## Hollywood's Portrait Studio Moves to New Location

By Sharon Callaway Roznik

Hollywood's Portrait Studio settled into its new location on Main Street a little over a month ago in an effort to gain more space, and along with the move came a variety of new services aimed at customer convenience.

Photographer Kevin Stautz is beginning his fourth year as a member of Kewaskum's business community, where his goal has always been to offer people reasonably priced custom portraits. His new studio is two and a half times bigger with a taller ceiling, creating a more comfortable atmosphere and allowing easier manipulation of the lighting. The new building also allows the addition of a separate changing room, framing and matting room, negative storage room, a sales area, and an office.

Film processing is new, along with a varied selection

of photo novelties, greeting cards, film, and batteries. Hollywood's runs specials every week on film and film processing, and offers instant passport photos.

The studio now maintains a wide selection of ready made and custom frames and mats specifically selected for the type of photography they do. Over 100 different styles are available, made locally by a company in Hartford. Studio consultant and office manager Karen Kissinger is available to help customers choose a style that fits their decor. "We'll frame your portrait for you, so all you have to do is take it home and put it up," Kevin relates.

Color, black & white, indoor and outdoor portraits are selected based on styles, needs and tastes of individuals.

## Silbernagel & Jasen Financial Services Relocates from West Bend to Kewaskum

The team at Silbernagel and Jason Financial Services, Inc. Front row (L to R) Jackie Sheppard, Linda Bogenschneider. Center Joanne Silbernagel. Back row - Anthony Jasen, Daniel Griffin, Ronald Epping and James Silbernagel.

By Sharon Callaway Roznik

Silbernagel & Jasen Financial Services Inc., relocated their offices from West Bend to Kewaskum this past April, with the purchase and renovation of the former West Bend Savings building, located on Main Street.

Jim Silbernagel and Anthony Jasen acquired the building from the village of Kewaskum, considering the

move an asset to their business, both in ideal location and as a sound investment for the future. The remodeling project took about four months to complete, resulting in an exciting new look for the 1953 structure, both inside and out.

The financial firm has utilized the full interior of the building, which now houses a front office and reception area, three large conference rooms, eight individual offices, and

full lower level facilities with a kitchen, capable of hosting seminars for up to 100 people.

Established in 1985, Silbernagel and Jasen offer customers financial, investment, retirement, estate and tax planning. As an independent insurance agency, their agents have access to hundreds of different companies, working closely as a team with legal and tax professionals to help people reach their objec-

tives.

Insurance investment projects include complete business, home, and auto coverage, presented with a thorough understanding of individual insurance and financial planning needs, large or small, business or personal. "We help people develop the most effective, affordable program, with a genuine interest in finding the right solutions for you or your business," Silbernagel confirms. Jim began his career in insurance, eventually developing the growing enterprise into a financial planning firm, and a partnership.

Six producing agents form their team of top professionals, along with fifteen brokers working throughout southeastern Wisconsin. Joining Jim and Anthony are Daniel F. Griffin, LUTCF; Ronald H. Epping, FIC; Joanne Silbernagel; and Jacqueline K. Sheppard CISR, a specialists in auto, home, and business insurance. These representatives are available to discuss investment/insurance needs either in their office, or the privacy of your home or business.

Seminars are offered on a weekly basis, available both evenings and during the day and cover topics such as new tax issues and ways to protect assets. The public is invited to attend these informative presentations.

Silbernagel and Jasen also promote their services through

a regularly scheduled radio show, with Ron Kraus on WTKM, Hartford, and Cathy Kjer, WBKV, West Bend. The monthly financial talk show covers specific topics in a question and answer format. The partners share diverse and in-depth knowledge and experience in all areas of insurance, legal matters, accounting and real estate, anticipating changes in the future. The success of the firm can also be attributed to office manager Linda Bogenschneider and support staff Duward Hurth and Ann Jasen.

Now settled into their Kewaskum office, Silbernagel says they've received positive feedback from the community, and lots of compliments on the building's new look. "This is a growing community, and we look forward to being here for years to come," he expressed.

## Chamber Member of the Month

Chamber Member Gwen Dreher is dedicated to community service.

If you don't know Gwen Dreher by now, you'll recognize her as the dedicated person that plants and waters all the colorful flower-pots located throughout the Village of Kewaskum.

As this month's featured Chamber of Commerce member, Gwen is known to wear so many different hats, she's the first person to call if a question arises no one else has the answer to.

In 1995 she and her husband Jules opened the Doctors Inn, a sprawling two story bed and breakfast located in the heart of town, trimmed in green shutters and landscaped like a country garden.

The home was originally built and owned by "Doc" and Alma Edwards, Gwen's parents, and she has continued the theme of "a small town doctor's life" throughout the house with antiques, medical equipment, original desks and furnishings, and old photographs and memorabilia from the past.

The Doctors Inn offers their guests a choice of three rooms, along with a full breakfast served in the dining room. "Business has continued to get better and better every year," Gwen comments, and has enjoyed hosting people from places like England, Belgium, Austria, Canada, Connecticut and California.

With 15 years of interior design experience, Gwen has taken her talents and formed "Specialties by Gwendolyn," a small scale business offering painting, stenciling, wallpapering, floral design and interior design consulting. She additionally provides cleaning, gardening and elder caregiving as part of her services. She has been employed by the Kewaskum Post Office in Custodial Maintenance for the past

three years.

An active volunteer in several organizations, Gwen enjoys her community involvement, and feels it betters herself as well as the world we live in. As a member of the Chamber of Commerce for the past three years, she has headed setup and design for Kettle

Kountry Kolors and chaired the installation of Kewaskum's new welcome-current events-calendar sign.

For the last year and a half, she has also been in the forefront of the Kettle Moraine Tourism Council Northern Unit, helping with the design and printing of the new maps/visitors guides for the area.

Gwen's other activities include three years with the Kewaskum Women's Club, serving as president for the past two years; and her dedication to St. Lucas Church, where she's busy with Ladies Aid, the church choir and pitching in with landscape chores around the church. Gwen delivers for the Meals on Wheels Program in-between her other commitments.

The Dreher's are members of the Wisconsin Bed and Breakfast Association, the Washington County Tourism Association, and the Wisconsin Agricultural Tourism Association.

Looking forward to retirement in the year 2002, Gwen plans to continue her busy schedule, always finding the time to do for others and enhance the community through her acts of generous service.

Her family includes a son, Jeff, in Kenosha; three daughters, Julie of Florida, Jody of Connecticut and Jennifer in Hortonville, and two grandsons, Kristopher, age 11, and Dwayne, age 3.

## A Stroll Up Main Street

Actually beginning our "Stroll Up Main Street" on the north side of the street, we start at the corner of Main Street and River View Drive, where the Shell Station was once a part of the Main Street scene. At the time of the photo, William Schaefer was the proprietor. Other occupants of the building included Bob and Jack Flynn, Len Zuehlke and Roger Strack, and Raynor Herriges (from 1964 to 1971). Myron Belger also ran a canned goods outlet from the location and Jack Zalewski and Jim Thorn ran a service station in the original building which has since been torn down. If anyone has information to contribute about the businesses listed on the north side of Main Street, please send the information to the Kewaskum Statesman.

## Studio Moves

(Continued from Page 1)

Stautz is well versed in senior portraits, weddings, families and children, and his real specialty lies in outdoor photography, where natural light and seasonal color changes enhance photogenic qualities. "I like to take advantage of the beautiful Kettle Moraine area, especially this time of year," Kevin adds, and has been offering special package rates for a hand picked location near Parnell.

Customers are always given full consultations, including tips on clothing and colors to wear, hairstyles and grooming. Karen will also go over the different finishes and sprays available in selecting a portrait package, offered in prestige, custom, or masters finishes.

Hollywood's is also pleased to add sports photography to their list of customer services, on location at football, baseball, and other sporting events and tournaments for group and individual shots of players. Stop in and ask Kevin about his catalog of fun keepsake items, including sports cars with your favorite player on them.

"I'm excited about our new location, and want to thank all my customers through the years in appreciation for their business, and look forward to meeting new people," Kevin states. Capturing memories is what photography is all about. The studio is open Monday through Friday, 10 a.m. to 5:30 p.m. Call 626-2995 for an appointment.

## Thick And Rich, Heart-Warming Chicken Soup Entrée

(NAPS)—During the winter months we crave the rich, wholesome taste of homemade soup to take the chill out of 'Ole Man Winter.' And what better way to create the creamiest texture and richest base for your soups than with evaporated milk? As an essential ingredient and body enhancer in a wide variety of main dishes, evaporated milk also ensures uniform consistency and enriched flavor in every entrée in which it is used! An undisputed favorite, **Chicken and Wild Rice Soup**, features a tangy blend of chicken, fresh wild rice, mushrooms, chopped onions and a delicious mix of spices including garlic, tarragon and thyme. Yet the secret of this main dish's extra smooth flavor and creamy texture lies in the evaporated milk! Convenient, versatile, delicious and nutritious, evaporated milk is your key to a successful meal every time!

- 3 1/2 cups water
- 2 tablespoons dry white wine
- 4 chicken bouillon cubes
- 1/4 teaspoon dried tarragon, crushed
- 1/4 teaspoon dried thyme, crushed
- 1 1/2 cups (12 fluid-ounce can) Evaporated Milk
- 2 tablespoons cornstarch
- Sliced green onions

Heat oil in large saucepan over medium-high heat. Add chicken, mushrooms, onion and garlic; cook for 5 to 8 minutes or until vegetables are tender and chicken is no longer pink.

Add rice, water, wine, bouillon, tarragon and thyme; bring to a boil. Combine small amount of evaporated milk and cornstarch in small bowl; stir until smooth. Stir into soup mixture with remaining evaporated milk. Reduce heat to low. Cook, stirring occasionally, for 8 to 10 minutes or until soup is thickened. Garnish with green onions.

For additional information about the uses of evaporated milk, including free recipe brochures, write to: American Dairy Products Institute, 130 N. Franklin St., Chicago, IL 60606.

MILWAUKEE, Wis. -- Jerry Leiterman has been appointed Superintendent for the Northern Kettle Moraine State Forest in Campbellsport. In his position, Leiterman will direct all land and recreational activities at the forest and also at Kohler-Andrea and Harrington Beach State Parks. ## More 'Wheels' Needed For Meal Program

People who like to drive and like to serve others are needed for the Meals on Wheels program, which provides hot, nutritious meals for homebound residents of West Bend.

Laura Mintz, manager of food and nutrition services at St. Joseph's Community Hospital of West Bend, which prepares the meals, said new drivers are needed to meet a growing demand for the meals. Drivers pick up the meals at the hospital and, using their own cars, deliver them to recipients' homes between 11 and 11:30 a.m. each day.

Mintz said volunteers may sign up to drive once every other week or more often, and should have their own car. People interested in becoming Meals on Wheels volunteers should call Mintz at St. Joseph's Community Hospital at 334-8383.

## Parkinson Support Group to Meet

The next Parkinson Support Group meeting for Washington and Ozaukee County community members will be held on Monday, October 20, at 1 to 2:30 p.m. in the assembly room at the Cedar Ridge Retirement Campus. Cedar Ridge is located at 113 Cedar Ridge Drive, just off of Scenic Drive in West Bend.

"Health and Humor," the importance of humor to good health, will be presented by Barbara Knutzen, RN, from St. Joseph's Hospital, West Bend.

## Semi vs. Van on STH 28

By Andrew R. Kuehl  
Staff Writer/Photographer

A semi-tractor/trailer verses van accident took place last Wednesday, Oct. 8, at 6:55 p.m. in the Town of Wayne, on STH 28 at Skyline Drive.

Jeffrey W. Elder of Waukesha was driving a Ford Windstar van owned by Colder's Inc. According to Washington County Sheriff's Dept. Deputy Bruce Theusch, Elder allegedly failed to stop at a stop sign at STH 28 as he was traveling north on Skyline Dr.. He drove onto Hwy. 28 and was struck by a semi driven by Mark J. Ritz of Nicollet, MN. The truck is owned by Sunflower Carriers Inc. of York, NE. After being stuck by Ritz, Elder came to rest in the ditch in the northeast corner of the intersection after striking a street sign.

Elder was carrying one

passenger, Christian L. Miko of Waukesha. Elder was transported to St. Joseph's Community Hospital in West Bend by Kewaskum Rescue for injuries sustained in the accident. Kohlsville First Responders were also on the scene.

## Stroke

Stroke is the No. 1 cause of serious, long-term disability and the third leading cause of death. Each year about 500,000 Americans have a stroke and about 150,000 of them die, says the American Heart Association.

The American Heart Association estimates that stroke accounts for half of all patients hospitalized for acute neurological disease.

More than one-fourth of the people who suffer a stroke in a given year are under age 65, says the American Heart Association.

Know the warning signs of stroke!  
1) Sudden weakness or numbness of the face, arm or leg on one side of the body.  
2) Sudden dimness or loss of vision, particularly in one eye.  
3) Loss of speech or trouble talking or understanding speech.  
4) Sudden, severe headaches with no apparent cause.  
5) Unexplained dizziness, unsteadiness or sudden falls, especially along with any of the previous symptoms. If you have one or more of these symptoms, the American Heart Association says, "Don't wait! See a doctor right away!"

"Don't cry, dear - You can discard the pillowcase just as soon as you are big enough to wear a sheet."

## Letter to The Editors

October 8, 1997

To the Editor,

In response to "We spend money on a ball diamond so guys can go there at night and suck beer and hit a ball." Mr. Wagner, let me ask you a few questions. Has the village ever received a bill for the trenching and tiling system put on the field? The construction of the cement dugouts and concession stand built on the field? The scoreboard and batting cage on the ballfield? If you can recall, I don't believe the village spent a dollar on those upgrades. These upgrades were made either by private donations or by small companies. Yes, the village put up a new backstop as well as the fencing that partially encloses that field.

Mr. Wagner, I believe that the water slide would probably be a great addition to our park for the kids, but is not the park there for everyone including adults who enjoy to "suck beer and hit a ball?" Does not this activity of playing baseball, softball, or the youth leagues bring in other community teams to our village park? Oh, by the way, I almost forgot the village received the park for nothing too. Thank you Kiwanis members for buying this parcel of land so our local politicians who rule on this property can make such mature comments about our activities.

Mr. Wagner, I hope you understand that playing ball has been going on for more than 100 years in our community. This is where dreams have a chance to become reality for young men. Mr. Wagner, are you aware that the Kewaskum Athletic team had an individual drafted by the Arizona Diamondbacks? Oh, that's a professional team if you weren't aware of that. Do you realize that we have young men that have received college scholarships, some even may become an engineer. Not only do we "suck beer and hit a ball," we teach baseball to the young individuals that come our way. How to compete, how to win, how to lose, and how to prepare a baseball field. Please come up and watch a ballgame sometime. There is more to

baseball than "sucking a beer and hitting a ball."

We do have a nice facility and let's finish it so that is complete for our kids of the future. It must be an improvement over the high school facilities, otherwise, why else would you rent it to them for \$75 an hour? Where does this money go? Maybe for consultants to figure out where trees should be planted.

Sincerely,  
Doug Gonring

Oct. 9, 1997

Letter to Editor:

On Saturday, Sept. 27, 1997, I attended an "Understanding Dyslexia" conference in Waukesha, sponsored by the Wisconsin Dyslexia Institute. The conference was well attended, with over 230 educators, parents, and interested individuals present. The conference featured two very interesting and informative keynote speakers and a wide variety of afternoon sessions. (Unfortunately, no one from my school district attended, even though 45 brochures were distributed at KES, KMS, and KHS).

I attended the conference as the parent of a dyslexic child, always looking to learn more about dyslexia. If you're not familiar with dyslexia, it's not a result of low intelligence; it's not a disease; and it has no "cure." It's simply difficulty with words or language. It comprises the largest category of the term "Learning Disability," affecting about 15% of the general population. Dyslexia describes a different kind of mind, a mind that is often gifted and productive, but processes information differently. Many dyslexics are creative and have talent in three dimensional areas such as art, athletics, architecture, graphics, electronics, mechanics, drama, music, or engineering.

Dyslexia affects more than an individual, it affects an entire family. It was hard to imagine why our otherwise intelligent son couldn't "catch on" to traditional reading techniques in first grade. His teachers suggested it would come with practice, so we spent a lot of time reading to him, and forcing him to read to us, not understanding why he couldn't put the sounds together to make the correct words; why words he knew a minute earlier he acted like he had

never seen before. His self-esteem was at an all-time low, but still we continued to force him to try, believing he would catch on. Luckily for all of us, I happened to stumble on to information about WDI at a local book store. I immediately began reading anything I could get my hands on to give me more information on dyslexia. When he was evaluated at WDI and found to be dyslexic, it really wasn't a surprise - I could see him over and over in the books I had been reading.

My son received instruction through WDI twice a week for about three years. His WDI tutor, Jill Slesar, turned his whole life around, not only academically, but his self-esteem and outlook on life improved dramatically. He had finally found someone to understand him and teach him in the manner he needed to be taught. The results we saw through this multi-sensory teaching approach were remarkable.

We are very fortunate to have WDI right here in West Bend. Not only does WDI offer a tutorial program, but they provide a resource library for use by the general public, language evaluations, teacher training seminars, and a family support group. If your child is having difficulty understanding or learning to read using traditional methods, don't wait. If your child is dyslexic, without appropriate instruction, it can result in a severe loss of self-esteem, behavioral problems, and failure in school and career pursuits.

For information on dyslexia, contact the Wisconsin Dyslexia Institute, at 334-8005.

(DM)—Swirls, bow-ties, ribbons and wagon wheels - all are shapes that add interest to pasta dishes. When it's time for a bit of kitchen fun, and good eating, try **Chuck Wagon Pasta Salad**. This hearty meal in a bowl features deli-roast beef (of left-over if you have some on hand), fresh vegetables and wagon wheel pasta. The dressing, a mixture of naturally brewed Kikkoman Soy Sauce, mustard and brown sugar, gives this salad an upbeat zesty flavor. Only a brewed and aged soy sauce has the flavor qualities necessary to provide a savory richness, without overpowering the other ingredients. Crusty bread is all that's needed to complete this easy meal.

### CHUCK WAGON PASTA SALAD

8 ounces uncooked wagon wheel or bow-tie pasta	1 cup coarsely chopped onion
1/4 cup Kikkoman Soy Sauce	2 tablespoons vegetable oil

## September Kiwanis Students Named

Amanda McDonald

Kewaskum High School seniors Amanda McDonald and Matt Fehlhaber have been named September's Kiwanis Students of the Month.

Amanda has been active in a variety of areas at KHS. She's been a member of the National Honor Society for two years, as well as being in several other clubs: FHA, FBLA (business), FLAGS (foreign language), and a participant in Student Roundtable.

She's also been in choir for four years, including participation in solo/ensemble and the annual KHS musical (she plays Grandma Tzeitel in this year's "Fiddler on the Roof"). This summer, she was a representative at Badger Girls State, as well.

Amanda's participation extends to teams, too. Academically, Amanda has been on the math team and the forensics team (which she helped to place first in Group Interpretive).

Athletically at KHS, Amanda plays volleyball, fast-pitch softball, and she lettered in golf, where she maintained the team's lowest average score. Amanda even earned All-Star honors as a pitcher for a slow-pitch team she plays for in Allenton.

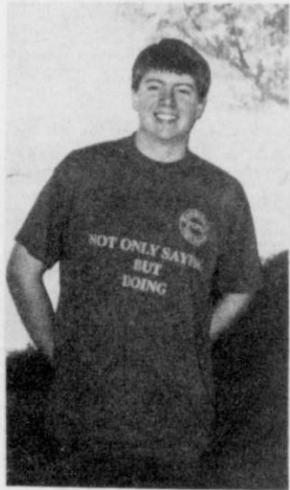

Outside of KHS, Amanda has been a DARE role model for Wayne Elementary students, a tutor at KES, a church summer camp volunteer, and a member of the Parish Youth Council at Resurrection Catholic Parish.

Additionally, Amanda works in the deli at Pick 'n' Save. In her free time, she enjoys reading, listening to music and spending time with family and friends.

Amanda plans to pursue a career in marketing/communications at a Wisconsin college.

Matt Fehlhaber has also been an active student in his years at KHS.

Matt has been involved in Jazz Band (he plays saxophone), Swing Choir, Honors Choir, Student Council, FBLA, tennis, golf, and Advanced Placement courses offered at KHS. Matt is also in this year's KHS musical, playing Motel

Matt Fehlhaber

in the November production of "Fiddler on the Roof." He also leads a youth group on Wednesday mornings before School.

Matt has gotten involved with people and activities beyond KHS as well. Following last year's tornado in Oakfield, Matt helped with the disaster relief effort. He has gone on missionary outreaches to North Carolina and California with his church (Community Church). He has even gained experience working with kids that play Little League baseball.

Matt has also worked "a lot" at Dairy Queen over the past two and a half years (his recommendation for a Blizzard is Peanut Butter Cup). At DQ, Matt is a team leader, and has taken on many managerial roles that he feels will contribute to his future career in business.

Next year, Matt plans to attend Northwestern or Madison to major in international business, with a minor in music theory.

## KHS Harriers Personal Records Continue to Fall

At the Campbellsport Cougar Cross Country Invitational meet last Thursday, the Kewaskum High School girls team placed sixth out of ten teams, the best showing yet for the harriers.

Sparked by cooler temperatures and stronger running performances by the team, five of the six individual runners turned in personal best times for the season.

Carol Neumann was the top runner for the Kewaskum harriers, placing sixth overall with a time of 16:24. Running personal bests were Emily Rinzel, 21st, 17:42; Emma Chambers, 52nd, 19:55; Nicki Schinker, 53rd, 19:56; Michelle Zingsheim, 54th, 19:57, and Rebecca Baron, 18th (JV), 22:46.

The boys team was equally impressive with personal best records. Four out of six runners attained the mark. Danny Wall led the harriers with a 28th place finish in 19:27. Next, all with personal bests, were Chris Weninger, 20:12, 37th; Josh Riedel, 20:15, 38th; Brian Wall, just missing a personal best, 20:38, 42nd, Darrell Woebeking, 22:55, 58th, and Brendan Weinhold, 24:42, 63rd.

"I am very happy with the times continuing to fall like they are!" stated Coach Dave Drexler. "The team is very focused and with the conference meet this Thursday and the sectional meet next week, the runners should be peaking at this time."

# Over 90 Buckskinners Participate in Encampment

The serene beauty of a portion of the Buckskinners Encampment is shown along the banks of the Milwaukee River in this picturesque photo. On Sunday, it was reported that there were 97 Buckskinners registered in the encampment, nearly three times the amount that participated last year. The encampment has become a large tradition held in conjunction with the annual Kettle Kountry Kolors Festival which took place last weekend in Kewaskum.

Numerous vendors could be found in the Buckskinner village including the above old-fashioned homemade root beer stand.

A few "skinnners" spent time canoeing up and down the river, much to the delight of the spectators.

# Kettle Kountry Kolors Festival Draws Record Crowds

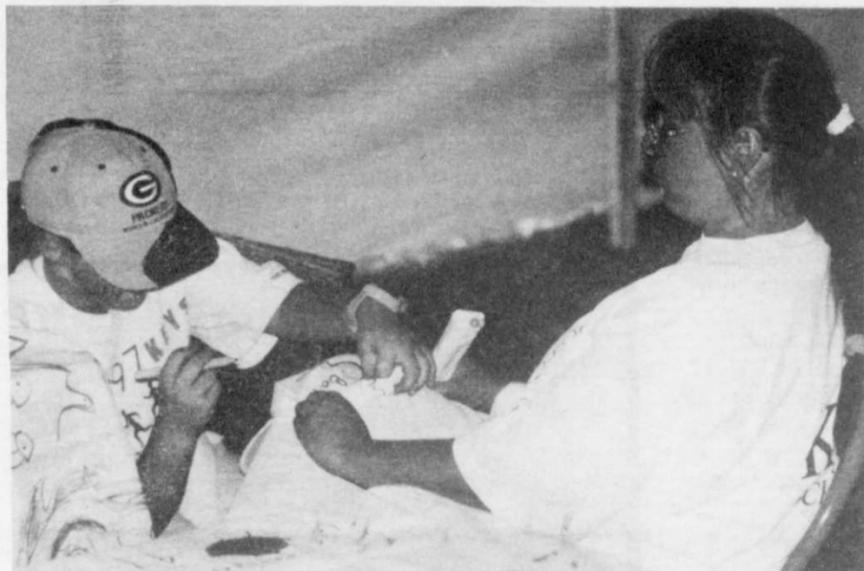

Diehard fans fill the Packer Party Tent and cheered on their favorite team throughout the game. The tent, a new feature to this year's festival, looks like it will be back next year, unless the Packers draw a by for Kettle Kountry Kolors weekend.

Many of the festival-goers paused from the many other activities offered on Sunday to watch the sky divers on the Hon-E-Kor golf course grounds. Above, one parachutist hits the ground as another prepares to land in the photo on the right. The sky divers were scheduled to land on Saturday, but due to the windy conditions, opted to try it on Sunday.

**Practice What You Preach:  
Skin Cancer Survivor Offers Good Advice**

Rod Friedman, owner of Rebus Inc., publisher of the *UC Berkeley Wellness Letter* and *Johns Hopkins Medical Letter*, has devoted himself to empowering people to change the way they deal with their own health, to give them enough information to change their lifestyles.

One year ago, while shaving, the high-energy, sports enthusiast noticed what looked like a felt-tip pen gone astray--on the end of his nose. "I tried like crazy to scrub it off," he remembers. It didn't go away, and the professional whose personal mission is to give people the information to make good decisions, felt an internal struggle.

He knew the facts: over 40,000 Americans develop a malignant melanoma, the deadliest form of skin cancer, every year. But, he was in denial. There was no family history of melanoma—he has dark hair and olive skin, and experienced "normal" sun exposure as a child. "It's not like I was a lifeguard or sat around with a reflector." Then he began thinking about the advice he gives to millions of others, "Be aware of your own body and conscious of what's going on. Don't be afraid!" He decided to "practice what I preach" and made an appointment with a dermatologist "just to be safe".

Thank goodness! The black mark on the tip of his nose was a one-month old malignant melanoma. After a thorough examination five other suspicious marks were biopsied—some of which were malignant as well.

The good news is that malignant melanoma, when discovered early has a high cure rate. The bad news is that over 7,300 people die each year.

The 49-year old Friedman is optimistic. One year later, he feels great and is as active as ever. His malignant melanoma has not recurred, he does frequent self-examinations, and sees his dermatologist every three months for a thorough exam. The good news about skin cancer is that it presents itself in the most obvious place, unlike other 'silent killers' like diabetes or high blood pressure. "Once you become aware of a predisposition to the disease, you can keep it in check. My actions got results and I feel more empowered and optimistic. I can control my own destiny, and by working with my dermatologist, I intend to stay on top of it," he said.

He has made some small re-adjustments in his life. For example, instead of playing tennis at noon, he will play at three or four in the afternoon. Sunscreen is part of his routine, and whenever he's outside, whether he's rollerblading to and from work in New York, fly-fishing or playing roller-basketball, he's wearing his trademark white hat. In addition, he keeps himself covered at all times.

"This has been a great lesson for me. In general, people know the right things to do, but changing behaviors is difficult. I feel good that I have been able to help others to take responsibility for themselves. By practicing what I preach, I saved my life."

Perhaps Rod Friedman's story can help save yours.

## First Graders Go to the Home Where the Buffalo Roam

Evan Zenobia (L) and Frederick Fellenz (R) visit the Indian Shop at the Buffalo Farm.

Jerilyn Boehlke pets Chief the Buffalo, held by Buffalo Farm owner Jim O'Hearn.

On Monday, September 29th, the St. Lucas First Graders journeyed south a piece to the wide open country of the Buffalo Farm located on Western Avenue between the prairie towns of Jackson and Cedarburg.

They enjoyed a hayride around the farm, petting Chief the tame buffalo and viewing buffalo and Indian crafts. Annual Round Up at the Buffalo Farm will be on Saturday, Oct. 18, 10 a.m. - 5 p.m.

From there they went to Kettle Moraine Lutheran High

School to visit the environmental ponds, and tried to catch insects and frogs with nets. It was a beautiful day to walk around the duck pond, island pond, the baby pond and the fish pond. In the biology room the students watched Ziggy the four foot iguana, and Zena the big fuzzy tarantula.

God gave them a sunny day to enjoy going outside at the Buffalo Farm and Kettle Moraine Lutheran High School. Many parents drove so that they could enjoy the day with their child. It was definitely a win-win day!

## County Sesquicentennial Committee Meeting Held

Plans have begun to celebrate Wisconsin's Sesquicentennial next year with the first meeting of the Washington County Sesquicentennial Committee. Members of the committee heard from Joedy Simonsen, Wisconsin Sesquicentennial Associate Director, who attended the meeting Monday night.

Plans for the state's Sesquicentennial celebration were outlined and activities being held in other parts of the state were discussed. Possibilities for activities in Washington County were explored and plans already under way by local groups were outlined.

Since the projects celebrating the Sesquicentennial are being done by the many diverse organizations within the counties, there is a great need to coordinate the type and date of activities with the state committee so there can be a statewide distribution of the event. Coordination of this county's celebrations is being handled by the Washington County Representative for Wisconsin Sesquicentennial, Wanda Roever. Roever will be putting together a calendar of county events and will relay that to the state organization so that our county celebrations can be part of the comprehensive state calendar. The state in turn will be publicizing all

the events through the media. For more information or to get your event on the calendar, Roever can be reached by phone at 414-644-5728, or by fax at 414-644-7285.

The next meeting of the Washington County Sesquicentennial Committee is November 10 at 7 p.m. in the lower level of the Courthouse, anyone wishing to participate can attend the meeting.

### IN MEMORY

In loving memory of MICHAEL STERN, who passed away fourteen years ago, October 18, 1983:

God stood that day  
Beside your bed  
These are the words  
He must have said  
You have suffered more  
Than you can stand  
So come with me to  
A better land  
We think of you often  
The things you did  
And said  
You never really left us  
You just went on ahead.

Love always  
Tom & Mom

It was noted estimates for said work have been completed and would be included in the 1998 proposed budget. 1.) The street light underground wiring for Main Street and Fond du Lac Avenue is complete with the light replacement underway as well as the restoration work.

2.) The red flasher at the intersection is being looked at as having a direct monthly charge versus a meter of its own.

3.) The electric type pedestals will be changed to flush in-ground boxes.

On a motion by Trustee Warren Dums, seconded by Trustee Robert Stoltzmann and unanimously carried by voice vote, the Board approved the issuance of an Operators License upon proper payment of fees and documentation for the following:

# Indians Lose in Last 40 Seconds of Nail-Biter

When a football team scores in the last few seconds of a game to go ahead, it is an exciting moment for the team and their fans and that is just what happened to the Kewaskum Indians last Saturday at Two Rivers. What is unusual about the last minute heroics is that it happened twice in the game.

With 47 seconds left in the game sophomore Chris Koth made what appeared to be a game winning 43 yard field goal to put Kewaskum ahead, 24-21. While there are no official records, it is believed to be the longest field goal in Kewaskum High School history.

Players and fans celebrated as it appeared that the Indians had chalked up their third conference win. All that had to be done was to stop the Raiders for the last 40 seconds of the game to preserve the victory.

Following the kickoff, Koth's kick sailed to the one yard line and was returned to the 22 where the Indians were flagged for a late hit. The penalty moved the ball to the Raider's 37.

Jason Rezash then caught passes of 15 yards and seven yards, and the Raider used their last time out before Josh Blaha caught a 35 yarder to the four yard line.

It was Rezash once again catching a four yard touchdown pass with 17 seconds left on the clock for a 27-24 Raider lead. The extra point kick was blocked by Jon Eckes. As time ran out, Josh Gaffke completed a pass to Ryan Rammer for

31 yards to the Raider 21 yard line, but it was too late as the Raiders pulled out their homecoming game, 27-24.

The first quarter ended scoreless with the only threats being two Raider missed field goals of 32 and 35 yards. In the second quarter, the Raiders jumped off to a 14 point lead on touchdown passes of 17 and 14 yards.

The Indians came back however, on a 60 yard drive highlighted by Jim Kopecky's two catches of 24 and 16 yards. Ryan Rammer caught an eight-yard slant pass for the touchdown and with Koth's kick, it was 14-7, Raiders.

On the next series, Matt Gundrum recovered a Raider fumble on the Raider 46 and four plays later it was Rammer hauling in a 25 yard scoring pass from Gaffke to tie the score at the half on Koth's kick.

In the third quarter, the Indians took the lead for the first time on an eight-play, 75 yard drive capped by Tim Vetter's 20-yard touchdown run. Koth's kick was good and the score stood at 21-14, Kewaskum.

The Raiders came back with a drive of their own which finished the third quarter and consumed most of the fourth quarter. The 17-play, 71 yard drive ended with a two yard touchdown run and kick for a 21-21 tie.

The drive for the 43 yard field goal was highlighted by two catches by Rammer of 20 and 19 yards and Tim Vetter's three runs

for 27 yards. Rammer finished the afternoon with eight catches for 137 yards and two touchdowns while Vetter led the team in rushing with 15 carries for 92 yards.

Most of Vetter's yards were the result of some good trap blocking by Peter Petushek and the lead blocking of Jim Kopecky. "Peter and Jim really opened some nice holes for Tim in the second half and Tim made some nice reads and broke a few tackles," explained Coach Perry Koth about Vetter's performance.

Vetter was held to nine yards on six carries in the first half but exploded for 83 yards on nine carries in the second half.

Meanwhile, Rammer was the go to guy in the air with his outstanding day. Kopecky had four catches for 37 yards while John Immel had one catch for 20 yards. Gaffke completed 13 of 22 passes for 176 yards and two touchdowns.

This Friday the Indians host Plymouth. Game time is at 7 p.m. and it is the last home game of the year. It is also Parents' Night.

Coach Holfeltz said "The team had a great day - everyone played great!"

The Indians got into a pickle with Beaver Dam. Kewaskum lost their first game and then had to win their second in order to win the tournament. "Both teams played exceptionally well, the kids had great focus and determination to win the game- 19-17." said Holfeltz.

Williams served 93% for the day and L. Schwinn and Laura Bauman served 92% overall.

## Thull, Daggett Take Run Titles

# 600 Participants Raise \$15,000 for KEYS

A sea of white KEYS Run/Walk T-shirts stretched over a block long at the start of the annual KEYS scholarship fundraiser on Sunday. The run, held in conjunction with the Kettle Kountry Kolors Festival in River Hill Park raised over \$15,000 for the scholarship fund. Over 875 were registered to run with approximately 600 actually walking or running the day of the event.

Sue Daggett, formerly of Kewaskum, and now a resident of Bloomington, Illinois, receives her trophy, medal and cash prize presented by Ken Goesich, right, one of the owners of Ray's Shoes, a proud sponsor of the KEYS Run. Frank DeRaimo is shown on the left. Daggett was the overall female winner and set a new course record with a time of 17:50.

Matt Thull, 9 time NCAA All-American in cross country and track at UW-Oshkosh from Campbell Sport, took first place in the KEYS 5 K Run/Walk in a course record time of 14:31. Dan Held of Waukesha finished seventh in the Olympic marathon trials in 1996, finished a close second to Thull with a time of 14:34. In the Womens Division, Sue Daggett, an NCAA All-American from Illinois State University and formerly from Kewaskum via Round Lake, won and set a course record of 17:50 defeating Suzy Stanley of Fond du Lac in 17:55.

The KEYS 5 K Run/Walk is held each year to raise money for additional scholarship help for the graduating seniors of Kewaskum High School. Over 875 people registered for the event with about 600 people running or walking on the day of the event. Last years event had 340 people register. KEYS members were extremely pleased with the record number of registrations and number of people who competed this year. Last year the event raised \$7,500. This year the run/walk event raised \$15,000 to help provide additional scholarship help to graduating

seniors of Kewaskum High School.

Matt Thull commented that he had lined-up next to Dan Held and "Dan took off hard and I knew it would be a fast first mile." Thull continued by saying, "Dan was surging when he was coming off the corners and I dropped off a little. He was obviously going out hard to try to shake off some of the competition." Both runners passed the one mile mark with 4:30 splits. The race continuing like this until the 1 1/4 mile mark when the pace slowed a little and Matt started running next to him. "At the two mile mark I put on a little surge and got a 2-3 second lead which I maintained to the end," reported Thull. "The last mile was in 4:37. Both of us were hurting at the end," said a tired but happy Matt Thull. Later that evening he was asked to comment on the race Thull said, "perfect weather for racing and great competition. It's a thrill to beat somebody like Dan. I have an autographed picture of him in my room that I look at before I go out for a run. Somebody I really admire."

After the awards presentations Matt said he spent a couple of hours at Kettle Kountry

Kolors and checked out the festivities. "I definitely will plan to run next year," concluded Matt Thull.

Sue Daggett and Suzy Stanley both exchanged leading the race until near the end when Daggett pulled ahead with about a quarter of a mile to go. When asked to comment about running and winning the race, Daggett replied that, "It was neat especially with all the people and a really good experience." I haven't really been doing any speed training, but this gave me an idea where I'm at." Daggett plans on starting her hard training in December in preparation for the indoor track season. Long range plans including running in the 2000 Olympic tryouts in the 3,000 meter run. "I was definitely challenged by Suzy," commented Daggett. When asked about the course that winds through the streets of Kewaskum, Daggett replied that "it's a good course - not a boring course - interesting with the turns." Like Thull and Dan Held, Daggett plans on returning for next years race.

The following are the first three male and female finishers in each age group for the

Matt Thull of Campbellsport wins the 1997 KEYS 5K Run/Walk in 14:31 and sets a new course record. Thull is shown preparing to stop his watch as he crosses the finish line.

Dan Held of Waukesha finished second in the 1997 KEYS 5K Run/Walk in 14:34. This year drew the fourth annual race and most the largest and most competitive field. Held finished seventh in the Olympic tryouts in the marathon in 1996 and Matt Thull was fresh off his big win at the 1997 Al's Run two weeks ago in Milwaukee.

Sue Stanley of Fond du Lac, center, was all smiles as she accepts her second place cash prize for finishing second to Daggett with an excellent time of 17:55.
