## 1997 KHS Homecoming Court

In our haste to bring our readers the 1997 KHS Homecoming Court, one of the court members was incorrectly identified, therefore we are reprinting the photo from last week with the correct identification. Rows one and two, left to right: Nicole Vetter and Rob Manthei, JoAnne Thull and Jim Kopecky, Sarah Bausch and Ryan Rammer, Carrie Wiesner and Timothy Vetter (senior football). Rows three and four: Crystal Herriges and Josh Gaffke, Lisa Dehler and John Warnecke, Nikki Wessing and Chris Spears (junior football). Rows five and six: Christina Lettow and Matt Fehlhaber (girls tennis), Amy Rettler and Clint Bindrich (volleyball), Rachel Beck and Adam Gajewski (girls golf). Rows seven and eight: Jennifer Westerman and Jason Enright (cheerleading), Jessica Repovsch and Alex Weber (soccer). Homecoming festivities will kick off with a pep assembly on Friday at 2:15. There will be a tailgate party at 5 and the Homecoming parade is scheduled for 5:30, followed by the Homecoming game against the Chilton Tigers at 7 p.m.

## Fire Occurs in Main Street Condo Complex

By Andrew R. Kuehl

KEWASKUM- A fire broke out in the laundry room of a condominium unit at 745 Main St., Kewaskum, on Sunday, September 21. The Kewaskum Fire Dept. responded to the fire at the Richard and Jennifer Carlson residence at approximately 1:09 PM.

The fire destroyed one bedroom, and caused smoke and water damage to the condominium's interior. Firefighter's contained the fire to the Carlson

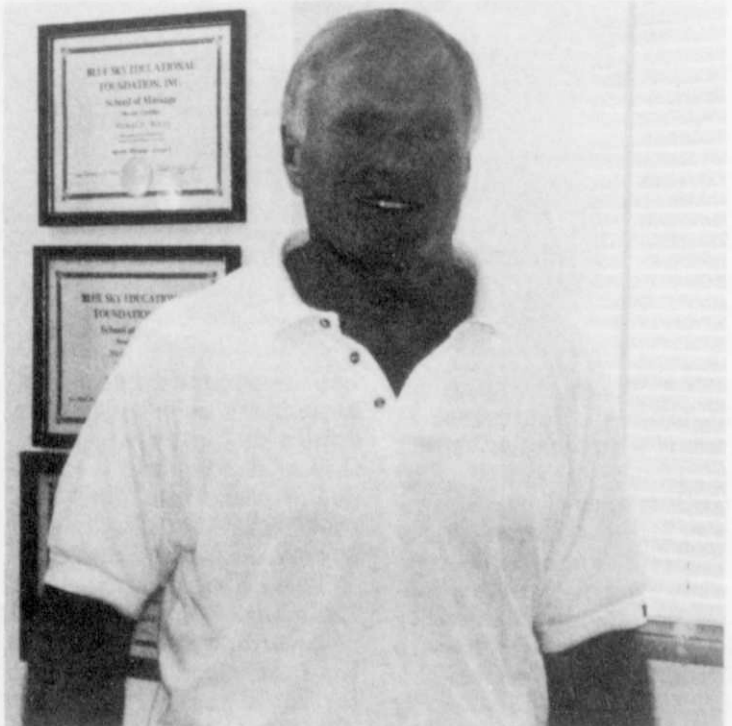

unit. A hole was cut into the roof for ventilation. Damage is estimated to be from \$75,000 - 100,000.

According to Fire Chief Mark Groeschel the fire was contained in about 10 minutes.

The cause of the fire is still under investigation however, it was thought perhaps a combustible in close proximity to a heat source may have ignited.

Kewaskum fire personnel were on the scene for about three and a half hours. No one was injured.

## Massage Therapist Mike McCoy Joins Dr. Butler

Mike McCoy

By Sharon Callaway Roznik

Certified Massage Therapist Mike McCoy recently joined with Dr. Robert Butler at the Kewaskum Family Chiropractic Center, relocating from his previous facility at the Toning Shoppe, to 1040 Fond du Lac

Ave.

Mike's reputation, along with his list of clients from all walks of life, has grown since his initial establishment in the area as more people realize the benefits of massage reach beyond simple relaxation.

## Kettle Kountry Kolers Festival Returns to Kewaskum Oct. 11-12

By Louise Martin

The rich hues of fall reflecting on the Milwaukee River will be the setting for the fall festival, Kettle Kountry Kolers Family Fun Festival of Entertainment, making its eighth annual appearance on Saturday and Sunday, October 11 and 12, at River Hill Park in Kewaskum.

This annual fall event is made possible by Kewaskum Area Chamber of Commerce members and com-

munity volunteers who have been diligently working to provide another outstanding weekend here in the "Heart of the Kettle Moraine."

This year's festival has many popular returning attractions, plus a host of new activities all offered at no charge.

Making a return along the banks of the Milwaukee River will be the camps and lodges occupied by the ever popular Buckskinners. At this teaching encampment, members will willingly explain to you the "tricks of

the trade" during "the Buckskinner era." Watch a blacksmith create a masterpiece, cheer at the "hawk (tomahawk) throwing contest," marvel at the expert whip demonstration, enjoy the sights and sounds of a time long ago.

The Buckskinners encampment has increased in size every year and this year promises to be the largest participation ever seen in this area.

Children will find lots of fun things to see and do. A children's activity tent will

## St. Francis Bank Joins Community Therapist

(Continued from Page 1)

BROOKFIELD -- On September 19, Bank Wisconsin offices merged with St. Francis Bank. St. Francis Bank signs were installed on the buildings located at 1225 Fond du Lac Avenue, Kewaskum, 709 Grand Avenue, Hartford, and N88 W16586 Appleton Ave., Menomonee Falls on September 20.

Bank Wisconsin and St. Francis Bank are both subsidiaries of St. Francis Capital Corporation. St. Francis Capital Corporation acquired Bank Wisconsin in 1994 and has since coordinated many of their operations with St. Francis Bank. By merging the banks into one institution, customers will benefit from a broader range of products and services and a bigger network of locations conveniently located to where they live or work.

With the addition of the three offices in Kewaskum, Hartford and Menomonee Falls, St. Francis Bank will have grown to a total of 19 branches. "We are really excited with the continuing expansion of our banking network in Waukesha and Washington Counties. In December, we expect to open a new West Bend office, which will be our fourth in Washington County. We hope that more branches will make banking more convenient for all of

our customers," stated Thomas R. Perz, President and CEO of St. Francis Bank and St. Francis Capital Corporation.

St. Francis Bank is known for placing a strong emphasis on community involvement. It sponsors many local organizations and events that take place in the community. Building relationships with customers and forming bonds with community businesses is very important to the Bank. St. Francis Bank wants its customers to feel at home and prides itself on personal customer service.

St. Francis Bank is a full service bank that offers a wide variety of personal and business banking products including both consumer and business savings, checking and money market accounts, home mortgage loans, consumer loans, commercial loans, annuities and other related financial services.

St. Francis Bank is wholly-owned by St. Francis Capital Corporation. With assets exceeding \$1.6 billion, St. Francis Capital Corporation (NASDAQ: STFR) operates 19 full service banking facilities throughout Milwaukee, Waukesha, Ozaukee, Walworth and Washington Counties and two limited service facilities.

"It's something I saw really work for people," he states, explaining how his interest in massage therapy began. With a college major in physical education, and a background in anatomy, Mike's credentials list a variety of experiences, including law enforcement in Glendale, recreation and coaching, and working as a wrestling coach for a former Milwaukee school.

Witnessing firsthand the positive affects of deep massage on sports injuries, Mike began studying it's use in therapy on his own, using his knowledge of anatomy as a basis. His wife, Nathalie, a competitive runner, had included massage in her health regiment for years, and began to also develop a deeper interest in learning the techniques and applications of massage.

The McCoys enrolled in the Professional School of Therapeutic Massage and Bodywork through the Blue Sky Educational Foundation in Grafton. "We both witnessed the health benefits of what it can do," Mike maintains, adding that their year of study was intense, with Nathalie and Mike working full time and putting in 900 hours of school. "We didn't do much of anything else that year, but we enjoyed the learning experience."

Massage relieves stress and works toward achieving an overall sense of well being, free of fatigue and tiredness. Massage also releases lactic acid and metabolic waste buildups which occur in muscle tissue and cause it to remain in a constant state of constriction." Also, very few people have correct posture because of the work they do, and this can produce additional per pound pressure on the neck, shoulders, and back," Mike points out.

As a certified massage therapist, Mike can achieve therapeutic results using three different types of massage. **Swedish** - is a basic massage technique using long, soothing strokes to initiate a calming affect on the body. Health benefits include increased circulation and lymphatic flow, and eliminating waste from the muscles. It is a slow, methodic and painless massage that releases tensions. **Neuromuscular** - basically focuses on locations of specific pain (called trigger points) and aims at reducing areas of discomfort. **Sports Massage** - is deep muscle work, always done within a pain tolerance using massage to separate scar tissue from healthy muscle.

"I can combine two, or all three techniques to achieve maximum benefits according to the person's specific needs," Mike explains. Sports massage requires a certain level of alertness to maintain constant feedback on areas and muscles to remain within a pain tolerance, whereas the other forms of massage encourage relaxation.

Music and aromatherapy are utilized by Mike to enhance and complete the massage experience. Classical, new age, or the client's prefer-

ence help build positive results, along with subtle mixtures of chamomile, rosemary, and a touch of eucalyptus scenting the air."

Sometimes people are a little tense at their first session, and I understand this and try to make them more comfortable," Mike relates. Standard sessions last from 30 minutes to one full hour.

On weekends, when Mike gets a chance, he travels with his portable massage table to sporting events, including run/walk and marathons, to work with the athletes. "I like the people contact. This is something I really enjoy doing. I never would've believed ten years ago that this is what I'd be doing."

As massage continues to gain popularity as a source of therapy for a variety of health reasons, a movement is increasing within the state that asks it be approved and recognized as a health benefit by insurance companies. Currently, massage may sometimes be covered under health insurance plans if it is prescribed by a doctor.

Mike credits Linda Thorn and his two years at the Toning Shoppe as being instrumental

in helping him choose the right path to his new career, and the right location. The McCoys reside in the Town of Farmington, and Mike is glad to be able to provide service to the people of Kewaskum and the surrounding areas. "Dr. Butler and his wife Ruthie have also been great people to work with," he adds.

To set up a massage appointment, contact Mike at the Kewaskum Family Chiropractic Center, at 626-2644.

## KHS to Host Open House

Monday, September 29 is the date scheduled for the Kewaskum High School Open House, from 3:30 to 5:30 p.m.

During this time, rooms will be open and athletic practices will be underway, so students and their families are invited to drop in to see the changes in the high school and to chat with staff members. Hope to see you there!

## Kettle Kountry Scarecrow Contest

The Kewaskum Area Chamber of Commerce is hosting a Scarecrow Contest for sixth, seventh and eighth graders from Kewaskum Middle School, Holy Trinity School and St. Lucas School to add a festive touch to the community for the annual Kettle Kountry Kolors Festival.

Students will be working within their grade to create a total of nine scarecrows, which will be placed in key locations throughout the village, beginning this Saturday. These imaginative characters will be on display through Halloween for the community's enjoyment.

The scarecrow competition will be judged on the basis of five criteria: facial

expression and body, costume ideas, colors used in a single design, craftsmanship of design, and creative use of materials. The contest was accepted and approved by all teachers.

The Kewaskum Area Chamber of Commerce will be awarding cash prizes for the best overall class effort for their scarecrow. First place will be \$30, second place \$20 and third place \$10.

Judging will take place during Kewaskum's Kettle Kountry Kolors Family Fun Festival held October 11 and 12 in River Hill Park. Prizes will be awarded during a special ceremony on Sunday, October 12 around 4 p.m.

## ATTENTION AREA BUSINESSES

Anyone interested in having brochures available at the Tourism Information Booth at Kewaskum's Kettle Kountry Kolors may drop them at Main Street Crafts or Kewaskum Statesman by October 3rd

feature designing your own painter's hat and finger puppets, K-Nex for Kids construction creations. There will also be storyteller on hand, a Birds of Prey demonstration and the dazzling magic and professional ventriloquism show by Bruce Dicker will fascinate the young and old alike with shows scheduled at 2 p.m. both days.

Clowns, ballooning, a hands-on weaving creation, hay rides, pony carriage rides, a basketball shootout, make-it and take-it crafts, BB gun shoot, hole-in-one golf contest, moon bounce, aerobatic biplane, and a tumbling demonstration are a few of the activities, sights and sounds that will delight children of ALL ages.

Check out the State Patrol seatbelt safety equipment display and the U.S. Reserve National Guard helicopter landing and exhibit. Watch the professional sky divers with their colorful parachutes drift from the sky and land on their mark adjacent to festival grounds on Saturday.

For your listening pleasure enjoy the sounds of the Kewaskum High School Jazz Band, The Shades Band, Twin Hill String Band, Bound for Heaven Musicians, Syl Groeschel Polka Band and the Mayville Steel Drum Band interspersed throughout the River Hill Park at various times on Saturday and

Sunday.

Sunday will feature the annual 5K Kewaskum Youth Scholarship, Inc. (KEYS) walk/run beginning at 11 a.m. The event is open to everyone. The course winds through the village of Kewaskum and can be completed as quickly or as leisurely as one would like. It would take an average person approximately one hour to walk the course.

Sunday's festivities begins a little earlier with a tasty pancake breakfast sponsored by the Kewaskum Sno Chiefs served from 8 to 11 a.m. A church service at 9 a.m. will be offered this year by the New Fane Lutheran Church.

Each year the always popular craft tent expands allowing new artisans and old favorites to display their handiwork. This year it was necessary to secure an additional tent to hold all the new crafters excited to take part in the festival.

The Chamber of Commerce is thrilled this year to bring another new feature to their annual festival. On Sunday a special tent will be utilized to bring you "Lambeau Field in River Hill Park!" That's right! You won't have to miss a minute of the Packers-Bears battle if you join the rest of Kewaskum's Packer Backers in our special Packer Party Tent featuring a big-screen TV that will be raffled off right after the game. There will also be

food and refreshments, prizes and surprizes and other special Packer raffles planned just for this party tent.

You must bring one thing along to Kettle Kountry Kolors and that is your appetite! A large variety of foods including soups, hot and cold sandwiches, Mexican and other ethnic foods, luscious homemade desserts, funnel cake, snacks and hot and cold beverages, all designed to tempt your palate will be available to sample.

This invitation is extended to you to join in and enjoy this year's Kewaskum Kettle Kountry Kolors Festival on Saturday and Sunday, October 11 and 12. Come early and stay late. Shuttle service sites will be located throughout the village.

Take in the sights... the sounds, (the Packers!) and the beauty of nature alive in the rich hues of the autumn colors which surround us so close to home here in the Kettle Moraine. Take in Kewaskum's Kettle Kountry Kolors!

### Diet

About 52 percent of U.S. adults have blood cholesterol levels of 200 milligrams per deciliter and above. At that level, says the American Heart Association, the risk of coronary heart disease begins to rise sharply.

To reduce your risk of heart disease, follow these American Heart Association dietary guidelines: keep fat to less than 30 percent of calories, saturated fat to less than 10 percent of calories, cholesterol to less than 300 mg per day, and sodium to less than 3,000 mg per day.

## A Stroll Down Main Street...

Finally getting back to our Stroll Down Main Street heading east along the south side of Main Street, the one building shown above remains in the collection. That building is located on the west side of the Milwaukee River situated on land that was originally owned by Nathan Wheeler, a very early Kewaskum settler. The land entry was dated September 9, 1846. The land had quite a few owners and since 1897 was leased and/or owned by the West Bend Brewing Company, Philip Meinhardt, Henry Stark, Otto Stark (and brothers and sisters following his death), Thomas and Bernice Bourchard, Allen and Anne Strader, John and Josephine Matenaer, Raymond and Shirlee Gaffke and finally to the present owners Mike and Judy Berger. At one point around 1946, the building was referred to as a blacksmith shop, but precisely which owner began that business and when, is unclear. As shown in the photo below, Mike and Judy Berger totally remodeled the downstairs, created a beautiful new entrance, and opened a new business, Main Street Crafts, on September 30, 1995. An extremely attractive renovation was made on one of our earliest buildings, retaining Kewaskum's heritage and adding a new business to the community.

## Kettle Kountry Krafter

Kewaskum's Kettle Kountry Kolors Family Fun Festival is only two weeks away and crafters have already made their reservations to be included in the main craft tents. This year's festival will feature many new and unique crafters who have never displayed their talents at Kettle Kountry previously. Included with the new crafters will be Ardis Steep of West Bend who will be featuring the handmade Santas shown above, along with snowmen, beautiful jean jackets, handmade baskets and wreaths. Reserve October 11 and 12 to attend the huge craft fair being held in conjunction with the annual Kettle Kountry festival in River Hill Park. And don't forget to stop in at the booth of Ardis Steep and check out these special Santas and her jean jackets!

### Physical Activity

Physical inactivity is a risk factor for heart disease. The American Heart Association recommends that people get a total of at least 30 minutes of vigorous physical activity 3-4 times per week to maintain cardiovascular fitness. Moderate levels of daily physical activity are also beneficial.

Benefits of physical activity include lowering high blood pressure, increasing HDL (good) cholesterol, losing excess weight, strengthening the cardiovascular system and looking and feeling better, says the American Heart Association.

Physical activity does your heart good! Need some good ideas? The American Heart Association suggests walking, hiking, swimming, bicycling, jogging, stair climbing, running, rowing or endurance activities. Even housework, gardening and dancing offer some health benefits. The most important thing is to start being more physically active and then stay with it. Just move!

### A SPECIAL THANKS TO EVERYONE WHO WAS THERE

We would like to send our deepest thanks, to the following volunteers, who gave their time and help in Mike's recent auto accident on Sept. 16. First, to Katie Hafeman of Adell, who was so very kind to stop, make sure Mike was O.K. and call 911. Next, to the Batavia First Responders for responding so quickly, stabilizing Mike, til the rescue squad arrived. To, the Random Lake Rescue Squad thank you for your quick response, stabilizing and transporting Mike to the hospital. Last, but surely not least our parents, and Tonya and RyAnne and Chad for being there when we needed you and helping us through it.

This thank you comes from deep in our hearts, we will never be able to repay any of you for all you have done. Thanks to all of you Mike will be fine. "Oh!" we owe you all a pair of new shoes!"

Also, Goeden's Auto Body for towing, thanks guys.

Thanks-

## Meet the School District Staff

KMS Principal Ken Soerens

As a former history teacher at Kewaskum High School, new interim KMS principal can understand that history can, indeed, repeat itself.

"Two days before school started (at KHS in 1974), I was called to become a social studies teacher because of a sudden resignation," Mr. Soerens related. "This year because of a sudden resignation, I was hired as an interim principal two days before school started."

But he was ready.

Although Mr. Soerens had spent the last twenty three years teaching at KHS (including his position as Social Studies Department Chairman), he had already earned his Masters Degree in Administrative Leadership from UW-Milwaukee in 1985. But he admits this will be a learning year for him.

"I hope to keep things running as smoothly as Mr. Pearson and the middle school staff did last year, and to add new ideas only if they add to the overall success of the building program," he said.

But, so far, he's liked what he's seen.

"The things I do like," he shared, "(are) the attitudes of the middle school students, to see their excitement about learning and school; the staff members and their dedication and love for middle school students; the neatness of the middle school building."

Although he's enjoyed the new challenges he's faced and the people he's met, it has taken some getting used to.

"I...find the opportunities very different and interesting as principal, yet I miss the personal contact with the students that I got in my own classroom."

But he still gets to spend time around students.

"I like working with kids because of the variety of students you meet. Everyday something new is happening. It's great to see them develop both academically and emotionally."

Mr. Soerens has had some specifically fond memories of his time at KHS, as well.

He especially remembers a

letter he received from a former student.

"She thanked me for not giving up on her and for pushing her each day to be someone," he recalled. "I still have the letter to this day."

Coaching was also a big part of Mr. Soeren's life at KHS. He coached football for eight years and girls basketball for eighteen, guiding the girls to Class B state runner-up honors in 1982 with a 20-4 record.

Just as history was a part of his teaching, it has also played a part in his free time. He enjoys historical readings and has even led several

Kewaskum travel groups to Gettysburg and Washington, D.C.

"No matter what the future holds for me," he said, "I am, and always will be, a history teacher in some respect."

His personal history has seen him born and raised in Cedar Grove, where he still lives with his wife of nineteen years, Donna, and their two daughters, Holly, age 15, and Jenny, 12.

As far as his success in the District is concerned, if history is an indication, Mr. Soerens is going to be around for some time to come.

### Help Move the Campbellsport Library TAKE TEN

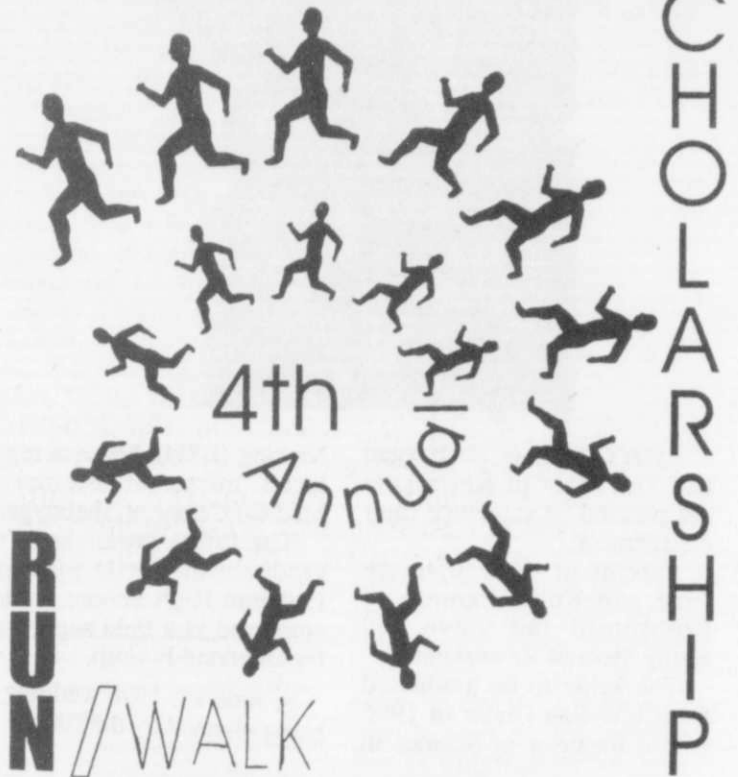

Beginning September 22, You can be a part of history in Campbellsport.

The Campbellsport Public Library invites you to take part in "Take Ten." This is a program sponsored by the Campbellsport public Library to move the library from our old building located at 177 East Main Street to our NEW building at 220 North Helena Street.

If each library card holder checks out ten books and then returns them to the NEW library in early November, the Campbellsport Library will move ITSELF.

We are hoping that the community will band together to help with our efforts. Your support and publicity can help to make this a reality. We are truly looking forward to you support. Please contact the library at 533-8534 for any further information.

Parents of the couple are Jane and Keith Cannon of Rothschild and Steve and Kathy Stern of Kewaskum.

The bride to be graduated from UW-Eau Claire in 1996 with a Bachelor of Science in

Nursing (BSN). She is a registered nurse at Memorial Medical Center of Sheboygan.

The future groom is a '92 graduate of Kettle Moraine Lutheran High School, and is employed as a field supervisor for Diamond F. Corp.

A June 13, 1998 wedding is being planned by the couple.

## One Million Dollar United Way Campaign Underway

Twenty-six area businesses and organizations are Pacesetters for the 1997 United Way of Washington County campaign.

United Way Pacesetters started their campaigns on August 22, with results announced at the Campaign Kickoff on September 3. These select businesses run early campaigns and "set the pace" for their divisions in the campaign. "We're encouraged by the enthusiasm for United Way as displayed by our donors and volunteers in the Pacesetter portion of the 1997 Campaign," said Sharon and Doug Ziegler, co-chairman of the county drive.

Pacesetter organizations are: BC Ziegler and Company, Wesbar Corporation, West Bend Police Department, Clothes Clinic, Food Service Employees - West Bend Schools, Bank One, Mill Tool, The Threshold, Council on Alcohol & Other Drug Abuse, Washington County Comprehensive Community Services Department, Maysteel, Midas International, Hartford Union High School, Kerry Ingredients, Kewaskum School District, Slinger Schools, Russ Darrow Group, Glen Milkus CPA, Kieckhafer-Dietzler, Steiner Electric, the Ziegler Foundation, Schlegel Foundation, Maysteel and the State Bank of Newburg.

Highlights of the Pacesetter Campaign: BC Ziegler and Company had a 5 percent increase in corporate giving, and Employee Giving is 103.5 percent of their Goal. The Accountants and Business Service division gifts are up an average of 6 percent; the County CCSA Department has almost doubled their giving compared to last year.

The Kewaskum School

District continues to shine -- up 11 percent over last year. And the Slinger School District giving skyrocketed by 23 percent versus last year. And Newburg State Bank has had a 13 percent increase over last year.

Other Pacesetter campaigns are underway, with partial numbers to report.

According to Doug Ziegler, "As of today, our Pacesetter companies have raised a total of \$100,707 -- just past the 10 percent mark. Based on the results so far, we're optimistic for overall success as we begin the Campaign, and thank our Pacesetter donors for their gifts and pledges."

Sharon concluded, "You'll see our community thermometers up around the County in the next few days -- and they'll be set at the 10 percent mark."

Funds raised in the 1997 Campaign will benefit 25 human service agencies providing 63 programs here in Washington County in the coming year.

### Statistics

Cardiovascular diseases kill more than 950,000 Americans every year, says the American Heart Association. That's nearly twice as many deaths as all forms of cancer -- a life every 33 seconds.

The American Heart Association says one of every 2.4 American deaths is from cardiovascular disease.

The American Heart Association estimates the economic cost of cardiovascular disease to the United States in 1996 will be \$151.1 billion. This figure includes medical and healthcare expenses, medications and lost occupational output due to disability.

## TV Personality Jerry Taff Tops List of Career Fair Participants

JERRY TAFF  
NEWS  
WISN-TV MILWAUKEE

Jerry Taff

Channel 12 WISN-TV news anchor Jerry Taff is one of 150 career representatives available to discuss future career paths at this year's Washington County Career Fair.

"Focus On Careers," will again be held at the Slinger Middle School, 521 Olympic Drive. This eighth annual Career Fair will run from 6 to 8:30 p.m., Wednesdays, Oct. 1.

Focus On Careers is designed for all Washington County middle and high school students and adult career changers interested in learning about future job opportunities from representatives already working in the fields. This is the largest source of such one-on-one career information offered in the county.

Event sponsors include CDM Tool and Manufacturing, Hartford; Regal Ware, Inc., Kewaskum; Serigraph, Inc., West Bend; Signicast Corporation, Hartford; and West Bend Company, West Bend.

Taff, who lives in the Town of Erin, will discuss career opportunities in television. In addition, there will be representatives in such areas as Arts & Communication, Agribusiness, Natural Resources, Environmental, Business and Marketing, Health, Human Services, and Science, Industrial, and Engineering. Each representative will describe job and training requirements, demonstrate tools of their trade, and explain technological advances in their field.

A partial list of career representatives includes accountant, advertising account executive, airline pilot, attorney, author, carpenter, chiropractor, civil engineer, computer programmer analyst, court reporter, dentist, detective, dietitian, electrician, fashion design, flight attendant, forestry & wildlife management, horticulturist/landscaping, hotel management, marine biologist, market research analyst, musician, paralegal, photographer, physician, printing, securities/investment broker, social worker, tool and die maker, urban planner, veterinarian, welding.

In addition, there will be a demonstration of a computerized career lab, information about adult apprenticeship opportunities, university and technical college resources, and information for students on how they can earn school credits through work opportunities, provided by the

Washington County School-To-Work Partnership.

Students and adults from every community in the county are invited to spend some time at the Career Fair exploring the opportunities available in a multitude of career paths.

For more information, contact the local school representative in your community: Germantown - Brenda Youngs, 253-3457, or Jude Uebersetzig, 253-3400; Hartford - Sandra Smith or Randy Gehring, 673-8950; Kewaskum - Sharon Blank, 626-2166; Slinger - Jennifer Boyd, 644-5261; West Bend - Marilyn Orlopp, 335-5405.

Or contact Marica Theusch, Washington County Economic Development office, 335-4778; or Jan Shane, Washington County School-To-Work Partnership, 338-6004.

Both organizations are coordinating Focus on Careers. Nearly 1,500 people attended last year's event.

### Weekly Meeting of Separated, Divorced

The Washington County separated and divorced support group for men and women meets weekly every Friday from 7:30 to 9:30 p.m. at Resurrection Parish (formerly Sacred Heart Church) in Allenton.

Their purpose is to provide a means to share ideas, concerns, support, fellowship and love from a Christian perspective. There are guest speakers, panel discussions, small group sharing and other activities.

The group is open to singles, widows and widowers. Many of the topics pertain to single parents and other individuals rebuilding their lives and relationships.

"How Our Thinking Effects Our Anxiety," with speaker Paul West of Inner Visions will be featured at the October 3rd meeting.

The Holy Hill Hike will be held on Sunday, October 5 with church at 9:30 a.m. followed by breakfast and then the hike at noon.

The meeting on June 20 will feature the topic, "Self Care" with speaker Marianne Skrobiak from Pathway of Milwaukee.

## JV Football Team Record Now 4-0

The JV football team grounded the Sheboygan Falls Falcons by a score of 24-0 last Thursday.

The Indians got on the scoreboard on their initial drive when Mike Farchione scrambled for a four yard touchdown run. The offense had trouble repeating their success for the rest of the first half and Kewaskum clung to a 7-0 lead until the third quarter.

Chris Koth then booted a 30-yard field goal to give the Indians a 10-0 lead. The momentum took a definite swing in Kewaskum's favor in the fourth quarter when Curt Koth scooped up a Sheboygan Falls fumble from his cornerback position and ran it in for a touchdown from 35 yards out.

This marked the second game that Curt has returned a fumble for a touchdown, earning himself the new nickname "Neon Koth."

The Indians put the final nail in the Falcons coffin when David Lettow plowed in from three yards out for a touchdown with approximately three minutes left in the game.

The young Indians recorded their second straight shutout and improved their record to 4-0 heading into their next game at Chilton on Thursday, September 25.

## County Law Enforcement Council Adopts Sex Offender Registration, Notification Policy

The Washington County Law Enforcement Council has adopted a countywide Sex Offender Registration and Community Notification Policy in accordance with Wisconsin Statute 301.45.

The purpose of the policy is to have uniform dissemination of information on sex offenders and to have a committee in place to determine a level of notification necessary for the safety of the communities in which a registered sex offender resides.

There are three levels of notification defined by statute:

Level 1 is limited to law enforcement. Individuals categorized as Level 1 would be people who present a minimal risk to a community or when the release of information about this individual to the community may be harmful to the victims of the offender's crime.

Level 2 includes individuals who present a moderately high risk or have other litigating factors which make it appropriate to notify agencies beyond law enforcement. An example would be someone who had targeted victims such as youth organizations or children's activities which are specifically part of the offender's pattern.

Level 3 is expanded notification and this would be the offenders who present a high risk to the community. This would indicate that notification may be appropriate in a broader manner for the safety of the public due to the significant risk that may be present.

The Washington County Law Enforcement Council has appointed a committee to review the sex offenders who fall into the registration program. The committee consists of the Sheriff, Chief of Police in the community where the individual will reside, the District Attorney, the Supervisor of Probation and Parole, Assistant Director of Social

Services, and may include optional members if appropriate.

This committee will meet when necessary after receiving notice of the planned release of an individual who is required to register as a sex offender in the community in which he resides. The committee will then decide at what level notification should or can be made and will proceed with appropriate notification.

When an individual is designated as a Level 3 offender, the committee will do a press release to the Washington County community news media giving the basic required information on the individual. Also, any other organizations or community groups that the committee feels should appropriately be notified, will be given the information.

If an individual citizen would like to check on an individual who he believes is a Wisconsin sex offender, they can call the Wisconsin Sex Offender Registry Information at 1-800-398-2403. The person calling will need the subject's full name and the exact date of birth and either a Social Security number or driver's license number. The information that the caller can receive would be verification that the person is on the registry, information regarding the date of conviction, where convicted, and the name and phone number of the supervising unit of the registrant. Victims will have access to additional information than is available to the general public.

Inquiries on offenders can be made with the Sheriff or Chiefs of Police. Requests must be submitted in writing and in a form prescribed by the Council regarding a specific sex offender. Information that could be provided by law enforcement would be verification as to whether the offender is or is not in the registry, any aliases that may be used, and possibly

more details if the provider of the information deems it in the best interest of the public to release it.

## Mueller Cops Open Class Win in Hill Climb Race

By Bud Northrup

The hillclimbing Haas cousins, Luke and Lloyd, put on a fast time exhibition at the Hawkeye Motorcycle Club's 500 foot hill close to Dickeyville, Wisconsin on September 14.

Luke, a 22-year-old college student from Elizabeth, Illinois, claimed the 500cc Expert Class win and the fastest time of the day with a blistering 12.43 second run on his CR500.

Lloyd, also from Elizabeth, claimed the 750cc Expert Class win on his Kawasaki Triple, in a fine 13.30 second time. Luke looked like he would also claim the King-of-the-Hill title, as he delivered a 13.36 second run to take the class lead, but cousin Lloyd unleashed his big triple again and flew over the top in 12.82 seconds to take the "King" money.

The Haas cousins were the only riders of the day to break into the 12-second category, though Lloyd Mueller of Kewaskum was very close with his incredible Harley as he blasted over the top in 13.14 seconds to claim the Open Class win.

Young Harry Waddell from Omaha, was a double winner as he took the first place money in both the 500cc and 750cc Novice classes. Fellow Nebraskan Kevin Tilson took first place in the 500cc Four-Stroke Class.

The most intense competition came in the 500cc Novice Class where Waddell, with a 15.08 second run on his first attempt, was just barely quick enough to edge out Eric Wheelwright, who carded 15.14 seconds on his first ride. Neither could improve on their first rides, but Paul Hackbarth challenged hard as he topped the nasty precipice in 15.53 seconds on his second round to move up into third place, moving around the always fast Todd Cipala who had run 15.79 seconds on his KX500 in the first round.

The top three riders were all mounted on CR500's. Glenn Fuegen proved again that the old CR450's are still fast, as he topped the hill in 16.56 seconds on his second ride for fifth place, moving around Kaleb Northrup and his CR500 who had posted a 16.76 second first ride.

Mueller was the second fastest rider in the "regular" classes, and his 14.79 second first round attempt looked like it would hold up for the Open Class win. Todd Cipala however, had other ideas as he blitzed up the hill on his beautiful Harley in 14.34 seconds on his second ride. Mueller was well up to the challenge however, as he came close to the 12 second category with his 13.14 second win-

ning run.

Mueller also rode well in the King-of-the-Hill one run shootout of the top ten riders. His 15.24 second run put him in fourth place behind the Haas cousins, and Todd Cipala who took third with a very good 14.14 second run.

The Luke Haas 12.43 Fast Time victory in the 500cc Expert Class was pretty convincing, as second place was nearly three seconds slower, a 15.32 second time by Ronald Hoffman. Gene Topcliff claimed third in 15.88 seconds, followed by Jeff White with a 16.57 second run and Jamie Hoffman in 17.59 seconds.

Waddell's second win came in the 750cc Novice Class, where only two riders saw the top of the hill, and none on the first ride. Kaleb Northrup, from Crystal Lake, Illinois, was the first over in the second round with a 19.99 second time on his Triumph. Northrup had "cased and crashed" on his first run at 350 feet, and had to repair considerable damage to get a second run.

A primary cover borrowed from Bill Myers and duct tape to cover a hole in the case covered the primary side, and the left exhaust pipe, having been hacksawed in half to remove the crushed portion, was held in place with wire long enough for the Triumph to make one more run, and claim the second prize money.

Waddell had crashed at the 320 foot mark on his first ride, but delivered an excellent 16.07 second run on his fine Triumph to take the win.

The Lloyd Haas win in the 750c Expert Class was just as convincing as Luke's 500cc Expert win. Lloyd's 13.30 second run on his second ride blew away the rest of the class. Second place went to Triumph mounted Kevin Tilson with a 16.25 second time, and third went to Gene Topcliff, also Triumph mounted with a 16.50 second run.

## Possible Delay on Support Checks

Kristine Deiss, Clerk of Courts for Washington County, recently announced that beginning September 27th, the state wide Kids Information Data System (KIDS) will be updating their records due to the implementation of W-2 (Welfare Works).

Support checks normally issued the week of September 29th through October 3rd could be delayed due to this implementation.

Deiss indicated that through the use of news releases as well as printed messages on support checks presently being issued, the public is being informed of the potential delay.

## MVP Canada Goose Fall Flight May Be Down

By Jon Bergquist, DNR  
Migratory Bird Ecologist

The population of Canada geese from the Mississippi Valley Population -- or MVP -- that nest along the northern portion of James Bay and the west shore of Hudson Bay in Ontario is down slightly from last year, so Wisconsin's regular Canada goose season may be more restrictive than last year.

The population of geese provides about 86% of the Canada geese that are harvested annually by goose hunters in Wisconsin. Canada geese produced in Wisconsin provide only about nine percent of the regular season harvest.

MVP birds experienced another very late spring thaw and later than normal nesting. Despite some improvement in the spring population as a result of harvest restrictions implemented in Wisconsin and other major MVP harvest states, hunters can expect a fall flight of about 1.02 million birds, down slightly from last year's 1.06 million predicted fall flight.

To allow this population

to continue its growth back towards the population goal, the U.S. Fish and Wildlife Service is expected to set a more restrictive season in Wisconsin this year than last as was recently recommended by the Mississippi Flyway Council. The Wisconsin allowable harvest will decline by about 40% compared to last year.

Because of the drop in the statewide allowable harvest, harvest allocations for each zone declined. The daily bag limit in all of the zones will drop to one bird per day. Provided hunter numbers are similar to last year, all Horicon Zone hunters will likely get two tags and some may get a third. Collins Zone hunters should also get two tags. The Exterior Zone season may not open before the duck season this year. Also, Exterior Zone hunters should anticipate an early close to the season.

In the past, Wisconsin hunters have asked for the maximum number of hunting days possible and for the season to close early when the allowable harvest is reached. Wisconsin has

been able to do that because of our mandatory reporting requirement for the Exterior Zone. However, a few hunters ignore the reporting requirement, and the Service may force Wisconsin to use some other method to control the harvest in the Exterior Zone in future years. This year, hunters can report their daily harvest by using the toll free 1-800-99GOOSE number.

## Letter to The Editors

To the Citizens of the Kewaskum District:

The Community Facilities Planning Group has been meeting to discuss recommendations for developing a long-range plan for the district that includes the expansion of current facilities, and possibly building new schools. Enrollments are rising, and facilities must be expanded to accommodate them.

The committee is in the process of collecting information in order to make the best decision regarding which educational model is best for students and would be most compatible with the existing buildings. Presently, Kewaskum has a K-5 system with a 6-8 middle school. The group has considered other arrangements, and has discussed the pros and cons of the K-8, K-4 and K-6 models. K-6 and K-5 seem to be the best options considering the buildings that the district already has, and seem to make the best use of available space.

Also, it seems to be the general consensus of the group to recommend the reopening of Beechwood School. There are still questions that are unanswered, and the committee awaits more information on specific costs. The group met recently at Johnson Bus, in order to determine from the information on their maps whether there would be enough potential students

in that area to warrant reopening the school.

If BES is opened for grades K-5, it would have an enrollment of about 100-110 students. These students now go to FES, and this change would relieve the overcrowding there by reducing the number of students at FES to 165. By reopening BES, the school at Farmington would not need any additional classroom space in the short term. There would be no increase or decrease in bussing costs. While the re-opening of BES will have no impact on the overcrowding at Kewaskum Elementary, it will relieve student counts at FES, which is now the fastest growing area in the district. It is expected that Beechwood school will have a similar enrollment to WES, and will most certainly enjoy the benefits of community support.

Finally, the district must build a new school in the village. It may be a new elementary or a new high school. It may be on a current site, or land may need to be purchased. These issues are yet to be resolved, and are on the agenda of future meetings. Your children attend these schools. Your taxes pay for them. Do you have an opinion? Call or talk to one of your friends and neighbors on the committee, or attend one of the upcoming meetings. Times and dates are published in local newspapers.

Sincerely,  
Laurie Brock and

Planning Group

## KMS Teachers Participate In Middle School Seminar

Kewaskum Middle School teachers who participated in the 17th Annual Teaching the Transescent Seminar are, front row, left to right: Diane Stangl and Erv Uhlman. Back row: Kris Dreher and Leslie Bruss.

A team of educators from Kewaskum Middle School joined over 500 middle level school administrators, teachers, counselors and school board members at the 17th annual Teaching the Transescent Seminar held on the University of Wisconsin-Platteville campus, July 27-August 1. Over 90 schools from five states were represented. The team members from Kewaskum Middle School who attended the seminar were Diane Stangl, Erv Uhlman, Kris Dreher and Leslie Bruss.

The seminar focuses on the middle level learner, the child between the ages of 10-14. Characteristics of the young adolescent, organizational components and philosophy of the middle level school, and instructional strategies for the middle level educator were some of the major areas of concentration.

During seminar week, the team members attended sessions and workshops, participated in planning sessions and worked with team advisors to complete a project.

Each team selected a project prior to the seminar which was specific to their particular situation. The project was developed throughout the year and finalized during the week of the seminar. Each team was assigned an advisor to work with them on their project during the week.

The team advisors are individuals recognized as experts in middle level education. The goal is for the team to bring the completed project back to the district to share with the staff for implementation into the school. The project selected by the Kewaskum Middle School team was "Adjustment Into the Middle School."

The purpose of this project was to design an extensive orientation program for

fifth grade students and their parents. This program will serve to introduce them to the middle school through a variety of positive activities, including a spring visitation day for the students and a parent/student orientation meeting right before school starts.

The Teaching the Transescent Seminar is sponsored by the Center of Education for the Young Adolescent (CEYA). CEYA is nationally recognized as a leader in professional development in middle level education and has been recognized by the University of Wisconsin System Board of Regents as a "Center of Excellence."

The week-long seminar is the oldest and largest professional development seminar of its kind and has been used as a model for other professional development programs.

## Fall Hunting Looking Good!

The fall hunting seasons are here. Squirrel opened on the 13th of September, bow deer, woodcock and the Horicon Goose Zone on the 20th. The prospects for every season look good at this time.

The area has a high deer population and every hunter that applied for a Hunters Choice Permit, in Unit 69A, received one. In addition, about 3,000 hunters had the chance to purchase a bonus tag in 69A with bonus tags available in many other units throughout the state.

The duck season which will open at noon on October 4, should provide some good hunting. The daily bag has been increased from four ducks in 1996 to a six duck limit this year. Local duck numbers are down compared to last year, but the overall population is on the rise.

The length of the season has also been extended to a 60 day season and will not include a split season as in the past. Young hunters, age 12, but under age 16, will have the chance to take part in a special youth duck hunt this Saturday, September 27. This hunt began in 1996 to give young hunters an opportunity to hunt ducks for one day prior to the regular season opener.

Hunters are once again reminded to ask permission from private property owners before entering onto private property. Be sure to re-contact property owners whose property you have hunted in the past. This is important to maintain a good hunter/landowner relationship.

Remember, some of the best hunting is on private property where the hunter can benefit as well as the property owner who may be having some damage from the higher wildlife populations. If you have any questions, feel free to contact me.

## Rohlinger Hits First Ace at Hon-E-Kor

Norb Rohlinger

Norb Rohlinger, Kewaskum, a charter member of Hon-E-Kor Country Club, had a dream come true last week, when he hit his first ace at Hon-E-Kor while golfing with friends.

Rohlinger hit his ace on Red No. 7, and used a 5-iron for the shot. Norb, an avid golfer, has golfed since 1959, and has been a member of Hon-E-Kor since 1962.

Congratulations Norb!

## KMS Hosts CC Invitational

Last Thursday, the Kewaskum Middle School cross country team hosted the KMS Cross Country Invitational. With near perfect weather conditions, the harriers battled against a strong Mayville team, only to come out on the short end.

The boys team was led by the strong running of Josh Repovsch, taking second overall, followed by Dustin McKay in 9th, Tony Keeley in 11th, Mike Zingsheim in 15th and Adam Woebeking in 16th.

The girls team was not able to field a complete squad because of a conflict with sixth grade camp, but those that were able to compete did a great job. Crystal Wienlein placed second overall leading the KMS girls. Next was Melissa Perkins in seventh, followed by Eve Stark in eighth.

# Regal Ware Fills Seven New Management Positions

Dennis Schmidt

Jim Conlin

Susan Anderson

Steve McMichael

KEWASKUM -- As part of Regal Ware, Inc.'s new Product Development Process, a program to more efficiently bring products to market, seven new positions were created at the management and upper management level. In filling these positions, one person was hired from the outside and six current employees were promoted.

Dennis Schmidt was hired from the outside to fill the position of Senior Vice President, Finance (CFO). In this newly created position, Schmidt assumed management responsibilities of the corporation's finance, accounting and information technology operations. He will also serve as a member of the Executive Committee and Regal's Senior Planning Group. He has an extensive background in accounting and finance having served in various capacities at two major companies in the Milwaukee area. His educational background includes a bachelor's degree in Business Administration and a MBA from the University of Illinois.

Gary Stanczyk, who has been with Regal since June 1981, was promoted to National Sales Director. In this new position, he is responsible for managing sales directors in five separate territories, the consumer services division and supply chain management functions. Previously, Stanczyk held the position of Director Central Sales. He has a bachelor's degree in Business Administration from the University of Wisconsin-Milwaukee.

Kevin Krueger, who has been with Regal since January 1980, was promoted to Director Retail Electrics. In this new position, he is responsible for executing a three-year marketing plan for electrics development. He will coordinate and lead efforts of cross functional teams, assign specific project teams and appoint leaders. He has the responsibility of developing and implementing product profile forms and tracking products through the process to monitor results. Previously, Krueger held the position of Director of

Department Stores and Distributor Sales. He has a bachelor's degree in Business Administration - Marketing from the University of Wisconsin-Milwaukee.

Jim Myre, who has also been with Regal since January 1980, was promoted to Director of Retail Cookware. In this new position, he is responsible for executing a three-year marketing plan for cookware development. He will coordinate and lead efforts of cross functional teams, assign specific project teams and appoint leaders. He has the responsibility of developing and implementing product profile forms and tracking products through the process to monitor results. Previously, Myre held the position of Director of Western Sales. He has a bachelor's degree from the University of Wisconsin-Madison.

Jim Conlin, who has been with Regal since January of 1989, was promoted to Director Supply Chain Management. In this new position, he is responsible for forecasting, demand planning and inventory control of the existing product line. He also manages the

purchasing and analysis of syndicated market research and provides technical review, support and analysis of supply chain technology to the sales department. Previously, Conlin held the position of Manager of Marketing Sales Services. He has a master's degree in Management from Cardinal Stritch College - Milwaukee and a bachelor's degree in Business Administration - Marketing from the University of Wisconsin - Madison.

Steve McMichael, who has been with Regal since January of 1984, was promoted to Manager of Southwest Sales. In this new position, he is responsible for managing the sales efforts of his personal territory along with one other salesperson. He is responsible for all management related functions including reports, forecasting and quotas as well as sales strategies, conducting retail research and making contacts to meet the goals of this position. Previously, McMichael held the position of Senior Field Sales Person. He has a bachelor's degree in Marketing/Management from the University of Wisconsin - Madison.

### IN MEMORY

In loving memory of CARNEL KOEPKE, who passed away two years ago, September 28, 1995:

You are not forgotten, loved one,  
Nor will you ever be,  
As long as life and memory lasts,  
We will remember thee.

We miss you now, our hearts are sore,  
As time goes by, we'll miss you more.

Your loving smile, your gentle face,  
No one can fill your vacant place.

*Sadly missed by wife and family.*

### IN MEMORY

In memory of Florence Stange, who passed away one year ago, September 27, 1996:

God saw that she was tired,  
And a cure was not to be.  
He put his arms around her,  
And whispered, come with me.

With tearful eyes, we watched her,  
So quickly slip away.  
We cared for her, but we Could not make her stay.

We miss you Grandma Flo.

*Loved by your family*

Susan Anderson, who has been with Regal since June of 1982, was promoted to Manager - Consumer Product Development. In this new position, she is responsible for evaluating and measuring consumer product preferences to develop new, saleable housewares products. She will oversee all test kitchen activities, evaluate all new products, prepare training materials, monitor store activities, establish an industry Core Group, benchmark competitive products, interact with suppliers and other industry support agencies and serve on selected development teams. Previously, Anderson held the position of Home Economist. She has a degree in Home Economics - Business from the University of Wisconsin-Stout.

## School Board Meeting Minutes

SCHOOL DISTRICT OF KEWASKUM

Regular Meeting  
August 11, 1997  
MINUTES

The meeting was called to order at 6:00 p.m. by President Goeden.

Board members present: Lisa Maul, Larry Fechter, Tom Timblin, Jean Goeden, Mary Andera, Jon Downs, John Schulte.

Board members absent: none.

Clerk Andera led the pledge of allegiance.

Timblin/Downs motion to approve the agenda as amended. Motion passed 7-0.

Audience to visitors; receiving of delegations:

Amy Pamperin, representing the Community Facilities Study Group, updated the Board on progress to date.

John Breese expressed concern over the proposed religion policy, specifically in the area of distribution of literature. Mr. Breese also requested information regarding references in the policy to unnamed legal counsel.

Mr. Breese stated that the KEA will be closely following the Board's progress in the upcoming superintendent search.

Mary Miller related her opposition to the proposed religion policy, stating that religion is a family value and schools cannot continue to be involved in its teaching.

Marcia Theusch also voiced her opinion regarding the proposed religion policy and its resemblance to the Liberty Council's policy, stating the Board is going beyond their role by implementing it in the schools.

Dean Roe provided a handout to board members reiterating the retired teachers' position following the cancellation of their life insurance policies.

### Action Items

### Policy-Legislation-Bylaw

Schulte/Andera motion to approve the second reading of Policy 323.4-Religion and Religious Expression in Schools. Motion failed 3-4 with Lisa Maul, Larry Fechter, Jean Goeden and Jon Downs voting no.

The next Policy Committee Meeting is scheduled for September 16, 1997 at 6:30 p.m. in the District Office.

### New Business

Downs/Fechter motion to approve the payroll and accounts payable in the amount of \$875,204.02. Motion passed 7-0.

Timblin/Schulte motion to approve the expenditure of \$24,850.00 to pre-fund a single life insurance premium payment for retired employees. Motion failed 1-6 with Lisa Maul, Larry Fechter, Jean Goeden, Jon Downs, Mary

Andera, and John Schulte voting no.

The Board reviewed a summary of the WSAS test results.

Schulte/Maul motion to approve the following compensation for new additional duties: District Technology Supervision \$2,000; Middle School Athletic Director \$2,000; Gifted and Talented Supervisor \$1,000; At Risk Coordinator \$1,000; District Transportation \$1,000; Public Relations Supervisor \$1,000. Motion passed 7-0.

Fechter/Timblin motion to approve the 1997-98 DPI Food Service Contract. Motion passed 7-0.

Downs/Fechter motion to approve the hiring of 3 permanent substitute teachers for the 1997-98 school year. Motion passed 7-0.

Downs/Maul motion to approve the resignation of Christine Piotrowski as high school English teacher and assess a \$300.00 liquidated damages fee. Motion passed 7-0.

Downs/Maul motion to approve the resignation of Jackie Beal as elementary teacher and assess a \$300.00 liquidated damages fee. Motion passed 7-0.

Downs/Andera motion to approve the appointment of Julie Wenzlaff as part-time 4th grade teacher at FES. Motion passed 7-0.

Downs/Fechter motion to approve the appointment of Paul Chambers as tech ed teacher. Motion passed 7-0.

Fechter/Schulte motion to approve the appointment of Bonnie

Schultz as 5th grade teacher. Motion passed 6-0-1 with Mary Andera abstaining.

Downs/Maul motion to approve the appointment of Betsy Helmers as assistant forensics coach at KHS. Motion passed 7-0.

Schulte/Fechter motion to approve the appointment of Denise Schramm as a long term sub for Janice Hartmann at WES, and Beth Gruber as a long term sub for Deb Hubbard at KES. Motion passed 7-0.

Timblin/Downs motion to approve the appointment of Sally Ambrose as 55% art teacher for the District. Motion passed 7-0.

Fechter/Downs motion to approve the District Goals for the 1997-98 School Year:

1. To Create a school environment where "students want to learn." When students really want to learn they are respectful of their school, teachers, and other students. We seek to foster that respect.

2. To raise the level of student achievement, to include those levels indicated on the 4th, 8th and 10th grade State Assessment Tests and the 3rd Grade Reading Test when compared to 1996-97 scores.

3. To successfully complete the second year of District-wide curriculum work.

4. To develop the final draft of Kewaskum Academic Standards in core disciplines to present to the Board.

5. To complete and publish the District's Strategic Plan, to include the long-range Facility Plan.

Motion passed 7-0.

Downs/Fechter motion to approve, with regret, the resignation of Charles Johnson as Superintendent. (Restitution had already been received). Motion passed 4-2-1 with Mary Andera and John Schulte voting no, and Tom Timblin abstaining. President

Goeden thanked Dr. Johnson for serving the District and wished him well in his future endeavors.

Discussion ensued regarding the process for filling the position of District Administrator. Mrs. Goeden stated that she had received a list of retired superintendents from the WASB and that is one avenue that could be considered. Mr. Fechter said that he felt it would be in the best interest of the district to fill the position as soon as possible with an interim superintendent which will be further discussed in closed session. That would afford the Board the extra time needed to conduct a complete search in spring when more superintendents may be available. Mrs. Goeden said she recently attended a Presidents Only Conference and heard about problems experienced by other school districts who are presently doing superintendent searches. These districts stated that the pool of available superintendents is slim.

Fechter/Downs motion to adjourn to Closed Session pursuant to State Statute 19.85 (e) "Deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session."

1. Consideration and negotiation of or interview with professional service provider or other vendor.

Motion passed 7-0. The meeting adjourned to the high school guidance room at 7:40 p.m.

By Andrew R. Kuehl

The KHS varsity girls' tennis team hosted a quad tournament this past weekend with Slinger, Grafton and Kiel also participating.

Kewaskum took first place in the champion flight with Jenny Immel and Bobbie Jo Thorn in number three and four singles.

Kewaskum also won in the third place bracket. MacKenzie Downs won #1 singles and Bridget Baum won #2 singles. The duo of Angie Ritger and Trisha Coulter won #2 doubles. The duo of Sarah Bausch and Jamie Schultz won #3 doubles.

The first place bracket of each seven positions were awarded two points. The third place bracket was awarded one point.

Slinger and Kewaskum tied for first place each with eight points. Kiel ended up with three and Grafton with two.

"I was quite happy, the girls played well," said Coach Jan Rosenthal. "In #3 singles Immel lost her first set but came back to win the next two and take the championship in her flight."

This past Tuesday the Lady Indians traveled to Kewaunee. See next week's Statesman for the results.

The J.V. teamed coached by Claire Weidner played Grafton this past Monday evening and tied 4-4.

## World Serious-Less Winners

Pictured above are the winners of the Thiernerdome World Serious-Less reported in last week's issue. The winning Amerahn team is shown, back row, left to right: Dennis Kleinke, Mike "Patches" Floyd, Charlie "O" Guell, Larry "Ron" Sabish, Dan "Rabbit" Rose, Billie Ludwig, Randy Fechter, Ray Mauer, Vernon Ludwig, Buck Guell and Artie Buss. Shown in the front row, (unable to get up after the photo) were John Kleinke and Richard Thierner (being used for seating purposes by Ray Mauer).

Thierner's Sip and Snip team won the Congeniality-Hospitality Award (was there ever a doubt??). Pictured above are the team members still present for this photo session. Captain (for lack of a better word) Richard Thierner, Jim Klahn, David "Poncho" Boegel, Mark Strobel, John "Fuzzy Bear" Lehnerz, Harry Schladweiler (who is actually NICE to the papparazzi), Ron Theusch and Rich Leider. Escaping were Jerry Schneider, Bob "Butzie" Buddenhagen, and Larry Martin. The more clever members of the team "were busy" or so they say, including Rick Jaeger, Bob Bonenfant, Tim Miller and Mike Miller. WHERE WERE THEY? Busy...? yeah, right!

## Neumann Takes Second at Ripon Invite

At last Saturday's Ripon Invitational Cross Country Meet, Carol Neumann ran an impressive race with a second place finish.

Carol stayed in the lead pack through out the race, battling the opposition. With her strong finish, she then managed to pull away from the group for her second place finish. Freshman Emily Rinzel was next with a sixteenth place overall finish.

Both runners brought home medals for their effort. Coming in next for the Indians was Emma Chambers for 44th place, Michelle Zingsheim, 45th place, Nicki Schinker, 48th place, and Becky Bohn in 56th.

Danny Wall was the top runner for the boys team placing 30th in this strong field of runners. Close behind Danny was Josh Rieder in 33rd place, and Brian Wall in 34th place. Rounding out the rest of the team was Chris Weninger in 48th, Darrell Woebeking and Brendan Weinhold, 53rd and 54th respectively.

"Overall I am very pleased with how the team is pulling together," stated Coach Drexler. "They are a hard working group and very pleasant to work with."

The media ALWAYS received the utmost respect at the Thiernerdome and the World Serious-Less was no exception (yeah... right... they imported bees to attack me!), as witnessed above the "fancy" parking sign erected. Yes, the management at the Thiernerdome (with help from Harry Schladweiler) spared no expense during "the Over-40 Boys" games.

# Team Playing Perfect Season J.V. Volleyball Team Dominates Tourney Here

By Andrew R. Kuehl

The J.V. volleyball team played outstanding matches in a tourney held here on Saturday, 7-1, in pool play.

The girls defeated Plymouth in the semi-finals, and they went on to crunch New Holstein in the championship game.

Sarah Schwinn led the team as high scorer. Sara Disler was the team's high assist leader and ace leader. Jenny Kraft was the save leader.

"Whole team play was

great throughout the day," said Coach Hoffeltz

Lauren Steinhardt and Heather Radtke, middle players, dominated the net in both the semi-finals and to help win the tourney.

Their EWC record is 5-0.

## Indians Humbled by Falcons, 44-0

What a difference a week can make as the Kewaskum Indian football team traveled to Sheboygan Falls to take on the unbeaten (2-0, 4-0) Falcons.

Last week the Indians stunned conference favorite Kiel (20-14) but each week is another challenge as the Indians found out losing, 44-0.

The Falcons wasted no time as they took their opening drive 60 yards for the first of seven touchdowns they were to score on this evening. Kewaskum's first series ended when quarterback Josh Gaffke was tackled for a two-yard loss on a fourth and one play.

The Falcons quickly moved the ball 50 yards on eight plays scoring on a five-yard run to make the score 14-0 midway through the first quarter. Disaster really struck when Robbie Manthei on the very first play of Kewaskum after the touchdown, ran for five yards, but then fumbled the ball to a Falcon player who raced 40 yards with it to the Indian eight-yard line. One play later, the score was 20-0 in the Falcons' favor and that is how the first quarter ended.

The Indians however, regrouped on their next drive and moved the ball 53 yards to the Falcon 10 yard line behind the running of Tim Vetter who had runs of 17 and 24 yards in the drive.

Once again however, disaster struck as a pass from Gaffke intended for Ryan Rammer was intercepted at the seven-yard line and returned 93 yards for a touchdown making it 26-0 midway through the second quarter.

After a short punt on a mishandled snap from center, Falls was able to drive the ball into the endzone for a 32-0 halftime score. The Indians did manage another second quarter drive but an interception at the ten ended that threat.

The second half was not much better for the flat Indians as Falls scored on a 25 yard scoring pass midway through the third quarter after each team exchanged punts and then Falls intercepted another pass returning it for what appeared to be a touchdown. However, a clipping penalty brought the ball back to the Indian 20 where a few plays later the Falcons scored again for a final score of 44-0.

The Indians turned the ball over five times (three interceptions and two fumbles). "If you turn the ball over to Falls five times in a game you are always going to lose. They are a well coached team and they always take advantage of turnovers," said a disappointed head coach Perry Koth.

However, Koth did find some things he was pleased with in the lopsided loss. "Tim Vetter ran very well (9-44 yards) and did a good

job filling in at linebacker for the injured Derek Dorn."

Koth also cited Sean Cotter who had three catches for 33 yards and played defensive end. "We came out with no emotion this week and we certainly did not concentrate as well as we need to if we are to be competitive in this league," added Koth.

Besides playing without Dorn, Kewaskum was also missing starting defensive end Travis Luedtke with a hyperextended elbow. Ryan Rammer also suffered a

deep thigh bruise and saw limited action.

Koth however expects all three to be ready for this week's homecoming opponent, the Chilton Tigers. Chilton (1-1, 3-1) who runs the wishbone offense was leading the conference in total offense after the first week's stats were released.

Rushing stats: Vetter 9/44 yards, Jim Kopecky 7/15, Manthei 1/5, John Immel 1/0, Chris Koth 2/(-7), Gaffke 4/(-9).

Receiving: Cotter 3/33 yards, Immel 2/25, Rammer

1/13, Troy Staehler 1/5, Kopecky 1/5, Vetter 1/4.

Passing: Gaffke (8-20, 3 interceptions, 0 TD's, 59 yards). Koth (1-5 - 0 interceptions, 0 TD's, 26 yards).

Last week's EWC results: Sheboygan Falls 44, Kewaskum 0; New Holstein 56, Chilton 14; Plymouth 24, Kiel 7; Manitowoc Roncalli 33, Two Rivers 6.
