## Santa's Mailbox Coming Soon To Post Office

Kewaskum Juniors have a special message to deliver to area children.

Members have just learned Santa's mailbox will soon be available to receive your Christmas wish list letter. Look for the mailbox in the Kewaskum Post Office lobby.

Santa and his helpers are very busy getting ready for Christmas but would very much like to hear from you. Be sure to include your address in your letter so if time allows Santa or his helpers can write back to you.

Santa and his helpers look forward to receiving your precious letter soon.

## Family Financial Aid Night

On Tuesday, December 3rd at 7:00 p.m., Kewaskum High School's guidance department will be presenting Family Financial Aid Night in the high school cafeteria.

All college or technical school bound seniors and their families are encouraged to attend this informational meeting.

Jan Ford, student services director at UWWC, will be presenting information essential for filling out forms, procedures and time-lines to apply for financial aid.

All seniors and their parents are invited to this important financial aid meeting.

## New GM Named at Neuville

Joe Neuville, left, welcomes Randy Danielson, right, as the new general manager of Neuville Chevrolet-GEO in Kewaskum. The announcement was made on Monday, November 11. Danielson assumed his duties from Joe Neuville who was presently serving as general manager and sales manager. Neuville will now have more time to concentrate his efforts on the duties of the sales manager. Danielson, who was formerly employed with Newman Chevrolet of Grafton, resides in rural West Bend with his wife Mary Kay and their three daughters.

## Moraine Chorus to Perform at 1991 KEYS Christmas Concert

Moraine Chorus, the vocal group composed of approximately 60 area makers of music, professional and amateur, will once again be featured performers for Kewaskum's 7th annual KEYS Christmas Concert. This year's concert, also featuring the Kewaskum High School Swing Choir, will be presented at 7:30 p.m., Monday, Dec. 9, 1991. Proceeds from the event are used by Kewaskum Youth Scholarship, Inc. to provide scholarships for Kewaskum graduates.

Advance tickets are available from KEYS and National Honor Society members. Tickets are also available at Kewaskum High School and will be available at the door the night of the concert. Cost is \$2.00 per ticket, but additional contributions are always welcome.

Moraine Chorus, under the direction of Nancy Van Brunt, music lecturer at the University of Wisconsin - Washington County, will perform a collection of holiday music from various styles and time periods, including the Renaissance pieces: "Hodie Christus Natus Est" and "Lo How a Rose E'er Blooming," contemporary vocal tone paintings: "Gloria" and "Christmas

Eve", a modern, freely paraphrased arrangement of "Go Tell It On The Mountain", and some lighter selections including: "That Tiny Child" and the Calypso: "The Virgin Mary Had a Baby Boy."

Formed 20 years ago, by Peter Ayer, the Moraine Chorus is dedicated to performing high quality vocal literature. Ms. Van Brunt has directed the organization for the last two years. This is the second consecutive year this marvelously talented organization has donated its time, energy, and talent to perform this benefit. The group, including members from Kewaskum, West Bend, Slinger, Port Washington, and numerous other area communities, rehearses at UWWC to prepare for winter and spring concerts and is always looking for additional members, according to Ms. Van Brunt. Anna Asch, also a teacher at the University of Wisconsin - Washington County, is accompanist for the group.

Start your Christmas season off right and support the young people of Kewaskum by attending an evening of wonderful holiday music and community fellowship at KEYS' 1991 Christmas Concert.

## Christmas Parade Dec. 8

Plans for the Annual Kewaskum Christmas Parade are marching along smoothly, and residents of the Community are busy tying up the phone lines as they invite family, friends, and neighbors, to join them on Sunday, Dec. 8th at 6 p.m. in celebrating Christmas in Kewaskum. Your hosts for the evening are the jolly members of the Kewaskum Area Chamber of Commerce, with lots of tricks up their sleeves!

Holiday surprises include over 30 parade entries, musical marching units, sparkling floats, costumed characters to delight young and old, church choirs, elves handing out bags of candy, llamas, and many more festive participants. Student and community organizations, and local

businesses are encouraged to join in the parade - there's still time to register your entry! Come on - you don't want to feel left out, and as a very special attraction the Jolly Old Man himself, yes that's right, Santa, will be making a grand appearance.

Cash prizes will be awarded for first, second, and third prizes, plus three honorable mentions, selected by a panel of seven distinguished judges that take their job very seriously. Preliminary judging will take place on the north side of the firehouse at 5 p.m.

Lineup for the parade will originate behind the Kewaskum firehouse (north side only) at 5:15 p.m. The parade is scheduled to begin at 6 p.m. Parents are requested to drop-off any children

participating in the parade (scouts, marching units, band members, etc.) by pulling off onto Roseland Drive (across from the fire house) and letting them out. They will then be escorted across Main Street by a Traffic Officer.

Lac Ave., turning east on Main Street, north on Park View, and finally west on First Street where it will arrive in front of the Municipal Building.

Everyone is invited to attend the AAL Tree Lighting ceremony after the parade. The AAL sponsors this event every year, with church choirs from the area singing during the ceremony accompanied by the KHS Band and Swing Choir. Cookies and hot

# Help Us Light the 'Holiday Magic' Tree

Shown above are Jim Korth, left, and Larry Martin, right, putting the last string of lights on the Kewaskum Area Chamber of Commerce "Holiday Magic" tree which stands in front of Valley Bank in Kewaskum. Korth and Martin were assisted by Tim Miller and Lana Kuehl. The tree, which is 16 feet tall, was designed and made by Jim Schaub.

A total of seven sets of lights were placed on the tree. Each set contains 40 bulbs. According to my calculator, that makes a total of 280 lights. There's a long road ahead, however, if we hope to have the entire tree lit by the time the Christmas parade rolls by at 6 p.m. on Sunday, December 8.

At this point, there are only 23 green lights that have been donated. The green lights which adorn the outside of the tree are being donated by families and individuals interested in contributing towards the Christmas parade. All proceeds on the lights will be used to defray the cost of the Christmas parade which seems to escalate as the parade grows yearly.

Wouldn't it be a terrific idea to purchase a green light in the name of one (or all) of your children, your grandchildren or a special godchild? Can you imagine trying to explain when they ask, "Mom... which light is mine?" Or how excited they will be when they see their name in this paper and realize their light helped to make the Christmas parade possible.

The center of the tree will contain decorative red lights which are being donated by area businesses.

The most popular light seems to be the white memorial lights which will grace the perimeter of a special huge star that will stand directly next to the tree. The star is being lit in honor of all those people who cannot be with us to share Christmas this year. It is a beautifully moving tribute to the people we love and miss dearly, especially during the holidays.

The cost of the green lights and the white memorial lights is \$10 each. The red business lights are \$25 each. Please send the coupon located elsewhere on this page with your donation to: Kewaskum Area Chamber of Commerce, P.O. Box 300, Kewaskum, WI 53040 or drop it off at the Kewaskum Statesman on Main Street. Help us to make some "Holiday Magic" for the young and old alike.

Weather permitting, the star and the donation boards will go alongside the tree on Wednesday evening. There will also be garland wrapped around the tree to add a little more festive touch to the whole display. And as soon as the bulbs on the first set of lights have been donated, it will be lit. The second set will be lit as soon as it is donated, and so on and so on, until we have all the sets lit. Come on Kewaskum... I know you want to see the ENTIRE tree a solid mass of green and red lights. Wouldn't it be nice to have it all aglow by the time we invite all our friends and neighbors to Kewaskum to share our Christmas parade?

# Pro Gas Serving the Area

By S. Callaway Roznik  
Statesman Staff Writer

Pro Gas Inc. is one of the newest additions to an increasing number of family owned businesses that serve as assets to our growing community and the surrounding area. Craig and Sheree Stoltz completed their new propane bulk plant in October, located 1/2 mile south of Kohlsville on Hwy. WW, and are proud to offer service and installation of propane fuel.

A native to the area, Craig learned the business from the ground up, starting as a truck driver, then moved on to

sales and service, and eventually became division manager for a large propane gas company in the western part of the state.

"We'd come home on weekends to visit our family and friends," Craig explains their return to the area, "and everyone commented on the need for a propane service that supported the local communities here." The couple did some market research and decided that this region would welcome and support a propane gas company that could offer a mixture of experienced service, competitive pricing, and local ownership.

"I've worked with large companies before and I let our customers know that they are not numbers in a computer," Craig points out. "We consider them partners in our business, and treat them as such." He is quick to add that Pro Gas can provide the same services large companies offer, such as an automatic keep-full arrangement, 24 hour emergency service, installation of a complete line of propane appliances and heaters, discounts for seniors, flexible budget plans, and a guaranteed price program.

Sheree focuses her attention and talents onto dealing with the customers, managing the office, and organizing and maintaining their bookkeeping. Their trucks are equipped with cellular phones for instant access to customers and service, plus Pro Gas offers

a toll free 800 number.

The Stoltz's business has so far proven successful, and the response from the community has gone well. They also furnish all equipment with free installation for their customers.

Future expansion plans include landscaping and upgrading the plan site towards spring, as well as the building of a main office.

## WB Christmas Parade Route Announced

In an effort to accommodate the thousands of people that come to West Bend to watch the Christmas parade, the parade committee has extended the parade route and reversed the direction. Participating floats, bands, units and costumed characters will form up in Regner Park and commence south on Main Street. The parade will cross Hwy. 33 (Washington Street), turn left on Cedar Street to Main Street, turn right and follow Main Street south through the downtown area. The parade will disperse at Oak Street, north of Badger Middle School.

The parade last year attracted over 20,000 spectators, in some areas six or more deep. Parade organizers anticipate an increase this year and have put in an order for mild weather. To avoid overcrowding, people are encouraged to park on side streets and watch the parade on Main Street between Oak and Walnut Streets. Spectators are also encouraged to take advantage of the added viewing area along Main Street north of Hwy. 33.

Traffic will be detoured around the Hwy. 33 and Main Street intersection. The West Bend Police Department will control traffic with assistance from the Communications Patrol and the State Patrol.

## Children's Author Visits Holy Trinity

Children's author Barbara Jousse entertains children at Holy Trinity School.  
Photo by Ann Neumann

Barbara Jousse, a notable children's author, helped celebrate National Children's Book Week and RIF Day by visiting Holy Trinity School on Nov. 18.

In preparation for this day, seven of Mrs. Jousse's books were displayed in each classroom and some of them were read to the students by the teachers. Her most popular books are: Jam Day, Better With Two, Dinahs Mad, Bad Wishes, Anna The One and Only, Pieces Of The Picture, and The Pitiful Life of Simon Schultz. Barbara gave a slide presentation explaining how her daily life with her family gives her ideas for her books. She also entertained a question and answer period.

While the children were selecting their RIF books and enjoying their snacks, Barbara disappeared to the library to autograph the many books purchased by the children before-hand.

Then for almost an hour, she taught a special writing session to select students from Grades 4-7. In this session she developed a character for a story with the children. They will continue to

The 1992 membership levels begin at \$10.00 for the entire year and all levels offer full membership benefits.

The West Bend Gallery of Fine Arts offers monthly art shows, musical presentations, classes and an art museum collection. Hours are Wednesday, Thursday, Friday and Saturday 10:00 a.m. - 4:30 p.m. and Sunday 1:00 - 4:30 p.m. The gallery is free and open to the public. For a membership application or for more information, call 334-9638, 334-1151.

work on their individual stories.

Mrs. Jousse's visit was truly inspirational to the children. Their memories of her are imprinted in

their minds. They will take courage from her because she, too, was told at one time that she would not make it as a writer.

## Love Lights In Dundee

The Dundee Mill Committee thanks all those who have bought love light cards. The response from the area is impressive.

But, are there some people out there that might have been forgotten? These lights are a nice way to remember those who have passed on and also to honor those who might be in the hospital or a nursing home. Students that received straight A's or the one who brought their grades up from a D could also be honored. Is there an aunt out there that probably did something special for you?

Remember these lights have a double purpose. They shine for you, and they help purchase a generator to make our mill productive.

Love Light cards are available at many of the local taverns and stores.

Don't forget to mark your

calendar for December 1, 1991. That afternoon has been set aside as a thank you to those that have donated. Remember, we will have cocoa and cookies, Santa and treats, plus the tree lighting ceremony at 4 p.m. Please come to join us in our version of an old fashioned get together. Our Lady of Angels Choir will be there to lead us in song.

Love Lights can still be purchased for \$3.00 per bulb. Please send your check to Monica Lavey, N3164 Hwy. 67, Campbellsport, WI 53010, Treasurer of the Dundee Mill Park Committee. A Love Light card will be sent to you.

## WASHINGTON COUNTY WE-TIP CRIME OF THE WEEK

November 21, 1991

On November 17, 1991 at 9:20 p.m., an alarm was received by the Washington County Sheriff's Department indicating a break-in to Bentley Welding located at 4261 STH 33 in the town of West Bend. Washington County deputies responded to that location and discovered that suspects had already left the scene. Entry was gained by driving a vehicle into the front door of the business establishment causing the glass of the door to break out. Suspects entered the building and removed numerous small power tools. This was done within a matter of a few minutes and the suspects then left the scene hurriedly.

Investigating officers feel that possibly a red colored pick-up truck was used to break through the front door. An off-duty deputy also reported that at approximately 9:18 p.m., he had observed a car parked on the west side of the Bentley Welding building with the headlights on. The deputy felt this vehicle was possibly a late 1970's larger type automobile, possibly a Chrysler or Ford make. Total loss in the burglary was in the area of \$3,000.

Any information from anyone that may have been traveling Hwy. 33 at approximately 9:20 p.m. on November 17, 1991 in the area of Bentley Welding in regards to suspicious activity at that location would be of value to the investigating officers on this case. Washington County's WI-TIP line is 1-800-232-0594.

Any information can be provided anonymously, and if a conviction results from the information obtained, a cash reward will be awarded to the caller. Washington County law enforcement agencies would appreciate any information relating to any criminal activity that may have been witnessed or that anyone may have knowledge of. Cash rewards can be quite substantial if a major crime is cleared and convictions are obtained.

They began rehearsals at 1:00 p.m. and apart from a fifteen minute break, practiced for about three and a half hours.

The concert began at 7:00, featuring the results of all of the hard work the students had done during the Honor's Day and the preparation work of the month before. The choral director was Bill Dieckoff from Racine Park High School.

The band was directed by Albert Asch, professor of music at the University of Wisconsin - Washington County. This was

probably the only time, for most of the participating students, that they would play in a band with full instrumentation at the middle school level. The group had a complete and exciting sound.

The students will remember this for years to come as a unique musical undertaking and for the friendships and shared experience.

## Minutes of Village Board Meeting

Mid-Monthly Meeting  
November 18, 1991  
8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Mid-Monthly Session in the Council Room of the Municipal Building, 204 First St.

President Mary Krueger presided. Trustee Larry Williams asked to be excused and was absent. Trustee Mark Vechart arrived two minutes late. All other Trustee Members were present. A quorum was present.

The meeting was opened with a moment of silence and Pledge of Allegiance.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Gary Gavin and unanimously carried by voice vote, the minutes of the November 4, 1991 meeting were approved as printed.

Bids were opened for the 1992 police squad replacement as follows:

Ewald Automotive Group, Oconomowoc, WI (Chev Caprice)	\$15,159
Schwartzburg Chev/Olds, West Bend, WI (Chev Caprice)	\$15,205

On a motion by Trustee Robert Beisbier, seconded by Trustee Robert Wagner and unanimously carried by voice vote, the Board turned the bids over to Police Chief Richard Knoebel for review and a recommendation.

Director of Public Works Department, Jerry Gilles reported that the concrete test for the sidewalk installation came back good and the Mueller Excavating is working in a timely manner to complete the work on Old Fond du Lac Road. The work depends on how the weather holds. Mr. Gilles responded to a question asked of him often that being how are things going. He informed the Board that he is pleased with the men he has working for him and that he is hopeful that they can get to the point where they can do more planned work versus catch-up type work in the near future.

On a motion by Trustee Thomas McElhatton, seconded by Trustee Mark Vechart and unanimously carried by voice vote, the Board approved the application for an Operator's License for Patrick Hanrahan, Kewaskum, WI and authorized the office to issue said license upon proper payment of fees.

Note: The Police Department had no objections to any of the applications.

Administrator Daniel S. Schmidt reviewed a variety of correspondence with the Board as follows:

1. Review of the budget control sheet for the period ending October 31, 1991.
2. Proposed sale of a portion of the CATV franchise and possible need for action on a resolution regarding that sale.
3. A brief update on the financing of the loader.

Chairman of the Park and Recreation Committee, Larry Williams had a memo

of explanation regarding the Winter Open Gym Program for the Board to review.

Board Representative for the Plan Commission, Trustee Gary Gavin informed the Board that a Commission meeting is scheduled for November 26, 1991 at 8:00 p.m.

Board Representative for the Mid-Moraine Municipal Association, Legislative Committee, Trustee Mark Vechart informed the Board that a meeting was held and that upcoming legislation was reviewed.

Action was taken on Resolution No. 91-27 a Resolution to Request Tax Exempt Properties to Report and Pay the Municipality for Their Assistance as Provided for Under Provisions of Wisconsin Statutes 70.09 as attached hereto:

Administrator Daniel S. Schmidt reviewed the proposed budget for 1992 with the Board. The budget sheets as prepared represent a property tax levy of \$403,783 an increase of \$11,887 from 1991's budgeted amount of \$391,896. This \$11,887 represents an increase of 3.03 percent. The 1990 property tax levy was \$402,400.

This property tax levy must then go through the TIF formula adjusting the amount to be levied to \$443,133.24. This amount can be compared to the 1991 amount of \$421,901.63. This reflects an increase of \$21,231.61 or + 5 percent.

This \$443,133.24 is then divided by \$62,470,300 the assessed value of the village to give the village a tax rate of \$7.09. This compares to the tax rate of \$6.99 from 1991, which reflects an increase of \$.10 or 1.48 percent increase.

The process and details of how the additional cuts/reductions were made were reviewed with the Board. The information to go in the notice for public hearing was also reviewed. The Board by consensus agreed to bring the proposed budget to public hearing on December 2, 1991 at 8:00 p.m.

A review of the proposed TIF/CIP, Special Revenue Fund and Debt Fund budgets for 1992 was held sending them to public hearing on December 2, 1991 at 8:00 p.m.

A review of the Water Pollution Control Department budget for 1992 was held. There were no significant changes and the projected revenues exceeded the expenditures. Superintendent of the Water Pollution Control Department Peter Albers was present to review the departments capital improvements for 1992.

A review of the Water Department budget for 1992 was held. The budget reflects projected revenues and expenditures even. This would coincide with the Auditors and PSC's recommendation to check into a possible rate increase. The paper work has already begun regarding that review, but is unlikely to be complete until early next year.

Both of the proposed utility budgets will also be heard at a public hearing on December 2, 1991 at 8:00 p.m.

President Mary Krueger asked if the information requested from the Architects Tesch & Tesch was received regarding the Fire House. The Administrator informed

the Board that it had not yet been received.

On a motion by Trustee Gary Gavin, seconded by Trustee Mark Vechart and carried by the majority roll call vote, to adjourn to closed session under Chapter 19.85 (1)(c) of the statutes to consider employment, compensation and performance of public employees over which the governmental body has jurisdiction and Chapter 19.85 (1)(e) of the statutes to deliberate and negotiate the disposition of public lands. Harris said Kudek stopped suddenly and he did not have time to stop and avoid the crash.

## 75 Years Ago

Nov. 25, 1916

Mrs. Nettie Wittenberg, wife of Henry Wittenberg of Dundee, passed away in eternal sleep at her home at Dundee on Tuesday, Nov. 21, 1916, after a protracted illness of five year's duration with cancer. Miss Nettie Schaefer was born in the Town of Kewaskum, August 25, 1867, having attained the age of 49 years and 3 months. On the 6th day January, 1894, she was united in the Holy Bonds of Matrimony to Henry Wittenberg. Four children were born to this union namely, Clarence, Henry, Erna and Wilbur, all at home.

Property transfers and other arrangements have been made for the erection of a cold storage warehouse at Campbellsport. The J. S. Stevens Company wholesalers of cheese in several cities has purchased the lots north of the Electric Light Company's plant, from John Vetsch, and have made arrangements with the Chicago & Northwestern Railroad Company to have a track built from the east side track to the site where the storage building will be erected.

Mrs. L. Bartel of Beechwood came to Kewaskum Wednesday, where she will spend the winter with her daughter, Mrs. Ferd Raether and family.

The rabbit lunch at C.W. Bruessel's place last Saturday evening was largely attended. All present report a good time.

The local bowling alleys will open tonight for the season of 1917. Everyone is invited to attend. A fine warm lunch will be served.

### IN MEMORY

In loving memory of HAROLD MEISENHEIMER, who passed away one year ago, Dec. 3, 1990:

#### Only The Best

God saw he was getting tired  
And a cure was not to be;  
So he put his arms around him  
and whispered  
"Come With Me."  
With tearful eyes we watched him  
suffer  
And saw him fade away;  
Although we loved him dearly  
We could not make him stay.  
A golden heart stopped beating,  
Hard working hands to rest;  
To prove to us,  
He only takes the best!

Deeply missed by children,  
grandchildren, and  
great-grandchildren.

### Moraine Park Has New Course Registration Process

Fond du Lac - Moraine Park Technical College has added a new course registration option for students registering for second semester classes. "Touch-Tone Registration" will allow students to register automatically from any touch-tone telephone using the telephone's keypad. Live operators will continue to service rotary telephone owners who register by phone. The new system allows touch-tone users to switch to a live operator if needed.

A complete explanation and instructions can be found in Moraine Park's schedule of courses which is again being mailed on a request basis to interested Moraine Park Vocational, Technical and Adult Education District residents. In addition, selected pickup points have been designated throughout the District and will be announced in local newspapers.

In the past, all 106,000 homes in the Moraine Park District received the schedule twice a year. This past August, the College sent the schedule only to people who had requested it by using a business reply postcard sent earlier to their homes. "Feedback we received suggested that many

people who regularly attend classes at Moraine Park either did not receive, recognize or return the postcard," explained Ed Osborn, Moraine Park's public information manager. "Therefore, all currently enrolled students will automatically receive the winter-spring issue of the course schedule. We are also sending a copy to anyone who took a course within the last year, as well as the people who have returned a postcard requesting the schedule."

Osborn said degree and diploma students (anyone with a program code) at the three campuses in Fond du Lac, Beaver Dam and West Bend can pick up their copy from their advisor during the advising period which starts Nov. 25. Continuing education students will receive their copy at home in late November.

"The schedule of courses will have course information and touch-tone registration procedures in one convenient package," said Osborn. Degree and diploma students will register for their courses starting Dec. 9, while open registration for non-program students begins Jan. 3. Second semester classes begin Jan. 15.

## Deer/Vehicle Accidents Continue to Increase

The deer/vehicle accident problem continues to grow. Over 400,000 recorded deer/vehicle accidents are occurring annually in the U.S. and are growing every year. Over 130 human lives are lost per year along with 7,000 human injuries. Nationally each automobile repair claim is averaging over \$2,000 per vehicle thus totalling approximately \$800 million per year in claims. Loss of a valuable wildlife resource is increasing. Based on deer hunting expenditures, the worth of one deer is figured at \$1,000. Thus the U.S. is experiencing a \$400 million per year loss in deer fatalities. The cost of carcass removal and accident investigation continues to grow.

### Small Business Counseling Available

Are you the owner of a new small business or planning to start one? If so, did you know that you can have up to 90 minutes of FREE and confidential business counseling? Yes, this service is offered to you by UW-Extension in cooperation with the Small Business Development Center.

You can schedule an appointment with Area Business Agent, Chuck Wise, at UW-Washington County, 335-5204. This could be your opportunity to have those questions answered that you've been wanting to ask, but didn't know where to begin, such as: what kind of government forms will I need? How and where do I get a Seller's Permit? Do I have to collect taxes and how? Should I maintain a sole proprietorship, or should I consider a partnership or incorporate? How can I determine if a business I'm considering is worth the asking price? Would I, or should I be able to do my own bookkeeping? How would I write up a business plan or financial projection? Where are there small business entrepreneur-friendly lending institutions or programs? Will I need the services of a professional, such as a lawyer, CPA or insurance broker?

If you need any of these questions answered or have some of your own, call 335-5204. Appointments are now being scheduled for Tuesday, December 10, at 9:00, 10:30, 2:00 or 3:30 at the University, 400 University Drive, West Bend. We'll be glad to help you.

In 1990, the Wisconsin Department of Transportation recorded 19,919 deer/vehicle accidents, up from 8,977 in 1981. Due to many accidents not being reported, the DNR estimates the actual accidents at 30,000 to 35,000. In 1990 deer related crashes accounted for 14% of the total number of vehicle accidents, up from 8% in 1981. The Wisconsin Insurance Alliance estimates that in 1990 deer related claims amounted to about \$45 million or 4.5 cents of each insurance dollar spent.

What are the answers to this problem? Highways can be fenced, but the cost ranges anywhere from \$50,000 to \$150,000 per mile. One very viable option is the Wildlife Warning Highway Reflector System which utilizes reflective devices on each side of the road to direct reflected light from vehicle headlights across the road and into the roadside area. The unnatural and apparently moving light patterns deter deer from crossing the road in darkness when 80% of the deer/vehicle accidents occur. The cost of this system ranges from

\$5,000 to \$10,000 per mile.

The accident reduction results of the Wildlife Warning Highway Reflector System have been very impressive and significant. In 1980 the Minnesota DNR installed a test system on 1 1/2 miles of Interstate near St. Cloud, Minnesota. The deer/vehicle accident collision rate was reduced 91% from 38 deer killed the year prior to installation to a mean of 3.25 the next four years.

In 1981 the Washington Department of Transportation placed reflectors on four test sections and alternately covered and uncovered the reflectors during late fall and early spring for a three year period until 1984. Each section was from .45 to .68 miles in length. During this period 52 deer were killed at night in sections where the reflectors were covered and 6 deer were killed when the reflectors were uncovered. The end result was a 90% reduction in deer/vehicle accidents with the use of the reflectors.

As the accident problem and loss of wildlife grows, installation of viable solutions are a must.

### Need Volunteers to Help With Free Tax Assistance

VITA and TCE, two programs that provide free tax assistance to people who can't afford professional tax help, are asking people to "volunteer and make someone's taxes less taxing." According to the Internal Revenue Service, VITA and TCE are now recruiting volunteers for the tax filing season ahead.

VITA stands for Volunteer Income Tax Assistance, and it's designed to help your neighbors who are elderly, low income, handicapped, or have difficulty with English with their taxes. TCE - Tax Counseling for the Elderly - is a companion program cosponsored by organizations such as the American Association of Retired Persons.

Nationwide, some 80,000 VITA and TCE volunteers answered tax questions and filled out basic federal and state tax returns this year. Volunteers come from all walks of life and include business and accounting professionals and students, as well as former teachers and other retired people.

The IRS provides free training to all volunteers. Then volunteers offer free help at convenient community locations such as schools, churches, and shopping centers.

To become part of VITA or TCE, or for more information about these programs, call the IRS toll-free at 1-800-829-1040 and ask for the Taxpayer Education Office.

## ★ WINTER PARKING ★

The Winter Parking Restrictions and Snow Emergency Parking Restrictions go into effect on December 1, 1991.

Municipal Code Section 7.04(3) **Night Parking Restrictions**, reads as follows: Signs have been erected at or reasonably near the corporate limits as provided in Section 349.13, Wisconsin Statutes, no person excepting physicians or licensed emergency vehicles on emergency calls, shall park or stop any vehicle on any public street or highway within the village between the hours of 2:00 A.M. and 6:00 A.M. from December 1, to April 1, of each year; provided that, notwithstanding such restrictions vehicles may be parked a period of time not longer than 3 minutes for actually loading or unloading of passengers, and provided further that no other regulation restricting parking as to place, time, or manner violated thereby.

The fine for violating the ordinance is:

\$5.00 if paid within three (3) days of the issuance of the parking citation.

\$10.00 if paid after ten (10) days but before 28 days.

After 28 days, the amount is \$20.00 and a notice will be sent to the Motor Vehicle Department to suspend your vehicle registrations and refuse renewals until the citation is satisfied.

An important fact is the owner of the vehicle is responsible for the payment of the citation whether or not he was the operator.

Municipal Code Section 7.04 (4) **Removal of Illegally Parked Vehicles**. This section covers the issuance of citations to and possible removal of such vehicles in violation of this ordinance. In addition to other penalties provided by Section 7.04(6) of this code, the owner or operator of a vehicle so removed shall pay the cost of the towing and storage.

### Friends of the Kettle Moraine Present Program on USSR

The USSR's Lake Baikal, "The World's Greatest Lake," is the subject of a special presentation by Bill Volkert, well-known DNR naturalist, at the Ice Age Center on December 4.

The slide program from Volkert's recent travels in the USSR highlights the annual meeting of the "Friends of the Kettle Moraine" which begins at 7:20 p.m. The public is invited.

The Friend group, which is seeking new members, is a volunteer support organization whose members donate time and talent to the Kettle Moraine State Forest. Involvement can include assistance with open houses, planning ski events, fundraising, selling interpretive materials, carpentry, constructing trails and displays and other activities.

Volkert has lived in the Northern Kettle Moraine area since 1977 and has conducted numerous studies in the area. He also has travelled world-wide, including such places as Canada's Hudson's Bay where he conducted goose research and Baffin

Island where he camped in the Canadian arctic observing and photographing wildlife.

During 1991, Volkert and his wife visited southern Siberia, touring the Lake Baikal region with scientists working on management of the lake, a vital resource in the area.

The Indians finished tied for sixth in the EW with a 1-5 record, with their only win coming over WIAA Playoff participant Sheboygan Falls. The loss to the Indians cost the Falcons the EW title.

The Indians led the EW with 681 yards passing, and tied for the lead in completion (59) and touchdowns passing (5). Kim Marx led the EW with four touchdown catches, including the longest of the year, a 91-yarder against conference champion Plymouth.

## GIRLS TENNIS

**MOST VALUABLE PLAYER, SINGLES** - Jessica Rohrer; **MOST VALUABLE PLAYERS, DOUBLES** - Nicki Cayner and Kim Frank; **CAPTAINS** - Shawn Erdmann, Stacey Pamperin, Heidi Gruhle; **ROOKIE OF THE YEAR** - Melissa Rohrer; **MOST IMPROVED** - Karyn Dossinger; **SPORTSMAN OF THE YEAR** - Kate Berres, Jennefer Van Assche and Heidi Gruhle; **LETTERWINNERS** - J. The Indians improved greatly during the course of the year, and finished in second place in the EW, the school's highest showing ever. Melissa Rohrer (No. 3 singles) and the team of Nicki Cayner and Kim Frank (No. 2 doubles) won conference championships at their respective spots.

## CROSS COUNTRY

**MOST VALUABLE RUNNER BOYS** - Dean Kreis; **MOST VALUABLE RUNNER GIRLS** - Chrissy Neumann; **ALL CONFERENCE HONORS** - Neumann (First team all-EW); **LETTERWINNERS** - (Boys) D. Kreis, Willie Kreis, Wade Kreis, Jeff Dirmeier, Kevin Gundrum, Josh Kurtz, John Gildersleeve. (Girls) Neumann, Theresa Anderson, Rachel Chambers, Greta Kuphal.

The Indians cross country teams were plagued by a lack of depth this year, and both squads finished in last in the EW. Both Indian squads improved in the lategoing, though, as evidenced by the boys' teams' top half finish in the Sectional run. Neumann was named to the all-EW team by

virtue of her top seven finish in the conference meet. The Indians will lose just three members from the squads, and prospects for improvement next season look great.

## Wildcat Cagers Fall to Waukesha

By Statesman Sports Writer

**WAUKESHA** — After scoring a season-opening win against Lakeshore Tech, the UWWC men's basketball team was rudely slapped back to reality here, last Thursday.

The Wildcats were simply overmatched against a powerful UW-Waukesha squad, and came up on the losing end of a 86-44 spanking. The Wildcat women put up a remarkable comeback, but then ran out of steam late in their season-opening contest against Waukesha, and lost 53-50.

"We had a lot of turnovers, and we didn't shoot very well," Wildcat men's coach Tom Brigham said of the effort against Waukesha. His team connected on just 33 percent of their tries in the game, while committing 30 turnovers.

UWWC fell behind 53-25 by halftime, allowing Brigham to clear his bench early in the second half. Reserve Ken Breuer shared scoring honors with Jay Leberecht and Terry Howell, each chipping in eight points. Rob Graetz led Waukesha with 21.

"Kenny (Breuer) came off the bench and played well," said Brigham, whose team got to the line just six times, compared to the hosts 25.

"It was a real good first game," said women's coach Debbie Butschlick of her team's effort against Waukesha. "The girls played real well. I was pleased with their effort and intensity."

One thing that didn't please Butschlick was the fact that her team fell behind 19-2 in the first eight minutes of the game. "We were taking good shots, it's just

that they weren't falling," she said.

But the Wildcats battled back with defense the rest of the half, outscoring Waukesha 18-4 to pull within 23-20 at the half. The Cats did grab the lead for a short time in the second half, but were not able to come away with the victory.

Jenny Meyer, Sally Fechter and Michelle Kraus each pumped in 14 points for the Wildcats, while Kelly Rohlinger chipped in with eight. Meyer pulled down 14 rebounds as well, while Fechter hauled in 11, despite playing at less than 100 percent because of sickness.

The Wildcat men did open the season on the right foot last Tuesday, as they downed Lakeshore Tech 74-63. "We played pretty well," Brigham said of the opening win. "We did some things well, but we still need to improve in other areas."

Leberecht led the team with 19 points and eight rebounds, while Howell scored 18 and pulled down 11 boards, while not committing any fouls, a rare feat for him. Buddy Mechinch added 13 points, while Keith Hosking chipped in 10.

"Jay played pretty well...had a good game, and Buddy and Keith did alright for their first games," Brigham said. "Terry also did a good job on the boards."

# Inexperienced Indian Girls to Open Hoop Season

By Statesman Sports Writer

KEWASKUM — With just one letterwinner returning from last year's 7-15 squad, the Kewaskum girls basketball team will have to contend with lack of experience at the varsity level.

But that doesn't seem to bother coach Glenn Eischstedt, who points to success at the lower levels in the Indian program as a big plus for this year's group.

"Due to our success at previous levels, (we) have high expectations and goals for this year's team," Eischstedt said in his preseason outlook. And with a JV and freshman combined record of 30-6 last year, one can hardly argue.

Senior Terry Vogt (5-7 G) is the lone returning letterwinner for the Indians this season. A starter last season, Vogt will be looked upon to be a leader this year.

Two other seniors will be back this year, although neither saw

extensive action in the 1990-1991 campaign. Sherry Hass (5-8 F) and Tammy Schmidt (5-10 C) return and will push the remaining underclassmen for starting spots.

Top nonletterwinning prospects include juniors Julie Mertz (5-8 F), Kim Sabish (5-3 G), Bonnie Schlice (5-6 G), Marty Schlice (5-6 G), Debbie Steger (6-0 C) Robyn Winninghoff (6-3 C). Other members looking to make contributions include sophomores Christa Fleischman (5-9 F) and Ginger Wiesner (5-6 G) and junior Sandra Schmidt (5-9 C).

"Team speed and size should be a definite strength this season," Eischstedt said, looking at Schmidt, Steger and Winninghoff as comparing well with just about any front line in the Eastern Wisconsin Conference, size wise. "Depth should prove to be an important aspect too."

As for liabilities, Eischstedt

points to the obvious lack of experience, but says that a key to overcome that will be winning a couple of games early in the season. "With only one returning letterwinner, this team is going (to have) to mature quickly in order for (past) success to continue."

As for the Indians chances in the EW, Eischstedt said "We hope to compete for the conference crown," but adds that the task will be tough, considering that last year's champ, Chilton, returns virtually their entire team.

"(They) dominate our conference with several talented returning players," Eischstedt went on, noting the Tigers "are without question, the team to beat."

The Indians do have loads of potential, according to Eischstedt, "but it is largely untested. Unfortunately, talent alone does not equal success at the varsity level."

# UWWC Men, Women Open with New Coaches

By Statesman Sports Writer

WEST BEND — The faces will be familiar, but the roles will be different for the coaches of the men's and women's basketball teams at UW-Washington County this year.

Tom Brigham, after coaching the Wildcat women for the past 15 years, stepped down as the women's boss to take on the challenge of rebuilding the Wildcat men's program.

Brigham should have an improved group of players to work with this year, as four players return from last year's 2-21 team, including Terry Howell, who was an all-state honorable mention selection a year ago. Howell (6-4 F) will be the Wildcat captain this season.

Also returning to the fold hoping to make contributions will be Ken Breuer (5-11 F), Marty Dobson (6-0 F), and Jay Leberecht (6-5 C). Leberecht and Dobson were also starters last year.

Newcomers who will make an impact this year include a pair of Slinger High School grads, Buddy Mechenech (6-0 G) and Keith Hosking (6-3 F), who look to have won starting spots. Other team members include Doug Wilkens (5-8 G), Glen Allen (6-0 F), Jim Neuberger (5-9 G), Dave Swanson (5-10 G), Joo Han (5-8 G), and Jim Lenz (6-3 F).

"We should have more depth this year," said Brigham, who held the men's coaching post for nine years before taking over the girls' job. "We should be strong on the boards, and we got some good outside shooters."

Brigham's assistant for the past

two years, Debbie Butschlick will assume the women's head coaching duties. "I'm pretty excited about it," Butschlick said of the opportunity. "I've been assisting coach Brigham for two years, but I've never been a head coach before, so it'll be a challenge."

Helping Butschlick in her first year will be the return of first-team all-starter Jenny Meyer (5-10 C), who last year set UWWC single game scoring and rebounding records. The bad news for Butschlick is that Meyer is the only returning player that saw extensive playing time last season, when the team went 18-6 overall (finishing second in the state tournament), 10-2 in conference (first place).

Michelle Schwalbe (5-10 F) and Jackie Murphy (5-6 G) saw limited action last season, and the newcomers this season are not exactly familiar with each other, so communication will be a key this year, according to Butschlick.

"It's not like all of (the new players) came from the same school, so nobody really knows each other's game very well," she said.

Players who will make an impact will be Judy Rosenthal (5-7 G), Jenny Muckerheide (5-5 G), Kelly Rohlinger (5-7 F), Sally Fechter (5-8 F), Michelle Kraus (5-6 G) and Tammi Dutton (5-5 G).

Kraus will assume the playmaking role vacated by another all-starter, Rocky Justmann. Kraus "has great hands and is very quick," according to Butschlick, and will help the Wildcats transition game.
