 30 days after the dog reaches 4 months of age and revaccinated within one year after the initial vaccination. The owner of a dog shall have the dog revaccinated against rabies by a veterinarian when the certificate expires or within three (3) years of previous vaccination. The certificate of rabies vaccination must be presented to the collecting official before a dog license may be issued.

All dogs five (5) months of age or older require a license. The minimum license fee for neutered males or spayed females is \$3.00, upon presentation of evidence attesting to the same, and \$6.00 for the unneutered male or unspayed female dog or one-half of these amounts if the dog became five (5) months of age after July 1 of the license year. The governing body of any town, village or city may raise the minimum dog license tax. Any person who keeps or operates a kennel may apply for a kennel license. The fee is \$30.00 for twelve (12) dogs or less and an additional \$3.00 for each dog in excess of twelve (12).

Dog licenses can be obtained from your local town, village or city treasurer or designee during the course of any given year. Dog owners should notify their treasurer if their dog is given away or has died, so that you will not be considered delinquent. An affidavit of death is available.

### PENALTY

Every owner of a dog 5 months of age or older who fails to obtain a license by April 1 will be assessed a late fee of \$5.00.

Arthur G. Degnitz  
Washington County Clerk

### Resolution No. 91-7

#### PRELIMINARY RESOLUTION DECLARING INTENT TO EXERCISE SPECIAL ASSESSMENT POLICE POWERS UNDER SEC. 66.60, WI STATS

RESOLVED, by the Village Board of the Village of Kewaskum, Wisconsin:  
1. The Village Board hereby declares its intention to exercise its power under Sec. 66.60, Wis. Stats., to levy special assessments upon property within the following described area for special benefits conferred upon such property by improvement of the following streets:  
All property fronting upon the following legal descriptions and addresses:

TAX KEY #	ADDRESS
new (old)	new (old)
V4-0800 (T8-0086)	1806 Old Fond du Lac Road vacant portion of lot only
V4-0801 (T8-0085-00A)	1812 Fond du Lac Avenue (9313 Old Fond du Lac Road)
V4-0802 (T8-0085)	1818 Fond du Lac Avenue (9314 Hwy 45 North)
V4-0803 (T8-0085-001)	1823 Old Fond du Lac Road (9323 Old Fond du Lac Road)
V4-0804 (T8-0087-00A)	1824 Fond du Lac Avenue (9322 Hwy 45 North)
V4-0805 (T8-0087-00B)	1829 Old Fond du Lac Road (9329 Old Fond du Lac Road)
V4-0806 (T8-0087-00C)	1830 Fond du Lac Avenue (9339 Hwy 45 North)
V4-0808 (T8-0087)	1836 Fond du Lac Avenue (9338 Hwy 45 North)

2. The public improvements shall be the installation of sanitary sewer mains and lateral stubs, water mains and lateral stubs and storm sewer and other related improvements deemed necessary by the Village Engineers on Fond du Lac Avenue and Old Fond du Lac Road to meet the specifications in the Village of Kewaskum and other related specifications contained in Section 8 of the Municipal Code of the Village of Kewaskum and under the Village Engineers specification for utility and street improvements.

3. The total amount assessed against the properties in the defined assessment district shall not exceed 100 percent of the total cost of the improvements. The Village Board determines that the improvement constitutes an exercise of police power and the amount assessed against each parcel shall be based on the lineal footage of said parcel on Fond du Lac Avenue.

4. The assessment against any parcel may be paid in cash or in annual installments the number of which shall be determined at the public hearing on the proposed assessment.

5. The Village Engineer shall prepare a report which shall consist of:  
a. Preliminary or final plans and specifications for the improvements.  
b. An estimate of the entire cost of these proposed improvements.  
c. Schedule of proposed assessments against each parcel.

6. When the report is completed, the Village Engineer shall file a copy of the report with the Village Clerk for public inspection.

7. Upon receiving the report of the Village Engineer, the Clerk shall cause a notice to be given stating the nature of the proposed improvements, the general boundary lines of the proposed assessment district, the time and place at which the report may be inspected, and the time and place of the public hearing on the matters contained in the preliminary resolution and the report. This notice shall be published as a Class 1 notice and a copy shall be mailed at 10 days before the hearing to every interested party.

8. The hearing shall be held in the Kewaskum Municipal Building, 204 First Street, at a time set by the Clerk in accordance with Sec. 66.60(7), Wis. Stats.

Adopted and approved this 18th day of March, 1991 by the Kewaskum Village Board.

### Resolution No. 91-8

#### RESOLUTION ESTABLISHING SEWER USER CHARGES AND RATES

WHEREAS the Village of Kewaskum has adopted an ordinance repealing and recreating portions of Chapter 13 of the Municipal Code of the Village, which regulates the use of the Village sewer system and which also establishes sewer service charges, rates and methods of computing rates, and

WHEREAS said ordinance becomes effective on March 22, 1991, and

WHEREAS it is now necessary to establish sewer user charges and rates for 1991,

NOW THEREFORE BE IT HEREBY RESOLVED that the attached 1991 Village of Kewaskum Sewer Charges and Rates (Exhibit "A") are hereby established as the 1991 Sewer User Charges and Rates effective January 1, 1991, which charges and rates shall remain in effect until amended by subsequent Village Board resolution.

Adopted and approved this 18th day of March, 1991 by the Kewaskum Village Board.

## Search is On for Recycling Markets

MADISON, WI — The Department of Natural Resources needs help searching for new markets for recyclable goods.

"The key to recycling's success is markets," said Department Recycling Markets Specialist Janet Niewold. "We are looking for businesses that take recycled materials and use them to manufacture useful products."

Niewold said the department sent a questionnaire to the many businesses statewide that it already knows about.

"But we need to hear from other businesses and industries, the ones that are new to buying used materials," she said.

The search will result in an updated version of "Markets for Wisconsin's Recycled Materials," a DNR-produced directory of business locations in or near Wisconsin that purchased recyclable materials. The project is part of the department's recycling initiative mandated by Wisconsin Act 335, the state waste reduction and recycling law.

The directory helps local community recycling programs find markets for the used goods they collect from households and businesses. It also helps Wisconsin businesses find buyers for items they no longer want. Scrap metals, plastics, cardboard and pallets are examples of items that can be used by one business and used again by another.

Niewold said the directory can be used in combination with two private-sector waste exchanges serving Wisconsin: Great Lakes Exchange, Waste Systems Institute, 400 Ann St. NW, Suite 201-A, Grand Rapids, MI 49504-2054, (616) 363-3262; and The Industrial Material Exchange Service, P.O. Box 19276, Springfield, IL 62796, (217) 782-0450.

The new directory, scheduled for completion this spring, will include first-time listings of businesses that take in and make useful products out of anti-freeze, catalytic converters, microfilm and glass of mixed colors. Other categories include metals, plastics, glass, paper, oil, pallets, rags, solvents and tires. There is also a section on lawn clippings, leaves, peat, animal manures and other compostable materials.

Associated Recyclers of Wisconsin, a statewide industry group, and other recycling experts are helping the department produce a directory that is easy to use and meets the business community's needs. Additional ideas for the directory and its distribution are welcome.

The DNR district recycling specialists are contacts for directory suggestions and for businesses that want to be added to the listings but did not receive Niewold's questionnaire. New listings can be added until March 25. Later additions will be added to future editions.

Each of the six DNR districts now has a recycling specialist. Their names, locations and telephone numbers are: Carole Hubbard, Rhinelander, (715) 369-8933; Paul Wiegner, Eau Claire, (715) 839-5171; John Spangberg, Spooner, (715) 635-4060; Rick Weigle, Fitchburg, (608) 275-3207; Len Polczynski, Green Bay, (414) 492-5870; and,

beginning March 11, Nancy Harris, Milwaukee, (414) 263-8500.

For more information contact Susie Isaksen, 608-266-1005; or Kate Cooper 608-267-7566.

Spring is the time when you spend half your life trying to get your lawn started. Summer is the time when you spend the other half trying to get it to stop.

**Recognition Dinner For Scout Leaders**

Glacier Edge District 11, Bay-Lakes Council of the Boy Scouts of America, will hold their annual Recognition Dinner, Sunday, April 7, at Wolf's Hall, 335 Main Street, Allenton. A 5:00 p.m. social hour will precede the 6:00 p.m. dinner.

Dinner Chairman, Barbara Yankus, extends an invitation to all leaders, committee personnel and their spouses to attend.

Cost is \$10.00 each and reservations should be sent to District Executive, Dan McManus, 1412 Sunset Road #103, Port Washington, WI 53074 before March 30.

Deserving Scouters from Ozaukee County, Washington County and Random Lake will be honored, and the highlight of the evening will be the presentation of three District Awards of Merit.

For more information, call Yankus at 644-6391 or McManus at 284-2961.

**In the Service**

Air Force Sgt. Julie V. Hildebrand, an information management specialist, has arrived for duty at Incirlik Air Base, Turkey.

She is the daughter of Shirley V. Villamil of 1049 Sycamore Drive, Simi Valley, Calif.

Her husband, Air Force Sgt. J. Reed Hildebrand, is the son of James L. Hildebrand of Kewaskum, and Idaleen Hildebrand of 1155 S. Fifth St., West Bend.

The sergeant is a 1985 graduate of Royal High School, Simi Valley.

COUNTRY SUBDIVISION - 1 acre lot. \$10,000. Call Ann Enright 692-2607. #66.

## Sen. Kasten to Lead Effort to Award Historic Fifth Star to Generals Schwarzkopf and Powell

WASHINGTON, D.C. — U.S. Senator Bob Kasten, R-WI, said Monday he will seek federal legislation to award a historic fifth star to Joint Chiefs of Staff Chairman Colin L. Powell and Army General Norman Schwarzkopf, "two American heroes who deserve our nation's highest military praise."

In what he called "one of the rarest honors America bestows on our military leaders," Kasten said both Powell and Schwarzkopf should be given the fifth star "for their extraordinary achievement in accomplishing our country's objectives in the Persian Gulf with maximum efficiency and minimum loss of life."

Kasten said that an act of Congress is necessary to authorize a fifth star for a military general. There currently are no living five-star military commanders in the U.S. Armed Forces, and only five U.S. military leaders have ever been honored with a fifth star.

Those generals were Douglas MacArthur, Dwight D. Eisenhower, George Marshall, Henry H. (Hap) Arnold, and

Omar Bradley. Bradley was the last general to receive a fifth star in 1950.

Both Powell and Schwarzkopf are four-star generals. Schwarzkopf received his fourth star in 1988 and Powell was awarded his in 1989.

These men are true American heroes and have distinguished themselves in the highest tradition of military honor," said Kasten. "Generals Powell and Schwarzkopf deserve this honor because they have led our country's forces in one of the most successful and brilliant military campaigns in our nation's history."

"This is the least we can do to give them the recognition they deserve for a job extraordinarily well done," said Kasten, a member of the Senate's Defense Appropriations Subcommittee.

Kasten said the fifth star designation is rare, but is justified in this instance. General Powell, for instance, is already something of an anomaly, Kasten explained, because as America's highest ranking military officer he still is outranked by another Allied

military officer, Sr. David Craig, Marshall of the Royal Air Force and Britain's defense chief. Craig is the equivalent of a five-star general.

According to Kasten, President Franklin Roosevelt elevated General George Marshall in 1944 to five-star rank in order to rectify a similar imbalance in the allied command.

"There is sufficient historical precedent for awarding a fifth star in order to put our command structure in line with our allies," Kasten said.

There is no extra pay for a fifth star. Generals max out at \$101,829.60 after 26 years and four stars.

The official title designation that goes with the fifth star is "General of the Army." There is a five star equivalent in the Navy called "Fleet Admiral."

In the Army, one star means Brigadier General, two stars is Major General, three stars is a Lieutenant General, four stars is a General and five stars is a General of the Army.

The only other man to have held the title of General of the Army was George Washington.

## Kewaskum Jaycees Youth Baseball/Softball

### SIGN UP

Thursday, April 4 — 6 to 8 p.m.  
Saturday, April 6 — 1 to 3 p.m.

Or mail to Gary Gavin, Box 567, Kewaskum, WI 53040  
BY APRIL 8, 1991

Adults - Small (34-36).....Medium (38-40)

If you have any questions, call Gary Gavin at 626-2209, or Gary Sweeder, Hardball Commissioner, at 338-0814. No new players will be accepted after April 8th or when the teams reach 14 players per team.

## Nominations Sought for 'Conservation Educator of Year'

MADISON, WI — The Wisconsin Conservation Congress is asking conservation clubs and sportspersons throughout the state to help select the recipient of its first "Conservation Educator of the Year" award by submitting nominations.

The award was created this year to honor Wisconsin conservationists who dedicate themselves to educating others about the wide use and conservation of Wisconsin's natural resources and environment. It will be presented annually at the general meeting of the Congress, which is held on the last weekend of May. This year the Congress meeting runs from May 31 - June 1.

"Through this award, the Conservation Congress will recognize Wisconsin teachers, sportspersons or youth group leaders who are active in promoting and teaching conservation education, ethics, safety or outdoor skills," said Ruel Fleming, chair of the awards committee.

"It will highlight the many hours of service these outstanding conservation educators have put in, the innovative programs which they have developed, and the number of adults or youth their efforts have impacted," said Fleming.

Nominations should be sent to the Conservation Congress chair in the county in which the

nominee resides by Saturday, March 30. For the name and address of county chairpersons, call either Johanna Fabke, (608) 267-3134, or Mary Hamel, (608) 267-7409.

An individual can be nominated by simply sending a letter outlining the educator's years of service, the number of people he or she has helped to educate and the innovations or programs developed by the educator. The nominator's name, address and phone number should be included.

The Wisconsin Conservation Congress, created by the Legislature in 1933, is statutory citizen advisory body that provides input to the Natural Resources Board on fish and game management and conservation issues.

### Pre-Recorded Tax Information Available Through Tele-Tax

Each year during the tax filing season, a lot of taxpayers call the IRS for advice and assistance. In fact, so many people call that the phone lines are sometimes busy. That's why a lot of smart taxpayers have learned to rely on another special IRS service: Tele-Tax.

Tele-Tax has pre-recorded tax information. It covers about 140 topics and answers many of the most common federal tax questions. It also includes local information such as the location of volunteer tax assistance sites. And there's no waiting.

If you live in Milwaukee, you can call Tele-Tax at 273-8100. Elsewhere in Wisconsin, call, toll-free, 1-800-TAX (829)-4477.

Here are just some of the topics you'll find on Tele-Tax: Should I Itemize; Wages and Salaries; Interest Received; Dividends; Who Can I Claim As A Dependent; Medical and Dental Expenses; Electronic Filing; How to Order Forms and Publications; and many more.

The complete list of Tele-Tax topics is in your tax package. It's also available in the IRS "Guide to Free Tax Services" (Publication 910). To get your free copy, call 1-800-TAX-FORM (829-3676).

Once you know the topics, you'll be able to reach Tele-Tax from any touch-tone phone 24 hours a day. If you have a rotary-dial phone, you can still call Tele-Tax weekdays between 8 a.m. and 4:15 p.m.

Tele-Tax: The tax help you want - when you want it!

## Annual Spring Conservation Rules Hearing Set for April 22

MADISON, WI — Wisconsin residents have an opportunity to vote on proposed fish, game, and conservation rule modifications at the annual spring hearings held in each county on April 22.

Advisory questions from the Natural Resources Board, the Department of Natural Resources and the Wisconsin Conservation Congress will also be discussed and voted on. Department personnel will be at each hearing location to answer questions.

Some of the proposed rule modifications and advisory questions include the following:

- \* Establish muskellunge size limit categories that would increase the statewide size limit to 36 inches, with larger size limits in selected lakes;

- \* Establish a 15-inch size limit for walleye in the Winnebago-Fox-Wolf river system;

- \* Establish a catch-and-release only season for largemouth and smallmouth bass in the northern bass zone during the spawning season;

- \* Establish guidelines that would allow the department to authorize bowhunters to harvest a second deer;

- \* Reduce the statewide aggregate bag limit for panfish from 50 to 25 (an advisory question);

- \* Modify the gun deer hunting hours to begin 15 minutes before sunrise and end at sunset (now is 1/2 hour before

sunrise to 15 minutes after sunset);

- \* Establish a seven-day muzzleloader deer season that would begin immediately after the regular gun deer season ends;

- \* Establish fixed dates for the gun deer season, for example Nov. 15 through Nov. 30 each year (advisory question);

- \* Allow horse riding on the Lower Wisconsin State Riverway;

- \* Reopen the coyote season during the gun deer season after the timber wolf population reaches the maximum population level set by the DNR (advisory question);

- \* Allow antlerless deer - only hunting in select areas of Potawatomi, Whitefish Dunes and Peninsula parks in Door County (advisory question);

- \* Feedback on whether gun deer hunters liked or disliked the extended gun deer season of 1990 (advisory question).

The hearings also provide a forum for the election of county delegates to the Wisconsin Conservation Congress. The congress serves as an advisory group to the Natural Resources Board. Eligible candidates include any county resident who is not employed by the DNR or is not a member of the Natural Resources Board.

For more information contact: Mary Hamel, 608-267-7409; Tom Hauge, Wildlife Mgmt., 608-267-7857; or Ron Poff, Fisheries Mgmt., 608-266-2176.

## Kewaskum Inhospitable Hosts to Hebbing Hotel

KEWASKUM — The Kewaskum Lakes basketball team packed their bags and checked out with a big 130-119 win over Menomonee Falls Hebbing Hotel here Sunday night. The win enabled Kewaskum to climb out of the Lakes basement for the first time in nearly two years, edging ahead of Port Washington by a half game at 2-8. Falls' record drops to 5-6.

The Hotel broke to a 33-25 first-quarter lead. A big 39-29 second quarter for Kewaskum put them in the lead, 64-62, at halftime, a lead which they wouldn't relinquish in the second half. Their lead stretched to 96-88 after three quarters and to eleven points at the final horn.

Kewaskum manager Bill Backhaus cited the big second quarter "where we took control of the game" and strong rebounding as keys to the win.

Kewaskum hit on 55.6 percent of their free throws, making 15 of 27, while the Falls was 11 of 13 for 84.6 percent.

Randy Tennies topped Kewaskum in scoring with 39 points. Dan Pace added 31 and Tony Pirozzoli 30. Hebbing's Nick Nellis took game scoring honors with 40 points. Mike Ehler added 23.

Kewaskum takes on fifth place Hartland at Oconomowoc High School this Sunday at 7:00 p.m. Also left to play is a make-up with first-place Cedarburg, which has not as yet been rescheduled.

## Plymouth-Kewaskum Torch Run Earns Badger State Games Bronze Medal

Plymouth and Kewaskum have been awarded a bronze medal for their outstanding involvement in the 1991 Badger State Winter Games Torch Run. The month-long Torch Run traveled to some 40 state communities on its way to the third Badger State Winter Games, Wisconsin's amateur sports festival in North Central Wisconsin.

George Moore, Plymouth, directed the Plymouth Snow Rangers Snowmobile Club's coordination of the event on January 6. The Run culminated at the Winter Games opening ceremonies in Wausau, Feb. 1. The bronze medal will be awarded in ceremonies at the

State Capitol in Madison on Friday, April 26 at noon.

"Plymouth and Kewaskum's efforts were simply superb and deserving of a medal," said Joe Barden, Badger State Games Torch Run Director. "We're looking forward to saluting those great efforts next month."

The Badger State Winter Games Torch Run was sponsored by GTE and Bombardier Corp. (Ski-Doo) and two specially-equipped Ski-Doo Safari L snowmobiles enabled participants to carry the torch down the highways of Wisconsin. The month-long promotional event played a vital role in attracting a record 3,231 athletes to the eight-sport Winter Games, Feb. 1-3. Title sponsors of the Games were: Dairy Farmers of Wisconsin (Wisconsin Milk Marketing Board), GTE, Wisconsin Bell and Wisconsin Physicians Service Insurance Corporation (WPS). Wausau Insurance Companies was the presenting sponsor of the Winter Games.

## Former KHS Star Finishes Freshman Season at Northeastern Illinois

Former Kewaskum High School standout, Pam Osterbrink, finished her freshman season at Northeastern Illinois averaging 13.1 points and 9.2 rebounds per game. In starting 27 of the 27 games she played in, Osterbrink led the team both categories.

"Pam did an awesome job for us as a freshman," said Head Coach Mike Fogel. "She was a pleasant surprise. Because of the amount of playing time

(35.8 minutes per game) she had as a freshman, she will be a better player as the year's go by during her career."

"We as a coaching staff are looking for bigger and better things from her next season," said Fogel. "We think she is a diamond in the rough."

The Golden Eagles, playing in their first season of NCAA Division I posted a 2-25 mark on the year.

### LEAGUE HORSESHOE TO BEGIN

Anyone interested in pitching horseshoe in the Men's League, Wednesday evenings or the Couples League, Tuesday evenings, call John Boegel at 626-2559 or Rob Struebing at 626-2018.

Any interested kids who want to pitch horseshoe on Tuesday evenings may also call. A meeting is forthcoming in April.

## Muellers Recognized for Service to State Snowmobile Safety Program

The husband and wife team of Glen and Geraldine Mueller of Rt. 1, Kewaskum, were recently recognized by the Wisconsin Department of Natural Resources for their many years of service in the state's Snowmobile Safety program.

The Muellers each received a plaque and letter of congratulations and thanks for their years of volunteer service as snowmobile safety course instructors.

Glen and Gerry were certified as instructors in 1972, at the DNR's course at Trees For Tomorrow in Eagle River. During the 1991-92 snow season they will mark the beginning of their 20th year as instructors with the program.

The Muellers are members of the New Fane Kettle Riders Snowmobile Club, one of the first clubs in the state to sponsor the safety courses.

Over the years the Muellers have certified hundreds of young people as well as several new adult safety instructors.

Glen and Gerry Mueller with their plaques recognizing their many years of service to the Wisconsin Snowmobile Safety program.

The five most popular sports activities for American adults are swimming, fishing, bicycling, bowling and running.

## Fideler Sixth in State Meet

By Statesman Sports Writer  
WISCONSIN RAPIDS — A pair of Kewaskum high gymnasts capped off brilliant individual careers by doing well in the state gymnastics meet recently.

Seniors Wendy Fideler and Ingrid Ankerson placed sixth and 20th, respectively, in the floor exercise, as Fideler set a mark as being the highest finisher in the state meet ever by an Indian gymnast.

Fideler was eighth overall after the preliminary competition, as she came through with a fine routine, scoring a 8.30. That score placed her just ahead of defending state champion Dawn Depies of Chilton for the final qualifying spot.

In the finals, Fideler came up with a 7.47 mark, propelling her past Corrine Spay of Mount Hope, who came into the finals in second place, and also Sarah Hassler of Waterford. Alead Osterday of Darlington won the competition with an average score of 8.57.

Ankerson also performed well under the pressure of the state test, as she scored a 7.63 to

place her in the top 20 qualifiers for state. This was the second time that Ankerson had qualified for the state meet in a sport, as she also helped the Indians girls track team to a fine showing last year at the state meet.

## Kewaskum Kids Wrestling Club

Learn the basics at wrestling practice on Monday and Wednesday nights from 6:00 to 7:00. It is open to students from kindergarten through eighth grade.

Practices will be held at the Kewaskum High School gym. Tournament information will be available.

Practices are scheduled to run through April 3rd. Call 626-4687 for further information.
