Silver Platter Opens Monday

By Sharon Callaway Roznik

Tammy and Roy Garbisch of Kewaskum will officially be in business beginning January 4th at 6 a.m. when the Silver Platter Family Restaurant opens its doors to morning customers.

The new restaurant is located at 1041 Fond du Lac Avenue (formerly Eckl's) in Kewaskum, and has experienced a "roll-up-yoursleeves" makeover/remodeling/cleanup marathon this past month.

We've been working since December 1 to get the place ready. There's alot to do when you open any business," Tammy explained.

The Garbischs had been

searching for the right place to open their own restaurant for the past five years. "Nothing has really panned out until this spot opened up," she said. The couple lease the building from Russ Heberer.

Working in the same line of business for the past 12 years, Tammy brings with her expertise in cooking, managing and waitressing. For the past two summers she operated a seasonal drive-in at a local

Traditional tried and true recipes have been passed down to Tammy from her friend and mentor, Ruth Campbell (former owner of Campbell's Village Inn, now the Kewaskum Kafe) and Carrie Struebing.

Homemade dinners, pies, breads and desserts will be featured on the menu for breakfast, lunch and din-

The Silver Platter Family Restaurant will be open daily Monday through Saturday from 6 a.m. to 8 p.m. and Sunday from 6 a.m. to 3 p.m.

New Town of Scott Assessor Recommended to Board

By Bernadette Mondloch

A citizens committee, headed by Dallas Wixom, is reviewing qualifications in an effort to select a new assessor, whose name will be recommended to the Scott Town Board for a final decision. Three assessing firms are being considered.

Wixom said that his committee feels it is important that the chosen assessor should have knowledge of the area which he or she is assessing and understand town assessing as opposed to village or city assessing. A decision is expected for the January meeting.

Beginning in the new year, Zoning and Variance Fees will be raised to \$150 per application.

An unnamed resident who has been ignoring regulations at the recycling center, will be having a visit from two town officers in an attempt to explain the importance of complying with the town's recycling ordinance.

It appears that on numerous occasions, this resident and sometime her young son, appear at the recycling center with their garbage in a bag of their choice, dump whatever they have into the dumpster, ignoring separation rules and then leaving 50 cents with the attendant to compensate for their actions.

Town of Scott regulations

require that all persons who use the facility are to purchase bags imprinted with the "Scott" name on them to be used for collecting each individuals garbage and recycle material.

The money obtained from the sale of these bags is used to offset the costs of operating the center. Bags come in two sizes: a small one for 50 cents and a larger one for \$1.00.

If this action is not effective, the board is considering that \$200 dollars be added to the violator's tax roll each time the regulations are ignored. Further action will be taken at the January meeting.

Winter recycling hours go into effect next month. During the months of January, February and March, the Recycling Center will be open every other Saturday. Open dates are January 2, 16, 30, February 13, 27 and March 13 and 17. Discarded Christmas trees can be brought to the town hall any time between January 2nd and 16th and piled next to the salt shed on that property.

Glen Karass questioned the board on action taken by building inspector Frank Mayer who has refused to issue him a building permit for a house which Karas intends to move into the Town of Scott from the Village of Random Lake.

Mayer explained his action stating that he is

unable to issue the permit because Karas has not obtained a sanitary permit. The access to the lot which he has purchased from David Stange, Hwy. 28, does not meet the 60 foot width right of way, making this a substandard or nonconforming lot.

Karas faces another obstacle to his plans in that the house was to be removed from its location in the village by December 15th. He has paid for the house and paid in advance for the moving expenses and now has no place to go with it until he is in compliance with the zoning ordi-

He was advised to obtain an attorney to assist him in this matter. As far as the town board goes, there was nothing that it could do for him at the present time.

With the appointment of a new Clerk/Treasurer not far off the board is looking for ideas on improving the office space at the Town Hall and to remodel the existing office and small meeting room. At the present time interviews are underway to hire a deputy treasurer to assist during the tax season. The Clerk/ Treasurer appointment goes into effect on the 13th of April.

A conditional use permit was issued to Scott Fechter to allow a house to be built on 70 acre parcel in Section 34, zoned as A-1. A petition by Beth Bales for a zoning change from A-2 to A-6 which will allow a 4.68 acre parcel to be split was granted. The lot had been split nearly 20 years ago but the zoning change was never implemented. The lot is in Section 29.

Action to add an addendum to the zoning ordinance which was defeated at the November meeting was reconsidered and "acknowledging the wish of the people of the town expressed in the recent survey" was approved at this meeting.

Resolutions to contract with the Beechwood Fire Department, Batavia Fire Department and Batavia First Responders was approved. Contracts will be negotiated in January.

Poll workers chosen for the 1999-2000 term include Reuben Harter, Alice Harter, Adeline Held, Irene Giese, Merly Melius, Patty Schaller, Carol Prom, Barb Laux, Russell Melius, Marion Becker and Ione Wheeler.

Two alternatives were considered in settling an overcharge of taxes to Dennis Janz. This has occurred for the past two years due to an error made on Janz's lot assessment. Lowering the assessment for two years so Janz could recover the \$726.69 overcharge was one alternative, the other was to pay him that amount out of the general fund. In order to settle the matter as quickly as possible, the board chose the second alternative.

Remaining tax collection hours at the town hall will be on December 30 and 31, from 8 to 11 a.m. and on January 9, 16, 23, and 30th from 11 a.m. to 3 p.m. Dog licenses can also be renewed at these times. Proof of vaccination must be shown.

A beer license was issued to the Beechwood Nite Flyers for their brat fry on January 17.

Night of Love

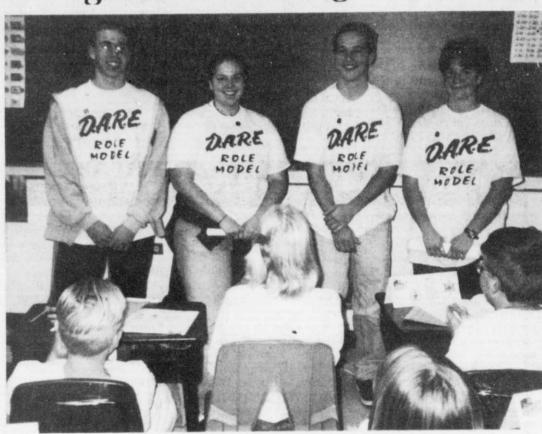

St. Mary's Parish, Little Kohler, (Mission of St. Rose, Fredonia), is sponsoring an all night vigil of the Blessed Sacrament.

It is planned as a Novena to the Two Hearts of Jesus and Mary for the reparation for sins; you may add petitions as you like.

It will take place the first Friday of the month for nine consecutive months starting January 1, 1999.

Receive a copy of the 33 promises that Jesus gave to Sister Natalia to those that complete the Novena. Mass will start at 9 p.m. on Friday, January 1, and conclude with a Communion Service at 5 a.m. on Saturday, January 2.

D.A.R.E. Role Models Present Program at Farmington School

Kewaskum High School D.A.R.E. role models, left to right, Josh Gaffke, Ann Bausch, Joel Hermann and Emma Chambers, presented a program with Washington County D.A.R.E. Officer Brian Bausch at Farmington Elementary School to acquaint the fifth graders with high school leaders who do not use drugs (which includes nicotine and alcohol) and to clarify the misconception that everyone uses drugs. They did a fantastic job talking about making wise choices and being involved in positive activities. They also spent their lunch hour chatting and playing ball with the D.A.R.E. students. D.A.R.E. graduation ceremonies at Farmington Elementary School will be held on January 22 at 2 p.m.

United Way Campaign

Still working to give assistance and needed support to thousands of individuals in Washington County in the coming year, the United Way is continuing its efforts to raise \$1,065,000 in 1998. As of December 23, the campaign is at 98.6% with \$1,050,000 in gifts and pledges counted towards the goal of \$1,065,000.

"We're continuing our efforts through these last few days of December, and counting on the good giving spirit of residents and businesses in Washington County, much the same way our agencies are counting on us to raise the needed funds," said Ray Lipman, county-wide Campaign chair.

The amount needed is \$15,000 in gifts and pledges. According to Lipman, "That may not sound like a large amount, but the dollars it represents are being counted on

by the agencies who will receive the donated dollars in the coming year." The funds will benefit 63 programs among 24 health and human service agencies serving County residents in 1999. "The dollars do not benefit nameless faces, but real people in our County -- our neighbors, friends and families in need, he stated.

We are appealing to people and businesses who are doing their year-end financial planning to favorably consider a gift to United Way," he said. "We need everyone's help to meet the needs.

To help United Way reach its goal, mail a pledge or contribution to United Way at P.O. Box 304, West Bend, WI 53095 or call the United Way at 338-3821. United Way also accepts credit card payments through MasterCard and Visa.

Musical Masquers Stage Production Scheduled for Dec. 31, Jan. 2, 7, 8, 9

Musical Masquers is proud to announce the cast of their winter production, 'Sister Amnesia's Country Western Nunsense Jamboree," by Dan Goggin. Yes, the Little Sisters of Hoboken are on the road promoting Sister Amnesia's hit single "I Could've Gone to Nashville." And where our nuns go, laughter fol-

Reprising her role as Sister Amnesia is Sue Mueller. Sister Amnesia (AKA Mary Paul), is the daffy nun who was hit on the head with a Crucifix and for a long time, didn't remember who she was. When she remembered all, she was still daffy, but had also won the Publisher's Clearinghouse Sweepstakes and now has a recording contract.

Mueller has been active with Musical Masquers for many years and has taken on a variety of challenging roles in productions such as "The Music Man," "Pirates of Penzance," and "Play On." Mueller currently

serves as secretary for the Musical Masquer Board of Directors.

Mickal Gerard will once again be seen as Sister Robert Anne. Robert Anne, a streetwise tough kid from the Canarsie section of Brooklyn, is a constant source of aggravation to her superiors. Gerard was first seen with Musical Masquers in "Nunsense II" and expanded her repertoire with "The King and I" and "Pajama Game.

The novice, Sister Mary Leo, will again be played by Patty Schuster. Leo hopes to dedicate her life to God as a ballerina, but is constantly frustrated by Rev. Mother's refusal to let her perform in a tutu. Schuster has portrayed Sister Leo in all three "Nunsense" productions, as well as appearances in "The Saga of Sagebrush Sal," and "Pirates of Penzance.

A new face in the "Nunsense" cast of characters is Sister Mary Wilhelm, Superintendent of Nursing for the Diocese of Newark and the promotional tour coordinator. She appears rather stern, but turns out

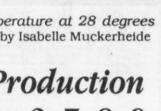

member, began her acting career with Masquers in HMS Pinafore" and has been seen most recently in "Delights and Dilemmas," "Blithe Spirit," and "Pajama

The nuns in this show are joined by Sister Leo's brother, Father Virgil Manly Trott, to be played by Andy Gonring. Father Virgil, occasionally called Father Hollywood by the fans of his country music radio show, is an authentic country western singer from Mississippi.

Veteran performer Gonring will be familiar to theatre patrons for his roles in many shows, including, "California Suite," and "Camelot." Gonring has also displayed his directorial talents in "Jerry's Girls," and "The Odd Couple."

"Sister Amnesia's Country Western Nunsense Jamboree," will be presented at the UWWC Theatre. Opening night will be New Year's Eve. Tickets for that performance are \$10. Curtain time is 7:30 p.m. with an hors d'oeuvre buffet at intermission.

Free Christian Concert Jan. 8

Lighthouse Ministries, Inc., a nondenominational ministry, which has been putting on concerts for the past 11 years, invites the community to a free Christian concert Friday, January 8, from 7 to 10 p.m.

The guest will be Jeffery Campbell, a professional illusionist that will present a visually stimulating presentation of the wonders of God's love. The God-given skills which Jeff relies upon are slight of hand and are the results of 37 years of practice.

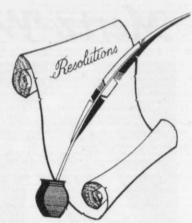

Jeff has been at the Lighthouse before and has received numerous compliments on how he used objects to present Biblical truths. Bring the whole family as his presentation is geared for young and old.

Also this evening the audience will be blessed by singer/songwriter Kim Stout from Freeport, Illinois. Kim has traveled extensively throughout the US and internationally bringing a gift of encouragement to her audiences with music and personal testimony. Kim to date has four albums that reflect her Christian faith and commitment and were inspired by experiences in her own life.

Lighthouse meets at Silverbrook School, 120 N. Silverbrook Dr., West Bend, (enter and park in the rear of school). There will be door prizes, Domino's Pizza, refreshments, and free admission. For more information call 677-2952 or 338-0205.

Red Cross Needs Blood

January is National Volunteer Blood Donor Month, and the American Red Cross would like to say "thank you" to all the generous people who give blood! They would also like to encourage all healthy people to make regular blood donations.

Because of cold temperatures, hazardous road conditions and the onset of the cold and flu seasons, the Red Cross can be faced with a potential blood shortage in the month of January. Hospital patients need blood available to them at all times, and it is the responsbility of every healthy person in the community to provide it.

Please take an hour out of your busy schedule to give blood. A Red Cross blood drive will be held on Tuesday, January 5, from 11:30 a.m. to 5:30 p.m. at the Campbellsport Community Center.

The drive is again being sponsored by the Knights of Columbus Council #11301.

Hospital Announces New Board Members

St. Joseph's Community Hospital of West Bend announces the election of four new members to the hospital's board of directors.

Elected to three-year terms were Mark A. Hauser, Kieckhafer Dietzler Hauser & Co. LLP; Kristine K. O'Meara, I-gens Development Partners LLC; Atty. James G. Pouros, O'Meara, Eckert, Pouros & Gonring; and Richard M. Steiner, Steiner Electric Inc.

Re-elected to three-year terms were Mark A. Nieslen and Sharon S. Ziegler.

Officers re-elected to oneyear terms were Thomas W. Kieckhafer, president and chairman; Richard A. Larson, treasurer; and Gregory T. Burns, secretary. Board member Atty. Elaine Shanebrook was elected vice president.

The board of directors recognized and formally thanked outgoing board members Allen C. Koepke, George E. Prescott, Reuben J. Schmahl and Robert J. Steiner for outstanding

leadership and service to the board and the hospital.

Koepke was a director for 18 years and Prescott served for the past three years. Schmahl has been a director since 1970 and also served as president and vice president. Robert Steiner joined the board in 1971 and also served as vice president.

"As we welcome these new members to our board of directors, we are reminded how fortunate we are to have talented and dedicated individuals helping us achieve our goals. We also offer our deepest appreciation to the retiring board members who have ably guided St. Joseph's and set the foundation for the hospital's future growth," said Executive Director Gregory T. Burns.

"Choices," a new informational series for
St. Joseph's Community Hospital, explores a wide range
of health care options.

"Do I have a choice?"

Yes, you do have a choice in health care.

New technology, non-invasive surgeries, breakthrough therapies and medicines, and new ways of paying for health care have changed the menu of important choices that affect our health and our lives.

Choosing health care services can be confusing in a world of competing health care providers. Too much information makes decision-making complicated. Too little information makes it impossible.

St. Joseph's mission as your not-for-profit community hospital is to be responsive to you and your family's health care needs. That includes letting you know what your choices are in selecting medical providers, facilities and services, and how to compare costs.

In a new informational series called "Choices," we'll explore a wide range of health care options. We'll talk about your choices and where to go for information. In many cases, you can reduce your out-of-pocket health care costs by being fully informed and assertive in your decisions.

It's information that you, and the ones closest to you, need to know. That's a choice you can't afford to ignore.

January 15 is Deadline for 1999 Bear Harvest Permit Applications

The 1999 bear season will see a similar number of permits available as in 1998. The application deadline for Class A licenses is January 15.

Hunters will find a new box to check on application forms for 1999 and should know sooner if they have drawn a harvest permit. The new box on the application is referred to as "Class A License Refusal and Preference Acceptance." This new box allows hunters who want to maintain their preference points but for whatever reason won't be hunting during the 1999 season to indicate their intentions and avoid time consuming additional mail-

"In recent years it's taken three separate drawings to issue the Class A licenses (harvest permits)," ex-plained Mytton. "The plained Mytton. process would start in December and would not finish until the end of May. This occurred because thousands of applicants that were offered Class A licenses declined them. Although the process worked, it left many of the 44,000 plus applicants wondering if they were going to receive a permit or not. Also, if permits

were still available after the third drawing they were not issued, making it difficult to harvest the prescribed quota of bears.

"If an applicant checks the box "Class A License Refusal and Preference Acceptance' on the application, they'll be in the drawing for available Class A licenses but if selected will receive a preference point instead of the option to purchase a Class A license in 1999. Essentially, this will give applicants an opportunity to turn back their Class A license before they're offered it. The purpose of this option is to sort out applicants that are not interested in purchasing a Class A license in 1999."

Also new for 1999, applicants have the option of applying as a group. Up to four hunters can apply together. The group will be treated as one applicant. If applicants have different preference status, the lowest preference will be used for the group. Remember that one applicant in the group needs to be the group leader" and the rest of the group will use the group leader's application

For hunters who have

applied for a Class A bear license within the last three years, renewal applications will be arriving soon. New applicants can get an application form at any DNR service center. Applicants are urged to remember to include the \$3.00 application fee with their application to make the application valid.

Next year's bear hunting season dates will vary by zone as well as whether hunters hunt over bait or with hounds. The seasons will run during the period from September 11 through October 8 with those hunting with dogs receiving permits to hunt first in those zones where hunting with dogs is allowed.

NOT JUST ANOTHER **NEW YEAR**

by Ami

For once in my life I can honestly declare that 1999 is NOT JUST ANOTHER NEW YEAR. No way! It truly is a time "set apart" for 1999 will lead us into the next century...the year, 2000. How about that? Not everyone has that special an opportunity. Think about it. You and I, if we live long enough, will actually see and feel living from one century unto another...the 1900s into the 2000s. Fantastic!

And what can we claim as a beautiful contribution of humankind to this historical time in the life of human beings? Well, I know that in my lifetime there have been some glorious changes in the manner which people are treating this old earth of ours. Yes, we are more cognitive of the wasteful and destructive manner which many of us have been guilty of causing a despoiling of our natural resources! And many of us have grown to appreciate the freshness and beauty of the Lord's creation. Because we have learned to care, many of our wild creatures have been given the opportunity to continue to survive and a host of plants and trees have been provided the environment conducive to survival. How fine. If only we all had learned this respectfulness long ago??

As the wild geese have made a terrific comeback thru careful planning and doing; and now, the wild turkey,

also...let us hope that this new century will breed a group of men and women intent on restoring the Lord's original clean and rich creation to its original beauty and productiveness. After all, that is the reason we were given the chance to "lead the world" with all of its resources and livelihood. There's NO BET-TER TIME THAN NOW to pledge setting things aright and showing future generations the wonderful progress possible through... GOOD STEWARDSHIP IN OUR DAILY LIVING.

If you haven't done so, give a try at taking a quiet walk thru the woods...away from lifes hustle and bustle. Just go and do it. And there in discover the peace and joy just a simple little walk in nature can bring into your life. I know that in my life, I never could have borne the many miserable things which have befallen me without "that time away." That serene beauty experienced in "that other world" so apart from the business of busyness. And then, look forward with me to the NEW CENTURY OF HOPE.

Wisconsin Winter Weather Awareness

Winter Fire Safety and Indoor Air Quality

Sitting around a roaring fire when outdoor temperatures plummet ever colder can be one of the most comforting and coziest delights of Wisconsin's weather. But safety is an absolute must concerning fireplaces, decorations, and other home heating equipment. The following are a few safety tips to remember for the winter heating season...

* Keep a safe distance of at least three feet between home heating equipment and anything that can burn. Be especially sure to keep children and clothing away from the heat.

* Always turn off portable heating appliances when leaving home or retiring for the evening. Be sure the fire in the fireplace is out before going to bed.

* Have chimneys, fire-

places and other heating devices inspected by qualified professionals prior to each heating season.

* Ensure that your heating system and fuel burning appliances are adequately vented and properly maintained to protect against carbon monoxide (CO) poisoning. CO is a colorless, odorless, tasteless gas that is best detected by a ULlisted carbon monoxide alarm, which will sound when potentially dangerous levels of CO are present.

levels of CO are present.

* Install smoke detectors
on every level of your home,
and test them frequently.

* If you smell gas in your home, contact your local utility company or qualified professional heating contractor immediately.

* Keep candles, lighters and matches out of the reach of children. Don't leave candles unattended or in places where they can be knocked over.

* Turn off and unplug all lights and decorations before going to bed or leaving your house.

* Don't place holiday trees near heat sources and water them daily. A dry coniferous tree can be consumed by fire in an instant, while generating enough heat to ignite an entire

* Remember your neighbors this winter. Keep your nearest fire hydrant clear of snow.

Lady Indians Bow Down to Two Rivers

In the Kewaskum Lady Indian's previous conference game, they lost to the team who now leads the Eastern Wisconsin Conference, Two Rivers.

The girls never really seemed to be into the game, and it showed, with the end score being 65-34. The Indians never played up to their potential, and the coaching staff was very disappointed in the loss.

The Raiders outhustled the Indians almost throughout the whole game, and when the Indians did show some life, it just wasn't enough to strike the visiting team down. On a bright note, the Indians only had six turnovers in the second half, as opposed to 18 in the first.

Leading the girls in scoring was Laura Schwinn with 14. Sarah Schwinn contributed eight rebounds, while Jenny Kraft added five assists. Amy Bauknecht and Cassandra Heuer led Two Pivers with 14 points apiece.

Kewaskum is now 3-1 in conference, which is the best start they've had in a lot of seasons. Their next game is a non-conference matchup with the Slinger Owls on January 5. Their next conference game is at Manitowoc-Roncalli on January 7.

Despite Three Good Quarters, Indians Lose to Two Rivers

A first quarter drought put the Kewaskum boys' varsity basketball team behind the eight ball last Tuesday night in a conference matchup against Two

The Indians played the Raiders to a draw in the second, third and fourth quarters, but couldn't overcome a 18-5 deficit early on.

"We were 2-12 in the first quarter and then finished the last three quarters shooting almost 50%, including eight three-pointers," Coach Tom Timblin reported. Kewaskum traveled with only eight players. Jesse Boegel had the flu and Shaun Timblin played with a broken big toe. Josh Gaffke and Chris Koth warmed up in the second quarter, combining for 13 points as the visiting Indians did a nice job breaking the Raiders 2-1-2 full court zone press.

John Warnecke was a one man wrecking crew as he worked inside to score 12 points in the third quarter. The shorthanded Indians then tried a valiant comeback midway through the fourth period as they nailed five three-pointers, but ran out of gas in the end, with the final score being 73-59.

Warnecke led KHS with 22 points and seven rebounds. Gaffke added 19 points including five threepointers in nine attempts and Koth chipped in with

Timblin complimented his players stating, "We played great the last three quarters, but we just dug too deep of a hole. John (Warnecke) battled all night and stayed out of foul trouble. Josh (Gaffke) shot the eyes out and Shaun (Timblin) had his best effort of the year, spearing eight rebounds in limited time and Aaron Seiser was all over the floor, playing great defense."

Coach Timblin concluded,
"We out rebounded and outhustled them and still lost
by 14 points. It's a tough
conference this year. Their
6'5" sophomore, Dave Dassey, is the best player we've
seen this year. He is a
Division One prospect."

The Indians are now 0-3 in the Eastern Wisconsin Conference and 0-6 overall.

KHS will try and break their streak Tuesday night against Port Washington. Their next conference game is January 8, when they will host Manitowoc Roncalli.

What is a Contractor?

A man in any field develops his own special traits and your local contractor is no exception. A contractor is found; lining up, putting on, measuring from, connecting to, leveling with and adjusting for. His wife tolerates him, little boys follow him, but it takes Heaven to stop him.

A contractor is a paradox . . . he designs multi-thousand dollar complexes in an office often too small and stuffy for his daughter to do homework . . . can't remember his wife's birthday but can tell you how many bundles of shingles were used on John Smith's house. He manages more capital than most of the men in town, but he can't help his wife balance the food budget.

He's an organizer who files by pile . . . a construction boss who can't manage his kids . . . a psychology expert with a few strange traits of his own. He likes sunshine, new trucks, good food, "hard workers", satisfied customers, short cuts, long days and above all a customer who wants quality instead of a bargain.

He's not much for sick crew members, rain in the heart of the day, lumber that is not straight, 8 hour days, cleaning up his desk or throwing out blueprints. Nobody else is so close to God or so far from a telephone. You can reduce his potential, but you can't reduce his ambition.

Campbellsport Building Supply hopes you support your local contractor . . . he is your friend, your competitor, your customer, your confidant, your source of new ideas for a better way of life. He is your countryman . . . a denim dressed, business-wise, fast growing statesman of stature. And when he comes home in the evening, having spent the energy of his hopes and dreams, he can be recharged anew with a telephone call . . . "start building anytime, our loan has been approved."

Campbellsport Building Supply has a large list of area contractors who supported us, as well as the community, during the past year . . . we hope you will choose to support one of your local contractors in the upcoming year.

Have a Merry Christmas and a Happy & Healthy New Year!
