Charleen Barutha Celebrates 25 Year Career with West Bend Savings Bank

Charleen Barutha

By Sharon Callaway Roznik

After 25 years in banking, Charleen Barutha still gets up every morning looking forward to going to work. Perhaps it's because her customers have always been number one on her list of priorities, and it shows.

As assistant vice president of West Bend Savings, Kewaskum Branch, Charleen worked her way up through the ranks, earning a reputation that reflects the community's respect, as an outstanding business person and an active participant in many volunteer roles.

Growing up in Beechwood, Barutha attended Kewaskum High School, and later moved to Nebraska, where she worked at a bank for several years, before returning to Kewaskum in 1970, to raise her three children close to family and friends. She was employed as a teacher's aid for two years, until West Bend Savings opened their Kewaskum Branch in March, 1972.

"I wanted to try a new career, and since I had previous banking experience, I thought I might like it," Charleen relates. She started in May, as a scared to death teller, who knew she would never make it through the first couple of weeks, dealing with money and customers. "After 25 years, I still love it, and I never think, 'oh no, I have to go to work today,'" she maintains.

From teller, Barutha was promoted to assistant branch manager, then branch manager, to her present title as assistant vice

president. "I don't know where to begin explaining my job, because it really encompasses everything. I manage all the employees, strive to keep our customers happy, and handle consumer and mortgage loans," she explains, adding that one of the keys to her success has been the relationship she has with her co-workers. "I have wonderful employees and their professionalism is an added benefit."

After 22 years at West Bend Savings' location on Main Street, the bank purchased land and built a brand new facility along Highway 45. "I never dreamed that would happen," Charleen recalls. "I thought we'd always be in the same place. We moved in January, 1994, and they really did a fantastic job decorating the interior for us. My office is beautiful."

A brand new building with her very own executive office does have its perks, but that's not really Charleen. The core of her business life centers around her "super great" customers as she calls them. "I've made many friends through the years, both customers and the people I've worked with. Everywhere you go, whether it's to church or the grocery store, people of this community greet you with a hello."

Many times it's because they remember Charleen Barutha was there when they needed her. She calls on them at the hospital, at their home, or at a nursing home, ready to assist in helping customers with their financial needs, what-

ever situation arises.

"I think things like that are really important," she stresses. "Knowing they can count on you. I take that very seriously because many of these senior citizens need somebody to help them get their finances in order. It's important to me to be able to give them that peace of mind. It helps them continue to enjoy life."

Apart from her career with West Bend Savings, Charleen is an active member of the Kewaskum Area Chamber of Commerce, the Kewaskum Women's Club, and St. Lucas Church. She has also served on the committee for Kettle Kountry Kolers since it began in 1989.

She resides in Kewaskum with her husband, Al, and enjoys spending time with her three grown children, and nine grandchildren.

Charleen was recognized for her years of service at a special West Bend Savings Awards Banquet held Wednesday evening, May 7, at the West Bend Country Club.

Concert In The Park

The Kewaskum High School musicians will soon be playing and singing in the park.

That's right, the yearly outdoor concert is just about here. All that is needed is a little more practice and some cooperation with the weatherman.

On Wednesday, May 21, the bands and choirs of KHS will be set up in the large shelter area at River Hill Park. These groups will be presenting an evening of fun music beginning at 6:30 p.m.

They will also be serving brats, hamburgers, soda, coffee and more beginning at 5:30 p.m.

So save this date for the music students at Kewaskum High School... bring the family and your friends and don't forget to save some money for the food. Come and enjoy an evening in the park.

New Owners of Video Square

Angela Krause (pictured above) and her husband Tony, are the new owners of Video Square, located in the Kewaskum Mall.

By Sharon Callaway Roznik

A recent change of ownership has brought two new faces into Kewaskum's business community. On March 22, Angela and Tony Krause took over Video Square, located in the Kewaskum Mall, marking the couple's second venture as business owners.

Tony successfully owns and operates Outdoor Specialists, which offers landscape maintenance, concrete pouring, landscape construction, and small home improvements. Based in Kewaskum, the Krauses began looking for an opportunity that would allow Angela the chance to explore a new career, and work within the community. When they discovered Video Square was up for sale, they both decided it fit well into their plans for the future.

"I was raised in Germantown, but both my grandmother and mother were originally from this area," Angela relates, which is why Kewaskum has remained a special place to her.

"We've always enjoyed watching movies, and this is the kind of job I can look forward to going to. It's relaxing and when it gets slow, I can catch up on bookkeeping for both businesses." Angela is also employed as a full time general accountant for F. Dohmen Company in Port Washington.

The store itself has remained basically the same, with a large selection

of movies and video game rentals. Video Square offers a variety of specials customers can take advantage of: a two for Tuesday special, 75c movie of the day, lower weekly rates for video game systems, a free game with the rental of a system and two games, and every 20th movie rental is free. There's also a chance to win a free movie rental in the gumball machine.

Video Square has Sony Playstation, Sega Saturn and Nintendo 64 systems available for rental, and a display area set up in which they sell collectible cards, along with used video games and movies.

With the help of three employees, Jamie Gaffke, Sarah Ramel and Angela's mother, Diana (Ramthun) Stephan, Angela will continue to serve both her full time job and the new store. Hours are Monday through Thursday, noon to 8 p.m.; Fridays, noon to 9 p.m.; Saturdays, 10 a.m. to 9 p.m. and Sundays noon to 7 p.m.

25 Years Ago

May 12, 1972

Mrs. Stachia Swan, who owned and operated Stachia's Variety and Gift Store at 127 Main Street in Kewaskum, and who has been in business for the past 18 years, has sold her business to Mrs. Agatha Breit of Route 2, West Bend. The transaction was completed on May 3. Mrs. Breit will operate the store with her family and the new name will be the "Busy B's." They will feature hand-crafts, gift items, and general variety merchandise.

A Grand Opening will be held next Thursday, Friday and Saturday, May 18, 19 and 20, at Kettle Moraine Electric, formerly Ramthun Hardware, on the corners of Hwy. 28 and 45 (Main Street and Fond du Lac Avenue,) in Kewaskum. The new owners, Al Beisbier, Don Scheid and LaVerne Schnabel purchased the business at 1121 Fond du Lac Avenue in February, from Mrs. Jean Ramthun, who had been conducting the business with her son,

Harvey, under the name of H. Ramthun & Son Hardware, Plumbing and Heating.

Mr. Clark A. Pearson will be Principal of Kewaskum High School, beginning July 1. He is presently Vice Principal of Greendale High School (Milwaukee), a school of some 1,300 students. Prior to accepting the position of Vice Principal last year, Mr. Pearson had taught mathematics at Greendale for four years. He began teaching at New Holstein in 1960 and then went to Kiel before moving to Greendale. Mr. Pearson succeeds Edward Connors who resigned in January.

Kewaskum Community High School juniors Jim Gaffke and Jeff Koth have been selected as this year's representatives to Badger Boys State.

A daughter was born to Mr. and Mrs. Dwight Westerman, Route 2, Kewaskum, on April 27. Sons were born to Mr. and Mrs. James Heisdorf, 1011 Milan Drive, Kewaskum, on May 2, and to Mr. and Mrs. Edward Weddig, 1753 River Drive, West Bend, on May 5.

Kindergarten Screening

The Kewaskum School District will conduct a screening of children who will enter kindergarten in September, 1998. This screening provides the staff with valuable information in the area of speech, language, vocabulary, vision, hearing, and readiness skills.

While the screening is voluntary, parents are urged to have their children participate. This year the screening will be held June 12, 13 and 14th at Kewaskum Elementary School. If your child is four years old, on or before September 1, 1997, please call the administrative office at 626-8427 between 6:30 a.m. and 2:30 p.m., extension 8001, to schedule an appointment.

This is the only screening administered by the District for students prior to entering kindergarten. Based on the screening results, some students may qualify for the First Steps program for four year olds.

Once the screening is completed, results will be mailed to parents and they may contact the District office with any questions on the results.

VOTERS COMMENTS...

Following the failure of the school referendum in early April, members of the Kewaskum School Board were asked to address the issue of future facility planning for the district. Their comments were printed in the April 24 and May 1 issue of the Statesman.

At those times, voters of the district were asked to send in their ideas and opinions. They have been trickling in, slowly but surely, and we are beginning to print those comments in this issue. Due to space constraints this week, more will be printed in next week's issue.

There is still time to submit your ideas on why the referendum failed and what to do to rectify the over-crowding issue at the schools. Comments will be published anonymously, however we do ask you to sign your "letter" with your name and telephone number. At your request, the name and phone number will be withheld from publication and only one person is aware of those names (and I'm not talking!).

Please send in your opinions. As we have stated before this is an opportunity to open lines of communication and directly inform YOUR school board and administration how you feel. MANY, MANY people have good ideas and these ideas need to be shared and expanded upon.

Send your comments to: **Voters' Comments,** % Kewaskum Statesman, P.O. Box 98, Kewaskum, WI 53040. Thank you.

Here is our first response:

Why was that referendum voted down? Why don't taxpayers ask more questions? Here's the questions I'd like answered.

- Do you really think our corn fields are worth ten thousand dollars an acre? -- after a 30% "gentleman's/concerned citizens" discount. Ninety-eight acres next to me sat on the market for five years at one thousand dollars an acre. I know of 68 acres of very developable land outside of West Bend that sold for about \$5,000/acre -- half the price of our proposed "discounted" land -- it was on the market for over two years.

- Do you really think the current owners of the property to be purchased have been paying \$14,000/year in taxes on seventy-some acres of corn field? (\$19.4/m of assessed value). If they haven't, the town has been getting ripped off. If we buy land wouldn't we want to reassess the value of the surrounding land to this new found "market" value?

- Do you really think I want to spend my money today to secure a proper facility for the future Milwaukee and Illinois refugees? There are 1200 sq. ft. houses going up on every available parcel of farm land that can get a variance. There are also large tracts of our farm land being converted to apartment dwellings -- with proper variances of course, that house people that don't pay any property taxes at all! -- but their kids sure do go to our schools. My new ex-Milwaukee neighbors aren't

concerned about our schools -- they are much better than what they were used to. Their concerns have been: why doesn't Kewaskum have more parks, how can you raise a cow from a little calf just to butcher and eat it and how can you participate in a barbaric sport like deer hunting and slaughter those innocent Bambi's.

- Do you really think I want to spend my money today because of "predictions" about tomorrow? Governments, municipalities, village boards, school boards, etc. predict the future like modern day meteorologists predict the weather -- with about as much accountability!

RECOMMENDATIONS: Let's get our elected officials together -- specifically the Village Board and the School Board and brain storm a solution to our school over-crowding problem, which in reality, is really a problem of uncontrolled urban sprawl and disintegration of our rural heritage. We all know the quality of education is really tied to people -- teachers, professors, and educators, not land, buildings and facilities. When our industrial base migrated south for cheaper wages -- the South built beautiful schools and educational facilities, but their standards and quality of education are still not on par with ours. I would vote approval to spend money on canvassing the country for two of the best professors or doctors of education money can attract. I would also vote to

approve pay raises for our current teachers to bring them to a level that encourages extra effort, and sends a message of appreciation for a job done above and beyond the call of duty. Now put all these people in a room to come up with real solutions to our problems -- over and above just throwing hard earned tax dollars at them. I think the quality of education will skyrocket.

2.

Students should be prepared for their role as responsible, resourceful assets to society in a totally unbiased educational environment completely devoid of waste.

This simply means each penny spent on education must add unbiased value to the student's knowledge bank.

Classic areas of absolute waste are school bussing, burdensome administration costs, superfluous courses, and biased slant to class presentations.

A K-7 or K-8 school system is the most efficient transportation-wise. A junior and senior high school complex would minimize long distance bus runs.

Letter to The Editor

May 12, 1997

Dear Editor:

I am writing to thank the community for coming to see the Kewaskum Middle School's performance of "Time and Time Again." Not only was the show a sellout, we ended up adding extra seats. The cast and crew of the musical did a wonderful job and few errors were made.

This year we were fortunate to have a stage and a location to perform. Next year this changes because we are no longer going to be able to use the auxiliary gym, which school performances have been held since the previous stage became an art room. The auxiliary gym will not be used because it lacks the right amount of fire exits. So far there isn't a plan on where performances will be held in the future.

Being the director of this year's musical and also a high school senior that soon will be leaving for college, I feel it is necessary to let the community know about the inadequacies of the theatre department in this school district. The technical part of the show was the most difficult aspect to put together.

We did not have enough lights to appropriately light the entire stage. If you were an audience member for the performance, you know the sound level was less than

ideal. It again was very difficult to hear due to an inadequate sound system.

I realize this letter will not accomplish very much right now. My hope is that if there ever is a referendum for the purchase of theatre equipment, (extra lights, sound system) that you will remember reading this letter and support it. Expanding students' minds and using theatre to teach is done through such performances but it cannot continue successfully without adequate equipment.

In closing I want to thank all the cast members'

parents for supporting your child's participation and for transporting them to and from our busy rehearsals. This was not only a great learning experience for the middle school participants, but it was also the same for me. I couldn't have put this show together without the help of Dave Bertelsen, Robin Dorst and Nadalie Reindl. Thanks to everyone who helped with this success.

Sincerely,
Nick Bailey
Director of
Time & Time Again

KHS Students Participate in Skills Olympics

Demonstrating career skills was on the menu for KHS students recently as they participated and garnered awards, in the 19th annual "Skills Olympics" at Fond du Lac's Moraine Park Technical College.

In categories ranging from Home Economics/Food Service to Agri-biotechnology to Corrections Science, KHS students competed against other Wisconsin students in a series of contests designed to showcase proficiency -- as well as help develop thinking and skills -- in specific career areas.

Many of the KHS students captured honors in the day-long competition. Jed Steier won first place, and a \$200 scholarship, in the "Corrections Science" category, while also nabbing third in "Environmental Awareness."

Also taking first place and a \$200 scholarship was Heather Weiss, in the "Home Economics/Food Service" section for Preparing a Chicken Entree. The category saw other award winners, too: Tina Heider got second place in Cake Decorating, while Laura Janz and Sandy Vrana received Honorable Mention for Cake Decorating, as well.

Additional awards in the section included Laura Kuddek, third place for Long Hair Design, and Honorable Mention for Brian Liegl, Peter Jaecks and Laura Klemme in the Sandwich Construction Relay.

Congratulations go out to all of this year's participants.

A road hog is a motorist who is entitled to half of the road and takes it right out of the middle.

In the Sandwich Construction Relay, Peter Jaecks, right, Brian Liegl and Laura Klemme used their innovative "Sandwich Board," wherein 30 sandwich tops arranged on a board could be attached to 30 bottoms simply by flipping over the board.

Senior Heather Weiss captured first place for a chicken entree she prepared. Heather plans to continue towards a career in the culinary arts.

Freshman Amanda Schoofs prepares her supplies for the Cake Decorating contest, emphasizing freehand decorating.

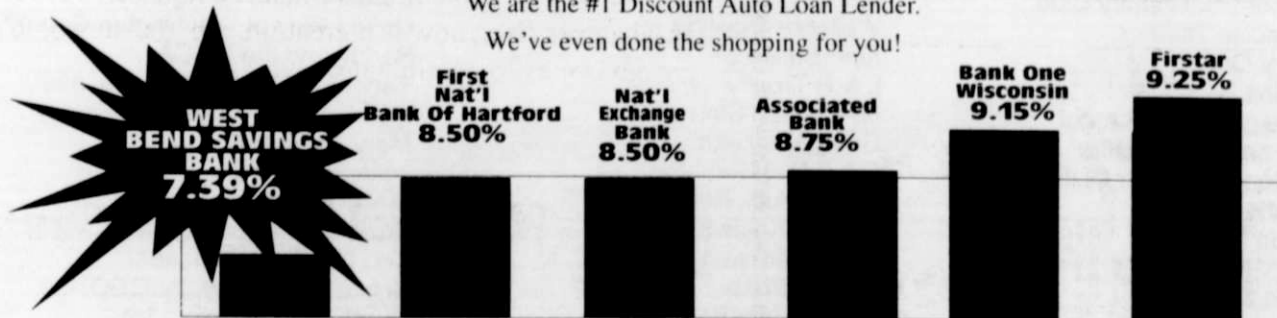

For her work on an Easter cake in Cake Decorating, freshman Tina Heider earned second place, and a silver medal.

Athletics Split

Offense was the name of the game as the Kewaskum Athletics split a pair of high scoring games last weekend.

The A's topped the Neosho Rockets, 15-8 in their first Tri-County Nite League Game of the year. Manager Dave Donath led the attack going four for five with two doubles, three runs scored and four rbi. He had plenty of help from Kevin Klahn, Ryan Hall, Mike Mueller, Tim Gundrum and others.

Klahn had three hits, good for three rbi and a run scored. Hall went two for five and stole three bases enroute to scoring three runs. Mike Mueller rapped two base hits while Gundrum crashed a long home run and drove in four runs.

Dane Dorn pitched 2 1/3 innings to pick up the mound victory. The win left Kewaskum with a 1-0 record in Nite League play.

Sunday's offensive fireworks ended on a less pleasant note as the A's dropped a 24-10 decision to the Rubicon Red Sox. Rubicon collected 21 hits and was aided by 12 walks from Kewaskum pitchers.

The A's offense came up with 15 hits but just could not overcome the Red Sox onslaught. Doug Gonring again led the charge with three hits in four at bats including a double and a

home run. He was on base five times (two walks) and drove in four runs.

Scott Donath had two hits including a home run while knocking in four runs. Terry Koth added three hits and Todd Muckerheide and Erik Kraemer each chipped in with two.

The loss dropped Kewaskum to 0-2 in Northern Division play. Overall the A's are 3-3 for the season. The West Bend Barons come to town on Saturday for a Nite League contest. The Athletics travel to Brownsville Sunday to resume Rock River League play. Both games start at 1:30 p.m.

Veterinarian Visits FES

The third grade students at FES have been studying about what a veterinarian does. May 4-10 is also Be Kind to Animals Week. So, on May 8, 1997, Dr. Demmon, a vet, from Kewaskum came to FES to talk to third grade, the PM kindergarten reading buddies, and a fifth grade class who was also interested in hearing about a vet.

Dr. Demmon showed slides of his office, the shelves of medicine, a cow having a cesarian operation to deliver her calf, and his seven year old yellow lab dog as a puppy. Whiskey, his dog, was also with him to show the growth of the dog and his good behavior. Jessica Spaeth was Dr. Demmon's helper during his talk.

The students enjoyed asking questions about other animals that he helps. They learned that a vet does many of the same things a human doctor does, only on animals. He said he became a vet because he liked school and animals. He had to go to college for four years and to vet school for another four years. So it takes as long to become a vet as a human doctor.

God saw that she was tired, and a cure was not to be, so He put His arms around her and whispered, 'Come with Me.'

With tearful eyes we watched her so quickly slip away, although we loved her dearly we could not make her stay.

Her golden heart stopped beating, her gentle hands to rest, God broke our hearts to prove to us, He only takes the best.

Farm Bureau Donates Videos to Grade Schools

Mrs. Domasky of Farmington School accepts the new video and library book.

The Washington County Farm Bureau recently donated copies of the "Discovering Wisconsin Agriculture" video to all 40 grade schools in Washington County as part of the Farm Bureau's Ag in the Classroom program.

"This is a wonderful investment the Washington County Farm Bureau is making in Washington County schools to help our youth learn more about farming in Wisconsin and how food gets from farms to their table," said Tom Thieding, production coordinator for the video. "By linking the video with the Ag in the Classroom curriculum, the Washington County Farm Bureau will provide teachers with an additional tool to help youth gain a well-rounded education about agriculture in Wisconsin."

"This video is an exciting and informative tool to help our youth gain a better understanding of the diversity of our family farms and to learn more about where food comes from," said Nancy Degnitz, of the Washington County Farm Bureau. "We believe this is a great educational and promotional video for Wisconsin agriculture."

The "Discovering Wisconsin Agriculture" video consists of three segments focusing on milk production, beef and hog production, and grain production in Wisconsin. The video contains key themes about Wisconsin agriculture and facts about foods and products made from Wisconsin commodities.

The video supplements existing curriculum, resource material, and teaching guides contained in the Ag in the Classroom program. State-wide, about 350 elementary teachers use the Ag in the Classroom curriculum, working with local farmers to educate students about how food gets from the farm to the table.

The Wisconsin Farm Bureau Foundation is a non-profit 501(c)(3) tax deductible organization to promote agricultural education and youth and young farmer programs. The Foundation accepts tax-deductible donations to support 4-H, FFA, young farmer, and Ag in the Classroom activities.

The general public may

purchase the video for \$15.00 as an at-home education and entertainment video. For more information on the "Discovering Wisconsin Agriculture" video contact Tom Thieding at (608) 828-5709.

Area Coaches and Players Selected for All-Star Games

The Wisconsin Basketball Coaches Association takes pride in announcing their recent selection of coaches and players to participate in their 15th Annual High School Girls' All-Star Games held on Saturday, June 21, at the UW Fieldhouse in Madison.

Kewaskum High School teacher and current Lomira High School girls varsity basketball coach, Glenn Eichstedt has been chosen to lead the Division Three/Four South Girls All-Star Team.

Eichstedt served as the head girls basketball coach at KHS from 1989 through 1994 prior to becoming a voluntary assistant in the Lomira program, where his children currently attend school.

Then last fall, highly successful Lomira head girls coach Tim Wilke resigned. Having been the head coach at three different high schools previously, Eichstedt joyously accepted the opportunity to coach his senior daughter's team this past season.

Upon being named the head coach of the Division Three/Four South All-Star Team, Coach Eichstedt could choose any two other division three or four girls basketball coaches as his assistants. Fortunately, former Lomira High School coach Tim Wilke and former Chilton High School Coach Ray Mlada were available

and very willing to share their basketball prowess with the selected All-Star players during the week of June 15th through the 21st.

Eichstedt has had the privilege of coaching with and against these two state tournament coaches while serving as the mentor of the Kewaskum Indians.

Coach Mlada won three consecutive Eastern Wisconsin Conference Championships prior to the Indians ending their 30 game EWC win streak in 1993. Interestingly, it was Coach Wilke's Lomira 1993 squad that brought about the end of Coach Mlada's undefeated tournament streak.

Then Glen Eichstedt voluntarily joined Coach Wilke's staff at Lomira High School. Between the three coaches they have eight regional titles, four sectional trophies and three state championships. This coaching combination should prove to be intense and enthusiastic as well as entertaining.

Two of Coach Eichstedt's current squad were chosen for the Division Three/Four All-Star Girls South Team, one as an unanimous selection and the other as an alternate. Senior and two-time first team All Flyway guard, Kelly Mayer with Wisconsin Flyway Conference Defensive Player of the Year, Leah Hanisch as an alternate (unless someone is injured or unavailable.)

FFA Attends State Judging

The Kewaskum FFA has recently obtained the results from the state FFA career development events contest held in Madison, on April 25.

The Kewaskum FFA had teams competing in Floriculture, Meats, Wildlife, Farm Crops, and Dairy Products.

The Floriculture team earned a 4th place finish in the state, competing against 20 other teams. Team members had to identify flowers and plants, as well as make an arrangement, and take a 50 question test. Members of the team consisted of Heather Maas, Jessica Schulist, and Mike Schickert.

The Wildlife contest consists of identification of animal tracks, skeletons, as well as a written quiz. Team members were Jed Steier, Ben Propson, and Eric Lieven. They were ranked 24th out of 103 teams.

Meats judging team members Paula Petersen, Nick Wagner, Jody Schmidt, and Charlie Berres evaluated beef, hog and sheep carcasses, and also had to identify different cuts of meat to earn their 18th place finish against 27 other teams.

Crops team members had to identify different types of weeds, plants, and seeds in order to secure their creditable rating. This team consisted of Jon Ratzel, Tim Albrecht, and Casey Degnitz.

The Dairy Products division includes the tasting and identification of different types of cheese, and off flavors of milk. The Dairy Products team consisted of Adam Beck, David Lettow, and Peter Muth.

KHS Girls Track Team Takes Second at New Holstein Relays

With only 18 points separating the five teams competing at the New Holstein Relays on Wednesday, May 7, competition was pretty even.

Host New Holstein came out on top with 68 points followed by the Kewaskum girls team with 63 points for second place. Valders took third with 59, Plymouth fourth with 53, and Reedsville, fifth with 50 points.

Kewaskum's distance runner, hurdlers and throwers again showed their speed, depth and power. The KHS girls scored five first places and two seconds.

"Outstanding performances from the throwers," reported head coach Joe Kinney, on efforts by Katie Yogerst, Rachel Nysse, and Sara Dedert. "Also the hurdles team of Carrie Wiesner, Joanne Thull and Jackie Michaels. The 4800 relay team of Marni Lynn, Carol Neumann and Emma Chambers also did a great job," stated Coach Kinney.

The 4800m relay (3 x 1600m) distance team of Carol Neumann, Emma Chambers and Marni Lynn started the meet by taking first place in a very convincing fashion with a time of 18:17.7 to 18:48.0 for second place Valders.

In the next event the 300m hurdles shuttle (3 x 100m), Carrie Wiesner, Joanne Thull and Jackie Michaels won with a time of 53.5 again with Valders in second with a time of 54.2. Later in the meet, Wiesner, Thull and Michaels won the 900m hurdles composite (3 x 300m) in 158.87 seconds to Valders 165.45 seconds.

The shot put and discus again proved to be a strong area for the Kewaskum girls. In the discus, Katie Yogerst, Rachel Nysse and Sara Dedert combined for a 295' 2" total for first place surpassing New Holstein's combined total of 286' 3".

Nysse, Yogerst and Dedert teamed up again in the shot put for another first place with a total of 97' 8 1/2" and again New Holstein settled for second with a combined total of 90' 6".

Placing second for the KHS girls was the long jump relay team of Jill Wichtoski, Kathy Deshotels and Mackenzie Downs with a combined distance of 40' 3/4". Coach Kinney added that Mackenzie Downs learned long jump this week and went on to have the best jump of the night for KHS.

The 800m relay team of Mackenzie Downs, Ann Bodden, Carrie Wiesner and Jenny Jagielski placed second in 1:57.7 to the tough New Holstein's relay teams' time of 1:56.6.

Kewaskum had four fourth places for the night. The 1600m relay (400-200-200-800m) team of Jessie Repovsch, Jenny Fettig, Nicki Schinker, and Crystal Heberer finished in 5:17.6 for fourth place.

The sprint relay (200-100-100-400m) team of Jackie Michaels, Ann Bodden, Jenny Jagielski and Jamie Gaffke took fourth in 2:06.8.

In the triple jump, Kewaskum's Mackenzie Downs, Kathy Deshotels and Jill Wichtoski took fourth with a combined total of 86' 10 1/2". Valders took first place with a 90' 7 1/2" total.

Kewaskum's high jumpers, Jamie Gaffke, Jessie Repovsch, and Michelle Zingsheim took fourth with a combined total of 13' 2" with Valders again taking first with a 14' 2" total. "Jamie was asked on Monday to take up high jump after not practicing it in over a year and she went out and did great," exclaimed a happy coach Kinney.

The Kewaskum 400m relay team of Mackenzie

Downs, Ann Bodden, Joanne Thull and Jackie Michaels took fifth place with a time of 56.5. The 1600m relay team of Jamie Gaffke, Jessie Repovsch, Jill Wichtoski and Michelle Zingsheim also finished in fifth place with a time of 4:47.3.

The 3200m relay team of Lauren Steinhardt, Jenny Immel, Michelle Sager and Emma Chambers finished in fifth place in 12:12.4.

"This wasn't a critical must win meet. We need to be rested for the Vanderpan Invitational at Sheboygan Falls," concluded Coach Kinney.

With New Holstein's dual meet win earlier in the season, this marked the second time this season that New Holstein has defeated the KHS girls. The Vanderpan Invitational would prove to provide a rematch for these two conference powers.

The hardest thing in the world to raise is a child, especially in the morning.

KHS Boys Defeated In Dual Meet at New Holstein

On Thursday, May 6, the Kewaskum boys' track team traveled to compete against conference power, New Holstein.

Again the results were of no surprise as New Holstein defeated KHS, 95-41, in a dual meet. New Holstein was competing one day after the rain postponed an 11 team invitational that was supposed to be held that previous Friday.

Highlights for KHS team included the 1-2 finish of Matt Hammen 6'0" and Sean Cotter 5'10" in the high jump. "Matt and Sean both have been jumping well," said boys head coach Jerry Gosa.

Brian Liegl won the discus with a throw of 138'3" and won the shot put with a put of 42'9". Teammate Matt Gundrum took second in the discus with a throw of 135'3".

The only other first place was Troy Staehler in the 800m run with the time of 2:18.7.

Eric Schoedel ran a personal best in the 1600m run with the time of 5:18.8 and

placed second.

Chris Koth, who was not at 100%, managed a second in the 300m hurdles with a time of 52.6. Kewaskum's Brad Herman took a second place in the pole vault at 10'6".

Aaron Nelson finished in third place in the 3200m run with a time of 13:01.1.

Kevin Martin ran a season best in a time of 24.6 to win the 200m dash. "Kevin ran well but we are definitely lacking depth in sprinting," reported boys head coach Jerry Gosa.

"We need more runners to build a team that is more competitive. The field events, especially the high jump, shot put, and discus can hold their own during meets. But we don't have enough runners to fill all of the events two deep, unless we use underclassmen," said Gosa.

From left, are: Assistant Brian Hanrahan, Josh Dreher, Justin Petermann, Sarah Stockinger, Jenny Strancke, and Jeff Puestow. The team provided some great competition and brought home a bunch of ribbons. Congratulations!!

Jeff Puestow of Kewaskum Middle School is airborne on the way to his personal best distance in the standing long-jump during the Special Olympics area meet at Nicolet High School. Jeff's jump landed him a second place ribbon.

KHS Boys' Track Team Fifth at Vanderpan Invite

The KHS boys' track team finished fifth with 37.5 points out of seven teams at the Vanderpan Invitational on Friday, May 9, at Sheboygan Falls High School.

As has been the story all season, the boys are competitive in some of the field events, but because of lack of numbers and experience, they can't compete with teams like Plymouth and New Holstein who went 1-2 with 178.5 and 175.5 points respectively.

Highlights for Kewaskum included second places by junior Matt Hammen in the high jump and Brad Hermann in the pole vault.

Hammen jumped a personal best 6'1" to tie for first place based on height, but took second based on the tie breaking procedure. "I was proud of Matt's effort," reported boys head coach Jerry Gosa. "It was a cool and very windy night, but he was focused and jumped very well."

"Brad Hermann pole vaulted well, but we know that he will only get better," commented pole vault coach Rich Robinson.

Brian Liegl placed fourth in the discus with a throw of 140'0". Johnson of Southern Door won the event with an impressive

161'11" throw.

"Brian has been consistent in the high 130's to low 140's. I know he has been throwing better in practice, but he needs to be patient and relax in the meets. It will happen," commented Coach Gosa. Liegl also placed seventh in the shot put with a throw of 41'8".

Teammate Matt Gundrum's 127'6" in the discus placed seventh, but his 39'0" failed to place in the shot put. Gundrum has struggled in the shot put and needs to find his form before the conference meet.

The wind definitely affected times in most of the running events. Troy Staehler placed sixth in the 800m run in 2:16.0.

The high jump also produced a sixth place by Sean Cotter who jumped 5'10".

The 1600m relay team of Eric Schoedel, Troy Staehler, Chris Koth, and Brad Hermann ran a season best 3:57.3 good for sixth place. The 400m relay team of Troy Staehler, Aitor Tomas, Chris Koth and David Lettow placed seventh with a time of 51.9.

The Kewaskum boys team was without the services of their best sprinter Keith Martin who was unavailable to run the 100m and 200m dashes due

to a sprained ankle suffered playing basketball.

Senior Eric Schoedel knocked six seconds off his 1600m personal best time by running a 510.9 good for eighth place. "Eric ran a very good race. He got behind some other runners and let them break the wind," commented Coach Gosa.

On Thursday, May 15, the track team will be competing in the Conference Track Meet in Chilton. Field events and the 3200-meter relay will start at 3:45 p.m.

Lynn is Triple Winner KHS Girls Win Vanderpan

A victorious and happy KHS girls track team pose with their trophy after their impressive Vanderpan Invitational win Friday at Sheboygan Falls.

The Kewaskum High School girls' track team won the Vanderpan Invitational Friday, May 9, at Sheboygan Falls by scoring 141.5 points compared to runner-up New Holstein's 114 points.

Again the double places in the distance events, hurdles, sprints, and throwing events led the KHS team to their second major win in the last two weeks. The first major outdoor win was the Washington County Outdoor Championships held on April 29.

Senior distance runner, Marni Lynn, competed in three individual events, the 1600m, 800, and 3200m runs for the first time this season, and won all three races.

Lynn's first win came in the 1600m run, where she got out front at the beginning and battled the strong gusting wind and the competition to finish first in 5:33.8. Teammate, sophomore Carol Neumann, finished second in 5:47.8 to give Kewaskum a 1-2 finish and 18 points.

In the 800m run, Lynn again led from start to finish and won in 2:33.3. Teammate Carol Neumann finished fourth in 2:34.8.

Initially Lynn was entered in the 3200m run with the idea she could scratch and switch to running a leg on the 1600m relay team if she wasn't up to running three events. After she won the 800m run, girls head coach Joe Kinney asked her if she was going to run the 3200m. Lynn replied, "If it will help us win, I will. I want us to win the meet."

Lynn's strategy in the 3200m was not to lead, but to stay behind the lead pack until about two laps to go. With the gun lap approaching, Lynn surged to the lead, then lengthened her lead and won by over seven seconds over Peterson of Plymouth. Lynn ran a season best time of 12:20.1.

At the conclusion of the meet, Lynn was voted the "Outstanding Female Athlete" of the meet and presented a trophy. "Marni receiving the outstanding female athlete award was the icing on the cake," commended a proud Coach Kinney.

Again the throwers, led by Katie Yogerst in the discus and Rachel Nysse in the shot put, put the Kewaskum girls team in a great position to win the meet.

Yogerst was second in the preliminaries of the discus trailing Kohlmann of New Holstein. In the finals, Yogerst prevailed over her opponent by six inches with a throw of 117' 6". Teammate Nysse placed sixth with a throw of 97' 3". Nysse, who has been struggling a bit in the discus, came back in her specialty, the shot put, and threw a season best of 36' 5 1/2" for second place. This time Kohlmann, who leads the Division 2 state honor roll, was not to be denied, as she won with a throw of 37' 5 1/2". Katie Yogerst placed fourth with a 34' 1" throw.

The third area where Kewaskum had double places was again the hurdling events. Junior Carrie Wiesner battled the wind and won the 300m low hurdles, going away with a time of 51.8. Teammate Jackie Michaels got edged by a Plymouth runner for third in 53.4. Earlier in the 100m hurdles, Wiesner took third in 17.2 and Joanne Thull took sixth in 17.7.

Seniors Jenny Jagielski and Ann Boddin, took third and fourth in the 100m dash with times of 13.6 and 13.7 respectively.

Senior Jamie Gaffke, who hadn't high jumped this season until the New Holstein Relays, did extremely well and tied for third place with a height of 4'8".

The 800m relay team of Nicki Schinker, Ann Boddin, Carrie Wiesner and Jenny Jagielski took second

place with a time of 1:58.1. Schinker filled in for an injured Mackenzie Downs. Downs only took a couple of jumps in the triple jump, because of a previous injury, but still placed third with a jump of 30' 3 3/4". Schinker also replaced Downs in the 400m relay. Downs' status for the conference meet Thursday is questionable.

The 400m relay team of Nicki Schinker, Ann Boddin, Joanne Thull and

Jackie Michaels placed fourth in 56.3.

Junior Jill Wichtoski placed fourth with a jump of 14' 3 1/2" in the long jump and Jenny Jagielski placed fifth with a time of 29.6 in the 200m dash.

The 3200m relay team of Lauren Steinhardt, Jenny Immel, Michelle Sager and Emma Chambers took sixth place with a time of 11:51.8 to conclude the scoring for Kewaskum.

"The team as a group

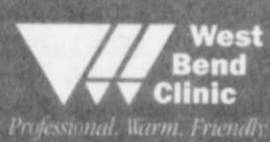

did very well. A lot of the team members came through in a pinch. That is the only way to win a challenging meet like the Vanderpan. We were planning on just doing well, not winning, as we are looking at the Conference Championships as our immediate goal, yet, the team came together and dominated the meet," concluded Coach Kinney.

On Thursday, May 15, the Kewaskum girls' and boys' teams travel to Chilton for the Conference Championships. Field events and the 3200m relay start at 3:45 p.m. Trials in the 100m dash, high hurdles and 200m dash follow immediately after the 3200m relay. Finals will begin 15 minutes after the completion of the trials.
