Woman Killed by Bull

A Campbellsport woman was fatally injured by a bull this past weekend on her farm located at 2520 Hwy. 67.

Elizabeth J. Ebert, 68, was found dead in the pasture by a family member on Saturday afternoon. According to the Fond du Lac County Coroner, Mrs. Ebert was found pulseless and non-breathing. Apparently, she left the house approximately at 2:30 p.m. and at that time was going to get the cows in from the pasture.

An autopsy performed by Manitowoc pathologist Dr. John Fodden, revealed that Mrs. Ebert was trampled to death by a bull, receiving multiple internal injuries. She was pronounced dead at 4:35 p.m. at the scene by Fond du Lac County Deputy Coroner Donald Landfair.

KHS Student Council Sponsors Puzzle-A-Thon

The Kewaskum High School Student Council is sponsoring a Puzzle-a-thon on Friday, Feb. 11.

The event will begin at 7:30 a.m. on stage in Rose Hall and will go until 9:00 p.m. that night, ending up in the Field House during the basketball game. The purpose of this puzzle-a-thon is to raise money to help the American Cancer Society. Students from each class will be asking for pledges for the time that they will be putting puzzles together on stage.

Schmitt Elected to UWWC Council

The University of Wisconsin Center-Washington County recently had Ruth A. Schmitt elected to its University Council. She replaces Dr. Paul Rossmiller who recently resigned. The Council acts as a citizen's advisory body to the UWWC Dean.

She presently is a member of the Kewaskum School Board, and belongs to numerous other committees and organizations including The State Superintendent's Advisory Council for Alcohol and Other Drug Abuse.

She is currently substitute teaching in grades K-12 for the West Bend Schools. Her bachelor's degree comes from Luther College, Decorah, Iowa, where she majored in elementary education, and minored in history.

The members of the University Council act as 'ambassadors' to the surrounding area. They work to strengthen the relationship between the University and the community.

According to Council bylaws, membership will include no more than 18 members and most include a diversity of membership from throughout the county. Dean Joel Rodney is an ex-officio, nonvoting member of the Council and is not counted as one of the 18 members.

Dean Rodney elaborated on the role the Council performs. "I think former President Nancy Van Vooren said it best, when she said that they are our 'campus cheerleaders'. They are our advocates in the community with the city, county and state. The Council played a critical role in the expansion of the university, and they have done a great service in making students, new faculty and staff feel welcome." The members serve threeyear terms and may succeed themselves. The UW Centers 'Board of Visitors' delegate will also serve as a member of the Council. The current delegate, Jan Hubbell, is also the President of the Board of Visitors. Council officers are Margaret Pok, West Bend, President; Kay Anderson, West Bend, Vice-President; Allan Kieckhafer, West Bend, Treasurer and Sheila Boyung, Jackson, Secretary.

Referendum Election Tuesday

Voters in the Kewaskum School District are encouraged to go to the polls Tuesday, February 15, to decide a referendum issue, concerning the remodeling/renovation of Kewaskum High School and Middle School and the borrowing of (not more than) \$7,515,000 to accomplish this goal.

Voters should be well informed.as the Referendum Steering Committee has made extensive efforts to be sure all residents are aware of the needs of the school district and much has been published up to now on this issue.

The ballot will read: "Shall the following Initial Resolution be approved?" Initial Resolution Authorizing General Obligation

School Building Bonds In An Amount Not To Exceed \$7,515,000. Be It Resolved by the School Board of the School District of Kewaskum, Washington, Fond du Lac and Sheboygan Counties, Wisconsin, that there shall be issued pursuant to Chapter 67 of the Wisconsin Statutes, general obligation school building bonds in an amount not to exceed \$7,515,000 for the public purpose of paying the cost of constructing additions to and remodeling and renovation of the Kewaskum High School and Middle School and acquiring equipment and furnishings."

If you have questions, call the high school, talk to your neighbors, but most importantly, vote.

Gonring Steps Down As KHS Baseball Coach

By Noel Stollenwerk

KEWASKUM - Unquestionably, it was a tough decision. But for former Kewaskum High School baseball coach Doug Gonring, he believes it is the right one.

Gonring stepped down as the Indians' head coach last week, instead opting to take the vacant head coaching job at West Bend East, his alma mater.

"It was a very difficult decision," Gonring explained. "I made a lot of good friends (at KHS), and it was my first coaching job (at the high school level), which is special. I really have nothing bad to say at all about it (the experience at KHS)." The position at East opened when veteran Suns' coach Gary Perkins decided to retire after 20-plus years at the helm. In his final season, Perkins coached the Suns to the 1993 WIAA State Championship. Gonring didn't encounter nearly that kind of success as the Indian boss in 1993. The Indians struggled at the plate all year, and finished with a 9-17 record. The Indians did beat Campbellsport in the Regional finals, but lost in the Sectionals to Grafton, 6-0, mustering just

three hits.

Still, Gonring, a 1981 graduate of East, is excited about the challenge of succeeding Perkins, his former coach, at East.

"I'm looking forward to it," he said, not worried about having to follow in a legend's footsteps. "There were big shoes to fill here too," Gonring noted, referring to him replacing longtime coach Tom Bartelt. "As long as the kids are prepared, the wins will come."

KHS Athletic Director Dave Rizzardi said that the school is currently looking for someone

St. Lucas Kindergarten Registration Feb. 10

St. Lucas Lutheran School will conduct Kingergarten round up/registration on Thursday, Feb. 10, from 5 to 8 p.m. The registration will take place in the Kindergarten room on the upper level of the school.

Children must be five years old on or before Sept. 1, 1994, in order to be eligible. If this time is not suitable, please call the school at 626-2680 to make other arrangements. Children need not accompany their parents to registration. Donations will be accepted at the basketball game, as well as pledges for anyone wishing to pledge for a certain student or class. Please help the KHS students help the American Cancer Society.

Pledges may be given by stopping at the high school office, or calling Larry Ammel, 626-2166. Your help may help save a life. to fill the position, but isn't in any great hurry.

"We've still got a lot of time left," Rizzardi said, noting the season begins in the middle of May. "I'm confident that we'll find the right person for the job."

The job will initially be open to staff members at KHS until February 15. If no member of the faculty is interested, the search will go to the general public.

Rizzardi added that any member of the general public wishing to be considered for the position should contact either he or Principal Charles Heidner at the high school, at 626-2166.

Don't Forget to Vote Tuesday!

Upcoming Tractor Safety Course Required for Young Farm Workers

Does your son or daughter work on a farm during the summer? Do you hire youth to work for you during the year? Do these young people have adequate safety training?

Accidents cause more deaths to persons between the ages of 15 and 24 than all other causes combined. On the farm, the major cause of accidents is working with tractors and farm machinery. Most accidents happen when the operator does not know how to operate the tractor or machine correctly or is unaware of the dangers involved.

To help reduce accidents, a Farm Tractor Safety Course is being sponsored by area High School Vocational Agriculture Departments and the University of Wisconsin Extension in Washington County.

The course will be held on four Saturdays: February 26, March 5, March 12 and March 26, from 9 a.m. to 3 p.m. On Saturday, February 26, March 5 and March 26, the course will be held at the Addison Town Hall in Allenton. The March 12 session will be held at Slinger High School in the Auto Shop Classroom. March 19 has been set aside for a snow date.

The course includes instructions on understanding how to operate a tractor, with emphasis on safety. To complete the course, youth must attend all four sessions and pass a written and a driving exam.

Federal Child Labor Laws require young people, age 14 or 15, and working for someone who is not their parent or legal

guardian, to take special training to acquaint them with hazardous phases of farm work, particularly tractor and machinery safety. The Tractor Safety Course is open especially to youth who will be 14 but not over 16 years of age by June of the current year. However, other youth will be accepted as space permits.

Youth under the age of 14 are prohibited from farm work of a hazardous nature by Federal Law. Jobs not considered hazardous on a farm are few.

If you intend to hire any youth on your farm, make sure that they enroll in this course for your protection as well as theirs. There are severe penalties for not complying with the law. Penalties can be as high as a \$10,000 fine and possible jail sentance for hiring uncertified youths. Also, some insurance companies have indicated that, technically, they can't cover an accident to an untrained youth.

Protect your child or the young person who works for you... enroll them in the Farm Tractor Safety Course. The cost of the course is \$12.00 per student. Registration deadline is February 16. To register, call your local High School Vo-Ag Instructor or the UW-Extension Office in West Bend. The numbers are 335-4478, 644-5204 or 342-2929.

Patient Rights Program At St. Joseph's Hospital

WEST BEND - St. Joseph's Community Hospital's health promotion department will sponsor the program, "Understanding Living Wills, Durable Powers of Attorney and Advanced Directives" on Monday, February 21, at 7 p.m., in the hospital 4 east conference room.

The program will be presented by John Flanders, R.N. and director of patient care services, at the hospital.

According to Flanders, people of all ages have fears about entering a hospital and losing authority over decisions about their own health care. His program will focus on individual patient rights and how to properly excercise them.

The program is free of charge and a community service of St. Joseph's Community Hospital.

Heart-Healthy Gifts For Valentine's Day

This Valentine's Day, do something extra special for your friends and loved ones. Express your love and appreciation with a gift that will help them keep their hearts healthy.

*Exercise clothing, shoes, video or equipment.

*A gift basket of fresh fruit (apples, peaches, pears, grapefruit) and low-fat or no-fat snacks (cookies, crackers, tortilla chips, popcorn, etc.).

*A "ticket" to a hearthealthy cooking class at an area hospital.

*One of the American Heart Association's three cookbooks for adults or its new Cookbook for Kids (available at major book stores).

*Dinner at one of the Washington County restaurants that participate in the American lleart Association's lleart Healthy Dining program.

Lipman also suggests that gift-givers treat themselves to a heart-healthy Valentine present: *Quit smoking.

*Get your blood pressure checked and follow your doctor's advice to control it if it's high.

*Start an exercise program that fits your lifestyle. A brisk 30-minute walk at least three times a week can improve cardiovascular health.

*Start reading the new "nutrition facts" labels on foods on supermarket shelves to get an accurate idea of the fat and sodium content of your favorite foods.

Lipman and other local American Ileart Association volunteers are conducting several local health education programs during February, which is

American Heart Month.

For information on these programs, or for free brochures on nutrition, exercise, blood pressure control or smoking cessation, call the American Heart Association office in Milwaukee at 271-9999 or 1-800-AHA-USA1.

The Immanuel Lutheran Church, in the Town of Scott, Sheboygan County, located on Route 1, Kewaskum, was completely destroyed in a disastrous fire which started shortly after church services on Sunday, despite the efforts of fire departments from several nearby communities. The Rev. Gustave Kaniess, father of Rev. Gerhard Kaniess of Kewaskum, is the pastor of the church. The fire, first noticed by neighbors, began at 12:15 on Sunday in the roof and walls above the altar, Rev. Kaniess said. He stated that faulty wiring was probably the cause of the blaze which caused about \$40,000 damage. Following the church services on Sunday morning, a meeting of the congregation was held at which it was decided to redecorate the church. After the meeting, Rev. Kaniess returned to his home and shortly afterward was summoned by neighbors who noticed the blaze. Fire departments from Random Lake, Beechwood, Batavia and Boltonville were called to the blaze, but they ran out of water shortly after their arrival. The fire, which lasted almost two and one-half hours, burned the church completely to the ground. The cross on the steeple remained standing until the last, when it fell slowly through to the ground. This house of worship was built during the pastorate of the Rev. C. Otto. On November 8, 1885, the church was dodicated to the service of the Triune God. For 32 years the church served its purpose but in 1917 the congregation decided

to the building. The interior was redecorated and renovated to completely transform the building into practically a new church. The Rev. Gustave Kaniess, pastor of the church, for more than 32 years resides on Route 1, Kewaskum. In 1935 he was honored at a special celebration for the completion of 25 years of service. At that time the church itself was 50 years old. At the time of the fire it was more than 59 years old. The congregation will observe its 75th anniversary this year.

We have been enjoying unseasonably warm weather, well above the freezing point the past week or two. The warmest January 25th and 26th in the history of all weather records in this section was recorded last week. On Tuesday, the temperature rose to 55 degrees above zero and on Wednesday it soared even higher when the recording was 60 degrees and above. Until a needed rain fell Thursday to break the unusual winter drought, the ground was very dry. There is no snow. Last year the mercury dropped to 26 below on January 20 and on January 25 it was 4 below zero. Many people were seen in their shirt sleeves and other light clothes the past week. The writer saw a robin and other residents reported seeing them. St. Michaels farmers plowed in the fields and one farmer near Chilton sowed a mixture of timothy and alsike this week.

To all our family and friends, your thoughtfulness and concern has been overwhelming during the last couple of weeks. The prayers cards, food, flowers, and all the extra favors done for us are greatly appreciated. Prayer is powerful and for that reason, we have Tricia here with us today. Her therapists say another four to six weeks in Rehab; maybe sooner. She's very high spirited and takes one day at a time. She did have enough credits to graduate from High School, so now she can concentrate on her recovery. Once again, thanks for all the prayers and your support during this traumatic time.

Letters to The Editor

EDITOR'S NOTE: This week we were inundated with news articles, letters, and thank goodness, advertising, which pays for all the letters and news. We apologize if your news or letter was omitted, however, deadlines dictate how much we have time for and advertising pays for how much space we have to offer for news, etc. Again, we are sorry if your news or letter had to be left out and we will definitely put it on the top of our list for next week, but we can only run what we have time to set and we can only run however much we have covered by advertising. So support our advertisers in the Statesman for indirectly they are paying for the space where your news is placed. Without their support of this newspaper, there would be no news. Thank you for your patience.

To the Editor,

In last week's "Kewaskum Statesman" the Referendum Steering Committee addressed the need to replace the south (front) wall of the High School. This week's issues involve facilities for band, choir and art, as well as the need to "plan ahead" for future growth.

The practice room for both Treble choir (55 members) and Concert choir (72 members) is a cement block classroom, like most others in the '57 section of the school with a lowered ceiling with light fixtures. It also serves as a storage room for all choir robes, costumes and music for both choirs, as well as the computers used to teach music theory. Risers take up more than half of the available floor space, reaching from the far wall to the doorway. Students on the top row of the risers nearly touch their heads on the light fixtures. It has no acoustic treatment, and is extremely undersized for the number of students in the choirs.

The band practice room, directly behind the stage in Rose Hall, built in 1957 for a 35 member band, today hosts 49 Symphonic band members. While the Concert band involves 53 students, the band population has been as high as 66 last year. The practice room also stores all band uniforms and music, as well as keyboards and computers. A small room is available for instrument storage while tiny, closet-sized practice rooms double as dressing rooms for plays and storage areas. The band room is also concrete block, with a north wall of single pane windows, inappropriate for instrumental use, with no acoustics. The proposed band and choir practice rooms in the building plan offer adequately sized rooms for instrumental and vocal music students, a classroom for computers and keyboards for teaching of music theory, appropriately sized practice rooms and storage areas for music, uniforms and instruments. Because the stage area of Rose Hall is too small to accommodate any of the choirs or bands, lighting and sound systems are obsolete, visibility and seating are limited because of floor seating and schedules cona 700 seat acoustically designed auditorium is proposed. It will serve all district K-12 vocal and instrumental performance needs, school plays and musicals, assemblies, inservices as well as use by senior citizens, business and community groups, churches and youth groups throught the Kewaskum School District.

flict with athletics in Rose Hall,

Remodeling the Rose Hall stage area was considered, but rejected by the committee and board because it would take away floor space of Rose Hall, require the building of an additional gymnasium for sports practice and games, would not allow for the moving of the art department to current band practice facilities, would eliminate the long-range use of Rose Hall for future classrooms and still would not provide an adequate performance facility.

The art room, located in the interior of the building is undersized, with only artificial light and poor ventilation. By moving it to the Rose Hall stage and band practice room, the art department can be enlarged, including an art classroom. This area is adequately sized, offers north-facing windows and direct ventilation to the outside. Moving the art area also opens four needed classrooms in the core curriculum area of the school, and does not interfere with the use of Rose Hall for future classrooms. The proposed building plan addresses practice and performance areas for band and choirs, facilities for the art department, classroom space for immediate needs and future growth of the District. These areas in conjunction with science, student services, cafeteria and kitchen, family and consumer education, updated locker facilities, special education areas and critically needed classrooms at the Middle School complete the building proposal, which offers new and updated facilities for better student education into the twenty-first cenThe band room, built in 1957 is cement block and glass, offers no acoustics and must store all band uniforms, music, instruments, keyboards and computers for two bands.

Dear Editor:

Another of this week's referendum issues concerns the views of the students of Kewaskum High School. Here are a few quotes from the students:

-- "You go to other schools and realize how much more they have. It's embarassing when other schools come here and see how little we have and how old it is." -- Cara Cechvala, Senior.

-- "If people would come and take a look, they would realize that we need a better learning environment and how much we really need it." -- Debbie McChain, Senior.

-- "I think we should be keeping up with the pace of the changing times." -- Randy Reysen, Senior.

-- "I think it would improve education. As for the locker rooms, if we get new ones, people might actually want to keep their clothes in them." -- Lisa Berres. Senior.

-- "We need it!!" -- Weston Duenkel, Junior.

-- "Being in sports, I see so many other schools that are in a much better condition than ours. We have so little space and inadequate facilities to meet the

where to go. An auditorium would greatly increase the involvement in the school musical and fine arts. There are so many uses for an auditorium, I can't believe we don't already have one." -- Krysten Ammel, Senior.

That is just a few students concern about the present situation. Most other schools don't have this problem because they have already fixed up their schools. In some areas at Kewaskum, there haven't been changes since the 1950s. Don't you think it's about time to make these updates?

To the Editor:

After listening to the presentation of the Kewaskum School building needs at the Scott Town Hall, and on Thursday morning on the West Bend radio station, I made up my mind to vote no on the building plan.

Why? First on Monday night there were too many unanswered questions. Nothing was laid on the table what the extra costs would be, for extra help, heat, light, etc., if this was built. So \$1.20 per thousand does not cover it. And on the radio the remark was made that if more room was needed that row of houses to the south of the high school are the target for expansion. The room is needed in the middle school, but at the high school let the committee go back to the drawing board and come up with some down to earth needs. I could go on, but do your own looking into the costs, etc. Wake up before it is too late. Thank you for the space.

After approximately a year and one half of attending committee meetings regarding the state of our current facilities and our needs for the future I am convinced that changes need to be made and conditions improved for our children. Positive support of the referendum is very important to the educational programs of the school district and school community.

The \$7,515,000 referendum proposes to add regular classrooms and improve the special education areas at the middle school, provide a performance center (700 seat auditorium) with new classrooms for instrumental and choral music, a remodeled art area, updated science rooms, enlarged student service area, ten new/remodeled classrooms, and a new boys/girls locker room at the high school. This plan has combined the most logical and practical ideas to provide the most improvements for your dollar.

I feel not only would the students benefit from a performance center, but the community would also benefit by having it available for use.

I wholeheartedly urge you

needs we have. Especially the choir and band rooms and stage." -- Ali Bruendl, Senior.

-- "It would make our school more adequate." -- Justin Hanson, Senior.

-- "I feel that if something is not done now, the school is going to keep on deteriorating and even more work will need to be done in the future. We should act now, before it gets worse." -- Mandy Thiemer, Senior.

Dear District Resident:

I have been asked by many school district residents to write a letter to the editor explaining my views concerning the school district referendum vote on to support the school district referendum. I sincerely encourage you to tour the facilities of the high school and middle school and then make your own decision as to how you choose to vote on February 15, 1994.

Thank you. Jean Goeden Member of the Kewaskum School Board

To the Editor:

As a member of the Kewaskum High School Class of 1977 and now having children attend the district schools, I am very interested in the upcoming referendum. I began with a tour of the facilities being addressed. I was amazed at how much work is needed to address the current needs of our students.

Many areas of the school have not been updated since being built in 1957-58. It appeared to me that those changes that did occur in the past 15-20 years were "makedo" remodeling, penny wise, but dollar foolish. It has been 20 years since the middle or high school has had any major building addition/renovation.

Although past students enjoy knowing that things are the same, we know that schools are not teaching the same as they did 15-20 years ago. Computers are here to stay. The sciences are much more complicated. Mandates (required by law) have changed the courses offered and facilities needed. Attending higher education after high school is the norm.

I recommend to all district residents to visit the schools in question and see for yourself. If you have any questions, feel free to call the district office at 626-8427. I have! Laura (Dei) Waehler

To the Kewaskum Statesman Editor:

I have been pleased to study the plans for the proposed renovation and additon project at Kewaskum High School. As a seven year resident of Kewaskum and a substitute teacher at the high school for two years, I see the plan as both satisfactory and necessary.

I am especially supportive of the auditorium addition for not only the betterment of the school program, but for the benefit of the entire community as well. The present situation, in which musical productions, concerts, and ceremonies must be held in the gymnasium, presents problems of visibility, sound, and comfort in seating for the audience as well as real difficulities in production for the directors and participants. The proposed auditorium addition would both alleviate these problems and enhance the educational and cultural aspects of the community as well.

Civic groups could make use of these expanded facilities for presentations, and the scope of possibilities for programs would correspondingly be enhanced. Quality hometown entertainment in adequate and gracious surroundings could take on a new cultural meaning here, as it already does in many nearby communities.

The much-needed classroom and service area expansion would make teaching and learning in Kewaskum High School worthy of the time, effort, and money we are already spending on public secondary education.

Overcrowded and outdated surroundings never promote the best return for the educational tax dollar expended. The proposed plan is cost-conservative for the return it will make possible. I look forward to seeing the proposal become a reality. Yours Truly,

Yours Truly Betty Bettin

A Message from the Postmaster

Hello Kewaskum Statesman readers and how is everyone doing today? Have what I hope an interesting article on SWEEPSTAKES SCAMS, so let's get right into that, okay?

"YOU ARE A WINNER! This is your official prize winner notification and it won't cost you a penny!" was printed on one side of the pink card; on the other side it read, "For more information about your FREE PRIZE OFFER, call 1-800-448-5656.

Rather than hearing a highpressured sales pitch or finding that they had to pay a fee to collect the award, people who called the toll-free number got a recorded message from the U.S. Postal Inspection Service warning them abut the dangers of responding to such offers. And unlike some "official notifications," they'd responded to in the past, this one REALLY didn't cost them a penny.

In Mary, 1993, the U.S. Postal Inspection Service took unusual steps to educate the public about an increasingly common scam: fraudulent sweepstakes or prize offer mailings. Aimed mostly at the elderly and low-income people, typical mailings guarantee that you've already won a luxury car, a vacation cruise for two or a big cash prize. All you have to do to claim the prize is ... send money, of course. Some folks have lost their life savings this way.

A poll conducted by the Lou Harris, group found that 92% of American adults acknowledged receiving what they believed were fraudulent postcard offers guaranteeing a free prize and that 29% responded to the offers. In 1992, Postal Inspec-tors opened 210 investigations on "telefraud" operators... made 174 arrests and shut off mail to 43 "boiler rooms" (companies consisting solely of a room from which solicitors make marketing calls and phony sweepstakes). Inspectors logged over 142,000 consumer fraud complaints of all kinds during

ally involved in such mailings, including advice about what to look out for. Inspectors also mailed out over 2000 letters explaining the "friendly sting" (as they called it) to those who wanted more information.

"The hard fact is that these kinds of postcards and letters usually require you to pay your hard-earned money before you receive anything. You may find that your prize is not what you expected, or you may not receive anything at all," goes the recorded message.

Before YOU respond to any "guaranteed prize" offering, the Postal Inspection Service recommends you to consider these following precautions:

-- DO NOT pay anything for a "free prize" if you know what you are getting. Remember that calling a "900" number DOES cost money!

-- DO NOT deal with firms or individuals that make high pressure demands for an answer RIGHT NOW. Take time to check them out.

-- DO NOT give out your credit card number to anyone you do not know. Callers who want a credit card number or an expiration date to verify anything about you.... CANNOT BE TRUSTED.

Many of the people hit by the "friendly sting" were very grateful. "Many thanks to all of the staff in the Postal Inspection Service. You are doing us a great service by curbing mail fraud, read one letter... "I do hope that many recipients of the Official Prize Notification called and took to heart your fine message" read another.

The Inspection Service is seeking increased authority under existing criminal and civil statutes to help prosecute mail fraud cases. Current legislation under review includes expanding our authority on False Representation Orders to stop incoming mail, and requiring that mailers put legitimate return addresses in their mailings.

The Postal Service's goals? To drive the rotten apples out of

that time.

Inspector John Brugger, the Public Information Officer who coordinated the postcard program, said that the Inspection service wanted to teach people that the prize offers are fakes, so they decided "to be sheep in wolves clothing"when they mailed over 200,000 cards that looked just like the real thing to people who have responded to similar contests, as well as a sampling to other groups commonly targeted!

Within weeks, over 55,000 people had called the number on the card... a figure Inspector Brugger said would make many telemarketers very happy and even more amazing when you consider that many of the callers were people who had complained to the Inspection Service in the past about getting ripped off in similar rackets.

THIS TIME... callers heard a recorded message warning them about the sort of scam usuthe telemarketing barrel, with vigorous law enforcement and a strong dose of public education!

What can you do to help? There are many reputable companies out there! Then, there are some "off the wall" companies (never heard of) that are just sort of beckoning for your money... or there are individuals so-called bothering you with CHAIN LETTERS. If you are not sure of an offer or receive a chain letter, please call me... we will send the matter received into the Postal Inspection Service and have them "deal with it."

PLEASE... help yourself and your neighbors by putting a STOP TO SCAMS! Any questions? Please feel free to call me at 626-2575 or stop in and see me with questionable material... okay? Until next week... Try to have a good day... a Happy Everyday!

NOTICE OF REFERENDUM ELECTION

TO: ELECTORS OF THE SCHOOL DISTRICT OF KEWASKUM

TAKE NOTICE that a referendum election will be held on February 15, 1994, in the School District of Kewaskum on the question of whether or not the Initial Resolution set forth in the referendum election question below shall be approved. The Initial Resolution was adopted by the School Board of the District on December 13, 1993 and is available for inspection at the District Office, 1450 School Street, Kewaskum, Wisconsin 53040. The question which shall appear on the ballot is as follows:

Shall the following Initial Resolution be approved?

INITIAL RESOLUTION AUTHORIZING GENERAL OBLIGATION SCHOOL BUILDING BONDS IN AN AMOUNT NOT TO EXCEED \$7,515,000 BE IT RESOLVED by the School Board of the School District of Kewaskum, Washington, Fond du Lac and Sheboygan

BE IT RESOLVED by the School Board of the School District of Kewaskum, Washington, Fond du Lac and Sheboygan Counties, Wisconsin that there shall be issued pursuant to Chapter 67 of the Wisconsin Statutes, general obligation school building bonds in an amount not to exceed \$7,515,000 for the public purpose of paying the cost of constructing additions to and remodeling and renovation of the Kewaskum High School and Middle School and acquiring equipment and furnishings."

EXPLANATORY STATEMENT AND EFFECT OF VOTE

The referendum election ballot will ask District electors to vote "yes" or "no" on the referendum election question as set forth above.

A "yes" vote on the question is in favor of the Initial Resolution and is a vote to approve the borrowing of \$7,515,000 by the School District of Kewaskum through the issuance of general obligation school building bonds for the purpose of paying the cost of constructing additions to and remodeling and renovation of the Kewaskum High School and Middle School and acquiring equipment and furnishings. A "no" vote on the question is opposed to the Initial Resolution set forth above and is a vote to deny the School District of Kewaskum the authority to be a school building to the initial Resolution set forth above and is a vote to deny the School District of Kewaskum the authority to

A "no" vote on the question is opposed to the Initial Resolution set forth above and is a vote to deny the School District of Kewaskum the authority to borrow \$7,515,000 through the issuance of general obligation school building bonds for the purpose of paying the cost of constructing additions to and remodeling and renovation of the Kewaskum High School and Middle School and acquiring equipment and furnishings.

In the event a majority of the electors voting vote "Yes" on the question set forth above, the District will be authorized to undertake the school building program described above and borrow not in excess of \$7,515,000 therefor; If a majority vote "No" on the question set forth above, the District will not be so authorized.

INFORMATION TO ELECTORS

NOTE

(a) Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of 2 inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth or machine and cast his or her vote, except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

(b) (i) If paper ballots or lever machines are used, then on the referendum election question, the elector shall make a cross (X) in the square at theright of or depress the button or lever next to the answer which he or she intends to give.

(ii) If a punch card voting system is used, then on the referendum election question, the elector shall make a punch or a hole at the right of "yes" If in favor of the question, or the elector shall make a punch or a hole at the right of "no" If opposed to the question.
 (iii) If a mark sense voting system is used, then on the referendum election question, the elector shall make a mark in the space at the right of "yes" If in favor

(iii) If a mark sense voting system is used, then on the referendum election question, the elector shall make a mark in the space at the right of "yes" if in favor of the question, or the elector shall make a mark in the space at the right of "no" if opposed to the question.

(c) The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another in its place, but not more than 3 ballots shall be issued to any one elector. If the ballot has not been initialed by 2 inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. Not more than 5 minutes' time shall be allowed inside a voting booth or machine. Unofficial ballots or a memorandum to assist the elector in marking or punching his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to any one so as to reveal how the ballot is marked.

(d) (i) After an official paper ballot is marked, it shall be folded so the inside marks do not show but so the printed endorsements and inspectors' initials on the outside do show. After casting his or her vote, the elector shall leave the voting machine or booth and, where paper ballots are distributed to the electors, deposit his or her folded ballot in the ballot box or deliver it to an inspector for deposit in the box, and shall leave the polling place promptly.

(ii) If a punch card voting system is used, then after an official ballot is punched, it shall be inserted in the envelope provided so the punches do not show. After casting his or her vote, the elector shall leave the booth, deposit the envelope containing his or her ballot in the ballot box, or deliver the envelope to an inspector for deposit, and shall leave the polling place promptly.

(iii) if a mark sense voting system is used, then after an official ballot is marked it shall be inserted in the envelope provided so the marks do not show. After casting his or her vote, the elector shall leave the booth, insert the ballot in the voting device, discard the envelope, and shall leave the polling place promptly.

(e) An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty in reading, writing or understanding English, or that due to disability is unable to cast his or her vote. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector. NOTE: Electors residing in municipalities which require voter registation must be registered to vote in this referendum election. You can register by contacting your municipal clerk.

Notice is hereby given of a spring primary election to be held in Washington County, on the 15th day of February 1994, at which the officers named below shall be nominated. The names of the candidates for each office, whose nominations have been certified to or filed in this office, are given under the title of the office, acch in its proper column, together with the question submitted to a vote, for a referendum, in the sample ballot below.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

At the spring primary election, where punch card voting is used, the elector shall make a punch or a hole in the space designated for the candidate's name for each office for whom he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall write in the name of the candidate and the office on the ballot envelope provided. On a referendum question, the elector shall make a punch or a hole in the space designated for "yes" if in favor of the question, or the elector shall make a punch or a hole in the space in the space designated for "no" if opposed to the question.

Where marksense voting is used, the elector shall make a mark in the box at the right of the candidate of his or her choice for each office for whom he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall write in the name of the candidate of his or her choice in the space provided and make a mark in the box at the right of the write-in line.

The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballot shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official who shall issue a proper ballot in its place. Not more than five minutes' time shall be allowed inside a voting booth or machine. Unofficial ballots or a memorandum to assist the elector in marking his or her ballot card may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

After an official ballot card is punched, it shall be inserted in the envelope provided so the punches do not show. After casting his or her vote, the elector shall leave the booth and deposit the envelope containing his or her ballot, in the ballot box or deliver the envelope to an inspector for deposit and shall leave the polling place promptly.

After an official marksense ballot is marked, it shall be inserted in the envelope provided so the marks do not show. After casting his or her vote, the elector shall leave the booth, insert the ballot in the voting device, leave the envelope with an election official, and shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing, or understanding English, or that due to disability is unable to cast his or her ballot. KEWASKUM - In unprecedented fashion, the Kewaskum wrestling team took care of an old nemesis here, last Tuesday night.

Recording nine pins via pinfall, including four in under a minute, the Indians overwhelmed Two Rivers 69-6, in an Eastern Wisconsin Conference matchup.

The number of pinfalls, point total, and victory margin all represented bests for an Indian squad coached by John Nell. Understandably, he was quite happy with his team's domination.

"We had a great night," Nell said, noting that Two Rivers didn't record a match win in any JV or varsity matches. "We've never done anything like that before."

The lone Kewaskum victory that didn't come by way of a pin was the opening match, where 103-pounder Joel Dziedzic ran his record to 23-1 with a 4-1 win over Jason Smogoleski. Dziedzic entered the match ranked as the second best 103-pounder in the state in Division 2, while Smogoleski was ranked in the top five.

Dziedzic's win gave the Indians some confidence, and the hosts ran with it. The Raiders' only points of the night came at 119 pounds, where KHS forfeited.

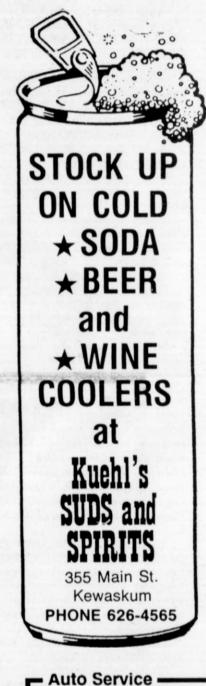

Six of the KHS pins came in the first period, led by 125pounder Jake Thull, who put Kevin Hoerb's shoulders to the mat in a mere :29. Other first period pins came from 130pound Tyler Dieringer (:57), 145-pound Paul Reis (1:35), 152-pound Brad Jackson (1:36), 171-pound Rich Farchione (:39) and 275-pound Andy Mathias (:49).

Farchione improved to 24-2 on the year, while Dieringer moved to 18-8, and Chad Muckerheide (3:44 pin against Jason Jaszewski), improved to 23-3.

"I kind of felt bad for them,

Slow Start Hampers Indian Boys

SLINGER - It was apparent from the get-go that Slinger's boys basketball team was more ready to play than Kewaskum was in the two teams' non-conference contest here, last Friday.

The Owls were always one step ahead of the Indians, and the result was predictable. Slinger used their quickness to pull away early, posting a 75-56 win over KHS.

The loss dropped the Indians to 3-11 on the season, and extended their current losing streak to five games.

"We started out very slowly," KHS coach Jim Westphal said. "They had very good quickness, and we didn't react very well to it. They made us look flat-footed out there."

Slinger's hot shooting and stingy defense combined for a quick start, with the Owls jumping out to a 11-2 lead. The hosts extended the gap to 14 points, at 20-6, before the Indians finally showed some life, cutting the gap to 20-13 at the end of the first period.

Any momentum for the Indians was stopped when the game was held up for nearly an hour, after a Slinger cheerleader was injured between the first and second quarters.

"It took our mind off the game a little bit," Westphal said of the delay, although not offering it as an excuse. "They had to deal with it too."

Slinger came out after the break and outscored KHS 19-5 to take a commanding 39-18 lead micrway through the quarter. The Indians put a dent in the margin, closing to within 48-31 at halftime, but for all intensive purposes, the game was history.

"They had a great second quarter," Westphal said. "A lot of that was relatively easy baskets, too. Our defense was very poor... one of the worst defensive games we've played in a while."

Westphal praised the play of center Travis Jacak, who led all scorers with 18 points. "He played very well," Westphal said of the 6-4 junior. "He had a very good game, but no one was there to help him out."

Brad Wiedmeyer led Slinger with 17 points, while Jason Zurn chipped in 12. No other KHS player reached double figures.

"They have a very good team," Westphal said, quick to praise the Owls. "I was very impressed with them ... especially their quickness."

The Indians get back into Eastern Wisconsin Conference action, hosting Kiel on Tuesday, and Sheboygan Falls on Friday. havirg to drive all that way ... I'm sure it was tough on them," Nell said. "I really felt bad for (Raider coach) Wayne (Meyer). He's a real good guy and everything, so that was tough to see."

The win gave the Indians a 4-2 dual meet record in the EW heading into the conference meet at New Holstein.

Football, Volleyball Rule **Changes Approved by WIAA**

By Noel Stollenwerk

STEVENS POINT - Several major changes in high school sports were approved at the January Wisconsin Interscholastic Athletic Association Board of Control meeting.

A major change in the girls volleyball tournament format heads the list of revisions. The Board approved discarding the round-robin, best two-out-ofthree format that has been used in tournaments since volleyball became a WIAA sport in 1973.

The new procedure for all tournaments competition, effective in the 1995-96 school year, will be a single elimination, best three-out-of-five format at the Regional, Sectional and State levels.

experience a major change, as games will start using five-man officiating crews beginning in 1995. The addition to the current four-man crews will be a back judge.

"The move to a five-man crew will greatly improve coverage down field, and add to the overall safety of the game," says WIAA Associate Director Don Herrmann.

Other rule changes include boys and girls soccer, where a player will now receive a one game suspension if he or she accumulates three yellow cards in a season. Also approved was a measure to have red card penalties given during the final game of the season carry over to the next season.

A significant change in overtime procedures was also approved. For both the boys and girls programs, a "sudden victory" overtime provision was approved for use in the 1994-95 regular season and tournament series.

One change in tennis was also approved. Coaches will now be able to have contact with players one time per set during the 90-second changeovers between games.

Hunter Safety Course Offered

Make hunter education a family affair. Ken Stuart, Rick Heisler, Jeff Lindsley, Tom Dickman and Dan Doyle, DNR certified hunter safety instructors, invite all people interested in hunting and recreational shooting, to enroll in a hunter education course. The course will start February 16, at 6:30 p.m. at the Campbellsport Community Center.

The course is sponsored by the Campbellsport Sportsman's Club, assisted by DNR Warden Doug Bilgo.

Students must be eleven years old to enroll (or reach 12 prior to fall hunting). There is no maximum age. Parents are encouraged to enroll and participate with their children.

Advance registration is required. Please contact Ken Stuart at 533-8470, Rick Heisler at 533-4955, Jeff Linsley at 533-5110 for details. The course fee is \$7.00, which covers all necessary materials. Students must be accompanied by one parent or guardian on the first night for registration, and instructions.

Persons successfully completing the course will receive an embroidered patch and a hunter safety graduate certificate. The certificate is valid in lieu of a small game hunting license for one season, and is a lifetime certificate required for hunting in many states and provinces. Young students certified will be able to hunt and use firearms without parent or guardian present at age 14

instead of 16.

Classes will cover responsibilities of hunters, firearms safety in the home and afield, knowledge of firearms and hunting equipment. Wildlife identification and management, marksmanship and outdoor skills.

Dr. Anthony Schlaefer and Ann Schlaefer of Dr. Campbellsport will conduct hunter vision screening tests for all students as a public service.

Dziedzic, Farchione Individual Champs Indian Wrestlers Strong Third at Conference

By Noel Stollenwerk

NEW HOLSTEIN - Kewaskum wrestling coach John Nell may soon be getting some inquiries from strangers who want to know the outcome of sporting events before they happen.

Judging by his foresight of last Saturday's Eastern Wisconsin Conference meet, one stands to make some money listening to Nell's advice.

Predicting beforehand that Plymouth, who finished just 2-4 in EW dual meets, would be the team to beat, Nell's premonition was correct. The Panthers outdistanced the field, and came away as EW champions with 173 points. Sheboygan Falls was second (162), and Kewaskum, behind a pair of conference champions, was third (147).

"We did okay," Nell said of the Indians' performance. "Overall, we did pretty good. We lost a lot of close ones... just came up a little short."

The Indians recorded their first-ever win over Plymouth just a week-and-a-half prior to the conference meet. Still, Nell singled out the Panthers as the favorite.

Nevertheless, the Indians didn't perform too badly either. Two Indians, 103-pound Joel Dziedzic and 171-pound Rich Farchione, won their respective brackets in impressive style.

Dziedzic improved his season record to 27-1 with a pin over Plymouth's Jason Tempas (:26) and a 7-4 win over Two Rivers' Jason Smogoleski.

Farchione, who won a conference title for the second straight year, posted a quick pin and a 13-3 win to reach the finals. . There he drew Plymouth's Brian Brandt, whom he edged 11-9. The title helped improve Farchionne's record to 27-2.

Jake Thull added a second at 119 pounds, getting nipped by Sheboygan Falls Shawn Carpenter, 7-6 in the finals. It was a good showing for Thull, who was pinned by Carpenter earlier in the year.

"Jake did a real nice job," Nell said. "He was in a real tough weight class. He almost dug that one out in the finals. It was a real good match.

Two other KHS wrestlers

were edged in title bouts. Tyler Dieringer, at 125 pounds, lost to Falls' Adam Koene, while 160pound Chad Muckerheide lost to Plymouth's Mike Mulder, 7-5.

"Tyler did a good job," Nell said, adding that Dieringer put Koene on his back as the first period expired, just missing valuable back points "It was a hard fought match," Nell said, noting that Koene improved to 28-1 with the win.

Others placing for KHS included Jason Czaja (third at 130 pounds), Paul Redig (fourth, 135), Paul Reis (fourth, 145), Jake Gundrum (fifth, 112), Peter Reis (fifth 140), Rich Wolff (fifth, 189) and Andy Mathias (fifth, 275).

Nell moved several wrestlers into different weight classes, and experts more switching in this weekend's Slinger Regional.

"I think the kids will be ready to go," Nell said of his expectations this weekend. "I think the close losses will make our kids stronger. It was a good time for that to happen," compared to in the Regionals, where a season can end quickly."

Holy Trinity Boy's B Team **Remains Undefeated**

Mike Struebing's team won their seventh conference game in a row by beating St. Mary's of Barton.

The game was played earlier than usual in the week because of a tournament which both schools were attending over the upcoming weekend. Holy Trinity took the lead early and by the end of the first quarter was winning 12 to 9. They remained ahead at half time with the score of 25 to 11. The Wild Cat's held onto their lead through the third quarter with a score of 34 to 21 and came away with the final tally of 44 to 36.

Team Win Nets Tourney Berth Indian Matmen Favored in Slinger Regional

By Noel Stollenwerk

KEWASKUM - The Kewaskum wrestling team may be in position to accomplish a feat that previous Indian squads could not.

With several KHS wrestlers expected to do well in this Saturday's Slinger Regional meet, the Indians may be able to qualify for the school's first-ever berth in the WIAA Team Tournament.

Champions of each of the 16 Regionals in each division qualify for the Team

Tournament, which is in its third year of existence. Considering the level of competition at this year's Slinger Regional, the indians should be the lavorites to win the team title there. "I think we have a pretty good chance," KHS coach John Nell said of the other teams that could come away with the team title. Saturday's action at Slinger gets underway at 11 a.m. The top two wrestlers at each weight qualify for the Elkhorn Sectional., which will take place the following Saturday. If the Indians do well and win the team title at Regionals, they will take part in the Team Tournament Sectional at Campbellsport on Tuesday, February 15. Kewaskum would face the winner of the Wilmot Sectional, which consists of teams mainly from the Southern

Lakes Conference.

That winner would then face the winner of the match between champs from the Sheboygan Falls and Ripon Regionals, with the winner earning the right to wrestle in the Team Tournament finals March 4-5 in West Allis.

ting individuals through to the Sectionals and state meets," Nell said. "I would hope that we can get at least half of our kids through (to the Sectionals)."

As for the team title, "That would just be frosting on the cake," Nell said. "I really don't know if we are at that level just yet."

Good Effort Not Enough for KHS Boys

By Noel Stollenwerk

CHILTON - Moral victories don't necessarily show up in the win column, but they can, nevertheless, provide some solace.

That's the lesson that the Kewaskum boys basketball team learned here, last Tuesday night. The Indians put forth one of their best outings of the season, but still came up short in a 59-58 loss to Chilton.

The loss was the Indians' fourth straight, and sixth in their last seven games, as the team fell to 3-12 on the season. KHS dropped to 1-8 in the Eastern Wisconsin Conference.

"We played a very good game," KHS coach Jim Westphal said of the outing, which he labeled "one of our best efforts of the year. It was close all the way."

Behind some uncharacteristic good shooting in the first half, the Indians stayed close with the Tigers. KHS actually led by four, 18-14, after one quarter of play, before the hosts forged ahead in the second quarter to take a 33-30 halftime advantage.

Senior guard James Zautner singlehandidly kept the Indians close in the first half, scoring 17 of his game-high 21 points. But it was junior Travis Jacak who led a third-quarter charge that gave the Indians a brief lead.

The 6-4 center scored 12 of his 19 points in the third stanza, leading the Indians on a 13-3 run to open the second half. The seven-point lead was short lived, however, as the Tigers scored the next nine points to regain the lead, 45-43.

The two teams battled neckand-neck from that point, with Kewaskum grabbing a 47-46 lead heading into the final peri-

od. "It was back-and-forth throughout the game," Westphal said. "We hung in there real well.'

Westphal noted that one of the keys to the KHS gameplan was to shut down Paul Eisner, who lit up the scoreboard for 26 points in the two teams' previ-

ous outing. The plan had failed to this point, however, as Eisner chalked up 18 points through the first three quarters.

The Indian defense shut down Eisner in the final period, limiting him to just two points in the final eight minutes. Enter Brian Heimann, though, as he connected on a pair of threepointers, keeping the Tigers ahead.

They got some good performances from some other guys," Westphal said of Heimann's effort. "He hurt, because we were primarily concerned with Eisner. We made him work for everything." With Chilton up 59-57 and

just under a half-minute to play, the Tigers' Mike Hintz had a chance to seal things. But Hintz missed the front end of a bonus free throw opportunity, and the Indians were back in business.

KHS worked the ball into Jacak, who was fouled with just :02 to go. Jacak nailed the first shot, but his second bounced away, and the Indians couldn't come up with the winning shot.

It was an ironic twist that a missed free throw was the difference, as the inconsistent Indians had one of their best performances of the season at the charity stripe, connecting on 16 of 21 tries.

Hintz with Heimann joined Eisner in double figures for the winners with 15 and 12 points, while Tim Strigenz added 10 for the Indians.

"James (Zautner) played very well," Westphal said. Joe Rettler, a sophomore, "also had a nice game," according to the KHS boss. "We could have won it, but we just didn't get the job done at the end." KEWASKUM 18 12 17 11 - 58 CHILTON . 14 19 13 13 - 59 Kewaskum - Jacak 19, Zautner 21, Strigenz 10, Ankerson 6, Rettler 2. Free Throws - 16 of 21, Fouls - 18. Chilton - Eisner 20, Heimann 12, Winkler 2, Mueller 5, Karls 2, Reinl 3, Hintz 15. Free Throws - 8 of 13, Fouls - 22.

David Gosa Second at **Badger State Games**

By Noel Stollenwerk

WAUSAU - West Bend may have Olympian Luke Bodensteiner, but Kewaskum can be just as proud of one of its own accomplished cross country skiers.

David Gosa, a junior at Kewaskum High School, finished second in a boys ski race at the Badger State Games here, last weekend.

Competing in the boys freestyle four-kilometer event, Gosa's time of 17:01.3 was bettered only by Philips' Andy Weddie, who crossed the finish line in 16:57.6. It was the second straight fine showing for

Gosa at the Badger State Games, where he won a race in 1993.

Gosa warmed up for the Badger State Games by winning the prestigious Northern Kettle Moraine Ski Challenge one week prior to the race in Wausau. The 14-kilometer race was held in Plymouth, at the Greenbush Trails.

Gosa had a time of 40:42, bettering Madison's Jeff Craig, who clocked a 40:45.

Craig incidently won the men's classical twenty-kilometer race at Saturday's Badger State Games, bettering the 19-24 age group field by almost three minutes.

Lady Indians Turn Ice Cold, Lose to Tigers

5% of Field Goal Attempts Made in Second Half

By Noel Stollenwerk

KEWASKUM - It was a "tail" of two halves for the Kewaskum girls basketball team on their annual Fish Fry and Tie Night here, last Friday.

After sizzling the nets at a nearly 50 percent clip in the first half, the Lady Indians lost their touch after intermission, making just one of 20 attempts from the field. The frigid shooting led directly to a 40-29 loss against Chilton in an Eastern Wisconsin Conference matchup.

The inconsistent shooting was a capsule of the entire KHS season. The Lady Indians fell 3-6 in the EW, and to 7-10 overall.

"The first time we played

them," Eichstedt said, noting that the Tigers switched to a delay offense early in the fourth quarter. "Our team defense never let up, and actually kept us in the game."

While the KHS defense was strong, the Chilton team was uncharacteristically hot. Entering the game last in the EW in field goal percentage (27%), the Tigers scorched the nets at a 49 percent clip against the Lady Indians.

Despite the hot shooting by the Tigers, the Indians, behind Ginger Wiesner's 12 first-half points, were able to control the contest the first two periods.

"We came out strong and played a solid team game," Eichstedt said, crediting Ali Bruendl, Mary Yahr and Missy Rohrer for their efforts. The trio combined for the Indians' other 13 points in the opening half. "This is a difficult team loss, since this group has played good team basketball in recent weeks," Eichstedt added. "I simply feel disheartened. This has been the best group to work

them this season (a two-point loss on December 16), we scored just five points in the second half," KHS coach Glenn Eichstedt said. "I never thought that we'd do something like that again."

But to Eichstedt's dismay, the Lady Indians scored just four points after halftime. The offensive output helped turn a 25-20 halftime lead into a 29-26 deficit heading into the final quarter.

"We weren't playing all that poorly," Eichstedt noted. "The shots just weren't going down. If we got one or two shots to drop, I think they (Chilton) would have been in trouble."

The Indians did in fact get one shot to drop, a jumper by Missy Rohrer, in the fourth period. But Rohrer's total of three points were all that KHS could muster, and the result was another tough setback for Eichstedt and his troops.

"I think even their coach sensed that we were outplaying

with in many years." Wiesner finished with 13 points to lead KHS. Chyanne Kapitzki led all scorers with her 17-point effort, and also cleared nine rebounds.

The Lady Indians get right back into the thick of things this week, with EW games at Kiel (Tuesday) and Sheboygan Falls (Thursday), before winding up the regular season next Tuesday, at home against Plymouth. 6 14 9 11 - 40 CHILTON KEWASKUM 12 13 1 3 - 29 Chilton - Woefel 7, Engler 4,

Reimer 3, Schwobe 5, Flemming 4, Kapitzke 17, Free Throws - 7 of 10, Fouls - 12.

Kewaskum - Wiesner 13, Rohrer 7, Yahr 6, Bruendl 3. Free Throws - 3 of 9. Fouls - 14.

PLYMOUTH - With the smell of fish in the air, both the JV and freshmen girls basketball teams fried their Chilton counterparts last Friday.

The Indian JV's were victorious by a 28-8 count, while the freshmen came out as ten-point winners, 45-35.

"We played the best defensive game of the year," JV coach Keith Amundson said of his troops. "We had several steals by Debbie Neumann and Laura Fleischman, while Tanya Laubach led in rebounds."

Missy Thull and Michelle Thull each scored six points to lead the JV's, who improved to 4-5 in the Eastern Wisconsin Conference, and to 6-11 overall.

The freshmen girls improved to 4-11 behind Becky Heisdorf's 16-point effort. The young Indians scored in double figures in every quarter, according to coach Ken Soerens, whose massive substituting "wore down the Tigers."
