Projects keep Kewaskum DPW cranking

Various construction projects continue into the fall for the Village of Kewaskum Department of Public Works. Shown here Tim Bohn of Dundee Sand & Gravel is unloading blacktop into a paver for the road project on Prospect Drive that was completed on Friday. A portion of Prospect Drive was annexed into the village this spring for one residential and various commercial developments.

Work continues to roll on for various projects being completed for the Village of Kewaskum. Director of the Department of Public Works, Jerry Gillies recently gave an update on what's done and what's being worked on currently.

Prospect Drive

Prospect Drive has been completed with the base course of asphalt laid. Curb and gutter are also in place and crews are working on backfilling and landscaping where the new curb and sidewalk have been placed. Next year the road will receive its surface course of asphalt.

Tax Incremental District

Water service is in place in the TID. Sewer pipe is also in place but sewer service will not be available until the new lift station adjacent to Bonnie Bell Motel is operational.

Gilles says the DNR has given verbal approval for the construction of Industrial Drive to run from DACCO to Badger Road. Industrial Drive is planned to be the entrance road to Village Lakes Center and service road for the retail development.

It will run southerly in back of DACCO, connect with Rambling Road and run to Badger Road. Rambling Road will then become Industrial Drive.

Work on running sewer and water under the road will start in December.

Pipe Bursting

A new process called pipe bursting is currently taking place along Fond du Lac Avenue by Woleske Construction from Green Bay. In the pipe bursting process, a tool is taken to the old six inch water main pipe that was abandoned and it is then expanded to make the pipe 10".

This needed to be done because of the new lift station's size and capacity to pump more water. This process should be complete within two weeks and then a week's worth of restoration will be completed.

New Fond du Lac Avenue Lift Station

The new lift station on Fond du Lac Avenue is nearly complete. To allow for infrastructure to the TID, the shallow lift station that was on Fond du Lac Avenue, built in the 1960's needed replacement.

The new lift station will be totally operational after the pipe bursting process is complete and WE Energies gets power to the new brick structure.

Outflow pipe to Water Treatment plant replaced

Because of the heavy spring rains of 2004 and discharge to the Milwaukee River by a number of municipalities, the DNR has mandated those various municipalities make updates to their water treatment plants.

For Kewaskum, a 1954 corrugated metal outflow pipe needed replacement because of possible corroded joints. This project is being worked on daily by Advance Construction.

Gilles assures no disruption in water or sewer service to customers. He states that the new pipe being put in place is made from concrete insuring longevity.

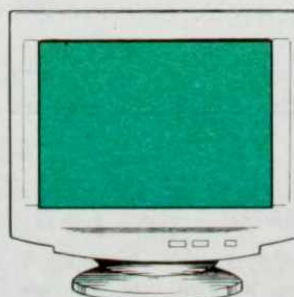

The project will be finished in three weeks.

Treatment Plant undergoing Chloride Study

Another expensive mandate from the DNR the village will undergo is a Chloride Study for the Water Treatment Plant. The study has already been started and Gilles says one part of the study is to survey village residents on their water use.

A survey is being printed and will be mailed to water customers in the coming days. Gilles encouraged residents to fill out the survey and return it to the municipal building.

Information on the Department of Public Works' budget for 2006 will be included as part of an in depth article featuring important details of the Village of Kewaskum 2006 budget and tax levy.

Kesting will challenge Weare in special recall SB election

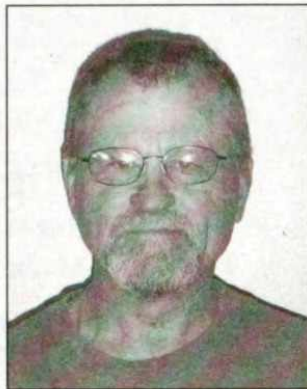

By Andrew Kuehl
Statesman Managing Editor
akuehl@kewaskumstatesman

A political tenderfoot will challenge veteran school board member, Neal Weare in the special December 13, recall election. Boltonville resident, Bill Kesting, officially announced and filed his candidacy for school board.

In September, the Northern Unit Kettle Moraine Citizens for Responsible Government (NUKM CRG) started a recall against Weare. On Monday, November 7, school board clerk, Jean Goeden, stated that after examining the 213 pages of recall petitions she found enough evidence for the recall election to move forward.

NUKM CRG has produced one candidate whom they decided they will unanimously support. No other candidate is expected to emerge from the group.

Kesting, 60, who along with his wife, a retired Kewaskum school district employee reside in the Town of Farmington says, "I went to a recent school board meeting and saw no accountability. I

Bill Kesting

saw money spent from the superintendent buy out and that money should have went to our children's education."

Kesting is a retired business owner. For 11 years he co-owned and operated, Flexographic Packaging Co. in Waupun. He holds a degree in business from UW-Green Bay.

"If I'm elected, I hope to help make sure that tax monies are spent in a way that will give our children the best possible education," he said

KHS Key Club will sponsor Senior dinner

Flight for Life called to T. Kewaskum crash Thursday

A view of vehicles involved in a crash on CTH H west in the Town of Kewaskum on Thursday, November 3. Five people from the vehicles were injured and transported to area hospitals.

By Andrew Kuehl
Statesman Managing Editor
akuehl@kewaskumstatesman

Flight for Life Helicopter was called to the scene of a two-vehicle crash on County Highway H west, a quarter mile east of Townline Road in the Town of Kewaskum. The crash occurred Thursday, November 3 at approximately 4:45 pm and injured five people.

According to Captain Dale Schmidt of The Washington County Sheriff's Department, a westbound car driven by Jose Marquez, 18, of Campbellsport crossed the centerline into the eastbound lane for unknown reasons. Marquez's vehicle then came into contact with a westbound vehicle driven by Leeann Butschlick, of Kewaskum.

The vehicles struck right front to right front. Butschlick

was traveling with her two daughters ages, two and five. All three were wearing seatbelts and only received minor injuries. All were taken to St. Joseph's Hospital in West Bend where they were treated and released that evening. Marquez sustained severe leg injuries and was transported to St. Joseph's Hospital. He was not wearing a seat belt.

Statesman photo: Andrew Kuehl

Marquez also had a passenger, Craig Renzaglia, 18, of Kewaskum. He suffered severe leg and facial injuries and was pinned in the car for over an hour. He was transported by Flight for Life Helicopter to Froedtert Hospital in Milwaukee.

Neither Marquez or Renzaglia were wearing seat belts.

Habitat for Humanity annual dinner a 'spiritual experience'

By Amy Swanson
Statesman Correspondent
aswanson@kewaskumstatesman

"We're all about to have a spiritual experience," said Tony Warren, President and CEO of West Bend Mutual Insurance Company as he introduced Millard Fuller, founder of Habitat for Humanity last Thursday. Fuller was the guest speaker at Habitat for Humanity of Washington County's Annual Dinner held at West Bend Mutual.

"I feel very blessed by what I do," Fuller said. "I am very privileged... I'm in Habitat because this is what God has called me to do. His bumper sticker says so, too. "When you're in Habitat, and you don't have a bumper sticker on your car you are living in sin, that's why I also have one on my brief case," he said.

It also helps Fuller be more visible, which sometimes causes confusion. He explained that while waiting for his flight at an airport in Guatemala, a woman asked him how he could get involved with Habitat for Humanity. Fuller's driver told the woman that Fuller was the founder of Habitat for Humanity and the woman replied, "That's not Jimmy Carter."

A common mistake, Fuller said, who founded Habitat in 1976 and knocked on Former President Carter's door to get him involved in 1984. Fuller and Former President Carter are good friends and attend the same church in Georgia.

"This ministry we are all a part of in a demonstration of the Love of Christ. It is a visible sign of His Kingdom," Fuller said.

"The publicity is good," he said, "but sometimes you could never tell that Habitat for Humanity is a Christian-based ministry. They (the media) miss the motivation of what is behind it all."

"We should all love God with all our heart, mind and soul and love our neighbors as much as ourselves. Habitat for Humanity is fulfilling that specific commandment," he said, and more.

"I was a stranger and you invited me in (Matthew 25)," he said. "Habitat work is actually living out that Commandment. Every time a house is built, it is living out that scripture and has a profound impact."

Fuller shared a story of a person from Washington County who, last January, was living in the attic of their home without any insulation. "You have a family right here. Do what Christ commanded. You've taken that person from outside and invited them in."

"So much of the Gospel of Jesus Christ is simple...I was thirsty and you just gave me something to drink....I've got a place for you to live. Come on in. I want to invite you in...not as a gift, as an opportunity." Habitat provides an opportunity that some families would never get. Habitat for Humanity finances homes on God's finance plan, Fuller said, with no interest and built with "sweat equity."

Nationwide, Habitat has invited 200,000 people in from outside; in 1,700 cities, 99 countries and 3,700 locations. Fuller said a new Habitat house is built every 23 minutes, and he hopes to increase that number.

"It needs to increase," he said, referencing the number of people living in substandard housing around in the world. "Millions of them are right here in the richest country" Fuller recently founded The Fuller Center to develop creative ways to expand Habitat's work and get more people involved.

"When you build a Habitat house you don't know

those people. They are strangers. God loves them all...it's an opportunity to be the best you can be. We just need to make it possible to raise them to their highest point. That's why we call this Habitat for Humanity."

Fuller concluded with, "As we take the light out into the community, let it shine."

"There is no way anyone is leaving tonight without being affected," said Dr David Lewis, Board President of Habitat for Humanity in Washington County. "If you ask, you give someone an opportunity to say yes."

Dr. Lewis hopes many people will say "yes" to helping Habitat in Washington County, which is currently completing a condominium project for two families in West Bend. Russ Wanta, Executive Director of Habitat for Humanity of Washington County announced that with the \$13,000 that was raised through the silent auction that evening, Habitat would be able to complete the condominium project.

Dr. Lewis also praised Wanta for his hard work. "Russ is enthusiastic almost to a fault...I have the privilege of hanging onto Russ' ankles so he doesn't go into orbit." Habitat for Humanity of

Washington County is located at 1051 Fond du Lac Avenue in the Stephen Van Ess Dentistry Building in Kewaskum. The can be reached by phone at 262-626-4625 or on the web at www.blitzbuild.com.

Semi vs. van accident at Hwys. 164, Q

On Monday, November 7, at approximately 11:52 a.m. the Washington County Sheriff's Department was notified of an injury accident at the intersection of STH 164 and CTH Q.

Preliminary evidence and witness statements indicate that a semi truck, northbound on STH 164, failed to stop at the stop sign for CTH Q. The semi then struck the driver's side of a westbound cargo van as it pulled away from the stop sign for westbound traffic on CTH Q.

The driver of the van, Daniel Cull, 61, of Waukesha, was severely injured and transported from the scene by Flight for Life to Froedtert Hospital. The van passenger, Brent Johnson, 27 of Waukesha, was transported by Lisbon Rescue to Community Memorial Hospital in Menomonee Falls. He sustained minor injuries.

The semi truck driver, Luther Cooley, 56, of Shubuta, MS, was transported by Richfield Rescue to Community Memorial Hospital as a precaution.

Traffic was restricted on both CTH Q and STH 164 during the treatment of the vic-

tims, and the investigation. The accident remains under investigation by the Washington County Sheriff's Department.

WCREA to meet Nov. 15

On Tuesday, November 15, the Washington County Retired Educators Association (WCREA) is hosting a program titled "What is the condition of our county?"

Retired educators are invited to this free program at Jackson Community Center, one block south of Hwy. 60 on Jackson Drive and turn at school. The center is in the Fire Department Building. The event includes a 9:30 meeting, and at 10:30 the featured speaker is Ken Miller, Washington County Board Chairman. The optional luncheon is at 11:30 a.m. Call June Day at 262-334-4455 if lunch is desired.

WCREA supports the food pantry, Albrecht Free Clinic, annual scholarship presentations and has contributed to Kathy Hospice, The Labyrinth Garden and published a history of Washington County Schools. Members chart multiple hours in community service each year.

The group welcomes retired educators to this informative free program in Jackson.

Volunteer drivers needed for meal program

The Washington County Senior Dining Home Delivered Meal program needs volunteer drivers weekdays in the West Bend, Jackson, Hartford, Slinger and Germantown areas to give approximately 1 1/2 hours to take noon meals to home bound elderly persons.

Anyone willing to deliver meals and have your mileage reimbursed should call the Washington County Office on Aging at 262-335-4497 for more information.

Partners Celebrate 19th Annual Lovelight Tree

Festivities celebrating the 19th annual Lovelight Tree will be held on Monday, December 5, 2005 at St. Joseph's Hospital, 3200 Pleasant Valley Road, West Bend, beginning at 6 pm in the hospital's lobby. Three 5th graders; one each from Alenton, Barton and McLane Elementary schools will be on-hand to help light the tree and read short compositions on the theme; "My greatest Christmas

wish would be..." Attendees will also enjoy free refreshments and caroling to celebrate the holiday season.

A donation of \$5 per light will honor or memorialize someone special with a light on the tree. Donation forms are available at St. Joseph's Hospital, all West Bend Clinic locations, in local newspapers and at www.synergyhealth.org. The public is invited to attend this moving ceremony celebrating the holiday season and those individuals most special to them.

Celebrating 135 years of cheese making in County

To celebrate 135 years of cheese making in Washington County, the Washington County Historical Society is creating a special display on the history of cheese at the Old Courthouse Museum. The display is tentatively scheduled to open in the spring of 2006.

The first cheese factory in Washington County was built in 1871 and the last one closed about ten years ago. The display will cover how cheese was made in the factory and at home, and the impact of the dairy strike, electricity, the truck, and other technologies

on the cheese making industry.

To illustrate the story they need your help in acquiring additional cheese making items and other memorabilia.

The Historical Society is looking for milk cans and bottles, cheese-head hats, curd rakes, a cheese harp and photographs of milk trucks.

They are also looking for any memorabilia or information about Bieri's Cheese Factory, the Orchard Grove's 500 pound cheese, inside Cooley Box Factory and inside a functioning cheese factory.

If you have any of the following items or other cheese making tools and equipment that you are willing to donate or loan please contact the Historical Society's Curator, Dan Smith, at (262) 335-4678.

PROCLAMATION

In the name of
THE PEOPLE OF THE VILLAGE OF KEWASKUM
WISCONSIN

this
PROCLAMATION OF APPRECIATION

is presented to

*** **Richard W. Schmidt** ***

In grateful recognition of your 13 plus years of faithful, efficient and dedicated public service rendered to the Village of Kewaskum, Wisconsin.

The Village of Kewaskum is proud indeed of its elected, appointed and public employees, who have contributed, in no small means to the enhancement of the fair name of the Village of Kewaskum. Successive Village Boards appreciate the job you have done as a member on the Village of Kewaskum Plan Commission for the past 13 years and as a Village Trustee for two terms (4 years). They also have realized the extra effort given by you to the Village for the past 13 years and 4 years. Progress in municipal government is predicated, for the most part, upon loyalty and dedication of the civic leaders and employees and their ability to carry out faithfully and effectively the acts of Village Government.

WE, THEREFORE, on behalf of the Village Board of the Village of Kewaskum, Wisconsin, issue this PROCLAMATION, in appreciation of your efforts and honorable record of service with this Village.

By order of the Village Board of the
Village of Kewaskum, Wisconsin, this
31st day of October 2005.

Kewaskum Chamber to sponsor annual tree decorating contest

The Kewaskum Area Chamber of Commerce will be presenting the 11th annual Village Christmas Tree Decorating Contest in conjunction with the Christmas Parade at 5 p.m. on Sunday, December 4th. The theme for 2005 is Santa's Workshop.

The Chamber will provide an artificial tree and 200 lights for each of the 15 village cement flower pots located throughout the main streets. The 15 youth groups involved in the contest are from six local elementary schools, middle schools, day care facilities, 4-H groups and scout troops.

Cash prizes will be awarded for first, second, third, fourth and fifth places after the 11th

Annual Christmas Parade. The Thrivent Lutheran Association tree lighting ceremony will be held after the parade at the Community Annex Building where all awards will be presented.

Special thanks are extended to Peggy Timm for organizing the computerized information sheets and to the very special group - The Kewaskum 4-H for their assistance in the setting up of the 15 Christmas trees in the flower pots and hanging the boughs and bows on the bridge and gazebo. Thanks also to Kohn's Citgo for the hot chocolate and donuts.

The Chamber Christmas Tree Contest Chairperson, Gwendolyn Dreher, would like

to offer salutations to all the participants in the Christmas tree decorating contest. Also thanks to the contest judges. They are chamber members, Dennis Butz of Smith and Hatch Insurance; Randy Gust of American Family Insurance and Paul Steinmitz and Joanne Hintz of Kettle Moraine Insurance.

The Chamber sincerely hopes that everyone in the community appreciate all the time, work and effort that is given to this project plus the Christmas boughs and bows on the bridges.

Any suggestions and help with the project would be appreciated. The Village needs this enhancement during the upcoming holiday season.

Unique International handcraft sale Nov. 12

Handcrafted products of artisans from around the world will be available at "A Greater Gift" sale on Saturday, November 12th from 10 a.m. to 2 p.m. at New Horizon United Church of Christ, 1332 Scenic Drive in Boltonville.

Cooking with apples at Riveredge

Sign up now for the "Cooking With Apples" workshop at Riveredge Nature Center, which takes place on Monday, November 14. Starting at 5:00 p.m., the first session explores the varieties of apples and different cooking methods. Participants may take part in the cooking, and will have the opportunity to take part in the tasting during the second session, which begins at 7:00. Both sessions cost \$10, and if you prefer, you may come to the second session only for \$6. Call Riveredge to reserve your spot or more information: 262-375-2715 or 800-287-8098.

Wally Marks, an orchardist, will discuss apple heritage, tree-growing, and selection and apple storage methods during the second session. Also, Dave Swanson, the chef/owner of a new restaurant, Braise Restaurant, which is to open in Milwaukee in 2006, will talk about locally-grown foods and meat—a feature of his new business.

Riveredge Nature Center is a not-for-profit organization that provides environmental education programs for children, adults and families of the Greater Milwaukee and surrounding areas, and is located at 4458 W. Hawthorne Drive (Hwy. Y, off Hwy. 33) in Newburg.

"A Greater Gift" is a program of SERRV International, a nonprofit alternative trade and development organization that has been working to spread hope and justice for over 55 years.

The public is invited to view and purchase these unique handcrafts. When you purchase a handcraft or food product from SERRV International you become part of a global partnership for justice and hope. Your purchase brings dignity and needed income to people in the developing regions of the world.

The Blood Knot

By John Galligan

Bleak House Books c.2005 \$23.95

THE BLOOD KNOT

a mystery by John Galligan

Rod makes methamphetamine in his barn out back. Uncle Tater is into illegal poaching. The only Kussmaul who seems even halfway normal is Half-Tim, who's taking EMT training and who stitches up the Dog's leg.

As he's healing inside his ratty Cruise Master, Dog hears several shots that seem to come from the nearby bridge. Thinking that someone has nabbed the rabid beaver, Dog rushes out to the creek.

Instead of a dead beaver, Dog sees a dead woman spinning in the water. Annie the Barn Lady had been bothering the Kussmauls about their barns, and they've been getting mighty peeved. On the bridge with a gun in his hands is ten-year-old Deuce Kussmaul, who says he shot Annie. But Deucey followed Annie around like a puppy. For the big Dog, this just doesn't add up.

I almost put this book down for good, right at the beginning. The first two chapters go off into some weird directions that didn't make any sense until I got a little ways into the book. Once I got past the confusing part, though, I was read right into the story and I ended up liking this satisfying mystery very much. Author John Galligan lures you in with a great stringer of characters, including the wry and bitingly-sarcastic Dog, who's carrying a tackle box full of bad memories; and the Kussmaul brothers, who all seem to be up to something fishy.

If you're an angler or if you love a good whodunit, then look for a copy of "The Blood Knot". It's a book you should definitely not miss.

Did you ever start something that you had looked forward to doing, only to be distracted by something else?

Of course you have. And don't you hate that?

The Dog hates it just as much as the next guy, but in "The Blood Knot", the new mystery by John Galligan, solving a murder is more important than picking a spot to catch a trout. More important, but only slightly so.

It all started with a beaver bite. Well, maybe it did. If you dig back far enough, the beginning of the three-year-long fishing trip started at the end of a marriage. Now the Dog is living in a beat-up Cruise Master, traveling around Wisconsin in search for the best trout-catching spots in the state.

Was the beaver angry at the Dog for disturbing his pond, or was he confusing Dog's leg with a log? Could be either one. Hoping for some first aid (and hoping that the

beaver wasn't rabid), the Dog heads for Avalanche Mercantile, but he only finds more confusion.

Avalanche is practically run by the Kussmaul family, and each of the Kussmaul brothers is stranger than the last. King Midas lives above the Mercantile with his former-Amish wife, Eve, and their son, Deuce, who seems rather fixated on his puppy. King Midas loves to party with local Amish kids, and he sells drugs to them. Uncle Roundy holds illegal cockfights. Salt Box is a tax cheat. Lightning

Kiwanis Students of the Month

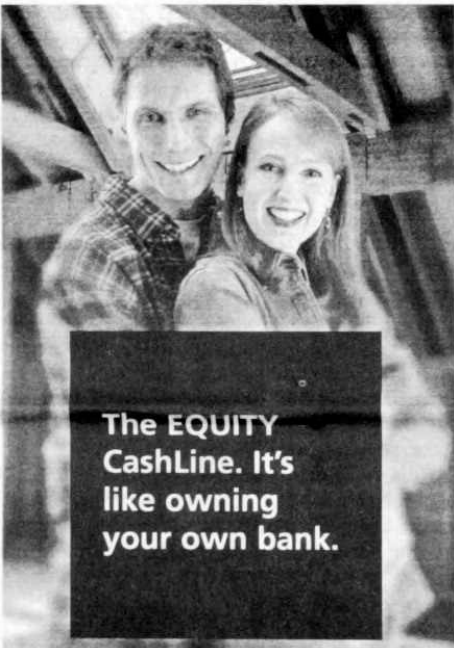

April Lettow

Matthew Rinzel

April Lettow and Matthew Rinzel were recently named Kiwanis Students of the Month for the Month of November. April is the daughter of Debra and Michael Lettow. She is the treasurer of her class, historian of the National Honor Society and the vice president of Student Council. She is an active member of the HOPE club and was the editor of the yearbook last year. April has participated in basketball, volleyball and golf. She especially enjoys softball and was an MVP her sophomore year. After high school April plans to attend UW-Washington County and then transfer to UW-Milwaukee or LaCrosse to study physical therapy. Matthew is the son of Cathy and Joe Rinzel. He is a co-president of the HOPE club and a member of the National Honor Society, FHA and Spanish club. During high school he participated in wrestling and basketball and he played football all four years. Throughout high school, Matt has been on the honor roll and earned the Academic Letter award three times. Outside of school he volunteers at the Catholic Heart Work Camp through his youth group at church. After graduation, Matt plans on attending Marquette to study accounting. Students and their parents were honored at a recent meeting of the Kiwanis Club of Kewaskum.

*MidAmerica's Equity CashLines have a variable rate. The introductory Annual Percentage Rate (APR) is based on an interest rate of 1% below the Prime Rate (current introductory Annual Percentage Rate is 6.09%) for the first 90 days after the account is opened with an initial draw of \$10,000 or more. During the introductory period, there will be no minimum interest rate. If you receive the introductory interest rate, on the 91st day after the account is opened, your rate will be determined as described below. The Annual Percentage Rate is based on the Prime Rate published in the Money Rates section of the Wall Street Journal on the last publishing date of each calendar month. As of 11/01/05, the Annual Percentage Rate on Equity CashLine programs varied between 7.10% to 10.27%. Your rate and corresponding APR may be different than the advertised rate and depend on your approved loan amount, loan-to-value ratio, property type, occupancy and credit qualifications. Rates are subject to change at any time without notice and may be higher or lower than the current advertised rate. During the draw period, the maximum Annual Percentage Rate is 25.34% and the minimum Annual Percentage Rate is 4.95%. During the repayment period, the maximum Annual Percentage Rate is 25.00% and the minimum Annual Percentage Rate is 4.90%. An annual fee of \$50 is charged after the first year. If the line is closed within the first two years of the loan term, an early closure fee of \$350 will apply. During the draw period, payments of interest only will not reduce the loan balance. Appraisal fees apply to properties outside of our lending areas and may apply for properties with two-to-four units. Property, fire and/or flood insurance, if applicable, is required. Please consult with a tax advisor about the deductibility of interest.

KES Students adopt Katrina ravaged school

Kewaskum Elementary School students responded to a nationwide call to help students in the wake of Hurricane Katrina. The creative ef-

fort of KES students rose close to \$1,700 and taught them a life-long lesson on service.

A message posted on Ed.gov asking for disaster relief help for schools got the attention of KES principal Kieth Kriewaldt. Along with help from a parent, Mrs. Lisa Al-

exander, and guidance counselor, Heather Noworatzky, Kriewaldt formed a committee that included one student from each class and grade level.

"We brainstormed on what we could do," said Kriewaldt. The classes were partnered up,

"People are out there willing to do things, they just want to be asked."

Director of Elementary Education
Kewaskum School District

K5, first and third and second and fourth to come up with their own fundraiser. "They would talk to their class about it and also discuss what they could do as a grade level."

Ideas turned direct hurricane relief for Hurricane Katrina students. "They came up with everything from Dimes for Disaster, putting containers out into the community... Another class did a popcorn sale over three or four recesses... There was a toy drive, where students brought in two or three toys from home and sold them for 25 cents, 50 cents or \$1 over an hour or two period... One class held a snack sale and solicited snacks from different vendors, selling at recesses. There was a penny drive... a Read-A-Thon... and a raffle drive."

"Overall, after all of this effort we raised, \$1,651." Kriewaldt said the money would be used to purchase white boards for Woodmere Elementary in Harvey, Louisiana that is actually running two shifts of students. "Essentially it is two schools, about the same size as Kewaskum, running about 800 students a day."

"We've been focusing on service in learning and com-

ing to the aid of others."

"Our kids need to learn how to be more service oriented. They are the millennium children... this is the service generation and we need to focus on how to help them understand how to give and work as groups and as a team to get things accomplished. It's not about me, it's about everybody and that is what we are trying to do."

"It really has to do with seeing the kids and the expressions on their face... watching the 'Wow, I didn't know that my 40 pennies would help with this, or that giving up two recesses would help... That's what this is all about,' Kriewaldt said.

Parents jumped in to help also, Kriewaldt said. "I was really amazed with the parents and how active they became through their kids. We had some kids set up lemonade stands. It was really neat that it gave some parents an opportunity how to get involved. It was nice to see that commitment."

Kriewaldt is proud of the community's response. "People are out there willing to do things, they just want to be asked."

FES students hard at work in garden

Mrs. Jean Robrahn, left and Mrs. Lora Schreiber stand with students who worked on constructing the new Demonstration Garden in the front of the school.

By Amy Swanson
Statesman Correspondent
aswanson@kewaskumstatesman

The seeds of education are planted deep in the roots of the Demonstration Garden at Farmington Elementary School. Teachers, Jean Robrahn and Lora Schreiber are growing knowledge in their 1,000 square foot prairie recreation that welcomes students to school.

"It's very nice," said first-grade teacher Jean Robrahn. "It's a wonderful outdoor classroom for the kids. We can do so much of science, math, reading and writing activities. It is another classroom for the kids to learn about nature in all the different subject areas. They can go out and measure the square footage...there is so much they can learn."

"We are going to use it as an extra resource," Schreiber added. "Eventually doing experiments on germination...differ-

ent kinds of soil... Fifth graders can use it for studying flowers and for plant experiments. We can also use the garden for math and do many activities about writing, as far as creative writing and comparison writing, and art activities with shapes and studying the different patterns in nature." Schreiber teaches fourth grade at Farmington Elementary School.

Robrahn and Schreiber started the Demonstration Garden after taking a class last fall on recreating prairies at the Arboretum at the University of Wisconsin- Madison. Working with Eagle Scout, Alex Waranius they created the design and determined what they wanted planted.

"We planted in spring and then in the fall, we had a parent come out and plow it out a little bit," Robrahn said. We used plants from the Arboretum spring plant sale and also planted some seeds...some came up

Statesman photo: Andrew Kuehl

and some didn't. We also had help from LacLawrann, who gave us plants left over at the end of their plant sale. It was fabulous."

"Alex did a fabulous job too," Robrahn said.

The Demonstration Garden includes plants from the grass group, trees in the rose family, mints, legumes, milkweed and bee balm. "We don't have many things planted in the rose family...we want to attract birds."

"We are still new at this,"

Robrahn said. About seven teachers have helped maintain the garden by pulling weeds and keeping it clean.

Plant donations are always welcome. Robrahn said proceeds from the milk cap sales are designated toward the Demonstration Garden. A Stepping Stone fundraiser is also being planned for this winter. She said they are also looking into writing grants to help the garden grow.

Robrahn and Schreiber, along with Eagle Scout Kevin Jacobi, have also helped rejuvenate the two-mile Tom Larson Nature Trail at the school. Larson served as principal when the nature trail was developed in the 1970s. Over the years, the trail was neglected and became overgrown with poison ivy, making it unusable for kids and teachers to use for education. Robrahn said Jacobi has cleared it out and widened the trail.

"We are trying to get the outdoor environment in education to give kids opportunities to learn out there. We hope in the future other schools in the district can experience it too," Robrahn said.

"The trail is a completely different environment," Schreiber said. "It's forestry. Our trail is covered by trees. And of course, our prairie is a recreation. We are making it more reminiscent of the western part of the state and of the Great Plains. We are exposing kids to different environments."

"We have had the kids involved where they can...they love going out there."

Schreiber said the Demonstration Garden has received tremendous help from the community including the Kewaskum Women's Club and local farmers.

dolences may be found at www.myrhum-patten.com.

Sweet Potato, Apple and Walnut Muffins

1 1/4 cups all-purpose flour
1 1/2 tsp. baking powder
1 tsp. cinnamon
3 tbsps. canola oil
3/4 cup light brown sugar
1 large egg
1 large egg white
1 (15-ounce) can sweet potatoes (yams), drained and mashed or 1 cup of fresh sweet potatoes, boiled and mashed
1/2 cup skim milk
1 3/4 cups chopped, peeled, baking apples
1/2 cup golden raisins
Optional: 1/2 cup chopped walnuts

Preheat oven to 400 degrees. In a bowl, mix together flour, baking powder, and cinnamon; set aside. In another bowl, mix together the oil, brown sugar, egg, egg white, mashed yams, and milk until well mixed. Make a well in the center of the dry ingredients and add yam mixture, stirring until moistened. Do not overmix. Fold in the apples, raisins and walnuts. Spoon batter into paper lined or coated muffin tins, filling about three-fourths full. Bake for 20 to 25 minutes or until done.

Tamaz receives board certification in family practice

Dr. Chad Tamez

Chad Tamez, MD, Family Practitioner with SynergyHealth West Bend Clinic recently earned Board Certification from the American Board of Family Practice.

The American Board of Family Practice is a member of the American Board of Medical Specialties (ABMS). ABMS consists of 24 approved medical specialty boards that establish educational and practice standards for physicians.

Achieving board certification signifies a standard of excellence in knowledge and

practice by a physician. Certification involves the successful completion of an approved training program, oral and written exams, an assessment of experience and qualifications, maintenance of skills between exams and the capability to provide quality health care to patients.

Some specialty boards of the ABMS issue certificates valid for 6-10 years and then require a physician to complete an evaluation/exam process to gain re-certification.

Dr. Tamez, a West Bend native, joined SynergyHealth

West Bend Clinic in August. His special interests include sports medicine and treating a range of conditions.

Information on West Bend Clinic physicians and their board certification status is available at www.synergyhealth.org. A listing of physicians board certified by the ABMS is available at www.abms.org.

SynergyHealth (www.synergyhealth.org) is a regional health system serving the greater Washington County community. St. Joseph's Hospital, West Bend Clinic, and

SynergyHealth Foundation are members of SynergyHealth. West Bend Clinic, a primary care and multi-specialty group with over 50 physicians, has multiple clinic locations in Washington County (West Bend, Hartford, Jackson, and Kewaskum), and includes the West Bend Surgery Center, SynergyHealth Eye Center in Jackson and SynergyHealth Rehabilitation Center in West Bend.

NOTICE OF RECALL ELECTION SCHOOL DISTRICT OF KEWASKUM December 13, 2005

NOTICE IS HEREBY GIVEN, that a special recall election of a school board member will be held in the School District of Kewaskum on Tuesday, December 13, 2005. The incumbent for this office is Neal Weare. The term of office for this candidate will be the remainder of a three-year term ending in April 2007.

NOTICE IS FURTHER GIVEN, that a Campaign Registration Statement and a Declaration of Candidacy must be filed no later than 5:00 p.m., on Tuesday, November 15, 2005, in the office of the school district clerk.

NOTICE IS FURTHER GIVEN, that if a primary is necessary, the primary will be held on Tuesday, December 13, 2005.

Jean Goeden, District Clerk

TYPE E NOTICE - VOTING BY ABSENTEE BALLOT

Any qualified elector who is unable or unwilling to appear at the polling place on election day may request to vote an absentee ballot. A qualified elector is any U. S. citizen, who will be 18 years of age or older on election day, who has resided in the ward or municipality where he or she wishes to vote for at least 10 days before the election. If voter registration is required, the elector must also be registered.

TO OBTAIN AN ABSENTEE BALLOT YOU MUST MAKE A REQUEST IN WRITING.

Contact your municipal clerk and request that an application for an absentee ballot be sent to you for the election. You may also request an absentee ballot by letter. Your written request must list your voting address within the municipality where you wish to vote, the address where the absentee ballot should be sent, if different, and your signature.

Special absentee voting application provisions apply to electors who are indefinitely confined to home or care facility, in the military, hospitalized, or serving as a sequestered juror. If this applies to you, contact the municipal clerk.

You can also personally go to the clerk's office, complete a written application, and vote an absentee ballot.

Village Board Meeting
October 17, 2005
8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President Mathew A. Heiser presided. Trustee Harry Roecker asked to be excused and was absent. All other Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee Kevin Scheunemann, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote, approved the minutes of October 3, 2005 amended and printed.

Mr. Rick Kozak was unable to attend, no discussion was held on the TID, Business PUD.

Fire Chief Mark Groeschel submitted a letter from the Fire Department acknowledging the dissolving of the Kewaskum Fire Company. On a motion by Trustee Kevin Scheunemann, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote the Board accepted the Kewaskum Fire Company letter, placing on file and forwarding a copy to the Wisconsin Secretary of State.

Police Chief Richard Knoebel presented the September 2005 report:

Criminal arrests	19
Criminal investigations	28
Traffic warning	85
Traffic citations	43
Adult arrests	29
Juvenile arrests	14
Property stolen	\$1,135
Property recovered	-0-
Parking warnings	9
Parking tags	23

Director of Public Works, Jerry Gilles reported on the following:

1) Reported on the status of the park closing for the season.
2) Reported that leaf collection is still slow.

3) Reported that the Village will receive \$30,000 from the LRIP for Pleasantwood Drive for 2006.

Administrator Daniel S. Schmidt reviewed the following with the Board:

1) Review of League and Taxpayer Bulletins.
2) Review building permit report for period ending September 2005.

3) Announcement of a Special Meeting scheduled for Tuesday, October 18, 2005 at 8:00 p.m.

4) Announcement of the Public Service Commission's Public Hearing scheduled for October 31, 2005 at 10:30 a.m. on the Village of Kewaskum Water utility rate adjustment.

Board Representative for the Plan Commission, Trustee Andy Pesch reported on the following:

1) Announcement of a Special Meeting scheduled for Tuesday, October 18, 2005 at 7:00 p.m.

2) Announcement of a Plan Commission Meeting scheduled for Tuesday, October 25, 2005.

Board Representative for the Library Board, President Mathew Heiser reported on the Library Meeting held October 10, 2005. It was reported circulation for the month of September was up by 13.5% or 3526 as well new card sign being 25% up from 2004.

Trustee Andy Pesch, the Board Representative to Mid Moraine Municipal Association Legislative Committee, reported he changed jobs and can no longer represent the Village on this Committee. It was further noted President Mathew Heiser was recent-

ly asked to serve as Chairman of this Committee so it would make sense for him to serve as the Village Representative. On a motion by Trustee Kevin Scheunemann, seconded by Trustee Andy Pesch and unanimously carried by voice vote the Board authorized President Mathew Heiser to serve as the Representative to the Mid Moraine Municipal Association Legislative Committee.

Action was taken on Ordinance No. 2005-10 An Amendment To Ordinance TO Dissolve The Kewaskum Fire Company and Create The Kewaskum Fire Department For The Village Of Kewaskum, Wisconsin as attached hereto:

Administrator Daniel S. Schmidt reviewed the Fire Department budget and answered questions regarding the different items. The dollar amount increased as to the shared total by \$67,278 or 31.8%. The increase was basically caused by the placement of a full-time Fire Chief in the budget for 2006 (\$68,546) and an increase in the PSC water usage charge, increasing by \$20,000. The number of fire calls within the townships decreased and the values of all three jurisdictions increased. The dollars as divided by formula were reviewed. On a motion by Trustee Kevin Scheunemann, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote the Board authorized the sending out of the proposed budget for 2006 and fire contracts to the Town of Kewaskum and Town of Auburn.

On a motion by Trustee Kevin Scheunemann, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote, the Board approved the Job Description for the Full Time Fire Chief as prepared with an amendment adding a residency requirement for within the fire service area.

On a motion by Trustee Kevin Scheunemann, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote, the Board authorized the advertising for a Full Time Fire Chief as prepared with an amendment adding a residency requirement for within the fire service area.

Administrator Daniel Schmidt reviewed the proposed Debt Service Budget for 2006 indicating it was down by \$2,952.00 or 1.6% and the Municipal Building Budget for 2006 indicating it was up by \$1,312.00 or 2.7%.

Administrator Daniel Schmidt reviewed a number of budget related items including estimated cost increases and those related dollars and then anticipated revenue increases. It was noted revenues will be short and adjustments will need to be made.

The Petition for Annexation of the land on both the sides of CTH "H" was discussed as to being received on October 4, 2005 starting the time schedule for the annexation process. On a motion by Trustee Kevin Scheunemann, seconded by Trustee Steve Scheunemann and unanimously carried by voice vote the Board acknowledged receipt of the Petition for Annexation for the Regal Ware and Prost land and to send it to the Village Engineers and Village Attorney for review.

A proposed increase in the pipe bursting contract was reviewed due to lack of supplies etc. The increase is projected to equal \$11,250.00 but at the same time because of the timing of this project we can anticipate two reductions in contracts one of \$7,200.00 and the other of \$9,660.00 for an overall cost saving of \$5,610.00. On a motion by Trustee Thomas Piwoni, seconded by Trustee Steve Scheunemann and carried by the majority voice vote, the Board approved the increase in the pipe bursting contract for \$11,250.00. Trustee Derek Peterson voted "Nay".

On a motion by Trustee Kevin Scheunemann, seconded by Trustee Thomas Piwoni and carried by the

majority roll call vote, to adjourn to closed session under Chapter 19.85(1)(c) of the Statutes to discuss employee performance data and evaluation for Village employees over which the governmental body has jurisdiction. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent". Trustee Harry Roecker absent.

Special Village Board Meeting October 18, 2005 8:08 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Special Session in the Council Room of the Municipal Building, 204 First Street.

President Mathew A. Heiser presided. Trustee Harry Roecker and Trustee Derek Peterson asked to be excused and were absent. All other Trustee Members were present. A quorum was present. The Plan Commission Members were invited to stay for the Board meeting, which all of them did. Also in attendance were Village Engineer Ken Ward, Village Attorney Gerald Kiefer, Village Zoning Administrator Gordon Hoffmann, Director of Public Works Jerry Gilles, and Gary Gavin. The audience contained several residents from the Old Glory Heights Subdivision.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

President Mathew Heiser asked the Village Engineer Ken Ward to bring the Village Board and audience up to speed as to where we are regarding the concept plans for the Regal Ware land. It was indicated everyone was in attendance at the Plan Commission Meeting of October 18, 2005.

(excerpt of Plan Commission Meeting Minutes of 10/18/05)

The Village Board's action of October 3, 2005 was stated as follows: The action by the Board was to have a 5th concept plan prepared moving the road to the west 500/600 feet, having it then reviewed by the Washington County Highway Department. The County Highway Department was asked to submit a letter providing their comments; then to bring the matter back to the Plan Commission for review as to plan 5 or any other and comments from the County. Ken Ward reviewed the 5th plan, the County letter of recommendation, the engineer's view point and recommendation. The topic of the Plan Commission and/or Village Board violating their own ordinances was discussed and commented on by Village Attorney Gerald Kiefer. The Plan Commission and Village Board were advised they should not be violating their own ordinances, but if necessary should consider the ramifications of amending the ordinances prior to action. It was noted Gordon Hoffmann, the Village Zoning Administrator commented that plan four appeared to be the safest and most direct plan that meet good engineering and Department of Transportation practices and County and Village ordinances. It was also noted the Certified Surveys all reflect the 40 foot dedication for Kettle View Drive. The residents of Old Glory again pleaded their case wanting the road moved further to the west. It was stated even if the road were to be moved no homes would be able to expect any benefit. Also if the road would be moved more trees would be destroyed. Frank Beesten indicated that he felt fencing the backyard or berming would be a possibility.

Ken Ward recommended and indicated that plan four, with the additional 40 feet of ROW and the 66-foot road being located and the westerly side of

the 80 feet of ROW, would leave an area for a future bike path of 8 feet and an area for a berm, extra buffer of trees and/or shrubs.

(conclusion of Plan Commission excerpts)

Trustee Kevin Scheunemann noted the Village Board did not have a lot of alternatives regarding the placement of Kettle View Drive. Some of the audience members again reiterated their case regarding the moving of the road. Some in attendance also spoke in favor of the placement of the road and the fact said ROW was already dedicated for such purposes and all property owners were aware of that.

The Village Engineer and Attorney answered additional questions. It was stated more trees would be lost if the 5th plan is used. President Mathew Heiser informed all present that the Village Board should listen to the advice of the Village Engineer, Attorney and Zoning Administrator. The reply from the Washington County Highway Department should also be considered. It was further noted the developer has been quite accommodating throughout the process.

On a motion by Trustee Thomas Piwoni, seconded by Trustee Andy Pesch and unanimously carried by voice vote the Board recommended obtaining the additional 40 feet of ROW from the developer (Gary Gavin) and then to locate the road as far to the west as possible leaving additional space for the possibility of a berm, trees and/or shrubs to the east side and some land reservation for a possible future bike path. Also at the location of the proposed 10-acre parkland the road continue in a northwesterly direction with a 66-foot ROW to the Volm property as previously recommended by the Plan Commission.

On a motion by Trustee Kevin Scheunemann, seconded by Trustee Thomas Piwoni and carried by the majority roll call vote, the Commission adjourned the meeting. Roll call vote was 5 "Aye" 0 "Nay" 2 "Absent".

NOTICE OF PUBLIC HEARING

Kewaskum Sanitary Sewer Service Area Amendment

A public hearing will be held on November 21, 2005, at 8:00 p.m. at the Kewaskum Village Hall located at 204 First Street, Kewaskum, Wisconsin, for the purpose of receiving public comment on, and reaction to, a proposed amendment to the sanitary sewer service area for the Kewaskum area. This public hearing is being sponsored by the Village of Kewaskum and the Southeastern Wisconsin Regional Planning Commission (SEWRPC). A draft report describing the proposed sanitary sewer service area, including a map of the area, is on file at the offices of the Village and SEWRPC. The sewer service area amendment, which involves the proposed addition of about 80 acres of land located north of CTH H and west of the Village, will be explained at the public hearing.

Following the public hearing, the Village and SEWRPC will determine whether any changes should be made to the sewer service area as presented at the hearing. The Village and SEWRPC will then formally adopt the report and forward it to the Wisconsin Department of Natural Resources for use by that Department in reviewing and approving sanitary sewer extensions in accordance with the provisions of Chapter 283 of the Wisconsin Statutes.

Interested citizens are encouraged to attend the public hearing. Further information about this matter may be obtained by contacting the Village of Kewaskum or the offices of SEWRPC at W239 N 1812 Rockwood Drive, PO Box 1607, Waukesha, Wisconsin 53187-1607.

DeGroot, Schroeder top EWC team; Dehler named to second

Christina DeGroot jump serves during one of the team's last games.

BY JUDY HARLOW
Jharlow@kewaskumstatesman.com

With the best volleyball team in the Eastern Wisconsin, Kewaskum just had to clean up in the EWC all-conference balloting that took place recently.

The Lady Indians were well rewarded for their 13-1 season, which earned them a third straight EWC title, even with a new coach.

Christina DeGroot was selected by the coaches as the Player of the Year, and her main competition in the voting, according to coach Renee Butschlick, was her teammate, senior setter Katie Schroeder, who was also elected to the first team.

"Player of the Year is the first person (top vote getter) in the conference ... Christina and Katie were right on top," Butschlick said proudly, indicating, "Christina really deserved to be the Player of the Year. After I moved her from middle hitter, I was very excited she received Player of the Year. She worked

very hard this year at becoming an effective middle hitter for us."

Looking at her numbers for the year, it is obvious why DeGroot stood out, even though she is only a sophomore and only stands 5-feet-7.

For the year, she had 552 hitting attempts, with 208 kills and 76 errors.

DeGroot was also one of the most effective servers in the EWC and the area. She had 361 serving attempts, with a sizzling 75 aces and just 35 errors.

DeGroot's jump serve was a big point-getter for the Indians this fall, and Butschlick is certain it will be more of an offensive weapon next season.

"She's the only one in our conference who is a consistent jump-server," Butschlick said, certain with another year of club volleyball, she will be that much more effective in 2006.

What helps DeGroot is her tremendous ability to jump. "Christina has a tremendous vertical (jump)," Butschlick.

Schroeder, the one senior on the KHS varsity, was the igniter of the offense from her netting position. For the year, Schroeder was credited with 660 assists, and she only committed 13 errors, according to Schroeder, who served 349 times, with 33 aces and just 15 errors.

Schroeder also had the opportunity to hit the ball and came up with 33 kills in 87 tries, and committed just three errors.

While DeGroot and Schroeder were at the top of the balloting, neither of these two Indians was a unanimous pick.

There were just three teams in the conference with winning records this fall — Kewaskum at 13-1 (it's only loss was to Plymouth), Plymouth and Campbellsport, tied for second place at 11-3. Then came Two Rivers, Kiel and New Holstein all at 5-9 and tied for the fourth spot. Sheboygan Falls finished seventh at 4-10, while Roncalli's 2-12 put the Jets in the cellar.

Others on the first team included: Sam Beyer of Two Rivers, Kira Grebel and Alicia West, both of Plymouth, Jenny Pauly of New Holstein, and back row

Long Lake Fishing Club announces board members

The Long Lake Fishing Club Inc. recently introduced current board members at its 2005 Annual Fall Dinner at Hon-E-Kor Country Club in Kewaskum. Board members are, front row, left to right: John Hrovat, Gladys Larsen, Scott Sandor, Menomonee Falls and Don Timpel, Long Lake with Dusty the dog. Row two: George Tomka, Long Lake; Tom Flasch, West Bend; Don Enders, Fond du Lac; Mike Samens, Long Lake; Diane Bruendl, West Bend; Dick Edwards, Long Lake; President Chuck Benson, Long Lake; Treasurer Lori Sandor, Menomonee Falls; Neta Hudson, Milwaukee and vice president John Koerble, Long Lake.

specialist, Alyssa McGray of Campbellsport.

Marissa Dehler, Kewaskum's fine all-around player, made the second unit. Dehler is a 5-8 junior and was a very versatile player for the Indians all season. Like DeGroot, Dehler is an excellent jumper and a fine server.

Bry Timblin, who transferred from Kewaskum to Campbellsport this year, also was named to the second team.

No individual statistics were available from the EWC.

Cain's big catch in fourth quarter helps Indians move to semifinals

If there was an award for intercepting the most passes for Kewaskum High this season, senior Zach Wollner would be the top candidate. Wollner (11) picked off another aerial on Saturday, snuffing out any hopes of a Pewaukee comeback in the final seconds of the Division 3 playoff game at Kewaskum. Wollner returned the interception 23 yards.

BY JUDY HARLOW
Statesman Correspondent
jharlow@kewaskumstatesman.com

Eric Cain had no problem sharing the wingback spot with Eric Ogi this fall.

The sure-handed Cain was ready to do anything he could to help the Kewaskum High football team win, and last Saturday he came up with the touchdown catch that propelled the Indians into a Division 3 semifinal game.

With the game tied at 7-7 against Parkland Conference champion Pewaukee (10-2), Kewaskum was moving the ball in the fourth quarter and had the ball on the Pirate 8-yard line.

Quarterback Chad Piwoni took a short drop, looked down the field and found Cain who gathered in the ball and went into the end zone for what proved to be the winning TD in boosting the Indians' record to 12-0. The final score was 14-7.

Cain, who also scored a touchdown in the win over Kiel, said this was obviously the biggest TD pass on his resume. "Oh yeah, I would say so," Cain said Sunday, recalling, "I just made a little slant route. I was on the

left side, and did it (ran) over the middle. I got hit at the two (yard line) and I got it in the end zone."

While he gave the play a successful ending, Cain praised Piwoni for putting the ball right where it had to be. "It was a perfect pass," he said, indicating he was mobbed by his teammates. "A lot of teammates came up and started hugging me and stuff."

KHS Coach Jason Piittmann was certainly glad to get the score, which came with 4:06 remaining and capped a drive of approximately 65 yards.

"The big thing was we just mixed it up a lot," Piittmann said, reporting his team gobbled up some yardage on a pass, then moved forward with a trap play before going to the 1 and the Power-I, which seemed to "have Pewaukee on their heels."

Also, "They had a face mask penalty which was big ... it came on a tackle on Chad," Piittmann said.

Kewaskum's other drive was a well-executed two-minute drill in the second quarter. The Indians had forced the Pirates to punt and took over on their own 35-yard line.

their arsenal of weapons.

Klomstad had some success over Ogi, who stands 5-9. Near the end of the game, Piittmann had Donath and Ogi switch spots, and that worked better and was successful in keeping the Pirates from tying the game in the final minutes.

"We needed just one more first down to kill the clock ... they were out of time-outs," Piittmann said. Then Piwoni, battling for the final yard needed, fumbled and Pewaukee recovered at about the 50.

The Pirates completed a couple passes, then QB Andy Bremberger went to Klomstad, who was being covered perfectly by Donath. The ball was "kind of laying on Garrett's leg, and (Zach) snatched it up before it hit the ground," Piittmann said.

That interception, plus the 23-yard return, clinched the victory.

"Wollner had another big game for us. He was all over the field," Piittmann said, reporting the senior defender had 11 tackles and the pick. Olla also added an interception, while linebacker Mike Pfothenauer contributed eight tackles to the effort.

The KHS coach praised senior linebacker Josh Kelly. "He made a couple of big plays," including a key knockdown on a screen attempt over the middle.

Also cited were Jake Turowski for three tackles and a quarterback sack, Mitch Paulus for knocking down a couple passes and Logan Staeger for a sack.

Turowski also recovered one of Kewaskum's fumbles and one by the Pirates.

Donath led KHS in rushing with 98 yards in 22 carries, while Piwoni was 7x13 in passing for 96 yards. Ogi's two catches were good for 45 yards, and Parrent caught two balls for 25 yards.

Junior running back Dan Shea chipped in with 29 yards in six carries. For more speed, Piittmann went to a split backfield, including Shea. "that was a nice move we made," Piittmann said.,

indicating Shea also helped with his blocking, but it's still been difficult to replace the team's starting fullback, Ross Stockhausen, who had surgery on his leg after the win over Slinger.

Pewaukee's fine runner, Jon Singer rushed for 90 yards in 22 attempts.

Pewaukee was whistled for 11 penalties for 90 yards, while Kewaskum had two for 10 yards.

Next up for the Indians is Wisconsin Lutheran (11-1), a 55-30 winner over Greendale Saturday. "We definitely have our work cut out for us," Piittmann said. "They're tougher than heck. They have been rated No. 1 all year."

Cain is confident the Indians will do well. "I think we have a good chance," he said, indicating his senior season has been "awesome. It couldn't be better."

The Kewaskum High girls tennis team struggled to win any dual meets this fall, but many of the Lady Indians learned what it takes to play the sport at the varsity level, and they improved going up against the tough competition in the Eastern Wisconsin Conference. Team members included: front row — (from left to right) Allie Kowalczyk, Ashley Corey; Row 2 — Karissa Dums, Darcy Dickman, Kerrie Winter, Ashley Feucht; and Row 3 — Katie Gaynor, Jade Thelen, Kelsey Goetsch, Lauren Hughes and Marie Terlinden. Only Feucht was a senior, so the team is expected to be much more competitive in 2006.

Annexation petition filed for 150 acres

By ROBERTA BAUMANN
TRIBUNE REPORTER

A petition has been filed to annex about 150 acres from the Town of Westport into the Village of Waunakee.

Westport administrator, attorney and clerk-treasurer Tom Wilson reported to the town board Monday that the Pulvermacher family, who owns 139 acres in the western part of the town, has filed the petition. Three residences sit on the 150 or so acres bordered by Hellenbrand and Kopp roads.

The Pulvermachers are working with Don and Joanne Tierney, who have written to the village seeking to develop the 139 acres.

Wilson said the area is part of a long-term boundary agreement. Westport is unable to provide municipal water or sewer services to the site.

vide municipal water or sewer services to the site.

"It's in an area where we agreed not to contest any annexation," Wilson said.

The Tierneys recently wrote to village officials seeking to develop a detached single-family residential development, similar to the Southbridge subdivision, along with condominium units similar to those in Savannah Village.

That letter, along with a query from the Endres family about annexing the farm and quarry just west of Schumacher Road, prompted the Waunakee Village board to meet with the Waunakee Plan Commission.

Tuesday after press time, village board members and plan

Board approves fees for new Village Center

Budget OKed for 2006

You'll be able to work on your fitness program at the new Waunakee Village Center, but now you can figure out how much it will cost you.

The Waunakee Village Board Monday approved fees for the community center's FIT Pass and rentals for the various rooms there.

The Village Center is scheduled for completion early next year.

Room rental at the center will be based on the size of the room, whether the reservation is for weekdays or weekends and whether the user is a Waunakee resident.

Waunakee resident users can rent small rooms for \$30-\$50 during weekdays or \$50-\$75 during weekends. Large rooms are available for residents for \$100 during weekdays and \$400 during weekends.

Non-residents can rent small rooms for \$40-\$65 on weekdays or \$65-\$100 on weekends. Large rooms are available to non-residents for \$130 during weekdays or \$520 during weekends.

No room rental fees will be charged to groups approved by the Village Center Advisory Committee - groups in which at least half the members are Waunakee residents.

Gym rental will be available to

Local man inducted in Aviation Hall of Fame

By ROBERTA BAUMANN
TRIBUNE REPORTER

Duane Esse is now immortalized.

Since he was inducted into the Wisconsin Aviation Hall of Fame, his likeness is featured on a plaque describing his contributions to aviation education for the past 40 or so years.

"It's a prestigious award. It's deep honor," the Waunakee man said.

Esse began his career in education and aviation as a middle school teacher in Onalaska in 1962. He used aviation to teach science, geography and geology to his students and later developed a high school aviation course.

In 1971, he worked at the State Bureau of Aviation as the chief of safety, where he developed evening and weekend programs for pilots flying ultra light and jet air craft. Over his many years, he developed 550 different kinds of programs benefitting those in the medical and meteorological fields.

For 30 years, he led the

Wisconsin Aerospace Education Committee.

Esse also developed the Aviation Career Education Program to encourage and train minority high school students for aviation.

That program was set in Milwaukee, and Esse arranged to

Visit to WWII battlefield revives memories for Waunakee veteran

By ROBERTA BAUMANN
TRIBUNE REPORTER

While Nov. 11 is set aside to honor United States veterans, Tracy and Doug Stamm have always revered their father's service in World War II.

As a young man, Wayne Stamm was one of the first United States soldiers to cross southern Germany in 1945.

"We were pinned down," Stamm remembers.

Now a Westport resident, Stamm was part of the U.S. Army's 253rd Infantry Regiment 63rd Division F Company.

When his unit landed at Bucchof-Stein, he and his fellow soldiers were greeted by the Nazi SS Panzer Division. Under machine gun fire, the F Company was held down for a time. Then their platoon sergeant's maneuvers saved them.

Sgt. John Crews stormed the

flank of the machine gun at point blank range with his M-1 rifle and wrestled the gun from the hands of the German whom he had already wounded.

"He loosened it up so we could move," Stamm said. "We were in a grinder."

According to a Web site on 253rd Infantry's many honors, Crews silenced the opposition with his accurate rifle fire.

"His actions so unnerved the remaining enemy soldiers that seven of them surrendered and others fled," the description of Crews' actions notes.

Crews' bravery earned him a Medal of Honor, the nation's highest military honor given by Congress.

In September, 60 years after the war, Stamm revisited the village of Bucchof, Germany, where his unit was under siege, with his

have students transported to the airport where they worked.

Esse said the industry was receptive to it, with major airlines employing students.

Esse has also received the FAA's National Educator Award, the Distinguished Service Award of the National Association of State Aviation Officials and EAA's National Aviation Educator of the Year Award.

He continues to fly and build airplanes and restores cars.

Esse currently does volunteer work with Waunakee High School physics students, teaching them the physics involved in building airplanes.

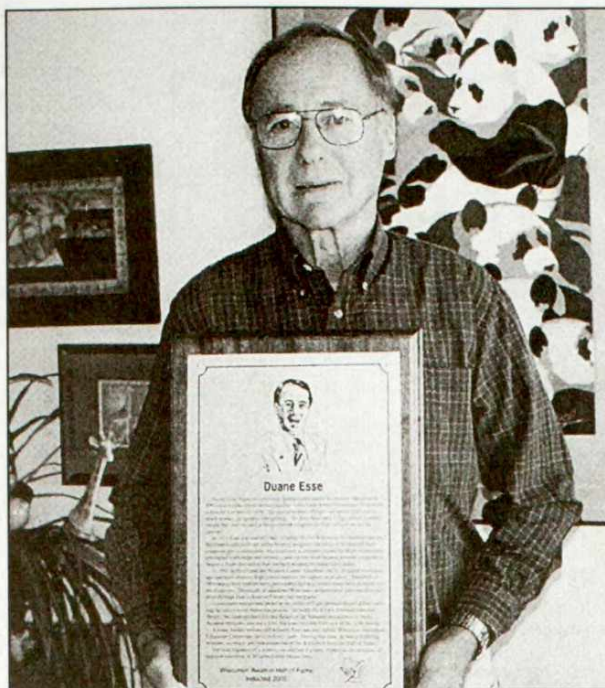

Esse also volunteers with the Young Eagles Flight program, taking young people for airplane rides to inspire their enthusiasm for flight.

"It's fun to see their reaction," he said.

He recently took a neighbor's child flying.

"From the time she took off to just a little way west of Waunakee, she kept saying thank you," Esse said. "She shot a whole roll of film."

Esse's plaque now hangs with other Hall of Famers at the EAA AirVenture Museum in Oshkosh.

FFA Alumni support Waunakee ag education

By ROBERTA BAUMANN
TRIBUNE REPORTER

Fifteen years ago, when agriculture education began losing ground at Waunakee Community High School, several parents came to the rescue.

"The rumor was the ag classrooms were being cleared out to be used for something more geared toward college preparatory courses," said Shirley Ziegler.

With the ag program and FFA stereotyped as being only for farmers, the parents rallied and formed FFA Alumni to inform the educational community about the importance of agriculture instruction for a wide variety of professional fields.

A core group of parents sent letters and made phone calls to other parents and then had their first meeting in August 1990. At that point, Waunakee's FFA Alumni formed with seven members on the board of directors.

Fred and Shirley Ziegler, Cyril Statz, Gerald Koster, Dave and Pat Endres and Ray Kuehl served as the first board of directors, and as they mark the 15-year milestone, some of them continue to serve group.

The FFA Alumni formed to provide support for the high school FFA program and to encourage more agriculture education. Representatives from Milton's FFA Alumni visited Waunakee and provided information on forming the association.

"They suggested we get donations from local businesses so we could send the school board members and counselors to the Kansas City (FFA) Convention," Shirley Ziegler said.

The alumni also attended school board meetings to inform the members of the importance of the curriculum in many career fields.

Today, biotechnology is a booming industry.

"There are so many jobs," said Marilyn Meffert, another alumni member.

"It's related to DNR work," Fred Ziegler said. "It's good to have an ag background."

The members pointed out to the school board that local business owners in Waunakee

depend on people working in agriculture.

Local farmers in Waunakee also wanted to see the high school's ag program continue, said Cyril Statz.

For years, the alumni association held auctions to raise funds for the FFA.

With those funds, they helped support the FFA and the high school agriculture programs.

The alumni association also sent grade school teachers to summer instruction and promoted FFA week.

In 1992, the group hosted career day in cooperation with the Wisconsin Agribusiness Council.

When the FFA Alumni formed in 1990, the instructional staff was only part time. Today, one full-time staff member, Rhonda Knapp, and a half-time staff member, Nick Brattlie, teach.

Eight different agriculture-related courses are offered, and the school has two agriculture classrooms, a lab and a greenhouse, along with a plot of land on the west portion of Woodland Drive that students and FFA members and alumni plant and harvest.

The 150 agriculture students include 75 FFA members.

"We were so gung-ho 15 years ago, we even went to the conventions," said Barb Statz.

The local association hosted a convention in Madison years ago and ran the state raffle.

"It's a fun group," said Marilyn Meffert. "It didn't seem like work."

The Waunakee alumni association totals more than 30 members - a small group compared to the stronger FFA Alumni organizations in Milton and Denmark. The Milton association built a large greenhouse in their community.

Today, Waunakee's FFA Alumni members hope new members will join, said Jack Meffert.

A few have passed away. "We're getting to be old farts," joked Shirley Ziegler.

"If we don't get younger alumni, it's going to be hard to keep going," Jack Meffert said.

The association meets once a month September through April, the first Thursday at Rex's

Innkeeper.

The members plan events to raise funds for educational activities. Membership is \$16 per year or \$275 for a lifetime.

The activities and events include: a career day for eighth graders; sponsoring students for the National FFA Convention; providing three scholarships for graduating seniors; sponsoring students for the FFA Washington, D.C., conference; sponsoring the Young Farmer Award; purchasing cattle at the Dane County Meat and Animal Sale; co-sponsoring the toy tractor show; helping with the FFA food stand at the Waunafest parade; farm auction food stands; milk promotions at area restaurants during National FFA Week; reimbursing fourth grade teachers for agriculture education classes; a holiday potluck and party; salt and sand barrels for Waunakee; guest speakers at meetings; purchasing computers for the agriculture department; purchasing jackets and ties for FFA Members; and hosting a lunch stand at the Carl F. Statz's open house.

The FFA alumni say they would love to see involvement by other alumni and parents of current FFA students.

Now celebrating its 15th year, the association strengthened a program that prepares Waunakee's youth for a variety of careers.

N. Mendota parkway panel sets meeting for Nov. 10

A committee formed to oversee the implementation of the North Mendota Parkway will meet at 4:30 p.m. Nov. 10 at the Town of Westport Administration Building.

The meeting agenda includes the election of officers and a review of an intergovernmental agreement. There is also time for public comment.

International firm opens office here

A technology consulting firm, Oxford Global Resources, opened its newest office in the Waunakee Business Park Oct. 31.

The company has hired 25 new employees from the Madison area and plans to expand the staff to more than 50 in 2006.

"After careful consideration of other locations in the Upper Midwest, we chose to locate in the Madison area based on a number of factors, including its proximity to the University of Wisconsin, highly educated and dedicated labor force, and the

quality of life the area affords our employees," said Oxford's President and Chief Operating Officer, Michael J. McGowan.

The office gives the company a foothold in the Upper Midwest, he added, and significantly advances the goal of establishing Oxford's presence in all key geographic areas of the United States.

In addition to their Waunakee location, Oxford has offices in the Boston, Springfield, Mass., Tampa, West Palm Beach, Dallas, Chicago, Cleveland, Seattle, San Francisco and Phoenix areas, as

well as in Cork, Ireland, and London, England.

Oxford Global Resources is a talent-driven consulting firm providing individual consultants, project teams, and strategic outsourcing services in Information Technology; software and hardware engineering; and mechanical, electrical, validation and telecommunications engineering. Founded in 1984, Oxford serves clients through an integrated network of more than 20 offices in North America and Europe.

Community invited to visit schools

American Education Week runs Nov. 13-19 with the theme of "A Strong America Starts with Great Public Schools."

This highlights the importance of bringing teachers, school staff, parents, students and communities together in a united effort to build great schools.

Waunakee school staff encourage parents and all interested

community residents to visit schools and build civic and community pride and support for education.

The Intermediate School students and staff would like to invite area business leaders to join them for lunch and a tour of the building.

Anyone who is part of Waunakee's business community

who would like to visit the Intermediate School can call 849-2176.

commissioners were scheduled to meet to begin re-examining the village's growth policy of allowing an average of 125 new homes per year. They also began to re-evaluate the village's master plan.

John Van Dinter, Westport town chairman, noted that property owners who annex from the town to the village will see their taxes increase once their properties are in Waunakee.

In other business, Supervisor Brad Robinson reported to the board that the new Cable Television Technical committee had met and is looking into obtaining its own cable television channel.

The town has long wanted to have Waunakee school board meetings available to Westport cable television subscribers. Currently, Westport and

Waunakee are served by separate systems, and Charter has been unable to offer Westport residents the Waunakee channel.

The committee believes it could broadcast the school board meetings over the Westport channel.

"We hope that Charter will put the channel in," Robinson said. "It's in our franchise agreement."

two sons and his brother.

The visit brought back many memories and allowed his family to understand and appreciate his experiences and contributions to Germany's present day peace.

"I talk to another friend who was there - he had a loss of memory also," Stamm said. "Some things you forget on purpose. Some things you don't remember."

Wayne's son, Doug Stamm, has always had an interest in history. His father rarely discussed his experiences in World War II, Doug said.

"He was part of a generation who shaped the history of the world," Doug said. "We wanted to see where our father fought in combat."

So, they embarked on a 10-day family trip to Europe.

"I had mixed feelings," Wayne said. "I wanted to do it, but I didn't want to bring back some of the things."

The Stamms discovered what was once a place of destruction and death is now a peaceful, bucolic village.

In 1945, Wayne was "terrorized" as a soldier there, he said. Sixty years later, he enjoyed the beautiful, pastoral scene.

The family also found a memorial to Wayne's regiment, along with a separate memorial to the Germans who died in battle.

The trip also allowed Wayne's sons, Doug and Tracy, to appreciate and pass on the contributions of their father's generation.

Doug's own son is currently working on an essay for the VFW contest.

"I was telling my son about this," Doug said of the trip. "I was telling him his grandfather's generation brought democracy and freedom. Since 1945, that place is now a peaceful, prosperous and beautiful place."

Wayne feels fate played a role in his survival. He had originally enlisted in the Air Corps because he wanted to fly. He went through training and got his wings, but a hernia grounded him. He was transferred to the Infantry Division.

Wayne said the interference of the hernia was ironic.

"I think it was God's way of telling me, 'I can take care of you,'" he said.

He may not have realized at the time, but the B-24 and B-29 pilots and gunners had a high mortality rate, Wayne said.

Although the infantry seemed terrifying, he survived. At one point, while stopped by a bombed-out bridge on the Danube River in Günzburg, bullets flew by him and struck a tree.

"Had that tree not been there, he may not have been here," Doug said about his father.

Wayne has told his sons that God may have wanted him to live so that so he could bring them into the world during a time when so many other men his own age had lost their lives. He and his wife have four sons.

In contrast to Wayne's experience in 1945, the family found the Germans there today friendly and welcoming. The Stamms only regretted that they could not speak their language.

One German veteran approached the family and proceeded to talk at length.

"It would have been interesting to trade stories and get their perspective," Doug said.

During a visit to Normandy, they encountered a class of French school children on a field trip, Tracy said. The youths had a chance to meet an American

World War II veteran and take pictures, he said.

Tracy's own child, a student at Prairie Elementary, has learned a little about World War II. Tracy took along Flat Stanley, a traveling paper doll from the class, and took pictures of the doll at historic sites.

Doug noted that remembering men like Wayne who fought in World War II is important on Veteran's Day.

"It's also important that we remember guys in Iraq and other places," he said, adding that they, too, are fighting to improve people's lives.

Tracy believes his father faced many demons during his latest trip to Germany, and Wayne agrees.

"It was therapeutic," Wayne said.

Lisa Haag: Her Funky Bean is a dream come true

By R.D. ROBERTS
TRIBUNE CORRESPONDENT

It is said that all good things come to those who wait. This adage easily applies to the dreams, hard work and practical planning of Lisa Haag, owner and operator of Funky Bean.

"In 2003, all the kids were in school, and I decided the time had come to pursue my dream of owning my own business," Haag said. "I had already decided that I wanted to open a café, and I researched the requirements."

To find out whether Waunakee would support a café that served specialty coffees and other beverages, ice cream and gifts, she contacted the Waunakee Chamber of Commerce. The Chamber informed her that need existed and that the community would support the business.

"I wanted a business that would have a comfortable atmosphere where our customers could relax and talk while they enjoyed their beverage and ice cream," Haag said.

She decided to coordinate her entrées. Co-branding is a way of attracting customers who are familiar with two or more product brands. The main brands that she chose are produced in Wisconsin - Alterra Coffee Roasters, a line of specialty coffee from Milwaukee, and Chocolate Shoppe Ice Cream from Madison.

In preparing to open, she participated in training from Alterra. She learned to operate equipment to prepare specialty drinks such as espresso, latte, cappuccinos, mochas and the special technique of frothing.

She also had individual training from Chocolate Shoppe to learn about churning and packag-

ing ice cream and acquired the technique of offering a pleasing portion and appetizing presentation.

When it came to choosing a name for the café, she worked with a consultant. They brainstormed, and she chose the name Funky Bean and since has registered the name as a trade mark.

She decided to locate Funky Bean on Century Avenue just north of Walgreen's. She trained staff and opened the doors Nov. 5, 2004.

In addition to ice cream and beverages, Funky Bean offers specialty greeting card lines such as Palm Press, Meri Meri and MikWright and Hugs books.

Haag started life as the first child of Herbert and Donna Hellenband. She was born in Sun Prairie, May 8, 1964. Her brother Herbie was born 3 1/2 years later and sister, Kim was born in 1969. The family lived in Sun Prairie until Haag finished fifth grade and then moved to Marshall when her father opened Herb's Small Engine there.

From the time she was in grammar school, she enjoyed art and still applies her love of visual arts to her business.

She demonstrated her enthusiasm and expressiveness in junior high school. She was in the cast of the musical, "Oklahoma," and was a member of the track team at Marshall Junior High.

During her freshman year at Marshall High School she was on the volleyball team and was a cheerleader, but had responsibilities at home that precluded her

Lisa Haag waited until her children were in school to open her own business. (Photo by R.D. Roberts)

participation in extra-curricular activities.

Because she was the oldest child, she became the nanny for her two young brothers and took on extra duties at home.

"I became a secondary mom, taking care of my brothers and cooking, so I learned to wear many hats. Accepting responsibilities, multi-tasking, learning to cook and do laundry, I think, made me more mature for my age and I also learned to be independent," she said.

Because she was accustomed to serving her family, becoming a

waitress when she was a sophomore in high school was an easy choice.

"It came naturally for me to do the chores that were required in a restaurant," she said.

She also developed her concept of service.

"I learned how important customer service was to run a successful business," she said.

After graduating from Marshall High School in 1983, she continued to work as a waitress for another year but decided to explore other job opportunities. She started at General Casualty in

Sun Prairie in 1984 and moved to American Family Insurance in Madison in 1985.

During her 8 1/2 years at American Family, she worked in several different departments.

"I enjoyed my work at American Family, but I still had a strong desire to pursue owning my own business. I still had not decided exactly what the niche would be," she said.

In 1986, she had fallen in love and it didn't work out.

"After that I decided to take a whole new look at my life. I had friends who lived in Alabama and moved there for four months before I decided that my family was more important to me than exploring new opportunities. So I returned to Wisconsin and lived with my grandparents for a year," she said. "When I returned, my supervisor at American Family knew I was back in town and she asked me to come back to American Family."

Although she was working full time in the fall of 1986, she took on a second job at American TV because it gave her the chance to have more public contact and interact with customers and staff there.

"It was only a few weeks before I met Doug Haag. He was a salesman at American TV. We went on our first date New Years Eve, and we continued to date for four months before he asked me to marry him in April," she said. "He invited me over to his home where he lived with his parents."

She and his parents were in one room when he disappeared into his bedroom. Moments later he called her to come into the room.

"When I walked into the room, he was lying on his bed with his legs extended out. A diamond

ring was on his little toe. He flashed his foot at me and said, 'Will you marry me?'"

Haag left her job at American TV before the couple wed but continued on at American Family.

"Quintin, our first child, was born in 1994 and after a six-week leave, I went back to work," she said. "Natasha was born on Nov. 4, 1996. The same day that Natasha was born, my brother Herbie passed away. The sadness of the loss of my brother was mixed with the joy of the birth of Natasha. I was struck with the realization that God gives and God takes away. Every year since then on Natasha's birthday I am reminded of that," she said.

She worked part time, but after a few months, decided to become a stay-at-home mom.

"Although my main focus was being a mom and raising my children, I still had a dream of running and owning my own business," she said.

In 1998, the couple's second daughter, Jordan, was born.

Quintin started school in 1999. Haag fulfilled her role as chauffeur and soccer mom. Then Jordan started school, and her time had come to bring her dream to reality.

Haag and her family are members of St. John's Church. She is a member of the Waunakee Chamber of Commerce and participates in the 5:01 club of the Chamber that helps business people in the community network with other business owners.

From the seed that germinated in her youth as a waitress to the time her kids were in school, Haag never gave up on her dream to grow a business providing excellent products and quality service.

OPINION PAGE

All veterans are 'greatest generation'

By JOHN A. SCOCOS
SECRETARY, WISCONSIN DEPARTMENT OF VETERANS AFFAIRS

Veterans Day in Wisconsin means a special moment of reflection for the nearly half-million veterans in this state whose service and sacrifices span much of the last century and into the new millennium.

Last year, America devoted special attention to our "Greatest Generation," the 16 million veterans - 332,200 of them from Wisconsin - who fought in World War II to reverse the tide of Axis fascism. The tribute saw the opening of the National World War II Memorial in Washington, D.C., new books, television specials and educational seminars commemorating those who fought, then returned to build the society we enjoy today.

Recently, we honored the 70,000 Wisconsin veterans from "the Forgotten War," the bloody conflict in Korea that ended just over a half century ago.

This year, we're paying special tribute to Wisconsin's most prominent group of veterans who rarely receive the tribute they deserve, our Vietnam veterans.

The Vietnam War tore this nation apart, splitting communities and even families. Our veterans returned from Southeast Asia only to face a cultural war. To some extent, Vietnam veterans are still paying the price for the social upheaval that accompanied Vietnam.

They are our largest group of veterans. We have 147,978 veterans in Wisconsin alive today who served in wartime during Vietnam, more than double the

number of veterans in the state alive today from any other war.

Today's Vietnam veterans are a proud group - and they're everywhere. Vietnam veterans rank among our state's leaders in business, industry and government. They are teaching our children. They are making sure our factories hum efficiently. They are even active in helping to run our Department of Veterans Affairs, serving as board members, staff and advisers.

The service and sacrifice of the 165,400 Wisconsin service men and women who fought in that war is largely unappreciated, and in many cases, simply unknown. That's because for most people, Vietnam - which exploded into a fierce shooting war 40 years ago - is little more than a high school history lesson or a dramatic movie.

For our soldiers, the service and sacrifice of fighting in Vietnam was as real as war gets. The U.S. combat death rate was as high as in World War II, and that's with factoring in tremendous advances in field medicine and evacuation of the wounded. With helicopters transporting troops directly to the fight, the average U.S. soldier saw 240 days of combat a year - six times more than the average soldier faced in the Pacific in World War II.

They were also extremely effective. U.S. troops never lost a significant battle.

As we know, 58,000 Americans were killed in that war. What most don't know is that one in 10 soldiers was a casualty. Wisconsin lost 1,239 young people to that war - and 11 percent of our Vietnam vets alive today are dis-

abled. On top of high death and casualty rates and unbearable fighting conditions, many soldiers returned home only to be dishonored and disrespected by the very nation for which they fought.

In Wisconsin, we have not forgotten our Vietnam veterans. This year, our department and our state veterans museum devoted the entire year to nearly two dozen programs and events designed to rekindle memories of Vietnam and reflect accurately on what that war was about.

The programs included films and music of Vietnam, programs of reflection by Vietnam veterans, art and photo displays, a number of lecture series, and a series of activities from a wide array of vantage points commemorating the 30th anniversary of the end of the war in Vietnam, which included a summer-long series of history columns on Vietnam that ran in a number of Wisconsin newspapers.

In addition, we expanded "Mission: Welcome Home," a program born out of our experience with Vietnam. This program is designed to help today's soldiers fighting overseas to reacclimate to society after serving in Iraq, Afghanistan and beyond. Never again should our returning troops be dishonored - or blamed - for their service and sacrifice.

Not surprisingly, the biggest supporters of "Mission: Welcome Home" are Vietnam veterans.

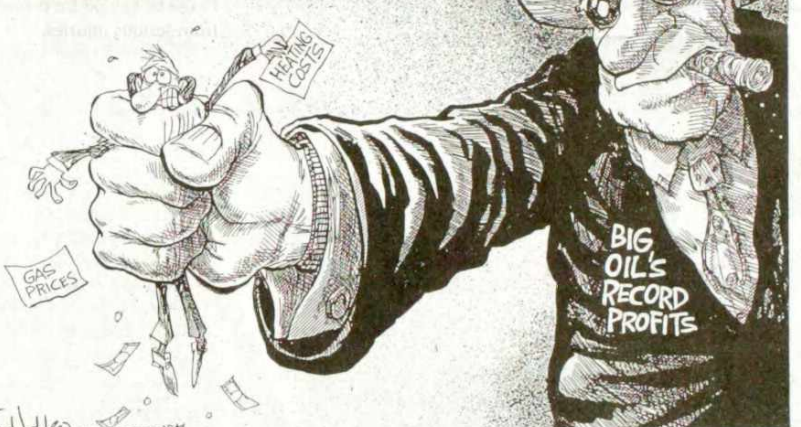

On this Veterans Day, it is time to recognize our Vietnam veterans who served and sacrificed so bravely. In a very real sense, they are today's "Greatest Generation."

Answers sought on oil company profits

By JIM DOYLE
GOVERNOR

Last week we found out that following one of the largest natural disasters to hit America, the big oil companies reaped record profits.

ConocoPhillips' quarterly profits grew 89 percent, to \$3.8 billion. British Petroleum's quarterly profits grew 34 percent to more than \$6.5 billion. Royal Dutch Shell's quarterly profits grew 68 percent to nearly \$9 billion. And the world's largest oil company, ExxonMobil, reported last week that quarterly profits grew 75 percent to nearly \$10 billion - the largest quarterly profit of any company in the history of the United States.

Just to put this in perspective, ExxonMobil took in \$100 billion in gross revenue in just three months. That's more than the total yearly economic output of major oil producing countries like Kuwait.

Record energy prices far exceed the damage done to these companies' rigs and refineries by Hurricanes Katrina and Rita. Essentially, the oil companies have used one of the worst natural disasters in our nation's history to reap a windfall profit at the expense of American consumers.

Even today, hundreds of thousands of people are still basically homeless after Hurricane Katrina. They have no idea where they will live and if they'll be able to find a job to sustain their family. But for the leaders of the world's

largest oil companies, life has never been better - because they are reaping huge dividends from the suffering of others.

More than a month ago, I joined seven other Governors and called on President Bush and Congress to investigate this obvious price gouging - and they have done nothing.

I also asked the Federal Trade Commission to investigate - they too have done nothing.

I believe that the American people deserve some answers. And if Washington isn't willing to get those answers - if they aren't willing to even ask any questions - then I will.

I will use my authority under Wisconsin's consumer protection law to call a public hearing to get to the bottom of these profits. We will issue subpoenas to the executives of the big oil companies and demand that they appear in Wisconsin to explain how they can justify making enormous profits in the wake of a national tragedy.

The hearing will be held on Dec. 1, 2005, in Milwaukee. We'll also call on industry experts, independent consumer protection

advocates and business leaders to provide testimony. And we will look at the effect these record prices are having on Wisconsin families not only at the gas pump, but as they are faced with paying record winter heating bills.

Some have asked why Wisconsin should take on these big international corporations. Wisconsin residents are the ones taking a big hit in their wallets for oil company profits, and recognizing that, these executives should come to Wisconsin ready to answer for themselves.

One state doesn't have the power to force the oil companies to give a refund to the American people. Only Congress and the President can do that. But Wisconsin can force the oil companies to give us some answers. And when we do, we will expect and demand that Washington act on this information and force the oil companies to give a refund to the American people.

I hope this hearing will send a message to Congress and the Bush Administration that it is time to take action.

Letters from READERS

Early Files brings back memories

I enjoy reading The Waunakee Tribune's Early Files. They are interesting and informative.

Some weeks ago, in the 70 years ago, it stated that Dr. Wilson, formerly of Waunakee

and now of Sauk, died. Well, I remember a time when Dr. Wilson came to our farm from Sauk and he was driving a Model T Coupe.

Back in those days, farmers called the veterinary when they had a sick horse as they were worth a few hundred dollars and needed to run the farm. My dad told me they didn't call the vet for a sick cow as they were worth only \$10.

Bring your library card, or a photo ID, for checking out materials and signing up for Internet

Stained Glass Exhibit - We're looking at the world through multi-colored glass while local artist Don Spencer has an exhibit of his stained glass art here. See it from the inside and out on the south side of the building, upstairs in the paperback reading area.

"Art in a Suitcase" After School Adventure - After School Adventure for kindergartners through fourth graders today, Nov. 10, features Mary Tooley's "Art in Suitcase—Leaping Lizards." With art, natural science, storytelling and activities, Mary will look at the truth about dragons (Komodo dragons, that is) and lizards.

Story Hour registration for ages 3 to 5 is Nov. 3-11. - Register your pre-schooler for Story Hour through tomorrow, Nov. 11. Aggie and Molly present entertaining stories, videos, puppet shows and crafts to illustrate the topic of the week. Choose your day and time and call or register at the library: Tuesday or Wednesday beginning Nov. 15 or 16, 9:30 to 10:15 or 10:45 to 11:30 a.m.

Adult Book Club - Kite Runner by Khaled Hosseini is the November selection of the Adult Book Club. According to www.ReadingGroupGuides.com, the book is "an epic tale of fathers and sons, of friendship and betrayal, that takes us from Afghanistan in the final days of the monarchy to the atrocities of the present." The 1 p.m. meeting Thursday, Nov. 17 will be in upstairs in the paperback reading area. Everyone is welcome. Call to reserve a copy.

Friends of the Library Craft Fair and Bake Sale - Begin your holidays with Friends of the Library's Craft Fair and Bake Sale Saturday, Nov. 19. The annual event at Waunakee Community High School from 9 a.m. to 3 p.m. is the Friends' main fundraiser. Look for the new entrance on the south side of the school. The fair has been a success each year thanks to members and patrons who donate items of baked goods or money and shop there. This year individually crafted wares include art prints, baskets, candles, ceramics, doll clothes, floral items, greeting cards, jewelry, knitted items, nuts/candy, and quilts, among others. Donated items can be dropped off at the library Friday, Nov. 18, by 4:45 p.m. or at the fair on Saturday.

Playtime Production Nov. 30 is "The Reluctant Dragon" - Playtime Productions and the library will present "The Reluctant Dragon" Wednesday, Nov. 30, in the new Performing Arts Center at Waunakee Community High School. The 7 p.m. play is free, and we welcome donations to help defray costs. The cast is composed of school-age children. Plays usually last about an hour, so attention span is a good gauge for judging whether your child is ready to attend. Enter the high school building at the new entrance on the south side; the Performing Arts Center is to the right.

New Magazines - We have four new magazines: Body & Soul, Game Informer, Runner's World and Taste of Home's Cooking for 2.

Hours for Thanksgiving Holiday - The library will close at 5 p.m. Wednesday, Nov. 23, and reopen at 10 a.m. Saturday, Nov. 26.

THANK YOU

A heartfelt thank you to the Waunakee EMS, the Waunakee Fire Department and all who came so fast to the scene of the accident on my farm on Oct. 11.

Thank you for all your help. Special thanks to Msgr. Gunn for coming to the ER so quickly. Praise be to God for protecting me from serious injuries.

Thanks to family and friends for the phone calls and prayers. Your concern for my welfare is very humbling. Words cannot express my feelings. I am so grateful.

Thanks also to the staff at Waunakee Manor and all the people who worked there for making my stay so comfortable. Thanks to Fr. Eric for his visits and prayers. All the cards and visits I received were greatly appreciated. They

really brightened the days.

Thanks again, everyone. It's great to have such a caring family and friends.

Ed Kaltenberg

The Waunakee Actors Guild would like to thank the following for their contributions toward another successful Haunted Hayride event:

Town and Country Builders, The Optimist Club, The Go Kart Club, Chamber of Commerce volunteers, Rod and Jackie Von Behren, Kim Rusalen, David Carr, Stephanie Green, Phil Willems, Mike Spahn, Jim Becker (who loaned us cart from Carl F. OBITUARIES

R. Robert Loomis

R. Robert "Bob" Loomis, age 57, of Waunakee, died on Sunday, Nov. 6, 2005, in Sauk County.

He was born on Nov. 9, 1947, in Madison to Roy and Margaret (Schuetz) Loomis.

Bob served in the Army in Vietnam. He married the former Joyce Marklein on Feb. 7, 1970, and they have lived in the Waunakee area since 1972.

He was employed at the Department of Revenue as a project manager since 1978. Bob was devoted to his wife and best friend, Joyce. He loved spending time with his kids and was like a second dad to many of their friends. Bob was very proud of his precious granddaughter, Chloe.

His favorite pastimes were hunting, fishing and golfing with his brothers and son, Wade. He was a longtime member of St.

John's Catholic Church in Waunakee.

Survivors include his wife, Joyce; a son, Wade (Stacy) Loomis of Poynette; a daughter, Meehan of Waunakee; a granddaughter, Chloe; his mother, Margaret Loomis of Stoughton; five sisters, Linda (Don) Taylor, Patty (Jim Creeron) Loomis, Margaret Ann Elmore, Becky (Bob) Stolinis and Jane (Bob) Loomis-Banta; three brothers, Tim (Rita), Mark, and Charlie (Kathy) Loomis and many nieces and nephews.

He was preceded in death by his father, Roy, and one sister, June.

Funeral services will be held on Thursday, Nov. 10, 2005, at 11 a.m. at St. John's Catholic Church in Waunakee. Rev. Eric Sternberg will officiate. Friends may call at the Winn Funeral Home in Waunakee on Wednesday, Nov. 9, 2005, from 5-8 p.m. Friends may also call at the church on Thursday from 10 a.m. until the time of services. Burial will take place in Spring Green at St. John's Cemetery.

Waltraud Sproule

Waltraud "Winnie" E. Sproule, age 78, formerly of Stoughton, died on Sunday, Nov. 6, 2005, at Homestead Living in Waunakee.

She was born on Oct. 12, 1927, in Kohlberg, Germany, the daughter of Willi and Frieda (Kummerow) Behnke.

Waltraud was raised in Germany and came to Madison,

Wis., in 1951. Here she met and married Henry Sproule in August of 1953 at St. Ann Catholic Church in Stoughton. Waltraud was a nurse's aide at the Stoughton Hospital for many years and later went to work at the Central Wisconsin Center, retiring in 1989. She worked very hard all her life, but when she wasn't working, she loved to knit and bake. She enjoyed listening to German music, especially the older German ballads, and she loved to play the accordion.

Before moving to Waunakee to be nearer to her daughter, she was a member of St. Ann Catholic Church.

Waltraud is survived by her loving daughter, Sandra (James O'Brien) Onsrud of Waunakee; a grandson, Aaron (Amy Muchow) Onsrud of Woodbury, Minn.; a niece, Martell Onsrud of Janesville; and several cousins still living in Germany.

She was preceded in death by her parents and her husband, Henry (1980).

Funeral services will be held on Thursday, Nov. 10, 2005, at 11 a.m. at the Olson-Holzhueter-Cress Funeral Home, 206 W. Prospect Ave., Stoughton, with the Msgr. Gerard Healy officiating. She will be buried next to her husband, Henry, at St. Ann Catholic Cemetery in Stoughton.

Friends may call at the funeral home on Wednesday, Nov. 9, from 5-7 p.m. Those wishing to make an expression of sympathy may direct memorials to Hospice Care in Waltraud's memory.

Wisconsin has plans for bird flu

President Bush has released a plan on how the country should prepare for a possible flu pandemic, but it's not expected to change the plan Wisconsin already has in place.

The national plan of action in case of avian flu or similar pandemic calls for increased vaccine production in the U.S. and early surveillance worldwide to detect outbreaks, Wisconsin Public Radio reports.

The plan leaves many deci-

sions at the local level. If Congress approves, states would get a portion of the \$7 billion President Bush hopes to spend on flu preparations.

Tom Haupt is a respiratory disease specialist who works for the state. He said its not known yet how well the multi-billion dollar proposal would help states like Wisconsin prepare. Haupt said at this point, Wisconsin officials don't know how much money the state would be getting and what

that funding should be used for. Wisconsin has had a flu pandemic plan of its own for nearly four years. Haupt said it should be compatible with the national strategy, which calls for the U.S. government to buy enough vaccine to protect 20 million people from a current strain of bird flu.

There, But For The Grace Of God

Yes, it's what we do and what we don't do - but should have done - that reaps us problems, guilt and shame.

We could be tomorrow's headlines. This week in church, find out how God's mercy handles our deeds, omissions, and potential for doing bad things.

Have mercy on us O Lord.

EFFECT OF CERTAIN DRUGS ON EXERCISE

Drug interactions frequently make news in our society. Little is known about the potential interaction between drugs and exercise. While no one denies the value of routine exercise, combining exercise with certain drugs can cause potential problems. For example, some prescription drugs can affect a person's ability to respond appropriately to exercise or increased activity.

Any drug that causes drowsiness such as diphenhydramine (Benadryl) or any of several pain medicines such as propoxyphene (Darvocet) can decrease a person's reaction time, balance and coordination. These drugs can increase the risk of an accident, especially when playing sports, driving a car or operating equipment. Some antibiotics such as ciprofloxacin (Cipro) and levofloxacin (Levaquin) have been linked to serious injury of tendons. This type of antibiotic should be avoided during high-impact activities such as weightlifting, jumping, or rapid acceleration and deceleration. Stimulants, such as caffeine (No-Doz) or methylphenidate (Ritalin), are taken to enhance athletic performance. However, combining stimulants with strenuous activity can lead to irregular heartbeats.

Swimmers to send 4 to state

The Warrior girls' swim team had numerous high points as well as a few disappointments at the WIAA Sectional swim meet Saturday but will return to the UW Natatorium Friday night for the state finals.

The medley relay of Megan Finley, Amy Burback, Madelyn Zaffino and Heidi Richardson qualified 13th.

Richardson also qualified 15th in the 200 free and 13th in the 500 free. Burback was the runner up in the 100 free and qualified fourth in that event.

Burback won the 100 breaststroke at Sectionals and will swim as the number one seed on Friday.

Season and/or personal best times were turned in by the medley relay, Heidi Richardson in the 200 free, Madelyn Zaffino in the 200 individual medley, Jessica Hornung in the 50 free and 100 breast, Alex Richardson in the 50, the 200 free relay, Nicole Waner in the 100 back and Kameko Halfmann the 100 breast.

Burback also got her season best times in the 100 free and breaststroke, shaving a half second off of her school record in the free

event. The team was a little disappointed with their overall results, however, finishing eighth at sectionals, and with being unable to qualify a second relay and more individuals for state.

Megan Finley, after leading off the medley relay, placed third in the 50 free but just missed the state time. She was in that event at state last year so was understandably disappointed with the outcome.

The 200 free relay of Finley, Burback, Richardson and Hornung also barely missed state in spite of a season best time. Even though the relay time was the best, three of the swimmers missed having season best splits so the coaches felt like they could have been a full second or more faster.

"Usually we swim lights out at sectionals and our momentum grows through the meet and we get better and better," said Coach Jim Lohmeier. "This year was kind (SWIMMING continued on page 10)

Football advances to next semi-final game

The Waunakee football team earned the right to play another game after defeating the Monona Grove Silver Eagles 20-14 in a state quarterfinal game at Warrior Stadium.

The Warriors jumped out to a 20-0 lead at halftime Nov. 5 and then hung on to preserve the win.

The Warriors avenged their only defeat last season in the second round of the playoff. It is the eighth time in their last nine years that Waunakee has reached at least the state semi-finals.

Waunakee was led on offense by returning quarterback Cody Zirbel, who finished the game six of eight for 132 yards. Running back T.C. Farber ran the ball hard and was rewarded with 143 yards on 33 carries. He also scored two touchdowns. Clint Bodilly had four catches for 78 yards, all coming in the first half.

The defense played an inspired game, shutting down the Silver Eagles' highly touted offense for the first three quarters. Waunakee's defense was led by linebackers Kris Canto, Nick Severson, Matt Walters and Kyle Homan. The defensive line dominated the line of scrimmage and consisted of Patrick Davidson, Chris Schwartz, Matt Lunder and Scott Weiland. The defensive backfield of Kyle McMillen, Richie Maly and Tony Clemens played well all game.

The Silver Eagles started the game on offense but were held to minus five yards on three plays to force a punt. The bad punt gave Waunakee good field position. A 14-yard pass from Zirbel to receiver Clint Bodilly after a fourth and one conversion set Matt McCoy up for a 26-yard field goal. McCoy converted, putting Waunakee up 3-0. Waunakee would not be denied on the next possession,

running seven plays to gain 67 yards before T.C. Farber scored from 20 yards out to put Waunakee up 10-0.

The defense needed only three plays to stop the Silver Eagles and give the ball back to the offense. Two plays later, the Warriors hit pay dirt when Zirbel connected with Bodilly again, this time for 42 yards to set Waunakee up at the Monona Grove 6-yard line. Farber followed the line into the end zone to put Waunakee up 17-0. The Warriors went to score three more points before halftime on a 36-yard field goal into the wind by Matt McCoy. The defense set up this field goal. Defensive end Tyler Jankowski tipped a pass by Monona Grove into the air, Kris Canto picked the ball off and returned it deep into Monona Grove territory.

Over the course of the second half, the momentum changed to Monona Grove through poor field position for the Warriors and timely third down conversions for Monona Grove. The dominating offense of the first half for Waunakee stalled and was shut out in the second half. The defense provided many big plays to preserve the win.

On the first defensive possession for Waunakee, Monona Grove drove deep into Warrior territory. Richie Maly halted the drive on the 3-yard line after he fought off the MG receiver for an interception. The next Monona Grove drive was stopped when the defense held the running back for a two-yard gain on fourth and five.

The Silver Eagles capitalized on their next possession. The Warriors' defense cracked on the fourth and goal from the five on the first play of the fourth quarter.

Starting quarterback Cody Zirbel runs out to the right with T.C. Farber in front blocking for him. Zirbel's pass was knocked down, but he completed six of eight for 132 yards in the Nov. 5 playoff game after sitting out 4 1/2 contests with a wrist injury. (Photo by Roger Hamilton)

of the reverse. We still had some good swims but never really had the energy and excitement we usually have."

The up side of it, according to the coaches, is that only one of the girls on the team, senior Kameko Halfmann, was swimming sectionals for the last time. The other girls will have the chance to improve their performance next year, which they think could become the best team in school history.

"We have eight freshmen this year who keep getting better and better," Lohmeier said. "Amy Burback and Heidi Richardson are sophomores and Megan Finley and Alex Richardson are juniors."

Together with another big and good group of freshmen next season, Lohmeier thinks the team can improve on last year's fifth at state performance.

"We need to examine this season, collectively and as individuals, and each of us, from coaches to

swimmers need to identify what we can do better and rededicate ourselves to improving on this season," he said.

If they do that and grow and become even better next season, then even the disappointments will be valuable and will contribute to future success, he added.

In the meantime, though, the swimmers are excited for the week ahead. Burback has a shot at the first state title in the school's history of girls' swimming, and the

Regular deer hunt opens Nov. 19

The opening of the 2005 Gun Deer Hunt is just around the corner and wildlife managers with the Department of Natural Resources say with Wisconsin's white-tailed deer population estimated at about 1.4 to 1.5 million animals, hunting opportunities appear good in all areas of the state.

Many Deer Management Units (DMU) remain well over population goals and officials urge hunters to keep the hunting pressure high on antlerless deer, a two-to-one doe to buck ratio is about right, they say.

"While a trophy buck is high on every hunter's list - and I certainly wish everyone luck in that regard - hunting is our most effective means of controlling deer populations," said Keith Warnke, DNR big game ecologist. "I hope all hunters and every hunting camp will set themselves a personal goal of harvesting at least two

antlerless deer for every buck. That's the kind of effort that's needed year-after-year to get populations down to goals and keep them there.

"There will be excellent deer hunting opportunity this fall and total season long harvest is expected to be around 400,000 to 450,000," says Warnke. "As a result of extensive Earn a Buck (EAB) units last fall, there will be more older bucks in those units this fall. When antlerless deer are aggressively harvested it reduces

pressure on bucks meaning more older bucks are available for harvest in future seasons."

In 2004 Wisconsin deer hunters harvested 519,388 deer, setting the second highest single season deer harvest total in Wisconsin's deer hunting history. The total included record archery and muzzleloader harvests of 103,572 and 7,074 deer respectively. The 2004 total is only surpassed by the 2000 season when Wisconsin hunters set a national record harvesting over 617,000 deer.

Hunters should leave firewood at home

State forest health officials want hunters to leave the firewood at home in favor of burning locally cut or purchased wood. Insects and diseases that can damage or kill trees can hitch a ride on firewood, which could spread problems around the state.

The best plan is to leave the firewood you have at home behind and burn wood that's already in the area where you hunt. Don't help insects or diseases spread by giving them a free ride in your car or truck.

A Monona Grove receiver caught a pass in front of the end zone to put the score at 20-7.

Waunakee's offense responded when Zirbel connected with Scott Weiland for a 47-yard completion. The drive stopped, however, after an interception.

Monona Grove had to go the length of the field in order to score again. They came close after a 70-yard completion brought them to the Warriors' 14-yard line. After a three-play goal line stand from the one-yard line, the Silver Eagles punched the ball in to bring the score to 20-14 with 2 minutes, 30 seconds left.

The improbable happened then as Monona Grove recovered an on-

side kick. But Waunakee's defense rose to the challenge. First, end Scott Weiland shed his blocker and sacked the quarterback with a jarring hit. Then on second down, Canto collided with the Silver Eagles' running back for another bruising five-yard loss. The defensive line flushed the quarterback out of the pocket on the next play and drove him out of bounds for a one-yard gain. On fourth and 14th, the defensive secondary successfully defended the incomplete pass to turn the ball over on downs.

After this dominating defensive possession, the Warrior offense gained a first down and ran the clock out.

With the win, Waunakee advanced to the state semi-finals for the eighth time in nine years, but the first in Division 2.

"We've had a bunch of big wins in our program, but this one ranks right up there," said Coach Pat Rice.

"MG is a very solid football program," he said about last year's state runners-up.

"To come out and execute, especially early the way we did, is just tremendous. MG made a run at us, but give our kids credit - we didn't flinch. We made some huge plays down the stretch and this was a tremendous character builder and win for our program," Rice said.

Pause a Moment

Some of the most tactful people on Earth are our English friends. A British office supervisor once called a secretary in to give her the bad news that she was being fired. He started the conversation with: "Miss Symthe, I really don't know how we're going to get along without you, but starting Monday, we're going to try."

Scoping out a Vilas County hunting spot

By MARK WALTERS

Hello Friends,
Last week I went on a five-day musky fishing, bow hunting and camping trip in northern Wisconsin near Manitowish Waters. For myself, this was a reconnaissance mission for future trips. I chose Vilas County because of the large tracts of public land, abundant musky waters and plentiful locations to camp.

Monday, October 24
High 43', Low 29'

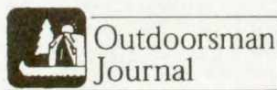

Off and on, sleet showers accompanied me for the first three days of this adventure. I easily became accustomed to the rain by tarping my tent and dressing in layers. I was outside almost every daylight hour of this trip.

I admit that two of my biggest weaknesses as an outdoorsman are catching musky and filling bow tags. This trip was designed to improve those skills. I was also scouting the area because I would like to hunt here every year.

After building a camp, I had just enough daylight left to hop on my mountain bike with a portable bow stand on back and go scouting for deer. I hung the stand near a deer trail with a buck scrape on it and went back to my camp and got my bow for a late afternoon hunt. I saw no deer, but I had no cares because I had plenty of days left to find the deer.

Tuesday, October 25
High 41', Low 27'

This morning I was up before daylight. I drank some coffee, loaded my bike in the truck, and then headed over to a large tract of the American Legion State Forest. My plan was to put away

some miles and hopefully find some serious signs of deer in an area I have never been or seen. For this reason, I used maps at camp. The section of forest I chose was mostly made up of red pines in tracts from 10- to 50-acres. They ranged from 2- to 30-feet tall.

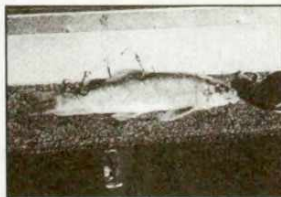

Biking was easy because dirt roads divided each section of forest. Luck appeared to be on my side because there were plenty of tracks and buck scrapes about 300 yards apart.

On the ride back to my truck, I came across a scrape that had been made since my ride there. It charged my batteries in a big way for the evening hunt.

When I got back to camp I had just enough time to launch my boat and go musky fishing for two hours. I threw Jerk baits and bucktails while drifting with a sucker on quick strike rig. I saw no action on the musky trip but I didn't care because I had a buck to whack. Unfortunately, I didn't see any deer, but I didn't care because I was meeting a couple of good buddies at daylight for a day of musky fishing.

Wednesday, October 26
High 42', Low 30'

Jay Anderle and Don Groskoph are from Rhinelander. The three of us have been fishing musky for three years together and have been kind of sucked up a storm in the catching department. Fortunately, we are good buddies and have a lot of laughs in the boat.

Suckers rigged with a quick striker rig and a bobber are a popular late fall musky bait.

Today we fished two lakes and always dragged suckers while casting. We saw two fish in the 48-inch range that carried plenty of weight. I'm sorry to say that no muskies were landed.

I had just enough daylight left to place my stand in a new and improved location deep in the forest, where once again I did not see a single deer.

Thursday, October 27
High 50', Low 28'

Hurray! I saw a deer! Too bad for the deer, it had just been whacked by a truck!

Once again this morning I was scouting for my next Pope and Young buck - I mean my first Pope and Young buck. Boy, did I find the hot scrape.

I was well aware that I was

going to fill my tag with a huge buck on the afternoon hunt, so I went back to camp and jumped in the boat to go musky fishing. I hit a rock that I'm sure wasn't there the day before with my boat. The teeth on my prop vanished like snow in July, and I did not catch a musky. But once again I had no cares because the monster of the forest was soon to be mine.

I was securely strapped in my tree and had a good two hours of daylight to hover over my scrape. With the sun down to a half-hour before it said goodbye, a tan Chevy pickup with two people in it went by, which was not a good sign.

I heard two blasts from a high powered rifle 100 yards past me. The second shot sounded like a hit. My hunt was over! I don't know what those guys were up to, but I don't believe it was legal.

The next morning I went on one more hunt, then went fishing. When I was done, I broke camp and headed home. This trip will be perfect!

That's a guarantee!

Sherman shows signs that he's becoming unglued

Mike Sherman insists that the rumors that he will be fired as coach of the Green Bay Packers don't concern him and have not distracted him as he runs the team's daily operations.

Contrary to what he says, Sherman found a way to cut away early from his news conference one day last week. He ended the session after a reporter's cell phone rang.

The Packers have had an arrangement with reporters that no cell phones be turned on during the press meeting so the proceedings are not interrupted.

Well, a phone did go off last week, and Sherman stopped his briefing, saying he would not continue until the person whose phone went off stepped forward and admitted it. No one did, so Sherman left the podium, ending the conference. The Packers also cancelled Brett Favre's weekly news conference because of the incident.

Now Sherman and the Packers probably have a good reason for being hard-nosed about cell phones. But come on. If you're looking for a reason not to talk to the media, find a better one than that.

The coach obviously feels the pressure and is listening to disgruntled Packer fans who call radio and television talk shows around the state chanting that they want him to go.

Although he has an above-.500 winning percentage as Green Bay's head coach, Sherman does not get much leeway from Packer fans and has never been a personality favorite among the green and gold faithful.

Because his personality borders between quiet and boring, fans do not perceive Sherman as much of a motivator for the

team or one who can rally the Packer supporters to like him.

The only way Sherman gets any slack in Green Bay is by winning, but his team's growing trend of losing home games and exiting early in playoff games is wearing thin with Green Bay fans.

His general manager job - now taken away from him - ran the club into a financial fiasco which saw several star players leave because the Packers could not re-sign them due to team salary limits.

Injuries this year - certainly not Sherman's fault - lead anyone with a fraction of a football brain to realize the Packers face a huge challenge to win even a third of their games.

Although he received a two-year extension on his contract earlier this year, Sherman knows the writing is on the wall, that he probably won't be walking the Packer sidelines next season.

In fact, he may not survive

all of this season.

Packers general manager Ted Thompson won't talk about Sherman's future because he knows his coach is a lame duck and the team is going to bite the bullet the rest of this year until they get some salary cap room next year to start rebuilding.

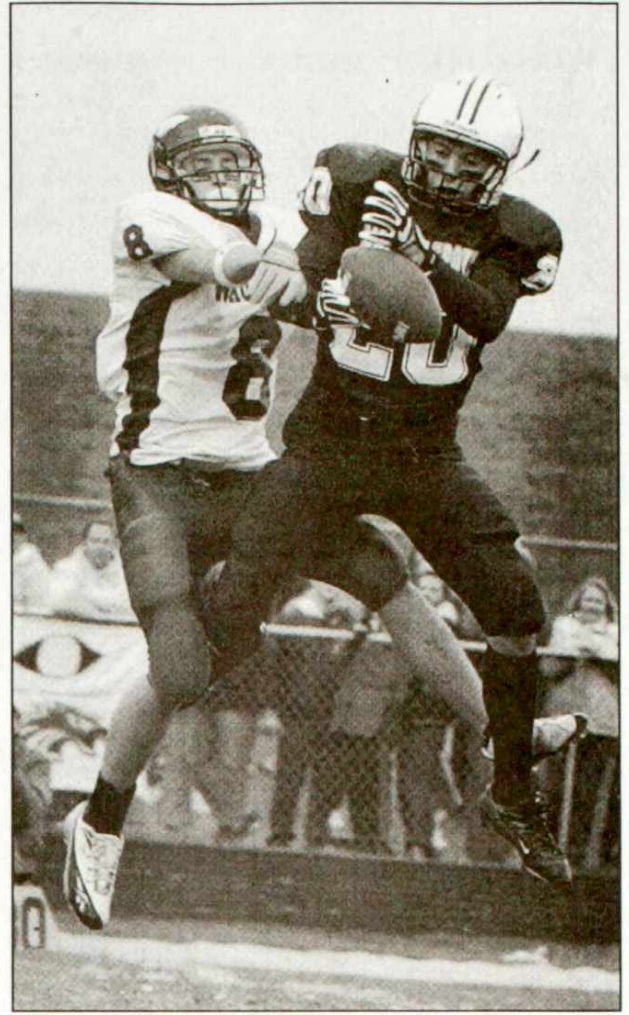

The question that will be asked for some time is whether Sherman got a raw deal.

One can hardly say he did when you look what has happened to the team since he became coach and then general manager.

He was in total control of the team's operations, and under him the franchise has gradually gone into a decline and has bottomed out.

As one national reporter remarked, "It's difficult to see this proud franchise go from greatness to now where it's going under."

That kind of remark would cause any coach to become unglued.

residents for \$35 per hour and to non-residents for \$45 per hour.

The FIT Pass allows access to the Village Center's recreation areas - the fitness center, gym, locker rooms, aerobic/dance studio, child care room and indoor track.

The FIT Pass fee schedule is based on daily, monthly, three-month, six-month and annual plans. The structure includes larger fees for non-residents, except for users age 55 and older. At that age bracket, residents and non-residents would be charged the same fees.

The daily FIT Pass for residents would be \$2 for age 18 and younger; \$4 for age 18-54, \$2 for age 55 and older and \$10 for families.

The daily FIT Pass for non-residents would cost \$4 for age 18 and younger, \$6 for ages 18-54, \$2 for ages 55 and older and \$15 for families.

The annual FIT Pass for residents would cost \$8.75 a month for ages 14 and under, \$12.50 a month for ages 14-18, \$25 a month for adults ages 18-54, \$12.50 a month for ages 55 and older and \$47.50 a month for families.

The annual FIT Pass for non-residents would cost \$11.25 a month for ages 14 and under, \$16.25 a month for ages 14-18, \$35 a month for ages 18-54, \$12.50 a month for ages 55 and older and \$62.50 a month for families.

Trustee Susan Springman questioned the decision to allow non-residents 55 and older to use the facilities for the same rate as residents, especially since the center will receive support from village taxpayers.

Community services director Sue McDade said residency is not required for participation in the

village's senior services, which also receive funding from neighboring municipalities. The number of non-resident seniors who would cross into the community center services would be too small to keep track of, she said.

Springman recommended that the fee structure be reviewed later on when the Village Center has worked with it for a while.

Other Village Center issues that remain include policies on food service and the use of alcohol, McDade said.

Board approves budget resolution

The village board also approved the budget resolution for 2006. The budget includes a property tax levy of \$5,885,929 - 15.82 percent higher than last year's.

Total revenues are expected to be \$20,296,056, and expenditures are expected to be \$26,142,334.

The village has not yet been notified of its assessed value, but the mill rate is estimated to be not more than \$5.934 per \$1,000 of valuation.

In other business, the village board:

- approved the following fees for pet licenses: \$8 for spayed or neutered cats, \$15 for unspayed or unneutered cats, \$11 for spayed or neutered dogs, \$18 for unspayed or unneutered dogs.

- approved a street use permit for the 2006 Parade of Homes June 10-26 in the Blue Ridge addition to Southbridge.

- approved a \$3,000 contract with Carl F. Statz and Sons for a one-season lease on a tractor for snow-plowing.

- denied a request to allow a second driveway at 1706 Alexandria Court.

Train riders enjoy quiet cars

Amtrak has brought something to Wisconsin train riders that people elsewhere have enjoyed for years.

Starting this week, one coach on each Hiawatha Service train between Milwaukee and Chicago has been designated a so-called "quiet car," Wisconsin Public Radio reports.

While riding in a quiet car, passengers must refrain from using cell-phones, pagers and loud computer games. Since the trains don't have reserved seats, the quiet car will be available to riders on a first-come, first-served basis.

The seven daily round trips on the route between Milwaukee and

Chicago finished the fiscal year Sept. 30 with record ridership. Over 525,000 tickets were sold, an increase of more than 14 percent over the previous year.

The trains make stops at Mitchell Airport and Sturtevant in Wisconsin and at Glenview, Ill. The service is financially supported by the states of Wisconsin and Illinois.

Ask the Dentists

Q: What exactly makes a tooth start to ache?

A: Cavities, even very large ones, do not automatically make a tooth ache. The pain won't begin until the decay reaches the tooth's nerve. As with any infection, your body's defenses go into action. The body increases blood supply to the infected area. But since the nerve and the pulp are encased in an enamel tooth, the pressure of the increased blood flow causes the swelling and pain that accompanies a toothache. Pulpitis, the name for the acute stage of pulp infection, causes not only toothache but also pain when the teeth come together. That's because at this stage the infection has spread to the periodontal ligament, the membrane that holds the tooth's root in its socket. When the bacteria eventually kill the pulp, it may result in an abscess at the apex of the tooth's root. Sometimes the tooth can be saved through a root canal. If it has been weakened beyond saving, you might need an artificial tooth. The best way to avoid this situation is to practice good oral hygiene at home and visit your dentist for periodic checkups.

One Act cast, crew make it 15 in a row

This year's Waunakee High School One Act cast and crew of "The Taming of the Shrew" has had an unusual journey and it all started 16 years ago.

The last time Waunakee did not qualify for the State Theatre Festival was in 1990, and it was with the same script that they are performing this year.

Sectionals that year were at Viterbo College in LaCrosse. This year, sectionals were just a little way down the road at Holmen High School.

Rick Braun, one of this year's directors, remembers the original trip vividly and vowed that he did not want to repeat a long bus ride from the LaCrosse area knowing that Waunakee One Act would not be advancing to State. The cast and crew of over 60 students did everything in their power to assure that this "Taming of the Shrew" would not meet a similar fate.

The end result was a performance that brought these comments from the three evaluators who unanimously advanced Waunakee to the State Theatre Festival at the UW Oshkosh: "I found it difficult to write down comments because I didn't want to look down to write something for fear that I would miss something." "I loved every scene change, especially that dancing tablecloth." "Congratulations on a fun packed show. It was surely audience friendly." "Nice transitions - I liked the moving to the

music."

"Excellent interaction of characters - the sisters, Bianca and Kate, are very believable. The actors portrayed well because they listen to each other well." "It is, of course, very difficult to get the entire plot into 35 minutes, but you did it." And finally, "A very enchanting tale."

Waunakee had to deal with change to get this far this year. The high school One Act is still getting used to its wonderful new space. Many One Act work nights have been used to move from the old space instead of working specifically on the set for this year's play (and both the set and the move are still in progress).

Another change is that Waunakee is not hosting anything locally this year.

"We are a little sad that we have such a beautiful new facility and we didn't host any of the events this year," Braun said. "Waunakee has hosted either district or sectionals and sometimes both every year since 1990. In hindsight, it was good that we didn't host district since we were still getting used to the new space, but sectionals would have been nice. Hopefully next year, we'll get something."

Perhaps that most significant change One Act had to make this year was with regard to scene changes within the play. On the Thursday before sectionals, stage managers, Tyler DeMeuse and Sarah Longfield along with the set crew worked on a change that would really liven up the scene

changes.

The end result was a dancing scene change that brought more energy to the overall play. On Friday, the cast and crew learned that Holmen High School (the host site) had wing space on only one side of the stage but it wasn't clear on which side. That meant significant but unknown changes to set would have to occur. On Saturday, WHS learned that the change would affect the stage left side.

That meant cutting some set pieces and adjusting the rest of the changes to make it work. As a result, the dancing tablecloth with Brandon Adams and Emma Kennedy was born.

Seniors Katie Olsen and Jeremy Henning are tackling the lead roles of Kate and Petruchio. Emily Meier is portraying Kate's sister, Bianca. Will Loper is Kate's father, Baptista. Megan Evansen is Kate's confidant, Grumella.

Other cast members include Henry Greger, James Hansen, Dustin Hardy, Jessica Roidt, David Rosencrance, Joseph Breyer, Edward Kent-Bracken, Jordan Statz, Emily Albreten, Michelle Morrison, Elise Fiers, Amanda Keen, Leanne Musielewicz and Rose Howe.

Stage managers Tyler DeMeuse and Sarah Longfield are in charge of the six backstage crews. Adam Schneider, Pat DeMoe and David Musielewicz are running the lights. Chris Clark and Josh Pulvermacher are handling the sound. Caity Kuehn, Janel Oberle and Katie Tebrinke are responsi-

ble for the props. John Soper, Kim Cordova and Amanda Dresen are caring for the costumes. Stacy Fuele, Kristen Anderson, Kim Curwick, Naaman Endres, Claire Kennedy, Alyssa Reinke and Jian Li Zheng are applying the make up.

Liz Virnig, Brandon Adams, Taryn Amelong, Dustin Barman, Danielle Breidung, Tom Brown, Emma Kennedy, Janna Lauer, Lydia Marshall, Patty McDonough, Hannah Mueller, Kelsey Rosencrance, Beth Secrist, Emily Shriver, Kelly Smith, Gabby Spinelli, Debra Statz, Alyssa Sullivan, Maggie Traeger and Emily Virnig are moving the set. Zach Beck is the prompter.

The set design is by Lola Hoon and the costumes are designed by Jan Shucha. This year's show is directed by Rick Braun and Eric Schmidt. Kara Lussenden and Heather Pulvermacher are the student directors.

Now the cast and crew are busily preparing for the State Theater Festival at the UW-Oshkosh Nov. 17-19. The performance time and date will be known later this week.

Democrats push health care plan

Some Democratic lawmakers are pushing a plan that would use state taxes to pay the health care expenses for all residents.

Monona Democratic Senator Mark Miller said his proposal would be all-inclusive, Wisconsin Public Radio reports. Every Wisconsin resident would have health care expenses covered by the state, regardless of income, health status, race, age, marital status or employment status. The only requirement is that the person is a resident of Wisconsin.

Miller said Wisconsin is slipping in the number of its residents that are without health insurance. A recent state estimate found that about 546,000 residents were without insurance for all or part of last year.

Blair, Wisconsin dairy farmer Amanda Killian showed up at a capitol news conference to speak in favor of Miller's plan. She said she and her husband put in 80-hour weeks working large herds of cattle, and they can't afford insurance. She doesn't tell a lot of people she doesn't have health insurance, but if people knew, she thinks they'd be really surprised, she said.

Sen. Miller said those who are insured are spending much more than people in other countries. It makes sense to pool that money so that everyone is covered, Miller said.

Juneau GOP Senator Scott Fitzgerald co-chairs the Legislature's budget writing committee. Fitzgerald said it's unrealistic to think that Wisconsin can make these kinds of changes on its own, since much of this issue is driven at the federal level. Fitzgerald said the proposal would endanger funding for federal programs like Medicare.

People would not pay a monthly fee to participate in the plan like they do with regular health insurance. Instead, it would be paid for through state tax dollars. Fitzgerald said Wisconsin's budget is too tight under existing programs to think the state could afford this proposal.

TOWN OF WESTPORT PLAN COMMISSION PROCEEDINGS

Monday, October 10, 2005

The regular monthly meeting of the Plan Commission was called to order at 7:03 p.m. in the Community Meeting Room of the Kennedy Administration Building. Members present: Clark, Grosskopf, Manering, Robinson, and Van Dinter. Members absent: Bowen and Lewis. Also attending were: Ken Sipsma, Bill von Rutenberg, Terry Enge, Elizabeth Zwick, Randy Meffert, and Tom Wilson.

No one came forward to comment on matters not on the agenda. The minutes of the September 12, 2005 regular meeting were approved as presented on a motion by Robinson, second Clark.

Sipsma and Enge reported on the work of the Park Committee. No one was present to report on the work of the Historic Preservation Committee. CUP #1984, Drive-In Establishment, Summit Credit Union Property, North Bluebill Park Drive, was recommended for approval as submitted conditioned on limiting the use to banking purposes and limiting construction to that as approved by the Town on the site, on a motion by Grosskopf, second Manering.

After a presentation by Wilson as requested by the property owner who did not appear regarding a consultation for a potential Land Division/Rezone/CUP/Design Review, Publishing Business Building, Wolter, 5935 C.T.H. K, the Plan Commissioners strongly recommended that the owner sell the entire piece of property as a whole, and not try to divide it. Petitioner should plan on following the deed restrictions as currently defined until an acceptable replacement is presented to the Plan Commission.

The Design Review for the Entrance Sign, Pineview Veterinary Clinic, 5984 C.T.H. K, was approved as presented conditioned on meeting all Dane County Zoning Code requirements for the sign, on a motion by Manering, second Robinson.

Van Dinter reported on other work of the Waunakee/Westport Joint Planning Committee and the Middleton/Westport Joint Zoning Committee.

For Miscellaneous Matters/Forthcoming Events, Wilson was directed to investigate and correct Madison Country Day School's newest outdoor lights which do not meet the Town Code, and also regarding bright indoor lights which are on all night long.

Motion to adjourn by Robinson, second Manering. Meeting adjourned at 7:30 p.m.

Associated with a bright future Bank

At Associated Bank, we're proud to be one of the best financial institutions in the Midwest and excited about our future. If you're as motivated and customer-focused as we are, and ready to reach your potential, get associated with one of the best.

Personal Bankers
While providing superior service to all customers, you will sell and cross-sell bank products, open all types of accounts, verify and process account changes, answer questions and resolve account problems to ensure customer satisfaction. You'll also be responsible for analyzing pertinent financial and credit data, originating loans, interviewing applicants and making recommendations for loan approval or denial. A bachelor's degree or equivalent and 2-8 years of sales and banking experience that involved mortgage lending and consumer retail are required.

Tellers
Providing efficient, high quality service to customers, you will process transactions and support bank sales through cross-selling and promotion. Additional duties will include building solid business relationships with customers, balancing transactions, verifying signatures and endorsements, answering telephone inquiries, assisting associates and ensuring compliance. Current enrollment in a high school program working towards graduation or equivalent, at least 6 months of computer, customer service and cash handling experience, the ability to work flexible hours, a courteous demeanor and strong interpersonal skills are required. Full-time and part-time positions available. Ability to work flexible part-time hours preferred. State Financial Bank is now a member of the Associated Bank family, making our organization stronger and more successful than ever. It's time to get associated with compensation, excellent benefits, career development and advancement opportunities.

THIRTY YEARS AGO NOVEMBER 20, 1975

In this issue is the following poem written by Florence Koltes Harwood for the Indianapolis News on Sept. 10:

VANISHING
I wish I lived in a little town;
A town so very small
That letters sent to me
Would need
No street address at all.
I'd like to live in a village
Where everyone I'd meet
Would call me by my first name
As I walked along the street.
I could visit the lonely and sick
And take them a treat or two
And should I be lonely or sick
Folks would come to visit me,
too.
I used to live in such a town,
Sturdy and quiet and pretty,
But now it's being
Swallowed up
By an encroaching city.

Mrs. Katherine Koltes celebrated her 89th birthday on Thursday at a noon luncheon at the Innkeeper.

A daughter is being welcomed to the family of Mr. and Mrs. James Greiger, Waunakee. The little girl was born at Madison General Hospital Nov. 13, 1975.

Today as you drive the winding hills of River Road near the Cherokee Marsh, a new \$2,149,000 religious center is under construction that will house the Bethel Series.

When Dick Stutz of South Division Street returned home recently, he found that an unexpected guest had been residing there for a couple of days. A raccoon, weighing about 30 pounds, made himself at home.

With the Dormal Heights sub-

division springing up, road graders are making way for Fifth Street to be extended from Holiday Drive to the new residential area.

TWENTY YEARS AGO NOVEMBER 14, 1985

Waunakee Community High School claimed title to its first state team championship ever when its girls' volleyball squad won the Wisconsin Interscholastic Athletic Association Class B State Tournament in Oshkosh last Saturday.

Mike and Julie Meyer, Waunakee, are proud to announce the arrival of a son on Sunday, Nov. 3.

Pictured were two motorists who had to help push a car out of the snow last Saturday. Snowfall accumulations from the early storm ranged from around 10 inches here and even more a little farther north.

This week's Tribune Profile was Ron Mainguth. Mainguth works for the Dane County Sheriff's Department as a deputy.

Kenneth and Susan Barth, Waunakee, are rejoicing over the birth of a daughter born Tuesday, Nov. 5.

TEN YEARS AGO NOVEMBER 9, 1995

The Waunakee Village Board's finance committee is proposing a budget for next year which would result in a mill rate increase of 5.1 percent.

The Waunakee Senior Center is caught in the county's budget crunch, as it waits for Dane County to announce its budget.

As Dane County officials prepare for a Nov. 9 conference on Vision 2020, transportation planners met to explore the various modes of transit that could accommodate the area's expected growth.

This week's Tribune Profile features Faye Riedner, a stock car driver.

Democrat Gene Farley, a family physician who recently retired from the UW Department of Family Medicine, has launched a bid for the Second District seat in the U.S. House of Representatives.

Bruce and Diane Miller, Waunakee, are proud to announce the birth of a daughter on Nov. 1 at St. Mary's Hospital.

St. John's Catholic School students dressed as saints for All Saints Day. Brian Schwartz donned the clothes of St. Blase while Lee Breunig dressed as St. Leo.

Two new basketball coaches were named at Waunakee Community High School for the winter sports season. Tim Decorah will head the boys' team and Larry Hale will coach the girls' team.

The Warrior football team ended their outstanding 1995 season with a banquet Nov. 2. Major award winners were Mike Matash, Shannon Bennett, Brandon Leonard, Al Turnquist, Bob Zellmer, Matt Nummerdor, Todd Johnson, Mitch Hamele, Craig Steinle, Jon Currie, Dave Helt, Matt Kingston, Adam Karls, Rick Reichardt, Matt Mueller, Mike Hoffman, Brandon Adler, Jason Bentley and Mark Schlappi.

A Look Back ...

Football Champs honored

The 1967 Waunakee Warriors were the Western Division champions of the Madison Suburban League. From left are Don Tierney, captain and most valuable player, Coach Gayle Quinn, Tom Meier, 1968 co-captain, Steve Diederich, most improved underclassman, and Dave Kennedy, 1968 co-captain. The banquet was held in the W room at the high school as Gene Calhoun, a Big Ten official, was the main speaker, saying, "You won't find these lads marching in lines in demonstrations with the hippies." Quinn commented, "It was the heart in the boys and their desire to be champs that made it possible." Nov. 1967. (Tribune file photo)

Pause a Moment

A little boy opened the big family Bible. He was fascinated as he fingered through the old pages. Suddenly, something fell out of the Bible. He picked up the object and discovered an old leaf that had been pressed in between the pages.

"Mama, look what I found," the boy called out.

With astonishment in the young boy's voice, he said, "I think it's Adam's underwear!"
