Gateway Cafe will celebrate Grand Opening next week

By Andrew Kuehl
Statesman Managing Editor
akuehl@kewaskumstatesman

KEWASKUM- The Gateway Cafe will hold their grand opening starting Monday, June 5. The celebration will continue into the week and end on Sunday, June 11.

Owner Helen Lauters is cooking up a number of specials. As a special treat for patrons complimentary home baked cookies will accompany every meal. Specials are available for dine-in or dine-out.

Lauters opened the restaurant in February of 2006. Everything was removed from the restaurant and power washed. In eight days, Lauters had the flooring replaced, painted the walls, hung a custom-made mural, dusted, decorated, made restroom renovations and on the ninth day she opened for business.

It's a dream come true for Lauters who has worked in food service for years. "This is what I wanted for a long time. I had been looking at different places for the past couple of years and when Silver Platter Restaurant owner, Tammy Garbisch passed away in June of 2005, I asked her husband Roy if he

would be interested in me managing for him or maybe even selling.... It's just something I have dreamed about for a long time and wanted to do so that I could have my hands in this again."

One of her best offerings is Gateway Chicken which will also be on special for the grand opening. Lauters will offer \$1 off each 12-piece bucket of chicken.

Each day of the grand opening, patrons will be able to try a new special. Including all-you-can-eat tacos from the Taco Bar.

The menu at the Gateway Café offers a variety of diner classics from sandwiches to dinners. A new special is available daily. On Mondays and Tuesdays a salad bar is served for the lunch crowd and on Friday's a traditional Wisconsin fish fry is served.

Lauters said she especially enjoys making breakfast skillet. Her favorite is the eggs benedict skillet "probably because I like Hollandaise sauce so much," she said.

The Gateway Cafe is open seven days a week and welcomes to-go orders that can be placed by calling 262-626-2144

Kewaskum Mobil sells winning \$84K Badger 5 ticket

By Andrew Kuehl
Statesman Managing Editor
akuehl@kewaskumstatesman

KEWASKUM- One lucky patron of Kewaskum Mobil won't have to worry about high gas prices for awhile. The gas station sold a winning \$84,000 ticket for the Friday, May 26 Badger 5 drawing.

Kewaskum Mobil owner, Scott Sadownikow says he has not heard from the winner or the Wisconsin Lottery if a winner has come forward.

The winning numbers for the ticket were 10, 15, 24, 25 and 26. Badger 5 is a \$1 daily game with jackpots starting at \$10,000 and then increase at a minimum of \$1,000 per day.

Kewaskum's last big lottery winners were Jim and the late Nancy Boegel who also won in the Badger 5.

A call to the Wisconsin Lottery was not returned at press time. Please watch The Statesman's website for updates to this story at www.kewaskumstatesman.com

Heavy rain floods downtown Kewaskum

Kewaskum residents saw quite a storm Tuesday, May 29 in the Village. Washington County was under a flood warning for most of the late morning. Shown here is a view of Main Street in front of Kohn's Citgo. The area became flooded within minutes of the heavy rainfall starting and nearly had one parked vehicle flooded. The rain lasted for about 30 minutes and then the flooded downtown areas returned to normal.

VILLAGE OF KEWASKUM NEWS NOTES

RECYCLING TIPS

NEWS NOTES DISPOSING OF LATEX AND OIL-BASED PAINT

GENERAL INFORMATION

Paint stays in good condition for a long time; Oil-based paint for up to 15 years and latex paint for 10 years. As a general rule, paint that mixes smoothly when stirred can still be used. If latex paint has been frozen, brush it on a newspaper. If there are no lumps, it hasn't been damaged and can be used.

Disposal of leftover paint through a household hazardous waste program is expensive.

The best thing to do with usable paint is to use it up! If you can't use your leftover paint, give it to someone who can. Give your paint to:

- * friends and neighbors
- * recreation departments
- * park departments
- * theater groups
- * housing assistance organizations

Latex Paint and Mercury

Some latex paint contains mercury, a toxic metal. New federal regulations prohibit the use of mercury in interior latex paint manufactured after August 20, 1990. Be sure to use proper ventilation when applying paint indoors. Use outdoor paints for outdoor use only!

Disposal: When you can't use it up

Proper disposal depends on whether the paint is latex or oil-based. Oil-based paint contains solvents, container labels state "combustible," and the instructions on the can recommend cleanup with mineral spirits or other solvents. Latex paint contains water and the instructions recommend cleanup with water.

Disposal: Oil-Based Paint

The fumes from oil-based paint are a health and fire hazard. Large amounts of oil-based paint should not be disposed of at home.

Disposal: Latex and Small Amounts of Oil-Based Paint

Dry out latex paint and small quantities of oil-based paint according to the following directions:

Step 1 Find an outside work area away from children, pets and rain. Locked screen porches and storage sheds work well. Because oil-based paint contains solvents and some latex paint contains mercury, it's important to dry out paint outdoors in a safe place.

Step 2 Dry it out! Choose one of the drying methods described later on in this notice. Paint will take between several days and several months to dry - it depends on the type and quantity of paint that you have.

Step 3 Throw the dried paint, cans and other materials in the trash. Leave the lids off paint cans so trash collectors will see the paint is dry and accept them.

PAINT DRYING TECHNIQUES

For Small amounts (Oil-based and Latex):

Remove the lid and let the paint dry in the can. Stir the paint occasionally to speed drying. Or, brush paint in layers on newspaper or cardboard.

For larger amounts of latex:

Pour one-inch layers of paint into a cardboard box lined with plastic. Allow paint to dry one layer at a time - thin layers will speed up the drying process. Or, mix paint with cat litter, sawdust or sand in a cardboard box lined with plastic and let it dry.

For latex paint that has separated:

Pour the clear liquid on top into a cardboard box lined with plastic. Mix the liquid with an equal amount of cat litter or other absorbent and let it dry. Let the leftover paint in the bottom of the can dry out, using one of the above techniques.

Grothman calls for action to combat Regents

MADISON- Senator Glenn Grothman (R-West Bend) has called for legislative action to respond to the divisive and hateful attack the University of Wisconsin System leveled on Wisconsin residents Wednesday.

"The University System implies that diversity is based on race and ethnicity. In fact, we are all the same under our skin and to imply that an Asian-American student that went to Menomonee Falls High School is different from an African-American student who attended and grew up there is absurd," said Grothman.

"The University should be accepting the most qualified students regardless of where their great-great-grandparents were born. Worse, the University wants to emphasize one's commitment to a sense of community, respect for diversity, and global perspectives in determining who will be accepted. Whose perspective?" asks Grothman. "This sounds like the University is going to give preferences to children who share the extreme left-wing biases of the Board of Regents."

Grothman called for the following:

1. Legislation barring race, ethnicity, and income from being mentioned in ap-

plications at the University.

2. Legislation barring the University from using subjective determinations based on letters submitted with the application form.

3. A legislative audit of the \$43.6 million the University claims they are spending to promote diversity followed by the removal of all taxpayer-related funds.

4. A Legislative Council Study Committee to review affirmative action as practiced by the University and other state and local governmental entities focusing on admissions, hiring practices, and requirements for contracted work.

Grothman is calling for the Wisconsin State Senate to fight the future nomination of any candidate to the Board of Regents who would support such an outrageous and divisive plan.

The Statesman to raise subscription prices

Dear Readers

For four years The Statesman has brought you the events occurring in and around Kewaskum without an increase in price. In those four years, the price of utilities, wages, postage and printing have all risen at a constant rate. I am sure your own personal budgets have also seen such increases.

It is with much regret that we too, have to be one of those businesses that must raise their prices. Effective July 1, 2006 all subscriptions in the State of Wisconsin will be raised to \$30 per year. Out-of-state subscriptions will be charged \$35 per year.

We realize this is a dramatic increase but we are fac-

ing a 30 percent postal rate increase in 2007. We felt it better to come to you one time with a rate increase instead of twice. We will also encourage our subscribers to "bulk up" and allow you to renew up to three years in advance at the old rate until June 30.

Please see page two of this edition for a coupon to use with your renewal. You are also welcome to pay online at www.kewaskumstatesman.com. This is open to all subscribers no matter when your subscription expires.

Respectfully,

Working out pays for KES students

By Andrew Kuehl

Statesman Managing Editor
akuehl@kewaskumstatesman

KEWASKUM- Kewaskum Elementary School (KES) was among nine other schools in Wisconsin to receive a \$500 award for participation in the Shape Up Wisconsin Day. KES Principal Kieth Kriewaldt says physical education instructor Mike Miller intends to use the funds to build up the program.

KES students took part in the statewide Shape Up Wisconsin Day on May 3. Students participated in 30 continuous minutes of aerobic activity.

Miller stated, "We gave the students an option of biking around the school parking lot and around the block, roll-

ing on the school playground, or walking /running on the high school track."

Every school in the state received an invitation to participate in the Shape Up Wisconsin Day.

Each school who achieved 100% participation was entered into a drawing to win cash prizes. Top prize was \$3,000.

Kriewaldt says, "The State of Wisconsin is promoting healthy activities for all the students in the state. We are looking into using the money to kick off the start of the school year with a different healthy activity such as a climbing wall for the students."

Sick of Hate

By Matt Pommer

"I'm so sick of all the hatred. It's time for us to draw a line in the sand."

That's Ed Thompson talking about the gay marriage constitutional amendment that will appear on Wisconsin's November ballot. He drew 185,000 votes in 2002 as the Libertarian candidate for governor, and his appeal is strong in rural, small-town Wisconsin.

Marriage in Wisconsin is defined in state law as being between a "husband" and "wife." The amendment, passed by two consecutive sessions of the Republican-controlled Legislature, would define marriage as being between a man and a woman.

"It's just a ploy to get out the far-right vote," Thompson said in an interview. "I'm going to speak out about it every chance I get. Enough of this nonsense!"

Thompson electrified the Libertarian convention this spring with sharp criticism of the proposed constitutional amendment. The Legislature is trying to "pass laws of prejudice against people. If you can accept that, you're not a Libertarian. You're not even an American. You're a bigot."

He describes the amendment as an "evil thing" that "so incredibly wrong" that it amounts to "lunacy."

How does the public react to that sort of tough talk from a small-town restaurant and bar owner? "Ninety percent of the reaction has been favorable," he said.

Republican gubernatorial candidate Mark Green stopped by Thompson's Tomah restaurant to solicit Thompson's endorsement. Thompson has said he can't support Green because he supports passage of the proposed amendment.

Thompson said the reaction could mean that Wisconsin will be the first state to reject a divisive anti-gay ballot measure. "I'm so sick of being manipulated. I think other people feel the same way. No one wants to get involved, but we're more intelligent than that."

Thompson, whose brother Tommy was governor for 14 years, said the Legislature should focus on serious problems, such as soaring medical costs, rather than trying to stir up hatred.

nection between heaven and earth until He comes again. He tells what He hears from the Father and the Son in heaven. If we position ourselves to be on the receiving end of this connection with God we will come to understand the peace that passes all understanding, and how to fulfill the plans God has for our lives to do the Great Commission.

If none of this had happened after Jesus was crucified on the cross, we would have nothing to look forward to, we would not be empowered by the Holy Spirit to do the work of God on earth, and Christianity would not be the fastest growing religion on earth today. The tomb is empty. He is alive.

Attention Citizens of the Town of Wayne!

Like many of us, I have not attended monthly Town of Wayne board meetings on a regular basis. I have numerous other commitments and interests, and sometimes I am just plain lazy. But since attending several meetings recently, I have become aware of conditions that cause me great concern.

It had always been my assumption that town officials, elected by the people, worked tirelessly to represent the wishes of the citizens of the town. Perhaps they do work hard and attend countless meetings, but the motivation does not appear to be to represent the wishes of the majority of the citizens in the town. Despite a large turnout of about 100 people in a recent meeting, most of whom wish to limit subdivisions in the Town of Wayne, the town board continues to ignore these wishes and approve every subdivision that is proposed by developers. There are minimal, token objections and restrictions, but it is all just a façade to appease those citizens who vehemently oppose the subdivisions.

Citizens in attendance at these meetings have a period,

usually in the beginning of the meeting, to express their concerns. If those concerns are not what the board wants to hear, citizens are cut off, midway in their presentation. Granted, the chairman has the right to limit lengthy presentations, but isn't the board there to receive input and opinions to make better decisions for the good of the people? These decisions affect all of us.

During one particular meeting, a citizen was cut off after two minutes, and no other comments were allowed. However, later, other people were allowed to talk even though they weren't scheduled to comment. If the board is not representing the people who elected them, what is their agenda? Do they have their own personal motives? Do some of them have much to gain by approving random subdivisions? I believe they do.

It was very obvious to me, at the last meeting I attended, that the developer had mentioned the word "lawyer." I could see, in the body language of the board, that they were tiptoeing around the issues so as not to offend the developer who appears to have threatened a lawsuit. The board always "runs scared" and backs down when a lawyer is mentioned. They don't have the courage to stand up for what they know is right. The developer was sitting in the back of the room giggling. While I may be misinterpreting his motives, there did not appear to be any levity in the situation as I saw it.

Town of Wayne citizens, I am not going to guarantee that your concerns will be heard at

any town meeting, but perhaps you should attend. You will witness firsthand what our officials are doing in our once beautiful town.

 Thank You

Dear Editor,

I have had earnest expectation that I would see the correction of the post-Easter obituary of Jesus Christ. He lives! He is NOT dead! So often in our lives we leave Him on the cross or sealed in the tomb. If either of these situations were true, the reason God-as-Jesus came to earth would have been for naught. He rose from the dead to give the gift of eternal life in heaven with Him and victory over

sin in our lives while here on earth to those who believe in Him.

Three days after Easter Jesus again walked the earth teaching and eating with His disciples. Forty days after that He ascended into heaven to return to His seat at the right hand of God the Father (May 25 this year).

Keeping His promise that He would not leave us alone, ten days after He ascended (Pentecost - June 4) Jesus sent the Holy Spirit to be the con-

St. Killian's Catholic Church supports vocations near and far

From left, Rev. James Jaeger, who was ordained on May 20, 2006, and Rev. Charles Bodden, who traveled from Lima, Peru to concelebrate the mass on May 21.

St. Killian's Catholic Church is very happy to have two priest-sons of the parish.

Reverend James Jaeger was ordained to the Priesthood by Archbishop Timothy M. Dolan on Saturday, May 20, 2006 at the Cathedral of Saint John the Evangelist, Milwaukee.

Father Jaeger celebrated his Mass of Thanksgiving on

Sunday, May 21 at St. Killian's Catholic Church with 25 priests concelebrating the Mass. A reception was held on the church grounds.

Reverend Charles Bodden, of the Order of St. Augustine of the Chicago Province and also a priest-son of St. Killian's, journeyed from Lima, Peru to concelebrate the Mass of Thanksgiving.

Father Bodden, son of the late Joseph and Irma Bodden, began his vocation at Francis de Sales Preparatory Seminary in 1968. He joined the Order of St. Augustine of the Chicago Province and completed his noviciate year in 1969. He was ordained on September 16, 1978 and was assigned to

the mission of Peru. Father Bodden is presently the Novice Master in the Augustinian Center House in Lima, where he has served in this capacity since 1997.

Father Jaeger is the son of Jeanne Jaeger, Campbellsport, and the late Jerome Jaeger, Jr. He will be serving the Archdiocese for the next three years at the Holy Family Parish in Fond du Lac.

Both priests credit their families and the support of St. Killian's Catholic Church in their vocations and encourage those interested in pursuing a religious vocation to seek additional information through their local parishes or the Milwaukee Archdiocese.

Students are enrolled in 87 undergraduate programs in 29 disciplines, and 28 graduate programs and emphases in nine disciplines. Many of the programs have prestigious accreditations.

UW-LaCrosse, www.uw-lax.edu, ranks number two in the Midwest's top regional and public universities listing by US News and World Report's

2006 College Guide, and is ranked number 36 on the list of the nation's best 100 colleges by Kiplinger's magazine.

Come drop a line during free fishing weekend

The weekend of June 3rd and 4th is Wisconsin Free Fishing weekend when folks can fish without a fishing license. It's the perfect opportunity to visit the Northern Unit of the Kettle Moraine State Forest with its twelve beautiful lakes just enticing anglers to come drop their lines.

If all those lakes are not enough enticement, there are also two trout streams and the headwaters of the East Branch of the Milwaukee River flowing through the forest. From the cool depths, a crafty angler may lure in any number of fish species including bluegills, crappie, perch, northern pike, walleye, largemouth bass, smallmouth bass or an occasional bullhead.

Public boat access is available on most of the forest's lakes, but not all the lakes allow motorized boats or have shallow launches. Before you head out, please make sure of the each lake's special boating and fishing regulations. If you don't own a boat, don't fret. You can rent canoes and row boats from Parkview General Store located on Hwy

GGG near Mauthe Lake. They keep boats at several lake launches so you don't even need to trailer them. To make your reservations, call 262-626-8287.

If keeping your feet on solid ground is more your style, there are plenty of locations to fish from shore. Mauthe Lake and Long Lake Recreation Areas both provide handicap accessible fishing piers. At Mauthe Lake you can also fish from the spill-way dam on the south end of the lake. All offer excellent angling opportunities.

You are at Mauthe Lake and it's a perfect fishing day, but you forgot your fishing gear. (Shucks!) Or have your grandchildren been begging you to go fishing, but you don't have enough gear for everyone. We got you covered. Come borrow the rod and reels and basic tackle you need from the Tackle Loaner sites located at the Mauthe Lake and Long Lake Entrance Stations and at the Ice Age Visitor Center. There is no rental fee. Folks are asked to treat the equipment with respect and return it in good

condition.

Are you someone who always wanted to fish, but don't know how to get started? Then come to one of the "learn to fish" programs offered by the forest naturalists. Several are scheduled from June through August. Check out the list below.

Fishing Fun - Saturday, June 3, from 9:30 to 11:30 a.m. at Mauthe Lake Fishing Pier

Saturday, July 8, from 9:30 to 11:30 a.m. at Long Lake Fishing Pier

Saturday, August 12, from 9:30 to 11:30 a.m. at Mauthe Lake Fishing Pier (fishing gear and bait provided).

Remember that folks over the age of 16 need to have a valid fishing license except June 3-4 which is Free Fishing Weekend. Trout stamps are needed for fishing inland trout streams and for the Great Lakes. For more information about fishing the waters of the Northern Unit, contact the staff at the Ice Age Visitor Center. The Center's phone number is 920-533-8322.

Hon-E-Kor to participate in Golf Wisconsin Weekend

Hon-E-Kor will participate in the 3rd Annual Golf Wisconsin Weekend on Saturday and Sunday, June 10-11. On that weekend, junior players can play free - or at significant discounts - at more than 150 courses throughout the state.

Golf Wisconsin Weekend is part of the "Golf Wisconsin" program, which is a series of promotions and special events designed to boost golf and golf-related tourism across the state. The program was developed by the Wisconsin Department of Tourism in conjunction with the Golf Course Owners of Wisconsin, the U.S. Bank Championship, the Wisconsin PGA and the Wisconsin State Golf Association.

"Golf is an extremely popular activity throughout Wisconsin and a huge component of the state's tourism economy," said Secretary Jim Holperin of the Department of Tourism. "Golf Wisconsin Day and the Golf Wisconsin program does a wonderful job of highlighting the state's different courses, learning opportunities and tournaments."

A listing of courses par-

ticipating in the 2006 Golf Wisconsin Day can be found online at travelwisconsin.com/golf.

For information on golfing opportunities in Wisconsin, including the 2006 Wisconsin Directory of Golf Courses, the public can call the Wisconsin

Department of Tourism's live-operated toll-free number at 1-800-432-TRIP/8747 or visit travelwisconsin.com/golf.

Free travel information can also be found at Wisconsin Welcome Centers, located in select state-border cities.

Neumann is first in state to buy NmG vehicle

All electric vehicle is turning heads in Kewaskum

By Andrew Kuehl
Statesman Managing Editor
akuehl@kewaskumstatesman

KEWASKUM- Roger Neumann of Kewaskum is probably the only guy in Kewaskum who lets out a little smile every time he sees rising gas prices. In fact, he's probably the only guy in the state. Neumann just became the first person in the

ered a motorcycle according to the Wisconsin Department of Transportation. However, the vehicle drives much like a car. It comes complete with heating system, stereo system, power windows, bucket seat and accessory outlets.

Neumann's insurance agent, Norbert Dettmann says the folks in underwriting at American Family Insurance

Roger Neuman of Kewaskum fills plugs in his NmG for the first time after taking delivery of the all-electric vehicle recently. He is the first person in the state to purchase Myers Motors' No more Gas (NmG) vehicle. BELOW: A view of the trunk of the NmG. The manufacturer claims that the vehicle can hold a grocery cart full of groceries.

state of Wisconsin to purchase Myers Motors' No more Gas (NmG) highway-legal all-electric vehicle.

Neumann says he was searching for an electric motorcycle to use for his daily commute to Richfield where he is a bus driver for Riteway Bus. "I started searching the Internet looking and came across Myer's website. The more I found out, the more I wanted one," he said. He particularly enjoyed the idea of the NmG vehicle because it was fully enclosed making early morning drives in the spring and fall more pleasant than your average gas powered motorcycle.

The NmG vehicle is consid-

had to do a little checking but eventually came through and issued Neumann a policy on the vehicle.

His drive to Richfield usually used a gallon of gas every day. Neumann's drive now costs him about 60¢ a day in electricity compared to a \$3 gallon of gas. Myers Motors calculates that a driver paying 11 cents per kilowatt will pay about 55 cents for the "fill up" that powers the NmG about 30 miles. The oil-free, pollution-free NmG can be fully recharged in six to eight hours using a 110-volt outlet and less than half that time using a 220-volt outlet.

The single-passenger, three-wheeled NmG has out-

standing acceleration. It can reach speeds of 70 mph. A unique driving experience is gained through the NmG's low center of gravity and its power being delivered via the single rear wheel. "I've had no problems keeping up with traffic on Highway 45," stated Neumann.

"The NmG fits the way Americans use their cars," said Dana Myers, president of Myers Motors. "Research shows that 87 percent of all commutes are less than 20 miles and 93 percent of those commutes are with one person only in the vehicle." Also, buying an electric vehicle encourages forward-thinking technologies and using electric powered vehicles can reduce our country's dependence on offshore oil and alleviate the problems associated with that

dependence, according to Myers.

The NmG is priced at \$24,900, and comes in an assortment of eye-grabbing exterior colors. The vehicle is manufactured in a small plant in Tallmadge, Ohio near Akron. Myers Motors devoted more than a year enhancing key components of a groundbreaking electric vehicle to create the NmG.

Neumann says he's met a number of new people by driving around. Anywhere he parks the vehicle, people stop and ask questions. "I have no regrets. I'm quite impressed by how quiet the vehicle is," he says.

For more information, contact Myers Motors at 330-630-3768 or visit www.myersmotors.com.

Inside the NmG shows the single bucket seat, stereo controls and gauges.

FES students learn about Rainforest by hands on project

Mariamalia Araya answers questions of fourth and fifth grade students at FES after a presentation on the Tirimbina Rainforest.

Allyson Otten presents the check to Mariamalia Araya to be used for preservation efforts of the Tirimbina Rainforest.

FARMINGTON- From January until March every other year at Farmington Elementary School (FES), an amazing tropical transformation occurs. This year was no exception. The students in the 4th and 5th grade classes created their own version of a tropical rainforest right in Farmington.

The study of tropical rainforests fits perfectly into the FES reading, science and social studies curriculum with emphasis on "preserve and protect" for the 4th grade and "endangered animals" for the 5th grade.

Each student, with the help of his or her parent(s), created a lifesize plant, insect, fish or animal living in a tropical rainforest that has been studied. As part of the project, each student also did a language arts research report talking about the plant or animal they created and the rainforest where it lives.

"And as technology advances, so do the reports," said FES 4th grade teacher Mrs. Schreiber. "Where reports used to be paper and pencil, now they are [computer generated] Power Point presentations to elaborate posters and more."

This year 75 students participated with three teachers, Mrs. Schreiber 4th grade, Mrs. Nelson and Mrs. Wenzlaff 5th grade, who organized all rainforest pieces making it quite a sight to behold.

"The rainforest exhibit has been a mainstay in Farmington for years thanks to several former FES teachers, including Peggy Henke, who really took this endeavor to new levels,"

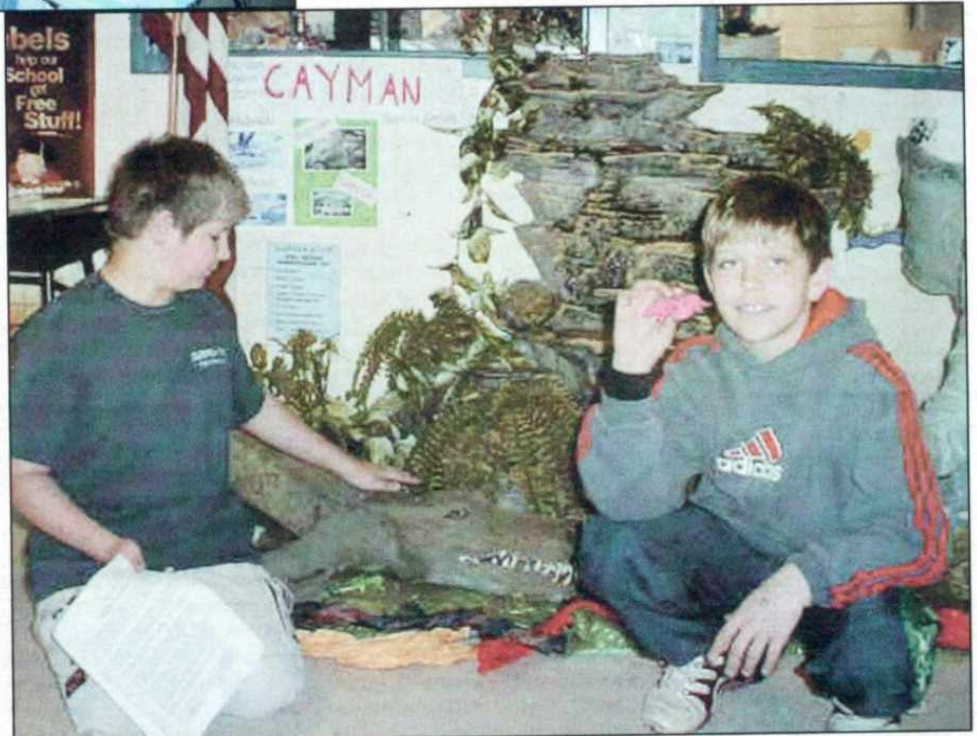

said Schreiber. "The students really look forward to the year they get their chance to create their piece of the rainforest."

For those of you who may have missed seeing the rainforest exhibit at FES, Kevin Jacobi, former FES student and current junior at Kewaskum High School, has videotaped the Farmington Rainforest as part of his community service project hours for the National Honor Society. It will be shown on West Bend's cable channel seven soon.

As a culmination to their rainforest experience, students heard a presentation about the Tirimbina Rainforest from Mariamalia Araya, teacher and Director of Education for the Tirimbina Rain Forest Center in Costa Rica. Araya shared slides and information about Tirimbina with the fourth and fifth grade classes and presented the classes with certificates for the animals they will be adopting the care of during the next year.

During the rainforest lesson, families and staff of FES raised funds for the Tirimbina Rainforest Center in Costa Rica.

A&W Iron & Metal helps fund raising efforts every year. They offer top prices on aluminum cans for funds for the rainforest on even years and

Brandon Bobb, left and Corey Burdick, right show their rainforest project. The two young men in the picture are from Mrs. Nelson's fifth grade class.

This year, Kettle Moraine Appliance made a cash donation to the project.

A total of \$230 was raised and presented to Araya and Nate Kraucus, the Executive Director for Tirimbina based out of Milwaukee.

Bed Rest

By Sarah Bilston

Harper Collins Audio \$29.95 6 1/2 hours

Did you ever feel so tired that you think you might just go to bed and stay there for a few months?

Be careful what you wish for.

Ask any pregnant woman who's been ordered to "take it easy" and stay in bed. Spending weeks lounging around, watching daytime TV seems like luxury, but it's tedious, mind-numbing, and not as easy as it sounds. In the new audio book "Bed Rest" by Sarah Bilston, performed by Elizabeth Sastre, you'll learn there's a reason they call it a head-bored.

On The Modern Woman's List of Things to Do Before Hitting Thirty, there are several boxes to be checked. Travel. Get an education. Find a man who loves you madly. Land a great job. Get pregnant and have a baby.

For Quinn "Q" Boothroyd, the list is almost completely filled. Q works at a New York City law firm and her career is fulfilling. She's married to Tom, who is also a lawyer, and they're expecting their first baby very soon. It's a boy, and Q is looking forward to being a mother.

Then the doctor tells Q that the baby is in danger. There isn't enough amniotic fluid to cushion her baby in the womb, so Q must spend the last 13 weeks of her pregnancy lying on her left side.

In bed or on the sofa.

No exceptions.

No spring sale-shopping. No walks to the neighborhood park. And absolutely no going to the office.

At first, the mandate doesn't seem so bad. Ricki Lake becomes a good friend. So does Brianna, an office mate who brings Q lunches, chocolate-chip cookies, law-firm gossip and woeful tales of a love-affair with a married

man. An elderly Greek neighbor brings baked goodies and a sticky legal problem to Q's bedside.

As the weeks drag on, Q finds lots to keep her occupied: Who really owns the building next door? Why does she always fight with her sisters and her mother? Will Brianna find love with Married Man? And will Q ever be able to recapture the romance she once had with her workaholic husband?

"Bed Rest" is author Sarah Bilston's first novel and - as debut novels go - it's cute. Not earth-shatteringly meaningful, but cute. Elizabeth Sastre gives Q just the right sass in her reading, and she does an excellent job with the various voices of the characters in this novel.

Be aware that there are a few "four-letter" words that seem out of place for the sweet Q to be uttering, and the last track of the last CD seems to drag on and on. If this were a book, you could see how many pages you have left; in the audio version, the ending feels as if it's been delayed... and delayed.... and delayed.

That aside, if you're tired tonight and can't bear the thought of reading yourself to sleep, take a copy of the audio version of "Bed Rest." It's light as a down comforter, fluffy as a pillow, and makes a nice bedtime story.

IN MEMORY

In loving memory of **BARBARA COULTER**, who passed away two years ago, May 27, 2004:

Remember me when flowers bloom

Early in the Spring.

Remember, me on sunny days

In the fun that summer brings.

Remember me in the fall

As you walk through leaves of gold.

And remember me in the winter time

In the stories that are told.

But most of all remember

Each day, right from the start

I will be forever near

For I live within your heart.

Regal Ware Employee Receives Community Leadership Award

Linda Esselmann has been named the Betty Pearson Community Leadership Award recipient for 2005-2006. The award was presented during a special Chamber of Commerce luncheon on May 18th.

The Betty Pearson Community Leadership Award recognizes graduates of the Leadership Greater West Bend (LGWB) program who have demonstrated community service and leadership in the West Bend area. Betty Pearson served the community of West Bend in various capacities through her 15 years of service as former Executive of the West Bend Area Chamber. Graduates of the LGWB program are encouraged to nominate individuals from the alumni list of more than 250 individuals who have graduated from the program.

In nominating Linda Esselmann for this award, Barbara Laabs, Director of Programs for the West Bend Area Chamber, said, "...Linda has served on a variety of committees in her personal and professional life, including coordinator at her company for the Relay for Life and the Bob Cross Run/Walk for the American Cancer Society ... Most notably, Linda has made major contributions to the continued development

and success of other future leaders."

Linda is currently responsible for planning and scheduling for the coffee urns and drinking water purification departments of Regal Ware, and also performs operations coordinator duties in the coffee urn department. She began her career with the former West Bend Company in 1974, and has been with Regal Ware since its acquisition of the West Bend Company in 2002. Linda and her husband, John, reside in the city of West Bend.

Regal Ware, founded in 1945, is a widely respected name in the housewares industry. Regal Ware products are available throughout the United States, Canada, Mexico, South America, Asia and Europe; and include items designed to promote the health and nutrition of today's consumer such as quality range-top cookware, home drinking water purification systems, and products specific to the food service industry. This year Regal Ware will celebrate the 95th anniversary of its West Bend Cookware division, which it acquired in 2002. For more information about Regal Ware, visit their website at www.regalware.com.

Washington County Awards Riteway Contract to Operate WCCE Service

Washington County recently awarded Riteway Bus Service, Inc. a contract to continue operating the Washington County Commuter Express. The WCCE provides bus transportation to Washington County residents commuting to and from the metropolitan Milwaukee area. Riteway has provided bus transportation for the WCCE program since its inception in 1999.

Under the terms of the new contract, Riteway will operate the WCCE service through June 1, 2007 with an option to renew for five years at the end of that one-year contract.

"We are very pleased that Washington County has selected Riteway's bid to continue providing weekday service," said Riteway president Ronald Bast. "Since we began providing WCCE transit service in 1999, our mission has been to provide safe, reliable and courteous service to Washing-

ton County residents."

As part of the WCCE service, Riteway operates seven motorcoaches Monday through Friday offering service to several metro-Milwaukee locations including downtown Milwaukee, the Milwaukee Regional Medical Center and Mayfair Mall. Washington County residents can catch the WCCE coach in West Bend at Hwy 33 and 15th Avenue, the Washington County Fair Park or the Lannon Road Park and Ride in Germantown. Approximately 440 people currently use the WCCE service on a daily basis.

Art of dairy paints a tasty June Dairy Month

The cows are coming home to America's Dairyland to celebrate the Fine Art of Dairy during June Dairy Month. Artists from around the state will use their talents to create life-size bovines for display during CowParade Wisconsin 2006. The Wisconsin Milk Marketing Board (WMMB) will kick off June Dairy Month with the state's largest public art event, CowParade Wisconsin in Madison, Saturday, June 3, 2006.

"This June, we want to pay tribute to the art of dairy in Wisconsin," said Dave Bavlnka, WMMB vice president of marketing, Local Markets. "CowParade Wisconsin is not only an excellent art exhibit; it also recognizes the true artists within our dairy industry — from the dairy farmers to the milk processors and cheesemakers."

WMMB's annual June Dairy Month recipe brochure is a colorful selection of delicious dairy-friendly recipes such as Orange Moosicles and Cottage Blue Moo Chip Dip. The collection of easy-to-make recipes are picnic-perfect for a visit to CowParade.

A CowParade Sweepstakes adds to the festivities. The grand prize winner will enjoy a two-night stay at the Best Western InnTowner on Madison's Capitol Square as well as gift certificates for dinner and brunch. First and second place prizes include: 10 deluxe milkshake maker sets and 100 limited-edition "Say Cheese Wisconsin" CowParade figurines.

The unwelcome floating island which blocked the harbor of Joseph Fahn's resort at Kettle Moraine Lake (formerly Round Lake) near Dundee since May 15, was successfully towed away Wednesday from its resting place. This three-acre brush and tree-covered island attracted national attention and publicity in newspapers and on radio and television. After being foiled Tuesday by an unfavorable, 30-mile-per-hour west wind, boat crews received an assist from the weather Wednesday and, with the aid of 2,000 feet of tow lines, hauled the island across the lake to the west shore. Six boats were used for pulling, while three others pushed. The only job remaining Wednesday was to drive posts into the west shore for securing cables by which the island will be anchored into a

Athletes come through in regional track competition

BY JUDY HARLOW
Statesman Correspondent
jharlow@kewaskumstatesman.com

The season continues for approximately 20 athletes on the Kewaskum High track team who performed well enough Monday evening to qualify for the WIAA Division 2 sectional competition at Whitewater.

There are five boys advancing in eight events, and three relays making the leap from regional to sectional action, and the young Lady Indians will be represented by eight individuals in eight events, plus all those who run on the two sprint relays.

Both team titles went to Kettle Moraine Lutheran High, which has developed quite a program despite having under 400 students to draw from.

The Lady Chargers, paced by ace Jennifer Dunnington, amassed 161 points, with Kewaskum a solid second out of the nine teams with 124. In the battle for the boys title, it was the Chargers nipping Kewaskum 134-128.

The top four finishers in each event qualified for the sectional. Feeding into Whitewater are those athletes who made the grade from regionals at Grafton, Kewaskum, Waukesha Catholic Memorial and Cambridge. The top four finishers at the sectional earn automatic berths in the WIAA State Track and Field Meet that will take place in La Crosse on June 2-3.

Once again, there were individual who really stood out for the Indians, including Garrett Donath, Ross Stockhausen, Luke Herriges, Kelly Uelmen, Jessie Liniewski, Erika

Brock ... they all did well.

Perhaps one of the top two efforts of the day was Stockhausen's win in the shot put. He came up with a new personal best of 49 feet and 8 inches (49-8), so there's one more chance for him to go over 50 feet.

Donath was once again the standout performer for the Indians, advancing in three individual events and helping the 4x400-meter relay to a win.

Brown Deer, which will feed into Whitewater on Thursday, has some excellent sprinters, so undoubtedly KHS coach Jerry Gosa figured Donath had better chances in the 200 and 400 than the 100-meter dash, and did not compete in the latter event Monday.

He won the 400 with a clocking of 51 and .35 (51.35) seconds and finished second in the 200 behind Rundel of KML. Their times were 23.05 and 23.15, respectively.

Donath also cleared 13-0 to capture the pole vault by two feet.

Donath, Jake Sabel, Dan Dymond and Zach VanWorm combined for a 3:34.13 in the 4x400 relay, and both Kewaskum's sprint relays advance, the 4x100 (Chad Hackbarth, Jake Turowski, Justis Clayton, Sabel) behind its time of 46.10 (third) and the 4x200 (Hackbarth, Clayton, Dan Dymond, Sabel) with a second in 1:35.21.

Herriges did just well enough in the high jump to finish fourth, but the effort (6-0) was not up to his standards and he will need to do better Thursday to gain a return trip to La Crosse.

Herriges did have a good outing in the triple jump, going 39-1, his best if the year for another fourth.

Also qualifying were Bob Gibson, by virtue of his second in the 1,600 (4:43.34), and Logan Staeger in the discus where his best toss sailed 152-8, unofficially his season best.

The Lady Indians' sprinters were sensational on this day, led by Uelmen, who anchored the wins in both the 4x100 and 4x200 relays. In the shorter run, it was Jessica Forbes, Liniewski, Jenny Wicklund and Uelmen going 53.93, and Nichole Kison stepped in with Liniewski, Wicklund and Uelmen in the 4x200 which had a time of 1:52.26.

Uelmen also placed third in the 100 (13.69).

Sophomore Liz Potter had a good day, qualifying in both the 100 and 300 hurdles. She was the runner-up in the 100s (18.13) and third in the longer, grueling race with a time of 52.62, proving she has come back from the knee injury she suffered a year ago.

Brock topped all the shot putters. The long KHS senior on the team came up with an effort of 35-2, and a pleasant surprise was the big win by Catherine Stoffel in the discus. She topped the 100-foot mark and did so by four feet, going 104-11.

Kewaskum also got first place in the pole vault, as Crystal Treptow cleared 7-9. In that event, Alissa Clapper placed third at 7-6.

The other Lady Indians advancing are: Tonya Janssen, fourth in the 1,600 (5:57.56), and Kison in the long jump, third with a 15-6.

Indian golfers sizzle, run away with regional crown

After stumbling on the Badger Creek Golf Course in recent years, the Kewaskum High golfers finally got the best of the New Holstein track Tuesday, and their blistering 317 set the pace in the Division 2 regional tournament held there.

Without much competition, the Indians were able to relax and play some pretty solid golf.

Leading the way for the second meet in a row was junior Andy McDonald, who carded a 38-36-74, which was 2-over par. McDonald won the medal in the EWC Tournament and now added medalist honors in the regional, leading the Indians to a 24-stroke victory.

McDonald, playing in the No. 5 slot for the Indians, had a cards filled with threes, fours and fives and not a single six on either side. He also had a birdie 2 on No. 14.

New Holstein (341) was second and also advances to the sectional meet at Ives Grove in Union Grove on Tuesday, along with Brown Deer, which came in at 345.

"This was particularly impressive since we have traditionally struggled on the 6,804 yard layout at Badger Creek," KHS coach Glen Eichstedt said, reporting his team has finished third or worse in EWC event there and had a 356 total there in the 2004 EWC tournament.

Kewaskum had all four counters among the top ten scorers. Jason Jahnke bounced back from a horrendous 97 in the EWC meet to an impres-

sive 79 to tie for third place overall. His nine hole scores were 39 and 40.

Freshman Ethan Geidel was very steady with his 81, which placed him fifth overall, and Chad Piwoni rounded out the counters with an 83 where five players were tied for the sixth spot.

Had anyone slipped, Casey Scheel was not that far back. His 86 would have counted on all the other teams in the competition.

Eichstedt claimed this was the first regional championship since 1988, the year Kewaskum qualified for the state tournament. Prior to '88, all golf teams in the state were in one division.

The 317 was also the Indians' lowest team total at 25 years, according to Eichstedt.

The record is unofficially 304 posted by the 1973 team in winning the Scenic Moraine Conference Tournament.

There will be nine teams at Ives Grove on Tuesday, with the top two teams and top three individuals who are not members of a qualifying team in each sectional, advance to the state tournament at University Ridge in Verona on June 5-6.
