## Kewaskum students head back to school

Hailey Schladweiler, 5, a kindergartener at Farmington Elementary School makes her way to her bus on Thursday, September 1. FES/WES principal, Janet Molebash says "The first day was pretty typical. Kids got to know their teachers and learned about classroom rules." FES has a student population of 234. Wayne Elementary has a population of 144 students. Kewaskum Elementary principal, Kieth Kriewaldt stated that KES has 425 students. Kewaskum Middle School's principal, Ken Soerens said his building will also have 425 students to start the year.

## Summer's not officially over yet, end the summer Kewaskum style this weekend

By Andrew Kuehl  
Statesman Managing Editor  
akuehl@kewaskumstatesman

So you thought last weekend was the official end to summer with a few Labor Day parties? Good news, you were wrong. A few organizations have a packed weekend for your enjoyment.

Start off Saturday with a trip to the Kewaskum Kiwanis Club's 53rd annual Turkey Shoot. Thanksgiving is rapidly creeping up on us and what better way to help the Kiwanis help our community then by winning that Thanksgiving bird and having a little fun doing it.

Take a chance at the compound bow shoot, pistol shoot, rifle firing line, dart shoot, trapshoot or golf shoot for that bird.

For those with a little luck take a chance on the many turkey and gun raffles going on throughout the day.

Kiwanis members will also be frying up those delicious Kewaskum Frozen Foods seasoned burgers and brats, this

could be your last chance for one this summer!

The "shoot" will start at 10 am and run until 5 pm at the New Fane Sportsman's Club, four miles north of Kewaskum on County Road G. Tickets can be purchased at West Bend Savings Bank's Kewaskum branch and The Statesman.

So, you got your turkey, and your feelin' pretty proud. It's time to celebrate! The Boltonville Fire Department has the answer. Remember, there ain't no party like a Boltonville party.

Just like you kicked off the summer at their annual "picnic" what better way to end the summer then their Street Dance.

Food and refreshments begin at 5 pm at the Boltonville Fire Station on Bolton Road, just off State Highway 144. The street dance will begin with music by Oil Can Harry at 8:30 pm.

All monies raised helps pay for equipment and training for the firefighters.

After a day like that you surely will

need a day to relax, and The Kewaskum Historical Society has just what the doctor would order. The group will again present their annual Early Farm Days in Riverhill Park on Sunday, September 11, starting at 10 am and running until 4 pm

Relax in lazy Riverhill Park's west side, along Parkview Drive and take a step back in time. This year's show will feature gas and steam engines, miniature engines, old farm equipment, antiques, collector vehicles and old fashion craft displays.

Share in Kewaskum's rich heritage by visiting the award winning Kewaskum Museum and reconstructed 1847 log cabin. The historical society will also have FREE horse drawn rides.

Don't forget about the best part of all... the delicious food and refreshments.

Exhibitors are welcome, call 262-626-4273 for more information.

or Syl Schmidt at 262-626-2853.

### Police Chief seeks subpoenas for medical records

By Andrew Kuehl  
Statesman Managing Editor  
akuehl@kewaskumstatesman

Kewaskum Chief of Police, Richard Knoebel said Tuesday he has requested subpoenas from Washington County District Attorney Todd Martens so that area health care providers could release names of individuals who have recently suffered burns. This after a July arson fire in the village.

Towards the end of August, Knoebel urged citizens to provide information to his department and the ATF regarding persons who were recently burned.

Knoebel says his department along with the ATF continue to investigate the arson fire that destroyed a nearly complete condominium in the Prairie Gardens community on the southwest end of the village.

Officials have posted a \$10,000 reward in hopes to gain additional information. To reach the Kewaskum Police Department call 262-626-2323. The ATF field officer can be reached by calling 1-888-ATF-FIRE.

## SynergyHealth St. Joseph's Hospital breaks ground

Breaking ground for the new medical office building at the St. Joseph's Hospital complex are pictured left to right: SynergyHealth St. Joseph's Hospital President/CEO John Reiling, C.G. Groundbreaking for a \$9 million medical office building, which will connect to the new St. Joseph's Hospital took place on Wednesday, Aug. 31 at the hospital campus in the Town of Polk.

Members from the Board of Directors of SynergyHealth, St. Joseph's Hospital, the West Bend Clinic, local government officials, and representatives from Cedar Crossings subacute care dug into solid ground to begin construction of the three-story medical office building.

"Speaking for the physicians, we're looking forward

to getting this facility completed. It positions us to provide the best health care in Washington County. This is the beginning of what we feel is our growth phase," stated Dr. Larry Sullivan, West Bend Clinic

The 49,340 square-foot building will house Cedar Crossings subacute care on the first level, replacing the 18+ bed subacute care unit currently operated by St. Joseph's at their Silverbrook Drive campus. West Bend Clinic physician offices and outpatient clinics will occupy the second and third levels of the medical office building, which is scheduled to open in Aug. 2006.

Physician's services, which will be provided at the

new medical building, include obstetrics, gynecology, pediatrics and occupational medicine. Surgeons will also be located at the medical office building, which will be directly connected to St. Joseph's Hospital. The facility will allow direct, easy access for physicians between the hospital and the clinic, and a direct connection for subacute care, improving the coordination of inpatient and outpatient care.

"We will have the obstetricians and pediatricians right there to go over and support the needs of mothers and children. The new medical of-

fice building will eliminate the amount of delays for patients and will be very good for improving ambulatory care and inpatient care," said John Reiling, President and CEO, SynergyHealth.

The Kathy Hospice, an eight bed residential hospice, will open in January 2006 on the hospital campus.

SynergyHealth is a regional health system serving the greater Washington County community. St. Joseph's Hospital, West Bend Clinic and SynergyHealth Foundation are members of SynergyHealth.

## Campbellsport's Truck Pull III a huge success

## Osceola Board agrees on constable ordinance

Larry Koffman, of Koffman Auto Body, presents a \$250 check to Casey Twohig, of Twohig Furniture and Floor Covering of Campbellsport, for being the winning men's team in Truck Pull III in 2005. Twohig's team is the three time defending champion. Twohig's then donated the check to the Campbellsport Jaycees for the planned improvements of the bathrooms and playground equipment. Pictured left to right: Scott Jungers, Campbellsport Fire Department member and of Campbellsport Building Supply, Larry Koffman, Koffman Auto Body, Casey Twohig, Twohig Furniture and Floor Covering, and Tom Miller, President Campbellsport Jaycees and CFD member.

constable, subject to the town attorney's approval.

TOWN OF OSCEOLA- At the latest public hearing on August 30, a decision was made pertaining to the ordinance for the Constable's Jurisdiction and Duties. Seventeen residents were in attendance and a great deal of discussion took place.

Keeping the water patrol and constable positions separate was one of the main concerns and their involvement with the budget. Supervisor Walter stated that the constables do not have a budget, but Richard Clements disagreed saying that presently the constable was budgeted under the water patrol. Taking this in to consideration it was decided to separate the water patrol and constable in next year's budget.

After rehashing the draft submitted by the lawyer and finding out that the township would not lose state funding of the water patrol, it was moved by Walter, seconded by Supervisor Brown, and passed to amend the original duties of the

Chairman Immel asked for board approval to go ahead with repairing the leak in the dam on Long Lake. There was discussion on location of the leak; how to repair it; DNR permits (which the Chairman reported are not needed); the cost; who to hire; and does it need repair or just further monitoring? A comment was made that with the water level low, now is a good time to do any repairs.

After discussion it was voted to contact a company to begin repair of the dam and if the cost for complete repair is too extensive, pack it down and forgo the repair until it can be added to next year's budget. Supervisor Walter voted "with reservation"

Road shouldering was approved for Hwy SSS, Mitchell Road, and Vista Drive. Seal coating will be done on Woodland Road (north of the bridge) and not Cedar Road. Work will be done on Mallard Lane if the project is within the budget.

**CAMPBELLSPORT-** Thanks to the efforts of the Campbellsport Area Chamber of Commerce, the Campbellsport Fire Department, and the community's support, the July 4th Truck Pull III raised over \$3,500 for the improvements of the bathroom and playground equipment at the Campbellsport Fireman's Park. The improvements will be a joint effort between the CFD and the Campbellsport Jaycees.

"It was an unbelievable amount of money raised for a four hour event. The record crowd and the positive feedback from the contestants shows the success of this," stated Scott Jungers volunteer CFD fireman. Scott went on to say, "It's just another event that makes the July 4th picnic in Campbellsport so great."

The annual Truck Pull has teams attempt to pull a truck weighing 20 tons a maximum of 200 feet. It is all part of a large picnic by the Campbellsport Fire Department over the July 4th holiday. Women's teams and men's teams both compete. Teams and spectators travel from all over the state to visit Campbellsport on July 4th to be part of the event. 1,500 people were estimated to attend Truck Pull III last year.

The 2006 Truck Pull IV will feature equal prize money for both men's and women's teams. Other new wrinkles will be added to make the event even better in 2006. Campbellsport Building Supply and Koffman Auto Body have announced they will be major sponsors for Truck Pull IV in 2006. Other major sponsors may be added to increase

the payouts.

Last year over \$1,500 was awarded to winning teams. If you would like to be a sponsor or get involved in Truck Pull IV please contact Joel Fleischman at Campbellsport Building Supply at 920-533-4412. The Campbellsport Area Chamber of Commerce and the Campbellsport Fire De-

partment would like to thank the participants, sponsors, and spectators that made Truck Pull III the success it was.

## Thank You

On behalf of the Kewaskum Village Board and the residents of the Village of Kewaskum, I would like to extend a huge Thank You to the Kewaskum 4-H'ers for their most generous donation of \$772 to go towards banners and flags for the light poles in Kewaskum.

It is heart warming to know there are organizations like the 4-H who take such pride in the community and show it in this manner. These banners will be a reflection of the entire community and add aesthetic value to the area.

Visitors will also enjoy the beauty and attractiveness of the banners as they are welcomed into our community and remember their visit to Kewaskum with a positive image. Savanna Wendelborn did a fantastic job in her presentation and should be commended.

The Village is very appreciative of the club's dedicated efforts and grateful for their unselfish contribution. Thank you again for your gracious gift.

## Kettle Moraine Town & Country prepares to break ground

An architectural rendering of the Kettle Moraine Town & Country feedmill proposed for Kewaskum's TID

By Andrew Kuehl  
Statesman Managing Editor  
akuehl@kewaskumstatesman

The Village of Kewaskum Plan Commission sent on with a favorable recommendation the above conceptual rendering of the proposed Purina feedmill being called Kettle Moraine Town & Country.

The business, if given the green light from the Kewaskum Village Board on September 19 hopes to break ground on Tuesday, September 22.

The store will be built near Best Trailer Company on Badger Road in the village's Tax Incremental District.

Michael and Kerie Kunkel of Kewaskum are building the store the pair will also manage it.

The Plan Commission also reviewed a concept plan for a subdivision on what is locally known as the Regal Ware property located on County Highway H west.

The plan calls for 90 different units to be erected on the heavily wooded

property.

The project is next to Gavin's Old Glory Heights subdivision, residents in that subdivision voiced their concerns over the proposed Kettle View Drive extension that Gavin included in this plan the same as he did when he presented Old Glory Heights to that same body years ago.

Gavin received a favorable recommendation to the village board who will also review the plan at their September 19 meeting.

## New 4-H group, Kettle Country Kids

A new 4-H group has started in the Kewaskum area. They call themselves "Kettle Country Kids" and will meet the third Thursday of each month at the Farmington Town Hall.

The next meeting will be Sept 15 at 6:45 pm Those interested in joining the new group should attend the meeting.

Nominations for officers was taken at their first meeting and the group will take additional nominations at the Sept. 15 meeting. They will then do the voting after nominations are secured. Club dues was also decided on at the initial meeting.

They will be doing a window display for national 4-h week, Oct 2-8.

For more information on the new club contact Traci Lawrenz at 262-692-9638.

*We often take for granted the very things that most deserve our gratitude.*

## Nearly \$11,000 raised at Ashford Blast for Charity

ASHFORD- After already raising \$20,762 for the American Cancer Society and \$1,050 for the Muscular Dystrophy Association since they started the annual event in 1998, this year the Knuth family raised almost \$11,000 for cancer research.

The Knuth family there started the Ashford Blast for Charity event in 1998 to raise money for cancer research after losing family members to cancer.

The 2006 event will be held on the third Saturday of August.

## Hefter appointed to Addison Board

ALLENTON- Ron Hefter, an Addison Plan Commission member, has been appointed to fill a vacancy on the Addison Town Board. He fills a seat vacated by Norm Faber.

Faber's term will expire in April of 2006.

A replacement to the Plan Commission will be appointed by the Town Board to succeed Hefter.

## W.B. School tax levy will be voted on

WEST BEND- Voters in the West Bend School District will vote on a tax levy of almost \$26 million at their annual meeting September 26.

The levy is up 1.12% from the 2004-05 school year. The tax rate if the levy is passed would be \$6.76 per \$1,000 of assessed value.

West Bend's annual school board meeting is held at the Educational Service Center, starting at 7 pm. Residents will then vote on the levy and school board members' salaries.

## T. Erin garage destroyed by fire

Fire completely destroyed an unattached garage at a Town of Erin home owned by Evelyn Wendorf during the early morning hours of Sunday, September 4.

The blaze was reported by an off-duty member of the Hartford Police Department, who resides in the area and noted what appeared to be a large fire off in the distance. In response to this report, a Sheriff's Deputy located the burning remnants of a structure at 1531 Terry Road. The building is located along a driveway that is shared by two residences.

Although both homes were occupied, no one was

injured and the fire burned without being noticed. The Hartford Fire Department responded and extinguished the fire before it could spread to the adjacent woods.

The structure contained a pick-up truck, misc. tools, some antiques, and lawn equipment. Several vehicles parked nearby also were damaged to varying degrees due to the tremendous heat generated. Initial damage estimates are believed to exceed \$20,000.00.

A family member reported that they had started and attended a controlled burn near the structure earlier the same evening. The fire does not appear to be suspicious in nature, however remains under investigation.

## Three car crash injures six

Six people were transported to St. Joseph Hospital as a result of a three-car accident at STH 60 and Hillside Road in the town of Polk at 5:04 P.M. Friday, September 2.

An eastbound vehicle driven by Kirsten M. Quinlan, 39, of Juneau was waiting to make a left turn onto Hillside Road when she was struck from behind by Brian D. Burgess, 33, of Oconomowoc, traveling eastbound. A third vehicle, driven by Greg J. Rechlicz, 32, of West Bend was struck by debris from the initial collision.

The injuries did not appear to be serious. Lifestar Ambulance and Jackson Fire Department Rescue transported the victims. Slinger Fire Dept. also responded and used the Jaws of Life to extricate one of the victims.

## G-town man injured in bike crash

A lone motorcyclist was injured when he crashed his motorcycle on STH 167 near Holy Hill at 5:26 P.M. Friday.

Thomas D. Cirillo, 58, of Germantown was eastbound on Hwy. 167 when he missed a curve, drove off the road and struck an embankment.

No other vehicles were involved. Hartford Fire Dept. and Hartford Rescue responded. The driver was transported to Hartford Hospital. He was not wearing a helmet. Alcohol was a factor in the crash.

## W.B. man arrested, accused of child porn possession

A 28-year-old man who has admitted to being sexually attracted to children is out on a \$25,000 signature bond after an initial appearance in Washington County Court.

Jeffrey M. Fink faces eight counts of felony possession of

child pornography. He will return to a hearing on Monday, September 19.

Police seized three computer hard drives, cds, floppy disks, pornography magazine cd and one cd with images of child pornography.

Fink stated he never acted on his attraction to children.

## MDA Telethon raises \$54.9 million

BEVERLY HILLS, CA- A nationwide outpouring of sup-

port for the Muscular Dystrophy Association's annual Jerry Lewis Labor Day Telethon brought \$54,921,586 to the Association in contributions and pledges.

In addition to the tote board figure, which reflects pledges and donations, a number of MDA sponsors presented checks representing their year-round fund-raising efforts for MDA. Leading this group was the International Association of Fire Fighters with a record contribution of \$21 million.

The Telethon drew international viewers via its live Webcast at [www.mdausa.org](http://www.mdausa.org) through streaming media provided by Real Networks.

"This remarkably successful effort will mean a lot to the tens of thousands of individuals and families who are fighting neuromuscular diseases," Lewis said. "I'd like to thank everyone involved in making this really terrific show one of the best Telethons ever."

## Schellinger-Hartsell

Tabitha Schellinger and Johnathon Hartsell exchanged marriage vows on August 6, 2005 in Monticello, Arkansas.

Parents of the couple are Jeff and Debbie Schellinger of West Bend and John Hartsell and Glenda Barret, both of Arkansas.

Becki Schellinger, sister of the bride, of Gridwood, Alaska, served as the maid of honor. Jessie Roque, friend and cousin of the bride, of Mayville, was the bridesmaid.

The best man was Randy Phillips, friend of the groom, of Arkansas. Timothy Trantiam, friend of the groom, also of Arkansas, served as the groomsman. Ethan Crawford, nephew, of Arkansas, served as the ring bearer.

A barbecue was held honoring the couple following the

ceremony.

Tabitha is a graduate of Kewaskum High School and she is a CS 2nd Class SW on the USS Enterprise.

Johnathon also graduated from Kewaskum High School and is an ABE on the USS Enterprise.

The couple resides in Norfolk, Virginia.

The couple had planned an October 22, 2005 wedding in Wisconsin, however, they received notice that they would be out at sea the month of October, so they moved the wedding up to August 6th in Arkansas. They are currently awaiting new orders for Tabitha because being married, they cannot be on the same ship and she has almost completed her four years aboard the Enterprise.

## Ciha scholarships awarded

### Campus Notes

Mary Ciha

Three scholarships in memory of the late Mary Ciha, a Kewaskum High School graduate, were presented to UW Madison College of Engineering women students at the annual Polygon banquet at the Pyle Center.

Mary, the youngest daughter of Al and Claire Ciha of rural Washington County, was killed in a traffic accident in 1982, just one year before she would have received her Bachelor's Degree in Industrial Engineering.

To date, 17 engineering students at Madison have received recognition, compassion and monetary assistance from Mary's scholarship.

The 2005 winners were Ashley Eggman and Marie Jambois, both enrolled in Industrial and Systems Engineering and Kristen Terry in Engineering Mechanics. Phil Ciha, Mary's brother, made the presentations.

Awarded every second year in coordination with Engineering EXPO, the scholarship is continually funded by classmates, family, and friends through the UW Foundation and is tax deductible. Mail contributions to PO Box 8860, Madison, WI 53708-8860.

## 'Nature and You' lecture series at UWWC

UW-Washington County (UWWC) invites the public to this year's Lecture Series, "Nature & You." The first lecture is scheduled for Tuesday, September 20 in Room 228 at 7pm. Dr. Mark Peterson, Professor of Philosophy at UW-Washington County, will open the series with a presentation on environmental ethics. Do geese and seagulls have rights? The lecture will address these questions and also include discussion of stewardship versus ownership and a vision of ourselves with nature. Dr. Peterson, who recently returned from a trip to China, will also discuss different cultural perspectives in regards to ethics.

A question and answer session follows each hour-long lecture. Admission is free and no reservations are needed.

### Complete series - dates and discussions include:

Tues., Sept. 20 - Environmental Ethics: A vision of ourselves with nature; stewardship versus ownership. Cultural perspectives. Dr. Mark Peterson, Professor, Philosophy, UW-Washington County.

Tues., Oct. 11 - Struggle for Resources: As the population increases, so does our need for a limited source of raw materials. Dr. Timothy Ehlinger, Professor, Biological Sciences, UW-Milwaukee

Tues., Oct. 11 - Environmental Impact on Wildlife: Learn the effects of urban sprawl on wildlife. Includes live rehabilitated animals. Mary Schmaus, Web of Life/Glacier Blue Hills.

Tues., Nov. 8 - Green Space: Preserving green space and nature with urban planning. Dr. Nancy Frank, Professor, Urban Planning, UW-Milwaukee.

Thurs., Dec. 1 - Water Quality: A discussion of the causes

and consequences of water quality degradation. Vicky Harris, Specialist, UW Sea Grant Institute.

Thurs., Feb. 23 - Air Quality: Learn facts about air quality in Wisconsin and health implications. Jerry Medinger, Wisconsin DNR and Janet McMahon, VP, Wisconsin Lung Assn.

Tues., Mar. 9 - Alternative Energy: Wind power and other renewable alternative energy sources will be discussed. John Bahr and other specialists Renew Wisconsin

## Stop talkin'...start walkin'

Canines from all over the county and beyond will be converging on West Bend on Saturday, September 10th for the Washington County Humane Society's annual Walk for the Animals. Bob Bonefant of WBKV radio and his sheltie, "Mr. Socko," will lead the dogs and their human companions along the three-mile course on city streets starting and ending at Silverbrook Middle School. There is also a 1 1/2 mile walk available for less active participants.

Last year, the shelter raised \$20,000 for the animals in their care and hope to reach \$24,000 this year. Marnie Brown, Executive Director of WCHS said, "The Walk is one of our biggest fundraisers and a lot of fun. In the past, we've had goats, miniature horses, ferrets in a baby buggy...even a large turtle being pulled in a wagon."

Participants will receive a free walk t-shirt if they raise at least \$40 in pledges, and all dogs will receive a walk packet and bandana to wear on their trek. They will also be able to visit vendors such as Petlicious

is to provide fundamental information and a better understanding of environmental issues that are of interest to the community. Area officials involved with town and county planning are encouraged to attend. More information is also available on the campus website at [www.washington.uwc.edu/events/lectures](http://www.washington.uwc.edu/events/lectures). All lectures will be held in Room 228, which is located in the Collins Science Wing in the upper level of the campus at 400 University Drive in West Bend.

Dog Bisquit Bakery or have their dog's nails trimmed by a groomer. Several dog rescue groups will be on hand to showcase their breeds, and shelter dogs up for adoption will be attending as well. Food, raffles and door prizes will add to the fun.

Advance registration is \$12 for individuals, \$25 for a family of four, or \$60 for corporate teams. People can also register the day of the walk starting at 9 a.m. (\$15 for individuals, \$30 for a family of four, or \$75 for corporate teams). The walk starts promptly at 10 a.m. rain or shine! For more information or registration forms, call the shelter at 262-677-4388.

## 'Sinatra' croons again at Schauer Center Oct. 1

Close your eyes and take a trip back in time... to the 50s and early 60s when "Old Blue Eyes" dominated the entertainment scene. Cary Hoffman, New York's top Sinatra interpreter, takes the stage with "My Sinatra—The Songs and the Stories" at the Schauer Center's Ruth A. Knoll Theater for two shows; a 3 p.m. matinee and a 7:30 p.m. evening performance.

Accompanied by the 12-piece Stan Ruben Orchestra, Hoffman weaves stories about the performer and his composers with stunning renditions of Sinatra's classics. The New York Post raves that Cary Hoffman is an "amazing talent... like Sinatra in his prime."

The Stan Ruben Orchestra was formed nearly 50 years ago by the self-proclaimed "crown prince of swing," Stan Ruben. The Orchestra's rep-

ertoire includes many of the arrangements Nelson Riddle created for Frank Sinatra, and they are a wonderful complement to Cary's masterful renditions.

Tom Robbins, the Schauer Center's Executive Director said, "Cary Hoffman doesn't imitate Frank Sinatra, he masterfully interprets this legend."

The Schauer Center's intimate Ruth A. Knoll Theater is the perfect place to enjoy a performance as close to Sinatra as you can get! Tickets are \$25 and \$21 plus tax (with discounts for students and groups) and are available at the Schauer Box Office, 147 N. Rural St. Hartford, by telephone at 262-670-0560 ext. 3 or online at [www.schauer-center.org](http://www.schauer-center.org). Tickets purchased by phone or on the internet require credit card payment.

Auditions for the fall production will be held in the University Theatre, beginning at 7:00pm. The cast includes three to five men (ages 18 and older) and six to eight women (ages 15 and older). Volunteers are also needed and welcome for technical and behind-the-scenes work. College credit can be earned for performing or doing technical work for the show.

Cavedweller is based on the bestselling novel by Dorothy Allison. The focus of the play is Delia Byrd, a legendary lead singer of a '60s rock group and her tumultuous family saga. The story follows Delia's journey back to rural Georgia, to the two daughters she left behind, following the death of the rock star who took her away from them. Delia moves back in with her cancer-stricken first husband and offers to care for him on his deathbed, if he will allow her to reclaim her two daughters, Amanda, 15 and Dede, 12, from their grandmother.

Although folks still remember her as that woman "who ran off and left her babies," Delia is determined to rebuild a family from the ruins she left behind. She has her work cut out for her, but in those ruins and in that work, lays the promise of her redemption. The characters somehow begin to form a loving, caring mixed-up family. You can and will laugh at them and with them, sensing the vulnerability and human-

ity, just below the surface.

Cavedweller will be directed by Theatre Arts Professor Brad Ford and performed for two weekends: November 4-5 and 11-12 at 7:30pm. The play contains adult language and content, and is not recommended for children. For more information about the auditions or volunteering behind the scenes, contact Professor Ford at (262) 335-5222.

Scripts are available for perusal from the University library.

For ticket sales, phone the main office at 262-335-5208 (Monday through Friday 8am-4:30pm). UW-Washington County is located at 400 University Drive in West Bend.

## Family court ruling wounds National Guardsman

By Phyllis Schlafly

*Copley News Service*

Gallant Americans are risking life and limb in Iraq to defend home and country. But they never dreamed they might lose their children, too.

When Army National Guard Spc. Joe McNeilly of Grand Ledge, Mich., came home after 15 months in Iraq, he found that a family court "referee" had taken away his joint custody of his 10-year-old son and given full custody and control to the boy's mother.

For five years, McNeilly had had a 50-50 no-problem custody arrangement with his ex-girlfriend Holly Erb. When called up to go to Iraq, he gave her temporary full custody while he was overseas.

While he was gone, Erb persuaded a family court to make her full custody permanent. When McNeilly protested, he was told that his year-long absence constituted abandonment and produced custody "points" against him. "You want to make a soldier cry, you take his son away," McNeilly said. "It's devastating."

Michigan State Rep. Rick Jones became interested in this injustice. When he contacted the Judge Advocate General's office, he discovered that there are 15 to 20 similar cases in Michigan and it is a common problem all over the United States.

Jones has introduced legislation (HB 5100) providing that absences for military service cannot be used against a parent and that a permanent custody arrangement cannot be established while a parent is on active duty. He is hearing from legislators in other states who want to sponsor similar bills.

Since McNeilly's case was reported in the press, Erb's lawyer and the court's representative are trying to claim that depriving him of his father's rights wasn't because he was serving in Iraq, but because of his poor parenting skills.

The proof? McNeilly sent a couple of postcards to his son that showed soldiers training with a gun. Horrors! How un-politically correct to tell a son that soldiers in Iraq carry guns.

Erb's lawyer asserted that the postcards frightened the boy and showed that McNeilly is not a fit parent. But surely the boy had a right to know about his father's career and that soldiers who use guns are pursuing an honorable vocation.

The referee's report also justified deciding for mother custody because she was the "day-to-day caretaker and decision maker in the child's life" while McNeilly was deployed. But that's what mothers have always done when their men go off to war and it's no argument for taking the child away from his father upon return.

Day-to-day caretaker is feminist jargon to promote their ideology that the mother should have full custody and control because the father is not around to change diapers and do household chores. He is merely working a job, or sometimes two jobs, to support his family.

Follow the money to explain some of the motivation. When the mother was given full custody, the court ordered McNeilly to pay her \$525 a month, which she would lose if they return to joint custody. The real problem in this case is the arrogance of family courts, which claim the right to decide child custody based on their subjective personal opinions about the "best interest of the child." Family court judges, and the psychologists and referees they hire, routinely violate the fundamental right of parents to make their own decisions about the best interest of their own children.

Family courts are subjective and arbitrary, so unlucky divorced parents could get a judge or a referee who is anti-gun, or anti-military, or anti-spanking, or anti-home-schooling, or anti-religion, or a feminist who wants to transform the middle class into a matriarchal society as has already been done to the welfare class, with tragic results.

The notion that family court judges, psychologists and referees can impose personal views about what is "the best interest of the child" rather than a child's own parents is just another way of saying "it takes a village to raise a child." Thousands of good fathers have been deprived of their fundamental rights in the care and upbringing of their children by courts that treat fathers as good for nothing more than a paycheck.

The large number of fathers who have been the victims of family-court fatherphobia is no doubt the reason that one of the most popular songs on country music stations this year is Tim McGraw's "Do You Want Fries with That?" The lyrics are the cry of a father who is working a minimum-wage second job in a fast-food res-

## Give us a break

By Senator Glenn Grothman  
20th Senate District

Senator Glenn Grothman (R-West Bend) has called for the Governor to send a waiver request to the EPA for immediate relief from the reformulated gas requirement for Southeastern Wisconsin. The State has been required to use this gas in Southeastern Wisconsin for years while it remains under debate whether or not this is worthwhile as some studies indicate it may actually be as harmful as regular fuel.

"We should follow the lead of Michigan, and Tennessee in requesting this waiver again, to ensure that our refineries can keep up with production due to the recent destruction associated with Hurricane Katrina," stated Grothman. "Depending on which refineries are shut down, it could result in an additional shortage of reformulated gas."

"Even with the recent release of oil from the Strategic Reserves, oil refineries still lack the capacity to get gas to the market," said Grothman.

The father laments, "You took my wife, and you took my kids, and you stole the life that I used to live; my pride, the pool, the boat, my tools, my dreams, the dog, the cat."

## 25 Years Ago

September 5, 1980

An Industrial Education Teacher at Kewaskum High School, Howard Zemlicka, has received recognition from the State Dept. of Instruction. High School Principal Clark Pearson, Local Vocational Coordinator Roy Esser, and Harold Schneider, a second grade teacher and night-school student of Zemlicka, all had a hand in nominating him for Outstanding Teacher of the Year to represent the Kewaskum District at the state level. Esser presented Zemlicka with a certificate from the state honoring his nomination at the district's annual staff breakfast on August 28.

A Kewaskum elderly housing project got another boost Tuesday night. The Village Board rezoned a tract of land between Roseland Drive and Brooklane Drive from a P-1 park district to an R-4 multiple family residence district.

Jim Schaeffer, son of Mr. and Mrs. Gerald Schaeffer, Kewaskum, has recently received a \$250 scholarship towards his fourth term of studies at The Culinary Institute of America in Hyde Park,

New York. The scholarship has been made possible through the generosity of the Albert Pick Jr. Fund.

For the first time in 15 years, there is another four-time golf champion at Hon-E-Kor Country Club. Clark Eishstedt won his fourth title Sunday when he beat Dave Denis of West Bend, handily, 9 to 7 in the finals.

A son was born to Charles and Carol Hafemann, Campbellsport on August 25.

A seven-year-old Kewaskum girl was struck and killed by a car on September 3. Darlene Schladweiler Yearling, 7, of Route 1, Kewaskum, was struck by a car driven by a Random Lake woman on Highway 144 in Boltonville.

One more polio case was reported in the village over the weekend, bringing the total number of cases to 13 here during the present epidemic. He is Lloyd Klemke, 17, son of the Henry Weidmans.

Richard P. Ruplinger, 22, son of Mrs. Grace Ruplinger of Kewaskum, and a former village resident, died of polio on

September 3. His was the third polio fatality in Washington County.

During the severe electrical storm Monday evening, the large barn on the Joe Matenaer farm, located about a mile and a half south of Kewaskum, was struck by lightning. The bolt struck the lightning rod and consequently no damage was done to the building.

Next Monday, September 8, the Kewaskum Public School will begin the fall term.

At the last monthly meeting of the Kewaskum Post, American Legion, it was agreed by the members present to again hold monthly dances at the Kewaskum Opera House.

With weather conditions favorable, a large crowd attended the formal opening of Kewaskum's new Main Street on Wednesday evening, held under the auspices of the Kewaskum Fire Department.

A son, Robert, was born to Mr. and Mrs. Alois Staehler, Kewaskum, on August 29. A son was also born to Mr. and Mrs. Art Wilke at Milwaukee,

on August 28. Mrs. Wilke was formerly Miss Elizabeth Coulter of Wayne.

The Eckert family will appear here at the South Side Park Hall on September 9 and 10, in a high order musical entertainment.

J. Van Blarcom has traded his cheese factory in Boltonville for the Kraetsch saloon property at Batavia and has already taken possession of the latter.

Louis Petri held a dance in his new granary in Wayne last Thursday evening which was enjoyed by a large number of young people.

A baby daughter made her appearance in the home of Mr. and Mrs. Matt. Geib of Boltonville on Friday of last week. A baby boy was born to Mr. and Mrs. Otto Luedtke of Wayne on Tuesday morning.

A new cement sidewalk is being built on Fond du Lac Avenue between Rosenheimer's Store and Brunner's livery barn this week.

# Effects of Hurricane Katrina felt locally

As we all try to deal with the effects of the recent devastating hurricane in the Gulf Coast region The Staff at the Statesman urges all of our readers to do their part in helping aid all of those who have been hit by this tragedy.

On our website [www.kewaskumstatesman.com](http://www.kewaskumstatesman.com) we have a direct link to The Salvation Army where you can make online contributions.

Throughout this article we will highlight different events going on locally and how you, our readers can help the victims.

## Governor Doyle announces temporary housing

**MILWAUKEE-** Governor Jim Doyle announced Tuesday the availability of temporary housing for evacuees of Hurricane Katrina during a press conference at Wisconsin State Fair Park.

"We know that thousands of evacuees will need to spread out across the country and be welcomed by communities throughout our nation," Governor Doyle said. "The first buses from New Orleans and Texas are already rolling toward Wisconsin, and evacuees will find temporary housing across our state. Wisconsin welcomes these evacuees with open arms."

The State is making available the entire Youth Center at State Fair Park, with beds for more than 900 evacuees. There is room for an additional 200 evacuees at the South Milwaukee Community Center. In total, more than 1,150 individuals will be able to stay for up to three months or longer.

Evacuees will receive appropriate medical care, children will be able to enroll in local schools, and families will have access to due benefits. Governor Doyle also directed Wisconsin Emergency Management to utilize the same temporary housing model in other communities across the state.

Since Hurricane Katrina struck the Gulf Coast States, Governor Doyle has enacted several additional relief measures to ensure that Wisconsin is doing its part:

- He has deployed more than 500 Wisconsin National Guard soldiers and airmen, along with five helicopters and several five-ton utility vehicles, to affected areas in Louisiana and Mississippi;

- He has directed Wisconsin's University System to open several of its campuses to welcome students enrolled in colleges or universities that are closed because of damage from the hurricane;

- He has authorized permanent State employees who are certified Red Cross disaster relief volunteers to be granted a paid

leave of absence at the written request of the Red Cross for up to 30 days;

- He issued an Executive Order lifting Wisconsin highway weight restrictions on commercial motor vehicles for 30 days so that more trucks can deliver vital goods and equipment to Louisiana, Mississippi, Alabama, and Florida;

- He has directed state agencies to coordinate Wisconsin's response with the American Red Cross, Wisconsin Emergency Management, and local governments to prepare for evacuees the state receives; and

- Through Wisconsin Emergency Management, Governor Doyle has helped to coordinate efforts for those wishing to send transportation assistance to areas affected by Hurricane Katrina and has helped to coordinate Wisconsin first responder volunteers in those same areas.

## Local resident offers carpool

Roger Neumann of Kewaskum wrote into The Statesman office offering to carpool because of the high price of fuel.

Neumann writes, "With the devastation of the oil and gas supply system in the Gulf region it is imperative drivers carpool to save the precious fuel available."

He continues, "I leave Kewaskum each morning at 5:30 AM and can pass through the west side of West Bend (Hwy 33) to Z and arrive at Slinger at 6 AM. I leave Slinger between 4:30 and 5 PM daily and arrive in Kewaskum 1/2 hour later. If I can be of service to anyone who could carpool with me I will be happy to assist them."

He can be reached by calling 262-893-4239 cell or 626-2936 or emailing him at [mcwheels@hotmail.com](mailto:mcwheels@hotmail.com).

If you would like list a carpool please email [newsroom@kewaskumstatesman.com](mailto:newsroom@kewaskumstatesman.com). Your carpool listing will be run free of charge.

# T. Kewaskum will discuss zoning survey

The Town of Kewaskum will meet jointly with the town's planning commission to discuss the results of a survey the town did to residents there at a meeting Monday, September 12 at 7 pm.

Town Chairman Ellis Kahn stated Paul Benjamin, an expert in farm land preservation from the Wisconsin Department of Agriculture

will speak at the meeting.

Kahn encourages all town residents to attend the meeting and says a new preliminary zoning map will be displayed for citizens to view.

"I want to thank all the citizens who participated in the survey and attended the countless meetings we had leading up to this preliminary map," stated Kahn.

# Speeds determined in Trenton crash

The Washington County Sheriff's Department has completed the Crash Investigation and has determined the speeds of the vehicles involved in the August 25, 2005 crash that claimed the lives of five Washington County residents.

The Washington County Crash reconstruction Unit has determined that the vehicle driven by Timothy Beck was raveling at a minimum of 92.68 mph and the Bretschneider vehicle was traveling at 44.68 mph.

The calculations made to determine the speed of the vehicles involved in the crash are the results of the Washington County Crash Reconstruction Unit spending several hours at the scene of the crash, collecting information from the vehicles and taking extensive measurements of the vehicles along with measurements from the roadway to determine the friction of the road surface. Measurements were taken of the Beck and Bretschneider vehicles in order to determine the amount of damage or "crush" that resulted from the crash.

Scale diagrams of the crash scene and the damage to the vehicles were prepared. After all of the information was collected, numerous calculations were made to determine the minimum speeds the vehicles could have been traveling prior to the collision. The calculations were made using the distances the vehicles traveled after the crash and the mounts of energy required to damage or "crush" the vehicles. Additionally the friction of the road surface and the length of skids applied by

the Beck vehicle prior to it's rear-end impact with the other westbound vehicle and then the length of sides of the Beck vehicle prior to colliding with the eastbound vehicle driven by Karl Bretschneider were all analyzed the used to calculate the speeds.

The speed of the Bretschneider vehicle was 44.68 mph just prior to the collision. Crush accounts for an emergency equivalent speed of 39.53 mph, additionally, it continued eastbound after impact and also pushed Beck's vehicle back to the eat, requiring additional energy in order for that to occur. The speed of 44.68 mph takes into account the crush and post impact speeds for both vehicles. The initial speed of Beck's vehicle was higher than 92.68 mph. This is his speed at the start of the skid but does not include the collision with the Taurus wagon. Since the Taurus wagon didn't stop immediately and was driven down the road, there is not way to determine the speed for that collision. There would have been speed lost as a result of that collision so Beck would have been traveling faster than 92.68 mph at the start of the skid.

Not enough information was available to determine how much speed the Beck vehicle lost as a result of the collision with the other westbound vehicle. The Beck vehicle experienced a reduction in speed due to that collision, and the calculated speed of 92.68 mph does not account for that speed loss. The Beck vehicle was traveling faster than 92.68 mph prior to its initial skid.

# SCHOOL

## Koch attends summer conferences

Mary Koch, KHS FCE teacher, attended two different conferences this past summer.

The first conference was a 35-hour weeklong course titled Credit and Money held at Edgerton College in Madison, August 1-5. The course was designed and offered to teachers to better prepare students in ALL content areas. Fifty teachers from Wisconsin and surrounding states attended.

The Financial Literacy and Education Commission of the U.S. Department of the Treasury recently cited this course of study as "a recognized best practice for teacher training."

The need (nationally) to improve the financial literacy of today's students is critical. This year alone, the number of Americans expected to file for bankruptcy will outnumber 2005 college graduates. Eager companies offering free t-shirts and hats if they "sign-up" for their easy access high interest credit cards often target American youth. When coupled with the ever-growing predatory lending industry, students (and adults) who lack self-control, basic budgeting skills and a clear understanding of com-

pounding interest are at great risk.

This course was one in a series of three Financial Literacy courses offered to teachers over the summer months. Several generous sponsors subsidized the cost of many of the attending Wisconsin educators. To learn more, log on to [www.wi-jumpstart.org](http://www.wi-jumpstart.org).

The second conference was the Wisconsin Family and Consumer Educators 2005 Annual Summer Conference. It was held at Lake Geneva Genoa City UHS Badger High School, August 8-10. Koch attended the event and serves as the CESA 6 FCE Representative for over 100 Family and Consumer Educators in CESA 6 from 42 school districts representing nine area counties. Mary is a 10-year member of the organization.

The conference theme was "Showcasing our talents; working hard to be the best that we can be."

Top featured speakers and topics included Shawn Becker, "Activities that speak louder than words;" Bill Sanders, "I am a life toucher;" and Bill Collier, "Managing your attitude to maximize your performance."

Other activities included ACF Chef demonstrations, best practice in FCE, suicide prevention, love and logic, dating violence, hot topics on nutrition, adolescent brain development, service learning and leadership, and safe place for newborns.

Tours during the conference included Kikkoman (Soy Sauce) production plant, Grand Geneva Resort and the Lake Geneva Mansion tour. An elegant four course dining experience was held at Kirsch's French Country Inn with the award and scholarship presentations for Honorary Economist/FCE awards to Mary Krans and Ruth Slawik and dedicated service awards to Mary Johnson, Pat Thorsbakken and Kathy Veitch.

A lesson plan exchange closed the event with vendor bags generously filled with information, classroom resources, equipment and supplies.

The 2006 conference will be held in Stevens Point. To learn more about the mission and activities of Wisconsin Family and Consumer Educators, log on to [www.wfce.org](http://www.wfce.org).

## Schauer offers programs for home educators

Committed to being a resource for arts education in the Kettle Moraine area, the Schauer Arts and Activities Center is excited to offer a new program specifically designed for home-educated students.

Classes are targeted to children in grades kindergarten through eight, and focus on music, the visual arts and creative writing.

"We have an active home-schooled community and many students have come through various programs we've offered in our Community School of the Arts. We recognized the opportunity to support home educators and involved them in the design of this program," said Thomas Robbins, Executive Director of the Schauer Center.

All classes are nine weeks long and run on Thursdays, beginning on September 22 through November 17. Listed below are the classes being offered in the new Home Educators Program.

**General Music, 5K - 2, 1:15 - 2:15 p.m.**

**General Music, grades 3 - 5, 8:45 - 10:15 a.m.**

**Creative Writing, grades 3 - 5, 10:30 a.m. - noon.**

**Creative Writing, grades 6 - 8, 12:45 - 2:15 p.m.**

**Art Basic Adventures, 5K - 2, 2:30 - 3:30 p.m.**

**Art Fundamentals, grades 3 - 5, 12:45 - 2:15 p.m.**

**Advanced Art Fundamentals and Concepts, grades 6 - 8, 10:30 a.m. - noon.**

Registration is requested two weeks prior to the start of class and is required one week prior to the start of class. Class enrollment is limited, so register early to reserve your child's place in class.

The Schauer Center is committed to allowing everyone a chance to participate in their activities and offers financial aid by application. They also

offer a 10% tuition discount for those taking multiple classes or enrolling with siblings.

To register, learn more about other classes, obtain a brochure or ask questions, contact the Schauer Center at 262-670-0560 ext. 6 or visit their office, Monday - Friday, 11:30 am-5:30 pm, located at 147 N. Rural Street in Hartford.

## Receive Degrees

Marian College granted graduate and undergraduate degrees at the college's spring Commencement in May.

The following local students were among those who graduated:

Sarah Braun, Bachelor of Arts, Art Therapy, magnum cum laude; Jacob Panzer, Bachelor of Science, Administration of Justice; Kristin Schiller, Bachelor of Science in Business Administration, sports and recreation management; Erin Theusch, Bachelor of Science in Business Administration, Accounting, cum laude and Mary Theisen-Faber, Master of Science in nursing, nurse educator.

Marian College is a Catholic applied liberal arts college located in Fond du Lac. The college offers more than 50 undergraduate and graduate programs at its main campus, and a variety of adult accelerated-degree programs in facilities throughout Wisconsin. Marian's six academic divisions offer programs of study designed to meet a full range of pre-professional and professional academic needs. The primary divisions and programs include business, education, the arts, sciences, nursing and technology. Marian College is a community committed to learning, dedicated to service and social justice, and joined together by spiritual traditions.

## The Bookworm Sez

by Terri Schlichenmeyer

### Green, Gold and Proud

Photos by Curt Knoke, Foreword by Bob Harlan, Essays by Bill VanLannen

Triumph Books c.2005 \$29.95

So you believe that you are the World's Greatest Packer Fan. You have Packer blankets, Packer mugs, five different Packer sweatshirts, and two kinds of Cheeseheads. You have tailgating down to an art and you have Green and Gold blood running through your veins. Your firstborn child (male or female) was christened "Lombardi". Does that make you the World's Greatest Packer Fan?

Maybe.

Maybe not.

First, you need to compare your fandom with other Packer fans in "Green, Gold, and Proud" by Bill VanLannen, Photography by Curt Knoke, foreword by Bob Harlan. When it comes to Packer Backers, you have a lot of tough competition for the World's Greatest Fan.

All around the NFL, Green Bay Packer fans have a reputation for being crazy about our team. Perhaps it's because the Packers are owned by the fans, not by some corporate Mr. GotBucks. In fact, the last time there was a stock drive, over 100,000 people became brand-new owners of the team, including fans from all 50 states, Guam, and the Virgin Islands.

Maybe we love the Pack because they're so easily approachable. There's a great segment in this book, showing a uniquely Packer tradition: players ride fans' bikes at training camp. Nobody remembers how it started, but for over 40 years, players have been riding local kids' bikes to practices. The Packers are also one of the few NFL teams to hold daily, formal autograph sessions during training camp.

I think we love the Packers so much because they give us a chance to go wardrobe wild. In "Green, Gold and Proud",

there are dozens of pictures of fans in their Packer jerseys, sweatshirts, and overalls; fans with their modified cheeseheads and fans wearing things you won't believe (like paint, feather boas, and what could very well be the only Packer grass skirt in Wisconsin).

From one day old to age 102, there are Packer fans all over the world, and some of them are people you know. Check out the Wrobels of LaCrosse who have an entire room crammed with Packerabilia. There's a newborn baby from Green Bay who may someday own season tickets (his father is on the waiting list, along with 67,999 other fans). There's a little boy from California whose greatest Make-A-Wish dream was granted: he met Brett. There's a bar owner in Three Lakes, a poet in Marshfield, and a bunch of busy fans who helped remove snow from Lambeau Field.

"Green, Gold and Proud" is a fun book filled with memories and pictures you've never seen before. In addition to the enjoyment of looking at other Packer fans' attire and reading about their love of the Pack, this book also includes a DVD, "The Legend of Lambeau Field". While I liked what's inside this book, I particularly loved its cover. Every time I look at it, it makes me laugh.

So you think you're The World's Biggest Packer Fan? Well, pick up a copy of "Green, Gold and Proud". You've got lots of company.

## IN MEMORY

In loving memory of John Schmitt, who passed away seven years ago, Sept. 7, 1998:

At the rising of the sun and at its going down  
At the blowing of the wind and in the chill of winter  
At the rustling of the leaves and in the beauty of autumn  
At the beginning of the year and when it ends  
When we are weary and in need of strength  
When we are lost and sick at heart  
When we have joy we crave to share  
We remember you, John  
As long as we live, you too will live.

## Kewaskum Frozen Foods supports Wisconsin 4-H kids

Kewaskum Frozen Foods of Kewaskum made and donated a large Wisconsin shaped summer sausage, one of their specialty items, to help raise funds for Wisconsin 4-H.

The Wisconsin summer sausage package was auctioned off at the Wisconsin 4-H Foundation's 14th Annual Governor's Sweepstakes Meat Products Auction. The auction was held on Tuesday, August 9 at the Wisconsin State Fair.

The meat products auction features the award winning entries from the Wisconsin State Fair Meat Products Contest. The winning entries are then donated to the Wisconsin 4-H Foundation to raise funds in support of 4-H youth throughout Wisconsin. Other items are also sold, including the Wisconsin Package, which consisted of the Wisconsin-shaped summer sausage donated by Kewaskum Frozen Foods, Wisconsin specialty cheeses donated by the Wisconsin Cheese Mart of downtown Milwaukee, and crackers donated by Woodman's Food Market of Janesville.

The specialty package was purchased by LeRoy C. Haeuser & Co. Rural Insurance of Cedarburg for \$1,500 and was the third highest selling item in the auction.

At the auction, Culvers Franchising System, Inc. of Prairie du Sac purchased the Grand Champion Ham of the Wisconsin State Fair Meat Products Contest, which was entered by Louie's Finer Meats, Inc. of Cumberland. The ham sold for \$4,500. Culvers also purchased the Champion Beef Jerky, pro-

duced by Wyttenbach Meats of Prairie du Sac for \$1,000.

The winning buyers, in addition to Culvers, included Farm Credit Services, Wausau; Herdeman Corporation, Waukesha; Janesville Animal Medical Center, Janesville; Country View Veterinary Service, Oregon; Rupena's Fine Foods, Milwaukee; Wisconsin Farm Bureau Federation, Madison; Harold Bitney/Mini-Pick, Milwaukee; LeRoy C. Haeuser & Co. S.C. Rural Insurance, Cedarburg; The Meat Handler Company, Cleveland; Daluge Travel, Madison; Midwest Perishables, Inc., Madison; Budweiser Pavilion, Oconomowoc; Alferi Sauces & Seasonings, Little Chute; Sally & Jim Schoenike, Juneau; Schaefer Grading & Excavating, Franksville; Poulson Family Farms, Palmyra; Hartmann Sand & Gravel, Fredonia; and Merwin Farms, Lake Geneva.

Governor Doyle gave the opening remarks, which were interrupted several times with applause. He was introduced by UW-Extension Interim Chancellor Marvin Van Kekerix. After the Governor's remarks, Auctioneer Gary Finley opened the auction.

The winning meat processors included: Brandon Meats & Sausage, Inc., Brandon; Eden Meat Market, Eden; Haen Meat Packing, Inc., Kaukauna; Karl's Country Market, Menomonee Falls; Kickapoo Locker Service, Gays Mills; Lodi Sausage Company, Lodi; Louie's Finer Meats, Cumberland; Maplewood Meats, Inc., Green Bay; RJ's Meats & Groceries, Hudson; Sailer's Meat Processing, Inc., Elmwood; and Wyttenbach Meats, Prairie du Sac.

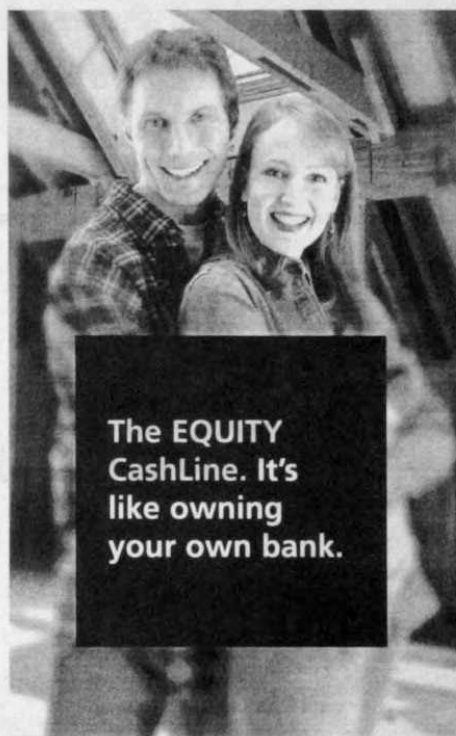

Sponsors of this year's annual auction included the Wisconsin 4-H Foundation, the Wisconsin Association of Meat Processors, the University of Wisconsin-Madison Department of Animal Sciences, and the Wisconsin State Fair. The Marshfield Clinic's National Farm Medicine Center of Marshfield and Rupena's Fine Foods of Milwaukee were sponsors of the reception held before the auction.

Other auction contributors included: Brandon Meats & Sausage, Inc., Brandon, gave a five-foot sausage; Crystal Farms, Lake Mills donated cheese; Kewaskum Frozen Foods, Kewaskum contributed a Wisconsin-shaped sausage; Herbert C. Kohl Charities, Milwaukee donated Bucks basketball tickets; Midwest Airlines, Oak Creek, gave two round-trip air tickets; Milwaukee Brewers, Milwaukee donated baseball tickets; Smoky's Club, Madison provided a dining certificate; Wisconsin Agricultural & Life Sciences Alumni Association, Madison contributed Badger football tickets and tailgate party; Wisconsin Cheese Mart of Downtown Milwaukee donated a basket of cheeses; and Woodman's Food Market, Madison supplied food items.

\*MidAmerica's Equity CashLines have a variable rate. The introductory Annual Percentage Rate (APR) is based on an interest rate of 1% below the Prime Rate (current introductory Annual Percentage Rate is 5.58%) for the first 90 days after the account is opened with an initial draw of \$10,000 or more. During the introductory period, there will be no minimum interest rate. If you receive the introductory interest rate, on the 91st day after the account is opened, your rate will be determined as described below. The Annual Percentage Rate is based on the Prime Rate published in the Money Rates section of the Wall Street Journal on the last publishing date of each calendar month. As of 8/10/05, the Annual Percentage Rate on Equity CashLine programs varied between 5.59% to 10.27%. Your rate and corresponding APR may be different than the advertised rate and depend on your approved loan amount, loan-to-value ratio, property type, occupancy and credit qualifications. Rates are subject to change at any time without notice and may be higher or lower than the current advertised rate. During the draw period, the maximum Annual Percentage Rate is 25.34% and the minimum Annual Percentage Rate is 3.50%. An annual fee of \$50 is charged after the first year. If the line is closed within the first two years of the loan term, an early closure fee of \$350 will apply. During the draw period, payments of interest only will not reduce the loan balance. Appraisal fees apply to properties outside of our lending areas and may apply for properties with two-to-four units. Property, title and/or flood insurance, if applicable, is required. Please consult with a tax advisor about the deductibility of interest.

## Village Board Meeting Minute

Village of Kewaskum  
Plan Commission Meeting  
July 26, 2005  
7:00 p.m.

The Plan Commission of the Village of Kewaskum, Washington County, Wisconsin, held their regular meeting in the Council Room of the Municipal Building, 204 First Street. Chairperson Mathew Heiser, called the meeting to order at 7:00 p.m. Jim Wright and Richard Schmidt asked to be excused and were absent. The following Commissioners were present: Commissioners Frank Beesten, Theodore Meilahn, Chad Cook and Andy Pesch. Also in attendance were Mr. Charlie Serwe, Mr. & Mrs. Michael Kunkel, Mr. Gary Gavin and Mr. Rick Kozak. (A couple of Mr. Rick Kozak's associates were also present.)

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion made by Frank Beesten, seconded by Theodore Meilahn and carried unanimously by voice vote, the Plan Commission approved the minutes printed for May 24, 2005 as corrected.

The Plan Commission reviewed the Certified Survey Map for Charlie Serwe at the NW corner of Badger Road and USH "45". This area is all within the TID 2. Mr. Ken Ward, the Village Engineer, was present to review specifics of the CSM and recommended approval on condition of final approval by the DOT and Village Engineers. On a motion by Frank Beesten, seconded by Andy Pesch and unanimously carried by voice vote, the Plan Commission recommended approval of the Certified Survey Map for Charlie Serwe upon final approval by the DOT and Village Engineers to the Village Board. The Plan Commission reviewed the third concept plan for the central larger area of TID No. 2 for United Construction Group for Mr. Rick Kozak proposed Business PUD (Village Lake Center). Mr. Rick Kozak reviewed their proposal with the Plan Commission and Mr. Ken Ward, the Village Engineer, shared some specifics as to the infrastructure and the affect on the TID. The Plan Commission was informed the Village Engineers were authorized by the Village Board to work on the private portion of said development and that would

be privately paid and privately constructed. The types and quantities of businesses proposed for the TID were discussed. It was noted that all parties involved were working together. The DACO concerns are being addressed in the Business PUD. Developers Agreement and Conditional Use Permit. On a motion by Andy Pesch, seconded by Frank Beesten and unanimously carried by voice vote the Plan Commission sent the revised concept plan to the Village Board with a favorable recommendation and a favorable recommendation as to granting a Conditional Use Permit for the Business Planned Unit Development. The Plan Commission was advised that the tentative date for the public hearing for the Conditional Use Permit was August 22, 2005.

The Plan Commission reviewed a request to amend the Land Use Plan (Area) and to request SEWRPC to amend the Sanitary Sewer Service Area to include the property known as 4250 Hwy "H", 79 acres, owned by William and Peggy Volm. Discussion as to the proposed major street to the north of Kettle View Drive extending to STH "28" was reviewed. It was noted the County is involved with an update to the County Jurisdiction Highway Plan and that the eventual path for this street will end up going northwesterly through this property because of the C-1 and C-2 area. On a motion by Theodore Meilahn, seconded by Frank Beesten and unanimously carried, the Plan Commission recommended proceeding with an amendment to the Land Use Plan (Area) and to request SEWRPC to study and amend the Sanitary Sewer Service Area as requested.

Building Inspector/Zoning Administrator Gordon Hoffmann was present to discuss a proposed change to the Zoning Ordinance to allow by conditional use permit the use of an accessory energy system commonly referred to as an outdoor boiler. The way things are now the inspector does not have a lot of choice but to issue permits for such systems, which cause a substantial amount of concern. On a motion by Andy Pesch, seconded by Chad Cook and unanimously carried by voice vote the Plan Commission sent Ordinance No. 2005-09 to the Village Board with a favorable recommendation.

Chairperson Mathew Heiser entertained the motion for adjournment. On a motion made by Frank Beesten, seconded by Theodore Meilahn for adjournment. By a roll call vote 5 "Aye", 0 "Nay", 2 "Absent". Motion passed. Meeting was adjourned.

# Vietnam 30 years ago: Nixon 'Vietnamizes' the war

By John A. Scocos

The defense of freedom is everybody's business not just America's business. And it is particularly the responsibility of the people whose freedom is threatened.

-Richard Nixon, November 3rd, 1969

It was with this in mind in the spring of 1969, shortly taking over office from Lyndon Johnson, that President Nixon instituted his plan to gradually get the United States out of the war in Vietnam, which had become increasingly unpopular. Americans labeled the plan "Vietnamization."

Nixon expected to build up the South Vietnamese Army (ARVN) so it could fight its own battles in response to anti-war sentiment in America. President Nixon's plan hoped to give Americans the best of both worlds -- a victorious South Vietnam that would be a roadblock to the spread of Communism, and American disengagement.

As we reflect on the 30 year anniversary of the end of the war in Southeast Asia, Vietnamization was the pivotal "fourth phase." The first phase involved the French and ended at Dien Bien Phu. U.S. advisers followed to support the South during phase two. The massive effort by the United States to shore up the South and halt the expansion of Communism into Indochina represented the third phase.

Vietnamization illustrated the limits that U.S. military forces confronted in the midst of a difficult "limited war" that had lost public support. Caught in the no man's land of a difficult military and political battlefield were nearly half a million U.S. troops doing their best to serve their country.

Vietnamization called for a massive build-up of the South Vietnamese Army, while slowly pulling back on American troop strength. Eventually

ARVN would be strong enough to fight the North Vietnamese.

In many cases, the South fought well. But problems existed. ARVN units needed reform. They lacked artillery, air support, electronics, and other necessities of modern warfare. Desertions or implanted spies were common. South Vietnamese Army officers sometimes rose in the chain of command on the basis of family status instead of merit, and training proved to be spotty. American advisers expressed skepticism that reform could be carried out quickly, if at all.

Meanwhile, as American troops slowly started to trickle out of the beleaguered nation, President Nixon embarked on an ambitious plan to show the North Vietnamese that America "still means business."

In a show of continued American power, President Nixon ordered the invasion of Cambodia. Hosting North Vietnamese supply bases, and one end of the Ho Chi Minh Trail--the lifeline of the Communist war effort in the South--Cambodia was a reasonable target in a military sense. American leadership hadn't interfered with Cambodia, fearing a wider war, but Nixon, with his new theories of how to win in Vietnam, didn't hesitate to order an incursion. The results were mixed.

Communist sanctuaries were destroyed, and guerilla operations were disrupted. But they were soon relocated and operating again. The effect in America, however, was catastrophic.

Anti-war activities throughout the United States hit an all-time high. The American public, which had been reassured that United States intended to withdraw from the war, saw on television the U.S. invasion of another country and became outraged.

The President also ordered an invasion of Laos, another neighbor to Vietnam, to destroy sanctuaries. The main lifeline for North Vietnam, the harbor at Haiphong, was

mined in order to deter supply ships from China and the Soviet Union. And finally, Hanoi was subjected to some of the largest air raids of the war.

By 1971, Nixon's plan of Vietnamization was in full swing. American troop numbers went down, but the few that remained were being used in new and effective ways. The South Vietnamese Army, still weak, was quickly growing in size, and eventually, by the time America completely withdrew, would constitute the fourth largest military in the world.

As the war changed, U.S. soldiers began returning home in large numbers. Public support was still sliding, however, and sometimes the veterans were jeered instead of heralded -- even after many had spent a year in brutal jungle fighting.

This should never happen again. That's why my department has created a new program in Wisconsin called "Mission: Welcome Home." When our troops come home, from whatever situation or whatever conflict, they shouldn't be shunned and left in the shadows. They've earned our support.

This is the eleventh in a series of 15 columns about the Vietnam War that will be published.

*John A. Scocos is Secretary of the Wisconsin Department of Veterans Affairs, which has created "Mission: Welcome Home" to support Wisconsin troops returning home from serving overseas.*

## Once again, Anderson is HEK's best; Kleinke crowned as women's champ

Craig Anderson, West Bend, took the Hon-E-Kor men's championship this past Monday.

Dianne Kleinke won the women's championship in Monday's tournament.

**BY JUDY HARLOW**  
Statesman Correspondent  
jharlow@kewaskumstatesman.com

He didn't have the top seed in the tournament after the 36 holes of medal qualifying, but Craig Anderson of West Bend was still standing at the end of the event Monday afternoon after disposing of Jay Krueger and Rob Bertram to claim his fourth straight Hon-E-Kor Men's Club Championship and his ninth overall.

Bertram who upset medalist Clark Eichstedt in the semifinals (3-and-1) was no match for Anderson's deft iron play but battled hard before falling 5-and-4 in the finals.

Dianne Kleinke of Kewaskum was no stranger to playing in the Women's Division, but she never reached the top of the mountain until posting a 3-and-2 victory over Crystal Dreher in Monday's finals.

The Junior finals was the closest of the three competitions, with Ethan Geidel and Jason Jahnke deadlocked going into the final hole, No. 9 on the White Nine. Jahnke reached the green in three shots but Geidel's iron was perfectly on target, settling just two feet away from the cup for a cinch birdie and his first victory.

Considering Anderson has won nine times, one might think he has a favorite in the mix, but that is not the case, according to the West Bend West High golf coach, who said they have all been enjoyable. He also indicated there was no additional pressure trying to win four in a row.

"I think actually I'm much more relaxed now," Anderson said, admitting he thought after Eichstedt opened with a sizzling 3-under-par 67 and turned in a

72 the second day for a 139, that might be his opponent in the finals. (Anderson came in with a 74-69-143.

"It looked like that," Anderson said, quick to point out, however, "Like I told Rob, it's match play and anything can happen ... I know a lot of people were surprised, but Rob had the ability to shoot a 75 and win."

Eichstedt said several three-putts hampered his effort against Bertram, who won 3-and-1. "Then toward the end, I misclubbed a couple times," he said.

The match ended on No. 15 where Bertram pulled off a magical shot. After scuffing a drive to just past the women's tee, Bertram hit a second shot to the right side of the fairway near the willows, then holed out his third shot from 60 yards out for a birdie.

Eichstedt was safely on the green in two but missed his birdie try, ending the match.

At the same time, Anderson was battling Krueger, who coaches golf at West Bend East and is a good friend of his counterpart.

Krueger said he hit seven of the first eight greens on the Blue Nine but was just one-up on his opponent. No putts were dropping for Krueger, then Anderson made a charge when he birdied No. 9 and 10 to take the lead.

"Then I birdied 15 to finish it," Anderson said. "I think I was even par when the match ended." It was a 4-and-3 decision.

Concerning his final match against Bertram, Anderson said, "We both birdied No. 1, and I birdied No. 9... that put me 3-up ... I was only like two feet away."

"I think I just bogeyed 13, parred the rest and won with a birdie on No. 14," the champ

said. In May, Anderson and his son Jeff captured the annual Hon-E-Kor Bestball, now he has claimed the men's title and the obvious question is whether he will go for the sweep in the Kettle Moraine Amateur, which is coming up Sept. 17-18.

"I'm going to try," Anderson said with a big grin on his face.

Bertram, who lives in Fredonia and builds silos for a living, said he was pleased with his play over the weekend.

"I think I played very well and felt fortunate to hang in as long as I did," Bertram, who has been a member at Hon-E-Kor since 1986, said.

Kleinke reached the finals a couple times before, always losing to Theresa Dreher. This time Crystal defeated her mom in the semis, and Kleinke took advantage of the new opponent to come out on top.

Kleinke played good golf all weekend, firing a 94 on Saturday, followed by an impressive 89 Sunday, giving her a 183 and a seven shot lead on the rest of the field.

Kleinke ousted Kelly Marquardt in the opening round of the match play.

In the men's First Flight finals, it was Scott Leitheiser tipping Josh Timblin, 1-up, and Ryan Koepke claimed the Second Flight title with a 3-and-2 win over Mike Matenaer.

In the Third Flight, Manny Alvarado defeated Norb Rohlinger 4-and-3.

In the Women's Presidents Flight, it was Cathy Lastofka of West Bend besting Carol Averill 5-and-4 to win the title after she survived a thrilling match against Roxanne Volesky in the semis.

"I chipped in for a par 5 on N. 18 to beat Roxie," Lastofka

## Look for KHS boys CC team to do well; girls are short in numbers

**BY JUDY HARLOW**  
Statesman Correspondent  
jharlow@kewaskumstatesman.com

While the numbers out for the sport are barely above the minimum needed to count in meets, the Kewaskum High boys cross country team does have some quality for the 2005 season.

For the girls, however, it will be the second year in a row when there are not enough to qualify as a team, and veteran coach Dave Drexler sees it as a case of all the choices girls have during the fall sports season.

"Again it is difficult getting girls to come out for the sport of running. They would rather play volleyball, tennis or golf," Drexler said in previewing his team. "Two freshman girls (Alissa Clapper and Tonya Janssen) do look promising, and they have some experience running cross country from last year."

The two are joined by letterwinners Crystal Treptow (junior) and Nicole Stern (senior).

"The boys team looks solid with the four seniors who have been running together for the past three years," Drexler went on, referring to veterans Justis Clayton, Jon Hawig, Zack Van Wormer and Adam Wagner. They are joined by junior letterman Bob Gibson, who is coming off a successful track campaign last spring.

"Bobby is looking strong for the No. 1 position," Drexler said, adding, adding sophomore Tyler McElhatton "is coming in this year looking strong. He has already earned a spot on the varsity squad as a counter."

There are two others on the boys roster, sophomore Dan Justman and freshman Monty

Aron." The Indians had two meets last week, including a dual against host New Holstein on Thursday, which was the first Eastern Wisconsin Conference action of 2005.

The New Holstein boys nipped the Indians by two points, 27-29. Nate Jenkins of the host team crossed the finish line first, covering the 5,000 meters in 17 minutes and 46 seconds (17:46).

Kewaskum had the second, fourth and sixth place runners, with Gibson in the runner-up spot at 18:22, followed by Van Wormer in 19:09 and Hawig 41 seconds back at 19:50.

The other two counters were McElhatton in eighth (20:21) and Wagner in ninth (20:43.)

The girls team was incomplete. Two Indians finished among the top seven, Stern in sixth (21:59) and Janssen in seventh (22:14).

In a triangular meet held at UW-Sheboygan on Tuesday, the Indian boys finished second behind host Sheboygan Falls, 23-42. Elkhart Lake was last with a 72.

Sheboygan Falls got a good 1-2 punch from J. Kieske and J. Wagner, who crossed the finish line in 18:01 and 18:29. Bob Gibson led KHS with a 19:27, good enough for fourth overall. Van Wormer finished sixth at 19:47, and the other three counters were Hawig (20:25.5), Wagner (21:09) and McElhatton (21:13) in ninth, 11th and 12th, respectively.

The Sheboygan Falls girls stormed the finish line with the top seven runners. Kewaskum had just two girls at the meet. Stern wound up 12th out of 14 runners with a time of 22:10.

The tallest species of dogs is the Irish wolfhound; a wolfhound which grows to be about 32 inches high at the shoulders.

## An honor roll effort by the KHS offense

BY JUDY HARLOW  
Statesman Correspondent  
jharlow@kewaskumstatesman.com

If grades would have been given out after Friday's football game against Cedar Grove, more than likely the Kewaskum High offense would have received a B+, with senior halfback Garrett Donath awarded an A for his 227 yards of rushing, including an electrifying 95-yard run in the third quarter.

The defense, now that would be another story, especially the line and the defensive halfbacks who were ... let's say, well below average.

All's well that ends well, however, as the Indians came out of the non-conference game against the Rockets with a 25-14 victory and take a 2-0 mark into tomorrow's Eastern Wisconsin Conference opener against Roncalli.

"We answered the bell, came back with a little fight," KHS Coach Jason Piittmann said after comparing the game to sort of a boxing match. He credited Cedar Grove with taking the early jabs and then started to do a little solid punching of its own to erase a 14-0 deficit and climb to within four points at half, 18-14.

After a little lecturing at half-time, some nifty legwork by Donath, and a couple untimely Rocket fumbles, the Indians recovered in time to get the unanimous decision.

Neither team did anything on its first series, but the Indians went 54 yards the second time it had the ball to take a 6-0 lead. Ross Stockhausen's 33-yard burst up the middle opened the scoring against the Rockets, who were zeroed in on stopping

Donath.

Uncharacteristically, Jon Olla missed the PAT so the score stayed at 6-0.

Cedar Grove picked up four first downs the next time it had the ball, only to fumble inside the KHS 30. Donath was right there to pick up the loose ball and brought it back to the 34 before being tackled.

Five plays later, it was Donath, who had ripped off runs of 11, 19 and 17 yards in the drive, twisting into the end zone from the 2-yard line for another KHS TD. This time a Chad Piwoni pass was intercepted, keeping the score at 12-0.

Cedar Grove came right back with a nice drive, but after picking up a first down at the KHS 14, Joe Burton fumbled and Logan Staeger was right there to bounce on it for the Indians.

The Indians chewed up some clock but eventually turned the ball over on downs to the Rockets, who were also stalled and punted.

With 4:01 remaining until the break, a couple first downs might have been enough to preserve the 12-point lead but as the crowd found out, there were still plenty of fireworks coming.

A 43-yard screen pass from Piwoni to Stockhausen set up a third Indian TD, which was eventually scored by the 215-pound fullback on a short run.

The pass appeared to be out of Stockhausen's reach but he stretched to gather it in right off the grass and was off to the races.

"That was huge," Piittmann said about the catch, adding, "That's an advantage we have with Stock. He has nice hands. He might not be as elusive as

Garrett, but he's pretty fast."

An 18-0 lead appeared comfortable, but as the Indians quickly learned, big plays tend to cut into leads in a matter of minutes. Two minutes and 20 seconds to be exact, because that's precisely how long it took the Rockets to score two touchdowns and go into intermission only down by four points, 18-14.

First, Cedar Grove marched 75 yards in six plays, the last four yards on a run by Taylor Jacque.

Then Jordan Peterson, the Rockets' nifty quarterback and d-back, intercepted a Piwoni pass, stopping a KHS drive.

This time it took five plays to score, and the Peterson to Bryan Krizek passing combo was responsible for 75 of the yards, including the 16-yard TD.

Momentum was definitely on Cedar Grove's side to start the second half, and the Rockets moved the ball right down the field to the KHS 1 where fumbleitis hit them again.

One play later, Donath scored the only touchdown of the second half, and boy was it a dandy. Starting at his own 5, he darted through a big hole in the line, then bounced outside and scampered down the right sideline with a whole convoy of Rockets left in his dust.

Olla's kick made the score 25-14, and that's where it stayed, leaving Piittmann with mixed emotions, happy his team won but disappointed with the way his defensive backs Mitch Paulus and Eric Ogi were "getting twisted up" as Krizek was making catch after catch to the tune of 132 yards (eight catches). Peterson threw for 167 yards but was bottled up in the second half.

"There were two or three plays in the second half when our defensive backs just crushed people," Piittmann said.

Kewaskum's running game netted 294 yards between Donath and Stockhausen. Kewaskum did not throw a single pass in the second half.

Piittmann was thrilled with the effort of senior linebacker Jeff Thull, who was all over the field and had at least one sack. "I started sending him more (on the blitz)," Piittmann said. "He's just exhausted right now."

Also drawing praise was center Robert Weber for anchoring the offensive line, and tackle Bryan Daggett, who "stepped up when he had to. Our big boy, J.J. (Logan, 298 pounds) struggled at time."

Kewaskum hosts Roncalli Friday night for the Eastern Wisconsin Conference opener. "They've got good size, but they are not high on numbers," Piittmann said about the Jets, the smallest school in the EWC.

## Soccer team is uninspiring in home opener

Alex Hill was downright dejected Thursday night after watching his Kewaskum High soccer team go through the motions in its first home game of the year against Two Rivers.

"We were miserable ... very, very lackluster," Hill said about the 3-0 loss to the Raiders.

"We couldn't win the ball on defense. We couldn't win the ball in the midfield," Hill went on. "The first half, only Two Rivers was on the field. In the second half, we at least competed. It was disappointing for me, especially after we played a real good game at New Holstein."

Hill declined to cite any of his players, saying, "No one deserved to be singled out."

The most disappointing part of the loss for Hill was the lack of enthusiasm shown by the Indians. "They should be exploding out there. I should be holding them back," Hill said, referring to the eagerness the Indians should be showing.

Fortunately, one of the KHS teams came away with a win. The Indian JVs, behind a solid offensive effort by Yuliy Shamayer, defeated the young-

er Raiders by a score of 3-0.

Shamayer scored a pair of goals, and freshman Jacob Dickmann added one in the victory.

On Monday evening, the Indians came up short in their bid to win their first Eastern Wisconsin Conference game of the season, falling to host New Holstein 5-2.

"It was a good game. We fought hard. They are a good team, New Holstein," Hill said.

Adam Nothem got the first goal, according to Hill, who said Mason Smith scored the other, reporting, "Both assists came off (Jason) Jahnke."

In the team's first five games, Jahnke has three goals and a pair of assists.

When asked who played well on defense, Hill said, "(Austin) Flanders was outstanding. He had maybe the best game of his varsity career ... He was tremendous."

Nate Kenworthy was kept busy in the nets, although Hill did not have any specifics on the number of shots he saved.

After the two games, the Indians are 0-2 in the EWC and 1-4 overall.

"We're back here next week," Hill said, hoping to put on a better show in Thursday's (today's) game against Sheboygan Falls.

## Dums, No. 3 doubles team are on top of their games in EWC match

It wasn't a victory, but the 5-2 loss to Two Rivers was a lot closer than the Kewaskum High tennis team was able to come to the top two teams in the Eastern Wisconsin Conference in its first two outings.

"Karissa Dums showed good endurance and mental toughness. (She was) the first to start and last to finish ... about two and a half hours," KHS coach Dan Ross said about Dums' 6-3, 6-7 (3-7), 6-4 win over Jenny Welna at No. 3 singles.

"She played very smart, consistent tennis," Ross said. The coach inserted two new people No. 3 doubles and they, Kelsey Goetsch and Lauren Hughes, both freshmen, "got a solid victory. They have been working hard in practice and deserved a chance. There may be more changes in the doubles until we get some more consistent play."

Even though Goetsch and Hughes are young and inexperienced, Ross said, "They have a very good understanding of where each other will be and how their partner plays. That is very important in doubles."

Goetsch and Hughes took just two sets to put away Kelly Hagerty and Maider Yang 6-3, 6-2.

Even though she lost to Nicole Shavlik, Ross said Ashley Feucht played a very good second set against a tough player. "She is providing excellent senior leadership," Ross said.

Ross also praised Jade Thelen and Darcy Dickman for turning in "their best effort of the year" in a 3-6, 2-6 loss.

Kewaskum, now 0-3 in EWC play, is at Kewaunee this afternoon (Thursday).

## Weare, Rimmel lead KHS golfers to fourth spot

When Chelsea Weare got her opportunity to play in the No. 6 spot — The Wisconsin Little Ten Conference uses a format where the low four of six players count toward the team total instead of the usual four of five — for Kewaskum High, she made the most of the opportunity.

Weare, a junior, fired a 55 in her first varsity appearance, helping the Indians to a fourth place in last Monday's meet on the tough front nine at West Bend Country Club.

"The most pleased surprise was Chelsea Weare," KHS Coach Carol Martin said. "She really helped the team with her lowest round ever of 55."

Oconomowoc and Hartford were head and shoulders above

the other teams in this second WLT conference meet of the year, with their totals of 203 and 210. West Bend West finished third at 217, followed by the Indians, 222; Beaver Dam, 229; West Bend East, which had just four players, at 237; and Watertown last with a 239.

"As a team, we did well," Martin said. "Nicole Rimmel's 50 led the team, and Renee Wetzel's 55 was her lowest so far this year."

Abby Johnson of Cooney and Hartford's Christine Blau shared medalist honors with 44s.

Katelyn Korth, the Indians' No. 1 players, started out with a 10 and never recovered, according to Martin, who reported the senior carded a 62, which counted in the team's total.

Kewaskum hosts a WLT mini-meet this afternoon at Hon-E-Kor.

## A court thriller!

The Slinger High gymnasium was no place for the faint of heart last Thursday evening as two old rivals, Kewaskum and Slinger, squared off in a thrilling high school volleyball match.

The Lady Indians were riding high after winning their own tournament on the opening week of action, but apparently the Owls were not overly impressed as they battled right down to the wire before Kewaskum came away with the "V" by respective scores of 25-17, 21-25, 25-20, 25-27 and 15-12.

In the end, new head coach Renee Butschlick felt her team took control by "slowing down and running our offense."

This late show of poise was welcome after a roller coaster evening in the first four games.

"We came out strong and played our game," Butschlick said, reporting Christina DeGroot had a seven-point run in serving, with five aces.

Game 2 was not as successful, however and the Indians' passing game disappeared, and, "We lost our defense as well," Butschlick said. "We just could not keep

the ball in play."

Now sitting at 1-1, the Lady Indians had to regain some momentum, and it took for a while as if they were doing just that, jumping ahead by nine points in the third game.

"Then we started to lose it," Butschlick said. Enter junior Emily Sedgwick. "Emily Sedgwick came off the bench and had some great serves to give us the lead," the coach said.

So would they stay hot in Game 4? No, and it wasn't the passing or hitting that weren't there, it was a matter of them not being there at the same time, according to Butschlick, who was pleased her girls were able to overcome adversity and surge slightly into the lead to claim the win.

For the night, Kewaskum had 16 aces, including the five by DeGroot in the first game, six by Bekki Heberer.

Schroeder carried the passing load, handling attempt after attempt. The senior setter was credited with 69 assists, and she had just one passing error on the night.

The offensive effort was paced by DeGroot, who put down 11 spikes. Next came Heberer with six, and junior Marissa Dehler, a tremendous jumper, had five. According to statistics pro-

vided to the Statesman, none of the Indians had any blocks, but there were plenty of digs, including 22 by Heberer, 19 by Dehler, 15 by Schroeder, nine by DeGroot and five each by Megan Rinzel and Caitlin Sprinkman.

There were 103 serves by the Indians, with just eight errors for a 92.23 percentage.

Kewaskum opens Eastern Wisconsin Conference play this evening (Thursday) at New Holstein.
