Kewaskum Frozen Foods Sausage Sold at Governor's Sweepstakes Meat Products Auction at State Fair

Win State, National Awards

Bob Beisbier of Kewaskum Frozen Foods had a chance to show off his prize-winningsummer sausage to Gov. Tommy Thompson at the Governor's Sweepstakes Meat Products Auction held at the Wisconsin State Fair August 10. Beisbier's grand champion summer sausage sold for \$725 to The Lavin Group of Brookfield.

Prize-winning sausages made by Kewaskum Frozen Foods sold for a total of \$1,075 at the second annual Governor's Sweepstakes Meat Products Auction held at the Wisconsin State Fair on August 10.

The Kewaskum meat processor's State Fair grand champion summer sausage sold for \$725 to The Lavin Group, Brookfield. Its champion snack sticks went for a bid of \$350 to Spella Law Office of West Bend.

The auction featured the top 15 Wisconsin-made ham, bacon, summer sausage, snack sticks and cured and smoked beef entries from the 1993 State Fair Meat Products Show. Proceeds from the event, a total of \$10,800, will go to the Wisconsin 4-H Foundation to support 4-H youth programs throughout the state. Gov. Tommy Thompson was on hand to welcome the crowd.

Panzer to Pair Off Against Dumas In Bid for Vacated Senate Seat

State Rep. Mary Panzer (Republican-West Bend) will face off against Kim Dumas (Democrat-Grafton) in the General Election being held on September 21.

Panzer handily won the Republican nomination in a special Primary Election held Tuesday to fill the Senate seat vacated by former Senator Donald Stitt (Republican-Port Washington).

The numbers from 65 of the 78 units of the 20th State Senate District reported, Mary Panzer, garnered 5,317 Republican votes over her opponents Kelly F. Green, 1,931; Michael Riley, 1,061; Craig G. Heatwole, 768, and David A. Schwengel, 598.

The Democrat numbers were a little closer with Kim Dumas receiving 502 votes over Sara Lee Johann's 466.

Panzer, 41, has spent twelve years in the State Assembly and is a member of the budget writing Joint Finance committee.

Her opponent, Kim Dumas, 29, in her first bid for elective office, teaches computer and office skills in a federal jobtraining program.

Also joining Panzer and Dumas on the ballot will be Libertarian candidate James S. Rustad.

Dance Organizers Say: 'Girls Just Want to Have Fu-un!'

So... you say you're not coming to the "Summer Dance of '93" Saturday night because you say, "I never heard of that band." Is that your problem, Bunkie?

Well to be perfectly honest with you, neither have I! Except for their promotional video, which made me a believer.

But listen up Bunkie, because I have an inside track with organizers Cheryl Kuehl and Linda Thorn... and if they say the band is good (which they do) then the band is good. Believe it. Of course if you would have to listen to Linda sing along with "Star 95" while you are trying to write an election story, you might think differently. But I guess that is just one of the "hazards of the profession."

'Special Souvenirs' Meets Strong Opposition in the Town of Wayne

By Louise Martin

Blowing fans in the town hall could not cool a group of over 100 concerned Town of Wayne residents at the monthly town meeting held on Wednesday, August 18.

A pornography store has entered their township and they are vehemently opposed to this type of business operating there.

The store, Special Souvenirs, Inc., opened in mid-June for business and has been a source of contention since. The property was purchased in 1992 by Cassel Pecor, Inc. of Thiensville.

Washington County District Attorney Dennis Thornton was on hand to explain the legal aspect of attempting to close a business such as this. The news was not encouraging for those in attendance. Thornton advised the legal system moves very slowly in prosecuting these types of civil cases.

It can take months to build a case and years to settle, not to mention the enormous costs that can be involved. Even if a DA prosecutes, it is not a guaranteed remedy or outcome that the business will be closed.

These businesses can be regulated but the DA has no authority to eliminate them. It does not appear the store can be prosecuted under the State Obscenity Law. However, it does appear there may be some zoning ordinance violation. The town board and their attorneys are considering numerous issues and different avenues to approach.

Washington County Sheriff Robert Schulteis, also a Town of Wayne resident, was in attendance. He shared many of the same concerns as his neighbors and explained the sheriff's department is doing everything it legally can to build a case against this store, but emphasized they must proceed cautiously and within the limits of the law.

State Assembly Representative Mary Panzer was present and understood the citizens con-

Long Time Rivals Go Head-to-Head

The Kewaskum High School Indians confront the Campbellsport Cougars in an exhibition football game this Friday, August 27th in Kewaskum. Kickoff time is set for 7:30 p.m.

Fans from both sides are invited to the Kewaskum Fire Station prior to the game for a tailgate party to "brag up" their respective teams. The event sponsored by the Kewaskum Fire Department will feature food and refreshments from 5:00 - 7:15 p.m. The Department asks for a \$5.00 per person donation for the benefit of the KEYS (Kewaskum Education Youth Scholarship) Fund.

cerns as well. She will attempt to see what help might be available at the state level and is willing to work with the Town Board members.

At one point, people passed a microphone, introduced themselves, and briefly shared their concerns.

Many fear for the safety of their children and grandchildren, concerned by the type of individual who might frequent this store and the possible consequences of a confrontation between an innocent child and this individual.

Young children exposed to magazines and other materials they have found discarded in the ditchline when departing from the school bus or along the creek bank, they can't comprehend.

Some felt a loss in their property value. One resident complained of the excessive noise from truck tractors running at all hours of the night. Another stated moral concerns. Still another resident asked if the township will obtain a reputation as a "soft town" meaning people here don't fight back... that it costs too much to enforce our standards which could possibly invite other undesirable establishments.

Because of possible pending legal action, the board members are not allowed to discuss the situation or can say very little at this time, but they share many of the same sentiments as those expressed.

Two individuals from the Special Souvenirs store were also in attendance, but did not address the group and did leave prior to the adjournment of the meeting.

This is certainly not a closed issue. Town of Wayne residents have made it quite clear that this type of business is not welcomed or wanted in their township. Possible ideas mentioned by town residents to force the business out of the township included video-taping patrons, picketing, lawsuits and praying.

Lori Oelhafen, Allenton, recently graduated from Moraine Park Technical College, West Bend Campus. Oelhafen received an associate degree in Supervisors Management.

Shown above is the show band, Out-A-Time, who will be performing at the Summer Dance of '93 Saturday night at River Hill Park from 8 to midnight. Since September of 1987 'Out-A-Time' has played across Northeastern Wisconsin and the Lakeshore area. The part-time rock and rollers have rocked the stage at the Wisconsin State Fair and Milwaukee's Summerfest. They opened Marie Osmond at the Capital Civic Center in Manitowoc and packed festivals and fairs from Sheboygan to Green Bay. Specializing in late fifties and sixties music, 'Out-A-Time' can "time warp" from the 90's to the late 40's to bring just a taste of music for almost any generation. Teeny boppers, preppies, yuppies and senior citizens will be on hand Saturday night to catch the performance. A new feature of the dance will be a special "Teen Garden" fenced off so the teens can enjoy their own area right in front of the band to dance and party. Besides the usual refreshments, popcorn and cotton candy items, food cooked by Bob Beisbier of Kewaskum Frozen Foods will be available. Bob has graciously volunteered to donate all the food proceeds to help fund this year's Kettle Kountry Kolors festival. All proceeds from the dance will also be donated to Kettle Kountry Kolors. There will be lots of fun, and a few surprises ... so put on your crinolines, slick back your hair, and jump in your blue suede shoes and join us for an evening of going back in time ... with 'Out-A-Time.' entries in 20 product categories from the entire United States and Canada.

Kewaskum Frozen Foods is a member of the American Association of Meat Processors, the nation's largest trade organization representing small businessmen in the meat/food related industry.

This past spring Kewaskum Frozen Foods also brought home three awards from the Wisconsin Association of Meat Processors Convention held in Madison. The winning products were bacon (champion), brats (champion) and beef stix (reserve champion).

The show, held in conjunction with the 54th annual state convention of the Wisconsin Association of Meat Processors, is the largest meat product show in the United States. This year, just under a thousand products were entered.

These recommendations led to final funding approval for 26 agencies by the Board of Directors at their August meeting. The funds will be distributed to the agencies, pending a successful campaign.

"A record amount of \$718,572 will be distributed in 1994. This figure represents about a 12.5 percent increase compared to 1993 total funding," said Rick Edwards, local attorney, United Way Board Vice President and Chairperson of the 1993-94 fund distribution process. "When combined with United Way's operating budget, these needed funds for agencies helped us set our goal for this year's campaign.'

Edwards continued, "The driving force in setting the Campaign Goal each year is determined by the needs of the agencies." After budget proposals were submitted in April, the volunteers were divided into panels to review four or five agencies over a 6-week period. Budgets, programs and results for each agency were evaluated by the community volunteers. The panel recommendations were taken to the United Way Board for final approval.

"We've seen a pattern of increasing financial needs of our agencies. Cutbacks at the federal, state and local levels of government have necessitated the private sector taking more responsibility for the programs and services our agencies provide," said Edwards.

He concluded, "We are continually reinforcing the message that United Way dollars are raised by volunteers, and that decisions on how the dollars should be distributed are also made by volunteers. Donors should be reassured that we have local control over how funds are raised and distributed. Working together, volunteers in the fund distribution and campaign process demonstrate that night for the

AFS Student Returns For 30 Year Reunion

By Georgia Malamaki

On August 14th the Kewaskum High school class of 1963 was to hold their reunion so I was sent an invitation long in advance. I decided to come after 30 years to see my beloved teachers, my very good friends, and to walk along the same paths I took when I came back home from school on those very cold winter afternoons of 1963.

I lived for an entire academic year with the Erdmann family, whom I feel grateful toward. Their hospitality and love formed the necessary environment for me to be able to unfold my potential as a student.

The school I studied at (KIIS) provided me with the shelter under which I was able to develop my personality and take advantage of the opportuni-

from my high school years that I wanted very much to become a teacher. My speech teacher was one of those who geared my interests towards this direction.

Full of knowledge, which came through experience and extensive reading, I managed to receive my B.A. in English from the University of Athens and also my Master's Degree in Education from the University of Arkansas. I have been teaching for 22 years, now in one of the best private schools in Athens and have been deeply involved in the students' educational horizons.

For the last two years I have also coordinated a Masters education program run by the University of Boston in Athens,

Greece.

My visit to Kewaskum for my class reunion will be for me as memorable an experience as the one I had when I first arrived here 30 years ago. I will be only too delighted to entertain my Kewaskum friends whoever venture to reach the classical shores of my country.

Finally I'd like to extend my gratitude to all the people who helped make the A.F.S. program a successful one.

The Forty Et Eight, an independent fraternal organization of Veterans, is the fun and honor American society of Legionaries.

Now composed of Veterans of both World Wars, the Korean and Viet Nam conflicts, it draws its origin from World War I, when young Americans were sent to France to fight a war to end all wars. The narrow gauge railroads of France had box-cars (Voitures) that carried little more than half the capacity of American box-cars, were used to transport the men and horses to and from the fighting fronts.

On the side of these little box-cars was stenciled the capacity of each. Holding either forty men or eight horses, they became the trademark of the organization. If you could laugh at the train ride from the coast of France to the trenches crowded in these little cars, (only recently vacated by eight horses!), one could surely adopt to the changes of life upon returning home. Membership in the Forty Et Eight began in 1920, and is by invitation only for recognition of service to the American Legion and/or it's programs.

In 1923, the group founded a child welfare program to ease the pain and suffering of those children whose fathers never returned or were unable to care for their needs. Today, their efforts touch over 1,3000,000 children annually with an investment of eight million dollars.

Other programs include providing funds and manpower to help the AAU conduct a youth sports olympics; granted

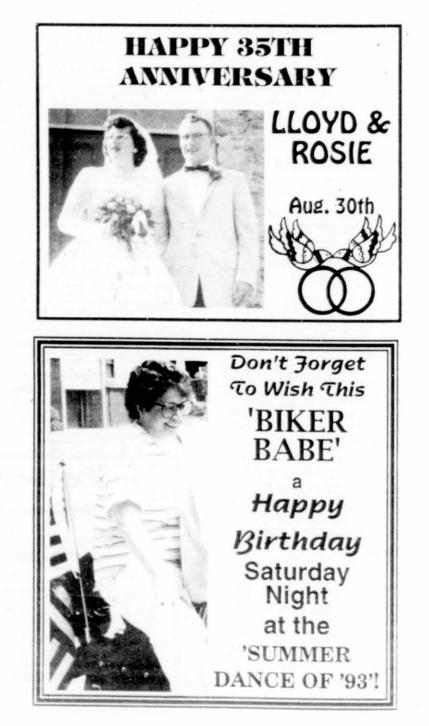

over \$9 million dollars in scholarships for nurses training; and has provided all the equipment necessary and continued support for the publication and distribution of a publication, "The Carville Star." This patient published magazine carries world research news on Hansen's Disease (leprosy).

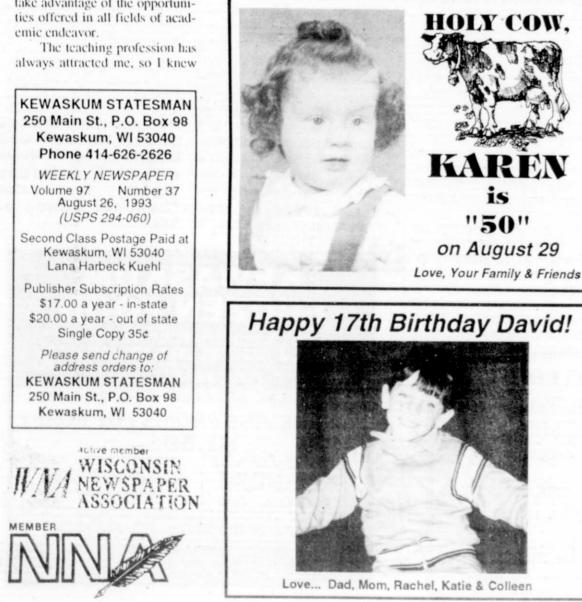

By virtue of being Veterans who have served their country in its' time of greatest need, the Forty Et Eight maintain a strong commitment to the American way of life. Americanism projects, respect for the flag, constitution, law and order, and the proven willingness to defend these principles is evident in the day to day activities of the members.

The Voyageurs Militaire of the Forty Et Eight ask for nothing except to serve their fellow human beings and by that service to provide the country's children with a safe, free land of opportunity, and to further provide for the adequate defense of the greatest system of government by the mind of man

Hahn Receives Top Honors

East Central/Select Sires recently honored David Hahn of Campbellsport, as the 1993 Member Service Representative of the Year. This is the third consecutive year Dave Hahn has received this prestigious award. According to the cooperative's Director of Marketing Tom Anderson, during Dave's 18year tenure with East Central/Select Sires (DEC/SS) he serviced over 45,000 first service cows and expanded his customer base.

Dave Hahn, a professional Artificial Insemination (A.I.) technician, serves Washington and Ozaukee counties and works with over 160 dairy producers. To earn the award, he excelled in nine important job areas including sales growth, total sales volume, credit management and special service programs offered by East Central/Select Sires. Dave ranked first out of 40 East Central/Select Sires technicians.

Affectionately known as "Rooster" by friends and fellow employees, Dave has a reputation for going the extra mile to serve his customers, says Anderson. "Dave works very hard and proves that he loves his job. He commits 100 percent to helping his customers improve their herds and increase their profits. Dave is the kind of person any company would want working for them. He has the people skills, cow knowledge and true appreciation for what his people need. That's what makes him a winner and one of the best in the business," comments Anderson.

Upon accepting the award, Dave praised his wife, Eileen, and children, Lynn and Brian, for their support and understanding. "My family deserves to share this honor. They tolerate a great deal because my job requires me to work seven days a week. A thank you goes to Eileen for keeping everything running smoothly on the home front," added Dave.

East Central/Select Sires is a professional, artificial breeding cooperative serving dairy and livestock producers in southern Wisconsin. As a member-owner of Select Sires located near Plain City, Ohio, East Central helps make up the largest Artificial Insemination (A.I.) cooperative in the world.

Dairyland Seed Offers Five New DSR Soybeans for 1994

At its National Sales Meeting in June, Dairyland Seed announced the introduction of five new DSR soybeans for 1994 planting. With the wide range of maturities for these new varieties, there is sure to be one to fit your needs.

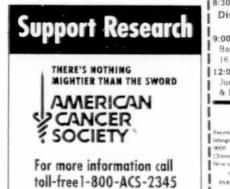

DSR-068/Group O: DSR-068 offers farmers an outstanding choice to replace DSR-070. DSR-068 matures about four days later than DSR-045 and one day earlier than DSR-070. Yield performance is seven percent higher yielding than DSR-045 and five percent higher yielding than DSR-070 in research trials. DSR-068 also shows excellent standability. Disease resistance includes very good tolerance to phytophthora, iron chlorosis, and white mold. A thin line plant type, DSR-068 features excellent eye appeal. DSR-143n/Group I: This is the first mid Group I private soybean line in the industry to combine strong yields with cyst nematode resistance. DSR-143n matures one day earlier than Hardin and has shown equivalent yields across all environments. When cyst pressure is significant, we see strong yield advantages for DSR-143n. It also features very good standability. Other features include excellent tolerance to iron

chlorosis as well as resistance to powdery mildew. A thin line plant type, DSR-143n was the number one yielding soybean in the 1992 cyst plot in south central Minnesota.

DSR-222/Group II-: DSR-222 should easily replace DSR-252 in the lineup. DSR-222 was known as experimental DST 2111 and will be an excellent companion to DSR-217 as it matures one day later. DSR-222 has shown an advantage over all lines Dairyland Seed has seen in this maturity group. DSR-222 features excellent standability. The DSR-222 package includes excellent tolerance to iron chlorosis and very good tolerance to white mold. DSR-222 carries resistance to Races One and Two of phytophthora root rot and has also shown resistance to brown stem rot. DSR-253n/Group II: DSR-253n features resistance to Race Three of cyst nematode and moderate resistance to Race Four. Its yield package is so strong, that it outperforms DSR-254 by five percent in our research trials and therefore replaces DSR-254. DSR-253n also features very good tolerance to phytophthora root rot, excellent tolerance to iron chlorosis, moderate resistance to brown stem rot and very good tolerance to white mold. DSR-253n matures two days earlier than DSR-273 and offers soybean growers an earlier alternative for cyst resistance as well as strong agronomics in non-cyst areas.

DSR-292/Group II+: This exciting new soybean replaces DSR-290 in the Dairyland line up for two very important reasons: improved yield and improved standability! DSR-292 has a 1.2 bushel per acre advantage over DSR-290 and Asgrow A2943. It shows a 2.5 bushel per acre advantage over Resnik and A3127 and has resistance to brown stem rot For more information on these new products, contact Dairyland Seed Co., Inc., at 1-800-236-0163 or write P.O. Jungle Enchantment

An assured wind blows inward across the tree-tops from the lagoon; overhanging leaves and branches envelope the wanderers.

The jungle becomes alive with the intrusion! Somewhere in the dusk a snake slithers through fine, translucent blades, which gracefully make way for the king of the grasses.

A silver trout swims towards the sky. Slowly at first, then faster! Even waves are pushed aside by a streak of silver swishing back and forth.... back and forth.Then the sheet of glass shatters! A flash of silver; delicate ripples are all that's left. Soon the wonder will be forgotten.

The crack of twigs beneath their feet as they turn from the lagoon, warns an owl waking from deep slumber. Now wary, the silence gives way to a deafening rustle of leaves and beating of wings. Whooo Whoooo!

Silence.... Yet another dimension of the forest has been entered. The forgiving moss makes no sound as it-s firmly pressed against the dark soil beneath. Soft glossy coats gently glimmer in the moonlight. Quietly all around, crickets hum beneath the vast sky.

Side by side, they slowly turn towards each other. The stars above sending down their approval, the moss below comforting their feet, the two deer bend their heads together.

Try It... You'll Like It!

The Kettle Moraine Squares kick up their heels in the Fourth of July Parade in West Bend

We've all been told this a million times by parents, teachers, and friends. So much so that we have become very skeptical whenever we hear those familiar words.

This article was written to convince you to try something new... Square Dancing. So often our lives get into a rut. Life becomes boring yet we fear trying anything new. Here are some good reasons to give Square Dancing a try:

 Square Dancing is noncompetitive.

2. People of all ages can enjoy Square Dancing... children, teens and adults.

3. Square Dancing is inexpensive. It provides an opportunity to mingle with people in a wholesome atmosphere for about \$5 per couple for the admission to a Square Dance.

4. Square Dancing is relaxing and stimulating at the same time. Square Dancing exercises the mind as well as the body. After an evening of Square Dancing, you are relaxed and refreshed, both physically and mentally.

5. Square Dancing is a challenge. It presents the opportunity to achieve for the sake of achievement. It challenges you to use your brain to learn and remember calls. And when you have learned the calls, it gives you a deep sense of pride and accomplishment.

6. Square Dancing helps you meet new friends. You meet some of the nicest people in Square Dancing.

I hope this article has convinced you to give Square Dancing a try. There will be a Free Square Dance, Try It on Sunday, September 12, at 7 p.m. at the Moose Lodge at 1721 Chestnut St., West Bend. For more information call 334-7156 or 677-2174.

Faith Haven Stable **Riding Exhibition**

On Sunday afternoon, August 29th, an adult beginners class will exhibit its learned skills in horsemanship at the Faith Haven stables. The general public is invited to this exhibition. The first beginners class accepted in seventeen years, the group has done an outstanding job in acquiring safe equestrian competence.

The exhibition will begin promptly at 1:30 p.m. and end at 3 p.m. Visitors are requested to bring their own folding chairs and must be seated in the indoor arena no later than 1:20 p.m.

The Faith Haven stable is located one block east of Kohlsville on the south side of County Trunk D. A stable sign will demark the drive entrance. Horse lovers who wish to view the primary basics of good horsemanship will have ample opportunity to both view in exhibition those basics plus enjoy a question-answer period.

The Faith Haven School of Horsemanship is operated by the not for profit Faith Haven Corporation. There will be no charge for this horsemanship beginners exhibition.

Now... sit tight, Bunkie, and I will tell you the WHOLE story. It all began two years ago, when Cheryl and Linda needed a quick weekend getaway (working with me, I don't understand why, but ... who says weekly deadlines are stressful?) The girls decided to accept an invitation to travel on the maiden voyage of the S.S. Badger, a car ferry at Manitowoc.

The voyage was rather uneventful, extremely nice, but it was no Titanic ... I mean; no one even got quesy. Took the Dramamine along, hey girls?

After the voyage, the girls went for supper and being the "party animals" they are ... (yeah, right... one drinks a single diet wine cooler and the other won't drink at all! How did they ever end up working for me?)

Anyway, the "party animals" decide to sip a night cap, and lo and behold, they manage to wander into a lounge in Manitowoc that happens to be featuring the show band ... you guessed it ... "Out-a-Time."

Well, when the girls came back Monday morning, I didn't learn too much about the maiden voyage of the S.S. Badger, but I heard all about "Out-A-Time." I received a steady diet of "We just have to get them to play in Kewaskum," (sure, girls... next week, maybe.)

Needless to say, for the past two years, every week, I have been hearing... "Why can't the Chamber of Commerce hire

'Out-A-Time' for Kettle Kountry Kolors?" (Simple ... too much money.) or "Why can't the Chamber hold a dance with 'Out-A-Time'?" (Simple ... no money ... not enough workers ... need I say more?)

The subject remained somewhat stagnant for a few months until Cheryl and Linda got extremely tired of hearing me whine about needing a fund raiser to underwrite the cost of this year's Kettle Kountry Kolors festival.

BINGO! The light bulbs exploded all at once. Why don't the Statesman girls organize and promote a dance and donate all the proceeds to Kettle Kountry Kolors. (Nah, ... we can't).

Well, whatever you do, never say never to Cheryl and Linda. They have a tendency of seeing red when told something could NOT be done. They become extremely determined and persistent (not to mention, cranky) when told something is impossible

The girls plunged into the project and worked feverishly after hours and weekends making phone calls, setting up appointments, printing advance sale tickets and posters and delivering them throughout a three-county area.

Why? "Because," Linda says, 'Girls Just Want to Have Fu-un' Everyone always complains there is never anything to do in a small town," she adds. "We just wanted to add something to the community's summer menu of festivities. If we get good support from the community, we would like to make this an annual event."

become successful because she wants to turn over the proceeds to the Chamber of Commerce for the Kettle Kountry Kolors festival. "The festival is one of the nicest in the state, and I'm hoping our contribution of the dance's proceeds will help keep it that way."

So, please... don't disappoint my girls... join them for a good time and lively 50's and 60's music at the Summer Dance of '93 Saturday night from 8 to 12 at River Hill Park.

Besides it's Linda's birthday... we HAVE to help her celebrate. You can never tell what

she might do! We might even be able to talk her into having a drink ... or buying one!

For those who are quick to criticize, count among your blessings those who VOLUNTEER their time to undertake and organize things that would fall by the wayside if we waited for the critics to take care of it.

Kristin Danielson Named All-American Scholar

Kristin L. Danielson

States The United Achievement Academy announced today that Kristin L. Danielson has been named an All-American Scholar.

The USAA has established the All-American Scholar Award Program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The All-American Scholars selected by a school instructor, counselor, or other qualified sponsor are accepted. These scholars are also eligible for other awards

Freshmen at Kewaskum High School will report for school on Tuesday, August 27, and again on Wednesday, August 28, with the rest of the student body. Kewaskum Elementary School pupils, which includes the Beechwood Elementary, Farmington Elementary, Kewaskum Elementary, and Wayne Elementary, will also report for school on August 28. Holy Trinity Parochial School will also open on August 28, with an enrollment of 243 pupils.

Dr. Richard L. Wesenberg, son of Mrs. Walter Wesenberg, Kewaskum has recently received the appointment of assistant professor of diagnostic radiology at the University of wisconsin Medical Center, Madison. Dr. Wesenberg will be working primarily in the subspecialty of pediatric radiology and as such wil be the first pediatric radiologist at University hospitals. Dr. Wesenberg is a 1955 graduate of Kewaskum High School.

given by the USAA.

Kristin Danielson who attends Kewaskum Middle School, was nominated for this National Award by Kathleen West.

Kristin Danielson will appear in the All-American Scholar Directory, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the All-American Scholar awards should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects All-American Scholars upon the exclusive recommendations of teachers, coaches, counselors, and other qualified sponsors. Once awarded, the students may be recognized by the USAA for other honors.

Kristin is the daughter of Tim and Kathy Danielson. The grandparents are Florence Hansen of Kewaskum, Kathaleen Danielson of Muskego, and Reuben Danielson of Necedah.

When the two-man Japanese submarine captured at Pearl Harbor arrives in West Bend August 30 on its war savings national tour for the U.S. Treasury it will have traveled around the rim of the United States from San Francisco to the Oregon line, down to San Diego, through Arizona, New Mexico and Texas, south to the mouth of the Rio Grande up to Fort Worth and Dallas via Houston and East Texas, through New Orleans, Biloxi, Mobile, Birmingham and Atlanta, through the Carolinas and Virginia, to Washington D.C. Thence it makes its way on the first overland submarine cruise in history up to Maine and then westward along the Great Lakes Besides the Salton

Master Sgt. Ralph L. Kohn surprised his parents, Mr. and Mrs. Frank Kohn, of Kewaskum, and friends here, when he arrived home last Friday evening to spend a furlough after 1 1/2 years of service in Alaska and against the Japanese in the Aleutian Islands with the Army signal corps. Several weeks ago Sgt. Kohn wrote his mother and asked her not to write until she heard from him again as he was being transferred. She knew nothing of his whereabouts until he walked in last Friday.

William Endlich, our popular jeweler, this week moved his jewelry stock from the Math. Beisbier building on Main Street, located on the east side of the city hall, into the Mrs. Jacobitz building, formerly occupied by Mrs. Joseph Honeck, who conducted a millinery store there. Mr. Endlich states that room in the old building was insufficient for the large stock of jewelry he has on hand, which necessitated his moving into new quarters. He invites all to stop in and visit him in his new home.

The Holy Trinity Catholic Church of this village, was the scene of a very pretty military wedding on Monday forenoon, August 19th, the first of its kind ever held in this village, when Miss Rowe Ockenfels, daughter of Mr. and Mrs. John Ockenfels of this village, became the bride of Private Peter J. Haug, son of Mr. and Mrs. Christ. Haug of Campbellsport.

The many readers of the Statesman who contemplate buying a passenger automobile, better do so before January 1, 1919. After that time every automobile plant will be put on a 100 percent basis. That is to say, no more passenger cars will be manufactured after that date, at least not during the period of war. If war continues at any length of time, automobiles will be scarce articles. Anyone who owns a car now, better hang on to it. This order does not effect the manufacture of trucks.

Washington County 4-H and their 4-H guests from Appomattox County, Virginia.

Washington County 4-H'ers and their families hosted 14 youth and four chaperones from Appomattox County in Virginia. This Interstate Program gives the youth the opportunity to experience what and how 4-H is in different parts of our country. This program is set up as a twoyear exchange, with hosting one year and traveling the next.

Washington County youth have been doing fund raisers such as brat & hamburger frys at the Pick-N-Save stores in West Bend along with a car wash. Watch for more car washes and brat frys held by the group to help defray the cost of travel next year in August.

Appomattox County people arrived in Wisconsin by airplane and were treated to a welcoming pot luck picnic at the Knuth residence. While entertaining our guests from Virginia the group gathered together one day and did the following events. A visit to Bieri's cheese factory, a tour through Miller Brewery, eating at Grand Avenue, a boat tour on

the Iroquois, a visit to the Domes and finally taking in a Brewer Game with tailgating before the game. Tailgating was a real experience for our Virginia 4-H'ers and something they knew nothing about.

Families in Washington County showed our new friends the many assets Wisconsin offers. We ended the week with

farewell picnic at Wahnschaffe's on Big Cedar Lake and gave them each a bag of tokens from Wisconsin.

The Interstate Program is designed for youth 13-19 in 'Washington County to grow in leadership and experience in 4-H in other States and bring back ideas to enhance our 4-H program here. Anyone who has questions about 4-H Interstate can call Kandi O'Neil, youth agent at the 4-H office in West Bend (335-4478) or Paul or Diane Lemke of Kewaskum (626-4829) who are coordinating the exchange this time. Any support area communities and businesses can offer is greatly appreciated.

The group meets monthly to discuss diet, exercise and stress management in the interest of preventing and reversing heart disease. There is no charge, is open to the public, and no referral is necessary.

For registration or further information call the program's facilitator, M. Seideman, R.N.

WAYNE CRUSADERS 4-H CLUB

The August 10th meeting of the Wayne Crusaders was called to order at 7:33 p.m. The pledges were led by Nathen Van den Hevel and Keith Novotony.

Deanna Wagner and Karla Koch talked about the demonstrations they gave at State Fair.

The Kohlsville Parade was a success and our float won the First Place Prize of \$40.00. Thank you to all who worked on it. We will also be in the Allenton Parade on Sunday, Aug. 22.

At the picnic we had an area with things for kids. We had games like bean bag toss, picka-tootsie roll, fish pond, and pick-a lollipop. Nancy Schultz had a craft area where the kids made paper plate turtles and paper flowers. Thanks to all who helped in any way and especially to Nancy for getting us organized.

Don't forget to get your record books in to Carol or Marie by the 25th of August.

Another thing not to forget about is your ME forms. These forms are due to the county by October 1st.

Alternative Treatment For Herniated Discs Relly.

Chemonucleolysis has been shown to be as effective and safer than surgery in many cases of leg pain (sciatica) that are caused by a herniated disc.

(NAPS)-A thirtyyear-old treatment for slipped discs, a condition doctors call herniated lumbar intervertebral disc. is receiving new attention from physicians and people with leg pain caused by a herniated or slipped disc.

The treatment, called chemonucleolysis, involves injecting a natural enzyme called chymopapain-marketed by Boots Pharmaceuticals-into the center of the herniated disc. The enzyme, which comes from the latex of the papaya plant, breaks down and partially liquifies the jellylike material in the inner part of the disc. The disc's ability to absorb water is greatly reduced and pressure on the nerve root that is causing the pain is relieved.

A number of studies have been done on this treatment and their results show it's as effective as and

safer than surgery over the short- and long-term. In a one-year follow up study published in the international medical journal "Spine," patients who received the chemonucleolysis treatment had an overall success rate of 66 percent while those who had a procedure called automated percutaneous lumbar discectomy had a success rate of only 37 percent.

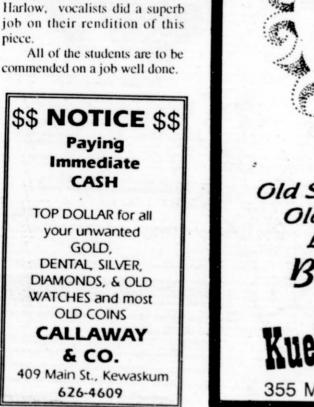

OF HEALTH

Chemonucleolysis treatment of sciatica has also been shown to be cost effective in the short-term and most importantly in the long-term as it does not contribute to "failed back surgery syndrome." A toll-free number

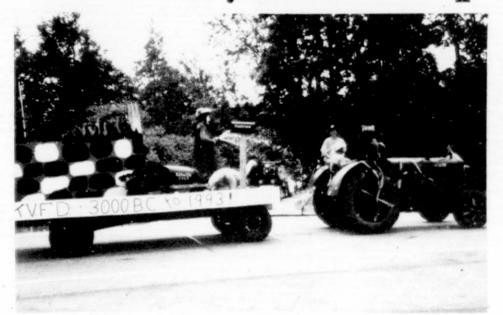

has been set up by the International Intradiscal Therapy Society (1-800-426-4868) for patients and physicians who want to learn more about chemonucleolysis and about who are the most likely candidates for this treatment.

Kohlsville Picnic Hails 85th Anniversary of Fire Dept.

Chief Ray Dornacker with his own mini fire truck

History was made in Kohlsville on Aug. 8th, 1993. That day not only marked the 85th Anniversary of the Kohlsville Fire Dept., but also the day of the 1st parade ever to line the streets of Kohlsville. Perfect picnic weather along with the support of many made the Kohlsville Dept.'s 1st Annual parade and picnic a

great success. Thanks go out to all that made it happen. The winning entries in the parade were submitted by the Wayne Crusaders 4-H club, the Wacky Shack, the VFW, and the Washington County Farm Bureau.

The variety of entries were just great. We would like to think they were all winners.

Two.helpful exercise programs for people with moderate to severe arthritis are offered by the Arthritis Foundation-PACE (People with Arthritis Can Exercise) and the Arthritis Foundation/YMCA Aquatic Program. For more infor mation about these programs or a free copy of the foundation's exercise brochure, check the phone directory for your local Arthritis Foundation chapter or call toll-free the Arthritis Foundation Information Line at 1-800-283-7800 (Monday - Friday, 9 a.m. - 7 p.m. Eastern Time). The Arthritis Foundation is the source of help and hope for an estimated 37 million Americans who have arthritis. The foundation supports research to find ways to cure and prevent arthritis and seeks to improve the quality of life for those affected by arthritis.

May Help People With Arthritis

For years some people with arthritis have found that vigorous exercise helps them feel better. New evidence is mounting that for some people with arthritis a program of steady, aerobic exercise can be safe and beneficial, reports the Arthritis Foundation.

Scientists studying exercise and arthritis have to take into account a multitude of factors. There are over 100 forms of arthritis-some very different from others; there are varying degrees of disease severity; and each individual reacts to exercise differently.

In the past, arthritis exercise programs focused on increasing strength and range of motion. But new studies are examining the benefits of dancing, cycling, walking and other aerobic activities for people with arthritis. Patient: "Doc, if there's anything wrong with me, say it plain so I can understand it." Doctor: "Very well, you are lazy."

Patient: "Gee, thanks, Doc. Now give me the scientific name for it. I've got to report to my wife."

Beechwood Girls 23rd at World Softball Tourney

By Noel Stollenwerk

MUNCIE, INDIANA - The Beechwood girls softball team, made up of Kewaskum-area athletes, recently placed 23rd out of 48 teams at the United States Slow-Pitch Softball Association girls 18-and under World Tournament held here.

Beechwood finished 2-2 in the tournament, which featured girls teams from all over the continental United States.

A team from Randolph County, Indiana was the first opponent for Beechwood, which started slowly. But the bats came alive, as every Beechwood player had a hit and scored in an easy 17-7, five inning victory. Vicki Borkenhagen, Lisa Spielvogel and Kelly Krahn each had three hits to lead the way.

In its second contest, Beechwood drew a tough Mid-America Hawks squad from Michigan. The Hawks had finished 18th in the World Tournament in 1992.

But that didn't faze the Beechwood girls, who jumped out to a 6-0 lead after six innings. But the Hawks battled back to tie things at 6-all, before Borkenhagen's double in the bottom of the seventh scored Kelly Arndt, giving Beechwood a 7-6 win. Rachelle Krahn was 3x3 in the game, while Angie Bindrich went 2x2.

In the third game, Beechwood had its hand full with the Wilson Blasters, from Kansas. Beechwood managed just seven hits in the contest. two each from Spielvogel. Stephanie Heberer and Angel Zimmerman, as the Blasters prevailed, 6-4. That sent Beechwood into the loser's bracket, and pitted them against the Dixie Darlings, a strong-hitting squad from Mississippi that took 22nd at the World Tourney in '92. Beechwood once again had trouble at the plate, collecting just four hits, as they fell to the Darlings, 10-0. The loss eliminated Beechwood from the double-elimination field. Beechwood's coach, Nancy Krahn, had nothing but praise for the girls, who "represented Wisconsin and Kewaskum in a positive and proud fashion." Krahn cited Heberer, Zimmerman, Rachelle Krahn, Spielvogel, and Kelly Krahn for

their offensive effort, and commended reserves Kristen Krebs and Bindrich for their play.

Other members of the team not already mentioned include Collette Burba, Tanya Krahn, Mary Yahr, Debbie Schmidt and Assistant Coach Alice Krahn. BATTING AVERAGES

A Message from the Postmaster

Hello Kewaskum Statesman readers. Well... went last Saturday and moved Chrystal out of Barat College (her summer housing while she worked at Great America) and what a trip it was!

I really should write a book about my experiences... maybe a "Guide to College Parents," Ha! We traveled to Lake Forest in a rented "extended van" with all the seats removed (except the driver and one passenger). Well, by the time we had Chrystal and Mike's possessions loaded, the van was "filled to the ceiling," and my two, 14-year-old helpers were "scrunched" in wherever we could fit them.

I guess we looked like "Ma and Pa Kettle coming back to the city" or something like that... Ha! One very smart decision that I made was to unload everything into the garage. My car can sit out for a week, as next weekend, we will be moving Chrystal and Mike into UW-Milwaukee. THE FUN JUST NEVER ENDS.

Good luck to all you parents sending those kids off to college. For those having one in their first year of college... stop in and I can relate the "fun of it all!" Chrystal is in her third year, so I guess I feel like a pro... Ha! Do make sure that you stop in and check out the "Eternal Tree." We are all decked out at the Kewaskum Post Office for back to school days. Hope you enjoy the "scenery."

In this week's column, I will answer some questions that some of you have had. Hope that you find it interesting and informative.

QUESTION: My daughter mailed me an Express letter. It was guaranteed delivery the next day. It did not arrive that day, but did arrive the following day. Please explain.

ANSWER: Express Mail is the ONLY service that the Postal Service guarantees. If you come to the Post Office and mail something Express Mail, you will be advised whether it is next day or second day delivery guaranteed. Please remember that Express Mail is "geared upon" airline schedules and that is the reason that some parts of the country can be guaranteed overnight and then the rest are "two-day" guaranteed.

You will receive a receipt that will show exactly when you mailed it, to whom, from whom, and what the guarantee is. There is also an 800 number available to specifically track exactly where your Express Mail piece is.

Checking into your specific piece, it was discovered that the

clerk taking in the Express was in error. That clerk checked overnight delivery, when in fact, it was a two-day delivery. YES! the Postal Service GOOFED, your daughter is entitled to a refund for the postage paid and as your Postmaster, I apologize. for the blunder that was made.

YOU... as our customer could come into the Post Office, mail an Express and you will vividly see (per the customer computer screen) the one or two day guarantee. As your Postmaster, I can assure you that you have not and will not EVER hear me say that "we do not make mistakes." WE DO. Our Express Mail system is fantastic, but human beings do make mistakes and the clerk in your daughter's hometown did make a "biggie" as now the Postal Service will be responsible for a refund. I am sorry for the inconvenience!

QUESTION: My friend came into your Post Office and purchased some "no-lick" stamps. I told her that for the extra money, I could purchase the other ones and lick them but she told me that they cost the same. Is that true?

ANSWER: YOU BET! There used to be a so-called surcharge for "not having to lick em" but that was removed in March of this year. Currently, we have three types available. They include the eagle (17 for \$4.93), the squirrel (18 for

THURSDAY, AUG. 26, 1993

\$5.22) and our newest addition, the rose (18 for \$5.22) Try them, you might like them.

QUESTION: I mailed a certified, return receipt to West Bend last week. I still do not have my return receipt. Are they "walking it back to me?"

ANSWER: Good question. When mailing a certified with a return receipt (the card that comes back to you to let you know who signed for it and when they received it), there is a time-frame that you must keep in mind. Let me give you an example: Let's say that the person lives on a rural route in West Bend okay? You mail it today. It should arrive in West Bend tomorrow. The carrier "signs responsibility" for it and takes it out on the route. The customer is not home. The carrier leaves notice and returns the "accountable item" to the Post Office. Five days pass and the recipient does not come to the Post Office to pick it up. That customer is given a "second notice" via the carrier and advised that ten days from that day, the item will be returned to the sender as "unclaimed." The customer does not pick up the piece. SO ... one day travel to West Bend, 15 days before return, one day travel back to you... that is 17 days that you possibly could wait. Hope this

clears up any misunderstanding.

PAGE

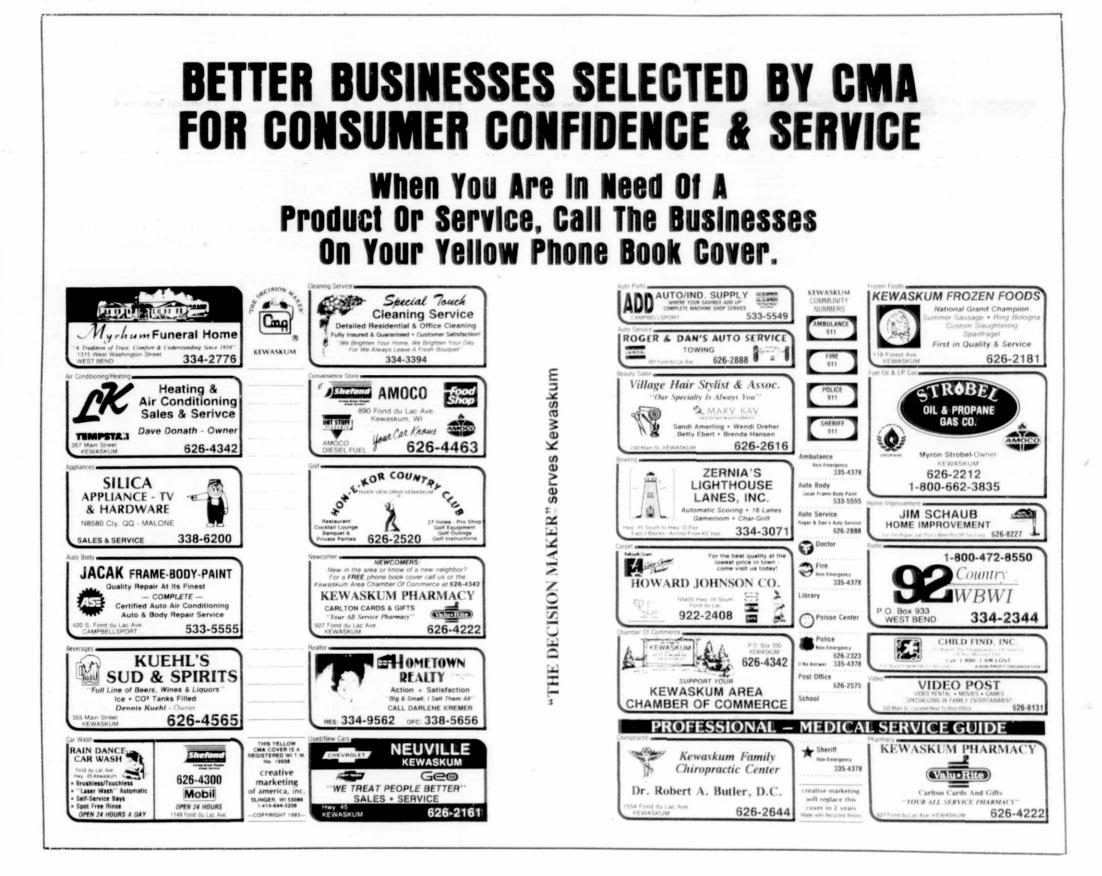

Well, that is about it for this week. Good luck to all parents, teachers and students as "school begins." Please be careful driving out there. Watch out for "our kids." Hope you all stop in and check out the "back to school" decorations and students... stop in for your free pencil, courtesy of the United States Postal Service. Until next week, try to have a good day... a happy every day.

Minutes of Village **Board Meeting**

Regular Meeting Aug. 2, 1993 8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Robert Wagner presided. All Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee David Goeden, seconded by Trustee Robert Beisbier and unanimously carried by voice vote, the minutes of the July 12,1993 meeting were approved as printed.

6----

Mr. Thomas Renner the Village Engineer was present to review 3 tentative "Conditional Discharge Rate Schedules" for Farmers Union proposed cheese factory, 1626 Fond du Lac Avenue. Mr. Donald Uelmen and Mr. Al Lau of Farmers Union were also in attendance. Mr. Uelmen expected a firm answer regarding the proposed agreement for discharge, but the Board explained they wanted to see the agreement, which may take sometime to formalize prior to approving it. On a motion by Trustee Thomas McElhatton, seconded by Trustee Gary Gavin and carried by the majority voice vote, the Board agreed with Draft 3 as presented as the "Tentative Conditional Discharge Rate Schedule". Trustee David Goeden voting "Nay".

A public hearing was conducted on the request of JLN & Associates for the rezoning of the property located at 1238 Roseland Drive, known by tax key no. V4-0124, from B-3 Central Community Retail and Service District to R-2 Single Family Residence District. Three neighbors were present and supported the change, but had concerns regarding the groundwater crossing the noted property. On a motion by Trustee Thomas McElhatton, seconded by Trustee Gary Gavin and carried by the majority roll call vote, the Board closed the public hearing. Roll call vote was 7 "Aye," 0 "Nay," 0 ""Absent."

Kettle Moraine Amateur Golf Tourney Here Sept. 18 & 19

By Noel Stollenwerk

KEWASKUM - Hon-E-Kor Country Club will once again be the site of the annual Kettle Moraine Amateur Golf Tournament, Saturday and Sunday, September 18th and 19th.

The tournament is open to all amateurs with a United States Golf Association handicap. Any player without a USGA handicap can also play, but will be religated to the tournament's Championship Flight.

The low twenty handicaps and ties will determine the tournament's Championship Flight. The remaining flights will be determined by taking the next twenty low handicaps and so on.

The tournament will be contested over 36 holes on Saturday and Sunday. There is also a two-man bestball championship, with a scratch format. There will be two flights in the bestball competition (0-10 handicap, and 11 and over), with the flight determined by the handicap of the better player.

Tee times will begin at 9 a.m. on both days. The deadline for entry is September 15th, and/or the first 150 players.

The cost to enter the tournament is \$30 and greens fees for the medal play championship, and \$20 (per team) for the bestball championship.

To enter, call Hon-E-Kor at Lakeside Foods, Inc., Village Barber Shop, Adell Athletic

IT'S A FACT!

Don't Drink And Dive!

(NAPS)—Safety experts say more than half of all serious diving accidents occur when the diver has been drinking. Diving injuries can cause paralysis or brain damage.

These accidents, most of which occur in natural bodies of water, can be avoided.

Championships Winding Down At Hon-E-Kor Country Club

By Noel Stollenwerk

KEWASKUM - Match play has already started in the battle for the various club championships at Hon-E-Kor Country Club, with several surprises occurring.

Defending men's champion Craig Anderson was defeated in his first round against Tim Taylor, thus ending any repeat hopes in that division. Taylor was subsequently eliminated by Pete Kostelac and Joe Doherty.

In the men's First Flight, Herman Berndt has earned a spot in the finals, as he beat the top seed, Dale Jung. Berndt will face either Rob Bertram or Bruce Halfmann, the number two and three seeds, respectively.

In the Second Flight, it will be Jim Volesky against Buck

Finals Set in VKAA Softball

By Noel Stollenwerk

KEWASKUM - As expected, the games were hotly contested as playoff action started last week in the Village of Kewaskum Athletic Association softball leagues at Kiwanis Community Park.

In Tuesday night's playoffs, Amerahn, the No. 4 seed, opened things off by taking out Bunkelman Builders, 7-3. Amerahn broke open a 3-3 ballgame with three runs in the bottom of the fifth, thus earning the right to advance to the next game against Prime Time Pub.

Prime Time jumped ahead with four runs in the bottom of the first, but Amerahn battled back to tie things in the third inning. Prime Time responded with three more runs in the bottom half of the third, and then hung on late to win, 7-6.

That enabled Prime Time to advance to the semifinal tilt against Park Avenue Pub. Prime Time once again jumped out to the early advantage, leading 6-1 in the third inning. But Park Avenue came right back, scoring three runs in the third, fourth and sixth innings to hold off Prime Time, 10-8. That sets up this week's championship series, with Park Avenue Pub facing Dupliquik. The two teams finished with identical 11-3 records during the regular season, but Dupliquik has the advantage, having beaten Park Avenue twice. In Thursday night action, Accent Photography, the number three seed, won a pair of games to advance to this week's championship. In their first contest, Accent was involved in a defensive battle with C.C. Cody's, who managed just four hits in the game. Accent meanwhile, scored single runs in the first and fourth innings, pulling out a 2-0 win.

That sent Accent into the semifinal matchup against prime Time Pub, which had finished second during the regular season. Accent jumped out ahead 4-0 in the third inning, but Prime Time came right back, scoring five times in the bottom of the third to take a 5-4 lead. Accent answered the challenge, plating four times in the fourth, and eventually went on to win the contest, 9-6.

That sent Accent into the championship this week against C.C.'s which finished the regular season, 11-1.

Action on both nights gets underway at 7:00 p.m.

FLAG FOOTBALL

PAGE

The Kewaskum Athletic Club-Youth Division is again sponsoring a Flag Football League this fall for all 6th, 7th and 8th graders in the Kewaskum School District. One goal of this program is to teach football fundamentals which can be used at the high school level.

The cost to play will be \$5.00 per player. All players interested should fill out the application below along with the \$5.00 and send it to Dean Scheel.

> **Dean Scheel** 1122 Edgewood Kewaskum, WI 53040 626-4600

All players MUST attend an organizational practice on August 28 at 10:00 a.m. at the Varsity Football Field behind the Kewaskum Elementary School.

Participants are the key to the success of these programs. Any parent or person interested in coaching or helping to run this program should contact Dean Scheel or attend the organizational meeting on August 28, 1993.

SPECIAL NOTE: This program depends on participation of the players and parents willing to give a few hours of their time. We are in dire need of coaches, time keeper, announcer and people to run the yard markers. If enough volunteers do not come forward in the next 10 days, there is a very strong possibility we will have to drop this successful program for the kids.

Host Campbellsport in Opener Friday Indian Hopes Hinge on Size, Speed

By Noel Stollenwerk

KEWASKUM - After leading the team to its first winning record in almost a decade, Kewaskum Indian football coach Clark Pearson is optimistic that this year's squad can duplicate, or even better, last year's 5-4 season.

"I hope to do at least as well as last year," Pearson said of his outlook for the upcoming campaign. "Maybe we can even move up a notch (in the Eastern Wisconsin Conference.)'

The Indians have 18 letterwinners back from the team that finished 3-3 in the EW in 1992. Included in that group are 16 senior returnees, who should form the nucleus of the 1993 squad, which opens at home this Friday against rival Campbellsport.

Heading the list is running back/defensive back Beau Coulter, who was a second team all-EW selection on defense last season. A hard hitter with excellent speed, Coulter will be counted on heavily this year.

'A lot will depend on how well he can handle it physical-

Pearson Satisfied With Scrimmage

WEST BEND - While the defense let him down at times, Kewaskum football coach Clark Pearson was relatively pleased with his team's play in a scrimmage here, last Friday.

"I was satisfied with what I saw," Pearson said of the outing with West Bend East and West, as well as Slinger. "We looked pretty good, especially on offense.

The scrimmage format was the same for all teams, each getting the ball at the opponents 35 yard line. The offenses were on the field for 20 minutes, and used four downs. If the defense stopped the offense on fourth down, the offense would start again at the 35.

ly," Pearson said, noting that Coulter has an asthma problem that has hindered him in the past. "But I'm hoping for a real big year from him."

Also back is fullback/linebacker Mark Strobel, an honorable mention pick as a junior. strobel will also go both ways, and his 6-0, 212 frame should be another Indian force.

"We should have decent team speed, and good size," Pearson noted. One weakness, however, is "We only have one returning starter on the offensive line.

Pearson doesn't think he will have too much trouble coming up with a quality line, though. He points to seniors Steve May (6-2, 236 pounds), Jay Enright (6-2, 210), Shawn Larson (6-1, 205), Paul Stoltzmann (5-10, 208), and juniors Andy Mathias (6-2, 304), Jared Pankowin (6-2, 200), and Dane Dorn (5-10, 194) as possible starters on the offensive front.

Those seven will also fill spots on the defensive line, depending on whether Pearson elects to use either a four or five man front. Either way, the Indians will have an average of about 230 pounds a man in the trenches, which could mean some big holes for Coulter and Strobel.

One weakness on offense will be the lack of experience at the quarterback spot. Senior Mark Stephani and junior Dan Survis "have very little experience in game situations," according to Pearson. "I think they'll be able to handle it though," adding that Survis seems to have the upper hand in the battle to start.

Seniors Jesse Korth and Steve Johann are competing with junior Travis Jacak for the wide reciever spots, while senior wing-t offense, with a slot formation, although he added the team may use other formations as the year progresses.

Defensively, the Indians have five regulars returning to the fold. Joining Strobel in the linebacking corps will be

senior Kevin Parish (5-9, 190), and juniors Craig Erdmann (5-10, 153) and Ryan Theusch (5-11, 162). Coulter will be aided in the backfield by seniors Erik Ankerson (6-2, 151), who is a non-letterwinner, Stephani and juniors Cory Rammer (6-1, 151) and Tim Strigenz (6-1, 156). Junior Nathan Cartwright (6-1, 160) also will see some action, according to Pearson.

"We should have a good defense," Pearson said, noting the experience factor. "We're going to mix up the fronts and coverages this year."

"The juniors have been doing a very good job so far," the Indian boss added. "It looks like the juniors are going to be able to help us out quite a bit this season.

Pearson points to perennial powers Sheboygan Falls, Plymouth and Two Rivers as the top contenders in the EW this year. While he expects his team to be among the challengers, he also added, "New Holstein could be a real sleeper," noting that the Huskies had some tough freshman and junior varsity squads the past few years.

The Indians will have the luxury of playing three of their first four games on the home turf, which may help the team avoid starting out slowly as in years past. "It's always nice to play at home," Pearson added.

That home slate will begin on Friday, when the Indians host Campbellsport in their annual rivalry. The Cougars have won the last two meetings, after the Indians had taken the previous

"Hopefully we can come out of the blocks a little better," Pearson said, noting the Cougars benefitted in last year's contest with a kickoff return for a touchdown.

"I think we were a little overconfident last year," he said. "That won't happen again this year. I think this will be a real good test for us."

Who knows? Maybe the fish goes home and lies about the size of the bait he stole.

"We scored a few touchdowns," Pearson said, noting the Indians scored five or six times in their stints on offense. "I was real pleased with the offensive line ... most of the time.'

The line opened big holes for running back Beau Coulter, who "made some real nice runs," according to Pearson. Coulter scored a touchdown, as did Travis Jacak at end. Pearson was pleased with Jacak and fellow ends Tim Strigenz and Cory Rammer. "All three did a real nice job."

Defensively, Pearson wasn't as enthusiastic.

"I was a little disappointed at times," he said. "We definitely have some work to do there. Our linebackers need some work."

Pearson did cite Strigenz, along with Mark Stephani, who both did well in the defensive backfield.
