

CELEBRATE MEMORIAL DAY

A Soldier Died Today

Written by A. Laurence Vaincourt in 1985

He was getting old and paunchy and his hair was falling fast. And he sat around the Legion, telling stories of the past. Of a war that he had fought in and the deeds that he had done, and his exploits with his buddies, they were heroes everyone. And though sometimes to his neighbors, his tales became a joke, all his Legion buddies listened, for they knew whereof he spoke. But we'll hear his tales no longer, for old Bill passed away; And the world's a little poorer, for a soldier died today.

He'll not be mourned by many, just his children and his wife, for he lived an ordinary, uneventful life. Held a job and raised a family, quietly going his own way. And the world note his passing, though a soldier died today. When politicians leave this earth, their bodies lie in state, and thousands note their passing and proclaim that they were great. Papers tell their whole life stories, from the time that they were young. But, the passing of a simple soldier goes unnoticed and unsung.

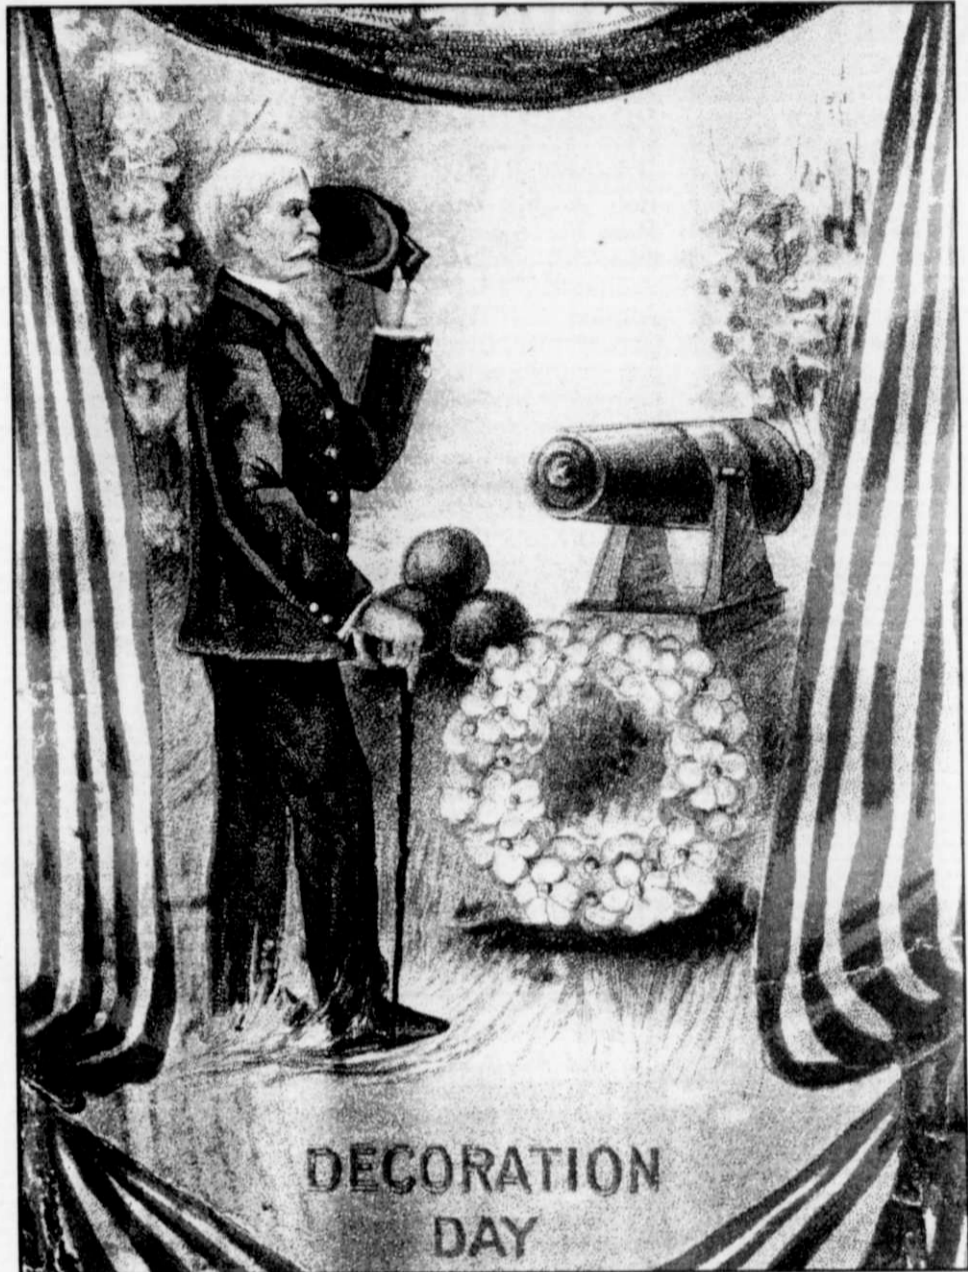

Is the greatest contribution to the welfare of our land a person who breaks promises and cons his fellow man, or the ordinary fellow, who, in times of war and strife, goes off to serve his country, and offers up his life? A politician's income and the style in which he lives, are sometimes disproportionate to the service that he gives. While the ordinary soldier, who offered up his all, is paid off with a medal and perhaps a pension small.

It's so easy to forget them, for it was so long ago, that the old Bills of our country went to battle, but we know, it was not the politicians, with their compromise and ploys, who won us the freedom that our country now enjoys. Should you find yourself in danger, with your enemies at hand, would you want a politician with his ever shifting stand, or would you prefer a soldier who has sworn to defend his home, his kin and country and would fight until the end?

He was just a common soldier and his ranks are growing thin, but his presence should remind us we may need his like again. For when countries are in conflict, then we find the soldier's part is to clean up all the troubles that the politicians start. If we cannot do him honor while he's here to hear the praise, the at least

let's pay him homage at the ending of his days. Perhaps just a simple headline in a paper that would say, "Our Country is in Mourning, For a Soldier Died Today."

May God bless our Veterans and all those who have loved them.

This "Decoration Day" postcard is dated 1912. This card was submitted by Isabelle Muckerheide.

Campus Notes

Concordia University Wisconsin, Mequon, conferred degrees on 457 students during its annual Spring Commencement Exercises on Saturday, May 17, 2003.

Among the area students earning degrees were: Jennifer Thill, Physical Therapy-MPT.

Founded in 1881, Concordia University Wisconsin is situated on 155 acres of beautiful Lake Michigan shoreline at 12800 North Lake Shore Drive, Mequon. The University and its eight off-campus Adult Learning Centers are home to over 4,900 undergraduate and graduate, traditional as well as non-traditional, students.

The University offers 45 undergraduate majors and is affiliated with The

Lutheran Church-Missouri Synod. It is a member of The Concordia University System, a nationwide network of 10 colleges and universities.

For more information, contact the Admission Office at 262-243-4300, or visit the University website at www.cuw.edu.

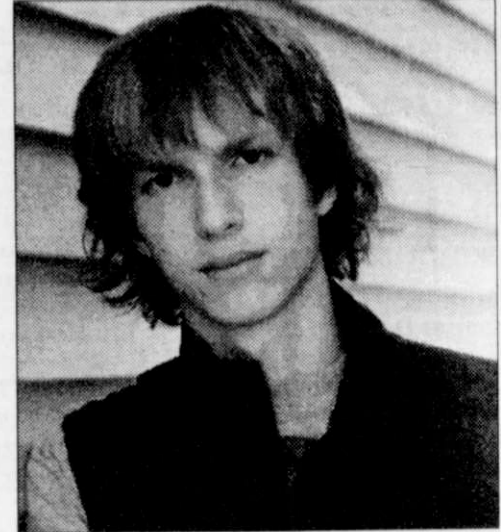

EAU CLAIRE - The University of Wisconsin-Eau Claire Chapter of Mortar Board initiated 42 new members and elected new officers on April 27, during Honors Week at UW-Eau Claire. Mortar Board is a national honor society that recognizes seniors for achievement in scholarship, leadership and service.

The following are new members from our area: Emma Chambers, Kewaskum and Emily Dieringer, Campbellsport.

Kiwanis Students of the Month

Kayla Sauer

Daniel Schneider

Kayla Sauer and Daniel Schneider were named Kiwanis Students of the month for the month of March. Kayla is the daughter of Tim and Sheila Sauer. She has maintained a 4.0 GPA over her four years of high school. She also volunteers as a teaching assistant at Holy Trinity with the CCD classes. Kayla has been involved in "Hermanos de espana" this year, National Honor Society. She has also been on the tennis team for three years where she earned a letter, served as team captain and was chosen as Most Improved and has been on the softball team for four years where she was chosen as Most Valuable Player and also All Conference Honorable Mention. She enjoys playing sports, spending time with her family and friends as well as reading, watching movies and going to concerts.

Daniel is the son of Howard and Janet Schneider. He has been selected for the Conference Honors Band two years, has received an academic letter and has lettered in tennis. Dan enjoys playing many musical instruments including the guitar, bass, piano and trumpet. He also enjoys playing in band and playing basketball and ping-pong. Dan also enjoys writing songs. Students and their parents were honored during a Kiwanis dinner meeting recently.

BUSINESS NEWS

New Name for Local Business

Butler Financial Group, Ltd. located at 1551 Fond du Lac Avenue, Kewaskum has changed their name to The Investment Center, LLC. Established in 1972, Butler Financial Group was originally located in West Bend before moving to Kewaskum in 1997. The family owned company specializes in business, retirement and investment planning

Two WB Companies Earn Friend of the Environment Awards

MADISON - Serigraph, Inc. and Western Lime Corporation, both of West Bend, are among the nine winners of the Wisconsin Business friend of the Environment Awards for outstanding achievements in environmental protection.

"These winners go above and beyond regulatory requirements to protect and support our environment," said Jeff Schoepke, director of the Wisconsin Environmental Working Group®, the affiliate of Wisconsin Manufacturers and Commerce which sponsors the annual awards.

Serigraph, Inc. won the innovative technology category and Western Lime Corporation won in the environmental stewardship category.

Serigraph, Inc. is a screen and sheet-fed offset printer operating from four sites in Washington County. The largest manufacturing employer in West Bend, the company employs 950 full-time employees. Through innovative strategies implemented in its four facilities, Serigraph, Inc. cut emissions of volatile organic compounds (VOC) by more than half -- from 127 tons in 2000 to 53.7 tons in 2002.

Western Lime Corporation is a mineral supplier and producer of high calcium and dolomitic lime. Founded in 1847, the company owns seven stone quarries and operates two

lime-manufacturing facilities in Northeast Wisconsin.

In 2002, Western Lime Corporation developed and coordinated an Earth Day celebration for nearly 800 kindergarten through eighth graders from the Lomira-Theresa Public Schools at its Farmersville Quarry near Lomira.

The two-day event called Earth: The Great Storyteller featured a dozen hands-on activities designed to teach students about stewardship and the natural environment. The event was a partnership involving over 60 business, government and community volunteers.

The nine winners were chosen from a competitive field of 43 candidates nominated by their peers, and in some cases, the companies themselves. An independent panel of judges who included representatives from industry, state government, environmental organizations and the University of Wisconsin System selected the winners.

Business Friend of the Environment Award winners are categorized according to the number of employees and judged in the areas of pollution prevention, innovative technology and environmental stewardship.

The winners were honored at the 14th Annual Environmental Policy and Awards Conference at the Marriott Hotel in Waukesha on May 14.

DAYS GONE BY

25 Years Ago

December 23, 1977

Mary Ryan, daughter of Mr. and Mrs. Robert L. Ryan and Renee Sleger, daughter of Mr. and Mrs. Edward Sleger, both of rural Kewaskum, have been chosen as Kiwanis students for the month of November.

The Village of Kewaskum finally received the assessment from the state this week and the board was able to set a tax rate at the meeting Tuesday night. The figures came in higher than expected, leading to a final net rate of \$18.28 per thousand of assessed valuation. The total assessment of the village came close to \$46 million dollars.

A daughter, Mandy Marie, was born to Mark and Barb Strobel, Route 3, Campbellsport, December 16, at St. Joseph's Community Hospital, West Bend. Paternal grandparents are Lester Strobel and the late Lorraine Strobel of Kewaskum. Maternal grandparents are Edward and the late Delores Jadzewski of Fond du Lac. Paternal great-grandparents are Mr. and Mrs. Roy Zuehlke of Kewaskum.

Mr. and Mrs. David Schmitt, Campbellsport, wish to announce the birth of a son, Brian Robert, December 5 at St. Agnes Hospital, Fond du Lac. Grandparents are Mr. and Mrs. Vincent Schmitt, Route 1, Campbellsport, and Mr. and Mrs. W. Robert Hatch, Route 2, Campbell-sport. Brian has a four-year-old sister, Michelle.

25 Years Ago

December 30, 1977

Merril J. Krueger of Kewaskum, who was among 14 qualifiers for the top prize of \$200,000 as part of the Illinois State Lottery's \$1 million bonanza game won the \$60,000 second prize.

Sandy Dillinger, daughter of Mrs. Agnes Dillinger of Kewaskum, graduated on December 18 from the Practical Nursing Program at Moraine Park Technical Institute in Fond du Lac.

The Kewaskum Indians wrestling team managed just one win and a draw and were Campbellsport's 88th victim in a row without a loss, 41-5, in their non-conference match Thursday night. The only winner for Kewaskum was Dan Schmidt (5-1) who won over Chris Humphreys (7-3) at 145 pounds.

A daughter was born to Rex and Pamela Bindrich, Kewaskum, on December 25.

25 Years Ago

January 6, 1978

A car driven by Edward F. Mumm, 73, of Kewaskum was struck by Chicago and Northwestern Train No. 592 Thursday morning, December 29, at the First Street railroad crossing. He was taken to St. Joseph's Community Hospital, West Bend, in the Kewaskum ambulance, was treated as an outpatient and was released. There are no wig-wags at that crossing, however, there are warning crossbars.

Still without leading shooter and scorer Mark Tessar after a bout with pneumonia and another regular, Jeff Limberg, who was also ill, the Kewaskum Indians returned to action Tuesday night here in a non-conference game with

Shown above is a very early view of the Holy Trinity Catholic Church parsonage. The structure still stands today, as pictured above. Photo is submitted by Helen Felix. Anyone wishing to submit old photographs for the "Days Gone By" column should contact Andrew at 262-370-0831 or akuehl@kewaskumstatesman.com. We need your photos to continue this feature. Please note that we can not use past newspaper clippings for quality purposes.

Campbellsport and were defeated by three points by the Cougars, 64-61. It was the fifth straight setback for the Indians.

A daughter, Teresa Serene, was born to Mr. and Mrs. John Ford, Campbell-sport, on December 29.

A daughter was born to James and Judy Jaeger,

Campbellsport, January 1.

A daughter was born to Mark and Jane Jansen, Kewaskum, on January 4.

A son was born to Ronald and Marjorie Stommel, Kewaskum, on January 4.

LETTERS TO THE EDITOR

Dear Editor:

I have recently been following the "crusade for pot-bellied pigs." From what I understand, the ordeal began over a simple secretarial mistake. For this reason, I find the situation ridiculous, almost laughable! I believe that Scott Konzal's and Greg Bernau's arguments are foolish. They claim the board should be removed. May I ask why the board should be removed when they were not the ones who falsely led the men to believe pigs were allowed in town? Also, I ask why we should remove men from our local government, who are most qualified and most deserving to serve in that position?

Too much energy has been placed on such an insignificant matter. Petition signing, future pet marches, and television advertising are a few ways Mr. Konzal and Mr. Bernau have been reaching out. I do understand that a pet is part of the family, but I do believe that the village's time is much better spent on referendums and the like. On top of all this, our wasted time and energy makes Kewaskum, as a whole, a laughing stock. Another point I would like to bring to your attention is, if and when pigs are allowed in town many rules and regulations will definitely have to be made. Is one pig worth the trouble when our town is having major construction and the school children are in need of books?

In closing, I would like to wish Mr. Konzal and Mr. Bernau the best of luck. I also want to send the Board my best wishes and to let them know that I respect

their decision. Finally, I would like to remind you that not all aspects can be discussed in a short letter. Thank you for your time.

Sincerely,
Amanda Jung

Dear Editor:

I want to thank the FFA on behalf of the Kewaskum Elementary School third graders. The FFA students came to our school and gave an informational talk to the students about farming. They showed a video, played games with the students, and gave them milk and string cheese as a treat.

They also took the students on a trip to the David Beck farm. This was a truly enriching experience for the students. Thanks so much to Mr. and Mrs. Beck for their hospitality.

Sincerely,
Kim Gutjahr
Third grade teacher

Village of Kewaskum NEWS NOTES

RECYCLING TIPS

BATTERIES AND WASTE OIL

7 of 7

TYPE OF OIL: Automotive and small engine oil only; NO ANTI FREEZE

PREPARATION: Used crankcase oil should be free from water, rags or other foreign materials. Any cost incurred for handling and managing any contaminated oil will be charged to the person disposing of the oil. Place oil in a clear plastic container with a cover and take it to the disposal site. Roger and Dan's Auto Service at 891 Fond du Lac Ave. is the disposal site for Village residents. Use a container that can be used again since disposal of containers becomes a problem. A "Waste Oil Permit Slip" must first be filled out prior to disposing of the waste oil. These slips are available at the Village Hall at 204 First Street.

TYPE OF BATTERIES: Automotive type batteries which are of the lead acid type. No flashlight or lantern type batteries are allowed.

PREPARATION: Automotive batteries should be placed adjacent to the recycling bin at the curb for pick up. Place the batteries curbside on the same day that your solid waste is to be collected. Pick up will be on Wednesday for both solid waste and recyclable items. Multi-family dwellings of six or more, remember, your recycling pick up will be the 1st and 3rd Wednesday of each month.

See you at the Boltonville Firemen Picnic this weekend!

LEGAL NOTICES

NOTICE OF THE BOARD OF REVIEW FOR THE VILLAGE OF KEWASKUM

NOTICE IS HEREBY GIVEN that the Board of Review for the Village of Kewaskum, of Washington County, Wisconsin, shall hold its first meeting in the Council Room Meeting Room of the Municipal Building, 204 First Street on Friday, June 6, 2003 commencing at 9:30 AM to 11:30 AM.

Please be advised of the following requirements to appear before the Board of Review and procedural requirements if appearing before the Board:

No person shall be allowed to appear before the Board of Review, to testify to the Board by telephone or to contest the amount of any assessment of real or personal property if the person has refused a reasonable written request by certified mail of the Assessor to view such property.

After the first meeting of the Board of Review and before the Board's final adjournment, no person who is scheduled to appear before the Board of Review may contact, or provide information to, a member of the Board about the person's objection except at a session of the Board.

No person may appear before the Board of Review, testify to the Board by telephone or contest the amount of assessment unless, at least 48 hours before the first meeting of the Board or at least 48 hours before the objection is heard if the objection is allowed because the person has been granted a waiver of the 48 hour notice of an intent to file a written objection by appearing before the Board during the first two hours of the meeting and showing good cause for failure to meet the 48-hour notice requirement and files a written objection, that the person provides to the Clerk of the Board of Review notice as to whether the person will ask for removal of any Board members and, if so, which member will be removed and the person's reasonable estimate of the length of time that the hearing will take.

When appearing before the Board, the person shall specify, in writing, the person's estimate of the value of the land and of the improvements that are the subject of the person's objection and specify the information that the person used to arrive at that estimate.

No person may appear before the Board of Review, testify to the Board by telephone or subject or object to a valuation; if that valuation was made by the Assessor or the Objector using income method; unless the person supplies the Assessor all of the information about income and expenses, as specified in the manual under Sec. 73.03(2a), that the Assessor requests. The Village of Kewaskum has an ordinance for the confidentiality of information about income and expenses that is provided to the Assessor under this paragraph which provides exemptions for persons using information in the discharge of duties imposed by law or of the duties of their office or by order of a court. The information that is provided under this paragraph, unless a court determined that it is inaccurate, is not subject to the right of inspection and copying under Section 19.35 (1) of Wis. Statutes.

The Board shall hear upon oath, by telephone, all ill or disabled persons who present to the Board a letter from a physician, surgeon or osteopath that confirms their illness or disability. No other person may testify by telephone.

Respectfully submitted,
THE VILLAGE OF KEWASKUM
Daniel S. Schmidt, Village Administrator/Clerk

NOTE: Persons with disabilities requiring special accommodations for attendance at the meeting should contact the Municipal Building at (262) 626-8484 at least one (1) day prior to the meeting.

Notice of Village Board Meeting. Members of

the village board may attend the above meeting. Pursuant to State ex. rel. vs. Greendale Village Board, 173 West 20 533,494NW 2nd 408 (1993). Such attendance may be considered a meeting of the Village Board. This notice is given so that members of the village board may attend the meeting without violating the open meeting law.

TO: President Mathew A. Heiser
Board of Review Members
The News Media

Notice is hereby given that the Board of Review of the Village of Kewaskum, Washington County, Wisconsin, will be in session in the Council Room Meeting Room of the Municipal Building, 204 First Street on Friday, June 6, 2003 commencing at 9:30 AM to 11:30 AM in the afternoon for the purpose of reviewing and examining the assessment roll of the current year of all real and personal property and hearing all complaints which shall be properly brought before it. If necessary, the Board of Review will be in session from day to day until its work is completed. Should adjournment for more than one day be necessary, proper notice will be posted at the Municipal Building.

NOTE: Attachment of fully printed notice.

Daniel S. Schmidt
Administrator/Clerk

NOTE: Persons with disabilities requiring special accommodations for attendance at the meeting should contact the Municipal Building at (262) 626-8484 at least one (1) day prior to the meeting.

Rush the Browns

Pierce County offers excellent trout fishing.

Hello Friends,

When I was growing up in Columbia County, I was a pretty decent trout fisherman. I lived about a five-minute walk from Rowan Creek. Lately for some reason, I have pretty much quit trout fishing. This past week, I returned to this very relaxing sport. I found trout paradise while fishing Pierce County's Kinnickinnic and and Rush rivers.

Friday, May 9
High 58, Low 44

The Kinni was supposed to be my main fishing hole for this trip. I had my work cut out for me if I was going to write about catching fish this week since in the last 25 years, I had been trout fishing only once.

I had never seen this river before and I made my first mistake when I assumed there would be overnight camping at Kinnickinnic State Park. It is a good thing I have a top-ner on my pick-up.

My first fishing adventure took place near County F. I parked my truck, put on the chest waders and headed up river with a rod in my

hand and high hopes in my spirit.

Two distinct realities greeted me immediately. My waders leak and the Kinni is almost impossible to cross due to recent monsoons. The water current knocked my 160 pounds around like a feather. Limestone bluffs and a wide river that I apparently had to myself got me very excited about my three-day trip.

I worked up river, casting a No. 4 Panther Martin spinner. When I came to a fast flowing rapids with a deep hole on one side, I could feel it held trout. I switched over to a crawler and a small split shot.

I was watching the grass grow, which is doing what I'm best at, when my line tightened and it started heading up river. When I set the hook, the fight was on. The trout was smart, and he snagged me in a dead fall.

I wanted him so badly that I waded in and unsnapped my 11-inch trophy.

There is a 10- to 14-inch mandatory release slot on the Kinni. With pleasure, I

released the healthy brown trout to fight another day.

Saturday, May 10
High 63, Low 49

I have my dog, Star, along for company. At 11 years old, Star can snore for 23 hours a day. Even though she is not getting a lot of action on this trip, I know she is happy just to be along. I hit the Kinnickinnic this morning. Then at noon, I pulled out the maps and picked a spot on the Rush River to go slay me some trout. The Rush was all good news from the get-go.

I had planned on taking a midday snooze, but I met Dan Pfaffe, his wife, Debbie, and their four children, Mark, Andrew, Carissa and Jonathan. Dan is the pastor at St. John's Lutheran Church in Durand. The Pfaffes were fishing near the road. I had a really nice time watching them catch fish and listening to Dan's stories.

While we were talking, Debbie caught four trout and Dan landed a 15-inch brown. The action the Pfaffes were enjoying gave me total confidence that when I slapped on my hip boots, I would also be rewarded. I put on my rain gear since a steady shower was coming down and headed up river.

Loaded with my No. 4 Panther Martin, I began working my way up stream, well aware that something memorable was about to happen. My first trout was a small brown, maybe six inches. My second fought like a demon and measured just under 16 inches.

By this time, I had been fishing for about five minutes. The falling barometer and steady rain offered me a true trout fishing classic. For the next four hours, I was never more than five casts away from landing a trout. Five or six of them were browns of over 12 inches.

If I had used a net, there would have been well over a dozen legal fish. Browns have to be over 12 inches on the Rush. The third time that my Panther Martin became hung up high in an oak tree, I lost it.

I switched to a No. 2, but it wasn't the same. I had lost my ace in the hole. Without a doubt, I will return to these two rivers every year, go remote, and catch some really big trout.

That was fun!
Sunset

Fishing Report

By Mr. Fisherman

Last month we were invited to my wife's niece's son's confirmation. The Pastor's sermon was about bass fishing. Yes, bass fishing. Whoa, even God is interested in fishing! Am I in the right place or not? The minister talked about "a bunch of little ones and a few big ones". Hey, he must be talking to me about all the small fish I catch and some of the big ones too. He went on and on about bass fishing. What an excellent sermon. He kept my attention for the whole time. After the service my wife told me I must have been day dreaming. This sermon was not about bass fishing, but about remembering to keep God in mind when making decisions. Whether the decisions are "a bunch of little ones or a few big ones". No! It had to be about bass fishing! I can't be wrong all the time? Is it only me that has this outlook on life?

This week was still tough fishing. With high winds blowing Sunday and Monday I did not get out on any lake. Tuesday on Long Lake there was some action with northerns hitting jerk baits, but not the bass. Some bass were in the shallow water but weren't striking on rapalas either. Besides not getting out to fish, I am bothered with a

head cold and don't feel up to par. Another excuse my wife says.

Butler Lake has not warmed up. The only thing I caught there were small northerns and one 7" bluegill that hit on a 5" rapala. I guess you found out my secret for catching pan fish! At Lake Bernice the bass have started to spawn and the bays produced some good size bass. The lake is starting to weed up so fishing will get a little tougher as the days progress. Spinner baits, plastics, and rapalas did the job here.

It is taking a while for some lakes in the area to heat up. With cool nights and cloudy days the bass action will be slow. Spinner baits, rapalas and husky jerks have worked on Mauthe Lake for me, but the fish were small. Sunday, Wolf Lake was on my fishing agenda. It still is one of my favorite lakes for bass and it didn't disappoint me. Water temperature there was 60 degrees. On this lake the bass always like to strike rapalas. They were all quarter pounders but at least I had some action. We need warm weather and its coming.

How's your fishing?
Email me at MrFisherman

Paddling Southern Wisconsin Rivers

The Friends of the Northern Kettle Moraine State Forest for the next program in the Summer Evening Events series, "Paddling Southern Wisconsin Rivers." The program will be held on Saturday, May 31, from 7 p.m. to 8:30 p.m. at the Henry S. Reuss Ice Age Visitor Center.

The Ice Age Visitor Center is located off of Hwy 67 1/2 mile west of Dundee. The program is free, but donations are always gratefully accepted.

Is the sound of a babbling brook calling your name? Are you dreaming about floating down a beautiful river? Then come wet your appetite for this year's paddling season. Whether you are a canoe enthusiast or kayak zealot, southern Wisconsin has rivers to suit

your needs. You will be amazed at the variety of paddling experiences available in this part of the state from easy flowing, lazy rivers to rushing class two rapids.

Join Darrin Kimbler, Assistant Manager / Events Coordinator at Rutabaga Paddle Sports, as he shares his canoeing experiences in southern Wisconsin. Darrin will be bringing some canoeing equipment for folks to check out, share some tips on obtaining proper paddling equipment and discuss how to maintain it. He will also cover some basic paddling safety procedures.

For further information or directions to the Ice Age Visitor Center, contact Jackie S. Scharfenberg, Forest Naturalist. She may be reached at 920-533-8322, Tuesday through Friday, 8:15 a.m. to 4 p.m.

Outdoor Adventures is sponsored by these local businesses:

Burn Barrels: Unhealthy, Unneighborly, Unnecessary and Illegal

Open burning causes air pollution and in most cases is illegal. That's why the Departments of Natural Resources prohibits burning household trash in burn barrels or open fires.

"Burn barrels are unhealthy, unnecessary, unneighborly, and many times used illegally," says Jerry Waters, DNR air engineer based at Horicon. "Smoke from burning garbage often contains dioxin, acid gasses, heavy metal vapors, carbon monoxide and other sorts of nasty toxins," emphasizes Waters.

"Today Wisconsin has just two licensed municipal waste incinerators that are able to meet federal air pollution standards. But according to recent estimates, we've got more than a half-million miniature incinerators (burn barrels) operating in people's back yards," notes Waters.

Burn barrels operate at a relatively low temperature, typically 400-500° Fahrenheit and have poor combustion efficiency. As a result, toxic pollutants are created and emitted directly into the air. Backyard trash and leaf burning can release high levels of toxic compounds that cause cancer and birth defects, and contribute to asthma and emphysema.

The law prohibits open burning of household solid wastes, whether or not in a burn barrel. This prohibition includes all plastic materials, petroleum-based materials such as asphalt shingles, kitchen waste, dirty or wet paper wastes, treated or painted wood, furniture, and demolition material.

Households (not busi-

nesses) are permitted to burn small amounts of lawn and garden debris; clear, untreated, unpainted wood, and clean paper waste that cannot be recycled. Burning permits are required in many unincorporated parts of the state and during particular times of the year (as a wildfire prevention measure). Many towns, cities, and counties forbid all debris burning.

Waters says that "a big part of the problem is what people burn illegally. Anything plastic, coated papers, stuff that's oily or soggy, chemicals, treated or painted wood. That's where a lot of the toxic compounds and heavy metals come from." The DNR air engineer maintains that open trash burning is largely unnecessary because all Wisconsin communities are required to offer effective recycling and refuse collection programs. Today, even in very rural areas, waste hauling companies offer wheeled carts for end-of-driveway waste collection and recycling.

"There is very little reason to burn today. Every responsible unit of local government provides curbside pickup service, a drop-off point, or both. You can also do a lot of reusing products and packaging, reducing waste, and composting organic materials," continues Waters. "Garbage belongs in a landfill - not in your lungs or you kid's lungs."

The DNR maintains a website about open burning or contact your nearest DNR service center, <http://www.dnr.state.wi.us/org/caer/ce/o/b/index.htm>.

River Valley Ride at Riveredge

NEWBURG - The 11th annual Riveredge River Valley Ride gears up on Sunday, June 22, 2003, starting at 6:30 a.m. at Fireman's Park in Newburg and ending at Riveredge Nature Center. Routes of eight, 17, 27, 56 and 70 miles take bikers along the Milwaukee River and through the countryside of Ozaukee and Washington counties.

Historical sites and well-equipped rest stops along the way offer riders a chance to relax and enjoy the day. Each rider receives a t-shirt. Register early by June 6 and the fees are \$22 for adults and \$7 for children 12 years old and under. Children in tow ride free, but do not receive a t-shirt. After June 6, ride fees are \$30 and \$9. Individuals and groups are encouraged to join in the fun to help support environmental science education at Riveredge. A raffle ticket for a Trek bike and other prizes are included in the registration packet. For registration information, route descriptions, or brochure, call Riveredge Nature Center at 262-375-2715 or 800-287-

8098 or email riveredge@riveredge.us.

The routes meander past wetlands, riverbanks, valleys, cows and corn. Rest stops along the way supply cookies, biker buns, fruit and water. Sag wagons cruise the routes, ready to serve riders needing help. Day-of-Ride registration and the beginning of the Ride take place at Fireman's Park in Newburg. The Ride ends at Riveredge where food, music, and other festivities await the riders. This is FUN!

KHS Boys Tennis

Overall, Coach Dan Ross is pleased with his young team's work so far this year. With a record number of incoming freshmen, he has great expectations. So far this season, which got under way on April 15, the Varsity players have five wins and four losses, and are two and four in conference play.

"The conference is determined by which schools have teams," said Mr. Ross. "Some schools don't have teams - Kiel and Chilton didn't have enough players this year. But other schools are in conferences that don't have other teams, so Kohler and Kewaunee ended up in our conference." The team also plays outside of the conference, against schools including Waupun, Sheboygan Christian, Valley Christian, and others during tournament play.

At this level, the Varsity players, the top four singles and doubles players on each team, determine the team statistics. Kewaskum has three seniors who have played all four years: Travis Kempf, Jeff Wade and Justin Wessing. Travis plays number one singles and has an overall record of four and ten, some losses occurring during tournament play. Justin Wessing plays number two singles and sports the same record as Travis. Our number three and four singles players are juniors Eric Vogt and Nic Luther. Eric's overall record is seven and eight; Nic's is twelve and four, one more game played during a tournament. "The best individual player is Nic Luther, who finished third in conference, losing to the guy who took first," said Coach Ross.

The doubles teams consist of senior Scott Gillis and junior Peter Wade, who are two and eight overall; senior Adam Gitter and junior Aaron Olla who are four and eight. Number three doubles are junior Kyle Lickel and sophomore Abe Foerster who have six wins and five losses.

"The highlight of the season so far was definitely the Grafton Quad meet where we missed first by one place." At that tourney, our number four singles and number three doubles teams earned first place by winning both games, receiving medals. "The low point has been the Washington

County Invite, where only Justin Wessing won." The team also had a dismal day at the end of April playing against the champion Plymouth Panthers where the entire team lost.

The Junior Varsity players are putting in time gain-

ing experience. Tennis is as much of a mind game as a physical one. Often a win is determined by which player makes the most mistakes. Play can last for well over an hour, and a single point can make or break a set.

The team will celebrate the end of the season on June 4 with an awards dinner.

Sponsor Applications for Disabled Deer Hunt Due June 1

MADISON - Landowners interested in sponsoring a gun deer hunt for disabled hunters have until June 1, 2003, to enroll their property in the disabled deer hunting program. Disabled hunters have until Sept. 1 to contact sponsors for the Oct. 4 - 12 hunt.

The special disabled gun deer hunt was established in 1990 to offer people with physical or visual disabilities an opportunity to hunt deer when temperatures are mild and mobility outdoors is less of a problem. A steady increase in sponsor and hunter participation has occurred since the program's inception, with a record 125 landowners sponsoring a disabled deer hunt in 2002.

Hunters must have a Class A or C disabled permit and a regular gun deer license to participate. The bag limit is one deer of either sex plus additional antlerless deer per permit. If bonus antlerless deer permits are available in the unit where the hunt is located, they may be used to bag additional antlerless deer. Hunters also will be allowed

to fill their free Zone T antlerless permits (received with the purchase of their deer-related license) in 2003 Zone T units during this time period.

Gun deer hunts for people with disabilities are usually conducted on private lands. Sponsoring landowners are required to file an application with the local Department of Natural Resources wildlife manager. Applications are available at all DNR service centers, or on the World Wide Web at <http://www.dnr.state.wi.us/org/land/wildlife/hunt/deer/disap.htm>

Hunters with Class A or C disabled hunting permits who are interested in participating in this hunt may request a list of 2003 hunts including location and the name of the hunt sponsor from a DNR service center after July 1. Since sponsors must provide the DNR with a list of hunters including the hunter's disabled permit number by Sept. 1, hunters are encouraged to make their arrangements as soon as possible.

Indians Unable to Get One From Raiders

By Kyle Darmody
Student Reporter

With only one lady, Heather Meyer, to collect a hit for the Kewaskum girls fastpitch team, the Indians were unable to get a win in the first game of a double header against Two Rivers on Monday, May 12 in Two Rivers, as they went down by a score of 1-6.

In game two the Indians were unable to improve, as they went down once again this time by a score of 1-4. Kristin Mantz was the sole Indian with a hit, as she went 2-3, one of those hits being a triple. Mantz also had a stolen base.

The Indians now host Sheboygan Falls on Tuesday, May 13.

Indians Take First Before Dropping Second

By Kyle Darmody
Student Reporter

With the season winding down the Kewaskum girls fastpitch team, were out to look for some momentum heading into the playoffs, when they faced Elkhart Lake on Thursday, May 15. The Indians were unable to get a whole lot of momentum by only winning one of the two games.

In game one the Indians pulled out the 4-3 win. Steph Herrick led the way when she went 2-2 from the plate, with a stolen base. Beth Boedeker also helped the cause with her two stolen bases.

In game two however the Indians were not so fortunate, as they fell to Elkhart Lake 4-7. Kristin Mantz led the Indians when she went 3-4 from the plate with a double, two RBI's and a stolen base. Kala Rettler helped out with her 2-3 performance from the plate, and sophomore Amy Holm, chipped in with a double and an RBI.

The Indians now travel to Kiel on Monday, May 19 for their last regular season game of the year, then they travel to Waupan, to face Waupan in their first round Regional game on Thursday, May 22.

New Summer Programs At Riveredge Nature Center

NEWBURG - Riveredge Nature Center has taken the best of what they do and created a series of seven summer camps. Starting at preschool and proceeding through high school, these Nature Journeys are designed to connect children with the natural world in a deep and meaningful way, building on skills and awareness from one camp to the next. Nature Journeys also give campers a more intimate and extended outdoor experience with each camp.

Campers will participate in hands-one exploration as they ask questions about the mysteries of the natural world, uncover evidence at their fingertips, and draw conclusions based on personal experiences. Writing and

journaling will be a part of each camp. The goal is to give campers tools and strategies they can use to continue to explore the wonders of our natural world throughout their lives.

Nature Journeys includes Discoverers, three to four year olds, Pathfinders, five to six year olds, Trailblazers, completed grades one or two, Explorers, completed grades three or four, Guardians, completed grades five or six, Questers, completed grades seven to 11 and Stewards, completed grades nine to 11.

Call Riveredge at 800-287-8098 or 262-375-2715 for a brochure with more detailed information of times and dates of the Journeys.

Indinas Shoot Down Falcons

By Kyle Darmody
Student Reporter

With a score of 17-3, the Kewaskum girls fastpitch team, blew out the Sheboygan Falls Falcons, in Kewaskum, on Tuesday, May 13.

Leading the way for the Indians was Heather Meyer who was 4-5 at the plate with a triple, Kala Rettler

went 3-5 from the plate, and Steph Herrick went 2-3 with a triple. Kristin Mantz, and Kayla Sauer helped out with their three RBI's, as did Laura Schladweiler with her two RBI's.

The Indians now travel to Elkhart Lake, on Thursday, May 15 for their last double-header of the year.

Help change a Life!
