

Four Seeking Village Trustee Positions, School District Referendum to Be Decided at Tuesday's Spring Election

By Louise Martin

When village residents go to the voting polls on Tuesday, April 5th, they will be deciding on three village board trustees, state, county and school board positions, and the school referendum issue.

Four village residents are running for the two year term trustee position.

John Borland has been a village resident for the past six years and has lived in the Kewaskum area most of his life.

This is his first bid for public office and Borland stated he has an interest in the community as his primary reason for running. In the early stages of filing, it did not appear there were many candidates for office. Borland felt this would be a good opportunity to become involved politically on the local level. Working second shift for

a number of years, Borland was not able to attend evening meetings. His employment situation has changed allowing his attendance and involvement in evening meetings.

Immediate community concerns Borland feels need to be addressed are the changing of Highway 45 to four lanes, side street maintenance, water tanker for the fire department, and village centennial in 1995. To elaborate more on Highway 45, Borland has concerns for the businesses located on 45 that will be affected by the highway change. He also questions if our quiet village is progressing and changing too fast. Is the fact that Kewaskum is a quiet village been a drawing factor for the growth Kewaskum has recently experienced? How will the change in Highway 45 affect current residents and businesses?

The Kewaskum Fire Department serves village residents and outlying areas. If a new water tanker is needed to adequately serve residents, Borland feels this should be a priority item.

Village resident Gary Gavin is the only incumbent seeking reelection. Gavin has served as a village trustee for four years and is seeking another term to, "see through programs and projects that have been started." Gavin stated, "I live here, I work here and I like to be active in the community."

Gavin sights several areas

of immediate community needs with the first being the change to four lanes on Highway 45 yet preserving parking on Fond du Lac Avenue. This will be a village expense, but it is what residents want.

Gavin wants to see the village continue to grow at a slow pace that can be handled. The board has kept property taxes at a good pace and expenses down to a minimum. He stated the number of village employees is the same as ten years ago with the same services provided for an increased village population. Gavin stated sometimes you need to look at the free market to save money as was done when the village contracted with Hechimovich Sanitary Landfill, Inc. for community garbage pick-up and recycling. In the long run, this resulted in savings for the village in terms of cost and freeing up village employees for other needs.

Gavin currently serves as Park Chairman and stated several park equipment purchases and improvements have been made. The ball diamonds at the Kiwanis Park are scheduled to be upgraded this year. He also explained the sewer plant will be a major upcoming expense for the village as the village continues to grow. The Board is taking steps now to minimize that expense.

Finally, new street lights are one other area Gavin feels needs to be addressed by the new board.

Bill Kulas is an 18 year resident of Kewaskum, seeking his first term for public office. Kulas holds a Bachelor of Arts and Master degrees in Business Administration and views the operation of community government is very much like operating a business. Being a community businessman, Kulas feels qualified for the village board trustee position.

Kulas has ideas for the expansion of the village sewer and water system without adding an extra tax burden on village taxpayers. He feels this should be a priority with the Board.

Kulas is also concerned about the community growth and how that growth is formatted.

Robert Stoltzmann has been a Kewaskum resident since 1972. This is also his first bid for public office.

Stoltzmann is familiar with the workings of the village board having served as fire chief

of the Kewaskum Fire Department from 1989 to 1992. In that capacity, Stoltzmann attended and made monthly reports at the village board meetings.

Stoltzmann has no political motive for running for office. He expressed concern of the lack of candidates for office at the time when he filed papers as a deciding factor to run.

Stoltzmann feels the future growth of our community and the planning of such should be top priority for the new board.

In addition to the village board seats, residents will also decide on a Justice of the Supreme Court Janine Geske or William Pangman. Incumbents Jean Goeden and Neal Weare are school board candidates and uncontested positions in District 2 and county level positions will be decided as well as the local school referendum issue.

Exercise your citizenship! Vote on April 5th. The polls are open from 7 a.m. until 8 p.m. for your convenience.

Easter Egg Hunt at River Hill Park Sat.

The Kewaskum American Legion, Robert G. Romaine Post 384, and the Women's Auxiliary will hold its annual Easter Egg Hunt for children in River Hill Park at 1:00 p.m. on Saturday, April 2.

All area children are invited to participate in this annual scramble for colored eggs. This year as in the past, Mr. and Mrs. Easter Bunny will stop by to visit with the children, courtesy of the Kewaskum Junior Woman's Club.

Children age five and under will "hunt" eggs on the west side of the river and those age six and over will do their hunting on the east side of the river. The limit is six eggs per basket.

In case of inclement weather, Legion members and Mr. and Mrs. Bunny will be on hand at both places to hand out eggs and candy to the little ones.

KMS Student Kevin Pamperin To Attend Science World '94

Kevin Pamperin, son of Mr. and Mrs. Lloyd Pamperin, 6570 Hwy. D, Allenton, was chosen as one of 384 students statewide to participate in Science World '94.

The Department of Public Instruction sponsors the summer enrichment program for eighth grade students. State Superintendent John T. Benson said, "Science World encourages young people to expand their talents and interests in science, mathematics, and technology through hands-on learning and exploration."

Pamperin will attend one of six, week-long sessions to be held at the Pigeon Lake Field

Station located near Drummond in northern Wisconsin's Chequamegon National Forest.

While at the summer camp, he will participate in a variety of science activities and interact with visiting scientists and technologists from higher education, business and industry.

Approximately 1,000 students throughout the state were nominated for this summer's program.

Kevin was nominated by Mr. Floyd Brenner, science teacher at Kewaskum Middle School, and was selected for his potential in science and technology.

Plan Commission Ok's Preliminary Plat Plan

By Lana Harbeck Kuehl

A sprinkling of village residents were in attendance at last Tuesday's Plan Commission meeting to find out more information on the proposed new Gavin subdivision, Sunset Estates. The subdivision will be located just west of Edgewood Drive in Kewaskum. (See preliminary plat plan on page 6).

Review of the Preliminary Plat Plan was the main order of business for the Plan Commission as they listened to a presentation by Ken Ward, Village Engineer, who has been retained by Gary and Linda Gavin.

For those unaware, Ward mentioned the proposed subdivision "is bordered basically by the Ideal subdivision on the north, village boundary on the west, Edgewood Avenue on the east and a little bit offset from the park on the south. The first phase of the development encompasses 31 lots."

Ward further explained, "the general size of the lots, the smallest size lot is 10,790 feet

The zoning requires 10,000 square feet. The average size of the lots is right around 11,000 to 12,000 square feet."

The lots vary in size to accommodate different size and design homes.

Lengthy discussion followed and questions brought up on roads, lot sizes, setbacks, wetlands, etc.

President Wagner interjected, "Right about now, I think we can't predict the future on some of this stuff, but I think except for the few exceptions... I think we could probably at least get moving ahead with this... as long as no one here has any real objections here... because we could beat this thing to death all night trying to predict the future here."

Plan Commission member Paul Ziebert then made "a motion to approve the plat on the condition that lots 15, 16 and 17 add more depth and the road be slightly altered to the east." Motion was seconded by Jerry Stollenwerk and unanimously carried by the Plan

Ask the School Board President...

EDITOR'S NOTE: This week The Kewaskum Statesman is happy to publish the second phase of our new "Ask The Board Presidents" column with School Board President Neal Weare answering the questions.

We currently have only one more letter on file so we ask you to get your questions down on paper and send them in so we can keep the column going and keep the lines of communication open between taxpayers and our elected board presidents.

This is YOUR school and YOUR community. If our officials do not know about the questions you ask your friends and neighbors, or how you feel on issues... how can we expect them to govern us?

We ask that your letters be addressed to the "Ask Your Board President," column, c/o The Kewaskum Statesman, P.O. Box 98, Kewaskum, WI 53040. All letters must be signed, HOWEVER, the names are covered up before the copy is made to forward to the presidents.

Our second letter was directed to our school board president, Neal Weare, and it stated:

"Can't you make this building plan work WITHOUT removing the stage in Rose Hall? You told us at the Town Meeting the plan couldn't

work without the theater - two days later you had a plan! The same one - only without the theater. Students in Fine Arts are upset that they won't have a stage. There must be another way at this time to not remove it - until such time the public votes or approves the Fine Arts Theater. Thank you. Why aren't you using the Middle School kitchen for the district's central kitchen as it was designed for? This should definitely be looked into."

ANSWER BY SCHOOL-BOARD PRESIDENT NEAL WEARE:

QUESTION #1: After the February 15th referendum, I called a special meeting of the board to see what, if anything, should be done. It was the feeling of the board that the problem of the facilities was still there and that we had to do something. It was felt that the Fine Arts Theater (Auditorium) had been the cause of the referendum not passing. It was then decided to go with everything except the auditorium. That meant taking the stage and band room out as in the original plan and moving the art room. This would then allow us to have the necessary room to gain the ten (10) additional classrooms that

were in the original plan.

We knew from the start that the stage and band room had to be moved and the Fine Arts Theater had to be built as part of the whole plan so we wouldn't lose the ability to still put on plays or other activities.

Since the stage area, which is outdated, will no longer exist, we will have to be creative in the use of Rose Hall until a Fine Arts Theater is built. Some ideas have been to have a Theater in the Round. If this doesn't work, the only other alternative we have left is to rent the auditorium in the West Bend School District or perhaps the auditorium at UWVC in West Bend.

QUESTION #2: The reason the Kewaskum Middle School kitchen isn't being used as the district's central kitchen is because it never was designed for that purpose. After talking with two former district employees, one of which was the food supervisor, the other the business manager at the time the middle school was built, it was learned that it never was designed with that purpose in mind.

I received a letter addressed to me which contained comments, no questions, and was originally UNSIGNED. I would ask that whenever you write to

me here at the Kewaskum Statesman, or to my home, please sign your name. I only ask that you PLEASE respect the Statesman's policy when writing to this column.

EDITOR'S ADDENDUM: To reiterate, names are covered BEFORE a copy is made to send to the Village and School Board Presidents.

The members were Aaron Kloske, Joe Hahn, Jeremy Hahn, David Horner and David Mertz. Besides the team trophy, four members won individual medals for being best at their boards: second board - Joe Hahn, third board - Jeremy Hahn, fourth board - David Horner and fifth board - David Mertz.

The Kewaskum JV's won with a 7-1-1 record. The team members were Lester Hahn, David Tuttle, Jon Hahn, Joe Fellenz, Jeff Noren and Jon Homuth. David Tuttle, the only senior on the entire team, won an individual trophy for best JV player in the conference.

KHS Chess Team Wins Conference

Both Kewaskum chess teams won their divisions in the Scenic Moraine Chess Association. The Varsity team had a record of 9-0.

Felix's Recuperating From Accident Injuries

Frank and Helen Felix of Kewaskum, have been transferred to Samaritan Home in West Bend, after being confined to St. Agnes Hospital, Fond du Lac, following an automobile accident on Sunday, March 20.

Rose Felix, Frank's sister of St. Kilian, who was an occupant in the car, was also confined to St. Agnes Hospital, but was expected to be transferred to a nursing home.

The accident occurred when the Felix car, crossing Highway

41 from Highway 28, was struck by a car traveling south on Highway 41, according to authorities.

The Felix car was pushed into a pickup truck stopped on Highway 28. The driver of the pickup truck was waiting to cross Highway 41. The car then rolled off the road into a ditch and marshy area.

Five of the injured were transported to St. Agnes Hospital.

Local Schools To Avoid BGH

By Noel Stollenwerk

The Kewaskum Board of Education recently made it known that it would try to purchase milk that did not contain the synthetic bovine growth hormone (BGH).

The hormone has been a hot topic of conversation recently, as small dairy farmers are upset that it is used by larger farms to increase milk production in cows. The safety of BGH has also come under fire by those opposed to its use.

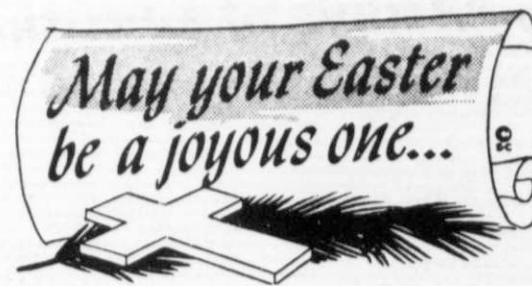

The school district has received its milk supply from Kemps Dairy, which gets its supply from Marigold Foods. Marigold recently requested that all of its milk producers refrain from using BGH in production.

In a matter related to that measure, the Board of Education for the Kewaskum School District, announced that it would be implementing a school breakfast program at Kewaskum Elementary School next fall. The program will be run similar to the hot lunch programs currently being offered in the district.

To the People of Kewaskum...

I would like to talk to you about a topic that most property owners don't like thinking about. That is "reassessment."

The Village of Kewaskum will be conducting a village-wide reassessment this fall. We have been long overdue for a number of years now. It's not my idea and I'm not trying to pass the buck (or take your bucks), but the State of Wisconsin is telling us to do it.

State Statutes say that when the municipality has a 10% or more disparity between the state's equalized value, which is set at 100%, and the municipalities appraised value which can be either above or below 100%, the municipality MUST conduct a reassessment within three years and must inact it no later than the fourth year.

In most cases, it will end up being lower, because one thing we all would like, is for our house values to increase and in Kewaskum, house values have been increasing. That is basic-

ly what the state's equalized value is... what the state has determined the fair market value is for a comparable property as yours in this area.

It has been a very, very long time since we had any village reassessment done. Due to that reason we are at about 78% which is well below the state mandate of 10% plus or minus of 100% which would mean 90% is the lower limit.

In a way, it's good to have an accurate value assessment for the village. When a municipality is conducting its government, it's no different than you as an individual working on your personal finances to have accurate records and to find what your net worth is.

Reassessment doesn't necessarily mean your village property taxes will be going up, because as we all know, the village has a set budget and does something I wish the Federal Government would do, which is

to have a balanced budget.

The village doesn't run a deficit nor do we make a profit. Dan Schmidt works very hard to have everything balance out. So the village board would adjust the tax rate per thousand to accommodate our budget, which in this case would be lowered.

Well, I hope I explained this as clear as I could. I know it was confusing me just writing it.

If you have any questions about this, please call me or send a letter to the "Letters to the Board Presidents" column, in care of this newspaper. I will try to help you. If I don't have the answer, I'll talk to Dan and find out. Sometimes I think he lives, sleeps and studies this kind of stuff 24 hours a day, seven days a week.

Thanks.

Bob Wagner
Village President

KHS Preschool Signup Time

The child development classes of Kewaskum High School will be conducting their second semester preschool from Tuesday, May 3, through Friday, May 20.

The preschool will meet four days each week, Tuesday through Friday, from 9:20 to 10:50 at the high school. The preschool is in its 15th year of operation and is under the direction of Mrs. Carol Martin and the juniors and seniors in the child development classes.

The children will have the opportunity to participate in storytime, music, art, and other creative activities during the 12 day session.

Parents with 3, 4 or 5 year old children, should call the high school office at 626-2166 for information or to register their child. Registrations will be taken on a first-call basis before April 15.

KHS Student Council to Sponsor Post-Prom Party

The Kewaskum High School Student Council is planning a Post-Prom Party for the students of KHS.

Students going to the Y.M.C.A. in West Bend will either board school buses at 11:30 p.m., right after the dance, or drive themselves on this short trip to the "Y".

The party will run from 12:00 midnight until 4 a.m., at which time the students who rode the buses will load up and return to Kewaskum High School by 4:15 a.m. Students who drove to the "Y" will also be able to leave at 4 a.m.

Activities for the evening include swimming, racquetball,

basketball, volleyball, table tennis, movies, a live band, as well as lots of food and soda for the students.

Help is needed in the form of cash donations, prizes for the students, baked goods and volunteers to help chaperone the many areas and events that are being planned.

If you can help in any way, please contact Larry Ammel, Student Council Advisor at 626-2166 at school, or 626-4731 at home.

The Student Council members wish to thank you for your interest and help in the Post-Prom Party.

Crisis Management

In a crisis, you need a highly skilled medical team.

Our professional staff includes board certified emergency medicine physicians and registered nurses certified in trauma care and Advanced Cardiac Life Support. Working together, they manage emergencies from minor illnesses and injuries to life-threatening trauma.

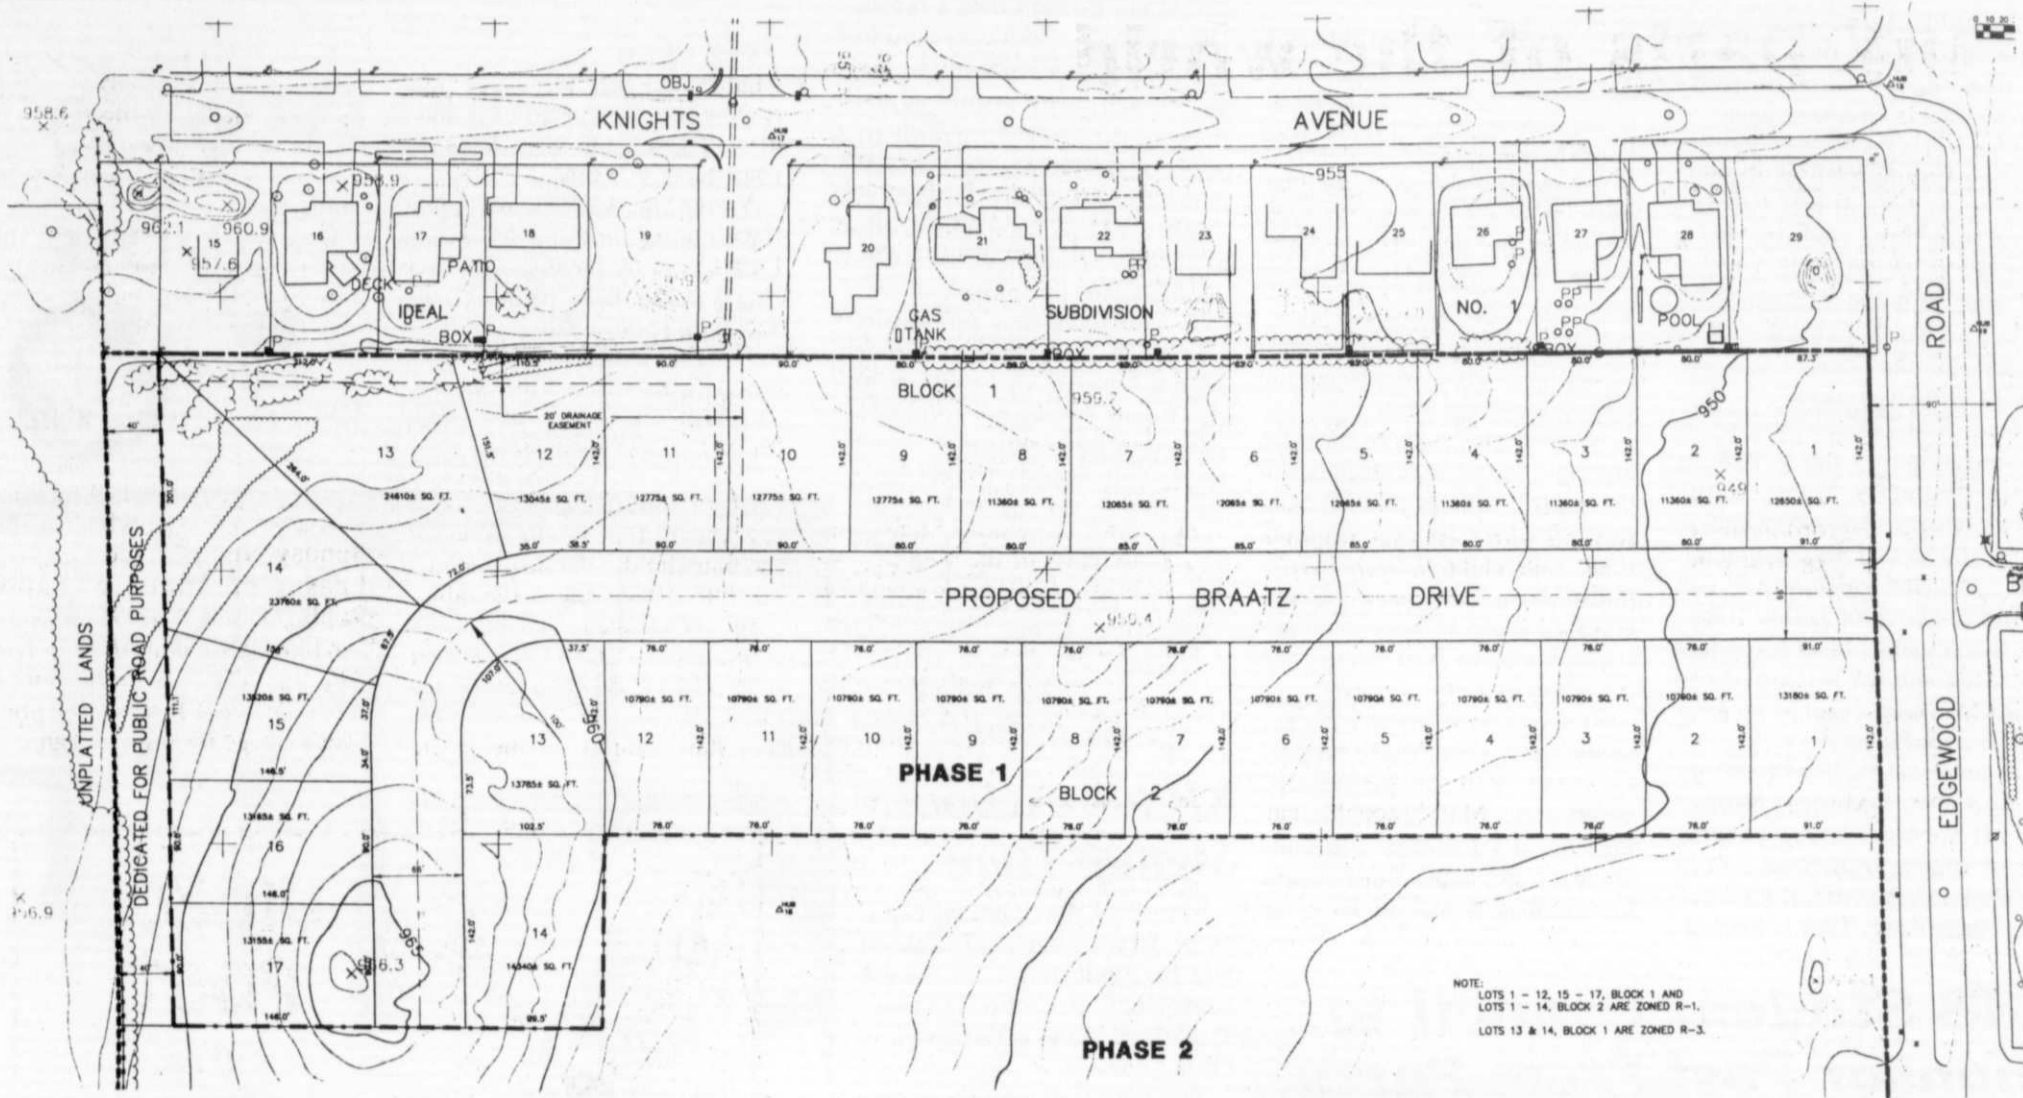

Our commitment to the management of your emergency reaches beyond St. Joseph's Community Hospital to a network of referral facilities when necessary. Our crisis team also is actively involved in community intervention. From the direction we give for county-wide emergency preparedness to our role in providing patient and family assistance with other providers and agencies, we are the Washington County leader in emergency treatments.

Strong capabilities and personal concern for patients are the crisis management advantages at St. Joseph's Community Hospital of West Bend.

Commission.

Gary Gavin then addressed the Plan Commission stating he wanted to keep everything above board, and wanted the plan commission to be aware that his intention in the future is to eventually come back to the village board to possibly request lots 13 and 14 be rezoned for duplex residences.

It was explained to the audience, that if and when this would come before the board, a public hearing would have to be held on the rezoning request and the decision would ultimately be made by the board on whether or not the rezoning of those two lots would be granted.

It's as easy as

Easter eggs are traditional in many parts of the world

Just as Christmas has its various symbols such as holly and wreaths, so does the Easter holiday feature its own special characteristics. One that immediately comes to mind is the Easter egg. How did eggs become associated with the season we know as Easter?

The answer may lie in myths and customs of long, long ago. The ancient Egyptians and Hindus believed that the world began as a huge egg. According to a Hindu legend, this egg broke in two, with half becoming the sky and the other half becoming the earth; what was hatched from the egg became our sun.

The Finns had a similar legend. It seems that the god Ukko sent a water bird to nest on the knee of the great Water-Mother. Earth and the Heavens were formed from the broken eggs of the water bird, the Finns once thought.

Samoans believed that the God Tangaloa-Langi was hatched out of an egg, with the bits of its shell scattering over the Pacific to become the Samoan Islands.

It was the custom of the ancient Persian and Greeks to gift each other with eggs during spring festivals in celebration of the new life springing up around them, while the ancient Druids had a ceremony that centered on the eggs of serpents, which were sacred to these pagan people. During the ceremony, the Druids would circle around the eggs, which represented life; the circle signified eternity.

So it seems that the association

of eggs with birth was a universal one; in fact, historians think that Easter eggs go back a very long way, although they were not mentioned in writings until 500 years ago.

Because eggs were given up (along with meat) during Lent in the Middle Ages - due to religious reasons and due to the scarcity of food in winter - they became a special treat. The nobility made it a practice to gift their servants with fresh eggs at Easter time, and children were sometimes gifted with eggs for the holiday.

Easter Eggs Magical

In time, people began to believe in the magical powers of Easter eggs. Many thought that burying painted eggs in the ground around Easter time would make their grapevines grow well. Up to a century ago, the British believed that the yolk of an egg laid on Good Friday and kept for a hundred years would turn into a diamond.

Over the years, decorating eggs for Easter evolved into a folk art, especially in Eastern Europe. There, the peasants made their own dyes, using onion skins, hickory bark, roots and walnut shells to create the hues that colored their eggs. Intricate designs were often used, but certain motifs occurred again and again: the sun, symbolizing good luck; a hen or rooster, to make wishes come true; a deer, symbolizing good health; and flowers, representing

love and beauty.

These intricately decorated eggs were blessed at the local church and then distributed to friends and family.

In Germany, designs were scratched on colored eggs; this art was brought to the United States by the Pennsylvania Dutch.

Nowadays, Easter eggs are still part of the holiday celebration, not only in the United States, but in other parts of the world.

In Switzerland, after attending morning services, Swiss children hurry home to see if the Easter Hare has left them gifts such as candy eggs and other goodies.

In Sweden, egg-rolling contests are held on Easter Sunday; this custom is also popular in England and other European countries. It is thought that the custom was originally associated with the stone being rolled away from the tomb of Christ on Easter Sunday.

Norwegian Tradition

Norwegian children begin collecting eggshells weeks before Easter. They paste the shells together with bright paper and then decorate them with cutouts, or paint pictures on them.

In the Netherlands, Easter Sunday means hunting for brightly colored eggs. Dutch children also engage in a game of hitting the eggs, which have been hardboiled, or course! The players try to match up their Easter eggs with a friend's of the same color. The object is to try and break the shell of the other egg without breaking your own.

Italian children enjoy fancy

candies shaped like eggs and resembling semiprecious stones after their traditional feast of roast lamb at Easter.

Young German girls are taught the art of painting and decorating Easter eggs by melting wax over charcoal and then "painting" the wax onto the egg with a pen. The eggs are then colored and the wax removed, leaving a white design. The eggs are then rubbed with bacon to make them shine.

The Polish people make a ritual of cutting a colored Easter egg; this is done by the father of the household, who distributed a portion to everyone at the table.

In the United States, every youngster expects to find a basket filled with candy eggs, left by the Easter bunny. And, the annual eggrolling contest on the White

House lawn is dutifully recorded by the media, reflecting the countless other Easter egg contests and hunts participated in by youngsters across the country.

Whatever the reason, the Easter egg is as common to this spring holiday around the world as gifts are to Christmas.

101 Pins Over Average

One of King Pin Lanes' top female bowlers reached another milestone while bowling in the Sunday Night Mixed Couples League on March 6. Kathy Rohlinger rolled a 295, passing her old high game of 279. The 295 was also a national honor score because it was 101 pins over average for a single game.

Fischer - Stern

Amy J. Fischer and Scott Stern exchanged vows of holy matrimony on Sat., January 15, 1994 during a 2 p.m. ceremony at Good Shepherd Lutheran Church. Pastor James Zieseemer officiated.

Parents of the couple are Thomas and Jerilyn Fischer of West Bend and Steven and Kathleen Stern of Kewaskum.

Music was provided by organist Miss Hill and singers Rodney, Karen, Danielle and Kara Bollinger.

The bride chose Traci Maahs of Menomonee Falls as her maid of honor. Bridesmaids included Angie Herriges, West Bend, Jennifer Johnson, New Berlin, Lisa Stern, Kewaskum, Robin Fischer, Madison, and Jill Washburn, Jackson.

Jay Borns of West Bend

served as best man. Groomsmen were Brad, Doug, and Tim Stern, of Kewaskum, Mike Dorn of Kewaskum, and Tom Fischer of Madison.

Kelly Robinson was the bride's personal attendant.

Ushering duties were shared by Jordan Rathke of West Bend, and Darrell Washburn of Jackson.

A reception and dance followed at the Circle B.

The bride graduated from Moraine Park Tech. College, and is employed with St. Joseph's Hospital, West Bend.

The groom attends UW Milwaukee, carrying a double major in Finance and Real Estate. He currently works for Commercial Plumbing.

The couple enjoyed a honeymoon trip to Marco Island, and now reside in West Bend.

Board of Education Student of the Month

Sophomore Gretchen Gauger, daughter of Kenneth and Sharon Gauger is the Student of the Month for the March. This semester Gretchen is taking treble choir, biology, health, United States history, English 2, essentials of math, and Spanish 2. Outside of class, Gretchen has been active as a football cheerleader as a freshman, in FHA for two years, and has had perfect attendance since the start of 6th grade. Her nomination included this: "Gretchen has a great positive attitude! She always tries her best and is always cooperative. Gretchen gets along well with everybody. She deserves a big hand." We are pleased to present the March Student of the Month, Gretchen Gauger. She is pictured above with KHS Principal Chuck Heidner (left) and School Board President Neal Weare, (right).

Local United Way Joins National Organization

After two years of withholding dues to the national organization, the United Way of Washington County Board of Rectors has voted to rejoin the United Way of America.

According to Board President Rick Edwards, "We are satisfied with numerous changes that have been made at the national level, including the opportunity for increased local United Way input and dramatic cuts in spending. The dollar value of the benefits we will receive in 1994 far outweighs

our dues payment," he said.

"The Board will continue to review national membership on an annual basis, as our commitment to accounting for every donor dollar and its use to benefit our community remains strong."

FACSIMILE BALLOT NOTICE OF SPRING ELECTION APRIL 5, 1994

OFFICE OF THE SCHOOL DISTRICT OF KEWASKUM ACTING DEPUTY CLERK
TO THE ELECTORS OF THE SCHOOL DISTRICT OF KEWASKUM:

Notice is hereby given of a spring election to be held in several wards in the Counties of Washington, Fond du Lac and Sheboygan on the 5th day of April 1994 at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office, each in its proper column.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth or machine and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

At the nonpartisan election, the elector shall make a punch or a hole or complete arrows at the right of the candidate's name with a HEAVY BOLD line for each office for whom he or she intends to vote, or insert or write in and connect the arrow of the name of the candidate of his or her choice on the ballot envelope provided or in the space provided.

The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. Not more than five minutes' time shall be allowed inside a voting booth. Unofficial ballots or a memorandum to assist the elector in marking his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

After an official paper ballot is punched or marked, it shall be inserted in the envelope provided so the punches do not show or folded so the inside marks do not show but so the printed endorsements and inspectors' initials on the outside do show.

After casting his or her vote, the elector shall leave the booth, and deposit the envelope containing his or her ballot in the ballot box and where paper ballots are distributed to electors, deposit his or her folded ballots in the paper ballot boxes, or deliver the ballots to an inspector for deposit. The unused ballots should be deposited in the blank ballot box, and the elector shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of the employer or an officer or agent of a labor organization which represents the elector.

NOTICE OF REFERENDUM ELECTION

TO: ELECTORS OF THE SCHOOL DISTRICT OF KEWASKUM

TAKE NOTICE that a referendum election will be held on April 5, 1994, in the School District of Kewaskum on the question of whether or not the Initial Resolution set forth in the referendum election question below shall be approved. The Initial Resolution was adopted by the School Board of the District on February 18, 1994 and is available for inspection at the District Office, 1450 School Street, Kewaskum, Wisconsin 53040.

The question which shall appear on the ballot is as follows:

"Shall the following Initial Resolution be approved?"

INITIAL RESOLUTION

AUTHORIZING GENERAL OBLIGATION SCHOOL BUILDING BONDS IN AN AMOUNT NOT TO EXCEED \$5,300,000 BE IT RESOLVED by the School Board of the School District of Kewaskum, Washington, Fond du Lac and Sheboygan Counties, Wisconsin that there shall be issued pursuant to Chapter 67 of the Wisconsin Statutes, general obligation school building bonds in an amount not to exceed \$5,300,000 for the public purpose of paying the cost of constructing additions to and remodeling and renovation of the Kewaskum High School and Middle School and acquiring equipment and furnishings."

EXPLANATORY STATEMENT AND EFFECT OF VOTE

The referendum election ballot will ask District electors to vote "yes" or "no" on the referendum election question as set forth above.

A "yes" vote on the question is in favor of the Initial Resolution and is a vote to approve the borrowing of \$5,300,000 by the School District of Kewaskum through the issuance of general obligation school building bonds for the purpose of paying the cost of constructing additions to and remodeling and renovation of the Kewaskum High School and Middle School and acquiring equipment and furnishings.

A "no" vote on the question is opposed to the Initial Resolution set forth above and is a vote to deny the School District of Kewaskum the authority to borrow \$5,300,000 through the issuance of general obligation school building bonds for the purpose of paying the cost of constructing additions to and remodeling and renovation of the Kewaskum High School and Middle School and acquiring equipment and furnishings.

In the event a majority of the electors voting vote "Yes" on the question set forth above, the District will be authorized to undertake the school building program described above and borrow not in excess of \$5,300,000 therefor; if a majority vote "No" on the question set forth above, the District will not be so authorized.

POLLING PLACES AND HOURS

District electors must vote at the times and in the places at which they cast their ballots at regularly scheduled elections.

INFORMATION TO ELECTORS

(a) Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of 2 inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth or machine and cast his or her vote, except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

(b) (i) If paper ballots or lever machines are used, then on the referendum election question, the elector shall make a cross (X) in the square at the right of or depress the button or lever next to the answer which he or she intends to give.

(ii) If a punch card voting system is used, then on the referendum election question, the elector shall make a punch or a hole at the right of "yes" if in favor of the question, or the elector shall make a punch or a hole at the right of "no" if opposed to the question.

(iii) If a mark sense voting system is used, then on the referendum election question, the elector shall make a mark in the space at the right of "yes" if in favor of the question, or the elector shall make a mark in the space at the right of "no" if opposed to the question.

(c) The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another in its place, but not more than 3 ballots shall be issued to any one elector. If the ballot has not been initialed by 2 inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. Not more than 5 minutes' time shall be allowed inside a voting booth or machine. Unofficial ballots or a memorandum to assist the elector in marking or punching his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

(d) (i) After an official paper ballot is marked, it shall be folded so the inside marks do not show but so the printed endorsements and inspectors' initials on the outside do show. After casting his or her vote, the elector shall leave the voting machine or booth and, where paper ballots are distributed to the electors, deposit his or her folded ballot in the ballot box or deliver it to an inspector for deposit in the box, and shall leave the polling place promptly.

(ii) If a punch card voting system is used, then after an official ballot is punched, it shall be inserted in the envelope provided so the punches do not show. After casting his or her vote, the elector shall leave the booth, deposit the envelope containing his or her ballot in the ballot box, or deliver the envelope to an inspector for deposit, and shall leave the polling place promptly.

(iii) If a mark sense voting system is used, then after an official ballot is marked it shall be inserted in the envelope provided so the marks do not show. After casting his or her vote, the elector shall leave the booth, insert the ballot in the voting device, discard the envelope, and shall leave the polling place promptly.

(e) An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty in reading, writing or understanding English, or that due to disability is unable to cast his or her vote. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.

NOTE: Electors residing in municipalities which require voter registration must be registered to vote in this referendum election. You can register by contacting your municipal clerk.

Computer Classes Offered at UWWC

As technology increases, today's computer users need to increase their knowledge. The Continuing Education Department at UWC-Washington County is happy to announce two new computer offerings to update computer skills, Word for Windows and Lotus 1-2-3 for Windows. These are just two of the classes being offered during the week of April 4-8, 1994.

MICROSOFT WINDOWS 3.1 is scheduled for Monday, April 4 from 8:30 a.m. until noon. After this class, you'll feel more at home in this environment and will be able to take advantage of some of the many strengths of windows.

WORDPERFECT 5.0 & 5.1 will be offered Tuesday and Wednesday, April 5 & 6 from 8:30 a.m. until noon. Learn all basic word processing commands using Wordperfect. Find out why Wordperfect is the most popular word processing program available today.

ADVANCED WORDPERFECT 5.0 & 5.1 will be on Thursday and Friday, April 7 & 8 from 8:30 until noon. Topics covered include the creation of columns of text and numbers, macros, form letters and labels, footnotes, graphics, windows, and much more.

LOTUS 1-2-3 FOR WINDOWS 4.0 is scheduled for Monday, Tuesday and Wednesday April 4, 5 & 6 from 1 to 4:30 p.m. Learn how to use the award-winning spreadsheet program in a Windows environment. Practicing using the menu bar, toolbar and mouse.

WORD FOR WINDOWS 2.0 will be on Thursday and Friday, April 7 & 8 from 1 to 4:30 p.m. Learn how to perform basic word processing tasks using this popular software package. We'll help you get comfortable with the toolbar and mouse. Learn to create and save documents, manipulate text, do spell checking and much more.

Matt Zillig is the instructor for these classes. Matt is a former computer trainer for a major computer company. He now spends most of his time teaching computer classes and computer seminars for UWWC and other university campuses throughout the state.

FACSIMILE BALLOT NOTICE OF SPRING ELECTION APRIL 5, 1994

OFFICE OF THE WASHINGTON COUNTY CLERK TO THE ELECTORS OF WASHINGTON COUNTY:

Notice is hereby given of a spring election to be held in Washington County, on the 5th day of April 1994, at which the officers named below shall be chosen.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot.

At the spring election, where lever machines are used, the elector shall depress the lever or button at the right of the name of the candidate for whom he or she intends to vote.

Where punch card voting is used, the elector shall make a punch or a hole in the space designated for the candidate's name for each office for whom he or she intends to vote.

Where marksense voting is used, the elector shall make a mark in the box at the right of the candidate of his or her choice for each office for whom he or she intends to vote.

The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place.

After an official ballot card is punched, it shall be inserted in the envelope provided so the punches do not show. After casting his or her vote, the elector shall leave the booth and deposit the envelope containing his or her ballot.

After an official marksense ballot is marked, it shall be inserted in the envelope provided so the marks do not show. After casting his or her vote, the elector shall leave the booth, insert the ballot in the voting device, leave the envelope with an election official, and shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing, or understanding English, or that due to disability is unable to cast his or her ballot.

Spring Mouse Keeping

By A.Mi

For us "old timers," cabin fever usually was best met by not just thinking about it, but doing it. Doing what, you inquire?

The spring house cleaning. I always was fascinated by my mother's "jump" on spring by facilitating that annual chore in the month of the blustery weather of every March. Somehow, altho' we children loudly argued the point, our home was always cleaned from stem to stern come those frolicking March winds. And our outdoor clothes lines witnessed to the event with blankets, pillows, suits and winter coats strewn hither and yon by those wild drafts of untamed air.

It wasn't until I grew older that I wised up to "from whence" my mother either knowingly or unknowingly got the idea to do that cleaning thing early each new year...from the lowly field mice!

Yes, they are the culprits. For if you take to the fields on March thaw days, you will be able to observe those little gray and black creatures fervently scurrying about, preparing for that which is yet to come. Their wintery grass-lined highways and by ways are now being groomed for better things to come... renewal, or sorts.

And with them, an explosion of sorts also seems to be happening amongst many of the other furry little animals as they prepare to bear their young. Indeed, the winter has been long and a bit ferocious. However, now, soon, a softer, warmer time is about to occur. A time kindly to little ones and joyous to most everyone.

And I surprise myself by looking, way before a reality schedule, for the first bloodroot or heptaica (may flower) to poke up their heads! Admit it or not, perhaps I am a bit like my mother.

If you stop praising a woman, she thinks you don't love her anymore; keep it up and she'll eventually think she's too good for you.

Minutes of Village Plan Commission

Village of Kewaskum
Plan Commission
February 22, 1994
7:00 p.m.

The Plan Commission of the Village of Kewaskum, Washington County, Wisconsin met in the Council Room of the Municipal Building, 204 First Street.

President Robert H. Wagner called the meeting to order. Members present were Thomas McElhatton, Donald Mlodzik, Paul Ziebert, Richard Schmidt, Gerald Stollenwerk, Zoning Administrator Richard Zarling and Administrator Daniel Schmidt. It was noted Mark Slangenhoup has been replaced by John Stephani at the Village Board meeting of February 21, 1994. A quorum was present.

The meeting was opened with a Moment of Silence and the Pledge of Allegiance.

On a motion by Thomas McElhatton, seconded by Donald Mlodzik and unanimously carried by voice vote, the Commission approved the minutes as printed for January 25, 1994.

On a motion by Thomas McElhatton, seconded by Richard Schmidt and unanimously carried by voice vote, the Commission approved the CSM for the two lots known as the Thompkins land for Mr. Melvin Thompkins and Marx's Food Market Inc. and sent the matter to the Village Board for action.

Discussion was held on the request of Gary and Linda Gavin for the rezoning of the approximate 20 acre parcel known as the Braatz land adjacent to Edgewood Road west of Braatz Drive and North Avenue. Prior to any action options regarding the platting of said land was reviewed with the commission because of the wetlands and shoreland located within the 20 acres. On a motion by Gerald Stollenwerk, seconded by Paul Ziebert and unanimously carried by voice vote, the Commission recommended the rezoning of said parcel (V4-0032) and sent the matter to the Village Board for public hearing with recommendation to rezone from AG-2 Agricultural Land District to R-1 Single Family Residence District. (It was noted the public hearing would be scheduled for March 21, 1994).

Mr. Rick Kania of SEWRPC was present to review additional information regarding the proposed Land Use Plan. Mr. Kania discussed the three pages that reflected revisions to Chapter III and gave a brief update as to revisions/clarifications to Chapter V. Discussion regarding Chapter IV for the next meeting was reviewed along with an outline of what was to be included in it. The topic for this meeting was review of upcoming policy type decisions, such as pedestrian walkways, ownership or easements, length of blocks, etc.

On a motion by Richard Schmidt, seconded by Paul Ziebert and carried by the majority roll call vote, the Commission adjourned the meeting. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent."

RESOLUTION NO. 94-7

VILLAGE OF KEWASKUM'S ETHICS LAW

I. Effective Date.

The ethics law went into effect on August 15, 1991. The Village of Kewaskum's ethics law effective date will be March 21, 1994.

II. Statutory References.

The ethics law can be found in the Wisconsin Statutes ss. 19.42 and ss.19.59.

III. Governmental Units and Local Public Officials Affected.

(ss. 19.42 (7u); ss.19.42 (7w); ss.19.42 (7x)).

1. **Local governmental unit** - a political subdivision of this state, a special purpose district in this state, an instrumentality or corporation of such a political instrumentality or corporation of such a political subdivision or special district, a combination of subunit of any of the foregoing or an instrumentality of the state and any of the foregoing.

2. Local public official -

(a) an individual holding an elective office of a local government;
(b) a village administrator or village manager;
(c) an individual holding an appointive office or position of a local government in which an individual serves for a specified or unspecified term, or a position filled by an independent contractor; or
(d) an individual holding an appointive office or position of a local government which is filled by the governing body of the local government or the executive or administrative head of the local government and in which incumbent serves at the pleasure of the appointing authority, except a clerical position limited to the exercise of ministerial action or a position filled by an independent contractor.

IV. Prohibited Conduct. (ss. 19.59 (1))

1. **Use of Office for Private Gain.** No local public official may use his or her public position or office to obtain financial gain or anything of substantial value for the private benefit of himself or herself or his or her immediate family, or for an organization with which he or she is associated.

2. **Offer or Receipt of Anything of Value.** No person may offer or give to a local public official, directly or indirectly, and no local public official may solicit or accept from any person, directly or indirectly, anything of value if it could reasonably be expected to influence the local public official's vote, official's actions or judgement, or could reasonably be considered as a reward for any official action or inaction on the part of the local public official.

Note - This paragraph does not prohibit a local public official from engaging in outside employment.

3. **Action Affecting Substantial Interest or Benefits.** No public official may take any official action substantially affecting a matter in which the official, a member of his or her immediate family, or an organization with which the official is associated has a substantial financial interest.

4. **Actions Affecting Substantial Interest or Benefits.** No public official may use his or her office or position in a way that produces or assists in the production of a substantial benefit, direct or indirect, for the official, one or more members of the official's immediate family either separately or together, or organization with which the official is associated.

Note - Paragraphs 3 and 4 do not prohibit a local official from taking any action concerning the lawful payment of salaries or employee benefits or reimbursement of actual and necessary expenses.

V. Penalty and Enforcement. (ss 19.59 (7); ss 19.59 (8)).

1. Any person who violates the prohibitions outlined in ss 19.59 (1) may be fined up to \$1,000.00 for each violation. In addition, other legal or equitable relief may be obtained, including but not limited to mandamus, injunction or declaratory judgement, as appropriate.

2. The ethics law shall be enforced in the name and on behalf of the state by action of the district attorney or any county in which the violation may occur, upon the verified complaint of any person. If any district attorney fails or refuses to commence action within 20 days after receiving a verified complaint, the person making the complaint may petition the attorney general who may act upon the complaint.

Note - If the district attorney prevails, the court shall award reasonable costs and any forfeiture recovered to the county of violation. If the attorney general prevails, the court shall award the same to the state.

VI. Advisory Opinions. (ss 19.59 (5); ss 19.59 (6)).

1. Any individual, either personally or on behalf of an organization or governmental body, or any appointing officer, with the consent of prospective appointee, may in writing request an advisory opinion regarding the propriety of any matter to which the person or prospective appointee is or may become a party. The request should be directed to the county or municipal ethics board if there is one, or to the county corporation counsel or attorney for the local governmental unit.

2. Such request shall be reviewed and an advisory opinion may be given in writing. However, an advisory opinion is not required to be given. The identity of an individual requesting an advisory opinion or of individuals or organizations mentioned in the opinion may not be made public.

3. It is prima facie evidence of intent to comply with this section when a person refers a matter to a county or municipal ethics board or a county corporation counsel or attorney for a local governmental unit and abides by the advisory opinion, if the material facts are as stated in the opinion request.

4. The advisory opinion may be made public with the consent of the individual requesting the advisory opinion or organization or governmental body on whose behalf it is requested. A summary of an advisory opinion issued under this subsection may be made public after making sufficient alterations in the summary to prevent disclosing the identities of individuals involved in the opinion.

5. A person who makes or purports to make public the substance of or any portion of an advisory opinion requested by or on behalf of the person waives the confidentiality of the request of an advisory opinion and of any records obtained or prepared in connection with the request for an advisory opinion.

6. Any county corporation counsel, attorney for a local governmental unit or statewide association of local governmental units may request the Wisconsin Ethics Board to issue an opinion concerning the interpretation of the statutory code of ethics for local public officials. The Board shall review such a request and may (but is not required to) advise the person making the request.

VII. Formal Opinions of the Wisconsin Ethics Board.

1. Meals, Lodging Travel and Entertainment. The Department of Development may sponsor an anniversary celebration of a Wisconsin Corporation if, but only if, the department determines that the event will benefit the State of Wisconsin and will promote business, econom-

ic development, or tourism. State and local public officials may accept food, drink and lodging offered in connection with the celebration to the extent that the items are provided by the Department of Development. OEB 93-2 (January 27, 1993).

2. Influencing Official Judgement. A vendor should not sponsor a river cruise for local public officials attending a convention if more than an insignificant number of the officials attending are responsible for making or approving purchasing decisions that could involve the vendor's goods. OEB 92-31 (November 25, 1992).

3. Improper Use of Office. A village engineer should not act in an official capacity with respect to the review of plans the engineer has prepared in a private capacity or submitted by developers with which the village engineer is associated. OEB 92-28 (September 15, 1992).

4. Improper Use of Office. A Village Board member should not participate in official discussions, deliberations and votes with respect to legislation (that is, ordinances and the like) affecting his or her real estate interests except to the extent that the action affects a whole class of similarly situated interests, and the board member's interest is insignificant when compared to all affected interests, and the action's effect on the board member's private interests is neither significantly greater nor less than upon other interests affected by the act.

The Village Board member ought not to participate in quasi-judicial deliberations or decision-making such as actions on permits, licenses, rezoning of specific parcels, and the like affecting the member's interests or competing real estate interests. In those instances in which the member should refrain from votes, the member should also refrain from discussion and deliberations and ask that the minutes reflect that the member has withdrawn. OEB 92-22 (June 16, 1992).

5. Improper Use of Office. A law firm should not purchase meals for officials of local units of government the firm represents (nor should a local public official accept) unless, and only to the extent that, the local government would otherwise bear the official's expense and the governmental units obligation to bear the expense is expressly authorized by, and in accordance with, established written criteria. OEB 92-17 (April 17, 1992).

6. Disqualification. A local public official is not disqualified from participating in the award of a contract to a business simply because that business is involved in an unrelated joint venture with the official's employer. OEB 92-10 (March 24, 1992).

7. Entertainment. A local public official should not permit another to pay the official's costs of a golf outing to which the official has been invited because of holding an official position. OEB 92-9 (March 24, 1992).

8. Meals. A local public official may attend a breakfast meeting sponsored by a private firm at a convention if the official's local governmental unit would otherwise pay the cost. OEB 92-9 (March 24, 1992).

PASSED, ADOPTED AND APPROVED this 21st day of March, 1994, by the Kewaskum Village Board.

Third row - Ryan Radtke, Maik Mezz, Dan Jeserig and Rick Novotny.

Letter to the Editor

To the voters of Kewaskum School District:

My vote is still NO on the school referendum. Why? Because when I attended a recent school board meeting, the board president made the remark, QUOTE - People have money to buy a house or farm but not for school.

My opinion... no one has the right to tell anyone how to spend their hard earned money, that a lot of us worked a lifetime for.

In recent years, I have never brought up Beechwood school, but now I will. We have a board member who stated how much money we would save by closing Beechwood. My opinion... we saved nothing. In fact it cost the taxpayers a lot of money. There was also money borrowed to fix the south side of the high school some years ago. Where was this money spent?

In my opinion, a recent letter to the editor was written by someone else. I don't need someone else to write a letter for me to the editor. I can still write my own and sign it.

Mr. F. Klein's recent letter hit the nail on the head. Congratulations Mr. Klein for the truth.

Thank you for the space.

Clara Trapp

IN MEMORY

In loving memory of THEODORE E. SCHMIDT, who passed away seven years ago on April 3, 1987:

Though your smiles are gone
And your hands we cannot touch,

Still we have so many memories
Of the one we loved so much;
Your memory is our keep sake

With which we'll never part,
God has you in His keeping
We have you in our hearts.

Loved and deeply missed
by family.

Letter to the Editor

March 28, 1994

DEAR EDITOR:

Interest in the school referendum vote on Tuesday, April 5th should be on your list of things to do! The community needs your vote to create a positive approach to the health and safety of our children as students of KMS and KHS.

A tour of the schools and explanation of the problems of classrooms, art and music overcrowding, eating and exit safety factors, and unhealthy locker and shower facilities would convince you to show interest and vote.

By 1996 Governor Thompson will be changing our property tax laws with lower rates to help us all with school taxes. Then we can look ahead to the need of an auditorium to complete this school referendum request.

Let's get the interest moving now. Vote YES on Tuesday, April 5th, 1994.
Regal Ware.

Campbellsport Artist Wins Pheasant Stamp Contest

MADISON.... Wildlife artist James Pieper of Campbellsport has won the 1994 Wisconsin pheasant stamp design contest sponsored by the Department of Natural Resources. Pieper's painting, titled, "Sunset Stroll," was chosen from 45 entries submitted to the annual competition.

Pieper started painting in 1984, and has been a top ten finalist in 14 different Wisconsin stamp competitions. He won the 1993 Wisconsin wild turkey stamp competition.

Pieper said he has had ample opportunity to observe Wisconsin wildlife because he grew up in Mayville, near the Horicon Marsh, and currently lives in Campbellsport, near the Northern Kettle Moraine State Forest. He has been influenced by the art of Owen Gromme, David Mass, Basil Ede and Don Kloetzke, he said.

Other top finalists in the pheasant stamp contest were:

Terry Doughty, Brookfield, and Andy Stoffel, Campbellsport, who tied for first runner up; William Millong, Campbellsport, and Donald Moore, Monona, who tied for second runner up; Other finalists included: Frank Mittelstadt, Beaver Dam; Elizabeth Wucherer, Holmen, Robert Metropulos Jr., Minocqua; Kim Watnos, Menomonee Falls; and Jon Michael Rickaby, Green Bay.

ABC CLUB SKAT RESULTS

The winners at skat played by the ABC Senior Citizens at Beechwood Hall on Tuesday, March 22nd were: Ralph Laux, 20-2--18 net; Francis Gilboy, 18-1--17 net; Joe Butschlick, Diamond solo vs 4.

KHS Boys Ninth at Oshkosh Invitational

KHS record setters and placers at the Oshkosh Invitational Track Meet, left to right: David Gosa - 5th place, 1600 meter run in 4:45.0 for a new KHS indoor record; Wade Kreis - 4th place, pole vault, 12'0"; Brad Jackson - 5th place, pole vault, 12'0"; Randy Thull - 12th place, 3200 meter run in 10:33 for a new KHS indoor record; Travis Jacak - 1st place, high jump, 6'2 1/2".

By Noel Stollenwerk

OSHKOSH - With the team back nearly at full strength, the Kewaskum boys wanted to make the 23rd annual Oshkosh Invitational a sort of testing grounds to see where they stand this season.

The Indians passed the test with flying colors, finishing ninth in the 41-team meet with 18 points. That surpassed the Indians' 1993 finish, when they placed 13th with 17 points.

DNR Appoints County Forester

Emanuel J. (Manny) Oradei has been appointed a Department of Natural Resources Forester for Washington County.

Oradei will be responsible for providing technical forestry assistance to the woodland landowner. He will administer the state's forest tax law and tree planting programs.

In addition, he will provide information on timber harvesting and general forest land management. Part of his duties will include managing the forests on state-owned lands within the county. He also will work with local fire departments on the Cooperative Fire Management Program.

A native of Sun Prairie, Oradei is a 1986 graduate of the University of Wisconsin-Madison. He received a Bachelor of Science Degree in Forestry. After graduation, he worked for various private pulp and logging companies. He joined the Department in July 1992 as a Forester trainee. Before his appointment, he was a Forester/Ranger stationed at Babcock.

Oradei, his wife Marianne, and daughter Emily will live in Hartford. He will be stationed at Pike Lake State Park. His telephone number is (414) 644-5248.

Holstein and Sheboygan Falls ended up on a first-place tie in this year's Invite, each collecting 39 team points.

"It just shows that if you have five to six quality individuals you can have a good team showing," KHS coach Jerry Gosa said of the results. "In a meet that size, the points are so spread out."

Junior Travis Jacak led the way for the Indians, winning the high jump competition with his leap of 6-2.5. Jacak finished tied for the lead with three other athletes who cleared the 6-2.5 height, but Jacak was eventually declared the winner because he had fewer misses on earlier heights.

In fact, Jacak nearly won the competition outright, but came up just short in two attempts to clear the 6-5 barrier. "Travis almost made it twice," KHS coach Jerry Gosa said of the junior's effort.

Once again, the KHS pole vaulters came through big. Brad Jackson and Wade Kreis each cleared the 12-0 mark, with Jackson finishing fourth, and Kreis fifth, due to misses.

Jackson won the event at last year's Invitational, setting a school record (12-9) in the process. But he has been slowed by injury so far this season, according to Gosa, and is just now beginning to get rolling.

A pair of KHS runners got their season rolling in a big way. Junior David Gosa and senior Randy Thull each ran their first

races of the season in Friday's meet. Both also started with a bang, setting school records in their respective races. Both Gosa and Thull decided to make the meet their first of the season, noting that quality of the meet and facilities at Kolf Fieldhouse.

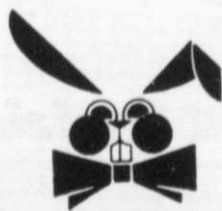

Gosa placed fifth out of 48 runners in the 1600, finishing in 4:45. The time was more than a second faster than the previous school record that Gosa set last year at Oshkosh.

Thull, meanwhile, finished 12th in the 3200, breaking the tape in 10:33, more than 20 seconds faster than the previous school record held by Craig Larsen.

Andy Mathias was the lone other KHS athlete to finish in the top 20 in an event. The junior took 19th in the shot put, with a personal best throw of 43-0.

The top showing by New Holstein and Falls made Gosa take notice, and he predicted a long conference schedule for his team.

"Those two are just powerhouses," Gosa said of the Huskies and Falcons. "That's what we're going to see all year in conference. With our lack of depth (only 30 kids out for the sport), we're not going to be as competitive."

VILLAGE OF KEWASKUM NEWS NOTES

RECYCLING TIPS

The Village of Kewaskum continues its Mandatory Recycling Program. This article is one in a series of several that is designed to help you more thoroughly understand the details of the program.

Items to be placed inside the bin or bag together include: aluminum containers, glass bottles and jars (clear, green & brown), #1 P.E.T. plastic bottles, #2 H.D.P.E. plastic bottles and wide mouth containers, steel/tin cans, and bi-metal steel/aluminum containers. Items to be bundled and set along side the bins or bags include: newsprint, corrugated cardboard, and magazines. Lead acid batteries are also to be set along side the bins or bags for pick up.

NOTE, the dark green recycling bins may be placed at the curb every Wednesday for pick up unless specifically noticed in the newspaper. The blue recycling bags from multi-family dwellings are only to be placed for pick up the 1st and 3rd Wednesday of each month.

The focus recyclable items this week is tin and steel cans.

Type of Cans: Food Cans Only.

Preparation: **RINSE CLEAN**. This is the most important aspect of a successful recycling program. Containers that are contaminated with food residue cannot be recycled. **REMOVE LABELS**. This is easily done by slitting the label with a knife or fingernail and peeling it off. Place the cover into the can. Flattening the can is optional, but will conserve space in the bin or bag. Place cans in the dark green recycling bin or blue recycling bag.

West Bend Outlet Mall Purchased by Picus Family

Steve and Leonard Picus, owners of Fields Furniture, have announced their pending purchase of the West Bend Outlet Mall.

Located at 180 S. Island Avenue, the 50,000 square foot Outlet Mall has been a major part of the downtown since 1981. Likewise, Fields Furniture has been an anchor for the downtown since 1930 and owned by Len Picus since 1971.

The main motivators for the move and purchase are the opportunities to gain more open, single floor space in the downtown environment. Steve Picus, President of Fields, explains, "This gives us exactly what we were looking for. We are strong believers in a viable downtown. We wanted to be part of the growth and solidity of this area and play a major role in its future." By moving 400 yards across the Milwaukee River, the father and son team will achieve their goal.

By acquiring the Outlet Mall, Fields Furniture will change their display capabilities immensely. The entire space will be carpeted and softened. Walls will be removed and lighting will enhance the entire store that will now be called a home furnishing center. The open concept will embrace furniture galleries and accessories that will allow customers to interact with displays in home-

like settings.

"Bigger display areas translate into better buys, and of course, stronger buying power translates into more value for our customers," Picus adds. "We will now be able to expand our traditional lines and augment contemporary lines. We will also offer a complete bedding and carpeting department."

Fields Furniture will occupy 60% of the Mall's floor space. The remaining space will be available to other retail tenants. Len Picus is working on attracting stores that complement the home furnishing business.

With plans to be in their new home by mid-summer, Len and Steve are busy planning for the future while they ready their long-time main street "home" for sale. However, moving and growing are not foreign to either as they begin another link in their family tradition. "Our family began retailing in Adams-Friendship in 1903. My grandfather owned L. Picus and Sons Department Store. My dad worked there and that's where I started retailing," said Len Picus.

When the Picus family moves to 180 S. Island Avenue, they will be carrying on the tradition. Five Picus men, including Steve's son Jacob, will represent five generations of Picus' retailing in Wisconsin.

Splash, Kimberly Among Hoop Champs

By Noel Stollenwerk

MADISON - Excellence and luck appeared to go hand-in-hand at the WIAA State Boys Basketball Championship here, last weekend.

While Kimberly (Division 2) and Cassville (Division 4) showed their superiority over the competition, it was Stevens Point Area High School that showed that some good fortune can go a long way in the Division 1 bracket.

After outlasting a scrappy Marshfield squad in the quarter-finals, 56-50, Stevens Point caught a huge break in the waning seconds of its semifinal win over second-ranked Fond du Lac.

Trailing 51-50 with under 10 seconds to play, FDL guard Rocky Braun was tripped while driving to the basket for a possible game-winning shot. But instead of a foul and a trip to the free throw line, no whistle was blown, and Point made two subsequent free throws to post a 53-50 win.

In the finals, Point drew top-ranked Milwaukee Rufus King, both teams having identical 25-0 records. King led by as many as five in the fourth quarter, but it could not hold on to the lead, eventually falling to the Panthers, 59-54.

Gabe Stevens and Tom Johnson each scored 19 points to lead Point in the title game. Stevens, along with teammate Brian Nelson, were named to the all-tournament team.

If there was a most valuable player in the tournament, the honor would have had to have gone to Cassville's Sam Okey, a 6-7 junior. Okey had 38 points in the Comets' semifinal win over Randolph, and then followed that performance with a 27-point, 14-rebound, eight-blocked shot effort against Goodman in the finals. Cassville won the contest, 67-56, completing a perfect 27-0 season.

The Comets had lost in the finals the previous two years, but was too much for Goodman, who with just 63 students, was looking to become the smallest school ever to win a state title.

Kimberly completed a fine season with a 59-54 win over Baraboo in the Division 2 final. Kimberly, which beat Plymouth in the WIAA Sectionals, was led by junior Jason Diaz, who had 17 points.

Markesan, led by sophomore Brad Clark's 31 points, outlasted top-ranked Elk Mound 62-58, to win the Division 3 championship. Clark was also named to the all-tournament team, after scoring 26 points in the Hornets' semifinal win over Blair-Taylor.

Open Season With Easy Win Over Waupun KHS Girls Look Strong Once Again

By Noel Stollenwerk

KEWASKUM - Coming off a successful 1993 campaign which saw it win three Invitationals, the Kewaskum girls track team is poised for another banner season.

Despite losing state-qualifiers Christa Schmidt and Robyn Winninghoff to graduation, the Lady Indians have plenty of ammunition returning. Throw 30 freshmen into the mix, and the KHS girls might be ready to defend those Invitational titles.

Seniors Ginger Wiesner, and juniors Missy Rohrer, Greta Kuphal and Mary Yahr will be the building blocks of this year's squad, which should be strong in the sprints and middle dis-

tances.

Wiesner is a two-time state qualifier in the 400, and also runs in the 1600 relay, which also qualified for state last year. Rohrer and Yahr were a part of that unit, and in addition, Rohrer runs the 800, and Yahr the hurdle events. Kuphal, meanwhile, missed most of the '93 season with a leg injury, and her return as the Indians' top sprinter will add strength in that area.

Other letterwinners who should be vital to the Indians' success include seniors Rachel Chambers (distances), Karla Kirst (jumps), Nicole Hetzel (middle distances), juniors Julie Froemming (sprints), Suzie Gauvin (distances), Tracy Jacak (relays), Becky Yogerst

(weights), and sophomores Kelly Schreffler (jumps), and Jenny Strobel (sprints).

Indian Girls Top Waupun

By Noel Stollenwerk

KEWASKUM - Things went pretty much as expected in the opening meet of the season for the Kewaskum girls track team.

Senior Ginger Wiesner won three events, and had a hand in a fourth win, as the Indians blew past Waupun, 79-34, here.

Fellow veterans Mary Yahr and Missy Rohrer also had a major role in the victory. The twosome teamed with Wiesner and freshman Jamie Gaffke to win the 1600 relay (4:47.4), while Rohrer captured the 800 (2:42.9), and Yahr the 45 high hurdles (8.1) and 45 low hurdles (8.1).

Wiesner, meanwhile, won all three events she was entered in. The senior ace took her specialty, the 400 (66.3), as well as the long jump (15-9.5) and 200 (31.0).

Junior Becky Yogerst led a strong showing by the KHS weight crew, as she won the shot put (31-11). Greta Kuphal also looked in good form, winning the 40 dash (5.9), and helping the 800 relay to a win (2:04.1). Jamie Lynn also added a first, besting the field in the 3200 (13:57.7).

Indian Boys Fifth At County Indoor

By Noel Stollenwerk

WEST BEND - The Kewaskum boys track team took a minor step backward in their showing at the Washington County Indoor meet, here, last Thursday.

After finishing fifth (62 points) in the 1993 meet, the Indian boys ended up fifth again this year, accumulating just 37 points. West Bend East won the boys meet for the fifth time in the last six years, upending defending champion Hartford 128-108. West Bend West was fourth (84), Slinger fifth (69.5), and Germantown last (14.5).

Still, the outcome was not that disappointing for the Indians, and coach Jerry Gosa, who held out several of his top runners. With their help, the Indians more than likely would have surpassed last year's total.

"We had planned it that way - that a couple of the kids would run the next night," Gosa said, referring to the fact that the Indians had the County Indoor and Oshkosh Invitational on consecutive days. "We felt that the kids wouldn't be able to run at their best on two consecutive nights like that."

Several KHS athletes turned in good efforts in the meet. The pole vaulting combination of Brad Jackson and Wade Kreis showed why they will be at, or near the top of that event this season. Jackson, finished second, clearing 11-6, while Kreis was right behind, taking third with his leap of 11-0.

Kreis also had a fine performance in the long jump, where he took second. Kreis leaped 19-5, well behind first-place Bryan Hetzel's mark of 20-11.75.

Junior Travis Jacak once again placed in the high jump, taking third by clearing 6-0. Jacak also added a fifth in the high hurdles (7.1++).

Tony Rix added a fourth in the 400 (58.8), while Andy Mathias finished sixth in the shot put (42-3.5). KHS also took fifth in both the six-lap and 10-lap relays.

Village of Kewaskum NEWS NOTES

The Kewaskum Village Board regrets the fact that no one within the Kewaskum Athletic Association has come forward to run the adult softball league for the 1994 season. The Village Board has also tried to promote private interest in the running and managing of the adult softball leagues, without any interest. It is with these facts the Village of Kewaskum Village Board announces that there will be no planned adult league play for the 1994 season. If you have any questions please call 626-8484.

Consistency Helps KHS Girls Win County Indoor

By Noel Stollenwerk

WEST BEND - A team doesn't necessarily have to win a lot of events to capture the team title in a track invitational. The Kewaskum girls proved that here, last Thursday afternoon at the Washington County Indoor meet.

The Lady Indians won just four events, but showed consistency by placing no lower than fifth in every event. That depth helped KHS edge past West Bend east 110-109, and win the County Indoor title.

Hartford was a distant third (85), followed by West Bend West (61), Slinger (49) and Germantown (48.5).

Junior Missy Rohrer contributed to a pair of the KHS firsts. Rohrer won the 800 (2:39), and then anchored the 3200 relay team to a nearly ten-second win (10:23.4). Other members of the 3200 unit were Nicole Hetzel, Rachel Chambers and Michelle Thull.

The other two Indian wins came from the hurdles corps. Senior Mary Yahr won the 50 highs (7.9), while freshman Heather Downs surprised everyone by taking the 50 low's (7.9).

Perhaps the key to the team title came from the six second-place finishes by the Lady Indians. Senior Ginger Wiesner and junior Greta Kuphal did their part, each collecting a pair of seconds.

Wiesner's 15-3.25 was good enough for second in the high jump, while her time of 67.0 was second only to Hartford's Kate McGrath in the 400.

Kuphal, meanwhile, seems to be returning to her freshman form, after missing nearly all of last season with an injury. The junior sprinter took second in the 220 (29.0) and 50 dash (6.4).

Sophomore Kelly Schreffler added a second in the high jump (4-8), while Marni Lynn pulled off a surprising second in the 3200 (13:12), knocking nearly three-quarters of a minute off her previous time in the event.

Kewaskum finished third in the other two relay events, and got fourths from Michelle Thull in the mile (6:27), and Becky Yogerst in the shot put (32-9).
