## Rural Kewaskum Man is Latest Supercash Winner

John Oelhafen

A 48 year old Kewaskum man is the latest \$250,000 Wisconsin Lottery SUPERCASH! winner.

John Oelhafen, a farmer and feed mill laborer who works at Farmers, Inc. in Allenton is glad he is a daily player after six Quick Pick numbers on a SUPERCASH! ticket bought at Romie's Service in Allenton (Washington County) were drawn Thursday, May 23.

Oelhafen, who claimed his prize at the Lottery's Hales Corners office Wednesday, May 29, said he "heard there was a winner who purchased a ticket at Romie's Service in Allenton. I stopped at Kohlsville at the Hitching Post Bar to have two beers and checked my numbers."

Oelhafen says he'll keep playing SUPERCASH! and plans to "stay working and enjoy some of the money. I'll the rest so my lifestyle won't change much."

Oelhafen is married and has a

son and two daughters ranging in age from 19 to 21.

"This has been an experience I'll never forget," he said as he left with his check for \$182,675 (\$250,000 less taxes).

Oelhafen is the 42nd winner in the SUPERCASH! game. Two winners have still not come forward to claim their prizes: A winning ticket from the February 9 drawing sold at Sentry Foods in Waterford has not yet been presented, nor has a winning ticket from the March 6 drawing, sold at Superamerica 5712 West Burnam in West Allis. A winner has 180 days from the date of the drawing to come forward and claim a SUPERCASH! prize.

Police Service Costs Small Part of Taxpayer's Dollar

## Village to Seek Certified Part Time Police Officers

By GERRY MUELLER  
Statesman Staff Writer

Despite the facts and figures presented by Police Chief Richard Knoebel over the last two meetings, the Kewaskum Village Board, Monday night, declined the chief's request to add one more full time officer to the department instead of hiring more part time personnel. The trustees did, however, give Knoebel the okay to seek certified part time replacements for those part time officers who have, or will be leaving to take full time positions with other departments.

Knoebel told the trustees there was some misconception

on the part of village residents regarding the cost of their police protection. "I've heard figures like \$500.00 a year," said Knoebel. To clarify the cost issue, the chief furnished a breakdown showing the actual cost per taxpayer.

Of the gross village tax rate of \$6.99 per \$1,000 of assessed valuation of 1991, \$1.27 is applied to the Police Department budget. However, of that \$1.27, only 47c actually comes from the property tax. The remaining 80c or 63c, comes from other non-property tax dollars such as fines, forfeitures and state aids.

Knoebel told the board, (Continued on Page 17)

## This Week's 'KING' Nominations

May 29th-June 4th

Okay girls... now let's have some fun! It's Saturday night and your "little darlings" have come out of their rooms for their 27th glass of water and have FINALLY fallen asleep.

All the "young" people (those without kids, who can still afford it) are out having a great time. All the "older" people (whose kids have FINALLY gone off to college) are out trying to remember why it used to be so much fun going out on a Saturday night.

The "life-of-the-party" you married is in the recliner religiously watching the ten o'clock news with his eyes closed.

You have finished polishing your toenails (never seems to be time for that anymore) and you don't feel even the slightest bit sleepy. (It must have been an easy day... normally you collapse exhausted on the couch and fall asleep before your body has a chance to make a dent in the couch.)

What do you do while waiting for sleep to come? You've seen the late show six times and "Star Search" is already into reruns. Do you check the kids (again) or should you tape your honey snoring just so you can prove it to him.

No... no... no... let's do something different... put a little excitement in your life! Take \$5 out of your purse (so, you'll eat meat loaf next week instead of rump roast).

Take a piece of paper and write down the names of the guys you would like to nominate for "King" of Kettle Kountry Kolors. (Now... here's where the fun starts... revenge is SOOO sweet!)

How about nominating your teenage son whose standard answer to every word you say is, "Duh, Mom." Or how about that "macho man" man at the self-serve pumps (before you learned how to operate them) who said, "here little lady, let me show you how this complicated thing works." Or that nice gentleman who showed you his nice fist simply because you pulled out in front of him with your car.

Then there's the impatient golfers who asked, "lady, can we PLEASE play through?" just because you have a little trouble with your putting. Of course there's the "liberated" fella who thinks women should be able to get themselves out of snowbanks, or the former male (bald) classmate who says, "put on a little weight since high school haven't you?" Or then there's always "sleeping beauty" over there in the recliner!

Now that you have come up with at least 32 nominees, the hard part is eliminating. They are all deserving of the distinction. You would like so much to nominate them ALL! Go ahead... serve macaroni and cheese next week instead of meat loaf! And besides, you know how much you would like to have the Scheer's lumberjack show come to Kettle Kountry Kolors.

So guys, I hope you can take all this harassment, but it's so much fun for a change, and after all... IT IS FOR A GOOD CAUSE! Also, the prize money is up to a whopping \$15 per final winner... it's not great... but it's looking better!

By the way, this contest is open to anyone throughout the Kewaskum School District, yet we have received little or nor response

from those residing outside Kewaskum. Are there no more "teen idols" living in Boltonville? Have all the "prime timers" moved out of Beechwood? Was Barney the only "sexy senior" in Wayne? Come on neighbors... let's see some candidates! We especially need more "teen idol" candidates but I suppose all the teens are too bashful. If nothing else, by October the prize money might just be worth your trouble. There isn't a teen around that isn't short of money!

We also received another "three generation" nominee this week, in the name of the Schmidt clan. So we now have the Alex-Dick-Tory Laubach candidates; the "Bud"- "Jonesy"-Jesse Korth candidates and the Sylvester-Dan-Chris Schmidt candidates. Surely there must be more!

To all those thousands of people who have inquired about the "Larry" buttons... they are finished (and so am I!) Anyone interested in purchasing same, please do so secretly.

Here's a list of this week's candidates. Are we having fun yet? REMEMBER... these are this week's candidates ONLY. This list DOES NOT include the nominations from the previous three weeks.

There's only two weeks left! If you submit your candidates now, you'll beat the last minute rush!

If you need ten or twenty nomination papers... just call me at 626-2626.

## KHS Band Members Compete in Toronto

Curt Ammel and Pam Gauger are pictured at Canada's Wonderland accepting trophies won by the KHS Band. They placed third out of five in Class A Concert Bands, and brought home Best Sightreading trophy in Class A.

The Concert Band took some time out to enjoy some of Canada's beautiful scenery such as Niagara Falls.

Thursday, May 16, - 9:30 p.m.:

The two buses from Kobussen Bus Company are here and waiting to be loaded. Gosh, will all that luggage and instruments fit into those buses? Sure are a lot of people here, nice to see all the parents waiting for their children to leave. 10:00 p.m. - are we ready to go? Almost - one student missing yet. 10:10 p.m. - everyone here and away we go. Goodbye Kewaskum, Toronto here we come.

Friday, May 17, - 2:00 a.m. Someplace in Indiana:

Why are the buses driving around in circles? Oh, we are trying to find the two drivers that will be taking us all the way to Toronto. Finally, found them, now let's all take a bathroom break so we can go back to sleep again. 2:30 a.m. - on the road again now that drivers Mike and Jim are with us. 5:00 a.m. - stopping again? Why can't they just let us sleep. Now they tell us we are getting out for breakfast, but so early. What, it's now 6:00 a.m.? Ok, so we have crossed the time zone change, but I sure am tired.

Where are we? Someplace in Michigan and close to the border between the USA and Ontario. There's a McDonalds, let's eat. Well, on the buses again. Make sure that we check with our chaperones. Everyone here? Okay, get these buses

rolling. 8:30 a.m. - everyone be quiet, those are Custom officers ahead and we don't want anyone to smart off. Gee, that was easy, they asked a few questions and let us go on. Now we have to find a place to exchange our American dollars to Canadian dollars. Here we are, a tourist information stop in Windsor, Ontario. How much money do we need? \$50, \$100, well, let's just play it by ear.

Everyone off the buses. Mr. Rohrer, will you please put that camera away? We look gross this morning, haven't had time to find a mirror and fix our faces and hair. These people here sure are friendly, look at all the stuff they gave us, maps, brochures and lot's of good information for our stay in Toronto. Oh well, check with the chaperones again and get on the buses. Next stop should be our hotel in Toronto. 12:30 p.m. dear chaperones, we are hungry and we don't care if Mr. Ammel says we are not going to stop until Toronto. STOP NOW. Finally another McDonalds ahead. 1:30 p.m. and check with the chaperones again as we board the buses.

2:30 p.m., finally, three cheers, there is our hotel, the Toronto Airport Marriot. What do you mean we can't get our rooms yet? Oh well, so we have to go shopping at a mall until 4:00, we can handle that. 4:15 p.m. at last, we are here, but

now we have to lug all our junk to our rooms. Time for a nap on these comfortable looking beds.

What do you mean we have to rehearse now, we're tired, dirty and crabby. 5:00 p.m., after a quick shower and a change of clothes we are ready to practice. 6:00 p.m. get on the buses and head for downtown Toronto to visit the Eaton Centre, one of the world's largest malls, for supper and spending money. 9:00 p.m. back to the hotel for a quiet night's sleep? For sure we won't let the chaperones sleep tonight.

Saturday, May 18, Breakfast at 7:45 a.m., we can't even get out of bed that early let alone eat. Now we will spend time this morning listening to other bands. Boy, they sure do sound good, hope we sound as good as they do. 12:30 p.m. - get dressed in our uniforms and head for the warm up room. 1:30 p.m. - gee, are we nervous, time to play. Do we have to do this? 2:00 p.m. - now we have to sight read. Whew, that wasn't so bad.

Now we have our group pictures taken and it's off sightseeing. 4:30 p.m. - the CN Tower, the tallest building in the world. Of course, some of us didn't go to the top, but chose to stay on the ground. Then a Tour of the Universe at the base of the Tower.

Get on the buses again and drive around Toronto looking

for a supermarket so we can replenish our stock of soda, munchies and fruit. Couldn't find a supermarket, but sure made the day for this little neighborhood grocery store. Back to the hotel, clean up and attend the dance provided for all the students at the music festival. Finally, another good night of sleep. HA! Those poor chaperones will never see their beds tonight.

Sunday, May 19, Breakfast at 8:00 a.m.? No way, call me later. 11:00 a.m. board the buses again and head for Canada's Wonderland. A fun filled day of rides, food and waiting in line. Make sure we check in with our chaperones and get our tickets for supper. Fried chicken, baked potatoes - not a bad supper, now to the awards ceremony at the International Theater.

Oh the agony of waiting. Now, here it is, Class A Concert Bands. There are five of us, sure hope we don't get fifth place. Hold our breath, fifth place goes to....., not Kewaskum. Great! Fourth place goes to.....again not Kewaskum. Hey, we did better then we thought. Third place goes to....KEWASKUM!!! Wow, third place out of five bands. Sure didn't think we would do this well. Look at Curt and Pam smile as they accept the trophy. This is neat. Now they are announcing the first place, the best sightreading band in class A. Wow, can you imagine it, KEWASKUM, yes, Kewaskum wins the best sightreading trophy in Class A.

What a night, this is terrific. After much yelling and cheering we again head for the buses, check with our chaperones, and head back to the Hotel. Mr. Ammel even extends our curfew tonight. He must be getting senile. Another night without sleep for our chaperones. They will really crash when we get back to Kewaskum.

Monday, May 20, Breakfast at 8:00 a.m. again, clean up our rooms, pack our suitcases and load everything on the buses. Checkout went real smooth, sure hope we didn't leave anything valuable there. Next stop, Niagara Falls on the Canadian side. Weather is great and the ride under the falls in the Maid of the Mist boat was cool and refreshing. Some last minute shopping before we leave, after all we have to get rid of all our Canadian money.

Finally, time to load up and leave. Had to wait for the chaperones, maybe they were getting back at us for all the waiting that we made them do. Check in with our chaperones and leave Niagara Falls. 4:00 p.m. - on the road again, but this time heading for home. 8:00 p.m. - everyone please be quiet, customs checkpoint just ahead. Please, we don't want to be detained here, we just want to go home. Wow, was that easy, they just waved us through. They must be tired.

Supper time must be soon, we are getting hungry. Hey, there's a McDonalds, time to stop. Now we are full, check again with our chaperones and get on the buses. Next stop someplace in Indiana where we say goodbye to our drivers Mike and Jim and pick up the first drivers we had to take us home to Kewaskum.

Tuesday, May 21, Found the relief drivers right where they were supposed to be. 2:00

a.m., final bathroom stop while drivers switch and one last check with our chaperones. Drive on drivers, let's get home. 5:40 a.m., Kewaskum never looked so good, even if it is so early. Unload the buses, head for home, take a shower, change clothes and back to school. We have to be here today because we have our Outdoor Concert tonight. Tomorrow is a sleep day, if Mom & Day will let me stay home.

The following band students and director, Larry Ammel, wish to thank our nine excellent parents who gave up their time for five nights and four days to be our Moms and Dads on this trip:

## Ashford Hilltop Mass Sunday

St. Martin's traditional outdoor Hilltop Mass is scheduled for 10:30 a.m. June 9 at the Hilltop Cross south of Hwy. 67 at Ashford, Wisconsin.

In the past, several hundred people of all faiths have joined with the members of St. Martin's Parish in worshipping at the fieldstone altar near the foot of the huge cross. This continues a tradition which began when the first cross was erected on the hilltop in 1886.

The outdoor Divinity Mass will open with the Lomira Bintzler-Waehler American Legion Post #347 posting the colors. At the end of Mass, the VFW will retire the colors following the singing of 'God Bless America'. The divinity Mass will be concelebrated by Fr. Richard Fechhelm, retiring pastor of St. Martin's and Fr. Wayne Barta, newly appointed pastor of St. Martin's. The two parish choirs will also join. There is a special area of reserved parking for the handicapped so they can remain in their cars. Holy Communion will be brought to those cars. A social on the parish grounds will

include food, refreshments, games, a bake sale, White Elephant sale, and live entertainment. Clarescent Communications of Milwaukee filmed the 1989 Hilltop Mass for use in the 1990 Milwaukee Archdiocesan Fund Appeal film that was shown in area churches. The public is invited to attend our Mass, enjoy our scenic area and join us on the parish grounds for an afternoon of food, refreshments, games and fun.

Father Richard Fechhelm and his congregation invite everyone to join in song and worship at the foot of a cross, on a hilltop in a farm field and beneath spacious skies.

The Hilltop Cross stands on the high hilltop in Ashford as a symbol of Christianity, hope, and faith in God. Please join us and share this special event.

Rain date for the Mass and social is June 16.

## KHS Students Represented On Maurice's Fashion Board Summer Events Involve Kids In the Naturalist Environment

Left to right: Jenny Stelter and Michelle Schaub.

Michelle Schaub and Jenny Stelter represented Kewaskum High School this year on Maurice's fashion board.

It started out last fall as they competed against others for a spot on the board. This year's board consisted of nine girls and one boy.

They learned sales techniques, merchandising

ideas, freeze modeling and modeling in front of crowds. On June 1st at Paradise Mall they modeled summer fashions, for their last time, and received their diplomas. All had a fun year of learning experiences.

The kids on the board were from all around the surrounding area, they represented several area high schools.

Animal acrobats, canoeing and an overnight in the wilds are among the summer activities for kids at Riveredge Nature Center.

Nature's circus of animal acrobats, high wire experts and strong men are explored in the Under the Big Top session for children ages 3 1/2 to 6. This program immerses children in the natural environment through hikes to find and catch unusual animals in the ponds, hills and forests, as well as games, crafts and songs. The finale is a Riveredge Circus.

Under the Big Top is offered in three sessions: June 17, 19 and 21 from 9 to 11:30 a.m., with the second session from 1 to 3:30 p.m. The third group will meet July 1-3 from 9:30 to noon. Children must be accompanied by an adult. The fee is \$33 for the first child, \$17 for an extra child.

An earth shaking week of natural disasters is scheduled for July 8 to 12 for kids completing Grades 5 and 6. They will explore the river looking for evidence of past catastrophes, flood a landscape, learn how glaciers carved the land and see how acid rain affects pond creatures. This camp concludes with an overnight in the wilds of Riveredge. The fee is \$83 per child.

Water, Water Everywhere provides kids with the opportunity to canoe, explore the Cedarburg Bog and Riveredge ponds, and boat on Lake Michigan. Clean sparkling trout streams to the urban waters of Milwaukee will be investigated in this July 22 to 26 program for children completing grades 7 to 10. The fee of \$88 per person includes

all transportation and excursions costs as well as the Thursday overnight.

For registration information, call Riveredge at 375-2715 (metro) or 675-6888. Riveredge Nature Center, a nonprofit environmental education organization and natural sanctuary, is located north of Newburg on Highway Y.

## Activity Day Held at KES

Students enjoyed the carnival hosted by the fifth grade, and circus figures, painted by the fourth grade.

Comedy in Motion Juggling featured Bruce Cleveland.

The PTO sponsored Activity Day at KES entitled "A Day At The Circus" was enjoyed by students in all classes on Thursday, May 30th.

Highlighting the afternoon of fun were two professional entertainers. Kandu and Company featured the magic of Jeff Eaton, who, with help from student assistants made tissue disappear and ropes appear to tie themselves. Students also learned two magic tricks as part of a mini magic class. Kandu will be appearing on the children's stage at the Wisconsin State Fair.

Comedy in Motion Juggling featured Bruce Cleveland who juggled balls, rings and pins while emphasizing the importance of summer reading at one point, Bruce juggled a bowling ball, machete and hard-boiled egg. Juggling pins atop a five foot unicycle got the attention of all the students.

After the performers, the fifth grade students hosted

Kandu and Company entertained KES students on Activity Day.

carnival games for all school students, while life-sized circus figures, painted by the fourth grade also brightened the day. All students in attendance had a great day "At the Circus."

# KHS Students Experience Real-Life Science

# Letters to The Editor

Kewaskum High School's physics class

Jerry Sese lays out the baseline, Chris Wunsch sights the top of the ride, while Scott Heller and Jeff Landvatter read the angle.

On May 13, 1991, Physics students from Kewaskum High School again journeyed to Gurnee, Illinois to participate in Physics Day at Great America. Kewaskum Physics students have participated in this annual event for the past three years.

Part of the day is spent, of course, enjoying the attractions and the out-of-doors. However, there is also serious work to be done. Students are required to analyze at least five of the major rides at the park. The analysis includes measuring heights of various components by triangulation, measuring times of fall or rotation, plotting the paths of some of the more intricate rides, and measuring accelerations with student-made accelerometers. With these measured quantities, the students can then calculate accelerations (when the Eagle screams down the first hill), "g" forces (when the Tidal Wave enters its loop), or centripetal force (when the floor of the Cajun Cliffhanger drops away, leaving the student pressed against the wall).

Len Soller, Physics teacher at Kewaskum High School, calls Great America, "the biggest Physics playground in the area" and plans to continue the yearly outing. He says, "These students will never again go to a carnival or amusement park and look at the rides without thinking about physics. This is learning that should last a lifetime."

### GED Testing Readily Available in Area

For a variety of reasons, many adults have not completed high school. Nearly 72 million American adults do not have high school diplomas and 40 percent of Wisconsin's adults are members of that group.

This does not mean that their educational growth and experiences stopped after leaving high school. Many people make considerable educational progress through a variety of experiences encountered in everyday life.

In 1942, the General Education Testing Service was created to develop a battery of tests, called the General Educational Development (GED) tests, for U.S. military personnel who had not completed high school. With the GED certificate, veterans were better able to pursue educational and vocational goals when they returned to civilian life.

Today, the GED tests are available to all adults who have not completed high school.

Passing the GED tests qualifies individuals for certain jobs, to gain promotions or to pursue higher educational or personal goals.

Wisconsin offers two options for adults who have not

completed high school. They can earn a GED certificate or a High School Equivalency (HSED) diploma.

Moraine Park Technical College administers GED and HSED testing in this area. Contact the nearest Moraine Park Goal Oriented Adult Learning (GOAL) department for information on how to enroll in the GED or HSED programs. Moraine Park GOAL department telephone numbers:

### Critical Seminar For Retailers and Small Businesses

Customers are the essential ingredient for any business and if they are unhappy with service they will take their business "elsewhere." In an effort to help businesses train employees to develop good customer service habits, satisfying customers so they return again and again, the West Bend Area Chamber of Commerce is sponsoring a seminar to be held on Thursday, June 6 from 1 - 4 p.m. The three-hour seminar will be held at the Best Western West Bend Hotel.

Jeff Staads, president of Business Resource Center, Eau Claire, will be the seminar leader. Those attending will learn how to define customer service goals, communicate with customers, identify the competition, solve problems with skill and patience, and how to handle customer calls efficiently and effectively.

This seminar will help the business owner/manager and staff become customer service pros. Rewarding employees for quality customer service will also be covered.

A special feature offered to participating businesses is a personal critique of customer service. Representatives will be in our area to shop and observe customer service skills in your place of business if you desire. Please indicate your wish to be included in this service when you call to register for the seminar.

The fee for the seminar is \$25.00 for the first person from a company (\$35.00 for companies not belonging to the West Bend Chamber) and \$5.00 for each additional person from that company. Call the Chamber office, 338-2666, to register for this important seminar.

# Village Board

(Continued from Page 1)

based on that 47c figure, the cost for police services on a \$40,000 home is actually \$18.80 per year or \$1.57 a month. On a \$70,000 home, the cost is \$32.90 per year or \$2.74 a month. Even on a \$100,000 home, the cost is only \$47.00 per year, or \$3.92 per month, well below the rumored \$500 a year cost.

Knoebel again stressed the fact that part time personnel, especially certified officers, are becoming extremely difficult to hire. He reminded the board that after this year, departments will have to bear the entire cost of training new officers, which will run about \$7,000 per man. There will no longer be state aids and reimbursements.

Knoebel told the trustees, as of January 1, 1992, one full time officer, including salary and benefits would cost the village \$30,946. He said there would still be a need for two part time positions to cover about 8 to 12 hours a month, which would cost about \$2,200 for the year. Those figures would represent a total of \$33,000 per year for one additional full time and two part time officers as compared to the \$28,000 - \$29,000 the village is paying just for part time officers.

Board president Mary Krueger told Knoebel she had received several calls and all of them were opposed to increasing the department's staff. "Some of the people feel we're overprotected," said Krueger. She questioned why the village could not provide police service like Slinger and Campbellsort, which rely on the Sheriff's departments and do not provide 24-hour police protection. Knoebel replied that those communities only have their calls answered if a deputy is available. "If someone's banging on your door and there's no officer in the area, you're out of luck," said Knoebel. He also noted that Slinger wants to go to full time with its department. "They want the service, they just don't want to pay for it."

Knoebel told the board, "Things are getting worse, we're getting the transients from Milwaukee." "This past week-end there were two incidents, during one my officer stopped a vehicle and a loaded pistol was found in the glove compartment, in another

morning patrol, the officer stopped a vehicle and it was found that the occupants had broken into a trailer just north of Kewaskum."

The information provided by Knoebel, however, was not enough to convince the board to approve his request to hire a full time officer.

While it was not an agenda item, the board heard comments from both sides regarding the problem of grease in a manhole brought up at the last meeting. Both Trustee Bob Beisbier and his partner, David Nigh who was also in attendance, co-owners of Kewaskum Frozen Foods, were upset about the discussion of the problem at last month's meeting.

Beisbier told Wastewater Pollution Control Superintendent Pete Albers that he cleaned the manhole out after hearing about the situation. "There was only 3-4" of grease in there, less than a five-gallon pail full," noted Beisbier. Tom, (McElhatton) when you asked Pete what he meant by full of grease, what did he say," asked Beisbier. "Full." From the paper it made us sound like bad guys, as though grease was bubbling out of the manhole, noted Beisbier.

The two men were angry over a letter they had received notifying them that they must install a grease trap to meet state codes. "We're never gotten a letter before, why didn't we get a letter before this if it was such a problem?" asked Beisbier. Albers replied, "Because we've been trying to do it verbally." "We added on in 1972," said Beisbier, "and had everything dug up, why weren't we told to do it then?" Albers said he did not know why or what the code was at that time, now, a grease trap is required.

Because the village is looking at a facilities report compiled by its consulting engineers, Albers was asked about the treatment plant's capacity and the need to expand some of its facilities. "Hydraulically we're okay; biologically, we're in trouble." Trustee Gary Gavin asked, "Is the grease trap going to solve the problem up there (at the plant)?" Yes, replied Albers, from them anyway.

After more discussion on the issue, Krueger told Nigh and Beisbier, "I think the best thing is to talk to our engineers." She noted they are the people who

are telling the village what has to be done to correct the treatment and sludge problems. Nigh told Krueger he had already talked to the engineer and he said a grease trap is the law. Beisbier noted the cost to do the work now may be too prohibitive, we might just have to close the doors.

In other action the board approved the annual renewal of village businesses beer and liquor licenses as well as bartender licenses.

The board also accepted the low bid of Kettle Moraine Electric for electrical work at the storage shed and recycling building.

Tom McElhatton advised the board that 355 swim passes have been sold to date and the swim and tennis classes are filling up.

Board representative Gavin advised the trustees that the Library Board will be interviewing ten applicants on June 10th, to find a replacement for Library Director Trudy Trapp who resigned effective June 1st.

Because of the July 4th holiday, the board voted to change its July meeting dates to July 8, and July 22.

It certainly looks as though the number thirteen was rather unlucky for Casper Penhallow, a farmer residing north of Dundee, on the old Gilbert McDougal farm, for during the storm last week Friday night, twelve of a herd of thirteen cows were killed when struck by lightning. The cows were standing under a large tree near a barbed wire fence and when the lightning struck the tree it ran along the fence killing all of the cows with the exception of one. The cow that escaped was found eating grass near the other cows. The dead animals were strewn about indicating the charge was sufficient to kill them instantly.

Miss Regina Kirsch, daughter of Mrs. Peter Kirsch, and Mr. Henry Barth were united in marriage at St. Kilian's Church last Monday, May 29th. Miss Theresa Boegel acted as maid of honor and Louisa Beyer as bridesmaid. The groom was attended by Peter Donecker and Wm. Kirsch. Anita Urban was flower girl and Wm. Kudek was the ring bearer.

Born to Mr. and Mrs. George Lancer last Friday, a baby girl.

Ella Heberer of Kewaskum spent Sunday with her brother Adolph Heberer and family at New Fane.

Mr and Mrs. Hubert Fellenz, St. Michaels, are the happy parents of a baby boy.

Two accidents happened at Schrauth's Pond last Sunday. Pierson Brown of Campbellsport tipped over with his auto, but aside from slight damage to the auto and a few bruises for Mr. Brown, no serious damage was done. Peter Kohler of Wayne had the misfortune of backing into the pond while attempting to turn his auto around. No damage was done.

## Village of Kewaskum NEWS NOTES

It has been brought to the Village of Kewaskum's attention that several properties located within the village have vehicles standing around the yard on driveways and streets as well as other items being stored.

Under Chapter 7.09(1) of the Kewaskum Municipal Code it states:

Any vehicles, licensed or unlicensed, remaining on any street, highway, or road in the Village for more than 7 days without the written permission of the Chief of Police or his authorized agent, shall be an abandoned vehicle, with the meaning of this section. Under Chapter 7.09(3) Removal and Storage states: the Police Department may direct removal of any abandoned vehicle. Such vehicle shall be removed to an area for storage and remain in storage not to exceed 30 days. At the end of 30 days, the Police may direct the removal and sale of the vehicle. Any costs received in the sale of the vehicle shall be used to offset the cost incurred in storage of the vehicle. Upon removal and sale of the vehicle, the Police department shall keep a record setting forth the name of the party removing the vehicle, the price paid for the vehicle, the costs of the storage of the vehicle and reasonable identification of the vehicle.

Chapter 9.08 of the Municipal Code also addresses the storage of vehicles, junk and etc.

Another concern would be leakage of oil onto the streets and yards. The oil causes a deterioration of the asphalt and does eventually run into the storm sewer system. This is an environmental issue and one we should be concerned about.

You are hereby requested to comply with the above order immediately. If you choose not to comply, the Village and District Attorney will undertake to correct the condition by whatever means may be necessary and will charge the expense thereof against such owner.

Your cooperation in reference to this matter is appreciated. Thank you!

THE VILLAGE OF KEWASKUM

**HORSE TRAILS LOCATED ON 13 STATE PROPERTIES**

MADISON, WI — Equestrians can choose among 13 different state parks, trails, recreation areas and forests to ride their horses, reports Dennis Kulhanek of the Department of Natural Resources' Bureau of Parks and Recreation.

The 13 designated horse trails provide 314 miles of varying terrain, ranging from level trails on former railroad grades to winding trails through rugged hills in the parks and forests. The trail lengths are from 2 1/2 to 75 miles long.

Horses can be rented from private stables near some of the trails. For those riders who bring their own horses, Kulhanek suggests they stop

first at the park or forest office to find out where the designated unloading and parking areas are for their trucks or trailers. A daily or annual vehicle admission sticker is required at park, forest, and recreation areas, reminds Kulhanek. In addition, campsites especially designed for horses and their riders are available at some locations.

For more information on horseback riding on state properties, please write to: Wisconsin DNR, Bureau of Parks & Recreation, P.O. Box 7921, Madison, WI 53707; or call (608) 266-2181.

### Durand Artist Wins '91-92 Turkey Stamp Design Contest

The original design of Wisconsin artist David Constantine, Durand, has been selected as the winner of the state's 1991-92 Wild Turkey Stamp design contest. Department of Natural Resources officials have announced.

First runner-up to Constantine was Terry Doughty, Brookfield. The group of second runners-up consisted of William Millonig, Campbellsport; Malcolm Clark, LaCrosse; Bob Frankowiak, Milwaukee; Kent Moon, Poyntette; Edwin Wynveen, Oostburg; Patrick Sutter, Blue Mounds; Renee Allegar, Rio; and Wiley Miller, Wind Lake.

Constantine is a lifelong native of Durand. He, his wife and two

children live in the heart of the Chippewa River Valley in a hand-hewn log home that the artist designed. The log home houses the studio, and the river valley "serves as my classroom for wildlife research," according to Constantine.

Constantine is a naturalist, conservationist and outdoorsman. Working as a taxidermist for the past 14 years, he noted that he's been able to study the subjects of his work in a way that few other artists have. The self-taught artist's works include carvings and paintings.

Houdini was as much an athlete as a magician. He accomplished many of his feats by superb muscle control.

## "Just a little boy"

*He stands at the plate with heart pounding fast,  
The bases are loaded; the die has been cast.*

*Mom and Dad cannot help him, he stands all alone.  
A hit at this moment would send the team home.*

*The ball meets the plate, he swings and he misses.  
There's a groan from the crowd with some boos and some hisses.*

*A thoughtless voice cries, "Strike out the bum."  
Tears fill his eyes, the game's no longer fun.*

*So open your heart and give him a break.  
For it's moments like this, a man you can make.*

*Keep this in mind when you hear someone forget.  
He's just a little boy and not a man yet.*

EDITOR'S NOTE: One of our readers sent in this poem and asked that we share it with you. With Little League season approaching, parents need to remember to set an example while in the stands and encourage the growth of true sportsmanship by keeping the fun in the game for all children and adults.
