Four people, two incumbents, one past board president and one newcomer are stepping up to the plate in hopes of either retaining or receiving three year terms on the Kewaskum Board of Education in the upcoming April 2 election.

Past board president Jon Downs filed for non-candidacy.

Candidates seeking your votes this Tuesday are as follows:

Name: Mary Meisser
Age: 49
Address: 2705 E. Moraine Dr Kewaskum
Family: Married, two sons.
Occupation: Owner/operator of SOS Resume Service.
Elected Offices: Kewaskum School Board
Other Activities: Volunteer at St. Joseph's Convent in Campbellsport; chairman of the bucksrunner encampment at Kettle Kountry Kolors. She is also an active member of St. Kilian Catholic Church in St. Kilian.

Meisser has been serving on the board as the current clerk. She has been serving on the board for seven years.

Meisser is currently the chairman of the policy committee and a member of the negotiations committee. She serves on the finance study team for the Wisconsin Association of School Boards.

If elected she wants to continue to raise the academic standards and expectations of Kewaskum students. She also wants to ensure a positive school environment and continue prudent fiscal spending.

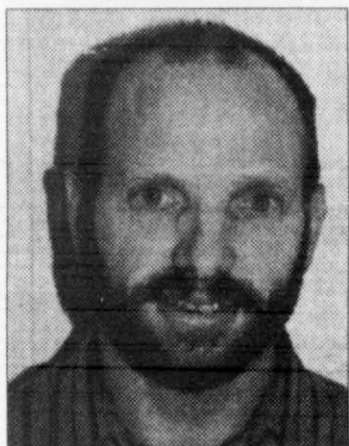

Name: Andrew J. Degnitz
Age: 32
Address: 8640 Fillmore Road, Fredonia
Family: Married, two children.
Occupation: Farming
Elected Offices: Kewaskum School Board
Other Activities: Member of Fillmore Volunteer Fire Department for 16 years and a member of Immanuel U.C.C.

Degnitz is the current board president, and has been serving on the board since April of 1999 when he defeated then president Thomas Timblin.

If elected he hopes to bring the same quality of the new Kewaskum Elementary to the students at the high school and middle school. He also hopes to continue the excellence shown by the sports and fine arts departments at the school. Lastly, Degnitz hopes he and the board members can work through the recent state budget crunch to continue providing excellence to Kewaskum students.

Name: Neal Weare
Age: 59
Address: W1065 E Auburn-Ashford Drive, Campbellsport
Family: Married, three children, one of which is a KMS student; also has two grandchildren in Kewaskum schools.
Occupation: Retired
Elected Offices: 12 years on Kewaskum School Board, three years as vice president and six as president.
Other Activities: Marine Corp 1961-1965, Member of American Legion Post 384

Weare has decided to try and regain a seat on the

School Board Hopeful

board and says if elected his main focus will be to make sure programs are not cut because of state budget shortfalls.

Name: Steven Schmitt
Age: 43
Address: 9393 Mullen Lane, Allenton
Family: Married, four children all attending Kewaskum schools.
Occupation: Production Manager, Tools Inc., Sussex
Elected Offices: none
Other Activities: Social member of the Kohlsville Fire Department, member of Holy Trinity Catholic Church, Hartford Gun Club, Lifemember of the N.R.A. and Wisconsin Rifle and Pistol Association.

Schmitt, showed interest, but was unsuccessful in acquiring a seat after the resignation of Larry Fechter.

He hopes to reduce annual operating costs of the school district and provide innovative ideas to enhance the board membership that is in place currently if elected.

School Board members receive a salary of \$2,000 per year. Members are paid

Advisory Referendum Heats Up Town of Scott Residents

By Bernadette Mondloch
Statesman Correspondent

TOWN OF SCOTT- The two advisory referendum questions on the Scott ballot on April 2 sparked more discussion at the March 11 town board meeting.

Members of the Beechwood and Batavia Fire Department members met with the Scott Board prior to the March Town Board meeting with questions concerning the upcoming referendum related to continuance of two fire departments to serve the Town.

The April 2 ballot will have two referendum questions:

1. *Shall the town of Scott, Sheboygan County, Wisconsin continue to contract with two separate fire departments, one in Batavia and one in Beechwood?*

and...
2. *Shall the town of Scott, Sheboygan County, Wisconsin contract with one fire department?*

Voters will be able to answer "yes" or "no" to both questions.

Some firemen felt that the financial figures presented at the special meeting held on February 23rd were misleading and not totally correct.

Representatives from the two departments say that the portion taken out of the the \$159,381.16 figure labeled "actual 2001 costs" for fire protection did not represent tax money raised in 2001. A portion of that figure included money raised in prior years and placed in a contingency account for future needs of the fire department.

Another item which was not tax revenue is the fire Inspection Aids more commonly known as fire dues. This is money distributed by the insurance companies collected through fire insurance premiums paid by residents of the town. The town passes the money along to the fire departments.

Subtracting the \$14,000.00 representing the contingency fund and the \$2,959.08 fire dues, the fire protection figure for 2001 would be reduced to \$142,422.08.

Another item not strictly fire protection would be debt reduction. In 2001, debt reduction required \$25,458.56. In order to satisfy the individual budgets, \$27,136.76 was paid to Batavia, and \$29,885.00 to Beechwood. The town also spent \$21,500 for Batavia's Small Equipment Truck and \$23,500 for Beechwood's Small Equipment Truck plus \$14,983.75 for updates to that equipment truck.

Questions also arose regarding the loan amounts directed toward fire protection. Clerk BJ Richter reported that she has made an inquiry to the Board of Commissioners of Public Loans regarding the amounts borrowed from that agency for fire equipment.

She learned that during the period of time when the town had experienced changes of personnel in the clerks office, loans were refinanced and combined but she was unable to learn the exact amounts used for refinancing.

For example, the town's recycling center loan and the Beechwood pumper loan

Town of Kewaskum Grants Conditional Use Permit

By Andrew R. Kuehl
Staff Writer/Photographer

The Town of Kewaskum opened their March plan commission and town board meetings with a Public Hearing to consider the application of Scott and Tracy Amerling for the issuance of a Conditional Use Permit for a farm consolidation. The property is located at 9615 Highland Drive in Section six of the town.

The lone comment came from town resident, Wilmer Schmidt who stated that as he understood, according to town ordinances Amerling would have to remove a house trailer on the property before he could be issued the permit.

"I couldn't do it and they can't neither," stated Schmidt regarding the rezoning of the property.

The plan commission meeting began there after.

The request for the Amerling permit was discussed. It was discussed that granting the permit would allow the Amerlings to remove a house and farm buildings on a preexisting parcel zoned exclusive agriculture. This is known as a farm consolidation and is permitted in the town with the permit. The parcel in question is just under five acres.

The house trailer that was

brought up in the public hearing was addressed and Amerling stated it is the shell of a pre-existing house trailer and is used for storage.

Commissioner Mike Blawat made a motion to send the permit to the town board with a favorable recommendation. Commissioner Vicki Heideman seconded and the motion passed unanimously.

The next order of business was taking action to recommend to the Town Board approval of three certified survey maps for Arleen and Dale Stern. The property is located in section three on North Mill Road.

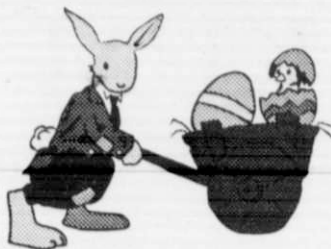

Blawat made a motion to give a favorable recommendation to the town board. Bill Butzlaff Jr. seconded the motion.

A land division for Robert Schreffler in section five was also discussed and action may be taken at the next meeting.

The town board met right after the plan commission and supervisor Mike Lettow motioned to grant the conditional use permit to the Amerlings.

The next meeting of the Town of Kewaskum Plan Commission and Town Board will take place at 7:30 p.m. on Monday, April 15 in the town hall.

Easter Egg Hunt Saturday

The Kewaskum American Legion, Robert G. Romaine Post 3844, and the Women's Auxiliary will hold its annual Easter Egg Hunt for Children in River Hill Park at 1:00 p.m. on Saturday, March 30.

All area children are invited to participate in this annual scramble for colored eggs. This year as in the past, Mr. and Mrs. Easter Bunny will stop by to visit with the kiddies, courtesy of the Kewaskum Junior Women's Club.

Children age five and under will "hunt" eggs on the west side of the river and those ages six through ten will do their hunting on the east side of the river. The limit is six eggs per basket.

Chocolate Easter eggs being given to all the little egg "hunters" were donated by Kewaskum Lions.

In case of inclement weather, Legion members will hand out eggs at Legion Hall, 1538 Fond du Lac Ave., in the village.

Politeness is a small price to pay for the good will and affection of others.

were combined to a total of \$44,811.24. How much of the total was for each purpose was not immediately available.

Richter said that town files were not in good order and she is still searching for correspondence in the files which would bear more light on the subject.

A \$24,580.41 loan labeled Batavia Tanker may also be a combination of items. Jim Sporty from the Batavia department reported that his records indicate \$14,750 was for the Batavia Tanker.

Bill Hermann from Beechwood reported that \$12,000 may have been for the equipment purchased by his department in order to fulfill the Insurance Services Office ratings of community fire-suppression capabilities.

Richter will continue her research of the town filing system. Although the firemen would have liked to see a more clear explanation on the ballot of the figures previously published about the referendum question, election regulations do not allow more changes.

Kewaskum Native Ministers To the Poor and Elderly

Sr. Mary Ann Czaja

Article by Helen Quigless

In 1981 Sister Mary Ann Czaja, of the order of St. Agnes - a community of nuns, arrived in Greenville. She was employed as a social worker by Bishop Gossman, Diocese of Raleigh, to work in nine counties of Eastern North Carolina to assist in the decentralization of Catholic Social Ministries.

Answering a request presented by a Presbyterian minister, Claude Andrews, Sister relocated to Tarboro. The charming small town noted for its Southern hospitality became home for the next 20 years.

In the early days of the Food Pantry, she worked with the Rev. Doug Remer of Calvary Episcopal Church, which was open for two hours two days a week. With the collective help of local churches and Mrs. Nancy Holderness Tarboro Community Outreach was born.

Over the years the programs of TCO have grown to include: a food pantry that serves all of Edgecombe County, financial emergency assistance, street ministry where semi-trucks bring in thousands of pounds of fresh fruits and vegetables, a soup kitchen that serves hot meals three times a day. There is also short-term housing for homeless men, and a facility for homeless women and women with children.

It has been said that Sr. Mary Ann has been able to accomplish what no one else could do. That is, she has created an organization and space for what many consider ministry to the poor. There is now the Barnhill-Holderness Center, the Torrey House, and Blessing Place.

This work is in keeping with the mission of the Sisters of St. Agnes to achieve transformation of the world to bring about mutuality, inclusivity and collaboration. In other words, everyone matters.

The Order, which ministers in the US and Latin America, plays a major roll in Sr. Mary Ann's endeavors. Over the years (from 1986 through 2001) through numerous grants, they have

given \$49,400.00 to date.

Basically, the Order was founded in what is now called West Bend, Wisconsin, in 1858 by Mother Agnes Hazette, Father Caspar Rehrl and Father Francis Haas to serve the church and respond to those whose faith, life or human dignity was threatened. Today the congregation of 355 nuns is up with the times. They work in occupations such as education, health care, social services and pastoral care.

Sr. Mary Ann grew up in Kewaskum and is the third child in a close knit family of nine children. She received her BS in Education and Theology from Marian College, a subsidiary of the Order and earned a Masters in Social Work and Gerontology from Marywood college, Scranton, PA.

This preparation enabled her to be eminently qualified to deal with the many issues that arise from working with the poor and her special concerns for the elderly. In spite of some perception as being controversial, she has managed to win praise in the form of awards such as: Bennett College Alumnae (Eastern Carolina Chapter) Phenomenal Woman Award, 1993; Martin Luther King, Jr. Citizen of the Year (Tarboro), 1992; and a recipient of The Smith Reynolds Foundation Sabbatical Program award, 1997. This program recognizes nonprofit organizational leaders working to improve the quality of life for the people of North Carolina.

This phenomenal woman is saluted by the leadership

of the Sisters of St. Agnes. Sister Julia Wiegerling states, "We, as a Congregation, congratulate Sr. Mary Ann for bringing our presence to the people of Edgecombe County and of Tarboro of 20 years. We are grateful for her courageous spirit, untiring efforts, her belief in the goodness of all human beings, and her creativity in caring for all of God's people."

Sr. Mary Ann is the daughter of Mary Czaja Rate and the late Edward F. Czaja. She is the sister and sister-in-law of Joann and Perry Koth of Kewaskum.

Donations can be made to: Tarboro Community Outreach, c/o Sr. Mary Ann Czaja, 701 Cedar Lane, Tarboro, NC 27886.

LETTERS TO THE EDITOR

March 25, 2002

Dear Kewaskum School District Residents,

This is the final letter in a series that I have written in the last several weeks expressing my views on certain issues to help you decide if you want me to represent you on the Kewaskum School Board. Previous letters discussed education issues and revenue caps. This final letter will address a topic that I feel is the most fundamental of all - the importance of the presence of God in our schools. I think I just heard a few jaws hit the floor. Be reassured, I'm not advocating doing anything that is against the law.

I strongly believe that the success of our schools' future and society depends on the courage that we adults have to welcome God back into our public schools. By extending this welcome, we will be laying the foundation for promoting a positive environment within the schools. We will be telling our students that they do not need to leave their faith "on the schoolhouse steps." God is not politically incorrect and I believe our students need to see the adults in our schools reinforce that notion by utilizing what is available to them by law. Schools are much more conducive to learning if the values contained in the Ten Commandments are referenced and God's timeless influence in our world, nation, art, and music is not ignored. Succumbing to the notion that God is "off limits" in schools sends a troubling message to our young people. High academic student achievement will mean nothing if our schools do not reinforce the values that are being taught at home.

What do I propose? The study of sacred music is one avenue and is even encouraged by the Wisconsin Music Teacher's Association. Also, studying the art masters' works opens up a wealth of imagery. In addition, a careful study of the Declaration of Independence and the U.S. Constitution - which should be done more frequently - is a great window in which to look at the intention of our Founding Fathers. Their faith was fundamental. These practices are all legal.

Our parents and students must also be informed of students' constitutional rights within the school setting. For example, students should be made aware that homework assignments can be faith-centered.

My hope is that our young people will leave KHS with a set of values that will help them recognize the difference between right and wrong in a society of moral relativism. They should be armed with the strength of conviction to say that some-

thing is wrong. That strength can only come through consistent messages from home, our community and the schools. Our society depends on it.

There seems to be reluctance on the part of some school personnel to utilize fully what the law allows due to perceived legal uncertainty. Understandable. No one wants to be responsible for having a first amendment lawsuit filed against our school district. A few years back the U.S. Education Secretary recognized that reluctance so he published a document detailing what is and is not allowed in schools. Schools can operate within the law and invite God back in at the same time. If we make an effort to focus on what is allowed by law and cease being worried about what isn't, that step is invitation enough.

We must not be afraid. If we take the initial step, God will bless our district. We simply need to trust Him. One of the most repeated phrases in the Bible is, "Be not afraid," other variations such as, "Fear not." This message did not end with the last of the OT prophets or the final Gospel writer. It is a message for all generations. We are called to make acts of faith many times in our lives - sometimes on a daily basis. God will help us and protect us but we need to ask His help and then let Him do what He does best.

With that I'll close. This is a difficult and complex topic to put on paper, but, there it is. I thought you should know how I feel on such a controversial (yet legal) topic.

Just a note - Every Memorial Day we gather together at the American Legion Hall and read the names of our fallen community members who served in the armed forces to preserve your right to vote. Please honor them and all our veterans by exercising that right. VOTE April 2.

Have a very joyous Easter and God Bless You,

Sincerely,

Mary Meisser

To the Citizens in
The Town of Scott,

There are two types of voters, informed voters, and uninformed voters. An informed voter makes his/her decision based on facts and information he/she has obtained through attending meetings, talking to people in authority on the subject matter at hand, or researching the answers for themselves. An uninformed voter is one who makes decisions based on what he/she heard; hearsay, or what someone else has suggested to him/her as the right answer.

We are sure by now you know of the referendum being proposed for the April 2 ballot. We are also sure you know the numbers that were published in the article, "Scott Seeks Advice from Voters," in the February 28, 2002 edition of the *Sounder*.

What you may not know is that the numbers are, by the town board's own admission, incorrect. At a special meeting held on Monday night, March 11, 2002, the town board was again confronted to prove the numbers being put on the ballot.

This time they had another set of numbers that were given to us as the correct amounts. Through a lot of checking by the clerk, it was discovered that the pumper loan that was taken out, was a loan that was combined with other outstanding loans in 1993 to save on interest. Once these loans were refinanced, the original loans were not kept track of by past administrations, as to amounts remaining for each individual loan.

Therefore we will never know the true amount remaining for the pumper truck, seeing that it was combined with the recycle center building loan. What we are sure of is that the truck was purchased in 1993, payments to start in March of 1994, and to be paid off in 2004.

Now to address the totals presented by the Town Board: \$159,381.15 for fire protection in the year 2001 is incorrect. These are the numbers taken from the annual report for the Town in 2001: Batavia Fire Department - \$50,095.30, which consists of \$27,136.76 - contract payment; \$1,458.54 - 2% fire inspection aid, and an equipment truck at

\$21,500.00

Beechwood Fire Department: \$69,827.29, which consists of \$29,885.00 - contract payment; \$1,458.00 - 2% fire inspection aid, and an equipment truck with updates - \$34,483.75.

Let's explain these numbers first. Contract payments are the amount budgeted for operating expenses throughout the year (i.e., heat, electric, phone, fuel, etc. in which the Town receives an accounting of monies received by category each year), 2% fire inspection aid is an amount given back to each town and municipality by the state for each fire department making and maintaining fire inspections and reports. This is not an actual expense to the Town, it is a percentage collected by the state from each commercial owners fire insurance premium and distributed back to the fire departments for inspection training and has restrictions as to what it can be used for.

The Town purchased the equipment trucks under an agreement developed by the fire consultant hired by them and placed in the fire contract. These trucks are figured on a 25-30 year replacement schedule. The two trucks in question were purchased partly by money that was in a contingency fund or savings account (\$14,000.00 in 1999, \$14,000.00 in 2000, \$14,000.00 in 2001) with the balance coming from other accounts. These vehicles replaced a 1967 truck

in Batavia and a 1980 van in Beechwood. The three years that were in savings was also counted as part of the \$159,381.15 dollar total.

Then there are the outstanding loans on the other trucks, one tanker for Beechwood and one tanker for Batavia, and the balance of the pumper, which was combined with the recycle center. These loans are misrepresented in the proposed budget for the town in 2002 which our clerk has since gotten corrected information from the Board of Commissioners of Public Lands and has submitted a copy to us as of 3-11-02.

A copy of this and other information can be obtained at the town hall. These tankers are figured on a 30-year replacement schedule. The other loan is the balance remaining on the pumper, which we now know, is combined with the recycle center loan.

With this being said, that is why we were opposed to the numbers on the referendum. The 15%-25% savings to the taxpayer talked about in a letter to the editor in the March 7 issue of *The Sounder* is not really correct either.

The actual statement in "The Recommendation for Fire Protection in the Town of Scott" (published October 10, 1996) stated this was to be a ten-year plan for the Town of Scott's fire protection. "It is estimated that a 15% to 25% reduction in insurance costs could be

Vote April 2 and Parent Survey

VOTE APRIL 2: On April 2 there will be four candidates running for three School Board vacancies. Please take time to cast your vote in this election. I hear all kinds of methods of voting so I want to remind you that while you have the choice, every voter should cast their votes for THREE candidates to allow the election process to work as intended. There are two incumbents, Mary Meisser and Andy Degnitz, and two challengers, Steve Schmitt and Neal Weare.

Jon Downs decided not to seek a third term. It is not my place to take sides, so I won't. Having said this, everyone needs to understand that while I know both Steve and Neal, I have worked directly for three years with Mary and Andy.

Having worked with both in a Board/Superintendent capacity, I can speak to the professionalism they've displayed in dealing with me as Superintendent on committee and board related matters. I have found them both to be dedicated to the their community, and to the children of the district. The decision to elect Board members is in the hands of the voter. To do so, you must first cast your vote. No matter how you cast your vote, my request is that you have enough faith in the voting process to cast no less than three votes for the three individuals you believe will best serve the district.

PARENT SURVEY: As

a part of a District Goal established by the School Board, students and staff in the Kewaskum School District were surveyed to seek their input regarding the overall school environment, culture and climate.

Now it is the parents turn to give their input. On April 2 or 3, parent surveys will be mailed to every home of students attending school in the Kewaskum Public Schools. Your survey will be compared with those of the students and staff and results presented to the full School Board at a special Board Workshop scheduled for April 29.

Please take the time to thoughtfully fill out the survey and send it back to any school office. The deadline for returning the survey is Friday, April 12. If you do not receive your parent survey, you may pick one up at any school office or the district office.

Yesterday is a cancelled check; tomorrow is a promissory note; today is the only cash you have, so spend it wisely.

Gitter, Jenny Harter, Maggie Herriges, Beth Hermann, Noah Koch, Kyle Lickel, Peter Marx, Jason Ramirez, Tom Ogi, Kevin Schneider, Heidi Terlinden, Elizabeth Werdermann, and Alison Yanke.

Hold Annual Meeting of Farmington Historical Society

A cold, snowy wind blew over 30 friends and members into the Farmington Historical Society's annual meeting, held last March 9 in Boltonville at the Farmington Town Hall.

The brave folks were informed that a second printing of the popular Footprints Through Farmington has been made available at Fireside Books, Marshall's Country Corner in Boltonville and at the Old Courthouse Museum gift shop in West Bend.

The sign project has been completed and it is hoped that everyone enjoys their welcome as they enter into Farmington township.

Marcia Theusch was cheered as she announced that the Farmington Historical Society has been formally granted tax deductible status by the government. This means your donations of materials and monetary gifts and dues will now be tax deductible for you. The organization extends thanks to everyone for their generous support in the past.

Besides achieving 501(c)3 status, the group has also become affiliated with the State Historical Society, and can now enjoy the benefits and workshops held through them. Bylaws were adjusted accordingly.

Marcia Theusch spent innumerable hours working on these two projects, with help from Friends of Saxonia House's Mary Williams. The group is indebted to these two for their service.

New board members were elected. They are Ralph Eisenmann, Gail Klassen and Lisa Lickel. Marcia Theusch, Dan Plzak and Lee Martin were thanked for all their hard work.

In other news of the society and township, the group remembered with sadness the passing of Earl Crass, charter member, and anticipate the loss of a three-generation family business, Weinreich's Recreation in Fillmore, which has been sold.

If anyone would like to share memories or memora-

bilia of their time at Weinreichs, please call one of the members of the Society or come to the Memorial Day event at the Fillmore Turner Hall.

The group was pleased to acknowledge the April birthday of Ray Seideman, who turns 100 years old! Congratulations. The family invites friends to an open house on Sunday, April 21, from 1 to 4 p.m. at Turner Hall in Fillmore.

The Farmington Historical Society also encourages you to look for the upcoming bookmark, Churches of Farmington, third in a series, given as memorabilia. Plans are underway to celebrate the sesquicentennial of Boltonville in 2004.

The meeting continued with the ever popular Show and Tell. Among the interesting items brought were a

railroad switch lantern, many old schoolbooks, toys and family memorabilia. An old tin beer bucket was met with a laugh. Bernice Wendel, antique dealer, provided some advice as to valuation of the items brought.

The Society invites the public to commemorate Memorial Day with them in Fillmore, at the Turner Hall, on Monday, May 27, beginning at 12:15 p.m.

Representative Glenn Grothman will speak, VFW color guards will be present, the high school band and choir will be on-hand and the Swampbusters 4-H will participate. The 4-H is also looking for memories of 4-H as a history project to celebrate their anniversary. Refreshments, souvenirs and a time of sharing will be the feature of the day.

effected for the taxpayers if we could reduce the fire insurance rating to 7." This is also on file with the town.

Remember, if Batavia is the one eliminated, you also will lose the First Responder service for the township, and have a fire department on the west end of the town. If Beechwood is the one eliminated, you will have one department on the east side of the town. At the present time, both departments are training together and compliment each other quite well.

The town is in the process of replacing 1960 and 1970 model trucks with newer more dependable ones, which was proven by the purchase of the equipment trucks, both used and refurbished. We all know that things don't last forever. The members on the town board in 1996 thought enough of this truck replacement plan (which was presented by the consultant) to place it in the contract we sign every year with the town.

If the replacement schedule was becoming an issue, things could have been worked out during fire

commission meetings, which is what the commission was set up for. The schedule is not set in stone as has already been the case with some trucks put off for future replacement and we are sure this will happen again. This schedule at least gives us a guideline to follow so we don't end up playing catch up like we are now.

We also realize that the town **might** be facing revenue sharing cuts from the state, we still don't know what is going to happen. To propose a referendum without any back-up plan or solution to the problem is not a very wise choice. There are other areas of the budget that should be looked at for downsizing.

The Board has taken the first step in voting unanimously to not accept the approved 3% raise for this year. Perhaps it is time for the town to release itself from owning a community center which has continually cost the taxpayers more to operate than we are receiving on rentals, or to pursue other uses for the

NOTICE OF SPRING ELECTION AND SAMPLE BALLOTS

April 2, 2002

OFFICE OF THE SCHOOL DISTRICT OF KEWASKUM CLERK
TO THE ELECTORS OF THE SCHOOL DISTRICT OF KEWASKUM:

Notice is hereby given of a nonpartisan spring election to be held in the several wards in the Counties of Washington, Fond du Lac and Sheboygan on the 2nd day of April, 2002, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office, each in its proper column, together with the questions submitted to a vote, for a school district referendum, if any, in the sample ballot below.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

At the spring election, where paper ballots or lever machines are used, the elector shall make a cross (X) in the square or depress the lever at the right of the name of the candidate for whom he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall write in the name of the person of his or her choice in the space provided for a write-in vote. On referendum questions, the elector shall make a cross (X) in the square or depress the lever at the right of "yes" if in favor of the question, or the elector shall make a cross (X) in the square or depress the lever at the right of "no" if opposed to the question.

Where marksense voting is used, the elector shall darken the arrow next to the name of the candidate of his or her choice for each office for whom he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall write in the name of the person of his or her choice in the space provided and darken the arrow at the right of the write-in line provided. On referendum questions, the elector shall darken the arrow next to "yes" if in favor of the question, or the elector shall darken the arrow next to "no" if opposed to the question.

The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. Not more than five minutes' time shall be allowed inside a voting booth. Unofficial ballots or a memorandum to assist the elector in casting his or her vote may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

After an official paper ballot is marked, it shall be folded so the inside marks do not show, but so the printed endorsements and inspectors' initials on the outside do show. The elector shall leave the booth, deposit the ballot in the ballot box, or deliver the ballot to an inspector for deposit, and shall leave the polling place promptly.

After an official marksense ballot is marked, it shall be inserted in the ballot sleeve provided so the marks do not show. After casting his or her vote, the elector shall leave the booth, insert the ballot in the voting device, and discard the sleeve, or deliver the ballot to an inspector for deposit. If a central count system is used, the elector shall insert the ballot in the ballot box and discard the sleeve, or deliver the ballot to an inspector for deposit. The elector shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.

Dear Editor,

Approximately three years ago I was a member of a committee organized to study the needs of the schools in the district. During this time, about one year, I had the opportunity to observe and study the ideas of board members during meetings. I soon got the impression that Mary Meisser, a school board member, was an intelligent, no-nonsense person more than capable of handling the job. She constantly insisted on getting the most for our money, the best quality and most of all the education of the students in this district.

In this period of fiscal crisis in this state, I believe Mary has the expertise to represent the entire district equally and try to get the most and the best we can afford.

I sincerely believe a vote for Mary Meisser in the April 2nd election would be a wise decision for all property taxpayers, old, young, married with or without school children, or single. She has experience in her job, is intelligent, capable and respected.

Vote for Mary Meisser April 2nd and by all means vote. All votes do count.

Thank you,

Lloyd A. Koch

yet? There is a possibility that it might not even happen.

... the town board cannot give us any dollar figures what it would save each household (if any savings) and to the taxpayer if there would be only one fire department in the Town of Scott?

... Batavia Fire Department and Beechwood Fire Department own their own firehouses and equipment (paid for with fundraisers)? The township owns only half the fire trucks and the fire departments own the rest.

... Money from taxpayers does not even come close to maintaining the fire house, trucks and equipment? The rest of the money is from fund-raising.

... Beechwood Fire Department has obtained a large generator without taxpayer money? The firehouse also is equipped with large grills, tables, chairs, blankets, etc. in the event of a community emergency. New Year's Eve, 2000, when most people were celebrating, our firemen were on standby at the firehouse in case the predictions of power loss and communication breakdown came true.

... Batavia Fire Department has First Responders, assisted by a few Beechwood firemen? It is likely there will be no First Responders in the Town of Scott if Batavia contract is not renewed.

In my opinion, mutual aide between Batavia and Beechwood protects and binds the township. To eliminate one would be a huge mistake. Please vote to keep BOTH fire departments in the Town of Scott.

Thank you to everyone that donated products, desserts and time for our recent smelt fry. To all that attended, thanks for your support. it was a huge success. And a special thanks to the dedication of our volunteer firefighters. God bless you all!

Letter to the Editor:

During this Easter season, our family commitments come first. We are busy preparing for the holiday... getting a babysitter while one is at work, planning a dinner for the whole family... grandparents or aunts and uncles and attending church services.

So, naturally we don't have time to think about Election Day on the Tuesday after Easter.

As for me, it's the last thing I wanted to think about at this time.

But it's important to put

this date on your calendar.

The Tuesday after Easter, April 2. It is the day you should go and vote.

On top of the ballot for the Kewaskum School Board, it will tell you: "Vote for Three." But you **do not** have to vote for three!!!

YOU CAN VOTE FOR ONE... TWO OR THREE.

You **only** have to vote for the people you feel competent to serve, do the duties of a school board member and most of all take the time. We want candidates who will make that commitment to our children/grandchildren's education and still serve us as taxpayers, to get the best we can for our tax dollars.

There are two community-minded candidates who will do just that!! They **WILL** take the time to attend **ALL** the meetings, serve on extra committees and attend seminars that are offered by the Wisconsin School Board Association. This should be the commitment of any one who runs for the school board.

Who are these candidates? **Mary Meisser and Neal Weare.**

Mary has made that commitment to our children and our schools for the last seven years. She is very conscientious about her duty; to educate our children. Mary is also dedicated to her job and takes the duty to serve us... the taxpayer... very seriously. She continues to attend seminars on the ever-changing curriculum and new laws. Most of all, Mary attends

the Wisconsin School Board Association seminars on the many budget changes and laws that are happening with the State of Wisconsin today.

Neal Weare had served on the Kewaskum School Board for 12 years. Neal keeps up to date on the school policies and has attended seminars relating to the state statutes dealing with parliamentary procedure. He is also experienced in contract negotiations.

As a past member of the Kewaskum School Board, I know that members of a school board may disagree on various issues, but mutual respect for the other members and their opinions is important. I have worked with Mary on the school board and community events. I worked with Neal for 12 years on the Kewaskum School Board. We may have disagreed on some issues, but I respect them and know that their main interest is to continue to update the quality of the education of our children, keep an eye on our tax monies and try to keep the public informed.

Mary Meisser and Neal Weare have different areas of expertise that will, definitely benefit our school district.

Remember next Tuesday, April 2. **Go and vote.** It's important for us to keep an open communication between our Kewaskum School Board and the community.

Please... vote for Mary Meisser and Neal Weare on Tuesday, April 2.

*Thank you,
Jeanne Goeden*

TO THE VOTERS AND TAXPAYERS OF THE KEWASKUM SCHOOL DISTRICT:

It is my understanding that spending caps were created to limit the annual increase in school spending, to not exceed the rate of inflation. With this law in place, the following years school budget may not increase more than about 4% from the year prior. Spending may be exceeded over that limit only by voter approval per a referendum and the voters demonstrate to please raise their taxes more and they justified the cost. This is a very important law to the taxpayers, to have that control and I support that.

The concept, of thinking outside the box.

What if you could double the capacity of student enrollment, without adding to the building? At first

thought, one might say that's impossible. However, almost nothing is impossible. Would it be impossible, in theory, to have school for a first and second shift? The building and its contents are there 24 hours a day. We use our school less than 25% of a week. There is a lot of usage potential available.

One of my issues that I want to present change is to actually reduce the annual operating costs to run the school district. This may sound impossible to some, however, there is always room to improve and by incentive to reduce wastes and conserve along with innovative new ideas, there is potentially huge savings.

My point is, that I am very conservative and I want to serve your best interests on the Kewaskum

BEECHWOOD FIRE DEPARTMENT AUXILIARY SPEAKS OUT

We, the Beechwood Fire Department Auxiliary felt it was important to speak up before you Vote on April 2nd. The referendum of the possible elimination of one Fire Department in the Town of Scott is a concern of ours. We want the voters to ask themselves a few questions before entering the voting booth.

If one fire department is eliminated, what will happen to our First Responder Unit? Which community, Beechwood or Batavia will be without their firehouse? How much money will this save me as a taxpayer? How can you possibly vote for something that the town board has not given these answers to. The questions have been asked of them. They just refuse to answer.

We also would like to share with you, the measures that we have taken to keep your taxes down. The Beechwood Auxiliary has raised thousands of dollars over the years to support our guys in their efforts to protect the community. Since the Auxiliary began in 1974, it has contributed over \$40,000.00 towards essential equipment used by the fire department. Taxpayers benefit directly from this dedicated service. Our fundraisers have included, bake sales, raffles, donations, and many other activities at our annual picnic, smelt fry, and Santa Brunch. This is above and beyond the fund raising our firemen do.

Last year alone we raised \$3,600.00 for our firemen. They put this money to good use. They purchased 10 masks @ \$185.00 ea. for their Scott 2.2 air packs along with 5 voice amplifiers @ \$250.00 ea. We felt this was necessary to ensure their safety. We want our loved ones to come home alive after fighting your fires. Equipment like this is necessary, but we didn't ask you the taxpayers to buy it for them...we did.

Some ask why Batavia Fire Department doesn't fund raise as much as Beechwood Fire Department? That is an easy question to answer. Batavia Fire Department has the added responsibility of our First Responder Unit. These men and woman not only have their fire training to keep up with. They spend their time taking First Responder refresher courses and CPR training. Keeping in mind...we are "all" volunteers.

We need to look at "both" our Fire Departments in the Town of Scott as assets to our communities. What is more important...saving money or saving your loved ones life? I'm sure our town board can find other ways to save us money and protect our community.

Incumbents Run Unopposed In VB Election

Village Trustee
Robert Stoltzmann

Village Trustee
Matthew Heiser

Village Trustee
Kevin Scheunemann

By Andrew R. Kuehl
Staff Writer/Photographer

Incumbent trustees will run unopposed Tuesday in the spring election unless a write-in candidate comes forward.

Three incumbents are seeking the three available seats on the Kewaskum Village Board.

Name: Robert Stoltzmann
Age: 60
Address: 350 Braatz Drive
Family: Married, three children
Occupation: Truck Mechanic at West Bend Elevator
Elected Offices: Kewaskum Village Board since 1994

Stoltzmann is currently chairman of the finance committee, a member of the public service committee and serves on the board of review. He also represents Kewaskum as the Mid-Moraine Municipal Representative.

Name: Matthew Heiser
Age: 36
Address: 1704 Riverview Drive
Family: Married, three children
Occupation: Systems analyst at Community Memorial Hospital in Menomonee Falls
Elected Offices: one term on Kewaskum Village Board
Heiser is currently chairman of the park and rec

committee and is the board liaison to the library committee.

Name: Kevin Scheunemann
Age: 29
Address: 210 Dreamcatcher Drive
Family: Married, one child
Occupation: Owner/operator of Dairy Queen stores in Kewaskum, West Bend and Belgium
Elected Offices: half term on Kewaskum Village Board

Kevin Scheunemann won his seat in last year's election after John Kenworthy moved up to village president. Kenworthy would have been up for election this year so Scheunemann must again run.

Scheunemann serves as chairman of the public services committee.

"I would like to see village government tackle the shared revenue cut by refusing to pay for unfunded state mandates. Recycling is one of those mandates that represents a tremendous waste of time, money, and resources the village has to do without the state fully funding the mandate. The recycling mandate is costing the village \$40,000 a year. I would be in favor of openly defying state mandates as long as the state shared revenue cut is in place. I

would also like to see the elimination of duplicated services. If other governmental units already provide that service, we should look at consolidation of that service with other units of government for cost savings. A greater trend in making up this state shared revenue shortfall will be through the use of fees. I'm opposed to additional fees unless the village has already stopped funding all state mandates, consolidated all services possible for cost savings with other units of government, and we still have a shortfall to make up," stated Scheunemann.

The trustees receive an annual salary of \$600 per year plus a per diem pay per meeting of \$30 per village board meeting and \$15 per committee meeting.

The Village of Kewaskum will be holding their election in the Community Room at the Municipal Building, 204 First Street.

The polls will be open at 7 am and close at 8 pm.

The Statesman will complete information on the results in next week's edition.

Never put off until tomorrow what you can do the day after tomorrow.

Dear Editor:

Bravo!! Update while I was at the Wisconsin Right to Life Convention in Stevens Point this past weekend, we learned that legislature voted 67-32 in favor of the Bill AB546. The bill to defund organizations that provide and promote abortion.

It is now rightly necessary to ask you to write our Senator Mary Panzer, (Rep.) 20th Senate District, P.O. Box 7882, Room 202-S, Madison, WI 53707-7882, Telephone (608) 266-7513.

Please state that you are strongly in favor of passing AB546 legislation to stop our state dollars from going to organizations that promote abortion. THANK YOU!

Town of Scott Board Reviews Possible Solutions to Shared Revenue Loss

By Bernadette Mondloch
Statesman Correspondent

The possibility of the loss of State Revenue Sharing funds has caused the board to explore means of cutting its expenditures. Supervisor Irene Gnacinski introduced a motion to have town board members waive the raise which was to go into effect in April. The motion passed with a note that each board member would be required to sign an individual waiver.

There were several other ideas for cuts:

- Using volunteers or service clubs to cut grass at the Scott Community Center instead of town employees.

- Use of the less expensive cold overlay on roads which are to be surfaced this summer.

Supervisor Ivan Kumrow said the because the town will be receiving "Town Road Improvement funds" (TRIP), hot mix must be used because use of those funds are only for road work which is expected to last ten years. Cold mix will not hold up that long.

- Amending the 2002 budget by removing \$2,000 for installation of a town hall air exchanger and the \$5000 designated as pay for board members doing town work not related to the board position. No action was taken.

In other action, the board

learned that recycling tonnage is dropping and will effect the recycling grant that the town receives from the state each year. Residents are urged to do more recycling.

Discussion was held on having a phone in the recycling building. It was decided that the cell phone which is used by the highway department could be made available on Saturdays for the recycling crew.

The Board turned down Joy Haack's request for a zoning change for three of four lots being created. The proposal would have allowed 60.77 acres to be divided into four lots. Her request was for three of the lots used for residential purposes with their zoning changed to A-6. The 4th lot would remain A-1.

"Should every knoll and hill that is of sub-standard soils, be a building site if it has 66 feet of road frontage?" asked Jim Ramel. "We are looking at the wisest and best use of the land when considering zoning changes."

The town's long range plan calls for leaving the town rural but allow some development. The preferred area for development is around the unincorporated areas around Batavia and Beechwood.

The board delayed a decision on the zoning change requested by Linda Chesak

until a certified survey map is available. The map is required before the planning commission and town board can make a decision. Chesak would like to divide a 41.24 acre parcel in Section 16 into two parcels in order to sell part of the land.

Michael Stuart, School Stereo expressed his concern about a 50 foot wide strip of land that separates his home lot from a lot owned by another individual. The 50 foot strip is owned by the town. More than 35 years ago it was designated to become a town road if ever needed to get to vacant property to the north. Stewart said that he has maintained the grass on

the 50 foot strip since he has lived there, costing him at least \$14,000. Stewart is in the process of selling his home and he would like to purchase the strip of land, which then would be added to his lot.

The board took no action on Stewart's request. It will be on the April town board agenda.

The Town of Lyndon has expressed a desire to have the Town of Scott Highway Department cut Lyndon's roadsides. No decision was made. The board will be looking into the costs of such custom work and how it would effect its own highway department.

As I See It

By Rochelle Pennington

Maundy Thursday In A Garden Called Gethsemane

Gethsemane. It was the place Christ chose to be the night before He was crucified. It's meaning? Place of crushing. Here, in this garden, was an olive grove with an olive press in its midst, a large press. Above the press, an enormous rock hung and would be lowered down to the press below to crush olives. With great pressure - from the force of the rock's weight - olives were smashed to nothingness. The result? A valuable one: olive oil. Press and crush, press and crush, such was the activity of Gethsemane.

Did Christ feel the pressure of this place? We are told He prayed, we are told He wept and we are told that sweat broke out from Him, falling in great drops of blood to the ground. Jesus was sweating blood there in Gethsemane.

He was on His way to the cross, and He knew it. He was on His way to redeem the sins of all mankind, and He knew it. How heavy do you suppose the sins of the entire world are? How heavy upon Jesus were those sins that night, that night of darkness in Gethsemane? Their weight was heavy enough to turn His sweat to blood. Crushing, crushing upon Jesus were the sins of the whole wide world. And the result of this crushing would yield something far more valuable than oil. The crushing on this night would result in the valuable blood of a Savior beginning to be shed.

His prayer to the Father was a simple one: "Not what I will, but what You will" be done. Jesus was ready to go to the cross, and those who hunted Him down were ready to take Him.

Judas led the way; he knew the place well. Behind him followed the chief priests and religious leaders who wanted Jesus dead. Judas accepted their bribe to betray Jesus and point Him out. And in Gethsemane, he did just that.

Jesus knew He was about to be betrayed; it came as no surprise. Just prior to coming to the garden, He ate the Last Supper with His disciples and told them, "One of you will betray Me." Then to Judas, He said, "It is you."

Stepping out from the darkness, with the mob that followed him there, Judas approached Jesus who had this to say: "Friend, do what you came for."

Friend. Such was Christ's response to Judas, betrayer of God. What kind

of grace is this?

The reason my Father loves me is that I lay down my life - only to take it up again. No one takes it from Me, but I lay it down of My own accord. I have authority to lay it down and authority to take it up again. This command I received from my Father.

-John 10:17-18

The same kind that allowed Christ, beaten and bloody, to look down from His cross the next day at those who whipped Him, and flogged Him, and slapped Him, and spit on Him, and mocked Him, and pulled out His beard, and hit Him in the head with a wooden pole over and over, and say, "Father, forgive them, for they know not what they do." With razored-sharp thorns sticking out of His head, and nails hammered through His flesh, Christ, with His dying breaths, wanted to talk about forgiveness. Again, what kind of grace is this? An amazing kind.

The same kind that allowed Jesus to tell the criminal hanging beside Him on the second of three crosses that he was on his way to Paradise. The same kind that allowed Jesus to love Peter despite Peter's denial of Him that night of Gethsemane. Three times Peter was asked the same question, three chances to get it right: "Do you know this Jesus?" A simple question, really. But rather than answer yes - just, "yes" - Peter, instead, was screaming, "I DON'T KNOW THE MAN!"

And then there was Mark. He fled naked just to get away, wrestling himself out of his clothes when guards grabbed him. Pounding, pounding were Mark's footsteps that night in the darkness of the streets through Jerusalem. Running to hide, running naked, lest he be condemned as well.

This world that Christ was dying for was in need of His amazing grace. Those who loved Him needed it as much as those who shouted, "Crucify!" And crucify they did, erecting His cross on a hill called Calvary.

Beneath it, His mother wept. Was she praying for the life of her Son? If she was, it was a prayer that would not be answered, a prayer that could not be answered, for her Son would not allow it. Her Child, whom the angels heralded above the skies of Bethlehem so long ago as

"Savior", would come to be Savior only through His sacrifice. Even the gifts the wise men offered made this clear as they welcomed the Newborn with myrrh, a spice used to bury the dead, a symbolic gift that this Child was going to die. Every other child that had ever been born had arrived to live. This Child had come to die. Even as Jesus was arrested and tried, He challenged no one, testifying, "For this reason I was born."

He didn't try to run, and He didn't try to hide. He was in the garden waiting until the hour arrived "when darkness would reign." And it was now. And it was here, in Gethsemane. And then, willingly, Jesus allowed Himself to be arrested, bound and led away from this place where the crushing had begun, telling His captors, "Do you think I cannot call on my Father, and He will at once put at My disposal more than twelve legions of angels?"

Seventy-two thousand angels would have shown up at Gethsemane to rescue Him. Right then and there. Christ made this clear. All He had to do was say the word. Jesus didn't have to go to the cross, and He knew it. He had a choice. He could have walked away from it all. He had the power to do so and the power to say, "I'm not going. I'm not going anywhere." Jesus had been given this authority by God the Father to lay His life down or to take it up. Yes, He could have been rescued from it all. The angels would have come, they were standing ready. But then, who would have rescued us? Jesus' embrace of death was going to be our embrace of life - eternal life. He knew this. All too well. And for this reason He had come - had come and entered human flesh, to give His flesh as payment for the life of the world. His very name - Jesus - in its Hebrew tongue means "He will save." Thus, the name Jesus was more than what the Son of God would be called, it was what He would do. Jesus knew this, and before He walked up that hillside, He tried to prepare His disciples for what was coming. He tried to help them understand, telling them, "My appointed time is near. The Son of Man will go just as it is written about Him." Those were His words: Just as it is written. The prophecies regarding His life - and death - were there in the Scriptures for thousands of years before He was ever born for all to see.

Judas' betrayal was there. The prophet Zechariah foretold God's Son would be betrayed for thirty pieces of silver. And so He was. This was the exact amount Judas received. Zechariah also prophesied that the money would be thrown back. And so it had. After Judas saw Jesus condemned, he was filled with remorse and ran back to those who paid him, throwing the coins down, confess-

ing, "I have sinned. I've betrayed innocent blood." No one cared. Jesus would soon be dead, just the way they wanted it.

The money thrown down was then used to buy a field - a plot of land in which to bury foreigners who died while traveling through Jerusalem. The field was bought from a potter, and so called The Potter's Field. It's still in Jerusalem today. Zechariah had prophesied the money would be thrown down in the house of the Lord and given to the potter. Everything Judas had done had been recorded centuries before he even existed.

The Psalmist foretold that the betrayal would come from a trusted friend. And so it did.

The prophets foretold everyone would fall away from the Messiah Shepherd when He was struck - the sheep would scatter. And now they had. Jesus stood alone as He knew He would.

The prophets foretold false witnesses would rise up against Christ, breathing out violence. And so they had.

Isaiah foretold that Christ would be mocked and spit upon, and that He willingly would offer His back to those who beat Him, and His cheeks to those who pulled out His beard. And so He did.

Long before the dark day of Calvary, prophets foretold the Messiah would be counted among the criminals, they foretold His hands and feet would be pierced and that none of His bones would be broken. And so none were.

They foretold His garments would be divided and lots cast for His clothing. Imagine that. The activity of the Roman soldiers who made off with Jesus' clothes was prophesied in the Scriptures over a thousand years before it came to pass.

Even the triumphant entry Christ made into Jerusalem only days earlier, riding on a donkey, was prophesied. "Hosanna!" cried the crowds in welcome. "Blessed is He Who comes in the name of the Lord!" Palms waved, voices shouted. And five days later, the One they hailed was dead, their "hosannas" replaced with "Crucify him!" It must have been a sight - palm branches still lying in the streets that Christ now carried His cross through.

Jesus knew what was coming. He told His disciples, "We are going up to Jerusalem, and the Son of Man will be betrayed to the chief priests. They will condemn Him to death and will turn Him over to the Gentiles to be mocked and flogged and crucified. On the third day He will be raised to life."

Jesus died - willingly suffered and willingly died - because He knew what He came here to do. Rome didn't kill Him, and neither did the chief priests. Jesus died of His own authority, giving up His spirit at Calvary. He looked into the heavens and said, "Father, into Your hands I commit My spirit." "I commit," said Christ. "I commit. I lay down My life. No one takes it from Me."

That was the message of Calvary. Jesus gave. For God so loved the world that He gave His Son to the world at Bethlehem, and then the Son so loved the world that He gave His life to the world at Calvary.

Yes, Jesus knew. He knew Who He was, and He knew where He was going - and why. Why? So we could go with Him. Triumphantly He would rise over the grave, and triumphantly an angel, gleaming like lightning, would stand ready in an empty tomb to hail the news: "He has risen! Just as He said!"

He knew.

OBITUARIES

WALTER SCHMIDT

Walter H. Schmidt, age 84, of Kewaskum, passed away on Tuesday, March 19, 2002 at the Samaritan Health Center in West Bend.

He was born on September 10, 1917 in Richfield, the son of the late Martin and Frances (Ruplinger) Schmidt, and on August 31, 1955 he was united in marriage to Lauretta Klein in Dubuque, Iowa. His wife preceded him in death on December 26, 1987.

Mr. Schmidt was a member of Holy Trinity Catholic Church in Kewaskum. He retired from Kewaskum Frozen Foods in Kewaskum after many years of services and was the past president of the Kettle Moraine Sportsmen Club. He was an avid bowler, hunter and trapper, sheephead and skat player. He was an all around sportsman and enjoyed gardening.

Survivors include a son, Kurt (Debbie) Schmidt of Kewaskum; two brothers, Lloyd (Ione) Schmidt of Kewaskum and Harold "Shorty" (Ruth) Schmidt of West Bend; a sister, Myrtle (D. Jerome) Hanrahan of West Bend; two grandsons, Sawyer and Cooper Schmidt; nieces and nephews, Leroy (Mary) Schmidt, David (Karen) Schmidt, Joyce (Bob) Bergenhausen, Diane (Jack) Zalewski, Jane (Gerald) Rettler, Leonard Schmidt, Tom (Yolande) Schmidt, Vernon (Caroline) Schmidt, Mary Schmidt, Barbara (Jim) Markestad, Milton (Jackie) Schmidt, Jeff (Josephine) Schmidt, John Hanrahan, Mike Hanrahan and Donald (Jan) Hanrahan, and Char Keller, other relatives and friends.

He was preceded in death by a sister-in-law, Vanelda Mehlos and a brother-in-law, Ray Klein.

Funeral services were held at 7:00 p.m. on Friday, March 22, 2002 at the Miller Funeral Home in Kewaskum. Father James Strupp officiated and burial took place on Saturday in Lutheran Memorial Park in Kewaskum.

Friends called on Friday at the funeral home from 4:00 p.m. until the time of services.

Memorials to the American Diabetes Association are appreciated.

CARL E. SCHMIDT

Carl E. Schmidt, 82, of Campbellsport, died Thursday, March 21, 2002, at St. Agnes Hospital, Fond du Lac.

He was born on April 28, 1919, in the Town of Osceola, the son of Carl A. "Charley" and Ida Ramthun Schmidt. He was a graduate of Dundee Grade School. He married Elvira "Pep" Haegler at Trinity Evangelical

Lutheran Church, Dundee, on June 23, 1945.

He farmed all his life in the Town of Osceola. Carl was a lifelong member of Trinity Evangelical Lutheran Church, Dundee.

Survivors include his wife, Elvira "Pep"; his children, Ken (Cam) Schmidt of Campbellsport, Marie (John) Dins of Kewaskum, Marjorie (Art) Beck of Campbellsport, and Barb (Tom) Jandre of Campbellsport, and his grandchildren, Christine (Doug) Schmidt-Martin, Michelle (Michael) Hall, Karla (Patrick) Thelen, Melissa (fiance Bradley Schubert) Dins, Lori Beck, Jason Beck, Adam Beck, James Jandre and Jonathan Jandre.

He was preceded in death by his parents, a sister, Bernice Daliege, a brother, Harold Schmidt and an infant brother.

Funeral services were held on Monday, March 25, at 1 p.m. at Trinity Evangelical Lutheran Church, Dundee. Rev. Richard Schlieve officiated and burial followed in Trinity Lutheran Cemetery.

Visitation was on Sunday from 3 to 7 p.m. at the Twohig Funeral Home, Campbellsport, and on Monday from noon until the time of services at the church.

LESTER V. RAUCH

Lester V. Rauch, 87, of Mayville, died Thursday, March 21, 2002, at Mayville Nursing and Rehab Center.

He was born on January 28, 1915, in Campbellsport to Henry and Jemima (nee Gudex) Rauch in Campbellsport, and married Irma L. Zills on November 6, 1937 in Fond du Lac.

He was employed as a machinist for 25 years and was a member of Peace Lutheran Church in Hartford.

Survivors include his wife, Irma of Mayville; four sons, Melvin Rauch of Amarillo, Texas, Ronald (Judy) Rauch of Wausau, Delmar (Leslie) Rauch of Hartford, and Dennis (Charlotte) Rauch of Mayville, four grandchildren, and seven great-grandchildren. He is further survived by nieces, nephews, other relatives and friends.

He was preceded in death by his parents and one brother, Harry.

Funeral services were held on Tuesday, March 26, at Koepsell Funeral Home, Mayville, at 2 p.m.

Rev. Daniel Westendorf officiated and burial took place at Union Cemetery, Campbellsport.

Visitation was held on Tuesday at Koepsell Funeral Home, Mayville, from noon until the 2 p.m. service.

The Koepsell Funeral Home in Mayville served the family.

EARL PRUITT

Earl Pruitt, 83, of the Town of Jackson, died on Sunday, March 24, 2002, at Community Memorial Hospital, Menomonee Falls.

He was born October 27, 1918, in Anderson, South Carolina, to the late Charles and Dessie (nee Hanks) Pruitt.

Earl served his machinist apprenticeship in Connecticut and at the age of 23 settled in Milwaukee.

After his marriage to Betty M. Schlueter on June 26, 1943 in Milwaukee, he was employed at the Miller Brewing Company until retiring in 1981.

Since 1971 he had been a resident of the Town of Jackson.

His wife passed away on November 18, 1999.

Survivors include five children, Dennis (Judy) of West Allis, Wayne (Denise) of Sturtevant, Donald (Nancy) of Menomonee Falls, Robert (Jackie) of Campbellsport and Peggy Kaminski of the Town of Jackson; 11 grandchildren; a great-grandchild; a sister, Dessie Smith of South Carolina; a brother, David (Gladys) of South Carolina; other relatives and friends.

Funeral services were held on Thursday, March 28, at 11 a.m. at the First Baptist Church, West Bend, with Pastor Bruce Dunford officiating. Burial followed in Union Cemetery, Campbellsport.

Visitation at the Schmidt Funeral Home, Jackson, was on Wednesday from 4 to 8 p.m. and also at the church on Thursday from 10 to 10:45 a.m.

PRAYER OF THE BLESSED VIRGIN

Prayer of the Blessed Virgin: (Never known to fail). Oh, most beautiful flower of Mt. Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God. Immaculate Virgin, assist me in my necessity. Oh Star of the sea, help me and show me here You are my Mother. Oh Holy Mary, Mother of God, Queen of heaven and earth, I humbly beseech You from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand Your power, Oh, Mary, conceived without sin, pray for us who have recourse to thee (three times). Say this prayer for three consecutive days and then You must publish and it will be granted to you. Grateful thanks.

IN MEMORY

FAY ORESNIK March 25, 2001

To Mom:

As the tears fall from my eyes

I write to you today

I know it's only been one year

The hurt won't go away.

If only I could talk to you
To tell you how I feel

The pain I have inside my heart

That God can only heal.

I couldn't beg you to stay
with me

For you beared the awful pain

So I told you I loved you and
you should go

As the tears fell down like rain

I hope you know how much
your loved

And missed the memories
stay in my mind

My best friend and cherished
mother

No one else could ever find.

God may have taken you
away from me, but the memories
I have can not be touched.

I Love You,
Your daughter,
Vickie & Bill

IN MEMORY

In loving memory of **Bill McCarty**, who passed away three years ago, April 2, 1999:

We think about you every day,
And miss you more
Than words can say.

SEEDS FROM THE SOWER
Michael A. Guido Metter, Georgia

When he was over eighty years old, Cato, the Roman scholar started to study Greek.

"Why," asked a friend, "do you start such a difficult task at your advanced age?"

"Because," he answered, "it's the youngest age I have left." And he went on studying.

Keep on learning as long as you live. It's wealth to the poor, an honor to the rich, an aid to the young, and a comfort to the aged. But "the end of all learning is to know God," said Milton, "and out of that knowledge to love Him."

The Bible urges, "Acquaint thyself with Him, and be at peace: thereby good shall come to thee."

Gerald Butz, a senior at Kewaskum High School, has achieved 109 points of a possible 120 points in a statewide preliminary mathematics contest sponsored by the Wisconsin Section of the Mathematical Association of America. The contest involves algebra and one semester of geometry. The contest is intended to identify and reward the very good and to stimulate and encourage all students in mathematics. Kevin Neese and Scott Wulff, two other seniors, finished second and third respectively. For the juniors, Robert Secor placed first. Following him are Kathy Grandin, Cliff Wilson and Brian Markielewski. The highest

ranking for the sophomores were Julie Yearling, Robin Neitzel and Ken Kumrow. These individuals will have a strong possibility of advancing to the finals on March 26 at Sheboygan.

Ronald R. Bonlender, son of Mr. and Mrs. Ervin Bonlender of Kewaskum is one of 13 students and two University of Wisconsin professors who will be in France until May 21 as part of the French Study Abroad program of UW-Oshkosh.

The Kewaskum girls defeated Mayville here last Tuesday, 36-28. The Indians led all the way. Julie Stoffel topped the scoring with 16 points, while Yvonne Schacht scored eight.

Kewaskum's only wrestler to reach the sectional at Kiel Friday and Saturday, Randy White, at 145 pounds, was eliminated Friday as he was pinned by Pat Gasser of Port Washington. Gasser was an eventual third place finisher. Random Lake qualified three wrestlers and Campbellsport one (Rick Gruber) for the state wrestling tournament.

A son was born to Ralph and Mary Ann Horner, Kewaskum, on February 22.

Kewaskum's Annual FFA Rabies Clinic

Dr. Charles Ogi and his helper (unknown) administer a vaccine to this dog at last years rabies clinic.

On Wednesday, April 3 the Kewaskum FFA will be holding their annual Rabies Clinic. This year's clinic will run from 6 to 8 p.m. in the Kewaskum High School Agriculture Department.

Cats and dogs who need their rabies shot are wel-

come. The cost will be \$12 and all proceeds will go to the Dr. Ogi Scholarship Fund. This scholarship is rewarded to a deserving senior FFA member who is planning on continuing their education in the Agriculture field.

Kewaskum 4-H News

On March 7, 2002 the Kewaskum 4-H'ers held their meeting at the Kewaskum Town Hall. The meeting was called to order by Stacey Tutas and the pledges were said. We then had roll call answering with a power of youth pledge. Next we had the treasurers report.

We discussed activity reports on Celebrate Families, New Family Orientation and the Admiral's game. Demonstrations were done by Ashley and Richie Thiemer. The date for Bingo at Meadowcreek was set for March 21.

A Museum outing date will be decided at the next meeting. There is going to be a brat fry on April 27 at the Kewaskum Piggly Wiggly. Also there will be an ice skating day at Kettle Moraine Ice Center in West Bend. We talked about upcoming events such as the 4-H Bowl-A-Thon, County-Wide Lock-In and the 4-H Camps. Refreshments were served.

The next meeting will be held on April 4, 2002 at the Kewaskum Town Hall at 7 p.m.

Washington County Historical Society Presents Discovery Boxes

On March 15, David Gosa, Curator of Education gave a Civil War demonstration on uniforms and weapons used at Kewaskum Elementary School.

Currently at the Washington County Historical Society as the new Curator of Education, David Gosa has been developing discovery boxes to bring a more student oriented atmosphere to the museum.

The discovery boxes are there to help enhance and benefit the student's learning by providing lesson

plans on various topics. The goal is to preserve the past and make history fun to learn.

These boxes include lesson plans, hands on activities, artifacts for students to touch, and a resource guide. The discovery boxes are also available for teachers and home school parents to check out.

If there is a topic that you would like that hasn't

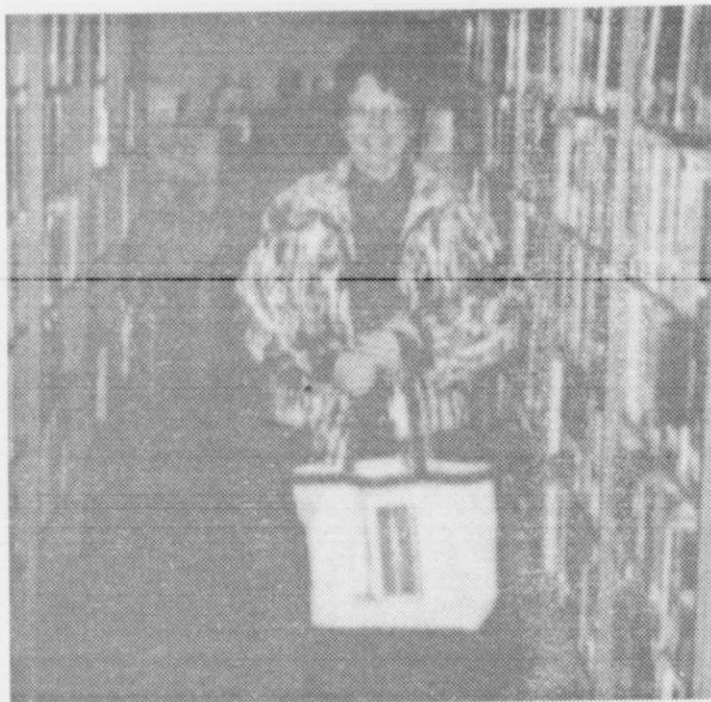

been covered, please contact the Historical Society and they will create a discovery box for that particular topic.

Gifts of the Glaciers, Tools of the Native Americans, Early Homes of Washington County and Heroes Remembered: Washington County during the Civil War are the discovery boxes currently available.

Exodus House, a transitional house for rehabilitated alcoholics, has found its niche in Kewaskum. The President of the Board of Directors, Robert Kroncke, and the Director, Thor Otto, appeared before the Plan Commission on February 22 to discuss the possibility of opening an Exodus House in the former Rosenheimer Malt and Grain office building. Kroncke and his wife, Linda, are the owners of the building, which is a large house divided into three apartments and an office. The Kronckes are leasing the building to Exodus House.

A large scale tavern scuffle in Kewaskum early Sunday morning grew into near riot proportions, with the Washington County Sheriff's Department, West Bend Police, and Wisconsin State Patrol being called in to assist Kewaskum Police. Also assisting, after being called by the Sheriff's Department were the Kewaskum Fire Department, Campbellsport Police and Dodge County Sheriff's Department. Other sheriff's departments reportedly helping or standing by were Ozaukee, Fond du Lac and Waukesha Counties. Kewaskum Police Chief Donald Hlavaty reported that at closing time, following a dance at Jordan's tavern and hall, the pushing and shoving started, possibly with efforts to clear the tavern. A fracas resulted with officers trying to get people out and others apparently deciding they were going to help their

friends. Hlavaty requested disorderly conduct charges against two West Bend and Mayville young men.

Kewaskum High School placed second in conference forensics competition this past weekend at Mayville. Competing for Kewaskum were: Carol Asch, Julie Jeske, Steve Edgar and Ann Strancke, memorized declamation; Donna Ehnert and Lisa Taylor, story telling; Dave Schoofs, demonstration; Tami Edgar, Tom Rosenberger, Vicky Key and Robin Gust, prose reading; Dave Sleger, poetry reading; Gay Olson, extemporaneous speaking; Jerry Butz, Sue Nigh, Kevin Neese and Renee Sleger, play acting.

Barb Thill, daughter of Mr. and Mrs. Allen Thill, and Therese Stoffel, daughter of Mr. and Mrs. Alan Stoffel, all of rural Kewaskum, have been chosen as Kiwanis students for the month of February.

Even though Kewaskum wound up in a tie for sixth place in the Scenic Moraine Conference with a 4-10 record, the Indians had the leading individual scorer in the league in 6-3 senior forward, Leon Laatsch. Leon scored a total of 349 points in 14 Scenic games, an average of 24.9 per game. He accomplished his feat by sinking 136 baskets and making good on 77 free throws.

A son was born to David and Bonnie Oppermann, West Bend, February 25. Paternal grandmother is Mrs. Armin Oppermann, Kewaskum and maternal grandparents are Mr. and Mrs. Willard Lynn of Long Lake.

Sons were also born to Thomas and Elaine Walters, Allenton, February 24;

to Mr. and Mrs. Jeffery Homan, Campbellsport, on February 23, and to Mr. and Mrs. Mark Groh of West Bend on February 17.

Little Folks School House Teams Up With 'Mr. Yuk'

The month of March is "Poison Prevention" month. The teachers at Little Folks School House are teaching the children about the dangers of medications, poisons and other household substances. They are using program materials supplied by Children's Hospital of Wisconsin.

The little folks will learn all about "Mr. Yuk." Mr. Yuk is a green scowly face which means poison. During this unit, the children will do coloring sheets, play games and listen to stories. They will have the opportunity to identify and stick the Mr. Yuk stickers on anything they think could be a dangerous substance. Empty containers and pictures will be used for this. The children will also have several chances to watch a video entitled "Poison, Poison Stay Away."

The Mr. Yuk symbol was

developed in 1971 by the Pittsburgh Poison Center. The symbol must first be understood in order to be effective. He is an excellent warning signal to children which also carries the emergency telephone number of the Children's Hospital Poison Center. The Poison Center has an expert medical staff which is ready to deal promptly with accidental poisonings 24 hours a day, seven days a week.

Wisconsin is Looking Forward to a Thriving Future

Wisconsin is looking forward — to increased competition in local and long-distance telephone service; to new investments in the state's high-tech infrastructure; and to new jobs, which spring from growth in a competitive telecom environment.

The fact is, our state decision-makers have kept Wisconsin on track during the 2001 legislative session. They've worked toward creating policies that would be good for the state's telecom consumers, while keeping out the ones that would only thwart competition. The results of the competitive landscape are evident:

- Despite a lagging economy, local phone provider SBC Ameritech invested \$1.1 billion in Wisconsin and its high-tech infrastructure last year;
- The state's unregulated local phone providers have grown to serve more than 444,000 customer lines — or 17 percent of local phone lines in SBC's service territory; and
- There have been enormous gains in competition for business customers with the state's unregulated phone companies growing to serve 33 percent of business lines.

This investment, growth and competition is needed to keep Wisconsin moving in the years to come.

While we're on the right track — opening the door to increased competition and jobs — some folks want to turn back the clock on Wisconsin, by proposing policies that would hold our state back. Fortunately, the Wisconsin Grocers Association, the National Federation of Independent Business and the Communications Workers of America have voiced support for policies that promote telecom competition.

We're hoping our state's decision-makers will continue to reject bad proposals and instead continue to work together to keep Wisconsin moving toward a stronger economic and technological future.

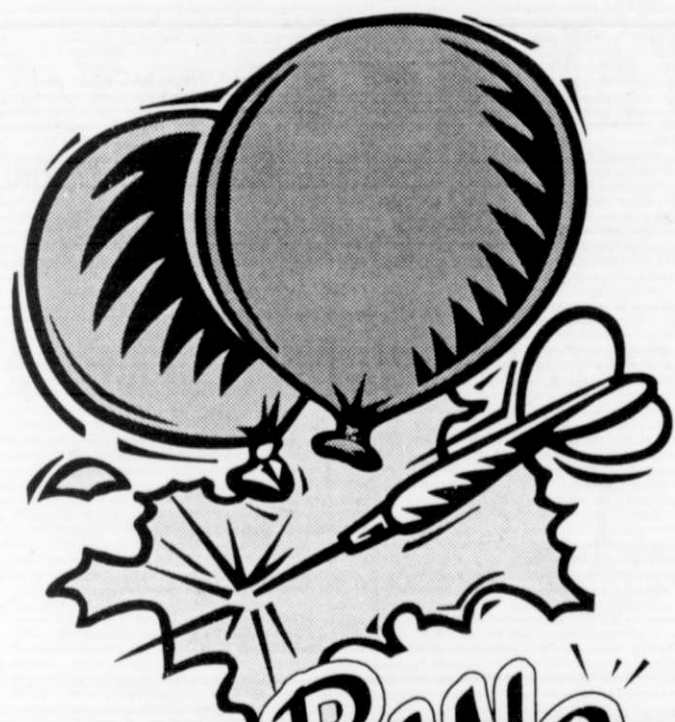

SBC Ameritech, the Wisconsin Grocers Association, the National Federation of Independent Business and the Communications Workers of America want to work together to promote policies that will keep Wisconsin looking forward to a thriving future.

News From The Capitol

By Rep. Glenn Grothman

State Shared Revenue Program

During the current state budget crisis, Governor McCallum has chosen to focus on a program known as shared revenue. Shared revenue constitutes only 8.7 percent of the state budget. It is given to cities, villages, towns, and counties. Originally, it was intended to compensate local units of government since the local governments could not impose their own income or sales tax. Counties were allowed to levy a half-cent sales tax in the 1980s.

Over time it has evolved into a way to take money from rural or lower spending parts of the state and higher property value parts of the state and send money to the bigger spending or low property value parts of the state.

For example, under the current aid formula, Washington County gets \$10 per resident, Ozaukee County gets \$8 per resident, Sheboygan County gets \$32, and Milwaukee County \$63, Marathon County \$50 and Chippewa County \$57. The comparison for cities, villages, and towns is just as bad. The City of West Bend gets \$90 per person, the village of Kewaskum \$108, Village of Belgium \$47, Random Lake \$105, Town of Kewaskum \$40, Town of Sherman \$37. Among larger

spending cities with their big bureaucracies, Milwaukee gets \$418 per person, Green Bay \$211, Racine \$369, Beloit \$489, and La Crosse \$240.

Part of this disparity is because of lower property values. This is unfair because people with valuable property do not necessarily make more money. A house that is valued at \$130,000 in Kewaskum may be worth \$75,000 in the city of Milwaukee.

More disturbing is that under the current formula the more a city or county spends, the more they get. The city of Milwaukee spends over 50% more per person than the city of West Bend, resulting in much of the difference. In the school aid formula to discourage excessive spending, there comes a point at which a school district loses state aid by spending more money.

There are concerns with the reduction in shared revenue. We must make sure that it does not result in higher property taxes. We must also make sure that it does not become an excuse for the state government to spend more money in other areas. On the other hand, we must also be conscience of the fact that the shared revenue formula has not

been fair to this part of the state for a long time.

I introduced an amendment, which was adopted in the State Assembly to prevent our part of the state from losing a much higher percentage of their shared revenue than Milwaukee and other big-spending parts of the state. We have also delayed the reduction in shared revenue to calendar year 2003 to give local units of government time to prepare. Hopefully, when the budget is finally passed our part of the state will be treated more fairly than we have been.

Please let me know what you think on this issue. Contact me here in Madison please call 1-888-534-0059.

Koch Aattends Leadership Conference

Mary Koch, Family and Consumer Science teacher at Kewaskum High School, attended the Wisconsin Family and Consumer Science Annual Leadership Conference in Stevens Point on March 8-9, 2002. The theme of the Conference was *Building Families and Communities through Partnership and Alliances*.

The Keynote speaker was Carol L. Anderson, past president of the American Association of Family and Consumer Sciences and current editor of the Journal of Family and Consumer Sciences. Anderson focused on the unique body of knowledge and how Family and Consumer Sciences contribute to creating the future.

She pointed out that by 2030 50% of our population would be age 50 and over; in 2020 there will be no major ethnic group in our population; there will be an increase in the value of education and an increased gap between the poor and wealthy and how these concerns impact the family.

Sue Today's Power of Partnerships focused on the development of our youth as one of the greatest challenges our society faces today. She emphasized how we can maximize our resources through partnerships with and for youth.

In *Community Collaborations for Children* Karen Joos related how children who receive high quality health care, nutrition, par-

enting and child care in their preschool years are more likely to succeed in school.

Susan Stuckert, Academic Project Coordinator for Milwaukee Public Schools' 46 Community Learning Centers, discussed the project goals, structure, accomplishments and challenges of the centers and potential avenues of involvement for WAFCS members.

Dr. Lucille Harvey focused on Wisconsin/Nicaragua Partners, what these families have in common, what has been accomplished for families and how one individual can make a difference.

Tours to Lands' End and the Noel Learning Center provided members the opportunities to view creative marketing, educational environment for children, and career opportunities for youth.

Calcium, It's Not Just For Kids and Hey, Waiter, There's St. John's Wort in My Soup added a touch of humor as well as lifestyle concerns for participants.

Outdoor Adventures

with

Mark Walters

Hello friends,

This week, I will comment on what I feel are three important issues concerning Wisconsin outdoors men and women. Common sense seems to be taking a back seat with Dane County Assistant District Attorney Paul Humphrey these days. Humphrey is seeking the maximum charge against Nevin Fish Hatchery Superintendent John Komassa for killing a feral cat.

Komassa had been bitten by the cat that had been causing havoc at the hatchery, after trying to chase it out of the area where trout eggs were incubating. Fearing rabies, and well aware that brain tissue is required from the animal, Komassa hit the cat over the head, thus ending its life. He then called Animal Control to report the incident.

The next day, Cheri Carr, an officer with the Humane Society, came to the Nevin hatchery and wrote up the incident. To make a long story short, Komassa has been charged with mistreatment of animals. This is a Class A misdemeanor which carries up to a \$10,000 fine and nine months in jail.

The DNR cannot represent Komassa. So far, he has had to fork over \$3,500 of his own money for his defense. Paul Humphrey can be reached at 608-266-4211.

Marquette residents need to be aware that there is a rumor floating around the state that the former Dane County first-ever anti-hunter who was voted into the Conservation Congress, may be looking to become a delegate in your backyard. To become a board member in the Conservation Congress, you have to reside in the county where you wish to become a member.

The woman, whose name I won't mention, wishes to have all hunting banned. With two board members up for re-election, the rumor floating around is that the same scenario that took place in Madison back in '99 could happen on April 8 at the Montello High School.

Last year, 70 outdoorsmen attended the meeting in Marquette County. When this woman won her seat in Dane County, a well-organized group of 300 anti-hunters voted her in. Marquette County sportsmen need to take this warning especially seriously, and make sure your new neighbor that wants to take your hunting rights away does not have that opportunity. Bring a friend, neighbor and family member. If the rumor is incorrect, you will still have a good feeling about standing up for your sport.

Chronic wasting disease is more than likely the biggest news to hit hunters here in Wisconsin than anything that has ever happened to Wisconsin hunters. So far, three of the 84 deer tested in Dane and Iowa counties have proven positive for CWD.

As I write this, 300 white-tail deer in a 415-square-mile area are being shot by landowners for further tests. Brain tissue must be used to test for CWD. Wisconsin has the unfortunate luck of being the first state east of the Mississippi to test positive for CWD. There is no evidence that the disease can be transmitted to humans, cattle or sheep.

If you believe in the power

of prayer, please pray that no more test positive. CWD is guaranteed to cause an enormous growth of the issue of deer baiting and feeding, as well as cross state transportation of live deer and elk.

In closing, I would like to say that 10 years ago this week, "An Outdoorsman's Journal" began its first week of syndication. I would like to thank each of the 52 papers that run this column for giving me the space you do in your paper.

Thanks for reading!

KHS Girls Place Fourth at County Indoor Track Meet

By Jerry Gosa

WEST BEND - The Kewaskum High School girls' track and field team finished fourth at the Washington County Indoor Track and Field Meet on Tuesday, March 19.

The West Bend West girls edged West Bend East for the team title 141-1/3 - 135. Hartford finished third with 119-5/6 points and Kewaskum tallied 71-1/2 points. Germantown finished fifth with 59-5/6 points, Slinger was sixth with 57-1/2 points and Kettle Moraine Lutheran scored 33 points.

Highlights for the Kewaskum girls' team were three seconds and three thirds. Nicole "Coco" Herrmann placed second in the shot put with an indoor career best toss of 34'8-1/4". Schmid of WBE won the shot put with a throw of 36'1/2". Jenna Roecker finished second in the 50 yard high hurdles with a time of 8.01 seconds. Lemke of WBE won with a time of 7.47 seconds.

The Kewaskum 10 lap relay team of Becky Herriges, Breyan Donath, Jenna Roecker, and Jessi Graham finished second with a time of 4:10.6 (four minutes and 10.6 seconds). WBW won the 10 lap relay with a time of 4:01.9.

Herriges also finished third in the 50 yard dash in 6.90 seconds, third in the 440 yard dash with a time of 1:08.5, and seventh in the long jump with a distance of 13'11-1/2". Benson of Hartford won the 50 yard dash with a time of 6.77 seconds, West Bend West star, Steinhafel, won the 440 yard dash in 1:04.1 and Lemke of WBE won the long jump with a jump of 15'6-3/4".

Jolene Clark placed third in the high jump with a jump of 5'0" and teammate Kayla McCormack placed seventh at 4'8". Duncan of Hartford won the high jump with a jump of 5'2".

The six lap relay team of Jenna Roecker, Amanda Donath, Breyan Donath, and Jessi Graham, finished fourth with a time of 2:18.0. WBW won with a time of 2:16.9.

Robin Thelen, a freshman, finished fifth in the mile run with a time of 6:26.0. Klemundt of Germantown won with a time of 6:09.1.

The four lap relay team of Katie Fahney, Megan Butler, Natasha Lawrence, and Amanda Donath finished fifth with a time of 1:35.2. WBE won with a time of 1:26.8.

Amanda Donath also finished fifth in the 50 yard low hurdles in 8.92 seconds. Jessi Graham, a junior and first year pole vaulter placed fifth in the pole vault with a height of 7'6" and seventh in the 213 yard dash with a time of 29.2 seconds. Rusch of Hartford won with a time of 27.2.

The 20 lap relay team of Jenny Bischoff, Mandy Will, Natasha Lawrence and Rachel Shea also finished seventh and Johannajo Schicker, a junior newcomer to track this season, tied for eighth at 7'0" in the pole vault.

The Kewaskum High School girls track and field teams travel to Oshkosh for the 23rd annual Oshkosh High School Invitational Indoor Track Meet on Tuesday, April 2. The 3200m relay, shot put, high jump and long jump start at 4:55. The pole vault starts at 5:30 and the trials in the 55m high hurdles start at 5:35 p.m.

Boys Finish Fifth at County Meet

KHS Boys' Track Season Preview

By Jerry Gosa

WEST BEND -- The Kewaskum High School boys' track and field team finished fifth at the Washington County Indoor Track and Field meet on Tuesday, March 19.

West Bend West won the team title with 135.5 points, easily outdistancing runner-up Slinger's 104 points. West Bend East finished third with 101.1 points followed by Germantown's 76.8 and Kewaskum with 67.5 points. Hartford and Kettle Moraine Lutheran finished sixth and seventh with 48.5 and 41.5 respectively.

Highlights for Kewaskum included the first place by Troy Koefler in the shot put with career indoor best of 47'2" and Chris Canter's first place in the long jump with an impressive leap of 20'10", that put him nearly two feet ahead of the entire

field of long jumpers.

Kewaskum's six lap relay team of Josh Uelmen, Matt Hartmann, Andy Lickel and Tom Ogi finished second in 1:58.5, just 0.4 seconds behind West Bend East.

Mike McKee tied for second in the pole vault with a jump of 11'6" with Snyder of Germantown. Nate Susnik of West Bend West won with a height of 14'0".

Tony Fitts and Chris Canter finished 2-3 in the 50 yard dash with times of 5.99 and 6.01 seconds respectively after the apparent winner in the race was disqualified. Dan Goesch of Germantown moved up from second and won with a time of 5.79 seconds.

Andy Lickel tied for third in the 213 yard dash with a time of 24.9 seconds. Stewart of Germantown won with a time of 24.5 seconds.

Matt Hartmann finished fourth in the 50 yard high hurdles with a time of 7.35

seconds. Knaebe of West Bend East won with a time of 6.89 seconds.

Other Kewaskum placers were the following athletes, their events and times or distances: Bryan Kraft, sixth in the two mile run with a time of 11:55.8; Tom Ogi, sixth in the high jump at 5'4" and eighth in the long jump at 18'-1/4"; and Mike Wagner, eighth in the 50 yard intermediate hurdles with a time of 7.92 seconds.

The Kewaskum High School boys' track team travels to Oshkosh on Thursday, March 28, to compete in the 30th annual Oshkosh High School Invitational Track Meet at the University of Wisconsin - Oshkosh Kolf Sports Center. Long jump competition begins at 4:30 and the rest of the field events and the 3200 meter run begins at 5 p.m.

By Jerry Gosa

The Kewaskum High School boys' 2002 track season began on March 4. Head coach Jerry Gosa welcomed a total of 30 athletes of which 11 are returning letter winners.

Gone from last year's team that placed third at the WIAA State Track and Field Meet are the following athletes: Charlie Sparks - three time MVP, who placed second in the discus at last year's state meet and anchored both the 4x100m relay and 4x200m relay teams to state championships; Kevin Miller, who ran on the 4x100m relay team; and Josh Parrent, who tied for second at the state track meet in the pole vault.

Returning senior letter winners and state competitors from last year's state meet are Chris Canter, Tony Fitts and Tom Ogi. Canter and Fitts ran on both the state championship relay teams and Ogi ran on the 4x200m relay team that set the state record. Canter and Fitts both also qualified for state in the long jump where Canter placed sixth.

Letter winners Andy Lickel and Matt Hartmann, both juniors, along with sophomore Josh Uelmen and senior Travis Cochenet will provide help in the sprints and sprint relays. Hartmann also hurdled last year and ran on the 4x400 relay team. Hartmann and Lickel both triple jumped last year. Cochenet is also a 300m hurdler.

Junior letter winner Troy Koefler who just missed qualifying for state will provide a strong force in shot put for the Indians and junior David Cibulka will be the team's number one thrower in the discus. Mike McKee, also a junior letter

winner returns in the pole vault and teammate Kurtis Cochran should also provide help in the pole vault.

David Wicklund, who lettered as a freshman, returns to provide needed help in the 400m dash and the 4x400m relay. Luke Kehres, a senior three-year letter winner, who ran both the 400m and 4x400m relay is out for the season because of a knee injury and will definitely be missed.

Letter winners and seniors Bryan Kraft (3200m run), Tom Ramthun (3200m run), and Chris Baker (1600m run) bring experience to the distance corp. Freshman Josh Meyer, Eric Nass, and Alex Herriges should provide needed distance help for the next few years.

Other athletes out for track and their events are as follows: Kyle Darmody - high jump, Kyle Rabuck - high jump, Nate Steiner - 400m, David Rhoads - shot puts and sprints, Bill Thelen - shot put, Dan Willkomm - shot and discus, Adam Woebeking - sprints, Brett Zimdars - shot and discus, and Mike Zingsheim - 4x400m relay. Freshman Justin Foley might miss the season due to injury.

The following is the team composition by grade level: seniors - eight, juniors - 13, sophomores - three, and freshmen - six. Based on the team composition this year, next year's boys' track team will definitely be looking for additional athletes.

All the track coaches return from last year and include the following coaches and their discipline: David Rizzardi - shot put and discus, Ellen Kuphal - hurdles, Randy Backhaus - distance, Nate Weseman - pole vault, Bill Cain - high, long, and triple jump, and Jerry Gosa, sprints and relays.

KHS Girls' Track Season Preview

By Jerry Gosa

The Kewaskum High School girls' 2002 track season began on March 4. Head coach Jerry Gosa welcomed a total of 38 female athletes of which just six are returning letter winners.

Gone from last year's team that placed second in the Eastern Wisconsin Conference are the following athletes: Colleen Gosa - two-time MVP and two-time state qualifier in the discus, who also competed in the shot put, 1600m run and 800m run in every meet for four seasons; Emmy Foerster, who qualified for state in the 100m high hurdles, ran on the 800m relay and pole vaulted; pole vaulters Jacki Krueger; sprinters Tina Lindgren, and Kristin Schiller; distance runners Kelly Darmody, Heather Hackbarth and Emily Rinzel, and high jumper and triple jumper, Jody Wichtoski.

Junior returning letter winners and eighth place finishers in the 4x400m relay at the State Meet last year are Becky Herriges, Breyan Donath, Jenna Roecker and Jessi Graham.

Returning senior letter winners are Nicole "Coco" Herrmann in the shot put and Jolene Clark in the high jump. Both Herrmann and Clark qualified for sectionals last year with Herrmann missing out on going to state by one inch in the shot put.

The following is the team composition by grade levels: seniors - four; juniors - eight, sophomores - eight, and freshmen - 18, for a total of 38 athletes.

Hurdling should be a

strong point for the Lady Indians with Jenna Roecker providing good leadership by example and sophomore Megan Butler looking stronger and freshmen Amanda Donath and Bobby Jo Parbs, also showing promise.

High jump appears to be in great shape with senior Jolene Clark and freshman Kayla McCormack, who jumped 4'10" at the Kewaskum Indian invite earlier in March. Last year's long jumpers Stacy Muckerheide and Becky Herriges are joined by freshman Brooke Wagner and Jessie Butler.

Nicole "Coco" Herrmann is number one in the shot put and Montana Schicker should provide help in the shot put once her drivers education classes are over. With the outdoor season still a couple of weeks away the discus and triple jump are still big question marks. Freshmen Claire Spang, Brooke Wagner, Shannon Grager and Katie Kowalczyk are also shot putters.

Pole vaulting has attracted a lot of attention from senior Betsy Marx, juniors Jessie Graham, Breyan Donath, Johannajo Schicker, sophomore Jenna Degner, and freshman Bobbyjo Parbs and Amanda Magnus.

With the loss of all the senior distance runners, Distance Coach Randy Backhaus is happy with the work ethic of the freshmen distance runners which include Robin Thelen, Kate Ginocchio, Kayla McCormack, Katie Patterson and Kim Wunsch. Junior distance runners Mandy Will and Amy Fehlhaber and

sophomore Rachel Shea will provide leadership to the young distance group.

The sprinters will be led by senior Stacy Muckerheide and junior Becky Herriges, along with sophomores Katie Fahney and Allison Janz, and freshmen Amanda Donath, Amanda Magnus, Rachel Dums, Melissa Schmidt, Kelly Jacobi and Jamie Treptow.

The 400m dash will be anchored by Jessi Graham, Becky Herriges, and Breyan Donath, along with freshmen Jenny Bischoff, Jessie Butler, Amanda Donath and Natasha Lawrence.

The KHS girls' team, and boys' team are coached by Dave Rizzardi, Ellen Kuphal, Randy Backhaus, Nate Weseman, Bill Cain and Jerry Gosa.

TO THE ELECTORS OF WASHINGTON COUNTY:**

Notice is hereby given of a spring election to be held in Washington County, on the second day of April, 2002, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in the appropriate office, are given under the title of the office, each in its proper column, together with the questions submitted to a vote for referendum, if any, in the sample ballots below.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

At the spring election, where lever machines are used, the elector shall depress the lever at the right of the name of the candidate for whom he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall write in the name of the person of his or her choice in the space provided for a write-in vote. On referendum questions, the elector shall depress the lever at the right of "yes" if in favor of the question, or the elector shall depress the lever at the right of "no" if opposed to the question.

Where marksense voting is used, the elector shall fill in the oval

next to the name of the candidate of his or her choice for whom he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall write in the name of the person of his or her choice in the space provided and fill in the oval on the write-in line. On referendum questions, the elector shall fill in the oval in the space next to "yes" if in favor of the question, or the elector shall fill in the oval next to the space designated "no" if opposed to the question.

The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. Not more than five minutes' time shall be allowed inside a voting booth. Unofficial ballots or a memorandum to assist the elector in casting his or her vote may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

After an official marksense ballot is marked, it shall be inserted in the security sleeve (if one is provided) so the marks do not show. After casting his or her vote, the elector shall leave the booth, insert the ballot in the voting device and discard the sleeve, or deliver the ballot to an inspector for deposit. The elector shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing, or understanding English, or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.

The following is a facsimile of the official ballots.

Each ballot will include the **Court of Appeals, District 2**. In addition, each ballot will have a **County Supervisor and School District Office**, where applicable, **Municipal Offices** and **Referendum**.

ADDITIONAL INSTRUCTIONS FOR VOTING ON LEVER MACHINES

Move the RED HANDLE to the RIGHT to close the curtain. **TO WRITE IN A PERSON'S NAME NOT PRINTED ON THE BALLOT.** Raise the slide (located at the top of the machine) having the same column number as that office and write in name on paper exposed. **DO NOT** raise the slide unless you intend to write in a name not appearing below, once you raise a slide you cannot turn down a lever below. **IF YOU CHANGE YOUR MIND AT ANY TIME, TURN UP THE LEVER AND TURN DOWN ANOTHER FOR THE SAME OFFICE.** As no votes are registered until the Red Handle is moved to open the curtain, you can make as many changes as you desire while the Red Handle is at the right side. The machine is so arranged that you may depress the lever for only the proper number of voting levers for each office; you cannot spoil your ballot by voting for too many candidates. **LEAVE VOTED LEVERS DOWN.** No one will know how you have voted because the movement of the Red Handle returns the voting levers to the unvoted position before the curtain begins to open. **Move the RED HANDLE to the LEFT and leave the voting booth.**
