Immanuel Lutheran Church to Celebrate 125th Anniversary

Immanuel Lutheran Church in the Town of Scott will be celebrating its 125th Anniversary on Sunday, May 1, 1994. A service beginning at 10 a.m. will be conducted by Pastor William Robinson, with former Pastor Hans Tornow doing the readings. Dr. Wallace Schulz of the Lutheran Hour will deliver the sermon.

A buffet dinner will be served in the church hasement for those that have been confirmed by reservation. A celebration of praise will take place at 1:30 in the afternoon led by the Anniversary Choir and the Sunday School children.

The observance of the 125th Anniversary began in October 1993, with a service recognizing the various organizations of the church. Pastor Paul Robinson gave the sermon and a pot luck dinner followed the service.

On August 29, 1993 all former confirmands were invited to participate in Reunion Sunday. Former Pastor Donald Burgdorf delivered the sermon and former Pastor Robert Wilcken conducted the service. A catered dinner was held in the church base-

3,000 Fish Planted In Milwaukee River Here

The Milwaukee River fish population increased by 3,000 when panfish were planted here on Saturday. The idea, initiated by the Kettle Moraine Sportsmen's Club, quickly caught on with members of the New Fane Sportsmen's Club, Wings Over Wisconsin, and the Gateway Gobblers - National Wild Turkey Federation, who all assisted with financial backing and manpower. The DNR approved all permits needed to "plant" the fish. Town of Scott Residents Needed To Fill Vacant Township Positions

By Bernadette Mondloch

The Town of Scott Board of Supervisors is looking for parties who may be interested in filling several town positions.

One of these positions is that of Ward 1 Town Board Supervisor. As was noted in previous reports, Louis Luedtke won his bid for election on the spring ballot, and later chose not to take the oath, leaving the position unfilled.

To fill the position, the board will need to appoint a Scott resident from Ward 1. Anyone interested in the job is asked to notify Town Clerk Colleen Narbatovics by 5 p.m. on Thursday, May 5.

In a surprise announcement at the April board meeting, Albert Krief submitted his resignation as Recycling Center Attendant, therefore leaving the need to fill that position as soon

No specific reason was given for the resignation. It appeared that Krief was not happy with the way things were being run and therefore decided to find other employment. Interested parties are to contact the Clerk at 626-4230 by April

An updated recycling ordinance is being considered and revisions of the current ordinance have been turned over to the Citizens Committee for recommendations.

As part of the town's highway equipment replacement plan, bid specifications for a new utility truck have been drawn up and are available from the clerk's office. Town Chairman Lester Benzschawel indicated that money for the truck is in the town contingency fund which has been in existence for a number of years so there will be no need to borrow

Bids will need to carry a price which includes a trade-in and also the price with no trade-

During a time reserved for "citizen input" at each meeting, Orville Milaeger, Brazelton Drive asked, "Does the town get notified when properties are divided?" He was questioning a new house being built on State Highway 144.

Benzschawel told him that divisions of land are not specifically sent to the town board and that sale of land is learned about the same as is done by citizens, "in the real estate transfers published by the Register of

Milaeger said, "The town is always saying protect the ag land, protect the ag land, and now they let a home go up on a farm field and nobody seems to know anything about it.'

It was explained that the building inspector is in charge of zoning rules and when application for a building permit is made the zoning restrictions are investigated. If the building complies, the town board learns about it being built through the monthly building inspector

Milaeger questioned an instance in the past where this practice did not work out and a building was occupied without the consent of the building inspector.

He was told that it had happened under the jurisdiction of the former building inspector but the board had no fears of it happening during the present inspectors watchful eye.

School District Receives Computer

GTE has donated a personal computer to the Kewaskum Public Schools as part of an ongoing partnership in education program.

"Computer skills need to be learned at an early age," said GTE local manager Dean Scheel, "The objective of this program is to provide the tools to give students access to and manage information within their normal curriculum."

Scheel delivered the computer to Connie Strand, curriculum coordinator, who commented, "We are most appreciative to GTE for thinking of us. It will definitely be utilized some place in the district."

The computer donation program is an example of the significant resources GTE has committed to educational efforts. Nationwide programs

1) Growth Initiatives for Teachers (GIFT) - which provides opportunities for professional development and school enrichment to secondary public school teachers of math and sci-

2) Scientific American Frontiers, a PBS series underwritten by GTE aimed at junior and senior high school students;

3) Common Sense, a program with the National PTA to help parents prevent the use of alcohol and other drugs by their children.

GTE serves 2360 customer lines in Kewaskum and 420,000 throughout Wisconsin.

Beechwood Lake and that the parking area is being finished. Fellenz is project attendant.

An extended driveway in a "mini sub-division" east of Highway 144 & 28 in the southern part of the town will receive the name "Sandy Hill Lane." Naming the lane does not mean that it is being added to the town road system, but is being done for fire and police protection purposes. The county has a policy which requires any driveways or private roadways be given a name if three or more residences exist on that lane or roadway making it easier to locate these places in the case of emergency.

Legalities of changing County Highway XX, a town road is being investigated and a decision will be made at a later date. The county has suggested the change but needs to investigate its effects because the road extends into neighboring Washington County as County XX. As a town road it would need to have a name change and would no longer be XX in Sheboygan County.

A zoning change from A-1 to A-5 was approved for Peggy Prudell. The property is located at the Southeast corner of County W and State Highway 28 in Section 1.

A change from R-1 to B-3 was approved for a body shop in Batavia owned by Sandra Blaine Clausing and a conditional use permit was issued for the same property.

Conditions were that exhaust must be filtered according to regulation. This also includes sandblasting. Parking can be done in front of the shop only and Department of Natural Resources standards must be met for the nearby creek. The building must comply with State fire inspection DILHR code 30.

All phases of the business must be conducted on the business property. All conditions must be met within six months from the date of approval and will be reviewed after one year and every two years thereafter.

The Town of Scott experienced two large grass fires, one on Sunday afternoon and another on Monday afternoon. Both were in the area of County SS and County W and on Monday threatened a new home and burned approximately 40 acres.

Town Chairman Lester Benzschawel is asking that residents refrain from all types of burning, including burning barrels, until the dry season has passed. The board is considering emergency action so that violators will be able to be prosecuted through the authority of the Sheboygan County Sherif's Department.

Kewaskum Fire and Rescue Squad Calls

Monday, April 18 - The Kewaskum Rescue Squad and Kohlsville First Responders were summoned to the Town of Wayne at 6:56 p.m. for a male patient who suffered injuries when he fell under the blade of a tractor. The patient was transported to St. Joseph's Community Hospital, West Bend. The Fire Department's Jaws of Life also responded, but were not needed.

Wednesday, April 20 - The Kewaskum Fire Department responded to a brush fire at 11:52 a.m. on Prospect and Ridge Road in the Town of Kewaskum.

Thursday, April 21 - The Kewaskum Fire Department responded to a grass fire at 10:51 a.m. on Pine Lane in the Town of Auburn.

Thursday, April 21 - The

Kewaskum Rescue Squad responded at 4:10 p.m. to a car accident in the Town of Kewaskum on Highway B. Three female and two male patients were transported to St. Joseph's Community Hospital, West Bend. The Fire Department's Jaws of Life was also summoned, but were not needed.

Saturday, April 23 - The Kewaskum Rescue Squad responded at 11:15 a.m. to a residence in the Town of Farmington for a male patient who had fallen. The patient was transported to St. Joseph's Community Hospital, West Bend.

Saturday, April 23 - The Kewaskum Rescue Squad responded at 11:51 a.m. to a truck rollover in the Town of Wayne. The female patient was treated by the Kohlsville First Responders prior to the Rescue Squad's arrival. She was transported to St. Joseph's Community Hospital in West

Sunday, April 24 - The Kewaskum Rescue Squad responded at 1:05 a.m. to a male patient who was injured in the Town of Kewaskum. The patient was transported to St. Joseph's Community Hospital, West Bend.

Rodenkirch Wins By One Vote

Dan Rodenkirch knows what its like to be a loser, and a winner... all in the same elec-

As a candidate in the April 5th General Election for the District 11 County Supervisor, Rodenkirch won the election by one vote, but not until after a series of recounts.

The first round of tallying declared Rodenkirch tied with Francis Meyer, with 297 votes each. On April 7th, Meyer's name was drawn from a hat to break the tie and declare a winner. But that wasn't the end of it.

Next, a recount was issued, and the Washington County Board of Canvassers announced Dan Rodenkirch the winner by one vote, 298 to 297. Meyer immediately requested another recount but the results stayed the same. In the end, the men shook hands.

District 11 covers sections of Farmington and Trenton. Rodenkirch succeeds Hilbert Scheunemann, who did not seek re-election.

Immanuel Lutheran Church to Celebrate 125th Anniversary

The old church, which was built in 1885, was destroyed by fire on January 23, 1944.

Fane and St. Stephen's Lutheran Church of Batavia were invited to participate in the service and dinner that followed.

The congregation of Immanuel Lutheran Church was officially established on May 1, 1869. The congregation, consisting of just a few families, did not have the financial means to support their own pastor. They appealed to Reverend G.F.Schilling, who at that time was stationed at New Fane. Pastor Schilling preached every second or third Sunday. Ont he other Sundays, Mr. Ernst Plehn, teacher of the congregation, would read from a collection of sermons. The services were conducted in the homes of the various members.

In the summer of 1869 the congregation purchased four acres of land and built their first church, a log cabin. A cemetery was also established. In 1873 a residence for the teacher was erected, and in 1882 it was

enlarged to serve as a parsonage.

The Reverend G.F. Schilling served this congregation until 1882. Reverend C.M. Otto was installed on May 7, 1882. The church membership grew so rapidly that soon the log cabin church proved to be too small. A new church was built and dedicated on November 8, 1885. A new parsonage was erected in 1886 and a new schoolhouse was built in 1909.

Reverend C.M. Otto resigned in the summer of 1910 after 28 years of service. As his successor, the congregation called Reverend G. Kaniess from Ashland, Wisconsin, who was installed on October 9, 1910.

In 1917 general remodeling was done to the church and modern heating was added. In 1918 the parsonage and school were wired for electric lighting.

The year 1919 marked the 50th Anniversary of the congregation. The golden jubilee was celebrated in three special services during June.

In 1926 a pipeless furnace was installed in the parsonage.

In 1929 a new pipe organ was purchased and in 1940 a water system was installed in the parsonage. In 1929 a new pipe organ was purchased and in 1940 a water system was installed in the parsonage and the school building.

On January 23, 1944 the church was destroyed by fire. Since this was during World War II building materials were restricted, but after corresponding with the officials in Washington the congregation received permission to build a new church.

On the first Sunday in July, 1945 the new church was dedicated. The congregation celebrated its diamond jubilee in 1945 in the newly erected church.

Pastor Kaniess retired in September of 1947 after almost 37 years of faithful service. The new pastor, Reverend Hans Tornow was installed on October 12, 1947.

Sunday School for children began under the leadership of Reverend Tornow. Ushers were appointed to help at services and Vacation Bible School was introduced. A 10 rank pipe organ was purchased and is still used today.

In February of 1954 Pastor Tornow accepted a call to Trinity Lutheran Church in Sheboygan. Reverend Edgar Engelking was installed in June of 1954. A new parsonage was constructed in 1963.

Pastor Engelking accepted a call to St. John in Algoma and in October of 1963 Reverend Donald Burgdorf accepted the call to Immanual.

Improvements and changes made in the 1960's include the enlargement of the parking lot, new driveway, new cemetery, ceiling fans, a janitor was hired, the constitution was revised and a two service schedule was begun

The Centennial Celebration was held in 1969. In preparation for this occasion extensive redecoration of the church took place. In addition to repainting, new carpeting and stained glass windows were installed.

In January of 1974 Pastor Burgdorf accepted a call to Dublin, Georgia. Pastor Robert Wilcken was installed in June of 1974. The congregation continued with upkeep and improvement of the church and grounds by installing a new boiler, adding carpeting in the church entrance, narthex, elders room and pastor's room, installing folding doors in the basement to divide the classrooms, installing ceiling fans, constructing a storage shed, and blacktopping the church and parsonage driveways as well as both parking lots.

Pastor Wilcken left for Ames, Iowa in October of 1981 at which time Immanuel entered into a dual parish arrangement with St. Stephen's of Batavia. Pastor William Robinson accepted the call to serve the dual parish as he does to this

In recent years, the congregation had an elevator installed to accommodate the handicapped. New bathrooms were

constructed and a classroom and storage room replaced the basement stage:

In anticipation of the 125th Anniversary celebration, intensive redecorating of the church took place. Radiator enclosures were purchased, the entire church was repainted, and woodwork was cleaned and revarnished. New carpeting was installed, a new chair and step railings were built in the chancel. Privacy rails were added, and a storage display cabinet was built in the room accommodating the bulletin boxes. The light fixtures were remodeled and a new sound system was installed.

Every organization of the church contributed or had a special project directly dedicated to the 125th Anniversary. The church is fortunate to have members who were willing to volunteer their time and graciously donate materials to complete the various redecoration projects.

The congregation presently numbers 183 family units made up of some 354 communicant members. In the Sunday School at the present time there are 46 children taught by nine teachers.

The ministrations of the church involved a total of 1066 baptisms, 176 in the past 25 years. There have been 961 confirmed, with 187 of them taking place in the last 25 years.

419 funerals were recorded, with 79 of them taking place since the 100th Anniversary, and 374 weddings have been solemnized, 97 in the last 25 years.

The 125th Anniversary Organizational committee is chaired by Delmar Kempf. Other members are Pastor Robinson, Reuben Harter, Lynes Fellenz, Jeanne Jacak, Russell Kempf, Darlis Kempf, Kris Heise and Melvin Moths. Planning and implementing the anniversary celebrations required utilization of the heads, hearts, and hands of many people. Committee members, along with numerous other volunteers, worked together to make sure each event would be memorable for everyone who participated.

An Anniversary Choir was formed and sang at each event. Several mementos were made available to commemorate the anniversary. These mementos included a cookbook containing recipes from members of the congregation, and anniversary plates and trivets depicting the old and new churches.

An anniversary booklet containing historical data and family pictures of members of the congregation was completed.

The theme for the 125th Anniversary celebration is "Our Faith, Our Hope, Our Trust." These words focus our attention to the One who has made our history possible: Our Lord and gracious Savior, Jesus Christ! For all of these 125 years, He has called and kept us together through the Good News of salvation. With his Holy Spirit empowering us, the Lord has sent us out into this community and world to let the light of His forgiving love shine brightly. As we walk ahead into the future, we do so with our faith, our hope and our trust.

Dr. Wallace Schulz will be the guest speaker at the May 1, 1994, 125th anniversary celebration of Immanuel Lutheran Church in the Town of Scott. Dr. Schulz, speaker of the Lutheran Hour, has served in that capacity since April 1, 1977.

The former Virginia Nease of Olney, Ill. and Al were married on April 29, 1944 in Messiah Lutheran Church in Clearing, Ill. (a sub. of Chicago), by Pastor Vatthauer.

After 37 years in Chicago, Al retired as a factory representative from Sunnyside Products of Chicago and Wheeling, Ill.

After retiring back to Wisconsin Virginia retired from Reliable of Campbellsport as an inspector.

Al and Virg have two sons, Richard and wife Kim of Crystal Lake, Ill., with one daughter and three sons and Robert and his wife Margaret of Mt. Prospect, Ill with two daughters, and one son and one grandson.

Al and Virg are active members of St. Johns Lutheran Church in New Fane, where Al served as chairman for six years and is presently chairman of the AAL Branch #6811 of New Fane.

Women's Club to Meet April 28

The Kewaskum Women's Club will hold their April meeting in the Community Room on Thursday, April 28, at 7:30 p.m.

The program will be "Angels of the Battlefield." There will be a display and talk by the group on the Civil War. This is the group that appears at the Kewaskum Kettle Kountry Kolors Festival in October.

Hostesses for the evening will be Shirley Kirkham and Rita Etta. Everyone is welcome to attend this interesting evening of Civil War memories.

If you are interested in joining the Women's Club, this would be a good meeting to join us and see if you like us. New members are always welcome.

Pfc. Harvey Techtman, son of Mr. and Mrs. William Techtman, is the first Kewaskum soldier to return home from action in the Italian theatre of the war. He arrived here on a furlough on Wednesday of this week after nearly 18 months of duty overseas. Pfc. Techtman wears the good conduct medal and ribbon for service in the European theatre of operations which also contains a bronze star indicating his participation in one major battle. All of these decorations were awarded to him in Italy.

This Saturday the three first place winners from the Kewaskum High School in the Tri-County league forensic contest held in Lomira last Friday will go to DePere to compete in the district contest. Miss Hulda Kohlbeck, the forensic coach, will accompany them. The contestants are Miss Lois Koch, extemporaneous speaker; Rachel Brauchle, humorous declaimer, and Mary Bremser, serious declaimer.

In a transaction completed on Monday of this week, the Kewaskum Fire Department purchased the Brunner tavern, residence building and property next to the village hall. The purchase was made from Mrs. Anna Brunner of Milwaukee, owner, who with her late husband, John Brunner, formerly conducted the tavern business in the building. At present the tavern is operated by Edwin Bartelt. The firemen purchased the property so that in case the village board at some future time wants to enlarge or rebuild the village hall and fire department quarters, they will have the space for it. The village hall also houses the public library. Plans for the present are to have Mr. Bartelt continue in business in the tavern, renting same from the firemen.

Pvc. Henry O. Backhaus. son of Mr. and Mrs. Christian Backhaus, of Kewaskum, who is stationed in Brazil, South America, wrote his mother the other day telling of a rather important visitor they had on the 11th of March. The visitor was none other than Mrs. Franklin D. Roosevelt, wife of the president. Henry wrote that her coming meant extra long hours of work for the guard squadron. Pfc. Backhaus was guard for Mrs. Roosevelt for several hours. According to his letter, she was given a real reception, which even the Brazilians took part in.

The calendar says its Spring and even the robins are returning, but the past week seemed more like winter was starting. We had two heavy snowfalls, one on Sunday night and the other on Tuesday night. It snowed all during the night on Tuesday and by Wednesday we saw the heaviest fall that was had at any one time all during the winter, which was the warmest on record here and with the least snow. Tuesday's snowfall measured three to four inch-

es. A high wind accompanied the fall but the snow was wet and didn't drift.

Miss Marjorie Laatsch, daughter of Mr. and Mrs. Henry M. Laatsch, Route 1, Kewaskum, became the bride of Merlin Degnitz, son of Mr. and Mrs. Carl Degnitz Jr. of Route 1, Fredonia, in a nuptial ceremony read in St. Michael's Church, St. Michaels on Saturday morning.

The beautiful new Sacred Heart Catholic Church at Allenton narrowly escaped destruction Thursday morning when flames were discovered issuing from the floor in the sanctuary. An alarm was immediately turned in and the volunteer fire department responded promptly, thus checking the flames before they had gained sufficient headway to endanger the entire structure. The damage therefore was slight and consisted of a small hole being burned in the sanctuary floor. The church was completed in May, 1917 and was a beautiful piece of workmanship.

A stock company organized at Schleisingerville is planning on buying the former L. Rosenheimer store in that village and converting same into a toy factory. The new industry will employ fifteen men to begin with.

Fred Backhaus, residing about one mile southwest of this village, is suffering from two fractured ribs which he sustained by falling through from the second barn floor. Mr. Backhaus was doing chores in the evening when the accident happened.

A law passed by Congress in 1918 goes into effect May 1, next, providing that all patrons of ice cream parlors must pay a tax of one cent for every ten cents or fraction thereof of the amount paid to any person conducting an ice cream parlor or soda fountain.

A Message from the Postmaster

Hello Kewaskum Statesman readers! Well, with a little bit of luck, maybe... just maybe... Spring is here, huh? Along with most of you... I AM READY!

Mom and dad will be returning from Florida on May 9th and getting very excited about that. Many of our "local snowbirds" have arrived and are arriving so "welcome back to all of you!"

Soon, Chrystal will be out of school for another year and I am planning ahead for this one: I have started making weekly treks to Milwaukee to begin the "moving process." She and Mike will again be working at Great America for the summer. Chrystal is very excited about this as she is an official recruiter for Great America this year and will be having an office job at the park. (For those of you that have asked about the "family"... there is your update, ok?)

In this week's column, have some questions and answers that I hope you find interesting and informative:

QUESTION: I live on a rural route and received a letter that was 23 cents postage due. There was a brown envelope in the mail (along with the postage due letter). Did someone pay that amount or does the Postal Service just pay it somehow?

ANSWER: When you have a postage due, the brown envelope will tell you IF the carrier paid it or IF it is at the Post Office for pickup. IF the brown envelope states: "balance due the carrier," that means that the carrier has paid the postage due out of their personal funds and expects reimbursement from you. If the brown envelope just states "postage due" ... that means that the letter has been attempted, you were not home and the letter is awaiting payment and pickup at the Post Office.

QUESTION: I am "new" to the Kewaskum area and lived in the city of Fond du Lac prior to this. I live on a rural route. Can you tell me any advantages of living on a rural route as far as buying stamps, mailing packages, etc.?

ANSWER: On a rural route, that little mailbox (with a flag attached) is like your "own little post office." The rural carriers will supply you with a bright orange envelope and you can order whatever you would

like... just as if you would visit the Post Office in person. Please keep in mind that the self-adhesive stamps are \$5.22 for a sheet of 18 and the regular books are \$5.80 for 20. If you do not see the item listed that you would like... there is space to "write in" your order. Mailing a package from your rural box? Place the parcel inside the mailbox with equal or more than enough money enclosed. The carrier will take the package back to the post office, have it weighed and have postage affixed and the following day, you will receive a receipt and your change in an orange envelope. Basically, ANYTHING that you come to the post office for physically, can be done right "out of that little mailbox. Please feel free to call me for more details.

QUESTION: A friend of mine told me that the Postal Service will be giving the clerkcarrier test sometime this year. Can you give me any more information on this?

ANSWER: GOOD OUES-TION! Yes... I have been advised by officials in Milwaukee that the clerk-carrier exam will be given for the Kewaskum and surrounding areas sometime this year. Please remember that the 1-800 number ads you may have seen in the paper are NOT postal affiliated. As soon as I get the information, it will be in the Kewaskum Statesman and posted in area businesses and the Post Office so those that are interested can stop in and pick up an application for the test. Please be advised that this is JUST to set up a register for FUTURE employment. I do have a so-called "job hotline" phone number that I will be more than happy to give out to anyone that is interested. Just stop in or call me at 626-2575 for this okay? Also ... rural applications are taken on an ongoing basis and this test IS separate from the clerk-carrier exam. Sample questions and answers for the clerk-carrier exam can be "checked out" at the library... you would ask for the "clerk carrier study guide and that will give you sample questions and answers for this test okay?

Well, that is about it for questions and answers for this time. Again, I thank the many customers that do stop in and comment on this column, give me "input" on what they want to see in future columns and CER-TAINLY, "last, but not least," to Lana and the crew at the Statesman for "allowing me the room" to write this article. I love doing it and as I have said many times before... there are so many things that you... as our customers just do not know about the Postal Service. It is no "dark secret"... just being able to have the "space " to relate these things to you... makes my job just a little more "special." THANK YOU, ONE AND

Postmaster's Tip of the Week: Wedding in the near future? PLEASE make sure that your invitations go out with the PROPER postage. There is nothing more embarrassing than the future bride and groom hearing... "yep, got your invitation and had to pay 23 cents extra to receive it." We will gladly weigh them to preclude this from happening, okay?

Until next time... TRY to have a GOOD DAY... a HAPPY EVERY DAY!

Your Postmaster, Bonnie

New Law Makes Improvements In State Veterans' Benefits

Gov. Tommy Thompson recently signed legislation that makes comprehensive changes in state veterans' benefits.

The new law extends eligibility for Wisconsin Department of Veterans affairs (WDVA) benefits to veterans who served on active duty for at least 90 days during the Persian Gulf War. This modifies the previous requirement which required service in the Middle East during the Gulf War or having been called up for active duty during the war as a member of the National Guard or Reserves. This change ensures that Persian Gulf War veterans are treated the same as veterans from other

In addition, the new law creates a tuition reimbursement program for veterans who have been out of military service six years or less. Through this pro-

gram, veterans attending a school in the University of Wisconsin system or the Vocational, Technical and Adult Education System may be reimbursed up to 25 percent of the cost of their tuition and fees beginning with the spring 1995 semester. To qualify for reimbursement, the combined annual income of the veteran plus spouse may not exceed \$47,500.

The new law also enables the WDVA to restart the popular Consumer Loan Program, which offers low-interest rate loans for debt consolidation, education and a variety of other purposes. WDVA estimates that \$15 million will be available for the program.

Last fall, \$20 million in funding for the Consumer Loan Program was committed in less than two months. The repayment of WDVA consumer loans generates revenue for the Veterans Trust Fund, which is used to finance other loan and grant programs for state veter-

The same law will enable more veterans to qualify for a WDVA primary mortgage home loan. "Previously, many veterans could not qualify for the loan if their annual income plus their spouse's exceeded the \$45,000 limit," said Richard Baker, Washington County Veterans Service Officer. Due to federal law, however, the combined (veteran plus spouse) annual income limit is still in effect for veterans who entered active duty service after Jan. 1, 1977 or who left active duty more than 30 years ago. This income limit will increase to \$47,500 after June 30, this year.

It is suggested that you contact your veterans service officer

Home Links Unkind to KHS

By Noel Stollenwerk

KEWASKUM - After a relatively slow start so far this season, Kewaskum golf coach Joe Harlow was looking for some improvement from his troops in the team's first home meet of the season last Thursday.

What he found was more of the same by his golfers, who dropped a 174-194 decision to New Holstein at Hon-E-Kor Country Club.

"We got beat pretty soundly," Harlow said of the outcome. "They (the Huskies) are pretty good. But it was pretty disappointing, the way we played."

A pair of KHS players shot respectible rounds. Gregg Serwe and Matt Heather each broke the 50 mark with a 45 and 48,

respectively.

"They did pretty well," Harlow noted of the two sophomores. "I thought (Serwe) played fairly decent."

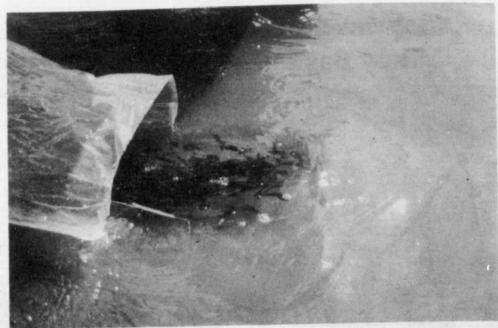

But no other Indian starter was able to shoot better than a 50. On the other hand, all four New Holstein counters shot 48 or better. Kurt Bertram led the way, as his 41 was good enough for meet medalist.

"We just haven't had anything consistent from our guys," Harlow noted.

KEWASKUM (194) - Serwe 45, Heather 48, Luke Chesak 50, Jeff Heller 51.

NEW HOLSTEIN - (174) -Betram 41, Nick Goebel 42, Jason Goeben 43, Dan Julka 48.

Lady Indians Keep Rolling

By Noel Stollenwerk

KEWASKUM - The Kewaskum girls track team has won every meet and Invitational it has been in this year, and the Lady Indians kept on rolling here, last Tuesday afternoon.

Running against Sheboygan Falls and Chilton, the Lady Indians had a relatively easy time of things on their home track. Kewaskum chalked up 95 points to easily outdistance Falls (50), and the Tigers (29).

"We have a lot more talent than either of the two teams," KHS coach Perry Koth said of the outcome. "I really had thought that Sheboygan Falls was going to be strong this year. but as it turns out, they lost quite a bit (through graduation),

The Indians, meanwhile, lost very few events on this day. Of the 17 races or competitions, Kewaskum came away with 14 firsts. This coming in a meet which Koth said he used "as a workout type deal.

Junior Greta Kuphal and freshman Marni Lynn each accounted for three KHS victories. Kuphal won the 100 (13.1), 200 (28.1), and ran a leg in the 1600 relay (4:38.7). Others in the 1600 unit were Mary Yahr, Missy Rohrer, and Jamie Gaffke.

Lynn, meanwhile, continues to impress. The frosh sensation won the 1600 (5:57.6), the 3200 (12:53), and ran a leg in the 3200 relay (11:19.7), along with Rohrer, Nicole Hetzel and Rachel Chambers.

"She's been running very well," Koth said of Lynn. Kuphal, meanwhile, had "her best time ever" in the 100 dash. according to the KHS coach.

Ginger Wiesner was a double winner, taking the long jump (14-11) and 400 (65.8). Becky Yogerst also doubled, winning the shot put (31-8) and discus (97-0).

The hurdles combination of Heather Downs and Yahr "is looking really good right now," according to Koth. The pair finished 1-2 in the 100's.

Koth also praised freshman Jenny Jagielski, whose 13.6 in the 100 dash "is really getting down there."

KHS Girls Win Again

PLYMOUTH - Another supposed light workout translated into another triangular victory for the Kewaskum girls track team here, last Thursday after-

Neither host Plymouth, nor Kiel had enough firepower to match the Lady Indians, who ran to a 77-point total. That was more than enough needed to beat the Panthers (53) and the Raiders (45).

"We shifted a lot of people around for this one," Kewaskum coach Perry Koth said of the meet, which came two days before the Lady Indians were to run in the competitive Concordia Invitational. "We held certain people out, and made some others run different events."

Despite the shifting, the Indians easily ran away with victory after victory. Leading the way were double-winners Becky Yogerst and Greta

Kuphal. Yogerst won the shot put (33-5) and discus (101-8), the latter mark representing a season-best. Her previous top throw was 89 feet.

"That's a pretty good jump," Koth said of the improvement. "That's really good to see, because I think we needed someone to get up there in the 100's (feet)."

Also in the weight events, Yogerst's sister Katie threw the discus 97 feet. "That's real good, because she is still learning the technique," Koth pointed

Kuphal meanwhile, had no trouble winning the 100 dash (13.71) and 200 dash (27.45).

The hurdles duo of Heather Downs and Mary Yahr continued to impress Koth. Going against the Eastern Wisconsin Conference's top hurdler, Plymouth's Kim Steinke, Downs was leading the 100's until the second-last hurdle, which she hit. Stienke went on to win the race, and Downs was third in 17.83.

"They were both right with her (Steinke)," Koth said of Downs and Yahr. "That'll be a real interesting race come the conference meet.

Yahr also added a 50.8 in the 300's. "That's her best time, and she still hasn't really learned the race yet," Koth said. "She still is starting out too fast. Once she learns how to race that one, she'll be below 50 (seconds)."

Freshman Marni Lynn ran the 800, and turned in the team's best time of the year (2:36.3). Koth's biggest problem with Lynn may be trying to find the right events to run her in, as she has won the 800, 1600, 3200 and also ran legs in the 3200

Liniment in large doses will be the call for some hearty local residents when "Bob" Crosby brings his real live donkeys to Kewaskum for a Donkey Basketball Show.

The event will be sponsored by the Kewaskum FFA Alumni and will be held at the Kewaskum High School Field House on Monday, May 2, starting at 7:30 p.m. The matchups will feature local fire department personnel, high school faculty and students.

All teams have been training extensively for this monumental event. Team coaches want to be ready physically and mentally, and rumor has it that expert rodeo riders have been contacted on their expertise in riding.

Winners of the two games will meet head-on in an eight minute championship bout immediately following the second game. Each of the first rounds will consist of two eightminute halves with a 15 minute intermission between games.

OUR JOBS ARE KILLING US

wenty three years ago Congress enacted the Occupational Safety and Health Act, which promised a safe job for every American worker.

Since that time, nearly two million American workers have been killed by workplace hazards. Every 5 seconds another worker is killed, injured, or made sick on the job — seven million workers each year.

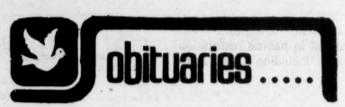

It's time to stop the carnage in America's workplaces.

On April 28, the unions of the AFL-CIO observe Workers Memorial Day to remember workers who have suffered and died on the job and to renew our commitment to preventing these tragedies in the future. April 28th was chosen because it is the anniversary of the Occupational Safety and Health Act, and the day the Canadian Labor Congress organizes a similar day in Canada. This year marks the AFL-CIO's sixth observance of Workers Memorial Day.

In addition to paying tribute to workers who have been the victims of unsafe working conditions, this year on Workers Memorial Day unions have a real opportunity to win changes in the OSHA law that will give workers greater rights and protections. For 12 years the Reagan and Bush Administrations neglected workplace safety and workers paid the price. The United States now has the highest rate of job injuries and illnesses in more than a decade. On Workers Memorial Day, trade unionists can take action to raise public awareness about the epidemic of workplace injuries and illnesses and organize support for passage of comprehensive OSHA Reform legislation now pending in the Congress.

The trick is getting the first bird to go where you want them to go. Wings Over Wisconsin - Kettle Moraine Chapter released 40 hens and 15 rooster pheasants at this 30 acre site in Kewaskum.

Photo by Sharon Callaway Roznik

By Sharon Callaway Roznik

Kettle Moraine Wings Over Wisconsin is working hard to increase the wild pheasant population and habitat in the restoration project area, north of Kewaskum.

On Thursday, April 21st, Wings Over Wisconsin released 55 wild Iowa pheasants on 30 acres in a cooperative effort between Wings, the DNR and private landowners.

Other releases took place throughout the 9,000 acre project area that's been set aside for a three year Iowa pheasant release, beginning with this year. The released birds totaled 300 that day in the Kettle Moraine Area.

The Iowa birds are the first generation hatched from wild parents which were trapped and bred. "They are not game farm birds," adds Chad Zembroski, Wildlife Project Coordinator for Wings Over Wisconsin. "They have basically the same general appearance as other pheasants, maybe a little larger. The basic difference is in their behavior and intelligence."

The pheasants are trapped live in early fall or winter, the eggs are collected and incubated in Wisconsin. The hatchlings are held over the winter and released in Spring. There is a mutual trading agreement in which Iowa trades pheasants for Wisconsin wild turkeys.

Nearly all Wings Over Wisconsin Chapters are involved in habitat restoration projects, including 82,000 acres of Habitat Restoration areas in nine Wisconsin counties... with more projects on the way. The organization concentrates its efforts in Wisconsin, and only in Wisconsin, with all monies raised remaining in this state.

Chapters work hard to help provide private landowners with habitat, distribution of corn and sorghum for the planting of winter feed plots, and cooperative funding for those willing to commit their property to wild bird habitat.

Wings Over Wisconsin was organized in 1980 by twelve Waupun-area sportsmen who were aware of the decline in upland bird habitat in eastcentral Wisconsin, who cared deeply about it, and who went to work in order to reverse it. By 1994, the original group of twelve had grown to 4,000 with chapters across Wisconsin.

The Kettle Moraine Chapter will be releasing another 500 pheasants each in '95 and '96. Over 200 additional acres of wildlife habitat has been added to the project area, thanks to all those local landowners participating in this effort. Wings would not be able to do it without them.

Through this project, the Chapter is hoping to improve the countryside for all wildlife species while still sustaining profitable agriculture.

If any local landowners

are interested in being a part of this project, please contact Project Coordinator Chad Zembroski at 387-5298. By working together, the local Kettle Moraine Chapter's

Regular Meeting April 4, 1994 8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Robert Wagner presided. All Trustee Members were present. A quorum was present

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee Robert Beisbier, seconded by Trustee Harry Roecker and unanimously carried by voice vote, the minutes of the March 21, 1994 meeting were approved as printed.

Sealed bids for the sale of the 1992 squad car were opened and read aloud as follows:

Suburban Auto Sales, Minnea-

polis, MN. - \$4,029.00

Diversi Fleet, Kansas City, Kansas - \$6,200.00

Welcome Motors, Chicago, IL - \$6,220.00

Cheyka Motors, Schofield, WI

\$6,742.14 Winners Motors Corp.,

Woodside, NY. \$6,372.00

Crown Motors, Long Island City, NY. \$5,289.00

Chicago Motors, Chicago, IL \$6,151,00

On a motion by Trustee David Goeden, seconded by Trustee Robert Beisbier and unanimously carried by voice vote, the Board turned the bids over to Police Chief Richard Knoebel for review and a recommendation.

Fire Chief Mark Groeschel informed the Board that the sealing of the floor within the Fire House is progressing better now and that if all goes as planned it will be completed by the next Board meeting.

Fire Chief Mark Groeschel also asked the Board to think about the possibility of hiring one full time Fireman to lighten the work load of the entire membership. The Board indicated the Officers should put together a job description and some estimated cost.

Chief of Police Richard L, Knoebel reviewed the Annual Report of the Kewaskum Police Department for the Year 1993 as

1. Total index crimes, those reported to the State on a monthly

basis, decreased by 38% in 1993, largely due to a decrease in theft and burglary.

2. During 1993, all crime rates in Kewaskum were considerably less than both those of comparable cities and those of the entire state.

3. During 1993, 32 of 70 or 45.7% of reported index crimes were cleared by arrest. While this 1993 clearance rate is more than the 1992 statewide clearance rate of 24.6%, it is less than the 1992 Kewaskum clearance rate of 52.8%.

4. Total adult arrests decreased by 22.8% for 272 in 1992 to 210 in 1993.

 Total juvenile arrests decreased by 28.8% for 156 during 1992 to 111 in 1993.

6. While the overall property recovery rate of 47.5% in 1993 was less than the overall Kewaskum recovery rate of 58.9% in 1992, it is much greater than the estimated Statewide recovery rate of 35.2% in 1993.

7. There were a total of 554 traffic citations issued in 1993, while there were a total of 1,906 traffic warnings given during the same period. That is one citation issued for approximately every five vehicles stopped by the Kewaskum Police Department in 1993.

8. The Kewaskum Police Department handled 1,547 complaints in 1993 compared to 1,688 in 1992.

 The Kewaskum Police patrolled a total of 63,240 miles in 1993.

On a motion by Trustee Gary Gavin, seconded by Trustee Harry Roecker and unanimously carried by voice vote, the Board authorized the advertising of bids for the milling of asphalt and laying of asphalt on Prospect Road.

Director of Public Works Jerry Gilles informed the Board of a water main break at the intersection of Western and Braatz, the removal of a portion of the railroad siding south of Main Street along Railroad Street, and future removal of the railroad siding adjacent to Regal Ware along Second Street. Two quotes were reviewed for six headers at the Water Pollution Control Plant as follows:

William/Reid Ltd., Germantown, WI \$12,700.00

J.F. Ahern Co., Fond du Lac, WI \$10,200.00

On a motion by Trustee Thomas McElhatton, seconded by Trustee Robert Beisbier, and unanimously carried by voice vote, the Board authorized purchasing the headers for the WPC Dept. from the low bidder J.F. Ahern Co. at a cost of \$10,200.00.

On a motion by Trustee Thomas McElhatton, seconded by Trustee David Goeden and unanimously carried by voice vote, the Board approved the application for an Operator's License upon proper payment of fees and documentation and authorized the office to issue said license as follows:

Olig, Jeffrey L., West Bend,

Note: The Police Department had no objections to any of the applications.

Administrator Daniel S. Schmidt reviewed the following:

1) Notice of Meeting of Board of Review, May 9, 1994 from 12:30 p.m. to 4:30 p.m. and notice of the Assessor's Open Book, April 18, 1994 from 1:00 p.m. to 6:00 p.m.

2) League and other bulletins regarding pending legislation.

 Spring Clean-Up reminder for April 23, 1994.

On a motion by Trustee David Goeden, seconded by Trustee Charles Waala and unanimously carried by voice vote, the Board approved the payment of all bills as recommended by the Administrative Committee. The total of all claims as recommended are as follows:

General 747,455.31
Sewer 56,600.33
Water 30,928.69
Payroll 26,404.76
Total 861,389.09
P/R Ck #4940 - #4989

A/P Ck #7443 - #7541 On a motion by Trustee Harry Roecker, seconded by Trustee Robert Beisbier and unanimously carried by voice vote, the Board promoted (hired) Robert Manthei to serve as the Lead Plant Operator/Lab Technician effective April 7, 1994 at the starting pay of \$12.71 per hour. This is as recommended by the Administrative Committee and reported by Trustee Thomas McElhatton, Chairman.

On a motion by Trustee Gary Gavin, seconded by Trustee Charles Waala and unanimously carried by voice vote, the Board authorized the posting of the vacancy for the position of Plant Operator/Lab Technician. This is as recommended by the Administrative Committee and reported by Trustee Thomas McElhatton, Chairman.

On a motion by Trustee Gary Gavin, seconded by Trustee Thomas McElhatton and carried by the majority voice vote, the Board directed the Police Chief to prepare an ordinance regarding trailers parked on streets for more than 48 hours and that when moved they should move more than 60 feet. Trustee David Goeden voted "Nay." This is as reported by the Chairman of the Protection and Public Safety Committee, Trustee Robert Beis-

Chairman of the Park and Recreation Committee, Gary Gavin reported on the following two matters favorably from the Committee.

On a motion by Trustee David

Goeden, seconded by Trustee Robert Beisbier and unanimously carried by voice vote, the Board approved the low quote of T.P. Construction, Fredonia, WI of \$2,950.00 for the concrete work on the new ramp on the west side of the dam.

On a motion by Trustee Thomas McElhatton, seconded by Trustee David Goeden and unanimously carried by voice vote, the Board approved the installation of security fencing for the SW ball field and swimming pool from Century Fence Co. at a cost of \$13,855.00 in the KKCP. It was further noted that at a later date a transfer of funds will be required to pay for the aforementioned.

Board Representative for the Plan Commission, Trustee Thomas McElhatton reported that the Commission reviewed and recommended the preliminary subdivision plat for Sunset Estates Phase I. It was further noted that all of the development is zoned R-1 Single Family Residents District, but that at both Commission meetings of February and March discussion was held on the possible rezoning of some lots to duplex R-3 Two Family Residents District, because of the conservancy area.

Trustee McElhatton also informed the Board that Mr. Rick Kania was to review Chapter IV of the Land Use Plan.

RESOLUTION NO. 94-9 STATE TRUST FUND LOAN FOR THE PURPOSE OF VILLAGE **PUBLIC IMPROVEMENTS**

FORM OF RECORD

The following preamble and resolutions were presented by Trustee David Goeden and were read to the meeting.

By the provisions of Sec. 67.05(5) (b) of the Wisconsin Statutes, all municipalities may borrow money for such purposes in the manner pre-

By the provisions of Chapter 24 of the Wisconsin Statutes, The Board of Commissioners of Public Lands of Wisconsin is authorized to make loans from the State Trust Funds to municipalities for such purposes. (Municipality as defined by Sec. 24.60(2), Wisconsin Statutes, means a town, village, city, county, public inland lake protection and rehabilitation district, town sanitary district created under s. 60.71 or 60.72, metropolitan sewerage district created under s. 66.22 or 66.882, joint sewerage system created under s. 144.07(4), school district or vocational, technical and adult education district.)

THEREFORE, BE IT RESOLVED, that the Village of Kewaskum in the County of Washington, Wisconsin, borrow from the Trust Funds of the State of Wisconsin, the sum of Four Hundred Fifty Thousand Dollars (\$450,000.00) for the purpose of building a Sludge Storage Facility, and for no other purpose.

The loan is to be payable within twenty (20) years from the 15th day of March preceding the date the loan is made. The loan will be repaid in annual principal installments with interest at the rate of 5.50 percent per annum from the date of making the loan to the 15th day of March next and thereafter annually as provided by law.

RESOLVED FURTHER, that there shall be raised and there is levied upon all taxable property, within the Village of Kewaskum, in the County of Washington, Wisconsin, a direct annual tax for the purpose of paying interest and principal on the loan as they beco

RESOLVED FURTHER, that no money obtained by the Village of Kewaskum by such loan from the state be applied or paid out for any purpose except in building the Sludge Storage Facility without the consent of the Board of Commissioners of Public Lands.

RESOLVED FURTHER, that in case the Board of Commissioners of Public Lands agrees to make the loan, that the president and clerk of the Village of Kewaskum in the County of Washington, Wisconsin, are authorized and empowered, in the name of the village to execute and deliver to the Commission certificates of indebtedness, in such form as required by the Commission, for any sum of money that may be loaned to the Village pursuant to this resolution. The President and Clerk of the Village will perform all necessary actions to fully carry out the provisions of Chapter 24 and Sec. 67.05 (5) (b), Wisconsin Statutes, and these resolutions.

RESOLVED FURTHER, that this preamble and these resolutions and the aye and no vote by which they were adopted, be recorded, and that the Clerk of this Village forward this certified record, along with the application for the loan to the Board of Commissioners of Public Lands of Wisconsin.

Kohlsville Kruisers Snowmobile Club **Purchases New Drag for Grooming Trails**

On April 5th, the Kohlsville Kruisers Snowmobile Club purchased a new drag for grooming their trails. The new equipment was purchased from Charles Vogel Ent. in St. Germain, Wisconsin, for \$5,300. Members of the club as well as some local businesses loaned and donated \$3,900 towards the new groomer. Special thanks go to Van Beek Cycle, Midcities Motorsports, The Hitching Post and MJ's Tavern for their help. Just a reminder to those people who use the trails in our area... without local clubs and volunteers, snowmobiling would not be possible. Please join a club in your area and do your part to keep the sport going strong. For more information, call Brian Oelhafen at 488-4300.

Veterans Can Receive Treatment At Middleton Veterans Hospital

WEST BEND Many veterans needing hospitalization, for conditions not caused by service, are again eligible to receive inpatient treatment at the William S. Middleton Memorial Veterans Hospital located in Madison.

Treatment at VA hospitals has been generally limited to service connected conditions or to those veterans whose incomes prevent them from seeking treatment elsewhere. The Middleton Veterans hospital will now provide inpatient treatment to those veterans who have been known

as Category C veterans.

A Category C veteran may be treated by the VA if space and resources are available. They are charged a co-payment for their care. They are the veterans, with medical conditions not related to their military service, who are considered to have sufficient income to obtain civilian care. In fact, however, they are often among the people who "fall between the cracks," too much income to qualify for any assistance and too little income to provide for themselves.

The continued demand by

service disabled and low income veterans for outpatient care precludes opening it up to Category C veterans at this time.

Persons desiring more information should contact their County Veterans Service Officer or Washington County Veterans Service office at 644-5204 ext. 4457 or 342-2929 ext. 4457 or 335-4457.

WANT ADS get RESULTS

Put It In Writing

By Jack Trzebiatowski Washington County Agriculture Agent

Many farm families are involved in preparing or adjusting various business arrangements. These might be as simple as renting a few acres for cash rent from a neighbor, or as complex as transferring the farm business to another family mem-

Too often these arrangements are made verbally, or with a handshake. This may have been adequate in the past, and may still work for some people. However, it is risky today.

The process of developing some type of written agreement raises the questions of what should be included. This will raise many important items early in the process that can then be included in the agreement.

All agreements will terminate at some point. One of the first items to discuss is how the agreement will terminate. If parties cannot agree how to take some arrangement apart, it may be best not to put it together.

Once people have raised the questions and reached an understanding of how the arrangement will work, this can be put in writing.

Agreements do not always need to be drafted by an attorney. Many simple agreements can be written and signed by the people involved. If the agreement is complex, involves the transfer of a business, the sale of land, or other legal arrangements it is best to seek the asisstance of an attorney.

People tend to have selective recall and may not remember what was said during an oral agreement. At times the people involved in the original agreement may not be present when there are questions with the terms of an arrangement.

Dundee Long Lake Lions Club Undertakes Refurbishing of Bleachers

Left to right: Leo Lohse and Ken Schneider (President) of the Dundee Sportsman Club and Emma Jean Schleh (Treasurer) and Bob Schleh (First Vice President) of the Dundee Long Lake Lions Club.

One of the many things a Lions Club does is to help in recreation services. A good opportunity came up for the Dundee Long Lake Lions Club to get involved in this area when the local sportsman club acquired two used sets of bleachers that needed a complete overhaul.

The Lions Club decided to take this on as a group project. The cost of materials was estimated to be around \$500, which would cover all new treated lumber, bolts, and paint.

The members also decided to take on the job of the refurbishing. In order to get the project underway, a check was given to the Dundee Sportsman Club to cover the materials and work has already started. The old lumber was removed by Ray Wittkop and Bill Hackbarth.

Louie Birchbach will weld some of the supports and check on the rest. Other members will start to wire brush and paint. The carpenter group will then come back and install the new boards. A hands on approach is a good way to get everyone involved.

This project was picked because of the time and work that the Dundee Sportsman Club has put into establishing a softball diamond for the youth in

our area. This has been a mammoth undertaking by the club just to get the idea going. Many more things are needed for a successful completion.

If your club or group is interested in helping them, contact either the Dundee Sportsman Club or the Dundee Long Lake Lions.

WASHINGTON COUNTY WE-TIP CRIME INFORMATION REQUEST

The Washington County Sheriff's Department is looking for any information as to the identification of actors involved in the theft of 16 public address speakers from the Sunburst Ski Area ski hill in the Township of Kewaskum. This crime occurred during the early morning hours of February 12, 1994. The speakers are Bose brand public address speakers, and the 16 speakers are valued at \$3,200. Footprints in the snow would indicate that two suspects were responsible for the theft.

Anyone who may have any information about this theft or any crimes in the Washington County area is encouraged to call the Washington County Sheriff's Department We-Tip telephone num-

Golfers 19th At Hartford

By Noel Stollenwerk

HARTFORD - Improvement was still not evident for the Kewaskum golf team here, last Friday at the annual Hartford Invitational.

The Indians finished a disappointing 19th in the 21-team tournament. KHS accumulated 408 strokes in the meet, edging out only Slinger (409) and St. Francis (420) in the team competition.

Racine Case won the team title with 335 strokes, barely beating Homestead (338) and Hartland Arrowhead (340).

"We just haven't made any progress," KHS coach Joe Harlow said of the team's finish. "There really isn't anyone who is stepping up and playing consistently."

Harlow was somewhat happy with the performance of sophomore Gregg Serwe. He followed up his round of 45 the previous day with scores of 48 and 49 (97).

"He was finally able to put together two solid rounds," Harlow said of Serwe. "He is the first one to put together two in a row like that."

Freshman Jeff Heller also played fairly well in the tournament, duplicating Serwe's 48-49 score. "He came back and played pretty well," Harlow said of Heller, who shot a 51 the previous day.

The Indians' other two counters, Luke Cesak and Matt Heather, shot rounds of 105 and 106 respectively.

Racine Case's Corey Cameron and Homestead's Jonas Bradley shared the meet medalist honors, each firing a respectable round of 76. Scot Schaefer of Racine Case was third with an 80.

"We've got a good week ahead of us," Harlow said, noting that the Indians have just one meet scheduled, Friday at Sheboygan Falls. "It'll give us four days to work on some things"

Steve "The Homer" True of WISN-TV will be the honorary master of ceremonies of this year's race, a 5-kilometer/10k run or 5 k walk named in memory of Bob Cross, a West Bend East teacher and coach who died of cancer in 1983. All the proceeds from the event go to the American Cancer Society.

The 1993 run drew 2,400 participants and raised \$44,000 which is being used for cancer research, public and professional education and services and rehabilitation for cancer patients.

This year's goals are 2,600 participants and \$50,000, goals which Chairman Chris Wodarczyk and his committee are confident of reaching.

Participants are asked to solicit pledges for the distance they walk or run. They can enter the event as an individual or with a team of employees, neighbors or friends.

Registration is \$12 for an individual the day of the race. Those who pre-register before May 27th pay \$2 less.

A special, family rate of \$30 is available for a family of four. Any additional family members can join in the event for \$6.

All participants receive a free t-shirt with the Bob Cross logo, and they are invited to stay after the run/walk to enjoy refreshments and live music. A kiddie race is one of the activities planned for after the race, and babysitting will be available this year for the runners.

Registration forms and pledge sheets can be obtained by calling the American Cancer Society, Area 13 office at 2419 West Washington St., West Bend, or by calling the office at 338-4060 or Tim Rohlinger at

the M&I First National Bank in West Bend at 338-0611. Registrations are taken at the park the morning of the race, which is a certified event for the more serious runners.

There will be an award ceremony following the run/walk which starts at the park. Plaques will be presented to race winners in their respective age genders. Top money raisers will also be honored.

Errors Costly to Lady Indians

By Noel Stollenwerk

PLYMOUTH - Committing a total of 19 errors in two games surely will not help a team's chances to win.

That's exactly what the Kewaskum girls softball team found out last week. Aftern fumbling eight balls in the field Monday against Kiel, the Lady Indians came back and topped that with an 11-miscue performance against Plymouth here, last Thursday. The result was predictable, a 12-2 Plymouth victory.

"The errors came at key times, too," KHS coach Janet Molebash said of the defensive trouble. "We should have been right there with them."

Molebash has had to do some rotating of her players due to injury. With first baseman Tanya Laubach and outfielder Michelle Gundrum out, Molebash has been faced with

making wholesale switches in the field.

"That really hurts," Molebash said of the injuries. "Anytime you have to bring young people off the bench and force them in there, it's going to be a problem."

Another problem Molebash faced was pitcher Tanya Krahn's inability to find the strike zone. The sophomore hurler walked seven Panther batters, despite striking out a season-high five.

"She just didn't have any control," Molebash said. "If she would have been on, we could have hung in there."

Instead, the Lady Indians found themselves in an early hole once again. Plymouth scored three runs in the second and third frames, staking claim to a 7-2 lead.

Kewaskum got on the board with a pair of runs in the third. Debbie Neumann and Susie Vrana each walked, and went to

second and third on a groundout. Kim Resch followed with a two-run single, cutting the lead at that point to 4-2.

But the Panthers came back with three runs of their own, and then put the game away with a four-run fifth inning.

The Indians, meanwhile, were having problems with Plymouth pitcher Carla Roeder, who allowed just three hits in the contest.

"We just couldn't hit anything from her," Molebash said, complimenting Neumann, Vrana and Resch, who "did well hitting.'

The loss dropped KHS to 1-2 on the year, including 0-2 in the Eastern Wisconsin Confer-

Molebash will be faced with more rotating of her players this week, as the Lady Indians have at least five games on tap, and will be without Krahn, who will be on vacation.

"That'll be real interesting," Molebash said, noting Stephanie Heberer and Angie Bindrich will do the majority of the pitching. "Hopefully they will be able to get it across the plate."

Kewaskum is at New Holstein Monday, and then has a doubleheader at Sheboygan Falls on Thursday, and the Slinger Tournament on Friday.

Next week, the Indians host New Holstein (Monday), are at Elkhart Lake Tuesday, and host Kiel on Thursday.

Indians Improve, But Lose at New Holstein

By Noel Stollenwerk

NEW HOLSTEIN - The effort and attitude was much better, but the results were nearly the same for the Kewaskum boys track team here last Wednesday afternoon.

Just two days after a lackluster performance at Two Rivers, the Indians came back with a more inspired effort against New Holstein. The Huskies were able to roll over the Indians 106-35, still KHS coach Jerry Gosa was optimistic regarding what he saw.

Things were a little better for us," Gosa said, after he had chastised his team for their "poor attitude" in the meet at Two Rivers. "I think we had a little better attitude, and a much better effort.."

Kewaskum chalked up four firsts in the meet, with Wade Kreis again accounting for at least a share of two of those. Kreis won the long jump with an effort of 19-8, which represented a season-best for him. Kreis also helped the 400 relay win their first race of the season, crossing the line in 48.5. Other members of the unit were Aaron Kurth, Brad Jackson and Jared Pankonin.

Gosa commended the work of assistant coach Jerry Weatherall, who "has been working hard with the relay teams." The work showed, as the new unit "ran real well together.'

Travis Jacak won the high jump (6-0), although the height was far short of his best effort of the year. The weather, as it has all season, played a role.

"It was real windy again, Gosa pointed out, noting the times were nothing to brag about. "Still, it was nice to see a more inspired effort.

Sophomore Andy Rix accounted for the other KHS win, as he took the 400 dash with a time of 56.7. Rix also added a second in the 200 (25.1).

Chilton Thumps KHS Boys

By Noel Stollenwerk

CHILTON -- A thin Kewaskum boys track team got a bit leaner last week, and that was not good news for coach Jerry Gosa.

Already weak due to lack of numbers, the Indians lost three more athletes recently, with two quitting and another out with an injury. That certainly didn't help KHS last Thursday, when it was soundly defeated by Chilton, 95-45.

With the size of his team dwindling, Gosa is beginning to get frustrated.

Track is the kind of sport where you have to work to get better," Gosa said. "I know we don't have a strong tradition here (at KHS) for boys track. But I think that it is a great benefit for the kids, getting in shape for their other sports.'

Those taking the sport seriously are getting good results, said Gosa, who pointed to the four firsts registered by the Indians.

Sophomore Andy Rix took home one of those firsts, running a 56.0 in the 400. The time represented a personal best for Rix, who has stepped up to be a leader on the team.

"From the very beginning, he's worked very hard," Gosa said of Rix. "What we are seeing now is the benefit of that hard work. He's one of the leaders out there, and that's good to see, especially from a sopho-

Wade Kreis, coming back from an illness, also looked good in the meet. Kreis went 19-4 in the long jump, good enough for first. He also added a 36-7 in the triple jump, and a 11-0 height in the pole vault.

"He was out with the flu for a while," Gosa said of Kreis. "That (long jump) was a good jump, considering he wasn't at 1.00 percent. I'm hoping that things come together for him this year."

Other firsts for the Indians included David Gosa's 4:53 in the mile, and Travis Jacak's 6-2 in the high jump.

Gosa was also happy with Jake Thull's progress in the 100 dash. Thull turned in a personal best of 12.1, and Gosa is looking for him to drop that even

"I'm looking forward to him being our first sprinter to drop under 12.0," Gosa said. "I think that would be great."

For the most part, however, the times and distances were off from the athletes' best. It was understandable for their coach, though.

With it being prom week and everything, I think their minds were in other places," Gosa noted.

Gosa was looking to get his kids' minds back on track last week, though. KHS had meets at Two Rivers and New Holstein and the Concordia Invitational on Saturday.

Niemuth Shuts Down KHS

By Noel Stollenwerk

KIEL - Kewaskum girls softball coach Janet Molebash knew that her team would have a tough go of things against Kiel and pitcher Karla Niemuth here, last Monday.

She just didn't know how dominant Niemuth would prove to be, however.

The Raider senior struck out eight Indian batters in four innings, and allowed just one hit as Kiel rolled to an easy 11-1 victory over KHS. The game was halted in the fifth inning due to the 10-run rule.

The evened loss Kewaskum's record at 1-1.

"She looked the best that I've ever seen her," Molebash said of Niemuth, who according to the KHS coach "is by far the best pitcher in the (Eatern Wisconsin) conference."

Niemuth got plenty of help from the Raider offense, which posted four runs in the opening inning. Keri LaDuke smashed a

stake the Raiders to the early cushion.

The onslaught against Indian pitcher Tanya Krahn continued in the second. The Raiders tagged Krahn for three more runs in that frame, as the KHS defense also contributed to the demise. Kewaskum committed four errors in the inning, and finished the afternoon with a total of eight.

'We had some crucial errors," Molebash admitted. "We just weren't making the easy plays in the field."

But the big problem was trying to hit Niemuth.

We just couldn't get the bat around fast enough," Molebash said. "She was real fast, and also accurate."

Krahn, meanwhile, "pitched a pretty good game, I thought," Molebash continued. The sophomore gave up a total of eight hits, but the defense behind her didn't help out a bit.

"They (Kiel) have been known to be a good hitting team," Molebash said. At the same time, however, "We just didn't play well as a team." KEWASKUM 000 01 - 1 1 8

Two Rivers, Plymouth **Cool Indian Boys Track**

By Noel Stollenwerk

TWO RIVERS - The weather was most likely a factor, but Kewaskum boys track coach Jerry Gosa said the temperatures weren't the only things that was cold last Monday after-

"There was not a lot of high points from that meet," Gosa said of his team's performance in a triangular with Two Rivers and Plymouth here. The host Raiders won the meet with 87 points, while the Panthers were second (61), and the Indians third with just 28 points.

"We just had no heart and desire to run in this meet," Gosa said, adding he was very disappointed with his team's "bad attitude."

The chilly conditions near Lake Michigan didn't help either. "It was 82 degrees when we left Kewaskum," Gosa noted. "And it was 47 when we got to Two Rivers," and the brisk winds "kept getting colder and colder."

A few KHS veterans weren't affected by the weather, though. Senior Wade Kreis won two events, taking both the long jump (19-7.5) and pole vault (11-6).

Junior Travis Jacak also jumped well, tying his own school record in the high jump by clearing the 6-5 mark, also good enough for first place.

"Those two have been jumping real well," Gosa said of Kreis and Jacak. "Travis has to do some more running to make his legs stronger." If he does that, Gosa says, "he should be able to break that record."

Gosa was also pleased with the efforts of senior Tony Rix. who ran a season-best 2:14 in the 800, placing him second. Andy Matthias accounted for the lone other KHS second, as ne put the shot 42-11. Matthias also added a third in the discus (118-7).

"Other than that, it really wasn't a good meet for us, Gosa said. "We only had 16 people go to the meet," and the Indians have only about 24-25 people left on the team after more decided to quit. That may be a blessing, though according to Gosa

"I think we are down to those people who really want to work and become better," he said of those remaining. "These are the ones who really desire to become better athletes."
