Rows three and four (girls in fourth row, escorts in third): Denis Tarakanov and Jamie Lynn, Tim Gundrum and Angie Bindrich, Joe Hawig and Heather Reindl, Nathan Cartwright and Becky Yogerst, Cory Rammer and Becky Braun (not pictured), Brian Redig and Sabrina Maul.

This has been another hectic week for the students at Kewaskum High School, as Sadie-Snowball week has again arrived.

Different dress-up days took place, including Pajama Day, Part-Time Job Day, and of course, Green and Gold Day will be held on Friday. Noon hour activities have included ski races using 2 x 4's, food relays and skateboard relays, just to name a few.

A court consisting of

members of each of the winter sports have been selected and the King and Queen were elected in homerooms on Wednesday. Many students have signed up for the Card-A-Thon and are looking for pledges for this event. The money raised this year is designated for Children's Hospital in Milwaukee.

A pie-in-the-face auction has been scheduled for Friday during the pep assembly. At this event, Auctioneer Mike Paul, will conduct an auction where students can bid to throw a pie in the face of a teacher or fellow student.

The week will end with the Sadie-Snowball Dance on Saturday night in Rose Hall. The dance will be held from 8 to 11:30 p.m. with the Grand March ataking place at 9 p.m. All doors will be locked at 10 p.m. and students may not re-enter the dance once they leave. Parents of the court are cordially invited to attend the dance.

AODA Workshop Held at KHS

By Sharon Callaway Roznik

An AODA workshop was held January 31st to discuss student discipline and conduct policies at Kewaskum schools. Social worker Jackie Schoenig was on hand to help answer legal questions and policies other school districts have maintained as a guideline.

Those attending the workshop included curriculum coordinator Connie Strand, high school principal Charles Heidner, school board president Ruth Schmitt, board members Neal Weare and John Schulte, and policy committee members Marcia Theusch and Connie Schulist.

The group was looking

for some direct actions to take regarding putting into policy disciplines that are being enforced at the present time. When students make poor choices, the type and duration of the intervention is determined by a number of factors such as the severity and frequency of the behav-

Board Handles Minor Issues

By Lana Harbeck Kuehl

With no major problems immediately visible on the horizon, the Kewaskum Village Board handled the common everyday problems with ease and efficiency in near-record time at Monday evening's meeting.

The meeting opened with a discussion by the Board and Police Chief Richard Knoebel on the possible development of an ordinance regulating the licensing of tattoo parlors with stipulations regarding the types of records kept and other issues. It was noted at this time there is no ordinance on the books whatsoever concerning tattoo parlors.

A member of the audience, Gary Gavin, stated he did not believe it was the government or anyone elses business knowing who has a tattoo. Chief Knoebel explained right now there is no way to know or regulate whether there are juveniles being tattooed. Furthermore, there is currently only one state statute regarding tattoo parlors. There is no state inspection or control.

Gavin stated, "Isn't that the choice of the individual that walks in there? Nobody is making him go in there and get a tattoo. I don't think it's anyone's right to know if I have a tattoo or not. I think there should be less government instead of more government."

Village Administrator Dan Schmidt explained, "the logic behind having a record of who goes in to be tattooed isn't for anybody to see where did so and so get a tattoo put or anything like that. If an outbreak of hepatitis, turberculosis or other communicable disease occurs they can then pinpoint when that individual had it and who was in before and after that, and then the state health department can follow up and get those people checked that it doesn't spread."

Chief Knoebel stated he had a statewide request out on what other communities have for ordinances on this issue and when these come back to him, he would compile them and bring them back to the board for recommendation.

Director of Public Works Jerry Gilles gave his report and stated he had been extremely short-handed the past couple of weeks with one employee not yet replaced and another out on sick leave, but all village ammenities would soon again be back to normal.

Under new business, the Board reviewed the Certified Survey Map for Gary Gavin in regards to that portion of land zoned R-1 adjacent to Edgewood Road for the creation of three lots as previously discussed. The Board voted unanimous approval.

Discussion was also held regarding the possibility of applying for a CMAQ (Congestion Mitigation Air Quality) grant to install a park and ride lot at the intersection of Fond du Lac Avenue (USH 45) and Hwy. H. The land is now owned by the State and would not be available to the village for any other use. The grant would cover 80% of the cost and the village's portion would cost approximately \$10,000 which is a rough ballpark figure, for there has been no preliminary engineering work done on the

Trustee Bob Beisbier stated he felt it was a good idea, thinking that eventually it may come up that we HAVE to have it. Trustee John Borland added he felt as long as the village could get a grant for 80% of the funding from the state, that now is the time to go ahead. The rest of the board agreed and voted to have the Village Administrator go ahead and apply for the grant.

The board also authorized the Administrator to send the draft industrial wastewater discharge permit agreement to Kemp's Marigold Foods and begin negotiation to finalize the agreement.

Schneider to Lead Jan Garber Orchestra Big Band Sound 'Alive and Swinging'

Howard Schneider

By Sharon Callaway Roznik

For years area music lovers have enjoyed the versatile sounds of Howard Schneider and his big band, who have managed to successfully keep those musical memories of the past alive and swinging across the country.

Coming from a family where music was a way of life. Schneider has made a name for himself by providing a wide range of talents for a variety of audiences. His eleven piece band moves easily from sweet and swing, to polkas, Dixieland, jazz, Latin beats, even country western -- breaking down the group into two, three, four to six and nine to eleven piece combos. "Each group can play a variety of music," Schneider maintains, "we work with people to accommodate their budgets," which means his performers are finely tuned to provide whatever music his public demands.

But it's his love of the big band sound and his uncanny abilities to imitate the exact sounds of many of the famed big bands with authentic arrangements that's landed Howard a new contract as leader of the Jan Garber Orchestra, one of the nation's most well known swing bands of it's era.

'He was dubbed the idol of the airlanes," Schneider points out, "and led the most popular ballroom band, more so than Guy Lombardo." The orchestra emerged in the 1920's, playing for more dance lovers during their 53 years on the bandstand than any other group, moving from a "sweet" band in the 30's and 40's, to swing during World War II, and back to his sweet style permanently in late 1945. As one of the first sweet bands to achieve widespread popularity, the style of music refers to the gentle, romantic songs that were perfect for dancing cheek to cheek, soft and

soothing to the soul.

Talented as a trumpeter, pianist, singer and arranger, his new job title means Howard has exclusive rights to form an orchestra under the Jan Garber name, and access to the library of original arrangements. He has spent years doing extensive research on the Garber arrangements, and has been working for some time to infuse more of that authentic flavor into his own musical group.

Schneider's career began as one of eleven children, playing in the Herman Schneider family orchestra, playing polkas and some big band music. He graduated from UW-Oshkosh with a bachelor's degree in music, and later served in the internationally famous NORAD band, made up of Air Force, Army and Navy men who toured the states and Canada performing as a concert, jazz, combos and marching band. Schneider played trumpet and piano, performing for Bob Hope and other celebri-

He taught for awhile at Chilton, and then went back to school for a masters in guidance and counseling. He served as band director at West Bend East for seven years, developing a stage band program with seventeen piece band that could capture the sounds of legends like Glenn Miller, Tommy Dorsey, Benny Goodman and others.

Now at 43, Howard has his own business as a financial planner in Kewaskum, works part-time as a policeman, while following his personal pursuits traveling and playing with his band. Their recorded music has received national recognition in magazines such as "Dancing USA." The band is already booked into some major ballrooms for this year, appearing March 9 at the Willowbrook in Chicago and the Indiana Roof March 12 in Indianapolis, with both engagements being offered as part of a deluxe tour package via motorcoach. "The Indiana Roof is known as the most beautiful ballroom in the world," Howard comments. "Frank Sinatra got his start here."

Plans also include two cruises, the first is a seventeen day Panama Canal excursion to the Mexican Riviera and the Caribbean, where Schneider will feature a tribute to Jan Garber, departing September 26. A return to Hawaii tour includes fifteen days hopping four islands in March of '96.

This year will prove intensive, but totally rewarding as Schneider phases in his new band, with help from his business manager Casey Szewczyk. "The two bands will exist separately," he says, referring to the Howard Schneider band and the Jan Garber Orchestra. "Under the Garber name we will play all Garber arrangements. This will bring in more bookings in bigger cities with ballrooms that once hosted the bands of yesterday."

New musicians will be added, along with replacements for occasional tours on the road. "We plan to travel the hot spots like Florida, Texas and Arizona, drawing an older crowd," he adds. "We mainly try to put together weekend packages." The big icing on the cake will be the draw nationwide, those folks who grew up dancing to the music will travel to hear the sounds of the "sweet" band.

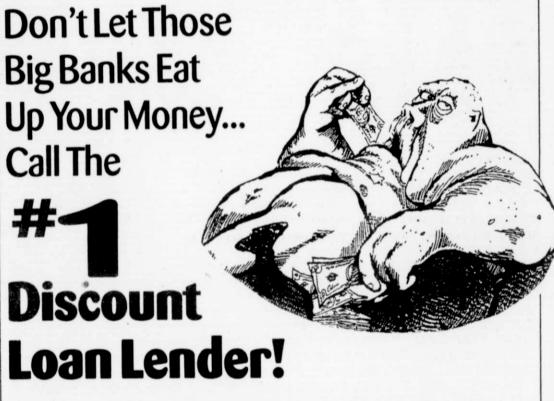

"Years ago, most of the dance jobs were weddings. Now its big band... even the weddings want the big band sounds." Ballroom dance clubs are springing up in

Wisconsin, and Howard and his group play alot of jobs in Milwaukee and around the northern Chicago area. They also plan on arranging some concerts, splitting the billing with top name performers.

His only regret, he says, is spending time away from his wife, Janet, and their four children: Jon 14, Kathryn 12, Daniel 10 and Lindsay 4.

"It's a people helping profession," Schneider explains. "We're bringing back memories for them and this really enriches their lives." It is for these reasons that Mrs. Jan Garber has carefully selected Howard to follow in the footsteps of her late husband and lead the legendary orchestra, continuing to play in the tradition of "the idol of the airlanes."

ior, board and school policies, local and state laws, and circumstances surrounding the individual student.

Connie Strand questioned whether a formal policy must be adopted by the board at all, since the actions now being taken fall under administrative rules, and pointed out that most school districts have adopted very broad policies. Some members felt there was a need to separatee alcohol and tobacco from drug violations, regarding the severity of the discipline. "If you segregate one illegal drug from another," Schoenig pointed out, "it's a lawsuit waiting to happen. If you adopt a policy, it has to be enforceable. If it's challenged, you can't back down."

Others, such as board member Neal Weare, felt that it is necessary to take a stronger stand against drug violations, enforcing more expulsions from school. "I'm sick of these kids being coddled," he stated, feeling that it should be more spelled out as to the consequences of breaking the law. "I can't agree with expelling students at all costs," Theusch responded, and argued for methods of progressive disciplinary action.

Principal Heidner reminded the group that the police are notified in the event of any illegal activity in the school or on the grounds. According to administrative rules the offense is described as the "use of possession of alcohol or other drugs. appearing to be under the influence of alcohol or other drugs, possessing the paraphenalia associated with drug use, or selling alcohol or other drugs at school or at a school-sponsored or related activity."

"The action taken can range from suspension to recommendation for expulsion. Notification will be made to the appropriate drug abuse agency and to the police for a written citation if circumstances warrant. The student will be suspended for three days and a recommendation for expulsion will be made for any student found to be exchanging, selling or giving away." Heidner strongly urged that, "if we have leeway to make progressive decisions regarding the discipline, we have much better cooperation."

Progressive measures of discipline means dealing with the offense at the seriousness of the level. As one workshop attended cited as example, if a student has one drink and comes to school, he is still under the influence of alcohol. Is the school district then required to take the student down to be tested, and will the board and the community be willing to pay for all this?

According to state and federal laws, possession is dealt with at a lower level than possession with intent to deliver. "This is where we need flexibility to get cooperation. Let's not bring out the elephant guns here," the principal added. "Flexibility is needed in order to determine the truth." Connie Strand felt that the word "possession" was the hangup between group members and remarked, "how you get people to report instances is what has people all over the country beating their heads against a wall.'

The high school does have a part-time liaison officer in the building approximately four times a year, but additional time is needed to be more effective. In dealing with the laws Schoenig observed, "there are pages and pages of state statutes on drugs in the school, and our laws continually conflict," and maintained that their is a difference between policy and administrative rules for dealing with the infringement of these rules." Administrative rules can change and be added to as needed... policies are written in

As it stands, progressive enforcement will be upheld by the school administration under its delegated power from the board of education.

Annual Rabies Clinic at County Humane Society

The Washington County Humane Society will hold it's annual Rabies Clinic on Febru-ary 26, from 10 a.m. to 12 p.m. and 1 to 3 p.m.

Dr. Pipo from the University of Wisconsin School of Veterinary Medicine will be the attending veterinarian. The cost per shot is \$12 per animal (dogs and cats) for vaccinations.

Wisconsin State law states that you must have your dog licensed by April 1 of each year. In order to buy a license, you must have proof of a current rabies vaccination. Assembly Bill No. 751, which was signed into law by the Governor of Wisconsin on May 17, 1980, requires that all dogs in the State of Wisconsin be vaccinated against rabies.

The Bill states that all dogs over five months of age have a current rabies vaccination. Cats should also be given the rabies serum. The vaccination is good for three years on cats and dogs. Animals under one year must be revaccinated within one year.

There is no appointment necessary. Animals will be given their shots on a "first-come, first-served" basis. If you wish further information, feel free to call the Washington County Humane Society at 677-4388 between the hours of 8 a.m. and 5 p.m., except for Wednesday when you can call between the hours of 8 a.m. and 8 p.m.

4C Child Care Referral Service Receives Grant

Four C - Community Coordinated Child Care, Inc., a non-profit United Way member agency which helps parents find child care in Milwaukee, Ozaukee, Washington and Waukesha counties has received a grant for 1995, from the State Department of Health and Social Services. "The purpose of the grant is to help parents in the four counties who are looking for child care to become more aware of quality child care standards," said Carol Maurer, 4C Child Care Resource Manager.

"Because parents must choose the best child care for their individual family situations, 4C does not rate or recommend child care programs," said Mauer. "However it is the role of 4C to offer parents information on the importance and characteristics of quality child care," added Maurer. This grant from the State will fund a consumer education campaign, Child Care Aware. Child Care Aware will enable 4C to reach more families with specific quality child care information. The quality child care message outlined below can be found in a Child Care Aware brochure.

The Child Care Aware brochure offers five steps to finding quality child care:

1. LOOK - Visit several child care homes or centers. On each visit, think about your first impression. Does the place look safe for your child? Do the caregivers/teachers enjoy talking and playing with the children?

2. LISTEN - What does the child care setting sound like? Do the children sound happy and involved? What about the caregiver's/teacher's voices? Do they seem cheerful and patient?

3. COUNT - Count the number of children in the group. Then count the number of staff members caring for them. Obviously, the fewer number of children for each adult, the more attention your child will get.

4. ASK - Find out the special training of the adults caring for the children. Ask about the background and experience of all staff caregivers, teachers and the program director. Quality care-

givers/teachers will be happy to have you ask these ques-

5. BE INFORMED - Find out more about efforts in your community to improve the quality of child care.

"The points in the Child Care Aware Brochure are good ways to measure the quality of a child care home or center," said Maurer. "But remember that you should always make a return visit even after you start using the child care. Many times parents feel confident with their child care choice, but it is important to drop in again after your child has started a new child care program."

If you are a parent looking for child care in Milwaukee, Ozaukee, Washington or Waukesha counties, or would like brochures or just have some questions about quality child care, please call the 4C Child Care Referral service at 1-800-498-KIDS.

UWWC to Hold Dyslexia Meeting

The Wisconsin Dyslexia Institute will hold a free informational meeting open to the general public at the University of Wisconsin -Washington County on Feb. 14, at 7:00 p.m. in Room 148. The topic of the meeting will be: Identifying Dyslexia.

Dyslexia is a languagebased disorder affecting 15% of the population. It is characterized by difficulty in learning to read, write and spell. Persons affected are often misunderstood and wrongly thought of as careless, lazy or stupid.

It is not uncommon for persons with dyslexia to exhibit exceptional talent in the visual and performing arts, crafts, and mechanics and areas that call for holistic thinking and problem solving. Early identification and appropriate instruction can mean the difference between a productive life and a life of illiteracy and frustration.

The Wisconsin Dyslexia institute is a non-profit organization dedicated to providing educational services in reading and communication skills to dyslexic children and adults. WDI provides a systematic, structured an multisensory program essential in overcoming these language difficulties.

In addition to instructional services, WDI also offers evaluations for dyslexia, instructor training programs, a resource library that is open to the public, and cooperative community education for a better understanding of dyslexia.

NEWS NOTES "Snow and Ice Removal"

VILLAGE OF KEWASKUM

The snow and ice season has arrived bringing along some problems. To alleviate the problem or to clarify a few items, let us refer to the Municipal Code, Chapter 8.09, which covers "Snow and Ice Removal."

I. SIDEWALKS TO BE KEPT CLEAR. The owner or occupant of any lot or parcel shall promptly each day, remove all snow and ice which may have fallen or accumulated upon the sidewalk in front of each lot or parcel; provided, when ice has so formed that it cannot be removed, the owner or occupant shall keep the same sprinkled with a material which will prevent the sidewalk from being dangerous to pedestrians. If the owner or occupant fails to comply with this subsection, the Director of Public Works shall cause the snow or ice to be removed or sprinkled as required in this section and the cost there of assessed against the property as a special tax or charged against the property to be collected in the manner specified in sub. (3).

If the Village Director of Public Works ordering such removal of snow and ice, a minimum charge of \$25 shall be affixed as the expense of such removal or treatment. If the cost of removal or treatment exceeds the \$25 minimum, the actual cost for such work, per occurrence, shall be charged plus a 10% handling charge.

II. SNOW NOT TO BE DEPOSITED IN STREET. No person shall cause to be deposited snow from his premises or sidewalk abutting thereon onto any street in the Village without a permit from the Director of Public Works who may require to be paid a fee sufficient to reimburse the Village for the cost of removal of such snow.

III ASSESSMENT OF COST. If after the report of work is filed and billed the same is not paid within 30 days, it shall bear interest at the rate of 6% per annum from the date on which the work was completed. If not paid by October 1 the cost hereof will be assessed against the property as a special tax etc.

As for this and all ordinances a penalty is also provided for in Chapter 25.04 of this Municipal Code.

KEWASKUM - While the Sheboygan Falls wrestling team has been included in the rankings of the bigger schools in the state this year, Kewaskum's grapplers have just been going about their business.

Included in that business was winning, which is exactly what KHS did against the talented Falcons, here recently. The Indians won eight out of the 12 matches that were wrestled, and came away with a huge 37-21 victory over the Falcons.

Kewaskum improved to 4-1 in the Eastern Wisconsin Conference with the victory.

After forfeiting in the

opening 103 pound match, the Indians went on to win six of the next seven bouts to take control of the team match. Included in that run was a big win by Jason Czaja over Shawn Carpenter, 8-6, at 135 pounds.

That was a big win," KHS coach John Nell said of Czaja's victory. "That really got the team fired up."

Joel Dziedzic (112 pounds), Jake Thull (125), and Tyler Dieringer (130) recorded pins in their matches, helping the Indians to a 28-9 lead.

But the Falcons stormed back to cut the lead to just 28-21 before the Indians' Richard Wulff sealed things with a victory at 189 pounds. Tim Gundrum put the finishing touches on the win with a first-period pin at 275 pounds.

Sensenbrenner Responds to Local Concerns About Reformulated Gas

Responding to constitutent's concerns, Congressman Jim Sensenbrenner (R-Menomonee Falls), sent **Environmental Protection** Agency (EPA) Administrator Carol Browner a letter requesting EPA revise the recently implemented regulations requiring the use of reformulated fuel for small and two-stroke engines in severe non-attainment areas.

"I have serious reservations about the damage reformulated fuel can do to small and two-stroke engines," Representative Sensenbrenner said.

The Wisconsin Department of Natural Resources stated, "Almost all new large vehicle and engine warranties now cover the use of ethanol blends. However, some equipment with small or twostroke engines such as lawn

mowers and snowmobiles may be sensitive to ethanolbased fuels and expensive repairs."

"I am deeply concerned that EPA failed to recognize the consequences of restrictions imposed on owners of these engines. It is my hope they will reexamine the regulations and exempt small and two-stroke engines from the reformulated gasoline regulations," Congressman Sensenbrenner concluded.

1995 Lake Winnebago Sturgeon Spearing Season Opens Feb. 11

OSHKOSH -- People planning to take part in the 1995 sturgeon spearing season on Lake Winnebago should be prepared to exercise extreme caution because of highly erratic ice condi-

"The thickness of the ice on Lake Winnebago currently varies quite a bit and there are many cracks, which is making access difficult," says Ron Bruch, Department of Natural Resources Oshkosh area fisheries supervisor. While some areas have 10 or more inches of ice, there are other areas with less than an inch of ice, he says.

The 1995 sturgeon spearing season opens Saturday, Febru-ary 11, and runs through March 1. Spearers must purchase a license and tag for \$10 prior to the season, and anyone who spears a sturgeon must register it at an authorized registration by 7 p.m. that day. The bag limit is one sturgeon over 45 inches.

'We are urging any spearers to check on ice conditions with local bait or sport shops or to call the DNR Sturgeon Season Hotline that we record at our Oshkosh office," Bruch says. The number is (414) 424-4404 and the recording provides information on the sturgeon harvest, water clarity, lake conditions.

Messages, which began February 8, will be taped and updated every Monday, Wednesday and Friday late afternoons during the spearing season, he says.

"If ice conditions improve and the water continues to stay clear, we could have an above average harvest this year," Bruch says.

Bruch also reminds spearers that they cannot possess other types of ice fishing equipment in spearing shanties that have holes in the ice 12 inches in diameter or larger.

1995 marks the 64th consecutive annual spearing season held on Lake Winnebago. Since 1985, spearers have harvested an average of 937 sturgeon each year with recent record highs of 2,908 in 1990, and 1,643 in 1993. In 1994, 12,143 spearers harvested 700 fish which averaged 57 inches in length and 43 pounds in weight. The largest fish harvested in 1994 was a 73 inch, 104 pound fish taken by Jerry Kaiser of Mt. Calvary, Wisconsin.

DNR Fisheries crews will again be working at registration stations this spearing season to collect information on the size, age, sex and maturity of harvested fish as part of the department's continuing effort to monitor the health of the sturgeon popu-

Almost every newspaper, or magazine today has an article or two related to ones

The Perfect Cure

Surely this is good. Especially if the article provides us with some good advice as to our habits of daily living. However, one does not frequently find in print that which can REAL-LY make possible for us "the perfect cure." And therefore, today I wish to present for you just such a grand mes-

Good health and nature go together perfectly. One but has to observe the jaunty cardinal splashing his brilliant red coat against pure white snow to agree with that statement. Or, perhaps for you it's the frolicsome grey-squirrel attacking your patio birdfeeder?

Irregardless, there is nothing as stimulating to the human body as good, clean, crisp fresh air. Something we oldsters learned a lot about in our youth when doctors of medicine had our T B stricken relatives enter sanitariums which boasted screened-in porches for healthy treatment

Dressing properly always is a must during the cold, wintry days. And breathing through the nose so as to warm that frigid air on intake. Then stretching ones legs a might with a hustled walk to assure warmth! This is all a very REAL part of a cure for those of us who get winter-cabin fever or the like.

And if we choose a trail through a woods or across a sunny field, Mother Nature will freely provide lots of good things to see or discover relishing life and the season. For there is nothing like fresh air to inspire the soul and lift the body...plus give one a new lease and look on the wonderment of LIFE ITSELF.

Too few of us take time for a very delicious AIRING OUT!

THANK YOU

A special thanks to all of our family, friends, neighbors for calls, cards, gifts and help and prayers while I was a patient in the hospital and convalescing at home.

Also, special thanks to Rev. Edwin Fredrichs, Dr. Moen and nurses at St. Agnes Hospital.

Friends may call from 1:30 p.m. until the time of services at the church only on Saturday.

The Miller Funeral Home in Kewaskum is serving the family.

A complete obituary will appear in next week's paper.

AUXILIARY BISHOP LEO J. BRUST

Bishop Leo Joseph Brust, Auxiliary to the Archbishop of Milwaukee, Rembert G. Weakland, O.S.B., died Tuesday, January 31, 1995, at St. Camillus Health Center in Milwaukee. He was 79 years old.

A native of St. Francis, Brust was a lifelong resident of the Milwaukee area. He was ordained to the priesthood in 1942 and served the Archdiocese of Milwaukee for 49 years before his retirement in 1991.

Brust was born on January 7, 1916, the youngest of Matilda (Dederich) and Frank Brust's five children. He attended St. Stephan School in New Coeln, Wisconsin. He then studied for the priesthood at St. Francis Seminary in Milwaukee and attended theology school at the University of Innsbruck, Austria. With the onset of World War II and Hitler's invasion of Europe, Brust was transferred to the Catholic University of America in Washington, D.C. to complete his studies. He was awarded the degree of licentiate in sacred theology.

Following his ordination in 1942, Brust served for two years as assistant pastor at St. Jude Parish in Wauwatosa. In 1944, he joined the Chancery staff and four years later, Archbishop Moses E. Kiley appointed him Chancellor for the Archdiocese of Milwaukee. He served until 1969 when Pope Paul VI named him Auxiliary Bishop to Archbishop William E. Cousins. At this time, Brust terminated his assignment to the Chancery, was named Vicar General of the Archdiocese, and was appointed pastor to Christ the King Parish in Wauwatosa.

In 1978, Bishop Brust

was named Vicar for Finance and Vicar for Parish Affairs in addition to his role as Vicar General. When the archdiocesan offices were restructured in 1980, his title became Episcopal Delegate for the Department of Finance and Administration. In 1985, he was appointed Episcopal Delegate for the Department of Clergy Personnel.

Upon reaching the mandatory retirement age of 75, Bishop Brust submitted his resignation to Pope John Paul II. On April 16, 1991, he retired, yet continued to participate in various archdiocesan activities, such as parish confirmations.

Throughout his life, Brust was an avid sportsman. Among his favorite activities were hunting, fishing, and downhill skiing.

He loved the priesthood and noted the highlights of his life to be "celebrating Mass, participating in the ordination of priests, and preaching the Good News."

Brust is survived by various nieces, nephews and cousins.

A Concelebrated Mass of Christian Burial was offered on Saturday, February 4, at 11 a.m. at the Cathedral of St. John the Evangelist, Milwaukee.

The Rite of Reception of the Body took place on Friday, February 3, at 10:30 a.m. at the Mater Christi Chapel of the Archbishop Cousins Catholic Center, St. Francis. Visitation was held at the Chapel from 10:30 a.m. to 3 p.m. at which time the Rite of Transfer of the Body took place. The body of Bishop Brust then lie in state at the Cathedral from 3:30 to 9 p.m.

The Vigil Service was celebrated at the Cathedral on Friday, February 3 at 7:30 p.m.

More Than 68,000 Spring Turkey Permits Issued

MADISON -- More than 62,500 turkey hunters will receive permits for the 1995 spring season, and 5,796 of those who applied will receive a second permit, according to Tom Howard, a Department of Natural Resources wildlife biologist.

There were 10,749 applicants who will not receive permits because they either applied for a zone that was over-subscribed or restricted their choice to a time period that had more applicants than permits, Howard said. About 73,300 hunters applied for the 68,353 available permits.

The spring turkey season is conducted in six 5-day periods beginning April 12. Each period runs Wednesday through Sunday. The bag limit is one bearded or male turkey per permit.

Hunters can apply for a specific turkey management zone and time period, or they can indicate other choices in case all available permits for the zone and time period they preferred had already been issued during the drawing process. "Any permits that were not issued during the first drawing -- those in an undersubscribed zones or time period -- were issued as an additional permit in a second drawing to the 5,796 lucky applicants," Howard said.

Landowners who apply are given preference over non-landowners for 30% of the permits in each time period within each zone. Next preference goes to hunters who applied for but did not

receive a permit in the previous year.

"We estimate the current wild turkey population is between 130,000 and 140,000," Howard said. Based on population estimates and previous hunter success rates, the department is expecting a spring turkey harvest of between 13,000 and 14,000 birds, he added.

"We expect there will be a higher than usual number of jakes (immature males) in the harvest this spring, due to excellent reproduction last year, but relatively fewer two-year-old gobblers, because of poor reproduction in 1993," Howard said.

Each hunter who received a turkey permit is mailed a list of the locations of Turkey Hunting Clinics. Clinic participants receive an informational course on wild turkey biology and hunting methods as well as hunter safety handouts from the National Wild Turkey Federation and a copy of the new revised Wisconsin Turkey Hunting Guide.

"We strongly encourage all turkey hunters to attend one of these free clinics, but especially those who are first-time turkey hunters. Turkey hunting is a challenging sport and the clinics help ensure hunters will have a safe and enjoyable experience."

Tractor Safety Course Required For Farm Youth

Does your son or daughter work on a farm during the summer? Do you hire youth to work for you during the year? Do these young people have adequate safety training?

Accidents cause more deaths to persons between the ages of 15 and 24 than all other causes combined. On the farm, the major cause of accidents is working with tractors and farm machinery. Most accidents happen when the operator does not know how to operate the tractor or machine correctly or is unaware of the dangers involved.

To help reduce accidents, a Farm Tractor Safety Course is being sponsored by area High School Vocational Agriculture Departments and the University of Wisconsin Extension in Washington County. The course will be held on four Saturdays: March 4, March 18, March 25 and April 1 from 9 a.m. to 3 p.m.

On Saturday, March 4 and March 18, the course will be held in Room 1113-A & B at the Public Agency Center, 333 E. Washington St., West Bend. The March 25 session will be held at Slinger High School in the Auto Shop classroom. The April 1 session will be held at the Addison Town Hall in Allenton. April 8 has been set aside for a snow date.

The couse includes instructions on understanding how to operate a tractor, with emphasis on safety. To complete the course, youth must attend all four sessions and pass a written and a driving exam

Federal Child Labor Laws require young people, aged 14 or 15, and working parent or legal guardian, to take special training to acquaint them with hazardous phases of farm work, particularly tractor and machinery safety. The Tractor Safety Course is open especially to youth who will be 14, but not over 16 years of age by June of the current year. However, other youth will be accepted as space permits.

Youth under the age of

for someone who is not their

Youth under the age of 14 are prohibited from farm work of a hazardous nature by Federal Law. Jobs not considered hazardous on a farm are few.

If you intend to hire any youth on your farm, make sure that they enroll in this course for your protection as well as theirs. There are severe penalties for not complying with the law. Penalties can be as high as a \$10,000 fine and possible jail sentence for hiring uncertified youths. Also, some insurance companies have indicated that, technically, they can't cover an accident to an untrained youth.

Protect your child or the young person who works for you... enroll them in the Farm Tractor Safety Course. The cost of the course is \$20 per student Registration deadline is February 20. To register, call your local High School Vo-Ag Instructor or the UW-Extension Office in West Bend. The phone numbers are 335-4478; 644-5204, and 342-2929.

Candlelight Ski/Hike Feb. 11 at Pike Lake

Pike Lake State Park will be hosting its 7th annual candlelight ski/hike evening on Sat., Feb. 11, from 6 p.m. to 9 p.m.

State park volunteers have assembled several hundred candles out of plastic drinking cups and canning wax. Just prior to the 6 p.m. starting time, park crews will groom and track the two loops of ski trail and then light and place the candles in one gallon milk jugs at 40 foot intervals along the right side of the trail. Park rangers will then patrol the trails during the evening for problems and blown out candles.

Pike Lake State Park has a warming shelter with a fireplace which will be staffed by volunteers who will be serving refreshments throughout the evening. In addition, the Northern Cross Science Foundation will be on hand with their telescopes to provide an evening of star viewing and telescope use instruction (clouds or no clouds).

In the event of no snow, a candlelight hike will be held.

A State parks admission sticker is required for each vehicle entering the park and will be available at the entrance gate.

For further information call Pike Lake State Park at 414-644-5248 during regular business hours of 8 a.m. to 4:30 p.m.

Two Rivers Rips Lady Indians

By Statesman Sports Writer

TWO RIVERS - Coming into the contest, the battle between the Two Rivers and Kewaskum girls basketball teams wasn't expected to be much of a struggle for the host Purple Raiders.

Unfortunately for the Indians, that turned out to be the case exactly. Entering the game, KHS had just two wins on the season, the Lady Indians were no match for the highly-regarded Raiders, falling to the hosts, 82-41.

The Lady Indians dropped to 2-13 on the season, including a woeful 1-6 in the Eastern Wisconsin Conference. Two Rivers, meanwhile, remained unbeaten on the year, improving to 8-0 in the EW, and to 15-0 overall. The Raiders are currently ranked number two in the state's Division Two rankings.

Two Rivers took control from the outset, jumping out to a 20-9 lead after one quarter. The lead grew to 37-19 at the intermission, and the Raiders were firmly in control.

KHS played well in the third quarter, however, behind the hot shooting of Tiffany Laubach, who had nine of her game-high 19 points in the quarter, as the Indians hung tough, trailing 57-35 heading into the final stanza

But the Raiders blew it wide open in the final eight minutes, outscoring the Lady Indians 25-6 in the frame, and coasted to the easy win.

In addition to Laubach's big night, Kelly Schreffler added 11 points for the Lady Indians. Shanna Miller paced Two Rivers with 18 points.

The action is to eliminate the interior two lot lines to address accurately the condominium joint ownership. On a motion by David Goeden, seconded by Richard Schmidt and unanimously carried by voice vote, the Commission recommended the approval of the CSM and authorized the signing of same.

Administrator Daniel Schmidt informed the Commission that progress is being made regarding the placement of a Park & Pool Lot. A meeting has been scheduled in Madison with the Department of Transportation to discuss the matter and to hopefully start the wheels in motion to acquire grant money

for the project.

On a motion by David Goeden, seconded by Gerald Stollenwerk and carried by the majority roll call vote, the Commission adjourned the meeting. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent."

Butschlick Connects on Half-Court Shot

Holy Trinity Wildcats Edge St. Mary's Crusaders

Whenever the Holy Trinity Wildcats and the St. Mary Crusaders of Barton meet for a game of basketball, as a player, coach and spectator you can expect it to be exciting.

Friday, February 3, was no exception, as the Wildcats traveled to St. Marys for their eighth conference game. When all was said and done, the Wildcat Boys A Team brought home a victory edging the Crusaders by two points, 36-34. The win gives the Wildcats a 6-2 conference record.

The Wildcats narrowly led each quarter and had to play as a team to maintain the lead. Highlights of the game included two successful three point buckets by Jason Butschlick. Butschlick connected on the first basket at the end of the first quarter to give the Wildcats a one point lead, 7-6. The second was an awesome half-court buzzer shot at the end of the third quarter giving the Wildcats a 32-29 lead.

The third quarter was a strong quarter for Holy Trinity. Shaun Timblin took advantage of a St. Mary foul connecting on two at the free throw line. A steal by Jason Strobel and a pass to Timblin

netted two more. Timblin scored yet another two with an inbound steal.

Butschlick provided two great blocks. A steal by Luke Martin and a layup for two sparked his teammates. Butschlick followed with his half-court shot keeping the Wildcats in the lead.

The fourth quarter was tense in a game that could go either way. For the Wildcat fans the six minute quarter couldn't pass fast enough. As time ran out, an elated Wildcat bench took the win.

Timblin led his teammates with 14 points, nine rebounds, two assists and two steals. Butschlick added eight points, three rebounds, one assist and three steals. Veteran Eric Wenninger contributed seven points, nine rebounds, one assist and three steals. Strobel added five points including a three point basket, three rebounds, three assists and four steals. Martin had two points and a steal and Jarrod Gruber had three rebounds and one

Wildcat 'A' Girls Fall to St. Marys of West Bend The Holy Trinity "A" 14 points. Following I

The Holy Trinity "A" girls basketball team traveled to West Bend on Friday, February 3, to face the Crusaders of St. Marys.

The game started as a battle between the Wildcat pressure man-to-man defense versus St. Mary's half-court zone trap. Both teams were able to force a number of first half turnovers off their respective defenses.

Once the Crusaders were able to get into their own end of the court, they were able to use a large height advantage to get numerous second and third shots at the basket. Unable to rebound effectively caused the Holy Trinity squad to fall behind at half-time by a score of 21-13.

In the third quarter, the two teams played farily even basketball with both teams trading points. At the end of that period, the Wildcats still found themselves trailing by ten points.

Starting the fourth quarter, Holy Trinity started to take advantage of the free throw line, and at one point was able to cut the lead to six. Unfortunately they weren't able to sustain the momentum and finally succumbed by a score of 38-28.

Leading the 'Cats in scoring was Jenny Kraft with

14 points. Following her were Amy Piwon 6, Carol Neumann 4, and Nicki Wessing and Casey Schlatter with two apiece.

Next up for Holy Trinity, they travel to Mayville for a Saturday afternoon match-up on February 11.

Village of Kewaskum, Wisconsin NOTICE OF PUBLIC HEARING

Notice is hereby given that the Village Board of the Village of Kewaskum, Washington County, Wisconsin, will conduct a public hearing at 8:00 p.m., Monday evening, February 20, 1995, in the Council Room of the Municipal Building, 204 First Street. The public hearing will be on the request of K.T.R.M. LLC. to look at other alternatives rather than to install the extension of both Highland Avenue and Carrol Road to service the two R-4 Multi-Family Lots. If the street would not be installed the development would be classified as a Planned Unit Residential Development on the parcels of property located adjacent to Highland Avenue and east of the Village Limits. The property is known as the Honeck property and is known by tax key no. V4-0463-00C and V4-0463-00D. As noted it would be for that portion of land for which is zoned R-4 Multi-Family Residence District and C-1 Conservancy District (floodway).

This is a public hearing to gather general information as to determine what best serves the residents in the area of proposed development. If the street would not be installed the development would be provided access through a private drive accessing off Main Street and Highland Avenue. All utilities, driveway and etc. would be privately owned and maintained by a Developer.

All interested persons will be given an opportunity to be heard.

Wildcat Girls 'B' Team Wins Again

After a poor start in the first period, the Holy Trinity Wildcat's Girls "B" team came from behind in a 14-5 first quarter, to overcome the St. Mary's of Barton Crusaders, 33 to 31.

The Crusaders remained scoreless in the second period while the Wildcats scored 14. Even though St. Marys had an obvious height advantage, the Wildcats had speed and agility.

The combination kept the two teams uncomfortably close. During the last few seconds, Holy Trinity ended up on top, successfully increasing their winning streak to eight games. The Wildcats, who have remained undefeated this season, had been the only league team to overcome the St. Mary's Crusaders.

Sinking a three point shot at the end of the first quarter, Jenny Kopecky led the Wildcat scoring with eleven. Sara Williams swept in eight points, while Roberta Rinzel had four. Emily Rinzel and Lynn Wiesner each accumulated three points. Finishing out the scoring with two points each were Colleen Gosa and Katie Fechter

The Wildcats have a road trip to Mayville on Saturday, February 11th at 11:30. The tension continues as the Wildcats winning streak is challenged again.

Wildcats Beat Crusaders

The Holy Trinity Boys'
"B" team beat St. Marys of
Barton on an off-schedule
evening, Tuesday, January
31, by the score of 35-17.
Despite the fact that several
team members had been ill
during the previous days, the
Wildcats made a good showing with seven of the team
members adding to the score.

The Wildcats took the lead early and kept it through the game. The score margin

was fairly wide so Coach Tom Herriges could substitute freely during the game's course. Holy Trinity had a total of nine team fouls during the game and as many

Those scoring for Holy Trinity were Mitch Strobel 11, Jacob Stoffel, seven, Josh Repovsch, five, Mark Schrauth, four, Paul Mertz, four, Jon Boedeker, two and Noah Koch, two.

Those who scored the previous week against Eden were: Jacob Stoffel, nine, Paul Mertz, eight, Mitch Strobel, seven, Mark Schrauth, six, Josh Repovsch, two, Jon Boedeker, two, Nick Thorn, two and Noah Koch, two.

KHS Matmen Destroy Raiders

By Statesman Sports Writer

KEWASKUM - The Kewaskum wrestling team kept its chances for a Eastern Wisconsin Conference championship afloat here recently, as the Indians beat up on Kiel, 50-12.

Five KHS victories came via pinfall, and another by a technical fall, helping the Indians take control of the match early.

After Joel Dziedzic, Josh Dieringer and Jake Thull scored consecutive pins, the Indians led 18-6, after just four matches.

Kiel never got back into the match, winning just two more bouts the rest of the night.

Matt Heather and Tim Gundrum also had pins for the Indians, who improved to 3-1 in the EW with the victory. Jason Czaja improved his individual mark to 17-6 on the year with a technical fall over Rodney Steffen, 16-1.

KHS Wrestlers **Handle Huskies**

By Statesman Sports Writer

NEW HCLSTEIN - A couple of big pins helped the Kewaskum wrestling team avoid an upset at the hands of New Holstein here, recently.

The biggest Indian scored the biggest win of the night, as 275-pounder Tim Gundrum pinned his opponent, thus securing a 33-21 team victory over the Huskies.

The Indians led by just two, at 23-21, heading into the final pair of matches of the night. But Richard Wulff gave his team a little breathing room, scoring a big major decision over Alan Kraus, making the team tally 27-21

in the Indians' favor. That gave New Holstein's Randy Levebre a chance to tie the team score with a pin against Gundrum. But the big KHS grappler put that kind of thinking to rest quickly, pinning Levebre's shoulders in the opening period, and giving the Indians the team win.

The victory gave the Indians a 2-1 record in the Eastern Wisconsin Conference, and moved them to 9-4 on the season.

KHS got a big victory at 130 pounds from Joe Hawig, who was subbing for Tyler Dieringer. Hawig came through with a pin over Tom Diedwich in 3:33, the first of three straight Indian victo-

Indian Wrestlers Fall in EW Match

By Statesman Sports Writer

KEWASKUM - The Kewaskum wrestling team had Plymouth right where they wanted them here, last Thursday night. Unfortunately for the Indians, they could not get the job done when it meant the most.

A win over the Panthers could have garnered the Indians a share of the Eastern Wisconsin Conference championship, which would have marked another first for the program under coach John Nell.

But the Panthers were just too tough at the upper weights, and that helped the guests to a 36-25 victory over the Indians.

The Indians got off to a blistering start. After spotting the Panthers six points with a forfeit at 103 pounds, the Indians got a technical fall win from Joel Dziedzic at 112 pounds.

After Josh Dieringer lost

a tough overtime match to Brian Pool, the Indians reeled off three straight pins by Jake Thull, Tyler Dieringer and Jason Czaja, , making it 22-9 in favor of the Indians. It looked like there may be coleaders at the top of the EW standings.

But that kind of thinking was premature, as the Panthers cut the gap to just 22-21 with three straight wins. After the next two matches provided a split in the team tallies, the KHS lead stood at 25-24 heading into the final two matches.

But the Panthers' Paxton Moore, a state qualifier from a year ago, quickly put his team out in front with a firstperiod pin over Rich Wulff.

That left the matter up to the Indians' Tim Gundrum, who needed to pin Plymouth's Joe Dudley in order to secure a KHS team win. Dudley wanted nothing to do with that, putting Gundrum's shoulders down in just 1:22, thus clinching the Panthers' EW title.

Indians Close Second At EW Wrestling Meet

By Statesman Sports Writer

PLYMOUTH - For the second time in a little more than a week, the Kewaskum wrestling team had itself in position to overtake Plymouth here, last Saturday afternoon. But as was the case in a dual meeting previously, the Panthers won when they needed to.

This time the stakes were a bit higher, as the Panthers won the last two weight classes to claim the Eastern Wisconsin Conference team championship. The Panthers finished with 161 total points, while Kewaskum was next with 155.5 points.

Sheboygan Falls was third with 143.5, followed by Chilton (138.5), Kiel (91), New Holstein (86), and Two Rivers (34).

"I thought our kids did real well, and it was pretty exciting.

The excitement boiled down to the 189 and 275 poiund weight classes, where both matches pitted Kewaskum wrestlers against foes from Plymouth. If KHS's Richard Wulff (189) and Tim Gundrum (275) won their respective matches, the EW title would have belonged to the Indians.

But as was the case in the dual meet during the season,

the Panthers' duo was simply too much for the Indian pair. Paxton Moore, a state qualifier from a year ago, pinned Wulff (1:07), while the Panthers' Joel Dudley also recorded a first period pin over Gundrum.

Still, it was another fine effort by the Indians, who had three wrestlers win their championship matches.

Heading the list was 125pound Jake Thull, who made his last EW conference meet a memorable one. The senior rolled through competition to get to the finals, where he was pitted against Chilton's Mike Brocker. Thull upended Brocker 8-5 for the title.

"He had a wonderful tournament," Nell said of Thull. "He did a great job."

Nell also had words of praise for 160-pound Matt Heather, who pinned Sheboygan Falls' Mark Zimbal (1:04) in the final to capture an individual title.

'He also did a real nice job," Nell said of Heather. "He had a beautiful throw on the kid (Zimbal). He literally went airborne."

The other KHS champion was not a surprise. Joel Dziedzic, at 112 pounds, rolled through his competition during the tournament, beating Chilton's Keenon Anhat in the title match. Dziedzic pinned Anhat in just :54. "He pretty much walked right through everybody," Nell said of Dziedzic, who has his sight set on returning to the state championships.

Two other KHS wrestlers made it to the championship matches on Saturday, eventually losing and finishing second. Senior Tyler Dieringer was pinned by Chilton's Mark Daul (4:57) in the 130pound championship, while Jason Czaja fell to Sheboygan Falls' Shawn Carpenter 9-7 in the 135-pound title

Others placing for the Indians were Josh Dieringer (5th at 119), Tony Olla (5th at 140), Brian Redig (5th at 145), Peter Reis (3rd at 152). Craig Erdmann, although he didn't place at 171 pounds, "did a real nice job," according to Nell. Erdmann filled the spot previously held by Rich Farchione before Farchione went out for the year with torn knee liga-

Indians Cold in Loss to Ozaukee

By Statesman Sports Writer

KEWASKUM - The Kewaskum boys basketball team has had its problems all year scoring points. That trend continued against Ozaukee here, recently.

The Indians couldn't muster 40 points in the game against the Warriors, marking the fourth time this season that they have failed to average double figures in each quarter. The result was obvious, as the Warriors trounced the Indians, 71-39.

The loss dropped the Indians to 1-10 overall with the non-conference loss.

Things started out well enough for KHS, as it stayed with Ozaukee in the opening quarter, tied 11-all after one period, the game quickly went in favor of the guests in the second quarter.

The Warriors outscored the Indians 22-7 in that frame, using a barrage of three-pointers to take control at halftime, 33-18.

The onslaught continued in the third quarter, as the Warriors once again hit for another 22 point effort. The lead expanded to 55-32 heading into the fourth and for all intensive purposes, the game was over.

The lone question that remained was if the Indians would hit the 40-point mark. They failed to, however, scoring just the seven fourthquarter points, and hit just a paltry 35% from the floor for the game.

The KHS effort at the free throw line was even worse, as the Indians made less than 50% (5 of 14) of their tries from the stripe.

Joe Rettler was the lone KHS player to reach double figures, leading the team with 12 points. Ozaukee's Rik Burton led all scorers with 21 points.

KHS Boys **Fade Late**

By Statesman Sports Writer

RANDCM LAKE - It !ooked as if the Kewaskum boys basketball team was going to secure a rare victory here, recently. But just as others have all season, the Indian opponent was able to hand KHS yet another loss.

The Indians gave up 29 fourth quarter points, just four less then they had the entire game to that point, as Random Lake was able to avoid the upset, pulling away late for a 62-55 victory over

Spearheading the Rams attack in the final quarter were 25 free throw attempts, of which the Rams sank 19. That proficiency at the charity stripe helped offset four KHS players scoring in double figures on the night.

Joe Rettler led the way for the Indians with 14 points, while Kevin Klahn added 13, Travis Jacak 12, and Nathan Cartwright, 10, in the losing effort. Rettler's night was hampered by foul trouble, however, and he

Raiders Down KHS Boys

By Statesman Sports Writer

KEWASKUM - Kewaskum sophomore Kevin Martin had his coming out party here recently. The Two Rivers boys basketball team didn't play courteous guests, however and crashed the party.

Martin, in just his third game since coming up to the varsity from the JV level, scoring 21 points. It was not nearly enough, however, as three Raiders scored in double figures, leading Two Rivers to an easy 75-59 vic-

The loss dropped KHS to 1-13 on the year, including 1-6 in the Eastern Wisconsin Conference. Two Rivers, on the other hand, kept its prospects for an EW title alive, as they improved to 6-2 in conference.

The Raiders played like contenders in the opening eight minutes, outscoring the Indians, 26-8, in the first quarter. The guest expanded that margin to 46-24 at halftime, and may have had hopes of hitting the century mark in coasting through the second half.

The Indians quickly dashed hopes for the 100point night with some good defense in the third quarter.

picked up his fifth foul early in the final quarter, thus hurting the KHS chances.

The loss gave the Indians a 1-11 mark on the year.

Kewaskum 13 6 12 24 - 55 Random Lake 11 13 9 29 - 62

KHS held the Raiders to just 11 third-quarter points, cutting the gap to 57-43 heading into the fourth.

The Indians continued to hang tough, cutting the deficit to just eight points at one time. But the Raiders, behind Aaron Brault, proved to be too much to handle.

Brault scored 21 points to offset Martin's big night. He also got help from Josh LeClaire and Nathan Karmen, who added 19 and 14 points, respectively.

Brian Butschlick added 11 points for the Indians.

KHS Wrestlers in Regional Saturday

By Statesman Sports Writer

CAMPBELLSPORT - The Kewaskum wrestling team will have a tough road to face if it wants to repeat its Regional Championship of a year ago.

This year's regional will be held at Campbellsport this Saturday, with the host Cougars favored to win the competition. It won't be a cakewalk for the perennial tough Cougars, however.

In addition to the Indians, who placed second at the Eastern Wisconsin Conference meet, four other EW schools will take part. Chilton and Sheboygan Falls, which placed fourth, and

third, respectively, at the EW meet will also be in the Campbellsport Regional, as will Kiel, New Holstein, and Random Lake.

"It's going to be a tough regional," KHS coach John Nell said. "Nobody is going to let them (Campbellsport) run away with the thing. But they are the team to beat."

Nearly every KHS wrestler will have a legitimate shot at advancing to the Sectional competition, to be held the following week, however. With seven of their wrestlers advancing to the EW finals last week, the Indians should be able to be a factor in the team competition as well.
