Dairy Queen to Be Built Here

By Lana Harbeck Kuehl

Jerry Mehring of PJR Management, Inc. of West Bend, paid a courtesy call on Tuesday evening's Plan Commission meeting to voice his intentions to erect a new

Dairy Queen restaurant on the corner of Highways 45 and H in Kewaskum.

Frontage on the proposed 2800 square foot building will face east. It will accommodate seating for approxi-

mately 65 to 70 people.

According to Village Administrator Dan Schmidt, Mehring stated if everything falls into place and he can manage to get the base course asphalt poured yet this

fall, he could possibly be looking at a winter opening. If the asphalt cannot be secured, the Dairy Queen would probably open in spring following approval by the Building Inspector and

the state.

Mehring will probably be appearing before the Plan Commission and Village Board in the future regarding a certified survey map, due to lot division.

Town of Scott Board Discusses Exceptions to the Rules, Penalties

By Bernadette Mondloch

How close should an ordinance be followed regarding distribution of fines and penalties? This question from the Town Scott Constable, Gregg Melius was cause for a lengthy discussion on recent violations of the dog licensing and junk car ordinances currently in effect.

One case involved an individual who had three unlicensed vehicles on his premises. The Town Ordinance allows only one unlicensed vehicle in public view. The three were visible by the public. Upon issuance of a citation to the individual, the constable learned that one was being held at the premises because of pending action by an insurance company. The vehicle had been involved in an accident and the case remained unsettled.

The question is this: Does the ordinance pertain to this type of case or can there be exceptions. Would it have been permissible for one junk car to remain in addition to the one awaiting insurance company action? Should a similar case be handled the same way in the future.

Supervisor Dale Burke felt that the accident vehicle should have been an exception to the

rule because of the circumstances. It was his opinion that the vehicle being held for insurance settlement plus one of the other junk vehicles should have been allowed.

The constable did not agree, and has issued the citation. Other town supervisors sided with the constable and were in agreement that the incident was handled properly.

Burke suggested that the ordinance be amended for a vehicle which has been involved in an accident. Other supervisors agreed to give the suggestion some consideration at a future meeting but also agreed that it would require a statement from the involved insurance company and no other authority.

It was the consensus of a majority of board members that if the town is to have an ordinance, it must be followed to the letter of the law. Supervisor Richard Bemis said, "I do not like for the town to have alot of ordinances, but if we have them we must take action according to the provisions of those ordinances."

Provision of the unlicensed vehicle ordinance allows 30 days after issuance of the citation for removal of the vehicle.

After that a fine is issued. The party in question did not remove the vehicles until 32 days had elapsed.

Melius asked if there should be any refunds due to the fact that the vehicles were gone and only two days late. The answer was, "NO, there will be no leeway."

Melius reported that he has issued seven unlicensed dog citations and 27 unlicensed vehicle citations. Three barking dog owners received warnings, two unlicensed vehicle owners were fined.

Bids are now being accepted for a new utility truck to replace the 1985 GMC in use now. Specifications can be obtained from the town clerk with bid opening at the next meeting on September 8.

A Department of Natural Resources report on the condition of the landfill which has been closed for several years indicates that there is "one small isolated exposed area on the cap where garbage is exposed. It will need to be covered. The report also contained evidence of abandoned tires and a burning area."

New Teachers at St. Lucas Lutheran School

This new school year finds St. Lucas welcoming two new teachers to the staff of the elementary school. They were installed at the worship service on July 17.

Erika Moldenhauer

Our new first grade teacher is Mrs. Erika Moldenhauer who is a native of Brownsville. She is the daughter of Herbert and Mary Scharf and grew up on a dairy farm along with one sister and three brothers. She attended grade school at St. Paul's Lutheran School and graduated from Lomira High School. She then enrolled at Dr. Martin Luther College in New Ulm, Minnesota, graduating in 1970. Her first assignment was at the Apache Lutheran Mission in Eastfork, Arizona, about two hours north of Phoenix.

After two years she accepted a call to teach at St. Phillips in Milwaukee and while there met and married Rev. John Moldenhauer. After his graduation from the seminary they were assigned to Trinity Lutheran Church in Johnson, Minnesota remaining in that western Minnesota town until a call to teach at Minnesota Valley Lutheran High School in New Ulm, Minnesota was received. In 1993 Rev. Moldenhauer accepted a call to become a part of the faculty at Kettle Moraine Lutheran High School and the family relocated near Jackson at that time. During the years she was not active as a teacher "Rikki" taught piano lessons, provided day care and coached forensics. She enjoys reading, watch-

ing plays, and caring for her family. She has one son, Lucas, who has just returned from Germany after spending a year as a Rotary Exchange student. He will enroll at Northwestern Lutheran College in Watertown, Wisconsin this fall. Five daughters complete her family with the oldest, Lara, now also spending a year in Germany as an exchange student. Julia is a junior at Kettle Moraine Lutheran High School and Jessica is a member of the freshman class. The youngest members of her family are twins, Anita and Andrea, who will begin eighth grade at David Star Lutheran School near Jackson.

Mrs. Moldenhauer is looking forward to the beginning of this school year and the challenges of the first grade classroom, along with her part time organist duties. She will also be the school forensics coach. We welcome Mrs. Moldenhauer to St. Lucas!!

Kari Rosenberg

The second and third graders will welcome their new teacher, Miss Kari Rosenberg. She was assigned to St. Lucas by Dr. Martin Luther College upon her graduation this May.

Kari was born in Milwaukee the daughter of Mark and Diane Rosenberg. She spent her entire childhood in the same neighborhood and attended grade school at Gloria Dei -- Bethesda Lutheran Church. She then enrolled at Wisconsin Lutheran High School and she was active in sports during her teenage years. Following gradu-

WE CARE

about the future of our community. Our educational system is training our future leaders. We owe them the opportunity to graduate prepared for the 21st Century.

WE CARE about voters having the **FACTS** surrounding the referendum issue:

MYTH: Moving the 6th graders back to the elementary schools would solve the overcrowding problem.

FACT: This would only **SHIFT** the problem, creating severe overcrowding at all the elementary schools and require building and renovation and hiring additional music, art, phy. ed., foreign language, computer, tech. ed. and family and consumer ed. teachers to handle the 6th graders spread out at three schools.

MYTH: Opening Beechwood School would solve the overcrowding problem.

FACT: As a K-5 or K-6 school, students would unfairly be required to have split-grade classes, due to the small number of students who live in the Beechwood area. With only six classrooms, Beechwood school is not large enough to serve as a 6th grade-only school, as it cannot provide areas for LD and ED special education, shop, home ec., foreign languages, art, music, computers and phy. ed as 6th graders currently receive at KMS. In addition, bussing the entire 6th grade population would be a disservice to students and would incur exorbitant transportation costs.

MYTH: The district has not taken care of what we have. Why should we approve spending more, if it won't be maintained?

FACT: In the last 8 years, the school board has substantially increased the maintenance budget. However, it is impossible to make up for serious maintenance neglect from previous years without this building referendum.

MYTH: We do not need all of this right now.

FACT: No. Much of it was needed 10-15 years ago. In addition to current needs, we are now paying for upgrading classrooms and equipment that should have been done long ago.

MYTH: The cost is just too high.

FACT: **NOW** is an excellent time to build. Interest rates and building costs are on the rise. The longer we wait, the more it will cost. The tax levy for operating expenses of the school district has just been lowered significantly. This greatly reduces the tax impact on ALL property owners.

MYTH: The track and football field are being completed without approval on the referendum.

FACT: Capital improvement borrowing in 1992 set aside money to start the renovation. The referendum question is to finish the project completely.

Kewaskum Library's "Rock 'n' Read" picnic. Participants and their families help themselves to food.

Summer student library aide Beth Petushek hands over a "goody" bag to Sarah Stevenson while library assistant Kitty Hlavaty looks on. Participants who still have not picked up bags must do so by September.

What's Going On at the Kewaskum Public Library

All "Rock 'n' Read" participants who turned in folders but have not yet gotten their bags MUST pick them up at the library now. We will hold them until Friday, September 2. Please call if you are not able to pick it up by then, so we can hold it for you.

Don't forget... story times begin soon! Sign up today. Toddler storytime (for children ages two and three and who are accompanied by an adult) will begin September 7. This storytime is held at 10 a.m. on the first and third Wednesday of each month for the entire school year. The toddler storytime is a pleasant way to introduce your child to the library. Approximately 30-40 minutes of activities include stories, finger plays, filmstrips, simple songs and games, and occasional crafts.

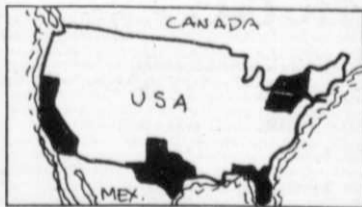

Storytime for children ages four and older will begin on Friday, September 16. This will

be an eight-week session which will meet on Fridays at 10 a.m. for approximately 45 minutes. We will share stories, musical activities, and some crafts. Sign up NOW. You may even register by phone.

New adult fiction includes: *Until You* by Judith McNaught, *Burning Down the House* by Merry McInerney, *The Pardon* by James Grippando, *Wizard's First Rule* by Terry Goodkind, *Debt of Honor* by Tom Clancy, *All Fall Down* by Lee Gruenfeld, *Pretty Boy Floyd* by Larry McMurtry, *Happy Endings* by Katherine Stone, *The Good Husband* by Gail Godwin, *Son of the Circus* by John Irving, *The Crossing* by Cormac McCarthy, and many more.

New non-fiction includes: *Midnight in the Garden of Good and Evil* by John Berendt, *The Agenda* by Bob Woodward, *The Kennedy Women* by Laurence

Leamer, *The Cat Owner's Manual* by Eric Allen, *Braids: Easy Step-by-Step Hairstyles*, *Retirement: Ready or Not* by Lee Rosenberg, *Raising a Happy, Unspoiled Child* by Burton L. White, *How Virtual Reality Works* by Joshua Eddings, *Dealing with People You Can't Stand* by Rick Drinkman, *Kids' Party Games and Activities* by Penny Warner. Stop in and see what else is new.

Local Children Raise \$1,322 for M.D.A.

The top hopper was Tyler Matula and you can see him on the TV 6 M.D.A. Tel-a-thon on Monday, September 5, between 11:35 a.m. to 12:05 p.m.

Several months ago, the children at My Little Friends Day Care Center held a Hop-A-Thon to raise money for other children who are afflicted with

neuromuscular disease. While partaking in this event they also learned how lucky they are to be able to hop, run, skip, march and so on. They knew they were helping children who were not as lucky and by doing this, maybe they could make these children just a little happier.

The children raised a total of \$1,322.14. The hoppers who participated are as follows: Josh Burtard, Ben Butler, Eric Cain, Ross Cain, Amanda Carpenter, Karissa Dums, Erika Esser, Jason Geidel, Jordan Geidel, Zach Groeschel, Chad Hackbarth, Melissa Hammen, Jerod Heberer, Ross Hobelsberger, Brenda Jaycox, Mitchell Keller, Michael Korth, Jamie Lesch, Tony Lewko, Tyler McElhatton, Paul Marchant, Sammy Marchant, Tyler Matula, Jordyn Pfeiffer, Chad Piwoni, Cecilee Rodenkirch, Michael Samson, Amanda Schneider, Jenna Strobel, Jacob Theusch, Kyle Wagner, Heather Welch, Jennie Wicklund and Jonathon Wicklund.

Sensenbrenner Receives Award

Washington D.C. -- Congressman Jim Sensenbrenner (R-Menomonee Falls), recently was named a recipient of the food distribution industry's 1994 Thomas Jefferson Award, which honors members of Congress who support the principles of free enterprise.

The biennial Thomas Jefferson Awards program is sponsored by the National-American Wholesale Grocers' Association (NAWGA) and International Foodservice Distributors Association (IFDA).

Representative Sensenbrenner was chosen to receive a Thomas Jefferson Award because of his voting record in the 103rd Congress on tax and budget matters, foreign trade, labor relations, regulatory policy and similar business-oriented issues. NAWGA/IFDA evaluated all 435 members of the House of Representatives on the basis of their votes on ten key issues. Those members scoring 75 percent or better on the ten issues are eligible to receive the 1994 Thomas Jefferson Award.

"As our industry has looked to Capitol Hill over the past two years for leadership on impor-

tant economic and regulatory issues, Congressman Sensenbrenner has been a visible, effective presence," said John Block, President of NAWGA/IFDA.

Accepting the award at a Capitol Hill ceremony, Representative Sensenbrenner said, "More government regulations, more government taxes

and more government spending are not the solution to the many problems we face in America. I strive to support legislative measures which allow the people, businesses, and industry to be the most effective and efficient they can be, without unnecessary, burdensome government interference."

Curb and gutter was poured last Thursday in the Sunset Estates subdivision located on the west side of Kewaskum. The construction on the curb and gutter was done by Zenith Tech, a division of Payne and Dolan, Waukesa. Prior to the laying of the curb and gutter, sewer and water was put in by Wondra Construction of Iron Ridge. Blacktopping on the road, which is an extension of Braatz Drive, was expected to be done Thursday. Shown in the background of the photo is a spec home, one of six homes currently under construction in Phase I. Fifteen of the proposed 30 lots are still available. Work on the roadway for Phase II is now underway with home construction scheduled for January, 1995. Sunset Estates is owned by developers Gary and Linda Gavin of Kewaskum.

Something New... Go to Camp With Your Dog

As more restrictions are placed on where you can travel and vacation with your dog, here's something new -- Dog Days of Wisconsin -- summer camp for you and your dog!

Dog Days of Wisconsin, a four-day encampment for dogs and their owners, will be held at Camp Helen Brachman, near Waupaca, from September 8-11, 1994. Dogs and their owners will enjoy hiking, boating, swimming and relaxing with other dogs and their owners. Interesting speakers and professional animal trainers will be on hand to share information about the canine species.

Some of the topics to be covered in the seminars will include first aid for dogs, back-packing with your dog, obedience training tips and canine nutrition. Activities will be varied and will include an agility dog demonstration with an opportunity to learn about and participate on the course.

Hiking on the Ice Age national Scenic Trail and swimming and boating on Pickeral Lake will be available, and there will be plenty of free time to play frisbee or relax under a tree with your best friend. There will even be a costume contest!

Amy Ammen, a noted professional dog trainer, will present the keynote address on Saturday evening before everyone congregates outside around the campfire and toasts marshmallows.

An arts and crafts area will allow you to create your own take-home mementos. Perhaps a plaster cast of your dog's paw, or a new hand-woven leash would suit your fancy.

Campers and their dogs will be lodged in dormitory-style cabins, each housing up to six people with separate shower houses. Homecooked meals and workshops will be shared in a beautiful lodge overlooking Pickeral Lake. Veterinary services will be available on-site.

Dog Days of Wisconsin may bring back childhood memories of playing in the fresh northwoods air, watching the fish jump, hiking a woodland trail, listening to the whippoorwills at night... only this time, you will be in the company of your canine companion.

Registration forms and additional information are available by calling (414) 228-0233 or by writing Dog Days of Wisconsin, W977 Hwy. S, Kewaskum, WI 53040.

Letter to the Editor

To the Editor,

Joint open houses on Thursday, September 8 at Kewaskum Middle School (7 - 8 p.m.) and Kewaskum High School (6 - 8 p.m.) will give voters an opportunity to see first hand the needs of our schools. If you haven't seen for yourself, please take a tour to be an informed voter. Not one of us runs our business, farm or home like we are asking our schools to operate. It is time to accept the responsibility and pay for a quality education for our children. Vote YES on September 13th!

Gayle Van Ess

To Kewaskum School District Voters... WE CARE!

The four issues being addressed on the September 13th referendum vote each stand alone. None is binding on another. So, it is critical that you vote YES on every issue you support. The four issues are as follows:

Question 1: Constructing additions to and remodeling and renovation of the Kewaskum High School and Kewaskum Middle School and acquiring equipment and furnishings. (Including biology, chemistry, administration, guidance, gifted and talented, cafeteria, kitchen, family and consumer education, locker rooms, athletics, art, vocal and instrumental music and special education at KHS and eight classrooms and LD and ED special ed. classrooms, bathrooms, conference and storage rooms at KMS).

Question 2: Football field/track improvements at KHS (Including rubberized track surface on the current asphalt base, security fencing, bleachers, pressbox and equipment).

Question 3: Football field/track improvements at KHS (Lights at the football field).

Question 4: Constructing and equipping an auditorium at KHS. (Including a 500 seat,

sloped-floor hall, stage, orchestra pit, lighting and sound systems, lobby, ticket windows, bathrooms, dressing rooms, backstage storage and classroom workshop).

Be armed with the facts. Take a tour of the schools and see for yourself why you should VOTE YES ON SEPTEMBER 13TH.

WE CARE

To support WE CARE efforts send contribution to P.O. Box 559, Kewaskum. If you support the referendum, call 626-4669 or 626-4321.

75 Years Ago

August 23, 1919

The home of Mr. and Mrs. Paul Kurth, located about three miles south of this village, formerly occupied by Mr. and Mrs. John Kocher and family, was the scene of a tragic accident, last week Saturday noon, which might have resulted in instant death to Mrs. Kurth and other members of the family. While Mrs. Kurth was busily engaged in doing her housework in the kitchen, two of her sons, Earl, aged six years, and Raymond, aged four years, while at play in the same room, caught sight of a loaded shot gun. They immediately proceeded to play with same. In handling it, one of the boys started to pull back on the trigger, during which act his thumb accidentally slipped off, causing the gun to discharge. The full charge passed through Mrs. Kurth's right leg, just below the hip, inflicting a wound about an inch and a half in diameter. The shot lodged in the wall on the opposite side of the kitchen. Had it gone about five inches further, over to one side, it would have struck another younger brother of the boys. Mrs. Kurth was standing about five feet away from the point of the gun at the time it was discharged. Mr. Kurth was assisting in threshing at the home of one of his neighbors at the time of the accident.

John Tessar, who for the past three years was employed at the William Schaub garage, on Monday closed a deal whereby he became half owner of that business. The new firm will in the future, be known as the "Service Motor Car Company," and will as heretofore handle the agency for the Chevrolet, Dodge and Overland cars. It is the intention of the new firm to make great improvements in the garage, and furnish same with larger stock. New, modern equipment will also be added, in fact the new owners are contemplating making it one of the most modernly and best

equipped service stations in this section of the country. Mr. Tessar is well versed in the

repair work of automobiles, as previous to his coming to this village, he was in the employ of Lochen and Heindel Ford garage in West Bend, for a number of years.

A.G. Koch, dealers in general merchandise and farm products and implements this week commenced building a large machine shed, which will be located on the west side of their store in Kewaskum.

Edward Guth, who for a number of years was manager of the American House in this village, now owned by Henry Kirchner, located on the corner of Main Street and Fond du Lac Avenue, last week purchased the entire general merchandise stock of Mr. Elmer J. Falck, at Adell, Wisconsin, formerly known as the Finnegan Store, located in the Finnegan Building. Mr. Guth recently returned home from overseas duty, and soon afterwards commenced work as clerk in the L. Rosenheimer Store, for which firm he was employed several years previous to his going to war.

A baby girl was born to Mr. and Mrs. Frank Bartelt of Beechwood.

Are Your Child's Eyes Healthy?

One child out of every four who begins school this year does not see properly. To better prepare children for school, Prevent Blindness Wisconsin, a not-for-profit volunteer organization, recommends that children have a complete eye examination by an ophthalmologist or optometrist before entering first grade.

"Many children who do not see clearly, don't exhibit symptoms. Many do not realize that their vision is blurred," states Kathleen Nelson, Executive Director of Prevent Blindness Wisconsin. "They are accustomed to their vision. They assume that the world looks the same to everyone around them."

Vision problems can develop early. Some preschoolers have amblyopia, also called, "lazy eye." Children with amblyopia rely on one eye to see; the other eye is weaker and may never develop good vision. With early detection and treatment the weak eye CAN be strengthened. Results are best when treatment begins by age five.

"By having a child's eyes professionally examined, parents will learn if their child's vision is normal, requires treatment or observation," advises Ms. Nelson.

Public health agencies, school nurses and Prevent Blindness volunteers screen children's vision throughout the state. These screenings inform parents that a child's vision is delicate and must be protected. Vision screenings do not take the place of a complete eye examination, but do help catch potential problems. Eye doctors provide diagnosis and treatment when necessary.

Call or write Prevent Blindness Wisconsin for a free copy of the brochure *Your Child's Sight*. Send a self-addressed (stamped if possible) envelope to YOUR CHILD'S SIGHT, Prevent Blindness Wisconsin, 759 N. Milwaukee St., Milwaukee, WI 53202. Or call (414) 765-0505.

Prevent Blindness Wisconsin volunteers save sight through free screenings and public education programs.

Demolition Derby

HALES CORNERS - Labor Day's Annual Crazy Jim's Demolition Derby will once again be held at Hales Corners Speedway this Monday afternoon, beginning at 1 p.m.

The derby attracts the top demolition drivers from the Milwaukee area, as well as other crash-fanatics out to do some damage. All drivers compete for trophies and thousands of dollars in prize money.

Among those slated to participate in the derby includes former Kewaskum residents Scott Stollenwerk, Keith Stollenwerk and Noel Stollenwerk.

Advance tickets are \$5 for the event. To purchase tickets, or to enter a car or driver in the event, call 427-9411, or 461-5380.

EWSCA NEWS

(PLYMOUTH, WI) Third year driver Johnny Komppa of Slinger took home his third Eastern Wisconsin Stock Car Assoc. 30 lap feature victory of the season Sat. night at Sheboygan County Fair Park.

Komppa, the winner of the 1994 Etchie Bierter Memorial race, dominated the final twenty laps to score his fourth career Modified feature triumph. Tracy finished second while Milwaukee's Pete Ostrowski put pressure on point leader Donny Goeden of Kewaskum by taking the third spot. Goeden experienced problems in qualifying and struggled to a tenth place finish in the feature. Modified rookie Gary Laack of Glenbeulah was fourth, and Klumb held on to take fifth.

Dave Haag of Plymouth bested the field in the Sportsman 25 lap feature to notch his second win of the 1994 campaign. Haag went on to take the win by a car length over second place Bares. Ron Eiler of Oshkosh grabbed third after starting fourteenth, Sheboygan's Jim Lavey finished fourth, and Steve Hoffmann of Plymouth worked his way up from twelfth starting spot to nab fifth place.

In the Hobby Stock division, Jon Allen of Plymouth took the checkered flag in the 20 lap feature event.

Veteran shoe Bob Otte of Plymouth, who started sixth, lead most of the affair until the final lap when the eleventh starting Allen got around Otte in the final turn. Allen edged Otte at the finish line by a half car length for his second feature win of 1994. Roger Lange of Campbellsport substituting for Kewaskum's Tim Thompson finished third, and Brian Gilles of Elkhart Lake came up from seventeenth at the start to finish fourth.

Greg Otte of Sheboygan Falls was victorious in the 15 Modified B semi-feature while Lomira's Troy Wondra won the ten lap Modified C semi-feature. Veteran driver Henry Dickmann of Sheboygan took the checkered flag in the 15 lap Sportsman semi-feature and rookie Louis Densow of Port

Washington won the 15 lap Hobby Stock semi-feature.

1989 Modified track champion Terry Marten of Sheboygan Falls flipped and hit the turn three wall during the Modified B semi-feature. He was not injured.

There will be no races next Saturday night due to the Sheboygan County Fair. EWSCA action will take place on Monday, September 5th with the first race getting underway at 6 p.m.

A Message from Bonnie

Hello Kewaskum Statesman readers and how are you all doing today? As promised... I am going to give you an "update" on the THREE family moves and let you know why... when I see a moving van on television... I just want to throw up!

First of all, I have mentioned THREE family moves... but... getting my place completely painted this summer was "almost" like a move, so that would mean FOUR moves to some, huh?

The State Postmaster Convention was held in Fond du Lac this summer and over 600 Postmasters (retired and active) were in attendance. I decided that this time (away from my condo) would be a good time to get it painted. Thus... got the condo in readiness for the painters to come in while I was at the convention.

Mom and dad returned from Florida (where they are state residents) in May to begin their annual five month stay in Fondy. One night, they wanted to talk to "us kids" and related the fact that they were "thinking about selling their home in Fondy and just coming back for one or two months."

Well, at first, we were devastated as we are a very close family and knew that this would be hard on all of us. Then mom and dad talked about the difficulty of closing up each home (the one in Florida and the one here) each time they left and with my mom having asthma and both of them "getting just a bit older" we could readily see that this "might be" a good decision for them.

Okay... it was settled... "they would possibly sell their home in Fondy." The next day, I ran into a good friend of mine and we started talking. She said, "I am so sick of living in an apartment." I told her that she should look at my folk's place as they were thinking about selling. GUESS WHAT? Within TWO days, my folks had sold their Fond du Lac home to this gal!

My sister and her husband decided to put their home on the market this summer also. Within five days, their home was also sold. They stayed in Fond du lac (moving across town), but... another move in the making.

My daughter, Chrystal, then called me one night and told me that she was thinking about getting an apartment off campus. She is a fourth year nursing student at UW-Milwaukee. I do not think I had all of this fully digested when Chrystal called me back two nights later and told me that she had found the "perfect place" and would be moving there "soon!"

I know that many of you have gone through a "family move" and/or a move of your own... but for four of them... it was unreal... and in a matter of days! Then... the moves began!

My parents are "bound back for Florida" in October and with their home being sold, were so-called "homeless." I readily offered my home to them as I have a three bedroom and it is only "moi" there. Mom and dad

both told me to "think about it."

They knew that Chrystal had "left home" four years ago to go to college. I remembered how when she first left, that place seemed totally lonely, as I would go up the stairs, not hear her voice saying, "Hi Mom." I would walk through my entire condo, even putting HER music on (I used to "cringe" hearing that, but now... it was a solace).

Well, time passes and I got used to being "alone." Figured if I wanted to see anyone, I would get in the Blazer and see them, and if I wanted to be alone... could go home for that. It was okay. Now... mom and dad COMING TO LIVE WITH ME! Whew... what would that do to my lifestyle? Well, I am happy to say... IT IS GREAT! I guess that my feeling is, "you just do not know how long you are going to have your parents and ANYTHING you can do for them... DO IT NOW! (I know many of you can readily identify with that)!"

The biggest "event" that I will always remember is playing "musical furniture." My sister and I both loved mom and dad's furniture and our homes became "newly redecorated" due to this. To me, it was very important to make mom and dad's move out of their home into mine as "acceptable" as possible. I remember saying to my mom... "do what you would like in YOUR new temporary home (with me)... decorate it anyway that YOU would like. Know what? I love it!"

My friends have said, "Look at it this way... when they leave, you can decorate it the way YOU want... I tell them... NO WAY... mom and dad are doing a super job and "their" decorating will stay and be loved!"

My life style changed? Nope! My parents have and will always be "actively retired." They are "up in the morning" and just seem to be gone all day. I come home to an "empty" house, but then, they return and we enjoy "good times, a good

meal and lively conversation." I am a very lucky daughter to still have my parents and them living with me... as said before, I love it!

We took a "mini-vacation" recently and went to Oneida. Fun? Well, it was just fantastic! Did not think my dad was really a gambler, but it was dad that we had to "pry" away from those nickel machines! Were we successful? I can tell you... we had fun, but "early retirement" is not in the books for THIS Postmaster. As I have told many of you... "should have stayed at the blackjack tables as those slots did me in!"

So... my sister and her family have completed their move, my folks and I are "getting settled in," my daughter has totally moved out most of her possessions... the summer of '94 is one I will never forget! To some of you, you only know me as the Postmaster, but to many of you... we have shared memories of family, etc. and I just wanted to share this with you all.

Hope you found it interesting and possibly reminiscent of your own "moves." Until next time, have a great day... have many happy days!

Your Postmaster & FRIEND,
BONNIE

NOVENA TO ST. JUDE

O Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need. To you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present urgent petition, in return I promise to make your name known and cause you to be invoked. Say three Our Fathers, three hail Marys and three Glorias. St. Jude pray for us and all who invoke your name. Publication must be promised. This Novena must be said for 9 consecutive days. It has never been known to fail.

B.K.

PLEASE... NOTIFY US PROMPTLY WHEN YOU MOVE.

The postal service now charges 35 cents for each change of address if you move and fail to notify us of the change. We must pay the postal service to get your new address so that you will continue to receive your copy of the Statesman. In the long run, this results in higher prices for everyone.

SO... PLEASE LET US KNOW ABOUT ANY CHANGE OF ADDRESS.

Thank You!

Dairyland Seed Releases Six New Stealth Hybrids for 1995 Planting

WEST BEND -- Dairyland Seed recently announced the release of six new corn hybrids for the 1995 sales season. Each of these hybrids can be seen at research tours and field days throughout the Midwest this fall. A brief description of those hybrids follows:

85-Day, Stealth-1284, represents exciting new genetics in an 85-day maturity. This hybrid is quite a bit taller than Stealth-1285 and, therefore, has the flexibility to be used both as a grain and a silage hybrid. Of particular importance with this hybrid was its ability to continue to produce mature grain during the 1993 cool wet growing season. While certain hybrids had difficulty maturing, Stealth-1284 continued the grain filling process.

75-Day, Stealth-1174 also showed the ability to produce mature grain in the cool, wet growing season that we saw in 1993. Stealth-1174 is also showing some very nice yields for a 75-day hybrid and represents a welcome addition of genetic diversity to this maturity for Dairyland.

101 Day, Stealth-1400 is a slightly earlier related version to Stealth-1198 that features an incremental improvement in yield. This hybrid showed the ability to travel further north than Stealth-1198 in the past two cool, wet growing seasons. It also features the same ability to perform across soil types and produce high yields east to west from Michigan to the Dakotas.

105 Day Stealth-1405 is a slightly later, improved relative to Stealth-1203. In addition to being two to three days later than Stealth-1203, this hybrid features slightly more yield and also features very good stalk strength. Like Stealth-1203, it has the genetic background to produce well both in cool, wet

years and hot, dry years. This hybrid also contains Stealth-1203's traits of complete tip fill and short shank. Stealth-1405 is not a showy hybrid at field days, but we expect it to make a lasting impression when the plot results are in.

107 Day Stealth-1407 is an exciting hybrid that is related to one of the current leaders in the Dairyland lineup, Stealth-1198. This hybrid has shown an extremely wide adaptability east and west throughout the Corn Belt. It has also shown very good ability to perform across a variety of soil types. It is a very strong hybrid that has generated a lot of enthusiasm from the research staff.

110 Day Stealth-1209 is an exciting high yield product with excellent drydown. This hybrid performed exceptionally well in the northern Corn Belt. In an area from Interstate 80 north, it showed particularly strong yield numbers and also proved its ability to drydown and produce mature grain in the cool, wet 1993 growing season.

PRAYER OF THE BLESSED VIRGIN

(Never known to fail). Oh, most beautiful flower of Mt. Carmel, fruitful vine, splendor of Heaven. Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. Oh Star of the Sea, help me and show me here you are my Mother. Oh Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (Make request). There are none that can withstand your power. Oh Mary, conceived without sin, pray for us who have recourse to thee. Holy Mary, I place this prayer for your hands (three times). Say this prayer for three consecutive days and then you must publish and it will be granted to you.

B.K.

THANK YOU

Prayer to the Holy Spirit. Holy Spirit, you who make me see everything, and You who shows me the way to reach my ideals. You who gives me the Divine Gift to forgive and forget the wrong that is done to me, and you who are with me, I, in this dialogue want to thank You for everything and to confirm once more that I never want to be separated from You no matter how great material desires may be. I want to be with you and my loved ones in your perpetual glory. Amen. Thank You for your love toward me and my loved ones. Pray this prayer 3 consecutive days without asking your wish. After the 3rd day your wish will be granted, no matter how difficult it may be. Promise to publish this dialogue as soon as your favor has been granted.

E.K.

! ? What Happens When It's All Gone?!

When the beautiful, shady trees have all been chopped down,
When the pure, fresh waters have all been destroyed with oil,
When the fresh, breezy air has been polluted by exhaustion from coughing cars,
When the dewy, green grass has dried to dust beneath the hot sun rays,
When all the twitter-pated birds have stopped chirping,
When the blossoming flowers have wilted,
When all the giggly smiles have turned upside down,
When all the laughs have turned to sobbing cries,
When all the happiness and love has turned into jealousy and hate,
When honest encouragement has turned to criticism,
When world peace has twisted into war,
When all the bombs have been set off, all the guns have been fired, and all the crimes have been committed,
When all that is thought is said, and all that is said is done,
When the last word has been spoken, and the last letter has been written,
When the last message has been delivered, and the last secret has been whispered,
When life has turned to death...
When the last question is left unanswered...
What happens when it's all gone?
SAVE OUR WORLD BEFORE IT'S TOO LATE!!!

KEWASKUM - It took a little while, but the Kewaskum volleyball team finally won its own Invitational here, last Saturday.

The Lady Indians breezed through the six-team meet, losing only to runner-up Campbell-sport, on their way to a 9-1 record and first place in the competition.

All in all, it was a good start for the Indians, and their coach Dave Rizzardi.

"They played great volleyball," Rizzardi said of his squad. "I think they were the best of the six teams competing. It was a nice way to start the year."

Temperature-wise it wasn't exactly nice. With readings in the 90s outside, the KHS field-house was quite warm and humid for the meet. Nonetheless, the deep rotation used by Rizzardi gave his players enough rest to outlast the rest of the field.

"I used 10-12 players in my rotation, so that helped," Rizzardi said. "Also, we had our byes placed nicely, which gave us additional rest. But we just went out and tried to play every-

body, and it worked out."

The Indians got off to a flying start, downing Kiel (15-11, 15-11) and Fox Valley Lutheran (15-4, 15-2) in the first two matches. Next was Campbell-sport, which also has high expectations heading onto this season.

After the Indians won the opening game 15-8, the Cougars roared back to trounce KHS 15-4 in the rematch. Fatigue and inexperience seemed to get the best of his team in the second game, Rizzardi said.

"I think we got a little tired," he noted. "We got a little frustrated out there. I wanted to let them go, to see if they could get out of it, okay, and we didn't. That was our only bad game of the day."

The Indians bounced back to beat Grafton (15-8, 15-4), and then Chilton 15-11 in the first game. Needing to beat the Tigers in the second game to win the title (Campbell-sport finished 8-2), the Indians unloaded for a 15-2 victory, thus securing their first-ever Indian Invite crown.

Rizzardi was pleased with the entire team, adding that

starters Mary Yahr, Shelly Williams, Stephanie Heberer, Tracy Jacak and Andrea Bonlender played well. Also, junior setter Tanya Krahn "was very accurate" with her setting.

The KHS boss was also quite happy with the spiking of Kelly Schreffler, who "hit the ball very hard," he said. "She was our best spiker... was blocked only one or two times the whole day. She's going to be an excellent front-row player for us."

As a whole, Rizzardi was more than happy with the play of his juniors, who "show a lot of enthusiasm." Having gone undefeated in the Eastern Wisconsin Conference last season, the juniors "don't want to lose." The combination of juniors and seniors on the squad, "seem to be working well together. I think it's going to be a good mix."

The tournament also gave Rizzardi an opportunity to look at certain girls in different spots. That will be important as the season gets rolling, because Rizzardi knows that he will be using a lot of players this year.

"If the girls can accept their roles, and do the little things, I think we're going to be tough," he said. "We're going to need specialists. If they perform, I think we're going to be real strong."

Rizzardi knows that there are areas where the Indians must improve, however.

"If there's a weakness right now, it is in our blocking," he said. "We have to time our blocks better. So we have to work on that."

KHS won't have much time to hone its skills, as the team opens its Eastern Wisconsin Conference schedule this week. The Indians host Two Rivers Tuesday, and travel to Two Rivers Thursday.

KHS Spikers Aiming High

By Noel Stollenwerk

KEWASKUM - When you add a group of juniors which went unbeaten the previous season to a group of seniors that saw considerable playing time the previous campaign, expectations can get pretty high.

That's what is facing Kewaskum volleyball coach Dave Rizzardi this season, as his six letterwinners will join forces with last year's sophomore team that went 12-0 and captured the EW junior varsity title.

Just how to combine those forces, however, is the dilemma that Rizzardi is in the process of tackling at this point in the pre-season.

"We have to get the right mix," Rizzardi said of the blending process. "Getting them to gel will be tough. Right now our weakness is our lack of playing time together."

A strength that will be apparent this year will be senior Mary Yahr, who earned all-EW status as a hitter last season. "She's been our most consistent hitter thus far," Rizzardi said. "She'll be in there (the starting lineup) for sure. Other than that, it's a toss-up."

Those vying for starting spots include senior letterwinners Andrea Bonlender, Stephanie Heberer, Tracey Jacak, Sandy Melzer, and Shelly Williams. Heberer and Williams are setters, while the other three are front-liners.

Top junior prospects include hitters Erin Stockhausen, Kelly Schreffler, Tanya Laubach and Michelle Thull, along with setters Tanya Krahn and Angie Bindrich.

Of the juniors, Rizzardi

says he has been impressed with several.

"Erin has been hitting the ball the most consistently out of the juniors," said Rizzardi, in his 15th year as KHS boss. "Schreffler hits the ball very hard," while Bindrich, "does a nice job communicating on the court."

The Indians' front-line play looks to be one of the team's strengths this season, according to Rizzardi. "I think our hitting is coming along nicely," he said. "It'll be okay, I think. I also hope that we will be a good hustling floor team."

Serving, which wasn't exactly a strong point last year, will have to improve, he says. His substitution patterns during games may help alleviate that problem.

"Where some kids are good at hitting, they may not be as good in the back row," Rizzardi explained. "I'm going to try and substitute in order to keep our best six players on the court at all times, in all situations."

Rizzardi thinks that defending co-champion Sheboygan Falls will once again be tough. But he hopes that his team can improve on last season's 7-5 mark, good enough for third place.

"I fully expect us to be in the top three again," he said. "I'd be very disappointed if we weren't. It's going to be important to get off to a good start, though."

Rizzardi will try and get his final roster set this week, in preparation for Saturday's Indians Invitational, which will also include Campbell-sport, Grafton, Fox Valley Lutheran, Kiel and Chilton.

Indians to Play First Afternoon Home Game

By Noel Stollenwerk

KEWASKUM -- After playing under the lights in previous years, this year's Kewaskum varsity football team will debut afternoon home football games this Friday against Horicon.

Due to safety concerns, the lights at the elementary school football field were removed this past summer. With a limited budget, the district couldn't afford to replace the lights, and thus the birth of afternoon football in Kewaskum.

"If it's a safety concern, I guess we really didn't have too many choices," KHS football coach Clark Pearson said of the switch, which occurred because old, decaying lights were falling off the poles and to the ground.

While he would obviously prefer to coach under the lights on Friday evenings, Pearson said he will do his best to adjust his team to day play.

"It'll be more of a mental adjustment than a physical one," he said. "It'll be like a practice situation. We do practice at that time."

That will make going directly from classes to the locker room not quite as foreign to

the players. But having just that hour and 45 minutes to mentally get ready for the contest will be a change, at least somewhat.

Having played freshmen and junior varsity games at that 4:30 starting time will help ease the adjustment. Still, if he had his drothers, Pearson would probably like to see the referendum item that includes lights for the new football field passed next week. That would mean that 1994's season of day games would be a one-year fling.

"It'll be interesting," Pearson said of the upcoming home schedule.

KHS Girls Third at County Tennis Meet

By Noel Stollenwerk

WEST BEND - With the dominance of the two much larger West Bend schools, the Kewaskum girls tennis team has to be content with battling for the third-place spot in the Washington County tennis tournament each year.

For the third straight season, the Lady Indians "won" the third place finish, recording 17 points to edge Hartford (16) for that spot. West Bend East won the overall title, edging West Bend West, 33-32.

Germantown finished fifth with 14 points, while Slinger came in sixth (6).

"West Bend East and West have so much talent and depth in the doubles that it is difficult for us to overcome," KHS coach Glenn Eichstedt said of the struggle to compete with the Division 1 Powers. "This (the third-place showing) meets our expectations."

None of the Lady Indian regulars was able to win an individual title, although the team had finalists at two spots.

No. 1 singles player Missy Rohrer made it to the finals,

where she lost to two-time WIAA state-qualifier Katie Hillman of West Bend East. 3-6, 4-6. Rohrer had breezed to the championship match, beating West's Amanda Wilichowski and Hartford's Deanna Schauer in the preliminary rounds.

Also reaching the title match was the No. 3 doubles pair of Jennifer Straub and Renate Wilke, who lost in the final to West's Angela Bonnett and Kim Casper (5-7, 2-6).

At No. 3 singles, KHS' Margaret Feind took third place, losing only to champion Sara Ziegler of East in the semifinals, 4-6, 3-6.

Kewaskum's Meredith Frac (No. 2), Jamie Lynn (No. 4), and Danielle Slangenhoup-Anne Mertz (No. 2 doubles) all came through with fourth-place showings.

"We had a great team effort and some excellent performances," Eichstedt said of the efforts.

The Indians get back into Eastern Wisconsin Conference action this week, with matches at Sheboygan Falls (Tuesday), and at home against Chilton Thursday.

Cancellation of Fond du Lac County, St. Cloud Leased Public Hunting Ground

HORICON - The Department of Natural Resources is cancelling its Saint Cloud Public Hunting Ground lease program in northeastern Fond du Lac County. This cancellation is effective beginning this fall.

Budget constraints have forced the DNR to eliminate the St. Cloud Leased Public Hunting Ground. While the leased public hunting ground program has been relatively inexpensive, the DNR has had to search within existing budgets to redirect money for necessary operations of other state-

owned public hunting areas within the Horicon Administrative Area. The DNR has also continued to buy lands for various wildlife programs in the Horicon Area, and these lands have created additional budget demands for development and maintenance. Money redirected from the lease program will go toward managing these state lands for hunters and other outdoor recreationists to enjoy.

Hunters can use nearby public lands such as Mullet Creek and Sheboygan Marsh Wildlife Areas and the Northern

Unit of the Kettle Moraine State Forest. In addition, the Glacial Habitat Restoration Area program in western Fond du Lac County includes the purchase of scattered parcels of land. These sites will be developed for wild pheasants, ducks and other grassland nesting birds. These state-owned parcels will be open to hunting and, once fully developed, will provide good pheasant hunting opportunity.

Please contact Maureen Rowe, Wildlife Biologist at (414) 485-3012, if you have questions.

Great Lakes Dragaway

By Noel Stollenwerk

UNION GROVE - More than one hundred touring professional drag racers will compete each of the three days over the upcoming Labor Day weekend at Great Lakes Dragaway in Union Grove.

Three-hundred mile an hour flame-throwing jetrockets, five-second nitro-burning funny cars, 200-mile per hour unlimited horsepower pro stocks, nitrous pro modifieds, monster car-crushing trucks, plus car burning and melting by 17,000 horsepower jetrockets will be featured this weekend.

There will also be motorcycle stunt riders, as well as "the Wheelie Busters," two riders on the same motorcycle doing wheelstands at over 100 miles per hour for a quarter mile.

"Beastron," the original car-crushing transformer, will also perform all three days.

Rock River Oldtimers

By Noel Stollenwerk

SLINGER - The 65-year-old Rock River Baseball league will honor members of its Oldtimers' Association this weekend, the first of three late-season Oldtimers' reunions.

Members of the Oldtimer's Association will be guests of the league at this weekend's double elimination championship series to be hosted by Slinger, the northern Division regular-season champ.

Then on Sunday afternoon, October 2, members are invited to attend Mayville's Audubon Days open house at the city's historic White Limestone Schoolhouse, where the Oldtimer's display a classroom full of a thousand items of Rock River league memorabilia.

Finally, members will swap stories again while honoring five successful Hall of Fame inductees at the organization's 15th Hall of Fame Fest, set for Saturday, October 29, at Horicon's Rock River Hills Golf Club.

The honorees, to be elected on September's mail ballot, will be chosen from nine candidates, including Roy Mass and Don Held of Lebanon, Wally Rohrschneider and Phil Nehls of Hustisford, Dave Gourlie of Rubicon, Carl Keel of Burnett, Chuck Brunschweig of Johnson Creed, Mark Rohde of Horicon, and Greg Thiesfeldt of Brownsville.

KHS Coach Not Happy With Scrimmage Results

By Noel Stollenwerk

WEST BEND - Never mind the fact that his team was going up against two of the bigger schools in the state. Kewaskum's football coach was not pleased with what he saw from his troops in the Indians' annual pre-season scrimmage here Friday afternoon, August 19.

"We didn't play as well as we are capable of," Pearson said, disappointed with the results from the four-school get-together with West Bend East and West, and Slinger.

The scrimmage format consisted of teams' first units playing for 20 minutes, while the second units were on the field for 10 minutes. Pointing to the fact that he has the most depth in years, Pearson said he would "have been more than happy to play more than that. We wanted to look at players in different spots."

The KHS boss did get a chance to look at several players both offensively and defensively, but was not all that impressed.

"Nobody really stood out for us," Pearson said, declining to mention anyone for sparkling play. "So many of the kids perform at the same level. We need some of those guys to step it up

a little and earn the (starting) spots."

While he added that a couple of the starting spots were determined during the scrimmage, he noted that for the most part, he was disappointed in the showing.

"Our timing was off a little," he said. "We have to improve our blocking on offense. Everybody, including our backs, need to block better than we did."

Pearson went on to say that he wasn't necessarily looking at executing in certain circumstances during the scrimmage, and instead focused on personnel decisions.

"We were looking more at plays and players, rather than situations," Pearson said.

ABC CLUB SKAT RESULTS

The winners at skat played by the ABC Senior Citizens at Beechwood Hall on Tuesday, Aug. 23rd were: Harold Eggert, 23-4--19 net; Ralph Laux, 16-1-15 net; Francis Gilboy, 15-1-14 net; Harold Eggert, Heart solo vs 4; Francis Gilboy, Club & Diamond solos vs 4.

KHS Netters Destroy Ripon

By Noel Stollenwerk

RIPON - It wasn't too long ago that the Kewaskum girls tennis program was trying to simply win a game, let alone a match. Getting shut out wasn't uncommon, and expectations weren't high.

Last Thursday's match against Ripon here is a good indication that times have certainly changed for the Indian program. The Lady Indians blanked the Tigers 7-0, to improve to 2-0 on the young season.

In addition, all six KHS junior varsity spots won their matches, giving the Lady Indians a 13-0 record on the day. Eichstedt was certainly impressed.

"Never before have both the varsity and J.V. blanked their opponents, and in such convincing fashion," he said, adding that the Indians "totally white-washed" the hosts.

The KHS varsity loss just 18 total games to their Tiger counterparts, half of those losses coming at one position. The J.V.'s, meanwhile, won 42 games while losing just 6.

"This may be more to Ripon's inexperience than (our) dominance or talent," Eichstedt said, tempering his enthusiasm. The Tigers sport just seniors on the roster, while having a pair of freshmen in the varsity lineup.

The four KHS singles play-

ers lost a combined four games, with No. 1 Missy Rohrer and No. 3 Margaret Feind recording shutouts.

In doubles competition, only No. 2 Tristin Olson and Anne Mertz were pushed in their match, winning 7-5 and 6-4.

KEWASKUM 7, RIPON 0 SINGLES - No. 1 - Missy Rohrer beat Meaghan Solheim 6-0, 6-0; No. 2 - Meredith Frac beat Megan Wendt 6-1, 6-1;

Margaret Feind beat Lori Heckman 6-0, 6-0;

No. 4 - Jamie Lynn beat Liz Bender, 6-1, 6-1.

DOUBLES - No. 1 - Sabrina Maul - Danielle Slausenhoup beat Maria Ramos - Stephanie Taylor 6-2, 6-1;

No. 2 - Tristin Olson - Anne Mertz beat Peggy Wick - Crystal Stollfuss 7-5, 6-4;

Rohrer Going for Fourth Straight EW Title Experience Abundant for KHS Lady Netters

By Noel Stollenwerk

KEWASKUM - In high school tennis, there are just ten spots available for players in the starting varsity lineup. Obviously, if a team returns nine letterwinners, it is going to be a very experienced group.

That is exactly the plight of this year's Kewaskum girls tennis team, under the direction of coach Glenn Eichstedt. After losing just two seniors from last year's squad, Eichstedt is looking forward to the start of this season.

"We're very eager to get out there," he said. "We're definitely ahead of the pace in previous years. Because we have so many returning players, we've been able to work on more than just fundamentals so far."

Eichstedt can be plenty excited about the upcoming campaign, knowing he has the likes of senior Missy Rohrer returning to the fold. Rohrer has three Eastern Wisconsin Conference titles to her credit, and will seek an unprecedented fourth crown this year.

"She's definitely the favorite," Eichstedt said of Rohrer, who is 28-2 in the EW, and 47-10 overall in her career. "She just keeps improving every year. She works as hard as anyone during practice. She's moved it

up a notch, and should be a real force in Division 2.

Eichstedt was referring to a switch by the WIAA to a two-division playoff system. Instead of facing the likes of West Bend and Hartford in Sub-Sectional play, the Indians will now face schools the same size as them.

Thus, Rohrer may not be the only KHS player to advance in tournament action this season. In fact, all four singles players are back from last year, and all could advance in post-season action.

Nestled in the number two spot is senior Meredith Frac who took second in the EW last year at that spot. Sophomore Margaret Feind, who took third in the EW, is back at number three, while senior Jamie Lynn will move from doubles competition to the number four singles position.

"We are very experienced in the singles," Eichstedt said. "In fact, they are all coming back with very credible records."

The doubles duos are a bit less set in stone, although there is considerable experience there also. The number one tandem of Sabrina Maul (senior) and Jenny Weston (sophomore) each played doubles last season with a now-departed senior partner. Thus, their union was almost

natural.

The number two duo of seniors Anne Mertz and Tristin Olson also played together in the same spot last year, making them a concrete choice.

At number three, however, there may be some interchanging during the course of the season. Eichstedt said he would start the year with juniors Renate Wilke and Jenny Straub occupying the position, but added that sophomores Lauri Berres and Christa Dehler may also see time at that spot.

"We've had some great competition in the doubles," Eichstedt pointed out. "So they are a little of an unknown at this point."

"But overall I've been very pleased with what I've seen thus far," he added. "We have another dozen or so players returning who have seen a great deal of experience at both the varsity and JV levels. It's just been very competitive so far."

Eichstedt says he rates the Indians among a group of four teams that could walk off with the EW title this fall. Sheboygan Falls, Plymouth and Two Rivers each have quality teams, according to the KHS boss, which should make for an exciting conclusion at the EW conference meet at Two Rivers on October 1.

Rohrer Upset in Opener

KHS Girls Start Season With Win

By Noel Stollenwerk

WAUPUN - The Kewaskum girls tennis team's season opening match here, last Tuesday had both its ups and downs.

On the up side, the Lady Indians secured their first win of the season, beating the Warriors, 4-3.

On the down side, the Indians' No. 1 singles ace, senior Missy Rohrer, lost her opening match of the year to Jenni Zeininger in three sets. It was just the 11th loss of Rohrer's high school career.

Still, the Lady Indians had enough firepower to outlast the hosts. As KHS coach Glenn Eichstedt predicted, the Indians' singles players proved too much to handle, as KHS won three of the four matches.

Both Meredith Frac (No. 2)

and Jamie Lynn (No. 4) won their respective matches in straight sets, while Margaret Feind needed three sets to down Sally Jensen 4-6, 6-4, 6-0. Feind's victory allowed the Indians to win the overall match.

"Jamie (Lynn) started very strong," winning the first set 6-1, according to Eichstedt. Feind, meanwhile, lost the first set, but "came back with a strong service game," to take her match.

The No. 3 doubles tandem of Jennifer Straub and Renate Wilke secured the victory by winning their match quite easily, 6-1 and 6-0.

Another down note from the match was the absence of Jenni Weston, who along with Sabrina Maul was to occupy the No. 1 doubles spot. Weston injured her shoulder the night before the meet, and it is not known how much time she will miss.

Junior Danielle Slaughenhoup filled in for Weston, but her and Maul were no match for the Warriors' Kim Schouten and Melissa Tenpas, who won 6-1 and 6-0.

"This (match) should force us to realize just how much we must improve to reach our potential," Eichstedt said.

Defense Paves Way for KHS Victory

By Noel Stollenwerk

CAMPBELLSPORT - It wasn't exactly the prettiest game that Kewaskum football coach Clark Pearson has seen from his offense. But the Indians' defensive play here, last Friday night, was simply picturesque.

That defensive effort limited Campbellsport to just 142 yards of total offense, paving the way for a 12-0 Indian shutout in the season-opener for both teams.

Pearson, who subscribes to the "bend, but don't break" style of defense, was obviously pleased with that unit's effort.

"They played very well," Pearson said. "We had three interceptions, so our backfield played pretty well. Our front line did a real good job too. I was real satisfied with our defensive play."

Two of those interceptions came from Jason Liegl, including one which was returned 25 yards for an insurance touchdown in the fourth quarter. Liegl's great night came despite him playing the equivalent of about a third of the game.

"He had a real nice game for the amount of time that he played," Pearson said. That effort, says the KHS coach, "will get him some more playing time, no doubt."

Pearson also had words of praise for his front line, notably Andy Mathias, Jarod Pankonin and Jason Schmidt, who helped limit the Cougars to just 96 yards rushing.

Offensively, Pearson was satisfied, but noted that there is plenty of room for improvement. The Indians gained 184 yards, including 176 on the ground, but were just one-of-eight through the air from senior quarterback Dan Survis.

"We have to work on our short passing game," Pearson said matter-of-factly. "He (Survis) threw the ball pretty well, it was just always a step or two off. We threw a lot of deep passes."

There wasn't a need for deep passes on the Indians' first possession of the season. KHS took the opening kickoff and marched 75 yards in 11 plays, with fullback Tim Gundrum bullying his way up the middle for the final one-yard plunge. The two-point conversion failed, but as it turned out, it wasn't needed.

"Our offensive line did a pretty good job of opening holes," Pearson said. "They (Campbellsport) did a lot of stunting, and we picked them up pretty well."

After that opening drive, neither team was able to penetrate the others' 10-yard line. Twice the Indians got the ball inside the Cougar 20, but both times were stymied by the hosts defense.

"Their defense tightened and stopped us," Pearson noted. "We have to be able to score when we get down in that area. We just couldn't punch it in." To the Indians' credit, their

defense also stiffened when Campbellsport threatened. The Cougars drove to the KHS 15 in the second half, but were turned away.

In addition to Liegl's pick-offs, Cory Rammer also intercepted a pass, while Richard Wolf recovered a fumble. On the other hand, the Indians didn't turn the ball over once, and committed just one mistake, a 15-yard facemask penalty.

"We really played well for the first game of the season," Pearson acknowledged. "We made very few mistakes. It was a pretty solid team effort."

Fullback Rich Farchione led the way offensively, gaining 72 yards on 19 carries. Pearson did a good job of spreading the ball around, as Aaron Kurth (14 carries) and Peter Reis (four carries) also accumulated 47 and 35 yards, respectively.

Even the special teams were in mid-season form. Pearson, who "was concerned" about his punting team heading into the contest, was more than satisfied with kicker Brian Butschlick's performance.

"He did a real good job... averaged about 35 yards a kick," Pearson said. "We had a little breakdown on one of our coverages, but overall, we did real well."

While for the most part he was pleased with the Indians' performance, Pearson says that the team can't get satisfied or overconfident with their effort.

"We need to keep working hard," he said. "There's plenty of room for improvement, so we have to keep at it. But for the first game, I was satisfied."

Pearson and the Indians will go for win number two this Friday afternoon, when they host Horicon, beginning at 4:30.

"It sounds like they are a solid team," Pearson said of the Marshmen, who lost 18-6 to Columbus last week. "They like to mix it up, both offensively and defensively. They like to stunt quite a bit, like Campbellsport did, so we've worked on that."
