## Accident Claims Life of Rural Kewaskum Man

Antone Klein, Route 1, Kewaskum, was killed when his truck left Highway S, rolling over several times. Portions of the truck's cap, which was ripped off, protrude from beneath the vehicle which ended up on top of it.

By GERRY MUELLER  
Antone Klein, 69, of N960 Forest View Road, Kewaskum, was fatally injured in a one-vehicle accident over the weekend.

According to a Fond du Lac County Sheriff's Department spokesperson, the accident occurred at 11:20 a.m., Saturday, August 24th, on Fond du Lac County Highway S, in the

Town of Auburn, 7/10ths of a mile north of Youth Camp Road (just north of New Fane).

The report indicated that Klein, the driver and sole occupant of a 1988 Chevrolet pickup truck, was traveling north on S, when his vehicle went off the left side of the road. Klein apparently overcorrected to get back on the

road, causing his vehicle to then go off the right side of the road, rolling over several times.

Klein was ejected from the truck, landing on the roadway. The release stated Klein was not wearing a seat belt. He was transported to St. Joseph's Community Hospital, West Bend, where he was pronounced dead.

## Melissa Miller Receives \$5,000 Scholarship from Beloit College

Melissa Miller

BELOIT, WIS — Melissa Miller, a 1991 graduate of Kewaskum High School in Kewaskum, has won a Presidential Scholarship from Beloit College. Miller was among 175 students from 24 states who successfully competed in Beloit College's annual Presidential Scholars Competition in March, and is now a first-year student at Beloit.

In order to be eligible to

compete, students must rank in the top 10 percent of their class, have strong college preparatory studies, demonstrate achievement in extra-curricular or community activities and be recommended by a teacher or counselor. Applicants also visit Beloit College for interviews with college faculty.

Miller is the daughter of John and Lynn Miller of Kewaskum.

The \$5,000 Presidential Scholarships were awarded to 42 entering freshmen and is renewable for four years to students who maintain a 3.0 grade-point average or better.

As a member of both the Science 50 and International 50 consortia, Beloit is one of nation's top undergraduate colleges for training scientists and international leaders. Beloit is also administrator of the Keck Geology Consortium and a member of the Pew Mid-States Science Consortium. Beloit is ranked among the top 15 colleges for producing Ph.D.s in sociology, anthropology, geology and foreign languages.

Beloit College, a coeducational liberal arts college founded in 1846, is Wisconsin's oldest college in continuous service. More than 1,100 students come from 45 states and 36 foreign countries to study at Beloit. The college is located 100 miles northwest of Chicago and 50 miles south of Madison.

## Preschool Story Sessions at Library

Luci Bledsoe, Director of the Kewaskum Public Library, has announced the schedule for fall programs at the library.

Area children, ages 3-5, are invited to register for the fall preschool story sessions. These sessions, for children not enrolled in kindergarten, will be held on a weekly basis for six weeks, beginning the week of September 16. "Because of our expanded hours," said Mrs. Bledsoe, "we will be offering both an afternoon session and a morning session. We are asking that children sign up for one time period and attend just those sessions. Both sessions will be following the same schedule of activities."

The theme for the fall story hours will be "Apple-Licious Activities." The Wednesday section will be 1:00 - 1:45 p.m. and will be called the "Golden Delicious" group. The Friday section will meet 10:00 - 10:45 in the morning and will be

called the "MacIntosh" group. "In addition," Mrs. Bledsoe said "we will try and have a weekly story session for those children presently enrolled in kindergarten. If there are at least ten children signed up and available for the same time period, we will have a "Granny Smith" session for those children in kindergarten. The time slot will be determined by the number of children able to come either for a morning session or for an afternoon session."

Because of a limited enrollment for each story session, parents are encouraged to register their children, either in person at the library or by calling the library at 626-4312. All children wishing to attend the story sessions must be registered in advance.

"We are also busy planning some activities for the parents who bring their children to the story sessions" said Mrs. Bledsoe, "and we hope to provide some special library activities for school-age children when they have a day off from school. Look for notices about these events after plans are finalized."

## MDA Labor Day Telethon And Festival Set at TV6

Once again, the annual Jerry Lewis Labor Day Telethon For Muscular Dystrophy begins Sunday, Sept. 1 at 7:00 p.m. and continues until 6:30 p.m. on Monday, Sept. 2, live from the WITI TV6 Atrium.

At 9:00 a.m. on Labor Day, the fun and excitement of the MDA Telethon will expand to the great outdoors, with the beginning of the MDA Festival. Held on the TV6 grounds, 9001 N. Green Bay Road, the Festival will run until 6:30 p.m. Admission to the Festival is free.

Festival-goers can sample all types of foods and tempting treats. The 1991 Festival offers favorites like the Brown Deer Lions and Lionesses' corn roast, Italian Community Center's Italian Sausages, Subway Sandwiches, brats and rollbraten from Germanfest, South Shore Cafe's gyros, Gourmet Cheesecake, Crestwood Bakery brownies, Jolly Good soda and Budweiser beer among other mouth-watering treats. New for 1991's food sampling will be KFC's chicken nuggets and hot wings, Wong's Wok's egg rolls, and Palermo's pizza.

In addition to sampling all the food at the Festival, festival-goers can participate in games

and activities including: K Mart and Hardee's kids' games, the Barrel O' Fun fishing pond, Eagle Snacks frisbee toss, IRS dunk tank, Erik of Norway face painting, Milwaukee County Trolley rides, Harley-Davidson motorcycle display, Milwaukee County Deputy Sheriff's Association horse rides, Peter Pan Ping Pong Pitch, Tootsie Roll Bean Bag Toss, the Great MDA Auction at 1 p.m. and much more!

The Festival also offers lots of family-style fun on the WOKY/WMIL entertainment stage, beginning at 9:15 a.m. with Willie Sterba, a children's entertainer, followed by musical entertainment by Showdown, Past Midnight and Gerard. The Big Boy Show and Chuck E. Cheese Show will also entertain young festival-goers throughout the day.

1991 marks the 21st year WITI-TV 6 has joined in the fight against MD. One hundred percent of the proceeds raised at the Telethon and Festival are donated to the Muscular Dystrophy Association for the fight against MD. The Muscular Dystrophy Association is a voluntary national health agency dedicated to fighting muscular dystrophy and the 40 other neuromuscular diseases.

## Wagners Celebrate 50th Anniversary

Wilbert and Leona Wagner

Wilbert and Leona Wagner of Kewaskum celebrated their 50th wedding anniversary Sunday, August 18, for over one hundred relatives and friends at a dinner reception at the Labor Center in Kewaskum. It was hosted by their two children, Ronald W. Wagner, Marilyn Loomis and granddaughter Lisa of Kewaskum. Dinner was catered by Homeplate.

Wilbert and the former Leona Ebert were married Aug. 16, 1941 at Trinity Lutheran Church in Dundee by the Pastor Walter

Strohschein.

Attendance for the couple were Hilda Ebert Schiltz and the late Ben Schiltz of Random Lake and Vilas Ebert and the late Rosella Wagner Ebert of rural Campbellsport.

Wilbert worked for 40 years at Stella Cheese in Campbellsport, retiring in 1980. They lived in Campbellsport until 1984 when they moved to Kewaskum.

The Rev. and Mrs. Anthony Schultz and family helped celebrated the occasion helped.

## New Videos Available At Public Library

The following videos are now available at the Kewaskum Public Library. Stop by and check one out!

Walt Disney's *The Jungle Book* is based on Rudyard Kipling's stories about Mowgli, the "man club" raised by a friendly wolf pack.

Walt Disney's *Robin Hood* is based on the adventures of Howard Pyle's stories about Robin Hood and his friends who helped the poor.

*Prancer* is a Christmas story about nine-year-old Jessica who believes in Santa Claus and flying reindeer. One day she finds a wounded reindeer and nurses it back to health.

*The Wind in the Willows* is an animated version of Kenneth Grahame's classic tale about a toad, a rat, a mole, and a badger.

*The Yearling* is a family classic, based on the prize-winning novel by Marjorie Kinnan Rawlings. Twelve-year-old Jody, a lonely boy who yearns for a pet, gets his wish when he adopts an orphaned fawn.

*Doctor Doolittle* is based on

the stories by Hugh Lofting and stars Rex Harrison as a 19th century English doctor who gets himself into different funny predicaments.

*The Signs & Rhymes of Burma-Shave* traces the history of the Burma-Vita Company, which entertained America's travelers with one of the most unusual and successful advertising campaigns ever. Public performance rights are included with this video.

## Videotape Policy At Public Library

The Kewaskum Public Library has announced a change in its policy for videotape rentals. Effective immediately, children, 12 years of age or older, may check out videos from the Kewaskum Public Library. The children must have a valid library card and must have a signed video loan permission slip on file at the library. This form must be signed by the child's parent or legal guardian. There is a limit of two videotapes per family at any one time. Videos checked out from the library are due the next day the library is open. If you are interested in having your children have video loan privileges at the library, stop in and sign the permission card.

## NOTICE TO ALL DOG/CAT OWNERS

All dogs and cats are not to run at large or cause damage to other peoples property. As per Chapter 12.02 of the Kewaskum Municipal Code and State Statutes Chapter 174.02. The owner or keeper of any dog or cat licensed or unlicensed, shall not permit the same to cause damage (leave body waste) on others property. This includes sidewalks, streets, alleys and other public areas. Thses matters are redefined in both Chapter 9, Peace and Order, and Chapter 10, Public Nuisances, of the Kewaskum Municipal Code.

Any party violating these codes are subject to the penalties as defined in Chapter 25.04 of the Kewaskum Municipal Code.

The Village of Kewaskum "Park Rule and Regulations" prohibits all dogs and cats from entering any park. However the Village Board recently made provisions for one exception to this rule. Dogs will be allowed in the area adjacent to Pump Station No. 2, 439 Main Street and just east of the Milwaukee River. The parking lot area may be used to provide access to the Milwaukee River for training and exercising of dogs.

NOTE: The owners and keeper of dogs are reminded that they are responsible for any damaged caused and body waste. Children and adults use River Hill Park for all types of activities and should not have to contend with unsanitary conditions.

Your cooperation and consideration of others would be greatly appreciated. The same rules apply to railroad right of ways, boulevards and the like.

## McGruff House Program Underway

### Help Our Kids!

The Kewaskum Police Department in cooperation with the Kewaskum Junior Women's Club have established a McGruff Safe House Program. The program, which started August 26, 1991, is nationally recognized and in effect in many cities and villages.

Chief Richard Knoebel said "We had a program similar to this in the 1970's and I felt, with the increase in traffic and incidence of child related crimes it was time we re-established a program of this type."

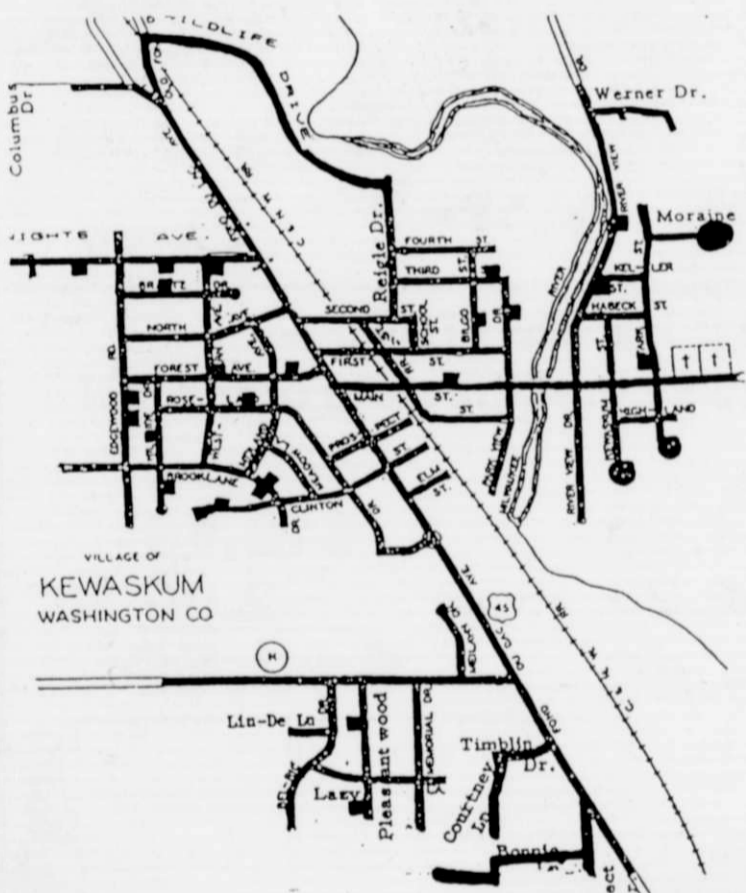

Community Relations Officer Thomas A. Bauer described the program as a place where children can go to on their way to and from school or any other time they need assistance. Each house will be displaying a distinctive McGruff House sign in the front window alerting the children that this is a safe place for them to go. The signs also let would be criminals know that

the program is in effect and that we will take action against them.

Information on the McGruff House program will be sent home with elementary aged children during the first week of school and it is hoped that the parents will go over this with their children so they know how to recognize the signs and what to do.

Officer Bauer also said that "We now have thirteen active McGruff Houses, but there is a need for more." The map shows the current locations of the McGruff Houses and, as can be seen, there are many areas where there are more volunteers needed.

He said that anyone interested in becoming a McGruff House participant or wanting information on the program can contact him at the Kewaskum Police Department at 626-2323 or by stopping at the Station.

## Livestock Sale to Benefit Food Pantry

Proceeds from the sale of livestock purchased by B. C. Ziegler and Company at the Washington County Fair July 25th were recently donated to the Full Shelf Food Pantry, West Bend. B. C. Ziegler and Company bought a sheep from Penny Gundrum (left, center), 19, of West Bend, and a steer from Ginger Merry (right, center), 12. Peter D. Ziegler (left), president and CEO of B. C. Ziegler and Company, West Bend, presents the check for \$1,000 to Alfred Froehlich, executive director of the Full Shelf Food Pantry, West Bend.

Proceeds from the sale of a lamb and a steer purchased by B.C. Ziegler and Company at the 1991 Washington County Fair will buy nonperishable food items for clients of the Full Shelf Food Pantry.

The company purchased a lamb raised by Penny Gundrum, 19, of West Bend and a steer raised by Ginger Merry, 12, of Hartford at the fair's livestock sale. The animals were raised by Gundrum and Merry as part of a 4-H project. The company then sold the animals at market prices and contributed the proceeds to the food pantry for the purchase of nonperishable food items.

In presenting a check for \$1,000 to Al Froehlich, executive director of the Full Shelf Food Pantry, Peter Ziegler, president and CEO, said, "Whether you raise it yourself, or earn the money to pay for it, feeding a family in these times is not easy, and for many, it is impossible. But thanks to the Full Shelf Food Pantry, Washington County families who would have to do without do not have to go hungry."

He added, "We are proud of the hard work and labor of love these young people exhibited in producing such outstanding livestock, and are equally proud to help Full Shelf keep its shelves full for those in need."

Eighty-six percent of Wisconsin's milk is Grade A.

## St. Jude's 'Wheels for Life' Bike-A-Thon Sept. 14 Here

Brooke Simon

St. Jude Children's Research Hospital has announced that Mrs. Holly Knurr will coordinate the Kewaskum "Wheels for Life" Bike-A-Thon. The date of 09/14/91 has been selected for the ride.

Founded by Danny Thomas in 1962, St. Jude Children's

Research Hospital is the largest childhood cancer research-treatment-education center in America. Although located in Memphis, TN, the hospital has a local impact because area doctors and hospitals can use treatments and procedures developed at St. Jude.

St. Jude Hospital is non-sectarian and provides medical care for over 3,600 active patients. Currently, over \$200,000 is needed each day to keep the doors open. These funds come primarily from public contributions.

This year's Bike-A-Thon is dedicated to Brooke Simon. Six-year-old Brooke, from Delcambre, Louisiana, developed Wilms Tumor in November, 1988. Following the removal of her left kidney, she has undergone radiation and chemotherapy. Though her prognosis is good, her fight still continues.

We are grateful for the concern that Mrs. Knurr has for our work and we hope the citizens of Kewaskum will support the Bike-A-Thon to help provide the funds that are needed to preserve the world's greatest asset. "Our Children."

Bike-A-Thon will be held at the High School track on Sept. 14 at 9:00 a.m. Rain date is Sept. 21st at 9:00 a.m. To obtain sponsor forms contact your school Phy Ed teacher, Kewaskum Public Library or Mrs. Knurr at 626-4893.

## Area Companies Help 'Set the Pace' For United Way

Beginning August 19, seventeen area companies are participating in the Pacesetter portion of the 1991 United Way Campaign. This part of the United Way drive is designed to get the momentum going for the main drive, which officially begins on September 6.

Campaign Chairman Tom Kieckhafer, President of The West Bend Company, is pleased with the caliber of volunteers and preparations made to date for the annual fund drive.

"Twenty eight agencies will benefit from our efforts. While our \$710,000 goal is a modest increase over last year's successful campaign, the need for 1992 funding for these agencies exceeds the goal. This means everyone will have to work harder and dig a little deeper, but our efforts will help so many people - the young, the old, the hungry, the disabled, families, and the county as a whole. Past successes and a demonstrated commitment to the quality of life we have are reflected by the ongoing support of residents and employees who make up the United Way of Washington County's service area. We're counting on that commitment to continue."

Pacesetter companies will run their campaigns from August 19 through September 5, with results being reported at the September 6 kickoff. These businesses are:

Barton Products, Steiner Electric, Pick 'N Save, West Bend Daily News, Russ Darrow, M & I Bank, West Bend School Food Service Workers, Drs. Faucett and Domres Dental Practice, West Bend Police Department, Washington County Sheriff's Department, Cedar Lake Home Employees, Maysteel, Beatreme Foods, Kewaskum School District, Regal Ware, First National Bank of Hartford and the United Way of Washington County.

## Orientation for New UWWC Students Aug. 29

New student orientation at the University of Wisconsin - Washington County will be held August 29 from 5:15 to 8 p.m. Incoming freshmen and transfer students, along with parents and spouses, are invited to attend for an evening of facts, food and fun. The informational program will be followed by dinner and entertainment by comedian Dave Rudolph.

The purpose of the orientation is to introduce incoming students to campus resources, programs and processes, faculty and advisors, and to other students. Participants will receive practical information about college life in general and UWWC in particular. A slide presentation will highlight the campus and campus activities. Music, theatre, and physical education directors will introduce their programs and focus on opportunities for involvement. Throughout the evening, UWWC continuing students will be available to answer questions and talk with new students individually.

In addition to learning more about the campus, new students' parents and spouses will be alerted to some of the changes they might expect and some of the ways they can contribute to the student's success.

A \$5.00 per person charge covers the cost of dinner and entertainment. For registration and information, call 335-5201.

## You Know You're Over Sixty...

By Sarah and Jim Andre

You know you are over sixty if you can remember when...

- ✓Valentine Dreher made cigars near the Opera House.
- ✓Many groceries came in bulk and were weighed in the store.
- ✓Westerman Brothers had a livery stable and rented out horses and buggies (cutters in the winter).
- ✓Many residents had a horse or cow.
- ✓Many was delivered house to house.
- ✓Barney Demerest bought furs and ginseng on the site which is now Keller's Liquor Store.
- ✓Public School was in Canada.
- ✓The many loads of barley waited to be unloaded at the malt house and there were loads of potatoes were at Koch's and Rosenheimer's warehouses.
- ✓The barrels of salt were stored outside under a roof on the east side of Koch's Store.
- ✓Doctors made house calls.
- ✓Kewaskum had a cooper, shoemaker, and a grave monument cutter.
- ✓Barbers also shaved customers.
- ✓The telephone office was in a small room in the Marx Store.
- ✓The Burt Johnson Medicine Show was at the Opera House for a week or more. Mathilda was the star attraction.
- ✓Bands of gypsies would come and camp in town. Women would tell your future.
- ✓Basketball was played in the Opera House... many fights.
- ✓Orrie and Walter Buss showed silent movies at the Opera House. (The projector is now in Galloway House Museum in Fond du Lac).
- ✓Every saloon had a horse barn.
- ✓You got a piece of bologna FREE when you went to the butcher shop with your mother.
- ✓People would go to the C.N.W. Depot to watch the trains come in.
- ✓Saloons had a FREE lunch.
- ✓Saturdays the kids rode on the bobsled runners between Kewaskum and Canada.
- ✓World War I ended. Torchlight parade and burning of the Kaiser at Ziegler's Saloon, now owned by Frank Felix.
- ✓Farmers got due bills for eggs, butter and chickens sold to the stores.
- ✓Moonshiners bought many 100 pound bags of corn sugar and yeast from the stores to make mash for the still. One bag of sugar and three pounds of yeast made a barrel of mash. When the moonshine was one week old and color was added, it was ready for market.
- ✓And you are over 90 if you can remember when a team of horses pulled the street car between beautiful downtown Kewaskum and Canada.

## Tough Courses in High School Make College Easier

SECOND IN A SERIES

By Scott Goplin, Dean of Admissions, St. Norbert College

Preparing for college academics begins in high school. The classes you take in the next few years... even the ones you grumble about... are preparing you for the challenges and opportunities college will offer.

What can you do to get the most out of high school and lay a firm academic foundation for college?

To begin with, you'll want to take a well-rounded course load. All states have basic requirements for high school graduation, and most high schools have "college prep" curricula. You'll have to take algebra and geometry, science courses such as biology and chemistry, and a variety of courses in the humanities such as English, history and art.

These are basic courses. College prep courses are more advanced, and the college prep curricula often includes foreign languages, and advanced science and math courses. These courses can help you develop vital skills for college, and, of course, for the "real" world. Working through geometry, trigonometry and calculus, for example, teaches you to think logically. When you get to college, you'll discover that the thinking skills you learned in math will help you in other subjects, such as philosophy. Science courses will be especially important if you decide to pursue any of the health professions, or fields such as environmental studies.

Beyond the requirements, however, you'll want to challenge yourself as much as you can academically. You may be able to sign up for Advanced Placement courses in math, science, history and English. Many selective colleges like to see that you're stretching yourself intellectually; you'll also be practicing for the kind of work you'll face in college.

Of course reading and writing are skills crucial for college success. Set up a flexible four-year plan to improve your abilities. In 9th grade, for example, set a goal of reading one book a month. Challenge yourself with classics such as "The Adventures of Huckleberry Finn," with the plays of William Shakespeare, or even myths from around the world. Balance your reading with something or someone you find fascinating.

At the same time, work on your writing. Before you begin writing, jot down some ideas about the point or points you're trying to make. Try to make your writing clear and accurate. Don't use big words in order to make an impression.

In 10th grade, try to read 100 pages a week, outside of school. Look into new types of reading: news magazines, poetry, and classics are a good place to start. How about writing for a school publication? It's a good way to practice your writing skills while showing college admissions officers that you're involved in the life of your school.

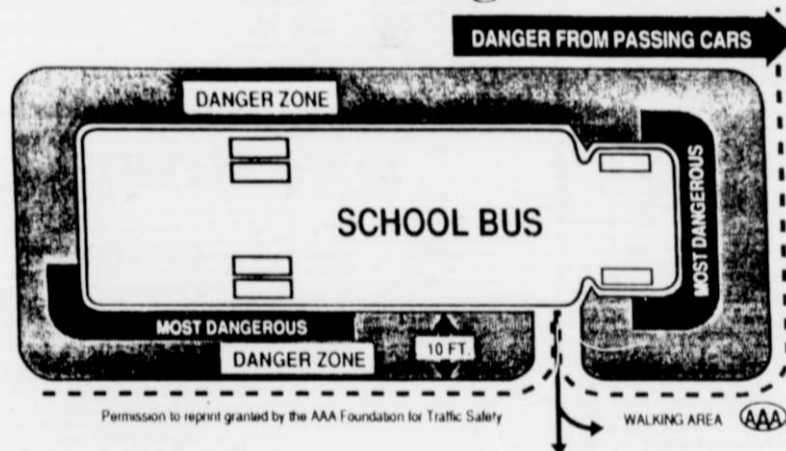

Keep reading independently through 11th and 12th grade, you can get ideas about what to read from teachers, librarians and older friends or relatives. Start collecting new vocabulary words. Not only will you improve your score on college admissions exams, but you'll have more words at your fingertips.

Throughout your four years of high school, you should be studying a foreign language. More and more high schools and colleges want their students to study language; educators realize that the world is getting smaller, and they want students to be prepared! People with foreign language skills will have an edge in numerous businesses and professions, even if they never leave their home state.

In college, you'll write scores of research papers. Now is the time to sharpen your research skills. In 9th grade, learn to use your library. Do you know how to find information there? By 10th grade, you should be using a variety of sources for your reports and learning about footnotes. In 11th and 12th grade, learn how to support the point you're making with primary and secondary sources. Practicing these skills in high school will allow you to feel more confident (and do better) when you're assigned that first college research paper.

Remember to let your advisor know that attending college is one of your goals. That way, he or she can help steer you to the right courses. Establishing basic skills, taking "college prep" courses, seeking out academic challenges and always doing the best you can in class will get you off to a great start in college.

## School Bus Danger Zones

School bus danger zones are the areas around the bus where 80 percent of all bus accidents that cause student deaths occur. National statistics

show that four times as many fatalities occur outside of the bus in danger zones than inside of the bus.

### Transportation Safety Tips

#### Motorists

- Stop when meeting or overtaking a stopped school bus with red lights flashing. Failure to stop at least 20 feet from the bus and remain stopped until the red lights are turned off or the bus resumes motion can bring a fine of \$30 to \$300.
- Honor the 15 mph speed limit when entering a school zone. Stop when the school patrol or crossing guard instructs you to do so.
- Yield the right of way to pedestrians in marked or unmarked crosswalks. Before driving across a sidewalk, yield to pedestrians.
- Watch for bicyclists. Maintain a minimum distance of three feet when passing a cyclist.

#### Pedestrians

- Walk on the sidewalk. If no sidewalk is available, walk on the left side of the roadway facing traffic.
- Cross in the crosswalk. Check for traffic before stepping off the curb.

- Obey traffic signals and the crossing guard.
  - If your school has a designated safe route, use it.
- #### Bicyclists
- Make sure your bicycle is the right size. You should be able to straddle your bike with both feet on the ground.
  - Keep bicycles in good condition. A well-maintained bike is safer and will last longer.
  - Ride with traffic on the right side of the road.
  - Obey traffic signals and use hand signals to let others know what you plan to do.
  - Ride single file when riding in a group. Make your own decisions instead of following the leader.
  - Protect your bike by locking it.
  - Wear a safety helmet. About 75 percent of all cyclists killed each year die from head injuries.

## Jerry Lewis Telethon Pledge Center Site Announced

The Threshold in West Bend, will be the site of the West Bend area for the Jerry Lewis Telethon which will be broadcast by WITI TV6 on Labor Day weekend.

The West Bend Jaycees will be running the Telethon pledge center. The Threshold will be donating the use of their facilities for the annual show which

benefits the Muscular Dystrophy Association. To make a pledge to MDA during the Telethon, you may call 338-1188.

Anyone interested in helping with the West Bend area Pledge Center may call Todd Leichtle at 334-9608.

Danny Fiene, left, Southeastern Wisconsin Poster Child and Todd Leichtle of the West Bend Jaycees, are shown in the above photo.

### Volunteer

"Do Something good. Feel something real." You don't need exceptional talent. Only a desire to help. You don't need an abundance of free time. Only a willingness to spare the time you can. You don't have to save the world. Only try to make one other person's life better. That's what being a Point of Light is all about - caring for others in need.

The Volunteer Center of Washington County will help you get involved. Call 338-8256 to find out where you are needed and would like to work as a volunteer.

Urgently needed are DRIVERS to deliver meals at noon on Tuesdays to older adults who are unable to shop or cook for themselves. Meals are picked up in West Bend and delivered to a West Bend resident. Also needed is a delivery from the West Bend meal site to a Newburg resident: driver may choose any day of the week. Kewaskum needs one meal delivered to a Kewaskum resident on Thursdays. This meal comes from the Kewaskum site. Time required from you is only one hour but gives much to the person who needs the meal!

GOOD TYPIST: to type a newsletter for an agency that works with young people. The

material will be written by the staff and needs to be typed and organized. Estimated time needed is two half days a month. You choose the time that suits your schedule.

HELP AN AGENCY THAT WORKS WITH YOUNG PEOPLE: Person to secure donations is needed for an agency working with youth and parents to improve family relationships. If you like meeting people and are good on the phone, give us a call.

HOSTS OR HOSTESSES that will serve light refreshments and visit with blood donors are needed at these times; third Thursday, 2:30 - 5:30, third Monday, 5:30 - 7:30, and Fridays, from 9:00 - 11:30.

Volunteer pours juice and coffee while visiting with old friends or meeting new ones!

WRITER: If you have good communications skills you are needed by an agency to write their newsletter. Interviewing one person a month and writing those facts as a feature article would be part of the job. This would require several days time, but could be spread over an entire month.

DECORATIVE ARTS: A small office would be much more attractive if a stenciled border was added. Room is 8' x 8'. All materials will be supplied. Needed is an experienced stenciler with a half day free to make the world a little prettier.

### Plans Underway for Hospital Auxiliary Magic Marketplace

Plans are well underway for the Magic Marketplace Autumn Leaves Fall Festival to be held at Silverbrook Middle School in West Bend on Sunday, October 6, 1991, from 10 a.m. to 4 p.m.

This year's festival promises to be an exciting one with many of the old favorites returning - Fall Flowers, the pantry and children's booth, silent auction, decorated pumpkins, quilt raffle, booster prizes, etc.

Cholesterol and blood pressure screening will again be offered. Refreshments and hot sandwiches will also be served.

A limited number of booth spaces are still available for artists wishing to participate at Magic Marketplace. Call 338-0215 for more details.

### Informational Meeting of Big Brothers, Big Sisters

Big Brothers and Big Sisters of Washington County, Inc. has planned an informational meeting to be held on September 9th, at 7:00 p.m. in their office located at 1615 Barton Avenue, West Bend. The meeting should take about one hour.

The staff will be available by appointment for individual informational meetings. Please call 334-7896 for more information.

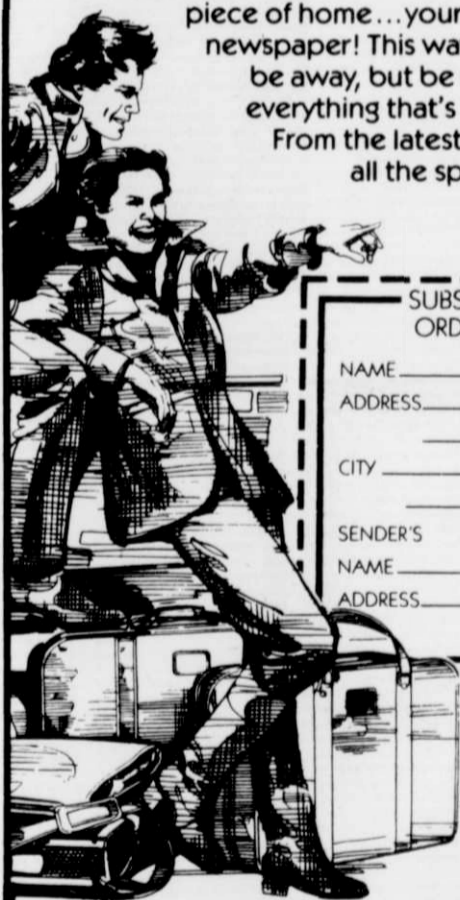

About \$450 million worth of pickles and pickle products is made each year.

Leftover baked potatoes can be reheated if they're dipped in hot water and baked again in a moderate oven.

### Send Them Off With A Newspaper Subscription

When they leave for college this term, let them be on their way with a piece of home... your hometown newspaper! This way, they'll still be away, but be informed of everything that's happening! From the latest gossip... to all the sports scores!

## Kewaskum Women's Club Lists Events for Coming Year

The summer is coming to an end, but the year is just beginning for the members of the Kewaskum Women's Club.

The Officers and Dept. Chairmen have been busy putting a schedule together of up-coming events.

Our annual KWC Tea will again be held at the home of Mrs. Alma Edwards and her daughter, Gwen Dreher on Thursday, Sept. 5th. (Rain or Shine) This year the tea will start at 3:00 p.m. and a luncheon will be served. We invite all members and prospective members to attend this informal and informational get-together.

Officers for the year are: President Jeanne Goeden, 1st Vice Pres. Jean Moe, 2nd Vice Pres. Lois Bunkelman, Secretary, Midge Swanson, Treasurer Marge Rosenthal and Board Member at Large, Ruth Schmitt.

A new position, called Program Coordinator has been formed to help alleviate some of the duties of the officers and get other members active on a meeting night. Judy Harlow will continue as the club's Sunshine Gal.

The Kewaskum Women's Book Group meets at the Kewaskum Library on the fourth Tuesday of every month at 9:30 a.m. Anyone may attend this book review. You do not have to be a member of KWC.

### Book Discussion Group

The group meets at the library on the fourth Tuesday at 9:30 a.m.

## Junior Women Invite Members

The GFWC Kewaskum Junior Woman's Club will begin their 1991-92 club year on Tuesday, September 10, at the Kewaskum Municipal Building Community Room.

The evening program beginning at 7:00 p.m. is entitled "Overview: Solid Waste Disposal Alternatives" with emphasis on the waste disposal dilemma our country faces.

After a discussion period, a short social time will be held followed by our general business meeting lead by our club president, Meri Lou Chambers.

Anyone who may be interested in the program is encouraged to attend. In addition, Kewaskum Juniors invite any woman who may be interested in learning more about our volunteer activities to join us.

If you have any questions or would like more information, you may call Louise at 626-4291. We hope to see you Tuesday, September 10th!

## St. Matthew's Tour Of Homes Sept. 8

St. Matthew's Church of Campbellsport 9th Tour of Homes is set for Sunday, Sept. 8th, from 11 a.m. to 4 p.m., and includes four homes.

## Ecumenical Lay School of Theology to Be Held at Batavia United Methodist Church

In the autumn of 1990, more than sixty adults of six different Christian traditions gathered on six Tuesday evenings to study and discuss the theology of the Christian Church. At the conclusion of the school, enthusiasm ran high among the participants, and requests were made that another such school be convened this fall.

A committee of lay people representing the various denominations has put together plans for another school this autumn. On six Tuesday evenings, from September 17

through October 22, two one-hour class sessions will be held, again at the Zion United Methodist Church in Batavia.

Each night the first hour's discussion will be led by pastors of various congregations of Sheboygan County: Roman Catholic, Lutheran, UCC, Presbyterian, Episcopal, and United Methodist. Each leader will discuss the unique theological and historical aspects of their tradition. The last night of the school, leaders will interpret how the ecumenical movement is reaching agreement on the traditional dividing points.

During the second hour each week (after a break for refreshments), a variety of smaller classes will be held: parenting, communications and relationships, a Bible study, church and society. Most of these will run three or four weeks.

Child care will be provided. Registration costs will be \$15. Bulletin inserts and registration blanks for copying will be sent to any interested church or pastor. Inexpensive text books will be available. Call Batavia United Methodist Church: 994-4510.

## Hospital Auxiliary to Hold Fall Luncheon

The Auxiliary of St. Joseph's Community Hospital, West Bend, will be holding its Fall Luncheon at West Bend Country Club on Friday, Sept. 6, 1991, beginning with a "social hour" at 11:30 a.m., followed by a noon luncheon.

Guest speaker will be Betsy Brown, past president of the Wisconsin Hospital Auxiliary Association, followed by a short business meeting.

Reservations may be made to Auxiliary Treasurer, Audrey Mayer, 1415 North 10th Ave., West Bend, WI 53095. Cost of the luncheon is \$8.50, and auxiliary members are also reminded that 1992 auxiliary dues (\$6.00 for active members - \$20.00 for associate members) may be made at the same time.

Auxiliary members are reminded that they are required to attend at least one business meeting per year, and are heartily encouraged to participate in the Fall Luncheon to fulfill this requirement.

### IN MEMORY

In loving memory of RON SARAUER who passed away three years ago, Sept. 1, 1988: Just three years ago you left us, And we miss you very much. But we know that you are With the Lord, And feel His gentle touch. We know that you are happy there And that He loves you, too. And we will meet again some day Beyond the skies of blue.

Sadly missed by his family.

# THE VAN BLARCOM'S — A MEDICAL FAMILY AFFAIR

by Diane Rymer-Osberg

Phronsie Van Blarcom is a Medical Technologist in our Laboratory. She was born in Green Bay and grew up in Seymour, Wisconsin. Marquette University is where she attended school in pursuit of her Medical Technology degree for three years, and then went on to a one-year internship at Milwaukee County Hospital in 1960. **PHRONSIE WAS PREGNANT WITH HER SON STEVE WHILE SHE WAS COMPLETING HER INTERNSHIP, WHICH GAVE STEVE AN EARLY EXPOSURE TO THE MEDICAL FIELD.**

While at Milwaukee County Hospital, Phronsie and the other medical technologists were living in dorms on the first floor, while the x-ray techs were housed on the second floor. The students would make their way to and from the hospital via tunnels. At that time they were still able to enjoy various forms of recreation on the county grounds, including swimming in the ponds. After her internship, Phronsie spent the following 12 years as a homemaker.

In 1976 Phronsie had to take certification exams to keep her up to par in the Med Tech field, which was quite an accomplishment after having been out of the field for years.

St. Alphonsus Hospital (now St. Mary's - Ozaukee) in Port Washington was Phronsie's first permanent place of employment after college. She started working in the Histology Department and continued to work her way through all areas of the lab during her 13 years there.

The laboratory at St. Joseph's has been Phronsie's employment home now for approximately five years — beginning on second shift with third shift weekends and two days in histology; then she advanced to second shift; and now she's the proud on first shift for about two years.

Phronsie is the mother of four sons: Steve, who works in our Radiology Department (her "leftie"); John, an engineer in Maryland with NASA; Mike, a real estate appraiser in San Diego with a degree in radio and TV broadcasting from Plateville; and Tim, and electrical engineer in Milwaukee.

### SPEAKING OF STEVE...

Stephen T. Van Blarcom, M.D., is the newest addition to our Radiology staff. Dr. Van Blarcom attended UW-Eau Claire for his undergraduate studies and went on to receive his M.D. degree from UW-Madison School of Medicine. After graduation he completed his residency at St. Luke's Hospital in Milwaukee. Now that he has secured his current position here at St. Joseph's, Dr. Van Blarcom and his family have moved from the south side of Milwaukee to Germantown. **HE SAID HE IS GLAD TO BE**

**BACK IN THE AREA AGAIN, BUT COULD HAVE LIVED WITHOUT THE WELCOME HOME UPROAR OF A TORNADO AND STORMS.**

Dr. Van Blarcom is married to Jodi and they have a one year old boy, Daniel, with another child due in September. Steve enjoys an exotic fish collection that live in special marine aquariums at his home. Another one of his pastimes was playing baritone in the West Allis Concert Band for the past four to five years, although with the move (still unpacking!), the growing family, and his new job the band will probably not be seeing too much of Steve in the near future.

Back when Phronsie Van Blarcom was working at St. Alphonsus Hospital, Steve (still a child in school) came to the hospital and took pictures. He submitted his completed project for his school's Science Fair in Cedarburg and won a blue ribbon for his efforts.

**WHEN ASKED HOW IT FEELS TO WORK AT THE SAME PLACE AS HIS MOM, DR. VAN BLARCOM SAYS IT'S FUN AND THAT HE GETS A KICK OUT OF SEEING HER MORE AROUND THE HOSPITAL AND AT LUNCH. HE ALSO READILY ADMITS THAT HE WAS DEFINITELY INFLUENCED IN HIS MEDICAL FIELD WHILE HE WAS GROWING UP;** although he says it's going to take a little time to get accustomed to the newness of being a doctor now that he's attained that career goal.

Dr. Van Blarcom's observations so far? "This is a wonderful facility; it's everything I had hoped it would be, so far." Working at St. Joseph's has fulfilled his ambition of being a community doctor, noting that "everyone has been wonderful and friendly" here.

**We welcome Dr. Van Blarcom!**

Dr. Steve is the oldest son of Jay Van Blarcom of San Diego, California, and his mother, Phronsie, who resides in Cedarburg. He is also the grandson of Frances Van Blarcom of Kewaskum and the late John (Johnny Van) Van Blarcom.

## Dear Dr. Sylvia,

My question is about our five-year-old son. He's going into kindergarten this fall, and when my wife and I work with him at home with numbers or letters, he starts to laugh and giggle and just lose control. He'll think it's all kind of a joke and just stuff. What should we do about that? He won't do that in preschool or with other people, but he'll just start giggling when we work with him.

Impatient Dad

Dear Impatient Dad,

It is good for you and your wife to do a little work with your five-year-old since he'll soon be entering kindergarten. It is also a good sign that he doesn't respond with silliness in preschool. His silly response to you and his mother may be related to anxiety he feels when he works with you.

Plan a regular work time with him for a very short time, less than five minutes at first. Be sure only one adult is with him in the room. Begin with number or letter games first, follow the dots, coloring or cut and paste until he feels more comfortable with his work time. Rhymes and poems also make learning more interesting. Praise him for being a hard worker during the very first minute and remember, keep the lessons very brief. When you're finished, within your son's hearing, that he seems to be learning well (referential praise). Be very sure not to do too much at once or expect him to learn too quickly. Stop working before he's ready to stop. When he asks for more, tell him he must wait until the next day because you are too busy. As he asks for more, extend the time very gradually. Soon he'll be begging you for more of your precious time and valuing the time you're willing to spend with him.

Children are very sensitive to anxiety that you feel in teaching them and your son may feel your teaching as pressure. He may be afraid he can't please you. Shortening the time and selecting fun activities will be likely to have the effect of lifting the pressure.

If that anxiety doesn't work, skip a few weeks of work time. Continue reading and playing with him. Try again after a few more weeks. Your son's small muscle coordination may be a bit delayed. That seems to happen with many children, but more with boys than girls. Give him a little more time to get ready. When he's feeling ready, he'll stop the silliness and begin enjoying the learning process.

## 25 Years Ago

Aug. 26, 1966

A New Fane woman won the distinction of taking first place in the Senior Citizens Division of the home furnishings department at the Wisconsin State Fair. The honor belongs to Mrs. Theodore Dworschack, R.1, Kewaskum. She is 81 years old. Mrs. Dworschack won the award by making an afghan for her granddaughter, Miss Janice Babcock of Milwaukee, who entered it in the fair.

A rural Kewaskum boy had a narrow escape from death when he was trapped in a cave-in while digging a tunnel to investigate a fox hole at the Arnold Schladweiler property at St. Michaels, Monday about 2 p.m. Kerry Fay, 13, son of R.1 and Mrs. Thomas Fay, R.1, Kewaskum, crawled into a three-foot tunnel he and companion Robert Schladweiler had dug in a sandy area when the ground caved in on top of him. Young Fay was completely covered by the sand and ground. Quick action by James Ramthun, Robert and Nancy Schladweiler, who immediately started digging him out, saved the youth's life. He was removed from the hole in a state of shock. His rescuers administered artificial respiration to revive Kerry and the Kewaskum fire department rescue squad summoned to rescue him to St. Joseph's Hospital, where he is recovering.

Mrs. Ida Schumacher of 131 Main St., is being held in the custody of the Washington County Sheriff's Department at West Bend on a charge of arson after admitting starting four separate fires in her upstairs apartment Wednesday afternoon. In the series of fires a mattress, much wearing apparel, door sills, walls and curtains were damaged. A warrant for Mrs. Schumacher's arrest was issued on a charge of arson. Bond was set at \$3,000 which was held for trial at 9 a.m., today in Branch 2 of County Court.

## 50 Years Ago

Aug. 29, 1941

The ball game between the Briggs & Stratton Local 232 team of Milwaukee and a pick-up Kewaskum nine here Saturday ended in the sixth inning when a fight broke out and the Milwaukee pitcher swung one from the heels at the umpire. He ducked and the blow missed by a hair or a free-for-all may have started as players from both teams swarmed out. After arguing, peace was restored. Only a few minutes before the base umpire quit because of the visitors' arguing. Due to the opponents poor sportsmanship Kewaskum walked off the field. The locals had scored two runs to break a 5-5 tie at the time. Honeck pitched for Kewaskum, and Paul Kral caught. The rest of the line-up; Tessar 1 b, Miller 2 b, Bath ss, H. Marx 3 b, Krautkramer lf, Harbeck cf, and Bilgo rf.

## 75 Years Ago

Aug. 26, 1916

S.C. Wollensak and wife were at Milwaukee one day last week where they closed a transaction whereby Mr. Wollensak became the sole owner of the Kewaskum Creamery, having purchased the half-interest owned by H. J. Grell of Johnson Creek. The transaction has met with the satisfaction of the entire community. Mr. Wollensak is a thoroughly experienced man in the creamery business and deserves the patronage of the public at large.

At the Marathon race at the West Bend Homecoming last Saturday, two local boys Maurice and Adolph Rosenheimer captured first and second honors respectively. The distance traveled was 4.2 miles. The time made was somewhat over 27 minutes. The brothers were only three seconds apart.

Louis Schaefer of the Town of Kewaskum, while driving home, after delivering milk to the local creamery, and when approaching Chas. Weddig's place, encountered a tip over from which he received an injured hip and other bruises. The cause of the accident was that his horse shied upsetting the wagon. We are glad to report that Mr. Schaefer is getting along very nicely at present writing.

## Letters to The Editor

### Letter to Editor:

Within this newspaper is an article regarding the 1991-1992 activities of the Kewaskum Women's Club.

A lot of work has gone into the planning of the yearly schedule. I, as President of the KWC would publicly like to thank my officers, dept. chairperson and the newly formed coordinators for taking an active part in the preparations of getting the information in on time.

A special in thank you to Joyce Schleif, who put the booklet together. Her little "finishing touches" within the pages make the booklet interesting and unique. This booklet gives all the info a member needs to know about all upcoming events.

Our organization is a service group which gives donations to the library, scholarships, friends for abused families, AFS and other needed causes.

All women of the community are invited to visit any of the meetings that may be of interest to them.

See you at the tea on Sept. 5th.

Thank you  
Jeanne Goeden  
President KWC/WFWC

Dear Editor,

Everyone would like to tell you how wonderful the Kewaskum Floral display was at the State Fair. The Marigolds and Petunias were so colorful

and fresh. We wanted to walk in and sit down on the swing and enjoy the lovely garden.

Since we have been going to the fair we have enjoyed their work very much. We are looking forward to seeing their display in the Flower Building again.

## Application Deadlines Earlier Than Normal

Many of the hunting applications are due earlier than in past years. The Goose Hunting Application is to be post marked no later than August 30th, this Friday. The application is free this year and allows 6-8 tags per hunter with a daily bag limit of 2 in the Horicon and Exterior Zones, and 1 per day in the Theresa

Zone. The open season will run from Sept. 21st through Dec. 22nd. For the later time periods, compete waterfowl regulations should be available by the middle of September.

The Hunter Choice Applications, which are \$3.00, are to be post marked by Sept. 20th (one week earlier than last year). Within the last four years the number of Hunter's Choice permits issued has grown from 200,000 per year to nearly 600,000. In the past Conservation Funds were used to cover the cost of hand processing applications, printing and mailing out permits. The \$3.00 fee will help to speed up the handling of applications and also allow for a continuous preference. With a continuous preference, your chances of getting a permit will improve each year up to five years if necessary. This has always been a complaint of hunters in Unit 60 where the number of applicants is considerably higher than available permits. This year about 9000 applications will be received for 2225 available permits in Unit 69.

Be sure to fill out the applications neatly and completely. If a serious mistake is made bring the application into the Mauthe Lake Headquarters where the application can be replaced with a new one for no cost to the hunter.

With all the changes in applications and fee increases there is bound to be a lot of questions. Feel free to contact me at anytime.

# Applications for Hunter's Choice Permits Due By September 20

MADISON, WI — Deer hunters looking to receive a Hunter's Choice permit for this fall's gun deer season must have their permit applications sent in by Sept. 20, reminds Bill Ishmael, Department of Natural Resources deer, bear and furbearer specialist.

Wisconsin's gun deer season begins Sat., Nov. 23 and runs through Sun., Dec. 1. A Hunter's Choice permit allows a hunter to take either a buck or a doe in a specific deer management unit. Without a Hunter's Choice permit, a hunter is allowed to shoot only a buck.

Ishmael said the application deadline, about one week earlier than previous years, was necessary to ensure that hunters would receive their permits in a timely manner.

"We have a record 586,455 Hunter's Choice permits available this year," said Ishmael. "Last year we had 514,370 permits available, and 80,777 of those were issued as bonus permits. We'll have a lot of bonus permits available again this year."

Bonus permits allow hunters to take only a doe; they are issued in deer management areas where the number of Hunter's Choice permits available is greater than the number of applicants. Hunters

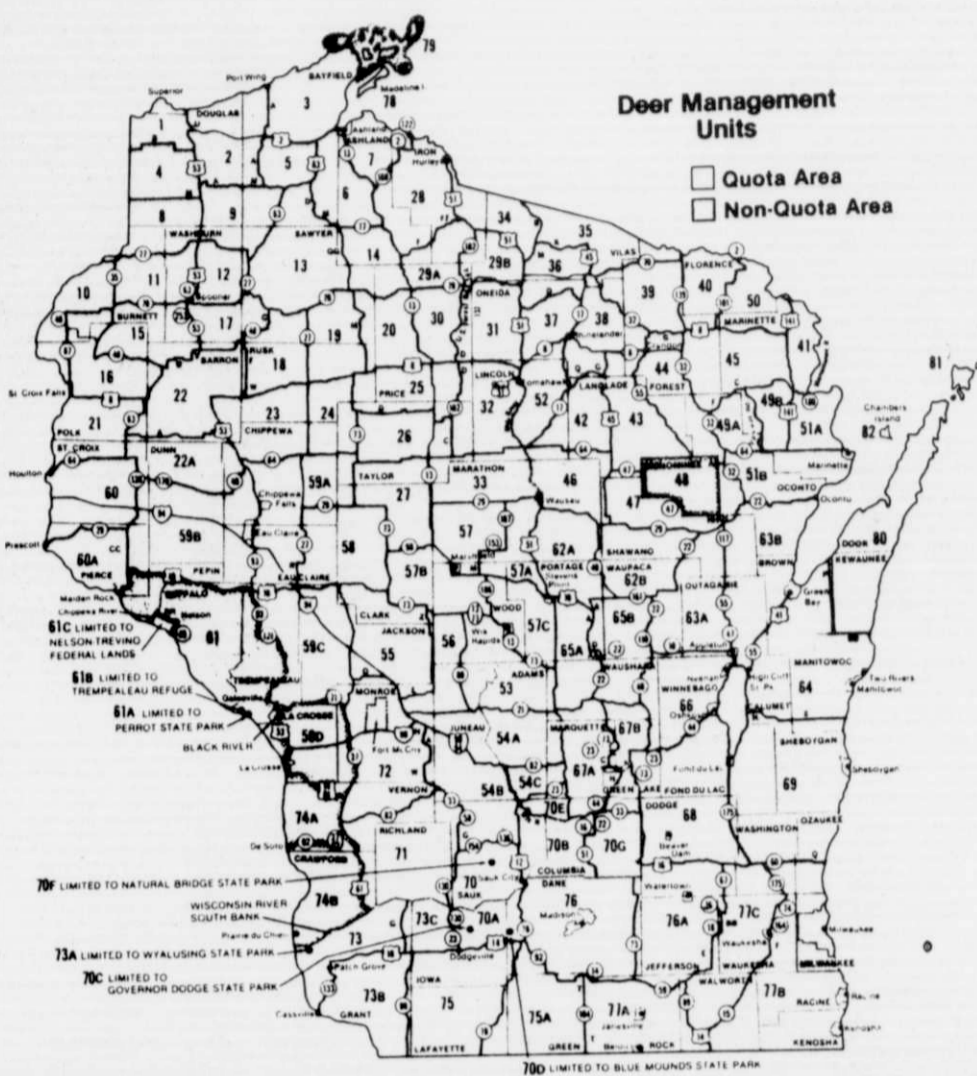

who've requested to receive bonus permits may purchase one or two permits, depending on the number of bonus permits available, at a cost of \$12 each.

"Hunters who want to be considered for a bonus permit will need to mark the appropriate box on their Hunter's Choice application form," added Ishmael. "In mid-October those hunters selected to receive bonus permits will be notified, and shortly after that we'll be sending out permits to the successful Hunter's Choice applicants."

Any bonus permits remaining after the initial distribution will be sold on a first-come, first-served basis in early November, according to Ishmael. He added that the number of bonus permits available and the list of locations to purchase them won't be available until early November.

For the first time, Hunter's Choice applicants will be filling out a form that will be ready by computer. And also new this deer season is a nonrefundable \$3 Hunter's Choice application fee, approved in the recently passed state budget.

# Minutes of Village Board Meeting

Mid-Monthly Meeting  
August 19, 1991  
8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Mid-Monthly Session in the Council Room of the Municipal Building, 204 First St.

President Mary Krueger presided. All Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee Robert Wagner, seconded by Trustee Mark Vechart and unanimously carried by voice vote, the minutes of August 5, 1991 were approved as printed.

Chief of Police, Richard L. Knoebel informed the Board that the Police and Fire Commission have scheduled another meeting for August 29, 1991 at 9:00 a.m. The Board was told that the first local Municipal Court session was held on Saturday, August 17, 1991 and all went well. Also the Board was told that Cablevision donated \$60.00 to go for the DARE program as a promotional project.

Chief of Police, Richard L. Knoebel reviewed two matters of concern from the new High School Principal; the implementation of a smoking ordinance and a truancy ordinance. The department will be checking into both matters for Board consideration.

President Mary Krueger welcomed the new Director of Public Works, Jerry Gilles. Mr. Gilles informed the Board everything is going well.

Director of Public Works, Jerry Gilles reported to the Board that the flow meter at pump station number 4 is not working and in need of replacement. It is hopeful that within the next couple of weeks proposals can be put together for the Board to review in the near future.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Robert Beisbier and unanimously carried by voice vote, the Board approved the application for an Temporary Operator's License for Phyllis I. Schmidt, Kewaskum, WI, for September 8, 1991 and authorized the of-

fice to issue said license upon proper payment of fees.

Note: The Police Department had no objections to any of the applications.

Administrator Daniel S. Schmidt reviewed a variety of correspondence with the Board as follows:

1. Review of the budget control sheet for the period ending July 31, 1991.

2. Review of the Mid-Moraine Municipal Association meeting scheduled for August 28, 1991.

3. Review of some general correspondence.

Chairman of the Protection and Public Safety Committee, Trustee Robert Beisbier brought up the discussion regarding the parking restrictions placed on Third Street. The School District asked if the Board would reconsider and lift or adjust the restrictions. The consensus was to leave the restriction as is and wait to see if the school would have some solid recommendations for the Board to consider.

Board Representative for the County-Wide Library Board, Trustee Gary Gavin reported that they have met and are asking the County Board for a budget of \$294,000 or for \$30,000 more than in 1991.

Administrator Daniel S. Schmidt informed the board that the Utility contractor work should begin this week on Fond du Lac Avenue. Also that the sidewalk contractor is hoping to move into the Village the week of August 26, 1991.

On a motion by Trustee Robert Beisbier, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote, the Board approved the proposal of Lunda Construction Company to repair/replace the decking on the dam at an additional cost of \$8,300.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Mark Vechart and unanimously carried by voice vote, the Board approved the milling of a small area of the intersection of Main Street and Railroad Street and then the placement of asphalt by Scott Construction at a cost of \$697.50. This is to take care of the patches caused by two water main breaks.

On a motion by Trustee Gary Gavin, seconded by Trustee Robert Wagner and unanimously carried by voice vote, the Board approved the proposal of Lane Tank Co., Inc. to repair/replace the lower five

feet of the riser pipe of Water Tower number 1 at a cost of \$3,945.00. The work is to be completed in late fall of this year.

On a motion by Trustee Robert Beisbier, seconded by Trustee Mark Vechart and carried by the majority roll call vote, the Board approved the application for a Special Picnic or Gathering License for the Kewaskum Historical Society Inc. - September 8, 1991 for Early Farm Days. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent."

Administrator Daniel S. Schmidt reviewed with the Board the 1991 Equalization Report. It was noted that the Village's equalized value had increased substantially, \$6,125,400 or 9.8 percent.

On a motion by Trustee Mark Vechart, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote, the Board directed the Administrator to appeal the Wisconsin Department of Administration Demographic Service Centers population count for January 1, 1991. This appeal is based on the number of housing units built and occupied from April 1, 1990 to December 31, 1990.

Administrator Daniel S. Schmidt informed the Board that a Notice has been received from the Wisconsin Employment Relations Commissions announcing an election "Notice of Election" for September 6, 1991 between 10:00 a.m. and 11:00 a.m.

On a motion by Trustee Robert Wagner, seconded by Trustee Mark Vechart and unanimously carried by voice vote, the Board changed the meeting dates for September due to Labor Day falling on the first Monday, September 2, 1991. The meeting schedule for September will be September 9, 1991 and September 23, 1991.

Trustee Robert Wagner brought up for discussion the possibility of allowing dogs in River Hill Park for the purpose of training them using the river. On a motion by Trustee Robert Wagner, seconded by Trustee Robert Beisbier and carried by majority voice vote, the Board designated the northeast parking lot adjacent to Pump Station No. 2 as the only area dogs would be allowed. One "Nay," vote was cast by Trustee Larry Williams.

A brief discussion was held on parked cars causing problems for mail delivery. The Board felt the matter should be addressed by the Post Office and not the Village.

On a motion by Trustee Larry Williams, seconded by Trustee Thomas McElhatton and carried by the majority roll call vote, to adjourn to closed session under Chapter 19.85(1)(c) of the statutes to consider employment, compensation and performance of public employees over which the governmental body has jurisdiction and Chapter 19.85(1)(e) of the Statutes to deliberate and negotiate the disposition of public lands. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent."

**BEECHWOOD** — The annual Kettle Moraine Junior Girls Softball Tournament was held here recently, and was considered a great success, as all of the teams in the league participated.

The tournament featured

some good, competitive softball being played, as many great defensive gems were turned in throughout the weekend.

Long Lake, which came into the tournament undefeated, used some good hitting and solid defense to stay that way,

as they took first place. Beechwood ended up taking second in the tournament, and Campbellsport finished third. The coaches and sponsors of the tournament teams wish to congratulate Long Lake, as well as all the teams for some well-played games.

## FmHA Disaster Loans Available To Farmers in Designated Counties

Ron Caldwell, State Director of Wisconsin Farmers Home Administration (FmHA) has announced that Farmers suffering physical or production losses caused by high winds, hail and a tornado on July 7, 1991, may be eligible for emergency disaster loans.

A physical loss is damage or loss to capital items such as buildings, machinery and livestock. A production loss covers loss of crops or loss of production from livestock.

Farmers in Columbia, Dane, Dodge, Green, Iowa, Jefferson, Milwaukee, Ozaukee, Racine, Rock, Sauk, Sheboygan, Walworth, Washington and Waukesha Counties with physical or production losses can apply for the disaster loans

through April 6, 1992. Farmers in Fond du Lac County who experienced physical losses can apply for the disaster loans through March 31, 1992.

An actual loss loan for physical damage or loss will be based on the market value of the property destroyed or damaged at the time of loss. The damaged or destroyed property must be essential to the continuation of the operation. Actual loss loans for production losses will be based on the disaster year production compared to the previous five

(5) year production history.

Interest rates for actual loss loans not to exceed \$500,000 will be four and one-half percent (4½%).

Prior to obtaining an emergency loan, applicants must meet FmHA's test for credit requirements.

Farmers who feel they have sustained a qualifying loss and desire more information should check with their local FmHA office which is listed in the yellow pages of your local telephone directory under U.S. Government Offices.

## Eco Focus 91

Eco Focus 91, a weekend of environmental discovery programs, is scheduled for Saturday and Sunday, September 21 and 22 at Riveredge Nature Center, Newburg, Wisconsin.

The 52 different workshops offer the amateur naturalist an opportunity to sample the following areas of the natural world: Birds and Birding, Wildlife Studies, Perspectives on Nature, Natural Areas, Plant Studies, The Arts, Fresh Water Studies, Geology, Natural Landscaping & Restoration and Teaching Tactics.

Two three-hour workshops will be held each day between 9 a.m. and 4 p.m. Riveredge emphasizes outdoor experiences and participatory learning by using the 351 acres of its diverse habitats as the

classroom for these workshops.

A Saturday evening program includes an outdoor dinner and a performance by "environmental minstrel" Ken Lonquist, known for his environmental themes and his heartfelt, yet humorous manner.

Fees for the workshops are \$63 per person for the two days and \$37 each for one day. Saturday evening dinner and concert are \$13.50 for program attendees and \$15 for guests. Concert only tickets are \$6.50 in advance and \$6.75 at the door. Attendees may choose one or all of the events.

For more information and a brochure, contact Riveredge Nature Center, 4458 W. Hawthorne Drive, Newburg or call 375-2715 (Metro) or 675-6888 (local). Registrations requested by September 6. Space is limited.

## Michels' Grand Slam Helps Eliminate A's

A's third baseman Terry Koth is greeted at home place after his three-run homer in the first inning. Awaiting to slap high fives, from left to right, are Andy Hoenecke (24), Dave Donath (hidden), Doug Gonring (35) and Greg Rinn (5).

By Statesman Sports Writer

KEWASKUM — Tim Heberer and the Kewaskum Athletic baseball team seemed to be in control of last Sunday's Rock River playoff game with Slinger. But along came the seventh inning, and with it came the dreaded Murphy's Law Syndrome for the A's - Anything that can go wrong, did.

Entering the seventh down 4-1, the visiting Rams came up with six runs in the inning, the big blow coming on a grand slam home run by first baseman Rob Michels, as they eliminated Kewaskum from post-season competition with a tough 8-4 victory over the A's.

Slinger, which advanced to Sunday's game by edging Waupun 4-3 the previous day, got on the board first, as leftfielder Dave Geldnich socked a 3-1 pitch from Heberer over the leftfield fence with two down in the first.

The Athletics didn't stay down very long, however. Dave Donath singled up the middle to lead off the bottom half of the inning, and centerfielder Andy Hoenecke followed with a walk. Ram shortstop Corey Held made a nice play, making an over-the-shoulder grab on Doug Gonring's fly ball to short centerfield, for the first out of the inning.

A's third baseman Terry Koth made that catch look all the bigger as he sent an offering from Ram pitcher Eric Bast over the right-centerfield fence for a three-run shot that gave his team a 3-1 lead and some added life.

Perhaps a hint of what was in store for the A's came in the bottom of the second. Bob Yahr led off with a double off the right field fence, and Brian Bracken followed by getting plunked with a Bast pitch, putting runners on first and second.

After a pop up for the first out, Dave Donath followed with a single to left to score Yahr, making it 4-1 A's, with runners on first and second and still one out. But the next batter, Hoenecke, followed with a grounder that forced Donath at second and, according to the umpire, doubled up Hoenecke at first to end the inning. That

obviously botched call was magnified by the fact that Bracken never hesitated coming around third on the play, and almost undoubtedly would have scored on the play.

Nonetheless, Heberer and the A's cruised along until the seventh. That's when things started to fall apart for the home team. Held led off the inning with a shot to second that short-hopped Bracken, who couldn't recover in time to throw out the speedy held.

The next batter, Joe Neuber sent a flyball to rightcenter that the normally surehanded Hoenecke could have hauled in. But this time, after making a long run to get to the drive, Hoenecke appeared to trip and the ball bounced off his glove, as the runners raced to second and third, still with nobody out.

After pitching around Geldnich to load the bases, Slinger's Dan Held hit a rocket back up the middle that caromed off the pitcher's mound into the air. By the time Bracken hauled it in just in front of second base, all runners were safe and Held had scored to make it 4-2.

Michels then wasted no time in hammering the first pitch from Heberer over the fence in right for the grand slam, putting his team ahead 6-4. After giving up another single to Kraig Sadownikow, Heberer was replaced by Don Menzel, who allowed a double by C. Held (Slinger batted around in the inning) to score Sadownikow, making it 7-4.

The A's put a runner on base in each of their last three times up at bat, but were not able to push a single run across the rest of the way.

The loss ended the Rock River season for the A's, leaving them with a 12-5 mark on the year. Slinger, now 13-5, advanced to the Rock River 'Final Four' to be played at Ashippun starting on Saturday.

## Indians Ready for Season Opener

By Statesman Staff Writer

KEWASKUM — Although he basically knows absolutely nothing about the opposition this time around, Kewaskum football coach Clark Pearson thinks his team will be ready, both physically and mentally for the Indians season opener this Friday against arch-rival Campbellsport.

"We're going in pretty blind," Pearson said Monday, noting that the Cougars will have a new coach this year, and the Indian coach has no idea what kind of offense or defense that the visitors will employ.

But after watching his team fare decently against West Bend West and Madison La Follette in a scrimmage at Slinger last weekend, Pearson is confident that the Indians should be able to do some things against the Cougars.

"I was satisfied with the results (of the scrimmage)," Pearson went on to say. "We were able to move the ball on offense, and defensively we also looked pretty good," although the Indians boss was quick to point out, "There's a lot of room for improvement."

And while he was satisfied with his team's performance in the scrimmage, Pearson said that the real test will begin Friday.

Out of the 11 probable starters on offense, just one will be a non-senior, as Pearson will try and take advantage of his team's experience and senior leadership.

Needing a leader, Pearson

will start Chad Cook at the quarterback spot. Cook is coming off of shoulder surgery from an injury suffered early in the baseball season, and appears to be suffering no ill effects from the operation.

Joining Cook in the Indian backfield will be seniors Randy Schlice (RB) and Kim Marx (WB), along with the only junior starter on offense, running back Dan Schulties, whom Pearson says has "worked very hard," in the off-season.

Anchoring the line from his center spot will be Sheldon Oppermann, and he will be joined in the trenches by guards Joel Fleischmann and Ryan Amerling, as well as tackles Keith Butschlick and Aaron Laatsch. The two starting ends will be Matt Seiser and Shawn Schneider.

Defensively, things are still a bit unsettled, due to a couple of injuries, as well as some heavy competition. Fleischmann and Aaron Rettler will start at the ends, while Andy Reichart and Amerling appear to be front runners for the interior line spots, although Pearson noted "Those are still up for grabs."

Juniors Todd Muckerheide and Mark Morell are the front runners for the two inside linebacker jobs, while Schlice, Schulties and Jim Rix are battling for starting positions on the outside.

In the defensive backfield, Seiser, Schneider, Marx, Rix and sophomore Beau Coulter are all competing for playing time, but the wild card in the matter is Rix, who hurt his ankle and achilles tendon last week. "I think he'll be ready to play (against Campbellsport)," said Pearson, who said that Rix will start at either the

linebacker or back spots "if he is healthy."

## Indians to Host Volleyball Tourney

By Statesman Sports Writer

KEWASKUM — The Kewaskum High School volleyball team will be the host school of the annual pre-season Indian Invitational Volleyball Tournament to be held this Saturday, August 31, beginning at 10:00 a.m. in the school's gymnasium.

Warm-ups will begin at 9:30 a.m. for the teams, which include a pair of Eastern Wisconsin Conference schools, Kiel and Chilton, perennial rival Campbellsport, as well as last year's champion Shorewood.

The tournament will consist of round-robin action, with teams playing two games each to 15 points. The team with the best won/loss record will be the winner of the meet. If a tie occurs after all of the rounds are completed, a one-game playoff will be used to determine the champion.

Kewaskum volleyball coach Dave Rizzardi announced the pairing for the tournament, which are as follows:

ROUND 1 — Campbellsport vs. Chilton; Kewaskum vs. Kiel.

ROUND 2 — Chilton vs. Kewaskum; Kiel vs. Shorewood

ROUND 3 — Campbellsport vs. Kewaskum; Chilton vs. Shorewood.

ROUND 4 — Kewaskum vs. Shorewood; Campbellsport vs. Kiel.

ROUND 5 — Campbellsport vs. Shorewood; Chilton vs. Kiel.

## A's Down' Horicon, 3-1

By Statesman Sports Writer

KEWASKUM — The Kewaskum Athletics nailed down sole possession of second place in the Rock River Northern Division, as they closed out their regular season with a 3-1 victory over Horicon, recently.

The Athletics managed just five base hits in the contest, three coming from player-/manager Doug Gonring, but another stellar pitching performance from lefty Tim Heberer, along with 11 walks issued by Horicon pitchers, helped the A's cause.

The visitors got on the board first, as they put together a double and an RBI single to push a run across in the top of the second. But unfortunately for Horicon, that was all the run production they would be able to muster against Heberer, who improved his record to 7-1 in Rock River action.

Kewaskum came back to tie things in the bottom of the fourth. After reaching base while attempting a bunt, Mark Schlosser eventually came around to score with the help of an error, a fielder's choice, and a wild pitch.

After a scoreless fifth inning, the A's went ahead to stay in the sixth. Bob Yahr walked, and Brian Bracken (pinch running for Yahr) stole second and moved to third following a wild pitch. After Rick Leitheiser walked, Dave Donath came through with an RBI single to score Bracken with the go ahead run.
