Seeking Lists of **KHS Graduates**

If you were an organizer for any past Kewaskum High School class reunion, KHS could use your help.

As part of compiling a comprehensive KHS graduate directory, KHS is seeking lists of the most recent information available on all past students, as far back as the 1930s. Any persons with such lists are asked to contact the high school.

Each person found on the list will be contacted through the mail to give their consent to be included. Those grads can also add any updated information to share with former classmates (for example: address, phone, names of family members).

The directories are being published at no cost to the school through an agreement with the Harris Graduate Connection, an organization which has developed similar directories for over 700 high schools nationwide. Once updated lists have been obtained by KHS, directories will take about 14 months to complete.

If you have access to such lists of names and addresses, please call the high school at 626-2166. The opportunity to provide a thorough directory of Kewaskum High School graduates is calling.

Tell Me Why by AMi

The above is the title of a little song most of us learned as youth. A song bespeaking of love, the blue of eyes and skies; God's hand in it all; and both the beauty of nature and the beauty of your and my meaningful relationships with one another. Of course, the song provides us with opportunities to beautifully harmonize our voices...together enjoying merging our voices and our thoughts of love to be shared.

Springtime once again is providing us with rich opportunities to both observe and experience the vast harmonization of the life about us...the greening up of hills and dales; trees and shrubs dignifying the earth with varied colored leaves and blossoms; the animal kingdom expanding their families in and thru the birth of their little ones; and best of all, the lift spring gives each and everyone of us with its gentle verve of new life, new hope, new understandings of purpose for being alive.

June, much touted for its many special wedding days. also welcomes in another summer season filled with the urge to be out of doors as much as possible. Already baby birds are learning to fly; minnows dart about seeking to outlive their minnow stage so that they might become fish wise to man's lures and turtles hunting them down; fox kits have caught their first meals all on

their own; and our children some how have grown into adults pledging to love and care for their mate choices and some of us sit back and wonder when time slipped by so readily!

Indeed, each June embraces a world of change. And you and I can have a rich part in it all. Hiking thru "them, thar hills and wetlands" can bless us with a greater creation variety of things to see and hear way beyond our imaginations. Breathe in deeply of the forest's pure air. Take the time to discover a rare wild flower blossom. Enjoy life to its fullest ... after all, you and I also are a very special part of each June, July and August ... and don't have to query: Tell Me Why!

Enthusiasm, Knowledge Contribute to Success of Summer Kitchen Herbs

Carole Frank poses in her greenhouse, where she grows a variety of herbs for her Allenton business, Summer Kitchen Herbs.

It's spring and the greenhouse offers up a lush aroma of herbs. White lavender, basil, fruit sage and ten different kinds of thyme are basking in May, when Summer Kitchen Herbs in Allenton opens its doors for the first customers of the season. Five outside herb gardens mingle with fresh air and sunshine on the grounds of Carole Frank's historical 1846 farm, while Herb the cat bats around pine cones and the dog steals a wicker basket from the barn while Carol isn't looking, carrying it proudly in his mouth.

This is the rustic setting for Marsh Haven Farm, 5762 Hwy W, where Carole operates her ever growing business, centered around 83 varieties of herbs. Frank retired from a successful job an as Freight International Forwarder in Milwaukee, to enjoy the good life, while turning her herb growing hobby into the successful "Summer Kitchen Herbs," now into it's third season. "It was time to do something else with my life, and I've enjoyed raising herbs for the past 30 years, and decided this is how I want to spend my retirement," she relates, as she busily stocks the shelves with new orders, arriving daily. Carole and her husband Jim had just finished renovating their Wauwatosa home twelve years ago, when they took a ride to the country in search of some barnwood, and ended up in front of a for sale sign, enticing them onto the old Josef Graff homestead, established in 1846. "The place was really run down, but it was in such a beautiful setting on the marsh, the privacy and the way the buildings were placed...it was absolutely beautiful," she recalls. The couple, entranced by it's charm and antique flavor, purchased the farm whose barn was built with timbers saved from the old St. Lawrence church. Jim, a handy man at heart, set to work fixing up the place and added a greenhouse for Carole's herbs, which she sold at the farmer's Market in West Bend for several years.

With her background from art school, Carole set up shop in the homestead's original summer kitchen located behind the main house, which she believes Mrs. Graff would be happy about. Her customers have grown from one hundred the first year to over 850, captivated by her enthusiastic personality and knowledge of the use of herbs. She grows 6,000 plants to sell each year, and coaches each buyer on ways to successfully use and nurture their herb gardens. Individualized attention is the key to her popularity, and she offers year 'round workshops for groups on topics such as potpourri making, herbal teas, making your own cosmetics, cooking with the first herbs of spring, container planting, and flavored vinegar making. Groups can also schedule classes by appointment. Along with a variety of speciality and common herb plants, Summer Kitchen Herbs offers bulk botanicals (dried herbs) and other supplies for the herb crafter, herbal decorations and ornaments for the home and garden, herbal bath products and hand made soaps, herbal topiary, medicinal herbs to relieve an array of ailments, Shepherd's seeds, and seed mixes with names like Oriental Stir Fry, Italian salad mix, and wild garden kale. "I teach people how to use the herbs," she explains, adding it's not uncommon for someone to buy a plant from a department store, which grows

up lacking flavor or spreading like a weed, and discourages further use of what could be a culinary delight. "Sometimes the fancy varieties are the ones you have to bring in for the winter, but most common perennial herbs will last outdoors." 'Carole smiles as she shows off her fruit sage, along with several varieties of basil and thyme." There are tons of things you can do with herbs, even lining a cake pan with geraniums, then chopping up some to blend with the frosting." She encourages users to start their herb gardens in large pots that can be moved indoors and grown throughout the year. Frank keeps busy putting her artistic talents to use during the off season by fashioning birdhouses from homegrown gourds dried and decorated, painting watercolors she sells in the store, and creating dried wreaths using flowers and other natural ingredients, ranging in size from large wall pieces to delicate pansy wreaths three inches in diameter

These essential oils, used with a diffuser are 75-100% stronger than dried herbs, and can be enjoyed in cars, homes, or bathtubs. watches for the first shoots to unfold from her many gardens, planning for the future she sees waiting within the warming earth. "I suppose I could've gone on working a few more years with the job I had," she mentions while inspecting the flower beds planted alongside the old barn," but if a person has something they want to do in life, I think they should do it."

The following list of community members and volunteers helped out with this endeavor including Boy Scout Troop #744 who put up the canopy for the sign with leaders John Kletti, Mark Boden, John Theisen and Jim Uelman and troop members Dave Kletti, Dan Kletti, Chris Boden, Dan Enright, Steve Rogall, Mike Theisen, Chris Pietschmann, Jeff Puestow and Josh Uelmen. Other volunteers and businesses which deserve a wholehearted thank you from the community are coordinator Gwen Dreher, Village of Kewaskum crew of workers, the Village Board members, Mike Berger, electrician, Jim Schaub for carpentry, Cochran Sign for the signage and letters, Slesar Glass for the security covers and of course, the Kewaskum Area Chamber

of Commerce.

The Calendar of Events sign will for the most part stay the same with changes of dates made regularly. The area events will be changed monthly.

Anyone interested in list-

ing their event on the display sign should contact the Kewaskum Area Chamber of Commerce at 626-3336.

Kewaskum Schools Celebrate the Arts

Artwork purchased for the KMS permanent collection includes that by, from left, sixth grader Amy Deshotels (oil pastel, upper left), eighth grader Zack Engelking (aluminum, upper right), and seventh grader Megan Petermann (pencil, lower right).

Artwork of over 800 children filled the hallways of Kewaskum Middle School recently as part of the art exhibit sponsored by KMS, Farmington, Kewaskum and Wayne Elementary Schools. Titled "Reflections of Our Learning," the art exhibit was the 17th annual, designed to promote and celebrate the artistry of district students.

The evening also featured an awards presentation, attended by almost 200 children and family members, and introduced by KMS Principal Clark Pearson. Art instructors Lynn Molenda (KMS), Peggy Henke (KES, FES), and Kathy Kowalczyk (WES) presented ribbons ("Excellent" work) and certificates ("Outstanding" work) to students from every grade, recognizing the best efforts of all students for the 1996-97 school year.

Special awards were also presented. Winners of cash awards in the Helen Farnsworth Mears Art contest (sponsored by the Kewaskum Junior Women's Club) were eighth graders Kim Erdmann and Sarah Cole and seventh graders Jenny Link, Michelle Beisbier and Tiffany Trott. Student art work has also traditionally been purchased to be displayed in the schools as part of the collection. permanent Winners of the Purchase Award honors this year are KMS students Zach Engelking (grade eight), Megan Petermann (grade seven), and Amy Deshotels (grade six) WES students David Wicklund (grade five) and Jonathan Hawig (grade three), KES students Danny Buchel (grade one), Tim Trott (grade five), and FES students Brett Zimdars (grade four) and Michelle Weber (grade five). Following the award ceremonies, visitors were invited to enjoy cookies, orange drink (donated by McDonald's of Lomira), and partake in making mirror kaleidoscope projects in the art room. Thanks are extended to the helpers, volunteers and parents that helped make the evening such a tremendous success

RIF at Holy Trinity

The third RIF distribution of the school year was held at Holy Trinity School in Kewaskum on April 29. Forensics students from Kewaskum High School, shown above, entertained the student body of Holy Trinity with stories, poems, and group readings.

Certificates were given to those students who participated in RIF's "Reading for Fun." Besides the enjoyment of doing a lot of extra reading and gaining much knowledge from these extra hours of reading, each student with a certificate was entitled to choose an extra book. The RIF Reader this year was Lanaya Martin. The student who read the most hours was Mark Schrauth who tallied a total of 74 hours. Congratulations to all who participated.

Refreshments for all were available as was a free book for each student from kindergarten through eighth grade. Thanks to the Home and School Associatin for the needed monies to support the RIF program and to the mothers who volunteered to help on the three RIF Committees: Book Selection, Refreshments, and Preparation for RIF day. Thanks also to Mrs. Sue Rettler who does all the ordering for the program.

A's Let One Slip Away

The Athletics saw a game slip away from them on Sunday in Hustisford.

After building a 10-3 lead through the first 5 1/2 innings, the A's fell victim to some poor defensive play. A couple of errors and a misplay or two contributed heavily to a six-run Hustisford Astro's rally in the bottom of the sixth inning, making the score 10-9.

Kewaskum answered with a single tally in the top of the seventh to stretch their lead to two runs. It was to be a short-lived lead as Hustisford came right back with two runs in the bottom of the inning to knot the score at 11. It stayed that way until the bottom of the ninth when the Astros plated the winning run on a walk and two hits. Sam Blahnik started for Kewaskum on the mound. Bob Bothe came on in the sixth inning to snuff out the Astro's rally. He pitched three innings allowing two runs. Matt Schneider pitched the ninth and was tagged with the loss. Kevin Klahn was the big spark offensively for Kewaskum as he reached base safely in every at bat. He had a double, two singles and walked twice. Klahn scored three runs and drove in four (including three on a bases clearing double). Terry Koth went three for four with two runs scored and an RBI. Doug Gonring kept his batting average well over .500 for the season as he collected two hits in four official at bats. He drove in three runs.

The loss dropped Kewaskum's record in Rock River League play to 1-3. Overall the A's are 6-4 for the season. Sunday they travel to Waupun for a 1:30 game.

I went to a party, Mom, I remembered what you said. You told me not to drink, Mom, so I drank soda instead.

I really felt proud inside, Mom, the way you said I would. I didn't drink and drive, Mom, even though the others said I should.

I know I did the right thing, Mom, I know you are always right.

Now the party is finally ending, Mom, as everyone is driving out of sight.

As I got into my car, Mom, I knew I'd get home in one piece. Because of the way you raised me, so responsible and sweet.. I started to drive away, Mom, but as I pulled out onto the road.

The other car didn't see me, Mom, and hit me like a load.

As I lay there on the pavement, Mom, I hear the policeman say,

The other guy is drunk, Mom, and now I'm the one who will pay.

I'm lying here dying, Mom, I wish you'd get here soon. How could this happen to me, Mom? My life just burst like a balloon.

There is blood all around me, Mom, and most of it is mine. I hear the medic say, Mom, I'll die in a short time. I just wanted to tell you, Mom, I swear I didn't drink. It was the others, Mom, the others didn't think. He was probably at the same party as I. The only difference is, he drank and I will die.

Why do people drink, Mom? It can ruin your whole life. I'm feeling sharp pains now, pains just like a knife. The guy who hit me is walking, Mom, and I don't think it's

I'm lying here dying and all he can do is stare.

fair.

Tell my brother not to cry, Mom, tell Daddy to be brave. And when I go to heaven, Mom, put "Daddy's Girl" on my grave.

Someone should have told him, Mom, not to drink and drive. If only they had told him, Mom, I would still be alive.

My breath is getting shorter, Mom, I'm becoming very scared. Please don't cry for me, Mom, when I needed you, you were

always there.

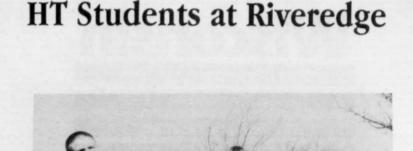

I have one last question, Mom, before I say goodbye. I didn't drink and drive, so why am I the one to die?

The eighth grade class at Holy Trinity School recently traveled to Riveredge Nature Center and participated in two activities there. The first was "Compass Cruising," where they used compasses to find the degrees and paces to get to other destinations. After that, they made a map with their observations. In the afternoon, they did "Together Trekin'." They took part in many activities in which it took teamwork to get the job done. Some of those activities were the "Spiderweb," and "Spock's Wheel" a cable spool in which they had to get everyone over. Everyone had fun and worked together to get the activities accomplished. Shown above, left to right, Jacob Stoffel, Dustin Kuehl, Tim Branta, Brad Kriegel, Luke Piwoni, Mitch Strobel and the rest of the class work on getting their paces to be five feet in "Compass Cruising." Beach Party at KHS

KHS Assistant Principal Mr. Wolfenberg, dressed in Hawaiian shirt, returns a shot in a volleyball game at the KHS lunchtime Beach Party. Volleyball nets were set up, lunches were taken outside, and students had the chance to win gift certificates from Dairy Queen for the most tropical attire (won by Brian Hanrahan).

Indians are Baseball Consolation Champs

On Saturday, May 24, the Indian Varsity Baseball team traveled to Germantown to play in the 16th annual Warhawk Invitational Tournament.

Germantown was bubbling with pride as they were going to unveil their new \$200,000 communitydonated diamond. Kewaskum had the honor of playing the first game ever on the new "Dreamfield."

However, the day was not as memorable for Kewaskum as it was for the Warhawks, who edged the Indians, 3-0.

Warhawk ace pitcher Ben Kaebisch and Indian ace Dan Jesserig squared off in a pitcher's duel the entire game.

Kaebisch had added incentive on this day as he was being scouted by the Purdue University Boilermakers and the Los Angeles Dodgers. He was up to the test as he stymied the Indian bats. Ben struck out 15 and only walked one on the way to his victory. The only scare the Indians gave him was in the first inning when with two outs, they put runners on second and third. But Kaebisch struck out the next hitter to end the inning. Dan Jesserig pitched six strong innings for the Indians. He spread out five hits, struck out four and walked four. "What an excellent game," stated Coach Mark Heise. "Dan and Ben battled all game long, and the defenses were outstanding.

the Consolation Bracket. Game one of the Consolation Bracket saw Kewaskum face the Mukwonago Indians.

The Kewaskum team outscored Mukwonago, 7-2. Bruce Gundrum's 3x4 led a 12 hit attack. The game was highlighted by back-to-back home runs by Josh Christophersen and Gundrum. Dan Jesserig and Mike Danielson went 2x3. Erik Kopecky, Jason Bartelt and Jim Kopecky also added singles.

In this game No. 2 for the day, Coach Heise had to find another pitcher. After using Josh Christophersen Friday night, and Jesserig in game one, he had planned to use Erik Kopecky. But Kopecky developed a sore arm. Heise was then forced to find another arm. He turned to newcomer Todd Wolfenberg. Having only seven days of pre-season practice, Coach Heise was not sure how Wolfenberg would respond. He responded by striking out five batters, walking three and giving up only five hits. Mukwonago scored single runs in the third and fifth innings. "Todd kept his composure and got us a great win," commented Heise.

bats would again carry the load. And they did, as the Indians won the Championship, 7-2.

Bartelt responded similarly to Wolfenberg's performance back in game two. Jason pitched the first three innings without a problem. In the fourth, he loaded the bases on two walks and a hit.

With the bases loaded, Coach Heise turned to his ace, Dan Jesserig, who having pitched only six innings in game one, had an inning of pitching eligibility left. Jesserig hit the first batter but then struck out the second batter he faced. He then got the third batter to pop up a bunt and then doubled off the runner at third, to get out of the inning.

Bartelt returned to pitch the fifth and sixth innings with no one reaching base. The game was called by the umpire because of rain after six innings.

Varsity Baseball Starts Off Season with Victory

The Kewaskum High School Varsity Baseball team opened their 1997 season with a 9-4 victory on May 23, over the visiting Sheboygan Lutheran Crusaders.

The Indians used the long ball to set the pace for their first game. Erik Kopecky started the game for the Indians with a sonic home run that rolled past the Administration Building. (The fence is not in place yet because the Elementary School is still in session and the baseball outfield is used as a playground area.)

Kewaskum's attack continued in the second inning. Dan Jesserig and Jim Broughton opened the inning by walking. After two strikeouts, a wild pitch by Crusader losing pitcher, Chris Cyr moved them to second and third. With a full count, designated hitter Mike Danielson hit a line drive to left to score both runners. In the third inning, the Indians added two more runs. After one out, Josh Christophersen homered with a ball that shorthopped the Elementary building. This ball too, would have been well over the fence had it been in place. Bruce Gundrum then doubled and extended it for four bags after an error by the leftfielder.

base on a Crusader error and scoring on a two-base drive by Erik Kopecky.

In the sixth, the Indians sent eight batters to the plate, scoring three more runs. Highlights of the inning were three walks, singles by Rhett Engelking and Eric Kopecky, and a sacrifice fly by Bruce Gundrum. Kopecky finished the game going 3x4 with 3 RBIs.

The Crusaders first run came in the third on a walk to Paul Schwake who then scored on an RBI single by Chris Hodges. They scored again in the fourth on a walk by Steve Lang, who advanced to third on a wild throw and then scored on a sac fly by Jon Irish. The third run came from a home run by Hodges in the sixth. A final run was scored by Tom Zientek after walking, advancing to third on a bad throw and crossing the plate on a fielder's choice. Indian Josh Christophersen handled the mound duties for Kewaskum. "After control problems last year, Josh worked hard in the off season to rectify his problems. Friday proved that as he pitched all seven innings, throwing 108 pitches, 64 of which were strikes, giving up three hits," said a well-pleased Coach Mark Heise. Christophersen struck out nine and walked six enroute to his first victory of the year.

Jim Kopecky had the lone hit for the Indians.

After losing the first game, the Indians went into Kewaskum next faced Racine Case, who had just beaten New Berlin West to advance to the finals.

As the Indians entered this Consolation Championship game, the fourth within 24 hours, they again encountered the problem of finding a pitcher. This time Heise turned to his hardthrowing shortstop, Jason Bartelt. Asking Bartelt to concentrate on throwing strikes, Heise hoped his

The bats were again alive for the Indians. Jason Bartelt, Josh Christophersen and Mike Danielson were all 2x3. Erik Kopecky, Bruce Gundrum, Dan Jesserig and Jim Kopecky also added hits. The 10-hit attack gave the Indians a combined batting average for the day of .307 (23x75). "That's not bad," commented Heise. "You have to remember we were only 1x22 against Kaebisch in game one.

The Indians open the conference on Monday, June 2 at New Holstein, and on Tuesday, June 3, they host Sheboygan Falls. All conference games begin at 5:30 except when played at Sheboygan Falls who have lights. Games at Sheboygan Falls begin at 7:30 p.m.

A's Bats Booming As Dorn Pitches Shutout

Becky Heisdorf pitched seven close innings.

The Indians best inning was the sixth when Erin Krueger singled and then stole second base.

Also slugging out hits for the Indians were Becky Heisdorf, Bobbie Jo Thorn, Kristi Gundrum, Amy Rettler, Krueger and Theresa Schultz.

More KHS softball to follow next week.

The A's also snuffed out the only real Hartford threat in the first inning as lead-off hitter Matt O' Rourke was thrown out at the plate trying to score on a base hit to left. Left fielder Bob Bothe picked up the ball at the fence and fired a strike to shortstop Ryan Hall. Hall then threw a bullet to catcher Tim Gundrum who applied the tag for the first out of the game. After that only two Hawk runners got as far as second base.

Along with the strong pitching and good defense, Kewaskum had an abundance of offensive stars as well. Ryan Hall and Matt Sternig led the way with four hits apiece. Hall crashed a home run and a double along with two sinthree. Sam Blahnik drove in four runs in his first game back. Scott Donath went two for three with a couple of walks, two runs scored and two RBI.

The win boosted Kewaskum's record in the Tri-County Nite League to 3-0. The A's next see Nite League action on Saturday, May 31 when they host the Slinger Stingers in a 1:30 p.m. contest.
