Kohlsville Fire Department Responds To Basement Fire in Town of Wayne

The Kohlsville Fire Department along with the Washington County Sheriff's department responded to a fire in a basement at 9293 Midland Dr in the town of Wayne early Tuesday evening. The home is owned by Stephanie Schaeffer. Kohlsville fire chief Ray Dornacker stated that the owner of the home dumped an ashtray into a pail of garbage and left the home to run an errand. When she came back 15 minutes later, the upper level of the house was full of smoke and the basement was in flames. He indicated she thought the contents of the ashtray was no longer a fire hazard. The fire had been put out upon the arrival of Kohlsville's equipment as a firefighter went directly to the scene and was able to extinguish the flames. Kewaskum Fire Department was called to provide assistance with their tanker but the call was cancelled as they were not needed. Dornacker also indicated there was smoke throughout the home but damage was mostly contained to the rec room of the basement. There were no injuries.

Village Board Declines Bid For Clinton Street Project

By Nicole Rawley
Statesman Staff

The Village Board decided to decline the lone bid that came in for the Clinton Street Sanitary Sewer and Watermain Improvements. The bid by Town and Country Underground Utility Construction Inc. came in at \$286,550.50, 41% higher than the estimated cost of the project.

The Board decided to re-advertise the project to be bid a second time on April 10, 2002. They also decided that if the second set of bids come in just as high, they may want to hold off on the project until next year.

Also discussed at the meeting was a Spring Clean

Up Day. The board voted to hold it on April 20. It will run from 9 a.m. to 2 p.m. Items accepted will include household items, furniture, metal and wood products. Hazardous items will not be taken. It was also noted that this may be the last year the Village may be able to offer the clean up due to state budget cuts.

The Village also recently underwent a Public Protection Classification (PPC) Survey by ISO. The survey was an analysis of the structure fire suppression delivery system. They were rated on things like fire hydrants, receiving and handling fire alarms, equipment, and water supply. The village had previously had a

rating of five on a one to 10 scale with one being the best. They now have a four. They received 62.39 out of a total of 100 credits. The rating from this survey affects homeowners insurance rates in the Village of Kewaskum.

Kewaskum Fireworks May Be In Jeopardy

By Andrew R. Kuehl
Staff Writer/Photographer

To many Village of Kewaskum residents it seems like it would be unpatriotic not to have a fourth of July celebration in Kewaskum like the village has put on in years past. Some have said that Kewaskum's fireworks are the best in Washington County.

But, according to village administrator Dan Schmidt the fireworks being in jeopardy is a reality. Schmidt stated Tuesday that the village has had the burden of its losing \$377,000 of shared revenue in 2002 temporary lifted. But the plan for Governor McCallum revoking the monies in 2003 and 2004 could still happen.

Even now, and most importantly then, the village will have to rely completely on donations for the fireworks display or celebrate the holiday without

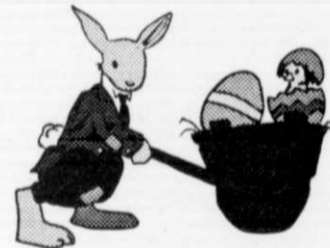

the traditional fireworks show.

Last year, thanks to gracious citizens, businesses and service organizations the village received just under \$550 in donations. Those individuals being: Ella Weddig, Jerry Gilles Family, Keith and Rosemary Gaskell, David Ward, Audrey Jaraczewski, Alex and Claudia Laubach, Clara Weiss, Heberer Brothers Home Improvement, Kewaskum Statesman, Kewaskum Lions Club and Kewaskum Junior Women.

This year \$130 has been raised up to this point; a far cry from the usual funds raised, and needed to put on a quality display.

Please watch at local businesses for red donation canisters and give generously. You can also find a form on page two to make a donation.

Easter Egg Hunt Saturday, March 30

The Kewaskum American Legion, Robert G. Romaine Post 3844, and the Women's Auxiliary will hold its annual Easter Egg Hunt for Children in River Hill Park at 1:00 p.m. on Saturday, March 30.

All area children are invited to participate in this annual scramble for colored

eggs. this year as in the past, Mr. and Mrs. Easter Bunny will stop by to visit with the kiddies, courtesy of the Kewaskum Junior Women's Club.

Children age five and under will "hunt" eggs on the west side of the river and those ages six through ten will do their hunting on the east side of the river. The limit is six eggs per basket.

Chocolate Easter eggs being given to all the little egg "hunters" were donated by Kewaskum Lions.

In case of inclement weather, Legion members will hand out eggs at Legion Hall, 1538 Fond du Lac Ave., in the village.

POLICE REPORTS

Dogs at Large on Bonnie Lane

A Kewaskum police officer was dispatched to a residence on Bonnie Lane on February 28 for a complaint of dogs running at large on the complainant's property.

The complainant stated that within the last month and a half his neighbor's two sheepdogs have been on his property numerous times without his permission. Each time he has seen them on his property he finds that they have defecated on his lawn.

The officer spoke with the owner of the dogs. He was advised to keep the dogs on his own property.

Burglary Attempt at Tuttle Creek Learning Center

Kewaskum Chief of Police was dispatched to Tuttle Creek Learning Center on Fond du Lac Avenue early in the day on March 8.

The burglary attempt is believed to have occurred over the weekend. Apparently when a teacher came to work Monday morning the lock on a door was damaged. Upon investigation police found that someone had tried to pick the lock. A check of the building revealed nothing was stolen. Another teacher stated that she was in the center Sunday and noticed the same thing and made nothing of it.

Vehicle Vandalized

A Kewaskum police officer was dispatched to a residence on Braatz Drive on March 10 for a complaint of a car that had been vandalized. The owner of the car observed the driver side mirror of his car had the mirror insert missing from the holder. It was found approximately four feet from the rear of the mirror mounting area. No other damage was

reported. The value of the mirror is \$50-150.

Money Stolen From Holy Trinity Church Hall

A Kewaskum police officer was dispatched to Holy Trinity Church on March 11 for a burglary complaint.

The officer met with the parish secretary who took him to the church hall. There it was found that an individual had pried open the door to the kitchen office and stole approximately \$100 in change and bills from a plastic jar. The jar was located inside a filing cabinet which was also forcibly entered. There are no suspects at this time

CDs From Car Taken

The Kewaskum police department received a complaint from an employee of Video Plus on March 12 for a car theft complaint.

The employee stated that she had 15-20 CDs taken from her unlocked car that was located in the Kewaskum Mall parking lot. In addition to the missing CDs a leather case was also missing.

Three Teens Cited for Underage Drinking

Two Kewaskum police officers cited three area teens for underage consumption of alcohol on March 15.

One of the officers noticed the males on bikes at a condominium complex on Main Street. A second officer then assisted with administering breathalyzer tests. The three were later released to their parents and guardians.

Money Stolen From Holy Trinity Church Hall

The Kewaskum schools liaison police officer received a theft complaint on March 12 from a Kewaskum Middle School student.

Allegedly another KMS student took a box of candy and money from her. The candy and monies were part of a fundraiser by the school's student council.

The student identified the individual who took the items from her by a year-book. The principal and officer then interviewed the student who stole the candy and money. The student then stated that another student was involved and that they ate the candy.

It was later decided that no citations would be issued and that the two who took and ate the candy would agree to pay for the candy and write letters of apology to the student council and the student they took the money from.

Hit and Run Fender Bender at Piggly Wiggly

A Kewaskum police officer was dispatched to the Piggly Wiggly parking lot on March 14 for a hit and run complaint.

The vehicle involved was a Dodge Ram pick up truck that was legally parked. It appeared the truck was sideswiped. The officer noted a white paint transfer on the vehicle. There were no suspects.

Mailbox Vandalized

A Washington County deputy was dispatched to a residence on Kettle View Drive on March 15 for a mailbox vandalism complaint.

The complainant stated that sometime between midnight and 6:45 a.m. someone toppled his mailbox with a motor vehicle.

Evidence at the scene suggested that the vehicle in question had been northbound on Kettle View Drive. A parking light assembly from a Ford vehicle had been recovered. The loss was estimated at \$25.

If anyone has information on any of the complaints, contact the Kewaskum Police Department at 626-2323 or the Washington County Chief's Tip Line at 1-800-232-0594. All calls are confidential.

Dr. Connor Visits KES

Recently, Dr. Dennis Connor made his annual trip to Kewaskum Elementary School for National Children's Dental Health Month. He and his dental hygienist helper really enjoyed the new media room at the school, where they greeted the children in grades Kindergarten through second. The school children learned life-long preventative care of their teeth, including brushing, flossing, fluoride, and sealants. Each was given an oral care packet to take home to practice the skills they learned.

Area Churches to Present Cantata

"God's Wondrous Love" is the Holy Week Cantata to be presented by the Ecumenical Ministries of Campbellsport area churches.

Eight choirs from five different churches will join in song with the entire attendance on Wednesday March 27 at 7 p.m. at St. Matthew Church in Campbellsport. The church is located on the corner of Main and Helena Streets.

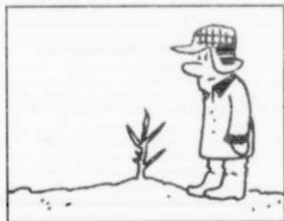

It is a combination of singers, musicians, narrators and the congregation, portraying the magnitude of Holy Week and the passion and sacrifice that our Lord endured for our salvation. From the haunting opening strains of "What Wondrous Love Is This" to the closing anthem of "Christ is Risen! Alleluia!" this moving presentation will show the triumphant victory of Easter.

Other songs will be: "Here I Am Lord," "Just As I Am," "Here is Love," and "The Old Rugged Cross." The Children's Choir will sing "Palm Sunday Carol" and a combination of two other songs "Jesus Remember Me" and "Feed My Sheep." This service will include scripture and other congregational singing.

Directors are Ann Schlaefel, Adult Choir and Joanne Silbernagel, Children's Choir. Musicians are: Dan Gazzola, bass and trumpet; Keith Joas, trumpet; Meg Wright, oboe; Marla Cohen Pecus, flute; and the children will be performing with bells and Kelsey Beine will play her flute. The accompanist is Barb Hensen.

This presentation for Holy Week is free of charge.

However, a free will offering will be taken. Please join us for what will be the highlight of Holy Week on March 27. Call 920-533-8132 or 533-5369 with any questions.

Dear Editor,

This is a plea to the family members of the elderly population. As a Registered Nurse with 23 years of experience in geriatric nursing, I feel it is important to share this information with you. The news has recently sent out warnings giving examples of situations that are occurring in long term care facilities. These situations are extreme and very upsetting to hear. The situations include a variety of abuses. The good news is that there are many facilities in our society that give outstanding care to the elderly.

Elderly people and their families need to carefully choose facilities. This takes planning. Check out facilities ahead of time. Even if the facility is not yet needed, get your loved one on a waiting list. When a situation arises that a facility is needed, then it will be your choice, not the first facility with an opening.

Don't be afraid to ask questions that are pertinent to the care of your loved one. Many facilities are run without the guidance of a nurse or medical staff. Some questions to ask are: What are your staffing patterns? What is the level of education and training of your staff? Look around and evaluate how the staff interacts with each other and the residents.

Cost is another issue. Be aware of the resources available to the individual. Remember that Medicare is not a long term payer but intermittent. Medicare is available in skilled situations. County funding is available in some cases. All facilities have a different way of billing. If assisted living is an option, make sure you understand what costs are provided under the monthly fee. In many cases, facilities have a tiered way of charging people. Medication management, laundry, bath cares are sometimes extra fees. If this is the case, the basic fee in addition to all the added costs is not very reasonable.

Cherish the elderly. They have lived a longer life than the rest of us. Learn from what they have been taught and experienced. Protect them from harm by

preparing for their needs in advance. Find the right people to question for information. Prevent situations of abuse by monitoring the care of your loved one.

Respectfully,
Pamela Zastrow,

Dear Kewaskum
School District Residents:

My name is Steven Schmitt and I would like to introduce myself as a candidate for the Kewaskum School Board in the April 2, 2002 election. I am married for 14 years and have lived in the town of Wayne for seven years. We have four children in the Kewaskum School District: two girls in Wayne Elementary, grades one and four, and two girls in Kewaskum Middle School, grades six and seven.

I graduated in 1977 from West Bend West High School and graduated in 1979 from then M.P.T.I. in West Bend with an associate degree in Machine Tooling Technics. I am a Journeyman Tool and Die Maker and have been in management for 11 years.

I feel the current education system in the Kewaskum School District offers a very high level of academic instruction that is well above the state average measured by students test scores. We definitely don't have all the fancy bells and whistles in our schools that some districts have, but we do have a well-executed education process that shows very positive results.

I feel that my energy and experiences will be a positive mix and an asset to the school board. I am looking forward to serving the community with diligence and integrity to promote the high degree of education that is current in our school district. I will vow to do this in the most prudent and cost efficient means appropriate. Please support the entire district and myself by voting April 2.

Sincerely,
Steve Schmitt

Town of Scott Residents:

I am writing this letter in response to the proposed advisory referendum to be voted on April 2nd.

At the Saturday night special Town Board meeting, we were told there would be no questions answered from the public. However, the man sitting in

the row behind us had at least three of his questions answered, but others in the audience were ignored. It was made clear from certain town board members that "the people know the true costs of fire protection so they can be informed" and this is how it should be -- however, when I asked about the cost for a year of fire protection for an average house in the township, I was ignored. How can the public make a decision when they don't know how much it will affect their personal pocketbook? Also when questioned about conflicting budget figures, no one could answer the questions, or totally ignored them. Why didn't they have answers?

The fire department members and their families from the Beechwood and Batavia areas are understandably upset with the proposed advisory referendum and the way it was brought about. For one thing the Town Board never approached the fire departments first to see if they could find ways to reduce their budgets. Both departments have very dedicated people. They are all volunteers -- they do not get paid for all the hours of commitment per month which includes monthly meetings, monthly practice sessions, Fire Chief meetings, fire commission meetings, regular maintenance on their trucks, controlled burns, carbon monoxide testing on homes, fire inspections of businesses in their areas, mutual aid with neighboring fire departments when they need help with fires, and the list goes on and on. They are on call 24 hours a day, seven days a week. If you have not been fortunate enough to have a volunteer fireman living in your household, you have no idea of the dedication involved. I have been left in a restaurant and had holidays interrupted because a fire page went off, I have learned to stay out of the way because they are in a hurry to get to the firehouse and get to the scene to do their jobs. Yes, I said jobs -- even though they are not paid. They put their lives on the line to help the community. When they rush out the door, I'm not sure that I will see my husband, son or good friends come back from

the fire scene safe. Yes, they have been trained (a minimum of 60 hours of classes through Moraine Park) but remember New York? They were rushing in to help as they were trained to do, while people were rushing out to safety. Granted, we do not have high rise buildings in our area, but we still have natural gas lines and LP tanks to be concerned with. These are just as dangerous to our men. How many of your volunteer activities could cost you your life?

I also had a conversation with my homeowners insurance people. When I asked about the possibility of the insurance going up for the people in the township if a department were eliminated I was told they were aware of the situation from the newspapers but hadn't considered the homeowners insurance rates going up. They said it could very well cost homeowners more in insurance if there were only one department. If the town budget goes down but each of our homeowners insurance goes up, where is the savings to the taxpayer?

Lastly, all the firemen want is some respect and appreciation for the job they do to keep our communities safer. Is the town budget your main concern when your house is on fire? I seriously doubt it.

Remember to vote on April 2.

Sue Buechel,
Town of Scott Resident
Wife and mother of
Beechwood Fire
Department members

Dear Kewaskum
School District Residents,

This is the second letter in a series aimed at providing information to help you make an informed decision about my ability to represent you properly on the Kewaskum School Board. Last week's letter dealt with education issues. This week's topic: Revenue Caps (or spending limits).

We've all heard the talk and speculation about the ramifications of budget proposals authored by Gov. McCallum, the Assembly Republicans, and the Joint

Finance Committee (I don't mean to slight the Democrats, but as of this writing, they have registered their objections to these proposals but have not yet made a proposal of their own). Regardless, it all boils down to one thing -- your property taxes. I am here to defend the much maligned revenue caps that you've been hearing about in recent ads.

Revenue caps, or more accurately, spending limits, were imposed on school districts across the state back in 1993 as part of the three-pronged plan to reign in skyrocketing property taxes from previous years. While Kewaskum was never "spend-happy," we were spending money on a much freer basis than we are now. Revenue caps limit the amount of money school districts can spend each year. Coupled with the QEO and two-thirds state funding, revenue caps have made school boards much more conscientious with your tax dollars.

Some people blame the revenue caps for a school district's financial problems. I strongly disagree. When Wisconsin lawmakers imposed revenue caps on school districts, they included a mechanism that allows any school district to exceed the spending limit by as much and for as long as school boards wanted. All school boards have to do is get voter approval via the referendum. The State did not tell us we could not exceed the revenue caps. They said we could not exceed the caps without your approval. So, despite the Ed Asner radio ads, revenue caps are not hurting our schools. We can exceed our revenue caps by millions of dollars for hundreds of years. All we need is voter approval. I also want you to know that I would not support legislation that takes away our right to seek your approval to exceed revenue caps.

I've heard people complain that only schools, but no other governmental bodies, are subject to such spending limits. Yes, that is true; but the solution is not to bring school districts out from under the caps. The solution is to put the feder-

As I See It

By Rochelle Pennington

A Random Act of Kindness

Every hotel in Philadelphia was full. There was not a room to be rented anywhere. The young clerk working the desk of the Bellvue Hotel knew this. So when an elderly couple walked in from out of the rain in the middle of the night and approached the counter, the young man, moved with compassion, offered them the only bed available: his own. The couple refused; the clerk insisted. Through the kindly persuasion of the young man, the elderly couple finally accepted his offer.

The game of life is the game of boomerangs. Our thoughts, words and deeds return to us - sooner or later - with astounding accuracy.

-Florence Shinn

When checking out the following morning, the couple reiterated their gratitude to the young man for the extraordinary thoughtfulness he had shown to them. "You are the kind of

person who should be the manager of the best hotel in the United States," said the gentleman. "Maybe someday I will build one for you." The three chuckled over the man's comments as they parted company.

The incident was forgotten by the clerk, but not by the old man. Two years later, an enormous, castle-like structure was erected in New York City by the elderly man who had been touched by the kind-hearted clerk in Philadelphia. It was now time to invite the young fellow to see the grand hotel awaiting him.

Upon his arrival, the old man took the clerk downtown. "That," said the gentleman, "is the hotel I built for you to manage."

Whatever good any man does, he will receive the same from the Lord.

-Ephesians 6:8

While standing on the street corner beside the soon-to-be world famous Waldorf Astoria Hotel, the

young clerk, George C. Boldt, was titled its first manager.

For the next twenty-three years, until his death in 1916, Boldt remained faithful to the hotel and to the confidence William Waldorf Astor had placed in him that resulted from a simple, random act of kindness.

*When we all get together,
And it's you we cannot see;
Our hearts are filled with sadness,
Thinking of how it used to be.
Friends may think we have forgotten,
When they see us laugh and smile;
Little do they know the heartache,
We are hiding all the while.
It's not the tears of the moment shed,
That tells of hearts that are torn;
But the tears that are shed in later years
And the grief that is silently borne.
There is always a face before us,
A voice we would love to hear;
A smile we will always remember
Of the one we loved so dear*

IN MEMORY

In loving memory of GILBERT REINDL, who passed away two years ago March 26, 2000.

In life we loved you dearly,
In death we do the same.
It broke our hearts to lose you,
We forever speak your name.

You did not go alone,
For part of us went with you,
The day God called you home.

You left us beautiful memories,
Your love is still our guide,
And though we cannot see you,
You are always by our side.

Our family chain is broken,
And nothing seems the same,
But as God calls us one by one,
The chain will link again.

Sadly missed by your family.

IN MEMORY

In loving memory of GILBERT REINDL, who passed away two years ago, March 26, 2000:

Days of sadness still come over us.
There were days when you were uncomfortable in your wheelchair,
Still there were smiles and teasing.
Memories will keep you ever near,
and loving thoughts.

Sadly missed by his dear family and brothers and sisters

IN MEMORY

In loving memory of GERTRUDE SCHLOSSER, who passed away five years ago, March 24, 1997:

Though her smile is gone
And hands we cannot touch,
And we have so many memories
Of one we loved so much;
Her memory is our keepsake
With which we'll never part,
God has her in His keeping
We have her in our hearts.

Sadly missed by her children and grandchildren.

Spring is when you feel like
whistling even with a shoe
full of slush.

LETTERS TO THE EDITOR

(Continued from Page 10)

al, state and local governments under one!

Regarding a referendum, I've always said that a person would have to be nuts to vote to have his taxes increased (which is often what a referendum does). However, even I -- the biggest "penny-pincher" that I know -- have seen the need for two past referenda.

As you know, there is a referendum study group currently analyzing the need for improvements at KMS and KHS. I applaud these good citizens for their willingness to put forth the time and effort to explore all the possible options. It is thankless work. One needs only to take a stroll through the older part of KHS to recognize that a need exists for major improvements. I just hope that the committee is sensitive to the timing of any referendum they may propose. These are very difficult economic times and some folks in our district have been hit pretty hard. While the need for facilities improvements is there, I believe we shouldn't alien-

ate our families who are experiencing some temporary financial difficulties by presenting a referendum that economically, they just could not support at this time. We are a community; the idea is to work together.

Keep in mind our folks on fixed incomes, as well. While the current low interest rates may make borrowing seem attractive, the interest-earning accounts on which some of our senior citizens are living is at an even lower rate, making it more difficult to manage daily living expenses. Low interest rates can be a positive or a negative, depending on one's perspective.

I try to take great care in overseeing how your tax dollars are being spent. Have I made any errors? Perhaps. However, I have always tried to vote with the taxpayer in mind. I believe it is the job of our school administrators and teachers to be advocates for the children. It is my opinion that the school board should represent the entire district, and that includes those who don't have chil-

dren in the schools but are helping to pay the bills.

That's about it on this subject. If you agree with me, I'd appreciate your vote and God bless you. If you don't agree with me, God bless you anyway.

Sincerely,

Mary Meisser

KHS Girls First, Boys Second At Indians' Track Invitational

By Jerry Gosa

The Kewaskum High School girls' and boys' track and field teams excelled in the field event only format at the third annual Kewaskum Indoor Invitational that featured shot put, high jump and pole vault on Saturday, March 16.

The Kewaskum girls' team totaled 35 points to runner-up Sheboygan Falls' 26, to win the seven team field event invite. The Kewaskum boys' team totaled 33 points, just two points behind New Holstein. Both Sheboygan Falls and New Holstein are Kewaskum opponents in the Eastern Wisconsin Conference.

Nicole "Coco" Herrmann started the morning out right for the Indians when on her last throw, she put the four kilogram (8.8 pound) shot 34' 3-3/4" to outdistance the competitors from the six other schools. Dawn Klemme of Sheboygan Falls placed second with a throw of 32' 5-3/4".

Jolene Clark finished second in the high jump to Watertown's Julie Suhr, who won the high jump for the second year in a row with a jump of 5'2". Clark cleared 5' even. Kewaskum freshman, Kayla McCormack, finished fourth with a great early season jump of 4'10". McCormack's height tied that of Sheboygan Falls' Aleyne Windau, who placed third based on fewer misses.

Johnnajo Schicker, a junior at KHS and newcomer to track, finished third in the pole vault by clearing 7'0". Teammates Amanda Magnus and Betsy Marx finished fifth and seventh at 6'6" and 6' even respectively in the three entry format.

Troy Koefler, like Herrmann, put it all together on his last throw, as he also won the shot put competition for the second year in a row with a very good early season throw of 46' 9-1/2". Ryan Beck of Sheboygan Falls finished second with a throw of 43'1". Again the first place in the shot put

were the only points scored by Kewaskum in this event. (Herrmann is a senior and Koefler is a junior.)

Mike McKee picked up another first place for the Kewaskum boys when he cleared 10'6" in the pole vault. Nick Lee of Fond du Lac placed second at 10' even. Kurtis Cochran placed fourth at 9' even.

Tom Ogi placed third and Kyle Darmody seventh in the high jump with heights of 5'4" and 4'8" respectively to close out the Kewaskum scoring.

Competing at the junior varsity level for Kewaskum were the following individuals, events, and their respective distances:

Breyan Donath - pole vault, 6'

Jenna Degner - pole vault, 5'

Brook Wagner - shot put, 24'5-1/2"

Kyle Raback - high jump, 5'2"

Tom Ramthun - high jump, 4'10"

Dan Willkomm - shot put, 31'2"

KMS 8th Grade Boys Track Team Begins Quest For Another Title

This year's version of the Kewaskum Middle School boy's track team hopes to continue its winning ways in 2002. As last year's Moraine Conference Champions, this year's Indians know many teams will be gunning for them.

You are what you have learned from the past, what you experience today, and what you dream for tomorrow.

BE PREPARED

by Ami

Believe it or not, in Wisconsin March is a very "Come See, Come Saw" month. In my lifetime it is the windy, snow blizzard time to be shut in. And I mean "in." I have lived through winter with its below zero days and nights plus its snow/iced touch of forcing a cabin-fever attack. However, today's 10 below zero to its 60 degree warm temp just "takes the cake" or shovel, or snow blower.

Thus far this season I have seen a couple of red-winged blackbirds in the swamp across the way and I have spied quite a number of skunk cabbage blossoms heating up the wetland grassy sod. And the proverbial early robins have been seeking a cozy spot to build their "every summer" nests! Soooooo spring has to be on the way and that is to me the greatest proclamation of the Lord's gift to those of us who are earth-bound.

From little blood root flowers to the remarkable fern fiddle heads, you just cannot beat the glory of each GREEN UP TIME. I wish you well, this season. My hope is that you will join me in hiking some of our marvelous Kettle Moraine trails. Check the hundreds of golden cow slips; the royal trillium; the sweet May flower and purple violet. They're yours to enjoy and mine!

Venus is the only planet that rotates clockwise.

Boys Second at Triangular

By Jerry Gosa

NEW HOLSTEIN -- The Kewaskum High School boys' track team opened their season with their annual indoor triangular meet against New Holstein and Kiel on Thursday, March 14.

Kewaskum edged Kiel, 45 to 40.5, but lost to their hosts 58.5 to 45. Kewaskum managed just three first places, but did earn six second place finishes. New Holstein won six of the 14 contested indoor events.

Kewaskum freshman Josh Meyer won the 1600m run with a time of five minutes and 15.5 seconds (5:15.5). The 800m relay team of Tom Ogi, Andy Lickel, Josh Uelmen, and Matt Hartman just edged New Holstein on the tight oval with a time of 52.5 seconds in the 400m relay. Mike McKee picked the other first place for Kewaskum by clearing 10'6"

in the pole vault.

Matt Hartman finished second and Mike Wagner third in the 60 yard high hurdles. David Wicklund finished second in the 400m dash with a time of 59.1 seconds.

Lickel, Ogi and Uelmen finished second, third and fourth in the 200m dash with a time of 26.8, 27.2 and 27.3 seconds respectively. Ogi also placed second in the high jump by clearing 5'6". The 1600m relay team of Hartman, Meyer, Lickel and Wicklund also finished second in 4:15.9.

Placing third for Kewaskum were Josh Uelmen - 60 yard dash in 7.7 seconds and Mike Wagner 60 yard low hurdles in 19.2 seconds. Placing fourth for Kewaskum were Travis Cochenet in the 60 yard low hurdles in 11.0 seconds, Bryan Kraft in the 800m run in 2:25.3 and David Cibulka in the shot put with a distance of 36' 4-1/4".

White Ghosts

Matt Weber and his beagles Boss and Shiloh after a successful snowshoe hare hunt.

Hello friends,

So far in the year 2002, I have been fortunate to have come across two new ways to have fun that will more than likely become regular winter sports for me.

The first is sturgeon spearing. The second is hunting rabbits with a beagle—specifically, snowshoe hares with two beagles.

High 27, Low 11

Last week, I wrote about the time I spent with conservation warden, Matt Weber, concerning the shooting of a grey wolf. This week, Matt showed me what he likes to do on his time off. During the fall, Weber and his two Blue Ticks and Walker spent an evening hunting raccoon.

When the snow flies, he begins cottontail and snowshoe rabbit hunting with his four beagles. Today, I had my first experience watching Boss, who is three, and his son, Shiloh, working rabbits in the big forest country of Jackson County.

To hunt rabbits with a beagle, you have to understand that when a rabbit is flushed, it will almost always run in a circle and end up where it was flushed. With the cottontail season closed, snowshoe would be our quarry. Matt led the dogs into a section of oak and pine forest. Then he told me where he thought a rabbit might run by if the pups should flush one out.

I had just reached my

ern tip of snowshoe habitat on today's hunt.

In the northern part of Wisconsin, snowshoe are very common, which is why there are no closed seasons or daily bag limits. Just like our first hunt, Matt set me up on a stand and then walked the dogs into the bush until they picked up a fresh trail.

The bellow a beagle lets out when it picks up fresh rabbit scent is incredibly exciting for the hunter. The chase lasted for an hour, and I was circled twice. At the end of the second run, I harvested my first snowshoe.

A thought was born. How could I talk Laurie into letting the family get a beagle? My golden retriever, Pearl, should be bred. If she is, I plan on keeping one of her pups. Would four dogs and a traveling husband strain the marriage?

The four-wheel drive on my pickup received a very real test today while hunting in the backcountry of Jackson County. Today's hunt made me a true believer in the beagle, and that Matt Weber knows how to hit what he's shooting at with a 22 pistol.

I was armed with a Remington model 66 rifle (22). Matt was shooting a Ruger Mark 5. The two rabbits I shot laughed at me. The two Matt shot are feeding my family tonight. My guess is that the purchase of a beagle pup is in my future.

Dear Laurie,
Being well aware of how much you enjoy eating rabbit, I think we should buy a beagle pup.

Love,
Mark

KHS Track Athletes Named to All-State Team

By Jerry Gosa

MILWAUKEE -- Kewaskum High School track and field athletes Charlie Sparks, Chris Canter, Tony Fitts, Tom Ogi, and Kevin Miller were named to the 2001 Wisconsin Track and Field All-State Team based on their performance at the WIAA State Track and Field Championships held last spring at UW-La Crosse.

Charlie Sparks finished second in the Division Two discus at the State Meet with a throw of 160'11". His throw was the third best overall in all three divisions and placed him at the "bronze" level on the All-State Team.

Gavin Ball of Monona

Grove's throw of 171'8" earned him the "gold" level and Mike Sracie of Deerfield's throw of 165'6" earned him the "silver" level on the All-State Team. Three other discus throwers also earned the "bronze" level behind Spark's distance.

Sparks also earned All-State honors by anchoring both the winning 4x200m relay and the winning 4x100m relay teams at the State Meet in Division Two.

The Kewaskum 4x200m relay team of Chris Canter, Tony Fitts, Tom Ogi and Charlie Sparks set a Division Two state record with their winning time of 1:30.04 (one minute and 30.04 seconds). Their time ranked them third fastest

when times were compared with all three divisions.

Division One Stevens Point recorded a time of 1:29.63 and Milwaukee Vincent, also a Division One school, had a time of 1:29.94 to take the "gold" and "silver" marks respectively on the All-State Team.

The 4x200m relay teams from La Crosse Central, 1:30.27; Germantown, 1:30.55, and Waukesha North completed the "bronze" level on the All-State Team.

The Kewaskum 4x100m relay team of Canter, Fitts, Kevin Miller and Sparks were also state champions in the Division Two race.

Their time of 44.0 seconds in the finals was the fifth fastest overall at the State Meet and they were also named to the All-State Team in the 4x100m relay.

Milwaukee Vincent's 42.48 earned them the "gold" level and Racine Horlick's 43.31 seconds earned them the "silver" level. The 4x100m relay teams from Oshkosh North, 43.37; Middleton, 43.54, all of Division One schools, were right before Kewaskum. West Bend East finished in 44.07 seconds to claim the last "bronze" level on the All-State Team in the 4x100m relay.
