## Graduation Date Set, District To Purchase New Freezer

By Nicole Rawley  
Statesman Staff

The Kewaskum School District Board of Education met on Monday night for a fairly routine meeting.

The board agreed on the graduation date after much debate. At last month's meeting, the board was addressed by high school principal Donn Woolweber who asked the board to possibly move the graduation date back a week. The board agreed to set the date for Saturday, June 14, 2003 at 1 p.m. They will revisit the issue next year to possibly move it back to Sunday afternoon. The

seniors' last day will be Thursday, June 5th.

Food service director, Kathy Robinson addressed the board hoping for permission to purchase a freezer to replace the one outside the high school now. She stated the freezer that they have now doesn't really work and they are storing food at Kewaskum Frozen Foods.

She further stated that the board should move on this quickly due to the fact that Bob Beisbier asked to have the food out of their freezer by the time deer hunting starts.

The board approved the purchase of the freezer and the delivery and installation,

including a concrete slab, electrical wiring and plumbing not to exceed the amount of \$12,500. The building and grounds committee will have the final say as to where the freezer will be installed.

Kathy also updated the board on how the school breakfast program was going, stating it was going wonderfully and serving 90 kids a day.

John Wolfenberg addressed the board with an idea for senior privileges. His idea consisted of letting senior students who have a cumulative GPA of 2.0 and no disciplinary detentions or referrals be allowed to have open campus on designated

days.

They would be allowed to leave campus during their study hall and/or during lunch but they would have to sign in and out and have parental permission if under 18. A senior who was late returning to school would lose his/her open campus privileges for the rest of the semester.

Any senior student who was reported misbehaving or driving in an appropriately off-campus would lose his or her privileges for the rest of the year. Mr. Wolfenberg will come back before the board in February to present how this is working.

If this proves to be unsuc-

cessful, the program will no longer run. The board passed this with a five to one vote. John Schulte voted against it stating that it would promote speeding and erratic driving by students rushing to get back. Steve Schmitt was absent.

The board accepted the extra-curricular resignation of Kevin Hein as the boys varsity tennis coach. They accepted extra-curricular contracts from Jan Uhlman and Nikki Airaudi as co-student council advisors.

The next meeting will be on Monday, November 11, 2002 at 7 p.m. in the District Office.

## The State Pension Scandal—Were Legislators Sleeping at the Switch?

With the State of Wisconsin awash in scandal and a sea of red ink—citizens and taxpayers should brace themselves for a new scandal that could prove to be the largest, most costly government scandal and financial debacle in Wisconsin's history.

The financial implications of the latest scandal—referred to as the State Pension Scandal—has already brought a further, new sea of red ink. As of December 31, 2001, Wisconsin's State Pension plan was reporting a deficit of \$10.9 billion.

At this point, however, it remains unclear what the cost of this latest scandal will be to the State's taxpayers. What is clear, however, is that taxpayers will once again be footing what is likely to be a huge bill.

This scandal was first reported by Cathy Lawton, Independent candidate for the State Assembly in the 59th District. Lawton, a financial consultant and a founder of a leading national consulting firm, began reporting on this issue on September 14, 2002. Her reports on this issue are available on her website: [www.Lawton2002.org](http://www.Lawton2002.org).

**The Wisconsin State Pension Scandal—A Brief Summary**

The State Pension Scandal stems from 1999 Assembly Bill 495, the "Pension Benefits Improvement" bill that became Wisconsin Act 11. AB-495/Act 11 was passed by the Wisconsin Legislature on October 6, 1999 and signed into law by Governor Thompson on December 16, 1999.

Act 11 was very controversial and a number of parties immediately challenged the legislation in a lawsuit filed on December 23, 1999. The Wisconsin Supreme Court rejected all of the challenges to Act 11 in a 4-3 decision dated June 12, 2001.

AB-495/Act 11 significantly enhanced pension benefits for Legislators and other government employees at a ballpark present value cost of \$5.7 billion.

At the same time, AB-495/Act 11 provided \$200 million that was needed to balance the 1999 budget. Wisconsin Supreme Court Chief Justice Shirley Abrahamson criticized the Legislature, and in so doing, cited A Skunk at a Garden Party. In the Wisconsin Supreme Court's written decision in the Act 11 litigation Chief Justice Abrahamson dissented and stated:

The Wisconsin and federal constitutions do not allow the legislature to balance the

state budget or shift resources among governmental entities by using assets belonging to the ETF [Employee Trust Funds]. . . As a result of the majority opinion, Wisconsin now unfortunately joins other states that have viewed their once-burgeoning pension funds as a source of budget relief.

AB-495 was a complex bill of significant magnitude and consequence—and was passed by the Legislature with little, if any, debate in just 5 days.

In addition, Wisconsin Legislators voted to approve this legislation even though the State's actuary had been "bypassed" and no reliable cost estimate was available.

The available fiscal information amounted to little more than "back of the envelope" cost estimates that Scott Dennison, Retirement Research Director, stated were "rough estimates" and "HIGHLY INAPPROPRIATE for use as final estimates of a major piece of legislation under consideration." As of 12/31/2001, pension plan assets were \$10.9 billion less than the present value of the benefits promised to all present participants, retirants and beneficiaries.

The Architects of AB-495/Act 11—Wisconsin's Power Brokers

Those who criticize the

centralization of power in State government—will point to the State Pension Scandal as strong evidence of the dangers.

Based on the drafting history of AB-495, it is clear that Wisconsin's three power brokers—Assembly Speaker Scott Jensen (R-Brookfield), Sen. Chuck Chvala (D-Madison) and Governor Tommy Thompson were the principal architects of the "Pension Benefits Improvement" legislation that is at the center of the State Pension Scandal. In fact, email in the LRB's drafting file establishes that on September 23 and 24, 1999, meetings were held among representatives of Speaker Jensen, Sen. Chvala and Governor Thompson to "discuss outstanding issues" and "finalize the drafting on the retirement bill."

Governor Thompson appears to have played a central role in the development of AB-495. For example, at the September 23 and 24, 1999 meetings, the parties discussed what was referred to as "the administration's core package." Following the September 24th meeting, the parties apparently continued to negotiate the details of the bill for the next 7 days.

The urgency of the

## State Pension

Continued from page 1

"Pension Benefits Improvement" legislation is apparent in the email that Doug Burnett of Sen. Chvala's office sent to Rick Champagne, the LRB attorney at 11:51 p.m. on September 26, 1999:

Senator Chvala and Speaker Jensen have not yet agreed on a pension bill, but are expected to on Monday. In order to get a bill introduced on Monday, and a hearing scheduled for the JSCRS [Joint Survey Committee of Retirement Systems] on Tuesday, we need a bill drafted. So, please jacket a bill for introduction as soon as possible on Monday in the Assembly, and get it to Brett Healy in the Speaker's office. . .

On October 1, 1999 at 2:25 a.m., Doug Burnett of Sen. Chvala's staff transmitted the final details in an email to Rick Champagne, the LRB's drafting attorney. Mr. Burnett also reported that Chad Taylor of Speaker Jensen's office was authorized to provide drafting instructions for the final bill.

On October 1, 1999, Rep. Skindrud (R-Mt. Horeb) introduced Assembly Bill 495. Up to that point, however, it appears that Rep. Skindrud had little or no role in the crafting of the legislation.

### Wisconsin's Joint Survey Committee on Retirement Systems—The Gatekeepers.

In Wisconsin, the Joint Survey Committee on Retirement Systems plays an important gatekeeper function. This committee is comprised of 10 members: six legislators, the Attorney General's appointee, a designee of the Office of the Commissioner of Insurance, a designee of the Department of Employee Trust Funds, and a Public Member appointed by the Governor.

In 1999, JSCRS included Speaker Jensen, Sen. Panzer, Sen. Wirch, Rep. Vrakas, Sen. Erpenbach and Rep. Schneider, as well as Assistant Attorney General Jane Hamblen, Attorney General Doyle's appointee.

The JSCRS is the gatekeeper and is charged with making recommendations regarding all legislation that affects retirement and pension plans for public officers and employees. The Legislature cannot consider such a bill until the JSCRS submits a written report.

On October 4, 1999, the JSCRS held a public hearing on AB-495. The JSCRS submitted its written report that same day.

AB-495 was passed two days later. The Assembly (on a 79-20 vote) and the Senate (on a 23-10 vote) passed the legislation on the same day—October 6, 1999.

Had the JSCRS performed its gatekeeping function—AB-495 would likely have never made it to the Legislature. The JSCRS

report, that was prepared by Retirement Research Director, Scott Dennison, and accompanied AB-495 as an Appendix, highlighted critical and significant deficiencies in the proposed legislation. Most notable were the fact that no reliable cost estimate was available and no actuarial study had even been requested. Dennison's 1-page "DISCLAIMER" should have alerted legislators to these serious deficiencies.

### Wisconsin Legislators—Were they Sleeping at the Switch?

In early-October 1999 when AB-495 was first introduced in the Assembly, Wisconsin's Legislators were either sleeping at the switch, or knew that AB-495 was already a "done deal."

Had the Legislators even read the 10-page JSCRS report attached to the Legislation—they would have discovered the significant problems including: The Estimated Present Value Ballpark Cost of the Legislation was Significant - \$5.7 Billion. The Legislation was not "Revenue Neutral" - The estimated present value cost "from the standpoint of the employers [taxpayers]" over the next 30 years was \$1.7 billion. The Retirement Research Director Challenged the Idea of Increasing Pension Benefits on Public Policy grounds The State's Actuaries were "Bypassed" at a critical stage in the legislation The Accuracy of the \$5.7 Billion "Rough [Cost] Estimates" was not Known and could vary by 20% or more The "Disclaimer" expressly stated: "...no certain determination of the cost of such a bill can be made. Only the WRS actuaries can make a certain determination of the cost of A.B. 425(sic) When the Legislature Passed Assembly Bill 495, No Complete Actuarial Study of the Legislation had been Prepared The Actuarial Study from the State's Actuary Was Not Received Until November 5, 1999—about one month after the Legislature voted to pass AB-495 In the November 5, 1999 Report, the State's Actuary Expressly Disclosed the Risks Associated with Assembly Bill 495 \$200

Million of the \$4 Billion Transfer from TAA was Earmarked to Balance the 1999 State Budget.

### What Will The Cost be?

The people who should be in the know about the cost of Act 11—the Department of Employee Trust Funds (ETF)—are not talking. In addition, ETF's audited financial reports for 2000 and 2001—for the \$50 billion Wisconsin Retirement System—are not available. And, ETF has stated that it does not know what the cost of Act 11 will be—and won't know until sometime in the Spring of 2003. And, at this point, ETF is not even hazarding a guess.

Furthermore, important offices that might be able to provide information, including the Retirement Research Director, have remained vacant since shortly after AB-495 was enacted in late-1999.

Perhaps it is all a coincidence. Nonetheless, the public is right to ask what the cost of Act 11 is and what the cost will be to Wisconsin taxpayers.

In addition, the public is also right to ask how Speaker Jensen, Sen. Chvala and Governor Thompson stood to personally benefit from the \$5.7 billion "Pension Benefits Improvement" legislation that they developed and ran through the Legislature in just 5 days.

## Correction

In a front page photograph of the September 12, 2002 edition paper there was a correction in the photo of Gov. McCallum and the Harbeck family.

The caption stated that McCallum met with five generations of the Harbeck family. In fact the Governor did not actually meet with five generations. Four living generations met with him, though there are five generations of the Harbeck family who were active in the business. The photograph did not picture both the late Donald and William Harbeck. Donald was the first member of the Harbeck family to venture into the business. # West Bend Clinic Offers Flu Shots

The West Bend Clinic, a member of SynergyHealth, is offering flu shots for the public starting October 15 thru November 2. The flu shots will be held at 4 different locations throughout West Bend, Kewaskum and Jackson. Weekday, evening and Saturday morning sessions have been scheduled. No appointment is necessary.

The flu is a respiratory illness with sudden symptoms such as headache, dry cough, muscle aches, fatigue, fever, runny nose and sore throat. It is caused by a virus, and is more serious than a cold. It is estimated that up to 20% of people develop the flu each year. Flu season can run from November through March, and sometimes later. Those with the greatest risk are adults over 65, individuals with chronic medical conditions, people with immune-deficiency disorders and young children. In more serious cases it can lead to pneumonia. The Center for Disease Control estimates that close to 20,000 people die each year from flu-related illnesses.

The influenza vaccine helps prevent and protect most people from the flu. Side effects are unlikely, although some soreness, headache or low fever may occur the day after receiving the shot. Individuals with

egg allergies, previous reactions, current fever or flu symptoms or other concerns should consult their physician in advance.

Flu vaccines will be available in West Bend at the West Bend Clinic, 1700 W. Paradise Dr. and at Oakbrook Health Center in the Donated Health Services Room, 1201 Oak St. (across from St. Joseph's Community Hospital), at the Kewaskum Clinic, 1701 Fond du Lac Ave. and at the Jackson Clinic, W225 N16711 Cedar Park Ct.

Flu shot dates are as follows:

Tuesday, October 15th 8am-5pm at Oakbrook Health Center, West Bend.

Wednesday, October 16th 8am-8pm at Oakbrook Health Center, West Bend.

Friday, October 18th 8am-5pm at Kewaskum Clinic.

Wednesday, October 30th 8am-5pm at Oakbrook Health Center, West Bend.

Thursday, October 31st 8am-5pm at Jackson Clinic

Saturday, November 2nd 9am-1pm at West Bend Clinic.

## KM Symphony Launches Season With Concert

The Kettle Moraine Symphony launches its 35th Anniversary Season with a special opening concert on Saturday, October 19 at the Washington County Fair Park at 7:30 p.m. A repeat of this concert will be on Sunday, October 20 at the Schauer Arts and Activities Center at 3 p.m.

"The start of another season is always an exciting time," said Music Director Albert Asch. "Now that we're beginning our 35th season, there is also the sense of a milestone as we prepare great music for our audiences."

The concert will begin with Rossini's overture to "The Thieving Magpie." Starting with a vigorous martial theme, the work progresses through many familiar tunes from one of the most popular Italian opera composers.

Next will be a performance of Mendelssohn's Violin Concerto, featuring violinist Charlotte Maclet. Ms. Maclet is an outstanding young French violinist studying at the Lawrence University Conservatory of Music in Appleton. Although only 17 years old, she has won national performance competitions in France and has performed with the Concord Chamber Orchestra in Milwaukee.

A new symphonic work by local composer Dan Ackley, "The Seven Seals," will be presented next. Inspired by passages from the book of Revelations, this will be the first performance of this modern composition. With interesting tonal textures and rhythmic patterns, the spirit of the text about end-times finds exciting musical expression.

The concert will close with "Variations On A theme By Haydn," a familiar work by Brahms. Based on the tune of the St. Anthony Chorale, the orchestra presents several increasingly complex variations, exploring different elaborations on the melody.

Tickets for the Schauer Center performance can be

purchased at their box office, or call (262) 670-0560. They are priced at \$14 for adults, \$11 for seniors or students.

Tickets for the Fair Park performance can be pur-

chased by calling the Kettle Moraine Symphony at (262) 334-3469. They are priced at \$12.50 for adults, \$10 for seniors or students, \$5 for children 12 and under.

# KEWASKUM SCHOOL NEWS

## KHS to Present 'The Pajama Game'

Did you know that pajamas, one of the most common articles of clothing in modern America, were introduced to the Western world in 17th-century England as lounging attire for men. However, they quickly went out of fashion. Around 1870, British colonials who had observed Hindu men wearing them (the word pajama means "drawers" in Hindi), returned to England and re-introduced pajamas as sleepwear. At the beginning of the 20th-century pajamas were introduced as sleep-

wear for women. Starting in the early 1920s they were manufactured and worn as elegant, at-home evening wear.

Now that you know the history of pajamas, it's time to talk about The Pajama Game, a hit Broadway musical that will soon appear on stage at Kewaskum High School. Over the past weeks you have read about the story of The Pajama Game and about some of the characters and the students playing those characters. Today we will mention the rest of the cast, and they are: Jonathon Hawig (First Helper), Brandon Herman (Second Helper), Jason Jahnke (Charlie), Alice Feind (Brenda), Amanda Donath (Poopsie), Nick Zolecki (Pop), Megan Zettler (Sandra), Erin Bannenberg (Carmen), Kaitlyn Ogi (Virginia), Jac Chambers (Mara), Sarah Hoerig (Mary), Cora Werdermann (Charlene), Katie Kowalczyk (Ann), Erica Christie (Sara), and Cassie Delgado (Doris). Other members of the cast include

Danyl Abraham, Tami Dorzak, Nicole Feucht, Tracey Flasch, Amanda Goebel, Kelly Jacobi, Melissa Schmidt, Jackie Vandrell, Amanda Zimdars, Lora Jo Christie, Danielle Dreher, Ashley Feucht and Krista Yancy.

Tickets can be obtained by personally stopping at the high school music offices or by calling 626-8427, extension 4571. Costs of the tickets are the same as the past few years and all seats are reserved. You will be able to purchase \$5.00 seats, which put you close to the stage, \$4.00, seats that are still on the floor, and the \$3.00 bleacher seats.

Don't forget about the free performance for all area senior citizens on Thursday, October 31, which begins at 4 p.m. in Rose Hall.

## Boys Basketball Clinic For Grades 5-8 Being Offered

On Sunday evenings, open gym is currently being held from 7:00 until 9:00. Open gym is available to all ages, children to adults and is held throughout the entire year. Beginning on October 27, and continuing throughout November and December there will be a basketball clinic for fifth, sixth, seventh and eighth grade boys.

The clinic will be conducted by David Nordeng, KHS varsity boys' basketball coach, and will run from 5:30 until 7:00. Assistant clinicians will be the players from the varsity boys' basketball team. Other volunteer coaches are also needed.

The clinic is open to all boys whether attending public or private school. Fundamentals of shooting, passing and dribbling, offensive moves, defense and rebounding will be stressed.

If interested, information sheets are available at each school or just come to the first clinic on October 27 before 5:30. The cost will be \$20. A t-shirt and free admission to one boy's basketball game is included in the cost.

This will be a great way for students to brush up on their basketball skills for the up-coming seasons. Be a part of the Indian tradition! Flyers will be made available at the various schools in Kewaskum, Wayne and Farmington.

Any questions can be directed to David Nordeng at 626-8427 ext. 4256. Clinics for boys in grades K-4 will be held in January and February. Details will be coming later.

## Broad Community Support For KEYS Run/Walk

In spite of cold winds and low temperatures, KEYS runners and walkers came out to support the ninth annual run/walk to raise scholarship money for Kewaskum high school students. Just under 900 persons registered for the event held Sunday, October 13.

Dozens of high school students assisted with the race, both prior to and on race day itself. Students from Tim Rohlinger's class did computer data entry of all the registrations received prior to Sunday morning. Others folded over 1,000 t-shirts and helped fill bags for preregistered runners and walkers. On race day many more high school students assisted with the race by manning water stops, giving directions at corners and keeping bib tags in order at the finish line.

Staff members at all Kewaskum public and private schools publicized the race, creating motivating activities to increase registration, collected and organized all registration at their buildings, and packaged boxes of t-shirts and race

numbers for their teams to be distributed at each of the schools. Businesses with teams had captains who also collected teams and distributed race day material to their members.

On race day many other volunteers assisted by setting up the race course, donating and setting up refreshments for runners and walkers, collecting race day registrations and pledges, helping hand out race numbers and t-shirts, and assisting with timing the race and recording results.

The management of a race with nearly 900 participants is a monumental task and could not be handled without the assistance of so many willing and helpful volunteers from our wider community. KEYS officials are proud of the broad community support this event brings each year and are grateful to all runners and walkers for participating once again. KEYS also thanks all sponsors for their help in making this scholarship fundraiser so successful.

## Budget Cuts = Cuts in Services! Not Always an Easy Choice

It is not too soon to begin thinking of the upcoming State Budget for 2003-05. Whatever our Governor and Legislators in Madison eventually do will impact everyone reading this article. It is not simply a school, village, city, or county issue. Cuts at the state level will have a direct, or at a minimum, an indirect impact on everyone. With an estimated \$1.3 Billion shortfall for the first year of the upcoming biennium, and with no tobacco money available to help soften the decisions made in Madison, we are hearing Legislative and Gubernatorial pledges of no new taxes accompanied with suggestions for trimming or freezing the budget. The point of my article isn't to argue for or against budget cuts or tax increases. I only wish to make a simple point.

If services are cut due to reductions in state aid to schools or shared revenue to counties, cities, villages, etc, what services are we ready to do without, or have reduced? That's not an unfair question since we have a tendency to always think it's the "other person" that will be affected, not us. Remember the oil embargo of the 70's? Everyone agreed that we had to have some form of rationing, but generally support was like this: "I believe in rationing, but not me. I need my car because I am in sales, or I need to travel such long distances to work, etc."

I think that as long as budget cuts remain "out there" and not affecting us personally, cuts are easy to support. It's when they have an impact on us, or our family, that we tend to take notice. It's easy to say no new taxes, as most elected officials are professing, but

taking this position means finding additional revenue sources, or making cuts. That brings me back to my original question: If services are cut due to reductions to state aid to schools or shared revenue to counties, cities, villages, etc, what services are we ready to do without, or have reduced?

All of us have to make some very hard decisions in order to stay within our personal budgets. The sad fact is that elected officials haven't done a very good job of handling our money. Having said this, keep in mind that over the past 10 years, we just might have gotten used to what we have received from the state, even though they didn't actually have the money within the budget to pay for these services. Can we now give any of these things up? That is what I think will be a significant challenge for every citizen in Wisconsin, i.e., giving up things that we have grown accustomed to, or worse yet, now see as our right to have. That's why I think now is an excellent time to do some serious soul searching on suggested cuts by the Governor or Legislators. Ask what impact will it have on you and your family, your schools, your local government, your quality of life? Can you live without it? Be sure you can because it looks as though you'll have to. The age old question needs to be raised again: When does a want become a need? We need to answer this before making any final decisions. This 2003-05 biennium budget will generate some extremely tough questions, which in turn will require equally tough answers. Are we ready for them?

# UWWC Invites Prospective Students to College Close-Up

WEST BEND - UW - Washington County would like to invite prospective students and their parents to attend an upcoming session of College Close-Up. Prospective students can attend one of the informative campus-preview sessions either on Wednesday, October 20, 2002 or Wednesday, December 4, 2002. Sessions begin in Room 201 at 10 a.m. and end with a noon lunch.

College Close-Up is intended for traditional-age students (high schools and recent graduates under the age of 22) who are considering attending UW-Washington County or other post-secondary institutions. Each informal session

features a panel of current UWWC students who share their personal experiences and insights on college choice, transition from high school to college, and strategies for academic success. The panel will also be available to answer questions and give tours of the campus. These tours will include the university's state-of-the-art science building and expanded Fine Arts area. Faculty and staff will also be on hand to discuss admissions, financial aid, scholarships, and faculty expectations. In addition, information on co-curricular activities and student organizations will be available.

Students and their parents are welcome to enjoy a

free lunch in the university's cafeteria after the program and tour. The educational programs the university provides are the best start for many area students in achieving the life they want.

Area adults who are considering a return to college should plan to attend a separate "Return to Learn" event scheduled for Tuesday evening, November 5th at 7 p.m. The "Return to Learn" session address the specific needs of non-traditional age students, including childcare, evening and online classes, and previous course-work transfers.

UW-Washington County is located at 400 University Drive in West Bend. For more information and to make a reservation, please call the UWWC Student Services Office at 262-335-5201.

## Public Comment Welcomed as Part Of UW-WC Evaluation Process

The UW Colleges (UWC), the 13 freshman-sophomore campuses within Wisconsin including UW-Washington County, will undergo a comprehensive evaluation visit March 10-12, 2003, by a team representing The Higher Learning Commission. UWC has been accredited by the Commission since 1977 and its accreditation is at the Associate degree level.

The Higher Learning Commission is one of six accrediting agencies in the United States that provide institutional accreditation on a regional basis. Institutional accreditation evaluates an entire institution and accredits it as a whole. Other agencies provide accreditation for specific programs. Accreditation is voluntary. The Commission accredits approximately 950 institutions of higher education in a nineteen-state region. The Commission is recognized by the U.S. Department of Education.

For the past year and half, UWC has been engaged in a process of self-study, addressing the Commission's requirements and criteria for accreditation. The evaluation team will visit the institution to gather evidence that the self-study is thorough and accurate. The team will recommend to the Commission a continuing status for the

college; following a review process, the Commission itself will take the final action.

The public is invited to submit comments regarding the UW Colleges (13 freshman-sophomore campuses) or UW-Washington County to: Public Comment on the UW Colleges, The Higher Learning Commission North Central, Association of Colleges and Schools, 30 North LaSalle Street, Suite 2400, Chicago, IL 60602.

Comments must address substantive matters related to the quality of the institution or its academic programs. Written, signed comments must be received by February 9, 2003. The Commission cannot guarantee that comments received after the due date will be considered. Comments should include the name, address, and telephone number of the person providing the comments. Comments will not be treated as confidential.

Note: Individuals with a specific dispute or grievance with an institution should request the separate Policy on Complaints document from the Commission office. The Higher Learning Commission cannot settle disputes between institutions and individuals. Complaints will not be considered third party comment.

Aggie was the lucky winner of the female portion of the Kiss-the-Pig contest at this year's Kettle Kountry Kolors Sunday in Riverhill Park. Aggie garnered 104 votes courtesy of friends and relatives. First runner-up was Lynda Witt, also shown above, with 88 votes. Second runner-up was Tammy Garbisch with 55 votes. Third runner-up was Jill Yancy with 29 votes and fourth runner-up was Jeanne "I ain't kissin' that pig" Marchant with 27 1/2 votes. Actually, Aggie said, it was all very sweet and she plans on seeing piggie again very soon. A budding romance, perhaps?? Normally Aggie won't kiss on the first date, but this time she made an exception and had to kiss piggie three times before our photographer got the above shot. In all honesty Aggie, he got the shot the first time!

**LET'S BRING HIM BACK NEXT YEAR...** Our thanks to "Downtown Harrison" who was performing in the beer garden. After his performance (sponsored by St. Francis Bank) he helped us out with the prize drawings, Kiss-the-Pig contest and allowed us the use of his equipment.

**IS HE GOING TO BITE ME?** You don't have to be in love with it Ron Jon...just get close enough to give it a kiss. Ron Chiapusio was the male winner in the Kiss-the-Pig contest with 172 votes, many coming courtesy of his "friend" Woody Kleinhans, owner of Woody's Steakhouse in Kewaskum. (Save your money Ron...next year we're having a Kiss-the-Chicken contest.) First runner-up in the contest was Ron Will with 156 votes, who was coerced into kissing the piggie anyway just to please his family. What a good sport! If Ron Jon cannot fulfill the rest of his personal appearances, Ron Will will have to stand in for him. Second runner-up was Dave "Digger" Twohig with 97 votes, who was really "psyched" for the kiss. WBWI-WBKV's Bob Bonenfant was third runner-up with 87 votes and fourth runner-up was Roy Garbisch with 75 votes. Ron was pretty quick on the draw on the first kiss and was so nervous he actually missed the first time! Yes...we did make him pucker up again. By the time we let him stop practicing, he was getting the whole process down to a science. He's seriously considering turning pro.

Dave and Kathy Twohig of Campbellsport tried to abscond with piggie after the festivities but Piggie's natural parents would not allow the adoption and refused to sign the papers. Not to be outdone, Dave also gave piggie a little smacker. The photo does not do justice to the green tux worn by Dave and Kathy's stylish pig head hat. Thanks a ton to the Twohigs and all the candidates and finalists for being such good sports and putting all the fun into the contest. Together they raised over \$1,000 for next year's Kettle Kountry Kolors. Thanks to all who donated. More photos and a list of prize winners will be published next week.

The Kewaskum Historical Society wishes to extend a SPECIAL THANK YOU to Joel and Linda Nehrbass from Sausage Surplus for all of their assistance. The generosity of the Nehrbass Family is greatly appreciated by the Historical Society and all of the members. Thank you again Joel and Linda.

## To the Editor:

Today in church, I saw a touching moment. A father holding his baby son in his arms while walking up to receive Holy Communion and the baby was astonished at the height of the church's ceiling (the fans were in motion) and around and around his little head bobbed and his eyes were all in motion. As if looking straight up to heaven -- and saying, "Thank You, God!" for giving me my life. I could not help but smile with this in mind, and you could see the proudness on his father's face.

October is Right to Life month. Are you doing all in your power to promote life issues? Please make it important and significant in your life. Be different -- make a difference in our stressed-out society. Speak out -- on what is happening in decisions made about the dignity of life. Make abortion the focus of your energy. Life is precious. "We must protect all life, from the cradle to the grave." There should be much anger and awareness of the suffering caused by the thousands of innocent lives lost by abortion and hunger.

A reminder, Tuesday, November 5, 2002 is Election Day. Vote for Pro-Life candidates!

## Isn't Every Baby Wonderful?

The call came at 2:00 a.m. My stomach knotted.

Reaching for the phone beside the bed, I expected the worst. The opposite was true: "It's a girl!" came the joyful announcement from my fourteen-year-old niece on the other end of the receiver.

*Making the decision to have a child is momentous. It is to decide forever to have your heart go walking around outside your body.*

-Elizabeth Stone

She had just witnessed the birth of her new sister and was making phone calls

to relatives on behalf of her newly-grown family.

"Is the baby wonderful?" I asked her. An unusually long pause followed.

Deciding that my question had not made any sense, she answered me by asking one of her own: "Aren't all babies wonderful, Aunt Shelly?"

Silly me.

### CARD OF THANKS

To our brother, brother-in-law, and uncle DEAN KLEINKE.

When somebody dies, a cloud turns into an angel and flies up to tell God to put another flower on a pillow. A bird gives the message back to the world and sings a silent prayer that makes the rain cry.

People disappear, but they never really go away. The spirits up there put the sun to bed, wake up the grass, and spin the earth in dizzy circles. Sometimes you can see them dancing in a cloud during the daytime when they're supposed to be sleeping.

They paint the rainbows and also the sunsets and make waves splash and tug at the tide. They toss shooting stars and listen to wishes. And when they sing windsongs, they whisper to us, "Don't miss me too much. The view is nice, and I'm doing just fine."

One year later, we still miss you and love you very much.

Dave, Angie, Chase,  
Brett and Carly Mueller

### IN MEMORY

In memory of MICHAEL STERN, who passed away nineteen years ago, Oct. 18, 1983:

People who are dear to us  
Are never far away  
They're always close in  
mind and heart  
Just as you are today  
God took you home  
It was his will  
But in our hearts we  
Love you still  
Your memory is as dear  
today  
As in the hour you passed  
away.

Love and prayers  
Mom and Tom

### 50 Years Ago

September 12, 1952

Kewaskum and other schools in the Fox River Valley Tri-County Conference will make a change from a six-man to eight-man football this fall. This will be the first attempt at eight-man ball. The teams have played six-man football ever since adding this sport to the athletic program. Coach Ernie Mitchell and his assistant have been training the large squad the past two weeks to get them acquainted with the eight-man game. Among the 35 candidates who have reported for football practice, only four are returning lettermen. The team was hard-hit by graduation and transfers of players to other schools. The only lettermen back are Leroy Keller and

Lloyd Dreher, backfield men, and Donald Dei and Roger Groeschel, ends.

Howard A. Haack, son of Chief of Police and Mrs. Edmund Haack, Kewaskum, who recently enlisted in the U.S. Air Force, now is in training in San Antonio, Texas.

Recently returned to the U.S. Naval Submarine Base in Pearl Harbor after completing a six month tour of duty in Korean waters aboard the submarine USS Caiman, was Alvin Jeske, electronics technician second class USN, son of Mr. and Mrs. E.F. Jeske of Kewaskum. The Caiman, a guppy-snorkel type submarine was commissioned in 1944 and made four war patrols in the Pacific during World War II.

A daughter was born to Mr. and Mrs. Wilbert Ruplinger, Route 3, West Bend,

on September 5. Mr. Ruplinger is the son of Mrs. Grace Ruplinger, Kewaskum. Daughters were also born to Mr. and Mrs. Glen Gutjahr, Route 3, Kewaskum, on September 5, and Mr. and Mrs. Jerome Marquardt on September 4.

Sons were born to Mr. and Mrs. Harold Westerman, Route 3, Kewaskum, on September 12 and to Mr. and Mrs. Elmer McEwen, Route 3, Kewaskum, on September 9. A son, David Dean, was also born to Mr. and Mrs. Eldon Scheid, Elmore, on September 3.

## Volunteer Center Hosts Computer Recycling Event

The Volunteer Center of Washington County is hosting a second Operation Computer Collection this Fall. Many citizens have called to ask when the next computer recycling date is scheduled! Citizens and companies tell us they like the low recycling fees, the easy drop-off and the important fact that all of the old computer equipment gets recycled!

Computer Recycling is planned from Wednesday, November 6th through Monday, November 11th at the Volunteer Center offices in West Bend at 239 N. Main Street and Hartford at 765 Cleveland Avenue. The times for drop off of equipment that would normally be discarded (such as monitors, CPUs, keyboards, printers, etc.) are as follows:

### West Bend Office

Thursday, Nov. 7th, Noon to 4:30 pm trailer, 4:30 - 7:00 pm in the office

Friday, Nov. 8th, 9 am - 4 pm

Saturday, Nov. 9th, 9 am to noon Monday, Nov. 11th 9 am - 4 pm

### Hartford Office

Wednesday, Nov. 6th, 11

am - 1 pm

Friday, Nov. 8, 8 - 10 am

Saturday, Nov. 9, 9 am to noon

The Computer Recycling Program, run through the Wisconsin Department of Corrections, is available to all Washington County residents and businesses. Old computers and computer systems are refurbished and sold at a low cost to nonprofit and government agencies for use in educational and training programs.

Equipment is tested, formatted, cleaned, and linked with other discarded equipment to form complete working systems. Any equipment that cannot be restored is broken down and used for parts. The program is an economical and ecologically sound way to get old computers out of the way for new technology.

There is a nominal handling fee for participating in this program, and the fee structure is as follows:

- \$5 each for monitors, computer CPU's, printers, laptops and scanners

- \$2 each for keyboards Mice, cables and external drives are no charge

Give your old computer a new lease on life - recycle it! Call the Volunteer Center at 338-8256 for more information.

The doorstep to the temple of wisdom is a knowledge of our own ignorance.

## Kiwanis Club Still Seeking Old Cell Phones

The Kewaskum Kiwanis Club is asking cell phone users to answer the call and turn in used cell phones they no longer need to help raise funds for the various community projects the club sponsors. Collection efforts have been going strong for almost a year now. Over 300 phones have been collected thus far.

"The primary goal of our phone drive fundraiser is to collect wireless phones that consumers aren't using anymore," said the club's president Larry Ammel. "With more than 30 million used wireless phones lying idle in American homes and businesses, an individual can turn a used item into new funding that helps support our mission in a simple but effective way."

Any portable cellular or PCS phone is accepted, excluding bag phones of

vehicle-installed models. The Kiwanis Club will also take the phone's battery or charger, if available. All donors should deactivate the wireless service of any donated phones before turning them in.

"We're very excited about this new fundraising opportunity," said Ammel. "Not only will it benefit our organization, but donated phones that can't be refurbished are properly recycled to benefit the environment as well."

The public may donate their used wireless phones by mailing them to

## Girls Volleyball Teams Wins Quad To Take Second Place in EWC

By Kyle Darmody  
Student Reporter

After sweeping Campbellsport 15-9, 15-9, and 15-9 in the first match, the Kewaskum girls varsity volleyball team, went on to beat Plymouth 15-12, 15-12, and 7-15; and Kiel 15-4, 15-2, and 15-7 to go undefeated in an EWC Quad held at Campbellsport Thursday, October 10th.

"The girls played strong all night," coach Dave Rizzardi said. "Well, we set the tone early with strong serves, and we controlled the ball and made smart decisions with our spiking," Rizzardi continued. "Plymouth was probably our toughest match of the evening. They just had some real sure-hitting athletes," he said. "Then we went on to play Kiel, and we just out-powered them! It was a great way to spend homecoming week."

Leading the way for the Indians on offense was Jill Wittmann who had nine kills along with 21 assists, and Megan Butler who had

three aces with her serving.

Leading the ladies on both sides of the net were Heather Meyer, who had 13 kills on offense, and 23 digs on defense; Beth Boedeker, who also had 21 assists on offense, and 22 digs on defense and Katie Klug, who had four aces with her serves on offense, and three solo blocks on defense.

Leading the way for the ladies on defense was Jenna Roecker who had 24 digs along with three blocks (two solo and one assisted), and Lindsay Gaffke, who had 18 digs.

The Indians now sit alone in second place in the conference trailing only New Holstein.

"Well, we're really hoping New Holstein can pick up a loss so we can have at least a share of the conference title," Rizzardi said.

The Indians faced Roncalli Tuesday, October 15th in their last home game of the year, before traveling to Two Rivers Thursday, October 17th, to close out their regular season.

The State Regional will start the following Tuesday, October 22nd, with the opponent and location to be announced.

## What's Next for The Indians?

By Kyle Darmody  
Student Reporter

After a 32-21 Homecoming win last Friday, October 11th, the Indians will travel to Plymouth (4-1 conference and 5-2 overall) Friday, October 18th. This game is critical for the Indians in their hunt for a playoff berth, as they have to win one of the next two games to get into the playoffs.

After the game at Plymouth, the Indians come back home to face New Holstein (0-5 conference and 1-6 overall) to conclude the regular season.

Plymouth is tied for second in the conference with Campbellsport, after coming off a big 19-9 win last Friday against Campbellsport. Kewaskum lost to Campbellsport 28-14 earlier in the month.

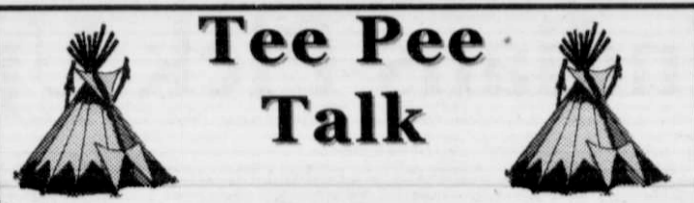

For Kewaskum it may not be a question of size this week, but more of how to stop Plymouth's speed, a problem which the Indians have had in the past with Campbellsport, and Sheboygan Falls.

Plymouth will also be coming into the game fired up as the conference title picture breaks down next week.

If Plymouth wins their game against Kewaskum and Campbellsport upsets Sheboygan Falls for the second straight year, there would be another three way tie for the conference lead.

If the Indians can play the spoiler, and beat Plymouth, and Campbellsport wins at home against Sheboygan Falls, it would leave a two way tie for first (Campbellsport and Sheboygan Falls), and a two way tie for second (Kewaskum and Plymouth).

So keep a close eye on the scores next Friday to see how the conference race will shake out, and come up to support the Indians in Plymouth as they try to take down the tough Panthers. Game time is at 7 p.m.

# Indians Pick Up Homecoming Victory

After trailing 14-3 to Two Rivers midway through the second quarter, the Kewaskum varsity football team answered with two touchdowns of their own to close out the first half, and take a lead that they would not lose as they went on to win the Homecoming game against Two Rivers 32-21, last Friday, October 11th in Kewaskum.

The Indians were able to score first when Matt Hartmann hit a 27 yard field goal with 3:17 remaining in the first quarter.

Two Rivers then answered on the next drive when quarterback Jake Steinhauer hit Tony Becker for a 17 yard touchdown pass. The extra-point was no good as the Raiders took the 6-3 lead.

On the ensuing kickoff, Two Rivers kicked a squib kick which took a wicked hop, and bounced right off of Indian wedge man Joe Rinzel's face mask. The ball

flew ten yards back in the other direction, where the Raiders recovered the loose ball. Then with the Raiders drive struggling they pulled out a little trickery, as they ran the ol' hook and ladder. Steinhauer hit Grant Ely for the pass, who then pitched the ball to Becker who took it in for the six. The Raiders were successful on the two point conversion and took the early and stunning 14-3 lead.

On the kickoff the Raiders tried yet another squib kick but this time Indian Dave Wicklund was their to cover up. The Indians' offense took the ball and drove down the field, scoring on a Ryan DeLaurier two yard touchdown run. Travis Kempf found Kyle Rabuck for the two point conversion which closed the Raider lead to three with the score 14-11.

After a mishandled kick return the Raiders took the ball deep in their own territory, and then the Indians defense dug in, as Corey Darmody sacked Steinhauer

in the end zone, where he fumbled the ball.

Mike Donath recovered it for the Indians in the end zone for the touchdown. Hartmann kicked the extra point the Indians took an 18-14 halftime lead.

Neither team would put any points on the board in the third quarter, but the Indians did start driving late in the quarter after a Raider fumble.

Then on the first play of the fourth quarter, Kempf hit Dave Wicklund in the back of the end zone for a 22 yard touchdown pass. After Hartmann kicked the extra point, the lead was increased to 25-14. The Indians would strike again on defense.

After sidelining Raiders starting quarterback Steinhauer, backup quarterback Andy Tice threw an interception to Indian cornerback Matt Hartmann on his first pass. Hartmann was gone as he took the pick 57 yards for the touchdown. Hartmann would then make the extra point which gave the Indians a 32-14 lead.

Two Rivers would add one more touchdown on the last play of the game, to make the final score, 32-21. Dave Wicklund led the Indians in receiving with four receptions for 51 yards. He was followed by Hartmann who had three receptions for 31 yards.

Former offensive guard Keith Schmidt led the Indians in rushing with 41 yards on nine carries. He was followed by Troy Koefel who had 37 yards on eight carries. The Indians were outgained offensively 197-237.

On defense the Indians continued to dominate, by finding a variety of ways to create turnovers. The Indians created six turnovers, five of which were fumbles.

Defensive leaders for the Indians were Keith Schmidt who had an amazing five sacks, and two forced fumbles. Corey Darmody had two and a half sacks, along with eight tackles (five unassisted, three assisted) and one forced fumble.

Pat Enright had half a

sack to go along with seven assisted tackles and one fumble recovery.

Finally Troy Koefel had nine tackles, Joe Rinzel had two fumble recoveries, and Matt Hartmann had an interception which he returned for a touchdown and a fumble recovery.
