New Portrait Studio Opens in Kewaskum

By Sharon Callaway Roznik

If you take a walk through time and view some of the old photos of Kewaskum in its younger years, you'll notice that one of the staple businesses of the community was a photography studio. Everyone posed with solemn faces and wore their Sunday best.

Kevin Stautz has brought that business back to the community with Hollywood's Portrait Studio at 1231 Fond du Lac Avenue.

Stautz grew up in Kewaskum, and started taking pictures for the yearbook and newspaper in high school. His talents booked him weddings and some free lance work.

In 1990, he bought "Portraits Today" located at the Paradise Mall in West Bend, buying out Art's One Hour Photo. The business grew, along with their clientele, and Kevin found himself spending all his time in the darkroom. "I'm a customer person," he remarks. "I get satisfaction from going one on one with the customer." And he was losing touch with the picture taking end of the business.

He sold Portraits Today and started to look for a good location for his photography studio which he found in Kewaskum and opened June 1st. His equipment includes state of the art remote control lighting units for a 2 1/4 format. He employs one full-time receptionist and assistant, Della Branson.

Stautz offers senior portraits, weddings, families on location or in the studio, and children, which seems to be his specialty. "I like working with kids, they're unique," adds Kevin. "They're just themselves and you have to know how to work with them." But eventually he'd like to be known as the outdoor photographer.

His photographic appeal has traveled by word of mouth, and that's how he's acquired 99% of his customers. He offers reasonable packages that everyone can afford. The top senior package is \$189, and proofs are available within two to three days. "One of the reasons I went into business was to offer reasonable portraits so people wouldn't have to go to K-Mart for their family photographs."

There's a possibility he will be doing film developing in the near future, since there's been several inquiries about it. Black and white portraits are also available. Hollywood's Portrait Studio is open Tuesday through Friday from 9:30 to 5:30 and Saturdays from 9:30 to 2:30.

Board Discusses Baseball Diamonds, Compost Facility, Parking Ordinance

By Lana Harbeck Kuehl

The common everyday business of trying to run the village as efficiently as possible seemed to be the most prevalent item on a somewhat tedious agenda facing board and village personnel in attendance at last Monday evening's meeting.

Even though many items on the agenda may seem mundane to some, nevertheless, all facets of village government do have to be handled and sometimes even the smallest decisions require lengthy discussion. This was the case at this meeting.

Due to the July 4th holiday, the meeting regularly scheduled for the first meeting of the month and the meeting held the third Monday of the month were combined into one meeting on July 11th. However, a brief special meeting to address a liquor license has been called, which will be held in conjunction with the monthly plan commission meeting on July 26.

ble new parking ordinance came up for discussion. The issue was brought forward due to the com-

Compost storage, possible new parking regulations and baseball diamonds probably aren't on the top of the conversation list for Mr. and Mrs. America and the "Ships at Sea," but still are the everyday priorities that have to be dealt with routinely by a governmental board... and thus they did.

The first item on the agenda up for discussion was the merits and/or drawbacks of erecting some type of compost storage facility. Following a lengthy discussion, the matter was somewhat tabled until the whole issue, along with alternative options, can be looked into further by Superintendent of Public Works Jerry Gilles and the board.

Under the auspices of Protection and Public Safety, a possible new parking ordinance came up for discussion. The issue was brought forward due to the complaints of residents irritated by trailers, motor homes, etc. being left parked on the village streets for a lengthy time, and causing a traffic hazard.

The Board had previously discussed the issue and Police Chief Richard Knoebel had been directed to follow up with some type of preliminary ordinance.

The ordinance, which could possibly be an addendum to the current Village Ordinance 7.04 (1), states: "No vehicle may remain parked in any one location on any Village Street, without a permit, for a period longer than 48 hours, unless such vehicle is moved a minimum of 100 feet."

The Board and Chief Knoebel discussed at length the drawbacks and merits of the

Total Projected Cost of \$570,000 Town of Scott Discusses Random Lake Joint Library

By Bernadette Mondloch

One down, two to go. That was the situation which was presented to the Town of Scott Board of Supervisors meeting and which was related to support of the Random Lake Joint Library. Town of Sherman and the Village of Adell have already signed resolutions pledging monetary support, Town of Scott and Village of Random Lake left to do the same making it possible for the library staff to apply for a LSCA Title II grant.

However, it wasn't so easy. It took several phone calls to the library attorney, and nearly two hours of discussion preceded the town's decision.

Terms of the resolution provide that Scott agrees to join in revising the Joint Library Agreement to provide that all decision making by the four municipalities be on an equal basis and to share proceeds from the relocated facility in the event of sale or total destruction, in the same proportion as is being contributed toward the construction of the planned facility.

Neil Geary, representing the Friends of the Library explained what is happening and the need for assistance from the four municipalities.

The total project cost was projected to be \$570,000, The Friends of the Library has already raised \$82,500 through fund raisers and contributions. The figure is changing daily. The Village of Random Lake has pledged \$120,000 for the outside remodeling and renovation of the former Auditorium. This leaves \$202,534 still needed to begin the renovation.

If the grant is not realized, the \$50,000 figure for furniture could be eliminated and the old furniture utilized for the time being. Along with that, if a \$10,000 window facing the lake were to be eliminated, and switch from wooden to aluminum windows, another \$12,000 could be saved.

Review and elimination of an overlap of architect and contractor fees would also lower the needed amount by \$10,000.

With all of these figures in mind, a balance of \$165,000 would need to come from the four municipalities. Sharing this amount on a percentage of library users from each municipalities, figures indicated Scott 24.5%, Sherman 30.5%, 24.5%, Adell 7 % and Random Lake 38%.

Despite the fact the entire board has supported the library over the years, Town Supervisor

Registration at all Kewaskum Public Schools will be held on Thursday, August 4th, from 10 a.m. to 6 p.m.

The Kewaskum High School and the Kewaskum Middle School have mailed out packets of information to all students on their rolls. If you do not receive information by Tuesday, July 26, call the middle school at 626-2178 or the high school at 626-2166 or 1-800-626-3433.

If your student will not be attending the Kewaskum Public Schools, please notify us. If you are a new family in the Kewaskum School District, and have not contacted the schools, please do so.

Richard Bemis questioned the renovation of the Random Lake Library into a library facility as opposed to a completely new building His opinion was supported by Supervisor Ira Weber who said it was his experience that once you start with an old building you run into problems which are unexpected.

Bemis said, "We feel that we are definitely going the wrong way trying to redoing that old hall. We feel that in the long run it is going to cost the taxpayer more money than if they would build a building sim-

The United States
Achievement Academy
announced today that Christine
Ramthun has been named a
Collegiate Scholastic AllAmerican.

The USAA has established the Scholastic All-American Collegiate Award Program in order to offer deserved recognition to superior students who excel in the academic disciplines. The Scholastic All-American Collegiate Scholars must earn a 3.30 or better grade point average. Only scholars selected by a school official or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the USAA. These are awards few students can ever hope to attain.

Christine Ramthun who attended Alverno College was nominated for this National Award by Virginia Wagner, Dean of Students. Christine Ramthun will appear in the Scholastic All-American Collegiate Directory, which is published nationally.

The Academy selects Scholastic All-American Collegiate Scholars upon the exclusive recommendations of professors, instructors, deans, and other qualified sponsors. Once awarded, the students may be recognized by the USAA for other honors.

Christine Ramthun is the daughter of Kenneth and Carol Ramthun. The grandparents are Harry Ramthun of West Bend, and Alice Volm of Kewaskum.

ilar to what we have right here and every time they needed to expand, you just have to push an end out." (Scott has a one story metal building in which it holds its meetings.)

Bemis went on, "You could make the building as long as you want, it would be handicapped accessible, now you are proposing a structure which will have a handicapted ramp on the north west side of a building. And in the wintertime, that makes no sense. You don't have parking there. You can only park one block away and someday we will need to buy that house to provide parking. Some how I think somebody in Random Lake thought they could take advantage of us out here in the rural area. We are all in favor of a more library space and a newer library but there are lot of us not in favor of renovating that old building. I have gone through that building, I've looked at it and one of my objections is that as soon as we start operating that second floor (the basement) we will need another employee to supervise in the basement. Then we put an elevator in and we need a maintenance contract on it. I look at this strictly as what is the cost going to be to the taxpayers in the future. We must have something that we must live with. We can pay for it now and when our costs start doubling and tripling, what then?"

Geary explained that in order to build a free standing building estimated at \$250,000, a lot and furnishings would need to be purchased.

Bemis asked, "Are we going to be able to keep that cost down when we start operating in the basement? And then we find that we are going to have to enclose the ramp, of course that would not be our responsibility, but the cost of operation, ongoing cost of operation is what worries me. I'm not worried about after the building is set up and going. We built this building (the town hall) because we wanted a good building and we wanted reasonable building and we got it. We got a building here that you can almost heat with a candle.

Geary explained that the four municipality heads will be making decisions and nothing will go forward without their vote. Although the necessary money is divided according to percentage of use and valuation of each municipality, all the decision making is done by one municipality, one vote.

Geary went on to explain projected costs, and various other items of concern. He said. "You have no great interest in renovating an old building in Random Lake and I clearly understand that. But I think it would be a benefit to your community to have a nicer looking building, not because it is taking something off the hands and responsibility of Random Lake, but simply because this is a great area. I've listened tonight where you have made zoning changes, you are going to have more housing out here, people are going to come out here and

the library is going to be a vocal point, a nice place to have a library and a benefit to this area. This is getting to be a busy area, and this renovated building is bound to be an advantage to all four communities.

After a phone call to Attorney Ritger, regarding a few changes suggested for the resolution if it was to be signed by town Scott, and more discussion on all aspects which had been covered at other meetings, a roll call vote was taken with Chairman Lester Benzschawel, Supervisors Dale Burke and Clarence Janz voting for, and Supervisors Bemis and Weber voting no.

Under terms of the resolution, The Town of Scott pledges that \$40,425 will be included in the 1995 budgeting process whether or not the grant is received.

In other action it was learned that application for the LSCA Title Grant requires a guarantee of availability of funds which the "Friends of the Library" have pledged to raise, the town passed another resolution guaranteeing no more than \$21,995 as its assurance of the availability of those funds. This figure would decrease as additional fundraisers and contributions are realized.

During other business a number of rezonings were approved: 2 parcels owned by Ray Kaufert in Section 1 were rezoned from A-1 to A-2. Clarence Janz is the owner of 7.779 acres in Section 14 changed from A-1 to A-2. This land was described as unfarmable and hasn't been farmed for over 30 years. Plans are to erect a home on the property. Louis Luedtke, Section 17, received a zoning change on .94 acres from A-3 to R-1 allowing him to build a duplex which will be a rental property. Keith and Brenda Mueller will be selling a small A-1 parcel in section 4 which has been rezoned to A-2. The property is not large enough to build a house and will be sold to a neighbor in order to make the neighbor's lot to conform with the zoning ordinance and to make room for an alternate septic system if needed in the future.

A certified Survey Map was approved for Ray Kaufert, Clarence Janz and Louis Luedtke. All were for the rezoned properties noted above.

Final draft of a new recycling ordinance which will comply with state regulations was reviewed and adopted.

Operators licenses were approved for David Rosenthal and Richard Roethel.

Village Board

ordinance addendum with Trustee Robert Beisbier feeling the ordinance was not addressing the problem, saying the vehicles only had to be moved regularly but could still be left standing on the street.

Trustee David Goeden stated he would like the words motorized and non-motorized in parenthesis after the word vehicle. Goeden said, "when I read this I take vehicle as a car, truck, or anything like that and that's why I asked about construction trailers, campers and boat trailers."

Chief Knoebel added, "A vehicle is anything that operates on the roadway."

The item was however just up before the board for discussion and consensus, with possible public action actually being taken at a later date.

The next item addressed on the agenda was that under Parks and Recreation. Trustee Charles Waala, Chairman, brought up several issues including the new benches for a ball diamond, and working with the Kewaskum Athletic Club in regards to upgrading another diamond.

A member of the audience, Gary Gavin, stated, "I just have one problem with doing all these improvements. I'm all for that, but before you take another diamond away from the youth league in town here, this diamond was supposed to be shared by everybody as far as the youth being able to play on it. Right now, we've been staying off of it but if we don't have more diamonds, we're going to need that diamond. If we're going to make all these improvements and just make that a hardball diamond, first we should make a diamond for the youth of the community."

Gavin further stated, "I can just see it happening already, they aren't going to want any of these kids playing on that diamond."

Trustee John Borland interjected, "No, I don't believe that will be a problem." Trustee Waala added that alot of the improvements won't cost the village any money and the diamonds can by used by anyone.

Gavin reiterated, "I have no problem with any of this, but you have to realize we have over 200 kids from town here that are playing up there and we're playing on sub-standard diamonds if we don't get more diamonds."

Trustee Robert Stoltzmann added, the present management of the Lakes particularly emphasized that they do not want to interfere with the kids.

Gavin said, "It's not my intent to discourage the softball association... they have bent over backwards... as far as setting up times... you can make that thing the best hardball diamond in the world... I really don't care. All I would like to see is that other grass diamond. That would take care of alot of the problems that we're having up there."

Trustee Beisbier added, "that could be a project coming up for next year."

Gavin said, "Right, we're playing with 28 teams up there and it's not going to get any smaller. We could have had two more teams this year. It's just a matter of finding volunteers who want to do it. Next year, we'll have to add two more teams because we're playing now with 16 kids on a team."

Further discussion ensued on the softball diamonds and the possibility of scheduling or the "first come, first served" theory.

A report of the plan commission meeting held June 28 was given by Trustee Dave Goeden. Other miscellaneous unfinished business was also handled.

Grant Improves Local Library

Library has just completed a very busy year! In July of 1993, the library was awarded a collection development grant from the Wisconsin Department of Public Instruction, Division for Library Services.

The grant was for a total of \$18,739.00 and included monies for new materials, processing costs, and staff time.

The library had one year to complete the grant, which ended on June 30, 1994. According to library director Nancy Bauer, the library was able to increase its collection by more than 1,400 items. Sections of the library which were very old and outdated were replaced with new, more current materials. "This grant has resulted in a wonderful improvement to the library. Our patrons are thrilled with all of the new books!" said

With the grant, the library purchased the following: 161 adult fiction books, including many best sellers, and 370 adult non-fiction books on a variety of subjects. A new set of encyclopedias was included. Children of all ages are now enjoying 296 new juvenile fiction books and 519 juvenile non-fiction books. The library's circulation has risen considerably in the past several months, with the addition of the new books.

The library was also able to start a collection of books on audio cassette, ordering 62 titles using the grant. The titles include popular fiction and nonfiction, including self-help tapes and foreign language instruction tapes. "The response of our patrons to the books on audio cassette has been overwhelm-

To the Editor:

Those who appreciate the good done for the youth in our county by 4-H Clubs are asked to donate to the 4-H Silent Auction. Once again it will be held at the Washington County Fair from July 27-31.

Auction items such as books, antiques, crafts, tickets and certificates for services are examples of items that can be brought to the main exhibit building on Wednesday evening or Thursday.

A sheet for bids will be placed next to each item for raising bids during the fair.

An alarm clock (inside a paper bag) will ring in the fair office at an unknown time late Sunday afternoon. At that time all bids stop and the committee will take the money from highest bidder and release the items.

The money goes to Washington County 4-H Leaders Association to help provide camperships, training sessions and workshops for members and leaders.

Please donate items, bring them to the fair and bid on other items.

> Thank you, Marge Slaughter, Chair of Silent Auction

Personal Injury Litigation Costing Everyone a Bundle

(NU) - Personal injury litigation is costing the nation's consumers \$96 billion a year in higher insurance premiums, auto prices and thousands of other products, according to a comprehensive new study. The litigation mark-up ranges from .05 percent to 33 percent.

The study, conducted by author and attorney Philip J. Hermann, revealed this "hidden tax" adds \$408 to the average automobile premium; \$805 to the price of a full size automobile; \$500 to a two-day hospital stay; and \$23.86 to the price of an eight-foot aluminum step

Hermann, a trial lawyer with 50 years of experience, estimates that litigation costs the average family \$2,000 a

year. Executives, small business owners and professionals pay over \$5,000 annually. Highincome people, including doctors and lawyers, pay as much as \$50,000 a year.

In "The \$96 Billion Game: You Are Losing," (\$24.95, Legal Information Publications, Inc., 1-800-345-0096), Hermann says only 15 percent of the \$96 billion that is spent on litigation assists the injured to get a reasonable settlement or the defendant not to overpay.

In his book, Hermann points out ways to avoid most of the costs. For example, he found that a 40-year-old couple with a 17-year-old daughter might pay as much as \$6,620 for automobile insurance. They could buy an identical policy for only

Congratulations to Matt Ratzel - July 15 Winner of

Summer Candy Give-Away.

Sorry Kids...

The Statesman was given the wrong information on the parade winners last week and consequently passed this information on to our readers.

First prize winner in the parade was My Little Friends Day Care Center, not the Wisconsin Farm Bureau. The Wisconsin Farm Bureau grazed away with second place, Family Contact any Kewaskum Hair Salon took third and Prime Time Pub won fourth.

LADIES AND GENTLEMEN... APPEARING LIVE ON OUR STAGE ... IT'S ELTON JOHN! Well almost... actually it's "Bif" from the show band "Out-A-Time." All of you lucky people who attended last summer's "Dance of '93" will be ecstatic to find out that "Bif" and the crew will be doing a live return engagement to River Hill Park again this year in the "Summer Dance of '94" being held Saturday, August 6th. A Classic Car Show will also be held prior to the popular Summer Dance. So dust off your "Blue Suede Shoes" and iron your crinolines and poodle skirts because the 50's and 60's are coming back to Kewaskum in less than three weeks! More information on all the "Summer Dance" updates will be published in next week's issue.

KHS Comes Back **To Top Tigers**

By Noel Stollenwerk

KEWASKUM - Nearly any fan likes a team that never says die, which made Kewaskum's game against Chilton here, last Wednesday, enjoyable for Indian faithful.

The Tigers took a 7-0 lead after three innings, but the Indians chipped away at the deficit and eventually overtook the guests, resulting in a 8-7 come-from-behind victory for

The win improved the Indians' record to 11-13 on the season, and gave them a 7-9 record in the Eastern Wisconsin Conference. It was also the team's third straight victory, and gave the Indians some momentum heading into WIAA Regional action.

Things didn't look too good for KHS early, however. Chilton sent 10 batters to the plate in the second inning, resulting in five runs and a quick exit for Indian starter Joe Rettler.

Walks were a definite problem for Rettler, as he allowed seven free passes in less than two innings of work. He gave up just one hit, but it was costly. Chad Ott's bases loaded triple scored the game-s first three runs, all of which reached base on walks.

Chad Marx gave the Tigers a 7-0 cushion with a single in the third inning. That hit scored Cory Johnson and Pat Sattler,

The Indians didn't lie down, to their credit. Rettler made up for his wildness with a leadoff homer in the fourth. Tim Gundrum followed with a walk, and Andy Rix's single moved him to second. After a groundout moved the runners into scoring position, Dane Dorn's single brought the Indians to within 7-

Jason Gaffke drove in a pair of runs with a base hit, making it 7-6. After a strikeout, Gundrum came through with a big two-run double, scoring Strigenz and Gaffke, and the comeback was complete.

The Tigers did put the tying run on second base in the top of the seventh. But Klahn, on in relief of Rettler, struckout the final two batters to preserve the victory.

Klahn pitched the final fiveplus innings, allowing three hits and four walks, while striking out eight.

Strigenz, meanwhile, had a good game at the plate. He went 2x2 with two walks and two stolen bases, reaching at least second base each time he was up to bat.

In Memory

In memory of Howard Backhaus, who passed away twenty-two years ago, July 13,

They say memories are golden, Well, maybe that is true, But we never wanted memories We only wanted you.

If we had one lifetime wish One dream that could come true, We'd pray to God so hard For yesterday and you.

If teardrops were a stairway And heartaches make a lane, We'd walk a path to Heaven And bring you back again.

A thousand times we needed

A thousand times we cried. If our love could have saved you,

You never would have died.

Forever loved and missed by Jeanne, Jody, Ann & Lyn and families.

IN MEMORY

In loving memory of Lorainne Herriges, who passed away three years ago, July 21,

Our loved one is not gone away, But rests in peaceful sleep. To awake upon another day, Her time with God to keep. Her life was long, her life was

Prayer to the Holy Spirit

Holy spirit, you who make me see everything and who show me the way to reach my ideal. You who give me the divine gift to forgive and forget the wrong that is done to me, and You who are in all the instances of my life, I in this short dialogue want to thank and confirm once more that I never want to be separated from You, no matter how great the material desires may be. I want to be with you and my loved ones in your perpetual glory. Amen. Thank you for your love toward me and my loved ones.

Pray this three consecutive days. After the third day your favor will be granted, no matter how difficult it may be, then promise to publish this dialogue.

Late Run Produces Win for Indians

By Noel Stollenwerk

RANDOM LAKE - A non-conference game is a good opportunity to get your players some game action, but it is also important to keep any momentum that a team has heading into the contest.

That made Kewaskum's game with Random Lake here, last Tuesday double enjoyable for the Indians, who came away with a 6-5 victory over the

The win was the second in a row for Kewaskum, which had lost its previous six games before this stretch. The Indians improved to 10-13 on the sea-

The game was close throughout, as neither team could muster more than a tworun lead. The score was tied at 5-5 in the seventh, when the Indians pushed across what would turnout to be the winning run.

Rob Donath led off the seventh with a single, and he stole second. After a strikeout and a groundout, Tom Menger came through with a clutch two-out double, scoring Donath and giving Kewaskum the upper hand, 6-5

Wes Ditter led off the bottom of the seventh with a single off of Dane Dorn, but he was quickly erased by Tim Gundrum, who delivered a strike to second base on Ditter's steal attempt. Two flyouts ended any Ram come back hopes.

Dorn pitched the final four innings, and did a commendable job. The junior righthander allowed just three hits and one unearned run in picking up the victory.

Joe Rettler got the Indians on the board in the first inning, as his single drove in a pair of runs.Kevin Klahn and Jason Gaffke got the inning started with a double and a single, and Gaffke stole second to get in scoring position for Rettler.

After Random Lake tied the game with two runs in the bottom of the first, Klahn put the Indians ahead again in the second. He singled with two outs, stole second, and later scored on Tim Strigenz's single.

The Rams forged ahead with single runs in the second and third innings, but Kewaskum quickly regained the upper hand with two tallies in the fourth.

Menger and Luke Chesak each singled, and both later scored on successive passed balls by Ram pitcher Jones. Random Lake added a run in the sixth, tying the game and setting the stage for Menger's hit in the

Klein Named Outstanding Freshman, Elected Yearbook Editor at Rice University

Sid Richardson College master Gordon Wittenberg presented freshman Charles Klein with the Bill and Patricia Martin Outstanding Freshman award recently during Associates Night, an annual end of the year awards dinner.

The award goes to the freshman at Sid Richardson College on the Rice University Campus who exhibits qualities of leadership, athleticism, scholarship and service to the school.

Charles is the son of Mr. and Mrs. Harold Klein of Dallas, Texas, and the grandson of Mrs. Rosella Klein of West Bend, formerly of Kewaskum. Charles also has a sister, Christine Klein.

One of the main reasons for winning the award was Klein's involvement in the journalistic publications at Rice. As a freshman, Klein stepped into the Campanile yearbook organization as assistant editor, and the student body recently elected him to the position of editor-inchief for the 1995 Campanile. He also served as the Sid Richardson College editor where he was directly in charge of taking the pictures, designing and laying out 32 pages of the

Also, Klein works extensively with the student newspaper, the Rice Thresher. He held the positions of Macintosh Manager and Assistant Production Manager before being promoted to Production Manager. After the first semester, Klein was offered a full section editorship as a sports or arts and entertainment editor, but he had to turn the offer down due to time constraints.

Aside from journalism, Klein participated in intramurals. He played lineman for the freshman football team, won the Grey League division in men's singles raquetball before being eliminated in the playoffs, played college racquetball and participated on an ultimate frisbee team.

As to future plans, Klein hopes to be working in a yearbook related job this summer to see the lengthy process that goes into actually printing a yearbook. He also wants to be Thresher editor and run for president of Sid Richardson College before graduating from Rice with a degree in Managerial studies and English and hopefully attending SMU Law School.

He also wants to stay active

VILLAGE OF KEWASKUM

Struck & Irwin Slurry Seal Specialists, the firm that is doing the slurry seal this year for the Village of Kewaskum has notified the Department of Public Works that if the projected work schedule and the weather stays good, slurry seal will be applied the week of July 25.

The streets in this year's projects are: Roseland Drive from Clinton Street 450 ft. to the South, Memorial Drive, most of Pleasantwood and Lazy Lane between Memorial and Pleasantwood.

The slurry seal requires a dry time and the streets will be closed until the surface can support traffic. Struck & Irwin will be giving residents in the area a handbill and posting no parking signs prior to the work. Consideration is being given to doing a portion of the work, completing some streets and letting this cure and returning to complete the project. This would give residents a closer location to park cars and not close the entire area. Your cooperation with the slurry seal project and street closing is

about it, however, doubling in three runs in the opening inning, and later adding a homerun to pace the North squad to an easy 19-8 victory over the South.

For his efforts, Koth was named as a co-Most Valuable Player in the game. He shared

the honor with teammate Doug Roedl, who had three hits, including a home run.

Koth's home run in the third inning capped off a four-RBI afternoon for the Athletic's regular third baseman. He wasn't the only A's player to make a contribution for the North squad, though.

Doug Gonring also had a hit, while teammate Rick Peck scored a run after drawing a walk in the North's eight-run eighth inning. The big rally Terry Koth left no doubt blew open what had been a close 12-7 affair.

A Message from The Postmaster

Hello Kewaskum Statesman readers and how are you all doing today?

Have some questions and answers for you this week. Hope you find them interesting and helpful with your mailing needs.

QUESTION: What is the difference between mailing an item "registered" and "certified?"

ANSWER: Registered mail is the MOST secure and safest manner to send items such as jewelry, bonds (that could be cashed by "anyone," and cash (it is NOT recommended to send cash through the mail but sometimes... it is necessary).

The accepting clerk will assist you in filling out the necessary paperwork and you will notice a "red sticker" with a number that is attached to the front of the envelope. You will receive a copy of the form that you fill out and you should keep that in your possession until your "registered" is received.

Besides the postage, you will pay a registered fee and that is determined by the VALUE of what you are sending. EACH person that handles the registered will have to "sign for it" and "sign it over" to the next person... all the way to its final destination. There is a VERY important item that you... as the customer, must remember about registered mail.

YOUR envelope CANNOT be taped and/or you CANNOT use a self-sealing envelope (one that does not have to be licked.) Reason for that? Each intersecting corner must be "bump-stamped" TOTALLY insuring that this HIGH VALUE item is "untampered" with along its way to its recipient.

OKAY... let's say that you do not need THIS type of service but do want and/or need the recipient to sign for your letter. You would want to mail your letter CERTIFIED. Again, the acceptance clerk will assist you in filling out the paperwork and a "green sticker" will be affixed to the front of your envelope. The cost? It is \$1.00 in addition to the postage to mail a letter certified.

If you would like a card back letting you know "who signed for it" and "when it was received," that is another \$1.00 so, an ordinary letter, weighing an ounce or less would be \$2.29 for "the works." I hope that I have cleared up any confusion on the difference between Registered and Certified but please feel free to call me at 626-2575 and/or stop in and see me and I will be more than happy to assist you in your mailing needs.

QUESTION: I am moving. Went into the Post Office, asked for a change of address and the clerk handed me a "book." What is this all about?

ANSWER: If you are like the one-in-seven Americans who will move in the next 12 months, you will want to have the new, FREE 24-page MOVER'S GUIDE. This colorful booklet contains the official change of address form (needed for the Postal Service) plus moving notification cards. It also includes before and after check lists of moving tips, such as when to turn your electricity off, etc. advertisements with up to \$60 in discounts for movingrelated products and services, and answers to the most commonly asked questions about permanent and temporary mail

The Postal Service will save roughly \$1 million a year... the annual cost of printing change of address cards, thanks to a cooperative venture with Targeted Marketing Solutions Inc. of New York. The company designs, prints and distributes the MOVERS GUIDE using revenues from advertisements in

forwarding.

the booklet to cover production and distribution costs.

QUESTION: I am receiving UNSOLICITED sexually oriented advertisements in the mail. What can I do about this?

ANSWER: There are two types of forms available to stop this type of mailing. If you have one company that you do not want this type of mailing, we have a specific form and measures to stop this. If your intent is to stop all of this type of mail, we have another form to assist you in this. Please feel free to stop in with your unsolicited sexually oriented mailings and I will be more than happy to assist you.

TIP OF THE WEEK: Is the word out to all of you? The Kewaskum Post Office now has two dispatches of mail. Many customers (in the past) would drive to West Bend as their mail went out twice (once in the earlier part of the afternoon and the

regular dispatch).

YOUR Kewaskum Post Office now has this service. At 2:30, Monday through Friday, we "ready up" and dispatch the mail that we have available at that time. You can assist us to move the mail efficiently, by doing as you did so well during the Christmas season (bringing bundles to the window, even 10 pieces, helps us out.)

All mail that is dropped in the collection boxes (inside and outside), that is loose, must be "faced" with all stamps going the same way before dispatch. Please be assured that all mail deposited by 5:30 at the Kewaskum Post Office will receive that day's postmark but I do know that some of you have asked for an earlier dispatch and I am happy to report that "we have that in place for you!" Any questions? As always, feel free to call me and/or stop in.... **CUSTOMER SATISFACTION**

IS OUR PRIORITY!

Well, that is about it for this week. Just want to say one more thing, okay? As your Postmaster... YOU are the true joy to my position. I love "visiting with you," my "little friends" that just seem to know "that there are suckers in the office for them," all of your kind words on the "decor" at our office and "how we never cease to amaze you," the many customers that assist me concerning the "input" of this column... yes, I LOVE writing this column... it is a Sunday afternoon thing that I totally have fun with in writing. You are totally responsible for my so-called energy with your comments on "liking this." Thank you so much!

Until next week... TRY to have a good day... a HAPPY every day!

Your Postmaster, Bonnie

Klahn Nets All-EW Honors

By Noel Stollenwerk

KEWASKUM -- There is an abundance of young talent in the Eastern Wisconsin Conference, as shown by the voting for the all-league baseball team last

Only 10 of the 24 players named to the first and second units are seniors this year, meaning the quality of play should be as good if not better next season in the loop.

Two Kewaskum players made the first two squads, including junior Kevin Klahn, who was the lone Indians named to the first team all-conference

Sophomore Tim Gundrum was named to the second team, while Senior Jason Gaffke and junior Tim Strigenz were given honorable mention.

Klahn has been a sparkplug for KHS all season, batting .359 from his leadoff spot. The aver-

conference, but Klahn's solid defensive play in centerfield swayed the coach's voting.

Gundrum, meanwhile, took over the catching duties fulltime this season, and had done a respectable job behind the plate. Offensively, he hit .345 with a pair of homeruns, after starting the season on fire, batting over .500 the first few weeks.

Strigenz is the team's regular first baseman, and was among the top KHS hitters all year. Gaffke, after starting the season academically ineligible, came on strong at the end, leading the Indians' improving pitching staff.

All four Indians named in the voting pitched at one time for the team this season. With the exception of Strigenz, all had earned run averages below 2.00. Strigenz's e.r.a. was all that shabby either, hovering around the 3.50 mark.

Those numbers paled in

age was only 11th best in the comparison to those of Campbellsport's Ryan Hall, whose 7-0 record and 0.90 e.r.a. were the best the league had to offer. He was joined on the first team by New Holstein's Cory Webber, who was 6-3 with a 2.68 e.r.a. Both are seniors.

> The league's top hitter was also from Campbellsport's championship team that went 15-1 in the conference. Gary Goebel hit an even .500 for the year, and was a first team choice.

Others making the first unit were New Holstein's Jerrod Steffes (junior, Campbellsport's John Stoffel (junior .391) and Andy Rettler (senior .404); Plymouth's Tate Hollister (senior .396); Two Rivers' Jamie Messman (junior, .386); and Sheboygan Falls' Chris Korff (sophomore, .441) and Jay Shoeneman (senior,

KHS Breaks Out **Against Hilbert**

By Noel Stollenwerk

HILBERT -- The Kewaskum baseball team is certainly happy that Hilbert became an Eastern Wisconsin Conference summer league member this season.

The Indians made it twofor-two against the Wolves this year, snapping a six-game losing streak in routing the hosts 13-0 here, last Monday night.

The win improved the Indians record in the EW to 6-9, and to 9-14 overall.

The win was the first for the Indians since they last faced Hilbert on June 25. In that contest, the Indians needed a late run to produce a 3-2 victory.

around, This time Kewaskum got all the runs it needed in the second inning, when they sent 11 batters to the plate.

Joe Rettler led off the inning with a single, and he moved to third on Tim Gundrum's single. Andy Rix was hit by a pitch, loading the

Rettler scored on an error, and Gundrum came around on a fielder's choice hit by Tom Menger. After a passed ball, Kevin Klahn, followed with a single, and hits by Tim Strigenz, Jason Gaffke and Rettler produced four more runs.

Gaffke also did the job on the mound for the Indians. The senior went the distance, striking out nine Hilbert batters and walking none. He allowed just five base hits, and allowed just one runner to get to third base the entire ballgame.

Gaffke also hit the first of three Indian homeruns in the game, his coming in the fourth inning. Robbie Donath homered in the sixth inning, while Tim Gundrum hit a solo shot in the top of the seventh.

Rettler, Strigenz, Gaffke, Gundrum and Dan Survis each had two hits for KHS, while Rettler had three runs batted in and Gaffke and Donath each had a pair.

EWSCA NEWS Goeden Repeats Win at Plymouth

(PLYMOUTH, WI) After paying a special tribute to their late friend and fellow competitor Pat Rand, the drivers and pit crews of the Eastern Wisconsin Stock Car Association returned to action Saturday night on the quarter-mile clay oval at Sheboygan County Fair Park.

Donny Goeden Kewaskum collected his second consecutive feature win in the 30 lap Modified main event.

Pole sitter Danny Cain of Kewaskum took the lead on the first lap before getting out of shape in turn two. Cain's bobble allowed Goeden; who started fourth, to take command on the second lap. Goeden moved out to a comfortable lead in the middle portion of the race while Milwaukee's Pete Ostrowski cut his way through the field.

The only red flag of the race came out on lap 25 for the stalled car of Cascade driver K.J. Skelton. When the race resumed, Ostroski had worked his way up to second from his fifth row starting spot. Ostrowski tried to get by Goeden on lap 26 but his effort fell short. The two-time Modified track champion pulled away over the final four laps to take his third victory of the year.

Ostrowski finished second, Randy Tracy of Plymouth was third, Chuck Tuschl took fourth and Johnny Komppa rounded out the top five.

Gaffke's Pitching Advances Indians

By Noel Stollenwerk

Jason Gaffke knows a thing or two about being a hard-luck pitcher.

Despite a fine 1.14 earned run average heading into last Friday's WIAA Regional opener with Ozaukee, Gaffke had been rewarded this season with just one victory in four decisions.

So instead of relying on support from his teammates at the plate, Gaffke all but shut down the Warriors himself. The senior hurler allowed just a leadoff base hit in the first inning, stymying the visitors in a 9-1 KHS win, advancing the Indians to the Regional final Tuesday against Cedarburg.

Cedarburg outlasted Grafton 8-7 in eight innings to advance to the Regional final. The winner of Tuesday's matchup will travel to Port Washington on Thursday for Sectional play. The foe will most likely be West Bend West, which defeated cross-town rival West Bend East in its Regional opener.

If the Indians do advance, Gaffke will be one of the major reasons. His pitching gem against the Warriors was reflective of the way he's pitched since joining the team mid-sea-

son. The difference Friday was the support he received offen-KEWASKUM - Kewaskum's sively, with KHS erupting for two big innings.

Score: Team High Beechwood Bunch 123.

Tom Menger, the number nine hitter in the lineup, got the first rally started in the third inning. He singled, and quickly moved to third when the next two batters, Kevin Klahn and Tim Strigenz, each walked on four straight pitches.

Gaffke followed with an rbi single, scoring Menger. Joe Rettler's sacrifice fly scored Klahn, and when the relay throw was off-target, Strigenz scampered home to make it 3-0.

After a groundout, Andy Rix and Dane Dorn drew walks. An error on the catcher allowed Gaffke to score, and Rob Donath capped the rally with a single, driving in Rix.

The Indians added to their lead in the fourth. Klahn reached on an error, stole second, and then scored on Strigenz's single. Rettler also reached on an error later in the frame, and Tim Gundrum cleared the bases with a threerun homer to left-field, making it 9-0 Indians.

Meanwhile, Gaffke was cruising along for the Indians. Through the first four inning, he allowed just one runner to reach second base. The Warriors scored their lone tally of the game in the fifth, when Bob Urness reached on an error and later scored on a sacrifice fly by Jayson Stangl.

Gaffke finished with four strikeouts and four walks.

Offensively, Strigenz had a pair of hits for KHS, while Gundrum had the big blast for his three rbi's.

With the win, the Indians improved to 12-13 on the season.
