## Town of Wayne Officials Face a Difficult Decision

By Louise Martin

Town of Wayne Plan Commission members are facing probably the most difficult decision of their political careers. It will be their recommendation they make to the Town Board whether or not to issue a conditional use permit to an adult oriented establishment.

It will be a decision that will weigh heavily upon each of them as a decision to issue the permit will be very unpopular with town residents. To deny the permit could result in a lawsuit against the town costing the taxpayers hundreds of thousands of dollars in damages according to

Stan Riffel, the attorney representing the town in this matter.

A public hearing was held at the town hall on Monday, May 23rd to allow both the applicant, Special Souvenirs, Inc. and the public to present information that would aid the Plan Commission in making a recommendation to the town board regarding whether or not and under what conditions a conditional use grant might be issued to Special Souvenirs. The Plan Commission will use information received to apply town ordinances, state statutes and the Constitution to make sure that all considerations from everyone would go into the decision mak-

ing process.

The store manager, Mark Phillips, and Jeff Olson, a civil rights attorney from Madison, were present requesting the permit primarily for the retail sale of goods and services for entertainment purposes specifically for the sale and rental of adult oriented video tapes, magazines, books and novelty gift items.

The store opened in the summer of 1993 without securing proper permits and was forced to close by court order last fall. To date, this lengthy legal process has cost Town of Wayne taxpayers approximately \$17,000; some of which could possibly be recovered this fall

## New Policeman Hired to Replace Resigning Officer Village OK's Duplex Rezoning Request

By Lana Harbeck Kuehl

Developer Gary Gavin of Kewaskum appeared before the Village Board at their last meeting to request the rezoning of two lots, No. 13 and 14, in the Sunset Estates subdivision for duplex housing.

Gavin stated the people interested in purchasing the two lots have plans on paper to construct a side-by-side unit on each lot.

When asked about how the Plan Commission voted at its last meeting, former Trustee Tom McElhatton reported they agreed to recommend the rezon-

ing request to the Village Board.

Trustee Dave Goeden, reading from the Plan Commission's recommendation, stated, "Members of the Commission also noted that it has been ten years since housing of this type has been built in the village and the need for it."

The Board opened the discussion on the rezoning request and the only landowner/private citizen in attendance at the meeting, Realtor Robert Kirst, stated: "Being in business, I get a lot of calls looking for duplex lots in town. There aren't any. I've been getting calls for years

for duplex lots. I think we should look at that problem.... and somehow encourage developers to get duplex lots. There's just a need for it. We're doing a survey down in West Bend on multi-family housing and alot of older people are looking for duplexes. Farmers, in particular, that come from Campbellsport and Kewaskum, are going down there. They like the duplex."

Gavin added the developers are reputable builders from West Bend.

After further discussion,

## Ralph Horner Graduate Of St. Francis Seminary

Ralph Horner, 2307 Scenic Dr., Kewaskum, received a certificate in pastoral services from St. Francis Seminary, the Center for Ministerial Studies for the Catholic Archdiocese of Milwaukee, on May 13. Mr. Horner will be ordained a permanent deacon of the Catholic Church on June 11, 1994.

The four-year lay ministry program provides spiritual, pastoral and theological formation and prepares men and women to serve Catholic parishes, archdiocesan agencies or health care institutions. Mr. Horner will serve in St. Michael Parish, Kewaskum.

In commenting on the sig-

nificance of the commencement exercises Father David Lichter, rector, said "Graduation marks not only the completion of a certificate program but of a formation program for the ministry. Our students have made a public commitment to put four or more years of preparation at the service of the church in southeastern Wisconsin. They represent a rich diversity of age, experience and selected areas of study."

Father Robert Schreiter, C.P.P.S., St. Francis Seminary trustee and professor of theology at the Catholic Theological Union in Chicago, was the commencement speaker.

### Opening Day

Miles beyond family I lay  
among greens of the forest,  
among the midst of the  
morning sun.  
Like sounds of an alarm clock,  
out rang shots-  
Echoing throughout each  
direction  
Rumbling in the stereo  
Soldiers in orange have come  
out to play.  
The smell of terror has filled the  
air.  
My brother's groans of agony  
pour into the sky;  
Dodging my predators, I desper-  
ately run for freedom.

## Town of Wayne

Continued from Page 1

after a trial to determine fines and forfeitures for Special Souvenir's opening without proper permits.

Of the nearly 50 residents in attendance, several township residents spoke out against issuing the permit sighting several areas of concern with the primary concern directed as area children.

Resident Orville Kern stated, "The children deserve a wholesome environment in which to be raised." Cam Kurer shared, "This establishment is based on a bunch of lies, lies that it doesn't hurt our community. It does and it hurts it drastically! We want our children protected from this."

Other areas of concern were health issues, area road litter increase, traffic concerns, road maintenance, increased police protection and sheriff patrols, possible crime increase and morality deterioration.

Washington County Sheriff and town resident Robert Schulteis explained that other counties within the state see an increase of activity within miles of where these types of stores are located.

Attorney Olson explained Special Souvenirs is willing to work with town officials, neighbors and law enforcement authorities to minimize any inconvenience or discomfort that the presence of this business might cause.

Mr. Phillips and his employees want only the right to run their business they believe is protected by the First Amendment of the U.S. Constitution subject to reason-

able regulation by the town and other government bodies.

A resident responded, "Our forefathers had nothing like this in mind when they provided freedom of speech and press. They would be shocked by this."

Olson stated in his eighteen years as a civil rights attorney, there is not enough scientific evidence that would cause a link between viewing of explicit sexual materials and sexual crimes. Olson further stated that one just is not realistic to think that they can completely avoid exposure to any sexually explicit material these days, particularly with the way media is.

Town residents were not convinced. "If you think we are a bunch of country bumpkins, who don't have anything to say or have any opinion or know much about the law, you're sadly mistaken!" "You're not wanted in our neighborhood!" Pastor Dennis Strong of Zion Lutheran Church stated the "Town of Wayne is a Christian community that needs to stand by Christian principles. The Lord will prevail."

When asked if anyone wanted to speak in favor of the business, the question was met with laughter.

Plan Commission members will meet again at the town hall on June 15th, prior to the Town Board meeting to determine what recommendation they will make to the Board.

If the recommendation is made in favor of Special Souvenirs, the Board will have the capability to set some limitations and conditions covering many of the concerns raised. In addition, the town licensing ordinance recently adopted has provisions that would apply to this type of business.

## Holy Trinity Eighth Grade U.S. Quilt Project Completed

Shown above, clockwise, are Holy Trinity eighth grade students who recently completed their 100 x 115" U.S. quilt: Tiffany Zehren, Jenifer Westerman, Carrie Wiesner, Bridget Baum, Derek Dorn, Andrew Kuehl, Eric Lieven, Missy Theusch, Jon Eckes, Dave Gerhartz, Sister Janet Heder, Adam Gajewski, Corey Amerling, Joe Thull, Brooke Waala, Stacey Scharhag, Jenny Ramthun, Laura Weiss, Becky Stoffel, Jim Kopecky, Kevin Polzean, Chad Schoofs, Chris Wessing and Megan Ramthun.

Art students in the 8th grade at Holy Trinity School stitched quilt squares symbolic of each state in the United States.

The students worked for two quarters of the school year on the squares, which they first enlarged on a 12 x 12" square piece of paper. This pattern was transferred to muslin and with fabric markers, they simulated calico pieces, which in the real quilt world would have been sewn together.

They then "stitched in the

ditch" with colorful embroidery floss, separating each so-called piece of calico.

An expert Kewaskum quilt maker, Patty Clayton, assembled the squares; then sewed and tied the quilt. The finished quilt measured 100 x 115".

It was raffled off at the spring concert which was held Thursday, May 26th. The pro-

ceeds went to the 8th grade for their class trip. The lucky winner of the quilt was Steve Gerhartz, brother of Holy Trinity 8th grade student, David Gerhartz.

Sister Janet Heder, coordinator of the quilt project, is the art teacher at Holy Trinity School.

## STUART ELWING

Stuart F. Elwing, 63, died of cancer on Wednesday, May 25, 1994, at St. Agnes Hospital, Fond du Lac.

He was born in Sheboygan, the oldest son of Fred and Gertrude Bohnert Elwing (later Gardner).

Mr. Elwing was raised in Sheboygan and Campbellsport. Following graduation from Campbellsport High School in 1949, he founded Elwing Manufacturing Co., which became the northwest's largest broom manufacturer.

His brother, Bill, joined him in partnership in 1953. Mr. Elwing sold the business at the end of 1976 and retired. He later established Stuart F. Elwing and Associates, a manufacturer's representative firm working in wholesales sales to distributors and retailers throughout nine Midwestern States.

His love of the outdoors was well-known among his friends. He was an avid waterfowl enthusiast, enjoying hunting and working to develop wetlands he owned in Green Lake County, not only as prime hunting land, but also as a safe, productive nesting, breeding and sanctuary area for ducks, geese, sandhill cranes and shorebirds. Mr. Elwing's philosophy was to "always put back more than you take."

He was a member of Ducks Unlimited and Waterfowl USA.

For more than 20 years, he was employed as a county conservation warden and special state warden. When he was retired, Badge No. 1 also was retired. He also taught many classes in hunting safety and was in the first class of instructors in the then new program.

Since then, classes have become the single largest contributor to the prevention of firearms-related hunting accidents and fatalities in Wisconsin.

As a life member of the Amateur trapshooting Association, Mr. Elwing was an avid competitive trapshooter. For years, he shot in state and national zone tournaments from Tennessee and Pennsylvania to the Dakotas. He was a competitor in the 10-day Grand American World Championships held in Ohio for 26 consecutive years.

For most of his life, Mr. Elwing was a member of Campbellsport United Church of Christ, where he served as president during construction of the church's Sunday school wing.

Survivors include his wife, Margaret; two sons, Stuart and David; two grandsons; one brother; one sister; and two half brothers.

At Mr. Elwing's request, he wishes to be remembered to his friends for the many good times shared.

Visitation was from 4 to 9 p.m. Tuesday and from 9 to

10:30 a.m. Wednesday at Campbellsport United Church of Christ. Services and burial followed.

Twohig Funeral Home of Campbellsport handled arrangements.

Step one, is the lake map -- hydrographic chart -- showing the depths of the lake bottom. More than 2,500 Wisconsin inland lakes have been surveyed to date. Mapping agencies include the Wisconsin Department of Natural Resources, U.S. Forest Service, C.C.C. and various electric power companies. The complete alphabetical index for these lakes is available.

# McDonald's Tavern Changes Image for Family Dining

THURSDAY, JUNE 2, 1994 PAGE 9

Bill and Valera McDonald pose behind Bill's custom-made bar. Displayed behind them is part of the collection of iron toys available for sale.

The enclosed porch serves ten and offers a cozy meal beside a fireplace.

By Sharon Callaway Roznik

For the past seven years, Bill and Valera McDonald have been directing their efforts into fashioning McDonald's Tavern after the famous Cottage Inn they once owned in Minocqua.

McDonald built the Inn himself, which could serve 300 people, and the rustic restaurant made quite a name for itself throughout the area.

In July, 1987, the couple sold the Cottage Inn and moved to Kewaskum, where they established McDonald's Tavern, at 215 Main Street. But the name is misleading as the business serves a complete menu for family dining, including a Friday night fish fry.

The atmosphere is reminiscent of the kind of country dining you'd find traveling the backroads of Wisconsin; lots of knotty pine wood paneling and a beautiful handcrafted bar custom built by Bill. There's room to seat 32 with the addition the couple recently finished.

For the past three summers, an enclosed porch was added, and they decided to turn it into an extra dining area. The porch includes a fireplace, two tables, an entire wall of windows and a loveseat, creating a sunny area for a large group.

Valera does all the cooking, creating dishes from her own recipes. They both attended a Commercial Cooking class for two winters at Nicolet College in Rhineland. "We hand batter everything," explains Bill. "If you want to eat a lot of bread, you buy a loaf of bread!", and that includes their walleye, perch, all fish, shrimp, and munchies, such as onion rings, jumbo mushrooms, green pepper rings, chicken strips, cheddar nuggets, and more!

The specialty of the house is Mac's steak sandwich. Other selections include ribs, pork chops, filets, broasted chicken, and T-bones, served with potato, salad or cole slaw, and bread. Homemade soups and chili are served in the winter. Carryouts are always available and they recommend their broasted chick-

ken, sold by the bucket.

Mixing drinks is an art form to Bill, who says everyone should try his two most-requested drinks, old-fashions and Bloody Marys. The steps in making them are essential, especially the measuring. "I make them like you make a cake," he adds.

A topic "Mac" loves to talk about is his selection of antique replica iron toys that are displayed behind the bar. Horse drawn wagons and firetrucks are among some of the pieces, all brightly painted. The collectible toys are also for sale to the public.

McDonalds is open for lunch and dinner on Friday, Saturday and Sunday from 11 a.m., and Wednesday and Thursday from 5 p.m. They are closed on Mondays and Tuesdays.

## 75 Years Ago

May 10, 1919

During the severe electrical storm, which swept over this section of the state on Tuesday afternoon, lightning struck the barn on the Fred Zimmerman farm formerly known as the William Schmidt farm, located about one and one-half miles northeast of this village and was totally destroyed by fire, together with the silo, two working horses, three calves, all his farm machinery and a number of tons of hay. The total loss is estimated at \$3,500, with only a small amount of insurance to cover same. At the time lightning struck the barn, Mr. Zimmerman and his family were in this village attending the Victory Loan meeting.

The Bartel P. Jaeger Cheese Factory located three miles west of Campbellsport was totally destroyed by fire of unknown origin on Tuesday afternoon. The blaze which started in the boiler room was first discovered by John Stoffel. Several boxes of cheese were saved. The total loss is estimated at about \$6,000, which is partly covered by insurance.

With hearty handshakes, the citizens of this village have this week welcomed home two more of their world war veterans, who are now enjoying home comforts with those who have returned before them, namely Emerson Olwin, son of Mr. and Mrs. W.S. Olwin and Adolph Rosenheimer, son of Mr. and Mrs. Adolph Rosenheimer, Sr.

A very pretty wedding was solemnized at the Zion's Church at Kohlsville on Wednesday,

May 7th, when Miss Erna Basler, daughter of Mr. and Mrs. Henry Basler, became the bride of Mr. Charles Scheid, son of Mrs. Dan Scheid of the Town of Ashford.

On Wednesday morning at the Holy Angels Church at West Bend occurred the marriage of Miss Kathryn Yogerst of that city to Joseph Bahr of Barton.

The wedding of Miss Agatha Bahr, daughter of Mr. and Mrs. John Bahr of Barton to Mr. Charles Yogerst of Wayne took place at St. Mary's Church at Barton.

On Wednesday afternoon at about two o'clock, the citizens of this village had the opportunity of seeing their first airplane pass over Kewaskum. The plane was going straight north with its destination at Green Bay. It was sent out by the Milwaukee Journal to deliver the Journal paper in the northern city as an advertisement for the Journal. The plane followed the C. & N.W. Railway tracks and flew at an altitude of about 1,000 feet.

A very pretty wedding was solemnized at the Reformed Church at Wayne on May 14, 1919, when Miss Lelia Sophia Kibbel, daughter of Mr. and Mrs. George Kibbel, Sr., became the bride of Mr. Erwin Schmidt, son of Mr. and Mrs. Willie Schmidt, Sr., of the Town of Auburn.

A quiet wedding was solemnized at Milwaukee May 8th, when Miss Ella Guenther, daughter of Mr. and Mrs. John Guenther of Wayne, became the bride of Mr. William Eberle, son of Mrs. Kathryn Eberle of this village.

Three more of Kewaskum's veterans have returned home, namely Fred Schaefer, son of Mr. and Mrs. Fred Schaefer, Sr., and Alfred and John Meinecke, sons of Mr. and Mrs. Chas. Meinecke, Sr., who were members of the Rainbow Division.

On last week Friday, one of the mares belonging to Wm. Wendorf residing two miles south of this village gave birth to twin colts, both of them being healthy and in the best of condition, and are well matched. About two weeks ago, one of

Gerhard Fellenz's mares gave birth to twin colts, both of them died soon afterwards. This is a rare occurrence and has created quite a stir in this community.

Born, to Mr. and Mrs. Emil Backhaus of Kewaskum, a baby girl, last week Friday.

Born, to Mr. and Mrs. Rudolph Miske of Wayne, a little son, on May 14th.

# Lumber Company Caters To Craftsmen's Needs

NEW FANE  
SPORTSMAN CLUB  
5/25/94

Zach Stoffel is pictured in front of his solar collector, displaying the wooden boxes he designed and builds to hold the American Flag given to Veterans.

Shown is the interior of Stoffels' drying kiln.

By Sharon Callaway Roznik

"Tree to Thee" Lumber Company, is Kewaskum's newest one man operation... a product of ingenuity and talent created by Zach Stoffel.

It started with the purchase of a saw mill in 1987, with Zach cutting and storing various types of wood on the family farm, located at 4810 Hwy. 28. "I was using our stone barn to store the lumber in, but the building held too much moisture to dry it out enough," explains Zach.

The need for storage and drying led to the invention of a solar collector attached to a semi-trailer. Stoffel had read up on the idea, and custom built the new drying "kiln" to fit his needs.

The semi-trailer is 48 feet long by eight feet wide, with shelves lining the interior to store cut boards. Attached to one side of the trailer is the solar collector comprised of black steel panels which absorb the heat. The warm air circulates into the trailer, drying the wood down to 8 to 10 percent moisture. Constant humidity is maintained throughout the year. "Most dry kilns use steam, but I use more dry air and less heat," Zach points out.

Stoffel's lumber business includes a variety of native Wisconsin hard and soft woods such as butternut, cherry, ash, honey locust, hard maple, white oak, and red cedar. He supplies crafters, woodworkers, hobbyists, carvers, and furniture builders with a product that can fit their needs, and contains nice, natural colors.

Zach will accommodate buyers needs with custom orders cut to special sizes. From jewelry boxes to mantel pieces... each

customer can find what they're looking for, even basswood board or blocks for duck carving.

One of Zach's specialty items is a handcrafted triangular box framing a piece of glass to display the American flag veterans receive for their funeral. Each box is beautifully stained and finished, using either cherry-wood or oak. A brass plaque is mounted on the front with the name of the deceased, creating a

lasting memory for a loved one.

Working with wood runs in the family, as his wife Joan, paints collectible wooden figures in country colors and Christmas favorites, such as Santas and nativity scenes. She also does family plaques on cut-out hearts featuring your home and individual family members. She enjoys meeting people at the local craft shows she attends every year.

To make an appointment

with the Stoffels, please call 626-4852.

## Village of Kewaskum NEWS NOTES

The Village Board would like to remind the residents of the Village of two (2) topics covered in the Villages Municipal Code. The first topic is covered in Chapter 10, Public Nuisances, we shall refer to this problem as a health hazard. The Village has undertaken several steps to improve the clearwater (storm water) discharge in the entire community, but yet people are not cooperating. We find that people cut their grass and catch it, just to dump it in a designated clearwater collection point to help plug up and eventually cause water to back up during certain times of the year. The Village would ask that all residents keep their grass clipping and leaves away from the catch basins in the curb area. Also to refrain from dumping their grass clippings and leaves in ditched areas.

The second topic, would be covered under Chapter 12, Licenses and Permits, specifically under dogs, cats and domestic pets. All residents are to have their dogs and cats licensed when they are five (5) months or older. These animals are not to run at large, pursue vehicles, assault or attack any person or persons, cause annoyance of any person or persons, kill, wound or worry any domestic animal and be infected with rabies. This means dogs and cats are to be vaccinated yearly for rabies, also dogs and cats are not allowed to litter on any public or private property.

Thank you.

 We will be vacationing at Kellermans June 24 to July 5  
Our answering machine will take your message.

### KHS Bus Robbed After Track Meet

The Kewaskum High School track team had an unexpected delay returning home from the WIAA Division 2 Sectional Track Meet at Elkhorn on May 26th, when their team bus was robbed.  
 The team had stopped for a bite to eat, while they were heading home, at a north Milwaukee McDonalds. When they returned to the bus, boys coach Jerry Gosa noticed his duffle bag was gone.  
 Apparently the thieves got away with student's duffle bags, medals the athletes had won, the school's camcorder, and other personal items.  
 After notifying the police, the team waited for an hour for them to arrive, but when they did not show up, coaches Gosa and Perry Koth decided they needed to head home. "We got home at 12:40 a.m.," coach Koth added.

*"This pen leaks," muttered the convict as the rain came through the roof.*

## Season Best Not Enough

By Noel Stollenwerk

**CHILTON** -- The best showing of the season was not nearly good enough for the Kewaskum golf team here, last Friday afternoon.

The Indians broke the 190 barrier for the first time as a team this season, but their respectable score of 189 was well behind Chilton's 165 total.

On a very windy afternoon, the Indians were led by Jim Westerman's round of 43.

"That's a good round for him," KHS coach Joe Harlow said of the sophomore's best outing. "He is starting to play a little better."

Overall, the Indians played pretty well according to Harlow, who added that "even though the individual scores were not that great, we showed improvement."

It wouldn't have mattered against the Tigers, who had all four of their counters shoot 43 or better. Ajay Gansu led the way, taking co-medalist honors with Ben Pfiffer, each carding a 40.

**CHILTON (165)** - Ajay Gansu 40, Ben Pfiffer 40, Joe Umlaff 42, Jeff Schoemmer 43.

**KEWASKUM (189)** - Jim Westerman 43, Gregg Serwe 48, Luke Chesak 49, Nathan Vetter 49.

## Free Fishing Weekend Lets Anglers Off the Hook

MADISON... It's free, it's fun and it's twice as long as it used to be.

This year, for the first time, the Department of Natural Resources is offering a Free Fishing Weekend throughout the state. Anglers get two days, June 4 and 5, instead of one, to fish free of charge. On these days, anglers will not need a license or stamps to fish any of the state's 14,900 inland lakes or 7,600 streams or rivers. Bag limits and other regulations apply.

The expansion of Free Fishing Day to Free Fishing Weekend is the direct result of meetings between DNR Fisheries Management staff and state members of the American

Sportfishing Association, formerly known as the American Fishing Tackle Manufacturers Association.

"Discussions with people in fishing-related businesses clearly showed a keen interest in improving the future of fishing," says Lee Kernan, chief of the DNR Bureau of Fisheries Management. "Recruiting new anglers through education and offering more fishing opportunities were considered appropriate first steps, so legislation was proposed for Free Fishing Weekend"

The weekend is intended to attract people who haven't fished for awhile, or perhaps have never fished, to see what all the fishing fuss is about," Kernan says. "Hopefully, they'll take advantage of the two-day opportunity to enjoy two of Wisconsin's most exciting resources... our outdoors and the sport fishery."

## KHS Golfers 2nd In Triangular

By Noel Stollenwerk

KEWASKUM, May 12 -- The Kewaskum golf team is finally showing signs of life, as evidenced by its showing in a three-team meet with Slinger and Horicon here.

The Indians were eight shots behind Horicon's 266 total in the triangular, while Slinger was well back with its 300 tally. Six players were used for the meet's scoring system.

"It was probably the best that we've played all year," KHS coach Joe Harlow said of the second place showing. "We progressed again... there were signs of improvement."

Luke Chesak showed the greatest strides, firing a personal best round of 40. The stroke total was the Indians' best round of the season.

In fact, all six KHS counters fired rounds of better than 50, the only one of the three teams to accomplish the feat. Horicon's Todd Pagel was the meet medalist with his one-over-par 36. Slinger was led by Mark Wolf, who shot a 43.

HORICON (266) - Todd Pagel 36, Todd Bushkie 43, Nathan Schiek 43, Frank Lessard 45, Jeff Lindert, Nola Trimble 50.

KEWASKUM (274) - Luke Chesak 40, Nathan Vetter 45, Jim Westermann 46, Gregg Serwe 47, Jeff Heller 48, Shane Engelking 49.

SLINGER (300) - Mark Wolf 43, Brian Ziegelbauer 48, Robbie Schmidt 50, Cory Leveber 51, Scott Bogdan 51, Matt Dehring 57.

## KHS Golfers Lose Finale

By Noel Stollenwerk

KEWASKUM, May 17 - Despite another season-best effort, the Kewaskum golf squad wound up the regular season on a losing note here.

The Indians posted a 185 total, four strokes better than their previous best of the season. But Two Rivers was too much for KHS to handle, posting a 167 total for the easy dual meet victory.

Shawn Rezachek posted a 38 on Hon-E-Kor's Blue Nine layout, easily taking the meet's medalist honors.

The Indians, meanwhile, were paced by Luke Chesak, who fired a 43. No other KHS counter was able to post better than a 47, though, leading to the defeat. All four KHS players had trouble from the start, each hitting it into the water on the opening hole.

TWO RIVERS (167) - Shawn Rezachek 38, Jamie Messman 40, Tim Klinker 42, Mark Volesky 47.

KEWASKUM (185) - Luke Chesak 43, Nathan Vetter 47, Jeff Heller 47, Greg Serwe 48.

## Serwe Takes Medalist Honor

By Noel Stollenwerk

KEWASKUM, May 10 - At least one Kewaskum High School golfer found out just how to use the home course advantage here.

Sophomore Gregg Serwe shot a 43 to easily take medalist honors in the Indians meet with Kiel at Hon-E-Kor Country Club. The rest of his KHS teammates failed to break the 50 mark, however, leading to a 193-198 Raider victory.

"We had some good scores," KHS coach Joe Harlow pointed out, "but not all of them were on the varsity."

Harlow was referring to the fact that three junior varsity players shot 46 or better against Kiel, leading to an easy KHS win at that level. In fact, the JV team score of 193 would have been good enough for a tie with the Kiel varsity unit.

Other than Serwe's eight over par round, no KHS player shot better than a 51, which was recorded by freshman Jeff Heller. Kiel's Greg Henning (46) paced the winners.

KIEL (193) - Greg Henning 46, Nathan Bedermeier 47, Tim Dederling 49, Jerry Faust 51.

KEWASKUM (198) - Gregg Serwe 43, Jeff Heller 51, Luke Chesak 52, Jesse Terlinden 52.

# Jacak, Jackson Win EW Titles

By Noel Stollenwerk

SHEBOYGAN FALLS, May 12 - While he didn't expect his team to be a contender for the Eastern Wisconsin Conference overall title, Kewaskum boys track coach Jerry Gosa knew that several of his troops could possibly bring home individual victories.

And that is exactly what happened here. Both Travis Jacak and Brad Jackson won their respective specialties, pacing the Indians to a fifth-place showing in the annual conference showdown.

Two Rivers used its depth to win the conference crown, amassing 148 points. New Holstein was second (131), followed by Sheboygan Falls (106), Chilton (87), Kewaskum (61), Plymouth (58), and Kiel (56).

"I thought it was a very good effort on our part," said Gosa, whose team has been depleted during the course of the year. "It turned out to be a fairly nice night."

It was especially nice for Jacak, who won his third straight EW title in the high jump. This time he outlasted Two Rivers' Reggie Rasmus in a jump-off, clearing the 6-3 to win.

"They both missed at 6-4, and Travis made 6-3," Gosa pointed out, noting that Rasmus recently transferred to Two Rivers, and is only a freshman. "Travis really didn't have an especially good jumping day."

Jacak, on the other hand, had his best. The senior veteran set a new KHS outdoor record by clearing 13-6 in winning the pole vault. Jackson broke the previous mark that he set last year (13-5).

"The last couple of weeks

he has really been coming on," Gosa said. "He's getting his confidence back, and is now jumping like the way he's capable of."

Gosa said that Jackson has been working with Rick Robinsin, who has donated a lot of time with the pole vaulters the past few seasons. Robinsin's son, Jim, was a star pole vaulter at West Bend West, and the elder Robinsin has lent his expertise in the event to Jackson's benefit.

"He's really done a great job with Brad," Gosa said of Robinsin. "He's done a lot of extra work, and it's really paid off."

The Indians also added several third-place finishes. Matt Tonn turned in his best 400 clocking (52.97) for a third, while Wade Kreis (20-3 in the long jump) and the 1600 relay team (3:38.1) also earned medals by finishing third.

"They really ran well," Gosa said of the 1600 unit, made up of Andy Rix, Tonn, Jackson, and Aaron Kurth. "That's about the best they've done all season."

One disappointment for Gosa was that the 3200 relay, made up of Andy Rix, Tony Rix, Randy Thull and David Gosa, was unable to crack the top three. The unit had to settle for fourth (8:46.6), despite knocking nearly ten seconds off their previous best time.

"We put all our eggs into one basket with that," Gosa said, referring to the fact that the effort probably cost KHS in other events, because of fatigue. "That race took a lot of energy for those guys. That's where our lack of depth really hurts us."

Kreis added a fourth in the pole vault (11-6), accounting for the lone double-place by the

Indians.

Andy Mathias took fourth in the shot put (43-7), and had a personal best in the discus (122-0). Others recording personal bests during the meet were Peter Reis in the 300 hurdles (44.9), and Damien Doherty in the 3200 (11:02).

Gosa will now get his troops ready for this Thursday's EW Relays at Two Rivers. The meet will serve as a tuneup for next Monday's WIAA Regional at New Holstein.

"We really don't have the depth to do much at the (EW) relays," Gosa noted. As for the Regionals, "it's going to be tough. I know Two Rivers is

there, so we'll have our work cut out for us," trying to advance individuals to Sectional, which will be in Elkhorn.
