Car Crashes Into K-Town Saloon

K-Town Saloon got some surprise remodeling Tuesday after a vehicle drove into the front of their business. The Kewaskum Police Department was unable to release any information at press time. A complete article will be published next week. This is the second time a driver has driven into a building in the village recently. Earlier this month a vehicle drove into the home of Richard and Mary Wietor on Parkview Drive.

Kiwanis Park Vandalized Again

By Andrew R. Kuehl
Staff Writer/Photographer

Kewaskum's Kiwanis park was the latest scene of a random act of vandalism.

Last Wednesday Department of Public Works crew member Dennis Aupperle made the discovery at the park's main shelter shortly before 7:30 am.

Police chief Richard Knoebel responded to the park to find water spewing from what once was a concrete water fountain which laid on the floor in pieces.

In his report, Knoebel states, "It appeared as if the water had been running for a long period of time due to the fact there was water covering the entire floor, the area around the playground equipment and the grass was wet all of the way to the driveway into the tennis courts.

After more investigating it was found that the metros in the west end of the park were tipped over. One was pushed into the pond and the other against the batting cage. Hoses on the baseball field were disconnected, the cover on the pool aerator was pulled off and the aeration hoses were

pulled from the water.

As of presstime there were no suspects in the case according to Knoebel.

He further stated that officers are on patrol checking the park three to four times a night depending on what's going on in the park. The park closes at 11:30 p.m.

This was the second time Kiwanis Park has had the water fountain vandalized. The village board will be asked Monday evening if they want to replace the water fountain.

Damage estimates will also be brought to the board's attention that night. But village officials say the only damage was the fountain itself and the cost of D.P.W. man hours.

The park was restored to its normal operating condition that day by the Department of Public Works.

Knoebel urged anyone who has information to contact either the Kewaskum Police Department at (262) 626-2323 or the Washington County Chief's Tip Line at 1-800-232-0594. All calls are confidential and informants could be subject to a \$1000 reward.

J.O.'s Opens in Historic Downtown Kewaskum Building

Kewaskum native Jodi (Ritger) Strobel, along with her husband John (Squeak), have opened J.O.'s on Main Street in Kewaskum. Their motto is, "a place where there's always something cookin'."

The Strobel's bought the property, not only as a place to call home, but also with the intention to use a large area as a business. The building was

built in the late 1800's. J.O.'s is located in part of the original structure.

"The property was once home to Charlie Miller Photography," said Jodi. "In the 70's it became a General Store followed by the Village Sport Shop, supplying guns, bait and fishing supplies to the Kettle Moraine area."

Making the decision to open a restaurant/café type of business was an easy one for Jodi. She started working in the food

industry when she was only 14 years old. Her first job was working for the Korth family at Hon-E-Kor Golf and Country Club.

"I was fortunate to have someone like Tudy Korth, who took me under her wing and gave me responsibility as well as the opportunity to learn the many facets of the food industry," Jodi said. "I started out doing dishes, making potato

Suspect Faces Charges for Assault on County Detective From Kewaskum Area

By Andrew R. Kuehl
Staff Writer/Photographer

A Hubertus man is on trial this week, facing more than 112 years in prison if convicted of attempted first degree intentional homicide, first degree reckless endangerment, use of a dangerous weapon, battery of a peace officer, escape, armed carjacking and possession of a firearm by a felon.

Thomas F. Ball II, 24 tried to take the life of a Washington County Sheriff's Detective on October 1, 2000 while a patient at St. Joseph's Community Hospital. He was being treated for chemical dependency. He was in sheriff's department custody, a suspect of participating in a bank robbery.

Area resident Marie Joers, a detective for the Washington County Sheriff's Department was guard-

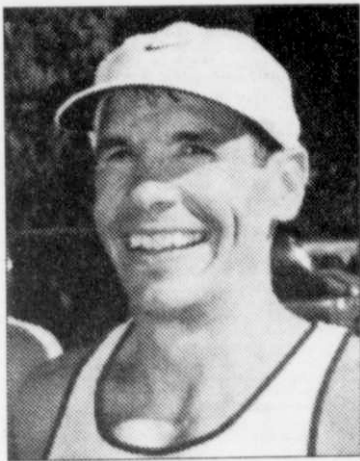

ing Ball.

The criminal complaint against Ball states that he went to use the restroom and after finishing, walked past Joers and put his right arm around her neck and began choking her. With his left hand he began stabbing at her with his IV and demanded her gun.

Joers allegedly blacked out from the choke hold and collapsed on the floor. At that time Ball took her gun. After regaining consciousness Ball demanded her keys. She then realized Ball had her gun and lunged for it wrestling him. It was at that time that a nurse, Karen Pufahl came into the room. The gun dropped to the floor and the nurse was able to gain possession of it and pointed it at Ball but her finger got stuck in the finger guard of the gun.

Stefanovic Declared Winner of Kettle 20

Rick Stefanovic was declared the official winner

of the 28th Annual Kettle 20 Kilometer Race (12.4 miles) after the Kewaskum Statesman had gone to press last week and reported the winners differently.

After review, the original winner was disqualified because of a course running error that caused him not to complete the official course.

Stefanovic, a former Kewaskum resident, thus finished first in one hour, 15 minutes, 46 seconds (1:15.46) on Sunday, July 8.

Ted Shue finished second with a time of 1:15.57 and Rudy Estrada ended up

third with a time of 1:21.04. All prize money was awarded correctly on July 8, since the original winner had declined his prize money due to NCAA eligibility requirements.

The program is conducted by Dana Scheunemann, MS, of St. Joseph's dietetic services, and Craig Feiter, exercise physiologist, of the hospital's rehabilitation ser-

vices department.

St. Lucas School Welcomes Little Ones

Families in Kewaskum will have an opportunity to bring their infants and preschool children to St. Lucas School this fall for a new, unique early childhood program.

Moms or dads can come to "Little Ones" twice a month, interacting with their child(ren) 0-4 years for a morning of Bible time, music, gym and creative arts.

This program was developed to make friends, interact in fun, educational experiences, and learn ways to nurture their "little ones" through this exciting time of development.

Little Ones can listen to Bible Stories, learning about Jesus and His unconditional love for them. What a powerful tool to give a child growing up in our society of changing values. St. Lucas School seeks to follow the example and directive of Jesus when He said, "Let the little children come to me." They want to provide support and encouragement to parents as they carry out their challenging responsi-

bilites as parents.

Little Ones can listen, sing, dance and play with music. It is well known that musical aptitude is highest during infancy and early music experiences set the stage for symbolic thinking, which leads to emerging literacy and writing readiness.

The music portion of the program is based on the Musikgarten early childhood music and movement lessons. The philosophy of Musikgarten is that all children have the potential for music and learn best when there is movement, sensory input and an emotional connection.

The St. Lucas program seeks to help parents play musically with their little ones, helping children reach their full potential.

Little Ones can participate in gym activities that help build strong bodies. Large motor skill activities with balls, hoops and other equipment help them gain confidence and independence, developing their abilities in a safe and stimulating environment.

Little ones can practice their fine motor skills and express creativity through art and craft activities. While some of the art activities are related to Bible lessons or are seasonal in nature, others simply give children the opportunity to experience different types of art materials. With children of this age the process is much more important than the product.

The idea for Little Ones began after two members from St. Lucas visited a similar program at St. Matthew's Lutheran Church in Oconomowoc. Lisa Clark and Cathy Wilson were excited about this unique program and wanted to offer it to the Kewaskum community through St. Lucas Lutheran School.

Lisa and Cathy are trained, certified music teachers of Musikgarten and together have early childhood and elementary education experience. Being parents themselves of young children, they realized the importance for such a program as Little Ones.

St. Lucas Little Ones runs September through May. The class will meet the first and third Friday of each month beginning September 7th, from 9-10:30

They both fought for it. Pufahl was unable to free her hand from the defendant's grip so she bit him in the forearm and was able to free herself.

Ball retrieved the 9 millimeter handgun, stood up and pointed it at Joers and demanded that she remove the ankle irons, Joers refused and he pulled the trigger twice but the gun didn't fire.

Ball then escaped the hospital naked and carjacked a Cadillac from a nearby 77 year old resident.

He led police on a two county wide chase that ended in Cedarburg.

Ball was finally stopped after a Ozaukee county sheriff's deputy shot him in the buttocks.

Joers along with five nurses and another patient testified on Monday.

On Tuesday Lt. Robert Martin of the Washington County Sheriff's Department also testified that while watching Ball at St.

Mary's Hospital-Ozaukee in Mequon, Ball stated that it was never his intention to hurt anyone, he just wanted the ankle irons removed.

Martin, along with several other officers from the Ozaukee County Sheriff's Department testified Tuesday.

On Tuesday Ball's attorney, Martin Kohler announced the defense would not present any evidence.

Jurors heard closing arguments Wednesday and were to begin deliberating a verdict.

salad and working as a waitress. From there I worked my way up to learning how to organize an event, plan, prepare and serve the food."

"It was a hands-on learning experience, lessons that have continued to be helpful to me," she added. "Bud and Tudy, Jonesy and Jane taught me to be organized and the important lessons of working with the public. I have learned so much over the years, from others and from personal experiences. With J.O.'s, I intend to be flexible to meet the demands of my customers."

Jodi had reached a point where she wanted to venture out and try new things. She left Hon-E-Kor and went to work for the Exodus House, a transitional facility in Kewaskum. It was a great job, but she wanted something more challenging.

That opportunity arose as a manager at Wiseguys in Kewaskum. Having the responsibilities of making sure everything was done that needed to be kept her busy. As a working manager she not only gave the orders, but also worked side by side to see to it that everything, including the scrubbing of floors was accomplished. It is a growing business and Jodi enjoyed the job, but reached a point where she felt it necessary to try a business of her own.

The dream of J.O.'s is something Jodi had thought about for a long time. She planned carefully and knew what she felt would be a successful business in the community. Many people in the area are already

familiar with her cooking and serving the public.

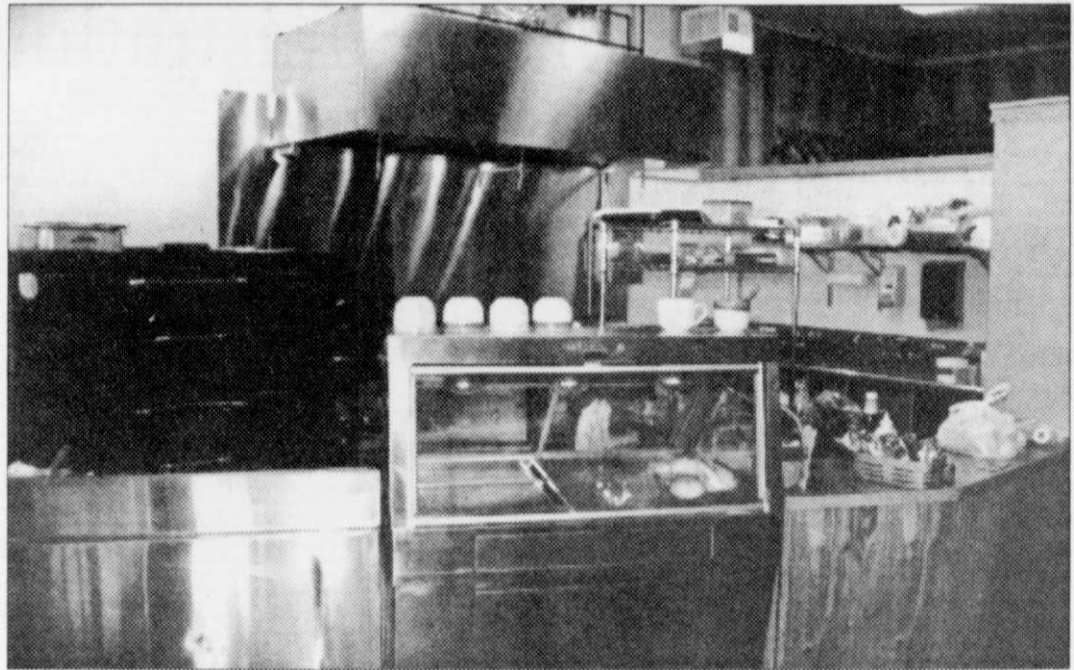

"I will cater to everything from birthday parties, business meetings and special events to funerals, but limit the number of people to around 100," she said. "Keeping the numbers down helps me to be able to handle each event with a personal touch."

J.O.'s has a home-like setting, a place where customers feel comfortable and enjoy visiting. It is a family business involving both Jodi and her husband, their children Jill, Jacki and Jenna and members of their extended families working together to be successful.

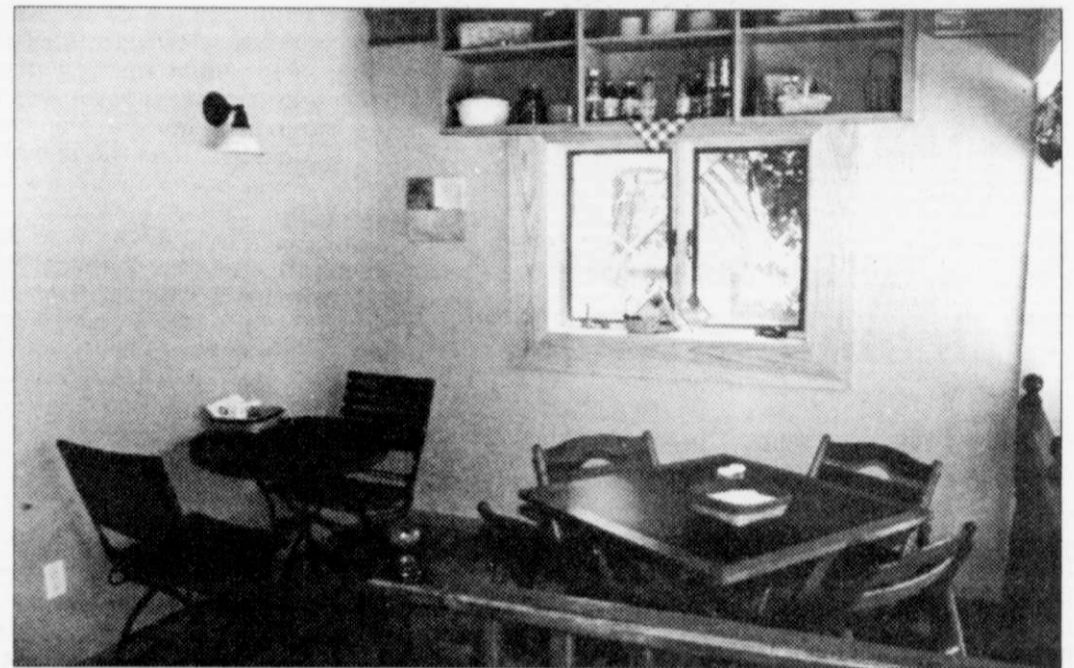

"I had a business plan going into this," she said. "My experiences in the industry helped me to know that, even with the best of plans, changes will be made to suit the tastes of my customers. J.O.'s offers the ever-popular Friday night fish fries. There are soups and sandwiches, pizzas and hot hoagies. Jodi has a few surprises she will be adding to the menu."

"On Sundays I want to offer fresh doughnuts and hot ham and rolls," said Jodi. "Our Saturday night entrée will be limited and will rotate to suit the customer's favorites. Some of those will include Chicken Cordon Bleu, Beef Rouladen and Barbecued Ribs."

J.O.'s offers a clean fresh comfortable setting with good food at reasonable prices. Stop in and see what's cookin at J.O.'s at 334 Main Street in Kewaskum.

Beechwood's Melissa Buechel Crowned Ms. Northern Kettle Moraine Fire Dept.

Melissa Buechel, Ms. Northern Kettle Moraine Fire Department 2001.

A highlight of Dundee Daze held on July 14, was six fire departments competing in the Ms. Northern Kettle Moraine Fire Department Contest.

Representatives included Melissa Buechel, Ms. Beechwood Fire Department; Eileen Kohlwey, Ms. Boltonville Fire Department; Rachael Weber, Ms. Campbellsport Fire Department; Jody Perronne, Ms. Cascade Fire Department; Dawn Heinicke, Ms. Eden Fire Department, and Amy Phillips, Ms. Kewaskum Fire Department.

During their 45 minutes in the dunk tank, each candidate accumulated points by the number of attempts and the number of dunks. Each one was a good sport and took some serious dunking.

In the six hour period the girls were dunked a

total 187 times. Dunked the most was Rachael Weber, Ms. Campbellsport who hit the water 49 times, followed by Amy Phillips, Ms. Kewaskum, who got wet 46 times.

It was a close contest and after the final tally Melissa Buechel, Ms. Beechwood, was crowned Ms. Northern Kettle Moraine Fire Department 2001. She was presented with a check, banner, and bouquet. The represented fire department will be receiving a check also.

Sponsors for the contest included Benson's Hideaway on Long Lake; Brown's Floral in Plymouth/Random Lake; Corner Pin Lanes in Cascade; Guenther and Haza, Attorneys, Campbellsport; Hollywood's Portrait Studio in Kewaskum; Timblin Trucking in Eden and Walter's Flower Shop in Campbellsport.

It was a beautiful day for the Dundee Daze picnic and the girls' splashes in the dunk tank. With the weather being so warm, even some picnic goers

asked if they could be cooled off by taking a turn in the tank.

Everyone had a good time enjoying the many activities available at the picnic. There was also the "Taste of the Kettle Moraine," food and refreshments, games, music, moon walk and pony rides. It was a fun-filled day for the whole family.

Lymphedema Support Group To Meet July 24

Those facing the effects of lymphedema or venous edema or interested in learning more are encouraged to attend the Lymphedema and Venous Edema Support Group's next meeting, Tuesday, July 24, at 7 p.m. at the Cedar Ridge Second Floor Conference Room, 113 Cedar Ridge Drive, West Bend.

Venous edema is a similar chronic swelling, often associated with "bad veins." While there is no cure, the conditions can be controlled through a combination of treatments by certified therapists.

The group will be facilitated by lymphedema patient and cancer survivor Shirley Brown, and will include refreshments. Group participants and caregivers will have an opportunity to ask questions and share support, resources, challenges and successes in living with lymphedema or venous edema.

The meeting is free and open to all community members and is sponsored by Cedar Haven Rehabilitation Agency. A not-for-profit organization, Cedar Haven provides free screenings for lymphedema and venous edema, as well as osteoporosis, urinary incontinence and other conditions.

Thoughts From Fair Manager

By Sandy Lang,
Fair Manager

What is the purpose of a fair? Is it to make money? Is it to generate income for the merchants in the town or city in which it is held? Is it to compete with private enterprise? Is it to be a political forum? Is it to make the fair board members look good? Is it to provide jobs for fair management and workers? Is it to be a social center? Is it to be a carnival or amusement park? Is it to be a show place? A casino? A playground?

The answer to all these questions is no, no, no!

The purpose of a fair is to educate; to help people learn about life and what is good; to find out what is new and how to improve; to understand about our heritage and agriculture; to find out what is profitable and what is enjoyable; and to learn how to adjust better to change, how to be better people, how to be more responsible and better citizens and how to be more self-sufficient.

That's what a fair is for!

A fair benefits the entire community - not just the fairgoers and the merchants, but all the people of an area.

Entertainment is an important part of the fair for several reasons. It is an attraction to people, making them desire to attend the fair. It makes individuals feel better once they get there. It can also be educational and help facilitate learning.

Entertainment at the 2001 Fair will be in abundance. A variety of musical acts, from country, to rock, to polka, to blue grass shows will be performed on five stages throughout the five days of the Fair. Pre-fair judging will be held Monday and Tuesday prior to the opening and judging continued on Wednesday through Saturday. Tip Top Shows will have daily specials ranging from pay one price to dollar days.

Children's entertainment will be in abundance with

daily shows from musical performances and a pantomime artist throughout the five days.

Other activities complimenting the five-day event include judging, equestrian demonstrations, archery demonstrations, a volleyball tournament, a children's pedal pull and a tractor pull and 4-H activities in the Pavilion Building.

The major emphasis of the fair still continues to be on youth, open and educational exhibits. Last year's Fair attracted 630 junior exhibitors and 478 open class exhibitors. There were a total of 4,448 junior class

exhibits and 2,214 open class exhibits. The 42,000 square foot, air conditioned Pavilion Building housed junior and open class exhibits. Approximately 4,666 junior class, open class and senior citizens exhibits were housed in the building.

The buildings in the Ag Complex were once again filled with animals: Dairy, 134 total animals; Beef, 100; Sheep, 105, Swine, 63; Pleasure Horses, 56; Draft Horses, 68; Poultry 408; and Rabbits, 180.

Additional animal exhibits at the Fair not housed in barns include: Junior cats, 23; Junior dogs, 36; Junior llamas, 9; Junior goats, 19.

Dogs and cats were judged and returned home with the exhibitor. A tent was erected for the llamas. Goats were housed under

the overhang of the sheep/swine building.

A record attendance for the 2000 Washington County Fair was set at approximately 109,000 fairgoers. Estimated daily attendance figures at the fair were as follows: Wednesday, 12,600; Thursday, 23,665; Friday 14,280; Saturday, 36,955 and Sunday 21,500.

As fairs are a family tradition, we will work to develop a plan to promote family interest and attract more families to our fair. We need to create fond fair memories for today's youth that they will share with their families of tomorrow and keep them coming back through our gates year after year.

Life is the art of drawing sufficient conclusions from insufficient premises.
—Samuel Butler

During the spring and summer, 4-H alumni and 4-H friends have been asked to donate items. Auction items vary from handcrafted wreaths, fancywork, plants,

certificates for services, antiques, honey and much more! They are displayed in the north end of the Fair Park Pavilion. Each item has paper attached where name, phone number and bid amount are to be written. You too can come to the fair and bid on the items.

The Washington County 4-H Leaders Association will use the proceeds from the auction for 4-H camp scholarships, leader training workshops for youth, music and drama program and other education opportunities.

People can submit bids throughout the fair until the bell rings Sunday afternoon. The highest bidder can pick up their item(s) then or at the 4-H Office the next day in the Public Agency Center, 333 E. Washington Street, across from the Washington County Courthouse.

IN MEMORY

In memory of ROBERT "GABBY" GAVIN, who passed away six years ago, July 20, 1995:

Death is just another step,
Along life's changing way.
No more than just a gate-way,
To a new and better day.

And parting from our loved ones,
Is much easier to hear,
When we know that they are
Waiting for us to join them there.

So death is just a natural thing,
Like the closing of a door,
As we start upon a journey,
To a new and distant shore.

And none need make this journey
Undirected or alone,
For God has promised us safe passage,
To this vast and great unknown.

So let your grief be softened
And yield not to despair,
You have only placed your loved one,
In the loving Father's care.

We love you. We miss you.
We wish you were here.

Sadly missed by his wife, Joyce, and family

IN MEMORY

In loving memory of EUGENE PESCH, who passed away five years ago, July 19, 1996:

God saw you getting tired,
and a cure was not to be,
So He put His arms around you,
and whispered, "Come with Me."
With tearful eyes we watched you suffer and saw you fade away.
Although we loved you dearly,
We could not make you stay.
A golden heart stopped beating,
You're now at peaceful rest,
God broke our hearts to prove to us
He only takes the best.

Sadly missed by your family and friends.

Kathy has been performing for over 10 years in libraries, schools, and festivals throughout southeast Wisconsin.

Celia Farran

Community Room blast off with McMission Read! a special program sponsored by the McDoanld's Corporation and the Milwaukee Public Library. For the past eight years, McDonald's has sponsored a children's entertainer who travels to large and small libraries alike bringing smiles and free ice cream! This summer, the McMission is visiting over 80 libraries! The 45-minute program features an astronaut character who weaves together real-life accounts of famous astronauts with folktales told about space and exploration. The program encourages interaction with children by incorporating music and games.

Be sure to turn in your reading folders! After the program the group will travel to River Hill Park for the end-of-program picnic. This picnic is only for those participants in the reading program who have turned in their folders by July 18th.

Be on the look-out for

more fun from the Kewaskum Public Library. In August the library will be having a drawing each week for lots of fun prizes including free brooks and games. Visit the library for details.

The Kewaskum Chapter of FFA held elections from May 3 through 5. The results are as follows: Jerry Berres replaces Roy Peterson as President. Scott Wulff takes over Keith Gessner's office as Vice President. Terry Garbisch will be the new Treasurer relieving Kevin Darmody. Joanne Loof is turning her office of Secretary over to Carol Proeber. Pat Hanrahan will be replacing Gary Thull as Reporter. Craig Martin is the new Sentinel relieving Todd Garbisch.

The Kewaskum High School girls track squad repeated as Scenic Moraine Conference outdoor track champions at Germantown on Friday. Junior Carrie Kempf was the individual star for the Indians as she piled up 30 points in addition to anchoring the winning relays. Carrie won the 100, the 220, and long jump. Kewaskum set three conference records - Kempf's 25.7 in the 220 trials, her 17-6 3/4 in the long jump and the 880 relay (Pam, LuAnn and Carrie Kempf and Jenny Schaub) of 1:47.8. They had

two other school records -- Carol Spaeth's 2:26.8 in the 880, six seconds better than her old record, and the 4:19.5 mile relay as Jill and Joy Zarling, Jackie Coulter and Sue Nigh bettered the old mark by over six seconds.

A daughter was born to Terry and Linda Schaub, Kewaskum, on May 24. A daughter was also born to Moses and Colleen Prasad, Madison, on May 19. Paternal grandparents are Rev. and Mrs. Timothy Prasad of Wayne.

Sons were born to Norman and Christine Pripke of Campbellsport, on May 20; to Ruben and Patricia Oppermann, Kewaskum, on May 21, and to Harry and Jody Krueger, Kewaskum, on May 23.

Hospital Class on Summer Cooking

Thoughts of warm summer days have generated cool cooking ideas from the food and nutrition staff at St. Joseph's Community Hospital of West Bend, which is sponsoring a Summer Breeze cooking class Tuesday, July 24, at the hospital.

Participants will learn how to prepare healthy, refreshing meals in a "breeze" on hot summer days. Recipes and information on healthy eating will be provided and, of course, taste testing is included.

The class is being held from 5 to 7:30 p.m. at the hospital. The cost is \$20. For more information or to register, call the hospital's Class Connection Line at 262-306-7888.

AODA Council Awarded Grant

The Council on Alcohol and Other Drug Abuse of Washington County was recently awarded a grant from the Nonprofit Management Fund for assistance in performing a Diagnostic Clinic.

A Diagnostic Clinic is an organizational assessment, which will aid the Council in documenting management challenges and establishing priorities for action. A consultant will work with the

Board of Directors and staff in analyzing the agency's administrative capacity including such areas as fundraising, public relations and Board development.

"This is an exciting opportunity for the Council's Board of Directors and staff," states Paul Cappoferri, Board President. "We are a strong agency and believe it is important to continuously evaluate our work. This organizational assessment will provide an outside view of how we can better serve the community and achieve

our mission."

Public Meetings Scheduled for Freeway Reconstruction Study

Citizens are invited to a series of public information meetings to learn more about, and to comment upon, the preliminary findings of a Regional Freeway System Reconstruction Study. The meetings are scheduled throughout the Southeastern Wisconsin Region, one in each of the seven counties, during July and August.

Each meeting will be held in "open house" fashion from 4:30 to 7:30 p.m. and include a presentation on the Freeway Study at 6:30 p.m. They are collectively designed to provide widespread opportunities to receive additional information, get questions answered, and provide feedback and input to the study.

Individuals with conflicting schedules for their local meeting time may attend any of the other meetings to participate.

The Freeway Reconstruction Study is being conducted by the Southeastern Wisconsin Regional Planning Commission at the request of the Wisconsin Department of Transportation and under the guidance of an Advisory Committee.

To date this study has evaluated the need for, and timing of, reconstruction of the freeway system, and freeway system design, safety and congestion prob-

lems. The design and evaluation of alternatives for freeway system reconstruction is about to be initiated.

Many of the Region's freeways have become heavily used, under designed, and increasingly unsafe. With most segments now 25-40 years old, reconstruction will be required in the first quarter of this century.

The study will help determine the best course of action for rebuilding our freeways on a segment-by-segment basis, given present design deficiencies, safety concerns, and increasing congestion.

This is of great importance for two reasons: First, we have come to rely heavily upon our freeways for both personal travel and commerce. At only 272 miles, freeways comprise about three percent of all streets and highways in the Region; but they carry nearly 30 percent of all travel.

Second, the reconstructed freeways will be expected to last some 50 years. If design changes are desired to improve efficiency and safety, or if lane additions will be necessary to increase capacity and reduce congestion, then now is the time to make such plans. Otherwise, costly retrofitting and wasted investments may result.

Persons with special needs are asked to contact

the Commission offices in advance of their preferred public meeting date so that appropriate arrangements can be made. Affected may be site access and/or mobility, materials review or interpretation, or active participation including the submission of comments.

Feedback may be provided at any time during the study, which is expected to conclude by December 2001. Additional public meetings will be scheduled during late fall. For questions, comments or further information, including Study Newsletters and report materials, please contact: Southeastern Wisconsin Regional Planning Commission, P.O. Box 1607, 916 N. East Avenue, Waukesha, Wisconsin 53187-1103. Phone 262-547-6721, Fax 262-547-1103 or www.sewrpc.org/freewaystudy.

Remaining Freeway Reconstruction Study Public Meetings will be held: July 25, 2001 at Lakeland Complex Auditorium, W3929 County Highway NN, Elkhorn, WI; July 26, 2001, Town of Brookfield Town Hall, 645 N. Janacek Road, Brookfield; August 1, 2001, Administration Center Auditorium, 121 W. Main Street, Port Washington, and August 2, 2001, Washington County Fair Park Pavilion, 3000 County Highway PV, Town of Polk.

Hunters' Choice Permits Needed for Zone M3, Unit 77M

MILWAUKEE -- Wisconsin Department of Natural Resources Southeast Region is alerting gun deer hunters to an error in the 2001 Wisconsin Hunting Regulations.

On page 49, under the Gun Deer Section, Zone M3, Unit 77M, the regulations state that the season limit is "one deer of either sex plus additional antlerless deer per permit."

"This is incorrect," said wildlife biologist Tami

Ryan. "It should state, 'one deer of either sex per gun hunters' choice permit plus additional antlerless deer per permit.'"

Hunters must apply for the Hunters' Choice permit if they want an either-sex gun deer tag in Unit 77M. The deadline to apply for a Hunters' Choice permit is July 20. Applications for the permit are available at any DNR Service Center or license vendor.

Gun deer hunters should also note that Unit 77M has been extended north along the lakeshore to include portions of Ozaukee County north of Highway 60, eastern Sheboygan County and southern Manitowoc County. A new Unit 69 has been created from the remaining portion of 69A and 69B, which have now been eliminated, said Ryan.

For more information about the Unit 77M, Hunters' Choice permits or gun deer season, please contact Tami Ryan at 414-263-8710.

Indians Win First Round Of Regionals

The Indians traveled to Port Washington on Friday, July 13 for their first round of Regionals. They won 5-4 in a very close battle.

The two teams were tied in the fifth inning and the game winning point didn't come until the ninth inning when Justin Rhoads scored on an RBI by Adam Hubacek.

Bob Ogi pitched all nine innings for the Indians with five strike-outs, two walks and allowed only five hits.

Chris Canter had one triple and Hubacek had two RBIs for the team.

This victory advances the second place team to the second round of Regionals. The Indians are 18-3 in the conference and 20-8 overall.
