## Regal Ware Acquires West Bend Company

Regal Ware, a major employer in the Kewaskum area announced Monday the acquisition of its primary competitor, The West Bend Company. Closing will take place Thursday, October 31. Financial details of the acquisition were not disclosed.

"For 57 years, Regal Ware and The West Bend Company have been aggressive but friendly competitors," said James D. Reigle, chairman of the board of Regal Ware, Inc. "We can now join forces and use our combined strengths to focus on worldwide competition."

Regal Ware has acquired the assets of The West Bend Company's Premiere Cookware, Water Systems and Housewares business units. The terms of the acquisition also include The West Bend Company's manufacturing facility at 1100 Schmidt Road.

Following the acquisition, revenues of the new company are projected to be approximately \$200 million.

The two companies specialize in the manufacture of high quality cooking products marketed through direct sales distribution channels. The similar struc-

ture of the two companies, which were in competition not only with each other but also with international manufacturers, made the acquisition a natural, according to Jeff Reigle, president and CEO.

The West Bend Company was a business of Illinois Tool Works, Inc. (NYSE:ITW), Glenview, Ill., a \$9.3 billion diversified manufacturer of highly engineered components and industrial systems. Negotiations had been underway between ITW and Regal Ware since January 2002.

At a meeting held on Monday, October 7, with employees and union leaders, President and CEO Jeff Reigle informed all employees that The West Bend Company products will continue to be marketed under the well-known West Bend brand name. Reigle also announced that Regal Ware management, along with the assistance of West Bend management, will be evaluating all aspects of both businesses and will develop long-term strategies for the creation of the new company.

Regal Ware, a privately held company, was founded

in Kewaskum in 1945 as a cookware manufacturer and has since grown into one of the most widely respected names in the housewares industry. Product offerings, which include range-top cookware, coffeemakers, electric appliances and water filtration systems, are available through independent distributors. A separate commercial division primarily services restaurants and hotels. Regal Ware products are available throughout the United States, Canada, Mexico, Asia and Europe.

## Mike's Country Meats To Celebrate Grand Opening This Weekend

Andrew Kuehl  
Staff Writer/Photographer

Over twenty years in the making and it's finally here. Mike's Country Meats has opened their doors to the Kewaskum community and beyond.

Originally operating out of their home Mike and Lora Nitschke have brought their meat and more to Kewaskum's downtown.

With over 20 years in the meat cutting business, Mike couldn't be happier.

Mike recalls getting his start in the business back in 1978 working with Norb Rohlinger, of Kewaskum in the meat department at Geidel's Sentry. The store which was located where the municipal parking lot now stands, just across the street from Mike's Country Meats. Mike also processed deer for friends at his home. That business grew and was operated annually every deer season as it will with this one.

In 1989 Lora was faced with losing her job due to company lay-offs and got into the wood craft business for herself. She says that was actually the initiation of Dairyland Delights, a business transacted by Mike, Lora and their family in 1990.

Dairyland Delights was also operated from their

home and included help from Mike's mom, Marge, and his sister, Charon, who has passed away.

With work increasing at Mike's job at that time, it was ultimately decided to dissolve Dairyland Delights and go back to corporate America.

The idea for the country meat market came to Mike and Lora after they lost their jobs with corporate America.

Lora states, "I went over my life, thought about when I was happy and when I wasn't. I realize I wasn't happy working for someone else and that I was happy when I was working for myself."

So an addition was built on to the house to serve as a formal meat market that could be state inspected to sell fresh meat.

Lora then attended Moraine Park Technical College and took courses on small business management.

The process of filling out paperwork with the state was a lengthy one, but soon the Nitschkes were making sausage and pleasing their deer processing customers who encouraged Mike in the first place.

"Everyone kept asking, 'When are you going to start making sausage?' so that is really what led me to do this," Mike stated.

Lora, who says she is normally the one to second

Mike and Lora Nitschke, owners of Mike's Country Meats.

guess ideas, said, "I wasn't one bit afraid to try this."

Shortly after building the processing plant at their home, Mike and Lora noticed the perfect building for their meat market was for sale. An appointment was made with local realtor Joanie Strobel to look at the former Timblin Trucking office. That was last fall. After a busy deer processing season, the thought left their minds. This spring things again got serious and by July 31 they had closed on the property and their commitment began!

"It's been a fun adven-

ture," adds Lora.

They opened exactly 32 days later with much help from friends and contractors working well into the night and early in the morning.

Currently Mike and Lora carry a full line of fresh meats, Mikey's homemade pizzas, seven varieties of brats and three different types of sausage, fresh, made-to-order sandwiches, cheeses and assorted Kemps dairy products. Sundays bring hot ham and bakery fresh rolls. Mike's Country

## Biased UWSC Poll Does Not Reflect Thompson Support

**Tomah-** The University of Wisconsin Survey Center poll on the governor race released last week proves that you get out of a poll what you put into it. A biased poll will give you biased results. The poll was conducted in a way that guarantees that its results underestimate Ed Thompson's support.

First, the poll includes only the views of registered voters, instead of all eligible

## Changes In Kettle Kountry Shuttle Service

According to Johnson Bus Service personnel, there have been a few additions to the pickup points and time changes for the shuttle bus service at this weekend's Kettle Kountry Kolors Festival in River Hill Park.

Shuttle service will begin at 9 a.m. on Saturday and end at 6 p.m. On Sunday, the service will begin an hour earlier, at 8 a.m., to accommodate those who wish to attend the Sno Chiefs Pancake Breakfast and the Ecumenical Church Service being offered by Peace United Church of Christ in the park. The last shuttle bus will leave River Hill Park on Sunday at 5 p.m.

Passenger pick-up points will include the Johnson Bus parking lot on the east outskirts of the village; Regal Ware parking lot on Reigle Drive; Kewaskum Mall parking lot on the south end of town; the West Bend Clinic - Kewaskum parking lot on the north end of town; the Municipal parking lot on Main Street in the village; the Peace Church parking lot on Main Street; River Hill Park West on Park View Drive (south), and River Hill Park East on River View Drive (south).

The shuttle service, as in other years, is provided by Johnson Bus Service. Pick-ups will continue all day, Saturday and Sunday, and be made every 15 to 20 minutes.

voters. Thompson is expected to receive a large amount of his support from people who are not registered to vote--new voters who register on election day to vote for an outsider, independent candidate who pledges to bring real reform to state government. Excluding unregistered voters from the poll excludes likely Thompson voters.

Second, the question asking who one would vote for in the governor race includes flagrant anti-Thompson bias. It discourages people from saying they would vote for Thompson by editorializing that Thompson is not a competitor in the governor race. The bias in the question also taints all 14 questions following it in the poll. The question states:

"The ballot for Governor this year is a race between Scott McCallum as the Republican, and Jim Doyle as the Democrat. Also on the ballot are Ed Thompson for the Libertarian Party and Jim Young for the Green Party. Which one will you vote for, or haven't you really made up your mind yet?"

It is amazing as many people as did said they would vote for Thompson right after being misinformed that there is no reason to vote for Thompson because he is not even part of the governor race.

Why can't we just have a fair poll?

# Mike's Country Meats

Continued from page 1

Shown above is the outside view of Mike's Country Meats, Kewaskum's newest meat market. Located in the Downtown district, they will be celebrating their grand opening this weekend.

Meats also offers cheese and sausage trays and their famous black popcorn from Dairyland Delights.

The future will bring cheese and sausage gift packages, homemade soups, and a baking oven that will be used to provide fresh bakery items daily. Lora hopes to have ice cream this coming summer.

"It's getting busier and

busier everyday. The reception of the people of Kewaskum has been overwhelming," said Mike.

Currently they employ a salesman and part-time meat cutter, but everything else is done by Mike and Lora and their three children, Scott, Randy and Christina. Many friends have also continued to help.

## Booth Space Available for Kettle Kountry

There are still a few booth spaces available for the annual Kettle Kountry Kolors family fun festival being held Saturday and Sunday, October 12 and 13 in Kewaskum's River Hill Park.

## Thiemer Clan Visits 'Tonight Show'

Left to right: Kirt and Mandy (Thiemer) Norris, Evie Thiemer, Jay Leno (saying "Mom"), and Richard Thiemer.

Richard Thiemer, Evelyn Thiemer and Kirt and Mandy (Thiemer) Norris got a chance to pose with Jay Leno before the taping of the "Tonight Show" on Monday, September 23 in Burbank, California.

Meeting the stars and getting on a game show in Hollywood proved to be more challenging than it first appeared. Many shows require you to pick up or send for tickets before the show's taping date, but that does not guarantee you a seat in the audience.

People start arriving to stand in line earlier than 5 a.m. for an afternoon taping in many cases. The process may require meeting with several producers and answering questions, however, most of the time is spent waiting in line.

They do provide some concessions and, of course, promotional items for sale. Some shows have shorter waiting times but even a "short" wait is often four

hours (standing on a sidewalk in the heat of the day).

The Thiemer Clan tried to get on the "Price is Right" and even though they followed all the suggested rules, they didn't make it into the audience. Of course, there was seven hours of waiting and hoping before they actually announced that the studio was filled. They were about

eight people too late. Altogether they turned away about 30 people that day.

Richard stated, "It was a good experience and we found waiting in line gave us lots of time to meet people from other states and countries, each one hoping to get on TV. We hope some of them made it!"

## PRAYER OF THE BLESSED VIRGIN

(Never known to fail)

Oh, most beautiful flower of Mt. Carmel, fruitful vine, splendor of Heaven. Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. Oh Star of the Sea, help me and show me here you are my Mother. Oh Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. Oh Mary, conceived without sin, pray for us who have recourse to thee (three times). Say this

prayer for three consecutive days and then you must publish and it will be granted to you. Grateful thanks.

## LOCAL EVENTS

### KHS Musical: The Pajama Game

The show opens as Hines (Kyle Lickel) dances on to the accompaniment of a musical vamp, and introduces the play as, "a very serious drama," which is, "full of symbolism." He tells the audience he works as a Time Study man at the Sleep Tite Pajama Factory in Cedar Rapids, Iowa, and sings how much he enjoys working there ("The Pajama Game"). The show then continues on and only gets better and better. Sit back and relax to such great songs, such as, "Hey There" and "Hernando's Hideaway." Members of the cast

include Randy Hestekin (Prez), Frank Cole (Joe), Nathan Behring (Hasler), Alison Yanke (Gladys), Abe Foerster (Sid Sorokin), Jenny Harter (Mabel), Sarah Karrels (Babe Williams), Amy Fehlhaber (Mae) and Kurtis Cochran (Max).

Tickets will be available on Monday evening, October 14, in the music area of the high school. They will be available in person from 6:00 to 8:00 PM. Cost of the tickets is the same as the past few years and all seats are reserved. You will be able to purchase \$5.00 seats,

which put you close to the stage, \$4.00 seats, which aren't as close, but are still on the floor, and the \$3.00 bleacher seats.

After October 14, tickets may be reserved in person in the Choir room, or by simply calling the high school at 626-8427, extension 5471.

There will also be a FREE performance for all area senior citizens on Thursday, October 31, beginning at 4 p.m.

### Library Book Sale

The Kewaskum Public Library is having a book sale on Friday, October 11 and Saturday, October 12. Books, videos, audios, children's material will be available. Stop by the library on your way to Kettle Kountry Kolors.

The book sale will be held in the Community Room across the hall from the library. Hours are 10 a.m. to 5 p.m. Friday and 9 a.m. to 1 p.m. on Saturday.

### Give Your Time on Make a Difference Day

Make a Difference Day - the nation's largest day of community service - is scheduled to occur in Washington County on Saturday, October 26th through the work of the Volunteer Center of Washington County.

The Volunteer Center links volunteers to 52 agencies that help meet community needs. Four special projects will benefit from volunteer time and talent. Volunteers are invited to sign up through the Volunteer Center to join 2.6 million other volunteers nationwide to provide valuable service on this annual Make a Difference Day effort.

Ozaukee/Washington Land Trust will be working with volunteers to preserve and recreate natural prairies by picking important prairie species from one area and transplanting them into a new prairie.

Senior Citizens Activities, Inc. will be assembling "rainy day" packets of personal items for distribution to senior citizens. They will also be organizing several other indoor projects for individuals, families, and groups to work on.

Lac Lawrann Conservancy will be taking volunteers on a Buckthorn Brigade. Volunteers will be working to cut down and stunt the growth of this invasive plant that is not native to Wisconsin.

The University of Wisconsin - Extension will be hosting a clean-up of the Community Garden they created this past spring. Children have used this garden as a learning tool throughout the summer. Volunteers will do garden clean-up, cut corn stalks, and build compost bins.

Volunteers give their hearts and hands every day in Washington County -

come, be a part of it! If you, your family, or your group would like to volunteer for one of these projects on October 26th and become part of this national day of service, please call the Volunteer Center of Washington County at 262-338-8256. Shifts are usually 2-3 hours.

## KEWASKUM SCHOOL NEWS

### St. Lucas School Installs New Playground Equipment

The new playground equipment being installed at St. Lucas.

### KHS Band to March In New York Parade

Submitted by:  
Cathy Kunes

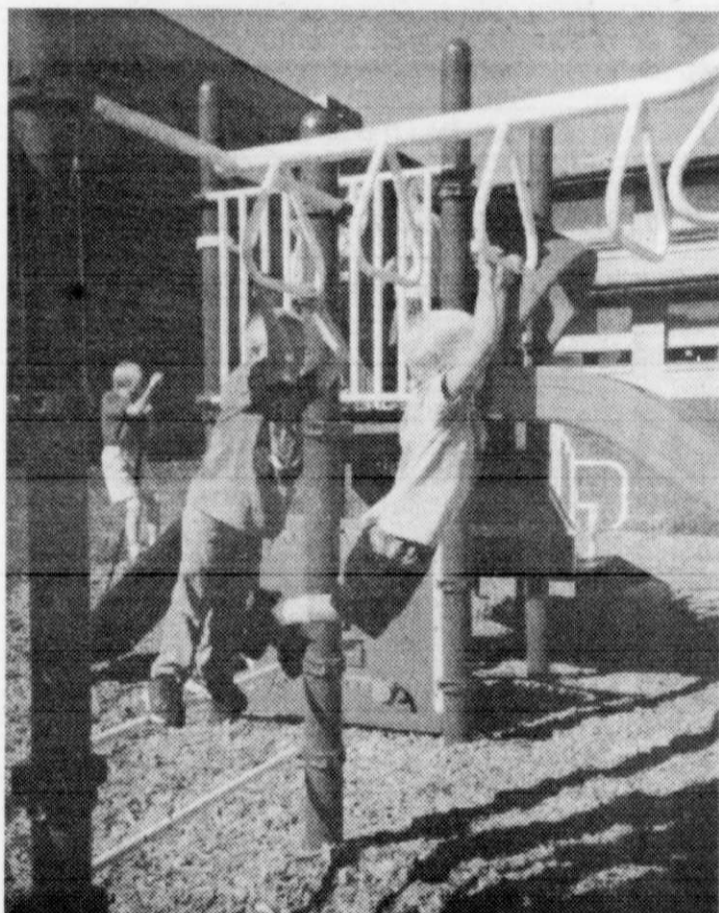

On Monday, November 11, 2002, the Kewaskum High School Marching Band has the privilege of representing Wisconsin in the Nation's Day Parade on Veteran's Day in New York City honoring all veterans and servicemen and women presently in the military. The city anticipates one million people lining the streets of New York in addition to tape-delayed television broadcast audience.

The Kewaskum High School Band is one of 25 high school groups from across the country invited to participate based on a video taped audition submitted to the parade committee. They will leave Kewaskum on

Friday, November 8 and return on Tuesday, November 12.

Each student and their family are expected to pay their own expenses for the trip. In order to defray some of the costs of the nearly \$35,000 trip, the band has been busy with fundraisers, having just completed the sale of magazine subscriptions and selling pizzas and quiches.

Donations are also being graciously accepted and can be forwarded to the Band Director, Keith Reynolds, Kewaskum High School, (262) 626-2166 ext. 4570. Please support our students in any way possible.

### Rieden Chosen As Commended Student

Principal Donn Woolweber of Kewaskum High School announced that Valerie Rieden has been named a Commended Student in the 2003 National Merit® Scholarship Program. A Letter of Commendation on from the school and National Merit Scholarship Corporation (NMSC), which conducts the program, will be presented by the principal to this scholastically talented senior.

Being recognized for their exceptional academic promise are a total of about 34,000 Commended Students throughout the nation. Although they will not continue in the 2003 competition for Merit Scholarship® awards, Commended Students placed among the top five percent of more than one million students who

entered the 2003 competition by taking the 2001 Preliminary SAT/National Merit Scholarship Qualifying Test.

An NMSC spokesperson commented, "The young men and women named Commended Students have demonstrated outstanding potential for future academic success by their high performance in the extremely competitive National Merit Scholarship Program. These scholastically talented youth represent a valuable resource to our nation; it is important to publicly recognize their attainments and to credit schools for the important part they play in their development. We hope this recognition will help broaden the educational opportunities of Commended Students and encourage all students to develop their abilities to the fullest."

As has been the case so many times over the past 125 years, our Lord has moved His flock with donations of time, talent and money. St. Lucas School is excited to announce the recent installation of new playground equipment for Christ's little lambs. This, of course, would not have been possible if not for our Lord's blessings and the hard work and donations of His flock.

St. Lucas Evangelical Lutheran Church and school would like to express its deepest thanks to those who volunteered their time and talents along with those who provided donations to help raise money.

A special thank you goes out to Wendy Graff, Scott and Patti Derge, Heidi Olson, Keith and Kim

Johnson, Brian and Debbie Keller, Audra Beyer, Lori Long and Beth Marquardt as members of the Playground Committee; Chad Graff, Gary Seefeldt, Bruce Keller, Jeff Schulz and Steve Straussburg for their hard work and donations of time and equipment; Roger Wilson, Bill Kohlwey, Karen Scheuneman and Lucille Marquardt for their donations of supplies for the ice cream sundae fund raiser.

The first phase of this project is now complete. Funds are currently being raised to complete the second and final phase of this project. If you wish to make a donation for this exciting project, please stop by or call St. Lucas at (262) 626-2680.

## Cast Announced For UWWC Fall Production

WEST BEND - The University of Wisconsin - Washington County's Theatre on the Hill is currently in rehearsal of "The Cripple of Inishmaan" by England's most talked about new playwright, 32 year-old Martin McDonagh. McDonagh proves to be an adept storyteller, with a keen eye and ear for capturing both the humor and sadness of the isolated people of the Island of Inishmaan, a rocky three-mile long stretch of land off the west coast of Ireland.

The time frame is circa 1934 and the extraordinary event to jolt the Inishmaans out of their relentlessly uneventful existence is that rival of a Hollywood film director planning to make a historical documentary, The Man of Aran. The movie provides official "newsteller" and gossipmonger, Johnny pateen-mike (George Caldwell of Fond du Lac), with a real scoop after years of reporting only trivial squabbles and misbehavior while at the same time plying his ol' mammy (Mary Wittmann of West Bend) with whiskey to shut her up over the stern objections of Doctor McSharry (Casem Abulughod of Saukville).

The island's young people - Slippy Helen (Kate Barker of West Bend) and

her brother Bartley (Josh Yochem of West Bend), along with Babbyboddy (Brian Londo of Iron Ridge) are determined to be part of this film. No one is as excited, however, as the title character, Cripple Billy (Christopher Minz of West Bend) who views this film as his one chance to escape the place where even his well-intended "aunties" Kate (Peggy Strang of Random Lake) and Eileen (Michelle Retzlaff of Fond du Lac) see nothing wrong with appending the word "cripple" to his name.

As we follow Billy's heartbreakingly funny odyssey and its effects on the other islanders, we discover that while hardly filled with the milk of human kindness, the people of Inishmaan are nevertheless sympathetic. Their intentions are so hilarious that you tend to forget the underlying desperation in Billy's flight away from the petty feuds and thoughtless cruelty.

This funny, sad and exhilarating play is directed and designed by Professor Brad Ford who is assisted by Mary Beth Emmer. The performance dates are October 25, 26 and November 1, 2 with a curtain time of 7:30 p.m. For tickets and reservations, phone (262) 335-5208.

# WB Clinic's Pediatric Dept. Open House Oct. 19

Parents and children are invited to attend a Fall Open House in the new Pediatrics Department at the West Bend Clinic on Saturday, October 19 from 10AM- 2PM. The event focuses on a health and safety theme, with free car seat safety checks and booster seat giveaways. Pediatricians Dr. Brandt Mylott, Dr. Julie Harvey and Dr. Andrew Guminski from the West Bend Clinic will be on hand to meet with families, answer questions and guide tours of exam areas. A representative from the West Bend Police Department and from the Wisconsin State Patrol will be at the West Bend Clinic to assist with the safety checks and discuss safety tips. The Open House will be held at the West Bend Clinic, 1700 W. Paradise Dr., West Bend.

Additional activities include Halloween safety tips, giveaways, refreshments and lab and x-ray tours for parents and children. Children's activities include the fish pond game, guessing game, coloring contest, kids tattoos, and more.

Statistics show that at least 80% of all car seats are installed incorrectly or pose a danger if the vehicle were in an accident. Many are installed too loose, are used wrong, are old or may have been involved in a prior crash or have been recalled by the manufacturer. Certified safety technicians will conduct the checks and provide valuable information parents need to know to meet the safety standards for use of car seats and booster seats. Parents must bring the child along for the safety check to be completed correctly.

Booster seats for travel will also be given away for free to parents who have the child present. Safety belts

do not fit most children properly until at least age 8 or 80 pounds. Serious injuries can occur in a crash due to incorrect belt positioning. Booster seats will be given away while supplies last. The child must be present with the parent to receive the booster seat.

As a general rule, infants should ride in a rear-facing car seat until they are at least 20 pounds AND a year old. Children over one year weighing between 20-40 pounds can sit in forward-facing car seats. Children between 40-80 pounds should use booster seats. The correct use of car and booster seats can prevent injuries and save lives.

The Pediatricians will provide a variety of health and safety information, as well as immunization and growth cards. The Open House allows parents an opportunity to personally meet the new Pediatricians to help with the selection of a physician.

Drs. Mylott and Harvey see patients at the West Bend Clinic, with evening hours Mon-Thurs until 8pm, and select Saturday morning pre-scheduled appointments. Dr. Guminski sees patients in Jackson and Kewaskum.

Dr. Mylott, Pediatrician, specializes in pediatrics with an interest in pediatric skin conditions and asthma. He completed his residency and internship at Children's Hospital of Wisconsin, Milwaukee. Dr. Mylott received his Medical Degree from Rush Medical College in Chicago, Illinois, and is board eligible in Pediatrics.

Dr. Harvey, Pediatrician, holds a special interest in development and behavior, preventative medicine and asthma. She received her Medical Degree from the Medical College of Ohio in

Toledo and served her internship and residency at the Medical College of Wisconsin in Milwaukee. Dr. Harvey is board eligible.

Dr. Guminski, board certified Internist/Pediatrician, has a special interest in certain skin conditions, management of obesity/weight loss, and adolescent medicine. His internship and residency in combined internal medicine and pediatrics were completed at Hurley Medical Center-Michigan State University, where he received the Hurley Apple Award for Clinical and Care Excellence. During his residency he served as Chief Resident. Dr. Guminski received his medical degree from St. George's University School of Medicine.

The West Bend Clinic has locations in West Bend, Jackson and Kewaskum, and also operates the West Bend Surgery Center. Combined, the Clinic employs over 45 physicians who provide comprehensive primary and multi-specialty care. Evening appointments are available in Jackson and West Bend. Weekend walk-in care is also available at the West Bend location Saturdays and Sundays from 8am - 4pm.

## Kiwanis Club Still Seeking Old Cell Phones

The Kewaskum Kiwanis Club is asking cell phone users to answer the call and turn in used cell phones they no longer need to help raise funds for the various community projects the club sponsors. Collection efforts have been going strong for almost a year now. Over 300 phones have been collected thus far.

"The primary goal of our phone drive fundraiser is to collect wireless phones that consumers aren't using anymore," said the club's president Larry Ammel. "With more than 30 million used wireless phones lying idle in American homes and businesses, an individual can turn a used item into new funding that helps support our mission in a simple but effective way."

Any portable cellular or PCS phone is accepted, excluding bag phones of

vehicle-installed models. The Kiwanis Club will also take the phone's battery or charger, if available. All donors should deactivate the wireless service of any donated phones before turning them in.

"We're very excited about this new fundraising opportunity," said Ammel. "Not only will it benefit our organization, but donated phones that can't be refurbished are properly recycled to benefit the environment as well."

The public may donate their used wireless phones by mailing them to

### DIANNE H. PARDEE

Dianne H. Pardee, nee Marx, age 56, of Janesville, passed away Thursday morning, October 3, 2002 at Hospital Santa Monica in Mexico.

She was born on September 27, 1946 in Port Washington, the daughter of Edward and Louise (Schneider) Marx. On July 22, 1967 she married James A. Pardee in West Bend.

Dianne's entire life was devoted to serving and healing people. At age 8, she decided to become a nurse and this became a reality at Milwaukee County General Nursing School in 1967. She worked as an emergency room nurse at Milwaukee County General, St. Joseph's and St. Luke's Hospitals in Milwaukee and St. Joseph's Hospital in West Bend where she was also in-service director and assistant head nurse.

In 1978 she established in home nursing care in Rock and Green counties for Alpha Christian Registry, Aurora, IL.

In 1981, she graduated as a nurse practitioner for UW-Milwaukee/St. Mary's Hospital and worked in

Janesville until she started her own health counseling service, Vital Living Center, in 1986. Dianne was granted a B.A. Degree in Pastoral Counseling from LaFayette University in Aurora, CO in 1991. She became a certified Naturopathic Physician in 1998.

Dianne had a near photographic memory and was valedictorian in every phase of her education. Her thousands of clients, who came from all 50 states, Canada and Europe, loved and appreciated her knowledge, patience and kind gentle nature.

### A BIRTHDAY MEMORIAL

To Robert Felten

Those we love can never really leave us.

We feel their presence, like a gentle touch, whenever we remember moments shared and do again the things they loved to do.

In so many ways, they remain with us; their gently spirits part of all we do and all we are.

We will think of you on your special day, but that is nothing new.

Your memory is our keepsake with which we'll never part.

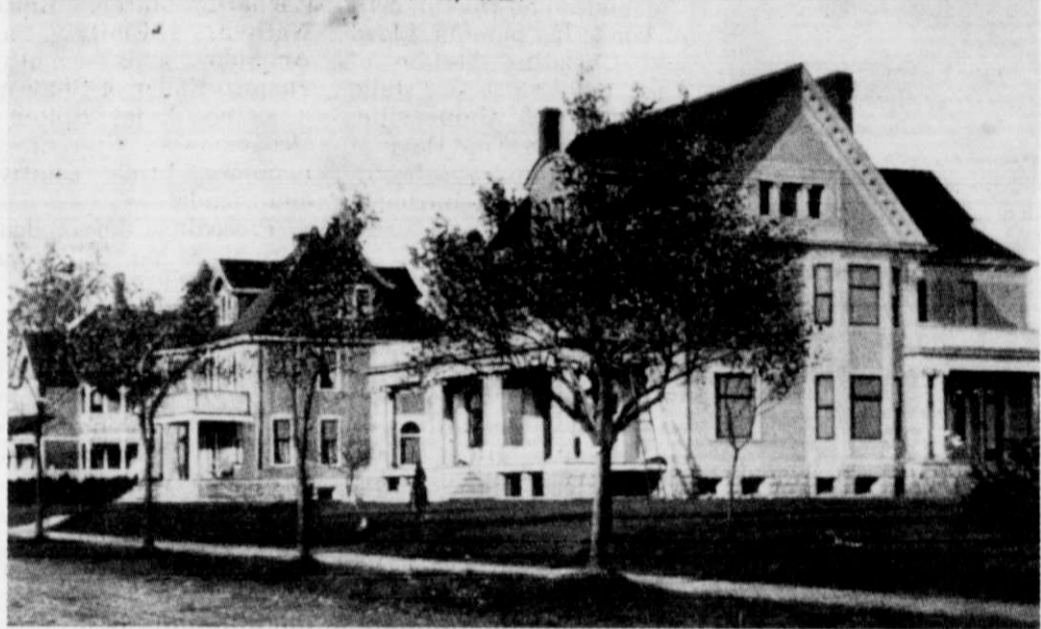

Happy Birthday Oct. 14

We will always miss you

### CARD OF THANKS

The family of ERWIN LAWRENZ would like to offer our sincere and heartfelt thank you. To all who assisted him and all of us during his illness and hospitalization and during our time of sorrow and grief, you have our whole-hearted gratitude. Your visitations, cards, prayers and well wishes have meant more to us than we can ever express. To all who contributed to his memorials, sent flowers and plants, food, bestowed in any way or just kept us in your thoughts, we will never forget you.

Special thanks to Vicar Ziemann, for spiritual guidance, visits and prayers. He

was a source of strength and well being. Our earnest gratitude goes to Dr. Herdrich and Nurse Joan for their excellent care and for the concern and compassion they have shown. To Miller's Funeral Home, we are grateful for the sympathetic and consoling way you made the arrangements for us. To our phenomenal relatives, friends and neighbors, we are thankful for the generosity you have shown and the support you have given us.

Although our time of bereavement is far from over, we are comforted in knowing there are people around us that we may go to and learn on for comfort and healing.

Our cherished husband, father, grandfather and great-grandfather will be dearly missed, but held in our hearts.

Thank you, to all, again,

### CARD OF THANKS

Our thanks go out to our family and friends and the friends of our beloved son JASON BUTSCHLICK, for all the prayers, love and support we received at this most tragic and difficult time.

Special thanks to Fr. Mark Jones for his most inspiring and consoling ser-

mon, Fr. Robert Berghammer, the pallbearers, Larry and Louise Martin, Washington County Sheriffs Dept., Kewaskum Floral, Holy Trinity Christian Mothers, Holy Trinity Choir and Mrs. Coult's 8th grade class. Also to any one who sent cards, memorials, brought food, flowers, ran errands for us and helped us in any way. It's truly God's blessing that there's so many people that care.

### To all of Jason's friends:

Our hearts go out to you all. We can see that Jason was very much a part of your lives as well as ours. The sparkle in his eyes and that beautiful smile with that distinguished laugh will always be part of us. We all know Jason is truly at peace in God's Kingdom. Our comfort is knowing that he didn't die alone. God was with him. There was a smile on his face, letting us know he was all OK. We hold you all very dear and know that Jason (Butchy), will always be in your hearts!

God Bless You All!

# Who's Afraid of The Big Bad Pig?

Jeanne Marchant tries to remain anonymous as she bets a buck for Aggie.

Dave "Digger" Twohig of Campbellsport practices his form as he plans to get down to Pig level, should he win the Kiss the Pig contest.

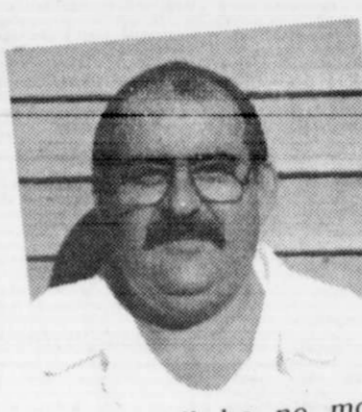

"What me worry?" Aggie thinks attitude is the whole concept behind this "Kiss the Pig" thing. She is firmly convinced that if hair grows back, so do lips!

Hey Culligan Man! (aka Ron Will) Piggy's waiting for you to pucker up.

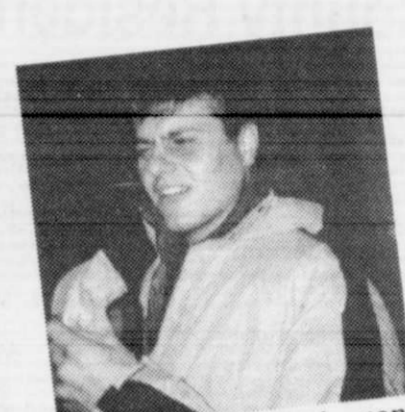

Richard Thieme, left, whispers a few tips into Bobbie Bonenfant's ear on how to Kiss a Pig. Is that why Bob is smiling so discreetly?

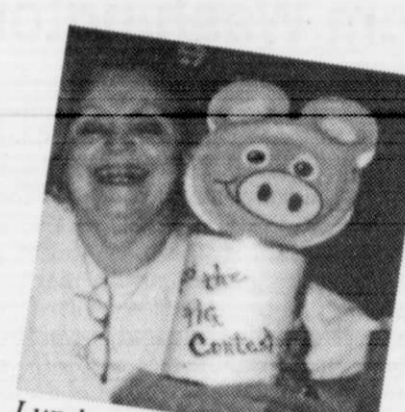

There will be no more bacon at the Platter if Roy Garbisch has to Kiss the Pig. Tammy wishes to remain incognito.

Jill Yancy says, "Do I have to?"

Ron Jon is a little confused as he asks, "And what am I supposed to do with this pig?"

Lynda Witt has a collection of pigs in every way, shape and form. Now she wants to get serious and show the live pig just how much he is appreciated!

Well pig fans, we have been on a long journey, but we have finally reached the end of the trail. For those of you who have abhorred our little "pig tales" next week you will be able to pick up the paper and not have to see piggies mournful eyes looking at you. This is the finale.

Alas, I have promised one last tale before I put my computer to sleep. And my promise I will fulfill. On Sunday, shortly after the Packers tear up the pigskin (oops... perhaps I should have reworded that!), one female and one male finalist will have all their wildest dreams come true, when they win the chance to slobber all over our precious pig. Piggie was extremely irate that he had to wait until after the game to pucker up, but alas, not even our dear Piggie can upstage the Packers!

Splattered all over these pages are candid photos of our finalists. It took months to secure these photos and most of the candidates were not all that happy to share them with us. As a matter of fact, most of the candidates don't even know we have them. And a few, I had to ply with liquor to be able to snap the shots. Not to mention almost having my camera stolen and securing a fantastic shot (by some rookie) of the ceiling fan at Woody's Steakhouse.

I was quite pig-headed in my quest to take these photos and no wasn't a word I chose to hear. But unfortunately, we have missed one photo which, at one time, we did have on file at the Statesman, but I feel gremlins must have charged the building late one night and absconded with our only photo of Tammy Garbisch. Perhaps little Piggie just stole the photo for his private collection. He has been known to do that sort of thing.

We tried to reach Tammy on Tuesday to take a "special" photo, but were abruptly told, "Tammy has left the building!" We asked if she was coming back, and explained our desperate

need to contact her for her piggie photo and were told that she has left the country to study with the Dahlilama. I asked if she would be back on time to attend Sunday's coronation, but they hung up on me. I guess that means yes.

Actually, I hear Tammy is not real pleased about sharing her lips with a creature of the farm, but her Silver Platter customers are having so much fun with this, she has been quite tolerant. Okay, somewhat tolerant. Okay... she's not a happy camper. I guess that in itself is a fun reason to vote for Tammy.

Tammy is just half of the tag team husband and wife pig kissing duo. Her husband Roy Garbisch is her counterpart. A lot of people aren't voting for Roy though, because he has openly threatened to take ham, pork AND bacon off the menu if he falls in love with the Piggie. I truly don't like to show any favoritism, or try to sway anyone's vote, BUT... you do realize this would be a first in pig-kissing history if Tammy and Roy could kiss the little feller together! I guess that's enough said about that or the next time we go for breakfast at the Platter, I will have blackened pancakes prepared especially for me by Tammy and Roy.

Onward... to other female candidates. There is Lynda "Frenchie" Witt. I sincerely hope she doesn't try anything funny with our piggie if she wins. He just wants a plain old American kiss... nothing fancy. Seriously, though, I hear the real reason they gave Lynda the nickname is because she was actually born in Canada and speaks fluent French. But then again, after a couple of Bud Lights, who would actually know if it was fluent or not?

The reason Lynda's "friends" got her into this contest is because she is an genuine avid "pig lover." She has been collecting pigs for 16 years and at last count had shelves and shelves loaded with over 350 pigs. She has pig dolls,

t-shirts, slippers, ornaments, earrings and every other pig curio known to mankind. Lynda said she had to get into the contest because anything with the word "PIG" in it just has to be a lot of fun. Finally... a contestant who is willing to work with me!

Also on the female list is Jill Yancy who works for B & B Productions Hair Salon in Kewaskum. That in itself just might be the reason Jill unwillingly got involved. I truly don't know who got Jill embroiled in these proceedings, but I did smell perm solution on her nomination papers if that gives anyone any clues.

I don't think Jill is as fascinated with the contest as some of our other candidates, but I think she has more or less resigned herself to the fact, whatever will be will be. In a few short days it will all be over with and this will all just be a very pleasant memory (or nightmare, depending on how you look at it.) Remember the wise advice of someone (me) who has unhappily been there... keep voting for your opponents! Just grin and bear it, Jill. At least the pig has a real curly tail!

Last, but certainly not least on the female end of the spectrum, are two of my personal favorites, Aggie Fleischman and Jeanne Marchant, aka Iggy and Jamjar. Just explaining the reason for the nicknames is more than anyone needs or wants to know. Iggy and Jamjar are often, lovingly referred to as "Woodchicks." This also is a long story, and I wanted to try and keep the candidate's synopsis as brief and kind as possible. (Yeah, right!)

Aggie, aka Iggy, aka Iggy the Eighth, works at Beta Systems, somewhere in the big city. She also helps out at Woody's Steakhouse. I can safely say I personally know how she got nominated. She missed a lot of Woodchick meetings on Thursday evenings in summer and her fellow chicks thought she didn't love them anymore. So beliger-

antly they wanted her to "pay" for ignoring them.

Iggy has not taken this contest too seriously though, because she already made the ultimate sacrifice when she had her head shaved for pledges to the American Cancer Society. Perhaps we could try that for Kettle Kountry next year?? If you decide to vote for Iggy, please specify on the ballot that you would like to see her kiss Piggie in her special gold lame party blouse. It was a special Christmas gift last year and I know that she would just love to model it!

And lastly, there is my friend Jeanne Jamjar Marchant (that's French for Marchant). Everyone knows Jeanne, but I don't think anyone truly knows Jamjar. Jeanne has been known to warble a beautiful tune at any given moment and of course, no wedding would be complete without Jeanne's rendition of the Noah song. Ask her... I dare you!

In her spare time, Jeanne works for the Wisconsin Department of Transportation where they actually PAY her to argue with people. Oops... I believe the word she used was... negotiate. She also figures out where roads are going to take their worst turns, so if any future highway cuts through your living room, Jeanne is the person to call. (I just know that on Thursday, Jeanne is going to hit my left arm and Iggy is going to kick my right leg.) I told you "chicks" I was going to get even! (Here's a quick clue... never, I mean, NEVER, sit in between Jeanne and Iggy. It's extremely hazardous to your health!)

I'm glad I didn't promise this article was going to be brief. And now, we have to give some harassment to the male potential pig-kissers, except for Roy, because I'm not ready to give up my bacon on Sunday!

Besides Roy Garbisch, our list of the male species includes Bob Bonenfant who is also a common

household name. Everyone knows Bob because he is that special someone who you hear on WBKV-WBWI radio. I am not familiar with your current title at the radio station, Bob, so I will just say, he is a MAJOR candidate. Not only is he famous (or at least that's what he tells us) but he is also a bit of prankster himself.

This time it seems to have backfired on him as his many fans have come out of hiding to drop votes in for him. And who was the guilty person who nominated Bob??? I certainly wouldn't let the cat out of the bag but I believe one of your nomination committee people is pictured on the above photo with you.

The story behind the photo of Bob is a very long one, but giving you the simple Reader's Digest version, let's just say Bob definitely lost the bet. Actually I think he looks pretty cute, but dressing up as a Dallas Cowboy cheerleader and walking down the streets of Kewaskum takes a special breed, so I'm certain Bob is up to the challenge of kissing a pig!

Another contender for smooching is Ron Will. Always up to another new adventure, I have heard that Ron is still just a kid at heart. Anyone who has seen the streets of Kewaskum in his refurbished hot rod also knows this for a fact. So I'm sure he won't object too strongly to playing with a farm animal for a short time. I also heard that Ron

the sale rack at Tux-R-Us. Dave is actively out soliciting votes, so I think he's pretty serious about this romance with Piggie. And like I have said before, the whole village of Campbellsport is behind Dave, hoping he won't let them down.

Now for the final candidate. Good old Ron Jon from Woody's. (By the way, it would be nice if someone would write down Ron's last name so I could at least get it right in the paper next week.) Ron is a sweetheart who really takes a lot of abuse at the hands of the Woodchicks. He is a nurse at Community Memorial Hospital and has learned the hard way, never, NEVER take your stethoscope near Shirley. Piggie is afraid of medical equipment, Ron, so on Sunday, please leave the tools of your trade at home. Besides, that stethoscope is cold and I'm afraid Piggie will be shivering as it is (in fear of this lineup, I'm sure!) But on the other hand, it might be fun just to see who can raise Piggie's blood pressure up the most? Bring the blood pressure equipment, Ron. Just think what Aggie would say if she couldn't get the pig's pressure up?

I guess we have sufficiently harassed every one of the finalists enough. Hopefully, they will go out and vote for someone else to kiss our pig. Piggie is ready. He has curled his tail, fluffed his peach fuzz, filed his hoofs and washed between his jowls. Piggie is primed. All that is left to do is find a worthy human to bestow a kiss upon him. Who knows Aggie, maybe the Piggie will turn into a handsome prince?

Now it is our duty to get out and vote. The voting barrels will be in business places until Friday evening. On Saturday you may vote at Kettle Kountry Kolors in River Hill Park at the Chamber Information Booth or at Piggie Headquarters. On Sunday, voting will end at noon and the ballots (including the chads) will be tallied.

## Public Shows Strong Support for Freeway Plan Survey Draws Positive Results From Washington County Residents

Almost three-quarters of survey respondents living in southeast Wisconsin fully support modernization and expansion of the southeast freeway system to avoid severe traffic congestion and bring aging, obsolete freeways up to future safety and traffic demand standards.

The freeway design modifications and expansions of key corridors, including those in Washington County, were supported as part of a \$6.25 billion plan to rebuild the region's interstate highways.

"Improvements to the freeway system in Southeastern Wisconsin will benefit all of the residents of this region," explains Washington County Board Clerk Ken Miller. "Increasing ease of travel means more expanded work and recreation options for residents of this County and easier access to Washington County for travelers and tourists."

With over 15,000 households from seven counties responding to a survey conducted by the Southeastern Wisconsin Regional Planning Commission (SEWRPC), the results are overwhelmingly in favor of a comprehensive plan to improve and expand the freeway system:

- Overall, over 87% responded in favor of building the freeway system to meet modern design standards; almost 90% of Washington County residents were in favor.

- Almost 75% of respondents, including 64% of Washington County Residents, called for additional lanes on the freeway system to address traffic congestion problems.

- More than 76% of all residents polled and 77% of Washington County residents supported expansions to provide eight freeway lanes on I-43 and I-94 in Milwaukee County, with 74% of Milwaukee County respondents and 72% of City of Milwaukee respondents supporting these additions.

- Just over 72% of respondents considered the 20-year traffic congestion growth to be unacceptable, including just under 70% of Washington County respondents. This congestion would occur without freeway expansion and despite public transit expansion, smart land use growth and surface street improvements.

During the survey process, Washington County residents had the opportunity to give additional feedback regarding the project. One taxpayer in Washington County believes "that a well-designed, well-maintained modern freeway system is vital to our future." Ease of travel to recreational resources was a concern of

another Washington County resident who stated, "if Milwaukee chooses to be a city focused on hosting festivals, sporting events, concerts and other entertainment activities, the infrastructure needs to be improved upon to accommodate the resulting traffic activity. Wisconsin is changing, and change is a direct reflection of positive growth."

"It's encouraging to see that residents of Southeastern Wisconsin recognize the need for modernization and expansion of our freeway system, and are supportive of the plan," said Governor Scott McCallum. "This project is essential in making our state a better place to live, work and visit into the future."

SEWRPC conducted the random survey to evaluate local residents' responses to an ongoing study of how to reconstruct the southeast freeway system over the next 20 years. The study, commissioned by the state of Wisconsin, examines the economic development, infrastructure, design, safety and traffic flow concerns relating to the 270-mile freeway system in Kenosha, Milwaukee, Ozaukee, Racine, Walworth, Washington and Waukesha counties.

SEWRPC's preliminary results present a \$5.5 billion option to reconstruct the system to modern design standards to address infrastructure and many safety concerns, but does not add additional capacity. A \$6.25

billion option that does add capacity to 120 miles of freeway corridor would address infrastructure, design, safety and traffic flow concerns, especially to halt the growth of traffic congestion on the system over the next 20 years.

SEWRPC conducted the survey in July and August of 2002 by randomly selecting a total of 55,000 households among the seven counties in the region to receive the confidential, nine-question form. Over 15,000 households responded to the survey, yielding a response rate of better than 27% (a 10 to 15% response rate is more typical for surveys of this fashion).

The survey yielded a well-distributed county-by-county response as well. For instance, Milwaukee County, which accounts for 48% of the region's population, provided about 47% of the survey responses. Response rates for individual counties ranged from 23% to 34%, with Milwaukee County being 24%.

The Survey has an overall error margin of plus or minus 1%, with an error margin of 4.1% for Washington County.

### TOWN OF WAYNE PUBLIC NOTICE

A public hearing will be held at 7:30 pm on Tuesday, October 15, 2002 in the Town Hall of the Town of Wayne 6030 Mohawk Rd, Campbellsport, WI 53010.

The purpose of the hearing will be to receive public comment on a Petition to rezone property from A-2 Agricultural/Rural/Residential to B-3 Highway Business District submitted by James Murphy (property owner) and Lamar Advertising. The property is located on the Southwest side of Highway 41 in section 7 of the Town of Wayne. The reason for the application is to facilitate a Conditional Use Permit to move a billboard located in the State DOT Right-of-Way to the adjacent parcel. The Tax key number is T12 012-0148 in section 7 in the Town of Wayne.

## Governor Must Stop Caucus Scandal Lawyer Fee Payments

Tomah- Ed Thompson, Libertarian candidate for governor, commented on today's state court decision in *Finder-Stone v. Schneider*. The decision states that the legislature's payments to the lawyers of people investigated in the caucus scandal investigation do not violate the state Constitution.

"Court action isn't working; the only way we are going to stop this misuse of our tax dollars is to elect a governor who is willing to stand up to the career corruption that pervades Madison," said Thompson. "It is sad that the lawsuit even had to be brought. Governor McCallum should have pressured the legislature from the beginning not to pay these attorney fees. Instead, he has been silent. Only a third-party Governor can stop the bipartisan cor-

ruption in Madison.

"Paying the caucus scandal attorney fees does more than waste hundreds of thousands of dollars. It corrupts the investigation. How do you expect a state legislature worker being questioned in the caucus investigation to provide

# As I See It

## Raising the Bar

Love. How would you define it?

In order to live lovingly, one must first determine what love is. This belief then becomes the guide we live our lives by and the focal point for our choices to be processed against.

So, what is love?

Perhaps the most familiar attempt to capture in words what love means comes to us from Saint Paul who wrote:

*Love is patient, love is kind.*

*Love does not envy, love does not boast, love is not proud.*

*Love is not rude, love is not self-seeking,*

*love is not easily angered, love keeps no record of wrongs.*

These words provided a spiritual compass for Paul's life, and they can provide the same direction to ours.

Do you seek to live in the realm of love? Is love the goal of your heart? Do you wish to understand love's meaning on a deeper level in order to apply it more fully to your life?

If so, try this: re-read Paul's words above and personalize them by replacing every word "love" with your own name. Pay close attention as you read to the progression of Paul's definition. It becomes evident as one does so that Paul is raising the bar on what it is Love expects of us as he furthers his thoughts. He begins with actions - patience and kindness - and moves into attitudes - envy, boastfulness, rudeness, pride. Then he cranks it up and tells us that love is not self-seeking, essentially tells us that we are living lovingly when our lives become more about others than about ourselves.

### Prayer of Peace

*Lord, make me an instrument of your peace. Where there is hatred let me sow love. Where there is injury let me sow forgiveness. Where there is discord let me sow harmony. Where there is doubt, faith. Where there is despair, hope. Where there is darkness, light. Where there is sadness, joy. Lord, grant that I may seek rather to comfort than to be comforted, to understand than to be understood, to love than to be loved. For it is by giving that one receives, it is by forgetting self that one finds, it is in forgiving that one is forgiven, and it is in dying that we are born to eternal life.*

-Saint Francis of Assisi

Then the bar goes up from there to a higher love, a love that is not easily angered, a love that keeps no record of wrongs.

It is this love we find at the cross in the words spoken by the One nailed there, praying, "Father, forgive them; for they know not what they do."

It is this same love we find in the Hindu leader Gandhi, dying in the dust at the feet of the assassin who fired three bullets into him - three bullets at close range. In these last moments of his life, the great leader moved his hand to his forehead and made a simple Hindu gesture. Its meaning? "I forgive you." Love spoke silently, but speak it did.

Paul understood the meaning of love and he understood its importance. Writing in the New Testament, he compared love against faith and he compared love against hope. Then he offered his opinion as to which of these he believed to be the greatest. It was love. "And now these three remain: faith, hope and love," wrote Paul, "but the greatest of these is love." Paul's words are clear: love is greatest. Greater than hope, greater than faith. No one needs a theology degree to understand Paul's message. Misunderstanding his words would be like misunderstanding "the grass is green" or "the sky is blue." Love is greatest of all.

*Love and pity and wish well to every soul in the world; dwell in love, and then you dwell in God; hate nothing but the evil that stirs within your own heart.*

-William Law

Let us seek love as the goal of our hearts. Let us begin to raise the bar on our lives. One inch to two inches, two inches to three, then upward, together.

"Press on," urged Paul. Persevere, be diligent, aim for perfection, never tire, strive, engage in strict training, give yourself wholly, let your progress be seen by all. Paul's writings read like a track and field manual in spiritual fitness. Using language of determination and discipline, Paul spiritually lays out the "how to's" for developing a loving life. From kindness to compassion, from gentleness to generosity, he takes us higher and higher.

Then he challenges our souls higher still toward mercy, grace and forgiveness. "Make every effort to do what leads to peace," wrote Paul. "Get rid of all bitterness, rage and anger, brawling and slander, along

with every form of malice. Don't grumble against each other. Do not let any unwholesome talk come out of your mouths, but only what is helpful for building others up. Forgive each other. Do not repay anyone evil for evil. Do not take revenge. When cursed, bless. When slandered, answer kindly. If someone is caught in a sin, you who are spiritual should restore him gently. Bear with the failings of the weak."

*The merciful man doeth good to his own soul.*

-Proverb 11:17

This is the higher love. Let us seek it as the goal of our hearts - this love that is canyon deep and ocean wide - and let us raise the bar on our lives. One inch to two inches, two inches to three, then onward and upward, together.

## Riverbend Storytelling Festival in West Bend

Silverbrook Middle School, Badger Middle School, and McLane Elementary School will be rocking on Friday, October 11, as storytellers from around the country entertain and educate students about the Trail of Tears, to world folktales, to tall tales, and everything in between.

Gayle Ross, who is a descendant of John Ross, Principal Chief of the Cherokee Nation during the infamous "Trail of Tears," will share the stage with Bill Lepp, West Virginia's five-time Liar Champion at Silverbrook Middle School and Badger Middle School. Gayle has performed at the Kennedy Center, the Smithsonian, she has been featured on the Discovery Channel and her stories have been heard often on National Public Radio on such shows as "Living on the Earth" and "Mountain Stages."

Bil Lepp, served as Methodist minister for four years and has been a featured teller at the National Storytelling Festival in Jonesborough, Tennessee. Bil is a champion teller of tall tales. Speaking of the world and the economy he says: *Sometimes, we just need to hear a good story.*

McLane Elementary School will enjoy stories from Hardy "The Story Guy" Garrison of Madison. Hardy has entertained audiences in every corner of the state (and points beyond) with his

unique "Story Guy" versions of folktales from around the globe.

The West Bend Community Memorial Library will also benefit from having storytellers in town. Jenifer Ivinkas Strauss from Michigan will share after-school stories at 4 p.m.

These are just a few of the storytellers that will be in town for the second annual Riverbend Storytelling Festival, October 12th. Tents will be set up in the streets in front of the West Bend Art Museum and West Bend Community Memorial Library. Local storytellers Judy Farrow-Busack, Jim Winship, Lucia Dordedan, and Don Falkos are also on the roster of storytellers.

Books, tapes, food and drinks will be available. Sign language interpreters will sign the stories in each tent.

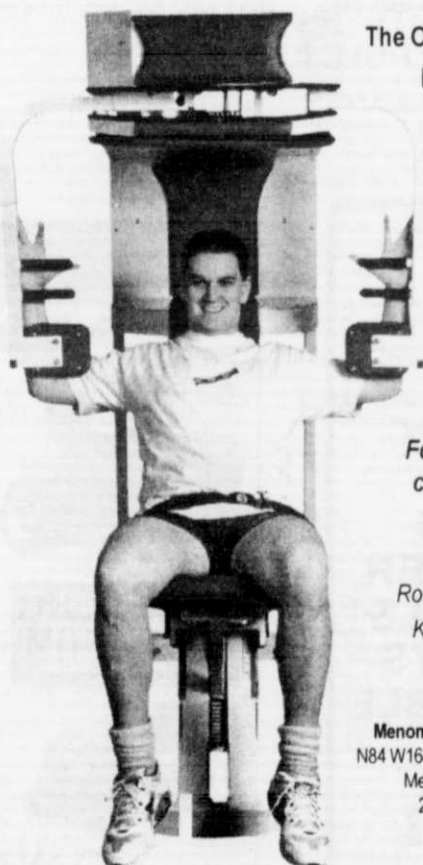

This event sponsored by many area businesses including the West Bend Economic Development Corporation, West Bend Area Chamber of Commerce, the city of West Bend, West Bend Savings Bank, Serigraph, Ziegler Foundation and the Wisconsin Arts Board.

Members of the organizing committee are: Karen Christianson O'Meara Law Firm / Fireside Books &

# Outdoor Education at Camp Whitcomb

Happy campers from the Sioux cabin build a web of friendship. Left to right: Morgan Dombrowski, Grace Pok, Amanda Osswald and Erika Esser.

Mrs. Airaudi (left) helps Amanda Osswald (front) and Kailee Sager find critters in Lake Keesus.

Kewaskum Middle School sixth graders again attended Camp Whitcomb in Hartland for their outdoor education experience. The camp is located in Hartland and contains 284 acres of forest, lakes, marsh, ponds, open fields, cabins and lodges.

At camp this year, they enjoyed a wide variety of classes offered by many very willing KMS staff members. The activities the students enjoyed were Canoe Safety, Coop-Challenge, Box Baking, Muslim Mania, Lost and Found, Robin Hood, Wet and Wild, and Lucky Lures.

A huge thank-you to all of the teachers who left their classrooms to share their talents with the sixth graders. They were: Mrs. Airaudi, Mr. Breese, Mr. Bruss, Mr. Ciha, Mrs. Dorst, Ms. Schowalter, Mrs. Stangl and Mr. Uhlman.

In addition to these classes, the students also had fun with the Suzy game,

group sing-alongs, kissing the moose, taking a night hike, playing tug-o-war, and enjoying the comradie of their cabin groups. The camp naturalist provided Canoe Safety for all students.

When asked about their Camp Whitcomb experience, all sixth graders were willing to share their most enjoyable moments. This is an educational experience that will be remembered for a long time!

Mrs. Stephan watches Erik Thelen go for the big catch of the day.

2002 Habitat group working on setting the wall up on the new home.

Mark Steinhardt (left) and Pastor Eric Kirkegaard working on the roof.

This year the Peace Church Habitat trip was to Indianola, Iowa, which is 20 miles south of Des Moines. There were 18 people involved in the trip which took place from July 13 to July 19. Again this year they and an ecumenical group, with people from Holy Trinity Catholic Church, St. Lucas Lutheran Church and Peace United Church of Christ. While in Indianola, the group stayed at the First Methodist Church.

This year's work team included David Domasky, Toni Farrell, Jane and Gary Gerhartz, Char Keller, Reverend Eric Kirkegaard, David and Karen Kletti, Faith Mauk, Clark Pearson, Bill Stangl, Clayton Stautz, Mary and Mark Steinhardt, Dr. Steve Van Ess, Kathy Zahn, Connie and Howard Zemlicka.

During a hot and humid week, the crew was able to get all of the interior and exterior walls built and put

in place, the roof on and shingled and finally the house was insulated with Tyvek. The neighbors were so pleased to see that a new house was going up, that they would bring over cookies and ice cold water. Everyone was impressed with the Kewaskum group and how much work they accomplished in five days.

Habitat for Humanity is world wide and its lofty goal is to eliminate inadequate and poverty housing as a witness to the Gospel of Jesus Christ. Since 1976, Habitat has built or renovated more than 125,000 houses worldwide. Everyone is invited to participate in this effort by giving of their time of financial assistance.

This is the 16th consecutive year that Peace Church members have been going on a trip to help build Habitat homes. Over 100 of Peace Church's members have actually participated in the building of these homes.

# Videotape Addresses Teens' Concerns About Stuttering

Stuttering is a frustrating and embarrassing problem for millions of people, but it can be especially tough on teenagers.

Now some new help is available at the West Bend Public Library in West Bend in the form of a video designed specifically for teens who stutter.

"It's meant to encourage teens, to tell them that there is hope out there," said Professor Peter Ramig of the University of Colorado at Boulder. Ramig is one of three nationally recognized experts appearing in the video produced by the non-profit Stuttering Foundation of America.

The video features students from junior high school through college talking about their experiences with stuttering and what they found to be helpful.

The students talk openly about the ridicule they faced from classmates and how their stuttering made them feel about themselves.

"We emphasize the

embarrassment and frustration factor and believe teens will relate to that," adds Ramig. He appears in the video along with speech-language pathologists Dr. Barry Guitar of the University of Vermont and Dr. Hugo Gregory of Northwestern University. The three experts answer questions about stuttering, refute myths and misconceptions, and present examples of therapy sessions showing how stuttering can be reduced.

"More than three million Americans stutter, yet stuttering remains misunderstood by most people," said Jane Fraser, president of the Stuttering Foundation. "Myths such as thinking people who stutter are less intelligent or suffer from psychological problems still persist despite research refuting these erroneous beliefs."

The 35-minute video, entitled *Do You Stutter: Straight Talk for Teens*, is being distributed free of charge to public libraries nationwide. For more information, contact the Stuttering Foundation of America, P.O. Box 11749, Memphis, TN 38111-0749, or call toll free at 1-800-992-9392.

## POTATO BUTTERMILK BISCUITS

- 1 cup IDAHOAN Complete™ mashed potatoes
- 2 cups all purpose flour
- 2 teaspoons baking powder
- 2 teaspoons baking soda
- ½ teaspoon salt
- ¼ cup butter or margarine, melted
- ¾ cup buttermilk

Prepare potatoes as directed on package, set aside. In a large bowl, combine flour, baking powder, baking soda and salt. With pastry blender, or two knives used scissors-fashion, cut in butter until mixture resembles coarse crumbs. Stir in mashed potatoes and buttermilk until mixture comes together. Shape into a ball.

On lightly floured surface, knead dough 30 seconds. Pat dough into a ¼-inch thick piece. With ½-inch round cookie cutter, cut out circles, (including scraps) to make 12 rounds.

Place on greased cookie sheet, about 1 inch apart. Bake in a 350° F. oven for 10 to 12 minutes, until golden and puffed. Remove to wire racks to cool slightly. Serve warm. Makes: 12 servings.

## LETTER TO THE EDITOR

Dear Citizens of Assembly District 59:

The purpose of this letter is to introduce myself and my campaign for the State Assembly in the 59th Assembly District, and to ask for your vote on November 5th.

This Spring, I decided to run for election to the State Assembly as an Independent because, quite frankly, I have had enough. After three years of first-hand experience with our elected officials in Madison in connection with a number of different matters (both as a professional financial consultant and a private citizen), I decided to step forward and run for the State Assembly in the 59th Assembly District to try and make a difference.

Specifically, I have had enough of the two-party system in Wisconsin, and the tyrants that control it. Both Republicans and Democrats are to blame for the current state of the State. Quite simply, the two-party system is running the State into the ground.

I am tired of the fiscal mismanagement, budget deficits, petty party politics and name-calling, political gridlock, and corruption and scandal at the Capitol unseen in generations.

I am tired of the public interest taking a back seat to the party interests, the special interests, and elected official self-interest.

I am tired of the embarrassment--and the headline stories about Wisconsin's fiscal mismanagement and political corruption in the

New York Times, Washington Post and Chicago Tribune.

And, State spending is out of control, our taxes are too high, and Wisconsin's economy is falling behind.

We need change.

During the three months leading up to the September 10th primary, I have been investigating the state of the State and have released a number of papers on Wisconsin's economy, the State's finances and other issues. My platform for change is outlined at my website: [www.Lawton2002.org](http://www.Lawton2002.org)

If elected, I will work tirelessly for the citizens of the 59th Assembly District and only the citizens of the 59th District. I will not be an indentured servant to the party leaders and their spe-

cial interest patrons. I will work to overhaul Wisconsin's out of control government spending, cut your taxes, enact real campaign finance reform, and eliminate the centralization of power in the Legislature to ensure that every Legislator has an equal voice.

If you have questions or comments, please don't hesitate to call me at 629.5375, or send me an email at [CMLawton3@aol.com](mailto:CMLawton3@aol.com)

Very truly yours,

# AAA Wisconsin Maps Fall Color Tours Part I: Northern Wisconsin

Fall travel is the best travel for many Wisconsin residents, according to AAA Wisconsin.

"Off-season rates, mild weather, autumn festivals -- and it's all punctuated by some of the most spectacular scenery found in the county," said AAA Wisconsin spokesman Michael Bie. "Wisconsin is uniquely suited for the scenery of autumn," Bie said. "We have more than 15,000 lakes within state lines, two Great Lakes on the borders, and a remarkable 45 percent of Wisconsin is covered by forests."

Autumn's color show peaks in stages, beginning at the top of the state, where cooler temperatures arrive first and move downward. Peak color is generally found in northern Wisconsin (north of Highway 29) in mid-to-late September and early October, in the middle third of Wisconsin from early to mid-October, and in the southern third of the state from mid- to late October.

September weather typically dictates what kind of color displays can be expected in October. Bright days that are warm, but not hot and muggy, and cool evenings, but not below freezing, are the ideal conditions for bringing out the most brilliant colors.

In the first of a three-part series, AAA Wisconsin offers some of the best autumn travel destinations found in the state, starting with northern Wisconsin:

**Ahnapee State Trail:** Located between the port of Sturgeon Bay and the fishing village of Algoma, this 31-mile recreational trail in Door and Kewaunee counties is popular for hiking, biking, and horseback riding.

**Bearskin Trail:** This hiking and biking trail is a crushed limestone route running for 18 miles south of the popular tourist destination of Minocqua; features Northwoods lakes and forests.

**Chequamegon National Forest:** East, south and northwest of Park Falls on State Road 182 and 13, more than 800 lakes dot the 856,938 acres of forest in north-central Wisconsin. Tree species include maple, aspen, pine, spruce, balsam, oak, and birch. Unlimited recreational opportunities available. Phone the forest supervisor at (715) 762-2461 for more information.

**Door County Lighthouses:** Home of more miles of shoreline than any other county in the United States, Door County is home of more lighthouses, as well. Sturgeon Bay, Bailey's Harbor, Peninsula State

Park, and Rock Island are home to several popular beaches.

**Highway 13:** The Lake Superior shoreline is the setting for this 93-mile route running from Superior to Ashland. Forests, lighthouses, and the spectacular Apostle Islands National Lakeshore are featured. Bayfield's annual Apple Festival draws visitors to the streets of the quaint fishing village.

**Highway 35:** The northern stretch of Highway 35 between Superior and St.

Croix Falls is home to Pattison State Park, Douglas County, site of Wisconsin's tallest waterfall, and Interstate State Park, Polk County, where the Dalles of St. Croix River offer impressive vistas.

**Highway 77:** This 47-mile route from Hayward to Glidden runs through the Chequamegon National Forest. The National Forest System has designated 29 miles of the road as a national scenic road.

**Gandy Dancer State Trail:** A 47-mile path of crushed limestone takes bicyclists from St. Croix Falls, Polk County, to Danbury, Burnett County. Named after the railroad workers who built the line in the 19th Century.

**Interstate State Park:** Wisconsin's first state park for obvious reasons -- it offers breathtaking views of the St. Croix River, gorges and dells.

**Marinette County Waterfalls:** Marinette County bills itself as the "waterfall capital of Wisconsin" with 11 scenic falls that can be enjoyed as part of the county's park system. Some falls are found easily near Highway 141. Contact (800) 236-6681 for more information.

**Nicolet National Forest:** The Nicolet National Forest sprawls across 661,200 acres in northeast Wisconsin's lake and recreation country. Within the forest's confines are part or all of seven counties, 1,200 lakes, 1,100 miles of streams, 400 spring ponds, and 800 miles of trails. Highways 8, 32, 55, 70 and 139 are the thoroughfares. Phone (715) 362-1300 for more information.

**Northern Highland/American Legion State Forest:** The largest of the state forests is centrally located in Wisconsin's lake region off Highway 51 from Arbor Vitae to Manitowish Waters. The Boulder Area Trail System (BATS) enables bicyclists to enjoy the scenery along an 11-mile paved route.

**Old Abe State Trail:** Named after the famous

Civil War eagle mascot, this paved recreational trail runs from Brunet Island State Park, Cornell, to Chippewa Falls, passing through Jim Falls and Lake Wissota State Park along the way, nearly 17 scenic miles along the Chippewa River.

**Pattison State Park:** Home of the state's tallest waterfall, the 165-foot high Big Manitou Falls. Located just south of Superior on Highway 35, the resounding cascade of the water through the canyon never fails to impress.

**Rib Mountain State Park:** The second highest point in Wisconsin, Rib hill rises to 1,940 feet. The park has hiking trails, an observation tower with two observation decks offering panoramic views of the scenic Wisconsin River Valley.

## Vehicle - Deer Crashes Peak During Fall Months

In addition to the repercussions of Chronic Wasting Disease (CWD), which has generated most of the deer-related headlines this year, AAA Wisconsin is urging residents to remember that vehicle-deer crashes present a major problem in the state, especially during the fall months. Wisconsin's large deer herd is moving into the mating season, when they are the most active, and when most crashes occur.

"Wisconsin's car-deer crash totals are averaging more than 20,000 per year," said AAA Wisconsin spokesman Michael Bie, "and the results of these crashes in deaths, injuries and millions of dollars in damage caused each year are huge."

In 2001, there were 19,914 crashes, nine motorist fatalities and 810 injuries. The actual number of crashes is likely more than double due to the large number of unreported crashes.

"There are car-deer crashes occurring in every Wisconsin county, which is why we are stressing to motorists to think 'deer' whether they are driving in Milwaukee's suburbs or in northern Wisconsin's woods, and always fasten your safety belts and drive defensively. Safety belts are your first line of defense in any crash."

If a crash with a deer is unavoidable, the AAA Wisconsin recommends motorists:

- Stay in your lane.
- Brake firmly.
- Hold onto the steering wheel.
- Come to a controlled stop.
- Get your vehicle off the roadway.

"Very few persons are injured by simply striking a deer. They are injured when they swerve to try to avoid a crash, lost control and hit an obstacle or an oncoming car, or roll over. And they often hit the deer regardless," Bie said.

Several factors are combining to make the car-deer crash problem grow. Urban growth spreading into deer

habitat and a swelling deer population that is several times higher than decades ago combine to force deer into smaller areas and into contact with people - too often in the form of vehicle-deer collisions.

In five Wisconsin counties in 2001, vehicle - deer crashes outnumbered non-deer crashes. In Adams, Green Lake, Marquette, Shawano and Taylor counties, more than half of all police reported crashes involved deer.

Dane, Shawano and Marathon counties had the highest number of reported vehicle - deer crashes.

Here are some tips to avoid injury should you encounter a deer in the road:

• Watch for deer at dawn and dusk. Deer are most active then, especially during the fall mating season. In the spring deer will move from cover to find food, and back to cover. They often feed along roads, where grass greens up first.

• If you see one deer, there may be more. Deer often travel single file so if you see one deer cross the road, chances are more are nearby waiting to cross. When startled by an oncoming vehicle, they can dart out from any direction without warning.

• Be alert all year long in areas inhabited by deer, and especially on two-lane roads.

• Watch for deer warning signs. They are placed near known deer crossing areas and are your first alert that deer may be in the area.

AAA Wisconsin is a not-for-profit membership organization offering travel, insurance, financial and auto-related services to more than 590,000 members through office locations statewide.

# Area Bodybuilder Brings Home National Title

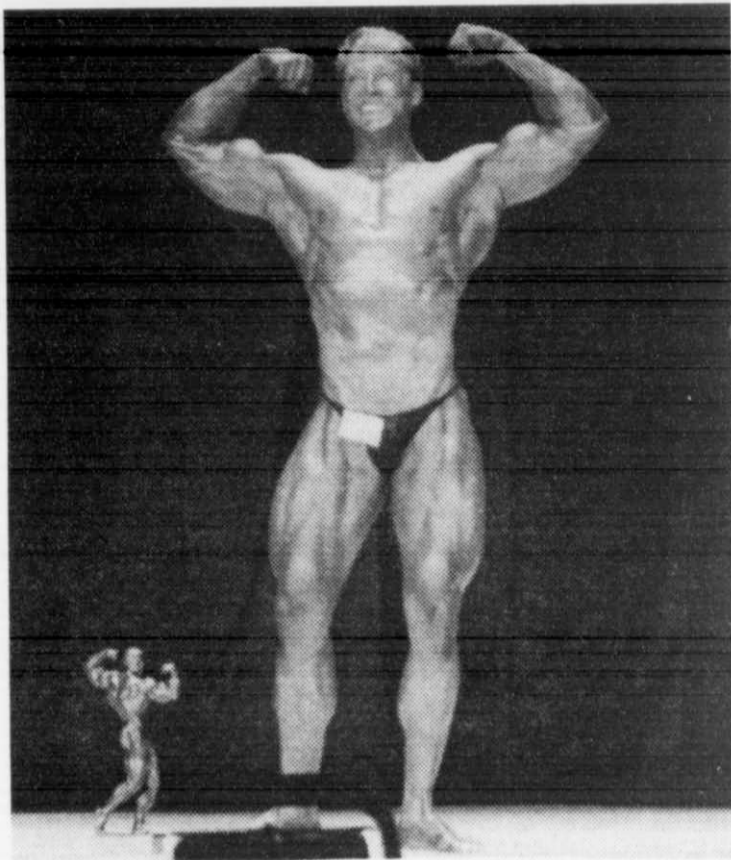

Brad Reikkoff, 27, placed first recently in the light heavyweight division of the Naturalmania Nationals. Sponsored by the International Natural Bodybuilding Federation (INBF), the competition consisted of 15 mens and womens' bodybuilding and fitness classes; the more than 100 competitors came from across the nation and several foreign countries. The competition was held in New York on Sept. 21.

Accompanied by family and friends, Reikkoff earned his pro card at the competition. As the winner in his weight class, he qualified for the Pro World Natural Bodybuilding competition to be held in November in New York.

After placing seventh in the same competition last year in the middleweight division, Reikkoff came back this year with more than nine pounds of muscle, bumping him up to 182 pounds and into the light heavyweight class.

By training hard, never missing a workout and eating right, Reikkoff developed the quality muscle mass that made the difference this year. "The hard work paid off," said Reikkoff. "It was a great feeling to be able to stand on stage with a world-class group of athletes and know that we achieved this level of competition without the use of drugs.

"The "Natural" in the Naturalmania Nationals means the competition is a drug-free sanction. All winners are drug tested and undergo a polygraph to ensure adherence to the drug-free status. Reikkoff, who has been training for ten years and competing for

Brad Reikkoff placed first in the light heavyweight division of the Naturalmania Nationals. Sponsored by the International Natural Bodybuilding Federation (INBF).

five years, is a life-long drug-free athlete.

In preparing for the national competition, Reikkoff began training five months ago. His daily workouts consisted of weight training and cardio exercise; he also ate upwards of eight meals a day to increase body metabolism and to ensure the proper intake of proteins and other nutrients.

As a result of winning the INBF light heavyweight title, Reikkoff will be featured in an upcoming issue of Natural Bodybuilding as well as Exercise for Men.

Given his growing reputation in the sport of bodybuilding, he was recently

asked to pose for a cover photo for potential use by TIME magazine. While the resulting photo was not used, the exposure and opportunity to work with noted TIME magazine photographer Howard Schaltz was worth the experience along with the trip to New York for the photo shoot.

Reikkoff is the son of Wayne and Rose Reikkoff and Ann and Ike Roell. Reikkoff attended Kewaskum High School; he is a heavy equipment operator for Jansen Construction, Milwaukee. He currently trains at Pleasant Valley Gym in West Bend.

## Call for LeMahieu, to Explain Sheboygan County's High Property Tax Levy and Spending

**Town of Barton:** Cathy Lawton, Independent candidate running for State Assembly in the 59th Assembly District called on her opponent, Dan LeMahieu, Republican and Sheboygan County Board Chairman, to explain Sheboygan County's high property tax levy and Spending.

On August 30, 2002, the Milwaukee Journal Sentinel reported:

... LeMahieu promotes himself as the only candidate who has government leadership experience. He said he is a fiscal conservative. 'I think someone with experience in solving local budget problems is needed,' LeMahieu said.

Given the State's current budget crisis, voters are right to question the candidates' claims. For example, the Wisconsin Taxpayers Alliance Study: Wisconsin County Property Tax Levies: 2001-2002, which reports the property tax levies for all 72 Wisconsin counties, shows the following about Sheboygan County's high taxes:

- ◆ Total Levy: \$36.7 million ranks 11th highest in the State.
- ◆ Mill Rate: \$6.48 per \$1,000 ranks 17th highest in the State.
- ◆ Levy per capita: \$323.30 ranks 23rd highest in the State.

In addition, in the 59th Assembly District, Sheboygan County's Levy, Mill Rate and Levy per capita are significantly higher than that of the other four (4) counties in the District. For example, Sheboygan County's Levy per capita is 74.6% higher than Ozaukee County's; Sheboygan County's mill rate is more than 3 times higher than Ozaukee County's. The Wisconsin's Taxpayers Alliance Study shows the following about Sheboygan County's high taxes relative to the other counties in the 59th Assembly District:

Mr. LeMahieu's Record

Contradicts his "Fiscal Conservative" Claim Mr. LaMahieu has been a Sheboygan County Board Supervisor since 1988. Mr. LeMahieu has been Sheboygan County Board Chairman since 2000. Mr. LeMahieu--a Republican--claims to be a fiscal conservative. Fact: Mr. LeMahieu's record demonstrates otherwise.

Adam Payne, Sheboygan County Administrative Coordinator, claims: "Dan LeMahieu, candidate for the State Assembly, led efforts to hold down our property taxes." Fact: During the past 5 years-1997 to 2002-Sheboygan County's property tax levy has increased 61%.

With a team score of 421, the Kewaskum girls varsity golf team ended their 2002 season, by taking an early exit in the State Golf Tournament, by finishing sixth out of eight teams in their Regional bracket, held at Fox Hills, Wednesday, October 2.

Sheboygan North/South took bracket honors by shooting a team total of 339. They also had the individual medalist, as Sarah Swanson shot a 74.

Crystal Dreher was the sole Indian to advance to the sectionals of the WIAA Girls Golf Tournament as she scored in with a 100 (52-48). Dreher was followed closely by Cassie Rimmel with a score of 103 (56-47), who was followed by Katie Kowalczyk who shot a 106 (52-54).

As a team the Indians finished their season with a third place Little Ten Conference, and now, all they can do is watch and root for fellow teammate, Crystal Dreher, as she journeys on forward into the

## Indians Come Out Of Tough Week Very Pleased

State Tournament.  
By Kyle Darmody

Heading into last week, the Kewaskum girls varsity volleyball team Coach, Dave Rizzardi, was somewhat concerned as his ladies would have to play in a lot of tough competition, which could determine how the rest of their season would turn out. Walking out of the week Rizzardi had a big grin on his face as his ladies did very well.

It all started off Tuesday, October 1st when the ladies traveled up to Sheboygan Falls.

The Indians came in and dominated as they swept the Falcons in all three matches 15-8, 15-11, and 15-5.

After the Indians win they came back home Thursday, October 3rd, and had to take on, then Conference leading, New Holstien.

The ladies once again came through and picked up a huge win, with scores of 15-9, 10-15, and 15-6, giving New Holstein their first loss of the season.

After the Indians big win Thursday night they then participated in the Black Hawk Invite held in Grafton on Friday, October 4th. The Indians took first in the four team invite with a record of 8-1, Kewaskum was followed by Grafton with a record of 7-2. Dominican

and University School rounded out the invite with records of 3-6 and 0-9.

As if the ladies didn't have an exhausting enough week they weren't done yet. On Saturday, October 5th, the Indians traveled to Oostburg to take part in a Saturday morning tournament.

"Saturday, we were a little tired, you could really see it in our hits because they just had no power at all," Rizzardi said. It showed as the Indians dropped two to Mayville in their first game.

After the Mayville game the Indians had a bye round. "The bye gave us some time to relax and regain our energy," Rizzardi said.

After the bye the Indians went 5-1 the rest of the day in the tourney. Giving them a tournament record of 5-3. The record tied the Indians for second in their bracket, but was unable to advance the Indians into the playoffs later in the day. "It was a very good week!" Rizzardi stated.

The Indians now travel to Campbellsport Thursday, October 10th for a Conference Quad.

## KEYS Thanks All Captains

KEYS, Inc. announces this week that once again our team captains have done a fantastic job of recruiting runners and walkers for the ninth annual KEYS Run/Walk to be held Sunday, October 13. KEYS schedules this event each year to coincide with Kewaskum's Kettle Kountry Kolers.

School captains from all Kewaskum public and private schools have enrolled large teams and many area businesses will have teams in the race too, some for the first time. A&W Iron and Metal, Helmers, West Bend Clinic, Amoco of Kewaskum, Regal Ware, St. Francis Bank, West Bend Savings Bank, and Serigraph are business teams that will be here for the run/walk.

Anyone who has not taken time to register for the race at 11 a.m. on October 13 can enter that morning. Registration will be open until 10:30 a.m. that day.

Come and join the 800 runners and walkers we already have registered and help KEYS provide even more scholarship assistance to our Kewaskum graduates.

## Another Hard Fought Win For Gridiron

By Cindy Shaske  
Kewaskum Gridiron Club  
Board of Directors

The sixth grade Gridiron Indians continued their winning streak on Saturday, October 5 by defeating West Bend West 28 - 21. It was another hard fought win.

The Gridiron Indians played well on both sides of the ball. West Bend West threatened to score during the last few minutes of the game. The defense held firm as the seconds ticked away.

The seventh and eighth-grade both posted losses this weekend.

Please join us for the last regular season game on Saturday, October 12. Kewaskum hosts Cedar Grove. The first game begins at 9:00 a.m.

Please watch for playoff news next week.

## KEWASKUM INDIANS SPORTS

### Indians Rally in Second Half to Pick Up Big Win

By Kyle Darmody  
Student Reporter

Being down seven to nothing at half-time, the Kewaskum varsity football team, was able to put together two long scoring drives in the third and fourth quarter to pick up a much needed win Friday, October 4th, in Manitowoc.

Not much went on in the first half as both teams traded possessions, until late in the second quarter, when Roncalli was finally able to put together a solid drive. The drive went 90+ yards, and Roncalli was able to punch it in on the Kewaskum defense on a two yard run by Mike Beauchaine, with just over a minute left to go in the half.

With the Indians unable to move the ball on offense they were forced to give Roncalli another shot right

### Boys B-ball Clinic for 5-8 Offered

On Sunday evenings, open gym is being currently being held from 7:00 until 9:00. Open gym is available to all ages, children to adults and is held throughout the entire year.

Beginning on October 27, and continuing throughout November and December there will be a basketball clinic for fifth, sixth, seventh and eighth grade boys. The clinic will be conducted by David Nordeng, KHS varsity boy's basketball coach, and will run from 5:30 until 7:00.

Assistant clinicians will be the players from the varsity boys' basketball team. Other volunteer coaches are also needed. The clinic is open to all boys whether attending public or private school. Fundamentals of shooting, passing and dribbling, offensive moves, defense and rebounding will be stressed.

If interested, information sheets are available at each school or just come to the first clinic on October 28 before 5:30. The cost will be \$20. A t-shirt and free admission to one boy's basketball game is included in the cost.

This will be a great way for students to brush up on their basketball skills for the up-coming seasons. Be a part of the Indian tradition! Flyers will be made available at the various schools in Kewaskum, Wayne and Farmington.

Any questions can be directed to David Nordeng at 626-8427 ext. 4256. Clinics for boys in grades K-4 will be held in January and February. Details will be coming later.

before half, but senior Andy Breese denied the Jets as he intercepted the Peter Allie pass and took it 36 before being hauled down to conclude the half.

In the second half the Indians defense stiffened up and shut down the Jets completely giving up no points, and forcing five turnovers, four of them off interceptions by Jake Wilson, Joe Rinzel, Mike McKee, and Dave Wicklund.

With the defensive help and the obvious momentum change the Indians offense were finally able to get a drive together, on the shoulders of junior Ryan DeLaurier. The drive was capped off on a two yard run by DeLaurier, and with a good Matt Hartmann extra point good, the game was tied up at seven deep in the third quarter.

Then early in the fourth quarter the Indians offense did it again, as quarterback Travis Kempf hit Kyle Rabuck from 15 yards out. With the Hartmann's extra point tacked on the Indians took their first lead of the game 14-7. It was a lead which they would keep, as the Indian defense shut down Roncalli several more times to close out the game.

The Indians were led by their tough defense in the second half, and on the offensive side by senior Kyle Rabuck who hauled in two catches for 29 yards and a touchdown, and by Junior Ryan DeLaurier who rushed for 75 yards off 17 carries with one touchdown.

The Indians now go on to face the 1-5 Two Rivers team next Friday at home, in what promises to be an exciting game, as Homecoming week arrives in Kewaskum.

The Indians encourage you to come out and show your support, as the festivities start off with the parade at five o'clock, immediately followed by the tailgate party. Concluding the night with the varsity football game at seven.

### Personal Times Keep Dropping

At last Thursday's Slinger Invite the individual times of all the varsity runners improved to the best of the season.

The boy's team lead by Josh Meyer with a time of 17:28, placed fifth out of 10 teams. Josh ran for a seventh place finish followed by Andy Lickel, 26th in 18:46, Marty Harris, 35th in 19:06, Adam Woebeking, 36th in 19:19, Zack Van Wormer, 42th in 19:10, Jon Hawig, 51st in 19:56, and John Carpenter, 52nd in 19:57.

"It was good to see the pack running together," stated Coach Drexler, "This is the first time we have had all the varsity runners under 20 minutes."

The varsity girl's team also turned in their best performances, however missing some runners because of injuries didn't help their over all place as they came in 10th.

Becky Herriges was the top runner for Kewaskum placing 30th overall with a time of 17:23 for the 4000 meter course. Becky was followed closely by Breyan Donath, 34th in 17:27, and Allison Janz, 38th in 17:49. Rounding out the varsity team was Jessi Graham, 70th in 19:19, Rachel Shea, 72nd in 19:23, and Katie Uelman, 75th in 20:17.

Adam Wagner led the boy's JV with a time of 20:12 placing 9th.

### Local Resident On Carthage Football Team

John Warnecke of West Bend is playing football for the 2002 Carthage Redmen team, which is coached by Tim Rucks.

Carthage is a private college of the liberal arts and sciences, affiliated with the Evangelical Lutheran Church in America. Located midway between Chicago and Milwaukee, Carthage's picturesque campus on the Lake Michigan shore is home to 1,500 full-time and 750 part-time students.
