Candidates, Mates Campaign Here in Final Week Wisconsin Vote Pivotal in Tuesday's Election

By Noel Stollenwerk

It is becoming more and more apparent that the state of Wisconsin will play a key role in determining the United States' next presidential ticket.

President George Bush and Arkansas Gov. Bill Clinton are both making late-minute campaign stops in the Dairy State, trying to woo voters into their respective camps. Wisconsin holds 11 electoral votes, and it has been widely believed that the prospective candidates are targeting the state, calling it pivotal.

Bush, the Republican incumbent, is expected to make stops in the state this weekend, while Bush's running mate, Vice President Dan Quayle, was in western Wisconsin earlier in the week.

Clinton, the Democratic nominee, is expected to visit one more time before Tuesday's general election, while his running mate, Tennessee Senator Al Gore, was in Oshkosh for a rally on Tuesday.

Independent candidate H. Ross Perot and running mate James Stockdale do little public campaigning, and are not expected to pledge for votes in Wisconsin.

The three main campaigns will not be the only one on Tuesday's

presidential ballot, however, as Wisconsin will have 14 different tickets from which to choose.

The voting public it to be reminded, however, that voting a straight-line party vote (Republican or Democrat) will not automatically vote that party for president. You must vote the presidential ballot separately from the straight-party ballot.

Several other key races will be decided by voters on Tuesday. In the race for a United States Senate seat, Democratic contender Russell Feingold appears to be leading Republican incumbent Robert Kasten in latest polls, however, the gap between the two has narrowed considerably. Also running for that Senate seat are Libertarian William Bittner, along with Independents Patrick Johnson, Robert Kundert, Joseph Selliken and Mervin Hanson.

The position of Washington County Sheriff is also to be decided, with incumbent Robert Schulteis receiving opposition from Libertarian Dave Ameringer, as well as from write-in candidate Jim Grover, whom Schulteis beat in a Republican Primary in the spring.

Incumbent James Sensenbrenner is being challenged for his seat in the 9th Congressional

District by Democrat Ingrid Buxton, Libertarian Jeffrey Holt Millikin and David Marlow.

The State's 20th District Senate seat is also up for grabs, as Donald Stitt (Republican), Delmore Beaver (Democrat) and Larry Gavel (Libertarian) jockey for the position, with Stitt serving as the incumbent.

Mary Panzer will try to hold on to her seat in the State Assembly's 59th District, as she will be challenged by Libertarian candidate Kevin Scheunenmann.

Carol Puerling, the incumbent Clerk of Circuit Courts, is receiving opposition from Libertarian Steve Chantelouis, while Register of Deeds voting will be between Republican Dorothy Gonnering, Libertarian Betty Schuenemann and Independent Kip Nelson.

Incumbent County Clerk Arthur Degnitz (Republican) is opposed by Libertarian Craig Lemonds, while County Treasurer Fredric Seefeldt will be challenged by Libertarian Ann Kutz.

District Attorney J. Dennis Thornton (Republican) is running unopposed for the District Attorney spot, while Republican Marlene Yoost is running unopposed for the County Coroner position.

Public Urged to Vote Against Tax Referendum Underage Smoking Ordinance Adopted

By Noel Stollenwerk

KEWASKUM — The Kewaskum Village Board last Monday night adopted an ordinance calling for underage persons to be fined for possession and/or use of tobacco products.

The ordinance, which has

already been in effect in surrounding communities such as West Bend and Slinger, is designed to curb the use of tobacco product by underage persons.

"We're the only municipality not to adopt it so far," Kewaskum police chief Richard Knoebel said at the Board meeting. Knoebel reported that violators of the ordinance will generally be warned first, and subsequent offenses will result in a fine of \$25.00 plus court costs, which amounts to an overall fine of \$55.00.

Also at the meeting, Village Administrator Dan Schmidt expressed his feeling toward the tax referendum that will appear on voting ballots on Tuesday. Schmidt said that he agrees with State Treasurer Cathy Zeuske's finding that the passing of the referendum would have bad consequences for taxpayers.

"The taxpayers will be the ones hurt by it," Schmidt said of the referendum, which calls for the lifting of the uniformity clause in the taxation of property. That would mean that two homes of equal value could be taxed at very different rates.

The way Wisconsin law stands now, all property within each class is taxed uniformly. If the referen-

dum is passed, the state could pass a law to determine a home's effective tax rate by taking into account factors such as age, occupation, and income. Zeuske even goes so far as to suggest that special interest groups could benefit from the passing of an amendment.

"If the amendment passes, the Wisconsin Legislature would be given a magic wand to grant political wishes by allowing select groups in society to be favored in taxation," Zeuske said in opposing the referendum.

In other action at the meeting, Schmidt went over "very preliminary" figures for the 1993 budget, which is estimated to be increasing by 7 percent, with the tax rate to increase between 1.5 and 2.7 percent. Schmidt went over various facets of the budget, explaining any significant increases or decreases, and added that further review of the item will occur at the meeting on Nov. 30th.

Knoebel, meanwhile, reported that the annual Homecoming week at the high school generally went well, although a cost of \$229.35 was incurred in overtime and additional support.

Christmas Parade Will Be Funded by Tree Lights

Are you anticipating a bigger and better Christmas Parade this year on Christ, Dec. 6? Do you remember seeing the look of wonder and excitement on the faces of all the children as they eagerly awaited the arrival of Santa Claus and his elves?

If you enjoy all the Christmas smiles, now is the time to contribute towards the holiday merriment as preparations for the annual Christmas parade are currently underway.

Last year the Kewaskum Area Chamber of Commerce began a fund raiser that will run again this year to help underwrite some of the cost of the parade.

A huge wooden Christmas tree was built by Jim Schaub and erected in front of Valley Bank prior to the Thanksgiving holiday. The same will be done this year. You can show your support by purchasing individual lights from the Chamber that will be placed on the Christmas tree.

As each light is purchased by individual donors, they will be lit, one by one, on the tree. Hopefully, all the colored lights on the brilliant tree will be lit as the Christmas parade rolls by on Dec. 6, heralding the beginning of the festivities.

Again this year, in addition to the Christmas tree, a large star will be placed adjacent to the tree and white "memorial" lights can be purchased to surround the star in glowing white light. A memorial board will be placed in front of the star with the message: "A star shines brightly for those who cannot share Christmas with us this

year... IN MEMORY OF: The names of deceased family members in whose memory the lights were purchased, will also be placed on the "Memorial board."

The cost of the white memorial lights will be \$10 for each name. Green lights, which will surround the Christmas tree, can be purchased by individuals and/or families for \$10 each. A "thank you" board listing the names of the green light donors will be placed next to the tree.

In addition to the green and white lights, red lights will be available to area businesses and corporate sponsors at a cost of \$25 (or more) per light. The special red lights will be used to decorate the inside of the Christmas tree. A special "thank you" board listing the names of the businesses that donated "red lights" will also be placed next to the tree.

All new special lights have been acquired to maximize lighting efficiency this year. Every few days, donors names will be added to the "thank you" boards and fresh lights will be lit in addition to those previously lit.

Please show your support of the Christmas Parade by donating one (or more) lights on the Christmas tree or Memorial Star. The parade cannot experience growth or be a part of your holiday celebrations without the financial support of the entire community. Thank you for your help.

To donate a light, please fill out the coupon on page two and mail to the Kewaskum Area Chamber of Commerce, P.O. Box 300, Kewaskum, WI 53040.

Trick or Treat Saturday

KEWASKUM — The Kewaskum Village Board announced that the Halloween trick-or-treat hours this year will be on Saturday, October 31st, from 2:00 p.m. - 4:00 p.m.

As always, parents are encouraged to follow along with their children as they trick-or-treat. If that isn't practical, parents should at least talk with the potential ghosts and goblins, and explain the various safety hints.

October Student of the Month

By Noel Stollenwerk

Kewaskum High School sophomore Guy Liepert has been chosen as the Board of Education's Student of the Month for October.

Guy, son of Dale and Sandy Liepert, was chosen because of his positive changes during the first two months of the school year. His positive attitude continues to show the effect of the POPS. (Power of Positive Students) program recently begun at the school.

As one of his teachers wrote in Guy's nomination, "He has become a more responsible student and person this year in class. He works much harder than previous years and gets along better with his peers. Guy has exhibited a very positive change in attitude and behavior."

High-Speed Police Chase Flees Through Kewaskum

A high speed chase ended in Eden last Thursday, Oct. 22, when a 17 year old Milwaukee youth led police through several counties before being apprehended.

According to a Washington County Sheriff's report, the chase began around 11 p.m. in Milwaukee, after the suspect allegedly stole a car and fled north on Hwy. 45, accompanied by three passengers.

Deputies were called out to pursue the vehicle, entering the chase at Hwy. 60, after a state trooper who had been following the car, reported the driver was maneuvering erratically, forcing traffic off the road.

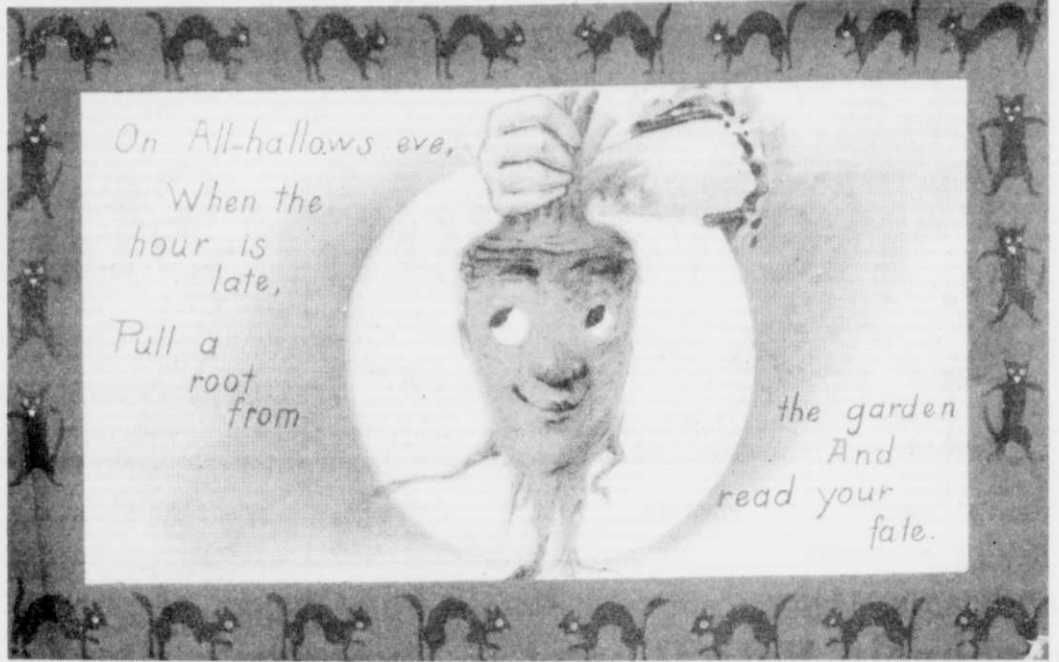

The state trooper joined the chase in an unmarked vehicle, and requested aid when he felt that police squads with more lights would be beneficial in preventing accidents.

The suspect continued to flee

authorities through Fond du Lac county, including Kewaskum, and ended just south of Eden, where he lost control of the vehicle and crashed.

A Washington County Sheriff's Department deputy was injured at this point when the sheriff's squad hit a utility pole. He was treated and later released from St. Joseph's Community Hospital, West Bend.

The three passengers were taken into custody, but the driver escaped on foot, and was later arrested in Sheboygan County. The 17 year old youth faces felony charges of endangering safety.

The above bizarre, oldie Halloween photo was submitted by Isabelle Muckerheide.

Piggy Sends Greetings From Town of Wayne

By L.L.K.

I received a very special message from my pal, Piggy, at work this week and could hardly wait to share it with all her Kewaskum buds. It read:

"Just a note to the people of Kewaskum. John is taking very good care of me. I sleep in his baby bed and he does tuck me in. Last Wednesday night, he took me for a ride in his big black car. We went to Prime Time Pub and I saw Rhonda and Mike, Becky and Troy, her kids, Jackie, Julie and Troy. I can't wait to go Trick or Treating with John. I really like it on the farm.

"Piggy"

I was so relieved to hear all this good news from Piggy. Now perhaps I can again get some sleep at night. Of course, now I feel as if my heart is broken, realizing that at this point in Piggy's happy life, she probably doesn't even miss me, much less need my evenness. I do hope she has fond memories of all the time we spent together and all the good times we forget! But let's keep in touch... maybe we can do lunch! Have your person call my person.

I had a chance to have a nice, long, sobering (yeah, right!) chat with Doug Gonring at "Jocko's" wedding last Saturday evening. Doug quietly informed me that he is NOT the one who throws the New Year's Eve Party. He has the Super Bowl Party. (I knew that Doug... I was just trying to railroad you into something!)

Okay... so now at least we all know where we're watching the Super Bowl. (I guess we all pretty much surmised we wouldn't be watching it in Green Bay this year!) However... I just don't see how this will ever work out Doug. I KNOW Piggy won't go for a Super Bowl party. After all, would YOU go to a party and watch two teams of overgrown men pass one of your relatives from one end of your relatives from one end of the field to the other? I think not. I mean, let's show some compassion for piggy's fallen comrades.

I think it's better if we break this whole football thing to her very gently and very carefully. (This could scar the poor little thing for life!) Here's your next bedtime story. John...

Once upon a time there was an unemployed coach who wandered into the campus of an Arkansas college and found a bunch of BIG-BIG boys kicking and throwing around a little, bit-sized ball. Coach said, "You guys look like a bunch of Razorbacks!" Thus the team was named after one of your old ancestors, little piggy. Good bedtime story, hey? That should at least "prime" piggy's interest in football anyway. Whatever you do though, be careful not to mention what the football is made of or you'll really hear some squealing!

Okay... so now Piggy is primed for Doug's party and Doug takes

the easy way out. After all, what do you need for a Super Bowl party? Pretzels, beer and alot of floor. Even I could handle that!?! That leaves us without a host for Piggy's Rockin' New Year's Eve Party. Now we're right back to square one! How about Eckl's Main Street Inn? I know... not big enough! How about we rent a big-big tent and put it on the parking lot. A few heaters... a few shovels in case of snow and we're all set.

Actually, good ole' Doug though "MOI" should throw the New Year's Eve Party. I don't know if that's such a good idea. Of course this party would have to be contingent upon the following prerequisites:

1. Someone has to bring a tarp large enough to completely cover my carpeting. I know what happens when Piggy gets excited after swilling champagne all evening.

2. Everyone has to do their New Year's Eve shopping at Kuehl's Suds and Spirits so he is sold out and has to close by 6 p.m. Then make sure someone sends him home!

3. Someone has to find an ap-

propriate party hat (and favors... she likes the twirly kind you throw) for Piggy. (John... this means you'll have to invest in a party dress for her!)

4. The singing duo of "Ellis & Eckl" must perform the song, "Pinky, Stinky Pig" exactly at midnight!

5. Everyone agrees to eat at least one bowl of sauerkraut.

There, I guess that should pretty much take care of all the rules and regulations. Still want to have the party at my house?!?!? There's still time for someone else to volunteer. Sauerkraut and cheap champagne... YUM! YUM!

Doug did mention that he received a few ballots published in last week's paper, but he forgot to tell me (or I forgot to remember) if they were Pro Pig Party or Pro Hog Heaven. As far as I know, Doug is the only one of the finalists who received any ballots. But would Greg Eckl and Troy Ellis honestly admit it if they got any? Ask them... I'll bet they did!

Guys & Dolls - A Character Bonanza

The streets of New York. Broadway. People from every walk of life, peering the streets, sight-seeing, or just passing the time of day. Guys & Dolls, presented by Kewaskum High School, has it all. In New York, on any given day, one might see a variety of interesting sights. In Guys & Dolls, lucky theater-goers will see a prizelighter (played by the muscular Tony Strancke) shadow boxing and skipping rope. He is accompanied by his manager (the bossy Eric Rahlf) who barks out orders as they train.

A pickpocket (played by the quick-handed Ryan Herman) has just relieved his last victim of his watch and is being chased by a policeman (fleet-footed Karl Ankerson). A sidewalk photographer (played by the photogenic Jenny Goodsell) has just snapped the photo of the

pickpocket's victim, a Texan (the charming Tyler Dieringer) escorting his wife (the lovely Rhonda Klesmith). They become aware of the missing watch and join the pursuit of the pickpocket.

A blind man (played by the near-sighted Kevin Klahn), carrying his cane and tin cup, works the streets while street people (the resourceful Rachael Chambers and Suzi Gauvin) look on. Two autograph-seeking bobby soxers (played by the animated Jenny Straub and Jenny Ebert) hound a couple of beautiful actresses (the talented Mandy Proeber and Nikki Yogerst) for their autographs.

The excitement builds as these activities provide the background for the entertaining and side-splitting Guys & Dolls. Get your tickets for the 8:00 p.m., November 6 and 7 performances by calling 626-2166.

Letter to the Editor: WOMEN'S ISSUES

October has been designated Breast Cancer Detection Awareness Month as a way of promoting the need for women to take a more active role in the care of their breasts. The reason is simple-it will save lives.

Women in the 20th Senate District should mark November 3rd on their calendars. Sure, it is election day, but, for us, it is an opportunity to dismiss an elected official whose positions on women's issues have been less than satisfactory.

Senator Donald Stitt was one of only two senators who voted to deny insurance coverage for mammograms. He opposed attempts to increase aid for needy women and children. Adding insult to injury, Senator Stitt opposed a family leave bill that even Governor Thompson supported.

During this year of the woman, during this year of family values, we certainly ought to cast a critical eye on each candidate. I am afraid that in the 20th Senate District, incumbent Senator Donald Stitt does not measure up.

Sincerely,
Arlene Beisbier

To the Editor:

Sheriff Schulteis and James Grover both ran very costly primary campaigns. As we all know the American Way is that after a campaign, the two candidates shake hands and hopefully can work together as gentlemen. However, this time we have not seen Sheriff Schulteis as a man that is ready to let bygones be bygones. So, the citizens of Washington County have rallied in protest against a Sheriff who is unable to let bygones be bygones and return his concentration to the job he was elected to do, that be, serving the people of this county instead of concentrating on his revenge tactics.

I am proud to be a resident of Washington County. It has been an exciting experience to see how each community within the county has joined forces to get the word out that there is a Write In for Grover campaign out there. West Bend has over two hundred hard working citizens out there actively spreading the instructions on how to do a write in vote. Hartford has a group of over one hundred, along with groups in Jackson, Kewaskum, Germantown, Richfield, Slinger, Allenton, and many other of the small communities. I congratulate all of you in your effort toward bringing everyone together to assure that fairness is restored to our Sheriff's Department. I am sure that the employees of the Sheriff's Department are grateful for this Write In Grover for Sheriff campaign. The Sheriff Dept. has been riven with morale problems and budget problems for several years. It is up to we the people to unseat the incumbent when he or she is abusing the power of their office under the cover of their office.

The unity of the people of this county in supporting the Grover Write In voting campaign has been unbelievable. When W.I.G.S. was first formed on Sept. 13, we were told that a Write In vote was nearly impossible. Anything is possible when the

people rally to fight for fairness and justice in local government, as well as state and federal government. Get out and vote on November 3rd, it is your right and your duty. Please write in Jim Grover for Sheriff, he is the man for the job. He and we the people need a write in vote from all of you.

Dear Editor:

The Opportunity League of Washington County, Inc. celebrated their ninth anniversary on Friday, October 9, 1992, at Barth's Linden Inn. The special event started out with welcoming the guests with a cash bar before the buffet dinner. With a Moment of Silence for Florence H. Mineau and a short prayer, we enjoyed a lovely delicious meal. Marge Behlen was the guest speaker for the special event. Marge spoke on the work Florence did for the organization until her death last spring. Florence was the founder and the executive director of the organization. Marge also reminded the guests on the goals of the League. We had a couple of door prizes before we closed the program for music and dancing with the Joey Klass Band.

Among the 99 guests attending the event were Mayor Michael Miller of West Bend, Mayor James Core of Hartford, Tom Bergerud, Hope Nelson of West Bend, Opportunity League members, family and community friends of the members.

The centerpieces were donated by Pick 'N' Save South, Pick 'N' Save North, Sentry Foods of West Bend, Design Originals, Boergers Floral, Bits and Pieces, Black's Flower Shop, Kewaskum Floral, RLS Floral Studio and Miller-Bradford & Risberg, Inc. of Milwaukee. The door prizes were donated by First National Bank of Hartford and Regal Ware, Inc. of Kewaskum. Other donations were made by Hartford Cleaners, The Camera Case and individuals.

We would like to thank each and every one of you who donated toward this special event. Please patronize the businesses mentioned above. We also would like to thank each and every one of you who helped in any way and/or just attended this special event. We hope to see you all at the tenth anniversary celebration on Friday, October 1, 1993 as being planned.

Thank you.

To the Editor:

At this time, I wish to extend my thanks to all who supported my recent bid for the 59th State Assembly seat.

As Jim Grover pointed out, one really doesn't lose when you have done your best. I also feel I did my best, in a very short time to campaign and against incredible odds, in gathering a 26 percent district average, which ranged as high as 39 to 43 percent in several wards in the northeast part of the district. These totals were called

"a respectable showing for a political unknown" by some media commentators. The results are gratifying, especially in light of the unusually heavy Democratic vote, and lay a foundation for future efforts.

Most important, both candidates kept the campaign clean and professional, positive and issue-oriented. Losing a clean fight is no cause for bitterness.

Finally, I wish to note that the campaign experience was a happy one, with most voter contacts pleasant, courteous and informative. While time constraints allowed me to reach only about 4 percent of the doors in the district, I received a generous helping of complimentary and supportive remarks, which were a great emotional and spiritual lift. (See Proverbs 12:25, 16:24, 17:22).

With all this in mind, I will likely seek office again. Certainly, as I reflect on my life as it stood a year ago, I have come a long way and have much to be grateful for. My thanks to all who made that assessment possible.

To the Editor:

As the Treasurer of W.I.G.S., I urge the citizens of Washington County to get out and Write In Grover for Sheriff on Nov. 3.

Mr. Schulteis, in his arrogance immediately after the primary election, did exactly the opposite of what he claimed he would do before the primary.

Now I am sure he thinks that the people of Washington County are not intelligent enough to do a write in campaign to defeat him. Well, we have got big news for him. W.I.G.S. has taken the bull by the horns. Through the generous donations of the several hundred members that have joined us, we now have available to you the citizens, Grover stickers to use on election day. If you are interested in the stickers and have friends who are also interested, please call 338-0871. We will be sure you get them.

Jim Grover has done the right thing and decided to run for Sheriff on this write in voting effort. He knows that his days are numbered under Sheriff Schulteis if he fails, so he might as well go all out.

It is a shame that the Sheriff couldn't have just accepted his victory and then moved on, but to demote Jim Grover and then accuse him of being untrustworthy is going way over the line.

W.I.G.S. have every intention to do everything possible to insure that Jim Grover is treated fairly and that some responsible leadership will be at the helm of the Sheriff's Department. For lack of leadership skills, the Sheriff is using intimidation. How would you feel if your boss treated you this way?? Get ready Sheriff, the public is about to speak. Write in Jim Grover for Sheriff November 3rd, your vote counts and it is crucial. Ask your poll worker how to do a WRITE IN VOTE, they are there to assist you.

To the Editor,

Fool me once, shame on you. Fool me twice, shame on me.

This is how I feel about the upcoming election of the Sheriff of Washington County.

Mr. Schulteis won the primary election with statements that "Jim Grover would have his job after the election." I believed that.

He won the election with the

statement, "a Sheriff you can be proud of." I believed that.

He won the election with the statement that the budget was in good shape, "not to worry." I believed that.

To put it in a nutshell, the man is only going to fool me once. I personally am going to write-in Jim Grover in the General Election and I would like as many people as possible to do the same.

He thinks he has it in the bag... let's send him packing with that bag.

Marilyn Multhauf

To the Editor:

During the recent primary election for sheriff, Jim Grover spent more than \$40,000 in a futile attempt to win the nomination and defeat Sheriff Robert Schulteis. A lot of people sneered at such spending. Perhaps some of those people will stop sneering and will now start understanding why he did it.

Jim Grover knew what would happen if he lost the nomination. He said that Sheriff Schulteis would force him out of the department. The sheriff smoothly disagreed, assuring everyone, in-

cluding our local media, that this would never happen. The sheriff waited less than two weeks after the primary to show what he really had in mind for Jim Grover. He started by stripping Sgt. Grover of his duties as SWAT team supervisor. He added some character assassination to the formula by telling the newspapers that Grover could not be trusted. We can only guess what will happen after the November General Election and Schulteis is elected officially.

So Grover spent big, knowing that his career was over if he lost. Schulteis responded by investigating Grover's supporters and firing Grover's campaign treasurer. Two people, plain old private citizens who don't even work for the department, were "invited" in for a little chat with the sheriff, because they were overheard talking about supporting Grover. Grover's first campaign director had to resign that position after Schulteis put on some heat in his direction. Grover himself took an unpaid leave of absence to escape the pressure exerted by Schulteis, something that neither Ted Griepentrog or Schulteis himself had to do when they ran against Clarence Schwartz. So much for

Sheriff Reminds Motorists To Obey School Bus Laws

Washington County Sheriff Robert H. Schulteis reminds motorists that school is open and great care is needed when driving near children or school buses. The sheriff pointed out these important safety rules:

- Drivers must stop at least 20 feet from a school bus which is stopped and has its red lights activated. Driver may not proceed again until the bus resumes motion or has extinguished the red lights.

"Some drivers who have been ticketed have protested that the bus's stop arm was not extended and, therefore, they didn't have to stop. The stop arm is optional equipment which is not addressed in the statutes," the sheriff said.

- It is illegal to pass any vehicle on the unpaved shoulder of a road. Doing so creates the risk of striking a pedestrian who may not be visible until it's too late. It is especially dangerous when drivers pass a school bus on the right, which risks hitting the children who are getting on or off the bus.

- Drivers must stop 10-30 feet from a school crossing guard or officer.

Under Wisconsin law, school

bus drivers and crossing guards are authorized to file complaints against people who violate these laws. If the sheriff's department cannot prove who the driver was, the statutes place the liability on the vehicle owner, and that person will be ticketed.

Excerpts from As I Remember

by Marvin Martin

On the top of the hill, which would now lead you to Hon-E-Kor was a gate on the east side of the road and another gate on the west side of the road that went into South Side Park. South Side Park had a dance hall which had a swaying floor, and when people danced, it looked like waves on the floor. The dance hall had a bar and facilities to provide meals.

Coming back from the South Side Park, on the west side of Riverview Drive, directly across from the Odd Fellows Hall, was the German Methodist Church.

Going north on Riverview Drive, on the east side, the next place was the Opera House. This was a place that had a hall where we had shows, later movies, and was the recreational center of Kewaskum. We played basketball there.

Again, starting out from Main Street, going north on Riverview Drive, was an ice house and a stable for horses. Also, most of the taverns or saloons as they were called in those days, had a place to put up horses while people shopped, etc.

democratic principles. So much for his jaunty assurances in the spring that, "I expect people to run against me, that's part of the system."

Well, Sheriff Schulteis has strange ideas about "the system." If these ideas cause you some concern (re: "police state tactics") think about the morale of the sheriff's department employees who work in this climate of fear every day. We have a second chance to elect Jim Grover by writing in his name on November 3. It's easy to do, the instructions are at the polling booths.

We cannot afford two more years of Robert Schulteis.

To the Editor,

The Washington County Democratic Party in the primary election has little or no say in the selections of the people who hold office in this county. In the primary, I had definite feelings that I would like to vote for Jim Grover for Sheriff, but being that I wanted to vote for Mr. Feingold, I was unable to make that selection. I understand that almost 1500 ballots were thrown out during the primary because of the crossover vote. The people who hold these offices have a definite effect on my standard of living in the county and I find it a shame that I have no say at all as to which person I prefer in these positions. I felt that in the general election it was all cut and dried as to who would win these seats.

I was not happy when I found out that the Sheriff, after making a promise to the electorate that Jim Grover's job was safe, nine days after the election, started his process of eliminating Mr. Grover from the department. This is a pattern with this man. Steve Braun and others have preceded Mr. Grover in this process. How can the Sheriff expect to have the rest of his department respect him or trust him when the minute anyone disagrees with him they are the next in the target? If this man is willing to do this to his employees what is he willing to do to get even with the citizens who oppose him?

Thanks to W.I.G.S. (the Write-In Grover for Sheriff), I have a chance to WRITE-IN Grover in the general election and I urge anyone from the Democratic Party to do the same. This is no longer a partisan issue, it is an issue of what is right!

We need a Sheriff that we can trust and at this point I believe Jim Grover is that man. Take an extra minute on Election Day and Write-In Grover.

Thank you.

TO ALL VOTERS: PLEASE WAKE UP!

Once again, the Democrats have given us a presidential candidate who feels he can pick as much as he likes out of our pockets to spend as he pleases.

Governor Bill Clinton would work with the liberal Congress to make government more POWERFUL, more INTRUSIVE than it

already is... They'll REGULATE us right out of our minds.

WAKE UP AMERICA!

Do you really want Governor Bill Clinton as YOUR President? Don't be fooled by smooth talk, a slippery smile, and the biased news media. Governor Bill Clinton WILL certainly raise your taxes and increase spending.

Did you notice whenever Governor Clinton refers to the President of the United States of America, he never PROPERLY addresses him as President Bush; whereas, President Bush always correctly refers to him as Governor? This should tell you something!!

Dear Editor,

Underneath Sheriff Schulteis' picture in the August 31st issue of the Germantown News was a promise from the sheriff. It said, I promise to be "a sheriff you can be proud of."

Well I for one, can not be proud of a man who told voters that Sgt. Grover could return to his job with no fear of retribution and then demoted Sgt. Grover from his second in command position on the S.W.A.T. Team.

If being demoted is not retribution, I'm afraid to find out what is! Can we trust a man who tells the voters one thing and then does the opposite? We deserve better! Join me and WRITE-IN JIM GROVER FOR SHERIFF!

**FACSIMILE BALLOT NOTICE OF
GENERAL ELECTION
NOVEMBER 3, 1992**

OFFICIAL BALLOT

**OFFICE OF THE WASHINGTON COUNTY CLERK
TO THE ELECTORS OF WASHINGTON COUNTY**

Notice is hereby given of a partisan election to be held in the several wards in the County of Washington, on the 3rd day of November, 1992, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office, each in its proper column, together with the questions submitted to a vote for a county referendum, if any, in the sample ballot below.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. The initials of two inspectors must appear on the ballot card. Upon being permitted to vote, the elector shall retire alone to a voting booth or machine and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

At the November general election, if an elector wishes to cast a straight party vote for all candidates nominated by any party, the elector shall make a punch or a hole in the space designated for the party of his or her choice or depress the lever or button under the party designation printed at the top of the ballot. Unless another name has been written in, a sticker applied, or a punch or a hole has been made in the space designated for a candidate for the same office of another party, the straight party punch is a vote for all the party's candidates listed on the ballot. A straight party vote cannot be cast for independent candidates. If an elector does not wish to vote for all the candidates nominated by one party, the elector shall make a punch or a hole in the space designated for the candidate's name or separately depress the lever or button next to each candidate's name for whom he or she intends to vote. A STRAIGHT PARTY VOTE CANNOT BE CAST FOR THE OFFICE OF PRESIDENT AND VICE PRESIDENT OF THE UNITED STATES. AN ELECTOR MUST CAST A SEPARATE BALLOT FOR PRESIDENT AND VICE PRESIDENT.

To vote for a person whose name does not appear on the ballot, the elector shall write in the name and the office of the candidate of his or her choice on the ballot envelope provided, or the elector shall write the name of the candidate of his or her choice in the space provided for a write-in vote.

A separate vote must be cast for President and Vice President jointly on one ticket. To vote for candidates whose names appear on the ballot, make a punch or a hole in the space designated or depress the lever or button next to the President and Vice President candidates of your choice. To vote for persons whose names are not printed on the ballot, write in the names and designate the office for each on the ballot envelope provided or write in the names of individuals of your choice for both offices on the lines provided. A write-in vote only for a vice presidential candidate will invalidate your vote.

On referenda questions, the elector shall make a punch or a hole in the space designated for "yes" or depress the lever or button next to "yes" if in favor of the question, or the elector shall make a punch or a hole in the space designated for "no" or depress the lever or button next to "no" if opposed to the question.

The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official who shall issue a proper ballot in its place. Not more than five minutes' time shall be allowed inside a voting booth. Unofficial ballots or a memorandum to assist the elector in marking his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

After an official ballot card is punched, it shall be inserted in the envelope provided so the punches do not show. After casting his or her vote, the elector shall leave the booth, deposit the envelope containing his or her ballot card in the ballot box or deliver the envelope to an inspector for deposit and shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing, or understanding English, or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.

1991 Senate Joint Resolution 12

1991 Enrolled Joint Resolution

To amend section 1 of article VIII of the constitution, relating to reducing, by income tax credits or by payments from state revenues, property taxes on residential and agricultural real property as defined by law (2nd consideration).

Whereas, the 1989 legislature in regular session proposed an amendment to the constitution by 1989 Assembly Joint Resolution 81 (1989 Enrolled Joint Resolution 76) and agreed to it by a majority of the members elected to each of the 2 houses, which amendment reads as follows:

SECTION 1. Section 1 of article VIII of the constitution is amended to read: (Article VIII) Section 1. The rule of taxation shall be uniform ~~but the except~~ as follows:

- (1) The legislature shall have the power by law to authorize cities, villages or towns to collect and return taxes on real estate located therein by optional methods.
- (2) (a) Taxes shall be levied upon such real property with such classifications as to forests and minerals including or separate or severed from the land, as the legislature shall prescribe by law.
- (b) Taxation of agricultural land and undeveloped land, both as defined by law, need not be uniform with the taxation of each other nor with the taxation of other real property.
- (3) Taxation of merchants' stock-in-trade, manufacturers' materials and finished products, and livestock need not be uniform with the taxation of real property and other personal property, but the taxation of all such merchants' stock-in-trade, manufacturers' materials and finished products and livestock shall be uniform, except that the legislature may provide by law that the value thereof shall be determined on an average basis. ~~Taxes may also be imposed~~
- (4) The legislature may by law impose taxes on incomes, privileges and occupations, which such taxes may be graduated and progressive, and reasonable exemptions may be provided.
- (5) The legislature may reduce property taxes imposed upon residential and agricultural real property, as defined by law, by authorizing credits against income taxes imposed by this state or payments from state revenues.

NOW, THEREFORE, BE IT RESOLVED by the senate, by the assembly concurring, and the foregoing amendment to the constitution is agreed to, by the 1991 legislature; and,

BE IT FURTHER RESOLVED, That the foregoing amendment be submitted to a vote of the people at the election to be held on the Tuesday after the first Monday of November, 1992; and,

BE IT FURTHER RESOLVED, That the question concerning ratification of the foregoing amendment be stated on the ballot as follows:

QUESTION 1: "Residential property tax reduction. Shall section 1 of article VIII of the constitution be amended so that the legislature may reduce property taxes imposed upon residential and agricultural real property, as defined by law, by authorizing credits against income taxes imposed by this state or payments from state revenues?"

EXPLANATION

Section 1 of article VIII of the Wisconsin Constitution requires that property taxes be uniform, subject to certain exceptions. For example, real estate taxes can be paid in installments, forest land can be taxed differently from other real estate and minerals can be taxed separately. Agricultural and undeveloped lands can be separately classified for taxation purposes and the Legislature can make special provisions for the taxation of merchants' stock trade, manufacturers' materials, finished products and livestock.

A "yes" vote on this amendment would allow the Legislature to use income tax credits or direct payments from state revenues to reduce property taxes on residential and agricultural real property. The Legislature would define residential and agricultural real property. A "yes" vote, therefore, would mean that property taxes on residential and agricultural real property, as defined by the Legislature, would no longer be required to be uniform with other property taxes, but could be reduced through income tax credits or payments from state revenues. A "yes" vote would also reorganize the constitutional provision into subsections to facilitate future amendment.

A "no" vote would keep the present language of section 1 of article VIII of the Wisconsin Constitution, would continue the requirement that taxes be uniform and continue the current exceptions to that rule.

SCOUTING FOR FOOD

Area Food Banks to Benefit From Scouts' November Appeal

More than 20,000 Cubs, Scouts, Explorers and their leaders will mobilize for two weekends in November to help feed the hungry in Northeastern Wisconsin communities. Organized by the Bay Lakes Council, Boy Scouts of America, the 1992 "Scouting for Food Good Turn" will cover a 22 county area in an enormous effort to collect 1,000,000 cans of food.

The Bay Lakes Council effort, now in its sixth year, has netted over 2,000,000 cans of food collected locally and distributed locally through food banks in each community. The local "Good Turn" effort is credited with stocking dozens of food banks with enough food for several months last year.

While the Scouts "Good Turn" has been extremely successful, the root causes of hunger have

not gone away, nor has the food pantries need been fully met, so the Scouts will undertake their sixth Scouting for Food project this November.

Directed by Bill Lawson, President of Employers Health Insurance, Scouts will distribute bags to individual homes in neighborhoods throughout 280 communities on Saturday, November 7. The following Saturday, November 14, the Scouts will return to pick up bags filled with food. They will gather the food and deliver it to the following pantries: Full Shelf (Allenton, Jackson, Kewaskum, West Bend) 121 Island Ave., West Bend; Hartford Food Pantry (Hartford, Rubicon, Saylesville) Hartford Recreation Center, 525 Main St., Hartford; Slinger Food Pantry at St. Peter Church, 202 E. Washington St., Slinger.

District 11 Scouting for Food Chairman, Mike Smith, said, "Many of our needy are children and I feel this program is a good opportunity for our kids to help other children and learn about caring and sharing on a very personal basis."

Honorary Chairman Chuck Ramsay, WBAY-TV news anchor calls this, "One of the most remarkable statements of Scouting Spirit we can make, and one of the most worthwhile efforts we can offer our community. Hunger is a problem we can address, and our neighbors facing the pain of hunger are people we can help directly."

home, a Civil War Encampment and history brought to life.

Cub Scout Leaders will congregate in the All-Purpose Room and participate in the December theme, "To Help Other People." Linda Spaw and Carole Stuckert have a collection of Christmas patterns and samples of candles, various Christmas trees, an 18' reindeer and holiday decorations. The Helping Others segment of "Ethics In Action" will be discussed and put to use. Webelos Leaders will concentrate on the Craftsman and Citizen Activity Badges during their session.

The District Cub Program Chairman, Dick Lexa, will do a promotion on Council Camps and explain which programs are available to Cub units, the regulations and requirements.

Scout Leader Roundtables Set for November 5

Roundtables for all Scoutmasters, Cubmasters, Committee Chairmen, Den and Webelos Leaders, their assistants, Pack and Troop Committee Members and Unit Commissioners of Glacier Edge District 11, Bay-Lakes Council of the Boy Scouts of America, will be held Thursday, November 5, from 7:30 - 9:00 p.m., at John Long Middle School, at corner of Fifth and Hickory Streets, Grafton.

Boy Scout personnel will meet in the school library where Bill Yankus of Hartford, and avid stamp collector, will give the guidelines for this Merit Badge, and an introduction to stamp collecting for a lifelong hobby. Special Scout Stamp Series, as well as foreign stamps, will be exhibited.

Dan Flanders, Scoutmaster of Troop 795, will present a video of the highlights of his troop's excursion through the U.S. Grant Pilgrimage in Galena, Illinois, which includes a tour of Grant's

New Phone Books Causing Confusion

New telephone books published by Ameritech Publishing and distributed to Wisconsin Bell customers are causing some confusion for some area residents, according to Washington County Sheriff Robert H. Schulteis.

The inside front cover of the books indicate that 911 should be used for emergencies, but includes a section entitled, "Other Emergency Numbers." The number shown for the Sheriff's Department in that section is only for use by hearing impaired persons who use a telephone device for the deaf, known as TDD. Those initials are indicated in that section, but many people do not know what they mean and use the number to call the Sheriff's Department.

"It is impossible to properly handle a phone call on the TDD line if the caller isn't using a TDD device," the Sheriff stated. A TDD

allows the caller to communicate by typing messages, much like a typewriter.

Resident may wish to write in alternative numbers on the inside front cover to avoid confusion. 335-4411 can be used to request an officer for a non-emergency. 335-4378 is the number to call to request information or obtain copies of reports. 911 is to be used to report emergencies. Residents should not hesitate to use 911 if they are not sure if it is a "real emergency." "We would rather that they use 911 and let us determine the nature of the call" the Sheriff said.

Wisconsin Bell is aware of the situation and is assisting the Sheriff's Department in educating the public about the TDD phone number. The design of the page will be modified next year to eliminate the problem.

Homecoming festivities at Kewaskum High School culminated in the all school dance in the school gym Friday night. Hunters' Choice Permits In the Mail, Bonus Tags Sold by Phone

MADISON--Wisconsin gun deer hunters should receive their hunters' choice permits and bonus antlerless deer permits for the 1992 November season in the mail this week, Tom Hauge, Director of the Bureau of Wildlife Management, said.

The Department mailed out more than 341,000 hunters' choice permits, including 224,000 to hunters who requested only individual hunters' choice permits and 117,000 to hunters requesting both hunters' choice permits and bonus antlerless permits.

"Hunters who receive the bonus antlerless permit notification cards must mail the card back to the Department of Natural Resources by Saturday, October 31," Hauge said. Applicants must also include a check or money order payable to the Department of Natural Resources for \$12 for a resident applicant or \$20 for a nonresident applicant.

"The sooner it's mailed back, the quicker we will be able to determine the actual number of permits left over in each deer management unit, and the quicker we'll be able to make them available to the public," Hauge said.

All of the bonus antlerless permits will be processed and delivered to the applicants by Monday, November 16, 1992.

"Hunters who were not successful in obtaining a hunters'

choice permit in one deer management unit, but who applied for bonus antlerless permits in another unit and were successful, will receive notification of their bonus antlerless permit separately," Hauge added.

Department staff estimate that 20,000 to 30,000 bonus antlerless permits will be leftover for 1992. This total is down dramatically from the 90,000 permits remaining in 1991 after the hunters' choice application process.

BONUS PERMITS WILL BE PROCESSED BY PHONE

The Department will be selling this year's remaining permits through a telephone ordering process, rather than through DNR offices... a process which last year caused long lines at offices statewide. The telephone order process will go on line at 8 a.m. Wednesday, November 4.

The number to call is 1-800-695-HUNT. This service will be available 24 hours a day and hunters can charge their bonus antlerless permits to their MasterCard or Visa accounts, or they can be billed directly by the Department. "This year there were 21,000 bonus antlerless permits left over after we processed the hunters' choice permit applications and requests for bonus antlerless permit requests," Marilyn Davis, DNR License Section Chief, stated. "That number could increase depending upon

how many of the 117,000 persons who have received bonus antlerless permit notification in the mail participate in the hunters' choice process."

There are currently 23 deer management units with left over bonus antlerless permits. Those units and the estimated number of bonus antlerless permits available include: Unit 1, 870; Unit 4, 470; Unit 6, 910; Unit 13, 810; Unit 14, 900; Unit 18, 920; Unit 19, 1,970; Unit 20, 2,130; Unit 24, 1,380; Unit 25, 850; Unit 28, 1,090; Unit 29A, 830; Unit 29B, 90; Unit 30, 390; Unit 51A, 3,000; Unit 51B, 180; Unit 59D, 1,410; Unit 59M, 150; Unit 70, 780; Unit 70A, 460; Unit 70E, 480; Unit 77M, 850; and Unit 78, 300. (The number of permits will likely increase depending on the responses from hunters who have received bonus antlerless permit notifications.)

The Department of Natural Resources will update hunters on the sale of the bonus antlerless permits on the television show "Deer Hunt '92" hosted by Outdoor Wisconsin to be aired on all public television channels statewide at 8 p.m. Thursday, November 5, 1992. The program will originate live at the WMVS/WMTV Channel 10 and 36 studios at Milwaukee.

Hauser, also a block of granite offensive guard (1954-'61) for the Bengals in the NFL and in the old American Football League, will be the featured speaker at the Hall of Fame Dinner.

In abstencia, the late Erv Buchert of Watertown, player and umpire, is to be enshrined in the Rock River's Posthumous Hall of Fame.

Art Hauser Doubles as Hall of Fame Inductee and Speaker at Rock Dinner

If you family name begins with a "K" or "H", you had a good chance of election this year into the Rock River Baseball League's Hall of Fame.

And, if you played for Rubicon and were willing to travel a long distance to be inducted, you were halfway to Cooperstown.

Under these conditions, Rock alumni favored a pair of Rubies in a mail election held over the past month by members of the league's Oldtimers' Association: Art Hauser, 62, of Cincinnati, former (1946-53) slugging first baseman, and Bob Kay, 54, an infielder who spent 13 of his 23 Rock River seasons at Rubicon, sandwiched between others at Neosho and Hustisford, and who now resides in Hudson, Florida.

But their geography does not diminish the lustre of four closer-to-home alumni who also made the elite Hall.

Oldtimer President Carl Heimerl, Jackson, announced this week that a tie in the balloting allows a total of six to be inducted on Saturday evening, October 31, at Hustisford's Firemen's Hall.

The other two "K's" are practically neighbors: Beaver Dam's Marv Klawitter, 65, a first baseman and outfielder for Burnett (1945-58), and speedy Bob Kampstra, 53, with 11 seasons at first base and center-field for Randolph.

Tom Hartwig, 66, of Mayville, is the other "H". He was one of the league's premier shortstops for a decade (1947-57), eight years at Mayville and two at Horicon.

Filling out 1992's honorees is 46-year-old Al Alt of Waukesha, who had 13 years of his 31 home talent baseball seasons at Hustisford in the 1970's and '80's as a RH no-hit pitcher, shortstop,

"Stitt Named 'Friend of Agriculture' By Wisconsin Farm Bureau"

From left to right: Senator Donald K. Stitt and Washington County Farm Bureau President Mark Pamperin.

MADISON...Volunteers for Agriculture, the political arm of the Wisconsin Farm Bureau Federation, recently named State Senator Don Stitt (R-Port Washington) a "Friend of Agriculture" for his outstanding commitment to agriculture issues.

Every two years the Volunteers for Agriculture committee evaluates state legislators on their votes and support on issues affecting agriculture.

Legislators with exceptional agricultural voting records, such as Don Stitt, receive a "Friend of

Agriculture" designation.

"As the backbone of our state's economy, farmers need to be heard when public policy decisions are made," Stitt said.

Legislative roll call votes on important agricultural issues were the primary criteria used to identify "Friends of Agriculture."

Votes on property tax relief, health care, biotechnology and property rights were deemed as critical to Wisconsin farmers.

The Wisconsin Farm Bureau Federation is the largest farm organization in the state with a membership of over 55,000.

Waupun Ousts Indians in VB Regional

By Statesman Sports Writer
SHEBOYGAN FALLS — Heading into last Saturday's WIAA Division II Regional here, the Kewaskum volleyball team had lost a match to just one opponent, that being Eastern Wisconsin Conference champion Sheboygan Falls (twice).

So when Waupun eliminated the Falcons in a sub-Regional last Tuesday, the Indians had to be a bit relieved that they wouldn't have to face Falls again this season.

The problem was that Kewaskum would have to face Waupun in the Regional finals, where the Warriors showed just why they were co-champions of the Little Ten Conference.

Waupun manhandled the Indians 15-3 and 15-6 in the opening round of the Regional finals, on their way to a 6-0 record on the day, and earned the right to advance to Sectional play.

The Indians, meanwhile, bounced back from the opening-round loss, and went on to win the rest of their games in the round-robin tournament, also featuring Campbellsport and Mayville. Kewaskum finished 4-2, while

Campbellsport was third (2-4) and Mayville (0-6) fourth.

"We had way too many unforced errors," Indian coach Dave Rizzardi said of the two games against Waupun. "We didn't hit the ball well at all."

The loss was tough to take, considering that Rizzardi still thinks that the Indians have just as much talent as Waupun, and even Sheboygan Falls for that matter.

"We can play with those two teams, if we play to our potential," Rizzardi said. Pointing to the fact that his squad didn't even reach double figures point-wise in those matches, he added "Obviously, we didn't do that...not even close."

As disappointing as the loss was, Rizzardi was still encouraged, and proud of the team for its effort the rest of the afternoon. "We really finished up strong."

That typical strong finish saw Kewaskum beat Campbellsport 15-8 and 15-11, while the Indians rolled over Mayville 15-11 and 15-1.

"That was an outstanding way for our seniors to finish," Rizzardi said of the final game against

the Cardinals. "We really had a great year, so that was nice to see."

Serving, a strong point for the Indians all year, was once again a strength on Saturday. Of the 112 serves on the day, the Indians missed just 6, while also chalking up 11 aces.

Leading the way was Julie Mertz, who finished her senior year with a 23x23 effort, including six aces, more than half of the team's total. Junior Ginger Wiesner also added a 24x24 day, while Kim Sabish missed just one of her 20 tries, and also led Kewaskum with 17 assists in the three matches.

Despite having their troubles against Waupun, the Indian spikers also had a decent day. Senior Christa Schmidt led the team with 20 spike kills as well as three saves, while Robyn Winninghoff (nine spikes, 13 total points) and Beth Kempf (five blocks) also fared well.

"We had a remarkable year," Rizzardi concluded. "We only lost to two teams all year. It's just disappointing that we didn't play to our potential in those matches."

KHS Rolls Over Port

By Statesman Sports Writer
KEWASKUM — Things went pretty much as expected in the WIAA Sub-Regionals held here, last Tuesday.

In the opening match, Kewaskum rolled to an easy 15-3, 15-10 victory over Port Washington, while Eastern Wisconsin Conference champion Sheboygan Falls and Little Ten Co-Champion Waupun had to go to a third game before their match was decided.

When it was all said and done, the Warriors had ousted the EW champs 15-13, 6-15, and 16-14 in a wild match that sent Waupun, along with the Indians, to the WIAA Regional finals on Saturday.

Kewaskum had no trouble with the Pirates, although the Indians did play a bit sluggish in the second game. Fortunately, Port was

unable to capitalize.

"We sort of coasted through the second game," Indian coach Dave Rizzardi said of the win, adding. "The competition wasn't as tough, so we got away with it. But overall, we did about as well as we wanted to."

Senior Kim Sabish did very well, as she connected on all 13 of her attempts. Sabish also chipped in 11 assists.

A trio of seniors did the job at the net. Christa Schmidt (seven points), Beth Kempf (six), and Robyn Winninghoff (five) all contributed in the winning effort.

The second match was the highlight of the evening, though. Waupun got a dink and a spike to close out the third and deciding game against Falls, eliminating the previously undefeated Falcons, the only team to have beaten Kewaskum this season.

Habitat Healers

This informal, but informed group meets each Tuesday to pursue a variety of activities related to managing the habitats of Riveredge. Prairie seed collecting, systematic surveys of prairie insects, transplanting of woodland wildflowers and just musing are all within the purview of activities of this work-learn group.

Anyone who thinks this sounds like fun may join in at Riveredge Nature Center on Tuesday, November 3, from 9 a.m. to Noon. Call Riveredge at 375-2715 (metro) or 675-6888 (local) for more information.

Riveredge is a non-profit, 350 acre natural sanctuary and educational organization, providing environmental programs for all ages. It is located in Ozaukee County, on Highway Y, one mile north of Newburg, between Saukville and West Bend.

Make Sure Halloween is Safe As Well as Scary, AAA Says

On Halloween night, young witches and ghosts will try to scare up some fun on the streets of communities across Wisconsin. The scariest aspect on this night, however, will be the increased potential for auto accidents involving these young pedestrians.

"Halloween brings out costumed boys and girls who are often too excited to look both ways before crossing the street," said Joe Laubmeier, spokesman for the American Automobile Association's Wisconsin Division. "Dark costumes make trick-or-treaters difficult to see. Worse yet, ill-fitting masks obstruct vision so children can't always oncoming cars."

Laubmeier offers the following tips to drivers, children and parents to help make this Halloween a safe one:

Drivers: Halloween is a dangerous time because of the increased number of children on the street during the dusk and evening hours, according to Laubmeier.

Be extra alert for children darting out from between parked cars. Turn on headlights at the first sign of dusk and take extra care when negotiating driveways. With so many children on the streets, a right turn on red can be dangerous, so slow down and watch out.

Driving at least 5 mph below the posted speed limit in residential areas gives drivers and children a margin of safety.

Children: Trick-or-treat while it's still light and wear comfortable light-colored costumes that make it easy to walk, see and be seen. Carry a flashlight. Trim your costume with special reflective tape that shines brightly in headlights (your parents can get it at most auto supply, hardware and sporting-goods stores). Trick-or-treat on well-lit streets. Never dart out between parked cars in the middle of the block. Walk on the sidewalk, not in the street. If there is no sidewalk, walk facing traffic and as far out of the road as possible.

Parents: Be sure your children can see clearly. Enlarge eye holes on masks and have children remove masks before crossing the street. Better yet, encourage them to wear makeup instead of a mask. Makeup won't impair vision, and it's fun to wear. Accompany your children or send an older brother or sister along. If someone older can't go, kids should trick-or-treat with a group and tell you in advance what streets they plan to haunt.

Triple-A Wisconsin is distributing approximately 87,000 free "Tips for a Safe Halloween" bookmarks to children statewide through the cooperation of local police departments. The bookmarks — featuring 14 Halloween-safety suggestions — are also available at any of Triple-A Wisconsin's 12 offices statewide.

Hunters Choice in Unit 69A, Not a Good Bet!

Once again this year my phone has been ringing and people are complaining about not getting a Hunters Choice Permit in Unit 69A. There was only one unit, state wide, where preference applicants actually lost, guess what unit — Unit 69A. Some other units had unsuccessful applicants but they were all in the nonpreference category. Unit 69A had a total of 1675 permits available and had 5,600 people apply for the permits. 497 were landowner applications and 26 were non-resident applicants. Unit 69B fared better. 1325 were available and a total of 1605 people applied for the permits.

Hunters who applied for Bonus Permits and were successful for up to 9 permits in some Units, can send \$12 for each Bonus Tag they want. This must be postmarked by Oct. 31, 1992 or received by the Departments Information Center in Madison no later than 4:30 p.m. on Oct. 30, 1992.

There will be an estimated

20,000 to 30,000 leftover bonus antlerless permits for 1992. This total is down from 90,000 permits remaining in 1991. The process for selling the left over permits this year will be handled by telephone rather than the long waiting lines at DNR Offices statewide. The telephone order process will go on line at 8:00 a.m. on Wednesday, Nov. 4th. The number to be called will be 1-800-695-HUNT. The service will be available 24 hours a day and hunters can charge their bonus antlerless permits to their Mastercard or Visa accounts, or they can be billed directly by the Department.

For more information on deer management units which will have Antlerless Deer Permits left over, contact your local DNR Office. There are no permits available in our area, most are in the northern and western part of the state.

Post First Winning Season Since 1983

Big Plays Help Indians Whip Kiel

By Statesman Sports Writer

KIEL — No team or coach likes to end their season with a loss, but the Kewaskum football team and coach Clark Pearson had more than that riding on their game with Kiel here, last Thursday night.

A win over the Raiders would secure the Indians' first winning season since they went to the State Title game in 1983, and would also be an added bonus for Pearson, who taught and coached at Kiel before coming to Kewaskum.

Trying to be spoilers, it was Kiel who was left with the bitter taste of defeat, as the Indians came up with numerous big plays in beating up on the Raiders, 22-8 in the final game of the year for both teams.

"It was a great way to end the year," Pearson said of the win, which umped Kewaskum's 1992 mark to 5-4 overall, including a respectable 3-3 in the tough Eastern Wisconsin Conference. "I was real happy with our effort."

The effort came against one of the EW's better defensive teams, although the Raiders had struggled the previous two weeks. Kewaskum added to the host's woes, running up 256 yards of offense.

"They do a lot of stunting, so it basically becomes a guessing game," the KHS coach said. "We

were fairly ready for it."

"The offensive line again did a good job," Pearson pointed out, citing Brian Bruendl, Chris Geidel, Justin Hanson, Steve May and Mark Morell. "They opened up some holes for our runners."

Dan Schulteis was the main beneficiary of those holes, as he racked up 120 yards rushing on just 15 carries. Schulteis 6-yard scoring run in the opening quarter gave the Indians an early lead.

The run capped off an 83-yard drive that featured a 35-yard bomb from Jim Marx to Keith Herman on a third-down play. Marx hooked up with Todd Muckerheide on the conversion giving Kewaskum an 8-0 lead.

Kiel struck back quickly, scoring in just three plays on their next possession. Raider QB Mike Schuler went the final 33 yards, scrambling for Indian defenders and into the end zone.

"We had him trapped, but he got away," Pearson said of the broken play run. Chad Sabel tackled on the two-point conversion on a run, tying the score.

That's the way it stayed until the third quarter, when Schulteis once again broke loose, this time for a 69-yard scamper on an off-tackle play. A change in the blocking patterns helped Schulteis break free.

"We made a couple of blocking adjustments at halftime," Pearson noted of the run, which was just the second play of the third period.

The Indians added a little insurance in the final stanza, as Marx scored on a quarterback sneak from a yard out. The score was set up by a 35-yard reception by Herman, as well as a beautiful grab by Aaron Rettler to keep the drive going.

"He actually caught it lying on his back," Pearson said of the grab by Rettler, who eventually was rewarded with a scoring catch on the two-point conversion. Defensively, lineman Paul Stoltzman and Shawn Larson were doing the job keeping the Raiders held in check. "Paul had a real good game," Pearson said, adding "the defense as a whole played very well."

"Marx had a good game throwing the ball," he went on, noting his QB's numbers (7 for 13, 95 yards, 2 int's). "We moved the ball pretty well."

The Indians coughed up the ball a total of four times, but also forced five Raider turnovers, with four different players (Beau Coulter, Herman, Brad Jackson, Tony Rix) hauling in interceptions. "They were pretty fired up about it," Pearson said of his players' reaction to the monumental season. "It's something that they can be proud of."

Freshman Complete Undefeated Football Season

By Statesman Sports Writer

KEWASKUM — What is with this Kewaskum High School Class of 1996? Haven't they learned yet that winning isn't everything?

Apparently not, as a second freshman sports team recently completed its season without a loss. This time it was the Indian freshman football team, which posted season-ending wins over New Holstein and Kiel to finish the year 6-0-1.

"It very-well may be the first time ever," freshman coach Jim Westphal said of his team's accomplishment. Westphal said that he and other coaches can't remember a freshman football team finishing the season without a loss in at least 25 years. "It's a very good possibility" that it has never happened, he added.

And it's a good possibility that a KHS team on any level has not been as dominant as the young Indians were this year. The Indians outscored their opponents this year 206-32, an average margin of victory of almost 34 points!

"Our defense played extremely well the entire year," Westphal said, noting that foes scored a total of five touchdowns against the Indians this year, two of which came on kickoff returns late in the game. "Teams had a very difficult time moving the ball against us."

The only team to do anything offensively against Kewaskum was Plymouth, which accounted for the lone blemish on their mark, a 12-12 tie. Plymouth, too finished the year undefeated.

Against New Holstein, Aaron Kurth scored three touchdowns on runs of 10, 43 and 60 yards, as the Indians rolled 46-8. "He had a big day," Westphal said of Kurth, who has shared backfield duties with Jesse Koch throughout the year.

Koch also contributed against

the Huskies, scoring on a 55-yard TD run, while Peter Reis, subbing for injured QB Brian Butschlick, threw a 25-yard TD pass to Joel Rettler, and added a 12-yard TD scamper, as Kewaskum rolled to a 30-0 halftime lead.

The Indians had a bit tougher time against Kiel, as they led just 14-0 at the half. Kurth scored on a touchdown run, while Koch matched Kurth's effort against New Holstein, running for three scores.

"They've shared the duties pretty much the whole season," Westphal said of his 1-2 punch in the backfield. "But I think our defense was once again the key. It gave our offense plenty of opportunities."

The undefeated year follows three consecutive 4-2 seasons at the freshman level. And while he can't exactly pinpoint the reasons for the recent success, Westphal is encouraged by the participation in the community's youth flag football program.

"I think it definitely helps," Westphal said, although qualifying the response some. "It's hard to say just how much it helps, however. There are some major differences," such as the blocking and tackling aspects, he said. But overall, "It sure doesn't hurt."
