Starfire Motors Opens Here

Jim, Mary and Jeremy Schlitt of Starfire Motors, Kewaskum

By Laurie Ottery

Jim Schlitt, his wife Mary and his son, Jeremy, opened Starfire Motors on February 1 in Kewaskum. The business is located in the historical Honeck Chevrolet building on Highway 45.

The building has been home to car dealers for years in the history of Kewaskum. Kilian A. Honeck, Sr., originally started Honeck Chevrolet about 1922. Honeck was a diverse businessman also working as a cattle dealer, homebuilder, farmer and trucker.

The dealership prospered so much that in 1933 it was changed from an associate dealership to a direct dealership. They did so well that in 1936 record sales were reached

with 125 new automobiles being sold to a total population of less than 800. The business was moved to the present building location at that same time.

Steady growth was maintained until 1942, when General Motors halted shipments of new cars due to wartime conversion. Honeck Chevrolet did not feel the crunch during the war because of the many other jobs of Kilian Honeck and the conversion of the dealership into a repair shop.

On April 15, 1946 Kilian Honeck, Jr. took over the business with one employee. The dealership continued to grow. By 1975 they had 20 full time and two part time employees

with nearly 600 cars sold.

Kilian Honeck raised his family in Kewaskum with some of them working in the business as they were growing up. Lynn, one of the daughters, worked as a mechanic doing oil changes and pumped gas. Jane worked in the office. The daughters did their share of running for parts and helping out where they could. In July of 1989 Kilian Honeck passed away.

"My dad worked hard in the business," Jane said. "He was involved with many areas of the community. The high school was provided with a car for their drivers education program, we had floats in the parade for the annual picnic

KEWASKUM -- Regal Ware, Inc. has awarded the 1999 J.O. Reigle Scholarships to Josh Gaffke and Carol Neumann, seniors at Kewaskum Community High School.

The \$18,000 scholarships are offered annually and provide \$4,500 a year for four years to each student.

Gaffke, son of Jim and Lynn Gaffke, is a member of the football, basketball and tennis teams, and participates in Swing Choir, Student Council, KEY Club, National Honor Society, school musicals and Student Roundtable. Outside of

school, he is active in church choir and as a Drug Abuse Resistance Education (DARE) representative.

He works part-time cleaning machines at Gruber Tool and Die. In his spare time, he enjoys rollerblading, singing, listening to music and playing all types of sports.

Gaffke plans to attend the University of Wisconsin-La Crosse with a major in physical training.

Neumann, daughter of Ann and Roger Neumann, is a member of KEY Club, Future Homemakers of

Lynn Ranked #1 in Nation! Former KHS Ace Breaks Yet Another Record As She Sets 1,000 Meter Indoor Track Mark for Carroll College

Marni Lynn, former Kewaskum High School track and cross country standout, won the 1,000m run at the University of Wisconsin-Oshkosh on Saturday, February 27, and in the process smashed the Carroll College school record.

Lynn, a sophomore competing in her second indoor collegiate season, broke the existing school record by over ten seconds. She posted an excellent time of 2:56.10 (two minutes, 56.10 seconds).

When interviewed by phone, Lynn commented, "I led from start to finish," and

that, "it was fun to run back at the University of Wisconsin-Oshkosh." Lynn set her Kewaskum High School indoor school records in the 1600m, 800m and 3200m races on the same track earlier in her career.

The Carroll College track team travels to Knox College in Illinois for their Conference Indoor Track and Field Championships on March 5 and 6. Lynn is tentatively scheduled to run four races over the two days. Race strategy for two or three of the races will be to run to win or place high, but not run her fastest time

possible, since she has qualified for Nationals the following week and four races over two days will be taxing enough.

Lynn's automatic qualifying time of 4:36.26 in the 1500m run last week at the University of Wisconsin-Stevens Point moved her to the number one ranking nationally in the indoor 1500m event for Division III female athletes. Lynn will run at the NCAA Division III Track and Field Championships on March 12 and 13 at Ohio Northern University in Ada, Ohio. Good luck, Marni!

Two Teens in Critical Condition After Car Collides With Train

By Andrew R. Kuehl
Staff Writer/Photographer

TOWN OF POLK- Two Town of Polk teens are left in critical condition at Froedtert Memorial Lutheran Hospital after the vehicle they were riding in collided with a train on their way to school Monday morning at 7:00 a.m. on STH 164 at Sherman Rd.

According to a report issued by the Washington County Sheriff's Department, the driver of the 1998 Dodge Neon was Kristen M. Becker, 17. She was transporting family members, Dustin Becker, 18, Lindsay Becker, 12, Jenny Becker, 15, and Brenda Rothenhoefer, 16 and Melissa Rothenhoefer, 17. Jodi L. Schuppel, 17 was also in the vehicle. The group was known as a very close group of family and friends.

Becker was apparently eastbound on Sherman Road, crossing the Wisconsin Central

Railroad tracks, after being stopped at a stop sign at STH 164, when the northbound train struck the passenger side of the car about two feet from the rear of the vehicle. Upon impact, the car spun around coming to rest between the two sets of tracks.

All of the occupants were injured and transported.

Kristen and her brother Dustin were treated and released from St. Joseph's Community Hospital. The Rothenhoefer sisters, Melissa and Brenda, who were seated in the back seat of the car, were airlifted from the crash scene by Flight for Life helicopters from Milwaukee and McHenry IL. to Froedtert Memorial Hospital in Wauwatosa. Where they are reported in critical condition suffering from massive head injuries a hospital spokesperson said.

Also seated in back was

and Honeck Chevrolet sponsored bowling, baseball and basketball teams."

Honeck Chevrolet was a major business for Kewaskum. The decision to sell the business was a difficult one. Jane actually considered taking over about 15 years ago but wasn't sure Kewaskum was ready for a woman running the business.

"When dad passed away my sisters and I had our picture taken with the Honeck Chevrolet sign," Jane said. "It was emotional. Kewaskum holds a lot of memories with friendly people. It is a nice town."

Jane took four pieces of important memorabilia back to Maine, where she now lives, with her. She runs her own accounting firm.

"I have the last Bluebook, and office guide to car value, from my father's desk," Jane said. "I have an award my grandfather had won in 1927 for selling his quota of cars. A paperweight sits on my desk with a gold coin inside that says '1971 Kewaskum acceptance, momentum and prosperity' on one side. The other side reminds me of my dad. It says 'The speed of the boss is the speed of the gang.'"

Kilian Honeck was a good employer. He respected his employees and treated them well. After 25 years of service they would receive a new car. Jane can remember at least five or six of them being given away.

"My sister has a photograph from about 1927 with the

police chief and a street scene of all of the cars sold by my grandfather that year," said Jane. "It is a piece of family history that we treasure."

When Honeck Chevrolet quit business the dealership passed through a couple more owners selling cars until last November. General Motors decided to close the small Chevrolet dealers as part of their Year 2000 plan. The Honeck family still owns the property and the Schlitt family is leasing it.

Jim Schlitt started out looking for a part time job, not a career, in the car industry 22 years ago. He applied at Ted Lauck Chevrolet just to do some car clean-ups at night.

"The sales manager at the time pulled me aside and said he thought I'd make a good salesman," Jim said. "The following Monday I started selling cars and have been doing it ever since."

Jim gained a lot of experience over the years. He learned the business of selling cars, working with people and the things that were important to him about being an honest salesman.

"I worked at Schwartzburg Chevrolet Oldsmobile for about eight years. In the seventies, I was with Ted Lauck Chevrolet," said Jim. "I also worked for Suds Volkswagen when they were in West Bend and was the sales manager at Lochen Ford in Newburg for ten years."

Starfire Motors was the result of all of that experience.

Jim and Mary Schlitt started the business in February, of 1996 in West Bend. Jeremy joined them in April 1997. They made the decision to move the business to Kewaskum.

"Kewaskum is a friendly community," said Mary. "It is nice being where people come in, browse and visit. In West Bend we were located at the end of car alley. No one walked by or just stopped in to visit."

"It is a growing community and there are always people around," Jeremy said. "We have found the people to be friendly and hope that they give us a chance to show them that we are up front and honest with selling cars."

Starfire Motors has a mission statement that they live by. It says that they will provide quality, affordable vehicles, priced below retail market value in a comfortable, friendly, no pressure atmosphere.

"It is important to us, at Starfire Motors, to give back to the community," Mary said. "We have always stressed providing a no pressure establishment where people are welcome to browse the lot. We also encourage them to shop around because we have confidence in the vehicles we sell and don't need to use high pressure tactics or add on costs to do business."

Cars are acquired from anywhere there is a good quality car that someone might be interested in. The Schlitt family buys them from private owners, auctions and wherever there is a good car.

"We inspect cars thoroughly before purchasing them," said

Jim. "Normally I purchase cars that have good eye appeal, something that is a good quality car. I am pretty fussy about what I buy. We check out cars to make sure there is no frame damage and other problems. Sometimes things come up that we find later and if that happens we sell it wholesale. We have a good turnover of vehicles because of our reasonable prices. The key to help people buy a car is honesty. Big dealerships have executives, salespeople, cleaning staff and extras that the customer pays for in the end."

Starfire Motors fights against the prototype of the used car salesman. They are in the business of being honest people who want to help you find a good car at an affordable price. The staff will print out the Bluebook price, work with the customer on determining loan and retail value and make it easy to buy a car.

Starfire Motors is open Monday, Wednesday and Thursday 9-8, Tuesday and

Friday 9-5:30 and Saturday 9-4. They encourage anyone interested in a vehicle to come and browse the lot. Plans are underway to add a mechanic to assist customers on maintenance and repairs, a full service department. They are also looking at adding a detail shop where cars are cleaned up inside and out. Ken Wagner, who at one time had his own dealership, retired and works part time for the Schlitt family.

"Ken has had a lot of experience in the car business," Mary said. "He has been with us since we first opened. We do an honest business that brings back repeat customers and word of mouth advertising from a happy customer brings in new ones."

It is that honest attitude that makes Starfire Motors a perfect fit for a community like Kewaskum, a place where people live generation after generation and can do much of their business locally. Starfire Motors plans on becoming a part of that history.

Jung Named Firefighter of the Year

1998 Kewaskum Firefighter of the Year, Dan Jung, center, with Fire Chief Mark Groeschel, right, and Assistant Fire Chief Mark Herriges, left.

By Louise Martin

The Kewaskum Fire Department held their annual Appreciation Banquet on Saturday, February 13, at the firehouse. As in the past, invitations were extended to current members, retired members and their spouse or guest. Approximately 100 people attended the event.

Following dinner, Fire Chief Mark Groeschel welcomed everyone and briefly recapped the year.

Assistant Fire Chief Mark Herriges followed and was pleased and honored to present the 1998 Firefighter of the Year award to Dan Jung. Herriges shared a synopsis of Jung's accomplishments and department contributions prior to the announcement.

Jung joined the department in 1989. He has attended numerous fire classes, is currently a certified building fire inspector and has done many fire inspections over the years. Jung has served the department as a lieutenant and presently serves the department in the capacity of Second Captain and training officer.

Herriges stated, "Dan has sacrificed many hours away from his family to ful-

fill his duties as an officer and firefighter." Jung gratefully accepted the plaque amid a standing ovation from fellow firefighters.

Chief Groeschel announced that an honorary plaque will be on display at the firehouse in memory of fallen comrade, John "Spike" Schmitt, for his years of service to the department and community as a firefighter, E.M.T. and friend.

Following the introduction of those in attendance and number of service years, the banquet adjourned to an evening of dancing and socializing.

The Kewaskum Fire Department and Rescue

Squad serves the village of Kewaskum and surrounding area and is staffed by 50 volunteer men and women. In 1998, members responded to 28 fire calls, 261 ambulance calls, and 36 Jaws of Life runs.

Jodi Schuppel who was transported to Hartford Memorial Hospital and later flown to Froedtert. She is reported in satisfactory condition suffering from multiple fractures.

The fourth passenger in the back seat was Jenny Becker who was treated and released from Hartford Memorial Hospital.

Lindsey Becker was seated in the front of the vehicle with siblings, Kristen and Dustin. She was admitted to Hartford Memorial Hospital and is reported in fair condition as of Monday.

Three of the passengers were ejected from the vehicle upon impacting the train. Those being Dustin and Lindsey in the front seat and Jenny who was seated behind Kristen the driver.

The roof of the car had to be removed in order to extricate the victims in the back seat.

The transports, in addition to the Flight for Life helicopters, were made by Dick's Ambulance Service of Slinger, two units from Hartford Emergency Squad, one unit from Richfield Rescue, and one unit from Jackson Rescue. Also assisting at the scene was the Slinger Fire Department.

It has been confirmed that the railroad warning signals were in operation.

The Wisconsin Central train was being operated by Engineer Daniel A. Longley, Oconomowoc and Scott E. Renchin of Fond du Lac.

It is believed the train was

traveling at a speed of 40 MPH or less, the speed limit for the intersection is 50 MPH.

Counselors were on hand at Slinger High School to help friends of the victims cope with the tragedy.

The crash remains under investigation by the Washington County Sheriff's Department.

Memories

We have strayed off our Memories path just a tad this week and crossed the street (Fond du Lac Avenue, east side of the street). There is, however, an ulterior motive to jumping out of sequence. Two reasons, actually, the main reason being we thought it would be nice to run the above photo in conjunction with the Starfire Motors feature story on page one of this issue. The above photo was the Bill Schaub Garage and residence which later became the K.A. Honeck Garage, now Starfire Motors. Another reason, being we still have not secured a photo of the next stop on our Memories tour, which was the Kewaskum Liquor Mart. If you have a photo, it would be nice to share it with our readers. If we don't receive a photo of that property, we will continue on our stroll, heading south on Fond du Lac Avenue next week. As a short postscript, we were made aware the photo we ran last week on the Kewaskum Theater was also from the Tiny Terlinden collection.

**TO WHOM IT MAY CONCERN:
From the Kewaskum Village Board:**

February 16, 1999

The Park and Recreation Committee met to prepare for not only the summer season, but the downtown beautification ongoing project. This is the purchase and placement of some precast planters, waste receptacles and benches. The purchase of these items were discussed in fall during the budget process as suggested by a number of organizations in 1997. It was again felt the Village should work with any of the organizations over a number of years to improve the downtown area.

The Village Board did again budget for the purchase of six (6) flower planters, three (3) benches and three (3) waste receptacles. The Village is also hopeful that 1/2 the budgeted money will be donated from the different organizations. The Village would be interested in proceeding with the ordering of these items as soon as possible, so if your organization is willing to participate in this worthwhile program please advise the Village Office by March 16, 1999.

The cost for the planters is \$215.00, the cost of the waste receptacles is \$323.00 and the cost of the benches is \$373.00. If you have any question please call the Municipal Building (414) 626-8484.

World Day Of Prayer

A World Day of Prayer sponsored by Church Women United of Washington County will be observed on Friday, March 5, with other Christians in over 170 countries around the world.

Begun in 1887 by Presbyterian laywoman Mary Ellen James, World Day of Prayer brings together women of various races, cultures, and Christian traditions in prayer. Since 1941 World Day of Prayer has been sponsored in the United States by Roman Catholics, Orthodox and all other Christian women.

This year's service, written by Christian Women of Venezuela, focuses on the theme, "God's Tender Touch," and celebrates the gift of God's love. On World Day of Prayer we are invited by Venezuelan Christians to pray for transformation of society that reflects more fully God's redemptive grace and compassion.

World Day of Prayer will be observed at four different locations this year. For the West Bend, Wayne, Kewaskum and Boltonville churches, it will be observed at Cedar Ridge on Cedar Drive in West Bend at 11:30 a.m. with lunch sponsored by Our Saviour Lutheran Church.

All Jackson and Slinger churches will meet at 1 p.m. at St. John's United Church of Christ on Kettle Moraine Drive, Slinger.

In the Richfield, Colgate and Germantown area, all churches will meet at St. Paul's United Church of Christ, Town of Erin on St. Augustine Road.

The Hartford Churches will meet at 10 a.m. at the First United Methodist Church on Monroe Avenue in Hartford.

Offerings received on World Day of Prayer will help support Church Women's ecumenical ministries toward justice and peace for all people. Some of the offerings will be used for women's projects in Venezuela and the United States.

Come and be a part of a prayer community spanning over the World on Friday, March 5. Please attend any one of the services.

'Come Share the Spirit' Social at Peace U.C.C.

On Wednesday, March 10, Dr. James Albrecht will be the guest speaker at Peace United Church of Christ, Kewaskum, as part of their "Come Share the Spirit" social evening.

Dr. Albrecht will talk about the "donated care service" that is operating in West Bend and Hartford, how it began and its ongoing needs.

Dr. Albrecht was a family practitioner and anesthesiologist in Jackson for many years before retiring. He is the author of "The Country Doctor" and is presently working on his second book, "The Gospel According to James."

You do not want to miss

the opportunity to see and hear this true humanitarian. Dr. Albrecht will be the first to tell you that God has "caused him to be in the right place at the right time."

The program portion of "Come Share the Spirit," begins at 6 p.m. The public is cordially invited to the program and remain for Lenten worship at 7:30 p.m.

Peace Church is located in Kewaskum on First Street. The parking lot faces Main Street, right across the street from Holy Trinity Catholic Church.

Rizzardi, Muth Attend FFA Farm Forum

FFA Advisor Dave Rizzardi, left, and Kevin Muth represented Kewaskum High School at the 1999 FFA Farm Forum in Manitowoc on February 19-20.

More than 130 Wisconsin high school agriculture students and 35 advisors attended the FFA Farm Forum held at the Holiday Inn in Manitowoc on February 19-20.

The following area attendees were sponsored by the Washington County Farm Bureau: Kevin Muth and Advisor Dave Rizzardi from Kewaskum High School; Bob Merten and Mitch Peters from Slinger High School, and Tom Siegmann, Kurt Schwendemann and Dan Meier from Hartford High School.

The FFA Farm Forum provides an opportunity for high school agriculture students to learn more about careers in agriculture and explore their roles as future agricultural leaders.

Tom Anderson, Shawano County UW Extension, opened the conference with

a presentation on leadership. The students spent the remainder of Friday afternoon participating in workshops on topics such as ag careers, farm safety issues, creative thinking, cooperatives and the FFA/Farm Bureau Discussion Meet.

During the evening program, Wisconsin Farm Bureau Federation President, Dan Poulson, challenged the audience to visualize how agriculture will change in the next century. Rick Wills, Director of Education and Training for GROW-MARK, Inc., also spoke to the FFA students about educational opportunities in agriculture.

The FFA Farm Forum is sponsored by the Wisconsin Farm Bureau Federation and its affiliate companies: Rural Insurance Companies, FS/GROWMARK,

Inc., and the Wisconsin Farm Bureau Foundation in cooperation with the Wisconsin Association of FFA. 1999 marks the 27th year that the Farm Bureau family of affiliates has sponsored the event.

Winter Parking Restriction Lifted by Village Board

By Andrew R. Kuehl
Staff Writer/Photographer

The Kewaskum Village Board met Monday with Village Attorney, Gerald A. Kiefer in attendance among twelve other village residents.

Fire Chief Mark Groeschel was present and gave his report. He indicated that a new ambulance has been ordered from Foster Coach where the last one was purchased. The anticipated delivery date is May 1, 1999. This will replace the 1979 Chevrolet. The chassis will be a Ford F-450 which is heavier than the previous Ford. The estimated cost is \$83,000.

Police Chief Richard Knoebel was absent.

Director of Public Works, Jerry Gilles asked the board for permission to advertise for bids for the Skid Steer Loader which was budgeted for 1999.

Gillies also asked that the winter parking restrictions be lifted. Trustee Gary Gavin immediately made the motion. It was approved as of Monday evening.

Finalizing his report he indicated his crew had one water-main break at Fond du Lac Avenue and First Street.

Administrator Daniel Schmidt gave the board his

Under unfinished business, the board had discussion on the proposed downtown parking lot. A new proposal was brought fourth after the last proposal was denied by the Wisconsin Department of Transportation. The plan includes a 5,000 square foot green space.

Under new business the board acted on a land division on the Arthur E. and Lillian E. Buss property at 602 Main Street. It was noted that the plan commission sent a favorable recommendation on the division.

The board acted on creating an Ethics Code for the Village of Kewaskum. This was brought before the board by Village President Robert Wagner. This would be the first of its kind for the Village.

Trustee John Kenworthy stated he was in full favor of this ordinance.

Trustee Gavin asked Attorney Kiefer for his thoughts.

Kiefer stated "A fair amount of other communities have one. I see no problems from a legal stand point."

Gavin stated "as long as you don't make it a witch hunt it's fine by me"

Trustee Kenworthy made

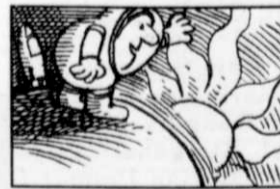

the motion, Trustee Robert Stoltzmann made a second. All trustees voted in favor with the exception of Trustee Gavin.

The board had discussion on proposing an ordinance to keep dangerous animals regulated. Action will be taken at the March 15, 1999 meeting.

The bulk of the residents attending the meeting were there to voice their opinions on the ordinance. This issue was brought up due to a complaint that took place on February, 18.

Discussion and concerns were taken on the preparation of the proposed developers agreement for Old Glory Heights subdivision.

One concern was that of President Wagner, who wanted to see trees planted within the subdivision. Trustee/Developer Gavin was open to whatever the village thought was reasonable.

Buying a Hunting or Fishing License To Be Easier Under Automated System

MADISON -- Buying a Wisconsin fishing or hunting license at a sales outlet using the state's new automated license sales system will be easier and more convenient than in the past. The automated license issuance system (ALIS) will be used by more than 1,100 license sales outlets when the 1999 license sales season begins March 10, said Marilyn Davis, director of the Bureau of Customer Service and Licensing at the State Department of Natural Resources in Madison.

"Each customer will be treated as a 'new' buyer the first time they purchase a license at a sales outlet using the automated system," Davis said. "After the first purchase, automation will make subsequent license purchases at any sales outlet or over the phone even easier."

Whether you buy a license in person or over the telephone, here's a step-by-step guide to buying a license under the DNR's automated system.

BUYING YOUR LICENSE IN PERSON

1. Pick the sales outlet that's most convenient for you. More than 1,100 DNR-authorized agents will offer licenses at sporting goods stores, bait shops, hardware stores, resorts and marinas. You may also buy your licenses at DNR Service Centers, which also offer information about fishing and hunting seasons, regulations and state park and forest maps.

"You don't have to use the same location each time you buy a license; once you're part of the automated system, you'll be assigned a unique DNR customer number that, when entered into the automated system, will prompt the system to print your name, address, and other information on your license documents from any authorized agent location," Davis said.

Each sales outlet in the automated system will offer a complete selection of DNR licenses including hunting, fishing and trapping licenses, patron's licenses and duplicate licenses. Because licenses will be printed on demand, no licensing station will run out of inventory and several licenses can be printed on the same form at the same time.

2. Provide a form of personal identification and your Social Security number the first time you buy a license under the automated system. The first time you buy a license under the new system, you're considered a "new" customer. The license agent will ask for identification. If you have a new Wisconsin driver's license or Wisconsin ID card, the system can read this information from the encoded magnetic strip. Older driver's licenses fea-

ture a special number that the agent can enter to accomplish the same task.

As always, Wisconsin residents without a Wisconsin driver's license or Wisconsin ID will need to provide proof of residency and identification, Davis said. Those customers, along with non-resident customers, will be asked to complete a short New Buyer's Form the first time a purchase is made on the automated system.

A Social Security number will be requested the first time ALL customers buy a license, Davis said.

"Providing a Social Security number is REQUIRED by a state law the Legislature passed in 1998 to aid collection of child-support payments," she said. "The DNR's automated license sales system has been designed to keep customer Social Security numbers confidential."

"You'll only need to provide your Social Security number once. After that, the unique DNR customer number the automated system assigns you will automatically link to name and address information about you when you buy a license in the future. This feature will also eliminate the need to provide a Social Security number each time you buy a license."

Customers may also buy licenses for other people who have filled out and signed a DNR application form specifically designed for this purpose. Parents who want to buy licenses for their children will need to complete this form with their offspring ahead of time. Applications are available at DNR Service Centers and will soon be accessible from the DNR's website at <www.dnr.state.wi.us>.

Once the sales agent has entered basic data about you into ALIS, the system assigns your permanent DNR customer number, which will be printed on all licenses and receipts. Transactions for recreational licenses, permits and special permit applications in subsequent years will be

more easily and accurately processed, Davis said.

3. Sign your receipt, pay your fee and receive your license. Licenses will be printed immediately on durable, water-proof stock (a different license color will be used each year). When your purchase is complete, a two-ply receipt will list the types and prices of each license, the total fee you owe and your DNR customer ID number. You will be asked to sign the receipt following a statement on the receipt declaring your residency. The sales agent will give you one copy of the receipt.

Each licensing agent will have a supply of outdoor regulations for each license or permit privilege purchased. A button on the ALIS machine will allow agents to order a supply of regulations quickly as supplies start to dwindle, Davis said. "This feature of the automated system will improve the distribution of information about fishing and hunting regulations to customers," she said.

BUYING A LICENSE OVER THE PHONE

1. Call a toll-free phone number, 1-877-945-4236 (corresponds to 1-877-WILICEN[SE]; number will be activated March 10) to purchase a license over the phone 24 hours a day, seven days a week. Customers will be charged a \$3 handling fee for this service to cover the costs of compiling and mailing license regulations and other documents to each phone customer. Both residents and nonresidents may order licenses over the phone.

2. Tell the operator which licenses you wish to purchase; also provide the same personal information just as if you were buying your license in person: name, address, Social Security number or DNR customer number.

3. Provide your MasterCard or Visa charge card number (other cards not accepted) and expiration date. The operator will tally your charges,

including the \$3 handling fee.

4. Write down the authorization number the operator will give you and keep it handy if you plan to fish, for example, before you receive your license in the mail. Licenses, permits and regulations will be mailed shortly thereafter. The authorization number will allow you to enjoy instant privileges except for licenses that require a carcass tag. For short-term licenses,

such as fishing licenses covering periods of two to 15 days, the date the short-term license becomes effective will determine whether you'll even receive a license in the mail. If you order a two-day license the day before you intend to use the license, for example, your authorization number will suffice; you won't be mailed a license because your two-day license period will be over before your short-term license arrives in the mail.

Volunteer Needed for Summer Ball Leagues

At the conclusion of the 1998 Youth Softball Tball and Rubber-ball season, the managers of those teams announced their retirement. The Village Board and Park & Recreation Committee thank both Connie Schulist and Gary & Linda Gavin for their many years of dedicated service to our community youth.

Prior to their official retirement, the search began for someone to take over the management of the teams. No one has yet come forward. The Kewaskum Village Board and Park & Recreation Committee are hopeful someone will come forward to volunteer their services to the organization and management of the Youth Softball Tball & Rubber-ball programs within the Village of Kewaskum. This would be for the 1999 summer recreation season. If you have any questions please call (414) 626-8484.

The Board and Committee wanted the public to know that if no one comes forward the programs will be discontinued. The Board and Committee will be meeting to discuss the matter on the 15th of March, 1999, so if you are interested in volunteering please call or stop in by March 12, 1999.

Thank you!

Schwinn's Win Award

Sartori Foods is proud to congratulate the Arvin and Tom Schwinn families of rural West Bend on the Achievement Award presented to them by the Wisconsin Department of Agriculture, Trade and Consumer Protection.

The award was presented to the Schwinn's for the way they manage their dairy farm and to acknowledge that they have continually met or exceeded exceptional standards for more than three years.

Four Kewaskum High School students captured "Gold Key" awards in the Scholastic Student Art Competition held recently at the Milwaukee Art Museum. As a result of the exceptional showing, the four art works will be judged at the national level in New York later this year.

The "Gold Key" winners

were Erin Judnic, for her pastel drawing; Heather Justman for a charcoal drawing; Tashina Meyers for her sculpture, and Michelle Zingsheim for her sculpture. Michelle was awarded a "Silver Key" award for a painting as well.

Marcia Theusch Elected to WEDA Board of Directors

The Wisconsin Economic Development Association (WEDA) has elected Marcia Theusch of Kewaskum on its Board of Directors for 1999.

Marcia has been the Director of Economic Development for Washington County since 1989. During this time, Washington County has had the distinction of having the fastest percentage rate of population increase in the state resulting in very rapid growth. This growth in population has stimulated rapid residential and business development creating a variety of challenges for economic development.

Marcia administers a county Revolving Loan Fund and serves as a clearinghouse for information on sites and buildings and works with local communities on retention and attraction programs.

In addition, many of the peripheral issues facing economic developers has been addressed with positive results. Her economic development committee facilitated a study on growth management and subsequent

Keep on Believing!

by Ami

A lot of folks like to kid us Wisconsinites about the variety of weather we experience each year. Indeed, they have a point. However, I am pleased to factually know that the majority of us meet all of "those weather conditions" with a great deal of maturity and zest. If you do not believe me, visit some of our neighboring states...during a spell of bad weather and judge what you see and hear. Our road clearing teams are tops! Our emergency crews ever ready and waiting. Our firemen and women, most professional.

With the sun riding higher these March days, our turn from white to green is about to occur once again. Husky little flowers are already poking their delightful little heads up thru Mother Earth. The graceful White Tails are busy dropping their fawns in secret groves of budding hardwoods. And the sly red fox proudly leads a display of her bushy tailed youngsters down the old cow path. Yes, keep on believing and life grows brighter and lovelier if we are but patient and observing.

Most of us liked a lot that "April Showers" song composed so many years ago. And yet, so welcome to be sung following a long dormant winter. Life would be horrific without the return of the robin and jenny wren; without pussy willows abloom in the meadow; and who wouldn't be sad if no geese blanketed our bright blue skies? Yes, never stop believing in the miracles of nature. Grab your walking stick and strike out for the old mill pond or the singing brook...and invite a good friend to join you. You will never regret it.

appointment by the County Board of Growth Management Task Force; and her office co-sponsors an annual growth management seminar for local government officials.

With a county unemployment rate at less than 4% since 1993, Theusch was an active partner in forming one of the first school to work consortiums in the State, developing innovative recruitment strategies, coordinating the development of a transit service to connect Washington County employers and City of Milwaukee workers, and facilitating the county's participation in a three county consortium to provide affordable housing opportunities.

Prior to taking on the economic development challenges, Marcia had 15 years with state employment and training programs including vocational counseling and supervision of early welfare to work programs, dislocated worker programs, and several other employment and training programs.

She has been a member of WEDA for ten years and served on the Land Use Committee, Workforce Committee, and Skilled Labor Committee. She is a member of the Southeast Wisconsin Regional Economic Partnership and has received DNC Certification.

WEDA is a statewide organization of economic professionals, educators, communities and businesses. The mission statement of WEDA is to foster economic development in the State of Wisconsin by providing leadership in defining and advocating economic development initiatives by continually striving to develop the professional practice of economic development.

Letters to The Editor

Dear Lana (Editor):

Thanks for "re-running" the picture I submitted last May of the "Salem Theater Players" for the Wayne Sesquicentennial.

This was a picture of a play that was held by Salem E & R Church of Wayne at Barney's Hall in the late '40's.

As I never read a "re-cap" of the festivities of the celebration, this gives me the opportunity to submit my own, as it certainly was a good time for the 700 plus people that attended the all day affair.

The most important part would be a thank you to all the members of the committee. Donald and Mary Ellen Schultz, Orville and Ruth Kern, Edgar and Zona Miske, Carol Oelhafen, Don and Dorothy Kurer, Judy Etta, Arthur and Marilyn Filber, Diane Kiel, Dan Coulter, Jeff Gutjahr, Norman Martin and Leland and Darlene Schaub.

The day was a bit damp but it did not dampen the Spirit of the day. The American Legion with the help of the Wayne Grade school students and Salem Choir held a wreath laying ceremony to start the day. The Bound for Heaven quartet provided music on the church grounds for those who indulged in the brats and pies that were provided by Salem and the committee.

The program conducted by the committee and held at Wayne School was very entertaining. The students sang several songs with certificates handed out to several of Wayne's longtime residents.

The gym at the school was set up with booths of the many families that founded the Town of Wayne. This was very informative. Several pictures were submitted to the Statesman, however, it did not do justice to the many booths and histories that were present. Did anyone know or remember the German POW's harvesting marijuana on Jerome Mayer's farm during WW II?

It was a great day and I was sorry I did not have the time to visit with everyone that came thru the Coulter/Rosbeck booth. (The KHS Class of '60 was well represented). It was good to see old friends and relatives I had not seen in years.

I would hope the committee would take it upon themselves to preserve the various historical items that were on display. Be it at Wayne School, the Fire Station or combined with other historical locations in Washington County.

Tim Coulter

P.S. The Watkins items that were in the Coulter booth were in honor of my dad. Only one item came

from him. The rest I have collected over the past 15 years.

Dear Editor,

I would like to discuss the advisability of adding a swimming pool to a new Kewaskum school building for the use of students and the general public during non-school hours.

First it is an expensive addition and it is extremely costly to maintain a year-round facility, which would again require an undesirable recurring referendum. I believe that when making plans for a new school the board consider the possibility of a pool in the future and that a fee be charged for it's use after school hours by the general public eliminating the need for a recurring referendum.

The building of a new Kewaskum Elementary School and increasing the capacity of the middle school, Farmington and Wayne schools, plus renovations to both including the high school are the only improvements required in my estimation. If a gymnasium is desirable this could be included.

The most important thing about the April election is to impress on the voters in this district the importance of this referendum.

The plan submitted in the original referendum covered most of the above for about \$12,500,000.00 and I believe the same would be approved if again put to a vote if 60% of the eligible voters would turn out. This is a very important issue so please district residents, please vote in April.

Thank you,
Lloyd A. Koch

Kewaskum 4-H Members Present Program to Meadowcreek Residents

Brooke Zanow and Kimberly Erdmann are shown above, speaking to residents of the Meadowcreek Apartments on February 12, regarding their experiences in Japan last summer. Both youth are members of the Kewaskum 4-H'ers and were delegates in the 4-H/Labo Youth Exchange Program, staying with host families in Japan for one month. While in Japan, they shared their American culture and learned alot about Japanese culture and everyday life.

Wayne Crusaders 4-H Club News

The February Wayne Crusaders 4-H meeting was held on Tuesday, February 9, at Cedar Valley.

A video on the Nicaragua Disaster Relief Project was shown. We picked a club T-shirt. We will have a sign-up sheet at the next meeting for ordering. The Nicaragua Community Service project and Puppyland projects were all discussed. If you are planning a club project, you were to see Mrs. Herman prior to Tuesday,

March 1.

We received the final check from the West Bend Downtown Marketplace. Thank you. If you wish to order a brick for the 1999 Fair, you were to place an order before March 1.

In New Business, Music and Drama have a performance on March 14, which is the Music and Drama Festival at Cedar Lake Campus Theatre in West Bend. The poster and speaking contest topic this year is, "4-H and Citizenship." Carol Oelhafen discussed Earth Day. The Special Emphasis project was citizenship.

See you at the next meeting on March 9 at 7 p.m.

Campbellsport Too Much for Lady Indians

Last Tuesday night the Kewaskum Lady Indians traveled to Campbellsport to face the Cougars in the first game of the Division Two regional tournament.

The Cougars got off to a quick start, leading at the end of the first quarter, 24-8. Poor rebounding by the Indians and hot shooting by the Cougars both contributed heavily to the lead. Jenny Wiesner had nine points for Campbellsport after the first stanza of play.

The second quarter was a different story, however, when the Indians started to put on the defense. They decided to full-court press with a 1-2-1-1 defense. The Cougars couldn't seem to handle the pressure and the Indians outscored them, 10-9. After the first half, the Indians went to the locker room, trailing 33-18.

The third quarter was a repeat of the second, with the Indians' pressure being very effective against the flustered Cougars. The Indians produced a 9-2 run in the quarter, and they outscored Campbellsport once again, 11-8. They went

into the fourth quarter trailing by 12 points, with the score being 41-29.

Kewaskum lost any momentum in the final stanza. Campbellsport outscored them, 22-15, and they also hit 11x15 free throws. The Cougars came up with the win, 63-44. They improved to 18-2 on the season.

Kewaskum ended their year at 9-12, a three game improvement from last year. Sarah Schwinn led the Indians with 16 points, 15 rebounds and six steals. Freshman Dani Nass contributed with seven points and four rebounds.

Wiesner led Campbellsport with 17 points.

JV Indian Girls Seize Panthers

The Kewaskum JV girls basketball team improved their record to 10-9 by beating Plymouth on Tuesday, February 16. Kewaskum played excellent in their final home game of the season, beating the Panthers, 32-19.

Kewaskum took the lead in the first quarter, 9-5. In the second quarter, Kewaskum's only points were Colleen Gosa's two free throws. Plymouth did not take advantage of the opportunity, as they only scored three points and still followed Kewaskum, 11-8.

In the third quarter, Kewaskum lengthened their lead to seven points by scoring eight. Plymouth continued to have trouble scoring against Kewaskum's strong defense. Kewaskum's 13 points scored in the fourth quarter was their high quarter for the game. It secured their victory over Plymouth, 32-19.

Good team effort was displayed by the Indians. They had four high scorers for the game: Colleen Gosa, Tina Lindgren, Molly

Strobel and Emily Rinzel all had six points apiece.

Gosa led the team with eight rebounds and Emmy Foerster had six. E. Rinzel led Kewaskum with six steals. Jody Peterson, Bridget Polzean and Roberta Rinzel each blocked one shot for the Indians. Both Rinzels contributed two assists. Lindgren made Kewaskum's only two three-pointers.

Kewaskum shot their best at the free throw line this season by making six out of seven free throws. E. Rinzel was two for two, and Gosa made five out of six of her free throws.

High scorer for Plymouth was Jenna Hand with six points.

JV Girls Lose to Falls, End Season With 10-10

The Kewaskum JV girls' basketball team played their final game of the season on Friday, February 19. A disappointing loss to Sheboygan Falls, 44-30, evened out their record to 10-10 in conference games.

Kewaskum trailed Sheboygan Falls by only one point in the first quarter, 10-9. In the second quarter, Sheboygan Falls lengthened the gap to 10 points by scoring 14 to Kewaskum's five. Servant, a Fall's point guard, had half of the teams' 24 points in the first half.

Sheboygan Falls continued to extend their lead over Kewaskum in the second half. The Indians' foul trouble took Sheboygan Falls to the free throw line 22 times in the second half. Kewaskum's nine points in the third quarter and seven points in the fourth quarter were not enough for them to overtake Falls.

The Indians shot poorly, only making 12 out of 60, or 20% of their shots from the field.

High scorers for Kewaskum were Roberta Rinzel with nine points and Tina Lindgren with seven. Molly Strobel was Kewaskum's high rebounder with six. Emmy Foerster and Colleen Gosa also helped out with five rebounds apiece. Foerster also led Kewaskum with four steals. R. Rinzel also blocked two shots.

High scorer for Sheboy-

gan Falls was Servant with 20 points.

Indians Finish Season Strong By Beating Cedar Grove, Kiel

KEWASKUM 71 CEDAR GROVE 59

The boys varsity basketball team finished their regular season on a high note riding a modest three game winning streak.

After starting the season with a perplexing ten-game losing streak, Kewaskum has won six of its last ten game with two of those losses by two and three points respectively.

"The second half of the season we have been much more focused and disciplined. We wish we could start the year over again tomorrow," Coach Tom Timblin explained.

Last Tuesday Kewaskum visited non-conference rival Cedar Grove. The Indians managed to win the hard fought contest, 71-59. This game was alot closer than the final score indicated as KHS trailed the entire first and second quarter.

Andy Christophersen had the hot hand, scoring ten points to keep KHS within striking distance at the half, 29-24. The third quarter saw Kewaskum aggressively full court pressing, forcing turnovers and finding their shooting eye.

John Warnecke led the charge with nine quick third quarter tallies followed closely by Josh Gaffke's eight on two long range bombs and a basket. KHS stayed hot in the fourth quarter as Shaun Timblin came to life scoring all eight of his points including six of six from the free throw line.

The Indians balanced scoring was led by their four seniors, as Christophersen had 16, Warnecke 14, Gaffke 13 and Timblin 8.

"We shot 64% from the field and grabbed 25 rebounds in the second half to take control. John and Shaun combined for 17 rebounds. Josh and Billy Cook added 11 assists between them and Chris Koth had five steals. It was a nice road win," Timblin added.

KEWASKUM 91 KIEL 79

On Friday night Kewaskum hosted Kiel in front of an appreciative Parents

Night and Senior Night crowd. In the final Eastern Wisconsin Conference game of the season, both teams played hard in a closely contested first half that saw the Indians take a 38-32 advantage into the locker-room.

John Warnecke, KHS all conference candidate, again had the hot hand, scoring 15 first half points. Josh Gaffke and Shaun Timblin chipped in with eight and seven points each.

The third frame was highlighted by the home team building up a 21 point lead and allowing the subs

to play extended minutes. Valuable contributions were made by freshman Tommy Ogi, sophomores Kevin Miller and Charlie Sparks and juniors Jessie Boegel, Todd Wright, Billy Cook and Aaron Seiser, who is just coming back from a midseason ankle injury.

The Raiders put on a full court press that gave KHS some trouble in the fourth quarter but the Indians were able to hold on for a 91-79 victory. As has been the custom for the last number of games, the four seniors again paced KHS as Warnecke contributed 21,

Andy Christophersen 19, Gaffke 18 and Timblin 13.

Junior Chris Koth solidified his position as the Indians premiere basketball thief, as he swiped five more steals. He is among the league leaders in that category.

"This was our highest offensive output of the season. It wasn't a real pretty game, but everyone chipped in and helped secure a win," Coach Timblin added.

There were 71 combined free throws by both sides as the Indians made 27 of 35 attempts for a solid 77%.
