Schmitt Honored Posthumously With Peace Officer Award

Carla Schmitt, center, widow of Deputy John Schmitt accepts the Peace Officer Award from the Military Order of the Purple Heart, along with John's father, Roger Schmitt, right, from Washington County Sheriff's Department Sgt. Robert Martin.

Tears of pride and sorrow filled the eyes of Carla Schmitt and her father-in-law, Roger Schmitt as they were presented with a Peace Officer Award in honor of John M. Schmitt, their beloved late husband and son this past Sunday at the Best Western Midway Hotel in Milwaukee.

The award was presented by The Military Order of the Purple Heart, Badger State Chapter 96.

Schmitt, 31 of Kewaskum, an eight-year veteran of the Washington County Sheriff's Department was tragically killed in the line of duty on Labor Day evening, September 7, 1998 while responding to

assist a Kewaskum Police Officer.

At the time of the accident Schmitt was acting as a field training officer for Donald Kapla, 24, of West Bend. Kapla had begun training for the Sheriff's Department about five weeks prior to the accident. Schmitt was the first Washington County Deputy to be killed in the line of duty.

Several others were injured in the accident including Kapla.

Schmitt was nominated for the prestigious award by Washington County Sheriff, Jack Thuesch.

The other officer present to receive the award was Milwaukee Police Officer, Steven Olmstead who was shot on May 10th 1998. Olmstead has since then recovered. Olmstead commended Schmitt.

The award was presented to the Schmitts by Washington County Sgt. Robert Martin. At that time Martin also read a heartwarming letter written by members of Schmitt's family who could not attend due to a 80th birthday celebration of John's grandmother. The letter brought tears to the eyes of many who were close to John, including those who never knew him.

Cherished memories are sometimes the only thing that can fill the void in our hearts

Fallen Washington County Sheriff's Dept. Deputy John Schmitt

when we lose someone we love.

This award honors the memory of John M. Schmitt, who will never be forgotten by his family and the community he so faithfully served, regardless of the dangers he faced daily.

Marni Lynn is NCAA Champion

Wins 1500m Run at Nationals; Earns All-American Status

Marni Lynn, NCAA Champion
Kewaskum's Marni Lynn won the NCAA Division III Indoor Track and Field 1500m race on Saturday, March 13, at Ohio Northern University in Ada, Ohio. Lynn won the race with a career best and school record time of 4:32.73.

ADA, OHIO -- Marni Lynn of Kewaskum, running in her first national track meet, won the 1500m race at the NCAA Division III Women's 1999 Indoor Championships at Ohio Northern University on Saturday, March 13.

Lynn posted an excellent time of 4:32.73 (four minutes 32.73 seconds) in the finals becoming the NCAA Division III Women's Champion to top off a fantastic indoor season. (A time of 4:32.73 in the 1500 meter run converts to approximately 4:52 for 1600 meters or a mile).

In Friday night's preliminaries, Lynn ran in Round One, Heat Two and posted the fastest time of either heat with a time of 4:36.71, just 0.45 seconds off her

Carroll College school record time of 4:36.26. Lynn's qualifying time was also exactly four seconds faster than Katie Jacobson, a senior at Wisconsin Stout who posted the fastest time in Round One, Heat One.

The Carroll College coaches were a little concerned with Lynn running so fast in the preliminaries, but she assured them that she had a lot left and felt good.

In Saturday's finals of the 1500m race, it was vintage Marni Lynn. At the sound of the gun, Lynn sprinted to the lead and led laps one through six of the eight lap race on the indoor 200m track. Katie Jacobson settled into second place and kept pace stride for

Roll Over Accident on USH 41

By Andrew R. Kuehl
Staff Writer/Photographer

TOWN OF WAYNE- A 37-year-old Salem woman and another occupant have been treated and released from St. Joseph's Community Hospital, West Bend after a one car roll-over accident on Northbound USH 41.

The mishap occurred at approximately 3:18 p.m. Friday evening three tenths of a mile south of the STH 28 on-ramp in the Town of Wayne.

According to a report issued by the Washington County Sheriff's Department, the driver of the 1987 Chevrolet Beretta was Gail L. Hileman. Hileman was trapped inside her vehicle and was extricated

by Kewaskum Fire Dept. Jaws Team.

Traveling with her was 56 year old Kyle D. Hileman.

Both individuals required medical transport.

Hileman apparently was reacting to another vehicle who was changing lanes in front of her vehicle. To avoid a collision she veered off to the shoulder, lost control and skidded off the road to the right, into the ditch. The car came to rest on the roof approximately 50' from the roadway.

The Kewaskum Fire Department and Rescue Squad were assisted by Kohlsville First Responders. Flight for Life responded but did not make a transport.

Eagle Scout Honor Awarded to David Kletti

Karen Kletti, Eagle Scout David Kletti and John Kletti.

John Theisen, Tom Tobin, David Kletti, John Kletti, and Jim Uelman.

On Sunday, February 28, 1999, David Kletti, son of Karen and John Kletti of rural Kewaskum was awarded the Boy Scouts of America's highest honor, the rank of Eagle Scout.

David began in scouting as a Tiger Scout in the first grade, and progressed

through Cub Scouts and then into Boy Scouts. He has gone on numerous Scout outings over the years, including three troop canoe trips to the Canadian White Otter Wilderness area and northern Minnesota's Boundary Waters Wilderness area, which include his fondest scout

memories. David's service project required for the Eagle Scout award included numerous improvements at the Kewaskum Town Hall facility. David is a senior at Kewaskum High School. Congratulations Dave.

Letters to The Editor

Dear Editor,

I was pleased to read the article about the lower milk prices on the front page of the Daily News recently.

Farmers, in general, comprise less than 2% of the population and dairy farmers are a much smaller percentage of that.

That 2% feeds (and clothes) the entire nation and agriculture products are one of the highest exports. Exports would be much larger if the U.S. government didn't use food products to sanction countries that don't agree with it.

We are grateful for the assistance promised by the federal government. But the \$3500 some of the farmers could get does not even come close to what most farmers are losing a month with this lower price. When the price went down, it doesn't mean our income went down that 37%. If we get the \$10.27 per 100 pounds of milk that has been promised for February and our cost of producing the milk is \$13.00 per 100#, how much income have we lost? The university says it costs \$17.00 per 100# to produce milk.

So get ready to enjoy more of nature's most perfect food. Prices SHOULD be coming down!

Gerald Stoffel

Dear Statesman,

I too, am concerned about our school building problem. I don't think we need a new elementary school. We have five school

buildings serving our elementary children, KES, WES, FES, Holy Trinity and St. Lucas. I don't believe there is a lack of space problem there.

At our middle school level we have three schools serving this group, KMS, Holy Trinity and St. Lucas. At the high school level, we just have KHS serving this group (with few exceptions).

I believe we need a new high school, and move our elementary children to the existing middle school, move our middle school children to the existing high school. Sell Beechwood and use the proceeds to build the high school. Get volunteers to help with the moving to cut costs. I will be happy to help and I'm sure there are many others who would volunteer their time. We live in a wonderful community with terrific people, and our children are important.

Our high school should have a gymnasium, state of the art library and a pool. Our children are not able to compete in any water sport and sports is just as important as academics. The sports program teaches teamwork, and builds self-esteem. A pool can generate income to help with the cost. So what if its "not fair." Our children are worth every cent we spend on a new high school. It is so important that all of our children succeed.

Your opinions and thoughts are important, too, so please get out and vote. Let your voices be heard. The children of the community are counting on you.

Thank you.

Respectfully,
Roxanne Trott

stride right behind Lynn for the first six laps.

It looked like it might be just a two person race for the title with both Lynn and Jacobson out in front of the others, but as the leaders were crossing the finish line of lap seven, Tara Crowley, a junior from Williams College, started her sprint.

Crowley succeeded in passing both front runners and took the lead on the back stretch of that seventh lap and held the lead as the bell sounded the eighth and final lap of the race.

Lynn was a stride or two behind as she passed the ringing bell and then Lynn surprised the crowd with a sprint of her own, going into the curve that propelled her around Crowley on the back stretch. Lynn continued her sprint of almost 150 meters as she finished over two seconds ahead of Crowley, who finished second just tenths of a second ahead of Jacobson.

Lynn's time of 4:32.73 bettered last year's winning time of 4:35 and set an Ohio Northern Sports Center record. The old record of 4:33.62 was set in 1995. Lynn's time also breaks her own Carroll College school

record of 4:36.26 that she set back on February 20th at UW-Stevens Point. The NCAA Division III 1500m indoor record is 4:28.83 set in 1988. Marni Lynn becomes the first National Champion in Carroll College school history!

When interviewed moments after the race, Lynn responded, "I didn't expect the Williams girl (Tara Crowley of Williams College) to pass me, and with one lap to go, I got a little scared. But I pulled through it and caught her in the last 100 meters. It was probably one of my best kicks ever!" Lynn's kick definitely had everyone in the stands on their feet to see the conclusion of a great race.

Lynn was also asked to respond to the following question after the conclusion of her race. How does it feel to be a National Champion? Lynn stated that, "It feels awesome to be a National Champion, especially since this was my first time qualifying for Nationals."

Later Lynn's coach, Brian Bliese, shared his thoughts about what she had accomplished over the two day meet. "Marni's performance over the past weekend was incredible. Her accomplishments this season never cease to amaze

me. She has become a national champion because of her outstanding work ethic. She is just totally dedicated to the sport. I am so proud," exclaimed Coach Bliese.

The sense of pride in Marni Lynn and congratulations were echoed by Marni's mother, Sandy, and her Kewaskum High School coach, Jerry Gosa, who along with his daughter, Colleen, traveled to Ada, Ohio to see Marni run.

"I think it is difficult for the average person to fully comprehend all the time and energy it takes to reach a goal and achievement of this magnitude. I have the highest respect and admiration for Marni. I remember when she set the Kewaskum School record in the mile (1600 meters) in 5:09. Look how far she has progressed by her hard work and tremendous focus. She is definitely an excellent role model. We can all be extremely proud and happy for her," concluded Coach Gosa.

Chess Team Goes to State Competition

The Kewaskum Chess Team made a strong showing at the Scenic Moraine Chess Association Post-Season Tournament last Saturday.

Participants included Brett Klapper, Buckley Fechter, Ryan Koefel, Mark Schrauth

and Sam Schact.

Of the 60 participants in five teams, students of Kewaskum placed 7th, 13th, 18th, 22nd and 31st.

Brett Klapper was also chosen for Second Team All-Conference. Seven members of the twelve member team will be advancing to State competition this Saturday at U.W. Oshkosh.

They are coached by Geoff Schuh.

The Statesman wishes to congratulate the team on an excellent showing and a terrific season!

OM Teams Rule at Regionals

Kewaskum Elementary School's Odyssey of the Mind team earned a return trip to State competition by capturing first place in their category in Division I at the New Holstein Regionals, while Farmington Elementary captured a second place finish and the Kewaskum Middle School team grabbed fifth in their respective divisions.

KES also sent a Primary team of first and second graders to compete in the primary division. Additionally, KES and FES were cited for the "OMer Award," awarded to teams and individuals exhibiting exceptional effort and creativity.

OM requires students to solve one of a variety of long term problems with a skit, costumes and props all of the team's own making -- no outside help whatsoever (Kewaskum teams have worked on the long term problem since September).

Team members also compete in a spontaneous problem, in which they must react to a challenge off the top of their heads on the day of competition.

The KES Division I team beat out 20 other teams to claim first place. KES team members are Jeffrey Paulus, Alex Rauch, Melissa Hammen, Nathan Kenworthy, Bridget Dreher, Danielle Dreher and Jason Jahnke. The coach is KES aide Mrs. Connie Schulist.

The team will travel to Stevens Point for the state meet on April 17.

Farmington's team finished second in its competition (out of 13 teams). FES members are Jackie McKee, Alex Waranius, Mitch Paulus, Marissa Dehler, Bekki Heberer, Ryan Uttech, and Danielle Yanke. The coach is former FES teacher, Mrs. Marlene Domasky.

KMS also had a fine showing, garnering fifth of 17 teams. KMS members include Amanda Zimdars, Ellen Borchardt, Shannon Dwyer, Mandy Glander, Juliet Tofte, Michelle Weninger, and Lee Schmidt. The team is coached by KMS teacher Mrs. Kim Longdin.

Teams in the Primary division are judged, but not in direct competition with other teams. The KES Primary team members are Jeremy Neuenfeld, Jared Kimble, Tonya Janssen, Andy McDonald, Amanda Osswald, Brittany Aupperle, and Lauren Hughes. The team's coach is KES aide, Mrs. Cindra Delgado.

The teams put an enormous amount of work into their efforts and represented Kewaskum Schools with distinction.

Members of the Farmington Elementary School's OM squad wait for results to be announced at the New Holstein Regionals. Clockwise, from upper left: Alex Waranius, Mitchell Paulus, Marissa Dreher, Bekki Heberer, Danielle Yanke, and Jackie McKee. Ryan Uttech is not pictured.

Kewaskum Middle School OMers celebrate a job well done at the March 6 OM Regionals. Front to back: Amanda Zimdars, Ellen Borchardt, Shannon Dwyer, Mandy Glander, Juliet Tofte, Michelle Weninger. Lee Schmidt is not pictured.

Before the announcement that they'd continue to the State competition, the KES OM (Division I) team cheers at the OM pep rally following the day's competition. Edward Somers Appointed Samaritan Administrator

The Samaritan Committee and Administrative Coordinator Doug Johnson, are pleased to announce that Edward Somers has been appointed to the position of Administrator at the Samaritan Health Center. He will start work on April 5, after completing his current assignment as Administrator of the Hartford Care Center.

Somers, 29, is a licensed Wisconsin Nursing Home Administrator, with a master's degree in Health Administration from Cardinal Stritch University, and a bachelor's degree in economics from UW-Milwaukee. He has served as Assistant Administrator of Woodland Health Care Center in Brookfield for the past two years.

He has nine years of additional nursing home experience in progressively responsible positions at Marina View Manor in Milwaukee, and previously at Mount Carmel Health and Rehabilitation Center in Greenfield. He brings to the Samaritan a strong track record of knowledge about operation of larger long-term care facilities, commitment to high quality resident service, compliance with regulatory and budget requirements, and high levels of staff morale.

Samaritan Health Center has nearly completed a \$5.4 million renovation of the skilled nursing home which serves up to 228 residents. When the remodeling is finished in July, improved air handling, windows, and space for single and double occupancy rooms will create a healthier and more comfortable environment for residents, staff, and visitors.

Samaritan is also a

partner with St. Joseph's Community Hospital in the operation of a 23 bed subacute unit at the Hospital. Somers, the third Samaritan Home Administrator, fills the position held by Anne Tilt for the past 20 years prior to her retirement in February.

The Kewaskum Community High School Honor Roll for the second quarter has been announced (seniors, juniors and sophomores were previously printed): FRESHMEN - James Binder, Rebecca Brahm, Joan Bruessel, Gerald Butz, Roseann Czaja, Laura Dei, Linda Dei, Janice Devine, Rick Dreher, Steven Edgar, Grace Flynn, Terry Garbisch, Keith Gessner, Kathy Gnacinski, John Granat, Daniel Hlavaty, Lori Koepke, JoAnne LeFleur, Paul Lehnerz, Kevin Neese, Sue Nigh, Gay Olson, Gail Paulus, Michael Perkins, Jean Petri, Carrie Petsch, Raymond Reindl, Mark Rosenthal, Thomas Ryan, Daniel Schall, Bonnie Schmidt, Randall Schmidt, Barbara Schowalter, DuWayne Schulz, Juliann Stoffel, Anne Theusch, Barbara Thill, Gary Thull, Ann Weddig, Gerald Wilkens, Scott Wulff, Kurt Zarling.

The Kewaskum Kiwanis Foundation Board has gone on record to recommend to the club membership that "it donate approximately \$77,000 for some 35 acres to be used as a park site" in Kewaskum. It also recommends that village residents be given a voice in

determining the type of pool that will be installed. Last December, the village board voted to take a 12 month option on approximately 34 acres of land for park purposes at \$2,200 per acre. The option is with Mrs. Viola Spoerl on land at the southwest village limits.

Richard Theusch, Thomas Gundrum, Richard L. Edwards and Mrs. Clara J. Trapp captured the most votes among six candidates in a school board primary election Tuesday. The four will compete for two positions on the board of education for the Kewaskum Community Schools Joint District No. 2 at the April 2 Spring Election.

Kewaskum High School will present Rodgers and Hammerstein's first big hit, "Oklahoma" on May 3-4. The double cast chosen for the play is Aunt Eller - Sharon Schoofs and Viv Schacht; Curley - Dan Ryan and Greg Ogi; Laurie - Kathy Baumhardt and Dawn Schall; Laurie (in the dream) - Pat Roe; Will - Rich Loof and Mark Slegler; Jud - Matt Berg and Jon Slegler; Ali Hakim - Rick Edwards; Ado Annie - Kris Meilahn and Deb Strigenz.

Holy Trinity Students Attend Math Contest

By Jacqueline Chambers and Valerie Rieden

On Saturday, February 13, Holy Trinity Catholic School students Erica Christie (grade seven), Jacqueline Chambers, Valerie Rieden and Justin Wessing (grade eight), shown above, left to right, attended the MathCounts contest at the University of Wisconsin, Waukesha. This was the first year Holy Trinity has participated in this contest. Although none of the students continued on to the state meet, they were the top four in their school, and they were in the top 25, 40, 43 and 57%

The MathCounts contest is a test of knowledge in mathematics. It is a day of tests the top four math students from area schools take to determine if they can qualify for the state meet. The day consists of three tests. One test the student takes by themselves without calculators, one test the students take by themselves with calculators, and one test the team of four students take together. To qualify for the state meet, you have to be one of the top three teams or the one of the top four individuals which creates the fourth team.

Holy Trinity Forensics Team Heads for State

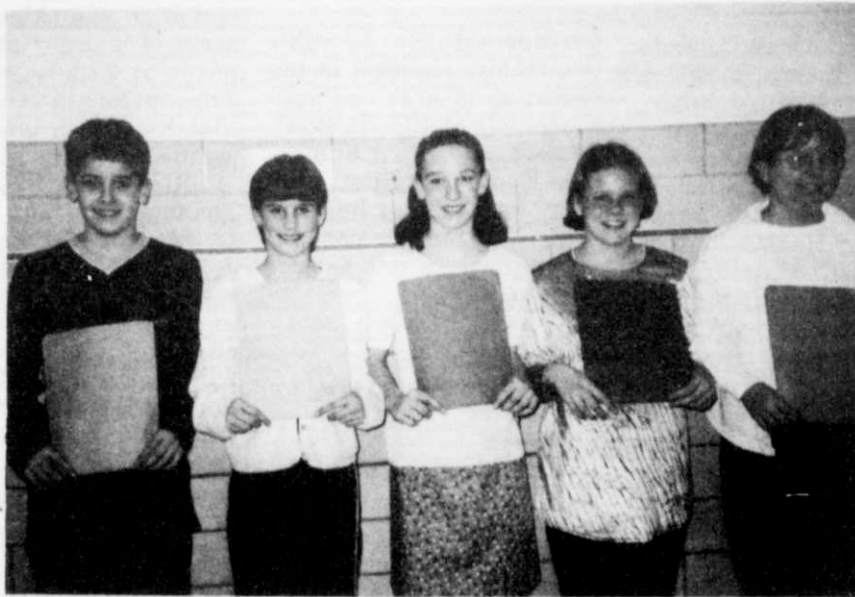

Eighth graders Cassie Laatsch, Becky Herriges, Lisa Boden, Katie Staehler and Lanaya Martin present "Dr. Sunshine's Group Therapy Session." The girls wrote their own script and present it in the category of group acting.

Holy Trinity School forensic team of Kewaskum is bound for the State Forensics Meet on March 20.

Six groups of talented students will compete in Oshkosh in the categories: Group Interpretation; Group Acting; Solo Humorous Acting, and Prose. Each of these students received at least two blue ribbons at Regional Forensics Meets in order to

qualify for participation in this state meet.

In addition to the pictured students, Erica Christie presents "Primer for Imaginative Children" by Erma Bombeck; Jacqueline Chambers tells the true story of the "Three Little Pigs," and Keith Boegel, Joseph Rinzel and Justin Wessing present their rendition of baseball. Congratulations and good luck to all of these students.

Kevin Schickert, Amanda Herriges, Rachel Shea, Megan Zettler and Katie Kowalczyk entertain audiences with "Cinderella Finds Time." Missing from the photo is Josh Uelmen.

V. Board Handles Light Agenda; Passes Resolutions

By Andrew R. Kuehl
Staff Writer/Photographer

The Kewaskum Village Board met Monday evening and handled a light agenda.

Fire Chief Mark Groeschel was present and gave his report. The members of his department made a motion to change the bylaws to move their meeting date to Thursday night.

Police Chief Richard Knoebel gave his February

report.

Director of Public Works, Jerry Gilles gave his bi-monthly report. He indicated that the guardrail along railroad street has been replaced.

Administrator Daniel Schmidt gave a building permit report, for the month of March. There were three single-family permits issued for a total of 18 permits for the year.

Schmidt also said the downtown parking lot is progressing.

The board instated an ordinance relating to dangerous animals. The ordinance passed

with all members voting yes.

The board discussed ordering the initial fireworks order, for the July 4th celebration the village can order fireworks up until May. The Village will again be accepting donations for the fireworks. Donations towards the fireworks, as always are greatly appreciated, and any contributions made add to the quantity and quality of the annual aerial display. They can be dropped off at the Municipal Building. Watch for more information in upcoming issues of *The Kewaskum Statesman*.

The board acted on several resolutions all of which passes unanimously.

Under miscellaneous business the recent lifting of the

winter parking ban was brought up. The village would like to remind residents that when a snow emergency is called it will broadcast on WBKV or they can call the Department of Public Works at 626-4310 and a message will be played.

Margarine was invented in the 1860s by Hippolyte Mege-Mouries, a French chemist.

TOWN OF WAYNE RESIDENTS

My name is David Scharf and I am a candidate for the office of Chairman in the Town of Wayne. I am only a new name to most people. This letter is intended for you to better know me and my thoughts and beliefs about the place of your home.

RESIDENCY AND EDUCATION

I am a lifelong resident of southeastern Wisconsin and have resided in the Town of Wayne for nearly 23 years. My education includes significant post high school course work and program participation in a variety of clinics and seminars covering a wide range of subjects and topics.

EXPERIENCE

I have had working experience at municipal, county, and state levels of government. I have built and been involved in the building of numerous improvements from single family dwellings to small commercial structures. I have given testimony before subcommittees of both houses of state and federal legislature on subjects that are most important to me. I have nearly 15 years of self employment experience providing retail, service, and technical benefit to the general public and small business. I am currently employed with Mid-States Aluminum in Fond du Lac as an engineering technician.

OBSERVATIONS ON PERSONAL OPINIONS

Each person has a perception and a point of view. Each person's point of view is representative of their self interest. A personal self interest is usually not considerate of a differing point of view.

ON PEOPLE AND GOVERNMENT

Most people are not willing to publicly express an opinion about government. Most people have a low opinion about government at any level. Most people fail to exercise any constitutional rights they may have over government. Most people fail to vote, fewer people vote local elections. Most people know very little of the work of government at any level. Most people rarely, if ever, communicate with elected officials. Most communications with any government entity are a request for services, or are motivated by dissatisfaction.

ON GOVERNMENT AND VALUE

Most people I have talked to do not think highly of the government they now have. I have attended several meetings in recent months and more meetings than I can remember in recent years. I rarely agree entirely with the decisions that are made. I can tell you that the members of the plan commission and the board have worked very hard on the building and development code. The amounts of money spent in support of the board and commission represent a good value. Most of these people are treating the business of this town as they would treat their own family business. These meetings may not be the most polished exhibitions ever witnessed but they are the biggest bang per dollar most of us will ever see. The people of these bodies are serving where many others are not. We should feel fortunate that we have people who are willing to take the criticism that goes with such a responsibility. I think that I can do a better job of the chairmanship than my opponent. If I didn't feel that way I wouldn't run. That doesn't mean that we should be anything less than grateful for his service. I regret that only one of us can prevail in this contest, we cannot afford to turn selfless effort away.

THE CURE FOR WHAT AILS YA

People have a habit of being critical. If all of us would make the asserted effort to spend just a small percentage of our critical tendencies on trying to see other people's points of view, we would see personal and joint productivity soar. I have seen people argue for mandatory lot sizes larger than their own homestead and I have seen owners of relatively large parcels argue that single acre lots are an economic and ecologically sound decision. One position is as troubling as the other; both are a manifestation of solitary self interest. The end result will be a compromise that will work better than any one individual would be willing to admit. The wasted effort in the extremity of the arguments is disappointing human nature. We need to look at the positive points of a compromise rather than to dwell on the negativity of our own personal losses. Every resident should take the time to read the postings and see just what a town meeting looks like. Each resident should attend these meetings as many times as it takes to feel and remain comfortable in their own town hall. With this minimal level of involvement will come a better understanding and less spirited criticism replaced by informed ideas. Remember that the doors of any governmental house must remain open to its constituents except under few and very specific circumstances. Democracy is not a right; it is a responsibility. We need to accept this great responsibility.

Look forward to one more letter before the election. In the last letter I will discuss what I feel the key issues are for our town.

Village Board Meeting Minutes

Mid-Monthly Meeting
February 15, 1999
8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Robert Wagner presided. Trustee Harry Roecker asked to be excused and was absent. All other Trustee members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee Gary Gavin, seconded by Trustee Andy Pesch and unanimously carried by voice vote, the minutes of the February 1, 1999 meeting were approved as printed.

Mr. Frank Beesten presented to the Village President Robert Wagner one of the 250 galvanized shingles taken from the Old County Jail and Courthouse built in 1886 and 1889. The shingle and certificate will be placed on display in the Council Room of the Municipal Building. The Village Board thanked Frank and Mary Beesten for their generous donation.

A public hearing was held on the request of Brian Brendemihl for a conditional use permit to allow for the placement of a 50 ft. tower in the rear yard to be used to support an amateur radio antenna; the property located at 349 Knights Avenue. (V4-0023-034) President Wagner asked if the conditional use process was an appropriate action by the Board. Administrator Schmidt provided the information which the Building and Zoning Administrator shared with the Plan Commission. The results of the Plan Commission meeting were also reviewed as well as the four points or conditions they suggest accompany the conditional use permit. Brian Brendemihl explained his request and answered questions of the Board. Mr. and Mrs. Raef were present and asked about potential interference regarding television. On a motion by Trustee Andy Pesch, seconded by Trustee Gary Gavin and carried by the majority roll call vote the Board closed the public hearing. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent."

A public hearing was held on the application of a Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor License as noticed for Norman Scott Henry, 109 Main St., Kewaskum, WI. (Salt H2O Cafe). No one spoke for or against said license. On a motion by Trustee John Kenworthy, seconded by Trustee Andy Pesch and carried by the majority roll call vote the Board closed the public hearing. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent."

Chief of Police Richard L. Knoebel presented the January 1999 report:

Criminal arrests - 41, Criminal investigations - 48; Traffic warnings - 70, Traffic citations - 17; Adult arrests - 28, Juvenile arrests - 12; Property stolen - \$2,415, Property recovered - 0; Parking warnings - 5, Parking tags - 76.

County Receives Environmental Award

MILWAUKEE -- The Wisconsin Department of Natural Resources and Wisconsin Partners for Clean Air are proud to announce Washington County as one of the 1998 Wisconsin Partners for Clean Air award recipients.

Washington County is an active member of Wisconsin Partners for Clean Air -- a coalition of businesses, community organizations, schools, government agencies and citizens committed to voluntarily improving air quality in southeastern Wisconsin -- since 1996. The actions they take at their business site to reduce ozone-causing emissions help protect the environment and economy of Wisconsin and the health of those who reside in and around our beautiful state.

"Washington County's promotion and use of alternative transportation options has helped prevent ozone-causing emissions from entering the air. In

return, their actions have helped the health of all children, elderly, outdoor workers, and those suffering from chronic respiratory ailments to breathe a little easier in the summer months," said Peter Beitzel, vice president of Metropolitan Milwaukee Association of Commerce and steering committee chair of Wisconsin Partners for Clean Air.

Washington County employees who participate in clean commuting are entered into a drawing for a \$100 savings bond for the months of June, July, August and September. A final drawing of a \$500 savings bond is drawn from the tickets of all participants.

Along with their high use of transportation options, Washington County actively participates in Ozone Action Days, to assist in the reduction of harmful pollutants on days when the weather indicates that ground-level ozone could climb to unhealthy levels.

KMS Forensics Heads to State

In the last regular season meet of the year, the Kewaskum Middle School Forensics team had a powerful showing.

Twenty-six members of the team made it to the power round at the Germantown meet, setting a new team record. Stacey Imler, Jaell Ledford, and Emily Ogi received third place trophies, while Alison Yanke and Jamie Treptow took second place trophies. Stephanie Kamrath, Amanda Klahn and Sarah Kurer all captured first place.

Congratulations to the squad for a terrific year and best wishes as they head to state competition on March 20.

Youth Soft Ball, Hard Ball Meeting Set for March 24

RECYCLING TIPS

ALUMINUM BEVERAGE AND TIN CANS

4 of 7

TYPE OF ALUMINUM: Aluminum cans generally used in the beverage industry.

TYPE OF TIN CANS: Tin cans generally used in the food industry.

PREPARATION: Simply drain and rinse. This is the most important aspect of a successful recycling program. Aluminum beverage containers and tin containers that are contaminated with liquid or food residue cannot be recycled. Place aluminum and tin containers in your dark green recycling bin or blue recycling bag. Flattening containers is not necessary but will save space in your recycling bin or bag. Place the bin or bag at the curb on the same day that your solid waste is to be collected. Pick up will be Wednesdays for both solid waste and recyclables. Multi-family dwellings of six or more. Remember, your recycling pick up will be the 1st and 3rd Wednesday of each month.

NOTICE TO ALL WASHINGTON COUNTY DOG OWNERS

Pursuant to Section 174.052, Wisconsin Statutes, notice is hereby given to all owners of dogs in Washington County that dog licenses and rabies vaccinations are required.

Vaccination by a licensed veterinarian against rabies is required of all dogs (Section 95.21(2)) within 30 days after the dog reaches 4 months of age and revaccinated within one year after the initial vaccination. The owner of a dog shall have the dog revaccinated against rabies by a veterinarian when the certificate expires or within three (3) years of previous vaccination. The certificate of rabies vaccination must be presented to the collecting official before a dog license may be issued.

All dogs five (5) months of age or older require a license. The minimum license fee for neutered males or spayed females is \$3.00, upon presentation of evidence attesting to the same, and \$8.00 for the unneutered male or unspayed female dog or one-half of these amounts if the dog became five (5) months of age after July 1 of the license year. The governing body of any town, village or city may raise the minimum dog license tax. Any person who keeps or operates a kennel may apply for a kennel license. The fee is \$35.00 for twelve (12) dogs or less and an additional \$3.00 for each dog in excess of twelve (12).

Dog licenses can be obtained from your local town, village or city treasurer or designee during the course of any given year. Dog owners should notify their treasurer if their dog is given away or has died, so that you will not be considered delinquent. An affidavit of death is available.

PENALTY
Every owner of a dog 5 months of age or older who fails to obtain a license by April 1 will be assessed a late fee of \$5.00.

Marilyn H. Merten, Washington County Clerk

Wildcats Take First at Eden

Next year's A team sixth and seventh graders went three and zero to take first place in the Eden basketball tournament. In the first game they beat Eden, 41 to 29. In the second game, against a much bigger St. Mary's Barton team, the Wildcats kept it close and pulled out a 31-27 win at the end of the game. During the third game with St. Matthew's of Campbellsport, both teams came into the game undefeated. The Wildcats were down on one, 16-15, going into the fourth quarter. The Wildcats stepped up their defense and went on to outscore Campbellsport, 13-7, in the final quarter for a 29-22 victory. The boys played great defense all tournament long. It looks like the boys will have a very aggressive and quick team next year. The team was led by Cody Repovsch with 38 points, Nick Schoofs with 22, Todd Warnecke with 20. Nick Schoofs and Jason Tuszyński played outstanding defense and were big factors in the victories. Team members, shown from left to right, front row: Alex Herriges, Cody Repovsch, Jason Tuszyński, Nick Schoofs, Ryan Hesprich. Back row: Griffin King, Joe McDonald, Kevin Schickert, Josh Riebe and Todd Warnecke. Coaches are Dan Rieder and Bob Tuszyński. Eric Nass is not pictured.

New Fitness Program Has Men And Women Lining Up for Class

Expect the weight room to thin out and the aerobic room to fill up again, thanks to a new exercise program from New Zealand called BodyPUMP™. The STEP Company, responsible for energizing a stale aerobic market in 1990, is aggressively rolling out the new program at fitness clubs nationwide following a successful Atlanta test.

The new movement stresses the health benefits of building lean muscle mass by combining the body-changing results of high repetition weight training to music in aerobic environment.

Having been introduced in July at IDEA International BodyPUMP is getting the same reaction that step aerobics received in the early 90s. Refined through seven years of development in New Zealand, BodyPUMP offers a variation to traditional aerobic workouts creating a challenging, but simple routine.

Participants take hold of a specially designed barbell system with adjustable weights and pump up every major muscle group in their body, all to the motivating beat of a cross section of popular music. The special barbells make BodyPUMP ideal for beginners and experienced exercisers because the intensity of the workout can be varied by adjusting the amount of weight used.

"We believe BodyPUMP is a program that is really going to breathe new life into the group fitness market," explains Rich Boggs, president of The STEP Company.

"BodyPUMP attracts men because of the barbells and women because of its aerobic environment. And everyone enjoys themselves and gets a great workout."

With free weight usage up eight percent since 1995, Americans are demonstrating a desire for more toned bodies to complement standard cardiovascular workouts.

Recent studies have shown that strength training programs have the ability to turn back the clock on our bodies - reducing body fat while increasing lean muscle, reversing bone loss and increasing energy and balance.

This is good news for the estimated 42.8 million Americans now training with free weights. BodyPUMP successfully takes this concept into the group fitness arena with a time-efficient, fun

workout.

This program is particularly refreshing for women who have been searching for an alternative to the male-dominated weight room environment. According to the *Journal of the American Medical Association*, after a year of strength training twice a week, women's bodies were 15 to 20 years more youthful.

With BodyPUMP, women can expect to experience improvement in bone density, a 27 percent increase in energy level, and better muscle-to-fat ratio, thereby lowering risk of heart disease.

In New Zealand, BodyPUMP has attracted a 60/40 female to male ratio, setting a record for male aerobic participants and also regaining the intense popularity among both sexes last seen with the introduction of TheSTEP.

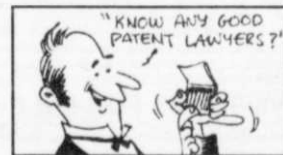

"As Americans have less and less time in their day to devote to the various types of exercises needed, BodyPUMP provides impressive results in areas that are most beneficial to our quality of life. We are particularly excited about the program's ability to lower risks associated with osteoporosis," says Boggs. "The fact is, aerobic exercise alone, won't do it."

BodyPUMP instructors undergo extensive training to qualify to teach the program. Instructors complete a two-day training course and spend four to six weeks perfecting body alignment and technique. Instructors are reviewed and qualified by a BodyPUMP Trainer and must attend quarterly workshops to learn new choreography and receive educational updates.

These workshops ensure that instructors present the Body-PUMP program safely and effectively to their own classes. Workshops will be offered in markets nationwide.

Currently four instructors are working on certification classes which started Feb. 8 at the Health Hut Fitness Center in Campbellsport.

Persons who wish to attend should call 533-4747 ahead to reserve a spot. Classes are held Monday thru Thursdays 6:30 p.m. and Friday - 5:30 p.m.

Book matches were invented by Joshua Pusey, a Philadelphia patent lawyer, in 1892.

KHS Forensics Starts Strong

Kewaskum High School's forensics team began their season on Wednesday, March 3, by hosting its SubDistrict meet and continued its success by taking second place at its Conference Meet in Chilton on March 11.

All participants scored at least two rounds of 16 out of 25 possible points at SubDistrict; therefore, all members advanced to the District meet, held on March 16 at Sheboygan North High School.

Students scoring perfect 25-point rounds at Sub-District were sophomores Kristin Schiller and Kim Survis in the category of Play Acting, and Jessica Schmidt in Demonstration, along with freshman Kelli Jo Will in Four Minute. Will also scored a perfect 25 at Conference, along with senior Coral Choinski, who delivered a Prose piece; both girls came home with medals.

Those scoring near-perfect rounds of 24 points at SubDistrict included freshmen Maria Cannestra, Virginia Feind, Jennie Link, Marcia Thull and Elizabeth Werdermann in Group Interpretation; sophomore Colleen Gosa in Demonstration; juniors Tashina Meyer in Farrago, and Joel Hermann, Jessica Parrent, Michelle Zingsheim, Alex Blasky and Brendan Weinhold in Play Acting; and senior Jill Pamperin in Four Minute. Twenty-four point rounds at Conference were accomplished by seniors Emma Chambers and Beth Herriges in Solo Acting; both of these participants also brought home medals.

At the Conference Meet, several last-minute substitutes fared well, even with little time to prepare. These members included seniors ReNae Hills and Katie Dehling in Demonstration; Danny Wall in Four Minute; and Jackie Korneli in Farrago; sophomore Aileen Chambers in Special Occasion; and freshmen Courtney Schultz, Heidi Terlinden and Bethany Hermann

in Group Interpretation. Other talented members of the 1999 KHS forensics team include seniors Missy Rady, Jenny Wendegatz, Lisa Dehler, Mary Lehmann, and Krissy Krell; juniors Tina Olewinski, Katie Gosa and Sara Bauer; sophomores Sarah Cole, Brianna Obright and Becky Krell; and freshmen Eric Braun, Nicole Fischer,

Maggie Herriges, Troy Martin and Heather Wagner. Coaches Beth Biskobing and Betsy Helmers look forward to continued success with the team. They are also grateful for all of the assistance provided by members of the KHS National Honor Society and band in helping to make the SubDistrict event at KHS a complete success.

EASTER

The Day that Changed the World

Easter is good news. In the Holy Bible, I Corinthian's 15:51-58 the apostle Paul reveals an amazing truth: for the christian death is not the end of life but the threshold of immortality! Just as the Lord Jesus Christ arose from the grave, thereby conquering sin and death, so shall those who have put their trust in Him be raised to everlasting life.

Many people when asked the question, "If you would die today where would you spend eternity?" respond by saying, "I hope to go to heaven." The Bible says in I John 5:11-13 that we can know that we have

eternal life after death. It says, "And this is the record, that God hath given to us eternal life, and this life is in His Son. He who has the Son has the life; he who does not have the Son of God does not have the life. These things I have written to you who believe in the name of the Son of God, in order that you may know that you have eternal life."

The Lord Jesus Christ died for your sins and rose again. Will you place all your trust in Him today and have the assurance of salvation promised in the Bible?

Farmington Athletic Club Annual Meeting March 27

The Farmington Athletic Club will be meeting soon to organize the upcoming summer baseball, softball and T-ball programs for our youth. The meeting will be held at 1:00 p.m. on Saturday, March 27, at the Farmington Town Hall, 9422 Hwy. 144.

Each year the Farmington Athletic Club provides recreational opportunities for young people living in the Town of

Farmington. We need volunteers to coach, serve on the Athletic Club Board, and umpire during the coming year. Please join us in continuing these excellent opportunities for our children.

If you cannot attend the annual meeting, but wish to be involved, call Bill Lickel at 692-2135 before March 27.

State Patrol March Law of the Month: Safe Crossings at Railroads

Whether late for work or anxious to get home, if you approach a signal that indicates a train is coming, be prepared to stop.

"Railroad crossing signals are there to protect you," said Trooper Joan German. "For the safety of yourself and others around you, heed the warnings indicating a train is approaching and make sure you stop."

Trooper German said state law requires motorists to stop at a railroad crossing when any traffic officer or railroad employee signals, or when warning device is activated. If you stop at a signalized crossing and find that no railroad train is approaching, you may proceed with caution.

"Motorists should never attempt to drive through, around or under any crossing gate or barrier while it is closed or in the process of being opened or closed," said Trooper German. "You should also never attempt to 'beat the train' through a crossing." Trooper German also noted that bicyclists

and pedestrians are subject to these laws.

Failure to stop for a traffic officer, railroad employee, or warning device can result in forfeitures and court costs totaling \$215.75. Driving through or around a closed crossing gate or barrier can result in forfeitures and court costs totaling \$345.50.

Further information on laws relating to railroad crossings is available by contacting the Wisconsin State Patrol district office in Fond du Lac at 920-929-3700.

The most "successful" baseball manager of all time was Connie Mack, who achieved a total of 3,731 regular-season wins over a 53-year career. He also accumulated 3,948 losses, another record.

Warnecke, Christophersen Earn Second Team Honors

Seniors John Warnecke and Andy Christophersen have recently been named to the Eastern Wisconsin All-Conference Second Team.

Warnecke finished fourth in the conference in scoring with a 16.8 PPG average and sixth in rebounding.

"I was very disappointed that John didn't make the first team," Coach Tom Timblin reported. "He received three of the required four first place votes to earn first team. It seems like most of the coaches look at the won-lost record instead of the individual stats."

Christophersen, with a surge at the end of the season, pushed his average up to 14.1 PPG to earn his honors. "Offensively, Andy has the quickest first step in the conference. He is also a good ball handler. He helped break the opposition's full court pressure all year," Timblin said.

The Indians culminated the end of the season last Thursday night with their annual awards banquet. Twelve players were awarded varsity letters: freshmen Tommy Ogi; sophomores Kevin Miller and Charlie Sparks; juniors Jesse Boegel, Billy Cook, Chris Koth, Aaron Seiser and Todd Wright; seniors John Warnecke, Andy Christophersen, Shaun Timblin and Josh Gaffke.

There were a number of post season awards given out. The most improved player award was a tie between Jesse Boegel and Kevin Miller. "Both of these young men improved steadily throughout the season and will be counted on heavily next year," Coach Timblin stated.

The free throw award was corraled by Todd Wright who shot 100%. "It's pretty hard to improve on those numbers," the coach added.

The Mad Bomber Award went to Josh Gaffke. "Josh led us and the entire conference in three-point baskets and three-point attempts. He swished 39 out of 114 for 37% from long range. He also led the team in assists. We're going to miss his quickness and leadership," the coach said.

The Rebounding Award went to Shaun Timblin. "Shaun, at 5'10" was usually giving away about six inches to his opponents every game. He was very disciplined and used great technique to block out his taller counterparts. His senior leadership will also be missed," his coach (and dad) explained.

Junior Chris Koth was named Defensive Player of the Year. "Chris led us with 61 steals," said Timblin, adding, "That's almost double his next closest teammate had with 33. It was a treat to watch his intensity on the defensive end of the court. That's where the con-

test is won or lost."

The final award of the night was the MVP title. This year, John Warnecke and Andy Christophersen shared Co-MVP honors. "It's going to be tough to replace these two seniors," Timblin added. "They combined for over 30 points per game and the lion's share of the other stats."

Coach Timblin concluded the night by thanking the parents for their constant support. He also once again thanked his four seniors who all sacrificed for four years, along with the rest of the team's dedication. "We hope you kids have created some memories that you can recall for a lifetime."
