Roofing at KHS, KMS Put on Hold School Board to Decide Fall Referendum Format

By Noel Stollenwerk

KEWASKUM - The Kewaskum Board of Education will decide next month just how they will approach a fall referendum, and what elements shall be included in the package.

At its monthly meeting last Monday, the Board discussed several options that could be sent to voters in the fall.

A \$7.5 million referendum was narrowly turned down by school district voters in February. A scaled-back \$5.3 million version of that plan again failed in another vote in April.

In a related measure, the Board agreed that it would put needed roofing at the Middle and High Schools on hold while it mulls over options to be presented to voters in fall.

The actual cost and type of roofs needed are not known at this time, so District Administrator David Heather urged the Board to delay making a decision on the roofing at this time. Board member John Schulte agreed, adding that the roofing repairs may be another referendum item in the spring of 1995.

While several options were discussed regarding the fall referendum, the Board agreed to put off any final decision on the matter until its next meeting on July 11.

The Board is considering more than a half-dozen options, ranging in price from the initial resolution (now at \$7.725 million), to just making improvements on the football field and track (at a cost of \$285,000).

The increase in the cost of the initial resolution, as well as

the increase in the cost of the scaled-back plan (now at \$5.45 million), are due to increases in construction and borrowing costs.

Heather gave the Board a list of nine separate options, differing in items to be included, as well as number of years of financing.

In addition, the inclusion of an auditorium may go before voters as an entirely separate referendum item. The auditorium was one of the major reasons that the first resolution failed, as voters complained that it was a luxury and not a necessity.

While many Board members felt that the initial \$7.5 million resolution is still the best possible choice, several members noted that the public should be given more than one option.

Preliminary Budget Approved

By Noel Stollenwerk

KEWASKUM -- The Kewaskum School Board last Monday approved an \$11 million preliminary budget for the 1994-95 fiscal year.

The preliminary figures

represent a 3.14% increase over the 93-94 budget of \$10.925 million. The proposed budget for the coming year calls for an increase of \$342,957 over the 1993-94 total budget.

The final figures and subsequent tax levy will be taken up

at the Board's annual meeting on July 25.

In other matters, the Board didn't waste much time in putting the next year's budget into action, approving a nearly \$5,000 purchase to replace deteriorating high school lockers.

In addition, another \$3,000 was approved to replace toilet dividers in the boys bathrooms at the high school. The previous dividers had to be removed after vandals damaged them.

The Board also agreed to spend \$65,000 for the purchase of technology equipment from Office Technology of Neenah. Several computers and other related equipment make up much of the expense.

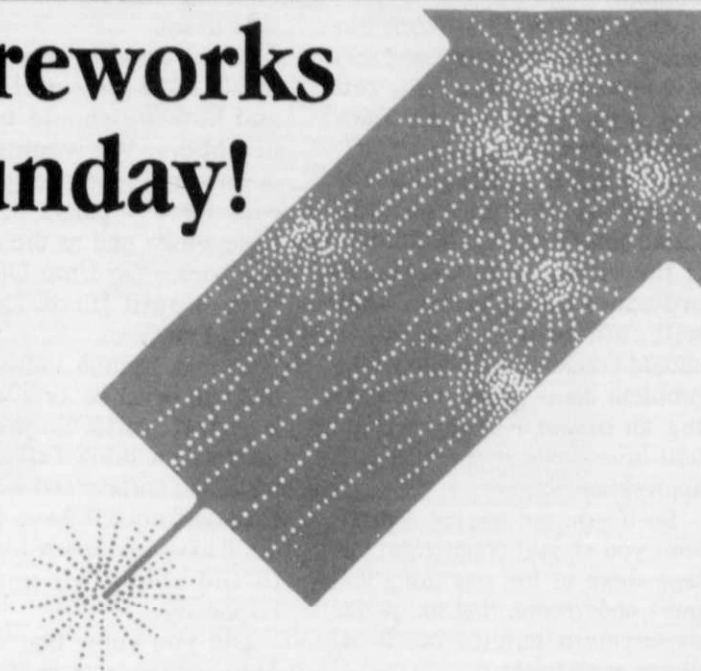

In an unrelated matter, the Board unanimously accepted the resignation of David Rizzardi as the KHS Athletic Director, and approved his hiring as KHS varsity girls basketball coach. Rizzardi is currently the KHS head volleyball coach as well.

holes of golf, lunch, prizes, and a steak fry dinner. We also have a 9-hole option which is \$30.00, this includes 9-holes of golf, lunch and dinner. Dinner alone is \$15.00. We are looking for foursomes and individual golfers.

Serwe Chevrolet from Campbellsport, will sponsor the hole-in-one contest. Each par 3 will have a hole-in-one prize. Club Car will have 2 Club Cars for hole-in-ones on 2 par 3's, and Bob Fish will have the use of a conversion van for a weekend, excluding holidays, for a closest to the pin on one of the par 3's.

The golf outing will benefit the Kewaskum Kettle Kountry Kolers Festival the second weekend in October. Your participation in this event, is much appreciated. If you would like to be involved, call Jane Korth at Hon-E-Kor, 626-2520.

Fireworks Sunday!

Residents of the Kewaskum area will again descend upon Riverhill Park on Sunday, July 3, to exercise their rights to life, liberty and the pursuit of an enormous fireworks display.

The Kewaskum Fire Department will start firing aerial salutes before dusk to remind everyone to journey up to the park early enough to enjoy those delicious brats, burgers, or "cold ones" prior to the fireworks.

This year's spectacular display includes brilliant colored groundworks and a thunderstorm of explosions bursting in air after dark.

The fire department will set off the display along the west bank of the Milwaukee River, so pick out your best viewing seat on the hill east of the river. Lots of food will be available on the

grounds with both refreshment stands opening around 3 p.m.

A rain date has been scheduled for Monday evening, July 4th.

Don't forget to mark your calendars for July 8, 9 and 10 and we'll meet again at Riverhill Park for the annual Kewaskum Firemen-Legion picnic, with a humongous parade at noon on Sunday.

Any business or individual interested in contributing towards the purchase of additional fireworks for next year's Centennial celebration, please contact the Village Administrator Dan Schmidt at 626-8484 during regular business hours.

Get to the park early to reserve your spot on the hill for this traditional family evening.

String Golf Tournament Fundraiser on July 24

The Kewaskum Area Chamber of Commerce String Tournament Golf Committee along with Michelob has set the date for the 1994 golf outing. It will be held on Sunday, July 24 at Hon-E-Kor Country Club in Kewaskum. Tee times start at 9:30. Chairing the event this year are Tracey and Jim Schaub, Debbie and Tom Timblin, and Jane and Jim Korth.

Hole sponsors for this year's event are Cochran Sign, Abstract & Title Co., Gruber Tool & Die, Bunk, Doherty & Griffin, West Bend Elevator, Fin 'n Feather, Finishing Touches, Bar 'N Annex, Engelhardt's, Dairyland Seed, Gary Gavin Painting, Tim Leitheiser Car Co., Heberer Brothers, Jim Schaub, Rustic Timbers Apts., Club Car, West Bend Clothes Clinic, and Campbellsport Building Supply.

The entry fee per person is \$40.00 and this includes 18

Firemen-Legion Picnic July 8-9-10

This is just a reminder that the Kewaskum Firemen-Legion picnic, held the weekend after the 4th, isn't very far away.

Don't forget about the big parade on Sunday, July 10 at noon. The theme this year is, "Remembering D-Day." Hopefully many will be participating in this year's parade.

There will be many bands marching in this year's annual event and the fire department is always happy to have businesses or groups sponsor a band, sharing in all or part of the expense. It all goes to a good cause. If anyone is interested, please call Jeff Boden at 626-4161.

Letters to the President

After a brief respite, partially due to the temporary misplacement of our files, this week we are resuming our Letters to the President column. Our column this week was directed to Village President Robert Wagner. From now on, however, could our readers please limit their questions to one per column?

QUESTION #1 -- With our many ordinances, why are they not enforced... example... cats and dogs running loose, snow and weed removal, etc.?

ANSWER -- Basically the village's philosophy on ordinance enforcement is as follows: If the village officials see an ordinance being broken, they will enforce it or if a citizen should contact the village with a problem about someone breaking an ordinance, the village will investigate it and will take appropriate action.

So if you are having a problem, you should contact the village about it. But one thing you must understand, that the police department cannot be in all places at all times.

The one thing I want to make very clear about enforcement is that if we would try to enforce every ordinance that is on the books, we would have to hire an army of policemen and have to start placing them behind every tree, bush and telephone pole so that we can nail anyone and everyone that breaks the law. I don't think any of us would want that. It sounds like a police state.

I know my phone would be ringing off the hook if we started doing that.

Now I would like to talk about something a bit more fundamental and that is ordinances (laws), the role of government and the responsibilities of people. My basic belief is simple... less government, smaller bureaucracy, less laws and less involvement in my life and the lives of the citizens is the best kind of government. I didn't run for office to see how many ordinances I could pass. I would love to see myself, Dan and Dick, without a job but I can imagine many people feel that way in the village.

When it comes to laws and ordinances, I have a very simplistic belief and that is that we should only need one book to follow and 10 laws to use. That

book is the Bible and the laws are the 10 Commandments to manage our lives and behavior.

Don't misunderstand me by thinking I'm some kind of Bible thumping radical and I don't want to offend any atheist out there, because you do not have to believe in God or be a Christian to appreciate what God and Jesus are teaching on how to act.

What they are saying only makes sense on normal behavior and how we should treat our neighbors. We wouldn't need ordinances if everyone would be considerate of others, be responsible adults and as the old saying goes, "Do Unto Others As You Would Have Them Do Unto You."

But as human nature goes, this will never be, or it would be a perfect world. So that's why we have a book full of ordinances to enforce and why Dick, Dan and myself have a job to do. I have one quick little thing to add about cats and being responsible.

Did you know that we have only twelve cats in the entire village? At the village board meeting, we have to chuckle, because that is how many licenses we issued last year. I would have thought there were more cat lovers in a village this size.

I see more cats than I do dogs running around the neighborhood, and I can't tell you the number of times that I have heard two cats outside my bedroom window at 2 a.m. getting acquainted with each other. This is the point I am trying to get across about being responsible. If people would only think about how many cats are put to sleep each year.... well enough said about that topic.

QUESTION #2 -- It seems our taxpayers are "made of money" the way the village is buying trucks, tools, etc. Why can't they purchase things the way the average homeowner does?

ANSWER -- No, the Village Board doesn't think the taxpayers are made of money, because

I'm a taxpayer and I'm not made of money. I'm not sure what you mean purchase things the way a homeowner does? I believe you are saying run the village budget the way a well-managed homeowner's budget is run, which I feel is a very good comparison.

First, we will talk about buying and owning a family car. Doesn't there always reach a point in time that you have to buy a different car (like it or not)? Why are you getting a different car... because you like paying the bank on a car loan? NOT!

If you are like me, you are doing it because it is worn out, it's not dependable and it's costing you too much in maintenance costs and you cannot be inconvenienced when the car is in the shop.

Oh yes, one more thing... don't forget about safety. Well, this is no different than the vehicles the village owns. We reach a point that they need to be replaced. There is one other thing to keep in mind, and that is the DPW is out there trying to get work done... like plowing the streets, repair broken water mains, etc. And if their equipment is broken, they can't do their jobs efficiently and your street may not get plowed.

Well, when that happens, and the phones start to ring off the hook, I don't think it will be very comforting to the taxpayer when I tell them... don't forget... I saved you ten dollars last year.

One other thing to remember is when the equipment breaks down, there is also a loss of productivity of the workers which is paid for by your tax dollars. In the past, the DPW was a bit too frugal with their spending, being penny wise and dollar foolish, keeping old tools and equipment around, fixing and repairing when it should have been replaced and pushing the vehicles way past their practical limit.

Well, now we dug ourselves a hole to get out of. That is why it may seem to you that we are spending like there is no tomorrow and replacing everything.

One other point to mention is that you expect your workers to

do the best, most efficient job they can as safely as possible. Then you have to give them the tools to do it. This is the best way to service the taxpayers. There has to be big improvement in technology and tools not to mention many new tools to help make people more efficient than in the past.

I would like to say again, what great financial shape our village is in. We have just had an audit done on the village and again, as in the past years, the village got a very high score. The auditors were very impressed with financial condition, which is a credit to Dan Schmidt and past village boards. Since 1985, on an average, the village has not had a tax increase. I would say our finances are much better than most households.

Jennifer Schmidt Receives Award

Manitowoc: Silver Lake College announces the 1994 Catholic Student Recognition Award recipients.

The program sponsored by SLC Campus Ministry was established to recognize and encourage the outstanding Christian service of high school students offered within the Catholic tradition. Criteria for nomination includes consistent involvement in services to the parish, modeling Christian character and exemplifying the traits of a future christian leader.

Students in grades nine (9) to twelve (12) who exhibit said criteria may be nominated by parish pastors/youth ministers or high school coordinators. Catholic Student Recognition Award recipients receive a

Christian witness pin recognizing their achievements and their names are added to an on-going Catholic Student Recognition Award plaque located inside the main entrance at Silver Lake College.

Students who continue to meet the nomination criteria may receive this award more than once. The Award recipient from this area is Jennifer Schmidt of Kewaskum. She is the daughter of Mr. and Mrs. Dean Schmidt of Kewaskum. They attend St. Matthias Church in the Town of Auburn.

Christine Neumann Travels To Europe With Her Music

Christine Neumann

On June 25th, 150 band and choir students and staff from around Wisconsin left O-Hare on a seven countries, sixteen day musical journey across Europe as Wisconsin Ambassadors of Music.

Christine Neumann, daughter of Roger and Ann Neumann is a flute player for the Wisconsin Ambassadors of Music Band.

The students were involved in intensive rehearsal and orientation sessions prior to the

Europe an travel, as well as on-site orientation meetings at the beginning of their visit to each of the countries (Great Britain, France, Switzerland, Liechtenstein, Austria, Italy and Germany).

The band will perform at Victoria Embankment Gardens, London; Luxembourg Gardens, Paris; Bellevue Hotel-Morgins, Switzerland; Leutasch Pavilion - Seefeld, Austria and Pavilion Josephine in Orangerie Park-Strasbourg, France.

The choir performs at Westminster Cathedral, London; Church of St. Severin, Paris; Bellevue Hotel-Morgins, Switzerland; Reith Church-Seefeld, Austria and Pavilion Josephine-Strasbourg, France.

In addition to their own 45-90 minute performances and guided educational tour experience, the students will attend a musical stage production in London, live concert performance in Paris and shared concerts with folk dancers and musicians in Switzerland and Austria. The students will also share cultural and folk music experiences in Venice, all day trip to Zermatt and the Matterhorn and other educational benefits too numerous to mention.

Keeping the Cool In a Balanced Diet

Ice cream, frozen custard, frozen yogurt... so many delicious varieties of frozen dairy desserts to satisfy your senses!

But did you know ice cream and other frozen dairy desserts can be part of your healthful balanced diet?

It's true. Since dairy desserts have different fat and calorie levels, nutrition experts at Dairy Council of Wisconsin say there's a cool treat to meet everyone's needs.

For example, regular ice cream has approximately 130 calories per half-cup serving... about one-fourth fewer than "premium" ice cream. Ice milk contains less fat than regular ice cream; hence, its texture is not as smooth and creamy.

Frozen custard, which sometimes is called "French ice cream" or "French custard ice cream," contains egg yolks as well as milk and sugar. Often available as "soft serve," it's closer to premium ice cream in calories, taste and texture.

A "frosty malt cup" is a frozen dairy dessert known as mellorine. It's made from milk solids, sweeteners and animal or vegetable fat, so its not as rich as ice cream. Although one-half cup has somewhat fewer calories than a half cup of ice cream, it's usually sold in 12-ounce servings.

Did you know sherbet also is made from milk or cream? Flavored with fruit or fruit juice, it, too, is a frozen dairy dessert. A half-cup serving of orange

sherbet has about the same number of calories as a half-cup of regular vanilla ice cream.

The difference between frozen yogurt and ice cream is the culturing of the milk used in manufacturing frozen yogurt. That's what gives it that slightly tart flavor. Depending on flavor and brand, a half-cup serving of

frozen yogurt generally has 100 to 140 calories.

Frozen yogurt also provides 100 to 150 milligrams of calcium in a half-cup serving. DCW nutrition experts say that makes it a good source of calcium in a balanced diet. Calcium is important for building and maintaining strong bones and teeth.

The GFWC Kewaskum Junior Woman's Club recently made a monetary donation to the Kewaskum D.A.R.E. (Drug Awareness Resistance Education) program. Accepting the donation here is D.A.R.E. Officer, Tom Bauer of the Kewaskum Police Department from Donna Beck, Kewaskum Junior's Club President.

Schmidts to Participate In Great Circus Parade

A Kewaskum contingent will take part in one of the country's top entertainment spectacles this summer: The Great Circus Parade in Milwaukee July 17.

A team of six Belgian horses driven by Dean and Bud Schmidt of W177 Hwy. D, Kewaskum, will be pulling the Al G. Barnes Lady & Lion Tableau Wagon in the two-hour pageant out of circus history. It will be a repeat appearance for the Schmidts in the annual event that ranks as a premier equine exhibition, featuring more than 700 draft and riding horses of various breeds pulling antique circus wagons or carrying parade participants.

Several hundred thousand spectators line a three-mile route in downtown Milwaukee each July to witness the authentic recreation of the traditional street

procession of animals, bands and performers with which circuses for days gone by ballyhooed their arrival in town. Millions more see the parade later via taped telecasts on a nationwide PBS network.

The Great Circus Parade centers around some 70 resplendently restored old circus wagons from the unsurpassed collection housed at the Circus World Museum, Baraboo, Wis., a state-owned facility. The horse-drawn wagons, some more than a century old, are grandly escorted by a horde of elephants and other exotic animals; a bevy of clowns, and more than 2,000 circus "performers," many in elaborate costumes. The colorful cavalcade marches to the stirring tempo of brassy wagon top bands, snappy high school marching ensembles and crack military musical units.

Annual Fundraiser for Child Abuse Prevention

The Youth and Family Project will sponsor a benefit evening of dinner and music to raise funds for child abuse prevention programs.

The theme for the benefit evening held July 25 at the West Bend Country Club, will be "Hope for the Children". All proceeds will benefit both Washington and Ozaukee residents.

The Youth & Family Project sponsors programs in both Ozaukee and Washington counties. Currently, The Family Helpline (24 hours), the Crossroads runaway program, Parents Anonymous support programs, the Nurturing Baby program (serving pregnant teen moms) and the Home Detention program are based in Washington county.

All programs are offered free of charge to Washington and Ozaukee county residents. Presently, funds are sought to aid in the support of these programs. A silent auction will be held in conjunction with the benefit dinner and will be sponsored by the Kewaskum Junior Womens Club.

Anyone wanting to donate silent auction items or wanting information on the sale of the tickets can contact The Youth & Family Project at 338-1661.

Tranquility

The reflection of the sun off the lake shone in Brian's eyes. Shelley could feel the sun beating down on her skin. The fog over the lake began to fade, and she could tell it would be a lovely day. The morning breeze carried the scent of the apple blossoms and the dawn's dew. Far off she heard birds singing a song much like the one that had awakened her this morning. She heard the fish jumping in the water. "They'll be biting today," she thought to herself.

She stood and felt the heaviness of sleep fall from her body as though it was just a shadow that covered her while she dreamt. She felt the damp grass between her toes as she stretched toward the sky to greet the morning.

She walked toward the lake and looked toward the sky. It was devoid of clouds, and only birds could be seen venturing across it. It seemed as though if she looked hard enough, she could see the night beyond. She dipped her toe into the water, and she could almost feel the clarity and crispness of the lake.

She loved being out here in the wilderness. She felt a lot of inner peace. The conflicts of life were left behind in the city. Here she only had to concern herself with finding things to do. This wasn't hard because she was content with just sitting on the shore and watching time go by. Except here time didn't matter; it was just an endless abyss of sunlight and life.

She wished she never had to go back.

'Pieces of America' Presented by Holy Trinity Students

"God Bless America," resounded throughout Rose Hall at Kewaskum High School as the finale for the Spring Concert entitled, "Pieces of America," came to a conclusion.

The Holy Trinity student body, under the direction of Mrs. Terri Christie and Mrs. Gail Filzen, saluted America and paid tribute to its history through song, dance and narration. Though the use of living pictures, scenes from various eras of American history were depicted. Each scene then became a piece of a large puzzle that when completed created a huge American flag with a cross superimposed upon it.

Various selections of American music and numerous American dances delighted parents, relatives and friends in attendance. Prior to the entertainment, displays of American folk art, space history, rocking horses, dolls, football, fashion, etc., all created by the students with the guidance of their teachers, were available for viewing. The entire evening, centered around the Red, White and Blue, left a feeling of patriotism and the proud feeling of being an American.

It was so correctly stated on the program: "We bring all the pieces of our American musical heritage together to form a flag of faith and honor to God and our Country."

Members of the Holy Trinity 5th grade class, donned in their matching t-shirts designed and printed especially for the concert, sing "Battle Hymn of the Republic."

Sixth grade teacher Mr. Gundrum decked out in garb from "The Good Ole' Summertime" era.

Program coordinators Terri Christie and Gail Filzen.

Megan Ramthun and Chris Wessing, both Holy Trinity eighth graders, jitterbug to the tune, "Crocodile Rock."

David Gerhartz, eighth grade, sings "Five Foot Two," resplendent in flapper-era attire.

Dolores Kleinke, left, and Merv Thompson, right, manned the booth graciously displayed by the Robert G. Romaine Post of the Kewaskum American Legion.

Eighth graders Derek Dorn and Jim Kopecky did a fantastic job performing the old Abbot and Costello number, "Who's on First."

KHS Gives One Away to Falcons

By Noel Stollenwerk

KEWASKUM - The Kewaskum Indians let one get away against Sheboygan Falls here, last Thursday. Or better put, the Indians gave one away.

Eight Indian errors, including a pair of costly ones in the sixth inning, allowed the Falcons to post a 7-3 victory over KHS, dropping the Indians to 3-2 in

the Eastern Wisconsin Conference.

With the victory, the Falcons improved to 5-1 in the loop.

The two errors in the top of the sixth helped Falls tally four unearned runs in the frame, breaking what was a 3-3 tie.

The inning started innocently enough, with KHS pitcher Dane Dorn retiring the first two hitters. But the two miscues followed, coupled with a walk, and two singles, plating the four Falcons runs, and making it 7-3 in favor of the visitors.

That was all that Falcon starter Shannon Carpenter needed, as he shut down the Indians on four hits to pick up the victory.

The Indians grabbed an early 2-0 lead, as Tim Gundrum delivered a two-run single.

But Falls answered quickly, as Robin Johnson smacked a two-run homer in the top of the second to knot things at 2-all.

Falls took the lead with a run in the third, but KHS came back in the bottom half of the frame, with Kevin Klahn singling, and eventually coming around to score on an error.

That's the way things stayed until the sixth, as the Indian generosity in the field came back to haunt them.

Dorn took the loss, giving up seven hits, while striking out five and walking three. Carpenter struck out two and walked two.

Errors Lead To KHS Defeat

By Noel Stollenwerk

CHILTON - The Kewaskum baseball team continues to hit the ball well, but the Indians are still having their problems with the gloves. That trend stayed very much alive here, last Monday.

The Indians rapped out nine hits, but four errors led to five unearned runs by Chilton, as the Tigers came away with a 6-2 win.

The loss gave the Indians a 3-3 mark in the Eastern Wisconsin Conference, while Chilton improved to 2-3.

"We hit the ball hard, but we just didn't produce anything," KHS coach Mark Heise said of the loss. "Our errors led the most of their runs also."

One error led to Chilton's two runs in the opening inning. After a walk and a single, a miscue by an Indian outfielder allowed both runners to score, giving the Tigers the lead.

The Indians came back with a run of their own in the second. Tim Strigenz reached on a fielder's choice, and stole second. Jason Lieberg followed with a hit, scoring Strigenz and cutting the deficit to just 2-1.

Chilton scored a single run in the third, and then all but put the game away with three more tallies in the fourth. The Tigers managed just one hit in the fourth, but took advantage of an error, and three walks and two wild pitches by KHS starter Jason Gaffke.

Gaffke, making his season debut after missing several games due to suspension, took the loss for the Indians. He allowed four hits and walked four, but the major obstacle was the four KHS errors. Gaffke also added a 2x4 effort at the plate.

The Indians got their lone other run in the fifth, as Tim Gundrum kept swinging a hot bat, singling home Kevin Klahn, who had walked and stole second.

"It was just one of those games," Heise went on to say, pointing to the fourth inning woes in the field. A lack of timely hitting was also a problem according to Heise, who noted that the Indians had the bases loaded twice and two on once, and twice bunted into double plays.

Sportsman 25 lap feature victory of the year in a photo finish. Gerlach started fourth and took the lead from pole sitter Dale Bauer of Sheboygan Falls in turn two on lap 8. The red came out on lap 11 when Jeff Gierke of Kiel rolled his Sportsman in turn three. On the restart, Gerlach pulled out to a comfortable 15 car length advantage until lap 22 when Plymouth's Steve Hoffmann, who started fourteenth, closeup to Gerlach's bumper.

Hoffmann made a move along side Gerlach as the two crossed the line to take the white flag. On the final lap, Gerlach and Hoffmann stayed side by side with neither gaining an advantage until the final turn when Gerlach moved ahead slightly to beat Hoffmann to the checkered flag by inches.

In the Hobby Stock division, Kiel driver Dave Enders picked up his first career victory in the 20 lap feature event. Enders, who started seventh, passed 1984 and 1985 Hobby Stock track champion Steve Schad of Cleveland on the second lap and cruised the rest of the way to claim the victory by a full straightaway over his nearest competitor.

Plymouth's Bob Otte finished second, Rick Thompson of Campbellsport took third, Jon Allen of Plymouth came in fourth, and Schad held on to finish fifth.

In other action Saturday night, rookie driver John Haeni of Brown Deer won the Modified B semi-feature. Paul Pokorski of West Bend took the win in the Modified C semi-feature.

Next Saturday evening the Eastern Wisconsin Stock Car Association will hold the annual Ed Foy mid-season championships with extended feature races in all three divisions. As a special added attraction, a fireworks display will light up the Plymouth skies during intermission. Time trials will begin at 6 p.m. with racing getting under way at 7 p.m.

EWSCA NEWS

(PLYMOUTH, WI) Johnny Komppa of Slinger won his second 30 lap Modified feature of the 1994 season Saturday night in Eastern Wisconsin Stock Car racing action at the Sheboygan County Fairgrounds.

Komppa maneuvered his way up from sixth starting position to take command on lap 2 when he drove under early race leader Bill Wenninger of Kewaskum coming out of turn two. The red came out on lap 3 when Wenninger got sideways and flipped in turn three causing a five car pileup. Over the next fifteen green flag laps, Komppa opened up a half-straightaway advantage over the field. On lap 19, two-time Modified track champion Donny Goeden of Kewaskum moved up from his fifth row starting spot to challenge Komppa for the lead.

A red flag on lap 22 for a flip involving Sheboygan Falls driver Jim DePagter slowed the pace. When the race resumed, Komppa moved to the high groove and pulled away from Goeden over the final five laps to take the victory.

Goeden took second followed by Elkart Lake's Randy Sippel in third, Troy Wondra of Lomira was fourth, and Plymouth's Chuck Melis rounded out the top five.

Todd Gerlach of Random Lake took home his first

For the first time in ten years, two boys have attained leadership in scholastics to obtain first honors in their senior graduating class. David Bartelt and James Bartelt are valedictorian and salutatorian respectively of the class of '44. The last two boys to hold a male monopoly on honors were Robert Rosenheimer and Earl Kohler of the class of '34.

Two Kewaskum boys had the honor to battle it out for the championship in the finals of the county marble tournament which was held Saturday at the McLane school playground in West Bend. John McElhatton, Holy Trinity school pupil defeated Gerald Gottowske, Kewaskum public school pupil. As a result, both McElhatton and Gottowske will represent Washington County in the district finals at West Bend on May 20.

75 Years Ago

June 28, 1919

There has been considerable discussion in the daily and weekly papers recently about the sale of distilled spirits, wines and fermented liquors after June 30, 1919. Retail liquor dealers and others concerned do not appear to understand the provisions of the Act of November 21st, 1918. This Act provides among other things that "after June thirtieth, nineteen hundred and nineteen, until the conclusion of the present war and thereafter until the termination of demobilization, the date of which shall be determined and proclaimed by the President of the United States, for the purpose of conserving the manpower of the nation, and to increase efficiency in the production of arms, munitions, ships, food and clothing for the Army and Navy, it shall be unlawful to sell for beverage purposes any distilled spirits, and during said time no distilled spirits held in bond shall be removed therefrom for beverage purposes except for export." Any person who violates any of the foregoing provisions shall be punished by imprisonment not exceeding one year or by fine not exceeding \$1,000 or both such imprisonment and fine. The fact that any person or firm has filed an application and paid special tax as a liquor dealer for the fiscal year commencing July 1st, 1919, and ending June 30th, 1920, will not carry with it any privileges and will not exempt them from the penalties provided for in the law.

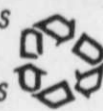

Born, to Mr. and Mrs. Frank Keller of Kewaskum, an eleven and a half pound baby boy on Monday.

A Message from Bonnie...

Hello Kewaskum Statesman readers and how are you all doing today? YOUR Postmaster is BACK after two week vacation and (Like many of your vacations) it was a busy time--got to "go back to work to rest and relax--ha ha." Let me take a few minutes of your time and tell you all about it okay?

Well, the first week of vacation was pretty much spent at the State Postmaster's Convention that was held right in my home town of Fond du Lac. Counting the present Postmasters and the retirees--we were about 500 in number and a great time was had by all. We occupied the Holiday Inn PLUS the Budgetel and it was kind of like "we took Fond du Lac by storm!!!" As your Postmaster, I was busy--"taking people on tour of the MIRACLE MILE in Fondy and everyone was hoping that they might get lucky and win BIG BUCKS!!! \$100,000 was won OUTSIDE the Miracle Mile and I think the Postmasters are still "blaming me for not figuring out that one--ha ha!!!"

Then--there was the second week of vacation--time to rest and relax--right?--NO WAY!!! While I was at the Postmaster Convention, my home was being painted and I came back to what I would call MASS CONFUSION--time to put the house back in order. I REALLY think that I had a good plan of action as --everyday--"I made my plan of action--got the job done and than sat by the pool--TO ME IT WAS GREAT!!! The rewards???" Well--ANYONE of you that have ever gone through a move or a "painting renovation" could possibly identify with this--It IS LIKE HAVING A BRAND NEW HOME--all week long, NOTHING was put to the side--everything taken out for use was washed and VERY CAREFULLY put away. THEN -- it was and IS getting ready for the BIG SALE. You see--it is like playing "musical furniture"--1. My sister and her family have sold their home and are moving across town. 2. My mom and dad have decided to LIVE PERMANENTLY in Florida so their home is being "vacated". 3. My daughter had decided to rent an apartment

near UW- Milwaukee--and FINALLY--#4--MOM has decided to GET RID OF THINGS FROM THE PAST-- CAN YOU IDENTIFY--I am very sure that you can!!!

Other than that--YOUR Postmaster has been very busy getting information that you all may be interested in--on the Postal Scene--YES--A Postal rate increase looks pretty evident in 1995. I will be reporting on that in future columns. YES--there are a lot of new stamp issues coming out and again I will report on that in future columns. For now--please keep asking questions on Postal concerns you may have and I promise to TOTALLY answer them in my column okay? As your Postmaster, I ONCE again thank each and everyone of you for your TOTAL support--WE NEED YOU to LET US KNOW HOW WE ARE DOING--- HOW ARE WE DOING WITH YOU---AND YOU--AND YOU???

In CLOSING--I CARE--WE CARE about YOU--Please keep your concerns and feelings IN TOUCH WITH US!!!

As Always,
Bonnie!!!

Teenage Boys at Highest Risk for Vision Loss from Fireworks

(SAN FRANCISCO) -- Dominic, 15, had his left eye removed after a bottle rocket shot off by a friend struck his face and exploded.

Close to 10,000 people are injured by fireworks every year, with half the victims younger than 16. Dominic is in the highest-risk group for fireworks injuries: 13-15-year-old males, playing at home with friends.

The American Academy of Ophthalmology encourages everyone to leave the handling and detonating of fireworks to professionals at public fireworks displays.

"There are three main types of eye injuries caused by fireworks: Burns to the eye or eyelid, bruising and actual penetration of the eye," explained George Blankenship, MD, professor and chair of the department of ophthalmology at Penn State University.

Bottle rockets are responsible for 82 percent of fireworks injuries: smaller rockets travel from 35 to 75 mph, while larger rockets reach speeds of up to 200 mph. They fly erratically, explaining the high incidence of bystander injuries. The bottles and cans used to launch them often explode, showering fragments of glass and metal.

"The injuries can scar the cornea, the clear front coating of the eye," Blankenship added. "Imagine a windshield that loses its transparency and there's no

wiper to clear it off. A corneal transplant is needed to restore vision."

Even those fireworks perceived as safe can cause painful eye injuries. Sparklers, which are often held by young children, burn at 1800-degrees Fahrenheit, nearly hot enough to melt gold.

"It's like handing a child a branding iron," Blankenship said.

With at least 70 percent of fireworks injuries occurring to bystanders, everyone is at risk when amateurs handle fireworks.

The American Academy of Ophthalmology recommends that everyone handling fireworks observe these basic safety guidelines:

- Use only legal devices. Legal fireworks are printed with the manufacturer's name, address and a cautionary label. A firework lacking this information is very likely to be illegal. Never attempt to make your own fireworks.

- Never allow children to handle explosive fireworks.

- Always wear glasses or safety goggles when lighting fireworks. Spectators at backyard fireworks displays should also consider wearing protective eye wear.

- Never put firecrackers under tin cans, clay pots or in bottles. Vessels can shatter in the explosion and hit the eyes.

- If an injury does occur, do not press, rub or touch the eye; seek immediate care at a hospital emergency room.

Pick 'n Save To Expand in West Bend

George Prescott and his associates announced at a media conference today that the Pick 'n Save store at 1719 South Main Street in West Bend, already the largest grocery supermarket in Washington County, will expand to 69,000 square feet. "We're taking another important step in our long-range plan for growth," Prescott says.

The construction of the 15,000-square-foot addition will begin this fall, and involves changing the entire layout of the store, according to Gregg Grimm, Store Director. "When completed, we'll create an additional 35 to 50 new jobs," Grimm says.

Grimm and his associates also feel that the expansion offers an opportunity to change the environment of the store any way its customers might suggest. "What our customers want is what is important to us. We plan to ask for their ideas and reward them for helping us," Grimm says. "We already know that we'll greatly enhance and enlarge the perishable departments and move them to the front. Beyond that, we're still open for suggestions."

Grimm says that besides an emphasis on customer convenience, "we're also considering ways to create a more appealing ambience with more low-profile fixtures and to add enjoyment

by introducing open areas with the old-fashioned charm of traditional European market places." Grimm is leading a merchandising team studying formats around the country to see that every idea is concerned. "Our renovated store will be unique; there will be nothing like it in Washington County."

Commenting on his plan for growth, Prescott states, "We listen to our customers and try to give them what they want. The market changes from time to time and technological changes have to be considered, which means today's successful grocer must innovate, test, and upgrade continuously. We're proud that our customers have made our stores the leaders in Washington County and we'll work hard to keep it that way."

Board member John Schulte arrived at 7:05 p.m.

Audience to visitors; receiving of delegations:

Connie Strand thanked Mary Beth Winkowski of the West Bend News for the informative article on Japanese courses. There was also a nice article in the West Bend News and Milwaukee Journal regarding the Gifted and Talented sculptured welding project. Ms. Strand reported that high school students Kevin Pamperin and Jenny Goodsell were chosen to participate in Science World and Arts World respectively. Barbara Bliss will talk to the teachers about dyslexia on Wednesday, May 11th. Time will be allowed for a question and answer period. Ray Martens, an LD teacher at KES, is taking a dyslexia course this summer. About 12 books on dyslexia are available in the district for teachers to check out. A summer school course entitled, "Einstein and Me," will be offered and to date seven students are enrolled. The Write to Read program will be upgraded to Write to Read 2000, budget permitting.

Other audience participation included more comments and questions with regard to dyslexia, a question about a sport probation period and parochial bussing.

Dr. Heather asked for two board members to volunteer to hand out diplomas at graduation. Jean Goeden and Ruth Schmitt agreed to do so.

Justin Andera-Meisser was honored as the May Student of the Month.

Randy Reysen, Student Representative, reported that the FTA/AFS groups went to Great America the last weekend in April. The physics class just got done with their 7th Annual "Physics Day" at Great America. The student council members were also busy with the Senior Prom, Post Prom and Cedar Lake conference about leadership. State Senator Glen Grothman talked to the "Living Issues" government class.

Farmington 4-H Swamp Clean-Up

Members of the Farmington 4-H prowled along Jay Road Swamp on a recent Friday evening, hunting for trash and found plenty! Many tires, including a tractor tire, a lamp, and a bowling ball were among the large items removed from the swamp, while bottles, cans and paper were the most common items filling the truck. Seen in the above photo unloading the truck is Sara Lettow, club president. The members chose this site for the clean-up, because it is nearby and is used by illegal dumpers. The swamp, along the North Branch of the Milwaukee River, is recognized statewide as a valuable ecosystem for birdlife by bird watchers and as an excellent habitat for frogs, whose numbers are diminishing. Several local citizens stopped during the clean-up to ask about the project and thank the 4-H'ers for their efforts. The club elected to pay the dump fee of \$27 for trash disposal at their June meeting.

Submitted by Peg Cadigan

All board members were present.

Schulte/Beimborn motion to lay off an instructional staff member for the 1994-95 school year. Motion passed 6-1 with Mrs. Goeden voting no.

Discussion ensued concerning a building referendum and what the resolution(s) should contain. Dr. Heather was directed to prepare three resolutions for the June 20, 1994 board meeting.

Meeting adjourned into Closed Session at approximately 8:38 p.m.

Huskies Shut Down KHS Hitters

By Noel Stollenwerk

KEWASKUM New Holstein scored early and often against Kewaskum in an Eastern Wisconsin Conference matchup here, last Monday. Then Husky pitcher Doug Casper made sure the runs held up.

Casper shut down the Indians on just three hits, allowing New Holstein to come away with a hard-earned 5-1 victory over KHS.

The win improved New Holstein's record to 3-0 in the EW, while Kewaskum fell to 2-1 and 5-5 overall.

The Huskies gave Casper all the support he needed in the opening inning. Eric Ausloos led off the frame with a single, and KHS starter Dane Dorn walked the next batter, putting runners on first and second.

After a ground out moved the

runners to second and third, Duncan Sattler followed with a two-run single, giving the Huskies the early lead.

New Holstein added to their advantage in the second, with Ausloos once again a part of the scoring. His single scored a runner from third, but on the play, Casper, who was on second, was thrown out at the plate by right-fielder Andy Rix. Ausloos went to second on the throw home, and came around to score on Corey Weber's two-run homer, making it 5-0 New Holstein.

Casper did the rest, as he struck out seven KHS hitters while walking none.

The only damage by the Indians came in the fourth. Kevin Klahn reached on an error, and moved to second on another Husky miscue. Tim Gundrum followed with a single

to load the bases.

Dan Survis then hit into the fielder's choice, allowing Klahn to score from third.

That was all KHS could muster offensively, however, in suffering its first conference loss of the season.

One bright spot in the contest was the relief pitching of Klahn, who came on in relief of Dorn in the fourth inning. Klahn allowed just one hit over the final three innings.

That was good news for KHS coach Mark Heise, who has been auditioning pitchers due to a busy schedule the next couple of weeks.

KHS Rally Outlasts Raiders

By Noel Stollenwerk

TWO RIVERS - The temperature may have been near the 100 mark throughout the rest of Wisconsin last Tuesday, but the cool winds off of Lake Michigan helped Kewaskum survive the conditions in a game against Two Rivers here.

With those winds requiring the participants to wear jackets when in the dugout, the breeze didn't cool off the KHS hitters. The Indians chalked up nine hits, en route to a 5-3 victory over the Raiders, moving the Indians to 3-1 in the Eastern Wisconsin Conference.

Kevin Klahn and Dan Survis heated up to provide the Indians with an early lead. Klahn reached on an error by the right fielder, and later came around to score the first run on Survis' double.

After Two Rivers scored to tie things at 1-1 in the second inning, Klahn and Survis again combined to give KHS the lead. Klahn led off with a single, and

moved to second on a passed ball. Survis' single drove in Klahn, and the Indians were up 2-1.

Again Two Rivers came back to tie things in the bottom of the third, and then took the lead with another single tally in the fifth, making it 3-2.

A single by Tim Gundrum and double by Joe Rettler put runners on second and third in the sixth inning for KHS. Dane Dorn walked to load the bases, and Andy Rix followed with a sacrifice fly to score Gundrum.

Luke Chesak followed with an infield hit, scoring Rettler, and the Indians were back on top, 4-3.

The Indians got some insurance in the seventh, as Gundrum produced an RBI single, making it 5-3, Indians.

That was enough for Rettler, who took over on the mound in the fifth. Rettler pitched the final three frames, allowing just three hits.

NASCAR Returns to Milwaukee July 3rd

By Noel Stollenwerk

MILWAUKEE -- NASCAR stock car racing returns to one of America's most famous racing venues, the Milwaukee Mile, with the running of the Havoline Formula Three 250 on Sunday, July 3.

The 250-lap NASCAR Busch Series Grand National race features top drivers from the NASCAR Winston Cup Series competing against all of the regular competitors on the NASCAR Busch Series.

Last year's race marked the first NASCAR event at the Milwaukee Mile since 1985, and a crowd of 30,000 jammed the speedway located at Wisconsin State Fair Park. The race featured 20 lead changes among nine drivers, with winner Steve Grisson leading only the final two laps.

Grisson went on to win the 1993 NASCAR Busch Series championship, extending a trend that was started when NASCAR Busch Series races were held at the Milwaukee Mile in 1984 and 1985. The winners of both of these races, Sam Ard in '84 and Jack Ingram in '85, went on to win series titles later in those seasons.

Six drivers from the NASCAR Winston Cup Series have entered the race, including series point leader Ernie Irvan, who will make his first-ever start in Milwaukee. Also entered is Sterling Marlin, who won the Daytona 500 earlier this year.

In addition, drivers Ken Schrader, Harry Gant, Bobby Labonte, and Mike Wallace, all Winston Cup regulars, have entered the event.

Ricky Craven, a two-time

winner on the NASCAR Busch Series this season and the current point leader, will lead the series regulars against the invaders from the Winston Cup ranks.

Other top series regulars include Kenny Wallace, Larry Pearson, Hermie Sadler, Robert Pressley, David Green, and Tracy Leslie.

Former ASA champion Johnie Benson Jr. and former Slinger Speedway champion Robbie Reyer, along with former Milwaukee resident Bobby Dotter will provide local flavor to the event.

Racing starts on Sunday at 1 p.m., with time trials taking place Saturday.

Golfers participating in the July 15th Brian Leider Memorial Golf Tournament to be held at Camelot Country Club in Lomira, will have chances to win cars sponsored by Serwe Chevrolet-Buick and Ernie Von Schledorn. The memorial tournament benefits CAMP HOPE, which is a camp for children who grieve the death of a loved one. KHS Downs Hilbert In Baseball Thriller

By Noel Stollenwerk

KEWASKUM -- Kewaskum's first baseball win against Eastern Wisconsin Conference newcomer Hilbert took a little longer than expected, but KHS coach Mark Heise didn't seem to mind the wait.

After getting rained out last Thursday, the two teams hooked up in a good battle here Saturday afternoon. After allowing Hilbert to tie the game with a pair of runs in the seventh, the Indians survived a wild eighth inning as Andy Rix delivered the game-winner in a 4-3 Indian victory.

Rix's hit, which went off the glove of Hilbert's right fielder, scored Joe Rettler, who had reached on a fielder's choice.

Tim Gundrum led off the eighth with a walk, and his courtesy runner, Rob Donath moved to second when Hilbert's third baseman misplayed a sacrifice bunt attempt by Dan Survis.

With runners on first and second and no one out, Rettler reached on his fielder's choice. A wild pitch moved the runners up a base with just one out.

Heise gambled a bit, calling for Tim Strigenz to try a suicide squeeze to Dan Survis in from third. Strigenz missed the ball completely, but with Survis barreling down the line, Hilbert's catcher dropped the ball. He recovered in time to tag Survis out at the plate in a very close play.

"I thought he was safe," Heise said, noting that Survis nearly scored the winning run on a steal of home. "But it was a bang-bang play."

That left Rettler at third with two outs. Strigenz managed to draw a walk, and promptly stole second. That brought up Rix, who hit a 3-2 pitch to right field, going off of the outfielders glove, and allowing Rettler to cross the plate with the winning run.

"He came through big for us," Heise said of Rix.

Rix's hit allowed the Indians to avoid another seventh inning collapse. Just as Campbellsport had done four days earlier, Hilbert scored twice in the top of the seventh to send the game into extra innings.

Rettler walked the first batter of the inning. After a pop out, Rettler allowed a single and a double. On the double, Survis threw out a runner trying to advance to third on the play for the second out of the inning.

The next batter popped up to third for what appeared to be the game's final out. But third baseman Dane Dorn dropped the ball, allowing the runner to score from second on the play.

"It hit his glove and fell right out," Heise said of the play, in which neither of Hilbert's runners were going full steam. "He probably could have thrown out the guy coming home," but instead threw the ball away trying to get the runner at first.

Fortunately, the play didn't cost the Indians in the long run.

Hilbert took the early lead with a run in the opening inning, but the Indians countered in the second. Jason Gaffke's double scored Cory Rammer and Kevin Klahn, putting the Indians in front.

"That was a big clutch hit for us," Heise said of Gaffke's two-out double.

The Indians scored their other run in the fifth, as Tim Gundrum's grounder to second base was misplayed, allowing Klahn to score. Klahn started the inning with a single.

Walks Help Spell Defeat for KHS

By Noel Stollenwerk

KEWASKUM - Kewaskum baseball coach Mark Heise was somewhat in amazement here, last Tuesday afternoon. With his pitchers unable to throw strikes, Heise couldn't believe the Indians were actually in a position to win their contest with Campbellsport.

"When you walk twelve people, you shouldn't be in the game in the seventh inning," Heise said.

But the Indians were in the game, although those walks came back to haunt them. Two base-on balls in the seventh allowed the Cougars to tie the game, and then the guests won it in the ninth on a single by Gary Goebel, who had three hits in the Cougars' 7-6 victory.

"He had a great day," Heise said of the sophomore Gary Goebel, one of two players named Gary Goebel on the Cougar roster. The younger Goebel finished the day 3x4, with three runs scored and the game-winning RBI.

It was a wonder the game ever made it to extra innings, as both teams should have been in position to win earlier. The Cougars were unable to take advantage of the Indians' pitchers' wildness, and Kewaskum led 6-4 heading into the seventh.

Heise decided to insert Dane Dorn on the hill in the seventh, because "he has been my most consistent pitcher so far this year."

That strategy backfired, however, as Dorn walked the first two hitters of the inning. After a strikeout, the Cougars had runners on second and third with one out, and decided to try a sui-

cide squeeze.

But the younger Goebel fouled off the bunt attempt, giving him another life at the plate. He took advantage of the opportunity, tripling to score both runners, and tying the game at 6-all.

The Indians had a couple of opportunities in the seventh, as two runners reached first base. But both were thrown out trying to steal second, and the game was sent to extra innings.

After neither team scored in the eighth, the Cougars scored the go-ahead run in the ninth. Goebel's single drove in Dave Bothe, who had singled and stole second.

Ryan Hall shut down the Indians in their half of the ninth, and the Cougars had secured the come-from-behind win.

"We should have won that ballgame," Heise said afterward. "We had the winning run on third with two outs in the eighth, too."

In that frame, Dan Survis flied out to center with runners on second and third.

The Indians led for most of the ballgame, jumping out to a 2-0 in the first. KHS sent eight batters to the plate in the inning, but left the bases loaded after a pair of Campbellsport errors led into the runs.

The Cougars tied the game in the third with a pair of runs, and briefly took the lead in the fourth when Goebel doubled and scored on an error.

But the Indians tied the game in the bottom half of the inning, and went ahead 6-3 with three more runs in the fifth. Singles by Jason Gaffke, Tim Gundrum, Tim Strigenz and Cory Rammer, along with a sacrifice fly by Jason Lieberg led to the scoring.

Gundrum and Kevin Klahn each had two hits for KHS.

Klahn had his troubles on the hill, though, as he gave eight walks in four innings of work on the mound.

Strigenz came on in relief and gave up two more walks, before Dorn took over in the seventh.
