School Board Begins Process to Search for Permanent Superintendent

By Sharon Callaway Roznik

It was a toss-up between the audience and the school board members as to who was more confused at Monday night's school board meeting, as they attempted to discuss beginning the search for a permanent superintendent of the Kewaskum school district.

As near as they could get to keeping their previous word regarding this subject, the board did approve a motion that read, "To begin the process of the search for permanent superintendent, and make an attempt to post this by the end of January or early Febru-

ary."

Treasurer Karen Sparks opened the discussion with a statement she had drafted after placing this item on the January agenda. It was brought to her attention that a closed session had been scheduled by board member Jeanne Goeden to meet with the district's legal advisor on January 15, of the process. Although some other board members felt the decision to post the position should wait until after the scheduled closed session, Sparks reminded the board that at previous meetings, board president Neal Weare had

assured the community that the position for permanent superintendent of the Kewaskum School District would be posted sometime at the end of January, or early February, and in order to do this, action to begin the process had to be taken at this meeting.

Sparks went on to question a memo to the board had received from interim superintendent Dr. Johnson, in which she felt he had implied that if the board decided to go ahead and search for candidates for the job, he would not be one of them.

Board member John

Volunteers Needed to Evaluate School District

By Sharon Callaway Roznik

The Kewaskum School Board paved the way for implementation of their latest district face-lift at Monday night's meeting, approving the go ahead to set in motion steps toward developing a long term "strategic plan" for the school district.

District Administrator Dr. Charles Johnson urged the board to follow steps many school districts have already taken, to evaluate the impact of future population growth, to develop a mission statement the district

can call their own, and commit to the development of workshops, subcommittees, study groups, and a task force, to evaluate and assess the current state of the district.

At a recent workshop, Johnson and the board discussed the need for a facilities study, after Johnson cited student numbers are rising, as the district continues to grow. Add to that the impact of the school choice program, and it's evident the district needs to look ahead through the next ten years, and num-

Fire Department Purchases New Suburban

In an effort to continue to improve and up-date department equipment, the Kewaskum Fire Department recently purchased the above 1993 Chevrolet Suburban. No taxpayer dollars were used for the acquisition. The vehicle will replace the 1967 Chevrolet Suburban-Rescue-All. Light bars, communication radios and front flashers were all installed by department members. The vehicle will be used by fire inspectors, and as transportation to educations conferences for Emergency Medical Technicians and Firefighters, and can also be used as a command vehicle at a major incident. The department's 1967 Suburban is for sale. Written bids will be accepted until February 15, 1996 and can be mailed to the Kewaskum Fire Department, Suburban Bid, P.O. Box 422, Kewaskum, WI 53040. Any questions can be directed to Fire Chief Mark Groeschel at 626-2842.

County Sheriff Schulteis Announces Retirement

Sheriff Robert H. Schulteis has announced that he will retire as Sheriff of Washington County when his term expires January 6, 1997. His career with the Sheriff's Department began in 1969 as a Jailer, and he was promoted through the ranks in 1972 as Patrolman, in 1976 as Detective, in 1981 as Detective Coordinator, and 1984 as Lieutenant.

In addition to his involvement in several police and community groups, Sheriff Schulteis received the department award as Officer of the Year in 1975, and was presented both the County and State Law Officer of the Year award by the American Legion in 1987. In 1989 he was elected to the office of Sheriff, and has held that office since then.

Sheriff Schulteis is credited with protecting the quality of life in Washington County by implementing creative County programs such as:

- 911 Emergency Service
- Department SWAT Team
- DARE (Drug Abuse Resistance Education) Programs

- We-Tip Hot Line (Anonymous Drug Investigation Tips)
- CEASE (Drug Eradication Program)
- Multi-Jurisdictional Drug Unit Expansion
- Department Reorganization
- School/Law Enforcement Monthly Meetings
- Department Computerized Center, Records, and Jail Photo Imaging.
- Department Mobile Command Post
- Digitat/Dictation System (Deputy Reports Squad/Office)
- Electronic Monitoring (Ankle Bracelet Program)

The Sheriff will continue to concentrate on providing Washington County with quality law enforcement. Sheriff Schulteis would like to extend his appreciation to the citizens of Washington County for the opportunity to serve as Sheriff.

In addition, Sheriff Robert Schulteis has made known he will serve as Campaign Chairman for Captain Jack Theusch, who will be announcing his candidacy for Sheriff in the near future for the 1996 Fall election.

Village Represented in League Of Wisconsin Municipalities

Village Officials, Administrator Daniel Schmidt and President Bob Wagner

By Louise Martin

The Village of Kewaskum is one of over 500 Wisconsin municipalities that is represented in the League of Wisconsin Municipalities. Kewaskum is represented by Village President Bob Wagner and Village Administrator Daniel Schmidt.

Wagner is presently serving an appointed two year term on the Board of Directors and also serves on the Regional Task Force Committee. Schmidt is one of 20 members currently serving on the Financial and Taxation Committee and also serves on a 12 member Strategic Planning Lobbying Action Team.

Established in 1898, the organization is open to anyone involved with a municipality. It's purpose is to provide an environment to share ideas and information, work on common problems, review pending legislation that although the decision is made in Madison, the result will effect municipal government and it's residents. The League also provides more influence in Madison when municipalities oppose or support legislation as a group.

Two controversial issues presently before the legislation in Madison are: 1) the deregulation of electrical utilities. The League is opposed to the bill because the homeowner will pay substantially more for electrical power and small electrical utility companies will be forced out of business; and, 2) the restructure of how farmland is taxed. A proposed bill tax

farm land on it's farm value instead of the current estate tax value. The resulting loss of tax revenue will be passed on to the municipalities. Because of the effect passage of this bill will have on municipalities, the League opposes it.

Each Village Trustee receives a monthly mailing from the League. If the Village Board supports or opposes pending legislation a resolution is adopted, voted on and then sent to our legislators, the League and sponsors of the bill, so our position on the bill is known. Village officials prepared and sent a resolution opposing the Clean Air Formulated Fuel Bill.

A two and one-half day conference is held each October. It is a top notch, educational conference providing numerous training sessions for all positions within a municipality. Attendants and past speakers have included Governor Tommy Thompson and cabinet members, Mayor John Norquist, elected

officials, national leaders, professors and attorneys.

Wagner served two years, in the position of vice president and president, on the Mid-Moraine Municipal Association, a multi-county organization (Washington and Ozaukee Counties), and currently serves as past president on the executive board. Schmidt is also a past president of the association and remains an active member in the Mid-Moraine as well.

President Wagner strongly encourages village residents to take an interest in pending legislative issues and to make your support or opposition known to our legislators. Senator Mary Panzer can be reached at 1-800-662-1227 or letters sent to P.O. Box 7882, Madison, WI 53707-7882.

Our Assembly Representative, Glenn Grothman can be reached at 1-608-264-8486. His office mailing address is P.O. Box 8952, Room 402 & 403, Madison, WI 53708.

Village Reassessment Affects Property Tax Bills

By Louise Martin

Taxes! Sales tax, property tax, estate tax, stadium tax, fuel tax, income tax! Like it or not, it makes our world go round, and we all pay our share in one way or another.

This year some village residents saw an increase in their property tax bill, some saw a decrease and others remained almost the same as a result of a village wide assessment.

State law requires municipalities to reassess property when the equalized value falls below 90%. The equalized value is described as the fair market value of property.

For example, a home has a market value of \$100,000 and an assessed value of \$85,000. Reassessment brings the assessed value more in line with the market value. The State of Wisconsin Department of Revenue establishes the value of a municipality based on home sales and economic conditions in the area.

Reassessment redistributes, based on the fair market value, who is paying what share of property tax. In 1995, the Village of Kewaskum was required to reassess village property. Residential properties increased

more than commercial and industrial.

Washington County continues to be the fastest growing county in the state. Such population affects property values, most generally increasing them. Values in the Village have continued to increase since the reassessment was completed. This means the Village could be required to reassess property again in another year or two, a time consuming and costly project.

THANK YOU

From our hearts, we wish to thank "911" and the God-speed of our Boltonville Firefighters (who saved our house)! And assisting fire departments.

To our neighbors and friends for their help, concern, and hugs...

We are indeed FORTUNATE for all!

School Board

(Continued from Page 1)

Schulte felt that line was taken out of context, but Mr. Johnson failed to explain himself one way or the other, remaining silent throughout the discussion.

"I have no problem with doing as we have stated in our past meetings," board member Mary Andera stated. "I don't know why we should go against anything that was said in several meetings."

Schulte felt that it was to the board's advantage to wait one more week, after seeking legal counsel, and then start the process.

Although Sparks acknowledged the fact the board needed to meet to discuss the details of procedure, she felt action needed to be taken since the steps involved could take a couple of months.

President Weare said that he felt it would be beneficial to meet with the WASB before any decisions were made to see what this board wants, and decide what service to use to do the search.

When asked what the legal concerns were, Goeden said she requested the closed session to obtain information about the process, as well as the legalities of the contract for permanent superintendent.

"What the attorney tells us may shape the way we do the search, but as an act of good faith with the school district, we need to say, yes, we are going to begin the process," Sparks maintained.

In her statement to the board, Sparks states, "If we fear lawsuits from other candidates because we did not hire the best qualified candidate in our search, and this has happened in Wisconsin, then we have two choices: hire the best candidate available, or do not do a search," pointing out that the board does have this option.

"When we're talking about the end of January, beginning of February, that's putting us really in a bind, if we hire a consultant, if we don't have those people available," board member Goeden pointed out. Andera agreed, stating that the board members themselves may not have the time, considering the upcoming WASB convention (Wisconsin Association of School Boards), as well as workshops and committees recently designed to work on a strategic plan for the school

district. The motion was reworded to include the phrase, "attempt to begin the process."

Audience members took turns voicing their opinion, with Kathy Charland asking, "Why is this a big issue? This is stuff that was brought up and discussed long ago and it was clearly put to the public at the public hearing. There were no ifs, ands, or buts about it, this will be posted." She indicated that a recent newspaper article stated Dr. Johnson must be notified of the posting of the position by January 31, according to his contract.

Community members were also concerned about legal aspects, and confusion arose as to whether citizens that serve on a committee to hire an administrator could possibly fear lawsuits. Judy Harlow confronted Karen Sparks. "What happens to individuals in the community who might be asked to sit in on these interviews of candidates of new superintendents, and all of a sudden, somebody would sue and say I was the best candidate? Does that mean the district is sued for this, or does that mean all these individuals that sat in on the interviews are sued?"

Board member Ruth Schmitt indicated the board and school district are covered by errors and omissions insurance, although this type of occurrence is rare.

"The veiled legal issues came way after my ideas of simply putting this on the agenda," Sparks explained, and added they'll find out Monday night about these types of issues.

Some residents and board members felt the entire conversation relayed underlying tones of political motivation, taking into account school board seats will be up for election in March.

Although some board members still felt a one week wait would benefit their decision, Sparks told them, "If we don't do this, it's going to look ten times more suspicious than it will if we try to come up with little reasons not to."

At this point board member Ruth Schmitt called a question (which means an end to all discussion), with the board approving calling the question on a 4-3 vote, with Goeden, Schulte and Andera voting no.

The motion to begin the process of the search for a new superintendent also passed 5-1 with John Schulte voting no.

Board Decides to Re-Bid Tanker

By Lana Harbeck Kuehl

The Kewaskum Village Board skipped through their agenda Monday evening swiftly and adeptly, without heated discussion and little disagreement.

Assistant Fire Chief Mark Herriges topped the agenda, giving his monthly report and an update on problems the department was facing obtaining bids on their new tanker and chassis.

According to Herriges, "The only bid we have received was from Cooleys, just the chassis bid. Chief Groeschel contacted several of the manufacturers and most of them stated the five million dollar certificate of liability insurance coverage was more than what most of them could handle. Most of them only have one to two million. He contacted four of them and that was their biggest issue."

Herriges then asked the board what they wanted the fire department to do.

Village Administrator Dan Schmidt reviewed the bid specifications on previous vehicles purchased and stated the

same legal specs had been used on the truck that was bid in 1993. He added, "we varied through some of our other bids. We've gone down as low as a million. We did check with the insurance company and they're the ones that suggested the five million. If the village board wants to lower it, we're going against the recommendation of our insurance company, but as I've indicated, we've used as low as a million dollars before. I personally don't think there's a big problem with that."

Schmidt also stated the board could go with the two million or even the five million, and if the company doesn't have it, they can ask for an exception and that would be considered. He did state, however, in reference to the \$100 a day penalty (regarding contracted delivery date), that was standard and he felt the board would not want to vary from that.

Board member David Goeden then asked for an explanation of the certificate of insurance.

Schmidt explained if an accident or death occurred, due to a manu-

facturer's defect, this insurance should cover damages which might be incurred. It was like product liability coverage. This coverage, like a guarantee, could possibly remain in effect up to a whole year, not just upon delivery.

The board then decided to re-advertise the bid with some clarification on the specifications, meaning when the bids come in the board could consider any bid asking for an exception to the five million dollar liability cover-

New Book By Local Author Addresses Life in a Nursing Home

Local author James Martin is shown above holding his new granddaughter, Katelyn.

By Sharon Callaway Roznik

Local author James Martin has once again put his literary talents to work, this time on a topic prevalent to today's society, and one that literally hits home with the author.

"I'll Be Right Back," the title of his new book, deals with life in a nursing home on a personal level, and addresses concerns the elderly have when faced with the sometimes frightening experience of entering these facilities. Oftentimes, they are told from the end of a hospital bed that they are being "put into a home," to live out the remainder of their lives.

"People who are responsible for us and those that receive us are not trained to help us adjust to this new and sometimes frightening experience," Jim writes.

Once in the home, Jim states that emotional needs are left unmet, and there is the constant expression of upset people, saying, "I'm going to get out of here and go back home." "The response is usually, 'you are home.' This seems to me to be a very incomplete, shallow statement, although it may be true," he states. "We need experts who are skilled to treat and deal with the situation."

He stresses the fact that lack of communication between the elderly residents and administration creates a gap filled with fear and mistrust, and he advocates regular meetings between staff and the people residing at the home.

State inspectors'

research on this topic, Martin hopes to evoke fifteen legislative changes to improve the quality of life for the elderly.

These include meetings with residents and state inspectors, administration eating with residents ("this rule was effective in the Navy"), an 800 number for those needing help, and support groups for elderly abuse.

"It's a sorry state of affairs when the elderly usually cannot attend or afford to hire a lobbyist to represent their views and needs," Jim points out, and hopes his book will evoke changes at both the state and federal level. In 1994, the State of Wisconsin had 406 skilled nursing facilities and five Intermediate Care Facilities, with 38,048 admissions in that one year, with the needs continually increasing.

One of the most innovative and important pieces of work included in Jim's two year project is a check list of 50 points elderly people should ask and know before choosing or entering a nursing home. "Simple questions, such as how much drawer space is offered in each room, helps a person know how much clothing they can bring along," he explains.

Fire protection, maintenance services, insurance coverage, spaces for visitors, gardening, reading activities, mail and bus service, therapy, religious services, rules, and meals are all addressed in this handout, which Jim has mailed to 14 area nursing homes as a questionnaire. Most have been returned to him filled out.

Martin plans to send these forms out to hospitals for doctor's use in aiding patients who need to find a nursing home,

as well as libraries, and agencies that serve the elderly.

"I always knew that someday I wouldn't be able to live in my own home, but when that day came, I was not prepared and it was a big shock," he writes. "Do you have any idea what it feels like to hear your own son telling you that you can no longer come home?" Evaluations on area nursing homes, such as those included in "I'll Be Right Back," help prepare the elderly for such an immense transition.

He is quick to point out and give credit to the nurses and nurses aides that interact daily with the residents, and establish much needed personal relationships with the elderly, who often feel lonely and abandoned. "Without exception, they exhibit exceptional compassion for the patients. Anyone on the staff will get you anything you ask for at anytime." Turnover rates are often high in nursing homes, which he attributes to low wages, and excessive administration.

Perhaps Jim's greatest concern is the lack of spiritual counseling available in these homes. "We desperately need counseling... these places sometimes feel like a morgue."

Church services are held weekly, but these people need to talk about death, how they feel as they approach an age where they can see the end of their life down the road. "A nursing home is not a top priority for the aging or elderly," he maintains. "It means that the end is near. And a lot of people are afraid

to die."

In introducing this book to the community, Jim expresses his reasons for publication. "Man's inhumanity to man has, and is constant and evermore it seems. These books, "I'll Be Right Back," is my effort to attempt to abate the treatment of the elderly. The primary cause is greed. I sincerely hope that these books will aid in the treatment of the elderly, that is prevalent in a majority of nursing homes. These books will open communication between homes, administration and residents, and hopefully, improve the homes themselves, internally, as well as their pictures of pretty buildings and grounds. Perhaps even improve their tasteless food. My food in the Navy was better."

To order copies for you or your loved ones, send \$19.95 to James Martin, % The Kewaskum Statesman, P.O. Box 98, Kewaskum, WI 53040.

Markgraf - Schultz

United in matrimony at Immanuel Evangelical Lutheran Church, Campbellsport were Shelly A. Markgraf and Troy M. Schultz on August 26, 1995.

Parents of the couple are Jim and Donna Markgraf, Century Dr., Campbellsport, and John and Judy Schultz, Lakeshore Dr., Fond du Lac.

Serving as maid of honor was Lori Krahn, friend of the bride. Serving as best man was Steve Ramthun, friend of the groom. Bridesmaids were Jamie Markgraf, sister of the bride, Tami Riebe, sister of the groom, and Traci Schultz, sister of the groom.

Groomsmen were Jon Claudi of Norway, friend

and former exchange student of the Markgrafs. Joe Riebe, brother-in-law of the groom and Bob Friedeman, friend of the groom.

Miniature bride and groomsmen were Rachele and Ryan Riebe, niece and nephew of the groom, and Jory Riebe, nephew of the groom.

Serving as ushers were Bob Uelmen, uncle of the bride and John Scheberl, uncle of the groom.

Shelly is a 1993 graduate of Campbellsport High School and a 1995 graduate of M.P.T.C. Fond du Lac. She is employed at the Wisconsin Dyslexia Institute of West Bend.

Troy is a 1990 graduate of Kewaskum High School and a 1992 graduate of M.P.T.C., West Bend. He is employed at Gruber Tool and Die, Inc., in West Bend.

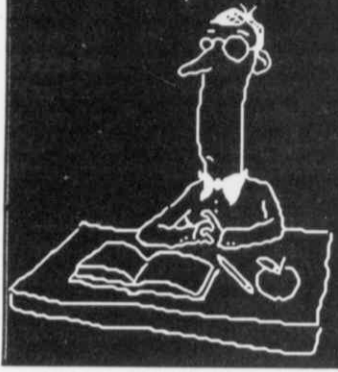

Hospital to Hold Breast-Feeding Class

St. Joseph's Community Hospital of West Bend is holding a prenatal breast-feeding class on Thursday, January 18, from 7 to 9 p.m. in the hospital's New Life Center classroom.

The class is designed for couples who are considering breast-feeding. It discusses the benefits of breast-feeding, nutrition, breast care and various techniques that enhance your experience. Tips for incorporating breast-feeding into your lifestyle are also included.

The fee is \$5.00 per couple. To register or for more information, please call St. Joseph's Community Hospital's New Life Center at 334-8361.

Open House for 50th Anniversary

Elmer and Betty Hallen

Elmer and Betty Hallen of Kewaskum will be celebrating their 50th wedding anniversary on Jan. 14th with an Open House from 2-5 p.m. at Hon-E-Kor Country Club.

Elmer and the former Betty Schmidt were married February 23, 1946 at the Evangelical UB Church in Northbrook, Illinois.

Elmer was in service 1943 to 1946, serving in the South Pacific. He retired from the Forest Preserve District of Cook County, Illinois in 1985 as a civil engineer. Since retirement he plays golf, active in the golf leagues, American Legion and volunteers at Cedar Lake Home.

Betty stayed at home till their oldest daughter

started college and then went to work at Culligan International Co. in Northbrook, Illinois. She retired in 1983 after 17 years as Executive Secretary. She volunteers at Cedar Lake Home, is active in Ladies golf at Hon-E-Kor, the American Legion Auxiliary and the ladies groups at Peace Church in Kewaskum.

The Hallens have three daughters: Peggy Klein of Lake Zurich, IL; Terry Costello (John) of Barrington IL; Kitty Jordan (Byron) of San Antonio, TX. They have five grandchildren: Eric, Scott, Chris and Todd Klein and Caitlyn Costello. Another grandchild is expected momentarily by Kitty and Byron of San Antonio.

age.

Director of Public Works Jerry Gilles brought up the annual Spring Clean Up Day usually held in April and asked the board for direction. Gilles and the board members discussed the merits of the Spring Clean Up Day, the cost and the response received last year. Gilles stated the response last year was a little less than he had anticipated.

Board President Bob Wagner added perhaps more enthusiasm could be generated and hopefully the effect could be contagious. The board agreed to hold the Spring Clean Up Day again in April for four hours on Saturday, April 20.

Administrator Schmidt also added Washington County would also be sponsoring their Clean Sweep Program again this year with the tentative date scheduled for August 3. There will be two dropoff sites with one being located in West Bend and the other in Slinger.

Schmidt did state,

however, that old paint would no longer be accepted at the Clean Sweep Program due to cost factors. It is recommended old paint be dried out completely in the can and then disposed of in your regular garbage.

In other matters, the board approved the selling of a 1978 sander that was no longer being used and okayed an Operator's License for Patricia A. Buslaff of Campbellsport.

Chairman of the Protection and Public Safety Committee John Borland announced a public hearing will be held on the conversion of School Street to a one-way street moving northwesterly on January 22 at 8 p.m.

Gary Gavin, Chairman of the Parks and Recreation Committee stated his committee would also be meeting January 22 at 7:15 p.m. and Plan Commission Board Representative David Goeden announced a Plan Commission meeting was scheduled for Tuesday, January 23, at 7 p.m.

Use a large, old strainer to sprinkle sand on a slippery sidewalk. It's quicker and distributes more evenly than by hand.

Receives Degree

EAU CLAIRE -- Winter commencement exercises for 613 students at the University of Wisconsin-Eau Claire were held Saturday, December 23, in Zorn Arena.

A total of 574 students received bachelor's degrees, including 231 from the College of Arts and Sciences, 149 from the College of Business and 194 from the College of Professional Studies. Degree recipients from the College of Professional Studies included 112 from the School of Education, 34 from the School of Human Sciences and Services, and 48 from the School of Nursing. Master's degrees were awarded to 39 students.

A Bachelor Degree was awarded to Lynn Marie Johann, Kewaskum, in communication arts.

United Way - Over The Top at \$910,117

United Way of Washington County donors, volunteers and agencies have something to cheer about: topping the 1995 Campaign goal of \$910,000.

According to Tom Bast, Chair of the 1995 Campaign, the fund drive is officially "over the top" with a finish of \$910,117. "I am so very proud of the 300+ volunteers who put their hearts into the campaign and really personified the 'Our Help Gives Hope' campaign theme," said Bast.

"The business and individual donors in Washington County came through and showed that our community is truly committed to meeting needs and ensuring necessary services for friends, neighbors and co-workers. United Way helps right here -- and the generosity of so many is humbling," he said.

In addition to finishing the campaign just over the 100 percent mark, this is the highest amount of money ever raised by United Way in the organization's 59-year history.

"When you first begin a campaign, you are optimistic that you'll reach your goal," said Bast. "Along the way we faced challenges -- and we were also reminded of people's generosity, and that we can help those who really need help. Going over the top is just great news for the thousands of people in 26 agencies who will benefit in the coming year!"

Board President Jim Helligenstein commented, "On behalf of the United Way Board of Directors and the United Way agencies, I would like to compliment the hard work and ongoing efforts of all our campaign volunteers who kept working to bring

help and hope to our community. These volunteers saw first-hand what the needs were; they rolled up their sleeves and kept working until the job was finished. I'd like to publicly congratulate Tom and his division leaders, loaned executives and solicitors. We couldn't have done it without the countless hours all of them put in."

"Fifteen of our divisions met and exceeded their goals," said Bast. "The bottom line is that when you add up all the numbers, we're over the top!"

Dollars raised and percentages of the division goals are: Accountants and Business Services - \$3,451, 87%; Attorneys - \$7,275, 91%; Clergy - \$1,206, 101%; Contractors - \$7,242, 110%; Dentists - \$3,040, 109%.

Nonprofits - \$27,753, 132%; Physicians - \$18,117, 132%; Real Estate - \$4,125, 125%; Other Professionals - \$1,350, 113%; Washington County Employees - \$7,765, 93%; Allenton - \$10,377, 72%; Hartford - \$166,740, 101%; Jackson - \$22,581, 112%; Kewaskum - \$32,408, 91%; Newburg - \$1,350, 90%; Richfield, Hubertus and Colgate - \$3,300, 110%; Slinger - \$13,731, 85%.

West Bend Division: City Employees - \$9,272, 93%; Commercial - \$11,594, 127%; Education - \$25,136, 101%; Financial - \$70,164, 100%; Industrial and Manufacturing - \$23,728, 116%; Retail - \$20,445, 82%; Special Gifts - \$61,583, 112%; Transportation - \$10,904, 89%; and Key Firms - \$345,480, 97%.

That which, perhaps, hears more silly remarks than anything else in the world, is a picture in a museum.

Debora Greuel Earns Healthcare Credential

Debora Greue of Hartford, is one of just 1,696 health information specialists nationwide who received certification as an Accredited Record Technician (ART) by the American Health Information Management Association (AHIMA). The ART credential signals a skilled professional with a high level of technical knowledge in managing health data and is earned by passing a certification exam which requires 65 semester hours of study.

"These newly credentialed professionals are critical to the delivery of consistent, quality patient care. The purpose of ART certification is to guarantee the quality of the nation's health data," said Jean Clark, RRA, AHIMA president.

Each candidate must display competency in data management and analysis, medical science and coding. In preparation for the October 14, 1995, exam, ART candidates complete an associate's degree from an accredited program in health information technology, medical record technology, or its equivalent AHIMA's independent study program.

AHIMA is the professional organization of more than 35,000 experienced specialists in health information management. Members are experts in securing, analyzing and integrating the information that steers the healthcare industry. AHIMA supports quality patient care

NOVENA TO ST. JUDE

O holy St. Jude Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who involve your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg of whom God has given such great power to come to my assistance.

Help me in my present urgent petition. In return, I promise to make your name known and cause you to be invoked, say three Our Fathers, three Hail Marys and three Glorias. St. Jude pray for us, and all who invoke your name. Publication must be promised.

This Novena must be said for 9 consecutive days, and publication must be promised.

Thank you St. Jude, for all favors from you.

N.G.

through advancing data accuracy, advocating confidentiality and championing new technology.

Debora is also the daughter of Ella Weddig, of Hartford, formerly of Kewaskum, and sister of Kenneth Weddig, Kewaskum.

Parkinson Support Group to Meet

The next Parkinson Support Group meeting for Washington and Ozaukee County community members will be held on Monday, January 15, at 1 p.m. in the assembly room at the Cedar Ridge Retirement Campus. Cedar Ridge is located at 113 Cedar Ridge Drive, just off of Scenic Drive in West Bend.

"Benefits of Massage Therapy" will be presented by Debbie Eller, Massage Therapist, Cedar Haven Rehabilitation Agency.

The Parkinson Support Group meets the third Monday of each month. All those affected by Parkinson's Disease, their family, friends and caregivers are welcome to attend. For more information call Cedar Campuses at (414) 334-9487 or (Milw.) 276-4370 or the Wisconsin Parkinson's Association at 1-800-522-0802.

IN MEMORY

In loving memory of WILLIAM BECKER, who passed away thirty years ago, Jan. 11, 1966.

Like fallen leaves, the years slip by,
But loving memories never die.
A silent thought, a secret tear,
Keeps memories ever dear.

Sadly missed by his family.

Obituary

GERALD W. WAGNER

Gerald W. Wagner, of West Bend, died on Monday, January 1, 1996 at his residence at the age of 49 years.

He was born on January 1, 1947 in West Bend to the late Nick and Helen (nee Kugler) Wagner. While growing up in West Bend, he had three or four jobs before graduating from West Bend High School with the Class of 1965. In 1966, he was drafted into the U.S. Marine Corps, serving in Vietnam as a radio operator from 1967 until 1968.

Jerry was a multi-dimensional man who was devoted to his family, his friends, his work and animals. With his family, he enjoyed picnics, bonfires, gardening and yardwork, and together, they fought back after the 1981 tornado devastated their home. When his children would bring a stray animal home, he would generally let them keep and raise it as a pet. Raising rabbits was also one of his hobbies.

At the time of his death, he was employed at Milwaukee Seasonings in Germantown, but over the years, he really enjoyed several of his part-time jobs, including bartending, working at the former Mehring's Fishery, at the former White House Milk Company, and doing painting.

He was a member and Past Commander of the Robert G. Romaine American Legion Post #384 in Kewaskum, a member of 40 et 8, and the M & R Bar bowling team at Lighthouse Lanes, and was a frequent blood donor.

Survivors include four children: Valerie Wagner of New York City, Vickie (Mark) Glammann of Kewaskum, Wanda Wagner of Sheboygan and Chad Wagner of Houston, Texas; two grandchildren, Paige Elizabeth Wagner and Nicole Lee Glammann; his foster mother, Evelyn

The girls from Wayne Brownie Troop #6222 took time over the holidays to go caroling at Mapledale Manor in Kewaskum. The girls pictured include, front row, left to right: Melissa McCann, Ericka Brock, Lindsey Weiss. Back row: Ashley Corey, Ashley Weiss, Jena Roskopf and Shelly Carlson. Great job, girls!

Kalies of West Bend; one sister, Lucille (Mike) Strupp of Hartford; two brothers, Robert (Virginia) and Ronald (Sue) both of West Bend, other relatives and friends.

Besides his parents, his foster father, Louis Kalies, also preceded him in death.

Funeral services were held on Saturday, January 6, at 10:30 a.m. at the Schmidt Funeral Home, West Bend. Reverend Patrick Wendt officiated and burial followed at Washington County Memorial Park.

Visitation was at the

funeral home on Friday from 5 p.m. until 8 p.m. and on Saturday morning prior to the time of services.

Envelopes were first manufactured in 1839. Before that time, all letters were folded so that a blank portion of the paper could be used for the address.

Shopko Donates Christmas Trees to Local Charities

Five charities received fully decorated Christmas trees donated by the Shopko Care Club in West Bend this holiday season. The charities receiving the trees were Rainbows Kids, Everly House, Hartford Care Center, Friends of Abused Families and Exodus House in Kewaskum. "Shopko Care Clubs are an important link between Shopko and the communities we live and work in," said Dave Douglas, Shopko store manager. "We're happy to share the spirit of the holiday season by brightening the lives of others." The Shopko Care Club held a number of events to benefit area families, children and charities, including collection of canned goods, pot lucks, bake sales and a silent auction. The proceeds were donated to the Full Shelf Food Pantry and needy families. Shopko stores donated 645 fully decorated Christmas trees to local charities this year. Pictured above, left to right, are: Rainbows Kids, Steph LeRoy; Care Club, Everly House, Judy Steiner and Judy Rogge; Dave Douglas, Shopko store manager; Hartford Care Center, Friends of Abused Families and Frank Ciesielczyk, Exodus House.

St. Josephs Offers Weight Loss Class, Body Fat Analysis

St. Joseph's Community Hospital of West Bend is offering a weight loss class Wednesdays, January 24 through March 27, from 4 to 5 p.m. in the hospital's fourth floor east conference room.

This 10-week weight loss program provides participants with a safe and practical method of losing weight. Emphasis is on diet, exercise, behavior modification and support. Prior to the class, participants must schedule an individual session with the dietitian to receive a body-fat analysis and to determine an optimal nutrition and exercise program for the 10 weeks. Upon completion of the program, another body-fat analysis will be given.

The fee is \$80, and the registration deadline is January 17. For more information, contact the hospital's clinical dietitians at 334-8302.

Blood Drive Scheduled For Campbellsport Area

The Bishop Salvator Schlaefter Knights of Columbus Council #11301 will be sponsoring the Semi-Annual Red Cross Blood Drive on Tuesday, January 16, at the Campbellsport Community Center from 11:30 a.m. to 5:30 p.m.

This is a new and important venture for the Council and with everyone's cooperation, they trust they will have a successful drive.

Let us never forget the ongoing need for blood in the community and in the state. Many people in the community have received blood in the past and unknown numbers may have need for blood in the future.

While we are still in the season of giving, let us think for a moment about the greatest gift we can ever give... literally the gift of life! We have just recently celebrated the birth of our Saviour, the gift of our spiritual lives, we now have the opportunity to give the gift that can save human lives.

All types of blood are needed, especially Type-0 Negative.

You should be receiving a card in the mail giving needed information about the blood drive. Please post the date on your calendar and plan

on responding positively to this plea for blood.

Sincere thanks and appreciation to those who have donated so generously in the past. Thank you, in advance, to all who will respond again and to new, first time donors. There is a special plea extended for first time donors. Your positive response is needed.

Please check these simple requirements to be sure you are eligible. You must be at least 17 years old; weigh at least 110 pounds; be in general good health, and bring your social security number.

For further information or questions, please call Carl Plaum at 533-5473.

Medical Explorers Meet January 17

St. Joseph's Community Hospital's Medical Explorers will meet Wednesday, January 17, at 7 p.m. at the Roth dental offices, 1713 Vogt Drive, for a program on dentistry.

Medical Explorers are students from area high schools who are interested in learning about careers in the medical field. For more information, call 334-8228.

Fire Destroys Horse Barn

Fire completely destroyed a horse barn and several outbuildings were damaged on the Melvin Raddatz property located at 9296 Forest View Road, east of Kewaskum, near Boltonville, Saturday evening. The Boltonville Fire Department was paged shortly before 8 p.m. and immediately requested mutual aid from the Kewaskum and Fillmore Fire Departments. Kewaskum responded with tankers and manpower and filled tankers from the east side village limits. Shown in the above photo taken the day after the fire, is one of the sheds that was nearly gutted by the fire. The horse barn was located to the left of the shed. Due to the close proximity of the buildings, at one point, it was feared the Raddatz home would also be engulfed, but firemen worked feverishly to save the home, which suffered minor damage.

Statesman Photo by Andrew Kuehl

Kewaskum Fire and Rescue Squad Calls

Wednesday, January 3 - The Kewaskum Rescue Squad responded to a call at 2:47 a.m. in the Village of Kewaskum for a male patient experiencing leg pain. The patient was transported to St. Joseph Community Hospital, West Bend.

Friday, January 5 - The Kewaskum Rescue Squad was summoned at 6:52 p.m. in the Village of Kewaskum for a male patient experiencing shortness of breath. The patient was transported to St. Joseph's Community Hospital, West Bend.

Saturday, January 6 - The Kewaskum Fire Department was requested at 7:54 p.m. by the Boltonville Fire Department to the Town of Farmington for a structure fire. Firefighters were on the scene for approximately two hours.

Sunday, January 7 - The Kewaskum Rescue Squad and Kohlsville First Responders were dispatched at 8:19 p.m. in the Town of Wayne for a

female patient experiencing a seizure. The patient was transported to St. Joseph Community Hospital, West Bend.

Historical Society Meeting Tuesday

On Tuesday evening, Jan. 16th, members and friends of the Kewaskum Historical Society will meet upstairs in the community building, at 7 p.m.

On the agenda is election of officers for 1996. Anyone is welcome to join the society. If you have any questions, please call Jake Schmidt at 338-1568 after 6 p.m.

MPTC Reentry Transition Program to Begin Jan. 22

If changes in your life are forcing you to return to school or work, check out Moraine Park Technical College's Reentry Transition program at the West Bend campus.

The three-week program, beginning January 22, involves confidence building, career exploration, decision making, job-seeking skills, resume writing and ongoing support from qualified instructors. Classes are held Monday through Thursday from 9 a.m. to 3:30 p.m.

Whether you're a single parent, divorced, separated, living with a disabled spouse or widowed, call now to join the January 22 session. There is no charge for this program if you meet the eligibility requirements. To register or for more information, call Barb Schall at (414) 335-5770, or stop by the West Bend campus at 2151 North Main Street.

For 1995-96, Federal

Carl Perkin's Act Funds of \$120,002 support Moraine Park's Reentry Transition program. This is 39% of the total program cost.

'Living With Cancer' Support Group

The "Living With Cancer" support group sponsored by St. Joseph's Community Hospital of West Bend and the American Cancer Society is meeting Wednesday, January 17 at 7 p.m. in the hospital's fourth floor east conference room.

Please call Carol Clingan at 335-9523 or 334-7423 for more information.

Through the support group, cancer patients, friends and family share their feelings and concerns. Guest speakers are featured at some of the meetings.

West Bend Art Museum to Host Travelogue to Southeast Asia

The West Bend Art Museum is pleased to host a travelogue to Southeast Asia on Sunday, January 14 at 2 p.m.

Travel to exotic Southeast Asia with world-traveler and West Bend resident Marie Pitz. Marie will share her slides taken on a recent trip to this unusual part of the world.

Southeast Asia, a 9,000 mile magic carpet ride to lands on the equator, is an inviting getaway from Wisconsin's winter. Faraway places, with strange sounding names... maybe Jakarta or maybe Siam are calling, calling to us... and hopefully you too!

One of the stops will be Thailand, which means, "Land of the Free." It was known as Siam until 1949. A land of "Easter Hat" roofs and umbrellas is the first stop. Then it's off to Malaysia, the only coun-

try in the world today trying to increase its population. Rubber trees, palm oil and computer chips make for an interesting blend.

Another of the stops will be the city-state, Singapore, which means "Lion City." It was put on the map by Sir Stamford Raffles. Because of its location, he convinced the British East India Company that it was the perfect resting and refueling stop for their ships. It rests half-way between India and China. The plan of the city today is just as he laid it out. Many of Singapore's buildings are very "English."

The final stop is Indonesia, a country of 13,670 islands. It is the world's largest Muslim country. Rich in folklore, it is the home of sacred monkeys, beautiful people and of the Garuda (half-man, half-bird God).

The magic carpet

takes off at 2 p.m. from the West Bend Art Museum. Be sure to join Marie. Seating is limited, so be there early.

The West Bend Art Museum is located at 300 South 6th Avenue in downtown West Bend. Normal art museum hours are Wednesday through Saturday from 10 a.m. to 4:30 p.m. and Sunday from 1 to 4:30 p.m. For more information call the art museum at 334-9638.

Letters to the Editor

Dear Editor,

The West Bend Barton Sportsman's Club recently donated \$100 to the Kelly Wagner Fund.

We at the West Bend Barton Sportsman's Club have realized that the future of our club is going to depend on the involvement with the young people in the area through Hunter Safety and other programs.

We hope the donation will help Kelly's family during this Holiday Season.

The West Bend Barton Sportsman's Club is issuing a challenge to the other sportsman's clubs and outdoor groups in the area to meet or beat our donation.

If any clubs or groups in the area decide to take our challenge, donations can be sent to Bob Bonenfant at WBKV-AM, 2410-A S. Main Street, West Bend, WI 53095, or call Bob at 334-2344.

Ilene Moos
Route 1, Box 157
Bloomer, WI 54724
715-568-2938

January 3, 1996

Letter to the Editor:

1996 must be a year of change for milk producers. At the same time that retail prices for dairy products continue to rise, families are forced off their farms. Milk production costs continue to climb, milk is in short supply, yet farm prices remain low. Too many farmers are asking themselves, "Where do I go?" and "What can I do?"

The Upper Midwest Milk Producers Committee believe as business people we have the right to price our raw product. \$14.50 per cwt. is a fair base price. It is lower than the average cost of production figures available from the USDA, and much lower than total cost of production figures. Why should we settle for less?

The Upper Midwest

Milk Producers Committee is dedicated to establishing stable farm gate prices for all milk producers, and is proposing to bill processors for \$14.50 per cwt.

If many milk producers act in one direction, toward one idea, we can have the \$14.50 we need to survive. Farmers are encouraged to attend regional meetings being held in area locations. For information you may contact me.

Ilene Moos

Thanks Extended

The Youth and Family Projects' staff and Board of Directors would like to take this opportunity to thank the following area businesses and organizations who helped us out at Christmas. Thanks to your generosity, our organization was able to provide donations to area families who were in need during the holidays.

We want to thank Cheryl Taylor and the Kewaskum Schools' "Just Say No" Club, the West Bend Pride Group, Peace United Church of Christ in Kewaskum, Long Lake Fishing Club, Inc., Hansens' Piggly Wiggly, and a special thanks to Shopko for the Rainbows Christmas Tree!

Your kindness and generosity is truly appreciated. Also, a special thank you to all who participated in the Miracle on Canal Street Potawatomi bingo benefit for children. It was a great success!

*Daniel Laurent
Executive Director
The Youth and
Family Project, Inc.*

Memories Name Revealed

In December 28th issue of the Kewaskum Statesman, we requested the name of the person who submitted the 1860 memories photograph of Fond du Lac Ave. Lorinda Kreif of Campbellsport is the owner of the old postcard.

Volunteers

(Continued from Page 1)

ber their growth options. These would include the possibility of reopening Beechwood Elementary School, building a new school, or constructing additions to existing schools.

"The development of a long term strategic plan is the issue," Johnson told the board members, and asked them to initiate the outline of the process by approving three actions. The first, to commit to a planning workshop sometime between February and April; secondly, create a special sub-committee to develop a mission and belief statement for the district, with results slated for the March school board meeting; and third, establish and create a special study group to assess the cost feasibility and impacts of growth options that exist for the district, as it looks ten years down the road.

This study group will do fact finding for the board in exploring K-5 space feasibility to the year 2006, and submit their findings no later than April '96.

After the first three steps are completed, the school board will hold

another two day workshop to evaluate reports from the various committees, build upon the mission and belief statement, and then proceed to develop a vision and goals for the district. Cost for this facilitated workshop is estimated at \$4,200.

Community participation in this process is important, and all groups in the process of being formed will include members of the school board, the district's staff, and the community. The plan is to work collectively to improve all schools within the district.

The school district is requesting community residents who desire to serve on the Mission and Belief Committee or the K-5 Space Feasibility Study group to contact Jeanne Jacak at the district office by calling 626-8427.

Friends of Random Lake Library to Meet

The Friends of the Random Lake Joint Community Library will meet on Monday, January 22, at 7:30 p.m. in the meeting room of the State Bank of Random Lake. The public is invited to attend.

This note was found among the effects of a deceased businessman who had been known for his lapses into bankruptcy: "I hereby name the following six bankers to be my pallbearers. Since they have carried me for so long during my lifetime, they might as well finish the job now."

New Fishing Club Aims to Get Anglers 'Hooked on Wisconsin'

MADISON -- A new angler recognition program, the "Hooked on Wisconsin" Anglers' Club, will kick off with the general fishing opener this coming May.

The program is intended to help anglers share the excitement of their catch as well as to provide important information for the Department of Natural Resources fisheries program, explained Lee Kernan, director of the DNR Bureau of Fisheries Management.

"Wisconsin waters, from the Great Lakes, Mississippi River, inland rivers and streams to the more than 15,000 named inland lakes, have traditionally provided a rich bounty of fishing opportunities and hundreds of outstanding fish," Kernan said.

"Hooked on Wisconsin" Anglers' Club is an award program that will recognize Wisconsin anglers, residents and non-residents alike, for their sportfishing accomplishments. Membership in the club is free. Anglers must first satisfy the requirements of one of the three categories and, if over 16 years old, must possess a valid fishing license. All fish must be caught by pole and line following applicable state fishing regulations.

Anglers can qualify for membership in any or all of the three categories, explained Karl Scheidegger, a DNR fisheries specialist, who is coordinating the program. The categories are Kept Fish, Live Release, and Mixed Bag.

To qualify in the Kept Fish category, anglers must catch and keep a fish from a list of 28 species that meets or exceeds a minimum weight standard. The fish must be weighed whole and unfrozen to the nearest half ounce on a certi-

fied scale in the presence of two witnesses.

"The Live Release category means just that -- catching and releasing a fish from the same list of species meeting or exceeding a minimum length," Scheidegger said. The fish must be measured to the nearest quarter inch in the presence of one witness. Each entry must be accompanied by a clear, side-view photo of the fish that must be taken at the site of the catch.

The third category, Mixed Bag, does not have size or weight standards, but rather recognizes anglers who catch and release a variety of fish in increments of 10 species.

"Photos will play an important role in the promotion of the program, so, when fishing, anglers should plan to take a camera along," Scheidegger said. "You never know when you'll get an opportunity to 'join the club'."

There are more than 80 fish species in Wisconsin that can be caught by hook and line. Information on the new program and fish species, weights and length minimums is included in the 1996 Wisconsin Fishing Regulations.

All anglers sending in qualifying entries, regardless of the category, will get a "Hooked on Wisconsin" Anglers' Club embroidered patch. Kept Fish and Live Release entries will receive attractive certificates along with species-specific patches. Certificates and patches will be awarded for every 10 species caught and released in the Mixed Bag category.

"To promote the conservation of Wisconsin's fisheries, a drawing will be held at the conclusion of the membership year from entries in the Live

Release category. The winner will receive a synthetic replica of the species of fish he or she released," Scheidegger added.

Program brochures and application forms will soon be available throughout the state at sport shops, DNR offices and selected participating resorts. Individuals wishing to receive more information can contact: "Hooked on Wisconsin" Anglers' Club, Bureau of Fisheries Management, 101 S. Webster Street, P.O. Box 7921, Madison, Wisconsin 54707-7921.

The "Hooked on Wisconsin" Anglers' Club is a cooperative effort sponsored by the Departments of Natural Resources and Tourism and charter contributors including Mercury Marine, Uncle Josh Bait Company and Muskies, Inc.

SHEEPSHEAD WINNERS

5 handed winners on Wednesday, Jan. 3rd were:

Marge Bonlender, 67-4--63, 16-2--14; Rose Meunier, 58-2--56, 18-1--17; John Steger, 61-11--50, 20-7--13; Elton Ludwig, 64-14--50, 21-8--13; Butch Schmitt, 51-8--43, 21-6--15.

The next 5 handed will be Thursday, Jan. 11th and Wednesday, Jan. 17th at 8:00 p.m. sharp. Cash prizes, lunch. Schmitt's Never Inn.

There's nothing so nice as having a great deal one ought to do and then firmly taking a holiday.

—E.F. Benson

Wildcat Girls End '95 Season On Winning Note

Well, it's finally in black and white! The Holy Trinity Wildcat girls 'B' team are once again off to a winning start, finishing 1995 undefeated.

Their first game against Mayville ended in a score of 33 to 19. Jenny Kopecky scored 18 points and next in line was Bridget Teofilo with six. Dani Nass scored four, Roberta Rinzel had three and Michelle Backhaus added two points.

The second game against Eden ended with a score of 25 to 14. Despite the cold temperature of the gym in Eden, Jenny Kopecky fired out nine points and Bridget Teofilo was close behind with eight. Dani Nass, Candi Heberer and Katie Fechter each contributed two points.

Their final game of 1995 against Campbell-sport ended with a score of 36 to 21. Jenny Kopecky scored 12 points and had three rebounds and nine steals.

Roberta Rinzel scored six points, two rebounds and two steals. Courtney Timblin added four points and four rebounds. Bridget Teofilo, Becky Kober and Katie Fechter each scored four points and two rebounds. And Lisa Boden chipped in two points.

Congratulations to the girls for a winning finish to 1995, and hopefully the winning start of 1996. Good luck, girls!

Wildcat Boys A Team Overwhelms St. Marys of Barton

Holy Trinity's Jason Strobel took the A team by their paws and led them to a decisive victory over St. Mary's of Barton at the Kewaskum Middle School on Friday night, January 5.

The game started as a very fast paced competition with this momentum never wavering until the final buzzer sounded. Just as fast moving were the Wildcats, especially Strobel, who outdid his previous records in scoring, rebounding and ball stealing with 20, 15 and eight respectively.

The Wildcats' defense as a whole was super. They kept the Crusaders to only two points in the first quarter compared to their own 15. In the second quarter, St. Marys gained its composure and kept pace with Holy Trinity in scoring.

At half time, the score was Holy Trinity 27, and St. Marys 13. In the third quarter, the Wildcat defense again stiffened and a measly five points were only allowed to the Crusaders, while the Wildcats scored 12. With the defense never letting up, the final score ended with Holy Trinity gaining 41 and St. Marys 20.

Those scoring for Holy Trinity were Strobel with 20, Nick Staehler with six, Jesse Boegel with six, Luke Piwoni with four, Mitch Strobel with three and Jacob Stoffel with two.

Holy Trinity will meet their next opponent, CCLT of Lomira on Friday night, January 12, in Lomira.

State Parks and Forests Offer 500 Miles of Cross-Country Ski Trails

MADISON -- As cross country skiers gear up for another ski season in Wisconsin, state park officials suggest skiers call ahead for conditions before heading out to their favorite state trail.

"Conditions currently vary widely from one end of the state to the other, so we strongly encourage skiers to call ahead for conditions before they leave for a particular ski trail," says Bill Moorman, state trails coordinator for the Wisconsin Department of Natural Resources.

Wisconsin state parks, forests and recreation areas offer more than 500 miles of cross-country ski trails that range from beginner to expert in their difficulty. Approximately 420 miles of ski trails are groomed for skiing when snow conditions permit.

The Lapham Peak Unit of the Kettle Moraine State Forest, near Interstate 94, west of Milwaukee, has lights for night skiing. Additionally, more than 20 different state park and forest properties will be

holding a total of 38 candlelight skis this winter.

"Trails throughout much of northern Wisconsin, such as the popular Madeline, Escanaba and McNaughton ski trails in the Northern Highland-American Legion State Forest, have received adequate snow and have been groomed and tracked," Moorman says.

Some trails in central and western Wisconsin, including the Red Cedar Trail and Hoffman Hills near Eau Claire, have been groomed, but conditions were reported as "only fair, with some bare spots," he said.

In southern Wisconsin, trails were reported in good condition at Wyalusing State Park near Prairie du Chien and fair at the Lapham Peak Unit of the Kettle Moraine State Forest. But poor snow conditions were reported from Devil's Lake and Mirror Lake state parks.

"Of course, conditions can change with a good snowstorm," Moorman says. "When we get adequate snow, our park and

forest crews try to get out right away and groom and set tracks." Conversely, Moorman notes, conditions may deteriorate rapidly with a warming spell.

Vehicles entering parks and most forest properties must have current Wisconsin State Park annual or daily admission stickers, and some trails require skiers to have trail passes. Trail passes are \$10 annually or \$3 per day. Money generated through the sale of admission stickers and trail passes helps pay for grooming and maintenance of ski trails.

The Wisconsin State Parks Visitor Guide, lists parks, forests and recreation areas with ski trails. The guide includes phone numbers for each property that skiers can call to find out trail conditions. The guide is available at most park and forest offices by calling 608-266-2181. Additionally, many parks and forest offices have maps of ski trails on their property.

have been killed illegally.

"People will not be allowed to load car-killed deer onto their vehicles until they've called a law enforcement dispatcher and are told where to take the deer for registration," Lee said. "Since those calls are recorded, we can confirm that authorization if necessary."

Musser said the success of the law will be determined, in part, by the state's ability to find local shop and business owners who are willing to provide registration services. Hundreds of businesses throughout the state currently volunteer to register deer during hunting season.

XYZ CARD RESULTS

The winners at cards played by the XYZ Senior Citizens at the Municipal Building on Wednesday, Jan. 3rd were: SKAT: Francis Gilboy, 13-1-12 net; Sylvester Schmidt, 10-1-19 net; Francis Gilboy, Heart solo vs 4.

SHEEPSHEAD: Lucy Weiland, Norbert Broecker and Edna Rупlinger.

Wisconsin Northwoods Named #1 Snowmobiling Destination

MADISON - The Wisconsin Northwoods is the best place to snowmobile in North America, according to readers of *Snowgoer* magazine.

For the second time in three years, the area grabbed top honors in several categories in the publication's annual Snowtime Awards.

The awards came as no surprise to Division of Tourism Administrator Moose Speros. "Once again, Wisconsin is recognized as a premier destination for snowmobilers and their families," he said. "The 20,000 miles of top quality trails across the state, maintained by hundreds of local snowmobile clubs, are no match for other states. Plus, our hospitality off the trail can't be beat."

Wisconsin Northwoods was named as the best area for catering to families and best trail riding. Individual communities, businesses or resorts receiving first place votes were Decker Sno-Venture Tours, Eagle River - best tour operations; Lakewoods Resort, Cable - best resort/motel; Hurley - best nightlife. The Northwoods also captured third place in the most scenic area and area most likely to visit in the future categories.

Many other Wisconsin sites received mention in the magazine's Snowtime Awards. Blink

Bonnie's in St. Germain captured second place honors in the best restaurant category. Minocqua and Eagle River grabbed third place and honorable mention, respectively, in the best nightlife category. The Thirsty Whale of Minocqua received an honorable mention in the best trailside pitstop category and Chanticleer Inn of Eagle River received an honorable mention in the best resort/motel category.

In naming it the best snowmobiling vacation area, *Snowgoer* magazine stated that Wisconsin Northwoods does an excellent job catering to snowmobilers on and off the trail, "It's not only how good it is when you're riding, it's how good it is when you're not -- Wisconsin's Northwoods do both superbly. The area has it all."

The Northwoods beat out Montana's Yellowstone and Michigan's Upper Peninsula for the top award.

The ears of a cricket consist of a thin membrane on the side of each front leg. The membranes vibrate when sound waves strike them.

New Law Makes It Easier To Claim Car-Killed Deer

MADISON -- Legislation signed by Governor Tommy G. Thompson in December will make it easier for motorists to claim and make use of car-killed deer. Until now, law enforcement officials have been required to drive to an accident scene and tag the deer if a motorist wanted to claim the animal.

Under the new law, police and sheriff's dispatchers can authorize motorists, over the phone, to move the deer to a registration station or other designated location for tagging. A motorist who strikes a deer retains the right to first claim it.

The legislation's sponsor, State Rep. Terry Musser (R-Black River Falls), said the law allows law enforcement officers to concentrate on more urgent business while improving chances that people will claim and use car-killed deer. Sheriff's deputies in particular, he said, often find themselves miles away and responding to other requests for assistance.

"Unless a car-deer accident involves person-

al injuries or significant vehicle damage, a sheriff's department with limited resources is likely to consider a trip to the accident scene a low priority," Musser said. "A motorist may face a considerable wait before someone is free to come and tag the animal."

Musser said calls from individuals not involved in the accident, but who wish to claim the deer, were often assigned an even lower priority.

"A lot of deer that could have been used as venison were lost because people didn't want to deal with the wait. The state ended up paying to have these animals removed and, in many cases, disposed of as trash," Musser said.

State officials estimate upwards of 40,000 deer die each year in Wisconsin as the result of collisions with vehicles. Of those deer, approximately 20,000 are claimed by motorists.

Department of Natural Resources Deputy Chief Warden Rollie Lee said the law continues to protect against transportation of deer that

New Washington County Park and Open Space Plan Under Preparation

Washington County, with assistance from the Southeastern Wisconsin Regional Planning Commission, is in the process of preparing a new county park and open space plan.

The plan will be developed under the guidance of a seven-member Advisory Committee consisting of representatives of municipalities within the County and the University of Wisconsin-Extension.

The existing County park and open space plan was adopted by the Washington County Board of Supervisors in December, 1989. The new plan will reflect updated information related to land use, population lev-

els and distribution, anticipated growth and development, natural resource inventories, and park and open space acquisition and development activities within the County.

The plan update is also intended to maintain County eligibility to apply for and receive Federal and State grants to help support the acquisition and development of park and open space sites and facilities. The plan update is designed to extend the recommendations of the existing Washington County park and open space plan to the year 2010.

The County park system currently includes the following parks and

sites: The Cedar Lake Wayside in the Town of West Bend; Glacier Hills Park in the Town of Richfield; Goeden Park in the Town of Trenton; Heritage Trails Park in the Town of Polk; Homestead Hollow Park in the Village of Germantown; Lizard Mound Park in the Town of Farmington; Ridge Run Park in the City of West Bend and Town of West Bend; and Sandy Knoll Park in the Town of Trenton. The Washington County Golf Course at Family Park, to be located in the Town of Hartford is scheduled to open in 1997.

The new plan will identify existing and probable long-term future park and open

space needs within the County and recommend a system of parks, recreational facilities, and lake and river access points to meet those needs.

The plan will also identify potential trail corridors and areas that should be preserved in order to sustain the natural resource base and the environmental quality of the County. It is anticipated that the plan will take about one year to complete.

As part of the planning process, a public opinion survey was conducted on behalf of the County by the University of Wisconsin-Milwaukee Urban Research Center in mid-November. The survey included telephone interviews of approximately 500 County residents selected at random as well as a

mail survey of anyone who has reserved a County park shelter in the past two years.

The survey was intended to assess residents' support for continued development of the County park system and for protection of important natural resource areas, and to help determine what improvements and new facilities residents would like to see provided at County parks.

Anyone wishing to obtain more information or to submit comments concerning this matter, may contact Paul E. Mueller of the County Land Use and Park Department staff at (414) 335-4445 or Ms. Nancy M. Anderson of the Regional Planning Commission staff at (414) 547-6721.

**TOWN OF KEWASKUM
MEETINGS
JANUARY 15, 1996**

The Town of Kewaskum Plan Commission will meet Monday, January 15, 1996, at 7:30 p.m. at the Kewaskum Town Hall, 9019 Kettle Moraine Drive, WI; agenda as follows:

1. Final plat approval and developers agreement for Shagbark Hickory Estates Subdivision, Section 13.

2. Certified Survey Map, Thomas and Terry Jo Gibson, Section 24.

3. Discussion regarding purchase of land in Section 10, Marvin Tackes property.

The Kewaskum Town Board Meeting will follow the Plan Commission, agenda as follows:

1. Final plat approval and developers agreement for Shagbark

Hickory Estates Subdivision, Section 13.

2. Approval CSM Thomas and Terry Jo Gibson.

3. Hire engineer for East Moraine Drive bridge construction.

4. Review recycling procedures.

5. Review Town Hall rental and clean up procedures.

6. Discussion road construction North Mill Road.

7. Approve bills for payment.

An agenda is available from the Clerk upon request. Dated this 7th day of January 1996.

Barbara L. Wenzlaff,
Town Clerk

People spend millions of dollars a year on products to make you smell better. Does that make good scents???

TO WHOM IT MAY CONCERN:

Notice is hereby given that on January 22, 1996 at 8:00 p.m. the Village Board of the Village of Kewaskum will hold a general discussion on the possibility of changing School Street to a one-way traveling northwesterly. This public hearing discussion is based on the request of the Kewaskum School District Board of Education. The request has been made to create a safer environment for everyone involved.

You are invited to attend the meeting and share your comments with the Board. Your cooperation is appreciated.

Sincerely,
THE KEWASKUM VILLAGE BOARD

MEETING NOTICE

The Kewaskum School District Board of Education will meet in Special Closed Session on Monday, January 25, 1996 beginning at 6:00 p.m. at Farmington Elementary School, 8736 Boltonville Road for the purpose of the performance evaluation of the interim superintendent. The meeting is closed to the public.

PROPOSED AGENDA

1. Call meeting to order - President Wear
2. Roll call of members
3. Motion for Closed Session as per Wis. State Statute 19.85 (1) (c) "Considering employment, promotion, compensation or performance evaluation data of any public employe over which the governmental body has jurisdiction or exercises responsibility."
 - a. performance evaluation of interim superintendent
4. Adjournment

PRINTING OPPORTUNITIES

Are you looking for a company that appreciates its employees and wants them to achieve success along with the company? Serigraph Inc., one of the nation's top printing companies, currently has 2nd and 3rd shift openings for entry-level printing assistants. Candidates need a successful work history and should be interested in working in one of our fast paced, dynamic production areas. If a challenging work environment with competitive wages and benefits is what you've been searching for, stop in and fill out an application at:

SERIGRAPH INC.
Human Resources Department
3701 E. Decorah Rd.
West Bend, WI 53095

EQUAL OPPORTUNITY EMPLOYER M/F/V/H
Serigraph conducts pre-employment drug tests.

**Free Community
Education Series**

The Youth and Family Project will be sponsoring a four week community education program designed to help strengthen families. The four week series will host a variety of speakers from local organizations. Beginning January 16, this parent forum will address such topics as "Helping Our Kids Adjust to Divorce," "Teens and Alcohol," "Taming Those Temper Tantrums," and "When There's a Crisis in Your Home."

Hartford Workshops will include the "1-2-3 Magic" parent series on discipline and a "For Kids Only" four week drug and alcohol preventive series for children ages seven to nine.

All programs offered through The Youth and Family Project and The Community Education Series are free of charge. Child care will be available for interested participants. The Youth and Family Project is a private non-profit agency that focuses on 'Helping Families Succeed'. Anyone interested in participating in the Educational Forum should call The Youth and Family Project at 338-1661.

**Kettle Country
District Meeting**

Kettle Country District, of the Bay-Lakes Council of the Boy Scouts of America, will conduct their monthly district meeting on Thursday, January 18, at 7:45 p.m. at Slinger Middle School (Highway 60 to Burger King, North on Lou's Way about seven blocks).

The district includes Dodge, Ozaukee and Washington Counties and the Random Lake

Community. All adult scouts are invited.

The agenda will include reports by the chairmen of training for Cub, Webelos and Boy Scout Leaders; camping; Cub Winterfest; District Dinner; St. George Dinner; Scout Retreat and Spring Mom and Son Campout. Refreshments will be served.

Commissioners will have their meeting following the District Meeting.

MEETING NOTICE

The Kewaskum School District's Finance-Transportation - Buildings and Grounds Committee will meet on Monday, January 15, 1996 at 7:30 p.m. The meeting will be held at Farmington Elementary School, 8736 Boltonville Road, Kewaskum. The meeting is open to the public.

PROPOSED AGENDA

1. Call meeting to order - Mrs. Goeden
2. Roll call of members
3. Tour FES facilities
4. Discussion and recommendations:
 - a. Computerized lunch ticket system - Mrs. Robinson
 - b. District priorities of maintenance projects - Mr. Boehlke
 - c. Maintenance planning - Mr. Boehlke/Dr. Johnson
 - d. Remove asbestos floor tile at FES - Mr. Boehlke
 - e. Engineering for KMS and KHS roofing - Mr. Boehlke
 - f. District investment income - Dr. Johnson
 - g. One way street/parking situation on School Street/ Mrs. Goeden
5. Adjournment

NOTICE

NOTICE is hereby given that applications for the position of CORRECTIONS OFFICER for the Washington County Sheriff's Department will be accepted by the Washington County Civil Service Commission.

SPECIAL NOTE: MINORITIES ARE ENCOURAGED TO APPLY.

Application blanks shall be obtained from the Washington County Personnel Department at 432 E. Washington Street, West Bend, WI. 53095.

The position of Corrections Officer has a minimum base pay of \$2,029.73.

A written test will be given by the State of Wisconsin on Feb. 10, 1996 9:00 a.m., at UW-Washington County Campus, 400 University Drive, West Bend, WI, Room 201 - Lecture Hall.

COMPLETED PRELIMINARY APPLICATION MUST BE TIME-STAMPED IN THE WASHINGTON COUNTY PERSONNEL DEPARTMENT BY 4:00 p.m. January 18, 1996. SOCIAL SECURITY CARD REQUIRED AT THE TIME OF APPLICATION.

Must possess the following qualifications for the position of Corrections Officer by the deadline date for filing applications:

- 1) All applicants shall be citizens of the United States;
- 2) All applicants shall not be less than 21 years of age;
- 3) All applicants shall have a high school diploma or the equivalent thereof;
- 4) All applicants preferably will have three years of post high school work experience in a civil or military law enforcement unit or detention facility. Post high school training can be substituted on a year-for-year basis to fulfill the work experience requirement.
- 5) Applicants shall not have been convicted of a criminal offense equivalent to a felony under Wisconsin Law;
- 6) Applicants shall be in good physical condition with weight proportioned to height;
- 7) Applicants must have the ability to distinguish colors;
- 8) Applicants must possess a valid Wisconsin driver's license;

Residency within Washington County must be established within six months of the date of appointment to the department;

All applicants for the position of Corrections Officer who successfully complete the written examination shall be graded on the basis of thirty percent of their of their total score applied to the written examination and seventy percent of the total score applied to the oral examination. Successful applicants will be required to pass a physical examination, and drug screening prior to appointment. A psychological examination, including a polygraph, may be required.

An Equal Opportunity Employer

Service News

Ben Matthies, a senior at Kewaskum High School in Kewaskum, enlisted in the Marine Corps Delayed Entry Program at the Marine Corps Recruiting Substation located at 1622 S. Main Street, West Bend.

This program allows high school seniors to enlist into the Marine

Corps and defer going to recruit training until after graduation.

Matthies is scheduled to report to recruit training in August of 1996 at San Diego, California. After completion of training, he will attend The School of Infantry for training as an infantryman.

Ben is the son of Harold Matthies of Kewaskum.

HT Girls 2nd at Springs Tourney

The Wildcat girls "A" basketball team from Holy Trinity continued playing very solid with a respectable second place finish in the always tough St. Mary Springs tournament in Fond du Lac.

The squad from Kewaskum opened the tourney against one of the four teams from the Fondy area. The Hutter team made up of all seventh graders was no match for the more experienced Wildcat girls and they rolled to an easy 37-13 win.

Game two saw the Holy Trinity squad go up against another of the Fond du Lac area teams, F.A.C.E.S. (Swift). Unlike their earlier opponent, this team proved to be

game tested since they had beaten a difficult Eden team to get there.

The Wildcats came out shooting, scoring 20 points in the first quarter on an assortment of long bombs and nice inside lay-ins. Following a pretty even second quarter, the score finished 27-13 at halftime.

The second half provided more than its share of scares for the girls. The offense they had in the first half disappeared and then they lost their starting power forward, Katie Kopecky, when she took a nasty fall in the fourth quarter. The girls seemed to rally around their injured teammate.

With renewed vigor they started fast breaking at every chance forcing Swift to foul and putting the Wildcats at the line. Five free throws wrapped around a Jenny Kraft three pointer was

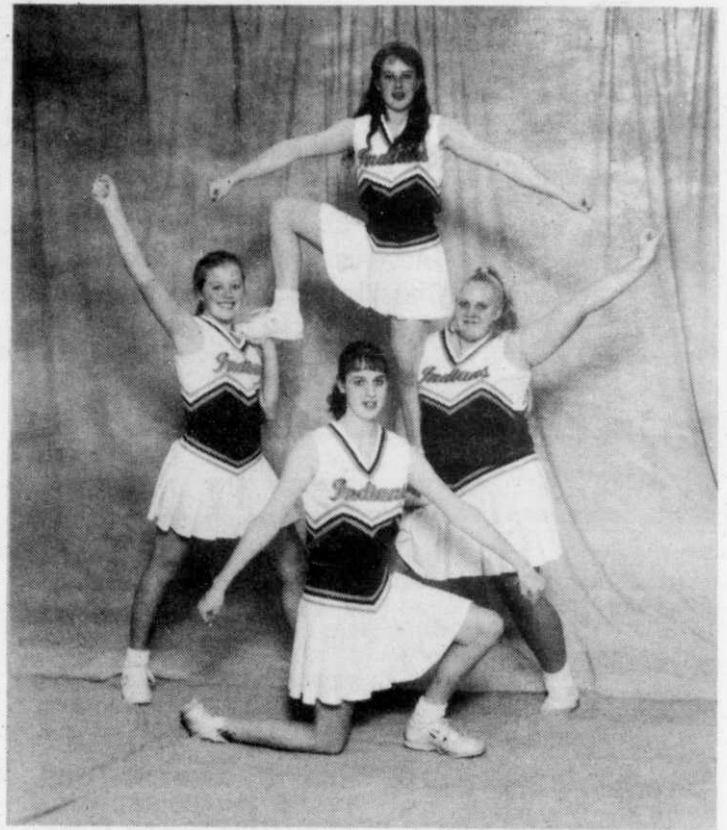

enough as they outlasted Swift, 37-32.

The championship game saw the Wildcats face a very tall team from Beaver Dam Catholic Unified. With a center of 5'11", and forwards of 5'10" and 5'8" they were by far the tallest team they have played to date.

With no starters taller than 5'6", the 'cats found the going rough from the start. When Beaver Dam didn't score from the inside, they seemed uncanny from the outside and rolled to a 28-13 half-time lead.

The coaching staff spent halftime asking the team to look deep inside themselves for that extra defensive spark, and boy did they find it. Playing with a new sense of pride, the girls held Beaver Dam to a total of four second half points.

Unfortunately, the

JV BASKETBALL CHEERLEADERS

Clockwise: Jody Schmidt, Mandy Kougl, Nadine Hollister and Jane Sparks.

lead was just too great to overtake and they fell by a score of 32-24. If ever there was any doubt about this team's heart, it should be gone now.

Tournament scoring for the Holy Trinity girls were Amy Piwoni with 26, Jenny Kraft 25, Katie Kopecky 14, Amber King and Lynn Wiesner 13 each, Emily Rinzel with four, and Lisa Schickert and Bridget Polzean had two apiece.

Wildcat Girls Still Undefeated

The Holy Trinity "A" girls continued their winning ways with a 32-24 win against St. Mary's of West Bend. The win enabled the Wildcats to hold on to first place in the league with a four and zero record.

The girls opened the first quarter determined to jump out to a quick lead and that they did in using defense to secure an 8-0 lead at the end of one. West Bend used a strong inside presence on defense to limit the Wildcats to one shot at a

time. Then they were able to get their own defense untracked and were able to cut the gap at halftime to five points.

At the start of the second half and with the score at 14-9, the defense reappeared and took control. The Wildcats used their quickness on the perimeter to help offset West Bend's height advantage inside.

Pressure on the West Bend guards helped to keep the ball from making its way to the inside. The results were just what the Wildcats needed in stretching the lead to eight points by the end of the third quarter.

The fourth quarter continued in that fashion with the visitors staying close but never really making a dent in the Holy Trinity cushion. Leading the scoring for the home team were Jenny Kraft with 12, Amy Piwoni and Bridget Polzean with six each. Katie Kopecky had four, and Lynn Wiesner and Becky Bohn each finished with a basket. Next Holy Trinity plays in the St. Mary's Springs tournament on Saturday and Sunday, the 6th and 7th.

Lake Maps for Ice Fishermen

Ice fishermen! No more cutting through a foot of ice to find six inches of water underneath. An index for the 2,450 Wisconsin Mapped Lakes is now available.

A lake map is actually a hydrographic chart. So what's a hydrographic chart? A hydrographic chart is simply a high-faluting term for a map showing the various depths of a lake along with other information that is so desirable to have for fishing... such as kind of lake bottom (mud, sand, gravel, etc.). This information may help the ice fisherman enter the charmed world of experts.

Suppose you want to fish for perch. You know his feeding habits and at what depths and over what kind of bottom he would be. With a Wisconsin lake map you can see at a glance the general contour of the lake bottom and the exact depth of any given place along with the kind and condition of the bottom.

The index is available at no charge by sending a self-addressed, stamped (52c) No. 10 business envelope to: Wisconsin Ice Fishing, Box 5096, Madison, Wisconsin 53705-0096.

HT Boys 'B' Team Wins

You should have seen the boys' 'B' team from Holy Trinity School play basketball last Friday night. They were great! They were able to take control of the game from the beginning.

St. Marys from West Bend had some fine players, but the Holy Trinity boys got the edge on them early and were able to stay above them 17 to 5 at the half, ending the game with an impressive 37 to 15 score.

Justin Wessing was the leading scorer by hitting for 12 points, and Joshua Timblin added six. Nick Thorn had five points, and Josh Repovsch and Ty Wietor each scored four. Adam Hubacek added another three, Bob Teofilo two, and Adam Gitter also had one.

The win for Holy Trinity was definitely a team effort, as each player seemed to put forth his best work. There were quite a few steals and assists of which this writer did not keep track, but they clearly helped the outcome of the game.

The next time they play will be on Friday, January 12, at 6:30 p.m. in Lomira.

Why is the virus that causes the common cold so hard to find, when it's so easy to catch???

Thomas Kudek, owner

Indians Slow Start is Key Factor in Loss to Chilton

By Perry Koth

It's difficult enough to win games when you don't shoot well, but when you don't get to take any shots, it really gets tough!

That's basically what happened last Friday night when the Kewaskum boys basketball team visited the Chilton Tigers. Kewaskum turned the ball over on its first eight possessions (10 of its first 11 possessions) spotting the Tigers to a 12-4 first quarter lead.

Chilton effectively used a switching man to man full court press to take the Indians out of their game early. The slow start, combined with a poor third quarter (seven points), was all Chilton needed for a 53-36 victory.

Coach Shaw didn't feel it was Chilton's execution of the press that caused the problem. "We didn't take care of the ball again, and we weren't able to handle the up tempo of the game," said Shaw. In the first quarter alone, the Indians turned the ball over 11 times in just 16 possessions.

While the Indians did play the Tigers fairly even the second and fourth quarters, they did not execute well enough to make any type of comeback.

Coach Shaw now feels

that when a team gets ahead of the Indians early in the game, that his players lose confidence in themselves and in the team and don't really believe they can come back. It appeared that once again the Indians had difficulty executing on offense until the final minute or two of the game.

Shaw said, "I was very pleased with the way we executed the offense at the end of the game. We didn't have one bad pass at the end."

Shaw also felt that this was a step backward for his team, which he had hoped would start the new year on a more positive note. Shaw did say that he met with his players and that they would be ready for Friday's game against Kiel.

Dan Jeserig led Kewaskum with 14 points, while Chilton was led by

Buster Hermann with 20, David Konen with 16 and Danny Mueller with 10 points.
