Centennial Parade Entries Needed Annual Firemen-Legion Picnic Here July 7, 8 & 9

By Sharon Callaway Roznik

This is just a reminder that the annual Firemen-Legion picnic is fast approaching and will be held the weekend after the 4th, on July 7, 8 and 9.

It's time to get busy now and plan those entries for the big Centennial parade taking place at noon on Sunday, July 9. As always, the village expects a big turnout and everyone is welcome to participate in this year's parade through town.

The theme for 1995 is, "Centennial in the Kettle - A Heritage Experience," and after the inspirational Centennial Celebration, everyone should have lots of great ideas to follow through

on. All clubs, organizations, bands, businesses, and individuals are encouraged to make this parade an event to remember.

Participants are once again asked to gather up at the high school between 11 and 11:30 a.m., and departure time is set for noon. The parade will follow the same route as previous years, and end up at River Hill Park where the celebration will continue. Many great prizes will be awarded for the best floats and children's specialties. All entries must be decorated.

Leading off the procession will be the Kewaskum High School band, and will include baton groups, musical units, spectacular floats,

novelty and military units, children's specialties, drum and bugle corps, comic and clown entries, visiting fire departments, Legionnaires, clubs and organizations, antique cars, horses and riders and many more unique surprises.

The fire department is always grateful to have local businesses or groups sponsor a band to share in all or part of the expense. Since this year's parade coincides with the village's 100th anniversary, let's all pitch in to make this a tremendous success. Your efforts and donations go toward a good cause. If anyone is interested, please contact Jeff Boden at 626-4161.

Chamber Golf Tournament to Benefit Kettle Kountry Kolors

The Kewaskum Area Chamber of Commerce Golf Tournament Committee, along with Michelob has set the date for the 1995 Best Ball Tournament. It will be held on Sunday, July 23 at Hon-E-Kor Country Club in Kewaskum. Tee times begin at 9:30 a.m.

Chairing the event this year are Tracey Schaub, Debbie Timblin, Carol Laatsch and Jane Korth.

Hole sponsors for this year include Gruber Tool and Die; Bunk, Doherty and Griffin; West Bend Clothes Clinic; Glenn Milkus C.P.A.; Cochran Sign; Abstract and Title Company; West Bend Elevator; Mueller Excavating; Bob Bach Construction;

Gary Gavin Painting; John Engelhardt and Sons; Campbellsport Building Supply; Heberer Brothers Construction; Regal Ware, Walters Buildings; Quad Tool & Design; Gitter Construction; Club Car, and Shefond Oil.

The entry fee per person is \$40, and this includes 18 holes of golf, lunch, steak fry dinner, prizes and live music. Hon-E-Kor members entry fee is \$25 per person. Dinner alone with music included is \$15 per person. Foursomes, twosomes and individual golfers are welcome.

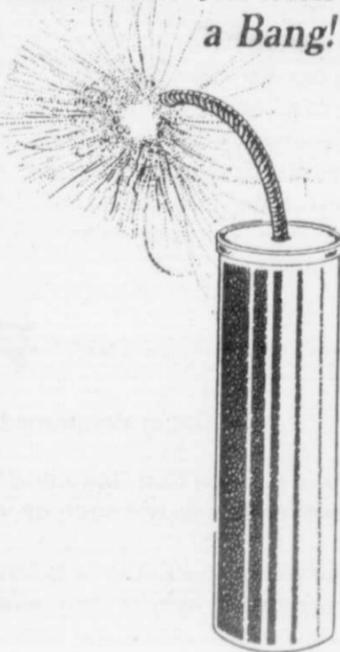

Kewaskum Chevrolet will be sponsoring four hole-in-one prizes, with the number one prize being a 1995 Camaro on Red #3. Club Car will have two club cars for hole-in-one prizes on two par threes and Bob Fish GMC will sponsor the use of a conversion van for a weekend, excluding holidays, for closest to the pin on one par three.

Proceeds from this golf outing will benefit the Kewaskum Kettle Kountry Kolors festival being held this year on October 7 and 8. Your participation in this

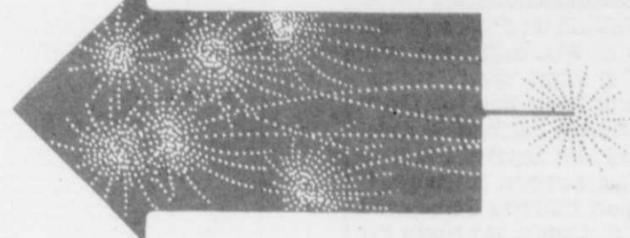

event is very much appreciated. If you would like to become involved or would like to donate a door prize please call Jane Korth at Hon-E-Kor at 626-2520.

Start Your 4th with
a Bang!

Fireworks

Here July 3

By Sharon Callaway Roznik

Even though Kewaskum is a small town, we're gaining a reputation for hosting a great, big fireworks display in honor of our country's Independence Day, and this year promises to uphold the tradition.

The community is again invited to gather at River Hill Park on Monday, July 3, for an evening of family fun, good food, and an after dark sky-extravaganza bursting with lights and sounds.

The Kewaskum Fire Department will be setting off the fireworks displays at their usual place along the west bank of the Milwaukee River, with the crowd gathering at their favorite spots up on the hill east of the river.

The Department plans to start firing aerial salutes before dusk to remind everyone to get to the park early enough to enjoy some dinner, chat with friends and have a "cold one" before the festivities begin. The firemen will

be serving their delicious brats and burgers, with both refreshment stands opening on the grounds at 5 p.m.

Plans for this year's spectacular fireworks exhibition will include some extra special displays, thanks to a generous donation from both Tom and Todd Timblin. With their contributions, the village was able to purchase 30 additional "finale" boxes, with each box containing ten regular fireworks.

Extra money raised for the Centennial Celebration has also been used to make the evening a memorable event, with dazzling groundworks and eye-opening skyward explosions.

There's room for everyone at River Hill Park, so bring your family and friends and start the holiday with one or two of the firemen's burgers and brats, settle into your favorite spot, and wait until the fun begins after dark!

A rain date has been scheduled for Tuesday evening, July 4th.

Dynamic 'Social Fest' Planned for Kewaskum

By Louise Martin

Ah... summer. A time for swimming, boating, camping, picnics, parades and festivals!

Members of Holy Trinity Catholic School Home and School Association, the parent organization for Holy Trinity School in Kewaskum, are actively planning their first annual Social Fest to be like no other summer event in the area.

Reserve Saturday, August 26, 1995, at River Hill Park in Kewaskum for an evening of fun, food, refreshments, music and prizes! Nice

prizes! The event is co-sponsored by Catholic Knights Insurance Branch 113 and all proceeds are for the benefit of Holy Trinity School.

Admission to the event is by ticket only at \$50 for two people which includes two dinner tickets, all your soda, beer and/or wine coolers for the evening and entry into a \$5,000 cash drawing! Ten additional cash drawings for \$500 and ten for \$50 will also be drawn. What odds! Only 500 tickets will be sold and you do not need to be present to win the cash prizes.

Your mouth-watering din-

(Continued on Page 2)

HOLIDAY NOTICE

Due to the Fourth of July holiday falling on a Tuesday, all news and ad copy for next week's issue must be submitted no later than noon on Friday, June 30. Your cooperation will be greatly appreciated.

The Statesman will be closed on Tuesday, July 4.

'Social Fest'

(Continued from Page 1)

ner, which will be served from 4 to 8 p.m., will consist of a grilled chicken half (prepared by six of the area's finest cooks, Holy Trinity parish and Kewaskum Lions Club members), a baked potato, salad, dinner roll and a variety of luscious desserts.

For your additional enjoyment the oldies rock band, "Revival," will entertain you beginning at 7:30 p.m.

Tickets are available in Kewaskum at Sentry Foods, Kewaskum Frozen Foods, Bank Wisconsin, Video Post, T & Vern's Sports Bar and Grill, Prime Time Pub, Grand Larsony, Eckl's Main Street Inn and Shluffy's Inn; in Campbellsport at Campbellsport Building Supply and C.C. Cody's, and Noel's Bar and Grill in West Bend.

Are you one who really likes to play the odds? Enter several raffles for some top notch prizes including a \$500 cash donation by Gruber Tool & Die, Inc., a \$300 shopping spree at Gander Mountain, a \$300 shopping spree at Paradise Mall in West Bend, three \$100 cash donations from T & Vern's Sports Bar & Grill, Kettle Moraine Electric or Timblin Property Management, a one night stay at the Radisson Inn in Green Bay adjoining the Onaida Casino, a Huffy outdoor basketball hoop donated by Huffy, a breadmaker donated by Regal Ware, a tool package donated by Campbellsport Building Supply or five pounds of tenderloin steaks donated by Sysco Foods.

Additional donations have been received from Bank Wisconsin, West Bend Savings Bank, Video Post, Henry Timblin Trucking, Miller's Fine Furniture, Tantalizer Tanning Studio, Eckl's Main Street Inn, Glacier Inn, Thiemer's Sip-n-Snip, Shefond Amoco & Mobil, Grand Larsony and Homeplate Restaurant. Each raffle will have a minimum of \$100 in value! Additional raffle prizes and donations are coming in daily.

As you can see, the place to be on Saturday, August 26th will be River Hill Park in Kewaskum for Holy Trinity's First Annual Social Fest. If you purchase a ticket and are unable to attend, give your ticket to a friend so they can join in the fun. Tell your neighbors and tell your friends. This is one summer event you won't want to miss!

Scientists have classified almost a million kinds of animals.

Sat.-Sun.	9-5

Stop by while you're in the neighborhood.

Washington County, home of the 1995 Wisconsin Farm Progress Days, is our home, too. Stop for a visit during our open house on Tuesday and Wednesday, July 11 and 12, between noon and 6:00 p.m.

We're easy to find. Just drive about 25 minutes from the show grounds, then take a giant leap into the future.

Take a 45-minute guided tour of our headquarters, warehouse and plots. Visit with our staff to find out how we're using the latest technology to serve you better. Enjoy a picnic lunch. And treat your kids to clowns, balloons and a fish pond.

Dairyland Seed Company, Inc.
3570 Highway H • 800-236-0163

Dairyland Seed is the only family-owned company with proprietary plant breeding in corn, alfalfa and soybeans. Our heavy investment in genetics has sprouted DSR/STS soybeans, Team Magnum alfalfas and Stealth corn hybrids. This open house is your chance to learn what ideas we're germinating for tomorrow.

DAIRYLAND SEED CO., INC. A GROWING FORCE

Congratulations to the Farmers Who Feed the World!

We are proud that Dairyland Seed's germplasm has now approached five continents and will soon be worldwide in the 21'st Century.

Dairyland Seed...the only family-owned seed company with plant breeding programs in hybrid corn, alfalfa and soybeans.

Our country stands for Humanity
And may we be Loyal and True
To the flag that ever protects us—
Old Glory, the red, white and blue.

A patriotic postcard displays the attitude Americans hold dear on Independence Day. submitted by Isabelle Muckerhelde

State Sesquicentennial Wagon Train Planned

By Sharon Callaway Roznik

The State of Wisconsin has announced plans to honor 150 years of statehood in 1998, and part of this Sesquicentennial Celebration will include a wagon train traveling from the Illinois state line all the way to Door County.

Starting off in early June, the trip should last about 14 weeks, coming up along the Heritage Trail which travels along Lake Michigan, using the lake as an anchor. Many early settlements were established along this trail, and the wagon train hopes to plan their trip around coming into these settlements on weekends.

Bud Schmidt of Kewaskum, has been working with the State Historical Society on this endeavor, and is excited about the prospects of a state-wide wagon train. "This will be the first time anything like this has ever been done in the State of Wisconsin," he mentions. "This will be similar to the one we're planning for Kewaskum's Centennial Celebration, with wooden wheel wagons, buggies, and carriages, teams of oxen, and

people on foot with packs leading cows with children on their backs. We're aiming for authenticity, and period clothing... from farmer's wives to elegant traveling attire."

Imagination is the key to the success of the 1998 wagon train. "We want to present a picture of exactly how the immigrants arrived here in 1848," he stresses. They plan on visiting approximately 12 to 14 of the ethnic settlements along the Heritage Trail, including the town of Erin (Irish), Cedarburg /Oostburg (Dutch), Belgium

settlement (Luxembourg), Friestadt (German) and a schoolhouse one mile west of Port Washington (Norwegian), to name just a few.

Many of the travelers will be commuting back and forth, meeting up with the wagon train on weekends, and when time allows.

Anyone interested in participating in this event can contact Bud Schmidt in Kewaskum at 626-4278 or Irene Blau in Menomonee Falls at 251-2121. Don't miss out on a chance to experience this historic wagon train that follows the trail of our ancestors on their journey to a new life.

Village of Kewaskum NEW NOTES

The Kewaskum Village Board would like to take this opportunity to thank the many sponsors of the July 3rd Fireworks and especially the following:

Newspaper Publisher Of the Year Selected

The Wisconsin Newspaper Association has made their selections for "Publisher of the Year," in both daily and weekly divisions. The award is based on achievements of the newspapers in the Association's 1995 Better Newspaper Contest. The awards were presented Friday, June 9, 1995, at the Holiday Inn West, Middleton, Wisconsin.

Publisher William F. Schanen III of the Ozaukee Press, Port Washington received the award for weekly newspapers. Publisher Donald Kamper of The Post-Crescent, Appleton received the honor for daily newspapers.

The "Publisher of the Year" is chosen based on the number of points which the newspaper accumulates in the WNA Foundation's Better Newspaper Contest categories. The Ozaukee Press in Port Washington received five first place, four second

place, and three third place awards. The Post-Crescent in Appleton received eight first place, five second place, and three third place.

The Association also honored five publishers with Golden Membership in the organization. They are: Lyle A. Christianson, The Colfax Messenger; Sanders Hook, La Crosse Tribune; William & Dolores Griffith, Home News, Spring Green; James Burgess, Wisconsin State Journal, Madison; and Fred Wagner, The Clinton Toper.

Nine newspapers were also inducted into the "Century Club," having reached the 100-year mark of continuous publication. They are: DeForest Times-Tribune; Kewaskum Statesman; Ladysmith News; The Advocate, Manawa; Marion Advertiser; Mosinee Times; The Review, Plymouth; Stevens Point Daily Journal; Watertown Daily Times.

Luke Piwoni Wins Pentel Bronze Award

Holy Trinity sixth grader, Luke Piwoni, is shown with the Pentel Bronze Award he won for his picture, "Baseball."

Beske - Boudreaux

Linda and Daniel Beske of Kewaskum, are pleased to announce the engagement of their daughter, Tanya, to Louie Boudreaux, son of Nancy and Jay Boudreaux of Racine.

Tanya is a graduate of the University of Wisconsin-Eau Claire and is currently employed as a teacher in the

Eau Claire School District.

Louie is a graduate of the University of Wisconsin-Eau Claire and is currently employed as a training specialist at the Development and Training Center in Eau Claire.

An August 12 wedding at Peace United Church of Christ in Kewaskum is planned.

"There's no such country, sir. Everyplace on Earth has either 'Wheel of Fortune' or snow or both."

More than 1,000 U.S. youth, including one area student, Luke Piwoni, sixth grade student at Holy Trinity School in Kewaskum, were honored with an award in Pentel's prestigious 25th International Children's Art Exhibition (ICAE), an international student art contest and exhibition.

The 25th ICAE drew 3,781 United States and more than 70,000 international submissions from young artists, aged 5-15, who annually enter their drawings, paintings, collages or woodcut two-dimensional creations free-of-charge through their school teachers.

Judging is based upon originality, clearly expressed content and depiction of native characteristics. Winning students are awarded a certificate, medal (except Pentel awards) and an array of Pentel products which differ by award category.

The ICAE is a public service program of Pentel Co., Ltd., a Japanese manufacturer of high-quality writing instruments and art materials. The ICAE is directed by the Biiku Bunka Kyokai (Foundation for Art Education) and the Nippon Television Network Cultural Society in Tokyo, Japan.

Homogenization is the process of breaking up and dispersing milkfat throughout milk for a smooth, uniform texture. Fortification is the addition of one or more vitamins, minerals or protein. For example, vitamin D is added to 98 percent of the milk sold in the U.S.. Vitamin A is added to all lowfat and skim milk because this fat soluble vitamin is removed with the milkfat. Pasteurization is the process of heating milk to eliminate harmful bacteria and increase its keeping quality.

Regal Ware Presents Supplier Awards

KEWASKUM, Wis. - Regal Ware, Inc. presented its Supplier awards for 1994 at a recognition dinner held recently at the West Bend Country Club.

Each of the suppliers were honored for their ability to deliver high quality products at competitive prices while providing superior service and support.

The following companies received Regal's Supplier Excellence award for 1994:

AllStar Fasteners, Inc. of Elk Grove Village, IL - Fasteners

Alumax Mill Products, Inc. of Lancaster, PA - Non-Ferrous Material - Aluminum

Ametek Specialty Metal Products Division of Eighty Four, PA-Ferrous Material - Stainless Steel

Ferro Corporation of Cleveland, OH - Coatings, Chemicals

G.E. Plastics of Ottawa, IL - Plastics - Plastic Resins

J.J. Stangel Co. of Manitowoc, WI - Factory Supplies

Keats Manufacturing co of Wheeling, IL - Fabricated Metals

Magnum Screw Products of Oak Creek, WI - Machined Products

Menasha Corporation of Neenah, WI - Packaging Materials

Plastics Engineering Co. of Sheboygan, WI - Thermosets

Post Printing, Inc. of West Bend, WI - Literature/Advertising Materials

Trig, Inc. of Frankfort, KY - Electrics - Thermostats

Ametek was chosen as the Supplier of the Year. They distinguished themselves in their flexibility by working with us on special programs, contracts and safety stock.

"The trademark of this company is that they offer competitive pricing, on-time delivery and high quality standards. In addition, they supply technical and engineering advice to further reduce our costs," said Regal Vice President of Purchasing, Robert Sparks. Regal has been doing business with Alumax for over 18 years.

Ametek's Production Manager, Greg Latshaw; the General Foreman, Ken Martin; and the Director-Composite Operations, Jim Hunter accepted the award presented by Regal's Senior Purchasing Manager, Rich Yahr at the Supplier Recognition Banquet.

Regal Ware, Inc. is a major manufacturer of cookware and kitchen electrics with headquarters in Kewaskum, Wisconsin.

Laughing is the sensation of feeling good all over, and showing it principally in one spot.

Miske - Carey

Lisa Miske, Beechwood, and Richard D. Carey IV of Eden, were united in marriage at St. John's Lutheran Church, New Fane, on Saturday, June 3, at 1:30 p.m. Rev. Mark W. Eckert officiated.

Barb Kollmansberger was the soloist and Amy Ansay was the organist.

Parents of the couple are Mr. and Mrs. Dale Miske of Beechwood and Mr. and Mrs. Richard Carey III of Eden.

The bride chose her sister, Laurie Andrews of Kewaskum, as her matron of honor. The bridesmaids were Becky Reysen, Adell, friend of the couple, Carla Benson, Campbellsport, cousin of the bride, Kelly Brzezinski, Fond du Lac, sister of the groom and Kim Carey, Eden, sister of the groom. The flower girl

was Robin Carey, Eden, niece of the groom.

Kevin Carey, Eden, brother of the groom, served as best man. The groomsmen were Ryan Meyer, Elkhart Lake, and Jason Ferber, Campbellsport, both friends of the couple, Mike Miske, Waldo, cousin of the bride, and Kevin Tucker, Havelock, NC, a friend of the couple.

Charlie Benson, uncle of the bride, and Tim Immel, cousin of the groom, both of Campbellsport, shared ushering duties.

Following the ceremony, a reception was held at Amerahn in Kewaskum.

The bride is a 1991 graduate of Kewaskum High School and is employed at Eger Kress Company in the accounts payable department.

The groom attended

Campbellsport High School and is employed at Jerry Ottery Milk Trucking.

Following a wedding trip to Hawaii, the newlyweds will reside in Campbellsport.

Reigle - Rose

John and Sue Barcus of Wooster, Ohio, and Gary and Verna Reigle of Austin, Arkansas, announce the engagement of their daughter, Jacqueline J. Reigle, of Wooster, to Jeffrey D. Rose, also of Wooster. Jeffrey is the son of Jack and Neva Rose of Wooster.

The bride-to-be is a graduate of Triway High School

and attended the University of Akron. She is employed by Hawkins Market.

Her fiancé is a graduate of Triway High School and AMI of Daytona Beach. He is employed by Hyponex.

A September 30 wedding is planned by the couple.

Jacqueline's grandparents are Syl and Alice Bales, and Clarence and Marie Reigle, all of Kewaskum.

Reduce Risk of Fireworks

Fourth of July is a time when Americans celebrate our independence and freedom with picnics and parades. And home fireworks are often part of that celebration.

But each year, fireworks cause approximately 12,000 injuries that require emergency room treatment. Tragically, children make up most of these injuries. Almost half the injuries are to children 14 and under and two out of every three victims are male.

To prevent fireworks injuries during this year's celebration, the Wisconsin Council of Safety (WCS) is strongly urging people to use extra caution with fireworks. The Council especially urges parents to keep fireworks out of children's hands.

Acknowledging that people will choose to use fireworks to celebrate the holiday, WCS offers the following suggestions on reducing the risk of fireworks injuries:

- * Don't allow young children to use fireworks. Older children should use fireworks only under close adult supervision.

- * Use fireworks in an open area and keep bystanders at a safe distance.

- * Do not allow young children to run with fireworks, they burn at 1,800 degrees Fahrenheit and flying pieces can strike an eye or start a fire. Allow wires to cool and dispose of properly.

- * If fireworks fail to go

off or misfire, do not try to re-light them, instead soak them with water.

- * Light one device at a time and keep a safe distance after lighting.

- * Do not explode fireworks in any container.

The Wisconsin Council of Safety (WCS) is a non-profit, non-governmental organization dedicated to making Wisconsin a safe and healthful place to live and work. As a local chapter of the National Safety Council, the WCS promotes safety and health through programs, resource services and educational materials for community outreach.

County Offices Closed July 4

The Washington County Offices will be closed on Tuesday, July 4, 1995, in observance of the Independence Day Holiday.

They will be open for business as usual at 8 a.m. Wednesday morning, July 5, 1995. Thank you.

Jean A. Schwichtenberg, town of Barton, and Curtis W. Mayo, town of Barton. Wedding July 1.

Letter to the Editor

June 19, 1995

To the Editor:

We wish to express a sincere thank you to the following people who have made our Tot Time year a successful one:

- to all of the helping parents for their time, generosity, and support.

- to Gretchen Smith who has a heart of gold and always a pair of helping hands.

- to Lori Schoofs for the wonderful tour of her apple orchard.

- to Terri Timblin and Debbie Bunkelman for their toys to our active room.

- to the Kewaskum Police Department, especially Officer Tom Bauer, who gave us a tour, showed a

movie on safety and showed us his car.

- to Dr. Steve Van Ess, our Tot Time dentist who cares about our smiles.

- to the Kewaskum Fire Department for their wonderful tour of the fire station and the display of how the pumper truck works. The ride in the equipment truck was awesome!

- to Rick and Jodie Serwe for bringing the portable bowling alleys and adding to our fun.

If there was anyone we have missed, a big note of thanks. It's always nice to know there are so many caring people.

Mrs. Vicki Fenrick
Mrs. Joy Thorn

'Pride In Our Faith' Concert Held

"I assure you that if you have faith as big as a mustard seed, you can say to this hill 'Move from here to there!' and it will go. You could do anything!" Matthew 17:20

On May 17, at 7 p.m. in Holy Trinity Church, the faith of all the students, the faculty, and the audience did not move a hill, but it did transform the sanctuary into a beautiful Garden of Eden arrayed with flowering plants, green foliage, trees, the sun, moon and stars, a rainbow and birds and mammals of every kind. The Church was also adorned with colorful banners made by the students depicting various Biblical stories.

Through the ingenuity and creative talents of Mrs. Terry Christie (music and learning center teacher) and Mrs. Gail Filzen (physical education teacher) who co-wrote, co-produced and co-directed the production, along with the help of the faculty, the students of Holy Trinity School re-enacted stories about famous Biblical characters. The stories were colorful and witty, yet were all filled with a theme emphasizing the importance of faith in God.

Again and again, the musical and acting talents of the students was evident. Vocal and instrumental solos were interspersed artistically throughout the production. Religious music, solemn, joyous and lively, added a third dimension to them. The Ten Commandments, done to rap along with the students dressed in rap attire, was included. The manner in which this modern-day musical rendition was presented was very unique.

The program was highlighted at the conclusion by

the Select Choir singing "The Circle of Life," a very powerful song which emphasizes everyone's and everything's importance in this universe.

Holy Trinity School takes pride in the fact that it is an active faith community. With emphasis on pride, the faculty works hard to instill in each child the importance of their faith, the sharing of their faith with others, and the living of their faith. The spring concert, "Pride in Our Faith," was just one more example of how this is accomplished.

Kiefer Awarded Coe Scholarship

Sarah Kiefer, daughter of Gerald and Roz Kiefer of Sheboygan Falls, has been awarded the prestigious Dean's Scholarship to attend Coe College in Cedar Rapids, Iowa. Sarah was also the recipient of art and music scholarships from the liberal arts college. She is a graduate of Sheboygan Falls High School.

Coe College awards academic, fine arts, science and foreign language scholarships to students from across the country. The scholarships, many of which involve competition, range in value from \$3,500 to full tuition.

ABC CLUB SKAT RESULTS

The winners at skat played by the ABC Senior Citizens at Beechwood Hall on Tuesday, June 20th were: Ruth Egerer, 22-3--19 net; Ralph Laux, 13-3--16 net.

The first graders who are God's special lambs perform "No Matter How Baaa...d We Are."

The gladiator (Shaun Timblin) is overcome by the "Philistines."

Sixth graders "rap" to the Ten Commandments, performing "Live the Ten - Intend to Live."

Joseph (Jason Strobel) and Mary (Stacy Zehren).

Hahn Named Member Service Rep of the Year

Eileen and Dave Hahn

East Central/Select Sires recently honored Dave Hahn, Campbellsport, with the prestigious Member Service Representative of the Year award at the annual awards banquet. He ranked first out of 38 East Central/Select Sires technicians and has won this award four out of the past five years. He was also awarded an Award of Excellence for Direct Herd Increase, Total Unit Volume and Select Mating Service Volume.

A professional Artificial Insemination (A.I.) technician, Dave serves Washington and Ozaukee counties and works with over 160 dairy producers. In his 20 years of service with East Central/Select Sires, he has serviced over 50,000 first-service cows and expanded his customer base.

According to Director of Marketing Tom Anderson, Dave's superior performance in important job areas including sales growth, total sales volume, credit management, and special service programs offered by East Central earned him the Member Service Representative of the Year award.

To earn the Direct Herd Increase and Total Unit Volume awards, Dave achieved the biggest increase in direct herd units sold from one year to the next and sold more total herd units than any other area.

Dave also surpassed his fellow technicians in the Select Mating Service Volume category, taking credit for the 4,463 cows that were mated using the Select Mating Service program in his area. This is 1,621 more cows than his closest competitor.

According to Anderson, Dave is as dedicated as they come. "Dave is a joy to work with. He has the cow knowledge and people skills that it takes to be an asset to our cooperative."

Dave would like to thank his wife Eileen for taking care of their kids, Lynn and Brian, while he spends many

hours away from home. He also thanks her for being so understanding about the dedication and time he spends at work.

East Central/Select Sires is a professional, artificial breeding cooperative serving dairy and livestock producers in southern Wisconsin. As a member-owner of Select Sires located near Plain City, Ohio, East Central helps make up the largest Artificial Insemination cooperative in the world.

Celebration In Mayville

Legislators Introduce "Woman's Right to Know" Bill

MADISON...A bill introduced by Sen. Gary Drzewiecki (R-Pulaski) and Rep. Glenn Grothman (R-West Bend) would ensure that a woman seeking an abortion receives pertinent and accurate information from a physician prior to the abortion.

The "Woman's Right to Know" bill requires physicians to provide their patients with written medical information, including the medical risks associated with the abortion, as well as details on available alternatives, and other relevant facts at least 24 hours in advance of the abortion.

"Anyone about to undergo surgery should know exactly what is going to happen and have time to consider alternatives after the doctor has presented the patient with all the facts," said Drzewiecki. "Equally important, this information should be presented in consultation with a doctor."

Under Wisconsin's current informed consent law, a physician is not required to meet with the woman prior to the abortion, rather, an assistant to the physician may advise the woman. Quite often the woman does not even meet the physician until a few minutes before the abortion is performed.

According to Drzewiecki and Grothman, both sides of the abortion debate should support the right of a woman to make a fully-informed and voluntary decision.

"This bill is long overdue. More than a dozen states in the U.S. have passed laws making fetal development and the risk of abortion available or required and at least 16 states have passed laws requiring a reflection period. Those states have looked at bills that are similar to ours and have found them to be reasonable and good for their citizens; it's time for Wisconsin to join them by passing the Woman's Right to Know bill," Grothman said.

"People make the best decisions when they are given facts and time to consider their situation and options," Drzewiecki said.

Under the "Woman's Right to Know" bill, abortions could only be performed with the voluntary

and informed written consent of the woman upon whom the abortion is to be performed. Twenty-four hours in advance of the abortion, the woman would have to be informed of:

- The right to privately discuss with her doctor the abortion method to be used.
- The development of the unborn baby at the time of the abortion
- Possible physical and psychological complications
- Alternatives to abortion, including financial resources that are available such as medical assistance benefits
- The financial liability of the father
- The patient's right to confidentiality if she chooses to pursue a malpractice claim against the physician performing the abortion.

Any person who violates the legal requirements of the bill would be subject to liability for professional misconduct, civil forfeiture, and civil liability.

The U.S. Supreme Court upheld similar legislation in the *Planned Parenthood vs. Casey* decision in June 1992, stating, "The idea that important decisions will be more informed and deliberate if they follow some period of reflection does not strike us as unreasonable, particularly where the statute directs that important information become part of the background of the decision."

Drzewiecki and Grothman anticipate legislative action on the bill sometime this fall.

YOUR HEALTH

Outpatient Back Surgery Returns Woman to Active Life

(NU) - Many people who have lived for years with back pain are finding relief with simple therapy or minor surgical procedures.

After 14 years in pain and six weeks in bed with a slipped disc, Fran Hill of Homosassa Springs, Fla., had outpatient spine surgery in the hospital and is back doing her regular activities.

In 1979, Hill began experiencing leg cramps so severe she could seldom sleep through the night. "For many, many years I would just walk the whole night long," she said of her efforts to ease the muscle spasms in her legs.

By 1993, following a fall in her home, the pain was so extreme that Hill was bedridden. "From then on, I couldn't walk," she said. Hill explained that her regular doctor "let me just lie there with muscle relaxers for six weeks." Finally, she went to the Florida Spine Institute in Clearwater, the largest spine care center in the United States.

At the institute, Hill's condition was carefully evaluated and diagnosed as a herniated or ruptured disc, com-

monly called a slipped disc.

Nine out of 10 patients treated at the Florida Spine Institute do not require surgery to relieve back, neck or leg pain. But, in Hill's case, surgery was needed to repair her disc and regain the ability to walk. Her doctors said she was fortunate in that she was a good candidate for laser surgery, which is a minimally invasive form of spine surgery. For those lucky patients with the right indications, it requires only a few hours in the hospital and a few weeks of at-home recovery.

With her operation behind her, Hill and her husband, Frank, can once again enjoy boating on the Homosassa River together. Being able to do the simpler things means much to her. "Just ordinary household chores are a pleasure now after all I went through," she said.

The Florida Spine Institute has a staff of 13 board-certified or eligible physicians and more than 100 other staff members dedicated solely to spine care. To talk to one of their nurses about your back pain, call toll-free at 1-800-477-7746.

Holy Trinity Students Visit Riveredge

On May 16, the third grade class from Holy Trinity School went to Riveredge to study life in the pond. They were visiting a vernal pond. A vernal pond is only there in the spring, and dries up in the winter, fall and summer.

- Some of the things they learned:
- Green plants get their food from the sun
 - Water mites eat dead water animals
 - Gilled snails eat algae
 - Gilled snails' eyes and mouths are on their feet
 - This is what a gilled snail looks like:
 - This is what a tadpole looks like:
- and they eat green plants.

They started down the trail to look for 20 different kinds of green plants. Then they got to the dock. They got on the dock with their buckets and strainers and filled their buckets an inch deep with water.

When they got back to the circle, they wrote their animals' names, what they ate, and drew a picture of them. They made a food chain.

by Erica Christie

On May 16, the third grade class from Holy Trinity School went to Riveredge to study life in the pond. The third graders went to visit a vernal (spring) pond which is only there in the spring. Some of the things the children caught were frogs. One of the supervisors caught a grass snake, it made most of the children scream. The animals in this pond do not need water all year long.

When they first arrived at the pond they were told to dip their noses in the water. That's when third grader Rachel Shea said, "It felt weird." The third graders Bethany and Kendra were taking back their bucket and they found a spider on the side of their bucket. Bethany flung it off without panicking. In the pond there were tadpoles, fairy shrimp, water mites, and other things. Water mites eat dead water animals. Their leaders were Alice and Sara. They had a lot of fun.

by Lisa Beck

The 50-star flag of the United States was raised for the first time on July 4, 1960 at Fort McHenry monument in Baltimore, Maryland.

Neuburg Family to Host 1995 Farm Progress Days

Farm Progress Days will be hosted by the Neuburg Family.

While sitting around the table in the recently remodeled kitchen at Dan and Marge Neuburg's Slinger farm, you can feel the pride and excitement the whole family feels about hosting the 1995 Farm Progress Days on July 11, 12 and 13.

Their interest in Farm Progress Days began back in 1990 when the Neuburgs hosted the Washington County June Dairy Month Breakfast. Approximately 4,500 people enjoyed a hearty early morning treat. The rewarding feelings from the event gave the family the incentive and courage to come forward and offer the use of their farm for Washington County's biggest event ever.

Based on attendance figures of previous years it's possible that 150,000 people will visit the Neuburg farm.

Dan Sr. grew up on the farm which was then his Uncle Ed's. In the spring of his sophomore year of high school his help was needed on the farm and he began full-time farming with his uncle. Today, his primary interest is field work. In addition to their own crops, Dan Sr. custom harvests 1200-

1500 acres for neighbors.

Two sons, Dan Jr. and Don, are the principal farm operators. They work side by side, but each one claims his own specialty.

Dan Jr. is the chief mechanic, electrician and trucker. A 40-ft. x 70-ft. fully equipped shop gives him the opportunity to repair and overhaul all equipment. This saves the operation many dollars in labor.

Don is the herdsman. He takes charge of the care and production of 100 milk cows and the heifer and steer raising operation.

The farm record keeping is the domain of wife and mother, Marge. She worked as a bank teller prior to her marriage to Dan Sr. in 1960 and has applied her money managing skills to the farm operation for the past 35 years.

Dan Jr. married his high school sweetheart, Sandy, the farm girl from up the road. They have a daughter, Sarah, six, and are expecting an addition to the family in September. Sandy has always worked off the farm since their marriage in 1982. She now works for the local school bus company and is

able to do some of the work in her home office.

Sandy also keeps busy cooking, baking, canning, gardening, raising sheep and singing in the church choir. Sandy says, "although I'm not involved with the farm because of my other responsibilities, I'm very supportive of Danny's work."

Don is engaged to Angie Kinkel, an occupational therapist at a local hospital. They are in the midst of planning a wedding next year.

The Neuburgs also have a married daughter, Christine. She and her husband, Jeff Infalt, live in nearby Hartford and have twin girls, Amber and Ashley, and a son, Alex. Jeff is involved with his family's egg production farm. All three of the Neuburg children were active in the Slinger High School FFA.

Because of the farm location the theme of the show is "Agribusiness on the Urban Edge." In spite of urbanization nibbling away at farms in Washington County, the Neuburgs are planning to stay.

Marge illustrates her husband's dedication to farming by pointing out that Dan

Sr. never missed a milking in the first 19 years of their marriage. Now that the boys are taking over they have been able to get away for visits to Germany, Hawaii, Florida and some of the Western states.

The busy farm lifestyle doesn't leave much time for outside activities but they are

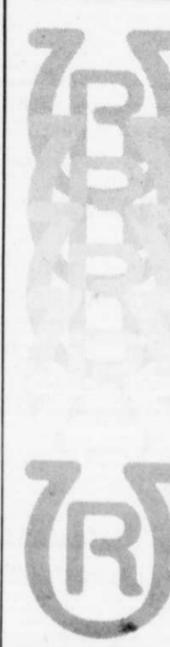

all involved with their churches and Farm Bureau events.

When asked if they had any other thoughts about those three days in July, Dan and Marge said in perfect unison, "Pray for good weather."

Building A 3-Day Boomtown

You can say that preparing the grounds for the 1995 Wisconsin Farm Progress Days is much like building a boomtown in the old goldrush days. This year more than 150,000 people are expected to attend the event July 11, 12 and 13.

Starting in 1993, several hundred volunteers have been working to make their visit enjoyable. "From the middle of June until the show I'll have about 70 volunteers, working hard to get everything ready for exhibitors and the opening day," said Les Gundrum, chairman of the Grounds Committee.

About 2,000 yards of wood chips and 3,000 bales of wood savings will help keep the grounds and the exhibit space comfortable and dry. About 100 portable toilets, four for the physically disabled and two with facilities for changing diapers, will be available throughout the grounds.

About 200 garbage containers will help keep the grounds clean, and two miles of fencing will create proper traffic flow and maintain safety. Three water tankers will provide fresh water for drinking and watering the grounds. "We're preparing for all the unexpected, come rain or shine," Gundrum said.

Utilities will install a vast electric distribution system to meet the event's needs. Crews will set 52 poles, install about 17,000 overhead distribution wires, 33 transformers and 16 high pressure sodium area lights to provide electric power for the tent city. There will be 100 phone lines for service to various

facilities. "The show will make people aware of what great things we have in the farm country of Washington County," Gundrum said, "and we're hoping to make it as pleasant and educational as possible."

Births

NIGH - A daughter, Kayla Dorothy, was born to Carol and Jeff Nigh of Kewaskum on June 13, 1995. Paternal grandparents are Nathan and Lucille Nigh of Kewaskum and maternal grandparents are Ira and Lucille Hartmann of Fredonia. Great-grandparents are Harold Hartmann of Fredonia and Roman Schneider of West Bend.

SCHWEITZER - A baby girl, Sarah Mae, was born to Dale and Nancy Schweitzer, Maximo, Ohio, on May 25. Nancy (Blank) Schweitzer attended Kewaskum Schools and formerly resided in rural West Bend.

**TOWN OF WAYNE
NOTICE OF PUBLIC HEARING
TO AMEND THE ZONING ORDINANCE
OF THE TOWN OF WAYNE**

Notice is hereby given that a public hearing will be held before the Town Board of the Town of Wayne on the 19th day of July, 1995, at 8:00 o'clock p.m. at the Town Hall of the Town of Wayne, 6030 Hwy. H, Campbellsport, Wisconsin, for the purpose of considering adoption of the amendments and additions to the Zoning Ordinance of the Town of Wayne, the following proposals will be considered:

1. To create Section 1.27, CULVERT PERMIT as follows:
 1. PERMIT REQUIRED. No person shall construct, install or replace any culvert without first obtaining a culvert permit from the Zoning Administrator or his designee approved by the Town Board. The applicant for a culvert permit shall file the application with the Zoning Administrator.
 2. FEE; DEPOSIT. The fee for a culvert permit is \$50.00 and shall accompany the application. In addition, a security deposit of \$250.00 shall accompany the application.
 3. SPECIFICATIONS:
 - (a) Size and Location. All culverts placed on, in or along the highways of the Town, either under private driveways leading from the public highways to private property or otherwise, shall be of sufficient size and constructed in such manner and of such materials as to provide means for the flow of water naturally accumulating or flowing along the ditches on such highways. Such culvert shall be of corrugated steel construction and be not less than 18 inches in diameter or of same volume capacity and shall be at least 24 feet (40 feet for property zoned commercial or industrial) in length (plus endwalls) to prevent injury to persons or property in the use of the highways and the entrance to and exits from the highways over and across such culverts. The Zoning Administrator or his designee shall determine the size and length of the culvert required. All culvert shall be installed on a gravel bed of at least 4 inches and be covered with sufficient gravel to prevent injury to the culvert. Any culvert hereafter installed in the Town shall have steel panels; concrete panels are prohibited.
 - (b) Existing Culverts. The Zoning Administrator or his designee may investigate, approve or disapprove the various existing culverts or other drain pipes placed in the highways in the Town. The Zoning Administrator or his designee may require steel and panels to be placed on existing culvert installations where he determines it to be in the best interest of the Town and the abutting property owners. The Zoning Administrator or his designee may also require the owner of an abutting property to remove, or cause to be removed or replaced with adequate facilities, any culverts or drain pipes which do not conform to the requirements as provided herein when, in his judgment, it is necessary to do so, either for the orderly construction, maintenance or repair of any such highway or in providing for a proper drainage system thereon.
 4. CONSTRUCTION PROCEDURE. Upon receiving an application for a new or replacement culvert, the Zoning Administrator or his designee shall provide the owner with specific specifications and cause the project to be staked out within 7 days. After completion of the project (or if new construction, after occupancy permit has been issued), the owner shall request the Zoning Administrator or his designee to inspect it and, if the Zoning Administrator or his designee determines that the construction is in accordance with the specifications, the security deposit required under Section 1 above shall be returned. If not, the owner shall have 30 days to make the required corrections and, if not so made, the Zoning Administrator or his designee shall cause the same to be made and deduct the expense thereof from said security deposit and return the balance to the owner.
2. To repeal Section 1.05, PUBLIC ACCESS and to recreate same as follows:
 - 1.05 Public Access.
 1. No zoning permit shall be issued for construction unless the main body of the lot upon which the building or structure is to be erected fronts on a public road by at least 66 feet, for which a road access permit has been obtained for a vehicular access way located entirely on such 66 feet.
 2. Road Access Permit Required. Before access to any Town road is granted, a permit shall be required from the Town.
 - (a) Administration. The Zoning Administrator or his designee approved by the Town Board is hereby designated as the administrative and enforcement officer for the provisions of this section and is hereby granted full authority to issue permits and to deny applications.
 - (b) Application. The application for such permit shall be made simultaneously with the applicant's application for a culvert permit.
 - (c) Criteria. The Zoning Administrator or his designee shall determine whether such proposed road access location is consistent with public safety, sound planning principals and is the logical extension of roads and public services. The location shall be no closer than five (5) feet from a lot line and the parcel to be entered shall be able to accommodate a 10 foot wide driveway to a residence or garage.
 3. To amend Section 1.48(24), DWELLING, SINGLE-FAMILY to read as follows:

Section 1.48(24)
A detached building designed for or occupied exclusively by one (1) family which is a minimum of 24 feet in width, has a roof with a minimum slope of 3:12, and is on a permanent foundation meeting the state one and two family dwelling code. This definition includes manufactured homes, but excludes mobile homes (mobile homes constructed prior to June 15, 1976).
 4. To amend Section 1.48(25), DWELLING, NON-URBAN to read as follows:

Section 1.48(25)
A single-family dwelling situated on a parcel created by means other than a subdivision plat after July 1, 1963 designed for or occupied exclusively by one (1) family which is a minimum of 24 feet in width, has a roof with a minimum slope of 3:12, and is on a permanent foundation meeting the state one and two family dwelling code. This definition includes manufactured homes, but excludes mobile homes (mobile homes constructed prior to June 15, 1976).
 5. To amend Section 1.48(28), DWELLING FARM to read as follows:

Section 1.48(28)
Any dwelling located on premises used for farm activities which houses persons or a person and their families who supervise or take physical or financial part in the activities of the farm designated for or occupied exclusively by one (1) family which is a minimum of 24 feet in width, has a roof with a minimum slope of 3:12, and is on a permanent foundation meeting the state one and two family dwelling code. This definition includes manufactured homes, but excludes mobile homes (mobile homes constructed prior to June 15, 1976).

These amendments and additions have been reviewed by and recommended by the Town Plan Commission.
All interested parties will be given an opportunity to be heard.

By order of the Town Board of the Town of Wayne.

Dated this 27th day of June, 1995.

Obituaries

FRANCES M. VOLM

Frances M. Volm, 94, of Kewaskum, passed away Wednesday, June 21, 1995, at Mapledale Manor, Kewaskum.

She was born March 21, 1901, in Town of Ashford, to the late Paul and Barbara (nee Melzer) Kohler and on June 16, 1925, she was united in marriage to Alvin Volm at St. Kilian Catholic Church, St. Kilian. Her husband preceded her in death on August 23, 1971.

In 1929, Alvin and Frances purchased the Kohler Homestead in the Town of Ashford where they farmed until 1959 when they retired and moved to Kewaskum. At the time of her death, Mrs. Volm was a member of Holy Trinity Christian Women, St. Mary's Sodality at St. Kilian Catholic Church and was a life long member of the Apostolate of the Suffering.

Survivors include a sister, Theresa Volm of Fond du Lac; two sister-in-laws, Frances Kohler and Nellie Kohler both of Milwaukee; nieces; nephews; and other relatives and friends.

In addition to her husband and parents, she was preceded in death by three brothers, Peter, Arthur and Oscar and a sister Agnes Volm.

A Mass of Christian Burial was at 10:00 a.m. Saturday, June 24, at Holy Trinity Catholic Church in Kewaskum with father William Key III officiating. Burial followed at St. Kilian Catholic Church Cemetery in St. Kilian.

Friends called from 9:00 a.m. until the time of services at the church only on Saturday.

The Miller Funeral Home in Kewaskum served the family.

KATHERINE "KITTY" RODEN

Mrs. Kathryn "Kitty" Roden, 66, of Kewaskum, passed away on Sunday, June 25, 1995 at Rolling Meadows Nursing Home in Fond du Lac.

She was born on October 18, 1928 in the Town of West Bend, the daughter of the late Joseph and Anna (Gass) Weber and on June 1, 1949, she was united in marriage to Lloyd Roden at St. Matthias Catholic Church in Nabob.

She was a member of St. Michael's Catholic Church in St. Michaels and was a leader and active participant in Riverside 4-H Club in Kewaskum.

Survivors include her husband, Lloyd, of Kewaskum; two sisters, June (Mark) Sommerfeld and Erna (Alphonse) Peters, both of West Bend, many nieces, nephews, other relatives and friends.

In addition to her par-

ents, she was preceded in death by a brother, Kenneth Weber, and a sister, Shirley Backhaus.

A Mass of Christian Burial was held at 7 p.m. on Wednesday, June 28, at St. Michael's Catholic Church in St. Michaels with Father Roger Zens officiating. Burial was at 10 a.m. on Thursday in the church cemetery.

Friends called from 4 p.m. until the time of services at the church only on Wednesday.

The Miller Funeral Home in Kewaskum served the family.

GRACE SCHLEIF

Grace E. Schleif, nee Walters of West Bend, died Wednesday, June 21, 1995, at her residence at the age of 61.

She was born Nov. 2, 1933, in Athens, to the late Edgar and Ruth (nee Degner) Walters, and moved to West Bend with her family at an early age.

She married Thomas Schleif at Immanuel United Church of Christ in West Bend on May 12, 1956.

She was a member of Immanuel United Church of Christ and a long time member of the church choir. She loved decorating, growing her flowers and reading.

Survivors include her husband; three children, Douglas (Chris) and Gail (Steve) Wilson, both of West Bend and Laurie (Jim) Schleif of Burlington; six grandchildren, Tom, Mitch, Doug and Erin Schleif and Katie and David Wilson; four sisters, Jean (Mel) Mathiak of Menomonee Falls, Marian (John) Bandy of West Bend, Betty (Tom) Wenzel of Menomonee Falls and Carol (Don) Sedgwick of Campbellsport; three brothers, Charles (Pat) of Belgrade, Mont., Calvin (Joyce) of Slinger and Allan (Carol) of Hamilton, Mont.; a sister-in-law, Judy (Don) Price of West Bend; nieces; nephews and other relatives and friends.

Memorial services were held Saturday, June 24, at 8 p.m. at Immanuel United Church of Christ. Rev. James Eckblad officiated and burial of ashes was held Monday at 11 a.m. in Washington County Memorial Park.

Visitation with the family was Saturday at the church only from 6 p.m. until the time of services.

The Myrhum Funeral Home, West Bend, served the family.

ROBERT WILKE

Robert R. Wilke, 65, of 3158 Highway 67, Campbellsport, died Wednesday, June 21, 1995,

at his home.

He was born Sept. 14, 1929, in Milwaukee, a son of William and Velma Perkins Wilke. On May 10, 1952, he married Dorothy Claas at St. Anthony's Church in Fussville.

Mr. Wilke was employed at Martz in Menomonee Falls and then at Mercury Marine in Fond du Lac for 23 years. He served as a part-time police officer in Campbellsport since 1983 and as police chief in Campbellsport from 1991 to 1994. He was a member of the Fond du Lac County Deputy Sheriff Reserve and the Wisconsin Deputy Sheriff Association. He also served as constable for the Town of Ashford.

Survivors include his wife; his mother, a resident of Cedar Lake Home in West Bend; one daughter, Suzanne MacGregor and her husband Ronald of Eden; one son, Carl and his wife Anne of Portland, Ore.; three granddaughters, Stephanie, Nicole Brittni and Kristin other relatives.

His father preceded him in death in 1983.

Funeral services were held at 6 p.m. Saturday at Twohig Funeral Home in Campbellsport. The Rev. Robert Galitz officiated. Cremation followed with inurnment at Our Savior Cemetery in Germantown.

Visitation was the funeral home from 2 p.m. Saturday to the hour of services.

Memorials in his name may be directed to the Fond du Lac County Deputy Sheriff Reserve or Hospice Hope.

MARCELLA SABISH

Marcella D. Sabish, 74, of W2971 First St., Campbellsport, died Monday, June 19, 1995, at Grancare Nursing Home.

She was born Sept. 8, 1920, in Elmore, a daughter of John and Ella Zielicke Jewson. On June 29, 1940, she married Alois Sabish in Fond du Lac.

Survivors include her husband; two sons, Duane and his wife Judy and Darrel and his wife Bonnie, all of Campbellsport; three grandchildren, Steven Sabish and his wife Luan, Lisa Schraufnagel and her husband Tim and Dale Sabish and his fiancée Rana; three great-grandchildren, Steven and Nicole Sabish and Mitchel Schraufnagel; one brother, Dale Jewson and his wife Charlie of Eagle River; and other relatives.

Preceding her in death were one brother, Eldon Jewson and his wife Ann; one sister, Velva Wozniak and her husband John.

Funeral services were held at 7:30 p.m. Tuesday at Twohig Funeral Home in Campbellsport. The Rev. Stanley Hayes officiated. Burial was Wednesday at Elmore Cemetery.

Visitation was at the funeral home from 4 p.m. to the hour of services.

LILA E. KIRCHNER

In the Lila E. Kirchner obituary, printed in last week's edition of the Kewaskum Statesman, the name of a surviving sister, Mrs. Elsie C. Bruessel of Kewaskum, was inadvertently omitted.

CARD OF THANKS

A very sincere thank you to our relatives and friends who shared in the loss of our beloved sister, sister-in-law and aunt, FRANCES VOLM. A special thank you to Father William Key III, Father Wayne Barta, Father John Brophy, donors of mass, memorials, floral tributes, food, those who served the food, Holy Trinity organist and choir, pallbearers, traffic officer, Miller's, the Mapledale Manor II staff and to anyone who showed their respect and helped in any way. Your kindnesses will always be remembered.

The Frances M. Volm Family

**TOWN OF WAYNE
NOTICE OF PUBLIC HEARING
TO AMEND THE ZONING ORDINANCE
OF THE TOWN OF WAYNE**

Notice is hereby given that a public hearing will be held before the Town Board of the Town of Wayne on the 19th day of July, 1995, at 8:00 o'clock p.m. at the Town Hall of the Town of Wayne, 6030 Hwy. H, Campbellport, Wisconsin, for the purpose of considering adoption of the amendments and additions to the Zoning Ordinance of the Town of Wayne, the following proposals will be considered:

1. To create Section 1.27, CULVERT PERMIT as follows:
 1. PERMIT REQUIRED. No person shall construct, install or replace any culvert without first obtaining a culvert permit from the Zoning Administrator or his designee approved by the Town Board. The applicant for a culvert permit shall file the application with the Zoning Administrator.
 2. FEE; DEPOSIT. The fee for a culvert permit is \$50.00 and shall accompany the application. In addition, a security deposit of \$250.00 shall accompany the application.
 3. SPECIFICATIONS:
 - (a) Size and Location. All culverts placed on, in or along the highways of the Town, either under private driveways leading from the public highways to private property or otherwise, shall be of sufficient size and constructed in such manner and of such materials as to provide means for the flow of water naturally accumulating or flowing along the ditches on such highways. Such culvert shall be of corrugated steel construction and be not less than 18 inches in diameter or of same volume capacity and shall be at least 24 feet (40 feet for property zoned commercial or industrial) in length (plus endwalls) to prevent injury to persons or property in the use of the highways and the entrance to and exits from the highways over and across such culverts. The Zoning Administrator or his designee shall determine the size and length of the culvert required. All culvert shall be installed on a gravel bed of at least 4 inches and be covered with sufficient gravel to prevent injury to the culvert. Any culvert hereafter installed in the Town shall have steel panels; concrete panels are prohibited.
 - (b) Existing Culverts. The Zoning Administrator or his designee may investigate, approve or disapprove the various existing culverts or other drain pipes placed in the highways in the Town. The Zoning Administrator or his designee may require steel and panels to be placed on existing culvert installations where he determines it to be in the best interest of the Town and the abutting property owners. The Zoning Administrator or his designee may also require the owner of an abutting property to remove, or cause to be removed or replaced with adequate facilities, any culverts or drain pipes which do not conform to the requirements as provided herein when, in his judgment, it is necessary to do so, either for the orderly construction, maintenance or repair of any such highway or in providing for a proper drainage system thereon.
 4. CONSTRUCTION PROCEDURE. Upon receiving an application for a new or replacement culvert, the Zoning Administrator or his designee shall provide the owner with specific specifications and cause the project to be staked out within 7 days. After completion of the project (or if new construction, after occupancy permit has been issued), the owner shall request the Zoning Administrator or his designee to inspect it and, if the Zoning Administrator or his designee determines that the construction is in accordance with the specifications, the security deposit required under Section 1 above shall be returned. If not, the owner shall have 30 days to make the required corrections and, if not so made, the Zoning Administrator or his designee shall cause the same to be made and deduct the expense thereof from said security deposit and return the balance to the owner.
2. To repeal Section 1.05, PUBLIC ACCESS and to recreate same as follows:
 - 1.05 Public Access.
 1. No zoning permit shall be issued for construction unless the main body of the lot upon which the building or structure is to be erected fronts on a public road by at least 66 feet, for which a road access permit has been obtained for a vehicular access way located entirely on such 66 feet.
 2. Road Access Permit Required. Before access to any Town road is granted, a permit shall be required from the Town.
 - (a) Administration. The Zoning Administrator or his designee approved by the Town Board is hereby designated as the administrative and enforcement officer for the provisions of this section and is hereby granted full authority to issue permits and to deny applications.
 - (b) Application. The application for such permit shall be made simultaneously with the applicant's application for a culvert permit.
 - (c) Criteria. The Zoning Administrator or his designee shall determine whether such proposed road access location is consistent with public safety, sound planning principals and is the logical extension of roads and public services. The location shall be no closer than five (5) feet from a lot line and the parcel to be entered shall be able to accommodate a 10 foot wide driveway to a residence or garage.
 3. To amend Section 1.48(24), DWELLING, SINGLE-FAMILY to read as follows:

Section 1.48(24)
A detached building designed for or occupied exclusively by one (1) family which is a minimum of 24 feet in width, has a roof with a minimum slope of 3:12, and is on a permanent foundation meeting the state one and two family dwelling code. This definition includes manufactured homes, but excludes mobile homes (mobile homes constructed prior to June 15, 1976).
 4. To amend Section 1.48(25), DWELLING, NON-URBAN to read as follows:

Section 1.48(25)
A single-family dwelling situated on a parcel created by means other than a subdivision plat after July 1, 1983 designed for or occupied exclusively by one (1) family which is a minimum of 24 feet in width, has a roof with a minimum slope of 3:12, and is on a permanent foundation meeting the state one and two family dwelling code. This definition includes manufactured homes, but excludes mobile homes (mobile homes constructed prior to June 15, 1976).
 5. To amend Section 1.48(28), DWELLING, FARM to read as follows:

Section 1.48(28)
Any dwelling located on premises used for farm activities which houses persons or a person and their families who supervise or take physical or financial part in the activities of the farm designated for or occupied exclusively by one (1) family which is a minimum of 24 feet in width, has a roof with a minimum slope of 3:12, and is on a permanent foundation meeting the state one and two family dwelling code. This definition includes manufactured homes, but excludes mobile homes (mobile homes constructed prior to June 15, 1976).

These amendments and additions have been reviewed by and recommended by the Town Plan Commission.
All interested parties will be given an opportunity to be heard.
By order of the Town Board of the Town of Wayne.

School Board Meeting Minutes

School District Of Kewaskum Regular Meeting May 8, 1995

The meeting was called to order by President Weare at 7:00 p.m.

Board members present: Mary Andera, Jean Goeden, John Schulte, Neal Weare, Karen Sparks, Ruth Schmitt, Ron Beimborn.

Board members absent: none.

Clerk Andera led the Pledge of Allegiance.

Sparks/Schulte motion to approve the agenda with one correction. B.2. should read "Approval to replace waterline at KHS." Motion passed 6-0. (Mr. Weare as President has chosen to exercise his right to refrain from voting.)

Jennifer Keller was honored as the May Student of the Month.

Student Representative Report: None.

Audience to visitors; receiving of delegations: Betty Mikkelsen presented a letter to the board clarifying a statement that was made in error regarding the cleanliness of the high school.

Dr. Heather announced that Peggy Henke, elementary art teacher, received the Herb Kohl Outstanding Teacher Award. She receives \$1000 and the school also receives \$1000.

Dr. Heather informed the board that Bank Wisconsin has donated \$5000 to the Riverwalk/Streambank Erosion project.

It was mentioned that Bill Lickel at KH^c should be contacted regarding non-monetary donations to the Riverwalk project.

Connie Schulist reported on the success of the KMS 8th grade lock-in.

Mr. Weare asked for a volunteer to help him hand out diplomas at graduation. Mrs. Goeden volunteered.

Dr. Heather stated that registrations for summer school are coming in slowly this year. An article will be published in the newspaper asking parents not to wait too long to register as some classes may not be available at that time.

Mrs. Goeden thanked those who participated in the school board group picture for the Centennial Time Capsule.

Goeden/Schulte motion to approve the minutes of the April 10, 1995 Regular Meeting. Motion passed 5-0-1 with Mary Andera abstaining.

Sparks/Schulte motion to approve the minutes of the April 20, 1995 Special Meeting. Motion passed 5-0-1 with Mary Andera abstaining.

Goeden/Andera motion to approve the April 24, 1995 Special Meeting minutes. Motion passed 6-0.

Goeden/Andera motion to approve the April 27, 1995 Special Meeting minutes. Motion passed 5-0-1 with Karen Sparks abstaining.

A construction update was given by a Brian Cohen from Hunzinger Construction.

Mr. Weare reminded everyone that the June, July and August board meetings will be held in the community room at Village Hall.

Sparks/Goeden motion to

approve the replacement of the waterline at KHS with Mueller doing the work for \$3000. Motion passed 6-0.

Schulte/Schmitt motion to approve policy 174.1-Term Limits. Motion failed 3-3 with Mary Andera, Jean Goeden and John Schulte voting no.

Schulte/Goeden motion to approve the following policies: 443.4-Student Alcohol/Drug Abuse, 447-Discipline, 447.3-Suspension, and 447.31-Expulsion. Motion passed 6-0.

Policy 447.31 will go back to the committee for further consideration.

Andera/Sparks motion to approve the payroll and accounts payable in the amount of \$811,361.61. Motion passed 6-0.

Weare appointed Ruth Schmitt as CESA 6 delegate and Ron Beimborn as alternate.

Mr. Weare announced the new committee assignments which is an addendum to these minutes.

Schmitt/Sparks motion to approve elective credit for the Student Ambassador program. Motion failed 2-4 with Mary Andera, Jean Goeden, John Schulte, and Ron Beimborn voting no.

Schulte/Andera motion to approve a .5 FTE technical resource position. Motion passed 6-0.

Goeden/Schulte motion to approve two (2) school year janitor/custodian positions. Motion passed 6-0.

Goeden/Schmitt motion to approve a notice of lay off to Tom Kiser. Motion passed 6-0.

Andera/Schulte motion to approve the reduction of extended days from instructional contracts as follows:

	Extended Days	94-95	95-96
John Baitinger	13	4	
Sharon Blank	10	4	
John Nell	10	4	
Arnie Dittbrenner	17	10	
Carol Martin	3	2	
Kathy Roehrig	3	2	
Dale Schatz	3	2	
David Wellskopf	10	3	
Keith Amundson	3	2	

Motion passed 6-0.

Goeden/Schulte motion to approve the elimination of the KHS Ski Club. Motion passed 5-

1 with Ruth Schmitt voting no.

Goeden/Andera motion to approve the transfer of the FACE position from KHS to KMS. Motion passed 6-0.

Schulte/Beimborn motion to approve the reclassification of three (3) janitor/custodial positions from full year to school year. Discussion ensued. John Schulte withdrew his motion. Ron Beimborn did not withdraw his second. Andera/Sparks motion to table the motion to reclassify three janitor/custodial positions from full year to school year pending further discussion at the June Regular Board Meeting. Motion passed 6-0.

Sparks/Goeden motion to approve an increase to .62 FTE for the Gifted and Talented Coordinator's position. Motion passed 6-0.

Sparks/Goeden motion to approve 20% in instructional time for multi-sensory instruction. Motion passed 6-0.

Sparks/Goeden motion to approve the sale of driver education textbooks at \$5.00 per book. Motion passed 6-0.

Goeden/Schulte motion to approve the resignation of Glenn Eichstedt as girls tennis coach, pending the finding of a suitable replacement. Motion passed 6-0.

Schulte/Sparks motion to approve a child care leave for Judy Stippich for the 1995-96 school year. Motion passed 6-0.

Schulte/Sparks motion to adjourn. Motion passed 6-0. The meeting adjourned at 8:35 p.m.

XYZ CARD RESULTS

The winners at cards played by the XYZ Senior Citizens at the Municipal Building on Wednesday, June 21st were: SKAT: Allen Reindl, 28-5--23 net; Frank Sell, 19-4--15 net; Fred Klein, 20-5--15 net; Syl Schmidt, Club solo vs 4; Harold Eggert, Diamond solo vs 4.

SHEEPSHEAD: Martha Kudek, Florin Jakubouki and Gilbert Reindl.

500: Irene Kohl.

Dean Purchases Jacobson Septic

Rick Dean, new owner of Jacobson Septic Service

Rick Dean, new owner of Jacobson Septic Service, Brownsville, attended the recent annual spring conference of the Wisconsin Liquid Waste Carriers Association at the Holiday Inn in Dubuque, Iowa where he earned six continuing education credits toward certification by the Department of Natural Resources. Joined by other members from Wisconsin, Iowa and Minnesota, members seek to upgrade their professionalism by acquiring the credits necessary for certification.

Technical education sessions addressed issues of critical interest while workshops offered a variety of general topics on business management. Government representatives provided updates on the Wisconsin Administrative Code and EPA concerns while other membership and legislative issues were discussed by experts in the industry. Continuing education is very valuable to keep up with the new regulations and better techniques.

Jacobson Septic offers services such as, holding tanks, septic tanks, tank inspection, water samples, grease traps and a getting service for clogged lines. Because Rick is not involved in selling or installing septic systems, he

is more interested in keeping the present system in good working order, any real problems will be brought to the attention of the owners so the appropriate action can be taken.

Before purchasing the business, Rick worked as Ozz Jacobson's relief for the last eight years and was employed full time as metals foreman for Wiese Auto Recycling, Inc. for the past ten years. Both jobs are predominantly recycling and environmentally important. Rick remains active at Wiese Auto Recycling in his spare time where his wife Peggy is general manager. Rick and Peggy Dean have been residents of the Brownsville area for 12 years and have four sons, Tony 9, Tom 7, Brad 6, and Michael 3 months.

Sometime in the future the name may change but for now it will remain Jacobson Septic Service and customer service will be the number one focus.

NUTRITION

Science Links Vitamins To Health Benefits

(NU) - When most of us were kids, the nutrition message was simple. "Eat foods from the four food groups."

With some refinement in today's food pyramid, emerging science supports the wisdom of this common-sense advice. Abundant scientific research confirms the important role nutrients can play in helping to ensure your good health.

If you're concerned about whether you're meeting your nutritional needs with the food you select, you're not alone. The Council For Responsible Nutrition has responded to some commonly asked questions about nutrition and health.

Q: I've read that vitamins and minerals may protect against some diseases. Is this based on scientific evidence?

A: Yes. Although chronic diseases have many causes, studies show that certain nutrients may have a valuable protective effect.

Calcium, along with other minerals, vitamin D and regular exercise, can decrease the risk of osteoporosis, a disease which weakens bones.

Antioxidants such as vitamins C, E and beta carotene may offset damage from unstable compounds, or free radicals, in the body and may reduce the risk of some types of cancer and cataracts. And vitamin E can help lower the risk of heart disease.

Q: Are there lifestyle circumstances that increase nutrient needs?

A: Yes. Here are some examples:

- Women of childbearing age should have 400 mcg of folic acid a day to protect against birth defects, public health authorities say.

- Teens and most adults need at least 1,000 mg of calcium daily to build and maintain healthy bones; post menopausal women need 1,500 mg daily to reduce the risk of osteoporosis.

- Dieters often fall short on many nutrients, including vitamins B-1, B-6, B-12, folic acid, calcium, iron, zinc and magnesium. Low fat diets may be low in vitamin E.

- Older adults benefit

from vitamins B-6 and B-12, which can counteract changes in the digestive system.

Q: I'm always on the run and rarely eat properly. How can I get the levels of nutrients I need?

A: Under ideal situations, it's possible to get adequate levels of most nutrients through careful selection of food. But U.S. government surveys show that most people don't choose the right amounts of the right foods. Appropriate dietary supplements can help provide the nutrients that your body needs to improve health and reduce the risk of some diseases.

Q: Can you get too much of a good thing? Are supplements safe?

A: Decades of use by millions of people demonstrate that supplements have an excellent safety record. As always, you should follow label instructions and avoid misuse or overuse.

Publish June 15, 22 & 29

The words to the national hymn, *America*, were written by the Reverend Samuel Francis Smith in 1831 for a children's Fourth of July picnic in Boston.

**STATE OF WISCONSIN
DEPARTMENT OF NATURAL RESOURCES
PUBLIC NOTICE OF INTENT TO REISSUE
WISCONSIN POLLUTANT DISCHARGE
ELIMINATION SYSTEM (WPDES) PERMIT
#WI-0021733-5**

Municipality: Village of Kewaskum, 204 First Street, PO Box 38, Kewaskum, WI 53040-0038
Facility Where Discharge Occurs: Village of Kewaskum Wastewater Treatment Facility, 1000 Fond Du Lac Avenue, Kewaskum, WI

Receiving Water: The Milwaukee River in Washington County

What does this facility do: Treats domestic wastewater.

WHY A PERMIT IS NEEDED: Under Wisconsin Law, all dischargers of wastewater to surface waters (lakes, rivers, streams, wetlands, etc.) or to the groundwater by seepage through the soil must obtain a Wisconsin Pollutant Discharge Elimination System (WPDES) permit from the Department of Natural Resources. These permits can be issued for a maximum of five years.

The Department has tentatively decided that the WPDES permit for Village of Kewaskum should be reissued. Limitations and conditions which the Department believes adequately protect the receiving water are included in the proposed permit.

Facility Description: The Village of Kewaskum owns and operates a 0.75 MGD wastewater treatment facility consisting of preaeration, primary clarification, aeration tanks, secondary clarification, nitrification, phosphorus removal and final effluent disinfection. The waste sludge is aerobically digested.

Here are the changes being proposed in the new permit:

- 1) Weekly mass limits have been set for BOD₅ and Suspended Solids.
- 2) Annual mass limits have been set for Ammonia Nitrogen, Total Phosphorus, and Residual Chlorine.
- 3) A daily maximum residual chlorine limit of 37 µg/L and weekly average of 18 µg/L is included in the permit.
- 4) Sampling will be required one time per quarter for Copper (total Recoverable) and Zinc (total recoverable).
- 5) Acute and Chronic biomonitoring will be required in the fourth year of the permit term.

The public notice process allows interested citizens to comment on the requirements of the permit. The last date to submit comments is thirty days from the date of this public notice. To get more information or express concerns on the permit you may choose from the following options:

1. Call or write the permit writer responsible for reissuing this permit. His phone number and address are: Jameel Dawan, 414-263-8637, Dept. of Natural Resources, 2300 N. Dr. Martin Luther King Jr. Dr., Box 12436, Milwaukee, WI 53212.

The official Department files used in preparing the permit are available at the address listed above. This information may be inspected and copied at this address, Monday through Friday (except holidays), between 8:00 a.m. and 4:30 p.m. Reasonable costs (usually 10 cents per page) will be charged for copies of information in the file other than the public notice and briefing memo. Pursuant to the Americans with Disabilities Act, reasonable accommodation, including the provision of informational material in an alternative format, will be made to qualified individuals upon request. If you need more information or cannot easily contact the person listed above, you may contact the area DNR staff person. Her phone number and address are: Jackie Shuda, 414-263-8633, Dept. of Natural Resources, 2300 N. Dr. Martin Luther King Jr. Dr., Box 12436, Milwaukee, WI 53212.

2. Submit formal written comments to the person reissuing the permit listed first in Item 1 above this notice. All comments or suggestions received from members of the public and interested government agencies will be used (along with other information on file) in making a final decision regarding the permit. To be considered, comments must be received by the Department no later than 30 days after the publication date of this notice. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination.

3. Further action: An informational meeting may be held if response to this notice indicates significant public interest or controversial issues. This meeting would be an informal question and answer session to discuss the issues raised. Also, a formal public hearing can be requested. A formal public hearing will be held under sec. 147.13, Wis. Stats., if, by the end of the public comment period, the Department receives a petition from 5 or more persons requesting a public hearing. Requests for a public hearing should be sent to the permit writer listed first in item 1 above and should state the following: the name and address of the person(s) requesting the hearing; the interest in the proposed permit of the person(s) requesting the hearing; the reason for the request; and the issues proposed to be considered at the hearing.

Public Notice Number: 95M-4229; Notice issued: June 1, 1995.

The present permit was issued on January 9, 1989 and expired on June 30, 1993. The proposed expiration date for the new permit is December 31, 1999.

Village Board Meeting Minutes

Regular Meeting
June 5, 1995
8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Robert Wagner presided. Trustee David Goeden and Trustee William Kulas asked to be excused and were absent. Trustee Harry Roecker arrived late for he was at a Library Board Meeting. All other Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee John Borland, seconded by Trustee Robert Stoltzmann and unanimously carried by voice vote, the minutes of the May 15, 1995 meeting were approved as printed.

A public hearing was held on Ordinance No. 95-5 "An Ordinance to Amend the General Ordinance of the Village of Kewaskum." (the annual ordinance update). Administrator Daniel Schmidt reviewed the chapters and portions thereof that had changes with the Board. On a motion by Trustee Gary Gavin, seconded by Trustee John Borland and carried by the majority roll call vote, the Board closed the public hearing. Roll call vote was 4 "Aye" 0 "Nay" 3 "Absent."

Director of Public Works, Jerry Gilles informed the Board that the DOT has indicated that USH 45 will be clear of road construction for the Saturday, June 10, 1995. Also that the park repairs and painting will be completed by the weekend.

A brief discussion was held on the need to request an additional traffic signal on USH "45" and Timblin Drive or Prospect Road. It was decided that the Board would look at the situation once the current construction is completed.

On a motion by Trustee Robert Stoltzmann, seconded by Trustee John Borland, and unanimously carried by voice vote, the Board approved the issuance of an Operator's License for Jessica Trapp upon proper payment of fees and documentation for the balance of 94/95. Note: The Police Department had no objections to any of the applications.

On a motion by Trustee John Borland, seconded by Trustee Robert Stoltzmann and unanimously carried by voice vote, the Board approved the applications for Operator's Licenses as listed for 95/96. (new and renewals)

Butz, Dennis W. - West Bend, WI
Dorn, Glen Fred - Kewaskum, WI
Herriges, Jacqueline A. - Campbellsport, WI
Marchant, Jeanne A. - Kewaskum, WI
Mayer, Tammy S. - West Bend, WI
Roecker, Harry E. - Kewaskum, WI
Roecker, Lori - Kewaskum, WI
Stautz, Clayton - Kewaskum, WI
Strobel, Bernard K. - Kewaskum, WI
Struebing, Wendy Jo - Kewas-

kum, WI
Trapp, Jessica J. - Kewaskum, WI
Willavage, Julie Kay - Kewaskum, WI

Note: The Police Department had no objections to any of the applications.

Administrator Daniel S. Schmidt reviewed the following with the Board:

1) Review of League and Taxpayer bulletins.

2) Review of Board of Review.

3) Centennial Celebration update.

4) Review of general correspondence.

a) Discussed the possibility of a County Wide Clean Sweep for hazardous materials. The Board agreed and a resolution will be brought back to the Board for action.

On a motion by Trustee John Borland, seconded by Trustee Gary Gavin and unanimously carried by voice vote, the Board approved the payment of bills as recommended are as follows:

General	154,231.48
Sewer	27,031.14
Water	9,049.42
TIF	26,765.00
Payroll	39,997.92

TOTAL 257,074.96

A/P Check #9240 - #9415
P/R Check #5840 - #5916

Chairman of the Protection and Public Safety Committee, Trustee John Borland asked Police Chief Knoebel the status of the Tattoo Ordinance. Chief Knoebel indicated it was waiting to be typed.

Chairman of the Park and Recreation Committee, Gary Gavin informed the Board that the ball diamonds are again fully used and that a need to create one or two rubber ball or T ball diamonds and bleachers should be looked at for the 1996 budget.

Administrator Daniel S. Schmidt reviewed the Plan Commission meeting of May 23, 1995 with the Board, due to the absence of Trustee David Goeden. It was noted that a rezoning request was reviewed for Mike and Judy Berger, for 417 Main Street as well as Mr. Rick Kania reviewing more of Chapter 6 of the Land Use Plan. It was noted the public hearing was scheduled for June 19, 1995 on the rezoning request.

Board Representative for the Library Board, Trustee Harry Roecker informed the Board circulation for the month of May was 2,505 or 15,222 for the year. This is up by 1,239 from 1994 for the same period. It was noted that the automation system that was proposed to be purchased a few months ago is already obsolete and that the recommended new system is more expensive. It was again noted that the Library Board is asking for an expanded Library Board allowing two non-Village residents to serve. The consensus of the Board was not to place said item on the agenda for discussion and that they would let the Administrator know when they would like to discuss it.

Action was taken on Ordinance No. 95-5 "An Ordinance to Amend General Ordinances of the Village of Kewaskum" as attached hereto:

On a motion by Trustee Robert Stoltzmann, seconded by Trustee John Borland and carried by the majority roll call

vote, the Board approved the Temporary Class "B"/Class "B" Retailer's License for the Kewaskum Horseshoe League Inc. for July 29, 1995 and July 30, 1995 at the Kewaskum Kiwanis Community Park. Note: The Police Department had no objections to any of the applications. Roll call vote was 5 "Aye" 0 "Nay" 2 "Absent."

On a motion by Trustee Robert Stoltzmann, seconded by Trustee Harry Roecker and unanimously carried by voice vote, the Board approved Robert Struebing as the agent for the aforementioned license/event.

Discussion was held on the request of Bernard and Joan Strobel to open cut Knights Avenue for the installation of sewer and water laterals. It was noted the lot known by tax key no. V4-0022-00B was created in 1992 and that no laterals serve said lot and that in 1993 the surface coarse of asphalt was laid, placing a five year moratorium on open cutting the street without Village Board approval. This is a similar request to the one received in April for Sunset Estates. It was noted the length is longer than normal and that a clean out will be required on the sewer lateral. The same criteria that was asked for regarding Edgewood Road should also be asked for, that being the saw cutting of the street minimizing the footage, slurry back filling, with a hot mix patch and followed with an overall heat patch to blend the area. It was further noted that the street opening permit be tied to the granting of a building permit or after the expiration of the moratorium in 1998. On a motion by Trustee Robert Stoltzmann, seconded by Trustee John Borland and unanimously carried by voice vote, the Board approved the request for the street opening permit with the aforementioned conditions and that a letter to this affect be prepared and signed by the requesting party.

The matter of filling the position of General Maintenance Lead Worker as posted was tabled for lack of agreement with the union and a closed session will be scheduled regarding the negotiations pertaining to this matter.

Action was taken on Resolution No. 95-14 a Resolution Relating to Tax Increment Financing, as recommended by the Mid-Moraine Municipal Association Legislative Committee and attached hereto:

Action was taken on Resolution No. 95-15 a Resolution Relating to Annexation, as recommended by the Mid-Moraine Municipal Association Legislative Committee and attached hereto:

On a motion by Trustee Gary Gavin, seconded by Trustee Harry Roecker and unanimously carried by voice vote, the Board canceled the regular meeting of the Village Board for July 3, 1995 and scheduled all business for the mid-monthly meeting of July 17, 1995.

A question was raised regarding the status of the Central Village Complex. It was noted the Board would be receiving the report prior to the June 19, 1995 meeting and a discussion regarding the building will be scheduled.

President Robert Wagner indicated after the Centennial he is hoping to establish a committee to look at the revitalization of the downtown area. More information will be forth coming.

On a motion by Trustee

John Borland, seconded by Trustee Harry Roecker and carried by the majority roll call vote, to adjourn. Roll call vote was 5 "Aye" 0 "Nay" 2 "Absent."

Daniel S. Schmidt
Administrator
Approved 06-19-95
Pub. (K.S.) 06-29-95

ORDINANCE NO. 95-6

AN ORDINANCE TO AMEND THE ZONING OF VILLAGE LAND

WHEREAS, Mr Michael Berger and Mrs. Judith Berger have petitioned for the rezoning of the parcel of property located at 417 Main Street, Kewaskum, Wisconsin, known by tax key no. V4-0405 of the Village of Kewaskum, Washington County from R-2 Single Family Residence District to B-3 Central Community Retail Business and Service District; and

WHEREAS, the Plan Commission has reviewed the matter at their meeting of May 23, 1995 and recommended the zoning amendment to the Village Board.

NOW THEREFORE, BE IT RESOLVED, that the Village Board approve the rezoning of the above stated land to B-3 Central Community Retail Business and Service District.

BE IT FURTHER RESOLVED, that the Plan Commission also recommend the clarification of zoning on 409 Main Street, (V4-0406) to reflect the proper zoning of B-3 Central Community Retail Business and Service District.

This Ordinance shall take effect upon passage and publication as provided by law.

PASSED, ADOPTED and APPROVED, this 19th day of June, 1995, by the Kewaskum Village Board.

RESOLUTION NO. 95-16

A RESOLUTION REQUESTING WASHINGTON COUNTY TO CREATE A COUNTY-WIDE CLEAN SWEEP PROGRAM

WHEREAS, the Village Board of the Village of Kewaskum, Washington County is involved in an active recycling program as are most of the municipalities of the county; and

WHEREAS, the recycling issue is just a small part of the garbage and refuse overall problem; and

WHEREAS, all of the municipalities in the county are faced with household hazardous waste, a waste that should not go to the landfills and cannot be locally recycled; and

WHEREAS, a collection program is costly to implement, even on an annual basis; and

WHEREAS, a county program would draw residents in from a wider area reducing the cost for all involved due to the setup or fixed cost related with each clean sweep program;

THEREFORE BE IT RESOLVED, that Washington County create a County-Wide Clean Sweep Program to assist the municipalities of the county achieve a cleaner and healthier environment.

ADOPTED and APPROVED, this 19th day of June, 1995, by the Kewaskum Village Board.

**ORDINANCE NO. 95 -2
AN ORDINANCE TO LICENSE
TATTOO ESTABLISHMENTS**

12.10 TATTOO ESTABLISHMENTS

(1) LICENSE REQUIRED

(a) License Required. No person shall engage in the business of tattooing in the Village of Kewaskum on an unlicensed property.

(b) Fee. The license fee required is \$50.00 per annum and must be renewed on or before July 1 of each year.

(c) Application Investigation. The application for license shall be given to the Health Officer. The Village Clerk shall issue the license only after the Health Officer, after an investigation and inspection of the premises where tattooing is proposed to be practiced, certifies that the sanitary conditions prevailing upon the premises comply with the provisions of this chapter.

(d) Licenses Limited. There shall be no more than one (1) license issued per 20,000 population in the Village of Kewaskum.

(e) Display. The license issued shall be posted at all times on the licensed premises in a conspicuous location.

(2) DEFINITIONS

(a) Health Officer shall mean and include the Health Officer or an authorized agent of the Health Officer.

(b) Tattooing shall mean and include any method of placing or removing designs, letters, scrolls, figures, symbols or any other marks upon or under the skin of a person with ink or color by the aid of needles or instruments.

(c) Approved means acceptable to the Health Officer based upon its determination of conformance to good public health practices.

(d) Sterilize means submission to the steam pressure (autoclave) method with at least 15 pounds of pressure per square inch at 250 degrees Fahrenheit for at least 30 minutes.

(3) HEALTH AND SANITARY REQUIREMENTS (a) Premises

1. All tattooing establishments shall be maintained in a clean and sanitary condition. Antiseptic procedures shall be followed to insure physical cleanliness and sanitation.

2. The Health Officer shall have the right under 14.02, Kewaskum Municipal Code, to inspect any tattoo shop licensed under the provisions of this article for the purpose of determining whether or not any of the terms of this article are being violated.

3. A hand washing facility supplied with hot and cold water under pressure, soap and single-service towels shall be located in the room in which the tattoo is administered.

4. Approved waste containers with non-absorbent plastic liners shall be used for all tissues, towels, gauze pads and other similar items used on the customer.

5. No person shall be present in the immediate vicinity of the area in which tattoos are administered unless authorized by the tattoo operator to be there.

(b) Equipment

1. General

a. All tattoo establishments shall be equipped with an autoclave which is in good working order and which is manufactured with the temperature and pressure gauges marked and visible on the outside of the unit.

b. All pigments, dyes and instruments used in the practice of tattooing shall be sterilized before use.

c. Needles shall be used on only one customer and then discarded after use.

d. Needles and/or swabs may not be reused on the same person. All waste materials must be disposed of in accordance with DILHR regulations dealing with Bio Hazards.

e. All instruments shall be thoroughly cleaned before being sterilized. This may be done with an ultrasonic cleaner or with a probe; needles or brush should be able to enter the smallest opening of the instrument. After cleaning, instruments shall be rinsed under fresh running tap water.

f. After sterilization, all needles and other instruments not individually wrapped shall be stored in a sterilized and covered glass container or in a stainless steel tray and submerged in an approved sterilizing and disinfecting solution. The Health Officer shall supply all establishments licensed under this ordinance with a list of approved sterilizing and disinfecting solutions.

g. Equipment or instruments requiring sterilization may be wrapped with an approved paper or plastic or placed in glass or plastic tubes. All such packages or containers shall be marked with temperature recording tape or labels and dated with the date of sterilization.

2. Stencils

a. Plastic stencils shall be thoroughly cleaned after each use and sanitized by immersion for 10 minutes in a chlorine disinfectant solution prepared by mixing one tablespoon of household bleach containing five percent chlorine with one pint of water. A fresh solution of chlorine must be prepared for each stencil. After sanitizing, the stencils shall be rinsed in running tap water and air dried or blotted dry with a clean, single-service towel.

Prior to use, each pre-cleaned stencil shall be rinsed in a 70 percent isopropyl alcohol solution.

b. Paper stencils shall only be used once. New paper stencils shall be used for every individual.

3. Dyes and Inks

a. The licensee shall submit in writing to the Health Officer the source of all dyes and inks used in administering tattoos.

b. Dyes or inks shall be taken only from squeeze bottle containers in which the dyes or inks have been sterilized.

c. Immediately before applying a tattoo, the dye to be used for the tattoo shall be squeezed from the sterile dye bottles into sterile disposable cups. Upon the completion of the tattoo, the cups and unused dye shall be discarded. Any dye in which the needles were dipped shall not be used on another person.

(c) Skin Preparation

1. Aseptic technique must be utilized in the practice of tattooing.

a. Each operator is required to scrub his or her hands thoroughly before commencing tattooing on the customer's skin.

b. If the customer's skin is to be shaved, the skin shall be washed with a cleansing, medicated soap before shaving. A safety razor shall be used. A new blade shall be used for each customer. The blade shall be discarded after each use. Reusable blade holders shall be sterilized after each use. If disposable blade holders are used, they may be used on one customer only and then must be discarded.

c. The skin area to be tattooed shall be prepared by thoroughly washing the area with 70 percent isopropyl alcohol or other method approved by the Health Officer.

d. Single-use gauze pads, cloths and towels should be used in the skin cleaning and preparation process.

e. Petroleum jelly used for applying stencils shall be dispensed from a single-use disposable container or with a sterile tongue blade or sterile applicator stick which shall be discarded after each use.

2. After completing work on any person, the tattooed area shall be washed with 70 percent isopropyl alcohol. A dry, sterile gauze dressing shall be used to cover the tattooed area. Use of medicated ointment on the tattooed area is permitted.

(d) General Supplies

1. All tattooing establishments shall have clean laundered towels, washcloths and disposable paper towels in sufficient quantity for the sanitary operation of the practice of tattooing.

2. A clean towel and washcloth shall be used for each customer.

3. Clean towels and washcloths shall be stored in a closed, dust-proof container.

4. Soiled towels and washcloths shall be stored in an approved covered container.

5. All operators shall wear clean, washable garments.

6. The operating table, chair and supply tables shall be constructed of a material capable of being easily and thoroughly cleaned.

(e) Operator Requirements

1. The operator shall be free of communicable diseases that may be transmitted by the practice of tattooing.

2. Operators with open sores or skin infections on the hand or hands shall not be permitted to engage in the practice of tattooing.

3. The operator shall not use tobacco in any form while administering the tattoo.

4. The operator shall wash his/her hands thoroughly with soap and water before any skin preparation or tattooing; the hands shall be dried with individual single-service towels.

5. Physical examination of operators:

a. The Health Officer shall have the power to require any tattooer to submit to a practicing physician for a physical examination whenever the tattooer is suspected of having any infectious or contagious disease that may be transmitted by the practice of tattooing. The expense of the physical examination shall be paid by the tattooer.

b. Any tattooer notified to appear for a physical examination, as may be required by the preceding subsection, shall immediately cease working as a tattooer and shall not be allowed to work thereafter as a tattooer until he or she shall have first received a certificate in writing from a practicing physician that he or she is not afflicted with any infectious or contagious condition or disease that may be transmitted by the practice of tattooing.

(f) Customers

1. It shall be unlawful for any person to tattoo any person under the age of 18 years.

2. Inquiry shall be made and no tattooing shall be performed on any person who is suspected of having jaundice or hepatitis or who has recovered from jaundice or hepatitis within the preceding six months.

3. Tattooing shall not be performed on any person in an area with an evident skin infection or other skin disease or condition, including but not limited to rashes, pimples, boils or infections.

(4) OTHER PROVISIONS

(a) **Record Retention.** Records shall be kept of all tattoos administered, including the name of customer, date, time, identification of tattoo and operator's name. Records shall be kept on the premises of the tattoo shop where tattoos are administered. These records shall be available for

inspection for a period of six months after the date the tattoo is applied. Inspections of these records can be made by the Health Officer or a Law Enforcement officer in the act of investigating a complaint in reference to license violations.

(b) **Penalties.** Any person found to have violated any provision of this section shall be subject to a fine of not less than \$50.00 and not more than \$500.00.

(c) **Severability.** If any section, sentence, clause or phrase of this ordinance is for any reason held to be invalid or unconstitutional by a decision of any court, such decision shall not affect the validity of the remaining portions of this ordinance.

12.11 SUSPENSION AND REVOCATION OF CERTAIN LICENSES

(1) Licenses issued under Licenses and Permits, Chapter 12 Village of Kewaskum Code, may be suspended or revoked pursuant to this provision.

(2) **ENFORCEMENT OF RULES AND REGULATIONS.** Whenever, upon inspection of a licensed establishment by an authorized agent of the Health Officer or by the Health Officer, it is found the establishment is not operating or equipped as required in subsection (1), the Health Officer or an agent shall notify in writing the person operating the premises and shall specify the requirements described by State law or code and local ordinance to make such place of business conform to the standards established, and shall specify the time limit within which compliance shall take place. If the time limit in the order is not met, or any extension of time granted for compliance, then the permit to operate the establishment may be suspended by the Health Officer.

(3) INSPECTION

(a) **Access to Licensed Premises.** The Health Officer or an authorized representative may enter any establishment licensed under (1) to inspect the premises, secure samples or specimens, examine and copy any relevant document, or obtain photographs or other evidence needed to enforce the provisions of the above-mentioned section.

(4) **EMERGENCY HEALTH HAZARD SITUATIONS.** Whereas a result of an inspection, the Health Officer or an agent has reasonable cause to believe that any inspected food, construction, sanitary condition, method or operation of a premise or equipment used on the premises creates a danger to health, the Health Officer may issue a temporary order prohibiting the sale or movement of food for any purpose or otherwise prohibiting the continued operation which creates the immediate danger to health. The Health Officer or authorized agent may, in addition to the above, without written notice, suspend a license referred to in (1) where the violations of the above-referenced provisions exist to such a degree as to constitute in the opinion of the Health Officer, an immediate health hazard. By so doing, the licensee must immediately cease all operations authorized by the license or permit. Section 97.12(2), Wisconsin Statutes, is incorporated by reference as if fully set forth herein.

(5) **APPEAL BY THE OPERATOR.** Any person aggrieved by an order of the Health Officer may appeal such order to the Board of Health within 30 days after the issuance of such order. The Board of Health may either reaffirm, summarily set aside or modify the order, or set a date for a hearing on the matter. The action taken by the Board of Health may either suspend the order or continue it in force pending determination of the issue. If the Board of Health has summarily modified the order, the person aggrieved may appeal from the modified order. The procedures for appeal of Health Department orders as found in 25.04, Village of Kewaskum Municipal Code, shall apply. An order of the Board of Health may be appealed to the Circuit Court of Washington County pursuant to the Wisconsin Statutes.

County HCE Lists Activities

Washington County HCE members (formerly Homemakers), are looking forward to Farm Progress Days on July 11-13. They will staff the Family Living area providing snacks and hostesses for the guests. Special collars and Backdrop Banner were created for the event.

The Spring council meeting attended by 130 members featured a special video on Farm Progress Days. Three \$300.00 scholarships were awarded to Homemakers daughters Kari Held, Kelly Held, and Heather Baber of the Slinger area.

Myra Peters, representing the Cancer Society, awarded certificates to the HNO Club for 100% participation in the Mammography contest. Polk Dairy Maids placed second with 80% participation.

The Golden Opportunities raffle netted \$435.00 from 64 donations.

Cultural arts were judged by Marge Vida and Dorothy Schoessow from Ozaukee County. The winners included Marlene Witte (2), Bernice Faber (honorary), Lisa Schmidt, Elsie Gardner and Elizabeth Bellin.

Members will support the County Fair with a booth informing the public about their activities.

Comments Sought on Gypsy Moth EIS

(NU) - The USDA Forest Service and Animal and Plant Health Inspection Service have prepared a new draft environmental impact statement which outlines proposed strategies for dealing with gypsy moths and invites public comment. Concerns about insecticide treatments and human safety issues are also addressed. To receive a copy of the draft EIS, call 610-975-4150. (News USA)

Indians Notch Two More Wins

By Tom Menger

After trouncing Hilbert on Friday, 18-5, the Kewaskum varsity baseball team headed to Campbellsport to face the rival Cougars.

Lefty Dan Jeserig started on the mound for Kewaskum, but had to be relieved by Kevin Klahn after control problems led to four walks in just two innings.

Klahn, who came on with the bases loaded, then walked the first batter he faced to put Campbellsport ahead 1-0. The Indians got out of the logjam though, when the next batter grounded out to end the inning.

The Indians responded in the top of the third, when Cory Rammer singled in Tom Menger, who had singled earlier in the inning.

Campbellsport then came back with a single tally in the fourth to regain the lead, 2-1, but the Indians could not be held down as they hammered in three runs in the fifth to pull ahead for good, 4-2.

The Kewaskum runs

came when Klahn singled and moved to third on an error, and Tim Strigenz walked and stole second to put runners on second and third.

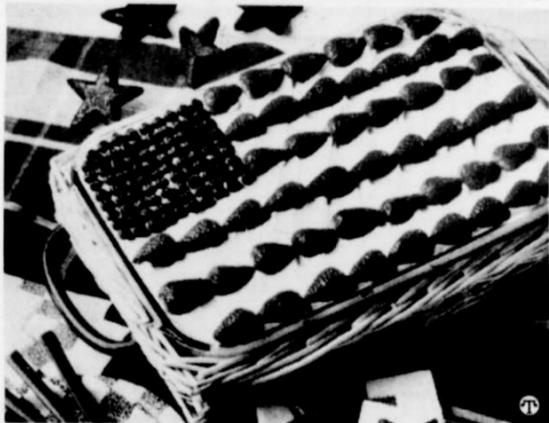

Tim Gundrum then drove a two RBI single into centerfield, and later scored when Dan Survis smashed a hit into leftfield.

Kewaskum scored an insurance run in the sixth, when Joey Rettler reached on an error and was moved to third on a single by Andy Rix. Kevin Klahn then laid down a sacrifice bunt that allowed Rettler to score.

The 5-3 victory helped Kewaskum maintain a solid hold on second place in the Eastern Wisconsin Conference behind undefeated New Holstein.

Celebrate The 4th With A Salute To Old Glory

(NAPS)—July 4th means parades, fireworks and of course, a dazzling picnic spread. For a revolutionary holiday, consider this easy-to-make Flag Cake as the dessert star.

Festive and spirited, this patriotic dessert celebrates the color and glory of summer blueberries and strawberries paired with the all-American taste of Cool Whip® whipped topping. Best of all, this recipe signals independence from the oven because it calls for a prepared Sara Lee® pound cake.

To make, just line the bottom of a baking dish with thawed pound cake slices and berries and spread creamy-white whipped topping over the moist cake. Then arrange more berries on top to create colorful stars and stripes. Easy and delicious, this 15-minute Flag Cake is a salute to the nation that even Betsy Ross would approve!

FLAG CAKE

- 2 pints strawberries
- 1 package frozen (10.75 ounces) SARA LEE® Pound Cake, thawed, cut into 10 slices
- 1 1/3 cups blueberries, divided
- 1 tub (12 ounces) COOL WHIP® whipped topping, thawed

SLICE 1 cup of the strawberries; set aside. Halve remaining strawberries; set aside.

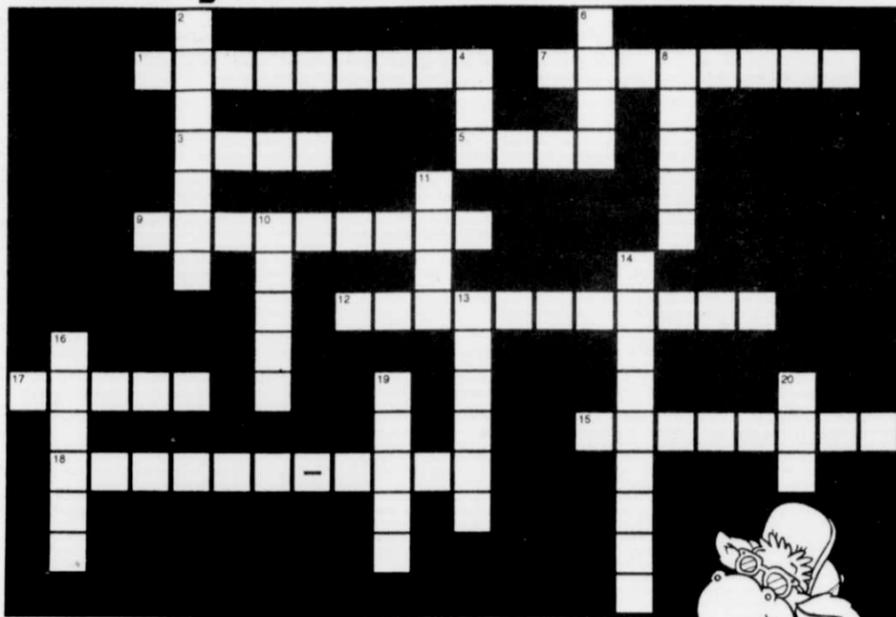

LINE bottom of 12x8-inch baking dish with pound cake slices. Top with 1 cup sliced strawberries, 1 cup of the blueberries and all of the whipped topping.

PLACE strawberry halves and remaining 1/3 cup blueberries on whipped topping to create a flag design.

REFRIGERATE until ready to serve.

Makes 15 servings.

Dairy Cool Crossword

**Four on All-Stars
A's Split in
Rock River**

The Kewaskum Athletics split a pair of Rock River League games over the weekend to make their record 6-4.

On Saturday, Kewaskum traveled to Slinger to make up an earlier rainout. The Stingers prevailed in a slugfest by a 15-11 score. The game featured 36 hits, 19 by Slinger.

Leading the offense for the second place Stingers was Joe Neuber who went five for six, with two runs scored and three RBIs. Dave Geldnich, Rib Michels, Scott Sabin, Mike Berger, Rick Held and Brad Geldnich each collected two hits for the visitors.

Kewaskum had many hitting stars of their own. Barry Wenzlaff was three for five with a double, homer and two RBIs. Chad Cook had a triple among his three hits and scored three runs. Doug Gonring went three for six with a double and two RBIs. Terry Koth also had three hits while Dave Donath collected two. The Athletics battled back from 7-2 and 11-6 deficits to tie the score at 11 in the seventh inning.

Slinger scored three runs in the bottom of the seventh and one in the bottom of the eighth each time after the first two batters were retired.

The Athletics returned to the win column with an 8-5 victory over the Hartford Hawks on Sunday. Ryan Hall pitched the entire game allowing five hits while striking out nine. Barry Wenzlaff continued his torrid weekend going two for four and knocking in four runs. Curt Schroeder also collected two

hits and scored two runs.

The Hawks were led by Glenn Thoele who had two hits including a double. Garrett Luch added a two-run homer.

The A's travel to Hustisford Wednesday, June 28, for a Tri County league game. Sunday, Kewaskum hosts Waupun in a Rock River League contest at 1:30. The Athletics journey to Oshkosh for a July 4th doubleheader. The first game is a regularly scheduled Rock River League game. The second game will be a makeup of a Tri-County League game rained out early in May.

Kewaskum had four players named to the Rock River League Northern Division All-Star game to be played at Helenville on July 15, beginning at 2 p.m. Repeaters from last year's all-star team are Terry Koth (3B), Don Menzel (P), and Doug Gonring (1B). Joining them will be first-time all-star Todd Muckerheide.

Muckerheide was hitting .480 with two homeruns and 11 RBIs. Koth was hitting .367, scored 10 runs, four homeruns and 16 RBIs. Gonring had three homeruns and 15 RBIs to go with his .333 average. Menzel posted a 4-2 record despite battling a sore arm.

All-Star tickets are available from the A's players which will admit fans to the All-Star game and enter the holder in a prize raffle.
