Tim Miller Returns to Bank Wisconsin Board Approves Asphalt Project

Shown above, welcoming back Tim Miller, left to right are: Brad Smith, Executive Vice President of St. Francis Bank, Julie Herriges of Bank Wisconsin, Lynn Zimmer, Vice President Retail Banking Sales Manager of St. Francis Bank, and Tim Miller, Marlene Hatch, Allen Schaetz, Linda Theisen, Deb Doherty, Jackie Herriges, all of Bank Wisconsin, and James Hazzard, President of Bank Wisconsin.

St. Francis Bank and Bank Wisconsin personnel gathered on Tuesday, June 10, to welcome back Tim Miller as the new Banking Center Manager of Bank Wisconsin in Kewaskum.

Tim resigned his position nearly a year ago at Bank Wisconsin for a career advancement offered by TCF National Bank in Appleton. Tim and his family are originally from the Appleton area. A new opportunity recently arose at Bank Wisconsin which Tim was pleased to accept.

Tim, his wife, Karen, and children, Adam and Jarrett, are currently still residing in the Neenah-Menasha area, but are committed to relocating back to the Kewaskum community in the near future.

Prior to his move to Appleton, he was extremely active as a volunteer with the Fire Department, serving as Captain of the Rescue Squad. He volunteered his time and talents to the Chamber of Commerce and other community organizations. All are looking forward to the Miller's return. Tim has assured them he will become actively involved in his commitment to this area, when he is once again settled into the community.

In a related move, Allen M. Schaetz has been promoted to Commercial Branch Manager of Bank Wisconsin. He will be responsible for the management of overall branch activity, coordinating commercial sales efforts and sales development. Schaetz recently held the position of

Senior Vice President of Commercial Lending at Bank Wisconsin's Kewaskum office. He will be located at the new West Bend office opening in December of this year. Schaetz is currently on the Board of the United Way of Washington County and the Treasurer of the Washington North unit of the American Cancer Society. He currently resides in West Bend.

Bank Wisconsin also has two additional offices in Hartford and Menomonee Falls. The Bank recently acquired the two Kilbourn State Bank offices in Germantown and on 60th and Lisbon in Milwaukee.

Bank Wisconsin and St. Francis Bank are wholly-owned subsidiaries of St. Francis Capital Corporation, a bank holding company with assets exceeding \$1.5 billion.

Through the partnership between the two banks, Bank Wisconsin cus-

tomers have the convenience of doing their banking at any of the five Bank Wisconsin locations and any 14 St. Francis Bank offices. Bank Wisconsin offers innovative products like the 3% fully-gifted downpayment mortgage program, competitive home equity lines of credit and free checking.

By Sharon Callaway Roznik

The Kewaskum school board OK'd a proposed asphalt project for all district facilities at this month's school board meeting, resulting in an overall estimated project cost of \$250,905.

Chad Kyle, Director of Buildings and Grounds, reported that the existing asphalt is distressed, and poses a safety and liability concern for students, faculty, and the general public.

Plans include removing, replacing, and adding to the existing asphalt, with the largest area of work occurring at the high school (137,206 sq. ft.). Work will be done on the KHS athletic track R & R (including field repair), with additional asphalt placement at the high school and district office. Two asphalt speed bumps will also be added at the football field drive.

Removal and replacement will also take place at Kewaskum and Farmington elementary, with a 17,200 sq. ft. addition planned for Farmington. Concrete work is scheduled into the project at the high school and Farmington, along with extending 960 sq. ft. of sidewalk at the middle school. Sealer and crack fill will be applied to all existing asphalt that is not being replaced.

Current parking stall designs at the high school will be re-stripped to correct the existing unsafe dimensions.

Presently, core testing is being performed to determine

subgrade conditions. The estimated cost of all work performed is \$222,932, but past pavement and flatwork has shown that the asphalt was placed over top soil and does not have an adequate base to prevent premature failure of the asphalt due to expansive soils. If tests indicate a need to remove a substantial amount of topsoil and install a gravel or limestone base, the estimated increase in subgrade work is \$27,973.

The school board also approved funding to complete the district's automated pre-pay lunch accounting system, at a cost not to exceed \$23,580.00. Food Service Supervisor Kathy Robinson reported that since the system was introduced into the middle school last August, it took several months to work out the bugs and correct all the problems, and recommended the district switch from Command Control System to SKYWARD.

When the project is completed, all district schools will be participating in the automated lunch system, and the five buildings will be linked to a network which will automatically provide data on a daily basis for family balances and funds available. In addition, the system will provide computer discs to complete the annual state reports.

Robinson anticipated a savings of approximately \$7,200 per year, equating to 20-25 hours per week of clerical and aide time reduction throughout the district with the new system.

Fire destroyed a 36 x 90 shed at the Art Filber farm, 7919 Midland Drive, Allenton, around 10:15 a.m. on Saturday, June 14. The fire apparently began after a small grass fire was started from a cutting torch that had not been fully extinguished. The fire then spread to the shed which was totally destroyed along with its contents. The shed was used for machinery storage and also housed several sows and a boar. Three of the pigs died in the fire and several more may have to be destroyed due to injuries. The Kohlsville Fire Department, along with units from Kewaskum, Allenton and Theresa extinguished the blaze. The total loss is estimated to exceed \$100,000.

Statesman photo by Andrew Kuehl

Open Gym at High School

There will be a supervised basketball open gym in the field house at the high school every Tuesday and Thursday, starting June 24th.

The last one will be August 14th. The time will be 7:00 p.m. until 8:30 p.m.

VOTERS' COMMENTS

FINALLY... we have found the time and space to print the remainder of the "Voters' Comments" in regards to the failure of the school referendum in early April.

Members of the Kewaskum School Board and/or administration will now be given the opportunity to again address the issue. It is entirely their option on whether they choose to comment or not.

We would like to take this opportunity to thank ALL who took their time to commit their comments and ideas to paper. We hope the board members read them all and will take all ideas and thoughts into consideration.

Response # 6:

This letter is in response to the request made in the April 24, 1997 edition of the Kewaskum Statesman for input on why the recent land purchase referendum was defeated.

First, we would like to commend the board for

making such a request, obviously, they are interested in the communities input.

We both voted "no" on the referendum for the following reasons:

1) Lack of Demographic Information. Many references have been made in articles about the referendum concerning the growth in the number of students in the district. However, no specifics were published on how much enrollment is anticipated to increase at what rate and what the source of this information is. Two statements made about the land purchase seem to be conflicting here. We saw statements like, "We need to buy this land because there is no other land available" and "the number of students in this district will be increasing." How can the number of students be increasing if there is no land available in the district for development? Has demographic information been gathered from various sources; do all

sources agree? How does the average class size in the district compare to the state average and to the state maximum, if one exists? There is no reason to have class sizes any smaller than the state average.

2) Lack of information on total cost of proposal.

There were references to the fact that the money that would be used for the land purchase was already coming in due to a tax increase for debt reduction last year. However, if the district has debt, they have to be paying interest on that debt so if the money was diverted from debt reduction to purchase land, the amount of interest the district is paying would have to increase. The statements implying the land could be purchased without an effect on taxes mislead the taxpayers in this district. Also, if the district still has long term debt and inadequate facilities, that points to some poor planning in the past. This doesn't instill confidence that the taxpayers can trust

the district with even more of our money.

3) Lack of long term plan.

The school board proposed buying this land without a firm idea of what should be done with it. Statements like "land will always get more expensive" are irresponsible, tell that to farmers who bought land in the 1970's! The other statement that "we can always sell it if we don't need it" is also irresponsible. Can we be 100% confident that the land could be sold at a profit to cover all selling expenses, lost tax money while the land is not held by a private party, and interest paid on debt incurred due to the land purchase?

4) Price of land seemed very high.

I have seen large parcels of land for sale less than two miles from the proposed site for \$3000 an acre. What makes the piece of land in question worth more than twice this? Anyone who has been involved in a real estate transaction knows that real estate appraising is more of an art than a science so that even expert opinions of fair market value of a given property could vary widely. How

many estimates were sought? The land had not been visibly for sale before the school board announced it's desire to purchase the land, how did the board know that the owners were interested in selling it? Also, the land across the street now for sale hasn't been snapped up real quickly, does that give some indication of what potential buyers think the land is worth compared to the appraised value? Finally, the Mayville school district is now building a new school on less than 60 acres. Is there a way of getting around the mentioned state law that 60 acres is needed for the building of a new school?

5) Lack of creativity on solving overcrowding problems.

There are other ways to solve overcrowding problems besides building a brand new permanent facility. Could administrative offices be moved to other sites? Could temporary classrooms be set up in rented trailers -- don't laugh, a Fortune 500 company we used to work for did this for several years to house offices for salaried professionals and it worked

(Continued on Page 9)

'Just Say No' Club Awards Scholarship

Teen leader Renee Dahman, center, receives the "Just Say No" Club Scholarship from KES Club Captain Amanda Smolinski, right, and club treasurer Bridgette McDonald.

For her work in helping the District's "Just Say No" Clubs, Kewaskum High School senior Renee Dahman, daughter of Manwell and Judy Dahman, has been named the recipient of the "Just Say No" Club Scholarship.

The \$200 award, raised by club members (grades three to fifth) through selling suckers throughout the year, is given on a regular basis to graduating KHS students that have helped the Elementary Schools' "Just Say No" Clubs.

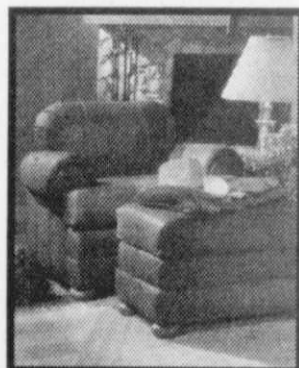

Renee has been the official KES "Just Say No" Teen Leader since being introduced to the "Just Say No" Clubs earlier this school year. She helped the club with preparations for

the Kewaskum Christmas Parade (helping build the float and teaching students to march), arranged a guest speaker for the group, and recently worked to organize a dance at KHS for "Just Say No" Club members.

Renee's philosophy for working with the elementary-age students in the "Just Say No" Clubs is simple: "I think that kids should have a solid base to build on, with everything bad that's out there. I just hoped that, somehow, I could help them out."

This fall, Renee will pursue a double major in Paralegal and Criminal Studies, with a minor in Spanish, at Concordia College in Mequon.

Miller's
FURNITURE

"Making Great First Impressions"

Hwy 45, Kewaskum • (414) 626-2184 • (800) 626-6123

Hours: Mon. - Thurs. 9-5; Fri. 9-8; Sat. 9-4; Sun. 12-4

Friends and community members welcomed Tim Miller on his first official day back at Bank Wisconsin. Shown left to right are Attorney Gerald Kiefer, Kimetha Sparks, Tim, Kewaskum Area Chamber of Commerce President Lana Kuehl and Bank Wisconsin President James Hazzard. The balloons sent to Tim say, "Welcome Home."

Prior to his arrival, the sign at Bank Wisconsin ~~warned~~, err... announced to all community members, Tim Miller's return. (Sorry, Tim, I just couldn't resist!)

THANK YOU

The American Legion Post 384 and American Legion Auxiliary would like to thank everyone who donated to our "Poppy Program" and proudly wore the poppy to honor our veterans.

Donations are used exclusively to assist and support veterans and their families, V.A. Hospitals and auxiliary programs aiding the veterans.

Also a big "thank you" to the Kewaskum District Elementary and Parochial Schools for letting us come and share the "Poppy Story" and distribute poppies to the second grade classes.

All women and girls who have or have had a family member in service are invited to join our auxiliary. We meet the second Monday of each month, (excluding July) 7:30 p.m. at the American Legion Hall, 1538 Fond du Lac Ave., Kewaskum.

Campus Notes

WINONA, MN -- The Dean's List for the spring quarter 1997 at Winona State University has been announced by Vice President for Academic Affairs, Dr. Dennis Nielsen.

To be named to the Dean's List, a student must be an undergraduate enrolled full-time and achieve a minimum grade point average of 3.5.

The following area students have qualified for the Dean's List: Amy Baumhardt, Campbellsport; Stacy Bruesewitz, West Bend, and James Rix, West Bend.

Lead Screening Test Available

Lead screening tests for children up to age six, will be held at the Washington County Community Health Nursing Service in the Public Agency Center, 333 East Washington Street, First Floor/Room 1145 (enter parking lot off of Indiana Avenue) on June 26, 1997 starting at 8:30 a.m. by appointment.

For more information, call 335-4462, 644-5204 or 342-2929; ask for extension 4462. A parent must bring the child to the clinic.

Beechwood Summer Library Program

"Zap Into the Past" is the theme for the sixteenth annual summer library program at the Beechwood Community Library in Beechwood School. The library is open Tuesdays from 11:30 a.m. to 1:00 p.m. June 17 through July 22. This program is for pre-schoolers through school age children.

The story time library meets from September through May on Monday evenings. In the past three years, we have checked out over 2500 books.

For more information call Carolyn Beimbom 994-4891 or 626-8019.

Lakeview Chess Club to Meet

Like to play chess? Come to the Lakeview Community Library, 112 Butler Street in Random Lake on the first and third Mondays of the month from 6 to 8 p.m., and be part of the Lakeview Chess Club.

Interested chess players of all ages and abilities are invited to attend. For more information, call the Lakeview Community Library at 994-4825.

Memories

A Stroll Down Main Street...

Moving east along the south side of Main Street in Kewaskum nearly fifty years ago, we have seen old memory photos of the Republican Hotel and the Kluever Barber Shop. The Republican Hotel is now the Gateway and Kluever's Barber Shop now houses Main Street Tattoo. The next business on our "Stroll Along Main Street" is the Phillip McLaughlin Meat Market which is currently the home of Kewaskum Floral. One senior resident had thought at one time Sylvester Harter also had the Kewaskum Locker Plant located in that building, but that is not known for sure. Anyone who remembers details on the businesses on Main Street (or Fond du Lac Avenue) long ago can contact the Statesman at 626-2626 during regular business hours and perhaps share their information. In that way, we can have some type of permanent record perhaps, and current residents will learn more about the "roots" of the community.

Holy Trinity Social Fest Offers Early Bird Special

Are you making plans for your summer? Members of Holy Trinity Catholic School Home and School Association, the parent organization for Holy Trinity School in Kewaskum, invite you to their third annual Social Fest which is like no other summer event in the area.

Reserve Saturday, August 23, at River Hill Park in Kewaskum for an evening of fun, food, refreshments, music and prizes! Nice prizes!

Admission to the event is by ticket only at \$25 which entitles one to a delicious dinner, all your soda, beer and/or wine coolers for the evening and entry into a \$5,000 cash drawing! This drawing and additional cash drawings will be based on the sale of 1,000 tickets.

Those who purchase a ticket by June 30 will be eligible for an Early Bird Special drawing to win an additional \$1,000 in cash! When purchasing your Early Bird Ticket, one stub will be placed in the \$1,000 drawing and another stub in the \$5,000 drawing. You do not need to be present to win the cash prizes but the evening is a whole lot of fun.

Tickets are available now in Kewaskum at Rookies, Sentry Foods, Kewaskum Frozen Foods, Video Post and also by contacting Jackie at 626-4963 or Gary

at 338-2169. Tickets will still be available after June 30, at the aforementioned places, however those tickets will not be eligible for the Early Bird Special drawing. Anyone who attended last year will want to encourage a friend to join you this year.

Your mouth-watering dinner, which will be served from 4 to 8 p.m., will consist of a grilled chicken half, a baked potato, vegetable and fruit salads, corn-on-the-cob, dinner roll and a variety of luscious desserts.

The band, Jeanne Tooley and Nightshade from the Fox Valley Area will provide music and entertainment for the evening.

Area businesses and private donations are adding a lot of interest to the evening with a number of raffle chances available. The event is co-sponsored by Catholic Knights Insurance Society Branch 113, Kathie Ramthun, representative.

Tell your neighbors. Tell your friends. This is a final summer event you won't want to miss!

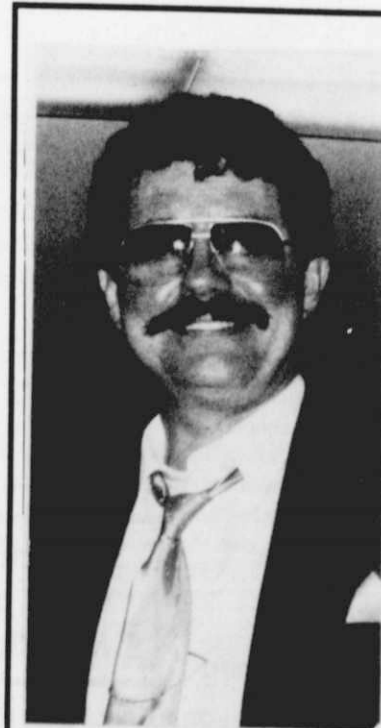

*There was a girl whose name was Stella,
She fell in love with a knowledgeable fella,
The risky young chap let her sit on his lap,
And she fell right thru to the cella!*

Isn't it Nifty the Avon Lady is 50!

Gottcha!

from your loving family

HAPPY BIRTHDAY FRANK

Isn't it nifty to be 50?!

Love,
Elaine

Kewaskum Schools Say: 'Thanks, Mrs. Domasky'

Mrs. Marlene Domasky

"I've been blessed with my children, my grandchildren, and all the children I have taught."

As Mrs. Marlene Domasky begins her retirement this summer, it's a certainty that the Kewaskum School District can also count its blessings for the 23 years that Mrs. Domasky taught there.

For the past three years, Mrs. Domasky has taught fourth grade at Farmington Elementary. The previous 21 were spent teaching sixth grade (12 years at Farmington and, when sixth grade moved to the Middle School, six years at KMS).

"I've really enjoyed working with the students, seeing so many students being successful, learning that children have gone on to become chemists, or doctors, or earning MBA's," she said, "knowing that students can always go on to further their educations."

Her teaching methods, too, have leaned in that direction.

"I want my students to look to the future. I'm not just teaching for this year, I'm teaching things they will need to do to be better students, better learners in the future."

Throughout her career, Mrs. Domasky has left not only an indelible impression on her students, but an indelible mark on the schools themselves.

At Farmington, for example, many of the oaks and beech trees, even the maple shade trees by the kindergarten, were planted by Mrs. Domasky and her students (and her husband, Dave).

She has also been instrumental in annual flower plantings and several pro-

jects along the school's nature trail. Even the library at FES bears her stamp.

"When I came here, the library was really just stacks of books, we had no librarian, nothing," Mrs. Domasky said, clearly still a bit amazed. With the help of a fellow staff member, they collected, organized and catalogued materials to form the FES library, a library that thrives today.

Mrs. Domasky has even coached the school Odyssey of the Mind (OM) teams, taking a middle school team to state several years back, and guiding the Farmington squad to a fifth place finish in a trip to the state competition this season.

Mrs. Domasky's trip to the Kewaskum School's however, took a bit of a circuitous route. She was born in Greenbush, and graduated from Plymouth High School at age 16. After taking time to raise a family, she attended Lakeland College to pursue her teaching degree. After several years in Sheboygan teaching children with various learning difficulties, Mrs. Domasky finally came to Farmington.

She now lives there with her husband, Dave. Her family consists of six children, two step-children (whose careers range from a robotics business to the Administrator of the West Bend Clinic), and twelve grandchildren.

"I've positively enjoyed working with the teachers and the students. I really believe in education. I believe that with a good education, you can be or do whatever you want."

Mrs. Domasky is a good example of that philosophy. As a result, a District -- and countless students -- are much the better for it.

Womens Awareness Group to Meet

The next meeting will be Tuesday, June 24, at 7:00 p.m. in the Community Room.

The topic is "Women, Our Best Friends." We will share the value and sincerity of our friendships. Come share your own experiences.

Just a reminder, this group is free, open to anyone and no commitments involved. Any questions call Jean at 626-2734.

Campus Notes

WHITEWATER -- The University of Wisconsin-Whitewater named 2,072 undergraduate students to its honor roll list for the 1996 fall semester.

To be eligible for the honor list, students must have a 3.4 semester grade point average for 12 semester with no grades lower than a "C."

Area students eligible included Sabrina Maul, 9332 Skyline Drive, Allenton; Brian Butschlick, 8615 Salisbury Rd., Kewaskum; Nicole Cayner, 8404 Hilltop Lane, Kewaskum, and Joanne Lemke, N172 Cty. S, Kewaskum.

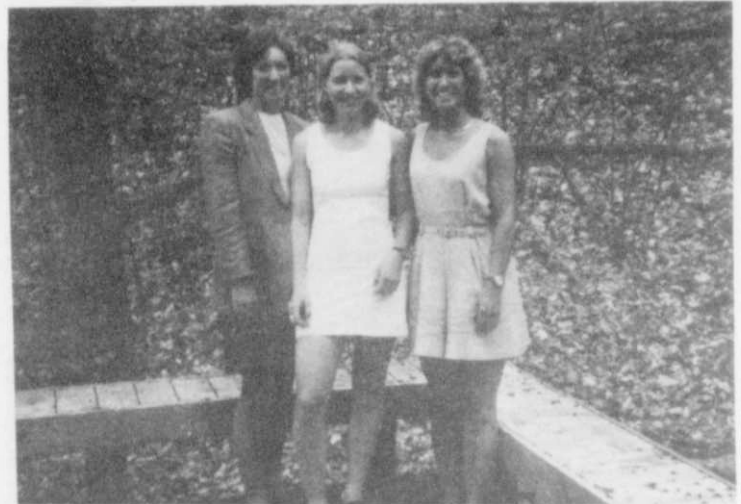

Campus Notes

Area students have been named to the Dean's List at the University of Wisconsin-Milwaukee for the Spring 1997 semester.

They include Allison C. Bruendl, 3401 E. Moraine Drive, Kewaskum; Katrina Michele Gilles, 200 Knights Avenue, Kewaskum; Tony Joseph Olla, 7964 Townhall Rd., Kewaskum.

UWM is the second largest university in the State of Wisconsin. UWM has ten schools and colleges as well as a graduate school and a University Outreach Division. It is a major teaching and research institution serving Wisconsin's largest metropolitan area.

Thirty Years Later...

Thirty years after Han (Doorenbosch) Schouten arrived in Kewaskum as a 1967-68 undergraduate student, her daughter Anouk visited Han's host parents, Orville and Ruth Kern.

During her 16 day stay, Anouk spent time at the Kern family farm and saw much of Kewaskum and the surrounding area. She also stayed with Tom Kern and his family in Chicago and with Peggy (Kern) Orgeman and her family in Rhinelander.

When she returns to Holland, Anouk will compete her high school graduation and begin her college studies in international business.

Pictured above with Anouk (center) are Han's American sisters, Peggy (Kern), right, Orgeman of Rhinelander and Bonnie Kern, left, of Steilacoom, Wash.

French Impressionist Paul Cezanne was such a slow worker that he was forced to use wax fruit in his still-life painting since real fruit would often rot before he was finished.

Nights Celebrate 50th Anniversary

Nathan and Lucille Nigh of Kewaskum celebrated their 50th anniversary on Saturday, June 7th, with a dinner for family and friends at the KC Hall in West Bend.

The Nighs were married June 17th, 1947 at Holy Trinity Catholic Church in Kewaskum. They are the proud parents of 15 children (one son, Thomas, passed away in 1954), 30 grandchildren, and one great-grandchild.

All their children, grandchildren, and wedding attendants were present at the celebration.

Hospital Offers Sibling Class

Children who will soon have a new baby brother or sister are invited to participate with their parents in the "I'm Getting a New Baby" sibling class sponsored by St. Joseph's Community Hospital of West Bend. The class will be held Thursdays, July 3 or 10 from 6 to 8 p.m., in the hospital's meeting room three.

Designed for children between the ages of 2 1/2 and 10, the class includes a video presentation, a tour of the New Life Center and activities to help a child express his or her feelings about the birth of a new baby and mother's hospitalization. Children also learn age-appropriate skills they can use to help parents care for the baby.

The fee is \$5 per child. Pre-registration is needed. For more information, please call St. Joseph's Community Hospital's New Life Center at 334-8361.

Wisconsin

State Parks, Forests and Trails
Calendar of Events

JUNE 20

Blue Mounds State Park, Blue Mounds -- Sing-along or just listen to the music of the Madison Folk Music Society. Bring your singing voices and enthusiasm and find an evening of musical fun. Picnic shelter. 7:30 p.m. 608-437-5711.

JUNE 21

Blue Mounds State Park, Blue Mounds - The howl of the wolf on a moonlit night is both haunting and fascinating. Learn about Wisconsin's wolves in this evening campfire-slide program. Outdoor amphitheater. 8 p.m. 608-437-5711.

Havenwoods State Forest, Milwaukee -- Where do those ants march to? Discover where ants live, what they eat, how they communicate, and many other amazing ant facts. Fun for all. Environmental Awareness Center. 10:30 a.m. 414-527-0232.

JUNE 22

Kettle Moraine State Forest, Lapham Peak, Delafield -- Join fellow bird lovers on a series of hikes, to be held on consecutive Sunday mornings through May, featuring migrating and nesting bird species. Wear appropriate clothing and bring binoculars if you have them. Evergreen Grove-Spruce Shelter. 7 a.m. 414-646-3025.

JUNE 22-23

Green Bay -- Relive history through the reenactment of life in the 1860's and the Civil War. Battle scenarios each day on the Village Green. 10:30 a.m. to 4:30 p.m. each day. 414-448-5150 or 800-721-5150.

JUNE 28

Rock Island State Park, Rock Island -- Many of Rock Island's energy needs are met by solar power. Discussion and demonstration of photovoltaic power at work on the island -- now and in the future. Meet at the boathouse. 2 p.m. 414-847-2235.

Wildcat Mountain State Park, Ontario -- Who's afraid of the big, bad wolf? Armed with wolf pelts, a slide show, and lots of facts on wolf packs in Wisconsin. Carl Anderson of the Timber Wolf Alliance will put a new twist on these old fairytales. Amphitheater. 8:15 p.m. 608-337-4775.

Bilgo's Observe 50th Anniversary

Roger and Barbara Bilgo

Roger Bilgo and Barbara Tebo were married 50 years ago on June 14, 1947.

They have five children and four grandchildren.

Roger owns a business in

Milwaukee, and his wife, Barbara, was once a teacher at Kewaskum High School.

The Bilgos spend all their summers in Eagle River, Wisconsin.

JUNE 29

Bong State Recreation Area, Kansasville -- Explore the world of dragons and damsels -- the winged jewels of the natural world. Discover why dragonflies and damselflies are unique and important. Nature Center. 9 to 10:30 a.m. 414-878-5600.

La Crosse River Trail, La Crosse -- Join volunteer naturalist Bob Lee, for a series of Sunday afternoon walks on a strip of original prairie and neighboring oak savannah. Future dates include July 20, August 10, September 28, and October 12. Meet at the intersection of La Crosse CTH J with the railroad tracks and trail, near Rockland at 1:30 p.m. For more information call Bob at 608-486-2154 (evenings best).

Offering Adult Health Screening

The Washington County Community Health Nursing Service will offer, to residents over the age of 18, an Adult Health Screening every month in the Public Agency Center, Room 1145, 333 East Washington Street, West Bend.

The next screening scheduled is on June 26, beginning at 8:30 a.m. in Room 1145, first floor of the Public Agency Center.

Tests offered include cholesterol - fee \$8, blood sugar - fee \$3; hemoglobin - fee \$2, and blood pressure - no charge. Note: there is one hour fasting required for blood sugar test.

To make an appointment, call 335-4462, 644-5204, or metro 342-2929. For information, call 335-4706.

25 Years Ago

June 16, 1972

A crowd of over 450 people attended the first Kewaskum Community High School Indian Activity Awards Banquet held in the high school gym Saturday evening. Guest speaker for the event, which is hoped will become an annual affair, was Ray Nitschke, all-pro middle linebacker of the Green Bay Packers. Honored were outstanding participants in art, athletics, speech and music. Recognition was also given to the cheerleaders, forensic and debate winners and one-act play participants. The following individuals were named as most valuable players or participants in various activities: Cross Country - Randy Backhaus; Football - Kim Rodenkirch; Wrestling - Kim Rodenkirch; Basketball - Craig Carr; Track - Tom Theusch; Golf - Jeff Koth; Baseball (1971) - Clark Eichstedt; GAA Volleyball - Vivian Schacht; Basketball - Mary Edwards; Track - Linda Secor; Speech - Maggie Roeder; Music - Doug Acker. Several special students were mentioned for outstanding achievement. Junior Nina Wulff received mention for placing in the top one percent among the finalists in the nationwide mathematics test. Doris Beimborn was a National Merit Scholarship semifinalist. In music, Jim Baumhardt was one of three winners in the statewide Young Artists Concerto Competition. Kim Rodenkirch received and signed a four year football tender with the University of Wisconsin, Madison, the first in Kewaskum High School history.

The Kewaskum Indians got the summer baseball season off to a great start the past week in the Scenic Moraine Conference with two shutout victories pitched by Tom Theusch, who allowed just one hit in each contest. The Indians shut out Slinger here Thursday night, 5-0, and blanked Kettle Moraine there Monday evening, 3-0.

On a vote of 6-1, the Board of Education in special session Monday night, approved a proposed budget for 1972-73 in the amount of \$2,180,594.89, which is

\$347,688 higher than the one in 1971-72.

Alan Thull, son of Mr. and Mrs. Norbert Thull, of Route 2, Kewaskum, was awarded a \$200 Kewaskum Education Association Scholarship to attend a technical school. He will be attending Moraine Park Technical Institute at Beaver Dam next fall where he is enrolled in a farm mechanics program.

Ellen Secor, daughter of Mr. and Mrs. Gerald Secor, Route 1, Kewaskum, was selected to receive a \$200 scholarship from the Kewaskum Education Association. She plans to continue her education at the University of Wisconsin, Stevens Point, next fall.

Christine R. Fellenz, Route 1, Kewaskum, was scheduled as a candidate for a Bachelor of Science in medical technology degree at the University of Wisconsin's June commencement at Madison on June 3.

Perry Nigh, son of Mr. and Mrs. Nathan Nigh, Route 2, Kewaskum, was selected to receive the Sgt. Clifford M. Bales Memorial Scholarship of \$100. This is a new scholarship this year established by the Bales family in memory of their son, who was killed while serving overseas in the Air Force.

James Stoffel, son of Mr. and Mrs. Gilbert Stoffel, Route 2, Kewaskum, was awarded a \$100 scholarship to the University of Wisconsin short course by American Milk Producers, Inc.

A son, Jason Lee, was born to Mr. and Mrs. Tom Streveler, New Port Richey, Florida on May 28. Mrs. Streveler is the daughter of Mrs. Shirley Fellenz and the late Leander Fellenz of Kewaskum.

50 Years Ago

1947

Al and Sally Naumann, former proprietors of the Kewaskum Opera House are back in the tavern business in Kewaskum. In a deal consummated recently, but not announced until now, the Naumanns purchased the Lawrence Polenske tavern and property on Fond du Lac Avenue, formerly owned by the Louis Heislars.

Reigning as king and queen for the junior prom at the high school were Edward Koepke and Audrey Degner. The king's court and their partners were Delmar Gatzke and Carol Becker, Eugene Fay and Eugenis Brabender, Alvin Jeske and Diane Schaefer, Robert Staehler and Delores Schmitz. The theme of the prom was "Nohecita" with music by Ray Block's orchestra.

At the meeting of the Kewaskum Woman's Club the following officers were elected: President, Mrs. L.C. Brauchle; first vice president, Mrs. Augusta Clark; second vice president, Mrs. A. Hron, Jr.; secretary, Mrs. C.M. Rose; treasurer, Mrs. L.T. Opge-north.

Mr. and Mrs. K. A. Honeck, Sr. announced the recent engagement of their daughter, Lorraine, to Gilbert "Bud" Korth, son of Mr. and Mrs. David Korth.

Harold Seefeldt, son of Mr. and Mrs. August Seefeldt, Route 1, Kewaskum, has been promoted to the rank of corporal in Alaska, where he is serving as a machinist.

Mr. and Mrs. Leo Becker, Campbellsport, announce the marriage of

their daughter, Rosemary, to Jack Volm, Milwaukee, son of Mr. and Mrs. John Volm of Kewaskum, on Memorial Day.

Births

STEINER -- A daughter, Brooke Kaitlyn, was born to Carl, Jr. and Becky Steiner on May 18 at St. Joseph's Community Hospital. Brooke weighed 6 lbs. 4 oz. and was 19 1/2 in. long. Paternal grandparents are Carl and Judy Steiner of Kewaskum. Maternal grandparents are Bill and Trudy LaBonte of Sussex. Great-grandparents are Raymond and Evelyn Bubolz of Door County and William and Elaine Labonte of Florida and the late John and Arcella Heisdorf and Chester and Helen Steiner.

VOLM -- Scott and Tania Volm of Kewaskum proudly announce the birth of their daughter, Courtney Marie born on May 28, 1997 at St. Joseph's Community Hospital. Grandparents are Susan and Dmytro Zupryk of West Bend and Peggy and William Volm of Kewaskum.

SPOERL -- A son, Matthew Steven, parents are Steven and Susan Spoerl of Kewaskum. Matthew was born on May 22, 1997, and adopted on June 13.

Pulmonary Support Group to Meet

The pulmonary support group sponsored by St. Joseph's Community Hospital of West Bend will hear about healthy eating when the group meets Wednesday, June 25, at 6:30 p.m. in the hospital cafeteria.

The meeting will also have a summertime theme and participants are invited to wear their favorite summer hat.

The support group is free and provides education, support and socialization for people who have chronic obstructive pulmonary disease such as emphysema, chronic bronchitis and asthma. Refreshments are offered following the program. The group welcomes anyone who has COPD, along with their spouses, family and friends.

To register or for more information, please contact St. Joseph's Community Hospital's rehabilitation services department at 334-8237 or 334-8595.

Presidential Fitness Award Winners Named

Dozens of students from Kewaskum's Elementary Schools earned recognition in this year's Presidential Fitness Awards.

To qualify, students must meet certain criteria for performance in a number of fitness areas. Students received a patch and a certificate to mark their achievements.

Capturing the Presidential recognition (which signifies accomplishment in the 85th percentile or above) were Kewaskum Elementary's Cody Repovsch (grade five, his second award), and Wayne's Kaitlyn Ogi (grade four).

Earning National recognition (for performance above the 50th percentile nationally) were KES fourth graders Jessica Butler, Rita Cannestra, Katie Dorn, Craig Johann, Jason Rogall, Sam Shulka, Corey Tucek, Nick Brodzeller, Rachel Breese, Natasha Klein, Ashley Helms, and Paige Thelen; and KES fifth graders Adam Arndt, Ryan DeLaurier, Ashley Gasner, Emily Monte, Peter Ott, Sarah Stevenson and second-time winners Megan Butler, Amy Guelig, Becky Junk, Jaime Krueger, Dan Lettow, Bridgette McDonald, Ramanda Bannenberg and Jenny Simonson.

From Farmington Elementary, the National award winners were fourth graders Krystal Cochran, Jessica Jung, Luke Gohl, James Landrum, Natasha Lawrence, Josh Meyer, Alex Mirth, Leslie Schultz, Susan Schultz, Chad Peplinski, Robin Thelen, and Joey Weinreich, along with fifth graders Corey Strom and second-time winners Adam Hickmann, Justin Krueger, Kevin Lemke, John Plzak, Katie Schneider, Brian Weinreich, and Jamie

Wilson.

Winners of the National award from Wayne Elementary were fourth graders Megan Heppner, Jena Roskopf, Claire Sprang, Nathan Steiner, Elizabeth Vogt, and fifth grader Steve Kyler.

Congratulations to each of these students on a job well done!

XYZ CARD RESULTS

The winners at cards played at the Municipal Building on Wednesday, June 11th were: SKAT: Ruth Egerer, 11-2--9 net; Elroy Egerer, 15-2--13 net.

SHEEPSHEAD: Harold Backhaus, Bruce Petri, Florin Jakubowski and John Ruplinger.

Prenatal Breast-Feeding Class Offered at Hospital

St. Joseph's Community Hospital of West Bend is holding a prenatal breast-feeding class Thursday, June 19, from 7 to 9 p.m. in the hospital's New Life Center classroom.

The class is designed for couples who are considering breast-feeding. It discusses the benefits of breast-feeding, nutrition, breast care and various techniques that enhance the experience. Tips for incorporating breast feeding into a mother's and family's lifestyle are also included.

Participants are asked to bring a pillow and a newborn-size doll.

The fee is \$5 per couple. To register or for more information, please call St. Joseph's Community Hospital's New Life Center at 334-8361.

4-H EXPRESS

The meeting of the Kewaskum 4-H'ers was called to order on Thursday, June 5, 7:00 p.m. by President Jennifer Rogowski in the Kewaskum Municipal Building.

The Pledge of Allegiance and the 4-H Pledge were led by Carissa and Nick Bartelt. Roll call was taken with members naming a type of religion from anywhere in the world. The Secretary's report was given by Josh Nahmens.

Activity reports were given. Justin and Mitchell Weindorf reported on the Adopt-A-Highway clean-up, Carissa Bartelt reported on the Club ceramic craft activity, and Jennifer Rogowski reported on the Club's June Dairy Month window display at the Kewaskum Post Office. Heather Hackbarth reported on the Brat Fry held at Sentry Foods on May 24 and thanked members for donating the funds from the brat fry to assist her and Mr. and Mrs. Paul Lemke with expenses for their trip to Japan this summer with the 4-H/Labo program.

Club members signed up to breakfast on various duties at Breakfast on the Farm, which will be held on Saturday, June 14, at the Herbert Lofy Farm in Richfield.

Plans were made for the club to sponsor another brat fry and bake sale at Sentry Foods in Kewaskum on Saturday, June 28, which is the same day as the Village-Wide Rummage Sale.

Mrs. Kim Weindorf will lead the Club craft activity for June. Members interested in making a patriotic pennant or doing glass etching are to meet at the Windorf's house at 1:00 p.m. on Sunday, June 22.

Washington County Fair activities and events were discussed and members signed up

to help with Fair Set Up, do a hands on demonstration at the Action Center, work in the Fair Refreshment Stand, put together a Special Emphasis Booth, participate in the Anything Goes Contest, donate items for the Silent Auction, work as Judging Assistants, and bring items to exhibit. Members were reminded to turn their fair entry forms in to Mrs. Bonnie Zanow by June 15th.

Members were advised of upcoming project meetings and Mrs. Betty Bartelt was introduced as the new Outdoor Adventures Project Leader.

A happy birthday was wished to club members Cassandra Kougil, Kimberly Erdmann, Graeme Zanow, and Heather Hackbarth, who celebrate their birthdays in June.

Heather Hackbarth and Josh Nahmens demonstrated how to play a card game called golf, and Jason Jahnke gave a presentation on Archery. The meeting was adjourned and refreshments were served.

The next club meeting will be the annual club picnic, which will be held on Tuesday, July 8, at 6:00 p.m. in the shelter at the Kiwanis Park. In keeping with the 4-H and My World theme for the year, members are to bring a dish to pass and label it with the name of the country it originated from.

VOTERS'

(Continued from Page 2)

very well. Many private industries now run their capitol intensive operations around the clock just to stay in business. Other school districts have used "split shift" concepts to alleviate overcrowding. Could such concepts be employed here?

7) Lack of commitment for cost containment.

We get a general impression that cost containment is not a priority by reading various articles in the Statesman concerning changes in the district. A recent article that illustrates this is one which discussed the addition of voice mail for all teachers to the district phone system. The article went on to state that no staffing reductions would occur due to this change. Here seems to be a case where expensive technology was added by the district with no cost benefit. Why would such a decision be made? What tangible educational benefit does this system provide? Another recent change in the district was the approval of three new athletic coordinator positions. Is this really necessary for a district the size of ours? Are such extensive athletic programs required by state law? If not, could some of these programs be moved into private clubs, let the families who use these elective programs pay the entire cost for them.

7) Beechwood school currently sitting idle.

The fact that the Beechwood School is currently sitting idle, points again to the fact that the district resources are not being used wisely. If space at KES is really as tight as is claimed, why is this building sitting idle?

Answering questions such as those listed above would go a long way in getting new proposals passed in future referendums.

Finally, as the school board looks forward to future planning, please keep this in mind: the private sector is continually requiring it's employees to do more and work harder, often with reductions in benefits and smaller pay increases, the public sector must be no different.

Response # 7.

Dear Readers:

In response to the land purchase referendum I would like to say first, that I appreciate the time and effort put forth by the board of education regarding this matter.

I do not understand why the issue was "rushed" past the voters. It may have been discussed in depth at board meetings, but I am unable to attend those meetings. I rely on media coverage and "backyard" discussions.

We received all the

options AFTER the referendum failed instead of being able to make an informed choice. (Perhaps the Statesman could have done a series on the comprehensive detailed long range plan from the study committee.)

What are the actual cost estimates of buying land and building new vs. extensive districtwide renovations and busing costs? Most people want to be able to make informed choices. Can Beechwood be used in 97-98 to ease overcrowding?

I realized the value of the purchase cost, as land will become more costly... but what other sites may be available? Will village children need to be bussed or will they have to walk great distances from the East and North sides of the village? Will more crossing guards be needed? Railroad crossings?

I agree something must be done to ease overcrowding... and soon! Our schools are not "up to par" with area communities. Our children need to know that they are worth the investment of their futures AND the teachers who work here need to know we are dedicated to our children's educational success.

Being a part of this community, I know I must make sacrifices, and if we want some improvement to our school system, it WILL cost money.

Our children ARE Kewaskum's future. What message are we sending them by refusing to give them all the advantages of surrounding school districts. We want them to grow up here and to have them come back to raise THEIR families here in the future.

Let the voters know WHAT we need to build and what our options are. Let's have a plan presented to us... not an uninformed, uneducated land purchase that may not suit our needs. Not many homeowners purchase land, sight unseen, perk tests undone, unassured of land quality... and then decide if or what to build there later on.

We are taxpayers, home owners and parents. We want our schools in good locations, at a good price. But, let's decide on exactly WHAT we need built and THEN decide

where to build it!

We are a growing community. We need to make appropriate, informed choices in order to efficiently provide an education to our children in an educationally competitive world. I agree that steps must be taken now. Thank you.

Response # 8:

RE: Land Referendum

I am against the purchasing of land for a couple of reasons. First of all, the cost -- over \$500,000 for land, just the land. Then you will need how many millions to put up a building, expenses to get the land ready, not to mention all the "unknown" expenses.

The Board says there won't be a new school built for 10-15 years, but I don't believe that. I believe if they purchase the land you will see a building on it within five years. What makes this land worth so much money? It would be nice to think that our property was worth more just because we own it. Land is land. It's not worth any more just because of who the owner is.

Secondly, I don't believe a new school, of any level, is necessary. The district has no business making plans to build a new school when we have an empty, unused school in Beechwood. Take the \$500,000 and put it into Beechwood Elementary School. When all of our school buildings are overcrowded then let's talk about another alternative. Lots of money and extensive remodeling just went into the middle and high school. I doubt they are overcrowded already. If Beechwood is opened you can change the boundaries to alleviate the overcrowding in the three elementary schools now.

As far as the school plans, I prefer the K-6. I was never comfortable having the sixth graders in the middle school and I still don't agree with it. Society is pushing our young people to grow up way too fast. Look at the problems it has created: Smoking at seven and nine years old; drugs at 12 and 13; pregnant at 14 and 15, drinking at 13 and 14. They act like 18 at 12

years old. Why? They are being pushed into the lifestyles of the 16-18 year olds. You start by putting an 11 year old on the same bus as an 18 year old, what do you expect from them? This is not my idea of quality education. Now they have just been on the bus for 30-45 minutes or more and get into the middle school for sixth grade and are told they can't eat lunch with seventh and eighth graders, can't have recess with them, can't go down their halls, and can't have classes with them. Are mixed messages being sent? What is this telling our young people?

Then there is the issue of parental involvement declining once their child enters sixth grade. Excuse me -- but parenting doesn't end at fifth grade and being involved in your child's schooling beyond fifth grade shouldn't either. Who decided that parents should stop going to conferences, open houses, concerts, games, special programs, parent's day, PTO meetings... the list goes on, just because the child is in sixth grade? If parents could do it while the child was in elementary school they certainly can do it in the middle school. What message is being sent here? "Now that you're in the middle school, you're all grown up and don't need me to be involved anymore." Wrong -- they need you more now than ever before.

Putting an 11 year old in the middle school is emotionally, socially, and psychologically overwhelming.

It is quite an adjustment for the child and the parents. I am also very much in favor of smaller class sizes. Many students are missing out on quality education because the teachers simply don't have time to give individuals extra help. Not all kids learn at the same pace and this is true for any grade level.

They teach the lesson and hope everyone understood it. If a kid is struggling, they get labeled with learning problems. Some people just need more time to learn things and the student shouldn't feel like it's a bother to ask the teacher for help.

There are many unanswered questions and until I am convinced that land and a new building will provide a better education, I won't be voting for it. Better education starts in the classroom.

■ Smother a grease or oil fire by sliding a pan lid over flames. Never carry the pan outside.

■ Never use water on cooking fires. Use baking soda instead.

■ Keep the oven door shut and turn off the heat to smother an oven or broiler fire.

■ Use a fire extinguisher. Check with your local fire department to make sure you have the right one in your kitchen.

■ Always have a working smoke detector near your kitchen.

A's Enjoy Win, Suffer Loss

The Kewaskum Athletics put one game in the win column and another in the loss column last weekend. The Hustisford Astros handed the A's an 8-6 loss in Tri-County Nite League play on Saturday. On Sunday it was a different story as Kewaskum hammered the visiting Berlin Reds by an 18-3 score in a Rock River League tilt.

Kewaskum grabbed a 1-0 lead over the Astros on Saturday as Kevin Klahn led off the bottom of the first with a single and later scored by Ryan Hall base hit. Hustisford quickly answered, scoring four times in the second inning and twice more in the third to take a 6-1 lead.

With the score 7-2 in the bottom of the fifth, the Athletics erupted for four runs to pull within one run of the Astros. Hall, Todd Muckerheide, Tim Gundrum, Sam Blahnik, and Joe Rettler all hit safely to fuel the Kewaskum rally.

The Astros tacked on a run in the top of the sixth to reach the final tally of 8-6 as neither team scored in the last three innings.

Kewaskum's offensive attack was paced by Matt Sternig, Curt Schroeder, Ryan Hall and Tim Gundrum who each had two hits. Gundrum and Joe Rettler each had two RBIs.

Bob Bothe started on the mound and took the loss. Dane Dorn came on in relief and pitched six strong innings. Dorn allowed only one run and five hits. He walked two and struck out one.

The first year Berlin Reds saw a fired up Kewaskum team on Sunday. The result was an 18-hit attack and 18-3 victory for the A's.

The Athletics built a 5-0 lead through the first three innings. Berlin got on the scoreboard with two runs in the top of the fourth. Doug Gonring hammered a solo home run leading off the bottom of the inning to give Kewaskum a 6-3 cushion.

That is how it stayed

until the bottom of the sixth when the A's lit into Red's pitching for five runs. Terry Koth drove in three on a home run. Ryan Hall crashed a triple to drive in Tim Gundrum and quickly scored himself on a Todd Muckerheide sacrifice fly. The A's added four in the seventh and three in the eighth to complete the scoring.

Once again Doug Gonring led the charge going five for six. He hit two home runs and drove in four. Displaying foot speed heretofore unseen, Gonring scored from first on a base hit Saturday, and stole second on Sunday.

Ryan Hall provided a great deal of offense himself. Among Hall's four hits were two triples and a double. He scored three times and drove in five. Tim Gundrum collected three hits. Terry Koth had two hits including a homer good for three RBIs and three runs scored.

Lost in the offensive fireworks was a strong mound performance by Sam Blahnik and Matt Schneider. Blahnik tossed seven innings, allowing three runs on three hits. He walked two and struck out six. Schneider pitched two innings of a no hit, no run relief.

Kewaskum's record dropped to 3-2 in Tri-County play. The A's Rock River ledger stands at 3-4. Overall, the Athletics sport an 8-7 mark for the season.

This weekend the Athletics are on the road for a pair of Rock River League contests. Saturday they travel to Horicon. The destination for Sunday is Slinger. Both are 1:30 p.m. games.

Why My Mom Is Special to Me

My mom is special to me because she cares for me 100% of the time. She is always nice, loving, caring, and supportive in all my decisions. She tries her hardest to make it to any of my sporting events. Even if I'm doing bad and nobody else is cheering for me she'll be the one to break the silence and give those four encouraging words "you can do it."

If I'm struggling in school she'll always be there to help me, even if she is mad at me. If I were ever asked what the most special thing she did for me was, it would be when she started the T-Ball and Rubberball program because she wanted my summer to be occupied with something. But the most important reason my mom is special to me is because she loves me, she cares for me, and gets me on the right track when I am going on the wrong one.

By Darrin Schulist

2nd PLACE
KES

My Mom Is Special

My mom is the best mom because she gives me things that I need and what I don't need but want. We do many things together like going to the motorcycle races.

A lot of kids don't say that they love their mom much, because they don't think that when there going to work they could get in a car accident and die. Everyday day that I go to school I say that I love her because she could be gone when she goes to work.

Sometimes she yells at me because I do something wrong. But when think of it she is teaching me and helping me learn. I shouldn't get mad at her because she yells at me, I should be thankful because she is teaching me.

Me and my mom have a good relationship together. I should be thankful for her because she clothes me and feeds me.

Ben Carlson

Why My Mom Is Special To Me!

Moms are very special and important in a child's life. Let me tell you why my mom is special and important to me.

Teens, they are very difficult to deal with, but somehow my mom does! When I have a problem she is always right there to help me. When I come home from volleyball practice supper is always on the table waiting for me and my family to eat.

I really don't appreciate it now but I'm sure I will in the future, my mother does a lot of worrying about me! She makes sure she knows who I'm with at all times and that I'm not doing anything stupid or dangerous!

My mother doesn't always give me what I want, but she gives me what I need and for that I am very grateful!

I think my mother is doing the best job she can, and so far its GREAT!!!!

Jennifer Link

My Mom is Special
by Jason Jahke Grade 3

My mom is as sweet as a blooming rose. She helps me with homework if I get stuck. She closes the windows. They look so shiny and neat. She loves me as much as a rose is kept safe. She looks as pretty as blossoms that are bloomed right. She cares for people in are family. And most of all she keeps me safe.

1ST PLACE
KES

My Mom Is Special to Me

My mother is special because she does things for me. My mother is special because she is the one that gave me birth. She is nice to me. I love my mother for what she is, not what she thinks she looks like. I love my mother because she has worked hard to get me where I need to be. The main reason why my mother is special to me is because she has always been there for me when I needed someone to talk to.

EWSCA NEWS

(PLYMOUTH, WI) Gary Laack of Glenbeulah turned back a mid-beulah challenge from Sheboygan's Brad Dahmer to earn his second 30 lap Eastern Wisconsin Stock Car Winged Super Modified feature victory of the season in the 13th annual Etchie Bierterz Memorial Race at Sheboygan County Fair Park Saturday night.

Following the final restart, Laack began to pull away from the rim riding Dahmer. The nine-time EWSCA Limited Late Model champion held a solid advantage throughout the closing laps to collect his fourth career winged Super Modified victory by a quarter-straightaway margin over second place Dahmer.

Dahmer's runner-up showing was the best feature finish of his four year Winged Super Modified career. Two-time and defending track champion Pete Ostrowski of Milwaukee

charged from the 10th starting spot to place third, Jim DePagter was fourth and outside second row starter Danny Cain of Kewaskum placed fifth.

Tim Veldman of Plymouth guided the car normally driven by Glenbeulah's Howie Weiss to victory in the 25 lap Limited Late Model feature.

Dingel finished second, Fredonia's Dave Jessen and his way up from the 12th starting spot to take third, defending track champion Steve Hoffmann of Plymouth came from the eighth row at the start to place fourth and rookie Limited Late Model driver rick Thompson of Campbellsport was fifth.

Greenleaf's Dave Horneck

notched his first feature victory of the 1997 season in the 20 lap Super Stock main event.

Ken Jay Fiedler of Sheboygan Falls won the 15 lap Winged Super Modified B semi-feature. Plymouth's Scott Hauptstad captured the 15 lap Limited Late Model semi-feature while Doug Kuchinski of Elkhart Lake was victorious in the 15 lap Super Stock semi-feature.

In qualifying, West Bend's Paul Pokorski earned his first ever Winged Super Modified fast time award by topping the 35 car field with a lap of 13.379 seconds.

No man can think clearly when his fists are clenched.

Obituaries

FLORENCE C. HANSEN

Mrs. Florence C. Hansen, 70, of Kewaskum, passed away unexpectedly on Saturday, June 14, 1997 at St. Joseph's Community Hospital in West Bend.

She was born on April 8, 1927, in Kewaskum, the daughter of the late Irvin and Meta (Moldenhauer) Schulz, and on September 11, 1948 she was united in marriage to Edward Hansen at Peace United Church of Christ in Kewaskum. Her husband preceded her in death on January 7, 1972.

Mrs. Hansen was a life long member of Peace United Church of Christ in Kewaskum where she served as the Church Treasurer for the past ten years. She had a successful tax preparer business and with the love she had for children, she babysat for families. She enjoyed gardening and fishing, although her family was her life.

Survivors include a son, Gary (Brenda) of Campbellsport; three daughters, Karen (Eugene) Weiskopf of Sheboygan Falls, Kathryn (Timothy) Danielson of Fredonia and Eileen (Harold) Ramthun of West Bend; a sister, Norma (Eugene) Muench of Kewaskum; eight grandchildren, Jennifer, Melissa, Jon, and Rebecca Weiskopf, Michael and Kristin Danielson, Adam and Dana Hansen; a sister-in-law, Lucille Follendorf of Sparta, seven nieces and nephews, other relatives and many friends.

Funeral services were held at 1:00 p.m. on Wednesday, June 18, 1997 at Peace United Church of Christ in Kewaskum with Rev. James Bettin officiating. Burial followed in the Church Cemetery.

Friends called from 4:00 to 8:00 p.m. on Tuesday, June 17 at the Miller Funeral Home in Kewaskum, where a prayer service was held at 8:00 p.m. and from 11:00 a.m. until the time of service at the church on Wednesday.

LARRY 'FATTY' GIESE

Larry "Fatty" Giese, 47, of Kewaskum, died Friday, June 13, 1997, at St. Mary's Hospital, Rhinelander.

He was born April 12,

1950, in Beaver Dam, to Melvin and Phyllis (nee Ewert) Giese.

He was a driver for Gerlach Trucking, Campbellsport, and a part time bartender at Prime Time Pub, Kewaskum. He also was an avid trap shooter.

Survivors include a daughter, Tania Giese of Milwaukee; his mother and stepfather, Phyllis and Merlin Feller of Iron Ridge; four brothers, Dennis (Carol) Feller of Iron Ridge, Ronald (Paulette) Feller of Horicon and Gerold "Chuck" (Beth) Feller and Mike (Sue) Feller, both of Iron Ridge; three sisters, Lois Bierter and special friend Jim Thorn of Iron Ridge, Judy Feller of Milwaukee and Joyce (Gordy) Griepentrog of Mayville; and other relatives and friends in the Kewaskum area.

Preceding him in death were his father and a brother, Daniel Giese.

Funeral services were held Monday, June 16, at 6:30 p.m. from the Koepsell Funeral Home, Mayville. Rev. Geoffery Hog officiated, and burial was in St. John's Cemetery, Browns Corner.

Visitation at the funeral home was Monday from 3:30 p.m. until the time of services.

RAYMOND H. DRICKEN

Raymond H. Dricken, 72, of West Bend, died Sunday, June 15, 1997, at St. Joseph's Community Hospital, after a short battle with cancer.

He was born Nov. 2, 1924, in Barton, to the late William and Gertrude (nee Spaeth) Dricken, and married Lucille Mueller on Nov. 9, 1945, at St. Mary's Immaculate Conception Church.

Ray entered the U.S. Navy after high school, and served in the Pacific Theater during World War II.

Following his discharge and marriage, he was employed at

Line Material in Barton for many years until the company closed.

His love for baseball led Ray to play for the Barton Braves in the Land 'O Lakes League. In his spare time, you could usually find Ray on the lake fishing, and since his retirement he began wood-working as a hobby.

Survivors include his wife; five children, Leo "Bud" (Ann) of West Bend, Rae (David) Schmidt of Kewaskum, Don (Debbie) and Sue (Jim) Lynn, both of West Bend; and Amy (David) Schulz of Campbellsport; 11 grandchildren; a great-grandson; two brothers, Leonard (Rhea) of West Bend and Gerald (Betty) of Watertown; nieces; nephews; and other relatives and friends.

Preceding him in death were a brother, William "Pucky," and a sister-in-law, Ann Dricken.

A Mass of Christian Burial was held Tuesday, June 17, at 2:30 p.m. at St. Mary's Immaculate Conception Church, West Bend, Rev. Patrick Wendt officiated, and burial followed in the church cemetery.

Visitation at the church only was Tuesday from noon until the time of services.

Memorials may be given to the St. Mary's Endowment Fund.

The Schmidt Funeral Home, West Bend, served the family.

SYLVESTER J. 'VESSIE' VOLM

Sylvester J. "Vessie" Volm, 81, of Campbellsport, died Thursday, June 12, 1997, at St. Agnes Hospital, Fond du Lac.

He was born July 17, 1915, in the Kewaskum area to the late Matthew and Mary (nee Miller) Volm, and married Esther Flitter on Sept. 30, 1939, at St. Matthew's Church, Campbellsport. She passed away on July 31, 1984.

He worked at Barton Washer in Campbellsport, Giddings and Lewis in Fond du Lac and Stella Cheese in Campbellsport, before retiring.

He also did carpentry work in the Campbellsport area.

Mr. Volm owned and operated Syl's Place in Campbellsport the last number of years, and performed with his band Syl's Polka Dots for many years.

He was a member of Our Lady of Angels Catholic Church, Armstrong, the Ashford Sportsman's Club and was an avid hunter and fisherman.

He was the beloved father of Sylvester (Debbie) of Campbellsport and Joan (Cliff) Hellmer of Cascade; loving grandfather of Trisha, Tiffany, Travis, Matthew and Alex and brother of Marie Langenecker of Allenton and Anna Ullrich of Campbellsport. He is also survived by other relatives and friends.

Preceding him in death was a brother, Carl.

A Mass of Christian Burial was held Monday, June 16, at 10:30 a.m. at Our Lady of Angels Catholic Church, Armstrong, following a 10 a.m. prayer service at the Twohig Funeral Home, Campbellsport. Rev. Richard Robinson officiated and entombment was in Ledgeview Memorial Park, Fond du Lac.

Visitation at the funeral home was on Sunday from 3 to 8 p.m.

IN MEMORY

In loving memory of EMY POOS, who passed away 25 years ago, June 16, 1972:

So many years have passed,
But your memory is like yesterday.

The ache of losing you
remains in our hearts
You're never forgotten.
Even in the happiest of our days.

We think of you in silence
And often speak your name
But all that's left to answer us,
Is your picture in a frame
We look at your picture
and your smile seems to say,

Don't continue to grieve for me,
For I'm only resting, and
you'll see me again some day.

*Lovingly remembered and
deeply missed by Frank Sr.
and family*

IN MEMORY

In loving memory of our brother JOSEPH RITGER who passed away June 19, 1996:

A heart of gold stopped beating.

Working hands were put to rest
God broke our hearts to show us.
That he takes the best.

We cannot bring the old days back;
your hands we cannot touch.

But we'll always have memories of whom we love so much.

Sadly missed:

by his brother Raymond, sister Marian Thurke, Alfred & John Thurke

Kewaskum Fire and Rescue Squad Calls

Thursday, June 12 - The Kewaskum Fire Department was summoned at 1:56 p.m. to the Town of Kewaskum for a grass fire. Firefighters were on the scene for approximately 1/2 hour.

Friday, June 13 - The Kewaskum Rescue Squad responded to a motor vehicle accident at 4:14 p.m. in the Village of Kewaskum. A female patient was transported to St. Joseph's Community Hospital, West Bend, for injuries received.

Saturday, June 14 - The Kewaskum Fire Department was dispatched to the Town of Wayne to provide mutual aid to the Kohlsville Fire Department in fighting a shed fire.

Saturday, June 14 - The Kewaskum Rescue Squad was summoned at 10:40 p.m. in the Village of Kewaskum for a female patient who was unconscious. The patient was transported to St. Joseph's Community Hospital, West Bend.

Monday, June 16 - The Kewaskum Rescue Squad, responded to a call in the Town of Kewaskum at 6:08 a.m. for a female patient who had fallen. The patient was transported to St. Joseph's Community Hospital, West Bend.

1997 United Way Campaign Co-Chairs, Theme Announced

Doug and Sharon Ziegler

Doug and Sharon Ziegler of West Bend have been named Campaign Co-Chairs of the 1997 United Way of Washington County fund drive.

A native of West Bend, Doug graduated from Northwestern University with a degree in Business Administration. After graduation, he worked at the West Bend Company for 23 years, progressing from Assistant Treasurer to Executive Vice President. He initiated the merger of the West Bend Company into Dart Industries. From 1968 until 1972, he was President of the Consumer Products Group and Corporate Vice President of Dart Industries, Inc. He also served as a Director of Dart Industries, Inc. from 1968 to 1980.

From 1973 until earlier this year, he served as either President or Chairman of The Ziegler Companies, Inc., parent company of B.C. Ziegler and Company. He continues as an active employee of B.C. Ziegler and Company, managing portfolios for Ziegler Asset Management Inc.

A former West Bend City Alderman and School Board member, he currently is a Board member of Johnson Controls, Inc., Principal Preservation Portfolios, Inc., the Blood Center of Southeastern Wisconsin, Riveredge Nature Center and the Ziegler Foundation, Inc. In 1965, Doug headed the United Way drive for West Bend when there was no professional paid staff.

Sharon is also an active volunteer. Her current and previous involvements include leadership and volunteer roles with the United Way of Washington County,

St. Joseph's Community Hospital Board of Directors and Auxiliary, West Bend Mutual Charitable Trust Board Member, West Bend Art Museum Memorial Foundation Board President, Lakeland College Trustee, West Bend Friends of Sculpture Committee, Wisconsin Hospital Auxiliary Association Southeast District Chairman and other organizations. She also helped establish the Volunteer Center of Washington County, serving on their Board for seven years.

Sharon was given the Clifford A. Nelson Volun-

teer Leadership Award last month by United Way in recognition of her shared time and talents with the Washington County community.

Married for 18 years, the Ziegler's blended family includes eight children and 15 grandchildren.

They are pleased to be leading the United Way drive. "Family has always been important to us, and we're looking forward to working with the United Way family this year," said Sharon.

The 1997 local campaign theme is: "United Way -- Helping Every Day."

"We really want to emphasize that giving to United Way makes an important difference," said the Zieglers. "We know that United Way provides the opportunity to help in ordinary and extraordinary ways every single day in our County."

The campaign officially begins in late August, and will cover the ten communities of Hartford, Kewaskum, Jackson, Slinger, Allenton, Newburg, Hubertus, Richfield, Colgate and West Bend. The 1996 campaign surpassed its goal, raising \$960,000.

"Each year, we build on our previous success and strengths. Most of our key campaign leaders are already in place, thanks to the foresight and planning from last year's excellent effort, which was chaired by Mark Nielsen of Wesbar," said the Zieglers.

"Right now, we're in the process of reviewing our past campaign successes, looking at agency needs for 1998 and recruiting approximately 175 volunteers who

will be involved in this year's campaign.

"United Way funded programs and services reach one in four people in our County. We see people involvement as the key to our continuing success. United Way's track record shows that businesses and individuals in Washington County are extremely supportive of the organization. We're counting on that support to continue and build this year as well."

Barbara Hurula, Executive Director of United Way, praised the Zieglers for accepting the campaign co-chair responsibility for 1997. "Everyone who knows Sharon and Doug gives them high marks for their dedication, thoroughness and follow-through. Their ability to successfully work together speaks well of the leadership and team effort they'll bring to our upcoming Campaign," said Hurula.

"With current changes in human service delivery, the need for United Way programs and services is greater than ever. The challenge is to raise the very necessary funds to help our families, friends, neighbors and co-workers who live and work here," said Hurula.

"We'd like to thank the Washington County community for its continued generosity in supporting health and human service needs," said the Zieglers. "We're looking for success again in 1997. Agency needs are increasing, and our giving levels need to increase as well."

Member agencies have prepared their 1998 budgets and are currently meeting with United Way Citizen Review Panels, made up of

42 volunteers from around the County. The Panels will make 1998 funding recommendations to the United Way Board of Directors in June and July.

Agency needs, along with the giving history of business and individual donors and the local United Way operating budget will be combined to determine the 1997 Campaign Goal. Final approval of the Campaign Goal will be given by the Board of Directors in late July.

Funds collected in the upcoming campaign will benefit 25 agencies meeting human care needs throughout Washington County. These agencies are: American Heart Association, American Red Cross - Kettle Moraine Region, American Red Cross - West Bend Chapter, Big Brothers/Big Sisters of Washington County, Bay Lakes Boy Scout Council, Catholic Charities.

Child's Place, Citizen Advocacy of Washington County, Council on Alcohol and Other Drug Abuse, Family Center of Washington County, Friends of Abused Families, Full Shelf Food Pantry, Great Blue Heron Girl Scouts, Manitou Girl Scouts, Hartford Area Blood Donors, Kettle Moraine CPR Committee.

Kettle Moraine Support Services, Lutheran Social Services, Nova Services, Salvation Army, Senior Citizens Activities, Senior Friends, The Threshold, Volunteer Center of Washington County, and The Youth and Family Project.

Tourist (after taking a deep breath on car platform): Isn't this air exhilarating?

Porter: No, sah. This air Jacksonville.

MEETING NOTICE

There will be a Special Meeting of the Kewaskum Board of Education on Tuesday, June 24, 1997 beginning at 6:00 p.m. in the Library at Kewaskum High School, 1510 Bilgo Lane.

AGENDA

1. Call meeting to order
2. New Business - Closed Session: The Board will adjourn to Closed Session pursuant to Section 19.85 (1) (a), Section 19.85 (1) (f) and Section 120.13 (1) (c), Wisconsin Statutes
 - a. to consider expulsion of a student
3. Adjournment

TOWN OF WAYNE NOTICE OF PUBLIC HEARING For Rezoning

NOTICE IS HEREBY GIVEN that a public hearing will be held before the Town Board at the Town Hall located at 6030 Hwy. H in the Town of Wayne at 7:30 P.M. on July 15, 1997, to consider the petition of Tim Bingen to amend the Town Zoning Map by rezoning from Agricultural District to Residential A-1 District the following described property: PT of NE 1/4 of the NE 1/4 described CSM 981. Section 17 Town of Wayne 1.84 acres.

HT Third Graders Record Riveredge Tour

Shown left to right, Mrs. Kathi Cain (partial view), David Timmers, Ben Schickert, teacher-naturalist Patti, Bryan Sabel and Matt Rinzel are in the woods and Patti is giving directions, with Matt and David telling a story about a sponge that turns into a fossil and turns back into a sponge.

Kate Korth, Christina Nitschke and Tamara Baughman observe how sand filters dirty water.

Kate Korth, Ashley Feucht, Ashley Cochran, Lora Christie and Tamara Baughman are putting together "responsibility beads."

Clockwise, from upper left: Christina Nitschke, Kate Korth and Holy Trinity third grade teacher, Mrs. Goham (she looks like she's shivering) learn about cycles. Jeff Thull and Chad Piwoni have their backs to the camera.

Mrs. Goham's third grade from Holy Trinity School in Kewaskum made its third trip to Riveredge Nature Center in early May. They would like to share their experiences with you:

Our spring trip to Riveredge was about Nature's Cycles.

Chad Piwoni and Jeff Thull speak for the entire class when they say: We thank the teacher naturalists Patti and Sue. We also thank our drivers -- Diane Piwoni, Kathi Cain and Joan Cochran.

HOW WE PREPARED FOR THE TRIP

Katelyn Korth describes one of the things we discussed at Holy Trinity: "Before we went to Riveredge we studied a Water Cycle. We started with an ocean, we learned how we get our water at home, and we learned how water gets to the ocean."

Bryan Sabel tells of our new vocabulary words like accumulated, carbon dioxide, condensation, cycle, decomposer, evaporation, nutrient, oxygen, photosynthesis, precipitation, producer and recycle.

WE WERE READY FOR SPRING IN WISCONSIN

We had rainy weather. We wore boots, mittens, jackets, hats and ponchos.

WE LEARNED ABOUT CYCLES

Brian Herriges learned that a cycle keeps on going but it can stop if something interferes with it.

WHAT IS A CYCLE?

Sue, Christina Nitschke, Kate, Mrs. Goham, Kyle, Jeff, Chad, Mrs. Piwoni, Tamara Baughman and Ashley Feucht demonstrated a cycle by holding onto a rope which was tied into a circle and passing the knot around as quickly as possible. Sue showed us that cycles can be stopped because things get in the way. Sue grabbed the rope to show us that someone not cooperating can be one of the things that slows a cycle. A drought is something that can slow the water cycle.

WHAT IS THE WATER CYCLE?

Kyle Rieden describes the WATER CYCLE: A cycle is like a circle. It goes around. Sometimes a cycle might stop. A Water Cycle has several key steps: WATER CYCLE = Accumulation... Evaporation... Condensation... Precipitation... Accumulation.

Accumulation is like a pond. Evaporation is when water goes into the air. Condensation is when vapor turns into liquid. Precipitation is when rain falls.

Ashley Cochran says a water cycle has no beginning and it has no end.

Matthew Rinzel tells us that water becomes clouds through evaporation.

Brian also feels that we must be careful with natural cycles.

Kyle feels that some people may think that all there is to a water cycle is water going into the air and coming down as rain. There's more to the water cycle than that! We learned more about the water cycle and he'll tell us about it in this report. Let's start out in the Milwaukee River, next it goes to Lake Michigan which leads to the St. Lawrence Seaway and then empties into the Atlantic Ocean. It evaporates. When water evaporates it goes into the air as a "gas" and a cloud will be formed. A cloud is formed when water sticks to tiny pieces of dust. After that, it rains, snows, or sleet. As the precipitation falls onto the ground and soaks in, it goes to a well. It then goes into pipes that lead to a water cleaning plant. There it is cleaned and pumped into a water tower. It comes out to your home as you use water. When you drink some water, think about what it has been through!

In Sue's group, Kate, Christina, Ashley F., and Tamara were on one of the teams that used a sand filter made from a plastic pop bottle and filled with sand,

then mud from the bottom of the pond, and then pond water.

Water poured onto soil moves slowly and can become cleaner by filtering through the soil. Water poured onto blacktop moves faster, but does not soak in and is not cleaned of dirt and pollution.

Mrs. Piwoni observed with great interest as Chad and Jeff poured dirty pond water filtered through very slowly but came through "pure white."

A sponge will hold a lot of water and is also a filter. We filled sponges with water and saw that the sponge would hold the water until we squeezed the water out quickly to watch it flow over the ground to the pond. This is how wetlands do their work.

Eric Cain, David Timmers and Matt told a story about a sponge that got wet and then a million years later, someone found it as a fossil. When they finished, they listened to others' stories which they thought were great.

Matt reports about some of the class experiences in water cleaning: We pretended the water treatment center broke down. We swished mud in the water, and that polluted the water. We got to touch the mud. Then we put sand in with it. But it turned out to be disgusting. But then they cleaned the water. So that's part of the filtration system. We have to be very careful with the chemicals we use.

We dumped water everywhere.

WHAT IS THE NUTRIENT CYCLE?

Lora Jo Christie defines a Nutrient Cycle as something that has animals, leaves, soil, and worms in it and that a Nutrient Cycle is something that starts with a plant and the plant gets bigger and bigger.....

Ben Schickert tells how we studied the Nutrient Cycle: In class we acted like a nutrient cycle with a tooth, soil, plant, cow, milk and a person.

The tooth is calcium in the soil which feeds the plant that the cow eats to produce milk which is drunk by people who grow teeth which fall out and are returned to the soil.

Tooth... Soil... Plant... Cow... Milk... Person... Tooth...

WHAT IS PHOTOSYNTHESIS?

Bryan Sabel was fascinated to learn that photosynthesis is the process in which green plants use sunlight, water and carbon dioxide to make oxygen and sugar.

WE GOT DOWN & DIRTY

Matt reports how we made a terrarium in 1996 (after our first visit to Riveredge) and how we kept writing notes of what we saw. The very first thing we saw was a plastic bag that we put in the terrarium and it did not change. A paper towel just fell apart and

School Board Meeting Minutes

SCHOOL DISTRICT OF KEWASKUM

Regular Meeting
May 12, 1997

MINUTES

The meeting was called to order at 7:00 p.m. by President Goeden.

Board members present: Lisa Maul, Larry Fechter, Tom Timblin, Jean Goeden, Jon Downs, Mary Andera, John Schulte.

Board members absent: none.

Following a moment of silence, Clerk Andera led the Pledge of Allegiance.

Fechter/Maul motion to approve the agenda as amended. (B.8 was moved to precede B.1). Motion passed 7-0.

The following students received the honor of Student of the Quarter: KHS - Peter Jaecks, KMS - Colleen Gosa, FES - Catie Mullens, WES - Aaron Breit, KES - Samantha Duenkel.

Jamie Gaffke, student representative, reported on the many activities at the high school.

Representatives from area fire departments were in attendance to explain the Learn Not to Burn Program and ask the Board to add it to the curriculum.

Schulte/Fechter motion to approve the April 7, 1997 Closed Session minutes as amended. Motion passed 6-0-1 with Lisa Maul abstaining.

Andera/Downs motion to approve the April 14, 1997 Regular Meeting minutes. Motion passed 6-0-1 with Lisa Maul abstaining.

Downs/Maul motion to approve the April 28, 1997 Reorganizational Meeting minutes. Motion passed 7-0.

Timblin/Fechter motion to approve the April 28, 1997 Closed Session minutes. Motion passed 7-0.

Mr. John Mehan, representing Baird, discussed the issue of debt reduction and explained the cost savings to the district. Downs/Timblin motion to approve the long-term debt proposal and resolution authorizing the establishment of an escrow account with respect to the General Obligation Refunding Bonds dated November 15, 1994. Motion passed 7-0.

Timblin/Downs motion to approve the appointment of a full-time KHS secretarial position to assist the Athletic Director and Supervisor of Building and Grounds. Motion failed 1-6 with Lisa Maul, Larry Fechter, Jean Goeden, Jon Downs, Mary Andera and John Schulte voting no.

Timblin/Andera motion to approve the appointment of a part-time KHS secretarial position to assist the Athletic Director. Motion passed 5-2 with Jean Goeden and John Schulte voting no.

Timblin/Downs motion to approve changing two school year janitorial positions to full year. Motion passed 7-0.

Timblin/Fechter motion to approve changing the WES custodian position to lead custodian. Motion passed.

Timblin/Downs motion to approve changing the part-time groundskeeper position to full-time. Motion passed 7-0.

Timblin/Andera motion to approve a CDB teaching position. Motion passed 7-0.

Timblin/Fechter motion to approve an increase in the speech and language position from 50% to 60%. Motion passed.

Timblin/Downs motion to approve an increase to the KHS parking fee to \$10.00. Motion passed 7-0.

The next FTBG Committee meeting will be held May 27, 1997 at 6 p.m. in the District Office.

Schulte/Andera motion to approve the second reading of Policy 346-EEN Assessment Testing. Motion passed 7-0.

Schulte/Andera motion to approve the second reading of Policy 368-Opt-In Policy. Motion

passed 7-0.

The next Policy Committee meeting is scheduled for May 20, 1997 beginning at 6 p.m. in the District Office.

New Business:

Downs/Fechter motion to approve the payroll and accounts payable in the amount of \$874,992.52. Motion passed 7-0.

President Goeden announced the board committee assignments for the 1997-98 term.

President Goeden appointed John Schulte as WASB Delegate for the 1997-98 term.

Fechter/Timblin motion to adopt the Learn Not To Burn program into our curriculum. Motion passed 7-0.

Dr. Johnson and George Allmann presented a summary of the results of the State Assessment Tests.

Schulte/Andera motion to approve the changes to the social studies curriculum at KHS and KMS. Motion passed 7-0.

Downs/Andera motion to approve the post-secondary enrollment request from a high school student. Motion passed 7-0.

Fechter/Andera motion to approve Kathleen Schmanski as FES OM coach. Motion passed 7-0.

Schulte/Maul motion to approve the appointment of Connie Schulist as KES OM coach. Motion passed 7-0.

Timblin/Maul motion to approve the appointment of Joe Harlow as boys golf coach. Motion

passed 7-0.

Schulte/Downs motion to approve the appointment of Kris Piotrowski as KHS yearbook advisor. Motion passed 7-0.

Timblin/Maul motion to approve the appointment of Barbara Perkins as 50% kindergarten teacher. Motion passed 7-0.

Fechter/Downs motion to approve the resignation of Elizabeth Hubbard, with regret. Motion passed 7-0.

Downs/Fechter motion to approve the resignation of Claire Wiedner as 7th grade volleyball coach. Motion passed 7-0.

Schulte/Timblin motion to approve the resignation of Mike Miller as assistant basketball coach. Motion passed 7-0.

Maul/Downs motion to approve the resignation of Judy Jacak, with regret, as KHS forensics coach. Motion passed 7-0.

Downs/Maul motion to adjourn to Closed Session as per State Statute 19.85(1) (c) "Considering employment, promotion, compensation or performance evaluation data of any public employe over which the governmental body has jurisdiction or exercises responsibility." a. review administrator evaluation. Motion passed 7-0 at 9:13 p.m.

Chop your own wood and it will warm you twice.

MEETING NOTICE

The Community Facilities Planning Group will meet on Thursday, June 26, 1997 beginning at 7:00 p.m. at Wayne Elementary School, 5760 Hwy. H. The meeting is open to the public.

REVISED MEETING NOTICE

The Kewaskum School District's Finance-Transportation-Buildings and Grounds committee will meet on Tuesday, June 24, 1997 beginning at 7:30 p.m. or at the conclusion of the preceding Closed Session. The meeting will be held in the Library at Kewaskum High School. The meeting is open to the public.

PROPOSED AGENDA

1. Call meeting to order
2. Roll call of members
3. 1997/98 Budget Update
4. TIC Compensation 97/98
5. District-wide Secretarial Hours 97/98
6. K-8 Science Resource Materials, Chemistry KHS
7. Lease-to-Purchase Agreement-Computer Hardware
8. State Trust Fund Loan for District Resurfacing Project
9. Other items to be determined
10. Adjournment

RESOLUTION NO. 97-9

A VILLAGE PLAN COMMISSION RESOLUTION FOR ADOPTING THE VILLAGE OF KEWASKUM LAND USE AND STREET SYSTEM PLANS

WHEREAS, the Village of Kewaskum, pursuant to the provisions of Sections 61.35 and 62.23 of the Wisconsin Statutes, has created a Village Plan Commission; and

WHEREAS, it is the duty and function of the Village Plan Commission, pursuant to Section 62.23(2) of the Wisconsin Statutes, to make and adopt a master plan for the physical development of the Village of Kewaskum; and

WHEREAS, the Village of Kewaskum requested the Southeastern Wisconsin Regional Planning Commission to prepare a land use plan and a street system plan for the Village, which plans include:

1. Collection, compilation, processing and analyses of various types of demographic, economic, natural resource, historic resource, recreation and open space, land use, transportation and other information pertaining to the Village;
2. A forecast of growth and change;
3. Statements of development objectives, principles, standards and related urban design guidelines;
4. A land use plan and a street system plan;
5. Recommendation of activities to implement the plans; and

WHEREAS, the aforementioned forecasts; inventories; analyses; objectives, principles, standards and related urban design guidelines; a land use plan and a street system plan; and implementation recommendations are set forth in a published report entitled SEWRPC Community Assistance Planning Report No. 214, A Land Use and Street System Plan for the Village of Kewaskum: 2010, Washington County, Wisconsin; and

WHEREAS, the Village of Kewaskum Plan Commission has held public meetings to acquaint residents, landowners and local government officials with the plan recommendations, including a public informational meeting held on the 3rd day of June, 1997 and a public hearing on the 10th day of June, 1997.

WHEREAS, the Village Plan Commission has carefully considered the plans over an extended period of time, including statements and requests during the planning process, and has proceeded to incorporate, where deemed appropriate, changes to the recommended land use plan and street system plan; and

WHEREAS, the Village Plan Commission considers the plans to be a necessary guide to the future development of the Village environs.

NOW, THEREFORE, BE IT RESOLVED that pursuant to Section 62.23(3) (b) of the Wisconsin Statutes, the Village of Kewaskum Plan Commission on the 10th day of June, 1997, hereby adopts the SEWRPC Community Assistance Planning Report No. 214, entitled A Land Use and Street System Plan for the Village of Kewaskum: 2010, Washington County, Wisconsin, and the attendant recommended land use plan and street system plan as a guide for the future development of the Village of Kewaskum and surrounding environs.

BE IT FURTHER RESOLVED, that the Secretary of the Village of Kewaskum Plan Commission transmit a certified copy of this resolution, after recording the action on the adopted plans, to the Board of Trustees of the Village of Kewaskum to the Southeastern Wisconsin Regional Planning Commission.

Thomas Kudek, owner

Riveredge

(Continued from Page 17)

now you can't tell it was a towel. Then we put gourds in the terrarium and they got rotten. One day we saw that plants were coming in. So now everyday we write notes and see new things all the time.

Amanda Bunkelman describes how Patty showed us how to shove a "metal thing" into the soil, to get a sample. It smelled like nothing and it felt soft. Soil helps the trees grow healthy and soil has worms and other bugs in it and sometimes we see something new, like old leaves or sand.

Randy Hestekin operated the "metal thing," a soil bore, to get a soil sample that we could look at to see different layers of soil.

Everybody searched the ground, under logs, under rocks and we found that soil is made of sand and other

things. While everybody searched, they told Matt what they were finding and he recorded it. We saw dead leaves. We saw fresh leaves. We caught bugs. We found worm middens. We looked under rocks. We found a lot of worms. We found a Millipede. We found a potato bug. We saw fungus. We smelled different soils. I saw a big beetle.

Sue, Mrs. Cain and Mrs. Cochran watched carefully as Eric, Ben, Lora Jo, Amanda, and Ashley C. showed off their discoveries. Mrs. Cain and Mrs. Cochran seemed very interested in just who had which bug and where it went!

David explored the world of worms and learned: Worms are part of the nutrient cycle. They are decomposers. They look for food under branches and big rocks. They make lots of soil. Worms eat plants, like leaves that fall from trees. Worms live in things called middens. Worms live under ground.

THIS REPORTING

IS ALL WET!

While Kyle and Matt were the Chief Scribes on the trip to Riveredge, David and Eric helped Matt by remembering the 60 items they learned as he recorded them. Amanda was of great assistance, making a tent with her poncho over Matt and the clipboard as he wrote.

WE REVIEWED OUR RESPONSIBILITIES!

Ashley C. tells of making a symbol of the sun, soil, water and air to remember that these are all parts of cycles.

Patty gave us beads to remind us of our responsibility to Nature.

Kate tells us that the Responsibility Beads are white, blue and brown.

The white bead stands for air, the blue bead stands for water, and the brown bead for soil. The yellow pipe cleaner stands for the sun.

We learned that everything on Earth is connected. If we change anything,

something else is sure to change.

Things that we can do to meet our responsibilities for the environment are:

Yellow = Sun = Energy: recycle plastics, carpool, turn out lights, close doors, shut refrigerator.

Blue = Water: be careful with lawn chemicals, don't flush grease down drains, turn off water when not using it, stop oil from dripping on streets.

White = Air: tuneup engines, ride bikes, carpool, walk, don't burn garbage.

Brown = Soil: recycle oil, don't dump it on ground, prevent erosion, stay on the trail, be careful with chemicals.

To work with nature's cycles, recycle: oil, paper, use right size grocery bags, use a compost pile, recycle aluminum cans.

1 1/2 ounces of cheese (American, Colby and String are favorites of kids) offers an equal amount of calcium as an 8 ounce glass of whole milk.

WASHINGTON COUNTY NUTRITION PROGRAM For the Elderly Meadowcreek Complex

Monday, June 23 -- Cube steak w/onions & lite gravy, whipped potatoes, corn mexican, branatural bread, chilled peach slices.

Tuesday, June 24 -- Chilled orange juice chicken paprikash breast/wing, buttered noodles, broccoli, 7 grain bread, M & M cookie.

Thursday, June 26 -- Sliced beef w/pea pods, lite gravy, mashed potatoes, glazed carrots, rye bread, 24 hour pudding.

Ceramics at 10:00 a.m. every 1st and 3rd Tuesday of the month.

Teacher -- "Who was that who laughed out loud?"

Freddie -- "I did, but I didn't mean to do it."

Teacher -- "You didn't mean to do it?"

Freddie -- "No, I laughed in my sleeve, and I didn't know there was a hole in my elbow."

KHS Golfers Pictured at Sectional Here

Ryan Rammer practices his swing prior to teeing off.

Chad Schlagenhaft watches where his ball lands following his tee shot.

Tim Vetter follows the progress of his shot.

Due to a "glitch" during developing, we were unable to print the photos taken at the recent golf sectional here. Despite the Indians not advancing to state play, we want to give credit where credit is due and present the pho-

tos of the golfers. Shown above is golf MVP Shaun Timblin following his tee off.

Joe Harlow, second from left, explains the rules and regulations to a threesome of sectional golfers ready to tee off.

Blue Gills Stocked in Milwaukee River Here

Left to right, Dick Knoebel and Tanner Schaub and his dad, Jim Schaub watch as Todd Heingartner of North Star Fish Hatchery of Montour, Iowa, scoops the fish out into the buckets of water.

Todd Heingartner releases a bucket of Blue Gills into the Milwaukee River, just northwest of the dam.

A nice-size Blue Gill was taken out of the bucket by the steady hand of Jim Schaub (yes, he put it back!).

Large BlueGills swim out of the bucket in search of a good hiding place in the Milwaukee River.

An effort coordinated by the Kettle Moraine Sportsman's Association and the Gateway Gobblers led to the fourth annual release of close to 500 Iowa blue gills in the River Hill Park mill pond.

The fish were delivered on Friday, June 6, from the North Star Fish Hatchery in Montour, Iowa. The release was held on June 7,

1997.

The blue gills that were ordered were between six inches and eight inches, but most were larger than seven inches with some in excess of nine inches.

Jim Schaub was heard to say, "I'd put any of those fish in my pail." Dick Knoebel of the Kettle Moraine Sportsman's Association said, "It is hoped that releases such as this will encourage young people to start fishing. If kids can go fishing and catch something it makes the experience much more memorable."

Knoebel went on to say, "The organizations involved in the release and Jake's Fishing Derby hope that this will give the kids something to do during the summer."

The organizations who donated to the release were Gateway Gobblers, Kettle Moraine Sportsman's Association, Wings Over Wisconsin, and New Fane Sportsman Association.

HON-E-KOR THURSDAY NIGHT LADIES GOLF LEAGUE JUNE 5TH

Low net for the evening was shot by Pat Dorn with a score of 25. She had one birdie, one par, and one chip-in. Teresa Dreher Cindy Neal, & Tracey Schaub were tied for low gross of 47 on the red nine.

Indians 3-2 After First Five Conference Games

The Indians' Eastern Wisconsin Conference campaign began on Monday, June 2, at New Holstein. Kewaskum bats again came alive late in the game to propel them to a 7-4 win.

Kewaskum pitcher Dan Jeserig held the opposition to only four runs on six hits. Dan struck out four and walked only one. He gave up four runs, but only two were earned.

The Indians took a brief lead in the top of the third inning when Josh Christophersen hit a solo home run. That lead was short-lived as New Holstein scored three in the fourth and one in the fifth to take a four to one lead over Kewaskum.

But the Indians answered with rallies of their own in the sixth and seventh. With one out in the sixth, Kevin Martin singled to right. After Todd Wolfenbergs walk, a passed ball moved them to second and third bases.

Jason Bartelt hit a ground ball to third, moving Martin, who was thrown out at the plate. With two outs and runners at first and third, Christophersen walked to load the bases.

Veteran Bruce Gundrum then delivered a single to left to score one run. Mike Danielson followed with a line drive down the left field line to score two more runs to tie the game.

In the seventh inning, Kewaskum's offense again came through. With one out, Rhett Engelking struck out but reached first on an error by the catcher. As Kevin Martin was retired on a nubber to the pitcher, Rhett advanced to second. A passed ball allowed Rhett to move to third. Todd Wolfenbergs line drive to center scored Engelking to give the Indians the lead at 5-4.

Bartelt followed with a double to the left center field fence to score Todd. The last run tallied when Christophersen's ground ball was booted by the Husky shortstop. With a 7-4 lead going into the bottom of the seventh, Kewaskum ace, Dan Jeserig retired the Huskies, 1-2-3, to record his first conference victory.

Sheboygan Falls Stings Indians

Tuesday, June 3, saw the Indians host the Sheboygan Falls Falcons. After the big win on Monday, the Indians were looking to repeat the performance of the night before. But the Falcons had other ideas as they beat Kewaskum, 17-6.

Starting pitcher, Josh Christophersen lasted only 2 2/3 innings giving up nine runs, of which only three were earned. Four Kewaskum errors led to six unearned runs. Coach Mark Heise then turned to four other pitchers, Jim Broughton, Todd Wolfenbergs, Jason Bartelt and Troy Staehler, to finish the game. Indian hitters still per-

formed well as they pounded out 11 hits, including a third inning home run by catcher Bruce Gundrum. Bruce ended the day going 2x4, adding a double in the fourth. Jason Bartelt and Todd Wolfenbergs also hit well at 2x3. Mike Danielson had two hits in four at bats. Dan Jeserig, Kevin Martin and Jim Broughton added singles to finish the total.

Brillion Succumbs

Ending the week on Friday, June 6, Kewaskum headed to Brillion to play the Lions. Bats again exploded to carry the ball club. The Indians pounded out 19 hits and scored 19 runs to Brillion's eight.

Kevin Martin took control on offense as he went 5x5 with five RBI's, highlighted by two home runs in the one inning. Kevin led off the fourth with a solo home run and added a two-run homer in his second at bat in the inning. Kevin also had a double in the third and singles in the second and sixth innings.

"What an outstanding game," said Coach Heise of Martin's performance. "We were only ahead 7-4 going into the fifth, when Kevin's lead-off rocket home run seemed to ignite the rest of the ball club." In the fifth, Kewaskum sent 14 players to the plate scoring nine times and putting the game out of reach for the Lions.

Bruce Gundrum went 3x4 with a three-run home run. Mike Danielson and Rhett Engelking went 2x4.

Senior pitcher Dan Jeserig won his second game of the week by pitching all seven innings. "Dan's control was superb as he struck out eight and walked only two," commented Heise.

Plymouth Edges Indians

Monday, June 9th's trip to Plymouth saw two of the better pitching aces in the conference face off against one another. Dan Jeserig of Kewaskum and Plymouth's Kyle Raeder both pitched

their hearts out in a classic pitcher's duel. Unfortunately, Kewaskum committed two errors that led to two unearned runs and the Indians lost a heartbreaker, 3-2.

"Dan deserved a win today," stated Coach Heise. "Two misplays on our defense's part cost us two runs. He should've won that game 2-1." Jeserig struck out five and walked only one batter. That puts Jeserig's conference record at two wins and one loss.

The Indian's offense gave little help in the contest as well. The usually hot bats could only muster two hits, but those two hits came at an opportune time, as the Indians tallied two runs in the second, starting with a single by Mike Danielson.

A sac bunt by Kevin Martin advanced Mike to second, but a throwing error by the third baseman allowed Kevin to take first and advance to second, pushing Mike to third. With two outs, Todd Wolfenbergs came through again, hitting a double to right center to score both runners.

But that was the last hit the Indians could produce as Plymouth's Kyle Raeder shut down the Kewaskum batters 1-2-3 in the final five innings.

Two Rivers Defeated

The Two Rivers baseball squad traveled to Kewaskum on Tuesday, June 10, for a 5:30 contest. Kewaskum Indian bats exploded early as they tallied four runs in the first and two in the second inning to take a 6-0 lead which they held on to for a 6-3 win over the Purple Raiders.

Kewaskum roughed up Two Rivers starting pitcher Derek Burnstad for four runs on three hits and sent nine batters to the plate in the first inning.

Jason Bartelt started the game with a walk followed by back-to-back hits by Josh Christophersen and Bruce Gundrum. After a fielder's choice by Mike Danielson scoring Bartelt, a base hit

by Kevin Martin scored two more. Dan Jeserig's sac fly ended the scoring in the first.

The Indians added two more runs in the second on singles by Bartelt, Gundrum and Martin, highlighting the inning.

The pitching duties were again handled by a group of players. Todd Wolfenbergs started and pitched 4 1/3 innings to get the win. When Todd got in trouble in the fifth, Coach Heise turned to his ace, Dan Jeserig, to get Kewaskum out of the inning. After Todd struck out the first hitter in the fifth, he loaded the bases with back-to-back hits and a Kewaskum error.

"With the bases loaded and the #3 and #4 hitters coming up, I didn't want to let this game get away," stated Heise. "I knew Dan had pitched the day before, but he had only thrown 78 pitches in six innings. When I got to the ball park, he came up to me and said he felt fine and if I needed him for one inning, he'd be ready."

It worked in textbook style, as Jeserig entered the game and proceeded to strike out the third and fourth hitters to end the inning. Josh Christophersen came in to pitch the sixth and seventh to earn the save.

Bruce Gundrum went

3x4 and Kevin Martin went 2x4, with three RBI's.

The win raised the Indians conference record to 3-2, (7-5 overall).

Indians Rally to Win 5-4 in Classic Kewaskum-Campbellsport Baseball Game

Tensions were riding high as rival Campbellsport came to Kewaskum on Friday, June 13. The Indians and Cougars have had some classic baseball games over the last three years, and this game lived up to everyone's expectations. The see-saw battle was exciting from start to finish, but the Indians rallied to win, 5-4.

Campbellsport jumped to an early lead as they scored twice in the first inning. Lead off hitter Ryan Toshner reached on a Kewaskum error. Dave Pentec struck out. Ken Immel also reached on an error. After a wild pitch moved them to second and third bases, Dave Doyle singled to score both runners.

But Kewaskum was not to be denied as they rang up two runs of their own in the bottom of the first. Erik Kopecky led off with a single. After being sacrificed to second on a good bunt by Josh Christophersen, Bruce Gundrum unloaded on a high fast ball from Cougar pitcher Eric Muench and deposited it over the left field fence for a two-run home run and a tie game.

Campbellsport scored a run in the third on a double by Dave Pentec. Pentec stole third and scored on a ground out by Dave Doyle.

Kewaskum then took the lead back in the bottom of the fourth with two runs. After one out, Mike Danielson singled; Kevin Martin followed with a single to right center on which Mike advanced to third.

Kevin moved to second on the play at third. After an infield out, the stage was set for more Kewaskum heroics. With two outs and runners on second and third, Jason Bartelt hit a solid line drive to left to score both Danielson and Martin and gave the Indians the lead at 4-3.

The Cougars again fought back with a run of their own in the top of the fifth to tie the game. Dave Doyle's sac fly in the fifth, scoring Ken Immel, gave him all four Campbellsport RBI's for the game.

With the game tied at 4-4 going into the bottom of the sixth, the Indians went to work on offense. For what turned out to be the last attack of the game. With one out, Mike Danielson collected his second hit of the day on a line drive to right

After the first six games, first baseman Mike Danielson is 9x22, for a .409 average and seven RBI's.

Statesman photos: Andrew R. Kuehl

Bruce Gundrum crosses the plate after slamming another home run. Bruce leads Kewaskum, not only as a catcher, but has three homers and is hitting .522 (12x23). He also has seven RBI's in the first six games.

center. With speedster Troy Staehler on the bench, Coach Mark Heise substituted Staehler for Danielson. After a sac bunt failed on the next pitch, Staehler stole second.

Martin then struck out, again setting up a two-out situation with a runner in scoring position. The next hitter, Dan Jeserig, pro-

ceeded to tag a 1-0 pitch to centerfield for the game winning hit.

In the top of the seventh, Kewaskum pitcher Dan Jeserig, tasting victory, retired the Cougars 1-2-3 by striking out two and getting a pop-up to the infield. "Jeserig was outstanding, again," stated Heise. "He could have lost his compo-

sure in the first when those two errors allowed two unearned runs, but he didn't. What a gutsy performance," added Heise.

"Dan was nervous when he got to the ballpark. We all were a little nervous. It's Campbellsport! Let's face it. It's the biggest rivalry we have. We knew they were second at State last year and were coming into our game on a ten-game winning streak."

This win raises Kewaskum's conference to 4-2, (8-5 overall), and the loss drops Campbellsport to 5-1, (10-2 overall). "We'll look at

it; if we lose to them, our season is just about over. Now we're still in it. We're only one game behind them," stated an excited Heise.

After games at Chilton on Monday, the 16th, and Kiel at home on June 17, Kewaskum will play at home on Thursday night at 5:30 against New Holstein. Friday night the Indians travel to Sheboygan Falls for a 7:30 p.m. match-up under the lights.

Next week Tuesday, June 24, Kewaskum will host Brillion at 5:30 p.m. for Parents' Night.

SHEEPSHEAD WINNERS

5 handed winners on Thursday, June 12th were: Walter Bartelt, 68-6-62, 20-3-17; Andy Bonlender, 59-4-55, 22-4-18; Vivian Bartelt, 53-9-44, 16-7-9; Eddie Schneider, 51-9-42, 18-5-13; Royal Carey, 52-12-40, 18-6-12.

The next 5 handed will be Thursday, June 26th and Wednesday, July 2nd at 8:00 p.m. sharp. Cash prize, lunch. Schmitt's Never Inn.
