## Voters to Decide School Referendum: State and County Positions

# General Election on Tuesday

By Sharon Callaway Roznik

The 1998 campaign trail will see an end the evening of November 3rd, as voters decide the fate of future school district building for the third time, face two statewide referenda, and elect a governor.

While it appears that the outcome is evident in some cases, others will anxiously await the final voter count.

The question carrying the greatest local impact is Kewaskum's school referendum election, asking taxpayers to approve a \$17 million dollar building project that includes a new elementary school, additions to both Wayne and Farmington elementary schools, reopening Beechwood Elementary School, and adding a gym/auditorium/IMC complex that links the high school to the middle school.

The second resolution, if approved, would allow the school district to exceed revenue caps by \$200,000 each year to staff and maintain

new parts of the building project. This amount will come up for taxpayer approval at the annual budget meeting each year.

Two statewide referendums ask voters to decide, 1) terms of office for sheriff - changing it from two years to four, allowing sheriffs to hold a non-partisan office, and requiring sheriff vacancies be filled by governor appointment; and 2) if a Wisconsin constitutional article should be added regarding the right to bear firearms.

According to a news release from the Wisconsin Taxpayers Alliance, constitutions in 43 states now guarantee individuals the right to keep and bear arms. States not having such a provision are: California, Iowa, Maryland, Minnesota, New Jersey, New York and Wisconsin.

A high profile and hotly debated issue, supporters of the proposed Wisconsin amendment argue that the second amendment to the U.S. Constitution only pro-

tections peoples' right to keep and bear arms from federal intrusion. The proposed amendment extends that protection to state and local governments.

Opponents maintain that, given U.S. constitutional protections, a state amendment is unnecessary, and outlaws any possible local restrictions on gun control. They also say the Wisconsin proposal is overly broad and will lead to the deterioration of any existing local "gun laws" designed to promote public safety.

Three term governor Tommy Thompson faces challengers, Democrat Ed Garvey, U.S. Taxpayer Edward Frami, Libertarian Jim Mueller, Independent Mike Mangan and Peoples Independent Party A-Ja-Mu Muhammad.

Attorney General Jim Doyle (Democrat) will be up against Republican Linda Van De Water, U.S. Taxpayers James Chinavere and Libertarian Ronald

(Continued on Page 2)

## Sellout of 'Grease' Prompts Additional Performances

Tickets for the musical, "GREASE," which will be presented by Kewaskum High School students, went on sale Tuesday evening, October 20, and were all sold out for both the Friday, November 6, and Saturday, November 7 performances.

Because of this unprecedented sellout, "GREASE" will also be presented the following weekend, Friday, November 13 and Saturday, November 14.

"GREASE" will be presented on Friday, November 6, Saturday, November 7, Friday, November 13 and

Saturday, November 14, in Rose Hall.

The show will begin at 7:30 p.m. both nights. Ticket prices are \$5, \$4 and \$3. Tickets may be purchased in the music office during the school week from 7:30 a.m. to 3:30 p.m. or by calling 626-8427, the high school office, or Mr. Ammel at extension 4570.

You may place tickets on reserve and pick them up the night of the performance. Anyone wishing to exchange tickets should do so in person in the music office.

## Village Board Starts Working on '99 Budget

By Andrew R. Kuehl  
Staff Writer/Photographer

The Kewaskum Village Board met Monday, October 19. President Robert Wagner addressed the board about his feelings on how the public hearing went at the last board meeting.

"For the life of me I can't figure out what happened at that public hearing two weeks ago. We all know the land was brought into the village as commercial. We had a number of people here from the neighborhood that were opposed to the fact that it was coming in under commercial and wanted to see it be residential. Then some of the very same people

were here two weeks ago arguing about the fact that we were making it R-1, residential which is what I would think they would want. If I lived there I would also have wanted it (R-1). We as a board took no action on it and left it commercial. For the life of me I can't figure out why we would have done that! It was a public hearing on the zoning change, not approving the subdivision plot! I can't see that the people that were here could have been happy or unhappy about the action that was taken. I'm confused on the matter myself, I don't know if we really served the people!" said Wagner.

Wagner then welcomed Brian

## County's Historical Museum Offers Insight Into Area's Past

Story with Photos Continued on Pages 3 & 4

By Sharon Callaway Roznik

Washington County's century old jailhouse is one of only two within the state left so intact it's a bit unnerving, and preservationists hope enough funds can be raised to restore it to its original 1886 condition.

The eight cell jail, fashioned with plate iron riveted together like an old battleship, stands on the grounds of the Old Courthouse Square in West Bend. Perhaps one of the best kept

secrets in the county, the complex showcases another building, the old Romanesque revival style courthouse, now home to the Washington County Historical Society.

Presently covered with scaffolding as restoration work continues, the old courthouse was designed in 1885 by famous Milwaukee architect H.C. Koch, designer of Milwaukee's City Hall and the Hotel Pfister. The tallest building in the city, the limestone and cream brick structure boasts 36

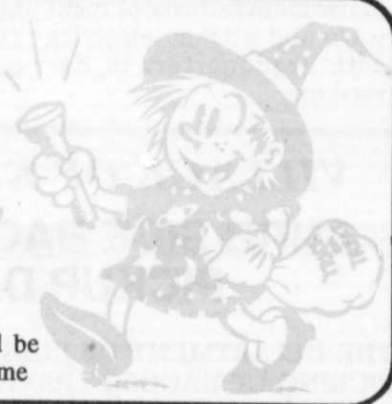

inch basement walls capable of supporting the weight of its seven story tower and metal vaults.

A terra cotta relief panel depicting the Goddess of Justice adorns the north wall, and stained glass windows filter light into a courtroom rich with oak paneled walls and hardwood floors.

None of this would have existed had it not been for the efforts of historical society members who fought to preserve the building twice doomed to its death; once in

# Town of Polk Woman Dies in Blaze

An 82 year old Town of Polk woman died as a result of a fire in her single family residence. The fire was called into the Washington County Sheriff's Department by a

neighbor at 1:45 am.

The woman has been identified as Evelyn Karius.

The home was located on Pleasant Valley Road in the Town of Polk and was engulfed in flames when the responding Deputies arrived.

The Slinger Fire Dept. responded and was assisted by Jackson, St. Lawrence, Allenton and West Bend Fire Departments. There were no reported injuries to any firefighters at the scene.

The fire is believed to have started in the pantry.

The sheriff's department continues to investigate the incident for a possible cause.

## Regal Ware Fills Two Positions

KEWASKUM - Regal Ware, Inc., has hired David Marshall as manager of product design engineering, and Thomas Schmid as a cost accountant.

In his new position, Marshall will be responsible for planning and supervising all product design engineering activities for both cookware and electrics. Specifically, he will direct the development of product specification, design and reliability verification, prototyping and testing.

Prior to joining Regal, Marshall worked for Eco Water Systems in St. Paul, Minnesota, where he was responsible for the development of water systems and drinking filtration products. He holds a bachelor's degree in Business Management from the University of St. Thomas in St. Paul, and a bachelor's degree in Mechanical Engineering from the University of Wisconsin-Milwaukee.

As Regal's newest cost accountant, Schmid will assume the responsibilities of maintaining cost systems, inventory pricing, price/cost analysis and other special projects. Schmid comes to Regal with a strong background in cost accounting and general accounting, most recently as an assistant controller with H.G. Weber & Company in Kiel. He holds both a bachelor's degree and MBA from the University of Wisconsin-Oshkosh, as well as a CPIM (Certified in Production and Inventory Management) designation.

Regal Ware, Inc., is a major manufacturer of cookware and kitchen electrics with headquarters in Kewaskum.

## KHS Pre-School Sign-Up Time

The Child Development classes of Kewaskum High School will be conducting their first semester pre-school starting in December.

The pre-school will meet Tuesday through Friday, December 8-11, December 15-18 and January 5-8. All classes will be from 10:10 to 11:40 in the morning.

The pre-school is in its 21st year of operation and is under the direction of Mrs. Carol Martin and the juniors and seniors in the Child Development classes. The children will have the opportunity to participate in storytime, music, art, and other creative activities during the 12-day session.

Parents with children ages four or five should call the high school office at 626-2166 for information on how to register their child. Enrollment will be limited on a first call basis.

10-29-2t

## Trick or Treating at Mapledale Manor This Saturday.

Don't forget to stop at Mapledale Manor One and Two on your rounds trick or treating this Saturday.

# Election

(Continued from Page 1)

Emery.

Senate incumbent Democrat Russ Feingold faces an election challenge from Republican candidate Mark Neumann, U.S. Taxpayers Robert Raymond, Libertarian Tom Ender and Independent Eugene Hem.

Secretary of State Douglas La Follette faces opponents Linda Cross - Republican, LeRoy Mueller - Reform, William Hemenway - U.S. Taxpayers and Libertarian Donald Carlson.

For the office of state treasurer, incumbent Re-

publican Jack Voight is running for re-election against Democrat Dawn Sass, Wisconsin Greens Jeffrey Peterson, and Libertarian Tim Peterson.

Representative Glenn Grothman remains unchallenged as he seeks his third term in the 59th District Assembly.

Congressional long-timer Jim Sensenbrenner Jr. of District 9 finds opposition from lone opponent Jeffrey Gonyo of the Wisconsin Progressive Populist Citizens Coalition.

District Attorney David Resheske is seeking another term in office without any contest.

At the county level, the only contested race will be

seen in the seat for treasurer. Newcomers Curt Allison, Democrat and Janice Gettleman, Republican, will face off for the position created by the retiring Fred Seefeldt.

Uncontested positions include Marilyn Merten as County Clerk; Sheriff Jack Theusch; Coroner Marlene Yoost, Clerk of Court Kristine Deiss, and Register of Deeds - Dorothy Gonnering.

All voters are encouraged to participate in the upcoming election. Your vote will make a difference on Tuesday, November 3. Check the Kewaskum Statesman for a list of local polling places and hours.

WE MAKE THE WORLD'S BEST MATTRESS.™

DEFECTIV

Washington County's historic jailhouse is one of only two in the state preserved so intact, and is included in restoration plans as part of the Old Courthouse Square.

(Continued from Page 1)

the 1960's when a new courthouse was built, and again in 1992. At this point, the society, the community and the county joined forces to commit to preserving the old courthouse and restoration work began to uncover century old architecture hidden by dropped ceilings, partitioned office pods, industrial gray paint, and indoor-outdoor carpeting.

"Since 1993, 2-1/2 million dollars have gone into the project, \$600,000 for the roofs alone," says historical society executive director Chip Beckford, who is currently promoting the "Millennium Fund Drive," to raise \$1 million dollars over a three year period. The monies will be put into an endowment fund, with the interest earned used to run the Old Courthouse Square Museums. Funds for restoration also come from county assistance, grants, and special projects like the current sale of 113 year old tin roof shingles.

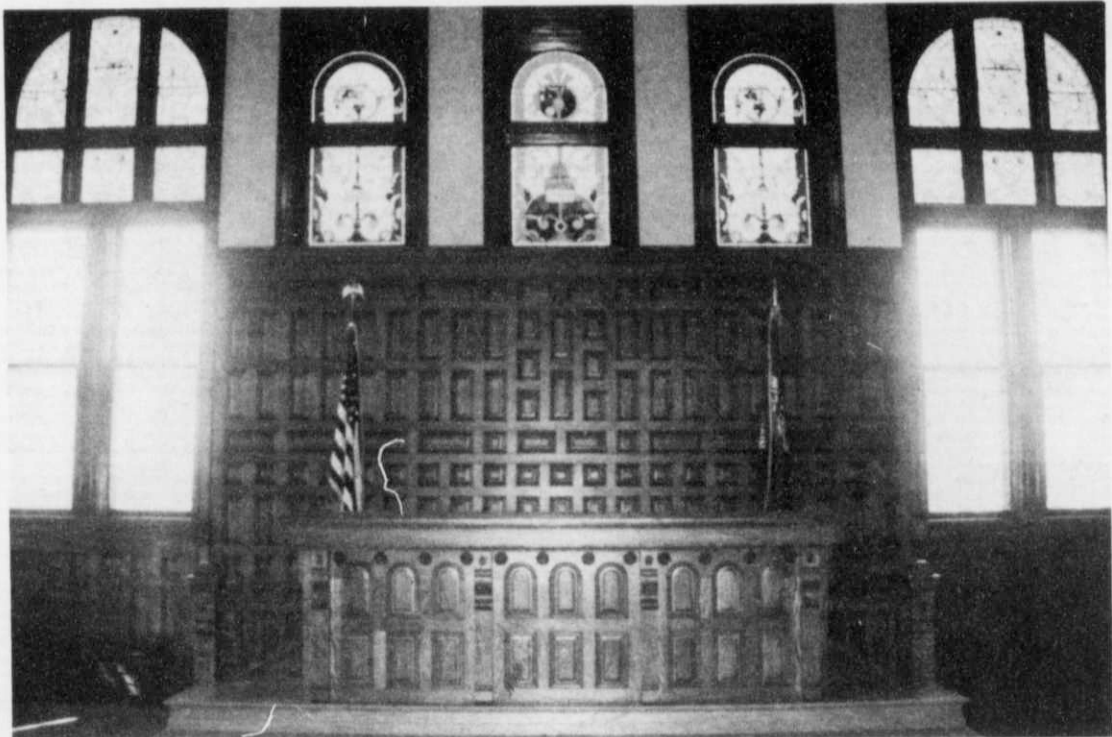

Within the courthouse museum, the first floor beckons visitors inside a county/circuit courtroom and judge's chambers, revealing Wisconsin's judicial past, where mens' misdeeds often landed them in the nearby jailhouse. The courtroom is available to rent for weddings and special meetings.

Down the hall an interpretive gallery offers children an opportunity to crawl into replicas of berths found in the steam ships that brought immigrants across the oceans to

America. Here they learn about the sparse possessions the first settlers brought with them, and how long the journey took while living in cramped steerage quarters. Students can also try out pioneer skills like weaving and blacksmithing.

"Heroes Remembered," exhibits a collection of Washington County's military history from the Civil War to Vietnam, honoring the men and women who served their country. "It's been up since Memorial Day and we plan to develop a permanent collection," Chip relates, mentioning the state crime lab has donated 15 weapons to the display. This year, a Veteran's Memorial was also dedicated on the courthouse grounds.

Other ongoing exhibits include, "Crystal Clear," a short story of glass, which includes a stained glass

Hidden beneath layers of dropped ceilings, carpeting and office partitions, the old 1886 court room displays stained glass windows, rich oak panels, with a raised judges bench.

window from the Republican House in Kewaskum, along with milk bottles used in the county's dairy industry and, "Agriculture, Business and Industry from 1915-1945," with familiar business names like Amity, Enger-Kress, West Bend Aluminum, Barton Washing Machine, Kissel Motor Car Company, and Kewaskum's Heineman Dairy. The display includes an antique bank window with unique features; armored glass and steel, with a spiked top and a porthole "to shoot back."

Opening this past week is a new exhibit which celebrates the county's musical heritage and features Kewaskum's old high school band uniforms positioned next to photos of the band. Photographs, musical collectibles and heart warming stories will help pay tribute to local bands. In January, the historical society will celebrate 100 years of sailing on Big Cedar Lake with the Yacht Club's centennial anniversary.

Along with the society's collection of local history artifacts and records, the museum maintains a research library and genealogical resource center, with space for holding seminars and workshops. Individuals can meet with researchers

during open hours or by appointment.

After the roof projects are completed, things may come to a standstill until funds can be established to begin restoration work on the jailhouse, Beckford says, looking into the not too distant future. The endowment fund has to be their first priority. "We want to do it right, so we'll be taking it bit by bit, taking our time."

Considered innovative in its time, the jailhouse was divided into two sections, with the front used as living quarters for the sheriff and his family. The sheriff's wife cooked for the prisoners and guards, with the dining room located in the basement. Unpenetrable and inescapable, the plate

iron armored jail and cell block was built first, and the outside walls were built around it. Four locked doors separated it from the sheriff's quarters.

Prisoners were brought in through a separate entrance, and housed two to a cell. "It looks like the interior of a battleship, all rivets and plates," Chips points out, explaining that the four bottom cells will each be restored to reflect a different era, since the jail was in use from 1886 through 1962. The second floor cells will show how the building once housed the first county historical society, with displays set up within the rooms.

"We give tours now, so people can see what it looks like, and what we plan to do in the future," Beckford

"Crystal Clear," a story on glass, includes a stained glass window from Kewaskum's infamous Republican House, now home to the Gateway Supper Club.

explains. The society is still trying to gather information about the jailhouse, especially from past sheriffs, like "Fats" Naumann, who through the years served as its keeper. "It's 75% what it was like in 1886. If anyone has pictures what it looked like inside, how it was furnished, any information on the jail, please let us know."

Chip assures this is all a labor of love, with the two buildings a treasure for history buffs and the county itself. "This will be an extraordinary facility restored, a showcase to law enforcement and the fire departments throughout the county. "Just three months ago, the BBC (British Broadcasting Company) used the jailhouse to film a documentary on a book chronicling Wisconsin immigration and some unscrupulous dealings, entitled, "Wisconsin Death Trip."

The Society's hope is the Old Courthouse Square Museum can become self-sustaining, and run on a professional level. "Three full-time and two part-time employees, plus volunteers, can't do all the work needed to be done," Chip points out. "It will take about \$100,000 a year to run it the way it should be." Currently, county assistance funding is around \$30,000 annually.

Promotion and education is the key to future success, and public awareness is brought about through numerous annual functions. Murder Mystery Theatre entertains visitors to the museum the last two week-

# Board

(Continued from Page 1)

Braithwaite, Real Property Lister for Washington County.

Braithwaite made his presentation on updates on his department's upcoming five year plan which includes the use of digital technology in the Real Property office of the county courthouse.

After the presentation, the board suspended the rules and moved into new business to discuss an ordinance to create a room tax.

The tax would be charged at a rate of five percent of the gross receipts of the two area lodging establishments, Bonne Bell Motel and Doctor's Inn Bed and Breakfast.

Wagner expressed a deep concern to work with the Chamber of Commerce to promote growth and tourism in the village.

Wagner also provided extensive research on the topic as to what is going on around the state with the room tax.

Trustee Gary Gavin asked if the Chamber of Commerce has gone on record endorsing the proposal.

Wagner said "Some (members) do, some (members) don't."

Ruth and Jim Rady of the Bonne Bell Motel voiced their disapproval along with Karen Ellefson of Country Ridge Inn B&B (in the town of Kewaskum) and Jules and Gwen Dreher of the Doctor's Inn B&B.

Gavin told Wagner if the people didn't want the tax revenues for tourism the board shouldn't approve it.

Wagner said all he wanted to do was help the village raise some tourism revenue.

The topic will be discussed with the Chamber of Commerce and revisited later if necessary. The board then proceeded with normal business.

Police Chief Richard Knoebel told the board D.A.R.E started at K.M.S this week.

Director of Public Works, Jerry Gilles gave his bi-monthly report.

He also briefly touched upon the finishing work being done on the capital improvement project.

Administrator Daniel Schmidt informed them of building permits for September. There were two additional single family units and one additional rental unit in the downtown area.

The public works department reviewed items for the 1999 budget.

One of the major purchases will be a "Skidster" for the D.P.W. The board has also started budgeting for a street sweeper.

Schmidt indicated that the Washington County Humane Society will also start handling the village's calls for stray pets. This will cost the village approximately \$1,000 a year.

Water Pollution Department Lead Operator Bob Manthei addressed the board on water pollution control department budget items.

The department is seeking to retrofit the current chlorina-

tion systems with a UV system that would be safer and more cost effective.

Manthei told the board he and Gilles had visited some different plants that used them and they said they would never go back to chlorination.

Board members then unanimously approved the signing and submission of the 1999 Urban Forestry Grant. The monies received from this will be used to continue the tree planting program started in 1998.

Trustee John Kenworthy introduced the proposed budget for the Parks Department.

The Kiwanis park will possibly add another water apparatus. The pier is also looking to be revamped.

The committee is looking at putting in coin operated lights for the basketball court.

A few library budget items were brought before the board. They will be discussed in detail at the budget hearing.

Under new business the board set the date for the budget hearing for November, 23 1998 at 7:00 p.m. in the council room.

The board signed contracts for Aquatic Biologist Inc. for swim pond maintenance for 1999 and Bowmar Appraisal

Inc. for performing the Villages Assessor duties.

The next meeting is scheduled for Monday, Nov. 2 at 8 p.m. in the council room.

## 'GREASE' for Senior Citizens

The Kewaskum High School Music Department will be presenting a special showing of the musical, "GREASE" for all area Senior Citizens on Thursday, November 5.

This performance will begin at 4 p.m. in Rose Hall. The Student Council will be there to greet you, help you find seats, and serve refreshments during the intermission. There is no charge for this event.

## ABC SKAT RESULTS

The winner at skat played at the Town of Scott Hall on Tuesday, Oct. 20th was: Francis Gilbo, 18-0-18 net.

## SHEEPSHEAD WINNERS

## Historic 'War of the Worlds' To Be Rebroadcast by WBKV

This year marks the 60th anniversary of the most famous radio broadcast of all-time, "The War of the Worlds" performed by Orson Welles and his Mercury Theater players.

Originally broadcast as a Halloween Eve prank on October 30, 1938, "The War of the Worlds" tricked half the nation into believing the Earth was being attacked by Martians.

"The War of the Worlds" has been digitally restored and re-mastered for superior sound quality and this Halloween evening AM-1470 WBKV will again air this historic broadcast. It will air Saturday night at 7:30 p.m.

"Anyone who has heard

this show knows what an unbelievable production it was for its time and we're proud to bring it back," says WBKV program director Bob Bonenfant.

"But that's not all we have in store for our listeners this Halloween Eve," Bonenfant added. "We are broadcasting a rare Imagination Theatre/Sci-Fi channel live broadcast immediately after, from 9 to 10. It's a new and very different twist on the classic "War of the Worlds."

Bonenfant says the new production is based on the question, "What happens when extra-terrestrials tune in to the original broadcast of the "War of the Worlds?"

## Michael Marx to Open Hoof Trimming Business in Area

Michael Marx grew up on his parents', Michael and Susan's, dairy farm and has taken jobs helping other local farmers in past years.

Michael now has traveled to Texas to train with an experienced hoof trimmer in preparation for opening his own hoof trimming business. He flew out of Chicago on Sunday, October 18, and it was hoped he would be returning on Sunday, October 25, driving his brand new 1999 Ford truck, equipped with the latest technology in hoof trimming equipment.

Bill Riley of Lubbock, Texas, has been working with cows for many years and has now gone into the business of training other people to treat and trim cow hoofs. Still running his own hoof trimming business, he has worked very hard to redefine the equipment that is necessary to trim the hoofs.

After several models, he has now modified his current model to satisfaction, offering the cow maximum comfort and safety.

Michael will now be available to take appointments, starting the week of October 26. Please feel free to give Michael a call at 626-1305.

A rose is a rose is a rose-except when it's a one-plant arbor. A Lady Banks rose tree at Tombstone, Arizona, has a trunk 40 inches thick and stands nine feet tall. Supported by 68 posts and several thousand feet of piping, 150 people can be seated under the arbor. The cutting came from Scotland in 1884.

## Your Local Library... Take a Look

The Kewaskum Public library is now open on Saturday mornings from 9 a.m. to 12 p.m., as well as our regular schedule of: Monday, Tuesday and Wednesday from 10 a.m. to 8 p.m. and Friday from 10 a.m. to 5 p.m.

The following is a list of some of the titles that the library has purchased in August. If you see something that you like, apply for your free library card and check it out!

Decorating Details by Martha Stewart; 101 School Jokes by Jovial Bob Stine, 101 Creepy Creatures Jokes by Jovial Bob Stine; How I Survived the Fifth Grade by Megan Stine; The Art of the Surrealists by Edmund Svinglehurst; From Sea to Shining Sea by James Alexander Thom; Darci and the Dance Contest by Martha Tolles, Trash to Treasure; Puerto Vallarta Squeeze by Robert James Waller; Walt Disney's Story of Bambi; The Olympic Spirit by Susan Wels; Quite A Year For Plums by Bailey White; Traditional Home Remedies by Martha White; The Fortuneteller in 5B by Jane Breskin Zalben.

# Classic Arts and Crafts Fall Show on Sunday

Shirley Nell of Beaver Dam will feature her creative post carolers at the Classic Arts & Craft Show at the KC Hall on Sunday.

It's that time of the year again....CRAFTS....CRAFTS!! And it's time to attend the "classic" in craft shows in this area. On Sunday, November 1st at the K C Hall, just north of West Bend on Hwy. 45 & D (follow the signs), Coordinator Wendi Dreher has gathered some of Wisconsin's well-known crafters to display their talents in crafting.

ADMISSION IS FREE and a door prize is announced every half hour. This will be a perfect time to start the crafting season. Come after church, purchase a coffee and donut...relax and enjoy the 35 displays of crafters...before the Packer/Fortyniners football game. (starts at 3:30 p.m)

This year, as in the past, the city of West Bend is well represented. Here are a few of the crafters who will be on hand to help find that special craft. Mary Horn with her soft sculptures; Mary Therese Johnson displaying her ceramics; Mary Duenkel and her folk art; Terry Mowery with the country small wooden items; Bonnie Klemme will display the beautiful wooden snowmen and Christmas baskets; Joan Habersetzer, sinonimous with the word crafter, will bring her skillfully seasonal wood art; Lori Boudry will ring the every popular American Doll clothes and accessories; and new-comer, Marianne Pulda will show off her many gift bags and boxes, plus the glass scented ornaments.

The "out-of-towners" for this Classic Arts & Crafts Fall Show are Chuck and Jayne Thompson from Manitowoc. They will be on hand to show their talents with their "crafty ideas" of dolls as shelfsitters which have identities of their own. Chuck and Jayne will also display the many wall hangings for all seasons.

Deborah Riewe from

Sussex is another "regular" crafter at this show. She has an outstanding display booth with small country wood painting and a variety of wooden shelves. Bob "Grandpa Bob's" Wucinski will travel from Big Bend and bring his woodworking talents to the show. Grandpa Bob has quilt racks of all styles and sizes, wall plaques and nostalgic wood craved things for all seasons.

New-comer Marilyn Steitzer of Onieda will bring

her sewing talents to this craft show. Marilyn has appliance covers for all those small appliances on your counter. She will have the new styles and designs for just the gift you need. A shopper will not be able to pass Shirley Nell's both without looking at her exquisitely made "timber people." This excellently made craft is truly one-of-a-kind. when you see one of the "timber people" you will want to take them home. There are people for the season and some for the professions such as a nurse or teacher. It is always a treat to have Shirley and her husband at the Classic Arts & Craft Show.

So you see, come to the KC Hall on Sunday, Nov. 1st, and be in for a real treat. Put this date on your calendar...9 a.m. - 4 p.m. The Classic Arts & Crafts Fall Show. If you bring this article to the concession stand it is worth 50 cents off of a sandwich of your choice.

## HALLOWEEN SAFETY TIPS

1. Trick-or-Treaters should be accompanied by an adult or responsible teenager
2. Kids should carry a flashlight after dark.
3. Face Paints are preferred over masks as it is easier for children to see.
4. Tell children not to eat any treats until you have examined them.
5. Check all candy wrappers for signs of tampering.
6. Limit trick-or-treating to familiar neighborhoods.
7. Please remember to look both ways when crossing the street.

## OBITUARIES

### VIOLET I. EDWARDS

Violet Irene Edwards, 66, of Kewaskum, passed away unexpectedly on Friday, October 23, 1998, at St. Joseph's Community Hospital in West Bend.

She was born on March 17, 1932 in the Town of Kewaskum, the daughter of the late Otto and Alma (Backhaus) Ramthun and on April 23, 1958, she was united in marriage to William A. Edwards at St. Lucas Evangelical Lutheran Church in Kewaskum.

Mrs. Edwards was employed by Amity Leather Products Company in West Bend for eight years, operated with her husband, the Wigwam Restaurant in Kewaskum from 1963 to 1980 and was employed by the Samaritan Health Center in West Bend for the last 15 years, retiring in April, 1998. She was a member of St. Lucas Evangelical Lutheran Church in Kewaskum.

Survivors include her husband, William A. Edwards, of Kewaskum; three sons, William R. of New Fane, Robert and Benjamin, both of Kewaskum; four daughters, Beth Klahn, Belle Edwards, Elizabeth Edwards and Barbara Edwards, all of Kewaskum; two brothers, Wilmer Ramthun of Kewaskum and Harry Ramthun of West Bend; two sisters, Delores Ebert of Kewaskum and Lavern (Lloyd) Petermann of Campbellsport; two sisters-in-law, Bernice Ramthun and Deane Ramthun, both of Kewaskum; six grandchildren, Joseph Klahn, Bryce and Blayne Edwards, all of Kewaskum, Rachael, Cody and Lily Edwards of Holiday, Florida; many nieces, nephews, along with other relatives and many friends.

She was preceded in death by three brothers, Otto, Elmer and Ervin "Chesty" Ramthun; a brother-in-law, Elwyn Ebert, and a sister-in-law, Katherine Warner.

Funeral services were held at 11:30 a.m. on Tuesday, October 27, at St. Lucas Evangelical Lutheran Church in Kewaskum with Rev. Edwin Fredrich officiating. Burial followed at Lutheran Memorial Park in Kewaskum.

Friends called from 4 to 8 p.m. on Monday, October 26, at the Miller Funeral Home in Kewaskum where a prayer service was held at 8 p.m.

### GLADYS GARBISCH

Mrs. Gladys Garbisch, age 86, of Kewaskum, passed away on Friday, October 23, 1998 at Cedar Lake Health Care Center in West Bend.

She was born on July 26, 1912, in the Town of Scott, the daughter of the late Walter and Frances (Beier) Klug and on September 15, 1930, she was united in

marriage to Edward Garbisch. Her husband preceded her in death on December 31, 1966.

Mrs. Garbisch was a member of St. Stephen's Lutheran Church in Batavia and was employed at the IGA Store in Batavia for 30 years, retiring in 1970.

Survivors include a son, Walter (Margaret) of Greenfield; a brother, Wallace (Evelyn) Klug of West Bend; two granddaughters, Kathy Williams and Nancy Morse, both of Topeka, Kansas; three great-grandchildren, other relatives and friends.

Funeral services were held at 2 p.m. on Tuesday, October 27, at St. Stephen's Lutheran Church in Batavia with Rev. William Robinson officiating. Burial followed in the church cemetery.

Friends called from 11 a.m. until the time of services at the church only on Tuesday.

Memorials may be given to St. Stephen's Lutheran Church.

The Miller Funeral Home in Kewaskum is serving the family.

### EDNA E. KNOELKE

Edna E. Knoelke found peace in the arms of Jesus on October 26, 1998 at the age of 90 years.

She was preceded in death by her beloved husband, August Knoelke. She was the dear sister of Rose (Grant) Salter and sister-in-law of Gussie Knoelke.

She is further survived by special niece, Phyllis (Alfred) Siegmann, other nieces, nephews, relatives and friends.

Visitation was held on Thursday, Oct. 29, after 10 a.m. at Trinity Evangelical Lutheran Church, W494 Elm Street, Dundee, followed by the service at 11 a.m. Pastor Richard Schlieve officiated. Internment was held in Trinity Lutheran Cemetery in Dundee.

In lieu of flowers, memorials to the church are appreciated.

The Church and Chapel Funeral Service of Milwaukee served the family.

Your donated vehicle can help change a life!

### IN MEMORY

In loving memory of MERLIN SEEFELDT, who passed away five years ago, Oct. 28, 1993:

Our loved one is not gone away,  
But rests in peaceful sleep.  
To awake upon another day,  
Her time with God to keep.  
Her life was long, her life was vast,

Her countenance was cheery;  
To face each day and face each task,  
But never did she weary.  
Now she rests in peaceful slumber,  
Her tasks on earth are done;  
Among the angels she will number,  
For her rich rewards are won.

Deeply missed by the family.

# If you hate buying insurance, why not just do it once.

Just buy PAK II.

It's the one convenient way of covering virtually all of your personal property - your house, your cars and possessions - under one policy. Which means you minimize the hassle while maximizing your coverage. One policy, and that's it.

So if you hate buying insurance, give us a call. Ask about PAK II. And then just do it once.

Holy Trinity Students View Riveredge Nature

Pictured above left to right: Lisa Beck, Rachel Shea, Megan Zettler.

How many animals do you think can live in a cold, shallow river?

At first, it looked like none but, when we got into it and started looking we found a great variety.

Here we were, at Riveredge Nature Center, digging at the bottom of the Milwaukee River. It was a lot more fun than I make it sound. We put big waders on and started searching for life. And we found it!

There were small bugs, large clams, crayfish, and more. We were surprised in finding so many different kinds of animals. And in conclusion, here is another reason to "never judge a book by its cover." Your idea of a cold river may be a great learning experience. It was for us.

We did get a little cold too, since it was about fifty degrees out. But, we still had fun. We hope everyone else who goes, has fun too!

Written by Lisa Beck, Megan Zettler

# Letters to the Editor

## The Kewaskum Statesman welcomes letters to the editor.

However, we do require that letters be legibly written or preferably typewritten, are kept as brief as possible, that the author sign the letter and that a telephone number and address be included where the author can be reached. Only letters including the name of the writer will be published.

THANK YOU

**EDITOR'S NOTE: These letters are run in the order they were received. The Statesman reserves the right to edit statements we deem inappropriate for publication.**

Dear Kewaskum School District Residents:

The intent of this letter is two-fold. First - in reference to my last letter, I recently found out that I was given incorrect census data for children in the Town of Scott who would be attending Beechwood School if it were opened. So disregard those previous figures. I was then told that the following data is also inaccurate, but more closely represent the number of students that could be attending BES: 103 students attending for 1999-2000 school year, 92 for 2000-2001, and 97 for 2001-2002. I was cautioned to remember that these numbers do not reflect children from the Town of Scott who would be attending Holy Trinity, St. Lucas, or another school instead of BES.

Second - I have been

asked by many people to explain my views concerning the upcoming \$17 million referendum and the accompanying recurring referendum. I have two points I wish to make and I am certain these will come as no surprise to anyone.

First - I believe that \$17 million is just too much money at this time. While it would be nice to have all the "add-ons," we must look at what is a need and what is a want. Now, one could argue that we need to have all the add-ons in order to get what we really need - a new KES. I don't believe in that philosophy. The only need on which everyone can agree is the need for a new KES, but I am not willing to "give away the farm" to do so.

Let me state right now that this \$17 million referendum was not something the Board and administration "cooked up at the last minute." It is, in fact, one of the options that was presented to us by the architects some time ago. We dismissed it as being something that "the people would never support." But please keep this in mind: this referendum is being presented now because the only people we heard from were people who wanted an auditorium and people who wanted to reopen Beechwood. In effect, people told us that we weren't spending enough money. So the majority of the Board responded with the plan that took these items into account. However, we never did a voter study to determine why people in the Towns of Wayne, Kewaskum, and Farmington voted against the \$12 million referendum. I've been conducting my own "poll" of sorts and have been finding out that many people thought that \$12 million was too much. Perhaps.

Second - the recurring referendum. Let me again

point out to you that a recurring referendum allows the school board to spend more of your money than the legal limit allows (revenue caps). This recurring referendum is particularly frustrating because - **it has no end.** When originally discussed, it was assumed that this recurring referendum would have a five-year limit. Some Board members even talked about a declining referendum over a five-year period. Before the vote was to be taken, the recurring referendum was presented as currently worded. After the vote, it was too late to correct and so we have a recurring referendum that will go on and on and on into infinity if future Boards and administrations wish. Yikes!

Further, the information sheet indicates that the recurring referendum of \$200,000 is needed to operate Beechwood and the additions to the other schools. Yes, that is indeed the intent, and I'm sure that as long as this Board never changes, and all of our administrators remain employed by our district forever then the monies will be allocated appropriately. But I refer you to the actual wording of the referendum: "That the School Board supports inclusion in the school district budget of the School District of Kewaskum revenue in excess of the revenue limits set forth in (State Statutes listed here) in the following is determined to be for the recurring purpose of paying the costs of operating and maintaining the expanded school buildings." (emphasis added)

On the surface this wording may seem harmless and seems to suggest the inclusion of the operation of Beechwood School.

(Continued on Page 10)

# Letters

Continued from page 9

But let's examine this by looking closely at the wording. Where, in this referendum, does it expressly state that the money **must** be appropriated for the operations of Beechwood School? "Operating and maintaining the expanded school buildings" leaves the door open to having the money distributed in a different way by a future administration/Board.

Several years ago I asked why Beechwood was closed in the first place. The answer most commonly given? "Because someone wanted it closed." Wouldn't it be wise to have Beechwood School mentioned in the wording? Don't forget, this referendum **has no end**. Who knows who will occupy our (Board and administration) seats in years to come. One would assume that the money would be used appropriately as would be the case with our present administration/Board. However, many years ago (under a long-ago administration and Board) one believed our maintenance budget was going to maintenance. Who would have ever dreamed that the money would have been used to purchase computers instead and not to building maintenance, resulting in the neglect of KES. And now where are those computers? In a scrap heap because those "state-of-the-art" computers (as they are always called) are obsolete due to rapid technology changes. And KES? Well, just take a tour through and you'll see your answer.

There are several positive aspects to the \$17 million referendum. It includes the one need on which this entire district agrees - a new KES. It also includes changes at Farmington and Wayne. Actually, the previous \$12 million referendum more closely address

sed the real needs of this District rather than the wants. Our previous referendum was the "Plan B" for six of seven Board members, making this \$17 million referendum a very weak "Plan C," favored by four of seven members. Most of us on the Board and in administration lost sleep over the failure of the last referendum because of the hard work it took to hammer out an educationally and fiscally sound compromise, only to be defeated by lack of voter turnout and a "hold KES hostage until we get what we want" attitude from special interest groups.

I am part of an outstanding Board and have the privilege of working with a first class administration in one of the greatest communities in the state. I consider it an honor to work with the people I do and serve the people I serve. I am not telling anyone how to vote. I am merely responding to the questions many of you have asked me. I also believe it was necessary to point out the error in wording of the recurring referendum and to give you background on how we came up with the \$17 million.

Sincerely,  
Mary P. Andera  
School Board

\*\*\*\*\*  
To the Taxpayers  
And School Board:

Election time is coming and again the school board is trying to shove things down our throats. They lost the last referendum and now are trying a new tactic; trying to buy votes by opening up the Beechwood School. The Beechwood School question has been kicked around for years. The School Board has pushed it aside, forgot about it and basically told the people they know what's best for us, the taxpayers, and we do not have a say as to what's going on. It reminds me of the comic strip character Lil Abner where one of the townspeople said, "What's good for General Bull Moose is good for the country." Only in this case the school board is saying that what is good for us is good for the school sys-

tem and I believe that's a bunch of horse cookies.

The school board is trying to buy votes at the expense of the taxpayers and guess what... I bet that next year it will be the same thing -- we want some more of your money, we did not get enough last year. As the old saying goes, "Beware of Greeks Bearing Gifts" which in this case the Greeks being the school board.

The Beechwood School question should have been handled years ago not held hostage until the board feels they can get something in return... your votes.

Ken Stelzel  
New Fane

\*\*\*\*\*

Dear Editor:

These are my thoughts and questions to the upcoming referendum. I'm voting no. I understand according to the bus company, that in 1999-00, there will be two kindergarten; seven first graders, 11 second graders, etc. -- a total of 72 children for Beechwood (some of them parochial and Random Lake School). I would like to know how far they will move boundaries to get enough children to fill this school? I refuse to send my five-year-old one year to Beechwood, just to meet the number of students to open that school. If Beechwood questions busing time, my children and many others are on for 40 minutes and live within four miles from FES. Just because we live closer doesn't mean a shorter bus ride.

Another question is the recurring referendum. No one ever mentioned this. This means we need to vote every year to exceed our revenue caps of up to \$200,000.

Don't we as taxpayers think we can find a better resolution for "our children" without exceeding revenue caps and taxing us to death. I would agree with \$100-\$150 increase every year if it was worth it. I believe in selling Beechwood and put the money towards upgrading our present problems, not creating new ones, and getting a new referendum.

Linda Artymiuk

\*\*\*\*\*

Dear Kewaskum  
District Residents:

Let's please get some facts straight. This is a district situation -- not a battle between townships. This referendum was set forth to satisfy the needs of the entire district -- not to satisfy some who seem to have this fear of the possibility of having their children attend BES. The problem is not with the Town of Scott regarding population. Keep in mind, though, it seems fine for over 90 students from the Town of Scott to be bussed to FES. The problem is the overcrowding and much needed updates of the buildings in this district. What a shame individuals have to present incorrect information in an attempt to get their way rather than looking at the district as a whole. OK then, if this referendum fails, let's try again in April, add five percent to the building costs, and force all the taxpayers to foot this new bill.

Most of the Town of Scott residents who purchased or built homes realized their children would attend FES. We have no problem with that then or now. I did, however, have a huge problem with the addition of six classrooms (the size of BES) to FES while we still leave BES stand empty.

Regarding the analysis of the current and future population of the Town of Scott, (by the way, the CORRECT figures are on file at the district administration office) I wonder what a similar analysis of

the Town of Wayne would show. Does every student attending Wayne live only within the township of Wayne boundaries? Boundaries are drawn by feasibility, not townships.

If the population figures quoted in last week's **Statesman** letters were indeed correct and reopening BES was not feasible, NO ONE in the district, myself included, would have supported the reopening and have let this get all the way to referendum.

Thank you for informing me of the Town of Scott land use ordinances. Perhaps next time you could quote excerpts of ordinances from all other townships in the district. I'm sure you would find, in theory, ordinances which describe controlled growth for their area.

Talk about Washington politics and over-analyzing survey results. You asked a question, and got an answer. Is this a half-truth? You looked at the results -- which you neglected to quote in the paper -- didn't like the answers, and wished you had further qualified the questions.

In conclusion, refer to the mailer you received from the district and ask your questions (to administration) and vote on November 3rd.

Michelle M. Ringwell

tary School be reopened, as proposed by the upcoming referendum, that your children could potentially be bussed to Beechwood? Since Beechwood does not have an adequate amount of students to meet enrollment requirements at all grade levels (as per Town of Scott census and Johnson Bus figures), the district can remove your kids from Farmington Elementary to satisfy those requirements.

I urge you to vote **NO** on the school referendum on November 3.

Sincerely,

John Lawrence

\*\*\*\*\*

Dear Editor,

I feel there is no need to open Beechwood school. Farmington has only 24 kindergarten students this year. Which means there is only one kindergarten class. Next year there are only two kindergarten students in the Beechwood school area. Which clearly shows no need in the near future to open Beechwood. It would be a costly mistake.

I don't understand why opening Beechwood is not a separate referendum. Why can't we vote to improve other schools and not have to open Beechwood at the same time? Farmington is a very nice school. I want my kids to stay there and not be bussed to Beechwood one year to fill enrollment one year and then back to Farmington to fill enrollment another year. They closed Beechwood for a good reason, low enrollment. Nothing has changed.

Sincerely,  
Shannon and  
Melody Grager

\*\*\*\*\*

Dear Editor,

I would like this opportunity to encourage all eligible voters in the Kewaskum School District to vote on November 3, 1998 and to think carefully before they make their decision on the school referendums. Some of the things to think about are as follows:

1. Twelve years ago, the Beechwood School was closed for a legitimate reason. There weren't enough students in the area to make it feasible to operate. This condition still exists!

2. To open the school 124 elementary school students will be uprooted from their present schools. This includes students from the Town of Scott, who now attend Farmington and the students from Farmington who will be transferred to Beechwood.

3. It's been observed by a school board member that there are subdivisions being built in the Beechwood area. In reality they are in the Random Lake District.

We cannot afford to support another district.

4. Parents from the Town of Scott should ask their children if they aren't happy in the Farmington School and ask themselves if they aren't satisfied with the way they are being taught there.

5. There are no legitimate reasons to believe that the student population in the Town of Scott is increasing enough to operate the Beechwood School economically in the near future without bussing in students from other districts.

6. Creating a recurring referendum to operate this school could very well lead to a Pandora's Box. This is an extremely questionable and undesirable procedure.

7. It would require added bussing moving students both ways in accordance with the number of students presently available for each grade. This will increase the cost, confusion and anger of parents considerably.

My wife and I are retired senior citizens, but I actively supported the original school referendum as I recognized the need, but I cannot support something that I honestly believe is being perpetrated by a few people for personal gains. There will be another referendum next year if this one fails and I'm confident it will be the right one. I again urge all voters to vote no on both referendums until they get it right; right for the benefit of the children and the majority of residents.

Thank you,

Lloyd A. Koch

\*\*\*\*\*

To the Residents of  
Kewaskum School District:

I supported the September referendum because I believed it addressed real needs of our school district in a cost efficient manner. Beechwood was not a part of that referendum.

I support the current referendum because I believe everything in it addresses needs of our school district in a cost efficient manner. This referendum addresses needs further into the future than the September referendum. Beechwood is part of this referendum.

The most important issues in the previous two paragraphs are 1) addressing real needs and, 2) doing so in a cost efficient manner. The most intriguing motion in these two paragraphs may be that I would support a referendum with or without the opening of Beechwood.

I make this point to direct everyone's attention to what should be the most important reason to vote for a referendum. Does the referendum address intrinsic needs of the school district in a prudent and cost efficient means? Sometimes, therefore, we need to consider the Greater Good over

isolated or singular issues that we may not support.

Some constituents, it seems, will not support any referendum with Beechwood in it. Others will not support any referendum without Beechwood in it. Some voters will not support any referendum because it will raise taxes (regardless of the need). Some apparently won't support a referendum with a new KES built on the current site. Conversely, others in our school district won't support a referendum unless the new KES is built on the current site. Some won't support a referendum unless we buy land. A previous referendum demonstrated that many residents won't support buying land. Some think the new referendum went too far. Others think it didn't go far enough, etc., etc.

The fact is, we have needs as a school district -- our children have needs! No referendum is going to be perfect for everyone. There is always going to be something someone doesn't like.

A new KES is desperately needed! Every delay adds to the cost. I don't believe we want to buy land to bus our elementary children out of town. The other option was to buy land, build a new high school, shift the elementary children to the present KMS, and shift middle school to KHS. At \$23,000,000-\$28,000,000, I don't believe residents of this school district would pass such a plan. Pains were taken to address traffic concerns at the present site.

I addressed the need for a new administrative facility in my letter last week. Again, research has shown that it is more cost effective to build it as a separate entity.

KMS is near capacity, and is the fastest growing student population. We need additional space here.

Our current outlying elementary schools are in need of renovation and maintenance work.

Although we have seen a temporary lull, projections indicate continued population growth, particularly in our eastern area. One way to address this is to open Beechwood. The other was to not open Beechwood and expand Farmington, which failed in our last referendum.

Our high school has numerous maintenance needs, which were not addressed in the last expansion and renovation. We have no stage for performing arts, and lack of gym space. We also have an opportunity to acquire a top notch library which, in a cost efficient manner, can be used by the KHS students and KMS students, as well as the public.

Finally, many school districts in the past have made the mistake of building new facilities or expanding current facilities; while neglecting to fund the operations of these buildings. We have a cap for operations funding. By having a

recurring referendum, we have the process in place to fund these operations if there is no other funding. It is, in fact, a prudent, up front means of doing so.

The need is there! I believe we have addressed it in a cost efficient manner. Please take the time to read and study the fact sheets you will all be receiving. And please remember a no vote for one isolated purpose, is also a no vote for all of the needs on this referendum. I ask you to support it.

Jon Downs

\*\*\*\*\*

Dear Editor:

Our school board must be complimented on bringing a comprehensive plan for the school district's building projects.

My many years experience with the Farmington and Washington County Board building projects shows that this is a true long range approach to the building needs of the Kewaskum School District.

This referendum would give each child an enlightened educational experience in each of their home communities.

The gymnasium will broaden the experience of the students not only in sports but also the fascinating satisfaction of plays, musicals and the arts. I would hope that all voters will vote on November 3rd whether it be a yes vote or a no vote. This is a privilege we should not ignore.

The results will show if our future children will either have the best educational opportunities we can expect or whether their education will be limited by lack of adequate facilities.

Norbert Dettmann  
Farmington

\*\*\*\*\*

Dear Editor and Kewaskum School District Residents:

Last week, I had a letter in this paper that described why the school building referendum on November 3rd is a sound plan. It addressed the many positive reasons why the plan will benefit students throughout the entire school district; it also addressed some of the perceived negatives of the plan and how each issue was considered by the board and administration in developing the building plan. It was based upon information gathered at school meetings (from Kewaskum administrators, school board members, architects, i.e. reliable sources). I would now like to address the financial end of this referendum.

You are being asked to vote on a \$17 million dollar building plan, with an impact on your taxes of \$0.86 per one thousand dollars of value, or \$86 per year on a \$100,000 home. (The actual number may decrease slightly based on the recent knowledge of the

state aid amount, as well as the somewhat higher interest rate assumption on the bonds.) You are also being asked for up to \$200K per year recurring expense to maintain and operate the proposed facilities, with an impact on your taxes of \$0.33 per one thousand dollars of value, or \$33 per year on a \$100,000 home. In total, the impact would be \$119 per year on a \$100,000 home or \$179 per year on a \$150,000 home.

Many will say this is a lot of money. I cannot disagree. However, there comes a time after your school district has been quite conservative over the years (in their building plans as well as their annual budget and maintenance expenditures) where we need to reinvest in this district and in our children. In the past several years, this district has really turned back in the right direction in terms of maintaining its facilities. As we propose building the needed facilities, we need to be able to afford to maintain them, as you do with your home. That is why we have a need for a recurring referendum. Our district is also on the leading edge in terms of establishing a coordinated curriculum, with involvement from all of our dedicated teachers. There are so many positive things going on in the district, and we really need the related facilities to have the total package. Our kids deserve it, and we need it to compete in light of school choice.

I ask you to reflect on how many things on which you spend \$100-\$200 per year. The list might include fast food, lottery tickets, a night or two out to dinner, a few trips to the casino, etc. Then I ask you to consider the benefit/payoff that this district will get for the \$17 million referendum compared to say your return on those lottery tickets you may buy. Personally, I don't see any comparison. If forced to choose, I would give up a few nights out or ten trips to McDonald's with my family for the future of our area children. Think about your priorities before you say "no" to this referendum because you think it's too expensive.

Do we need to spend the entire \$17 million now? Well, the cost of construction will rise another 5% if we wait and build after an April referendum -- the cost always goes up. Yes, the plan includes additional classrooms at KMS, FES, BES and WES, which are not absolutely needed at this time. We could try to piece our overall plan together over several referendums, but each separate borrowing involves a certain amount of fixed expense, such as underwriting the bonds and administrative costs. The cumulative effect on your taxes of piling on several bond issues every few years would be higher than the proposed plan. Plus, our children could take advantage of the facili-

(Continued on Page 12)

# Letters

Dear Kewaskum School District Voters:

ties NOW. When a young couple builds a home, they generally don't build a one-bedroom home, then wait and add on two more bedrooms five years later when they decide to have children. Of course not -- it makes more sense to have some foresight and build a three-bedroom home so they don't have to go through the trouble, added expense, and financing a few short years later. Let's apply some common sense and go for the strategic approach.

Again, PLEASE read the informational brochure that was mailed out to all residents about the building referendum -- it has the facts. Be careful what you read or hear from people who are only concerned about which school their own children will attend and seem to take no interest in the overall plan and the best interest of children throughout the entire district. The passing of this referendum is in the best interest of all of our children. Please vote YES on November 3rd to both resolutions so that we can build and maintain the proposed facilities.

Sincerely,

Sharon M. Zolp

\*\*\*\*\*

Often I would choose to let things said go unanswered, but, some of last week's letters were atrocious and so misleading. This is going to be a little painful for me and some of last week's writers.

The "half/whole truth" letter was, I'm sure, written with sincerity, however, there is little that I can agree with. I will not go through it point by point. Suffice it to say that if it were correct; how do you explain that both of the previous administrations say to open BES is the right thing to do? Not only the superintendents, but right on down the line of the rest of the administrators? The survey questions were well written. You cannot take one question all by itself. There is logic and reasoning to be applied so that you can draw conclusions. The surveys speak for themselves. There is no refuting the fact that the most recent committee, when asked, (anonymously) Do you support opening Beechwood? The responses are clear. Eight said yes -- with or without qualifiers, two said no, and one was neutral. Denial and wishful thinking does not change this. Are these independent people who donated their time to be brushed off?

In other matters, you

will not find anyone to agree with the population numbers cited. The Town of Scott is growing at a healthy 5% according to the Sheboygan County Extension.

Then there is all this talk about bussing. According to Administration, the cost of bussing goes down. The travel time goes down according to the bus company. Who is it that misleads you to think differently? It is insulting to think that administration would yo-yo children and families around. It is amazing to think that they are so insensitive and unqualified. You should have more confidence.

Please note that the BES does not serve only township residents just as FES doesn't serve only Farmington students. No matter how you draw the lines, within sound reasoning, you still have 120 to 125 students for BES. The opening only serves to be the most economical and educationally sound decision in the best interests of the whole district to meet with long term plans. I will explain.

The story remains the same: smaller schools get better parental involvement which results in better performance. This referendum isn't just about facilities but about opportunities:

- (1) Better education to attract students not lose

them to "Open Enrollment," private and home school (all of which are good alternatives)

(2) Good economics - at current growth rates we would not build for 15 to 20 years, interest rates are very low and building costs will go up yearly at about 5%.

(3) Accommodating - as the new KES outgrows its 500 capacity, (7 to 8 years after completion) the expanded outlying schools can handle the growth until we have enough students to justify a second elementary school in the village. Think about it.

Back to the economics. Many board members have been hearing that we should build a new high school. This has been discussed at all levels and by both committees. We, as a board, never brought it to you because we thought it a waste of time -- being unworkable. Though it is a solution to many of the problems we face, there is a cost. Last week I had administration come up with a likely figure for a new high school, land with improvements, modifying KMS and KHS, selling the current KES site and the still needed improvements at the outlying schools, for what would be a K-4 system. It would be really nice with an auditorium and even a pool and still include opening BES as per commit-

tee findings. The round figure for this type of plan, not that it would have to include all this, comes in at \$28 million. At today's interest rates, and making comparisons, apples to apples, you would be looking at \$2.52 per 1000. It is unquestionable that this plan would also require a recurring referendum and a good guess would be an additional \$300,000 or another 48 cents for a total of \$3.00 per thousand. Compare this to the current proposal of \$1.19.

If the current proposal does not pass, it is conceivable that this could be the next referendum proposal. I still don't think it would pass by you the voters. Do you?

So, where would you want the board to go from here? We have given you what the majority have said they want. Coming up with an agreeable common sense referendum is difficult. Internally, on the board, there has been too much emotion and other problems I don't want to air. I believe this referendum overcomes these obstacles. I don't believe you will get a better proposal. I do hope you will vote yes to both questions.

Sincerely,  
John C. Schulte  
Board Member

### TOWN OF FARMINGTON BUDGET HEARING

NOV. 10, 1998  
7:30 P.M.  
TOWN HALL

Special Town meeting to follow for the purpose of approving the 1998 Tax levy for the town and the 1999 highway expenditures. Town Board meeting to follow to adopt the budget.

JOANNE ONESKA  
TOWN CLERK

### NOTICE OF PUBLIC HEARING FOR REZONING TOWN OF KEWASKUM

Notice is hereby given that the Town of Kewaskum Zoning Board will hold a Public Hearing for rezoning from exclusive Agriculture (EA) to Agriculture/Open Space (A-1) on November 16, 1998, at 7:30 p.m., at the Kewaskum Town Hall, 9019 Kettle Moraine Drive, Kewaskum, WI. The rezoning is requested by Jimmie and Judith Luedtke, 4820 Badger Road, Kewaskum, WI, for the purpose of dividing five acres, which will then be transferred to a daughter for the purpose of constructing a one-family resident. The property is located in Section 18, is a total of 19.52 acres, and is currently zoned EA. Interested persons should attend the hearing and offer comments.

Dated this 25th day of October, 1998.

Barbara L. Wenzlaff, Town Clerk  
Town of Kewaskum

10-29-2t

### TOWN OF KEWASKUM BOARD OF APPEALS NOTICE OF PUBLIC HEARING NOVEMBER 16, 1998

Notice is hereby given that the Town of Kewaskum Zoning Board of Appeals will conduct a hearing on the application for appeal filed by Jef and Kelly Spalding. The hearing will be held at the Kewaskum Town Hall, 9019 Kettle Moraine Drive, Kewaskum, on November 16, 1998, at 7 p.m. The appeal seeks a variance from the requirements of the Zoning Ordinance in Section 6.03 (A)(1) and Section 3.04 (F)(1), and if granted, will permit the applicants to construct a building in the front yard and within the minimum 100' setback from the middle of the road (Kettle Moraine Drive) on property located at 8499 Kettle Moraine Drive, Kewaskum. All interested persons wishing to comment on the appeal should appear at the hearing.

Dated this 22nd day of October, 1998.

Barbara L. Wenzlaff,  
Zoning Secretary  
Town of Kewaskum

10-29-2t

### NOTICE OF SPECIAL TOWN MEETING OF THE ELECTORS OF THE TOWN OF KEWASKUM, WASHINGTON COUNTY, WI

Notice is hereby given that on Monday, November 16, 1998, immediately following completion of the Public Hearing on the proposed 1999 budget, which begins at 8 P.M. at the Town Hall, 9019 Kettle Moraine Drive, Kewaskum, WI, a special meeting of the electors called pursuant to Section 60.12 (1)(c) of Wisconsin Statutes by the town board for the following purposes will be held:

- To approve the total 1999 highway expenditures pursuant to Section 81.01(3) of Wisconsin Statutes
- To adopt the 1998 tax levy to be paid in 1999 pursuant to Section 60.10(1)(a) of Wisconsin Statutes
- To establish salaries of elected officials for the terms of office to begin in April 1999 pursuant to Section 60.32 of Wisconsin Statutes.

Dated this 23rd day of October, 1998.

Barbara L. Wenzlaff, Clerk  
Town of Kewaskum,  
Washington County, WI

10-29-2t

### A FEW THINGS TO CONSIDER BEFORE YOU VOTE NOV. 3RD

**You were asked what you wanted, and this referendum gives you just that!**

Do you support the current philosophy of maintaining outlying elementary schools at Farmington and Wayne?

YES	85%
NO	8%
NO OPINION	7%

In the future, would you support the establishment of one large central elementary school for the district?

YES	13%
NO	78%
NO OPINION	9%

Would you support the reopening of Beechwood Elementary School?

YES	61%
NO	20%
NO OPINION	19%

Would you support a district building program to add classroom space to outlying elementary schools?

YES	65%
NO	20%
NO OPINION	15%

Source: Survey of Residents 1996 - District Administrative Office

### NOVEMBER 3RD IS YOUR CHANCE TO MAKE IT HAPPEN!

#### Recurring Referendum: Not a Blank Check!

The money will only be spent after YOU, the taxpayers, approve the budget each year at the annual meeting. Each taxpayer has an equal vote.

#### Should we build a new Kewaskum High School instead?

In preliminary estimates by the administration, the total cost of a plan including a new KHS would be about \$28 million. This would include land, revamping KMS to an elementary school, KHS to a middle school, and the still needed improvements at the outlying schools. The impact on the taxpayer of a bond issue amortized over 20 years (the maximum term available for bonds) would be:

- \$2.52 per \$1,000 value for the \$28M bond issue
- \$0.48 per \$1,000 value for a \$290,000\* recurring referendum to operate
- Total \$3.00 per \$1,000 value**

\*Estimate for comparison purposes only

Source: Robert W. Baird 10-23-98 and District Administrative Office

This equates to \$300 per year increased taxes on a \$100,000 home vs. the \$119 per year proposed in the November 3rd referendum.

#### Correct Student Data

##### Town of Scott\*

Age 1	Age 2	Age 3	Age 4	Age 5	Age 6	Age 7	Age 8	Age 9	Age 10	Total

										98

Source: 1998 Kewaskum Census Report from District Administrative Office (last updated prior to start of 98-99 school year)

\* Since 1996, a door-to-door census is no longer taken. Census data for ages 1-3 is based on State Dept. of Health and Human Services birth records and therefore does not include children moving into or out of the district until district office staff updates for known school age children.

Note: School boundaries do not necessarily correspond to township boundaries, currently nor do they have to in the future.

#### Committee Recommendations

The district has been studying facility needs since 1996. There were several committees formed to study the direction that the district should go. After many hours and months of study, some conclusions of the most recent committee were:

##### Do you support opening Beechwood?

- Member A: "Yes." "Supports community schools philosophy."
- Member B: "Yes I do."
- Member C: "Yes."
- Member D: "Yes...give BES back to its community"
- Member E: "I supported opening Beechwood...if there would be a sufficient student population."
- Member F: "Yes, I do if...it has the student numbers"
- Member G: "I believe that it would be good for the students in that area and good for the finances to open Beechwood."
- Member H: "Yes."
- Member I: "I do not support opening Beechwood at this time."
- Member J: "Beechwood should stay closed."
- Member K: "I am not for or against opening it."

##### Do you support the district philosophy of maintaining the outlying schools?

- "Yes, whole-heartedly."
- "Yes...parents can be more involved"
- "Yes. Yes."
- "Yes...better and safer education"
- "Yes... more involvement"
- "Yes."
- Yes. We need to look at more than money here."
- "I support outlying schools if it is in the best interest of students and taxpayers."
- "Yes...majority of taxpayers wanted"
- "Yes and yes."

**Dial-A-Prayer**

Dial 626-8747 and you will hear a prayer spoken on your behalf. It will change your day!

Each day there is a different prayer. The prayers speak to the God of the Bible. They are based on the truth taught in the Bible. They are non-denominational but biblical. In other words, they are Christian.

The Rev. H. David Flegel of Salem United Church of Christ in Wayne and St. Peter's United Church of Christ in Jackson, is offering this ministry to people in the surrounding communities.

Rev. Flegel stated, "It seems that people too often are too busy to pick up a prayer book, or take a minute of quiet meditation. But they are used to picking up their phone easily and quickly. I hope they will and dial 626-8747. It may be the first moment of the morning. It may be at a moment of stress or decision making of the day. I believe that for persons who regularly turn to Dial-A-Prayer, and spend this moment with God, will in a short time discover a difference in their lives."

Flegel added readers should try it for a week. He assures you it will change your day... perhaps even your life.

## Throwing Cold Water On Myths About Home Fire Sprinklers

(NAPS)—Although more and more people are beginning to realize the value of installing a home fire sprinkler system, too many homeowners still believe the "myths" associated with this life-saving technology.

In fact, home fire sprinklers are one of the most reliable systems you can install in your home. Most important—sprinklers and detectors together cut your risk of dying in a home fire by 82 percent relative to having neither—a savings of thousands of lives a year.

Despite the facts, the misconceptions persist. The following examples illustrate the most common fallacies.

**Myth:** The water damage from sprinklers is worse than a fire.

**Fact:** A sprinkler will control a fire with a fraction of the water used by fire department hoses and puts water on the flames immediately—controlling or extinguishing the fire in its early stages.

**Myth:** Sprinklers go off "accidentally."

**Fact:** The odds are 1 in 16 million per year that a sprinkler will improperly discharge because of a manufacturing defect.

**Myth:** Sprinklers are ugly.

**Fact:** Modern home fire sprinkler pipes can be hidden behind walls. The sprinklers are inconspicuous, and can be mounted flush with walls and ceilings.

For more information and a free brochure, call the Home Fire Sprinkler Coalition's new toll-free information line at (888) 635-7222.

"Recommended by past customers and clients."

LIST WITH DAN TRUOG!

## United Way at 67 Percent

Halfway into the 1998 United Way of Washington County fund drive, the campaign has passed the 67 percent mark with \$713,583 in gifts and pledges counted towards the count-wide goal of \$1,065,000.

At a "Bringin' Home the Bacon" Mid-Campaign Report Breakfast in Jackson on October 23, volunteers reported on their results. Building on the fun pig theme for this year's campaign, a "Pig Pail" was used to collect money to cover the cost of the breakfast (as at all campaign events, volunteers pay their own way). Volunteers then "fattened up" a large decorated plastic pig with corn feed, grown here in Washington County, to show

the current level of 67 percent in donations to date.

With almost 70 campaign volunteers, United Way board members and agency representatives in attendance, the report meeting was deemed a success -- and an opportunity to see how things are progressing with the campaign.

"We're running just slightly ahead of our target," said Campaign Chairman Ray Lipman. "We know our volunteers are working very hard to generate gifts and pledges, and it is heartening to note which divisions are already at or above the 67 percent mark: Accountants and Business Services, Clergy, Contractors, Dentists, Financial, Physicians, Washington

County Employees, City of West Bend Employees, Hartford, Jackson, Richfield, Hubertus, Colgate, Special Gifts and Key Firms."

United Way Executive Director Barbara Hurula's welcoming words thanked the volunteers for their efforts so far. Her "Better Get Hoofing" message reminded volunteers to keep up the pace and effort -- and also of the 62 programs among 24 local agencies that will benefit in the coming year.

Lipman's closing comments echoed the feeling of the audience. He likened the participation in United Way to a pebble thrown into the water. "As the pebble skips across the water, and ripples form on the water's surface, so too, do our deeds ripple to help those in need. Together, our ripples make a wave," he said. "We need that wave to continue to build and

strengthen until the campaign is completed."

The campaign continues

through early December, with the finale scheduled for December 3.

## NOTICE OF ELECTION

DISABLED VOTERS

Dated this 23rd day of October, 1998

Barbara L. Wenzlaff, Clerk  
Town of Kewaskum

### FACSIMILE BALLOT NOTICE OF GENERAL ELECTION November 3, 1998

OFFICE OF THE WASHINGTON COUNTY CLERK  
TO THE ELECTORS OF WASHINGTON COUNTY:

Notice is hereby given of a general election to be held in the several wards in the County of Washington on the 3<sup>rd</sup> day of November, 1998, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office, each in its proper column, in the sample ballot below.

#### INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth or machine and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

At the general election, if an elector wishes to cast a straight party vote for all candidates nominated by any party, the elector shall select the party of his or her choice and:

Where paper ballots are used, make a cross (X) in the circle under the party designation. Where lever machines are used, depress the lever under the party designation. Where a marksense system is used, fill in the oval next to the party designation.

A straight party vote is a vote for all the party's candidates listed on the ballot, unless the elector casts a vote for a candidate of another party, writes in the name of a candidate or applies a sticker. A straight party vote cannot be cast for Independent candidates.

To vote for individual candidates, where paper ballots are used, make a cross (X) in the square at the right of the candidate's name. Where lever machines are used, depress the lever at the right of the candidate's name. Where a marksense system is used, fill in the oval next to the candidate's name.

To vote for a person whose name does not appear on the ballot, the elector shall write the name of the candidate of his or her choice in the space provided for a write-in vote.

An elector must vote for Governor and Lieutenant Governor jointly on one ticket. A vote for Governor is also a vote for Lieutenant Governor. To vote for persons whose names do not appear on the ballot, write the names of individuals for both offices on the lines provided. A write-in vote for only one person for Governor/Lieutenant Governor will not be counted.

On referenda questions, where paper ballots or lever machines are used, the elector shall make a cross (X) in the square or depress the lever at the right of "yes" if in favor of the question, or the elector shall make a cross (X) in the square or depress the lever at the right of "no" if opposed to the question.

On referenda questions, where marksense voting is used, the elector shall fill in the oval next to "yes" if in favor of the question, or the elector shall fill in the oval next to "no" if opposed to the question.

If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official who shall issue a proper ballot in its place. Not more than five minutes' time shall be allowed inside a voting booth. Unofficial ballots or a memorandum to assist the elector in marking his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

After casting his or her vote, the elector shall leave the voting booth, properly deposit the ballot, and promptly leave the polling place.

After an official paper ballot is marked, it shall be folded so that the inside marks do not show, but so the printed endorsements and inspectors' initials on the outside do show. The elector shall then deposit his or her folded ballots in the proper ballot box or deliver the ballots to an inspector for deposit.

After an official marksense ballot is marked, it shall be inserted in the envelope provided so the marks do not show. The elector shall then insert the ballot in the voting device and discard the envelope, or deposit the ballot in the ballot box or deliver it to an inspector for deposit.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.

The following is a facsimile of the official ballot:

# Taking Safety Seriously Can Add to Halloween Fun

Ask children what they like best about Halloween and the answer is likely to be costumes and treats. But safety tops a parents' Halloween wish list. That doesn't have to be tricky if parents and children follow these suggestions from Optometrist Dr. John Schroder and the pediatricians of the General Clinic in West Bend.

\* Children want to be scary and spooky; parents want them to be seen. Fortunately, makeup meets the specifications of both sides. Makeup offers children a safer, more natural view than that offered by masks. Masks may not fit well or have adequately-sized openings. With hypoallergenic makeup in scary colors and parents' help in makeup artistry, a child can take care to keep makeup particles and applicators out of childrens' eyes.

\* Costumes can be both frightful and visible if parents decorate them with iron-on or sewn-on reflective fabric or tape or self-stick decals. Reflective material is the most effective way to make children visible to drivers at night. Parents should make sure the tape is placed so children can be seen from the front, back and sides.

\* Drivers on Halloween night should be extra vigilant when traveling neighborhood roads. Parents

should caution children about looking both ways before crossing streets.

\* Adults should accompany trick-or-treaters. Children should be told to walk on sidewalks or yards, not in the street. A battery-operated light or lantern adds an extra measure of night visibility -- and spookiness.

Halloween is a fun time for children, yet it need not scare their parents. The key is to see and be seen, say the physicians at the General Clinic in West Bend. Following simple precautions can make Halloween the treat of a holiday it was meant to be.

Two toads of central and southwestern Europe are called midwife or obstetrical toads because the male helps care for the eggs. The male fastens them to his legs and carries them until they hatch. He usually hides under a stone or some other place while carrying them, but comes out after dark to bathe the eggs in a pond or stream.

**OFFICIAL BALLOT**  
FOR STATE, CONGRESSIONAL, LEGISLATIVE, COUNTY OFFICES AND REFERENDA

**NOTICE TO ELECTORS: THIS BALLOT MAY BE INVALID UNLESS INITIALED BY 2 ELECTION INSPECTORS. IF CAST AS AN ABSENTEE BALLOT, THE BALLOT MUST BEAR THE INITIALS OF THE MUNICIPAL CLERK OR DEPUTY CLERK.**

To vote for the candidate of your choice, completely darken the oval at the LEFT of the candidate's name, like this . To vote for a person whose name does not appear on the ballot, write the person's name on the line provided and darken the oval.

If you desire to vote a straight party ticket for all congressional, legislative, state and county offices, darken the oval at the LEFT of the party of your choice. A straight party vote cannot be cast for independent candidates. To vote for individual candidates of your choice, darken the oval at the LEFT of the name of the candidate.

NOTICE OF REFERENDUM ELECTION

NOVEMBER 3, 1998

NOTICE IS HEREBY GIVEN, that at an election to be held in the several towns, villages, wards, and election districts of the State of Wisconsin, on Tuesday, November 3, 1998, the following proposed amendments to the Constitution of the State of Wisconsin, having been approved by two successive legislatures, will be submitted to a vote of the people pursuant to law:

1997 Senate Joint Resolution 43 Date of Publication: May 27, 1998

1997 ENROLLED JOINT RESOLUTION 18

To amend section 4 (1), (3) and (5) of article VI; and to create section 4 (6) of article VI of the constitution; relating to: 4-year terms of office for, appointment of, vacancies in the offices of, and the restriction on holding any other office by, sheriffs (2nd consideration).

Whereas, the 1995 legislature in regular session proposed an amendment to the constitution in 1995 Assembly Joint Resolution 37, which became Enrolled Joint Resolution 23, and agreed to it by a majority of the members elected to each of the 2 houses, which proposed amendment reads as follows:

SECTION 1. Section 4 (1), (3) and (5) of article VI of the constitution are amended to read:

[Article VI] Section 4 (1) Sheriffs-Except as provided in sub. (2), coroners, registers of deeds, district attorneys, and all other elected county officers except judicial officers, sheriffs and chief executive officers, shall be chosen by the electors of the respective counties once in every 2 years.

(3) (a) Sheriffs shall may not hold ne any other partisan office.  
(b) Sheriffs may be required by law to renew their security from time to time, and in default of giving such new security their office shall be deemed vacant.

(c) Beginning with the first general election at which the governor is elected which occurs after the ratification of this paragraph, sheriffs shall be chosen by the electors of the respective counties once in every 4 years.

(5) All vacancies in the offices of sheriff, coroner, register of deeds or district attorney shall be filled by appointment. The person appointed to fill a vacancy shall hold office only for the unexpired portion of the term to which appointed and until a successor shall be elected and qualified.

SECTION 2. Section 4(6) of article VI of the constitution is created to read:

[Article VI] Section 4(6) When a vacancy occurs in the office of sheriff, the vacancy shall be filled by appointment of the governor, and the person appointed shall serve until his or her successor is elected and qualified.

Now, therefore, be it resolved by the senate, the assembly concurring, That the foregoing proposed amendment to the constitution is agreed to by the 1997 legislature; and, be it further

Resolved, That the foregoing proposed amendment to the constitution be submitted to a vote of the people at the general election to be held on November 3, 1998; and, be it further

Resolved, That the question concerning ratification of the foregoing proposed amendment to the constitution be stated on the ballot as follows:

QUESTION 1: Terms of office for, appointment of, vacancies in the offices of, and the restriction on holding any other office by, sheriffs. Shall section 4 (1), (3) and (5) of article VI of the constitution be amended and section 4 (6) of article VI of the constitution be created to extend the terms of office of sheriffs from 2 years to 4 years, to allow sheriffs to hold nonpartisan offices, and to require that vacancies in the office of sheriffs be filled by appointment of the governor until a successor is elected and qualified?

EXPLANATION

Article VI, section 4 of the Wisconsin Constitution now provides a term of two years for sheriffs and prohibits sheriffs from holding any other office. It also provides that vacancies in the office of sheriff are filled by appointment for the remainder of the unexpired term.

The proposed amendment would extend the term of office from two years to four years beginning with sheriffs who are elected at the first gubernatorial election after ratification. The amendment would also allow sheriffs to hold nonpartisan offices and would provide that persons appointed to fill vacancies would serve only until a successor is elected and qualified rather than for the remainder of the unexpired term.

A "yes" vote on this constitutional amendment would change the term of office of sheriff from two years to four years, would allow sheriffs to hold nonpartisan office and would provide that an appointee filling a vacancy in the office of sheriff would serve until a successor is elected and qualified. A "no" vote would keep the present language of article VI, section 4 of the Wisconsin Constitution, which provides a term of two years for the office of sheriff, prohibits sheriffs from holding any other office and provides that a person appointed to fill a vacancy in the office of sheriff serves for the remainder of the unexpired term.

1997 Assembly Joint Resolution 11 Date of Publication: June 29, 1998

1997 ENROLLED JOINT RESOLUTION 21

To create section 25 of article I of the constitution; relating to: the right to keep and bear arms (2nd consideration).

Whereas, the 1995 legislature in regular session considered a proposed amendment to the constitution (1995 Assembly Joint Resolution 53, which became 1995 Enrolled Joint Resolution 27) and agreed to it by a majority of the members elected to each of the 2 houses, which amendment reads as follows:

SECTION 1. Section 25 of article I of the constitution is created to read:

[Article I] Section 25. The people have the right to keep and bear arms for security, defense, hunting, recreation or any other lawful purpose.

SECTION 2. Numbering of new section. The new section "25" of article I of the constitution created in this joint resolution shall be designated by the next higher open whole section number in that article if, prior to or simultaneously with the ratification by the people of the amendment proposed in this joint resolution, any other ratified amendment has created a "section 25" of article I of the constitution of this state. If several joint resolutions simultaneously create a section 25 of article I, the chief of the legislative reference bureau shall determine the sequence and the numbering.

Now, therefore, be it resolved by the assembly, the senate concurring, That the foregoing proposed amendment to the constitution is agreed to by the 1997 legislature; and, be it further

Resolved, That the foregoing proposed amendment to the constitution be submitted to a vote of the people at the general election to be held in November 1998; and, be it further

Resolved, That the question concerning ratification of the foregoing proposed amendment to the constitution be stated on the ballot as follows:

QUESTION 2: "Right to keep and bear arms. Shall section 25 of article I of the constitution be created to declare that the people have the right to keep and bear arms for security, defense, hunting, recreation or any other lawful purpose?"

EXPLANATION

This constitutional amendment would add a new section to article I of the Wisconsin Constitution. The new article would read: "The people have the right to keep and bear arms for security, defense, hunting, recreation or any other lawful purpose."

A "yes" vote on this constitutional amendment would mean that a new provision would be added to the Wisconsin Constitution providing a right to keep and bear arms for security, defense, hunting, recreation or any other lawful purpose. A "no" vote would mean that article I of the Wisconsin Constitution would not be so amended.

Done in the County of Washington, this 8th day of October, 1998.

*Marjorie K. Plaster*  
County Clerk

FACSIMILE BALLOT NOTICE OF SCHOOL DISTRICT OF KEWASKUM SPECIAL REFERENDUM ELECTION November 3, 1998

OFFICE OF THE SCHOOL DISTRICT OF KEWASKUM CLERK

TO THE ELECTORS OF THE SCHOOL DISTRICT OF KEWASKUM:

Notice is hereby given that a Referendum Election will be held in the School District of Kewaskum, on the 3rd day of November, 1998, at which the referendum questions set forth in the sample ballot below shall be determined.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot.

On the referendum question, where paper ballots or lever machines are used, the elector shall make a cross (X) in the square or depress the lever or button at the right of or depress the button or lever next to "yes" if in favor of the question, or the elector shall make a cross (X) in the square or depress the lever or button at the right of or next to "no" if opposed to the question.

Where punch card voting is used, on referenda questions, the elector shall make a punch or a hole in the space designated "yes" if in favor of the question, or make a punch or a hole in the space designated "no" if opposed to the question.

Where marksense voting is used, on referenda questions, the elector shall connect the arrow or fill in the oval next to "yes" if in favor of the question, or connect the arrow or fill in the oval next to "no" if opposed to the question.

If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector.

After an official paper ballot is marked, it shall be folded so the inside marks do not show, but so the printed endorsements and inspectors' initials on the outside do show.

After an official punch card ballot is marked, it shall be inserted in the envelope provided so the holes or punches do not show.

After an official marksense ballot is marked, it shall be inserted in the envelope provided so the marks do not show.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to disability is unable to cast his or her ballot.

The following is a facsimile of the official ballot:

MARY ANDERA, DISTRICT CLERK

NOTICE TO ELECTORS FOR THE SCHOOL DISTRICT OF KEWASKUM RELATING TO POLLING PLACES AND HOURS

## New Program Opens to Assist Home Buyers in County

The Tri-County HOME Consortium and the Washington County Lenders Consortium today jointly announced the introduction of a county wide program designed to assist homebuyers in Washington County purchase a home.

This program, called the "Washington County Home Buyer Program," was developed by both the Tri-County HOME Consortium and the Washington County Lenders Consortium ("WaCLC"). These two groups have selected Carol Biersach, Executive Director of the Slinger Housing Authority, to lead the program. The Washington County Home Buyer Program is the HOME Consortium's and WaCLC's only endorsed provider of educational and counseling services for first-time homebuyers in Washington County.

"Carol was selected unanimously by both of our groups after an extensive request for proposal was announced a few months ago," explained Marcia Theusch, Director of Economic Development of Washington County and a member of the Tri-County HOME Consortium Board of Directors. "As a result of her experience and familiarity with our county, she was the clear choice for us to provide these services."

The Washington County Home Buyer Program will consist of five hours of group seminars that are divided into two different sessions of 2.5 hours in length. Each session will begin at 6:00 p.m. and end by 8:30 p.m. Additionally, each home buyer will meet individually with Carol for one hour to make sure they have all the right documents they need to obtain a mortgage from a member lender of the Washington County Lenders Consortium. These seminars will provide information for home buyers to find out how much of a home they can afford to buy; what is your credit history and how will it affect your ability to obtain a mortgage loan; and the steps are in getting a mortgage loan.

"In addition to these seminars, Carol has been trained to help those who want to become homeowners but cannot right now because of past credit problems," stated Scott Fergus, Executive Director of Community Housing Initiative, Inc., the Tri-County's Program Administrator. "Also, for those who may be short of money to pay for closing costs and downpayment, Carol can assist a home buyer to find out if they qualify for a \$3,000 C-Cap Grant, which will help them in financing their home purchase. However in order to qualify for this \$3,000 assistance, a homebuyer must successfully complete the Washington County Home Buyer Program."

For the past few months, Washington County Lender Consortium members have been offering the \$3,000 forgivable grant in Washington County, called the C-Cap

grant, for households that earn 80% or less of the county median income adjusted by household size. For example, if you are a four-person household, you can qualify for this grant if you earn \$43,100 or less. In addition to successfully completing the Washington County Home Buyer Program, an eligible borrower must also obtain a mortgage loan through a participating lender.

"The C-Cap Grant Program has been going extremely well since it started in Washington County," stated Marcia Theusch. "During the last couple months, 12 grants have been committed to eligible residents to help them purchase a home." Ms. Theusch further explained that while "the average purchase price for the homeowners receiving the assistance has been over \$88,000, the purchase price limits under the program is \$134,000. However, the home price needs to be one that an eligible homebuyer can afford."

The first Home Buyer Program seminar will be held on October 21st and 28th, in West Bend. The session is limited to the first 25 who register to attend.

To register for the seminar or learn more about the \$3,000 C-Cap Grant now available in Washington County, call Carol Biersach at the Slinger Housing Authority at 1-414-644-8255 or Mark Hoefert at the West Bend Housing Authority at 1-414/338-0771.

The Tri-County HOME Consortium and the Washington County Lenders Consortium work cooperatively to provide over \$2 million in funding that is designated to programs that assist area residents to purchase a home or to rehab their existing home. The Tri-County HOME Consortium includes the counties of Jefferson, Washington and Waukesha and receives its funding from the federal HOME Program.

The Washington County Lenders Consortium is a group of 13 banks in Washington county that includes Associated Bank, The Equitable Bank, the First National Bank of Hartford, Firststar Bank, Glacier Hills Credit Union, Guaranty Bank, Hartford Savings Bank, M&I First National Bank, M&I Bank of Menomonee Falls, Norwest Banks, National Exchange Bank & Trust, the State Bank of Newburg and West Bend Savings Bank. Membership in the Consortium is open to all lenders in Washington County.

The Electoral College system of electing U.S. presidents has allowed three candidates to become president whose closest opponents received more popular votes—John Quincy Adams in 1824, Rutherford B. Hayes in 1876 and Benjamin Harrison in 1888.

(TYPE C NOTICE)

## NOTICE OF REFERENDUM ELECTION SCHOOL DISTRICT OF KEWASKUM

TAKE NOTICE that a special referendum election shall be held on November 3, 1998, in the School District of Kewaskum, Washington, Fond du Lac and Sheboygan Counties, Wisconsin, for the purpose of approving or rejecting two separate Resolutions adopted by the Board of Education of said District on September 17, 1998.

The First Resolution reads as follows:

### INITIAL RESOLUTION AUTHORIZING GENERAL OBLIGATION BONDS IN AN AMOUNT NOT TO EXCEED \$17,000,000

BE IT RESOLVED by the Board of Education of the School District of Kewaskum, Washington, Fond du Lac and Sheboygan Counties, Wisconsin that there shall be issued pursuant to Chapter 67, Wisconsin Statutes, General Obligation Bonds in an amount not to exceed \$17,000,000 for the purpose of paying the cost of renovation of and constructing and equipping an addition to Beechwood School; constructing a new elementary school; constructing a new administration building; remodeling, constructing additions and equipping Wayne and Farmington elementary schools; remodeling the interior portion of the high school; demolition of the old elementary school; constructing and equipping an addition to the middle school to provide a gymnasium and library, and additional classrooms and office for the middle school; site improvements at the high school and middle school; and payment of related architectural and engineering fees and the costs of issuing of the Bonds (the "Project").

The referendum ballot in each instance will ask District electors: "Shall the foregoing resolution of the Board of Education of the School District of Kewaskum be approved?"

A "yes" vote is in favor of the \$17,000,000 Resolution set forth above and is a vote to approve the borrowing of not to exceed \$17,000,000 by the School District of Kewaskum through the issuance of General Obligation Bonds for the purpose of paying the cost of renovation of and constructing and equipping an addition to Beechwood School; constructing a new elementary school; constructing a new administration building; remodeling, constructing additions and equipping Wayne and Farmington elementary schools; remodeling the interior portion of the high school; demolition of the old elementary school; constructing and equipping an addition to the middle school to provide a gymnasium and library, and additional classrooms and office for the middle school; site improvements at the high school and middle school; and payment of related architectural and engineering fees and the costs of issuing of the Bonds.

A "no" vote is opposed to the \$17,000,000 Resolution set forth above and is a vote to deny the District the authority to borrow not to exceed \$17,000,000 through the issuance of General Obligation Bonds for the purpose of paying the cost of renovation of and constructing and equipping an addition to Beechwood School; constructing a new elementary school; constructing a new administration building; remodeling, constructing additions and equipping Wayne and Farmington elementary schools; remodeling the interior portion of the high school; demolition of the old elementary school; constructing and equipping an addition to the middle school to provide a gymnasium and library, and additional classrooms and office for the middle school; site improvements at the high school and middle school; and payment of related architectural and engineering fees and the costs of issuing of the Bonds.

The Second Resolution reads as follows:

### RESOLUTION SUPPORTING THE INCLUSION FOR RECURRING PURPOSES OF REVENUE IN EXCESS OF \$200,000 REVENUE LIMIT IN THE BUDGET OF THE SCHOOL DISTRICT OF KEWASKUM

BE IT RESOLVED that the School Board supports inclusion in School District Budget of Kewaskum revenue in excess of the revenue limits set forth in Section 121.91 (2m), Wisconsin Statutes, in the following amount: \$200,000 for the 1999-2000 Budget year and each succeeding Budget year, which revenue is determined to be for the recurring purpose of paying costs of operating and maintaining the expanded school buildings in the event the District undertakes the Project set forth in the Initial Resolution adopted by the Board on September 17, 1998.

The referendum ballot in each instance will ask District electors: "Shall the foregoing resolution of the Board of Education of the School District of Kewaskum be approved?"

A "yes" vote is in favor of the Resolution set forth above and is a vote to authorize the inclusion in the District's budget of revenues in excess of the revenue limits under Section 121.91(2), Wisconsin Statutes, in the amount of \$200,000 for the 1999-2000 Budget Year and each succeeding Budget Year, which revenue is determined to be for the recurring purpose of paying costs of operating and maintaining the school buildings in the District. In the event the District undertakes the Project set forth in the Initial Resolution adopted by the Board on September 17, 1998.

A "no" vote is opposed to the Resolution set forth above and is a vote to deny the authority to include in the District's budget of revenues in excess of the revenue limits under Section 121.91(2), Wisconsin Statutes, in the amount of \$200,000 for the 1999-2000 Budget Year and each succeeding Budget Year, which revenue is determined to be for the recurring purpose of paying costs of operating and maintaining the school buildings in the District. In the event the District undertakes the Project set forth in the Initial Resolution adopted by the Board on September 17, 1998.

Persons with questions regarding the Referendum Election should contact Mr. Clark A. Pearson, District Administrator.

School District of Kewaskum  
Mary Andera, District Clerk

## Village Board Meeting Minutes

Regular Meeting  
October 5, 1998  
8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Robert Wagner presided. All other Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee Harry Roecker, seconded by Trustee Andy Pesch and unanimously carried by voice vote, the minutes of the September 21, 1998 meeting were approved as printed.

A public hearing was held on the request of LB Entrepreneurs, for the rezoning of the parcel located north of CTH H (22.7 acres including roadways) from B-2 General Business District to R-1 Single-Family Residence District and R-3 Two-Family District. The property is known by tax key number V4-0182-00Z. (The property previously known as the Spoerl farm, just south of the KKCP). It is noted that the bulk of the lots would be R-1 Single Family and 4 lots being R-3 Two Family. It was reported by President Wagner that the Plan Commission sent the matter to the Board for public hearing with a split vote with only four commissioners being present. Nine area residents were present for the discussion regarding the rezoning discussion. David Goeden was present and made a few points as follows: 1) All subdivisions should be identical, not having a specific name and all having identical covenants. 2) Objected to the R-3 Two-Family four lots being on Edgewood Road. 3) Place a street in the center of the subdivision as well as the sides. 4) Promote the road on the west side even though it is not a boulevard and only half of it is in the village. 5) Larger lot sizes should be considered. 6) He preferred residential use of the land versus any commercial as he promoted when the land was annexed.

Judy Harlow informed the Board that she had concerns over the traffic and the extension of Edgewood Road. It was noted that the road was not part of the rezoning matter and that the road has been proposed prior to any part of Edgewood Road being developed. She commented that residential use of the land is better than the commercial.

Trustee John Kenworthy expressed his view that the land would be better as residential versus commercial even though he origi-

nally felt it should be park land.

President Robert Wagner talked about traffic concerns, the need for stop signs, including the need for an alternate traffic route for USH "45."

Trustee Andy Pesch indicated he lived on Edgewood Road and knew prior to any road improvements that the street would eventually connect CTH "H" to STH "28." He further noted that the village is in need of the street for a number of reasons with the primary one being for public safety. If the bridge on USH "45" would be out or impassable, emergency vehicles would need to travel 4 to 6 miles to provide fire, police or ambulance protection to the south end of the village.

The discussion evolved somewhat around the request for R-3 Two-family zoning on four of the lots. Also in response to a question asked, it was noted that \$200 open space fee would need to be paid for each lot of the development.

On a motion by Trustee John Kenworthy, seconded by Trustee Robert Stoltzmann and carried by the majority roll call vote, the Board closed the Public hearing. Roll call vote was 6 "Aye" ;0 "Nay" 0 "absent" 1 "Abstention." Trustee Gary Gavin abstained.

On a motion by Trustee John Kenworthy, seconded by Trustee Andy Pesch and carried by the majority roll call vote the Board suspended the rules to take action on IX. New Business A. Ordinance No. 98-6 An Ordinance to Amend the zoning on the parcel known by tax key number V4-0182-00Z as heard at public hearing. A brief discussion regarding the four R-3 Two-Family lots took place as to striking that from the Ordinance. With the lack of an introduction, no action was taken and the matter was sent back to the developer and Plan Commission.

Fire Chief Mark Groeschel presented the September 1998 monthly report:

Fire calls - 1, Year to date - 20;  
Jaws of Life - 0, Year to date - 25;  
Rescue calls, Miles.

On a motion by Trustee Harry Roecker, seconded by Trustee Andy Pesch and unanimously carried by voice vote, the Board authorized the Fire Department to proceed with the repair/replacement tank work needed on the Telesquirt using the Department's money and then to have the Village budget for those improvements in 1999, reimbursing the Fire Department.

Police Chief Richard Knoebel presented the September 1998 monthly report:

Criminal arrests - 38, Criminal investigations - 45; Traffic warnings - 127, Traffic citations - 31; Adult arrests - 23, Juvenile arrests - 9; Property stolen - \$202, Property recovered - \$202; Parking warnings - 2, Parking tags - 21.

On a motion by Trustee Gary Gavin, seconded by Trustee Robert

Stoltzmann and unanimously carried by voice vote, the Board authorized the Police Chief to negotiate the lease purchase of a 1999 squad car replacement.

Director of Public Works, Jerry Gilles informed the Board of the following:

1) A water main break on Main Street at the Milwaukee River Bridge. The repairs have been completed with the insulation of the pipe to take place shortly.

2) It was noted an additional water valve needs to be replaced at the intersection of Parkview Drive and Main Street.

3) The Board was informed of an earlier water main break in front of the Fire House north driveway.

On a motion by Trustee Warren Dums, seconded by Trustee John Kenworthy and unanimously carried by voice vote, the Board approved the issuance of an Operators License for 98/99 upon proper payment of fees and documentation for the following:

Swaner, Lori L. - Campbell-sport, WI

Note: The Police Department had no objections to any of the applications.

Administrator Daniel S. Schmidt reviewed the following with the Board:

1) Review of League and Taxpayer bulletins.

2) Review of the transfer of the CATV franchise from Marcus Cable to Vulcan Cable using the University of Wisconsin Professor Orton to assist the Village at a cost of not to exceed \$1,000.

On a motion by Trustee Robert Stoltzmann, seconded by Trustee Harry Roecker and unanimously carried by voice vote the Board approved the agreement with UW and Dr. Orton.

3) Review of SEWRPC annual report for 1997.

4) Review scheduled EDAC meeting for October 12, 1998.

5) Informed the Board of the Department of Revenues progress regarding the State Manufacturing Assessment appeal as far as a negotiated settlement. It was noted the Village's efforts to have legislation change is also progressing.

6) Review of correspondence.

Administrative Committee Chairman announced a change in the October Committee meeting to October 19, 1998 at 6:45 p.m.

The Administrator reviewed the Debt Service proposed budget for 1999 as follows: The budget reflects a \$22,452 increase compared to that of 1998, but a \$1,465 increase compared to 1997. The increase is because of the storm sewer work being completed adjacent to the railroad tracks.

Chairman of the Protection and Public Safety Committee, Harry Roecker, informed the Board that the Committee, as well as all Board members, reviewed both the Fire and Police Departments proposed budgets for 1999. The Administrator reviewed the numbers with the Board.

Chairman of the Public Works Committee, Gary Gavin, announced a Committee Meeting scheduled for 7:30 p.m. on October 19, 1998 regarding the proposed budget for 1999.

Chairman of the Park and Recreation Committee, John Kenworthy, announced a Committee meeting scheduled for 7:30 p.m. on October 19, 1998.

Library Board Representative Trustee John Kenworthy announced that a Board meeting is scheduled for Wednesday, October 7, 1998.

Mid-Moraine Municipal Association, Legislative Committee Member Robert Stoltzmann reported on the meeting of October 14, 1998.

Director of Public Works reported that the Sewer project is proceeding with the bulk of the construction work complete other than

the asphalt patch work and restoration which should be completed in early October.

On a motion by Trustee John Kenworthy, seconded by Trustee Harry Roecker and unanimously carried by voice vote, the Board authorized the signing of a one year County-Wide Library Agreement with Washington County for 1999.

Action was taken on Resolution No. 98-27 A Resolution to Request Exemption From the County-Wide Library Tax Levy under provisions of Wisconsin Statutes 43.64(2) as attached hereto:

Administrator Daniel Schmidt reviewed the proposed budget dollar amounts from the Fire Department budget for 1999 to be used in reference with the fire service contracts with the Town of Kewaskum and Town of Auburn. It was noted the Town of Kewaskum dollar amount is \$76,603, up by 5.8% and the Town of Auburn is \$43,904, down by 1.6%

Administrator Daniel Schmidt reported a variety of budgetary figures and tax facts to the Board regarding the proposed 1999 budget. It was noted the Board established the 1999 Budget Public Hearing date and time for November 16, 1998 at 7:00 p.m.

Motion by Trustee Harry Roecker, seconded by Trustee Andy Pesch and carried by the majority roll call vote, to adjourn. Roll call vote was 7 "Aye" 0 "Nay" 0 "Absent."

# School Spending Per Pupil Up 5.5%, WTA Estimates

MADISON -- The average Wisconsin K-12 school district budgeted \$7,738 per student in 1997-98, up 5.5% from the previous year's expenditures, according to the Wisconsin Taxpayers Alliance (WTA). Now in its seventh decade, the WTA is a nonpartisan, privately funded, government-research organization dedicated to providing the press and public objective facts on state and local taxes and spending.

In its newly released school district fact book, *School Facts98*, the WTA also found that about \$1,000 less per pupil is spent if items not directly related to education, such as debt service and transportation, are excluded. An average of \$6,700 per K-12 student was budgeted on these education-related, or "comparative" expenditures, in 1997-98, compared to \$6,404 the year before.

Most of the 368 K-12 districts - almost 70% - budgeted for comparative expenditures last year in a fairly narrow range between \$6,000 and \$7,500 per child. Only two districts (Menominee Indian and Shorewood) spent more than \$9,000 and one district (Luxemburg-Casco) spend less than \$5,000 per student. Comparative expenditures in K-12 districts ranged from a high of \$10,173 per student in the Menominee Indian district to a low of \$4,917 in Luxemburg-Casco. Both are in northeast Wisconsin. The averages for districts that serve exclusively K-8 or union high school (UHS) students are higher, \$6,829 and \$7,893, respectively.

In the Kewaskum school district, the amount of comparative expenditures per pupil budgeted in 1997-98 was \$6,430. This was 4% below the state average.

According to the Wisconsin Taxpayers Alliance, the single largest item in K-12 school district budgets last year was instruction at \$4,669 per pupil, which was about 70% of all comparative expenditures.

Teacher salaries and benefits accounted for about 90¢ of every instructional dollar, or \$4,220 per student. Over the past 10 years, public school enrollment grew 14.1% while the number of full-time teachers increased 18.5%. As a result, pupil-teacher ratios have decreased from 16.2 in 1987-88 to 15.6 in 1997-98.

The fastest growing school district expenditure is debt service. Between 1996-97 and budgeted 1997-98, per pupil spending on debt service grew 25.9%. This was followed by instructional support (6.3%), administration (5.2%), and teacher salaries and fringe benefits (5.1%). Spending on pupil transportation grew the least (1.9%) over the past two years.

On the revenue side, state aid has been, by far, the fastest growing source of revenue for schools since the state's commitment to fund two-thirds of school revenues began in 1996-97. In 1995-96, local revenues, principally property

taxes, were 44.8% of all K-12 district operating revenues, including federal monies; the state (43.7%) and federal (3.3%) shares trailed. In 1997-98, the local share dropped to 40% and the state share rose to 55%.

Besides revenue and expenditure information, *School Facts98* offers almost 200 pages of school district statistics on: enrollments, both public and private; district demographics; test scores; staffing;

and salaries. Other noteworthy findings show that school tax rates have also dropped. The median tax rate in K-12 district budgets for last year was \$11.07 for every \$1,000 in a property's market value. Almost 83% of K-12 districts had tax rates between \$9 and \$15, while only four districts were above \$17 and seven districts were under \$7.

The gross tax rate in the Kewaskum School district was \$10.56.

New fourth, eighth and tenth grade tests show that students performed best in reading and social studies, and tested lowest in language (writing). The median fourth,

eighth and tenth grade language scores suggest that less than half of the students are proficient in writing, the WTA reports.

*SchoolFacts98* is available from the Wisconsin Taxpayers Alliance, 335 West Wilson Street, Madison 53703-3694. The per-copy price is \$25 plus tax; however, discounts are available for bulk purchases.

Free distribution to Wisconsin newspapers and broadcast media was made possible by a grant from Wisconsin Manufacturers & Commerce, "Business Working in the Public Interest."

*It's easier to agree to do better tomorrow than to do your best today.*

## RESOLUTION NO. 98-28

WHEREAS, the Village of Kewaskum is interested in planning or developing urban forestry management activities as described in the Wisconsin Urban Forestry Grant application; and

WHEREAS, financial aid is required to carry out the project; and

WHEREAS, if the project is funded, reimbursement will be made only after the project is completed and the State of Wisconsin Department of Natural Resources has approved it;

THEREFORE BE IT RESOLVED, that the Village of Kewaskum shall budget a sum sufficient to complete the project, and

HEREBY AUTHORIZES Daniel S. Schmidt, Village Administrator and Jerry Gilles, Director of Public Works to act on behalf of the Village of Kewaskum to submit an application to the State of Wisconsin Department of Natural Resources for any financial aid that may be available; sign documents; and take actions to undertake, direct and complete the approved project.

BE IT FURTHER RESOLVED THAT the Village of Kewaskum will comply with state and federal rules for the programs; may perform force account work; will provide or be responsible for 100% of updating plans or ongoing operations and will obtain from the State of Wisconsin Department of Natural Resources approval in writing before any changes are made in the proposed project.

Adopted this 19th day of October, 1998.

I hereby certify that the forgoing resolution was duly adopted by the Village Board of the Village of Kewaskum at a legal meeting held on October 19, 1998.

Robert H. Wagner,  
Village President

## NOTICE

NOTICE is hereby given that applications for the position of DEPUTY SHERIFF for the Washington County Sheriff's Department will be accepted by the Washington County Civil Service Commission.

*SPECIAL NOTE: MINORITIES ARE ENCOURAGED TO APPLY.*

Preliminary Applications shall be obtained from the Washington County Human Resources Department at 432 E. Washington Street, P.O. Box 1986, West Bend, WI. 53095-7986 or call 414-335-4488 to obtain one.

The position of Deputy Sheriff has a minimum base pay of \$2345.20/mo.

A written test will be given by the State of Wisconsin on December 5, 1998 in Milwaukee or Fond du Lac. Please specify the city you will take the test in when applying. The State will notify you of the specific location/room number and time of test.

Completed Preliminary Application must be time-stamped in the Washington County Human Resources Department by 4:00 p.m., November 12, 1998. Social Security card and Driver's License required at the time of application.

Must possess the following qualifications for the position of Deputy Sheriff by the deadline date for filing applications.

- 1) All applicants shall be citizens of the United States;
- 2) All applicants shall not be less than 21 years of age;
- 3) Applicants shall have a high school diploma or the equivalent thereof;
- 4) Applicants shall have an Associate Degree or sixty (60) college credits from an accredited technical school, college or university in police science or related field;
- 5) Applicants must possess certification as a Police Officer or be eligible for certification as a Police Officer by the State of Wisconsin (having completed 400 hrs. of police recruit school requirements);
- 6) Applicants shall not have been convicted of a criminal offense equivalent to a felony or a serious misdemeanor under Wisconsin law;
- 7) Applicants height and weight should be proportional;
- 8) Applicants must possess a valid Wisconsin driver's license;
- 9) Applicants must have the ability to distinguish colors.

Residency within Washington County must be established within ninety (90) days of the date of appointment to the department.

All applicants for the position of DEPUTY SHERIFF who successfully complete the written examination shall be graded on the basis of thirty percent of their total score being applied to the written examination and seventy percent of the total score being applied to the oral examination. The names of all persons whose written grade is among the top ten scores will qualify for the interview process. Successful applicants will be required to pass a physical examination, with a weight lifting minimum requirements of 75 lbs., and drug screening prior to appointment. A psychological examination including a polygraph may be required.

James G. Poulos, Chairman

# Neumann Qualifies for State Meet

Kewaskum High School runner Carol Neumann placed fifth at the Kiel Sectional on Saturday to earn the right to compete at the WIAA Cross Country State Meet on Saturday, October 31, at Wisconsin Rapids.

The Kewaskum Cross Country team traveled to Kiel on Saturday, October 24, to compete in Sectionals. The top seven individual finishers and top two teams qualified for the State Cross Country Meet in Wisconsin Rapids on Saturday, October 31.

The Chilton girls' team won Sectionals with 50 points. Chilton showed their strength by winning Conference and Sectionals. Berlin took second with 98 points. Kiel took third with 102 points.

Mayville finished fourth with 138 points. Ripon took fifth with 160 points. Kewaskum finished sixth out of 17 teams. Kewaskum's runners' places totaled 163 points. "The girls team did a great job finishing up where they did. Great strength was shown overall by the team," Kewaskum Cross Country Coach Dave Drexler commented.

The other teams competing in this Sectional finished accordingly: Sheboygan Falls, seventh, 219 points; Campbellsport, eighth, 227 points; Horicon, ninth, 270 points; Random Lake, tenth, 290 points; Markesan, 11th, 296 points; New Holstein, 12th, 316 points; Lomira, 13th, 336 points; Omro, 14th, 326 points; Waupun, 15th, 347 points; Laconia, 16th, 394 points; North Fond du Lac, 17th, with 415 points.

Sarah Gruber of Chilton won the girls race with a time of 15:39.27. Alison Shattuck from Ripon placed second with a time of 15:55.55. Beth Hauser of Chilton finished third with a time of 15:59.77. Ginny Trev of Random Lake finished fourth running the course in 16:06.15. Sheila Schwartz of Sheboygan Falls placed sixth with a

time of 16:09.30. Jessica Riesterer captured the last spot to state placing seventh with a time of 16:15.63.

Senior Carol Neumann of Kewaskum ran an excellent race, finishing fifth. Neumann ran a personal best time of 16:07.15. Neumann will return to the Cross Country State Meet for the second year in a row. Coach Drexler explained it best by saying, "This run came from her heart. It (qualifying for State) was something that Carol wanted and no one was going to get in her way."

Next for Kewaskum were four sophomores showing promise for the next two years. Colleen Gosa finished 22nd with a time of 17:23. Emily Rinzel finished 29th, running the course in 17:37. Kelly Darmody finished 44th with a time of 18:16. Heather Hackbarth finished 65th with a time of 18:53.

Junior Michelle Zingsheim finished 83rd with a time of 19:43. Senior Emma Chambers finished 92nd with a time of 20:07.

The Ripon Boys' Cross Country team took first at Sectionals, with 63 points. Chilton took second with 84 points. Both the Ripon and Chilton boys' teams qualify

for State by taking first and second.

The other boys teams order of finish were: Kiel, third, 119 points; Horicon, fourth, 129 points; Berlin, fifth, 139 points; Campbellsport, sixth; Lomira, seventh, 154 points; Mayville, eighth, 160 points; Sheboygan Falls, ninth, 237 points; Random Lake, tenth, 274 points; Markesan, 11th, 305 points; North Fond du Lac, 12th, 327 points; Winnebago, 13th, 327 points; New Holstein, 14th, 350 points; Kewaskum, 15th, 393 points; Dodgeand, 16th, 491 points.

The following seven boys qualified for State. Dan Luedtke of Lomira won the race with a time of 17:02.91; Joe Gremminger of Horicon placed second with a time of 17:16.85; Nick Martiny of Campbellsport took third with a time of 17:19.42; Tyler Witkowski of Ripon placed fourth with a time of 17:22.51; Chris Dolata of Berlin finished fifth with a time of 17:25.29; Adam Cmejla of Chilton took sixth with a time of 17:26.93; Mike Zastrow of Horicon finished seventh with a time of 17:27.

Freshman Bryan Kraft led the Kewaskum boys' cross country team. Kraft took 62nd with a time of 19:37. Josh Repovsch, also a freshman, finished 73rd with a time of 20:14. "I am happy with how the freshmen boys ran. They (Kraft and Repovsch) are showing good strength for next year," Coach Drexler said.

Senior Scott Mueller fin-

ished 77th with a time of 20:21. Sophomore Darrell Woebeking finished 97th, running the course in 21:54. Senior Josh Rieder finished 109th with a time of 24:13. This was the last meet for all runners who did not qualify for State. "I thoroughly enjoyed working

with both teams this year, and am looking forward to next year," Coach Drexler said.

Carol Neumann will compete at the State Cross Country Meet at Wisconsin Rapids on Saturday, October 31.

\*\*\*

Democracy is measured not by its leaders doing extraordinary things, but by its citizens doing ordinary things extraordinarily well.

—John Gardner

Colleen Gosa, left, and Carol Neumann are all smiles after both earned Second Team All Conference honors recently at the conference cross country meet at Chilton.

## Indians Lose Football Season Finale, 36-13

Coming off a victory over the playoff bound Plymouth Panthers, the Kewaskum Indian football team was hoping to knock off conference leader New Holstein in its final Eastern Wisconsin Conference game last Thursday night.

The Indians knew they would have to play a mistake-free game to have a chance at the league leaders, but that was not to be as the Indians committed 15 penalties and turned the ball over six times in a 36-13 loss.

The game was close in the first half as New Holstein was able to score twice on two touchdowns and a safety for a 16-0 half-time score. The safety came on a pitchout from Josh

Gaffke to Clint Herrick. The pitch was a little high and when Herrick was not able to handle it the ball rolled back toward the goal line.

John Immel scooped up the ball at the three and ran back into the endzone trying to avoid a tackler, but was downed in the endzone for the safety.

The third quarter was a disaster for the Indians as they fumbled on their own 25 yard line early in the quarter and three plays later, the Huskies scored on a 16 yard pass from Josh Lefeber.

On Kewaskum's second offensive play after the Huskie score, Immel fumbled and the Huskies recovered the elusive ball and ran it 21 yards for another

score, essentially breaking the game open for the Huskies.

Another fumble by the Indians led to another Huskie touchdown late in the third quarter for a 36-0 lead and a running clock.

The Indians came to life, however, as Jason Strobel took a counter play 94 yards for a Kewaskum touchdown.

Chris Koth's PAT missed left to bring the score to 36-6 at the end of three quarters.

With eight minutes left in the fourth quarter, the Indians struck again as Josh Gaffke scored from the one on a quarterback sneak. Koth's PAT made the score 36-13. The touchdown was set up by Strobel's 15 yard run after the Indians recov-

ered a New Holstein fumble.

Head Coach Perry Koth cited junior Jason Strobel for his fine play. "Jason had another big night for us. He had a great run, recovered a fumble, broke up some passes and just played well all night," said Koth. "We just made too many mistakes again to be able to compete with this team. We had 105 yards in penalties and six turnovers. You'll never beat anyone with those kind of stats," Koth added.

Despite their record (2-7), Koth said he was not disappointed with his players. "I am really proud of the way the kids kept playing right to the end of the season. They never gave up or quit on us. We had so many

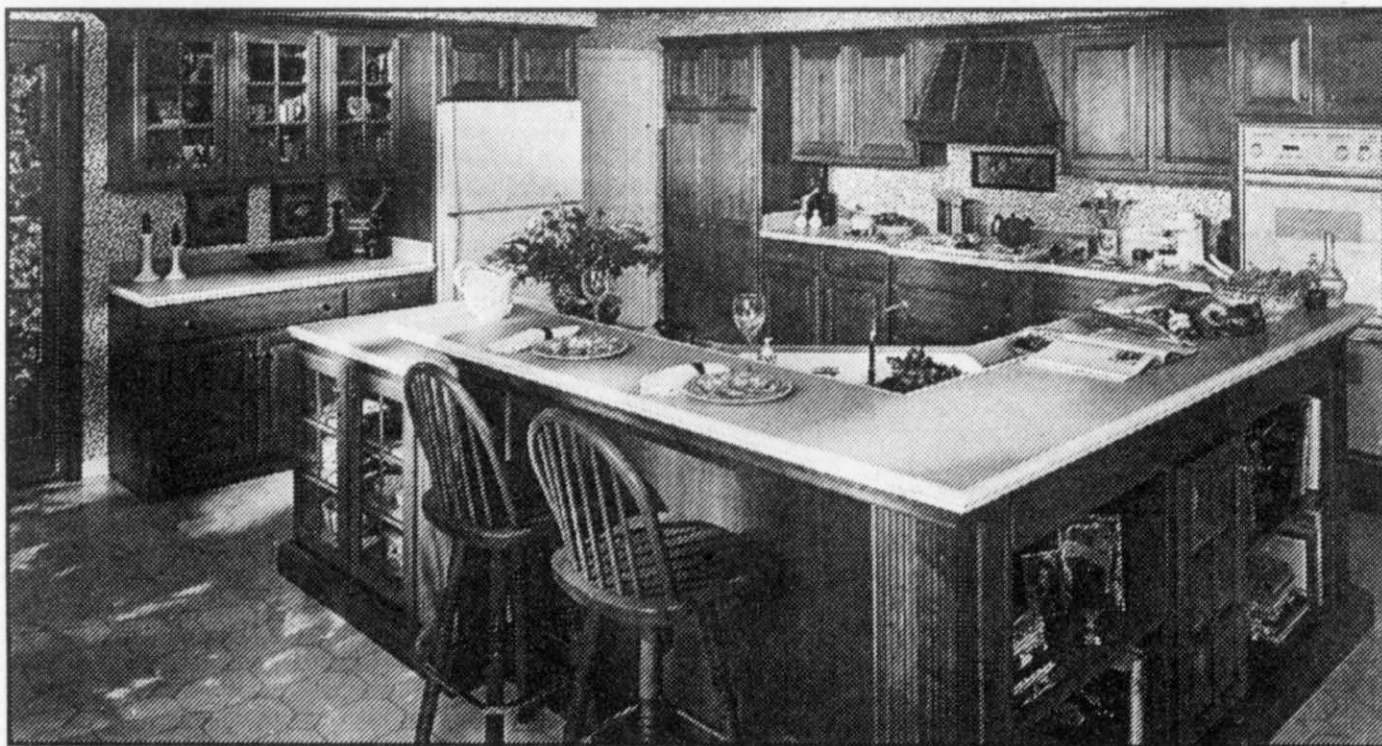

games early in the season that we just missed winning. If we had won some of those, we could have had a very good year record wise," stated Koth.

For the game, the Indians had 201 yards rushing on 36 attempts and passed for 60 yards on five completions on 16 attempts for a total of 261 yards total offense.
