## Former T. Wayne clerk passes on

By Andrew Kuehl  
 Statesman Managing Editor  
 akuehl@kewaskumstatesman

A faithful community servant to the Town of Wayne was called home to his Lord on Monday, April 25. Orville Kern, 81, who tirelessly served the township in the capacity of Town Clerk was laid to rest on Wednesday, April 27.

According to his wife, Ruth, Orville served the town for 28 years. He retired three years ago this April. Family members say since his retirement, Orville enjoyed playing cards. Through his card playing he was able to continue being with people, one of his great passions while serving as town clerk. Since retiring he also expanded on another one of his favorite interests, spending time with his wife of 56 years and their children and grandchildren.

One of the several town chairmen he worked under was Carl Hohlweck, who served as town chairman for 18 years. "He (Orville) was the greatest friend to work with, he never argued, he was an excellent clerk."

Hohlweck stated he knew Kern for over 50 years. He was very

saddened when he learned of Kern's death Monday morning.

During his tenure as clerk Orville oversaw the building of a new town hall in 1986 and was a strong advocate for the interests of long-time residents of the township.

In addition to his duties as the town clerk, Orville was instrumental in assisting with the planning of the Town of Wayne's 150 year anniversary in 1998.

### Internet safety for children: Presentation for parents

CAMPBELLSPORT- Alarming statistics indicate that one in every ten children is sexually solicited through the Internet. In less than 45 minutes, a seasoned predator using widely available and free tools may be able to get many of your child's personal identifiers (full name, home address, sibling names, likes and dislikes, and school location).

In this forum, you will view an offender list depicting the employment, age, and child contact information of over 400 convicted

child predators. You will learn what makes these people tick, and the tricks they use to reach their victims. Based on actual cases, we will discuss how the outcome of these events could have changed if basic protective steps had been taken. We will also discuss how you can become involved in educating other parents and children about Internet safety, and the resources available to get the message across. Finally, we will discuss what is being done in area school districts to help keep your

children safe. This presentation is only for adults, as there will be sensitive information shared.

Please join us on Thursday, April 28th from 6-8 PM in the Campbellsport High School Auditorium, located off of HWY 67. For more information contact Tom Hafemann at (920) 533-3411 ext 4019.

## Village changes emergency siren's daily test pattern

BY ANDREW KUEHL  
MANAGING EDITOR  
akuehl@kewaskumstatesman.com

While many Village of Kewaskum residents are thankful for the emergency sirens heard during the occasional inclement weather during the summer, one resident is questioning the validity of testing that siren daily.

For many village residents who have lived in the village their entire life, that noon "whistle" is part of their day. Those who have one of those

"whistles" in their back yard aren't so happy around noon. One of those residents, Ryan Hill, spoke out against the testing at the April 18th Village Board meeting.

In an email sent to village officials and this newspaper Hill stated, "The siren affects me because it's on my lot line and seven days a week we have to make sure we are inside to shelter our ears from the overpowering siren. Our only saving grace is that it turns, so our house is not shaking throughout the whole siren time."

At their meeting, village trustees agreed that the running of the siren daily might do more harm than good. It was decided that the transmitting system would be tested daily. The siren will sound only on Saturdays at noon.

Police Chief Richard Knoebel stated, "After checking with other municipalities it was found that most only check the siren once a week." Knoebel stated that this change is expected to take place this Saturday, April 30.

## Groups to participate in Kewaskum's volunteer day

Many kids have little interaction with adults except their teachers and family members. Many adults know few kids outside their own circle of family and friends.

Local groups hope to break down these barriers by participating in Join Hands Day, a national day of service scheduled for Saturday, May 7.

Each year, adult and youth organizations across the country become partners for the entire Join Hands Day process, from the planning stages through the event, to bridge the generation gap and improve communities along the way.

Locally, Modern Woodmen Camp 2233 will join together

with the Friends of Kewaskum and the Kewaskum 4-H. The groups will band together to help with a "Spring Clean Up" at River Hill Park in Kewaskum.

Join Hands Day is being held in conjunction with a tree planting ceremony in River Hill Park and Kewaskum's first free summer concert of the season. The Spring Clean Up and Tree Planting is sponsored by America's fraternal benefit societies, including Modern Woodmen of America. The concert is being sponsored by the Friends of Kewaskum. For more information about Join Hands Day, call Jeff Jaeger at 262-626-4139, or log on to [www.joinhandsday.org](http://www.joinhandsday.org). For

more information about the concert or the Friends of Kewaskum go to [www.kettlecountrycolors.com](http://www.kettlecountrycolors.com).

### Great turnout for village clean-up

"We had a busy day as usual," is what Jerry Gilles had to say about Kewaskum's annual spring clean up day, held Saturday, April 16. Gilles is the director of the Kewaskum Department of Public Works.

"We collected five 20 yard containers, packed and crushed, tight full to the top of the general trash and refuse nature," Gilles added. He also stated the grass and leaf bin was a favorite. That filled one, 20-yard container, and got them started on a second bin.

Over 6,000 lbs of scrap metal was also collected. The grass and leaf bin is open daily at the Municipal Garage located on USH 45 from 7 a.m. until 3:30 p.m., Monday through Friday.

## County - Briefs -

By: Judy Steffes

### Costly phone calls for Kewaskum PD

Kewaskum Police are refusing to take phone calls from the Milwaukee County Jail after receiving a shocker on their phone bill last month. Chief Dick Knoebel says they fielded several collect calls from Lara Strack. She's the woman from Random Lake who is facing charges of killing a man in a car accident, following a police chase last December. Knoebel says Strack is trying to get the department to drop a warrant for her arrest. The warrant is related to an outstanding traffic ticket.

Strack's collect phone calls cost the Kewaskum PD \$38. Knoebel says they don't need to waste taxpayer money on that sort of thing and they're not dropping the warrant.

Strack is being held on \$100,000 bail. She faces up to 28 years in prison if convicted on the felony charges.

### Flashing signals by Pick N' Save now covered

Black hoods are now in place on the traffic signals at Hwy. 33 near the West Wood Mall. The city of West Bend had been having problems with the lights. Earlier this month the engineering department said the traffic flow on Hwy. 33 was actually working better with the flashing signals in place. They said they would hold off on

making costly repairs to the conduit and experiment with leaving the signals on blink. Along with the hoods over the lights, the city has put up stop signs at the exit of Pick N' Save North.

### Home burglaries in county

West Bend Police say a home owner in the 800 block of Eastern Avenue reported a large amount of cash stolen. Police are still investigating.

Germantown Police say a man was assaulted and cash stolen from his home on Bridle Path. The incident happened around 12:30 Tuesday morning. The home was ransacked and the victim was treated for minor injuries. Police have no one in custody.

Also Police in Menomonee Falls are working on an armed robbery at a gas station that occurred last Monday night.

### Two reliever routes selected for Hwy. 60

Two primary reliever routes have been selected to help ease congestion on Hwy. 60 through Hartford. The Northern route shoots up Highway K near Kettle Moraine Drive. The Southern route includes Pioneer Road and Waterford Roads. A public hearing will be held this summer.

Washington County Supervisor John Kohl asked that the Hwy. study stop because he believed it was unfair to landowners to cut a road across their property. Kohl says the County wouldn't be able to pay the farmers - as all they have right now is an assumption that Federal and State funds would be available.

Kohl was alone on his idea.

The City of Hartford has already agreed to contribute \$1 million to a Northern Route. Supervisor Mark McCune abstained from voting on the Southern route proposals, because he is a property owner. McCune says now that they're down to just two options, he'll vote on the remaining plan.

### Lomira man in court

The latest on Kyle Gornjak, the Lomira man facing charges for a series of home invasions in Fond du Lac and Dodge counties. The 21 year-old will be in Fond du Lac County court this week. He's charged with eight counts of burglary. He's facing \$25,000 in fines and five years in prison for each charge. Gornjak is accused of entering homes and garages in Campbellsport in January. A criminal complaint says he was taking cash and prescription meds.

### Fredonia cuts school budget

Officials in the Fredonia School District are cutting several teaching jobs next year.

They say the cuts at Ozaukee Elementary and Ozaukee Middle Schools will save \$394,600. Declining enrollment and budget cuts are reasons for the cuts in staff.

### Heins concedes

Janet Heins has conceded victory and will not file a suit in the recent race for Mid-Municipal Court. Heins lost to John Grundahl in the April 5th election for the Judge's seat. However, during a recount election officials found a bag where ballots might have been tampered with. In a concession statement Heins said she was concerned about the handling of some ballots. She did not think there was any deliberate tampering. Grundahl beat Heins by 53 votes. Grundahl will take up the Judge's seat May 1.

### SWAT team assists with drug raid

Three people were arrested during a drug raid last week in the Town of Erin. The Washington County Sheriff's

Department raided a home on Hall Road. Three men and a teen were home at the time. Authorities arrested a 19 year-old and confiscated several baggies of marijuana. Steven Hansen is facing charges of drug possession. He's set to appear in court May 25 for a plea hearing.

### C-sport district hopes to have new superintendent soon

The Campbellsport School District hopes to have a new superintendent in place by June 1. The district is looking to replace JP Campion who resigned from the job in February. A nationwide search is underway.

Community members separated into focus groups to outline the qualities they were looking for in their next superintendent.

Campion remains in the district until the end of his contract in June. He's being paid \$127,000 in salary and benefits.

The 1980 J.O. Reigle Scholarships have been awarded to Jacqueline Yearling, daughter of Gerald and Eileen Yearling, Kewaskum, and Carol Marquardt, daughter of Luella Marquardt of Kewaskum, by Regal Ware, Inc., Kewaskum. The \$2,000 scholarships are offered annually to graduating seniors of Kewaskum High School, providing \$500 per year for a four year college program.

Thomas Biersack, Route 2, Kewaskum, was ordained a deacon for the Milwaukee Archdiocese in ceremonies on Saturday, April 19, in St. John's Cathedral in Milwaukee.

Fire Tuesday destroyed the home, a barn and parts of another barn on the Gilbert Bertram rural home on Highway 67, one-half mile west of Campbellsport. The Herman Theisen home and barns located across the road were directly in the path of the wind-swept smoke and flames and were watered down all through the afternoon.

Joan Amerling, daughter of Mr. and Mrs. John Amerling of rural Allenton, and Donna Ehnert, daughter of Mr. and Mrs. Donald Ehnert of Kewaskum, have been chosen as Kiwanis students for the month of April.

In a track meet held here last Tuesday that lasted until almost dark, four schools, including two Class A schools, competed. Two Rivers won the meet with 60 points, followed by Port Washington 53, Kewaskum 37 and Campbellsport 12. It was worthwhile for those who stayed for the final event, the 1600-meter relay, as the Indians won in an excellent time of 4:12.4. The team, com-

posed of Laurie and Barb Wilson, Diane Bremser and Julann Zemlicka, had its best time by eight seconds to hold off Two Rivers which had gone to state last year in Class A. Starting strong in the outdoor season, Barb Wilson took first in the 800 meter run in 2:30.1 and was third in the mile with her best of the year, 5:36.7. Bremser was second in the 800 in 2:34.4, her best. Zemlicka's 27.6 in the 200 meters took first and was her best of the season.

A daughter was born to Harold and Virginia Baum, Kewaskum, on April 15. A son, Chad Allan, was born to Mr. and Mrs. Allan Martin, Kewaskum, on April 16. A son, William John, was also born to Jeffery and Jennifer Ebert, Route 3, Campbellsport, on April 11.

## 50 Years Ago

April 29, 1955

In an accident late Monday afternoon at the new quarter million dollar incinerator and sewage disposal plant now under construction at the Kewaskum hill just south of the village, two workers were critically injured in a plunge from a high wall. The workers were hoisting a length of pipe to the top of the wall when the rope used to raise the heavy pipe, broke, toppling the workers backward, off the wall. They

plunged about 12 feet or more to a concrete floor below. One of the workers from Eau Claire, landed on his feet and suffered fractures of both heels. His companion from Beaver Dam, landed on his elbows and incurred fractures of both elbows.

At a recent teachers meeting, the Kewaskum High School representatives and their alternates were selected for Badger Boys and Girls State. Daniel Panzer, Route 1, Kewaskum, and Adeline Ketter, also of Route 1, Kewaskum, were chosen to attend Badger Boys and Girls State respectively. The alternates are Chuck Schaefer and Judy Weddig of Kewaskum. Kurt Pamperin and Dan Panzer, two junior students of Kewaskum High School, were selected to represent the FFA Chapter as delegates to the state FFA convention at Green Lake.

A daughter was born to Mr. and Mrs. Harold Backhaus, Route 2, Kewaskum on April 23.

Fire of unknown origin destroyed the farm home of John Diels, located a quarter of a mile north of Wayne Center early Thursday morning. The family was aroused around 3:30 a.m. by a pet dog. They were forced to leave the residence in nightgowns as the fire had already gained such headway that they could not take time to dress. All that could be saved was a chair used to break a window.

This vicinity will be shrouded in partial darkness on Monday, April 28, by a solar eclipse at the height of which 67% of the sun's rays will be deflected from this area.

## Trip to Alaska highlighted successful hockey season for Roeske

Miner Arctic Lions forward, Andrew Johnson, left, wraps up Wisconsin AAA 92's forward Alex Roeske during the first period of their preliminary round game of the USA Hockey Tier I 12U National Championships on March 30, at the Big Dipper Ice Arena. The AAA 92's of Milwaukee defeated Fairbanks 4-1.

Photo courtesy of Sam Harrel of the Fairbanks Daily News

**BY JUDY HARLOW**  
Statesman Correspondent  
jharlow@kewaskumstatesman.com

When he was four years old, Alex Roeske was pictured in an area newspaper, on his inline skates, hitting a hockey puck down Brookline Drive.

Roeske's blooming hockey career had just begun.

Now 12, Roeske, who is a seventh grader at Kewaskum Middle School, is still practicing his hockey ... but at a lot higher level. His skates are real. He practices on the Pettit Ice Center three times a week, in addition to playing two or three games a week. The opponents are a lot bigger and faster, but he accepts the challenge and loves the game.

Several weeks ago, Roeske and his Wisconsin AAA team traveled to Fairbanks, Alaska to play in the USA National Hockey Championships for 12-year olds. They earned the right to play in Alaska after winning the state championship at the Blue Line Ice Arena in Fond du Lac, then winning the regional tournament which was held in Madison.

In the final game at state, Roeske was the man-of-the-hour, scoring the goal that sent the game into overtime, which the AAAs eventually won 2-1. It came against Madison Capitols, "our rivals," according to Roeske, who has the nickname "Draper."

In the regionals, the AAAs defeated highly regarded Chicago Mission 3-1, then lost to St. Louis Amateur Blue 0-2, but came back to defeat the Blue 3-2 in triple overtime to take the title.

Roeske's team wound up going 2-2 in the tournament in Alaska, besting the host

Fairbanks Arctic Lines 4-1, then disposing of the Alaska All Stars 4-1 before losing a heartbreaking 3-2 decision in overtime to the Pittsburgh Hornets and bowing out with a 2-0 defeat at the hands of the Syracuse Stars.

"We got there (Fairbanks) at four in the morning. We had to play later that day," Roeske said, recalling the plane trip from Chicago to Anchorage to Fairbanks.

Going up against the host team was no easy draw, but Roeske, who moved up to play with the AAA's first line during the state competition, played like he had been rested for a week.

"I had two assists," he said, and his mom, Michelle Oertel, proudly reported an article in the Fairbanks newspaper, the Fairbanks Daily News Miner, described her son as being "a slick-skating spark plug."

Game 2 turned out about the same for Roeske, except he had a goal to go with his two assists in this one.

The loss to the Hornets was tough to take, according to Roeske, who said it determined "what seed we would get."

The AAA team was pegged as the second seed, but unfortunately came up with a rather lackluster effort against Syracuse.

"We didn't wake up. We started to wake up in the second period," Roeske said, indicating the team was already down 2-0, not a good position against a team with an outstanding goalkeeper.

"The shots we had were quality ... They could have gone in, but with the goalie they had. He wouldn't let them go in. He was awesome."

The losses didn't keep the Wisconsin representatives from having a good time, however. Just the contrary was true, according to Roeske, who said during their week's stay, "We went to a big ice sculpture place ... I went to the hot springs, and we went dog sledding. That was fun. They

were fast."

Two other highlights were seeing the northern lights and the mountains, and one other time Roeske will never forget is when all the American skaters headed to the outdoor rinks for games.

"We were just having a blast on the outdoor rinks, playing pickup games," Roeske said. "That's the way it should be ... just fun."

Roeske has been having fun on the ice since he joined a team at the Kettle Moraine Ice Center. When asked who got him interested in the sport, Roeske said, "It was pretty much my uncle Mickey (Klug)" who lives in Cedarburg and played hockey until he got to high school.

Roeske moved up through the Washington County Hockey Association ranks until one of his coaches, Dave Morbeck, said he should think about going along to the Pettit Center for a practice with a higher level group of players.

That's when Roeske met his current coach, Ulvis Katlaps, who once played with the Russian International team and competed in a couple Olympics.

"He's awesome. He would

have played in the NHL, but he injured his neck," Roeske said about Katlaps.

Roeske didn't make the Wisconsin AAA's right off the bat — at 77 pounds, he is often giving up 40 to 50 pounds to his opponents — but he was invited to keep practicing with them.

"Later, he (Katlaps) said I was on the team," Roeske said.

Roeske's dad, Rick, lives in Kewaskum and handles much of the driving chores to and from the Pettit Center and to games.

The trip to Alaska ended the regular season but for Roeske, there really is no off-season. "Now I'm going to be playing spring season with Appleton," Roeske said, and in June, it's back to the Pettit Center, playing with the same team but in the Banam League where newer challenges face the young skating sparkplug.

## Holy Trinity hosts Civic Speech Contest

Holy Trinity School eighth grader Emily Tessar, gives an oration on Martin Luther King Jr.

Brandon Schneider of St. Mary's School in Barton centered his speech on the September 11th tragedy.

## KMS students lend a hand overseas

The Kewaskum Middle School Student Council held a drive to collect school supplies for the children of Iraq. The drive was held for a number of reasons. Council members wanted to show support for the troops in their effort to rebuild Iraq, help another group of students across the globe, and show a token of appreciation for the superior education they are entitled to receive as American citizens. The entire school stepped up to do their part, providing enough school kits to supply 57 Iraqi children with new supplies to further their education. Shown above delivering the packages to the Kewaskum Post Office is front, Crystal Lepp. Back, Jacob Guttman and Jake Dickmann. Postmaster, Monica LePak is shown in the far right.

# Happy Mother's Day

## Why God made moms

The following is answers given by elementary school age children to the following questions.

### Why did God make mothers?

She's the only one who knows where the scotch tape is.

Mostly to clean the house. To help us out of there when we were getting born.

### How did God make mothers?

He used dirt, just like for the rest of us.

Magic plus super powers and a lot of stirring.

God made my mom just the same like he made me. He just used bigger parts.

### What ingredients are mothers made of?

God makes mothers out of clouds and angel hair and everything nice in the world and one dap of mean.

They had to get their start from men's bones. They then mostly use string, I think.

### Why did God give you your mother and not some other mom?

We're related.

God knew she likes me a lot more than other people's moms like me.

### What kind of little girl was your mom?

My mom has always been my mom and none of that other stuff.

I don't know because I wasn't there, but my guess would be pretty bossy.

They say she used to be nice.

### What did mom need to know about dad before she married him?

His last name. She had to know his background. Like is he a crook? Does he get drunk on beer?

Does he make at least \$800 a year? Did he say NO to drugs and YES to chores?

### Why did your mom marry your dad?

My dad makes the best spaghetti in the world. And my mom eats a lot.

She got too old to do anything else with him.

My grandma says that mom didn't have her thinking cap on.

### Who's the boss at your house?

Mom doesn't want to be boss, but she has to because dad's such a goof ball.

Mom. You can tell by room inspection. She sees stuff under the bed.

I guess Mom is, but only because she has a lot more to do than dad.

### What's the difference between moms and and dads?

Moms work at work and at home and dads just go to work at work.

Moms know how to talk to teachers without scaring them.

Dads are taller and stronger, but moms have all the real power 'cause that's who you got to ask if you want to sleep over at your friends.

Moms have magic, they make you feel better without medicine.

### What does your mom do in her spare time?

Mothers don't do spare time.

To hear her tell it, she pays bills all day long.

### What would it take to make your mom perfect?

On the inside she's already perfect. Outside, I think some kind of plastic surgery.

Diet. You know, her hair. I'd diet, maybe blue.

### If you could change one thing about your mom what would it be?

She has this wierd thing about me keeping my room clean. I'd get rid of that.

I'd make my mom smarter. Then she would know it was my sister who did it and not me.

I would like for her to get rid of those invisible eyes on her back.

# Dedication at Shepherd of the Hills held Saturday

Above: Archbishop Timothy Dolan blesses the new altar with sacred oil. The new altar contains four altar stones from former churches in Armstrong, Dotyville, Eden and Mitchell. Each altar stone is over 100 years old. Each altar stone contains first class relics of various saints. Each altar stone is marked with the initial of the former community from which it came. The altar stones are set in the new altar in the shape of a cross.

Above: Archbishop Timothy Dolan presides over the dedication liturgy at Shepherd of the Hills Parish. Father Kevin Wester.

CENTER: Archbishop Timothy Dolan accepts a set of architectural plans and the title deed to the new Shepherd of the Hills parish complex from C.D. Smith president and parish member, Gary Smith. Janet Smith is shown hidden to the right.

Below: Archbishop Timothy Dolan distributes communion with former Holy Trinity pastor Fr. Mark Jones, right.

BELOW: Fr. Kevin Wester shown describing one of the many sculptures in the church. The artist of the sculpture of the Holy Family is Russell Baron of Canada. The sculpture of the Holy Family depicts Mary and Joseph in adoration of the Christ Child. The Christ Child is standing on a cloth that symbolizes his swaddling clothes at Bethlehem, his burial shroud at his resurrection, and an altar cloth for the Bread of Life. Behind the Christ Child is an orb with rays coming out of it symbolizing the passage from Luke's Gospel that "the Son of righteous will arise with healing on his wings." There is also wheat all over the statue symbolizing Jesus as the Bread of Life.

## Dedication concert held at Shepherd of the Hills

Father Robert Koopmann, OSB, DMA plays Chopin's Andante Spianato and Grande Polonaise, Opus 22 on the new Yamaha Grand Piano at the parish. Fr. Koopmann played a concert on Sunday, April 24 at the new Shepherd of the Hills Parish Complex.

He hails from St. John's University and The College of St. Benedict in Minnesota. This past Sunday, he entertained an audience of about 300 people at the new Shepherd of the Hills church in Eden.

Just how do you get a world renowned musician to play at your dedication concert? Just ask parish member John Borgen who arranged the special concert.

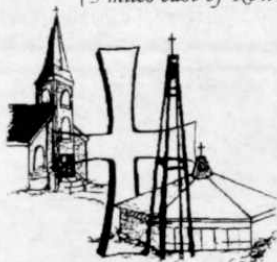

Fr. Koopmann gave a wonderful performance on a new Yamaha Grand Piano and new Rodgers/Reiger-Kloss Pipe Organ. Both are now fixtures in the new church.

The two instruments were compliments of an anonymous donor whose generosity made the concert and the future of reaching Christ's children through song a reality.

NURSERY PROVIDED

We are a Christian whole Bible believing ministry. We are dedicated to reaching the lost with the only true hope, and that hope is our Lord and Savior Jesus Christ. Not only is our charge to this lost nation, but to encourage and come along the side of the Christian believer. We believe the needs of the people must not only be met on Sunday, but throughout the week.

We are here as an emergency room for the afflicted. A center of hope for the hopeless. We believe that through Jesus Christ and Christ alone; there is FREEDOM. (2 Cor. 5:17). We also offer free of charge: Bibles, a food pantry (we are part of Milwaukee's 2nd Harvest), a clothing locker, Biblical addiction counseling, Biblical marriage counseling, and Biblical pre-marriage counseling.

We are a non-compromising church and ministry that preaches the truth of the Whole bible. We do look forward to meeting you and your family.

#### PETER SAID:

"Neither is there Salvation in IN ANY OTHER NAME: for there is no other name under Heaven given among men, where we all must be saved" (Acts 4:12) that name is above all names; the Lord and Savior Jesus Christ.

## PATRICIA A. 'PAT' FULLER

Patricia A. "Pat" Fuller, nee Johann, passed away on Saturday, April 23, 2005, at her home in the Town of Farmington, at the age of 64 years.

She was born on June 5, 1940 in West Bend, to the late Harold and Viola (nee Allarding) Johann. While growing up in Fillmore, she attended local schools, graduating from Kewaskum High School.

Pat has five children and seven grandchildren. She took a great deal of pride in her family and was extremely passionate and excited about watching her grandchildren grow up. As people remember her with nothing but fondness and caring, they will recount how she expressed so much joy in each of the accomplishments and milestones that

she was able to share with her children and grandchildren.

Friends, family and co-workers will no-doubt remember Pat for her positive attitude, her willingness to help with whatever she could, whenever she could, and the fact that she was never afraid of a little hard work. She lived life with a philosophy that matched her honest, direct nature and strong character. She was our sister, our friend, our mother, grandmother and our hero.

Holidays will always be filled with memories of a large kitchen, warm stove and most of all, mom.

Fondness of dealing with people reflected in her running business, beginning with Club 18 and Fuller's Drive Inn, both in Campbellsport, followed by Fillmore Junction in Fillmore. Her love of playing pool was known by all friends and loved ones.

Patricia is survived by Joseph Schmit, who loved and cared for her unselfishly; two sisters, Judith Kempf and Beverly Zimdars and their families; five children, Brian (Laurie) and their son, Brandon; Brenda (Dean) Lache and their son, Eric; Mark (Mary) and daughter, Tina Roush; Sandra (Chris) Coman and daughters, Leah Gullickson and Hannah, and Stephanie (Paul) Dixon and their daughters, AlexAndria "Ali" and Megan.

**LETTER TO THE EDITOR**

*To The Residents of the Kewaskum School District,*

As many of you know, at our School Board meeting held on April 11, 2005, the Board took action to improve our Tech Ed Department. While a number of residents feel that this was long overdue, there are some that are asking where the money came from. There are some who think, since the recent referendum passed, the money for this project is coming from there. This is NOT the case.

In October of last year, we had money left over from several sources such as utilities, salaries and leases that the Board allocated to other funds. There was \$133,455 that had been transferred to the maintenance fund. There was \$26,500 which was used to help pay for an engineer to draw up the specifications for the new boilers for the High School this year. That left us with a balance of \$106,955.

When it was learned the dire straights our Tech Ed Dept. was in, the committee that I chair, Finance-Transportation-Building & Grounds (FTB&G) asked our Tech Ed Dept. to present to us a proposal that would enhance that department and replace the much needed and outdated equipment, some of which is over 60 years old and that we can no longer get parts for.

They were asked to bring us back hard numbers, which they did. The total cost came to \$302,440.56. After exploring ways to finance this, the FTB&G committee decided to recommend to the full Board that we transfer the \$106,955 from the maintenance fund and add money from Fund Equity in the amount of \$195,485.56 for a total of \$302,440.56 to fund this project. This then was approved by the entire Board at our April meeting.

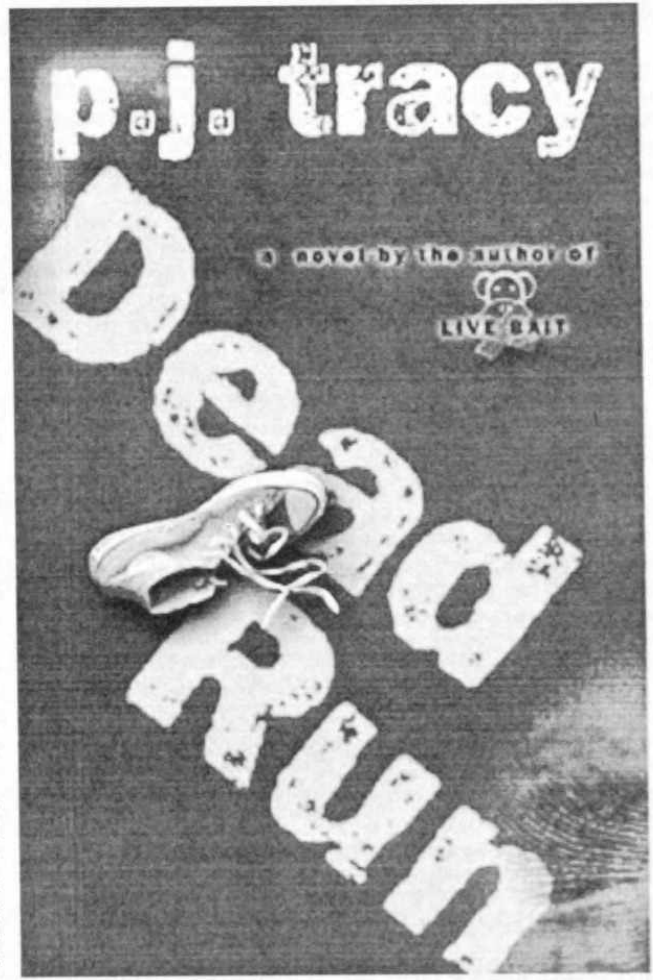

In using money from Fund Equity, I would like to point out that by Board Policy, we have to maintain at least 10% of our operating budget in Fund Equity, which we have done. It should be further noted that a year or so ago, there was a referendum put before the residents which included money for the Tech Ed Dept. in the amount of over \$402,000. That referendum failed. This money that the Board just authorized, represents money that YOU the taxpayers, have already paid and the district was able to save over time. It makes no sense to wait and see if this would come up on a future referendum.

By doing what we have done goes a long way in keeping with our motto, "where children come first." It will give our students the tools they will need to succeed.

*Sincerely,  
Neal Weare  
School Board Member  
Chair FTB&G*

*Dead Run*  
by P.J. Tracy

Here's something fun to do on a Saturday afternoon this summer: go exploring on a few of those tiny, meandering roads that go nowhere. You know... those roads that criss-cross Wisconsin like a bunch of loose threads on an old quilt. You might get lost while you're just idly running around, but this is Wisconsin, for cryin' out loud. You can ask any local how to get back home and you know you'll get a straight answer.

Or will you? What if all the locals were gone and the town was empty? Pretty eerie, huh? Find out where they went in the new novel "Dead Run" by P.J. Tracy (c.2005, Putnam).

It's a beautiful day in Four Corners, a little burg in way northern Wisconsin, and Tommy Wittig is on his way to visit his Grandpa Dale down at the shop. Four Corners is the name of this little stop on the road, but it's kind of a misnomer. There are only two corners in Four Corners, Hazel's Diner and Dale's gas station, but it's otherwise a typical little flyspeck on the map. Everybody knows everybody else, and most folks around there are farmers, so nobody thinks twice when a dairy truck barrels down the road, takes a sharp turn, and rolls over.

Back in Minneapolis, FBI Officer Sharon Mueller has asked the Monkeewrench team to help her with some unsolved crimes in Green Bay. Monkeewrench - Grace McBride, Annie Belinsky, Harley

Davidson, and Roadrunner - don't usually take on cases like that, but they're doing these as a favor to Sharon. The murders may be the work of a serial killer, and Sharon knows that if these long-cold cases can be solved, Monkeewrench will solve them.

On their way to Green Bay, Grace's SUV has engine problems, and the three women set out on foot to look for help. Taking an old logging road, they think they find civilization and telephones. Instead, they stumble upon a silent town devoid of people. No animals. No vehicles. No sounds. Exploring this very-recently-abandoned town, the women are amazed to find absolutely nothing. Nothing but a bunch of men in uniform, clutching M-16s and talking about the "mission" and the thousands of people who are going to die in a few short hours.

I normally don't like a story that has so many characters, but while this one could be a little confusing- I forgot who was who a few times - I liked this book. Author P.J. Tracy is actually authors, plural; a mother and daughter team whose writing will make you laugh one minute and make you gulp the next minute. At least twice, I was so caught up in the story that I had to stop and remind myself to breathe. If you love a good mystery / thriller, then this is the book for you. "Dead Run" is the perfect book to take with you on a Saturday afternoon, when you're just running around.
