Auto Body Dynamics Opens Here

Thomas Kudek of Auto Body Dynamics poses beside his new explosion proof mixing room.

By Sharon Callaway Roznik

Auto Body Dynamics recently opened up for business in Kewaskum, located in the garage area behind Attorney Kiefer's office on Fond du

Lac Avenue.

Owner Thomas Kudek is a 1980 Kewaskum High School graduate, and started his on the job training in the body shop at Honeck Chevrolet, working there for several

years, and then moving around to other auto body shops in the area. Later he worked out of his home in Kohlsville, using a three car garage to start his own business.

Mom Nature Dumps Over 10 Inches

Kewaskum DPW crews worked feverishly on Monday to try and stay ahead of the weather, but Mom Nature proved once again that she was in control, as she persistently kept the snow coming for nearly 16 hours. By the time she tired out, well over 10 inches had accumulated on the ground, fueled even further by winds in excess of 25 mph. The Kewaskum School District, with one ear on the impending forecast, wisely called off school shortly after 7 a.m. which meant busses had to be rerouted to drop students back off at their respective homes. Nearly all school classes and various other scheduled events were canceled throughout the surrounding communities. Many businesses also closed early in the day as potential customers could only watch the world from their front windows. It was one of those good old-fashioned snow storms that all kids of all ages wait for... when everything in Mother Nature's path comes to a grinding halt.

Christmas Parade All Set for Sunday

By Sharon Callaway Roznik

The Kewaskum Christmas Parade is all set for this Sunday, December 3, beginning at 5 p.m., and the village will make way for throngs of merry makers that will surely excite and delight young and old.

The parade is sponsored by the Kewaskum Area Chamber of Commerce, who would like to remind all participants to be at the Kewaskum Fire House prior to 4 p.m., to avoid congestion and get ready to line-up for the big event.

The Fire Department has again graciously offered to open their doors so all parade participants can have the opportunity to warm up in their facilities while they wait for the parade to begin.

As you bundle up for the big event, don't forget to bring along you donations of food for the holiday food drive that is also

taking place during the parade.

The need is there, so please extend a helping hand and join the Chamber, along with Bank Wisconsin and Kewaskum High School, in brightening the season for those who need your help. Food boxes and barrels will be located on the Chamber float and the Bank Wisconsin float. Please feel free to hand your donation to either the Chamber elves or the Bank Wisconsin helpers along the parade route. All food donated at the parade will be turned over to the Washington County Food Pantry.

All children will be rewarded with a bag of goodies from Santa at the end of the parade. Children participating in the parade will also be given a treat bag. The residents at Maple Dale Manor in Kewaskum have been busy this week helping Santa and his elves stuff

Board Approves Budget

Village Tax Rate Reflects 0% Increase

By Lana Harbeck Kuehl

Not a single taxpayer was stirring in the audience at the Public Hearing set up for approval of the 1996 Village Budget on Monday evening.

Whether the conspicuous absence of taxpayers was due to the havoc Mother Nature was rendering outside the Municipal Building, or a lack of interest in how tax dollars are being spent, is yet to be determined.

Lack of attendance at local governmental proceedings generally indicates that John Q. Citizen feels, "all is right with the world." And, actually, John Q. Citizen should be quite pleased with local government due to the fact the Village Tax Rate reflects a 0% increase. This seems to be a fact that is vir-

tually unheard of in government these days.

The Village Tax Rate for 1994 was \$7.318 compared to the 1995 Tax Rate of \$5.258 per \$1,000 of assessed value.

According to Village Administrator Daniel Schmidt the Village has again maintained a stable balanced budget for 1996. The general budget has actually decreased \$173,577 or 10.4%. The tax levy to be collected, that means real dollars to be collected, is actually increased. But the increase is caused by real growth. The Village Property Tax Rate will remain constant in comparison to '94/95. The equalized value has increased \$13,349,000 or 13.8%. The assessed value for '95 increased \$40,522,800

WEEKS WIT

Most people on earth still believe in God, but no one has bothered to ask Him if He still believes in people.

Kelly Wagner's Condition Upgraded

By Sharon Callaway Roznik

Kelly Wagner, the nine year old Farmington student who was hit by a car on October 26 while attempting to cross the street, still remains at Children's Hospital in Milwaukee, but doctors say she is now conscious, and some signs of health are returning.

For awhile it was touch and go, as Kelly developed a brain infection, and faced surgery, but a spokesperson for the family states that the infection miraculously cleared up, and as far as they know, no further infection has developed.

The second grader has been moved from intensive care to the rehabilitation unit, and is able to breathe on her own. "She does wake up and open her eyes, but we can't tell if she is really seeing us or not," the spokesperson related, since she is still unable to talk or feed herself. They feel she may still be in some pain, since she does cry when she is awake, and doctors will be performing surgery to implant a permanent shunt to relieve the pressure on her brain due to swelling from fluid buildup.

Kelly has a long road ahead of her, and the prognosis is unclear at this point, as to whether any brain damage occurred. It is possible that she may have to learn to do some things over again, but her age is a plus, and family and friends are hopeful that she can make a full recovery.

West Bend Savings Banks in Kewaskum and West Bend are set up to receive donations to a fund set up in her name. Her parents, Wayne and Darlene, are grateful for the prayers and support they have received from the community. All donations to Kelly Wagner will be used to help defray the mounting medical costs the family now faces.

This little girl turned nine on November 12, but was unable to enjoy the milestone most children look forward to. Wouldn't it be nice to acknowledge her birthday by donating to her account during the holiday season? Her family is hoping that by Christmas she'll be well enough to come home on a day pass from the hospital.

The community's show of support, makes

each day a little easier for the Wagners, and you can help by donating to this worthwhile fund.

Auto Body

Continued from Page 1

"I always worked on cars on my own, so I did have my own business before, but now it's more official," he states, pointing out that Auto Body Dynamics is located in the old Honeck showroom, which also housed a movie theater in previous years.

Kudek offers complete auto body repair from start to finish, including framework, painting, and all general car body needs. Insurance work is a difficult field to get into," he explains, "since most companies tend to work with larger shops in the area they've already established business with. Still, it's your choice, where you want to get the work done."

The interior of the shop contains state of the

art JBI metal spray booths with respirator systems that comply with all safety guidelines regulating the industry today. The 24 x 15 foot booth appears futuristic, with built in lights illuminating the already stark white interior, creating a perfect area for spray painting cars to perfection. "I can repaint all types of vehicles, and I also restore old cars complete, inside and out," Kudek emphasizes, since he owns a '69 Firebird convertible he restored himself.

Another smaller, explosion proof room is used to mix paints and store paints and all related materials. "By the first of the year, OSHA and DNR regulations will require stricter and stricter controls over these materials," Thomas relates, "and all shops will have to conform to these requirements."

Mixing paints to achieve the perfect match or create a new color is an art in itself, and Kudek has developed his own techniques over the years, preferring to use DuPont paints. "I've had the best luck with this brand, and it seems to be consistent," he said. Two clear coats as a protective seal is applied over three or four coats of color, depending on the color being used. "It varies from shop to shop and person to person," he

adds. Colors change each year, and Auto Body Dynamics offers the full range of new metallic hues popular on vehicles today.

The new business also offers custom sunroofs, pinstriping, complete car detailing, and Lund truck equipment accessories, such as van visors, hoods and shields. The parts arrive with a primer coat, and Tom will paint it to match your vehicle.

specialty areas, and Kudek is currently enrolled in the DuPont Refinishing School, which offers paint warranties to customers through DuPont.

Tom resides in Kohlsville, with his wife Denise, and their four children, Ericka, Tony, Steven and Morgan.

Business hours are 8 a.m. to 5 p.m. Monday through Friday, and Saturdays by appointment. Gift certificates for the holiday season are also available.

Village Tax

(Continued from Page 1)

or 58.2% due to the revaluation.

Administrator Schmidt explained, "In reference to the revaluation process, that's mandated by the State of Wisconsin Department of Revenue. They establish the values; the equalized value, that means the market value, and the assessed value."

The State mandates that once a political jurisdiction (that being a town, village or city) falls below 90% of equalized (market) value, it is necessary for that jurisdiction to be reassessed (revalued). This process must be accomplished within a designated period of time.

The Village of Kewaskum did fall below the 90% about four years ago and was mandated to accomplish a revaluation, which was completed January 1, 1995. The revaluation reflects actual property worth/value by category.

Trustee Gavin asked, "Once you're below, at 89%, you have three years to do the revaluation?"

Schmidt replied, "Actually, four. If the community does not proceed to do it, then the State brings in State Assessors and you pay them whatever. You don't have a choice."

He further explained, "We're at 99 now. Next year, I would anticipate that we'll be down to 94 or 92. Many residential properties went up substantially. We had a property that went up from \$43,000 to \$75,000. That property just sold for \$90,500. That's 23% higher than what the assessment was."

It should be further noted that values have continued to increase since January 1, 1995, the revaluation date. Residential properties are actually selling for 6% to 12% more than assessed. What this means is that within another year or two the Village may be ordered to reassess property again. This is not only time consuming, but costly, for such a revaluation will cost an estimated \$40,000.

It was noted that the State of Wisconsin has kept the "Lottery Credit" on the tax bill. The level of all basic services has remained at or near the same as in previous years. There will be a modest amount of street maintenance work accomplished in 1996. However, with the State Legislature not increasing the Department of Transportation budget, it is likely the Village will need to cut back that

proposed amount of work.

It should further be noted that the Village has again had its share of State Shared Revenue and Expenditure and Restraint moneys cut. This year approximately \$28,000 will be lost.

The assessed gross tax rate has decreased from \$37.91 (\$26.99) to \$25.57 this year, a decrease of \$1.429 or 5.3%. All taxing jurisdictions have followed in the Village's footsteps generally, stabilizing their budgets and even decreasing them slightly. The Village Board has no authority to approve or disapprove of these rates, just mandated to collect those taxes.

The state tax credit will be coming in at \$1.22 which reflects a modest increase. The final rate will actually end up being \$24.34 which is down \$1.34 from last year.

Filing Deadline Is Extended For Village Board Candidates

All village and school district residents are reminded that the deadline for filing candidacy papers and non-candidacy papers is rapidly approaching. The deadline for filing non-candidacy papers was Friday, November 24.

Normally any electors desiring to be a candidate for either school board or village board, must file a Sworn Declaration of Candidacy at the respective offices of the School District (1450 School Street) or the Village Municipal Building by Tuesday, December 5th.

However, due to the fact

an incumbent for the position of Village Trustee failed to file non-candidacy papers by the deadline, the filing deadline for candidacy has been extended for 72 hours.

This will give non-incumbents only the opportunity to file candidacy papers until 5 p.m. on Friday, December 8. This rule will affect only candidates (who are not incumbents) for Village Board. The School Board candidates must have their papers filed by December 5.

There are three positions open on the Kewaskum School Board and three positions open on the Kewaskum Village Board. Please exercise your civic right and duty to serve on one of these boards. Your community could very well be a better place if you decide to become involved in it.

Anybody can sympathize with the sufferings of a friend, but it requires a very fine nature to sympathize with a friend's success.

Kewaskum Elementary Students Plant Tulips

KES students plant tulips as a community service project. Pictured clockwise Jeff Bannenberg (head not shown), Melissa Simonson, Josh Burtard, Chris Menzynski and Keith Scannell.

Andy Charles digs holes for the tulip bulbs.

Approximately 400 students and teachers from Kewaskum Elementary School have been working in spots around the village planting tulips.

This is a project chosen by the KES staff as a community service project to help celebrate the centennial. Next spring you should see multi-colored tulips blooming at KES, the Kiwanis Park, the Fire Station, the Information Gazebo, the Municipal Building, and

other locations.

Funds to purchase the tulip bulbs were provided by the Kewaskum Women's Club. This was their way of using some of the profits from their "Sweet Shoppe" at the Centennial for the community.

Many thanks to all who participated, including parents who went along to help.

IN MEMORY

In loving memory of my husband, and our father, **DICK SCHUPPEL**, who passed one year ago, Dec. 3, 1994:

We hold in our tears when we speak your name.

But the ache in our hearts remains the same.

No one knows the sorrow that we share.

When our families and friends meet and you're not there.

Nothing will ever be more beautiful than the memories that are of you.

To all of us you were someone very special. God must have thought so, too.

Sadly missed by wife Debbie and children Katie and Alec.

The height of frustration: A wife who finds a letter she gave her husband to mail three months ago in a coat that had been home ever since, waiting for a button to be sewn on.

The second grade students and Mrs. Goham are shown playing, "Saint Bingo."

The students at Holy Trinity School decided to celebrate All Saints Day on November 1, instead of Halloween.

The first through fourth grades did the following activities: coloring Saint pictures, playing Pin the Halo on the Angel, and having heavenly

snacks.

The fifth through eighth grades participated in Saint Bingo, Bible Trivia, watched a film-strip, and also had snacks. It was great fun and an afternoon of games and enjoyment.

WINTER PARKING

The Winter Parking Restrictions and Snow Emergency Parking Restrictions go into effect at mid-night (12:00 a.m.) on December 1, 1995.

Municipal Code Section 7.04(3) Night Parking Restrictions, reads as follows: Signs have been erected at or reasonably near the corporate limits as provided in Section 349.13, Wisconsin Statutes, no person excepting physicians or licensed emergency vehicles on emergency calls, shall park or stop any vehicle on any public street or highway within the village between the hours of 2:00 A.M. and 6:00 A.M. from December 1, to April 1, of each year; provided that, notwithstanding such restrictions vehicles may be parked a period of time not longer than 3 minutes for actually loading or unloading of passengers, and provided further that no other regulation restricting parking as to place, time, or manner violated thereby.

The fine for violating the ordinance is:

\$5.00 if paid within three (3) days of the issuance of the parking citation.

\$10.00 if paid after ten (10) days but before 28 days.

After 28 days, the amount is \$25.00 and a notice will be sent to the Motor Vehicle Department to suspend your vehicle, registrations and refuse renewals until the citation is satisfied.

An important fact is the owner of the vehicle is responsible for the payment of the citation whether or not he was the operator.

Municipal Code Section 7.04 (4) Removal of Illegally Parked Vehicles. This section covers the issuance of citations to and possible removal of such vehicles in violation of this ordinance. In addition to other penalties provided by Section 7.04(6) of this code, the owner or operator of a vehicle so removed shall pay the cost of the towing and storage.

Dundee Goes Up For Sale in New Game

Lions Club members Helen Wittkop and Bob Schlek (past president) enjoy playing their new Dundee Long Lake Lions Club Game.

Businesses in Dundee area are up for sale!!

Anyone owning Dins Mini Mart or Timblin Trucking or any of the many businesses in the area, just have to play a good game --- The Game of the Dundee Long Lake Lions Club.

The local Lions club is selling a game similar to Monopoly in which a lucky player can land on as many as 34 area businesses and community organizations that can be bought, sold, or simply traded as stock.

Designed for two to six players, the board displays 30 properties and four corner squares where a player can take a shortcut through Bensons Campgrounds, get stuck at Bohlman's Bar, or have to pay a down payment for a house at the Dundee Bank.

Players begin with \$100,000 in play cash, roll the dice, and proceed with buying property and investing in the Dundee Long Lake area. Then move on to Armstrong Repair but may be wind up at the Bar-N-Ranch.

The businesses and community groups depicted on the game board make the game itself unique plus being a collectors item. Just think of all the fun you can have playing it yourself or giving a game as a Christmas gift to friends and family.

The Dundee Long Lake Lions Club Game can be purchased at Merri-Lore Market in Armstrong, Dins Mini Mart in Dundee or by calling 533-5464 or 533-4099. Cost of each game is \$19.95 with profits going towards projects selected by the Lions club itself.

Kewaskum 4-H'ers

The November 2 meeting of the Kewaskum 4-H'ers was called to order by President Amy Johnson at 7 p.m. at the Kewaskum Municipal Building.

The Pledge of Allegiance and the 4-H Pledge was led by President Amy Johnson and said by all.

Roll call was taken by secretary Jon Lendved and the treasurer's report was given and accepted. For re-enrolling members, if you have not paid your club dues of \$2 be sure to contact Bonnie Zanow.

The question was asked "What are club dues for?" 1) \$1 will be donated to the Wisconsin 4-H Foundation. 2) .50 will stay in the Washington County 4-H Leaders Association account to help support the programs here in our county, such as members year pins, scholarships for youth and adult trainings, poster prize money, etc. 3) .50 will be sent to the Washington County Treasurer and deposited into the 4-H Department budget under the publications and literature revenue account to help defray the literature costs of well over \$6,000.

The following committee reports were given: Jessica Barnes reported on the Club Mini Fair held on October 5; Brooke Zanow reported on the County Open House held October 7; Jessica Barnes reported on the Farmer's Market held October 21 in West Bend; Jamie Imler reported on the Halloween craft - Halloween skeleton and ghost held the 21st; Jon Lendved reported on the Officer Training Workshop held October 23; Brooke Zanow and Mrs. Johnson reported on the Explore the Arts in Slinger held October 28, and Jessica Barnes reported on the club Halloween party held on October 28.

Members have officially started our annual fundraiser selling candy bars. Each member is asked to sell at least one box of 60 candy bars. This is an excellent fundraiser and goes over real well. We thank all that have helped in the past to make this our biggest fundraiser.

New members are encouraged to turn in their enrollment forms to Mrs. Zanow at the December 7 meeting. Members may add or delete projects up until January 15, 1996. See Mrs. Zanow if you need to make a change in projects.

We would like to thank

ber 20, at 7 p.m. at the Public Agency Center in West Bend.

Trees... Trees... Trees...

The Kewaskum High School band tree lot has been a busy place these past few days and many trees have found a good home for the holidays. How about your home? Does it need a little added festive adornment?

Well, if it does, look no further. Just drive on over to the Kewaskum Mall, find the Booster Club van located under the lights and check our trees out. When you get there, you will find Scotch pines for \$14.50 - five feet and under, and \$1850 for a tree taller than five feet.

The White pine really look great and sell for \$18.50; the Balsam fir are priced at \$27.00 and up depending on size and beauty. A few White and Blue Spruce remain, priced at \$27, and the Cadillac of the season, the Frazer fir sell for \$35 to \$38, and they are gorgeous.

So as you get in the Christmas spirit, please consider purchasing your tree from the KHS band members. The band members are also selling the famous Booster Club wreaths. The tree lot is open Monday through Friday, from 3:30 to 6:30 p.m. and the hours for

Saturday and Sunday are from 9 a.m. to 5 p.m.

Also, we hope that you will all circle December 20, on your calendars and attend the KHS Christmas Concert. More information will be given out at a later date.

ATTENTION SNOWMOBILERS!

A reminder to all of us who enjoy the sport of snowmobiling.

As you are aware, the farmers and landowners of this area are the backbone of our trail systems. Due to the actions of a few irresponsible riders, we are in danger of losing our trails to frustrated landowners.

Repeated and excessive crop damage suffered at the hands of a few early, anxious snowmobilers are grounds for us to lose our trails. Even though the state trails may remain closed until the club determines the conditions are right for opening them.

Please make every effort possible to find out if club trails are open in the areas you plan on riding in. Information on our club trails and others can be obtained by calling a new snow information HOT LINE at 457-8810, selection 2990.

Your efforts will be greatly appreciated and we will all be rewarded with a great trail system to ride on.

Thank you.

Hunters Register 186,103 Deer on Opening Weekend

MADISON -- A large, healthy deer herd and perfect weather conditions statewide marked the 1995 Wisconsin gun deer season opening weekend as one of the most enjoyable on record, Bill Mytton, Department of Natural Resources deer and bear ecologist, said.

Wildlife managers working deer registrations reported many successful hunters throughout the state. Hunters mentioned spotting good numbers of deer in certain areas while the ideal hunting weather tempered the attitudes of hunters that in some areas didn't see the number of deer they expected.

A total of 186,103 deer were registered during the opening weekend which included 96,242 bucks and 89,861 antlerless deer.

"The total is very encouraging from a management aspect. It indicates a lot of hunters participated in Wisconsin's tradition of hunting and that many were able to harvest a deer," Mytton said. "The two-day registration figure is the highest we've had, topping 1990 when 168,546 deer were registered. There were 146,335 registered opening weekend last season."

Hunters had until 5 p.m. on Monday, November 27, to register their deer. The nine-day season ran through Sunday,

November 26.

Under the framework established for the gun deer season -- with opening day the Saturday before Thanksgiving -- the season came earlier this year, and many hunters reported that rut, or mating, activity was still going on causing increased natural movement of deer during the day. Several wildlife managers also reported signs that the rut was later this year.

Along with the ideal hunting conditions, hunters also had the highest number of antlerless permits ever issued. Managers reported that statewide many young hunters harvested their first deer this season. The marginal acorn crop this fall caused deer to congregate near agricultural crop fields and affected movement patterns in forested areas.

"Snow cover held from the northern forested area as far south as north-facing hills in Dane County, which helped hunters see into the woods and made for better tracking," Mytton said.

Several hundred deer have already been donated to feed the hungry through the Sportmen Against Hunger program. Hunters who participated in this program donated the cost of processing the meat and took their deer to participating meat processing plants.

Indians Open Season With Loss

By Perry Koth

Playing a game after only a week and a half of practice when you have a new coach, new players and an entirely new system to put in, is not the most ideal situation to be in.

But that is what Kewaskum's new head boys' basketball coach, Dave Shaw, and his team, found themselves in last Wednesday as they opened their 1995-96 basketball season, by hosting the Slinger Owls.

The Indians, who were trying to utilize the new philosophies Coach Shaw has been teaching them, came up on the short end of a 62-50 score. After a slow start, the Indians finished strong and held a 18-12 lead at the end of the first quarter.

Junior Dan Jeserig scored eight of his 10 points in this stanza, and Kewaskum looked like they were comfortable with the new system.

The second quarter, however, was a coaches nightmare, as the Indians were able to score only two points on their way to a 23-20 halftime deficit. Good defense by Slinger, poor shooting and turnovers by Kewaskum contributed to the Indians poor defensive output.

The third quarter saw the two teams play evenly as Slinger outscored KHS by a 16-15 margin putting the score at 38-34 in Slinger's favor.

The fourth quarter was all Slingers, or more specifically junior Eric Kamraths, as he scored

12 of his game high 23 points during this period. Kewaskum did have one opportunity to change the momentum of the quarter with about three minutes left.

With the Indians trailing, 48-38, Ryan Herman made a basket and was fouled giving him a chance for a three-point play.

Slinger Coach Alan Schieve did not like the call as he came out onto the floor to protest and received a technical foul. With the made basket, one free throw for the foul, two free throws for the technical foul, and possession of the ball, the Indians could have cut the ten point lead down to two or three points.

However, it was not to be, as they missed all three free throws and then turned the ball over on the possession. The missed opportunity was their last opportunity as they never got closer than eight points the rest of the way. Coach Shaw felt that his team was "stale on the execution of the offense in the second half."

Kewaskum had balanced scoring with Kevin Martin, Dan Jeserig and Rick Novotny scoring ten points, Ryan Herman, eight, while Brian Butschlick scored all seven of his points in the fourth quarter.

Slinger was led by

Kamrath with 23 points and senior Dave Weske with 12. The Indians made only one of nine free throws (11%) for the game.

While Dave Shaw was not happy about the loss, he did feel that overall they took a step forward, put in a solid effort, and learned from this game both as individuals and as a team.

Coach Shaw was especially pleased with the play of sophomore Jeb Jungwirth who "picked up the team coming off the bench. There was definitely no let down when he entered the game." Shaw also cited senior Ryan Herman for "asserting himself defensively" during the game.

The road does not get any easier for the KHS hoopsters, as they play four games in the next week and a half.
