Commission Reviews Gas Station/ Convenience Store Site Plans

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum Plan Commission, last Tuesday, reviewed the site plan for a proposed new gas station/convenience store being planned by Sheff Oil at the village's southern limits on Highway 45.

The plan calls for the construction of a 30 x 52 foot store and 30 x 100 foot pump canopy on the former Honeck truck lot property at 890 Fond du Lac Avenue.

Announce First Communicants At Holy Trinity

The following children from Holy Trinity and St. Bridget parishes have already received or will receive their First Holy Communion individually or with the group. The group will receive their First Holy Communion on Sunday, May 5, at the 11 a.m. Mass.

Stephanie Bartley, Bridget Beck, Natalie Benter, Rebecca Boehr, Cliff Broecker, Jackie Broecker, Joshua Bullette, Aileen Chambers, Rebecca Cartwright, Kelly Darnody, Ben Deisenher.

Jill Feireisen, Colleen Gosa, Andrea Haas, Joshua Hawig, Joshua Heinecke, Tonya Klein, Travis Knoeck, Paul Kasica, Brad Krieger, Dustin Kuehl, Paul Mertz, Matthew Millonig, Jodi Peterson, Luke Piwoni, Bridget Polzean, Cynthia Reindl, Krystal Reindl, Jesse Reuter, Heather Rieder, Emily Rinzel, Janel Scharhag, Mark Schrauth.

Benjamin Schoofs, Matthew Schroeder, Mitch Strobel, Jacob Stoffel, Corina Teofilo, Ashley Van Oogen, Erin Weiss, Lynn Wiesner, Sarah Williams, Rachel Wolf, Shelly Zehren, Annie Zurn, Patti Zurn.

Dr. Rumsey Retires

Mary and I would like to express our deep gratitude toward all of the extremely nice people that we have met while in practice in Kewaskum for the past thirty-six years.

We have raised our three children in the Kewaskum school systems, which left them very well prepared for their college careers.

Village Administrator Dan Schmidt advised the commission members that no formal action by the village can be taken on the plan at this time. Because the property lies in a flood zone, Department of Natural Resources approval of the plan is required before any village action can be taken. The plan was presented to the commission for its review before being sent on to the DNR in Madison.

The proposal calls for construction of the gas station on the southern portion of the property which is being planned to serve both car and truck traffic. Presently there is no truck stop in the village.

The northern portion of the property will remain vacant for

the present. Future plans are being considered for the possible construction of a restaurant to the north of the station/store. That idea, however, is not part of the present construction proposal.

In other action the commission agreed to pass on a recommendation to approve the request of an adjustment of a boundary line between two lots owned by Mr. and Mrs. Elton Liepert on Werner Drive, and the formal division of two lots on Bonnie Lane.

Two other items on the commission's agenda were tabled.

Middle School to Present Musical

On Friday, May 10, at 7:30 p.m. Rose Hall in Kewaskum High School will "rock" to the sounds of the musical production "Time And Time Again", as performed by the Kewaskum Middle School cast.

The action begins in the present when our hero, Vic Ames (Tim Strigenz), plays around with a science fair project and is quickly shot back in history by way of a "time machine." He discovers his mother and father (played by Greta Kuphal and Jake Thull) in their teen-age years and tries to get them to date. He runs into many "characters" who help and hinder his progress including: an eccentric girl (Lowell Peterson), a strict principal (Laura Dehler), a motorcycle gang leader (David Gosa), and an odd school counselor (Marlo Deshotels).

Tickets may be purchased at the door the night of the performance or by contacting a cast member. The adult price is \$2.00 and any student or child ticket is \$1.00. Following is a list of the remaining members of the cast of "Time And Time Again:"

8th grade - Becky Braun, Nicole Cleveland, Jessi Craver, Tyler Dieringer, Angie Donath, Shane Engelking, Tammy Hames, Stephanie Heberer, Jamie Van Den Heuvel, Melisa Junk, Chris Kasper, Kevin Klahn.

Ask Your Rummage to Wait

C of C to Sponsor Krazy Kommunity Rummage Daze

Due to the recent decline in attendance at Krazy Daze in Kewaskum the past few years, the Kewaskum Area Chamber of Commerce has come up with a few new ideas to perk up and breathe new life into the once tremendously popular sale day.

To begin with, the name and day of the newly revitalized sale day has been changed. Instead of Krazy Daze, it is now being called Krazy Kommunity Rummage Daze.

Traditionally, the sale has always been held on a Tuesday, even though the date has been changed a few times throughout the years.

Due to the increased number of women in the work force (and we all know who likes to go out and spend money on a sale), it was decided to change the day of the week to Saturday. This will give all women (and their male counterparts) an ample opportunity to share in the bargain hunting. The Saturday sale also enables sellers to offer their goods to the numerous tourists who are with us on weekends. And for those of you

who just want to share in the fun, this will give you a whole day to recuperate... after church, of course!

Residents who are already gearing up for their annual summer rummage sale, are asked to "hold off" until June 22, the day of the communitywide event. We are hoping to have rummage sales on every block in the city. The more sellers we have, the more buyers we have. (Build it and they will come).

If you are not a Kewaskum resident, but would still like to set up a stand in town, there will be spaces available throughout the business community. However, you MUST REGISTER to participate, and registration will be monitored.

Registration involves a \$5.00 set-up fee which will also include your listing on the community-wide map being offered free of charge to everyone. Registration will also give you the opportunity to win

Weare Remains President

School Board Elects Officers

By GERRY MUELLER
Statesman Staff Writer

At its annual re-organization meeting April 22, the Kewaskum Board of Education elected its officers for the coming year.

Incumbent board president Neal Weare was re-elected to his post for a second year as were incumbent treasurer Paul Seymour and incumbent clerk Ruth Schmitt.

PLEASE...

The deadline for ALL advertisers is the Monday preceding publication at 3 p.m.

The ONLY exception made furthermore will be for camera ready copy with absolutely NO CHANGES.

Please don't ask us to make other exceptions. The quality of each ad goes down with every exception made. It is not fair to the advertisers who have their copy in on time.

Beginning May 1st, 1991, any copy accepted after the 3 p.m. Monday deadline, that is not camera ready will be charged an extra 25c per column inch.

Thank you for your cooperation.

After a tie vote on the first ballot, Ron Beimborn came up the victor on a second ballot edging out incumbent John Schulte for the post of vice president.

Weare is expected to announce his committee assignments at the May meeting.

The board also discussed the 1991-92 proposed school budget. District Administrator Dr. David Heather advised the board that while the picture is far from rosy, things have improved somewhat.

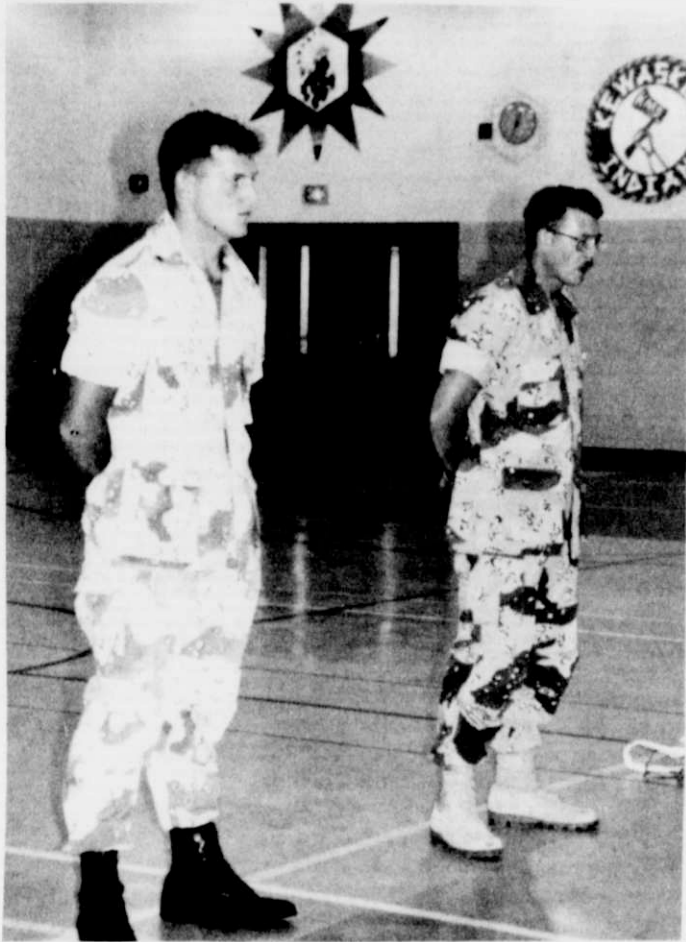

Because of an approximate \$95 million surplus found in the state's proposed budget and Governor Thompson's recommendation to shift about \$40 million to state aid for education, the Kewaskum School District could gain an additional \$220,000 in aids.

If that holds true, it could mean some relief to the district's taxpayers. Instead of having to collect more than \$5 million from local taxes, that figure could drop down to \$4.86 million.

One item which will have a major impact on the district's budget for the coming year will be the contract settlements now in negotiation with the teachers and support staff unions.

KMS Students Hear Firsthand Accounts Of Operation Desert Storm Soldiers

L/Cpl. Steve Kaczik, left, and L/Cpl. Michael Callovi, spoke to KMS students about their experiences as part of Operation Desert Storm. They also showed the youngsters pictures they had taken while stationed in Kuwait.

Two area marines spoke to Kewaskum Middle School Students last Thursday, telling them of their experiences as part of Operation Desert Storm.

Lance Corporals Steven Kaczik of rural Campbellsport and Michael Callovi of Sheboygan, told the students about the part their unit played in the operation. Both men, members of units stationed in Kuwait for five months, saw action against Iraqi troops.

Kaczik and Callovi are members of the Marine Second Amphibious Assault Vehicle Battalion, presently stationed at Camp Lejeune, N.C. They are on leave and will return to their unit May 15th.

Kaczik has been in the Marines 2½ years. He is the son of Mr. and Mrs. Cary Kaczik, Highway GGG, Campbellsport, owners and operations of the Parkview General Store and Fireplace Shoppe. Kaczik's brother Jason, is an eighth grade student at KMS.

Pictured above is the 1946-47 Boltonville Baseball Team during the Boltonville Picnic. In those days, a game was played on the day of the picnic, and truck driver Clarence Steinert remembered it was a very hot day. "Somewhere on that truck is a barrel of beer, and my boss (Nelson Rodenkirch) borrowed us the truck to ride in the parade. I had to return it immediately afterwards, and load it up as

numerous door prizes. The maps will be available at the General Store Antique Mall in Kewaskum and various other business places on all ends of town. Maps can also be picked up at the Chamber of Commerce booth which will be setup in front of the Kewaskum Statesman.

The Chamber of Commerce is encouraging all their members and businesses in the community to participate. Kewaskum businesses are not required to register.

Church groups and civic organizations are also encouraged to join in on the fun. It's an excellent opportunity to pick up a few extra fund-raising dollars.

Just a reminder that unless this day proves to be successful and advantageous to all involved the Krazy Kommunity Sale Day concept will fall by the wayside, as the Chamber has decided it will no longer sponsor the event if the retail demand is not there.

To register, or for more information, please call the General Store Antique Mall at 626-2885.

A girl bought a ticket in a big lottery and insisted on number 51. It turned out to be the lucky number and she won \$15,000. A reporter called on her and asked: "Why did you especially want ticket number 51?" "Well," she explained, "for seven nights I dreamed of number seven — and seven times seven is 51 — so I bought the ticket."

RIVEREDGE BIRD CLUB TO MEET ON MAY 7

Bird photography will be the theme of the May 7 meeting of the Riveredge Bird Club. Don Coss will share how he approaches his art of capturing Wisconsin's birdlife on film. He will share some of his successes and discuss equipment and techniques. The 7 p.m. program will be preceded by a 6 p.m. bird walk on the trails of the Riveredge Nature Center.

The Center is located on Highway "Y" just north of Newburg. The meeting is free and open to the public. Refreshments will be served following the program.

Dr. Listwan Chosen as President Elect of State Medical Society

(Milwaukee) — William J. Listwan, M.D., of West Bend, was elected president elect of the State Medical Society of Wisconsin (SMS) today during the group's annual meeting held in Milwaukee this week.

The society represents 7,700 physicians and is the professional association for physicians in Wisconsin.

Listwan has been a member of the SMS Board of Directors since 1984. He has served as a member of the Physicians Alliance Commission and as chair of the Medical Liability Committee, of which he is still a member. In addition, Listwan serves on the Task Force on Alternatives to the Tort System. He is a member of the Physicians Insurance Company of Wisconsin Board of Directors and serves on the WISPAC (Wisconsin Physicians Political Action Committee) Board of Directors.

Listwan was elected president of the Washington County Medical Society and served from 1976 to 1977. He also served as president of the Wisconsin Society of Internal Medicine from 1989 to 1990. An internist, Listwan practices in West Bend and serves as medical director of Respiratory

Children's Theatre Workshop at UWWC

The sixth annual Children's Theatre workshop and performances will be held this summer at the University of Wisconsin Center - Washington County.

Children ages 7 through 12 are eligible to enroll in the June 1 through July 20 program. There will be two age groups (ages 7-9 and ages 10-12). The fee is \$60 for a single child or \$100 for a family.

Beginning workshop sessions will be held on Saturday, June 1 and Saturday, June 8 from 9:00 a.m. until noon. Workshop sessions will continue for an additional five weeks, meeting every Monday through Thursday, June 10 through July 11, from 9:00 a.m. until noon. No sessions will be held on the July 4th holiday.

All children will participate in two Children's Theatre Saturday matinee performances on July 13 and July 20 at UWWC. Diane Daley, a West Bend School District teacher, will return as director of Children's Theatre.

SECOND GRADE

In second grade, we have many friends. We have gym class twice each week. We do fun things like run and throw balls. We have some tests in second grade, but they are not too hard. Sometimes we play games. We also have bonus recess for the students who listen to the teacher.

We like Farmington School because of the nice teachers, the classes, and the nice way people act and dress.

WHY I LIKE MY SCHOOL AND TEACHERS AT WES

I like my teachers because they help me learn new things, grow in learning, and understanding. They help me stay away from drugs and other harmful things.

I like school because you do interesting things. I learn arts and crafts. We do experiments. We all work on reading, writing and arithmetic. I make friends, learn loyalty, and sharing. I learn things about our environment and world. School's environment helps kids grow up and mature.

I like Wayne because it is small. You know almost every child and all the teachers. You learn better with a smaller class. You can also learn more with a smaller class.

WHY I LIKE MY SCHOOL AND TEACHERS AT KMS

When my alarm goes off in the morning I look forward in going to school and seeing all my friends! I enjoy going to Math class- Mr. Erickson (my favorite teacher) is a great teacher. He really helps you out (especially in Math). I guess that's why I like him so much! The principal Mr. Jones is real cool and makes school fun! Dances at school are alot of fun. They're organized by the student council and Mrs. Bastable (the home ec teacher) who is really nice! Art is so fun right now. We are working on pottery. Ms. Roel is a fun and exciting teacher and makes you want to come back to her class! I guess you could just say the teachers at the Kewaskum Middle School are fantastic!!!

By JENNI WESTON

WHY I LIKE SCHOOL

I like school because the teachers are nice!!! I like Dr. Heather!!! Mr. Zarlino is a great principal!!! School is fun!!! We learn alot in school! My best subjects are art, gym, spelling, and writing!!! And my teacher Mr. Schneider is the best!!!

Sincerely,

KHS

My ideas about school and teachers have changed a great deal since my freshman year. In my earlier years of school, I always thought teachers were just ordinary people who LOVED to hand out homework and give tests. After having heard the many rumors that teachers dislike freshmen, I went into high school being afraid and thinking they really didn't care.

Now as a senior, I have grown to learn that teachers are much more than that. They are special people who are very supportive and caring of their students. They are willing to give extra help whenever needed. I can't think of a time when they were too busy to help me with even the most minor problem.

Most teachers don't just come to school, do their jobs, and go home. Many are involved in coaching, advising, counseling, and most importantly, being a friend, and most important, being a friend. One of my advisors for a very important group, Peer Listeners, is a perfect example of this. She gives a lot of herself to the whole group, as well as to her students. My being involved in Peer Listening for three years has not only been a rewarding experience, but it also has given me the opportunity to help others by being there as a friend.

An important thing I've learned throughout high school is to take advantage of the help teachers offer because once you graduate, you won't have these special people, as you do now.

WHEREAS, America's greatest strength has always been an educated citizenry, and

WHEREAS, that educated citizenry is directly attributable to our system of free and universal public education that provides an educational opportunity for all students, and

WHEREAS, the foundation of which that system of public schooling rests is the classroom teacher, and

WHEREAS, the classroom teacher is challenged daily to reach out to every student - regardless of ability, interest in learning, social or economic background, physical, mental or emotional handicap, race, religion, creed or ethnic origin - to provide the assistance and guidance necessary for full intellectual development, and

WHEREAS, the classroom teacher is a key to the intellectual and occupational preparation of individual citizens, who, collectively, determine the quality of life in America and in this community, and

WHEREAS, the work of the classroom teacher immeasurably affects the future lives of all students, and

WHEREAS, the classroom teacher deserves the deepest respect and admiration of the citizens of this community.

NOW, THEREFORE, BE IT RESOLVED that May 7, 1991, is hereby proclaimed **NATIONAL TEACHER DAY** for the purpose of providing public recognition and appreciation for the dedication and contributions of the classroom teacher, not only to this community as a whole, but to each of us as individual citizens.

Laura Ingalls Wilder Historian Visits Wayne Elementary School

Lynn Urban of Racine, made WES students part of her program as she told them about the life of Laura Ingalls Wilder.

By GERRY MUELLER
Statesman Staff Writer

Lynn Urban, a substitute teacher from Racine, visited the Wayne Elementary School last Thursday and presented a very interesting and informative program on the life and times of Laura Ingalls Wilder, author of the "Little House" series of books.

Like thousands of viewers, Urban first became aware of Wilder and her books through the "Little House on the Prairie" TV series. Her interest grew and she began researching Wilder. Discrepancies between the TV programs and Wilder's books led Urban to delve more deeply into the life of Laura including visiting the places where she had lived.

As her hobby grew, Urban decided she wanted to share all the new information she had discovered about Laura and her family with others. Urban has

been doing the program for about five years and now presents around 50 programs a year, including a two-week seminar at the University of Wisconsin - Parkside.

Dressed in period costume,

complete with sunbonnet, Urban gives the program life with slides and hundreds of display items relating directly to Wilder, her family and its history.

at the

KEWASKUM PUBLIC LIBRARY

206 First Street

Wednesday, May 8

6 to 8 p.m.

It is the purpose of the Kewaskum Public Library to provide vital services for all the people of the Kewaskum community and the surrounding area in meeting their needs for information, enlightenment and enjoyment of cultural, educational and recreational materials in print and audio-visual format.

You are cordially invited to see for yourself what the library has to offer. Our staff is looking forward to showing you around and helping you to discover what might be of interest to you. There are many new books, magazines, video tapes and audio tapes available to you and your family for free check-out.

Enjoy the refreshments which members of the Kewaskum Women's Club are serving, and, if you are interested, stay to view a 15 minute video tape, entitled RADON IN WISCONSIN, SHOULD YOU WORRY? It gives a good explanation of this poisonous gas, how it gets into your house, and what you can do about it. It will be shown every half hour.

Parents of children, ages 5 to 10, may enjoy their children for this year's Summer Library Program.

This is YOUR library! You can help to make it better by your input and suggestions. We are here for you.

Tiger Cub Cross-Over

Marilyn Lexa, Tiger Cub Chairman of Glacier Edge District 11, Bay-Lakes Council of Boy Scouts of America, extends an invitation to all Tiger Cubs, their families and cubmasters of associate packs to attend the Tiger Cub cross-over, to be held Saturday, May 4, from 1:00 - 3:00 p.m., at Hawthorne Hills, County Trunk

I, Fredonia (next to Pioneer Village).

An opening ceremony, games and activities, a graduation ceremony and refreshments will be included in the program. Each Tiger will receive a graduation certificate and pin. Cubmasters should be present to receive the new Cub Scouts.

Scout Leaders Roundtable Rap-Up

Roundtable Rap-Ups for Cub Leaders, Scout Leaders, District Personnel and spouses of Glacier Edge District 11, of the Bay-Lakes Council, will be held Thursday, May 2 at John Long Middle School, corner of Fifth and Hickory Streets, Grafton. Registration will begin at 6:30 p.m. Recognition and awards will be presented.

Cub Roundtable Commissioner, Tricia Clark, and her staff have arranged a pot luck dinner to be held in the all-purpose room. A fee of \$1.00 will be charged and each family is asked to bring a dish to pass. David Lee, a magician from Sheboygan, will perform.

Scout Roundtable Commissioner, Ed Farrell, and his staff will have the Boy Scout Leaders prepare and serve a dutch oven dinner in the parking lot. In case of rain, they will dine in the All-Purpose Room. A small fee will be charged. Everyone is invited to the magician's performance.

The Orangutan gets its name from a word in the Malay language meaning man of the woods.

NAMA Names STAR Chapter Honorees

This year the STAR chapter program of the National Agri-Marketing Association (NAMA) grew in understanding and stature. Seventeen chapters submitted STAR reports and all met minimum requirements to be named a STAR Chapter.

The STAR program is designed as a management tool for accomplishing goals and

objectives for the chapter year. It provides a framework for a good chapter marketing plan. Awards were presented during NAMA's 1991 Agri-Marketing Conference, April 3-6 in New Orleans.

With increasingly tough criteria, we are proud to announce the following STAR ranking. 2-STAR-Chapter, Badger, President Roy Peterson, Stewart-Peterson Advisory Group, West Bend.

Adopt-a-Highway Groups Ready for Roadside Cleanup

Transportation Secretary Ronald R. Fiedler said Wisconsin's Adopt-a-Highway program is off to a great start this year with more than 550 segments of state highways now "owned" by local groups.

"We are absolutely delighted with the public response, and hope that people of the state are appreciative of the work that will be done by volunteers to make the state more attractive," Fiedler said.

Within the next few weeks, some 5,000-6,000 local volunteers will be dragging trash bags along "their" highway shoulders and ditches, cleaning up their adopted roadside.

Robert R. Packee, director of the Department of Transportation, District 2 said, signs have gone up along 170 miles of highway telling motorists that 86 groups have adopted segments, and will be picking up trash and litter over the spring and summer months.

In the Kewaskum area, the group that has adopted a segment of highway includes: Vietnam Veterans of America, Kettle Moraine Chapter 448.

Statewide, more than 550 groups are participating in this year's program, according to Fiedler.

"We are really pleased with the response," Fiedler said. "We had about 73 groups involved in the pilot 1990 program last year."

"I am amazed and delighted

that there are so many public-spirited citizens who are willing to do some pretty hard work in order to improve the roadside environment," he added.

Fiedler said that Wisconsin launched the Adopt-a-Highway program last year because it has been successful in other states. "The programs actually fight litter on two levels," Fiedler said. "First, the adopting groups really do a fine job of keeping Wisconsin clean and beautiful. But additionally, the sight of the signs declaring that litter is picked up by local volunteers seems to serve as a deterrent," he explained. "People seem to think twice before throwing something out the window if they know a friend or neighbor is going to have to pick it up," he added.

The Adopt-a-Highway program assigns approximately 2-mile segments of highway to local organizations, which agree to pick up trash at least three times during the spring and summer. The DOT erects signs at each segment giving the name of the adoptive groups, along with a fold-up "highway worker" warning sign which is unfolded when trash pickup is underway.

The DOT has launched an educational campaign "Give 'em a Brake" reminding motorists to use common sense and courtesy when they see "Highway Worker" or construction zone signs. "We really hope that motorists not only slow down and drive courteously when they see the volunteer work crews, but remember that trash has no place along Wisconsin roads. "Keep it with you until you

reach a wayside or safety rest area and dispose of your trash properly," Fiedler urged.

May ETN Programs

Communicating with the dying, real estate forms, advising the elderly on legal issues and helping young people's book discussion groups are some of the topics offered in May through University of Wisconsin teleconference classes.

Washington County residents can attend the classes, which are offered through UW-Extension's Educational Teleconference Network (ETN) at the University Center in West Bend or at the Hartford Library or at other ETN sites around the state.

The classes and starting dates are:

Junior Women to Sponsor Bike-A-Thon

Members of the GFWC Kewaskum Junior Woman's Club announce that they are organizing a "Bike for Breath" Bike-A-Thon. The Bike-A-Thon is scheduled for Saturday, May 18, 1991 at the Kewaskum High School track from 9 a.m. until noon. All funds raised will go to the Cystic Fibrosis Foundation for research.

We need everyone to help by donating funds and actively participating; only then will we be able to find a cure for cystic fibrosis, the number-one genetic killer of children and young adults in the U.S. today. In 1989, scientists funded by the Foundation discovered the gene which causes cystic fibrosis. In 1990, just one year after this discovery, researchers corrected defective CF cells in laboratory dishes, the first step toward using gene therapy as a treatment of cystic fibrosis. These developments demonstrate how the pace of research has increased considerably.

Each person who collects \$35 can win a bright yellow "Bike for Breath" T-shirt. Additional prizes are available. Anyone interested in participating may call Louise at 626-4291 to obtain your Special Event Sponsor Form and begin to get pledges now!

Come join us on May 18th. We look forward to your enthusiastic participation. Please help raise much-needed dollars for CF research and have fun too.

Troop 744 Honors Eagle Scouts

Left to right: Phillip Lettow, Jeff Kissinger and Gerald Sese.

April 15th troop 744 honored the following boys Phillip Lettow, Jeff Kissinger, and Gerald Sese in a special ceremony in which they received their Eagle Badge.

This is a special honor for these Scouts to receive this award. It is the highest rank a boy can receive as a boy scout.

In order to receive this rank they have to complete a number

of required merit badges and do a service project besides showing leadership skills in their troop.

The service projects the boys did were Phillip cleaned up an over grown cemetery. Jeff built and set out Woodduck houses for Wings Over Wisconsin. Gerald up dated the Jr. Women's Club nature trail at new Kewaskum Park.

National Tourism Week May 5-11

National Tourism Week will be observed May 5-11, 1991 throughout the nation. This is an excellent opportunity for Washington County to focus on a very important - and rapidly growing - industry. Washington County!

Tourism related businesses in Washington County employ over 6300 individuals - second only to employment in manufacturing. The typical visitor to our area spends travel dollars at restaurants, entertainment facilities, retail shops, gas stations, hotels and so on. These dollars expand employment and increase tax receipts benefiting the

industries, residents, and governments of the area.

As residents of Washington County, we are able to greater enjoy variety in our restaurants and retail stores, antique and craft shops, recreational and entertainment offerings, due to the support of visitors to our area.

During the week of May 5, let's support and salute the business operators and their employees who greet our visitors and make them feel welcome. These people are the backbone of this important industry and they are the reason **TOURISM WORKS FOR WASHINGTON COUNTY.**

TORNADOS... FACTS AND MYTHS

Tornados are nature's most violent and erratic storms. Unfortunately, many can be fatal. The following information may be helpful in correcting mistaken notions.

- As with the thunderstorms that create them, tornados can form any time of the day or night.

- There is no such thing as an average tornado, but the typical tornado moves from the southwest to the northeast, following the parent thunderstorm. A tornado can be erratic and change direction suddenly.

- Tornados rarely move in a straight line but, rather, weave back and forth. A tornado is not stopped or hindered by terrain.

- Tornados vary greatly in size, intensity, and appearance. Most of the tornados occurring each year are weak, with wind speeds in the range of one hundred miles an hour. About one in three tornados is classified as strong. Wind speeds reach about two hundred miles an hour and cause about thirty percent of all tornado-related deaths. Nearly seventy percent of all tornado fatalities are caused by violent tornados. Although rare, these tornados can last for hours. Violent tornados have exceeded a mile in width with wind speeds approaching three hundred miles an hour.

- Rain, hail, or clouds may block the view of a tornado from any given direction.

- Every tornado is a potential killer. Seek shelter immediately when a tornado is sighted.

- One life-threatening aspect of tornados is the belief of myths and old wives' tales. This incorrect information can

be lethal. For instance, many people believe that tornados will not cross rivers or go where there is a fork or bend in the river. Some believe tornados will not go down into valleys. Some believe that tornados will jump into the air when going up over a hill. One important misconception is that it must rain, hail, or both before there will be a tornado. If the thunderstorm is large, the rain and hail may fall in one place and the tornado form in another.

- Another misconception is that, during a tornado, air pressure can be relieved in a house by opening windows. People **SHOULD NOT** take the time to do this. Too many have been injured or killed by exploding windows if they attempt to open them before taking shelter. If a tornado is spotted, take shelter immediately.

REMEMBER, WARNING AND PREPARATION ARE ESSENTIAL FOR SURVIVING A TORNADO. Accurate information will help people take protective action during a tornado.

The first Secretary's Day luncheon and style show sponsored by the Kewaskum Area Chamber of Commerce and Mary Kay Cosmetics was quite a success last Wednesday. Approximately 85 women enjoyed a delicious lunch and style show at Hon-E-Kor Country Club.

From the enthusiastic response of the secretaries attending, it appears they are already looking forward to the event next year.

Clothing, from casual to formal, provided by Marianne's

of West Bend and I D's of Fond du Lac, was modeled during the meal. Some of the hair styles were created by Family Hair Salon and makeup was done by Wendi of Mary Kay Cosmetics. Dozens of door prizes donated by area businesses also added enjoyment to the event.

Wendi Dreher of Mary Kay Cosmetics was the human dynamo who oversaw the planning and arrangements. Congratulations to Wendi, Jane Korth of Hon-E-Kor and all those who worked with them to put on the luncheon. We hope this will become an annual affair!

Char Zarling, left, was narrator for the fashion show. Wendi Dreher gave out door prizes to the lucky winners.

Models shown are Tracy Amerling, hidden behind Tracy is WTKM's Michelle Berkline, LeeAnn Johann, Karen DuCharme, Lori Roecker, Lisa Guell, Debbie Schneider, Kathy Rohlinger and not shown behind Kathy was Sandy Amerling.

THANKS TO ST. JUDE

ST. JUDE'S NOVENA. May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world, now and forever. Sacred Heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us; St. Jude help of the hopeless, pray for us. Say this prayer 9 times a day, by the 8th day your prayers will be answered. It has never been known to fail. Publication must be promised. Thank you St. Jude.

N.G.

IN MEMORY

In loving memory of WALTER GATZKE, who passed away one year ago, May 6, 1990:

God saw he was getting tired
And cure was not to be.
So he put His arms around him,
And whispered "Come with Me"

With tearful eyes we watched
him suffer.

And saw him fade away
Although we loved him dearly,
We could not make him stay.

A golden heart stopped beating.
Hard working hands to rest
God broke our hearts to prove to us,

He only takes the best.

Sadly missed by the family.

THANK YOU

I would like to thank all my relatives, neighbors and friends who remembered me with prayers, flowers, gifts, cards, visits and phone calls while I was a patient at St. Joseph's Community Hospital and convalescing at home. Special thanks to Dr. Paul Schneider and Dr. Cesar Sison and the nurses who took care of me. All your kindnesses were greatly appreciated.

Dear Dr. Sylvia,

My eight-year-old daughter is a poor reader and her teacher suggested that I listen to her read aloud each night. She hates to read to me and fusses and argues about it increasingly. I want her to be a good reader, but this approach is clearly not working. I love reading and can't understand why she doesn't.

Reading Mom of
Nonreading Daughter

Dear Reading Mom,

Please read on. First of all, you may want to ask your school to evaluate your daughter to determine if she has a reading disability. If that yields no explanation, you may wish to have your daughter evaluated at Family Achievement Clinic for a specific reading disability called Scotopic Sensitivity. It is a biological disorder which is typically inherited. Thus one parent or an aunt or uncle is likely to have a history of an early reading problem. Scotopic Sensitivity is helped dramatically by colored lenses. Different colors seem to work for different people. If there is no actual problem, these tips for helping reduce reading anxiety will surely be effective. As a matter of fact, even if your daughter has a reading disability, these suggestions are likely to encourage her to enjoy reading more.

1. Children should not be required to read aloud to parents at home. Parents' anxieties convey themselves to children. Most parents feel tense when poor readers read aloud to them. Children should read aloud only if they choose to do so. As adult readers, they will rarely find oral reading important.

2. Parents should read aloud to their children as long as their children enjoy it (eighth grade is not too old). This should not be seen as dependence, but only a form of real family enjoyment.

3. Permit children to stay up half an hour later at night if they're in their bed reading to themselves (children don't usually like to sleep; it's adults who do).

4. Encourage children to read whatever they like during that prebedtime. Don't insist they read grade level material. Comics, cartoons, sports magazines, easy material and books read multiple times are all good for building confidence. If they love reading they will expand their interests as their reading improves.

5. Encourage children to read stories while listening to tapes of the stories. Don't stand over them to be sure they're actually reading. Eventually they will.

6. Model reading by keeping a book around which your children see you enjoying.

7. Encourage children to read to their younger siblings, provided those siblings aren't better readers than them. They shouldn't do this in their parents' presence, but alone with their sister or brother.

8. Ask your child's teacher to permit her to read aloud to a preschool or kindergarten group of children. The books are easy and the simplicity of the reading and the receiving audience of small children will build your daughter's confidence and love of reading.

When some folks open their mouths you can see right through them.

Fuel Credit for WE Customers

MILWAUKEE — Wisconsin Electric Power Co. customers will receive a fuel credit in their electric bills next month, but a rate increase will be requested for 1992 because of increased business costs, the company has said.

"Rates will be reduced by about 1.3 percent in mid-May because of the lower cost of fuel used at our power plants," said David K. Porter, senior vice president. The proposed reduction, which will be reflected on customers' bills as

a fuel adjustment credit, is expected to be approved by the Public Service Commission of Wisconsin and will be effective for the rest of 1991.

"We have been successful in our efforts to reduce costs for fuel and purchased power and want to pass these savings along to our customers," Porter said.

The reduction is the result of lower fuel prices following the Mideast crisis; less need for power purchased from other utilities; and lower-than-projected electric sales, which reduces the need to use more expensive generating units.

It's a different story for 1992, however, when the company

says it will need to increase electric rates because of the increasing cost of doing business, additional regulatory requirements and the need to build new generating facilities.

Wisconsin Electric expects to file an application within the next few days with the PSCW to increase overall base electric rates by 8.4 percent or \$93.3 million, effective Jan. 1, 1992. The Public Service Commission will hold public hearings on the request and is not expected to make a decision until late this year.

If the full 1992 increase is approved by the commission, the amount WE customers pay for electricity still will be lower

than it was in 1983. Since that year, rates have been reduced by the company nine times.

The increase as proposed would add \$3.45 to the bill of a customer using 500 kilowatt-hours of electricity a month.

Porter added that even though costs are rising, the company continues to seek ways to reduce costs in order to keep rates as low as possible.

"Wisconsin Electric is aggressively encouraging conservation through its Smart Money Energy Program, which provides customers with loans

and rebates for the installation of energy-efficient appliances, equipment and processes," he said. More than \$30 million a year has been invested in that program since its start in 1987. The program has reduced peak demand for electricity by 250,000 kilowatts, which in turn reduces the need to build new power plants.

In addition to the electric rate increase, the company will ask for an increase in steam revenue of 5.8 percent, or \$791,000, effective Jan. 1, 1992.

25 Years Ago

April 29, 1966

Postmaster General Lawrence O'Brien announced yesterday that a contract has been awarded to the Sturm Corporation of Manawa, to build the new post office in Kewaskum and lease it to the post office department. The post office is expected to be completed by March 1, 1967.

The Kewaskum High School concert band returned from the Scenic Moraine District Music Festival on Saturday, April 23rd, feeling justifiably proud of itself. This 75-piece Class A organization received a 1st rating for the third consecutive year. The high school A Cappella Choir, directed by Gary Gerhart, competing class 'B' received a second division rating.

A R. 2, Kewaskum couple, Mr. and Mrs. Steven Lecher, died within eight hours of each other on Tuesday, April 26, and Wednesday, April 27. Mr. Lecher, 80 died at the Hope Nursing Home at Lomira, where he had been a resident at 6:15 p.m. Tuesday. His wife, 82, also a resident of the nursing home, who was stricken upon hearing of his death, was rushed to St. Agnes Hospital, where she passed away early Wednesday morning. Double funeral services will be held at 10 a.m. Saturday, April 30, at Holy Trinity Church.

Announcement has been made of the engagement of Carol Volm and Kenneth Ramthun. Carol is the daughter of Mr. and Mrs. Aloysius Volm, R. 2, Kewaskum. Kenneth is the son of Mr. and Mrs. Harry Ramthun, R. 6, West Bend.

Births - A daughter to Mr. and Mrs. Richard Herriges, R. 2, Kewaskum, Friday, April 22. A son to Mr. and Mrs. Harold Westerman, R. 1, Allenton, Sunday, April 24. A son to Mr. and Mrs. Fredrick Jeske, R. 2, Kewaskum, Monday, April 25.

50 Years Ago

May 2, 1941

William Breseman of Kewaskum, Route 3, was granted an award of \$26.76 for the death of a pig in the court of Justice Hayhoe but the verdict has been appealed by the defendant Emil Schneiter of Lomira, a truck driver who hauls milk to the Kewaskum Creamery. The pig was alleged to have been killed on Highway 28. Nov. 26, 1940, and the defendant was charged with negligence in that he drove on the left side of the road where the pig was wandering.

In a pretty wedding performed by Rev. E. Zanow in St. John's Lutheran Church, New Fane, Saturday, April 26, Miss Verna Butzke, daughter of Mr. and Mrs. Henry Butzke, R. 2, Campbellsport, and Henry Oppermann, Jr., son of Mr. and Mrs. Henry Oppermann, also of R. 2, were joined as man and wife. Miss Lorraine Deckliver and Miss Jean Jeske, cousins of the bride, attended as maid of honor and bridesmaid. Melvin Butzke, brother of the bride, acted as best man and Armin Oppermann, cousin of the groom, was groomsman.

Coming as a shock was the news of the death of Edward Krueger, West Bend, aged 21 years, six months and 20 days, son of Mr. and Mrs. William

Krueger of the town of Auburn. His death occurred at Joseph's Community Hospital, Monday, April 28, following an illness of three weeks with Bright's disease.

Private Myron Belger of this village, one of the 34 Washington County young men inducted into military service last week Tuesday has been assigned to Camp Livingstone, La.

Births - Mr. and Mrs. "Al" Reinte of this village are the parents of a son, weighing about eight pounds, Tuesday evening, April 29. A daughter was born to Mr. and Mrs. Sylvester "Smokey" Keller of this village on Wednesday, April 30.

75 Years Ago

April 29, 1916

A transaction was made last Wednesday whereby Mrs. John Guth sold a parcel of land 30 x 60 feet north of her saloon property facing Fond du Lac Ave. to Christ Schaefer, Jr. Consideration \$2,000. Upon this property will be erected the coming summer an up-to-date bank building to be occupied by the Farmers & Merchants State Bank now being organized. It is expected that same will be ready for occupancy by September 1st.

Mr. Charles Roth, Sr., owner of Roth's Hall and saloon at Schleisingerville died suddenly last week Thursday, death being caused by heart failure, at the age of 55 years and three months. Mr. Roth was well known throughout the county. He was village president of Schleisingerville for a number of years and a very popular man.

This office is in receipt of a report from reliable and enterprising businessmen of the village that Kewaskum will soon have a flour and grist mill. It is expected that plans for same will materialize within the next three weeks. As far as can be learned the new establishment will be built with all modern improvements and the machinery will be electrically driven. The mill capacity will be 50 barrels of flour per day. The building is to be built somewhere near the railroad tracks. At the present time we are unable to mention the names of the promoters. It is expected the new concern will be ready for business between September 1st and November 1st.

Arno Bartelt, Cascade, went

to Wayne where he was married to Miss Frieda Petri on Wednesday.

Warning! All those who have been dumping their ashes and rubbish in the streets and alleys should remember that there is an ordinance prohibiting this practice. They are hereby notified to remove same or the village will compel them to pay for said work Jos Strachota, street commissioner.

should be commended for their efforts in making it a success.

To all those who decorated, worked in the kitchen, directed games or in any way helped - thank you. Also our deep appreciation to Ken and Carol Weddig, who headed the organizational committee. Your interest in Kewaskum High School and the welfare of the students in our community is exemplary.

Sincerely,
Joe & Judy Harlow

To Kewaskum Citizens and Village Board:

How in the world did our Village Board ever be led into the situation of having our village employees evaluated by someone so unfamiliar with their jobs? If our own board and the powers to be do not know of the many jobs they do and how they do them I would like to suggest that each board member spend just one 24 hour day with them to find out.

I have seen the village crew working through the night repairing a water main leak in the dead of winter-last New Years Eve for example.

They do not have just one job, but many, to mention a few; they are carpenters, plumbers, painters, electricians, cement-finishers, heavy equipment operators, truck drivers, street-sweepers, garbage men and snow plowers. They repair streets, sewers, village lights, village tools and village equipment to welding and mechanical work, one employee has in excess of \$8,000 in tools he makes available to the village. They also decorate for the Christmas season - put up our American Flags when needed and still raise their families.

Can any one justify spending about \$7,000 for a job evaluation? Those dollars could and should have been used for raises. If the employees unionize there will be no need for any future evaluations you can be sure!

a very irate tax paying citizen.

Letters to The Editor

Letter to the Editor:

Thank you to all the Kewaskum area residents who participated this past weekend in Kewaskum Klean-Up.

Members of the Kewaskum Junior Woman's Club along with family members covered approximately one-half mile on Ridge Road. During our three hour efforts, we collected approximately 25 bags of garbage - 22 of which were recyclable materials. The recyclable materials will be taken to the local recycling center. In addition to the garbage, we found 25 tires and a bench car seat of which we will attempt to properly dispose of.

If you were not able to join us in the roadside clean-up, we would be interested to know what you were able to do and where. You may call Louise at 626-4291 or Patty at 626-2673 if you are willing to share this information with us.

Let's all work to make the scenic Kettle Moraine area even more beautiful. Be responsible - dispose of your litter properly. Thank you for your efforts.

After the annual Junior Prom on Saturday night, students at Kewaskum High School had the opportunity to participate in a post prom held at the Fond du Lac YMCA.

Eighty five of the prom-goers attended this alcohol-free event, which included sporting events, Las Vegas games and plenty of refreshments.

The students should be commended for their fine behavior, and adults involved in the planning of this project

A Special Thanks...

I would just like to say a BIG thanks to all those that helped make our First Annual Secretaries Style Show/Luncheon a huge success.

Thanks to the Kewaskum Area Chamber of Commerce, Hon-E-Kor Country Club, the narrator Char Zarling, and our models Lori Roecker, Sandy Amerling, Kathy Rohlinger, Michele Berklene, LeeAnn Johann, Debbie Schneider, Lisa Guell, Karen DuCharme and Tracy Amerling.

I sure appreciate the time they took out of their busy schedules or from work to model for the show.

A special thanks also to those who donated prizes. It sure makes an event more exciting. I'm looking forward to attending next year's event.

Ladies, remember your tickets are good for 10 percent off dinner at Buffys, 10 percent off a service at Family Hair Salon, a free shampoo with service at Geri's Salon, a free piece of pie at Homeplate, and \$5.00 free in Mary Kay products when you host a complimentary free makeover.

Thanks again to all.

Sincerely,
Wendi Dreher

KHS Boys Tennis Team Trowned by Plymouth

By Statesman Sports Writer

KEWASKUM — Plymouth high school's boys tennis team has been the dominant squad in the Eastern Wisconsin Conference the past decade, and the young Kewaskum Indian squad was rudely made aware last Thursday that the Panthers are once again the class of the EW.

Plymouth dominated the dual meet, shutting out the Indians 7-0, and allowing the hosts just to win a handful of games in the entire meet.

"They are our conference leaders," Indian coach Jan Rosenthal quickly pointed out, regarding the Panthers. "They've won the conference title the past six or seven years in a row."

If you ask just about any of the Indian netters, they'd probably tell you that they look to be good bets at defending their crown this year, as well. Plymouth players won 6-0, 6-0 in two of the singles matches, as well as in two of the doubles tests.

"Shawn Schneider (at No. 1 singles) probably put forth the best showing," according to Rosenthal, as the junior lost in straight sets 2-6, 2-6. "I think my number four singles (Adam Pilachowski) won a game in the second set, and my number one doubles (Curt Ammel and Kevin Hein) lost 1-6, 1-6. Other

than that, we were shut out."

There were some bright spots in the JV matches though, according to the Indian boss. "I've got a couple of freshman (on JV's) who are showing a lot of potential," he said.

Rosenthal was referring to Jim Zautner, Paul Janik, and Jim Gildersleeve, who all lost in the meet, "but they are losing by scores of like 8-10 (in 10-game pro set matches), so they have been doing pretty well," said Rosenthal.

The Indians will get busy this week, as they have four meets coming up, "providing the weather obliges." In all, the Indians have seven meets in the next two weeks as they get ready for the tournaments at year end.

Orville Kern, Clerk

The two Texans emerged from their swanky private club on a rainy day to go back to their offices. Unable to get a taxi they took refuge from the weather at an automobile dealer's showroom next door.

"There's no sense waiting any longer for a cab, I'll buy us a car," said the one Texan to the other.

"No, let me," his friend replied, "you bought the lunch."

Minutes of Village Plan Commission

Village of Kewaskum Plan Commission
April 23, 1991
8:30 p.m.

The Plan Commission of the Village of Kewaskum, Washington County, Wisconsin met in the Council Room of the Municipal Building, 204 First Street.

President Mary Krueger called the meeting to order. Members present were Donald Mlodzik, Mark Slaughenhou, Gary Gavin, Zoning Administrator Richard Zaring and Administrator Daniel Schmidt. Plan Commission Members absent were Raynor Herges, Gerald Stollenwerk and Jeffrey Rohrer.

The meeting was opened with a Moment of Silence and the Pledge of Allegiance. On a motion by Gary Gavin, seconded by Mark Slaughenhou and unanimously carried by voice vote, the Commission approved the minutes as printed for January 22, 1991.

Mr. James Wessing was unable to attend the meeting so the Knights Avenue discussion was tabled.

The Commission reviewed the request of Mr. Waala regarding the formal division of lots 117 and 121 Bonnie Lane. On a motion by Gary Gavin, seconded by Donald Mlodzik and unanimously carried by voice vote the Commission recommended the division of the two lots as described in the original land description and sent the matter to the Board for final action.

On a motion by Mark Slaughenhou, seconded by Donald Mlodzik and unanimously carried by voice vote the commission recommended sending the plot plan for Shefond Oil to the Village Board and to the DNR for review. This request is for parcel known as V4-619 or 890 Fond du Lac Avenue. The Commission's recommendation to allow for the construction of a gas station/convenience store on the lot taking into account the property lies within Urban Flood plain Regulatory Area.

Mr. Ronald Theusch and Mr. and Mrs. Elton Liepert were present for discussion regarding adjustments in the lot line between V4-0610-00H & 00J. It was noted both lots are still legal lots. On a motion by Donald Mlodzik, seconded by Mark Slaughenhou and unanimously carried by voice vote, the Commission recommended the lot line adjustment as presented.

On a motion by Donald Mlodzik, seconded by Mark Slaughenhou and unanimously carried by voice vote, the Commission recommended the Certified Survey Map for parcel 1 & 2 for the Village owned land located adjacent to Wildlife Drive and sent the CSM to the Village Board for final action.

On a motion by Gary Gavin, seconded by Donald Mlodzik and carried by the majority roll call vote, the Commission adjourned the meeting. Roll call vote was 4 "Aye," 0 "Nay," 3 "Absent."

Holy Trinity Awards Banquet Held

HOLY TRINITY 'A' TEAM BOYS

Left to right: Kevin Dobke, Matt Lieven, Tony Bunkelman, Sam Schmidt, Troy Zehren, Dane Dorn, Joe Rettler, Brian Butschlick, Jim Westerman, Coach Tony Butschlick, Manager Jason Butschlick.

HOLY TRINITY 'B' TEAM BOYS

Row One: Jesse Williams, Andrew Laatsch, Mike Bauer, David Gerhartz, Tim Bunkelman. Row Two: James Kopecky, Chad Schoofs, Chris Wessing, Corey Amerling, Joel Roecker, Chad Martin, Mike Wenninger, Kevin Polzean, Manager Nick Staehler. Row Three: Coach Tom Staehler, Eric Lieven, Mike Vogt, Derek Dorn, Mike Schickert, Andrew Kallmyer, Eric Kopecky. Missing: Jeff Heller.

The Holy Trinity Grade School Athletic Awards Banquet was held on Sat., March 9. The athletes were honored at the 5:00 Mass followed by a pot luck supper.

Awards were then presented to the basketball players and cheerleaders by their coaches. A plaque was presented to Jackie Herriges for her 9 years of coaching at HTS, and to Tammy Sabish for five years of coaching cheerleading.

The A Team boys participated in three tournaments placing in each. They took 2nd place at St. John's Mayville and Consolation trophy at St. Mary Springs and St. John's West Bend. In over all league play they ended up in 2nd place. All Stars for the team were Sam Schmidt, Tony Bunkelman and Dane Dorn. The team is coached by Tony Butschlick.

The B Team boys coach, Tom Staehler says his team also had a great year and a lot of fun. The kids worked hard in practice and played hard the whole year. Their record was 4 and 4 for league and 3 of the 4 losses were by a total of 5 points. The B Team boys were in two tournaments, St. Mary's and St. John's in West Bend and took consolation championship in both tournaments.

The A Team girls were 4 and 4 for the season. Two of their losses were by a total of 3 points and could easily have been wins. According to Coach Brenda Bauer, "it was a very successful season and a lot of fun."

Coach Harvey Ramthun says his B Team girls had a super season and the girls played great. They ended up tied for first in league and lost the playoff game so they ended the

season second overall.

The A & B Cheerleading squads had an exceptionally fun filled year working on routines and pep rallies, doing face painting and teaching their cheers to the lower grade girls to be performed on Parents Night. Their little mascot this year was Corina Teofilo. The girls are coached by Tammy Sabish and Sue Butschlick.

Water Regulatory Applications

With the warm weather quickly approaching there seems to be a rush to begin outdoor projects. Did you know that many activities affecting navigable waters require permits or approvals from the Department of Natural Resources?

Any lake or stream or other body of water which is navigable in fact is open to any member of the public for purposes of navigation, including boating, swimming, hunting, fishing, or other recreational purposes (trapping is not included). In exercising such rights, the public may not trespass upon private property. Waters are navigable in fact under the law if, for example, the smallest water craft can be floated on a regularly recurring basis from year to year.

The local DNR Office should be contacted for further information and assistance in initiating permit applications for certain activities. If you are not sure, call first to find out

before starting. Some activities require permits from other sources such as County Zoning Administrations, The U.S. Army Corps of Engineers, and Local Governments.

Every year projects are started without first making the proper contacts and obtaining permits. The State Constitution has a public trust doctrine, which maintains that all navigable waters are held in trust by the State for the public. The permits allow the State to properly protect navigable waters in Wisconsin.

If you are planning any projects that deal with navigable water feel free to give me a call.

Puppeteers Teach Children About Handicaps

Puppets "Mark" and "Melody" talk about what it's like to be handicapped.

Farmington students enjoy the "Kids on the Block."

Students at Farmington Elementary School had the opportunity to meet some fascinating puppets that may have changed their perceptions of people that are different from themselves.

On Wednesday, April 10th, a puppet show was presented to Farmington's kindergarten through 3rd grade students entitled, "Kids on the Block." The "Kids" are a troupe of disabled and non-disabled puppets designed to teach children what it's like to be handicapped. A skit was performed by Mark (a puppet with cerebral palsy) and Melody (a non-disabled puppet). Their dialogue was planned to help children understand the different aspects of the handicap as well as the feelings of the handicapped individual.

Cindy Habibi and Sandy Skaltzky of the Fond du Lac Association for Retarded Citizens did an excellent job portraying Mark and Melody. They were able to answer the many questions from the Farmington students.

Persons interested in finding out more information about the KIDS On the Block may contact Carolyn Milam at the Fond du Lac A.R.C. (923-1495).

This program was co-sponsored by the Farmington P.T.O. and the GFWC Kewaskum Junior Woman's Club.

Indian Golfers Continue to Shine

By Statesman Sports Writer

HARTFORD — After posting wins against Two Rivers last Monday, and then following that with a first in the Ozaukee County Team Scramble on Thursday, the Kewaskum golfers continued their hot shooting here on Friday by taking fourth in the highly competitive Hartford Invitational.

The Indians took care of the Raiders by a 180-193 count on Monday, and then came back on Thursday to combine for a 216 mark, edging defending North Shore Conference Champion Cedarburg by two strokes in the scramble event.

Then the Indians pulled off what may have been their most impressive showing of the year thus far by finishing in a tie for fourth place in the Hartford meet, which featured 20 schools, the majority of which were Division I teams.

"They came from as far south as Racine and Cudahy," Kewaskum coach Joe Harlow said regarding the teams in the Hartford meet. "I think Slinger, St. Francis, and us were the only Division II schools in the field, and we finished tied for fourth."

Grafton took first in the meet, finishing with 328 strokes well ahead of runner-up Wauwatosa East (347). Racine Case was third (349), while the Indians were tied for fourth along with Menomonee Falls and Germantown, at 353.

Grafton's Stu Carlson won medalist honors for his low score of 72, which was seven strokes better than second place finishers.

Kewaskum's low man was senior D.J. Slaughenou, who recorded rounds of 40 and 42 for an 82 total, which placed him seventh overall. The top ten individual golfers received medals.

"He played real well," Harlow said of Slaughenou, who did not participate in the sport a year ago. Ryan

Amerling was next low for the Indians, carding an 87 (45-42), while both Corey Krahn (48-44) and Aaron Laatsch (47-45) came through with 92's.

In the scramble event held the day before, the Indians sent three two-man teams to Fredonia, and won the meet thanks to the consistent scoring by the trio of teams.

The team of Matt Seiser and Aaron Laatsch recorded the low team total for the Indians, as they came up with a 71 (35-36), while the teams of Corey Krahn and Eric McElhatton (36-36), and D.J. Slaughenou and Ryan Amerling (38-35), were right behind with a 72 and 73.

Cedarburg had the low two-man total of the meet, a 70 by Jason Stasinopoulos and Brian Burt, and also a 71 by another of their duos, but a 77 shot by their third team was the difference, and they had to settle for second.

"This was our second year in the event," Harlow said, adding that the meet will probably turn into an annual fling. "The kids played real well there. It was a real enjoyable time."

Almost equally as enjoyable was Monday's meet against the Raiders. Slaughenou's 42, combined with Amerling, Laatsch and Krahn each scoring a 46 was enough to give the Indians their second win in as many Eastern Wisconsin Conference dual meets. The Indians overall mark improved to 7-1.

Indian Boys Tracksters Improving

By Statesman Sports Writer
CHILTON — After finishing a somewhat disappointing sixth in the Washington County Outdoor meet a little over a week ago, the Kewaskum boys track team took a couple of strides in the right direction last week in a dual meet against Chilton on Tuesday, and in the Pewaukee Invitational on Friday.

Against the Tigers, the Indians got first place finishes in six events, and another eight second-place winners, but it wasn't quite enough as the hosts used their depth advantage to claim a 73-59 win.

Brian Bruendl was a double-winner for the Indians, as he took first in the long jump with a leap of 18'1.5", and then tied teammate Brad Jackson for the top spot in the high jump, as both cleared the 5-2 mark.

A pair of juniors also came through with big efforts to take firsts in the meet. Kim Marx continued to shine in the 300 hurdles, coming in at 43.7, while Randy Schlice finished strong in the 100 dash to win in 11.6.

The two juniors also teamed up to provide another highlight in the meet, as the 400 relay unit, comprised of Schlice, Marx, Dan Schulties and Jerry Sese ran a 46.2 race, which tied the school record in the event, although the team didn't take first in this meet. Chilton was a shade better with a 46.1.

Other Indians athletes taking firsts against the Tigers included sophomore Jeff Diermeier, who ran a 11:14 in the 3200 meters, and senior

John Schmidt, whose 4:55 clocking in the 1600 was tops in the event. Schmidt was also right behind Diermeier in the 3200, finishing second in 11:38.

Seconds were also recorded by Jon Bowser in the long jump (17'9.75"), Chris Donath in the 800 (2:16), Greg Holl in the shot (40'7.75"), Schulties in the discus (121-8), and Brian Jackson in the pole vault (10-0).

In the meet in Pewaukee on Friday, the Indians took four first-places in the four-school meet, but did not score a single point in six of the other events, and had to settle in fourth place with 52 points. Pewaukee won the meet with 117 points, followed by Thomas More (85), Union Grove (72), and the Indians.

Schlice and Marx once again turned in fine performances in their respective events, the 100 dash and the 300 hurdles. Schlice won in 11.8, while Marx turned in a 43.3 effort.

The two also combined with Sese and Schulties to once again tie the school record in the 400 relay. The foursome were clocked in 46.2, which was good enough for first in the meet. Schulties came through with the other winning effort, as he tossed the discus 125-4.

The Indians also got second place finishes from Bruendl in the high jump (5-8), and Brian Jackson in the pole vault (11-0). A third was recorded by Erik Ankeron in the high jump (5-8), while Schulties completed his fine day with a fourth in the 100 (12.1), and John Schmidt and Chad Harlow each recorded fifths.

Indian Bats Come Alive

By Statesman Sports Writer

KEWASKUM — After struggling at the plate several times in their initial season of fast-pitch softball, the Kewaskum Indian girls' bats came alive at the end of last week.

The Indian hitters lit up the scoreboard for 59 runs in just three games last week, posting a doubleheader sweep of the Sheboygan Falls JV's on Thursday, and then following that with another victory over Plymouth's varsity on Friday.

Against the Falcons, Monica Wodsedalek collected three hits, including a home run, in the opener, while Julie Wagner also added a round-tripper in Kewaskum's 24-4 whitewash of the visitors. Wodsedalek duplicated her performance in the nightcap, which was also a blowout in the Indians' favor, 22-8.

In that second game, Jackie Hintz and Kelly Krahn also were credited with three hits apiece for the Indians, while Stacey Heberer got the win on the mound. Sophomore Rachelle Krahn was credited for the win in the opener.

Heberer came back to pitch in Friday's contest against the Panthers, and she continued where she left off on Thursday, as she gave up just three runs, all in the first two innings, in leading the Indians to a 13-3 win.

The key to the Indians effort was a big nine run first inning, after Plymouth had pushed across a run in the top of the first. A balanced offensive

attack put Kewaskum up 9-1 after one inning of play, and it was easy sailing the rest of the way, as the game was called after five innings due to the

10-run rule.

The three wins upped the Indians overall record to 6-3 in their first year of competition in the sport.
