Pertinent Questions Answered at Referendum Informational Meeting

By Sharon Callaway Roznik

Architects, financial experts, and school administrators answered questions for the public during a referendum informational meeting last week.

The building referendum, scheduled for the November 3rd ballot, is the school district's second try at getting voter approval to spend money and meet the pressing needs of growing district. The new \$17 million dollar plan includes a new elementary school within the village, reopening the vacant Beechwood elementary school in the town of Scott, and remodeling and adding on to the four remaining district schools.

Taxpayers will also be asked to OK a \$200,000 recurring referendum that represents moneys needed to staff and maintain the new parts of the building project. This amount will annually exceed the state imposed revenue cap for the school district.

District administrator Clark Pearson explained reasons for the expanded plan and the \$5 million dollar increase after the failure of the first referendum. "The community came back and said we had to think of the future," Pearson said. "The new plan leaves room

for student growth and takes us ten years into the future, some of it to twenty years."

Because Beechwood is included on the new referendum, expansion plans at Farmington elementary school have been reduced by \$300,000, down from six additional classrooms to two. Beechwood enrollment would mainly come from the current 250 attending Farmington. The \$1,950,000 project includes a new gymnasium.

Traveling to the other corner of the district, plans for Wayne school have been increased \$150,000 by adding two classrooms to the original concept of enlarging the gym, adding a library (IMC), and remodeling the existing structure. (\$1,200,000).

If the referendum and reopening passes, Beechwood school will be expanded and remodeled into a 55,000 square foot structure, making the building capable of housing 150 students. Pearson told those attending the meeting that putting \$800,000 into the school would guarantee its use for many years. "If the Beechwood issue fails, then a new referendum would have to enlarge Farmington again," he stated.

Gene Cravillion of

Cravillion architects had explanations for building a new Kewaskum elementary school on the same site, instead of remodeling the old elementary school, and reasons for a new administrative building. "Believe me, we and the board took a long, long look at that existing elementary school," he said, relating that costs to renovate would have come in at only \$1 million less than a new elementary school. "This plan takes better advantage of the small site," he added.

Because the proposed administrative office is being built separate from the school, it does not require more expensive, mandated construction, like steel girders, Cravillion pointed out. "We can build it this way for less dollars, like a home would cost," he explained. Cost for the 4,000 sq. ft. office building is \$300,000.

The new \$7.4 million dollar KES building will be 78,750 square feet, handicapped accessible, and equipped with an elevator, and fireproof areas by the stairwells equipped with communication boxes. Built to house 500 students, board member John Schulte said keeping the outlying schools up and running would keep numbers down at KES, maintaining the district's philosophy of smaller, community schools.

Community support for the performing arts prompted board members and administrators to include a previously proposed plan that links the middle school to the high school with a 600 seat gym/auditorium, a shared library, additional classrooms, locker rooms, a KMS office and football field bathrooms. Remodeling will also take place in the existing KHS 700 building, fieldhouse, and tech

KMS Band Concert Oct. 26

On Monday, October 26, the K.M.S. Music department will present a band concert featuring the sixth, seventh and eighth grade bands.

This Fall concert will have a patriotic theme with a touch of Halloween thrown in for good measure. The concert will be given in the K.M.S. gym at 7:00 p.m.

We hope to have a few musical surprises for you so see you then.

Village Trustees Sit in Silence as 64-Home Subdivision Rezoning Proposal Dies

Board Decides No Growth

By Andrew R. Kuehl
Staff Writer/Photographer

The Kewaskum Village Board met Monday, Oct. 5 and opened their meeting by addressing a public hearing regarding a request of LB Entrepreneurs, LLC, to rezone a parcel of land located north of CTH H from B-2 general business district to R-1 single-family residence district and R-3 two-family district, with the bulk of the land zoned R-1.

Developers, Gary Gavin and Joel Fehlhaber were present. Gavin addressed the people in the audience and the village board by saying, "What we are proposing to do is have a subdivision with 60 single family lots. The minimum requirement is 10,000 square feet, the minimum we have is 11,250 so we are above the requirements as far as square footage. We're looking at having four duplex lots on Edgewood."

President Robert Wagner stated that the project had been seen by the plan commission and they sent it to the board with a neutral recommendation.

Former trustee, David Goeden asked the board to consider a few points. He asked the board not to allow subdivisions to be named. Because he felt the individuality segregates the village.

He also asked that "lots one, 32, 38 and 60 do not access on Edgewood because of traffic. Now you're going ahead and putting duplex lots right near the stop sign down there, which is going to double your traffic down there."

Goeden also added he thought the lots should be larger.

Gavin stated "We went above what the Village's requirements are. The speed limit's 55 and we're going 55. You can't write me out a ticket, can you? We're doing what the village requirements are. The village requires a minimum of 75 and our lots are 75 and above. We're doing what the requirements are.

A non-resident of Edgewood Road, Judy Harlow, addressed the board with some of her feelings, saying she thought Gavin being on the board was a conflict of interest. Harlow also brought up a safety factor and the fact that the lots in her opinion were too small.

Gavin pointed out that Harlow herself created two lots on Edgewood Road.

To which Harlow responded, "Big deal!"

Edgewood resident Lewis Gatzke said he was concerned with his property value decreasing if the proposal went through.

Goeden indicated that lots 61-64 were proposed duplex. He asked why there were duplex lots when the rest was single family. He also thought there would be more of a traffic strain on Edgewood.

Goeden continued by telling the board they had to make a decision, if it would be zoned strictly R-1 or R-1 and R-3.

Trustee John Kenworthy, the lone trustee commenting on the issue, stated, "In our mind we have to almost block out

(Continued on Page 9)

Grand Opening at The K-Town Saloon

The K-Town Saloon in Kewaskum will be busy this weekend welcoming customers to their grand opening celebration with music, door prizes, food, the Packer game, and thirst-quenching specials.

Formerly known as Prime Time Pub, the business recently changed hands when previous owners, Mike and Rhonda Kardos purchased the Long Branch Saloon in Barton. The building, owned by Carole Keller, was sold to local resident Mark Herriges, who leases to K-Town Saloon.

The building itself boasts a long history of former tavern owners since the early 1900's, although the original structure was torn down and rebuilt in 1934. The present building has housed familiar names like Meinicke, Strobel, Heisler and

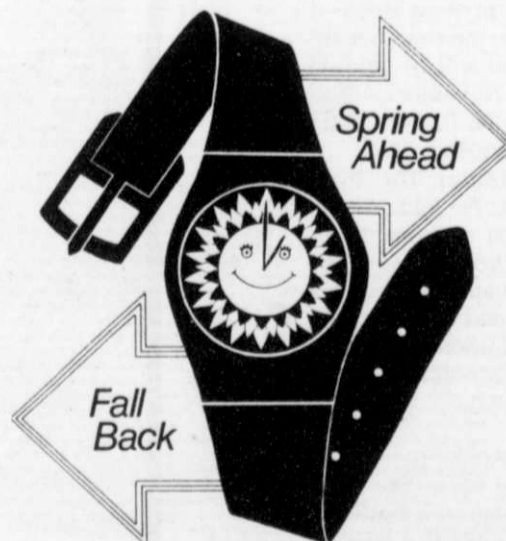

Keller, and the new proprietors of K-Town Saloon plan to continue the tradition of hospitality typical of the Village of Kewaskum.

Stop by this weekend and celebrate with Tom "T" and Diane Piwoni and Kenny "Bolzo" and Sandy Bonlender, who've extended an invitation to the community to join them on Sunday, October 25, from 11 a.m. to closing.

Throughout the day, hourly door prizes will be awarded and lunch will be served along with a variety of drink specials.

Music will be provided by Spid Pieper after the Packer game.

The new business will be open Monday, Friday and Saturday, 3 p.m. to closing; Tuesday through Thursday, 6 p.m. to closing, and Sunday, noon to closing.

Kewaskum School District Policy for Emergency School Closings

As in the past, radio stations WBKV (1470 AM and 92.5 FM West Bend), KFIZ (107 FM and 1450 AM Fond du Lac), WHBL (1330 AM and 97.7 FM Sheboygan), and WTMJ/WKTI (620 AM/94 FM Milwaukee) will be used to announce school closings. News stations will only announce a closing. If they do not announce Kewaskum, it means our schools will be open. The announcement will be on the air as early as possible.

When school has opened but weather turns bad, it is recommended that parents listen to one of the above radio stations for a possible school closing announcement. The district is extremely hesitant about closing school during the day. Every effort will be made to announce school closings during the day at least an hour before we dismiss the students.

It should be remembered that if school has been cancelled it means that all activities for that day and evening are cancelled as well. Also, parochial school students and special education students will not be transported when district schools close. If school is delayed by two hours, morning kindergarten and First Steps programs will automatically be cancelled.

Annulments and the Catholic Church

The Catholic parishes of Washington County are sponsoring two informational meetings on the topic of annulments. They are free and open to the public. Reservations are not required.

The first will be held on Tuesday, November 3rd at 7:00 p.m. at St. Mary's 406 Jefferson St. in West Bend. It will be held in the church hall.

The second will be held on Wednesday, November 4th at 7:30 p.m. at the Parish Center at Holy Hill on Hwy. 167.

The presenter for both nights will be Fr. John Aiello, who works on annulments for the Archdiocese of Milwaukee. Father will give a presentation and answer questions. For additional information please contact any area Catholic Church.

The distance is nothing; it is only the first step that is difficult.

—Mme. Du Deffand

Commended Students In 1999 Merit Program

The principal, Larry Wilson, of Kewaskum High School announced recently that Scott Mueller has been named a Commended Student in the 1999 National MeritSM Scholarship Program. A Letter of Commendation from the school and National Merit Scholarship Corporation (NMSC), which conducts the program, will be presented by the principal to this scholastically talented senior.

Some 34,500 Commended Students throughout the nation are being honored for their exceptional academic promise. Although they will not continue in the competition for Merit Scholarship[®] awards to be offered next spring, Commended Students placed among the top five percent of more than one million students who entered the 1999 Merit Program by taking the 1997 Preliminary SAT/National Merit Scholarship Qualifying Test.

A Merit Program spokesperson commented, "Recognition of academically talented students and of the key role played by schools in their development is essential to the pursuit of educational excellence in our nation. The young men and women named Commended Students are honored for their outstanding scholastic potential demonstrated by their high performance in the very competitive Merit Program. We hope the recognition received by these able students will encourage them to take advantage of their opportunities for higher education and to diligently pursue their professional goals. The nation will benefit from the full development of this valuable intellectual resource."

Marilyn Stevens of Porterfield will be featuring her beautiful appliqued sweatshirts in all kinds of colors and sizes at the Classic Arts and Crafts Fall Show, Sunday, Nov. 1 at the KC Hall just off CTH D in West Bend. The show runs from 9 am to 4 pm.

areas. Air conditioning and parking lots are included in the total \$4,175,000 cost.

In answer to safety concerns regarding traffic flow around the complex of three schools, Pearson said he had met with Kewaskum Fire Chief Mark Groeshel, who indicated the fire department could access the schools from all sides, and did not see this as a problem.

With interest rates and bond financing at an all time low, Vincent Lyles of Robert W. Baird and Co., discussed some positives with the taxpayers, including the fact district-wide equalized valuation has increased 7% over last year, and the \$4.5 million dollar debt already incurred by the district for the last building referendum will be retired in 2007.

In terms of money and impact on the taxpayers, business manager George Allmann said approval of the building referendum, spreading \$17 million over 20 years, would increase taxes by \$1.19 per thousand of equalized value, or \$119 on a \$100,000 home annually. Broken down, 86 cents per thousand represents the building project and 33 cents the recurring additional money to maintain the project.

During the meeting, Allmann explained that if approved, the \$200,000 will be added in to the general budget at the annual meeting each year, but circumstances such as revised state aid, could change the figures, lowering the tax rate to \$1.00 per thousand. Mortgage rates would lock in when the bonds are issued, and are expected to fluctuate around 5%.

"I know this is a tough pill to swallow," Allmann said of the money needed for maintenance, "but our electric bill at KMS alone is \$18,000 for one year. To protect added space, you've got to cover that in maintenance."

Board member Jon Downs, agreeing with residents who felt the financial aspect of the plan was confusing, asked administrators to clarify the information and get it out to the taxpayers before the referendum date. As a taxpayer himself, he said he understood the opposition to the recurring referendum, but felt it was necessary. "As a board, I feel we've been fiscally conservative."

"If the referendum fails and has to come back in April, add another 5% to building cost," Bray & Associates representative Ray Hein told the members of the audience at the end of the meeting. "Construction cost can become a major factor." In agreement, Gene Cravillion added, "These needs will still be there, they won't go away with every defeat of a referendum, keep that in mind."

Money is good for bribing yourself through the inconveniences of life.

—Gottfried Reinhardt

School Bus Safety Week, Oct. 18-24 Local School Bus Drivers to Be Inducted Into Hall of Fame

During National School Bus Safety Week, October 18 through the 24th, several of our local school bus drivers will be inducted into

the "Safety is No Accident" Driver Hall of Fame.

The Hall of Fame provides the opportunity to recognize an outstanding ro-

ster of Johnson School Bus Service drivers who have achieved a tremendous record of at least ten years of safe driving.

Kewaskum drivers currently included in the Hall of Fame are John Schmidt, 22 years; Joe Sekeres, 16 years, and Irene Gnacinski, 14 years.

The new inductees will be announced in an upcoming

edition of the Statesman.

Dry cleaning is not really dry. It involves liquid solvents and, in some cases, water as well.

A Bold Vision to Keep Wisconsin On Track

- Lower Taxes: Cut income taxes \$2 billion or \$1,500 for most families
- Badger Care: Help working parents provide health care for children
- Secure Seniors: Long-term care designed for senior's specific needs, choices
- Clean Environment: New Stewardship program for pristine land
- Ending parole: Keeping our streets safe by keeping criminals off our streets
- Stronger Schools: Graduation test, standards make schools accountable; Empowering parents with more educational choices.

A Record of Success

- 650,000 new jobs
- Welfare scrapped; caseload down 88 percent
- Higher wages, lower poverty
- America's best in health coverage
- \$500 million investment in school technology
- Allow teachers to remove disruptive students
- Preserved 200,000 acres pristine land; most ever
- More incentive for young families to farm

There's No Turning Back

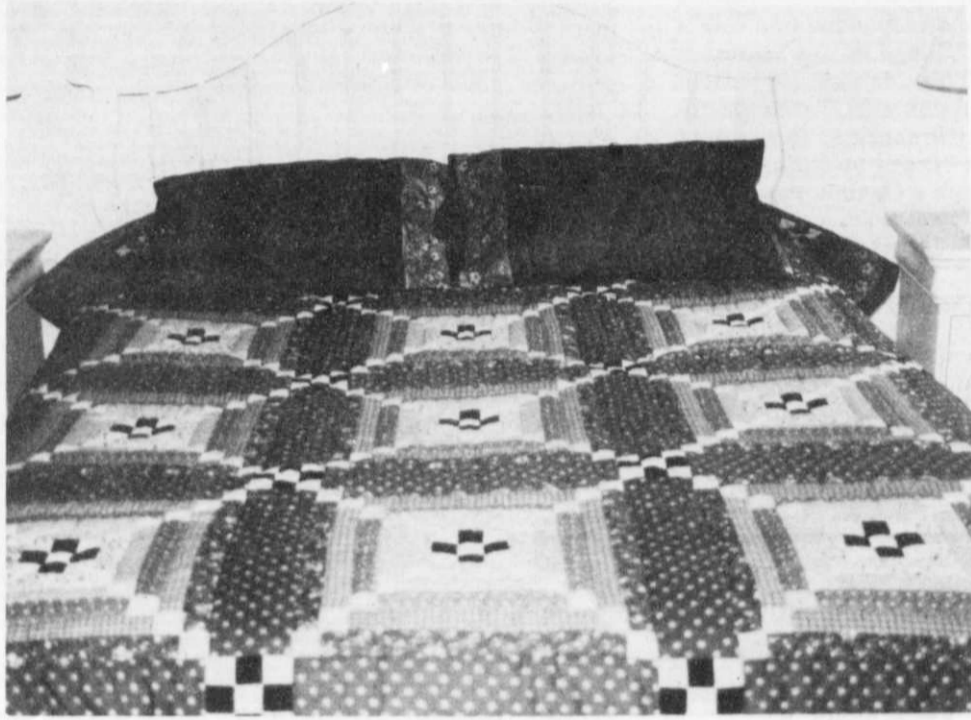

Leading Wisconsin Forward
Vote Nov. 3

A Stronger Washington County

- Improved Highways
- \$1 million for new technology in schools
- \$1.7 million to create jobs
- Welfare down to 13 cases
- Unemployment dips to record low 2.2%

Kewaskum Juniors Announce Annual Art/Craft Show

This year's Kewaskum Junior Woman's Club Quilt to be raffled on November 21st is a striking wilderness design in popular forest green, burgundy and ivory colors.

Members of the GFWC Kewaskum Junior Woman's Club cordially invite area residents to their 16th annual fine art and craft show entitled, "A Kettle Country Christmas."

The show will be held on Saturday, November 21st, from 9 a.m. to 3 p.m. at the Kewaskum High School Field House, 1510 Bilgo Lane and will feature many unique, skilled artists and craftsper-

sons from across central and southeastern Wisconsin.

Club members are actively working to once again make this an outstanding event for artists and craftpeople, club members and the viewing public. In addition to the exhibits, Juniors will offer homemade baked goods, candy and a quilt raffle. This year's quilt is a beautiful wilderness design in forest green, burgundy and ivory colors and includes two matching pillowcases. Advance tickets are available from any club member at \$1 each or six for \$5. Members include Donna Beck, Ruthie Butler, MeriLou Chambers, Janet Heberer, Jenny Heberer, Karen Kletti, Tisha Leitheiser, Louise Martin, Cheryl Peterson, Lisa Reuther, Carol Sabel, Dianne Shreves and Lori Stonecipher. A free quilt raffle ticket will be offered on the day of the show with a \$1 per adult admission fee.

A luncheon and refreshments will be served in the concession area of the field-

house.

The Kewaskum Junior Woman's Club is in its' 32nd year of chartering with the largest volunteer woman's organization in the world, the General Federation of Women's cubs. Areas of donations and service projects include the arts, conservation, education, home life, international affairs and public affairs.

Plan to join us on Saturday, November 21st for a delightful show!

Frank - Sellnow

Kimberly Frank and Troy Sellnow were united in holy matrimony on Saturday, May 23, 1998, during an afternoon ceremony at St. John's Lutheran Church in Mayville. Reverends Galen Drawbaugh and Timm Griffin officiated.

Parents of the couple are Randall and Edith Frank of Kewaskum and Kenneth and Eileen Sellnow of Mayville.

The bride chose their friend Julie Wenzlaff of West Bend, as matron of honor Scott Danielak, a friend of the couple from Beaverton, Michigan, served as best man. Katie Laubenstein of Appleton was the junior bridesmaid, with Wendi Dreher of Kewaskum serving as the bride's personal attendant. Acolytes included Shawn Laubenstein of Appleton and Dustin Schroeder of Horicon.

Miniature bride and groom were Aaron Laubenstein of Appleton and Lindsay Wenzlaff of West Bend. Logan Dreher of Kewaskum was the ring bearer.

Ushering duties were shared by the bride's uncle, Gerald Frank of Bonduel and Scott Saurer of Juneau, cousin of the groom.

A reception, dinner and dance followed the ceremony at Brownsville Community Center.

The bride is a 1993

Holy Trinity Hosts Takao Kunito

Takao Kunito is staying with the Roger Neumann family.

Holy Trinity School is privileged to host Takao Kunito from Hanno-City, Japan during the month of October. Takao arrived on October 4.

Takao and his wife Yasuko have one son Yasunori and two married daughters, Naoko and Miki.

This summer they were blessed with a grandson and granddaughter. Naoko had a baby born, Masajuki born May 28 and Miki had a baby girl, Kyomi born August 3.

Takao's wife teaches knitting at a knitting school two days a week. Two Sundays a month she goes to a welfare facility in the city to teach knitting to people over 60 years of age.

Takao is retired from Atlas Marine Co. Ltd. When he returns to Japan on November 3 he would like to teach American English (Kewaskum English) to Japanese children.

Hanno-City, situated in the

Saitama Prefecture, has a population of 83,000 and is located about 32 miles northwest of Tokyo.

Takao is introducing Japanese Culture, such as language, origami (art of paper folding), folk tales, songs and dance, seasonal festivities, annual events, school life, ordinary life styles, customs, geography, tea ceremony, traditional games and toys.

The organization representing Takao is Access to Japan -- STEP (Sowing Together for Earthly Peace). The program enhances instruction by bringing trained Japanese adults into the actual classrooms as language and cultural resources persons for the students, staff and community. They offer a cross-cultural learning elements, both inside and outside the classroom. This program was created to promote a better mutual understanding between countries.

Kondex Corp. Honored

1998 Governor's Waste Reduction and Recycling Awards Program. Left to right: Governor Tommy G. Thompson, winner Rosanne Kowal of Kondex Corporation, DNR Secretary George E. Meyer.

MADISON - Gov. Tommy G. Thompson recently announced winners of the 1998 Governor's Waste Reduction and Recycling Awards. The awards, established by Gov. Thompson in 1993, honor Wisconsin businesses, citizens, communities and schools for their outstanding waste reduction and recycling achievements.

Gov. Thompson and Department of Natural Resources Secretary George E. Meyer presented awards to 12 winners during an awards ceremony Oct. 7 at The Madison Concourse Hotel, Madison.

"This awards program has encouraged positive attitudes about recycling and waste reduction in Wisconsin. Achievements such as the ones honored tonight are becoming the norm, rather than the exception," Gov. Thompson said. "I congratulate all the award winners and everyone who has helped Wisconsin exceed the national rate of recycling."

A new Model Special Events award was given for organizing a waste reduction-and-recycling-friendly event. A Market Development Star was awarded for creating a tangible product or feedstock made from recycled material and contributing to the development of markets for recyclables.

"It's a pleasure to see recycling and waste reduction ethics embedded in everyday life, even into the workings of festivals, expos and fairs," Meyer said. "This attitude will improve the environment for future generations."

During the past six years, 98 waste reduction and recycling accomplishments have been recognized through the awards program.

Each winner received an engraved mantel clock made from a raw material made of newspaper and soybean by-products that looks like granite and works like wood. The clock faces were printed on recycled paper, and the clock works were purchased from a

Wisconsin-based business.

The awards program represents a partnership among the Department of Administration; the Department of Natural Resources; the people of Wisconsin; and the Recycling Market Development Board, the primary funder of the program.

Winners of the 1998 Governor's Waste Reduction and Recycling Awards Program included Kondex Corporation of Lomira, a leading manufacturer and worldwide distributor of agricultural cutting equipment, has forged the use of returnable, reusable packaging with their suppliers

and customers. Returnable racking has eliminated 100 tons of wood, ultimately saving customers \$250,000 a year. A returnable pallet and bulk bin program has eliminated 30 tons of wood scrap and 12 tons of corrugated waste at an annual savings of \$10,000. Kondex provides ongoing recycling and waste reduction education to their associates, customers and suppliers through its quarterly newsletter and other mailings.

Left over egg yolks can be covered with water in a tightly covered jar and refrigerated for two to three days.

Unique Craft Show At Amerahn Nov. 1

Crafts are APlenty at the "Unique Craft Show" November 1st, from 9:00 a.m. to 4:00 p.m., at Amerahn Hall, Hwy 45N, Kewaskum.

Arlene Landess of Kewaskum will be in attendance, with her beautiful display of painted Saw Blades and Wood Crafts. Each one is "Unique" in it's own way.

Also from Kewaskum will be Mary Laatsch. Her wide selection of Decorated Cards will keep you intrigued for a while. Mary has quite the assortment of items, for any occasion.

American Doll collectors, this booth is for you. Mary Steffen of Appleton will be here, with her elegant selection of Doll Clothes. You will leave with the best dressed doll in town.

A new crafter, to our show this year will be Pamela

Ludwig of Campbellsport. In her booth (#22) you will find a wide assortment of Crafts. Since she is new to our show I will just let you explore her booth and see what you may find. I promise you won't go home empty handed.

Before you leave, make sure to stop at Booth #27, and nibble on some of the Kettle Country twirlers best tasting baked goods. You won't go home hungry.

Daggett, Thull Win KEYS 5K Run

Sue Daggett, left, of Kewaskum, and Matt Thull, of Campbellsport were overall winners in this year's KEYS 5K Run/Walk. Approximately 870 individuals participated in the annual event, held in conjunction with Kettle Kountry Kolors.

Father-daughter team, Lora and Eric Christie of Kewaskum, participated in the annual KEYS 5K Run/Walk to help raise funds for Kewaskum High School scholarships.

Matt Thull and Sue Daggett again won individual titles at the 1998 KEYS (Kewaskum Youth Scholarship) 5K Run/Walk. Thull and Daggett each set course records for the second year in a row.

Matt Thull, a former nine time NCAA All-American in cross country and track at UW-Oshkosh and high school standout at Campbellsport, covered the 5K course (3.1 miles) in 14:27, three seconds faster than his record time in 1997.

After the race, Thull commented that, "the last mile was a pretty big struggle. I was all alone just trying to keep up with the pace bike. I'm in about the same shape as last year and I didn't know if I could do it (break the record). At the two-mile mark, I was three or four seconds behind my goal pace. I did a lot of clock watching. Racing against the clock is a lot more difficult than racing against other competitors."

Sue Daggett's margin for error was a little bigger than Thull's. Daggett's 1998 record time of 17:38 was 12 seconds faster than her record time of 17:50 set in 1997. Daggett is also a former NCAA All-American, who ran collegiately for Illinois State University and starred at Random Lake High School.

When asked about the race, Daggett commented, "I had a lot of fun. The course is neat with a lot of turns; diverse. It's nice being back home again and running in Kewaskum. There is a really nice atmosphere with the Kettle Kountry Kolors. I plan on coming back next year. It's a good race. I really enjoy this race."

Like many runners, both Thull and Daggett would like to make the 2000 Olympic team. Both will step up their training programs in January 1999 for the big push. Dan Beltz of Ray's Shoes, who awarded the two winners with checks, may sponsor Thull and Daggett as they train

towards the Olympic Trials.

Scott Branta, a local runner, finished second with a time of 15:25 and Joe Jaeger of Fond du Lac finished third in 16:26. In the women's division, Nathalie McCoy of Kewaskum finished second in 19:31, and Mary Johnson of Sheboygan finished third in 20:30.

Approximately 870 individuals registered this year compared to just over 800 individuals last year. Preliminary figures indicate that the 1998 KEYS 5K Run/Walk was again a financial success with early estimates of approximately \$12,700 made.

"The weather was great and it's fantastic to see the support of the community. The elementary school students from Wayne, Farmington, Kewaskum, and Holy Trinity turned out in record numbers. The captains and teachers from these schools did a great job motivating and encouraging these students to get involved. We are definitely

thankful for all their help," reported Jerry Gosa, one of the KEYS officials.

While race organizers were hoping for a turnout of over 1,000 individuals, they will be back at it next year with renewed optimism and new strategies to ensure continued growth in participation and financial success.

Age group winners:

Overall Male Winner - Matt Thull, Campbellsport.

Overall Female Winner - Sue Daggett, Kewaskum.

Female, Age 10 and Under - Lindsay Foley, Kewaskum; Jennie Wicklund, Kewaskum, and April Lettow, Kewaskum.

Female, Age 11-14 - Jackie Adelmeyer, Lomira; Alexa Nelson, Kewaskum, and Amy Deshotels, Kewaskum.

Female, Age 15-18 - Sandrin Mohn, Heather Rieder, Kewaskum, and Vanessa Current, Kewaskum.

Female, Age 19-29 - Mary Johnson, Sheboygan;

Erica Gerhardt, Campbellsport, and Julie Wenninger, Milwaukee.

Female, Age 30-39 - Julann Retzlaff, Mayville; Mary Kempf, Kewaskum, and Cindra Delgado, West Bend.

Female, Age 40-49 - Nathalie McCoy, Kewaskum; Cindy Carter, Appleton, and Lynne Mundigler, West Allis.

Female, Age 50-59 - Karen Sivley, Racine; Cheryl Lorenz, West Bend, Mugs McFadden, Kewaskum.

Female, Age 60 and Over - Colleen Cole, Kewaskum; Janice Honeck, Kewaskum, and Audrey Jaraczewski, Kewaskum.

Male, Age 10 and Under - Jason Jahnke, Kewaskum; Frank Cole, Kewaskum,

and Alex Rauch, Kewaskum.

Male, Age 11-14 - Justin Schraufnagel, Mayville; Alex Herriges, Kewaskum, and Travis Kempf, Kewaskum.

Male, Age 15-18 - Matt Belger, Kewaskum; Lucas Martin, Kewaskum, and Chad Will, Kewaskum.

Male, Age 19-29 - Joe Jaeger, Fond du Lac; Jeff Schreiber, West Bend, and Matt Sveum, Shorewood.

Male, Age 30-39 - Scott Branta, Kewaskum; Jim Schmidt, Waukesha, and David Schraufnagel, Mayville.

Male, Age 40-49 - Tim Merry, Germantown; Dan Sutton, West Bend, and Steve Wenninger, Allenton.

Male, Age 50-59 - Stan Mathes, Fond du Lac; Porter Reed, Elgin, Illinois, and Jose Luis Rodriguez, Milwaukee.

Male, Age 60 and Over - David Griffiths, Grafton; James Sivley, Racine, and John Coulter, Kewaskum.

SHEEPSHEAD WINNERS

5 handed winner's on Wednesday, Oct. 14th were: Diane Clark, 74-8--66, 25-5--20; Judy Ludwig, 71-10--61, 22-5--17; Jerry Stern, 63-5--58, 18-3--15; Hans Boegel, 61-11--50, 21-7-14; Larry Algiers, 56-13--43, 16-8--8.

Kettle Kountry Kolors is a Winner!

Kewaskum Police Officer Troy Ellis, right, hands the winning "Battle of the Bays" raffle ticket (which he drew) to committee chairperson John Meisser.

... and the winner is, none other than, Jeff Boden of Kewaskum. Jeff received a four day weekend for two in Tampa Bay which also included airfare, two tickets to the Packer-Tampa Bay football game, hotel accommodations and a tailgate party before the big game. He purchased the winning ticket from Jules Dreher the evening before the raffle. Who says the early bird catches the worm?

Board

(Continued from Page 1)

everything we've seen as far as lots or anything else. Going back to what Judy said earlier, a lot of times we sit up here and we know that Gary's going to do a good job on developments. We know that what he does is quality work, and it's hard for us, I think, as human beings, whoever comes before us as to the past work experience they've done. We have to look at this like, these laws aren't Gary Gavin's laws.

Whatever we do zoning wise is supposed to stick for a while. We went through here a year ago and made this commercial, kicking and fighting and now we're going to change it again to residential and would we be doing this if somebody else were before us? I think (Harlow) that's the question you brought up."

Harlow stated, "That's why I never mentioned a name, it's the idea that the developer is a trustee. Nothing should be a personal issue here, but, John you haven't been here very long. Talking about the Ogi and Reigle land, when Mr. Reigle wanted to be the village

Bonnie Schiefelbein, left, of Kewaskum, is shown with the Don Kloetzke print, "White Christmas" along with Chamber of Commerce Information Booth chairperson, Joyce Kral. Bonnie's name was drawn by Officer Ellis as the lucky winner of the beautiful print.

president, zip, zip, zip he's in. (Regarding his annexation). When certain other people wanted apartments, zip, zip, zip, they had them.

Kenworthy indicted a vote needed to be made as to what should be done.

Wagner agreed, saying he would like to see all of it be zoned R-1.

The public hearing was closed and Wagner called for a motion to deny or accept the rezoning request.

Gavin reminded the board they went above and beyond the terms set forth by the Village.

The council room remained silent as no board member took the initiative and the motion died.

On Tuesday, the Statesman office received a confirmed report that the developers have decided to put in a request to zone the whole 38 acre parcel R-1.

This will come before the board in a public hearing on

November 16.

In other action Fire Chief Mark Groeschel asked the board for permission to proceed with the tank repair/replacement on the Telesquirt.

He stated the tank would be replaced with a poly tank. He also said he would like to see this done yet in 1998. The price of the replacement tank would be \$8,625, and it would be purchased from Pierce Manufacturing of Appleton where the truck was built originally.

Police Chief Richard Knoebel gave the board his September report. He told the board he was ready to proceed with squad car purchase/lease.

He informed board members he would like to lease the vehicle because the department could buy extra equipment without raising their out-lay account.

Knoebel also said he wanted to lease from Ernie von

Schledorn in Lomira because of the superior service he has received from them in the past.

Also with the lease the village would purchase additional equipment for the car such as, a video camera system and certain speed detection equipment.

Director of Public Works, Jerry Gilles gave his bi-monthly report.

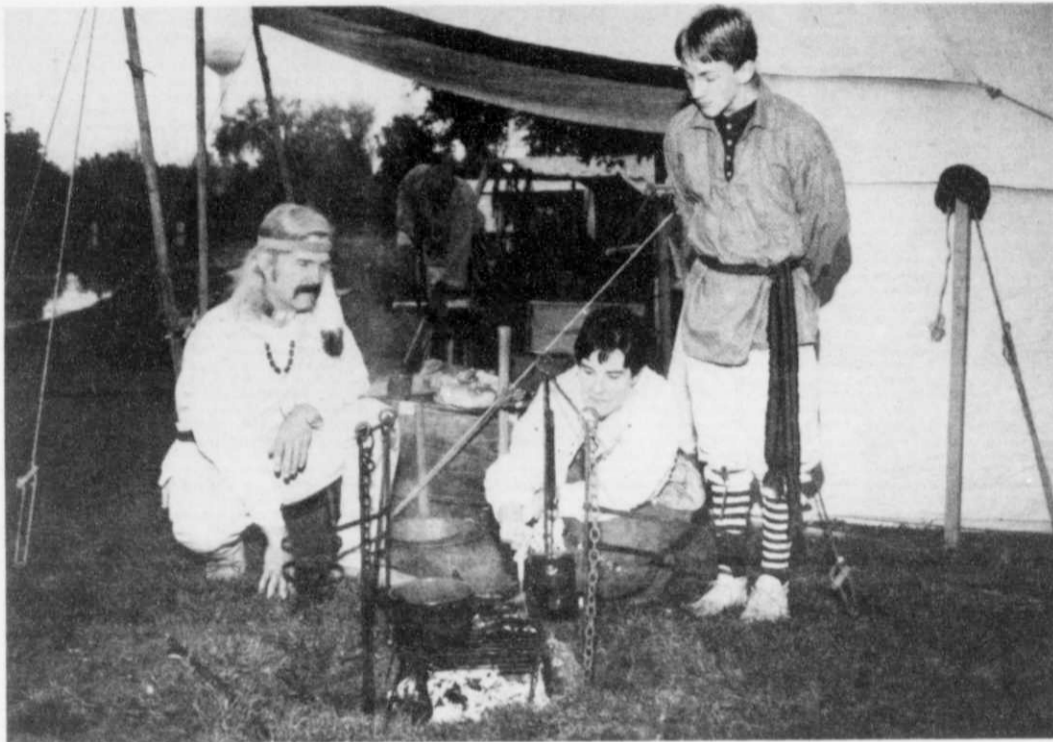

Administrator Daniel Schmidt informed the board of one operator's license.

He informed them that this would all be discussed in detail at another meeting in October.

Under new business the board acted on a resolution to request exemption from the county-wide library system tax levy.

The board reviewed the Fire Department's proposed budget for 1999 and set a dollar amount for servicing the individual townships.

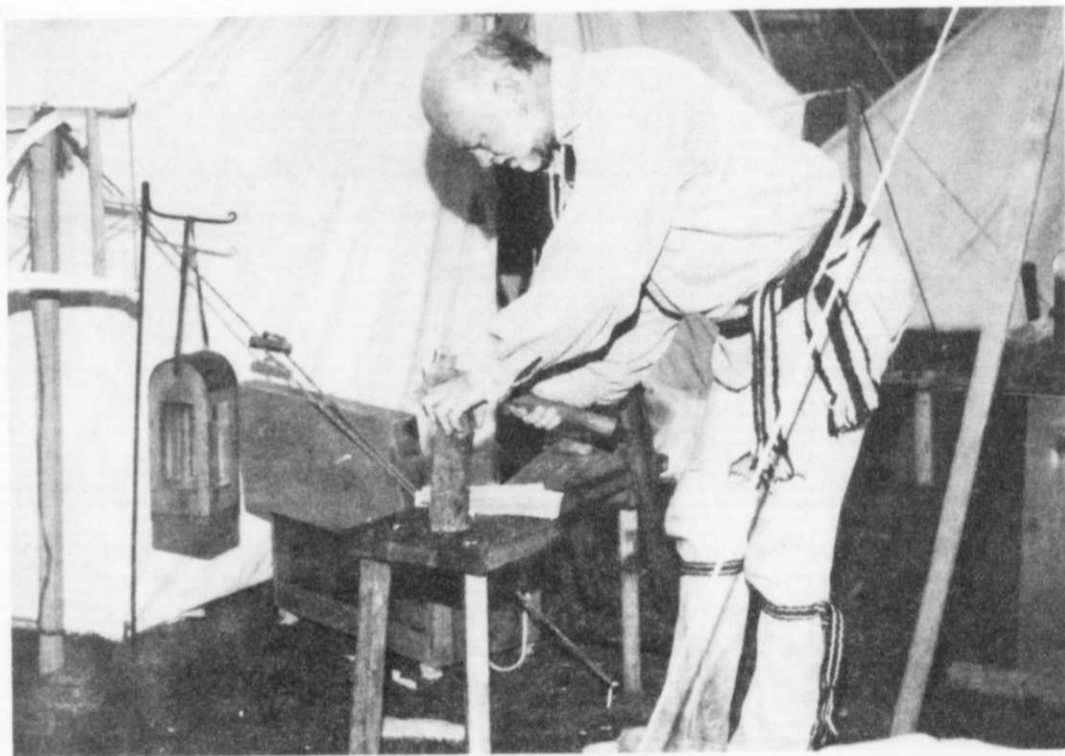

Record Number of Buckskinners Camp At Kettle Kountry Kolors Rendezvous

Slinger Man Killed After Being Hit by Train

Just less than six months after a 28-year-old Slinger man was killed by a train in the village of Slinger, yet another man lost his life just a quarter mile from that scene.

Joseph E. Zemlicka, 73, of Slinger was killed while crossing the tracks on Kettle Moraine Dr at Hartford Road on Saturday at 1:12 pm.

Victims watched in horror as Zemlicka walked directly in front of the Wisconsin Central Train and was struck.

It is apparent that this is a walk Zemlicka takes daily since suffering a massive

stroke.

Chief Steven Braun of the Slinger Police Department indicated allegedly Zemlicka had to concentrate on his walking, usually looking in a downward position. He apparently did not see the lights flashing as he crossed.

Zemlicka was also hearing impaired, he normally wore hearing aids but at the time of the mishap he was not wearing them which may explain why he did not hear the audible horn.

Zemlicka was pronounced dead at the scene.

Beautiful Weather Beckons Thousands To Kettle Kountry Kolors Festival

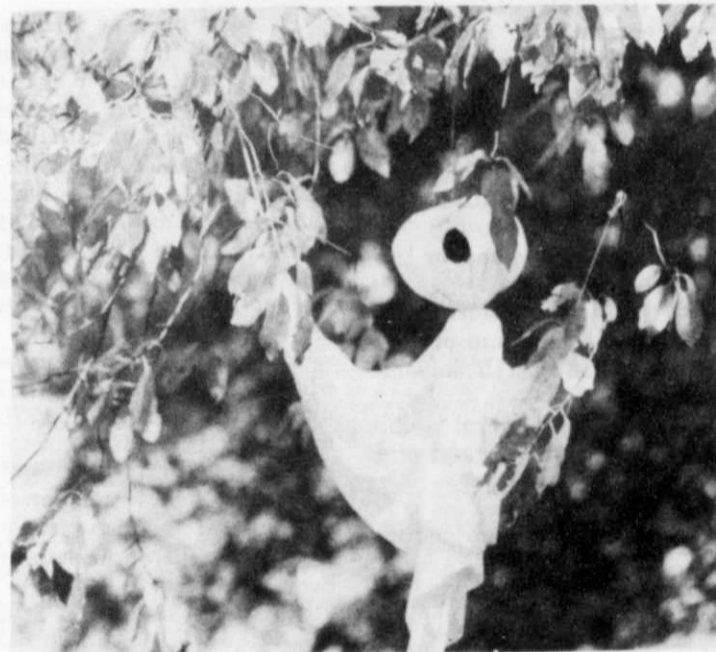

Beautiful weather, made to order for observing autumn, brought record breaking crowds to Kewaskum to roam throughout the festival grounds at River Hill Park on Saturday and Sunday during the annual Kettle Kountry Kolors festival.

The Happiness Clowns wandered throughout River Hill Park, entertaining children (and some of the adults, too, right boys??) with their balloon magic. It seems some of the "older" kids got just as much thrill out of the balloon hats as the kids did.

A new musical addition to the Kettle Kountry Kolors festival this year, was Inter Raymi, shown above, featuring the serene music of the Andes Mountains.

Friendly ghosts, jumbo pumpkins and decorative corn stalks dressed up River Hill Park for the festival, courtesy of Gwen Dreher and her helpful assistants.

Statesman Photos

Another new addition to the Kettle Kountry Kolors festival this year was the Model T Club who drove their collector cars to Kewaskum from Milwaukee. The antique vehicles were on display on Saturday afternoon for all to see and reminisce about.

OBITUARIES

HERBERT J. THORN

Herbert J. Thorn, 85, of Kewaskum, passed away unexpectedly at his home on Thursday, October 15, 1998.

He was born on August 16, 1913 in Allenton, the son of the late Nicholas and Caroline (Mechenich) Thorn and on November 9, 1940, he was united in marriage to Doris Hauschel at St. Kilian Church in Hartford.

Mr. Thorn was employed by the West Bend Company in West Bend for 21 years, retiring in 1976, and was a member of Holy Trinity Catholic Church in Kewaskum. Herb took great care of his garden and the many birds that were in his yard.

Survivors include his loving wife of 57 years, Doris, of Kewaskum; four sons, James (Lois) of Hustisford, John (Linda) of Kewaskum, Raymond (Mary) of West Bend and Michael (Joy) of Campbellsport; two sisters, Lorraine Fritsche of Hartford and Olive Eiffler of Milwaukee; four grandchildren, Jeff, Kurt, Bobbie Jo and Nick Thorn and is further survived by Scott (Tracy) Biertzer, Ginger Biertzer, Brenda (Todd) Gress, other relatives and friends.

He was preceded in death by a daughter, Jane Marie, on September 4, 1960, four brothers and two sisters.

A Mass of Christian Burial was held at 3 p.m. on Sunday, October 18, 1998 at Holy Trinity Catholic Church in Kewaskum with Father Mark Jones officiating. Burial followed in the parish cemetery.

Friends called from 1 p.m. until the time of services at the church only on Sunday.

The Miller Funeral Home in Kewaskum served the family.

ARNOLD H. FELLEENZ

Arnold H. Felleenz, 89, of West Bend, passed away on Monday, October 19, 1998, at St. Joseph's Community Hospital in West Bend.

He was born on February 11, 1909 in the Town of Kewaskum, the son of the late Gerhardt and Anna (Roden) Felleenz and on June 12, 1946 he was united in marriage to Marcella Schleif at Peace United Church of Christ in Kewaskum. The couple made their home in West Bend.

His wife preceded him in death on March 27, 1971.

Mr. Felleenz served his country in the U.S. Army for four years during World War II and was awarded the Purple Heart. He was employed by the West Bend Company until his retirement in 1971 and was a member of the 25 Year Club. He was a member of the Robert G. Romaine American Legion Post #384 in Kewaskum and a member of Immanuel United Church of Christ in West Bend.

Survivors include four sisters-in-law, Caroline Felleenz of Kewaskum, Merna Felleenz of New Berlin, Gladys Klein of Milwaukee and Elaine (Howard) Mayer of Cedarburg, along with many nieces, nephews, other relatives and friends.

He was preceded in death by a sister, Elsie; six brothers, Edward, Tony, Andrew, Art, Joe and Ervin.

Funeral services were held at 7 p.m. on Wednesday, October 21, 1998 at Immanuel United Church of Christ in West Bend with Rev. James Eckblad officiating. Burial with military graveside rites was at 10 a.m. on Thursday at Peace United Church of Christ Cemetery in Kewaskum.

Friends called from 5 p.m. until the time of services at the church only on Wednesday.

Memorials may be given to the charity of one's choice.

The Miller Funeral Home in Kewaskum served the family.

CLARA STANGE

Clara Stange, 85, of the Town of Scott, passed away on Friday, October 16, 1998, at Beechwood Rest Home in Beechwood.

She was born on December 29, 1912 in the Town of Barton, the daughter of the late John and Emma (Heiser) Abel and attended school in the Town of Barton and at St. John's Lutheran School in West Bend. She was united in marriage to Carl Stange. He preceded her in death in 1967.

Mrs. Stange was employed at various places until her retirement in 1975 from Amity Leather Products Company in West Bend and was a member of Immanuel Lutheran Church in the Town of Scott.

Survivors include a son, Dr. Frederick (LouAnna) Domann of Platteville; two daughters, Ruth (Kenneth)

McKenna of Random Lake and Marion (Henry) Schacht of the Town of Scott; three step-sons, Robert (Mardell) Stange of Franklin, Ralph (Judi) Stange of Kiel and Richard (Janet) Stange of Kewaskum; a sister-in-law, Frieda Abel of West Bend; eight grandchildren, 14 great-grandchildren, a great-great-grandson, seven step-grandchildren, two step-great-grandchildren, other relatives and friends.

She was preceded in death by ten brothers and sisters.

Funeral services were held at 3 p.m. on Monday, October 19, 1998 at Immanuel Lutheran Church in the Town of Scott with Rev. William Robinson officiating. Burial followed in the church cemetery.

Friends called from noon until the time of services at the church only on Monday.

The Miller Funeral Home in Kewaskum served the family.

AUDREY G. HENNING

Audrey G. Henning (nee Reinhardt) of West Bend, formerly of Brookfield, died Thursday, October 15, 1998 at her residence at the age of 75.

She was born and raised in Milwaukee. A 1941 graduate of Custer High School, she married Kenneth A. Henning on May 25, 1945 and lived in Brookfield, Milwaukee, Merton, Menomonee Falls, finally settling in West Bend.

She is survived by two daughters, Linda (Jerry) James of Boltonville, and Deanna (Lyman) Carlson of Okauchee; five grandchildren, Tammy Hames of Boltonville, Kim (Gerald) Knoblauch of Cascade, Troy James of Milwaukee, Toby James of West Bend and Whitney (Bruce) Slominski; five great-grandchildren, Kyle, Kolin, Ryan, Adam and Dakota; and other relatives and friends.

She was preceded in death by her parents and one brother.

Graveside services were held on Wednesday, October 21, at 10 a.m. at Washington County Memorial Park, with Pastor David Meyer

officiating.

Visitation was on Tuesday, October 20, from 5 to 7 p.m. at the Phillip Funeral Home in West Bend.

Memorials are appreciated.

CARD OF THANKS

We want to extend a sincere thank you to all our family, relatives, neighbors, and many friends who have helped and shared our loss of our little angel Mikaela.

A very special thank you to Father Mark Jones, St. Joseph's Hospital, the First Responders, Children's Hospital Milwaukee, Miller Funeral Home, donors of flowers, memorials, food, cards and anyone who showed their respect in any way. We are very grateful and it is a comfort to know how many people care.

Doug, Dawn, Lisa & Dougie Franzen & Jon Walczak

PRAYER OF THE BLESSED VIRGIN

(Never known to fail). Oh, most beautiful flower of Mt. Carmel, fruitful vine, splendor of Heaven. Blessed Mother of the Son of God., Immaculate Virgin, assist me in my necessity. Oh Star of the Sea, help me and show me here you are my Mother. Oh Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. Oh Mary, conceived without sin, pray for us who have recourse to thee (three times). Say this prayer for three consecutive days and then you must publish and it will be granted to you. Grateful thanks.

D.W.

KMS Students Write Home Town Poems

To wrap up the 1997/98 school year, in their English class, eighth graders at Kewaskum Middle School studied a unit on Wisconsin writers. At the beginning of the unit, the students read a poem called "Walking Milwaukee" by Harold Witt. In response, the students worked at various times throughout the unit, writing their own poems about taking a walk in their home towns. The following are some of the poems written by the eighth graders.

"A WALK THROUGH FARMINGTON"

by Beth Herman

While waking through my hometown of Farmington, Wisconsin,

I saw a rotted barn with paint chips falling,
A peaceful field flowing in a chorus.

I walked further past a smelly pond buzzing with bugs
And an old graveyard sadly singing.

I walked still further and saw an old yellow house bursting with laughter,
It's wrinkly smile spread over it's tarnished siding.

Next to that was a sparkling, white house stately stood.
I turned and went past a base ball diamond

Filled with triumphant cheers and pitiful whines.

I went up a tall hill, turned around

And overlooked the view.

The happiest people are those who are too busy to notice whether they are happy or not.

MEETING NOTICE

The Kewaskum School District Board of Education will meet in Special Session on Monday, October 26, 1998, beginning at 7:00 p.m. in the commons at Kewaskum High School. The meeting is open to the public.

PROPOSED AGENDA

1. Call meeting to order - President Goeden
2. Roll call of members
3. Approve motion to disallow a legal claim
4. Approve 1998-99 budget, tax levy and establish the tax rate.
5. Adjournment

NOTICE OF PUBLIC BUDGET HEARING FOR TOWN OF AUBURN, FOND DU LAC COUNTY

Notice is hereby given that on Monday, November 9, 1998 at 7:00 p.m. at the Town Hall of Auburn a PUBLIC HEARING on the PROPOSED 1999 BUDGET of the Town of Auburn in Fond du Lac County will be held. The proposed budget in detail is available for inspection at the Clerk's home. Call for an appointment. 533-8856.

NOTICE OF SPECIAL TOWN MEETING OF THE ELECTORS OF THE TOWN OF AUBURN, FOND DU LAC COUNTY

Notice is hereby given that on Monday, November 9, 1998 immediately following completion of the Public Hearing on the proposed budget which begins at 7:00 p.m. at the Town Hall of Auburn, a special town meeting of the electors called pursuant to Section 60.12(1)(c) of Wisconsin Statutes by the Town Board for the following purposes will be held:

1. To approve the total 1999 highway expenditures pursuant to Section 81.01(3) of Wisconsin Statutes.
2. To adopt the 1998 town tax levy to be paid in 1999 pursuant to Section 60.10(1) (a) of Wisconsin Statutes.
3. To establish salaries of elected officials for the terms of office to begin in April 1999 pursuant to Section 60.32 of Wisconsin Statutes.

The Town Board of the Town of Auburn will meet immediately following the above special town meeting to adopt the budget.

Dated this 19th day of October, 1998.

Camilla Butzke
Town Clerk of Auburn

KMS Students Write Home Town Poems

To wrap up the 1997/98 school year, in their English class, eighth graders at Kewaskum Middle School studied a unit on Wisconsin writers. At the beginning of the unit, the students read a poem called "Walking Milwaukee" by Harold Witt. In response, the students worked at various times through out the unit, writing their own poems about taking a walk in their home towns. The following are some of the poems written by the eighth graders.

Kettleview Walk Through

By: Heidi Terlinden

As I walkout my front door, a blooming Lilac tree greets me with a sweet smell. I walk down my driveway and a bent up mailbox sits looking very depressed and ready to be replaced.

When I turn left down

Kettleview Dr. a marsh waves at me from both sides of the road. A dead corn field sits waiting for it's future home, the ground. I walk past an old rat infested barn and a fat woodchuck crawls out and stars at me, frozen.

I walk a little further and my attention is brought to the right, and a very cute little dog, barking and wagging it's tail. Then I stop to catch my breath and look at the lake who's water is rippling and the little island in the middle seams to laugh with the waves crashing on it's shore.

I turn right onto a different road and look up at the huge hill that stands tall and proud. As I climb the hill the Ice-Age Trail winds through the forest on my right. Now comes the easier part, the walk down the hill. When I come to the bottom a wretched trench fills my lungs and I see the disgusting pile of garbage on the bend.

The road curves to the left and as I keep on this road I look to the left and there stands the mighty Sunburst Ski Hill, now green and lifeless, resting for the summer, waiting for winter to come again.

Dial-A-Prayer

Dial 626-8747 and you will hear a prayer spoken on your behalf. It will change your day!

Each day there is a different prayer. The prayers speak to the God of the Bible. They are based on the truth taught in the Bible. They are non-denominational but biblical. In other words, they are Christian.

The Rev. H. David Flegel of Salem United Church of Christ in Wayne and St. Peter's United Church of Christ in Jackson, is offering this ministry to people in the surrounding communities.

Rev. Flegel stated, "It seems that people too often are too busy to pick up a prayer book, or take a minute of quiet meditation. But they are used to picking up their phone easily and quickly. I hope they will and dial 626-8747. It may be the first moment of the morning. It may be at a moment of stress or decision making of the day. I believe that for persons who regularly turn to Dial-A-Prayer, and spend this moment with God, will in a short time discover a difference in their lives."

Flegel added readers should try it for a week. He assures you it will change your day... perhaps even your life.

Neumann, Gosa Place on Second Team All Conference

Carol Neumann of Kewaskum is surrounded by Kiel runners at the start of the Eastern Wisconsin Conference girls cross country meet on October 15. Neumann placed eighth for Kewaskum and earned Second Team All Conference honors.

Colleen Gosa of Kewaskum running hard at the Eastern Wisconsin Conference Meet. Gosa placed 14th and earned Second Team All Conference honors.

The Kewaskum Cross Country team traveled to Chilton for the Eastern Wisconsin Conference meet on Thursday, October 15. This was the first meet Kewaskum competed against Chilton and Two Rivers this season.

They were not aware of the power that both strong contenders have. The cold temperature and wind made difficult running conditions. The top seven in each race were awarded first-team all conference, and the next seven were awarded second-team all conference.

The Kewaskum girls team finished fifth in their conference with 126 points. "I was hoping for a fourth place finish for the girls, but Roncalli had a little more than I expected," said Dave Drexler, Kewaskum cross country coach.

Carol Neumann and Colleen Gosa finished eighth and fourteenth, earning second team all conference awards. Neumann ran the course in 16:42, missing first team all conference by one place. Gosa captured the last spot on second-team all conference with a time of 17:07.

"I am very happy with

Carol and Colleen's all conference honors. I'm looking forward to sectionals. I'm hoping to get one of them through (to State)," Coach Drexler said.

Emily Rinzel finished 23rd with a time of 17:38. Kelly Darmody took 39th with a time of 18:24. Heather Hackbarth ran the course in 18:32, taking 42nd. Michelle Zingsheim finished 50th with a time of 19:58. Emma Chambers finished 51st with a time of 20:32.

The Chilton girls team won at their home course with only 45 points. They had four of their five counters earning first or second-team all conference awards. Sarah Gruber, a senior at Chilton, dominated the field. Gruber ran singly over the rolling golf course in an excellent time of 15:35.

Kiel took third with 61 points. Michelle Riehn was Kiel's top finisher taking sixth with a time of 16:28. Brianna Dahm of Two Rivers helped her team out by placing second, with a time of 15:56. Two Rivers placed third overall with 83 points.

Roncalli finished fourth with 107 points. Lydia

Kraemer was Roncalli's top finisher taking 12th with a time of 17:03. Plymouth took sixth with 139 points. Kristen Kreple was Plymouth's top finisher taking tenth with a time of 16:49.

Sheboygan Falls took seventh. Sheila Schwartz led them by placing fourth with a time of 16:18. New Holstein by placing eighth in the strong conference with 182 points. Penny Birsbach led them by taking 16th with a time of 17:08.

The Kewaskum boys team took seventh with 186 points. Freshman Bryan Kraft led the team by finishing 29th, with a time of 19:06. Scott Mueller took 36th, running the course in 19:52.

Danny Wall struggled during the race, finishing 38th with a time of 19:58. Josh Repovsch finished

40th with a time of 20:21. Brian Wall finished 43rd with a time of 20:45. Chris Wenninger finished 44th, running the course in 20:46. Josh Rieder finished 46th with a time of 20:55.

"I felt all of our runners did their best up against the tough competition. The team is running good for this time of the season. Overall the team did very well," Coach Drexler said.

The Two Rivers boys' cross country team dominated over everyone. They won the meet with a low point total of 40. Two Rivers had all five counters earning first or second-team all conference awards. Bo Erickson of Two Rivers won the race with an excellent time of 16:30.

Chilton followed with 35 more points, 75. Andy Meyers, finishing fifth with a time of 17:20, was Chilton's top finisher. Kiel followed closely behind with 76 points. Kiel's top finisher was Curtis Fintelmann, placing fourth with a time of 17:10.

Plymouth finished fourth with 81 points. Doug Amel, finishing second with a time of 17:03, was Plymouth's top finisher. Sheboygan Falls took fifth place with 112 points. Randy Schwartz led this team by taking third with a time of 17:05.

New Holstein finished sixth with 161 points. Justin Schmitz finished sixth for New Holstein, running the course in 17:22. Roncalli took eighth in the strong conference with 210 points. Gabe Siehr finished 19th with a time of 18:01, and led Roncalli's boys team.

Kewaskum travels to Kiel on Saturday, Oct. 24, to compete at one of the Division Two sectionals.

Indian Freshmen Defeat Plymouth

The young Indians once again played a solid game, defeating a talented Plymouth squad by a score of 12-8.

After a scoreless first quarter, the Indians opened the scoring with a minute left to play in the second quarter on a Justin Rhodes four yard run. The extra point sailed wide giving the Indians a 6-0 lead. The touchdown was set up by a 55 yard pass from Tommy Ogi to Tony Fitts.

The Indians received the ball to open the second half and promptly drove 62 yards for a touchdown. Chris Canter found some room on a sweep for a 30 yard touchdown run. The two point try failed, which brought the score to 12-0.

The defense continued to play well until a late fourth quarter touchdown. Plymouth then recovered an onside kick with two and a half minutes to play. After a first down, the Indian defense stiffened with the ball on their own 30 yard line.

On fourth and one, Rhodes shot through the line to stop the Plymouth runner for a one yard loss. The Indian offense then proceeded to pick up a first down and run the clock out.

With the win, and a previous 43-6 victory over Two Rivers, the freshmen record now stands at 5-1.

The world cop may have come from the initials c.o.p., which stood for constable on patrol, or be short for copper, since constables wore copper badges.

Letters to the Editor

October 19, 1998

Letter to the Editor:

I am writing this letter to explain why a \$200,000 recurring referendum is being brought before the electors on Tuesday, November 3.

As you may or may not know, all Wisconsin school districts have "revenue caps." Revenue caps set a maximum amount of dollars a school district can tax for any one school year. The amount is based on the student enrollment for the district. For the 1998/99 school year the maximum amount of dollars Kewaskum School District can tax is \$5,211,213 which excludes long-term debt. We cannot ask for more tax dollars, even if they are needed to maintain schools.

If the \$200,000 recurring referendum passes, the school board would then have the option to raise taxes up to \$200,000 above the revenue limit. The board would only do this if there is a financial need. The reason the board is asking for this option is the concern that there will be additional costs involved in operating Beechwood Elementary School and paying for additional heat, electricity and maintenance of the new additions to Wayne Elementary, Farmington Elementary and the high school/middle school addition. At this time, the exact cost of operating these additional facilities is not known. However, we estimate that it will be \$200,000 or less.

If the recurring referendum does not pass and the \$17,000,000 referendum does pass, it would be very difficult to maintain all the buildings without cutting some existing and very needed programs.

I hope this letter helps explain the upcoming \$200,000 recurring referendum. If you have any further questions concerning this, please call me at 414-626-8427, ext. 8006.

Sincerely,
Clark A. Pearson
Superintendent

Dear Kewaskum
School District Residents:

This letter is intended to refute some half-truths that have been circulating ever since the School Board began its study of our building needs. I will list each half-truth first and then respond with the whole truth.

Half Truth - "Two committees and two administrations have recommended opening Beechwood School."

Whole Truth - While on the surface this statement may appear to be the case, keep in mind the following: Both committees and both administrations used a growth scale of 4% to

determine building needs. The second committee and present administration then scaled down the growth rate to 2%, 2.5% and 3% projections. Our actual growth rate is 1.8%

Further - the second committee never arrived at a consensus. In fact, was so divided it became "stuck" and decided to put the decision back in the Board's hands. This is why there was no written recommendation by the committee. They were never unanimous in anything -- except the need for a new KES.

Interestingly, some members quit the committee because they believed that the outcome had been predetermined and that the committee existed merely to be steered to that conclusion.

In addition - when surveyed, the majority of committee members did not realize that the Board expressly requested to see a model without Beechwood. Members also indicated that they did not know what a recurring referendum was and said that the issue never came up. In short, they did not realize that it would take a recurring referendum to operate Beechwood. They never discussed it. The ideology of opening Beechwood was discussed, but not the funding for operations.

Half Truth - "Survey results indicate that the community supports opening Beechwood, even people without children."

Whole Truth - While the 1996 Survey of Residents would appear to validate that statement, a closer look is needed. When we (the Board and administration) began to formulate questions for this survey, we were specifically told not to put any conditions on the Beechwood question. We could only ask, "Do you support the reopening of Beechwood Elementary School?" We could not add, "... if it costs \$800,000 to do so?" or "... if it means taking children from the New Fane and/or Boltonville area to keep the numbers up," or "... if it means exceeding the legal spending limit by \$200,000 forever by using a recurring referendum." Even some committee members answered "yes" but with conditions.

Half Truth - "Survey results indicate that most people support community schools."

Whole Truth - The actual survey question was: "Do you support the current philosophy of maintaining outlying elementary schools at Farmington and Wayne?" (emphasis mine). This question was to determine if the community wanted to keep those two schools or whether the community preferred a centralized school. It was a Farmington and Wayne question.

Half Truth - "The

Beechwood School could have 120 students."

Whole Truth - Yes, and Wayne School could have 200, or KES could have 600, or Farmington could have 400. It all depends on where the school district draws the boundary lines.

According to 1998 Town of Scott census and Johnson Bus figures for grades K-5, there will be 84 students for 1998-1999 school year, 72 for 1999-2000, 55 for 2000-2001 and 48 for 2001-2002. In fact, there will be two kindergartners in 1999-2000 school year. Will these children be bussed to Farmington or will the Farmington kids be bussed to Beechwood? Constantly moving district lines would potentially force children to change schools each year.

Half Truth - "The Town of Scott is growing."

Whole Truth - The fact is that the Zoning Ordinance of the Town of Scott is very growth-prohibitive. Let me quote from section 1.3 (bear with me on this): "Intent - It is the general intent of this Ordinance to regulate and restrict the use of all structures, lands, and waters; regulate and restrict lot coverage, population distribution and density, and the size and location of all structures so as to: preserve as much prime agricultural land in the township as possible, to keep existing farms intact, to preserve woodlands and wetlands, to encourage the division of land into small parcels in areas adjacent to present population centers, to promote the building of single family dwellings and control the building of multiple family dwelling, to light industry, planned recreational areas, control the development of quasi-agricultural land uses such as hobby farms, establish and promote plans to control access to heavily trav-

eled highways, provide adequate light, air sanitation and drainage, prevent overcrowding, facilitate the adequate provision of public (sic) facilities and utilities, stabilize and protect property values, preserve and promote the beauty of the town and implement the town's comprehensive plan or plan components. It is further intended to provide for the administration and enforcement of this Ordinance and to provide penalties for its violation."

Yes, the township did approve a new subdivision, but that subdivision resides in the Random Lake School District. The Town of Scott feeds into three school districts: Kewaskum, Random Lake and Plymouth.

These are the facts. I wanted you to be aware of these things before you voted to spend \$800,000 to open Beechwood and approximately an additional \$125,000 forever for its operation.

Sincerely,

Mary P. Andera
School Board

Letter to the Editor:

As a former member of the Community Facilities Planning Committee, I was originally in favor of opening Beechwood Elementary School. Our committee,

however, was not informed of a recurring referendum prior to making that decision. Spending that much money on a disproportionately small segment of the school district population would be a mistake.

Furthermore, according to the Kewaskum School Census and Johnson Bus data Beechwood does not have enough students to support reopening that school. Farmington students would then be forced to be bussed to Beechwood to maintain enrollment at Beechwood. This makes absolutely no sense. Those monies should rather be spent where real growth is occurring: Kewaskum Elementary and Farmington.

My vote will be NO on the upcoming referendum.

Respectfully Submitted,

Renee Lawrence

Dear Editor and Kewaskum
School District Residents:

On November 3rd, we will be voting on a new building referendum for the Kewaskum schools. The plan is based on the countless hours of study and discussion by the school board, committees, administration, and district residents over the past year and comes on the heels of the failed

Letters to The Editor

September 8th referendum. Why is this version of the building referendum better than the first? My letter will answer that question and is based on facts gathered at the informational meeting held last week (and many previous meetings).

There were three major concerns voiced by taxpayers against the September 8th referendum: 1) lack of planning for future growth (very few classrooms were to be added, and we would have needed to build again in a few years), 2) not utilizing the existing facility in Beechwood while adding classrooms at Farmington, and 3) lack of an auditorium and stage to support our fine arts program. I'm happy to say that the building plan on the November 3rd vote addresses all these concerns!

REASONS TO VOTE "YES"

1. The new plan includes everything the September 8th plan had plus more of what taxpayers wanted. If you voted yes on the earlier vote, you will certainly want to vote yes again. If you voted no because of the aforementioned reasons, you now will be able to vote yes!

2. This plan includes the addition of a gymnasium. Did you realize that the stage that some of us remember using for performances in Rose Hall no longer exists (since the last improvements were made at the high school)? Students have been performing on a portable stage and using a hallway as a backstage area. This might be acceptable for a kindergarten program, but not at the high school level! Every other school district in the surrounding area (West Bend, Slinger, Random Lake, Plymouth, Campbellsport, etc.) has an auditorium-like facility. In light of school choice, we need this to attract and retain students. If students leave our district, the loss in state aid (\$4,200 per student) will hurt our budget and eventually result in an increase in your taxes to make up the difference. The proposed gymnasium can be used as a gymnasium on a daily basis, but has pull-out auditorium seating and a fixed stage area. It is not a frivolous auditorium with permanent seating, but a very functional and much needed addition.

3. This referendum includes the addition of classrooms to meet future growth throughout the district. The plan adds five classrooms at KMS, which has by far the fastest growth rate in the district because of the demographics of people moving into our district, and is near capacity. The plan also adds two classrooms each at Farmington and Wayne schools, which are both experiencing growth as subdivisions continue to build

up. While the first referendum would have taken us out less than ten years, this plan should hold us for about 20 years. The board should not have to come back to you asking for more money for as long as we are paying on these twenty-year bonds, as they would have under the first plan.

4. This plan includes the utilization of the Beechwood School. Based on the letters that were printed in this newspaper, it seemed that a majority of taxpayers throughout the entire district felt that BES should be included in the plan. It simply did not make sense to add six classrooms at FES while leaving the six classrooms in Beechwood empty. Since the population in that area does in fact support the reopening of the school, it is an educationally sound and fiscally responsible plan.

5. Because of the current low interest rates, it is the right time to build. The plan includes items that are really NEEDED in this district; it is not just a wish list. It simply addresses the current needs of the district while adding a modest number of classrooms to accommodate our current growth rate of 2%. If we wait any longer, not only will interest rates likely rise, but the construction costs will certainly rise as well.

I know a lot of people have reasons why they think they should vote no. Let me address those as well and assure you that the administration, architects, and school board have considered all options:

* The reason that the concept of building a new KHS outside of the village, moving KMS to the old high school building, and KES to the old middle school building will not work is simply the cost. A new high school building would cost \$21 million alone, excluding the cost of the land and the still-needed improvements at the outlying schools. The total bill for this type of plan would be \$27-30 million. Imagine funding that on your tax bill!

* The site of the new KES was studied in depth. The board did not feel the taxpayers would allow them to purchase land. While I was apprehensive about building on the existing site in the last referendum, I have come to accept this decision. The traffic situation is being aided by a service area off the street for buses and cars to drop off and pick up students. The fact is that the majority of the village residents voted yes to this plan on September 8th, so it seems they are

comfortable with building the new school on the existing site.

* The myth that the joining of KHS and KMS with a gymnasium and IMC will create traffic and safety hazards has no merit. Traffic flow has been considered in the plans and there will be adequate exits on both sides of the facility as well as fire hydrants, such that the Kewaskum Fire Department has assured us of no problems in servicing the facilities.

* The reason that the plan includes a separate administration building is that the building codes mandate much stricter and costlier construction to build within a school. If your building will not be housing children, you can build it of a residential (wood frame) quality instead of a school (steel and brick) quality, resulting in much lower costs. If we tried to salvage part of the old KES to create an administrative building, we'd have to build up former interior walls into exterior walls (costly) and we'd be stuck with a building that is inefficient to heat. Bottom line is that a new separate administrative building is most cost effective.

PLEASE read the informational brochure that is being mailed out to all residents about the building referendum. The passing of the November 3rd referendum is in the best interest of our children and would finally put an end to the "band-aid" approach that this district has taken in the past. Let's step up to the plate and give our kids what they need by approving a plan that will meet our current needs and take us into the future. Please vote YES on November 3rd to both resolutions so that we can build and maintain the proposed facilities.

Sincerely,

Sharon M. Zolp

Dear Editor,

I have some concerns over the opening of Beechwood. I, too, am for small community schools, and not having my children going to schools far from home. This is why I question the opening of Beechwood.

I've seen the numbers from Johnson Bus Company, and I know there are not enough children from Beechwood and the Town of Scott to open the school. I know these children will be

pulled from other places such as Farmington. I know when I was on the Planning Committee the line was on the south side of Boltonville, and down swamp road behind my house.

My concern is the problem Beechwood people are concerned with in reverse. I do not want my children shipped to Beechwood so there will be enough for Beechwood children to be close to home. I'm sorry there are not enough children there to open the school, but for the twelve years the Beechwood School has been closed, Beechwood residents have known they would go to Farmington or Kewaskum.

This means that the children that were in first grade are now in grade twelve. This also means that residents there have known their children would go elsewhere when they purchased their homes and had children. Residents here in Farmington did not have that opportunity. Please tell us "where they'll get the students from!"

Also children could be bounced back and forth from year to year depending on how many children they need to fill the classrooms. There could even be brothers and sisters going to different schools depending on where the students are needed to fill classrooms. I think we need to answer some questions before we do this!

Sincerely,
Debbie Donath

Dear Editor,

I would like to inform all the people of the Farmington School District about what will happen if Beechwood School is opened again. What will happen is children being bussed and shuttle bused to BES, to fill class sizes in that school, because the Beechwood area does not have enough children to fill the school.

So in order to have enough children they will be taking children from anywhere in the Farmington community to meet class sizes. The children of BES and FES have the possibility of being switched from BES to FES and back again depending on class sizes from year to year. This means additional bussing and longer bus rides for all these students, and more tax dollars wasted on this additional bussing.

Don't think that this could not happen to your children because it can. Ask your school board members. I did, and they could not promise me that it would not. So a NO vote is needed on November 3, to keep our children from being shuttled around from school to school.

Charity Becker

Dear Voters of the Kewaskum School District,

With only a few weeks until the November elections, I would like to explain some of the issues so you will have an opportunity to talk to others in an informed manner or ask questions before hearsay and rumor take hold.

Let me say, however, I am very pleased with the proposal that is being presented to you. Despite the various difficulties boards can have in agreeing on a proposal, this one has compromises but meets the objectives of what the building referendum was to address. This referendum supports many of the committee directives, the administrations' recommendations, and reflects much of what you the public has given us through surveys and your vote. This plan should take care of our needs for a long, long time. Quite frankly, if we, the board, don't have to form another committee for several years to address building needs we will all be better off. I believe that if you are well informed on the issues and needs, you will support this plan.

You will have two separate questions to vote for in this election. It is very serious that you support both - not that you have to - but in the best interest of all - I will try to explain. The 17mil portion is for the actual building, renovating and equipping of the facilities. The recurring 200,000 portion is to give us the money to operate and maintain the facilities. Please note that this is a cost to you of about \$33.00 per year for those of you who own a home assessed at 100,000.

The most misunderstood part is: What is a recurring referendum compared to a regular referendum? The difference is that, when you approve this, it means that you are taxed every year for this additional amount or for as long as

Letters to The Editor

the board sees fit or you, the people decide not to approve the budget at the Annual Meeting. The board has the ability to reduce or phase it out as it deems necessary. It cannot raise it. In other words, what recurs is the tax and the board doesn't have to keep coming back to you with this request.

Some people consider this to be a blank check. Nothing could be further from the truth. You do have the option, as I just mentioned above, to vote down the budget at the Annual Meeting. However, and more importantly, you do elect a school board (board of control) and do have to trust us to watch over a yearly budget of around 14.9 million dollars. To have us oversee another 200,000 of needed dollars is just part of our job. We all pay taxes too.

The other misunderstanding centers around why have a recurring referendum? A few years ago the state capped school district spending - a freeze if you will. I have always been in favor of the caps as it helps contain spending and taxes. However, the law also made it possible for school districts to go beyond the caps, if needed, via such a tool as the recurring referendum. This in effect, is the board saying to you: things have changed since the caps and we now need more money to operate our schools because of these changes and with prudence, we are asking you to approve these additional monies. We cannot just put it into the budget. We need your approval. This is how much we need. This is how much it will cost.

Next is: Just what is it for? This is the question that you are supposed to ask assuming that you now understand how the system works. (If you don't, then I have failed to explain it to you and you will have to ask until you understand it.) Of the 200,000 dollars, most is for maintaining, heating, cooling, lighting, cleaning, etc. of the additional space approved in the first question -- the 17 million referendum. The rest is for administrative and staffing needs required with the additional space and buildings. The costs associated with the reopening of Beechwood for staffing and maintaining are included in this figure and represent about half of the costs. These are all very justifiable needs and expenses to not only meet our needs but to maintain and improve our educational system. It is money well spent.

What if you don't approve the recurring 200,000? The board has very poor choices on where to go from here. One option is to renege on the 17M referendum (assuming it passes) and propose another plan (This will again probably include a recurring ref.)

This would be a disastrous result. Note that like previous referendum questions this one is not binding on the board either). Another option is to take monies from our educational program to cover the costs. This is another poor choice as we operate a pretty tight ship as it is. This is the last place we should turn to for budget shifting. The only prudent choice is to use any leftover monies from our yearly budget. The problem here is that we can't count on leftovers, hence another poor choice. Just because we have been blessed with leftover monies for the last few years doesn't mean it will continue. So, it comes down to this: for the cost of about 33,000, more or less, depending on your individual property value, the problem is solved.

These are the parameters of the existing laws which we operate in, which I support and believe in and exercise as needed. I hope you understand the process as well as the need and vote for both referendums so we can continue on a successful path.

If you need further explanations on these or other questions, please call our administrative office at 626-8427 or feel free to call me at 626-4133.

Sincerely,
John C. Schulte
Board Member

Letter to the Editor:

Taxpayers of Kewaskum, a no vote on November 3, is needed to save our tax dollars being spent on opening a rundown, unneeded school. This year at FES, we have only 24 kindergarten students, enough for one class, not enough to open another school.

And what about the enrollment for next year's kindergarten, only seven kindergartners are from the BES area and three of these will be going to a private school. Four students do not warrant the opening of another school. Let's not make an \$800,000 and \$200,000 recurring mistake. BES school is not needed or wanted by everyone.

Becky Stephan

To the Residents of Kewaskum School District:

One of the questions that has surfaced regarding the new referendum, deals with the need to build a new administration facility. Actually the question seems two-fold: 1) Is it necessary and 2) If it is necessary, why not attach it to the new KES or to the High School?

I'll deal with the primary question first -- Our current administrative office facility was originally our kindergarten. As is often the case when changing the use of a building, this facility has never functioned well as an administrative office

area. The problem has only worsened as the district has grown. With our current personnel needs, the current facility is too small. In addition, it has no storage space and limited parking. From a business standpoint, it has no privacy and offers extremely poor working conditions. Frankly, it is embarrassing to have the public and outside district personnel visit and observe our district office area. Finally, because of these negatives, it will make it difficult to attract future top-notch administrators to work in our district.

Assuming we do need a

new Administration facility, some have asked why we couldn't save some of the old KES and use that for new administrative facilities. The architects have informed us that by the time we demolish part of the old KES building and remodel the remaining section, the cost would be nearly the same as building new; and we would still severely limit the playground area proposed for the new KES. Finally, by using the present site (for building a new administrative facility) we can use the present elementary parking lot on the corner of Reigle

Drive and School Street.

Others have suggested that we should build a new Administrative area as part of the new KES or attach it to the high school. The board and facilities committees looked into this. To our surprise, we discovered it is actually less expensive to build a separate facility. If we build the administration facility as a separate building, we do not have to follow the same codes established for schools. This makes it more cost efficient to build a separate building.

KHS Girls Cross Country Team Takes Second at Campbellsport

The Kewaskum Cross Country team recently traveled to their northern neighbor for the Campbellsport Invitational.

Nick Martiny and Kim Wolloch, both of Campbellsport, won their individual races. Martiny ran the familiar course in 17:03. One second behind him was Randy Schwartz of Sheboygan Falls. Wolloch and Jenny Kopecky of St. Mary's Springs switched the first and second spots many times during the 4,000m race. Wolloch passed Kopecky for the final time and finished eight seconds ahead of her with a time of 15:40.

St. Mary's Springs won the girls competition with a total of 29 points. The Kewaskum girls' team took second place with 78 points. Plymouth took first in the boys' field with 43 points. The Kewaskum boys' team took sixth with 181 points.

Carol Neumann continued to lead the Kewaskum girls team. Neumann finished sixth with a time of 16:38. Colleen Gosa finished 11th with a time of 17:09. Emily Rinzel finished 13th, running the course in 17:25.

Kelly Darmody and Heather Hackbarth continued to work together to improve their times and places. Both had personal best times of 18:02 and 18:14. Darmody took 22nd and Hackbarth took 26th. Michelle Zingsheim ran the course in 19:18. Emma Chambers ran the course in 20:33.

Bryan Kraft led the Kewaskum boys team with a 25th place finish. Kraft ran the course in 19:08. Danny Wall struggled with breathing problems during the race. Wall finished 29th with a time of 19:31 despite his problems.

Scott Mueller was next for Kewaskum, finishing 37th with a time of 19:58. Josh Repovsch finished 44th with a time of 20:15. Chris Wenninger finished 46th with a time of 20:27. Brian Wall also ran well, and he ran the course in 20:34. Josh Rieder ran a

personal best race with a time of 20:46.

JV runners for Kewaskum included Lauren Schultz and Amanda Schulist. Schultz ran the course in 19:47, and Schulist had a time of 20:24.

JV runners for the Kewaskum boys team were Jason Schreffler with a time of 20:27; Darrell Woebeke ran the course in 22:19; Josh Kropp with a time of 23:33; John Neumann ran the course in 22:54; Cory Wendegatz with a time of 23:03, and Brendan Weinhold had a time of 25:30.

The wettest state in the U.S. is Louisiana, with an average annual rainfall of 56 inches.

SEEDS FROM THE SOWER

Michael A. Guido
Metter, Georgia

One day a visitor said, "You have a beautiful video taping garden. Do you pray for a beautiful garden?" "I watch and pray," I answered. "What do you mean?" he asked. "I pray, 'Lord, send the sunshine and the rain.' And then I watch. When I see the weeds, I pull them out. When the grass needs cutting, I cut the grass. That's how I watch and pray."

Prayer isn't a way for a lazy person to get what he wants. The Lord doesn't listen to the lazy, only to the laborer.

So I'm going to watch and pray, for "the earnest prayer of a righteous man has great power and wonderful results."

Wrestling Matches Were a Huge Hit!

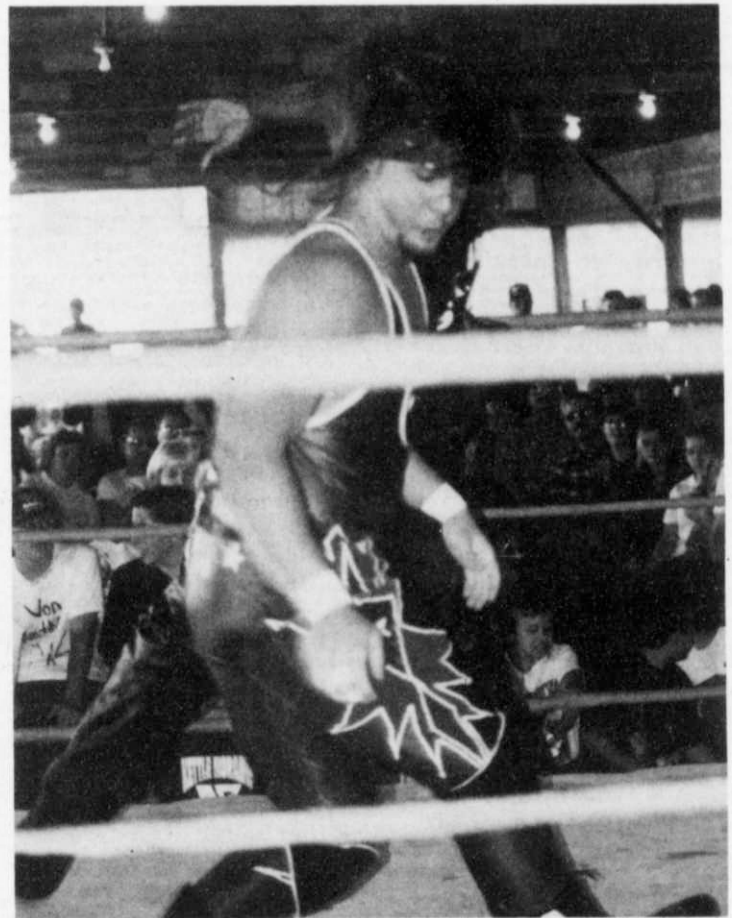

Wrestling match emcee and Kettle Kountry Kolours committee chairperson Scott Timm, left, of Kewaskum, poses with the infamous "Claw" Baron Von Raschke. New this year, the wrestling matches, held on Saturday in the beer garden, were a resounding success and fans gave the wrestlers a warm Kewaskum welcome (except for some natural, friendly heckling which goes along with a match). As a matter of fact, the wrestlers so enjoyed the festival and the people of Kewaskum, some came back the next day, to enjoy the entire festival with their families.

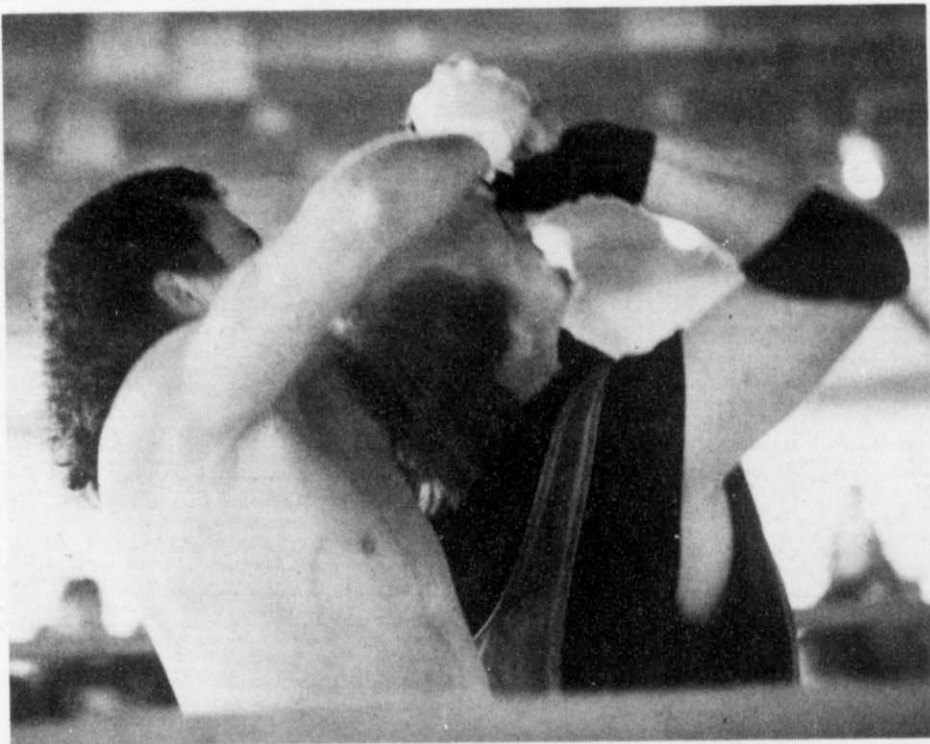

Wrestler "Red Hot" Billy Wilde, right, seems to be explaining to the ref, "See this muscle? I drank my milk when I was a kid!", or I'm sure something to that extent.

Wrestlers who are "naughty" get put in the "timeout corner." Above, "The Skull Crusher," right, looks extremely penitent as the ref gets ready to scold him.

Clad stylishly in his red, white and blue Captain America outfit, wrestler "Scrap Iron" Adam Pierce receives a gentle, but effective, "head slap" from his opponent as a "standing room only" crowd watches anxiously. Wrestling matches too violent... not if you keep it all in perspective. Also, did anyone happen to see the segment on 20-20 last Friday that detailed "moshing" at rock concerts. Wrestling seems like child's play in comparison.

Just another "Secret" (deodorant) moment, as Derek St. Holmes, Esquire, left, is the recipient of the old "eye gouge" move from "The Mauler."

Indians Upset Panthers, 10-0

Kewaskum's football fans had to be expecting the worst last Friday night as the Indians traveled to Plymouth to take on the 3 and 2 Panthers.

First of all, Kewaskum had only beaten Plymouth once in the last 18 games (1983); second they were facing a powerful running game which features three of the top nine running backs in the Eastern Wisconsin Conference, including Ty Mueller, who last week scored six touchdowns and rushed for 197 yards, and has rushed for 652 yards this season; third, Plymouth had just defeated previously undefeated Chilton, 45-35 the week before, and fourth, the Indians had just lost to previously winless Two Rivers.

What the loyal fans who traveled to Plymouth saw, however, was nothing like anyone would have expected, as the Indians completely shut down the Plymouth rushing game and controlled the ball with a strong rushing attack to beat the Panthers, 10-0.

The Indian defense played perhaps their best game of the year as they held the powerful running attack of the Panthers to just 67 yards on 31 carries as they swarmed to the ball all night.

When Plymouth was forced to put the ball in the air, the defense responded with four interceptions, which brings its total to nine in the last two games, after not having any the first six games. Jason Strobel, Aaron Seiser, Robert Feind and Adam Beck all picked one off for the Indians.

"The defense was really running to the ball tonight," said Coach Perry Koth about the shutout. "They played with emotion and were real aggressive, right from the start."

While the defense was doing a number on the Panther offense, the Indian running game was eating up the clock with consistent play. The Indians rushed the ball 43 times for 215 yards and a 5.0 average. The Indians at times hurt themselves as they had nine penalties for a negative 75 yards.

"The penalties really stopped us on a number of drives we put together tonight, but the kids knew that Plymouth wasn't going to score on us and that we could move the ball well against them," stated Koth.

The Indians were in the middle of a drive as the first quarter ended (0-0) and continued the drive in the second quarter until it stalled at the 18 yard line of the Panthers. A 35 yard field goal attempt by Chris Koth just missed to the left to end the first scoring threat by the Indians.

The Indians did get on the board in the quarter however, as they drove 60

yards on six plays for a touchdown. The scoring drive started on the Indian 40 yard line, but an un-sportsman-like conduct on second down moved the Indians back to their own 25 yard line.

On third and 25 Jason Strobel took a shovel pass from Josh Gaffke and raced 26 yards for a first down. Then Gaffke ran a quarterback draw play for 33 yards. Three plays later junior fullback David Lettow ran around the right end and over a Plymouth player to score from the eight yard line. Chris Koth tacked on the PAT for a 7-0 Kewaskum lead.

The Panthers must have taken that as a wakeup call, because after Koth's kickoff sailed into the endzone for a touchback, the Panthers, starting on their own 20 yard line, moved the length of the field getting to the Indian 18 yard line before time expired, ending the half. It was the only scoring threat the Panthers were to have in the game.

"Stopping them and completing the half was critical if we were going to win this game," said Koth. "We have been ahead at halftime before, but I never saw the team as charged up at halftime like I did tonight. They were bouncing off the walls in the locker room."

The third quarter saw both teams play good defense but it was the Indian defense that came up with the big play. Plymouth's quarterback, Josh Gentine, rolled to his right and attempted to throw a screen pass to his left.

Aaron Seiser drilled Gentine as he released the ball and senior defensive end Robert Feind stepped in front of the Plymouth intended receiver and intercepted the ball, giving the Indians great field position on the Panther 20 yard line. A sack by the Panthers, however, moved the Indians out of field goal range and forced them to punt. But nevertheless, the interception put an end to a Panther scoring threat.

The third quarter ended with the Indians holding a seven point lead. In the fourth quarter, the Panthers looked like they were starting to put a drive together, but then Adam Beck intercepted a pass and returned it eight yards, setting up an eventual 30 yard field goal by Chris Koth to put the Indians up by 10 points.

"When we made the field goal, I think everyone on both sides of the field knew who was going to win the game. It was huge!" said Coach Koth about the late score.

From that point on, it was all Kewaskum, as the defense intercepted two more passes (Strobel and Seiser) and the offense ran the clock with an overpow-

ering running attack.

The Indians ran the ball 17 times for 78 yards in the fourth quarter while the Panthers had only nine plays in the fourth quarter including one rush for -1 yard.

The Indians' running game was equally shared by Josh Gaffke with 55 yards on seven carries, Clint Herrick with 50 yards on 14 carries, Dave Lettow with 48 yards on 12 carries, Jason Strobel with 39 yards on six carries, John Warnecke with 12 yards and Mike Farchione with one yard, each with one

carry.

Gaffke was four for 10, passing for 51 yards, including a 36 yard pass to Curt Koth.

"I really am proud of the way these kids came to play tonight. They are so much better than their record shows this season. I think this game shows the character this team has," remarked Koth.

The Indians play their last conference game against New Holstein on Thursday, (Oct. 22) at home beginning at 7 p.m. It will be Senior Night and all the seniors will be introduced

before their last home game. New Holstein is tied for first place in the EWC with Chilton.

Last Week's EWC Results: New Holstein 14, Manitowoc Roncalli 12; Kewaskum 10, Plymouth 0; Chilton 45, Sheboygan Falls 30; Kiel 21, Two Rivers 7.

EWC STANDINGS

Indians Defeat Panthers to Take Second in EWC

By Andrew R. Kuehl
Staff Writer/Photographer

The Kewaskum girls volleyball team took home a win on a trip to Plymouth Thursday. The win put the girls back at second place in the EWC.

The girls played well in the first game 15-10. The second game Plymouth decided to beef up their plays. The end result was 17-15. With the Indians determined mind set the girls took a win 12-15.

Sarah Schwinn was the high scorer for the match, with nine points for the evening.

Becky Repovsch was the assist leader; she supplied eight assists for the team.

Laura Schwinn provided two assists for her team.

Sarah Williams was the serve leader. She went 16/16

and had one ace.

"It was a battle for second in the conference, as both teams were 9-4 prior to the match. Our girls came out strong," said, Rizzardi.

The Indians finished the season second in the conference.

Barricades are so-called from the French *barrique*, or barrel, of which barricades were made during a Paris insurrection in 1588.
