Rain Dance Car Wash Opens Board Votes to End **After Extensive Remodel**

A patron tries the updated facilities at Rain Dance Car Wash in Kewaskum

Avenue in Kewaskum. The fourth stall was converted to a newer automatic wash, while the other three stalls will continue to be selfwash. The four vacuums will also remain the same.

The new equipment that

was installed will wash cars slightly faster and have a high power dry cycle with three blow dryers. Drying will be done with a one minute automatic timer doing the countdown. New doors were added to the front and back of the stall, which will enable year round car washes, 24 hours a

For your convenience, the new wash will take bills, coins, or you will be able to punch in a number given to you from one of the friendly cashiers of the Mobil Station located next Rain Dance. When you purchase gas at the Mobil Station you will be asked if you want a car wash. West specified that old wash coupons would be exchanged to upgrade to the new wash for a limited time only.

The all new high performance equipment put in the new stall is expected to be maintenance free with less breakdowns. The unit itself has been made two feet longer to accommodate trucks.

A new feature of the revised wash is the cycle has been reversed and you now enter from the back and move toward the front. The old drive-up ramp has also been eliminated. The mechanism on the wash is user-friendly and will tell you when to "STOP" upon entering in your

Half-Day Kindergarten

By NICOLE KUEHL STATESMAN STAFF nkuehl@kewaskumstatesman.com

The School Year started off smoothly for the Kewaskum School District. Building Principals gave reports at Monday night's Board of Meeting. Education Enrollment, at this point, is slightly down from last year.

The board voted to end the half-day kindergarten program. Director of Elementary Education, Kieth Kriewaldt, reported that he has had continued declining enrollment for the half-day kindergarten program and didn't think the board should continue to offer it. Kriewaldt also stated that he would work with parents who would insist on a half-day program in future years.

The 4K teachers were also on hand to discuss the 4K program and the district's needs for it. The teachers stated that the regular kinder-

garten teachers can tell the difference between the children who were and weren't in the 4K program. The 4K teachers also discussed how they encourage parent involvement in the program. The 4K teachers make home visits to each student twice a year. They also have parent meetings / classes in which they discuss whatever the parents wish to discuss.

The board also accepted numerous extra curricular contracts for the 03-04 school year. They also accepted resignations from Sherrie Nurkala, a Cognitively Disabled teacher at KHS and Michelle Wick, a sign language interpreter.

 PANZER HOLDS LISTENING SESSION HERE- State Senator Mary E. Panzer will hold a listening session to meet with constituents and hear their concerns. The session will take place at Geidel's Piggly Wiggly on Monday, September 15 from 1:00 - 2:30 p.m.

WASHINGTON **COUNTY 4-H OPEN** HOUSE- will be held at the Washington County Fair Park Sunday from 12:30 to 4 p.m.. Call 262-335-4478 for more information.

Auburn Fixes Roads, Gets Internet Access at Town Hall

By Andrew Kuehl STATESMAN EDITORIAL STAFF akuehl@kewaskumstatesman.com

The Town of Auburn held their September meeting Monday night at the town

Treasurer Shelby Sarauer informed the board and almost 20 town residents of the town's finances. Total expenses for August were \$22,045.13 and income was \$90,821.23. That leaves the town with cash on hand of \$590,308.01.

Ex-Supervisor Joe Minz asked why so much money is going to attorney's fees. He stated over \$5,000 has been spent in the last three months.

President Howard Laubenstein responded by stating the town has to defend itself in several lawsuits regarding dog problems.

"I wish we could get it over with," stated Laubenstein. Supervisor Merle Laatsch contributed by saying the wheels of justice do not spin

Dennis Petermann gave a report on land use. He stated the town has permits for one home, two decks, one shed and one garage.

Laubenstein stated that seal coating has been completed and Auburn-Ashford Road, west of CTH V is being milled and re done this week.

He further asked for permission to have cracks in the town hall's parking lot be repaired at that same time to

save the town expense of bringing the crew out at another time.

Laubenstein also informed residents and the board that the bridge on Old Bridge Road was damaged in a motor-vehicle accident. The insurance company of the accident victim will pay repair costs. The County will do the work of repairing the rails and posts.

It was decided that the town would not post a speed limit sign on Earl Court on a recommendation received from Captain Gaul of the Fond du Lac County Sheriff's Department.

Alice Linnabury asked what could be done about the speed on CTH SS, as there was a fatal accident there

recently. The speed is limited to 35 MPH and then a few feet before the stop sign it is 55 mph. She thought it was a little foolish to increase the speed right before a stop sign/intersection.

She was told that, because it was a county highway, the county would have jurisdiction on the speed.

After receiving three estimates, the town decided to get dial-up Internet service from Di-Man Campbellsport. This will cost the town \$192 annually and was the least expensive option.

At a rate of \$200 per hour, the town decided to hire Valley Hydro Excavations to clean two culverts on Sunset

Auburn Roll-Over Accident Injures One

Members of the Kewaskum Fire Department and EMS provide assistance to the victim of a one-vehicle roll-over accident that occurred Wednesday morning in the Town of Auburn on CTH G north of Double D Road. Patricia Francis of Kewaskum stated that she was forced to the edge of the northbound lane by a southbound vehicle crowding the centerline on a curve. Francis left the edge of the pavement, overcorrected and veered back onto the roadway. She then overcorrected again and veered into the ditch. Frontal impact with the embankment caused the rear of her sport utility vehicle to flipped up and the SUV began to roll sideways. While fliped up on its front, impact with a tree deflected the vehicle along the ditch rather than into the woods and it landed on the tailgate area and fell back over, coming to rest on its roof. Francis was transported to St. Joseph's Community Hospital in West Bend where she was later released.

Dreher Enters Not Guilty Plea

The 18 year old former Kewaskum High School senior prankster who has been accused of driving the getaway car for himself and three other teens who allegedly tried to cut down a tree in front of Kewaskum High School this spring pleaded not guilty in Washington County Circuit Circuit on Wednesday, September, 3.

Shane W. Dreher, faces seven years in prison if convicted of charges of attempting to flee or elude a traffic officer and felony criminal damage to property. He will be back in circuit court on reason. September 22.

The other three "pranksters" included Andrew Breese, 19 and Kyle Rabuck and Keith Schmidt, both 18. All three also face charges of felony criminal damage to property for attempting to cut down a tree in front of the school on May 23. They could spend up to three and a half years each in prison for their roles in the prank.

Though the group did not succeed in bringing the tree down, it needed to be professionally removed for safety

School officials have estimated the tree's value at \$10,000.

Kewaskum Gridiron Results

The Kewaskum Gridiron Club started out their season in fine form, with three of the four teams posting wins. St. Francis was the opponent, traveling to the Kewaskum High School varsity field.

The A Team started the day's action with great effort. They came up short (14-26). Seventh grade followed with a win (35-6), followed by sixth, which also posted a win (16-14). The day was concluded the day when the enthusiastic fifth graders won their game (14-0). Our cheerleaders were present to provide spirit and encouragement.

The teams will travel the next few weeks. The next home game is on September 27. This is also "Parents Day" with special festivities for the players and their parents.

We are never prepared for what we expect.

Record Crowd at Early Farm Days

Shown above is a view of the many displays that entertained young and old alike at the Kewaskum Historical Society's Early Farm Days that was held Sunday in Riverhill Park. One of the many organizers of the event, Dan Schmidt stated they had a "steady stream of visitors all day long." According to Schmidt they had an influx of new exhibitors as well. He also attributes much success to Kewaskum's business community for providing support for the society. Free hay rides were provided by Schmidt Acres of Kewaskum while meat for sandwiches was donated by Nehrbas Sausage Surplus also of Kewaskum. The award winning museum was also a hit for attendees. The museum is open Memorial through Labor Day on Sundays from 1-3 p.m. They also open it for large groups by special appointment. Appointments can be made by contacting Schmidt at 626-8484.

Legislation Helps Those Who Give the Gift of Life

has faded from Washington County Fair Park, and we will have to wait another 100 years for an event of that magnitude. There were a number of famous people inhabiting our special state over the past week. I had the opportunity to lead the Women's Ride with country singer Wynona Judd. Some of the other famous faces that appeared around the Milwaukee area included John Paul Mitchell, Peter Fonda and Jay Leno.

One other famous person was also in town during the Harley-Davidson's 100-year celebration, but he had a different reason. Larry Hagman, better known as J.R. Ewing from the days of "Dallas," appeared at a public hearing in Milwaukee to testify in favor of legislation that would provide a tax break for

The roar of the Harleys faded from Washington may be aware that Mr. Hagman received a liver transplant eight years ago. Since then he has been an outspoken advocate of organ denation.

Currently, most insurance companies do not cover costs for lost wages or travel for organ donors. Federal law prohibits the donor from receiving anything of value in exchange for the donation of their organ. However, the law does include an exception for expenses related to "travel, housing and lost wages" in relation to the organ donation. The proposed bill would provide one-time state tax deductions of up to \$10,000 to help living donors recover the costs for travel and lost wages. The Wisconsin bill is the first legislation of its kind in the United States.

The need is greater than

most of us realize. There are 82,000 people waiting for organs throughout the nation. Approximately 1500 of those waiting reside in Wisconsin. The need is overwhelming, and it is truly a matter of life and death for those waiting. For organ donors, the act of giving is not about financial gain, but about giving another individual the gift of life. If the state can assist these individuals who sacrifice so much for another person, it is a small price to pay.

There is a lack of education in the United States when it comes to organ donation. Most people aren't aware of what is involved in being a living donor. While there are many diseases in the world that we cannot cure, like Cancer, Multiple Sclerosis and Huntington's disease, we can save the lives of people who are suffering from kidney, heart, liver and other organ diseases. Living organ donation plays a huge roll in saving lives, and donors should be helped to help others.

The bill is currently in the Assembly Committee on Public Health. It is expected that the committee will advance the bill for a vote by the entire Assembly very

Yeska Family Reunion

Submitted by: Isabelle (Yeska) Muckerheide

On Labor Day weekend, the descendants of Anton and Stella (Paluka) Yeska gathered at the Homestead in Neshkoro, for their annual reunion.

Saturday morning they began the festivities with a golf outing at Two Oaks Country Club. A young newlywed had the distinction of making a hole-in-one.

The afternoon was a ball game at Stan-O-Gene park. Others visited while some played sheepshead. The weather was beautiful so we enjoyed it immensely. There were pop tents, RVs, and even a tee pee set up on the spacious area. Joan Jempiak brought her horse, so some enjoyed horseback riding.

Since it was "Harley" weekend, some came dressed appropriately.

Our big spread was at 5:30 p.m. after attending 4 p.m Mass. The evening was spent in playing Bingo for young and old (I was lucky to win a few games).

After breakfast Sunday morning some took a hike around the Pond which is five miles. More sheepshead again, so I redeemed what I lost the day before.

Sunday afternoon several teams participated in a road rally, sort of like a treasure hunt. They wound up catching fish at John Kerlin's pond.

Several of us joined Patty Celek in a birthday dinner at Silver Cryst in Wautoma.

Sunday night was talent night, and what a blast! Tony Kerlin, Jr. from California was the emcee. It began with my

Another year has come and gone

Since last we gathered here, With blessings from the Lord above

We met with those held dear.

Turkey Shoot Saturday

The final days before the 51st Annual Kiwanis Turkey Shoot are here, and have you bought your ticket yet? There are two raffle tickets available, one for cash prizes and one for gun prizes. Both tickets cost \$10.00 and will not be available for sale on Saturday. The cash raffle has a grand prize of \$1000.00, 1st place prize of \$500.00, and five 2nd place prizes of \$100.00.

Winners will announced Saturday afternoon, September 13th, and winners need not be present. The gun raffle has seven Browning shotguns and rifles, so you could be one of the seven lucky winners. So if you still want to purchase a chance in either of the raffles,

please call Larry Ammel, 262-626-4731, now.

Advanced tickets for any of the ten events at the shoot are \$5.00, which gives you 4 shots and tickets purchased at the shoot Saturday will be three shots for \$5.00. These can also be purchased ahead of time by also calling Larry. So put some time aside this Saturday, September 13th, 2003 and come visit the Kewaskum Kiwanis 51st Turkey Shoot located at the New Fane Sportsmen's Club, Highway G, just four miles north of Kewaskum.

The event will run from 10:00 A.M. to 5:00 P.M. and we are hoping to see a large crowd there, because, all money raised at this event goes back to the community.

2003 Marks Tenth Anniversary Of KEYS Run/Walk

Kewaskum area schools are this week gearing up for the tenth annual KEYS Run/Walk to be held in conjunction with Kewaskum's Kettle Kountry Kolors Fall Festival. Students are brining home registration blanks for themselves and their families and are being encouraged to promote the run throughout the community with other registrations and pledges.

KEYS board members are excited about this tenth anniversary and volunteers have invited former KEYS scholarship winners to participate in the race for this milestone year. Students who have been awarded scholarships can register to run or walk or, if direct participation is not possible, can sponsor

another participant.

Each year the KEYS Run/Walk raises money for graduating seniors from Kewaskum High School. SInce its inception, KEYS has been able to award over \$500,000 in scholarships assistance to deserving students. Last year 899 children and adults participated in the Run/Walk, raising nearly \$18,000 for KEYS. Through the support of our community participants, as well as the generous support of our sponsors, KEYS hopes to raise even more this year for our graduates.

KEYS has always received the support of West Bend Savings Bank for their race and this year again SynergyHealth will be a major

sponsor. KEYS is most grateful for the commitment of these two contributing sponsors. Several other new sponsors have joined us this year and their names will all appear on our t-shirt. Registration blanks and information posters can be found at West Bend Savings Bank and SynergyHealth offices as well as at Miller's Furniture and all our Kewaskum schools.

This year's KEYS Run/Walk will be held on Sunday, October 12 at 11 a.m. Come and join in for a 3.1 mile walk or run through the streets of Kewaskum and enjoy the festivities and food available after at Kettle Kountry Kolors.

Women's Club to Hold 'Membership Roundup'

The Kewaskum Women's Club will be holding their annual "Membership Roundmeeting at Annex Kewaskum September 25, 2003 at 5 p.m.

A casserole supper will be hosted by the officers. Current officers are president Jeanne Goeden, vice president Jane Siegel, secretary Rosemary Keller, treasurer Cheryl Ammel, member at large Gwen Dreher and Historian Rita Etta. A short meeting detailing dates and programs for the 2003-2004 year will be held.

The public is invited and members are encouraged to bring a friend or neighbor.

'Mr. October' Twelve Need Votes

It was a slow, slow week at the Mr. October-ville polls with only about 20 votes crossing the wires.

However, perhaps some people have held off on voting because they are confused on how to proceed with voting for one of the 12 semifinalists listed below. Due to time constraints with the Labor Day holiday, I was unable to explain the voting procedure, but knew everyone would want to know who made it to the semi-finals.

It's quite simple, actually. All other candidates except for the "terrific twelve" have now been eliminated, due to lack of votes. (We told Shirley to put in votes for you Norb!) And, just to dispel any ugly rumors... we did not use punch card ballots!

Now you may only vote for one (or more if you so choose) of the 12 semi-finalists. Votes are still \$1.00 each and you may use the coupon on this page to vote or write the name of the candidate(s) of your choice on a piece of paper and drop it off at the Statesman or mail it in

free to put up their own ballot boxes wherever they

obtain permission. I know you can vote for Mike Nitschke at Mike's Country Meats in Kewaskum or vote for Gil DeLaurier at Ike's Repair Shop north of Boltonville.

I have also heard a rumor that the Boltonville Fire Department will have a huge polling booth at their Street Dance Saturday night for their infamous candidate, Dennis Fechter. Have not heard, though, just how Dennis plans to retaliate. but I'm sure he will think of something!

I also have inside information that Father Mark is planning an extra collection at the beginning of all Masses this weekend so all parishioners can vote for his Mr. October rival, Larry Martin. I figure he is doing this before the service starts because that will determine the length of his sermon. Please, please give generously. There is a Packer game at noon on Sunday, and if we don't all vote for Larry Martin, we probably will miss the entire first half!

Some of you may have been surprised by the list of eventual semi-finalists, as I

and until noon on Saturday changed the whole complexion of the contest. It brought in a few newcomers and eliminated my personal favorite, Timmy Poodles. Don't be depressed, Timmy. There's always next year to look forward to.

Just remember to vote. The more you vote, the better we can make this year's Kettle Kountry Kolors festival. Don't wait for the end, for the end is near. Six of the "terrific twelve" will be eliminated on October 1 when the polls close and we enter the six favorite candidates into the finals. There may also be a surprise or two left in our bag of tricks, to add to the festivities, so stay tuned.

And bear in mind, the winner of this contest will receive half of the proceeds to donate to the charity of his choice. At last count, the contest has made over \$300. So make sure to keep your favorite candidate in the con-

Riding the Ribbon - Rock River HOG Fights Breast Cancer

Chapter's ninth Annual Pledge Ride for Breast Cancer Research - this year aptly named "Ride the Ribbon" place Saturday, takes September 27th. Established in 1995, the ride has raised more than \$1.385 million. Every 12 minutes a woman dies of breast cancer, and one in eight women will be diagnosed, along with 3% of all men. Staggering numbers!

Along with Wisconsin Harley-Davidson, Inc. of Oconomowoc, and other cor-Miller Brewing, Olympia Resort and Spa, Wisconsin Lift Truck, AM 620 WTMJ, the Waukesha Freeman and the Oconomowoc Enterprise, and the Center for Breast Care at Waukausha and Oconomowoc Memorial hospitals, the Rock River chapter invites ALL motorcyclists to participate in this important event.

Eyents include a pre-ride party on Friday evening (the 26th) at the Olympia Resort and Sports Center featuring food, drink and live enter-tainment by "The Love Monkeys." The activities continue on the morning of the 27th with registration from 8:30 to 10:30 a.m. at Wisconsin Harley Davidson, Inc., 1225 Robruch Drive, Oconomowoc. Rides will leave every 15 minutes (rain or shine) starting at 8:30 a.m. The ride follows a three hour

The Rock River HOG scenic route through and around the Kettle Moraine Forest, finishing at the Olympia Resort and Sports Center around 11:30 a.m. for a post-ride party which includes live entertainment by "Wild Life," food and refreshments, door prizes, live auction, and a raffle for a Harley-Davidson Anniversary Edition V-ROD.

Over 2000 bikes participated in the 2002 ride, and the organization is hoping to greatly increase that number - in part because of the Harley-Davidson Anniversary events in late August. Michael Day, PR Director for the ride, said "While the anniversary gives Wisconsin Harley riders an opportunity to celebrate Harley, this ride gives all riders a chance to make a difference in many people's lives. We want to show Wisconsin and even the world - that we can put our heart and soul into everything we do."

Minimum pledge is \$25 per rider and includes admission to Friday and Saturday's events, as well as a free kickstand pad and commemorative Betty Boop bandana. Admission only to the Friday evening event is \$20. Anyone who would like to donate to the cause without riding can make a tax deductible pledge online at www.wishd.com or www.rockriverHOG.com. A minimum \$25 pledge will also

provide admission for those wishing to participate in the post-ride party. Pledge packets are available at Wisconsin Harley-Davidson in Oconomowoc or by calling 262-569-

All net proceeds from the event go towards researching new treatments, diagnosis and support of innovative concepts or therapies, and ultimately, a cure for breast cancer.

HARLEY-DAVIDSON BIRTHDAY PICTORIAL

Shown above is the human bike pyramid at a former performance. Eady can be seen on the bottom row in the center.

Mimi Tinker, left from Texas with friend Bob Gray of Minnesota. Mimi, who is an advertising consultant from La Feria, Texas, flew from Harlingen, Texas to St. Paul, MN, went on the HD 100th anniversary ride to Sturgis, SD, then on to Seattle, WA. Harley's 100th in Wisconsin culminated a one month stint on the road.

Dave Eady of the Seattle Cossacks, a motorcycle stunt and drill team, entertained the crowds of Club H.O.G.XX at Washington County Fairgrounds. Dave has been with the group for 31 years and one of his stunts is being one of the anchors of a human pyramid while riding a motorcycle. The group works with fourteen motorcycles which are kept in a semi truck while they travel all over the country.

The lasting effect of the Harley-Davidson events, memorabilia, and paraphernalia will remain alive for years to come. But, the greatest recollection of all is the wonderful international Harley-Davidson enthusiasts who came as visitors and left as friends.

MAUDE E. ROSE

Maude Elinora Rose died on September 7, 2003 of natural causes (old age).

The youngest child of Andrew and Lisa (Dove) Guertler, she was born in Galesville, Wisconsin on July 9, 1905.

After high school, she attended Platteville Teacher's College, now UW-Platteville, where she earned a secondteaching certificate. (Much later, she earned her B.S. degree at age 63). She taught high schol English and social studies at Sextonville High School for one year, then married Clifford Marion Rose on June 15, 1927. Mr. Rose was employed as a teacher and coach in Montfort, Wisconsin. He took similar position in Kewaskum, moving here in the summer of 1932. In 1936, became principal/superintendent of Kewaskum School District, a position he held until his death in December 1963. Mrs. Rose returned to teaching in 1960, teaching English at KHS until her retirement in 1970.

Mrs. Rose was an active member of the Ladies Aid Society of Peace UCC Church, the Kewaskums Women's Club, American Association of University Women, and several book and bridge clubs over the years. She was very active in her church, serving on the consistry, assisting whenever needed at church functions, and of course attending church services weekly. She was a marvelous seamstress, sewing with exquisite precision. When hat-making became fashionable, she took a millinery course and enjoyed making new and different creations for several years.

Mrs. Rose lived in her house at 114 Clinton Street, Kewaskum for 65 years before moving to Cedar Campuses in West Bend, where she resided at Cedar Bay West since 1997.

In addition to her beloved husband Cliff, she was preceded in death by two brothers and three sisters.

She is survived by her daughter, Elizabeth (Betty) Ann Heyde of Houston, Texas, her son, Robert (Bob) Kent Rose of Norfolk, Virginia, five grandchildren, three-greatgrandchildren, a sister-inlaw, six nieces, two nephews, and numerous extended fam-

IN MEMORY

In loving memory of JOHN M. "SPIKE" SCHMITT, born to life August 21, 1967, entered into eternal life, September 7, 1998:

A Limb Fallen

A limb has fallen from the family tree.

I keep hearing a voice that says "Grieve not for me. Remember the best times, the laughter, the song. The good life I lived while I

was strong. Continue my heritage, I'm counting on you. Keep smiling and surely the

sun will shine through. My mind is at ease, my soul is at rest.

Remembering all, how I truly was blessed.

Continue traditions, no matter how small. Go on with your life, don't

just stare at the wall. I miss you all dearly so keep up your chin.

Until the day comes we're together again.'

Low Water Level on Theresa Marsh

MILWAUKEE - Theresa Marsh water levels will likely be too low for hunters using boats or canoes for the first few weeks of duck season, which opens on October 4. The same is true for hunters planning to canoe into the marsh during the youth waterfowl hunt (September 20-21), or to goose hunt on the marsh. The early goose season began September 2, and the first time period for goose hunters in the Horicon Zone, which includes Theresa Marsh, begins September 16.

Water levels on Theresa Marsh in northern Dodge and Washington County were lowered this summer to accomodate major reconstruction of State Highway 28, which cuts through the north refuge area of the marsh. Most of the highway work requiring low water levels was completed by late August, and the dam on the Rock River near Theresa Station was closed on August 25 to allow the marsh to reflood. But the process of reflooding is slow and is even slower than normal this year due to the extremely dry conditions. It is expected that mid-October is the earliest that water on the marsh will be back to normal fall levels.

"The drawdown is a brief inconvenience for waterfowl hunters but, in general, the effect on the marsh habitat is positive because it stimulates

the growth of high quality plants that attract waterfowl," said DNR wildlife biologist Tom Isaac. "The drawdown may also help stabilize a few of the floating cattail mats that have obstructed navigation and created other problems for hunters during the past couple years."

Goose hunting on the uplands surrounding the marsh should not be negatively affected by the low water levels, noted Isaac.

"When the migratory geese start arriving in mid-September, I expect them to land in the middle of the marsh, whether or not there is open water, because of all the smartweeds, bidens and other high quality waterfowl foods growing there, especially in the south refuge. Late season duck hunting might also be good, as ducks are attracted to the reflooded areas."

Isaac said it's still possible water leverls could come up if the area around the marsh receives two or three very heavy rains before the duck season opens. "But the current forecast is for continued dry weather, and so we expect the marsh to be down for several more weeks."

Hunters interested in conditions on the marsh can call Wildlife Management staff at the DNR Pike Lake office at 262-670-3409.

Dear Washington County:

Giving from the heart changes lives! This statement paraphrases our 2003 United Way Campaign theme. Our fund drive oficially began on

September 3rd, and our volunteers are seeking pledges and gifts to help us reach our \$1,000,001 goal in the 10 communities of Kewaskum, Jackson, Slinger, Allenton, Hartford, Newburg, Hubertus, Richfield, Colgate and West Bend.

Each of the 1,400 United Ways in the United States are independent of each other, and policies are set as each volunteer governing board determines are best for their respective communities. For Washington County's United Way, gifts of all sizes are welcome. Individual employee donors have the option of having their gift go to all 24 local agencies (based on Fund Distribution volunteers reviewing agency performance and community needs), designating their gift to one of the 24 agencies, or designating another United Way. Please give when asked and change a life!

8406 Whitewood Dr., Kewaskum, WI 53040 Pastor Bobbie G. Minor Sunday Service 10:00 AM

www.Whitewoodfamilychurch.com

Whitewood family Ministries Pastor Bobbie G. Minor responds to the election of an Episcopalian "Gay" Bishop.

Several weeks ago on NBC's Today Show, the newly elected "Gay" Bishop Rev. Gene Robison blithely explained that his election is part and the parcel of God "doing a new thing." The truth of the matter is, Robinson's corrupt theology is part of the devil doing an old thing. Since the Garden of Eden, satan, and those who serve him, has been constantly posing the question, "Yea hath God said...?" (Genesis 3:1) with regards to the clearly articulated and divinely preserved law of the Lord as found in the HOLY SCRIPTURES.

As a 100% Disabled American Veteran I live daily with the conquences of freedom. The price of freedom is not free, that price has been paid with the blood of our brothers and sisters in uniform fighting to preserve a nation that was founded on God and God's laws.

We also fought for the freedom of speech. I find it alarming that those who are on the side of advancing the Homosexual agenda want to silence those whom are against it, and who are God fearing men and women. They not only want to silence them, but pass laws (Hate speech) to legally silence them with the fear of jail they dangle. When I was in the military we had a saying, "If they want a fight, let's give them what they want."

I do not accept the Homosexual lifestyle (Romans 1, the entire book of Jude, if I listed all Biblical references against Homosexuality I would run out of pages to write). I also do not accept lying, stealing, murdering, divorce, adultery as well. I challenge anyone to open their bibles and look for yourselves don't take my word for it.

I would rather be on the side of truth and have the world against me, then be on the side of world and be accepted. I have earned the right to voice my opinion. In closing for those on the other side of this issue, I have one question. Have you forgotten the price that was paid for you to speak your opin-In Christ's Service,

Small Business Day to be **Celebrated in Washington County**

The first Small Business for West Bend/ Washington County will be celebrated Tuesday, September 30, 2003 at the Washington County Fair Park Pavilion.

A host of activities are scheduled for individual entrepreneurs and business owners to start and/or grow their business. Small Business Day will take place from 11 to 7 and will start with a kick-off ceremony, followed by the West Bend Area Chamber of Commerce Annual Luncheon, a Small Business Expo, business workshops, and an awards ceremony.

"We're excited about bringing our business community together for this celebration," said James Hodges, President of the West Bend Area Chamber of Commerce.

"Given the challenges each of our businesses face, it's refreshing to have a day to exhibit at a tradeshow, attend a workshop, recognize award recipients, and learn about resources available through various agencies such as the Small Business Adminsitration (SBA), SBDC (Small Business Development Center), Service Corp Retired Executives (SCORE) and the like," he

Public officials attending the kick-off include Michael Miller, Mayor for the City of West Bend and Ken Miller, Chairman for Washington County. "The small business owner/operator provides our community with immeasurable benefits," said Mayor Miller. "They not only create jobs and pay taxes, they also

ty's quality of life and character," he said. "Washington County offers growing opportunities for new business growth," stated Chairman Ken Miller of Washington County. "We're excited to have the involvement of SBA, SBDC and SCORE to assist our business community," he

Individual entrepreneurs and business owners may register to exhibit at the Small Business Expo, attend a series of three workshops of seven being offered, and nominate businesses for the Entrepreneurial Achievement Award, Outstanding Home-Based Business Award, and Small Business Advocate of the Year. Governor Jim Doyle announced recently that Washington County has received approval for \$112,708 in federal terrorism grants to purchase search and rescue gear, surveillance equipment and a computer system for local emergency responders. The equipment is being purchased under Wisconsin's Homeland Security Grant Program.

"Our local responders have always been committed to protecting our citizens," said Gov. Doyle. "This much needed federal assistance will help our local firefighters, police officers, EMS and other emergency responders be better trained and equipped to save lives and protect our communities during emergencies."

Wisconsin Office of Justice Assistance (OJA) is working with county emergency management offices across the state in distributing the equipment grants.

May, Wisconsin received \$10.5 million from the U.S. Department of Homeland Security for state and local government to purchase first responder equipment such as personal protective gear, radios, chemical detention and monitoring equipment. In addition, funding is provided for training and improving security of critical infrastructure such as water systems and other facilities.

"The state has been working closely with county emergency management directors in implementing

the Homeland Security Grant Program and determining what equipment and training is needed at the local level,' said OJA Executive Director, David Steingraber. "We want to make sure our local emergency responders are properly equipped and trained to do their jobs."

Since 1999, Wisconsin has received \$40 million in federal terrorism grants. The Homeland Security Grant Program is specifically designed to enhance the capability of first responders to handle chemical, biological, radiological, nuclear or explosive threats. Wisconsin is expexted to receive and distribute additional terrorism funding to local communitites later this year.

Washington County United Way Designations To Agencies Allowed in Any Amount

To clarify recent action taken by the Greater Milwaukee United Way, the United Way of Washington County reminds donors that the policy here allows agency designations by individuals for gifts of any amount. This distinction was made in response to the United Way of Greater Milwaukee requiring a minimum \$50 gift for designations to specific agencies.

Local Campaign Chair James Hodges stated, "All United Ways are independent of each other, and set policies as their boards determine are

best for their respective communitites. For Washington County's United Way, individual donors including those who give through workplace campaigns have the option of having their gift go to all 24 agencies funded by the local United Way (based on Fund Distribution volunteers reviewing agency performance and community needs), or designating their gift to one of the 24 agencies, or to another United Way," said

"This has been our practice for the past 13 years," said Barbara Hurula, Executive Director of the Washington County United Way. "We do not have a minimum amount set for designations by individual donors," he said.

The local United Way campaign kicked off on September 3rd, and has the theme, Give From the Heart -Change a Life. It covers the 10 communities of Kewaskum, Jackson, Slinger, Allenton, Hartford, Newburg, Hubertus, Richfield, Colgate and West Bend.

State Development Fund Awards Aid **Labor Training for Local Employees**

MADISON - Gov. Jim Doyle recently announced that eight companies will share \$259,292 in Wisconsin Development Fund awards. The awards were made at the Wisconsin Development Finance Board meeting held August 28 in Madison.

"These awards will foster training projects and advance technology development that will position Wisconsin companies for future growth and promote further development of our economy," Gov Doyle said.

Gov. Doyle noted that the projects will train 208 employees, create 54 jobs, and leverage \$268,281 in additional investment.

The following summarizes the successful proposals of the local businesses:

Products Barton Corporation, West Bend, Washington County, \$25,000 CLT grant. Barton Products Corporation manufactures precision machined products, specializing in the production of precision parts and components for the hydraulics, automotive, and naval defense. It is investing \$1.7 million in new manufacturing equipment. The CLT funds will be used to train six existing employees and four new employees at an average wage of \$18.46/hr. on the new equipment. The project will leverage \$34,078 in additional private investment.

H.E. Tool and Die Corporation, West Bend, Washington County, \$16,850 CLT grant. H. E. Tool and Die designs and builds stamping, progressive and specialty dies for the automotive, small appliance and computer industries. It is seeking ISO 9001 Certification, The CLT funds will be used to train eight existing employees at an average wage of \$10.35/hr. The project will leverage \$16,850 in additional private investment.

Village Board Meeting Minutes

Monthly Meeting August 18, 2003 8:00 p.m.

The Village Board of the Village of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council room of the Municipal Building, 204 First Street.

President Mathew A. Heiser presided. Trustee Harry Roecker and Trustee Thomas Piwoni asked to be excused and were absent, all Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and the Pledge of Allegiance.

On a motion by Trustee Kevin Scheunemann, seconded by Trustee Andy Pesch and unanimously carried by voice vote, the minutes of the August 4, 2003 were approved as printed.

A public hearing was held on the request of The Little School House (Wayne & Dodie Sargent) for a conditional use permit to allow for the operation of a Child Day Care Center. This is as provided in section 5.7 of the Zoning Ordinance. The lot is located at 1037 Fond du Lac Avenue (known by tax key no. V4-0191-00D-002.) Wayne & Dodie Sargent were both present and explained they would be building an attractive building resembling an old school, 4,200 square feet, with off street parking as required by the Zoning Ordinance. It was noted the building would be of adequate size to house 75 children, but to start with a license for 50 children would be requested of the State. Trustee Andy Pesch informed the Board that the Plan Commission sent the conditional use permit request to the Board with a favorable recommendation, noting the parking, fencing, street yard, rear yard and side yard all needed to be adhered too as specified in the Zoning Ordinance. The need for a sign permit was also noted.

There were three residents present and had a few questions regarding traffic, parking, etc. The main traffic would be in the morning and late afternoon. It was noted by Trustee Kevin Scheunemann that access would also be allowed through the Queen property. Administrator advised the Board and public this lot is already zoned B-2 General Retail and Service District and has been since the mid 1960's. Numerous types of businesses could locate on this parcel without the need for a CUP and generate a lot more traffic. Both child and adult care facilities require conditional use permits for they are allowed to locate in other districts.

On a motion by Trustee Andy Pesch, seconded by Trustee Kevin Scheunemann and carried by majority roll call vote the Board closed the public hearing. Roll call vote was 5 'Aye" 0 "Nay" 2 "Absent".

On a motion by Trustee Kevin Scheunemann, seconded by Trustee Robert Stoltzmann and carried by majority roll call vote the Board suspended the rules to take up IX New Business A, the matter of the 2003 CUP.02. Roll call vote was 5 "Aye" 0 "Nay" 2 "Absent".

Fire Chief Mark Groeschel presented the July 2003 monthly report: 0 Year to date 26 Fire calls Year to date Rescue calls 25 Miles

1) The work on the new heating and air conditioning system is 90% complete.

2) Training for the dive rescue team has begun and upon completion our department will have four certified divers. The cost to the Department and Village to date is \$2,626.00 for equipment and training. The estimated total will be

\$4,000 to \$8,000 this year and was not budgeted for.

3) The Board was informed the Chief has a new job and will be on nights making it difficult for him to attend meetings. The reports will be given to the Administrator and if something important is to be brought up, a representative of the Fire Department will be in attendance.

4) The Chief discussed the request of the developer of Kettle Kountry Estates for the burning of the barn and shed. It was noted the department would receive some practical benefit from the burn but would ask that the barn be pushed over first to move it towards the hollow and make it safer. On a motion by Trustee Kevin Scheunemann, seconded by Trustee Steve Scheunemann and unanimously carried by voice vote, the Board authorized the Fire Department to use their discretion and Fire Chief's discretion as to if, how and when to proceed with the

Action was taken on Ordinance No. 2003-14 An Ordinance To Amend Chapter 86 Subdivisions, regarding the establishment of "Creation Of A New Section On Special Assessments And Some Other Minor Amendments" as it pertains to development as attached hereto:

Administrator Daniel Schmidt reported to the Board that the Department of Administration's preliminary population count for the Village of Kewaskum effective 1-1-03 is 3,489. According to the housing unit growth in 2002 the number could be slightly low by eight, but not enough to warrant filing an appeal.

Administrator Daniel Schmidt reported on a 2002 Community Sewer & Water Rate Comparison. According to the sewer information the Village of Kewaskum was 13th from the bottom (lowest) out of 69 communities. After the increase for the 4th quarter of 2002 the Village was still only 16th from the bottom. According to the water information the Village of Kewaskum was 18th from the bottom (lowest) out of 55 communities. After the increase for the 1st quarter of 2003 the Village went to 29th from the bottom.

Discussion took place regarding the proposed budget for 2004 and the factors involved in the budget process. Alternatives were discussed as well as the new equalized values for the village, which reflect a 3.31% growth or increase of \$5,711,900. It was noted the total equalized value would be \$178,436,800 and that the ratio for the assessed value may come in at around 103%.

Motion by Trustee Kevin Scheunemann, seconded by Trustee Steve Scheunemann and carried by the majority roll call vote, to adjourn. Roll call vote was 5 "Aye" 0 "Nay" 2

Archery Deer Season Opens September 13

MADISON -- Wisconsin's 2003 early archery deer hunting season opens one half hour before sunrise Saturday, Sept. 13, with the regular early season running through Nov. 20. The late archery deer season runs Dec. 1 through Jan. 3, 2004.

Hunters planning to hunt in deer management units (DMUs) designated as Zone T or within chronic wasting disease (CWD) management zones need to be aware of special regulations for these zones. New this year, all deer hunting regulations are included in a separate hunting regulations brochure that is available at any license vendor, Department of Natural Resources service center, or on the DNR Web site.

At this time there is not a prohibition against baiting deer in Wisconsin going into the opening of the archery season.

"We're encouraging hunters not to bait deer statewide and especially in the CWD management zones in an effort to help control the spread of CWD in the state," said Tom Hauge, director of the DNR wildlife management program.

'The available science, field research and the professional opinions of dozens of nationally recognized animal health experts all support banning baiting and feeding as a means to limit spread of and feeding can help CWD spread and get established by artificially congregating animals. The stakes are high and the deck is stacked in favor of disease. In the wild, once a

disease starts to spread, it's tough to put the brakes on. We need to apply all the measures we can to have a chance of beating CWD."

Additionally, Hauge said, hunters need to stay abreast for changes to the current situation, as it is possible that additional baiting regulations could be approved prior to opening weekend.

Baiting is the practice of putting out some type of food source in an area being hunted to attract deer. Prior to the of CWD discovery in Wisconsin, regulations allowed hunters to place up to 10 gallons of bait in an area being hunted, with certain other restrictions. Following the discovery of CWD, the NRB approved a temporary ban that prohibited both baiting and feeding deer statewide in Wisconsin. The temporary ban expired April 30, 2003. The NRB is seeking approval of long-term ban, but legislative committees have rejected a statewide ban. In the absence of any new temporary or long-term rules, the regulations for baiting and feeding rules reverted back to what they were prior to the discovery of CWD in the state.

State wildlife biologists estimate the state's deer herd is approximately 1.4 million animals, which continues to be above the pre-hunt population goal of 1.1 million. CWD," added Hauge. "Baiting _Efforts to reduce the deer population closer to goal will continue this year, with 47 deer management units designated as Zone T units. Archery and gun hunters may use their licenses to shoot

either an antlered or antlerless deer in these units, they receive one additional antlerless only permit that can be used in any Zone T unit, and bonus antlerless permits are available for purchase in these units (\$12 resident, \$20 non-resident).

Archery Harvest in all Zone T units is restricted to antlerless deer from Oct. 30 -Nov. 2. Archery harvest in Zone T units south of Hwy. 8 is also restricted to antlerless deer from Dec. 11 - 14. Zone T units north of Hwy. 8 will not participate in the December firearm hunt. Normal archery rules and regulations apply to these units.

Special regulations for chronic wasting disease management area

Deer management units, including state park units, located in the Chronic Disease Wasting Herd Reduction and Intensive Harvest Zones will again have special regulations for the 2003 season. These units will have extended archery and gun seasons and an earn-abuck season structure. The earn-a-buck requires a hunter to harvest an antlerless deer before they are legally eligible to harvest an antlered buck. In the CWD units hunters will again be eligible to harvest a buck for each antlerless deer they shoot. Hunters planning on hunting one of the CWD Zones should review the 2003 Wisconsin Deer Hunting Regulations for specific details on hunting dates, rules and zone boundaries.

FISHING REPORT By Mr. Fisherman

Let's get down to the nitty-gritty. Forget the fish I've caught earlier in the week. Yes, forget the 15, 16, and 17 inchers and the 26" northern I've put in the boat. Yes, overlook that I'm the best fishing guide in the world. Yeah, forget all that, I'm nobody. How dare my son catch a big fish! Will I ever live down this 20", 4 lb. 10 oz. L.M. bass he caught out of the lake I've been fishing for over a week. This fish hit a white spinner bait with nickel colored willow blades. This fish hit the ceiling (jumped out of the water) and gave one of the best fights I have ever seen. My son was ecstatic and you could almost hear his heart pumping. The adrenalin was flowing and the male hormones were oozing out of his pores. Should he be allowed to fish in my boat ever again on Wednesday nights? Would lying to him about what I'm doing on Wednesdays nights, so he can't go fishing with me, be right? Is he Mr. Fisherman now? For me depression has set in. Jealousy is at all time high. Defeated best describes Should my Fishing Reports be written by my son? Will I ever be able to hold my head high again?

Well my whining must be considered prayer by God because He answered me. Out of this same lake my brown spinner bait took a 21", 5 lb. 3 oz. bass! This happened Saturday morning at 8:30. My little bass boat was getting pulled around by this fish. She pulled like a huge northern and took runs that made me think I had on the northern of a life time. There was no hitting the ceiling, she just pumped and pumped on my rod. In an instant jealdepression, and ousy, defeatism were gone. Of course the first person to show off the fish to was my son. Who else! Can fishing ever get better? This fish went back into the lake so someone else can have the same thrill that I experienced.

No one has e mailed me the name of this lake. Remember this lake has floating vegetation that moves It produces big around. northern through the ice. The lake is very small and is in Fond Du Lac County. Email me the name if you know and than I'll tell everybody else.

How's your fishing? Email me at Mr.FishermanRU2@aol.com

Pittmann's Debut as Head Coach Ends In Loss

BY KYLE DARMODY

New Kewaskum Indians Football Head Coach Jason Pittmann, came into West Bend last Friday, August 29 with his first task in this fresh season, that being to knock off West Bend East.

With the Indians trailing by one heading into the fourth quarter, with the score 14-13, that task was soon to be accomplished, until East's Nathan Dahl went on to score quarterback Ryan Koepke begin Conference two of his four touchdowns in was held to 4-21 passing with against New Holstein.

the fourth quarter, to lead East to the 26-13 win, and hand the Indians a loss in the season opener.

Dahl ended up with 163 yards rushing for East, with three rushing touchdowns, and a punt returned for a touchdown. Dahl single handily out rushed what the whole Kewaskum offense gained. The Indians were held to 92 yards rushing, and only 50 yards passing. Kewaskum an interception and two touchdowns. David Wicklund led the offense with all of the Indians receiving yardage, 50 yards. On the ground Tim Trott, and Ryan DeLaurier, split the leading rusher hon-

ors with 30 each. The Indians are currently 0-1 and hoped to pick up their first win in their home opener against September 5. After their game against KML the Indians play

KHS Boys Soccer Opens EWC Play

The Kewaskum High School Boys Soccer Team began Eastern Wisconsin Conference play on Tuesday, September 2 against the always formidable Raiders.

In 2002, Kiel was the only EWC team to beat eventual Division 2 State Champion Plymouth and ranked 2nd in the Conference easily defeating Kewaskum in both its games. What a difference a year can make!

At the start, it looked like last year all over again for Dennis Bigley's Indian squad. Kiel jumped to an early lead on a breakaway as two Raider players came free up the middle to challenge Sophomore Goalkeeper Nate Kenworthy who vainly attempted to thwart the attack.

After surrendering that first goal, the Indian defense as it has all year - buckled down behind the leadership of Senior Aaron Olla who with cat-like grace seemed to materialize out of thin air to clear the ball away from the goal every time that Kiel threatened to score. Olla's tough play continued to define him as one of the premiere players in the conference.

Late in the first half, the Indians had their own chance to shine on offense. With a beautiful assist from fellow-Sophomore, Jonathan Olla, Jason Jahnke placed a leftfooted ball in the upper quadrant of the net to tie the game at one goal apiece. For the remainder of the first half, both teams struggled to find

the net and came up empty thanks in large part to the efforts of Sophomore Frank Cole. Accustomed to playing at midfield for most of his soccer career, Cole continued to demonstrate his moxie on defense as well, playing an excellent, aggressive game.

The second half began with more of the tenacious Kewaskum defense with continuous solid efforts from Sophomore Paul Gaynor, both Ollas and Cole; as well as a fine performance by Senior Adam Hickman playing in his first game of the season. Throughout the game, Hickman brought energy, maturity and soccer savvy to the soccer pitch.

Although the defense was stifling, Kiel was finally able to take a one-goal lead in the second half.

Dauntless, the Kewaskum boys attempted to return favor and had several shots on goal that missed just wide of the mark as time expired on the game.

In spite of losing 2-1, the Indians claimed the moral victory of staying close and having chances at the end of the game against a worthy opponent.

On Thursday, September 4, the competition was no less formidable as the Indians faced New Holstein away. Ranked third in the EWC in 2002, the Huskies provided tough competition for the Indians who proved to be ready for the challenge.

Play on both sides was dominated by strong defense. Once again, Aaron Olla con-

trolled the Kewaskum side of the pitch ably assisted by his brother, Jonathan Olla who can play either end of the field with equal skill and ardor. Gaynor again played tough and shook off an injury to make several decisive stops when they counted most.

Coach Bigley also got solid minutes from Sophomore Austin Flanders (who always brings intensity and dogged pursuit) Seniors Adam Hildebrand and Shane Harlacher as well as from Freshman Jacob Cochran who attacked the ball with a determination and eye for attacking the goal that belied his youth. As the season wears on and Cochran's experience grows at this level of play, he will provide some exciting soccer action and a

fresh look for the Indians. Although Junior Noah Olla continued to make sharp runs and be in position in the box, the New Holstein defense held him scoreless. Fortunately, Jason Jahnke was able to once again provide offensive firepower for the Indians as he nailed a leftfooted strike so hard and fast that the Husky keeper never had a chance to make a move toward the ball at all. This marked the fourth goal in five games for the high-scoring Jahnke and marks him among the EWC elite.

Conversely, Goalkeeper Nate Kenworthy had over 20 saves during the contest, but he would have liked to have had one more on a ball that he got his hands on but was unable to deflect the second

effort by the charging Huskies who tied the score 1-1 on the goal. Late in the game, Kenworthy needed a strong high punch to preserve the tie and send the game into overtime. With a 1.8 goals/game average over the first five games, Kenworthy is currently ranked second in the Conference for keepers.

During two sudden-death overtime periods, both teams had opportunities to score but good defense and wide shots prevented the ball from hitting its mark and the game ended up in a well-fought tie. Exhausted with effort, the Indians took the tie as yet another step forward on the path to continuous improvement as a soccer team. With Conference games at home upcoming against Two Rivers, Campbellsport Sheboygan Falls, the Indians will look to turn that improvement into wins

Wicklund Carries **Indians to First Win**

By Kyle Darmody

David Wicklund rushed for 176 yards, and gained 60 more yards through the air, as the Kewaskum Indians varsity football team beat Kettle Moraine Lutheran 35-7 last Friday, September 5, in Kewaskum.

The Indians had a much better night on offense against KML as they gained 422 yards in total offense. Ryan Koepke also had a much better night, as he went 3-5 passing with no interceptions, and two touchdowns.

The scoring started off early for the Indians when Garrett Donath scored on a reverse from 26 yards out, Wicklund then took over, as he scored on a 64 yard run, and a 21 yard reception from Koepke. Chad Peplinski put six on the board as he scored on a 66 yard reception from Koepke. Wicklund finished off the scoring for the Indians with a 44 yard run. KML did

get on the scoreboard until back home next week to face late in the fourth quarter on a seven yard run. KML did have one other solid drive right before half-time, but it was shut down when the Indians Eric Nass intercepted a KML pass on the one yard line.

The Indians now begin conference play as they travel to New Holstein this Friday, September 12. They come
